

Friday is deadline for paying state poll tax

Friday, January 31, is the deadline for obtaining state poll tax receipts. The receipts are a prerequisite for voting in county and state elections.

Officers of the Cochran County Tax Assessor - Collector's Office reported 1,125 poll tax receipts had been issued Monday night.

Poll tax receipts totaling 1,471 were issued the last year for a governor's election in Texas, 1962.

County residents have four locations to pay the tax for the remaining two days before the deadline. Poll tax receipts may be obtained at the Cochran County Tax Assessor - Collector's office, The First State Bank, and Doss Thriftway in Morton and the Beebe Insurance Agency in Whiteface.

North Dakota recently approved an amendment to the United States Constitution making it unlawful to require payment of a poll tax as a condition for voting for federal offices.

The approval by North Dakota made the amendment legal, as it

brought the total to three fourths of the 50 states, to approve the amendment.

The Texas Legislature, anticipating such a move last year, passed a law, conditioned on ratification of the Amendment, which provides a method for registration of voters to qualify them for voting on federal offices only without payment of the poll tax.

The state law will take effect on the date that the U. S. Administrator of General Services publishes a certificate officially declaring that the amendment has become a part of the Federal Constitution.

The state law provides for issuance of poll tax receipts, without payment of the tax, for a period of 30 days after the effective date of the law. Persons receiving the poll taxes will have them stamped "Poll tax not paid" and the holder of such receipts will be able to vote for federal offices only.

After this year, the special no fee poll tax receipts are issued, October 1 through January 31.

Persons who have already paid

the poll tax, or who pay it by January 31, 1964 are not required to obtain any further certification or receipt to make them eligible to vote for federal offices in the 1964 elections, but no person subject to the poll tax will be eligible to vote for federal offices unless he has either paid the tax by January 31 or obtained the special receipt without payment of the tax within the 30 day period, according to Robert S. Calvert, State Comptroller.

The voting requirements for persons who are exempt from payment of the poll are not affected by the Amendment, according to Calvert.

Those exempt voters who are required to obtain exemption certificates under the general law and who comply with the provisions will be eligible to vote for federal offices without any further registration.

Persons living in a city with a population less than 10,000 are not required to obtain certificates of exemptions for age. Persons liv-

ing in cities with a population of 10,000 or more are required to obtain such certificates. Deadline for obtaining certificates of exemption, where needed, is not changing by the amendment. The deadline for obtaining exemption certificates is January 31.

Persons living in Cochran Coun-

ty are not required to obtain exemption certificates for age. Time requirements for obtaining exemption certificates based on noage or nonresidence are not affected in any way by the new article of the Election Code or the amendment to the Federal Constitution.

Exemption certificates are not needed

Cochran County citizens who were 60 years of age, or older, on Jan. 1 of 1963, last year, receive an automatic poll tax exemption, it was explained today by county tax officials.

Tax clerks have received several inquiries pertaining to the registration for exemption by persons 60 years of age, or older.

Registration in Cochran County is not necessary. The registering for exemption applies to those residents of counties of 10,000 population or more. Cochran County's population is less than 10,000.

Tax officials explained that in

Cochran County, persons are exempt from paying the poll tax annually if they were 60 years of age, or older, on Jan. 1 of the prior year.

Persons receiving an exemption by virtue of attaining the age of 21 — and getting their "free" vote — must register for that exemption, tax officials emphasized.

Payment of the poll tax, or exemption from payment, is a prerequisite in Texas for voting in all elections except those for federal offices — U. S. Representative, U. S. Senator, Vice President and President.

CBD members authorize name change

By-laws updated, directors added

Morton City Board of Development conducted its last meeting Monday night.

Members of the organization voted unanimously to change the name of the organization to Morton Area Chamber of Commerce.

Reasons were listed for the change. One, many persons do not know what "Board of Development" means and do not associate it with the chamber of commerce type organization it is.

In addition, persons have asked how to get in touch with the Chamber of Commerce. The reason listed was to include all persons and communities surrounding the area. It was felt many persons could not identify themselves with "Morton Board of Development".

The Morton Area Chamber of Commerce would be more inclusive of the organization had the name been changed and presented it to members of the City Board of Development for their consideration Monday night.

The new by-laws of the Morton Area Chamber of Commerce, including the name change, were presented to members by President Snyder. The new by-laws were discussed and adopted, with changes, as presented by

Manager of CBD resigns

Sidney Saverance, manager of Morton City Board of Development, submitted his resignation at a special meeting of the board of directors of the organization Friday afternoon.

The resignation will be effective February 10. Saverance will accept a position with Levelland Savings and Loan Association when his resignation becomes effective. Manager of the CBD the past 18 months, Saverance is credited by President Gene Snyder for much of the success of the organization.

Saverance and his wife, Annette, will continue to live in Morton. A graduate of Jim Ned Consolidated High School, Tuscola, and graduate of Abilene Christian College, Saverance accepted the position of manager of the CBD in July, 1962.

Saverance was with the organization almost from its origin, working with members for the continued advancement of Morton and the area.

