Farmer killed in freak accident

Shotgun in pickup discharged as driver hits bump

A 41-year-old farmer was killed Tuesday afternoon when a loaded pickup truck apparently discharged a shotgun while driving along a bumpy road, according to Sheriff's Department investigators.

The victim, Lloyd Lee McBee, was driving a 1958 Chevrolet pickup truck loaded with hay on a farm road north of Morton by a bumpy road.

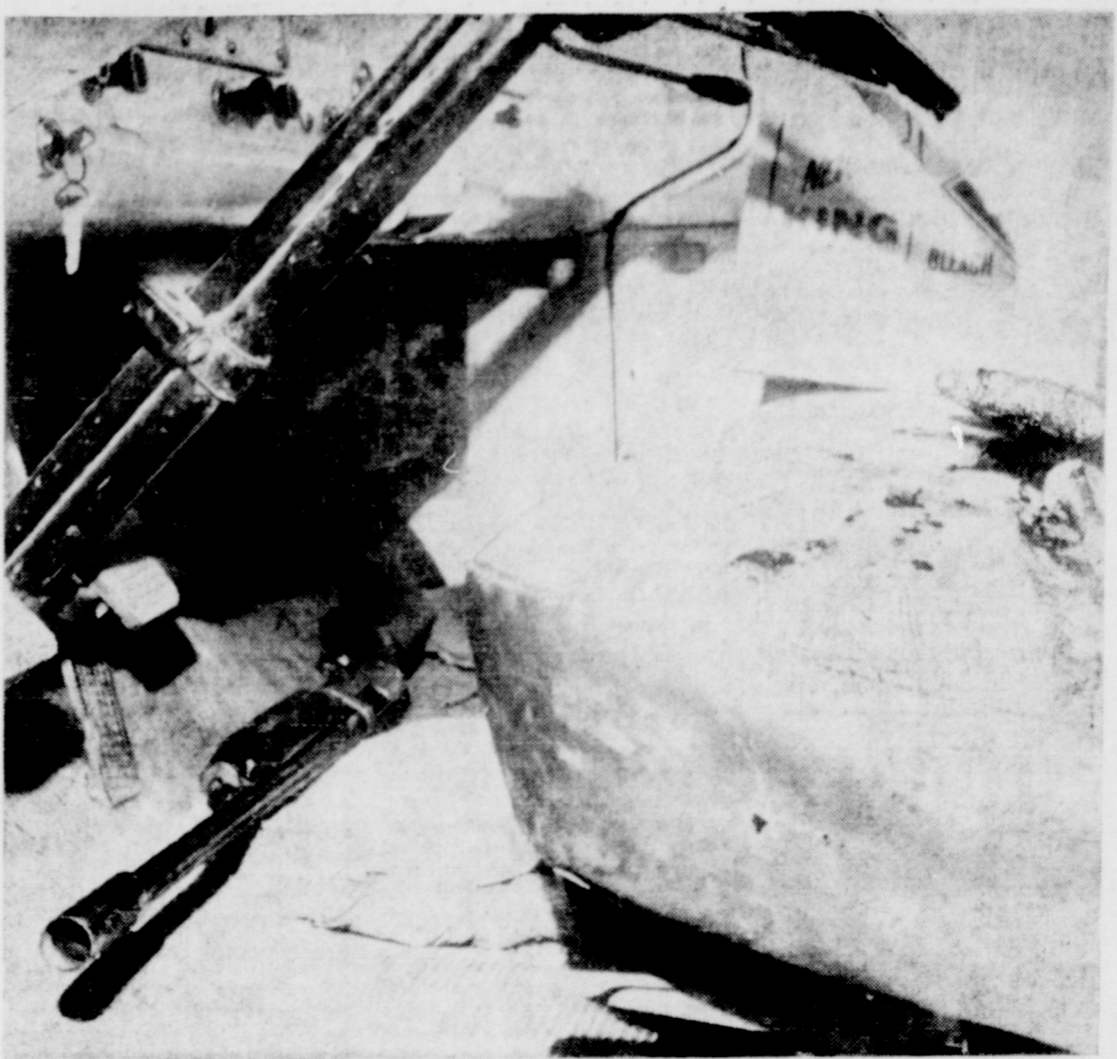

McBee was driving alone in the pickup truck when it struck a bump in the road, causing the shotgun to discharge.

The shotgun struck McBee in the head, killing him instantly. He was transported to a hospital where he died.

McBee was a farmer and had been driving on the farm road for about 15 years.

He was married and had two children.

The cause of the accident is being investigated by Sheriff Hazel Hancock of Bailey County.

Girlstown slates open house

Girlstown, U.S.A. will celebrate 15 years of service with an open house Sunday, March 15, from 3:00 p.m. until 5:00 p.m.

An open invitation is extended to friends of Girlstown throughout the United States and Texas by Mrs. Vivian McCracken, Managing Director, and girls of Girlstown.

Crowning of Miss Girlstown for 1964 will be included in the open house activities. Miss Sandra Roberts, Miss Girlstown, U.S.A. of 1963, will crown the new queen.

A program of songs and skits by the Girlstown girls will be presented.

James Cunningham, Superintendent of the Whiteface Public Schools, will bring the welcome.

The invocation will be given by Reverend Clifford Potts, pastor of the Whiteface Baptist Church. The benediction will be given by Reverend C. C. Dorn, Methodist Minister at Whiteface.

The Girlstown girls will be assisted by visiting hostesses from the