When asked what he considered the most important accomplishments of the organization while he was manager, Saverance replied, "Securing the services of a dentist for Morton and changing the name to Morton Area Chamber of Commerce".

Members of the CBD voted to change the name at a meeting Monday night.

At the meeting, Snyder and directors, praised Saverance for his accomplishments while associated with the Morton Area Chamber of Commerce.

Council approves plan for NE Taylor Avenue

The fate of NE Taylor Avenue was determined by members of the Morton City Council at a regular meeting Monday afternoon.

The councilmen, acting on a recommendation submitted by City Engineer Ralph W. Douglas, vot-

ed to relocate a portion of the street.

Presently, portions of NE Taylor Avenue cross Highway 116 at an angle of approximately 45 degrees. Several months ago, the council was asked to close two short portions of Taylor Avenue. The short sections of street, approximately one third a block in length, have been discussed by members of the council and owners of property abutting the street.

The original idea to close the portions of street was dropped when representatives of the East Side Church of Christ opposed the idea.

Byron Willis, acting as spokesman for the men of the church, met with the council at a previous meeting and explained the short stretch of Taylor Avenue between Highway 116 and SE 5th was used by churchgoers as a means of access to the church.

Tommy Lynch, a property owner of land abutting the stretch of NE Taylor and SE 8th submitted a proposal very similar to that prepared by Douglas.

New license plates will be available in Texas Monday

Vehicle license plates will go on sale Monday, February 3, in Cochran County, according to Mrs. Otha Denny, Tax Assessor - Collector.

Cochran County motorists will be issued automobile license plates beginning with the prefix, BL this year. The plates will have white numerals on a black background this year, numbered BL 3900 through BL 6399.

Ten types of vehicles must be registered in Texas, according to officers of the tax assessor - collector's office. State law requires registration plates be displayed on passenger cars, trucks, farm trucks, farm trailers and truck trailers, trailers, special trailers, (such as two wheeled utility trailers) house trailers, motorcycles and certain types of machinery are included.

Mrs. Denny reported her office also has a supply of pamphlets issued by the Texas Department of Public Safety, explaining in brief, recent changes in the Safety Responsibility Law that went into effect the first of the year.

Each motorist will be given a pamphlet when he purchases his car plates.

Numerous changes have been made in the law, and to help the motoring public, become familiar with the new provisions, the tax office is making the pamphlet available to drivers.

Deadline for displaying new 1964 license plates is April 1, 1964.

Council

(continued from page one)

Lynch presented the plan at the council meeting attended by the property owners.

New plans call for NE Taylor Avenue and SE 6th Streets to form a "Y" and both streets enter Highway 116 at a right angle. NE Taylor Avenue and SE 5th Street will also form a "Y" on the opposite side of the highway. It was explained, the right angles of streets entering a busier thoroughfare were more safe. Motorists will be able to check approaching traffic better.

A letter to the council, submitted by Douglas, explained the rerouting of the short portions of street.

The proposal meets with the State Highway Department's approval. There are no dead end streets involved. The relocation can be made without objections from any property owners, as the rerouting is through the small triangular strips of land owned by the State Highway Department. No property owner is affected.

The entrance into the Highway will conform to the requirements of the Highway Department, at a right angle.

By not closing the streets, the city will retain control of the property and can regulate the uses of the property.

A letter from Mrs. John L. McGhee was read council members by Mayor Jack Wallace. Mrs. McGhee asked that property she owned abutting Highway 116 not be included in the paving and asked the city council's consideration in dropping it. The council determined the paving project along the highway is in progress and in the hands of the State Highway Department. A discussion among members of the council, Douglas

and City Attorney Fred Stockdale indicated that no blocks or lots abutting the highway and included in the widening, paving and gutting of the highway would be deleted.

Stockdale reported that an easement for the paving of NE 9th Street had been granted the city by the Catholic Church. Several other property owners must give easements before 8th Street can be paved.

A. E. Sanders met with the council and asked that a block of East Pierce between SE 6th and SE 7th Streets be opened and made into a street. The area is presently approximately 30 feet wide, or about half the width of a regular street.

Sanders reported he would like to see the street opened, if it could be done.

Land necessary for the additional width would have to be dedicated, the council said. Owners of land abutting the "half street", the State Highway Department and the Lisenbee Estate will be contacted.

In other action, the council voted to accept bids for 2,500 feet of six inch water pipe. The pipe will be installed in the vicinity of the new high school and in other areas ahead of the paving project.

Mr. and Mrs. Artie Hicks and four sons, David, Stewart, Travis and Kent of Lubbock, visited Sunday in the home of Mrs. Carl England. Hicks is a former resident of Morton while living here he was business manager of the local hospital.

Mrs. John Waller returned last week from Herford where she had visited since middle of December in the homes of her daughters, Mrs. Walter Lemonds and Mrs. Merle Bridges. She stayed mainly in the Bridges home where there is a new baby boy.

George Boring made a motion that directors of the Morton Area Chamber of Commerce prepare a letter of recommendation and commendation for the manager.

Saverance is resigning, effective February 10, to accept a position with Levelland Savings and Loan.

Immediate plans of the Chamber include hiring a woman to keep the office open, answer the phone and handle correspondence.

The organization is accepting applications for the positions of manager of the Morton Area Chamber of Commerce.

Snyder reminded members present that a recent program of work, outlined by the directors and presented the members, is open for suggestions. He invited members to present suggestions and ideas at any time for consideration.

The president also asked members to assist on committees, when asked to serve by the chairmen of various committees. This year, committee chairmen were appointed, they will in turn select their own committee members.

"The members must carry more of the load the next few months until a manager can be found", Snyder said.

It seems to me that West as, Cochran County, and have too few trees, and space in which to park cars.

Is there any way that the City Commissioners could reverse their decision?

Indians trample Olton 64-35 in district play

The Morton Indian cagers continued on their way to the showdown battle next Tuesday with Dimmitt, as they ran past the Olton Mustangs, 64-35, Tuesday night in Olton. The Morton girls lost their second one-point decision of the year to the Fillies, 42-41. The games were the first in the second half of district play. The Indians are sporting a 4-1 conference mark, being beaten only by the Dimmitt Bobcats, while the Maidens are 2-3 in league play. Morton jumped out to a 15-9 first period lead and by halftime the Indians were out in front, 30-18. Going into the final quarter of play, the locals held a comfortable 48-27 margin. Rodney Williams led the Indian scoring attack, with 17 points, while Chas. Ledbetter bucketed 14, and Ernest Chessher added eleven.

Galloway was high for the losers with 13 tallies. The Maidens were victims of a 16-point barrage by Gayle Nicholas in the fourth quarter of their contest. At the end of the third quarter, the local sextet held a 30-26 lead, but Miss Nicholas points in the final eight minutes. Morton was ahead 10-7 at the end of the first quarter, and held a 21-16 budge at half-time. Morton out-scored the winners from the field 16-10, but the Fillies cashed in on 21 gift tosses. Only ten fouls were called against Olton, while Morton was charged with 18. Lynne Freeland and Evelyn Butler, with 18 and 17 points, respectively, were high for the local girls, while Miss Nicholas canned 31 for Olton.

Frontier Sugar Beet members plan for '64

"Two thousand acres of sugar beets can boost the local economy of this area \$1,000,000 per year," said Willard Cox, president of the Frontier Beet Growers Association, at the annual supper held for the members at the Wigwam Cafe Thursday. Cox gave a round up of current events during the year to members of the organization. Cox said the sugar beet production would benefit the farmers growing the product, and "also the laborers needed to handle the production." He continued, saying the raising of sugar beets is still in an educational program, "but there is no doubt in my mind, with a processing plant in Plainview, we will have the beet allotment."

planting 120 acres of beets in the county for this year. Members approved an assessment of \$100 per member to be put into the treasury to provide needed funds for the coming year and to buy a planter for planting the beets. Selected on the committee for buying the planter were Elwood Harris, Frank Gillispie and Raymond Deavours. The group adjourned after authorizing the president to appoint a nominating committee to select not less than two nominees for each position of directors to be elected. Ballots are to be mailed to the current paid membership of the organization.

Ruben Flores will be sentenced tomorrow by Judge M. C. Ledbetter. He was found guilty last week by the jury of assault with intent to murder. C. L. Robertson was sentenced to one year on a similar charge. Cora Morgan was found not guilty by the jury on a charge of murder with malice aforethought. Ernest Chessher leads Indians as Steers dehorned

Morton's Ernest Chessher led a fourth-quarter rally Friday night to lead the Indians past the Farwell Steers, 69-57, in a non-district basketball clash in the local gym, after the Morton girls had easily vanquished their Farwell foes, 52-29. Chessher scored ten points in the final canto to spark the Indians from a 46-46 third period tie and give them victory. The Steers had led most of the way until the fourth quarter began, although the Indians had knotted the count and crept ahead a few times in the third quarter. First period tally was 14-8, Farwell, and the Steers had a 28-23 margin at intermission time. Four Indians were in double in scoring, led by Chessher with 21. Rodney Williams made 17, Charlie Ledbetter 14, and Terry Davis, twelve. John Atkinson was high for Farwell with 17 points. The Maidens had an easy time in their game with the Steerettes, leading 22-4 at the end of the first quarter, and 38-13 at the half. The third period count was 43-18. Coach Ted Whillock cleaned the bench early in the game, giving all the girls a chance to play. Evelyn Butler was high scorer with 22, with Pam Reynolds adding 14 points. Beck Strain led the Farwell sextet with ten tallies.

TOGETHER

Brothers — together — helping one another. We are our brother's keeper and his helper. Comfort, cheer, and encouragement should be given to each other.

There should be a willingness on the part of each to sacrifice for the other.

A Divine Example was sent to us, and these are His words: "This is my

commandment, that ye love one another, as I have

loved you. Greater love hath no man

than this, that a man lay down

his life for his friends."

You are invited to attend

church Sunday to learn

more of the One who gave

us this commandment.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.
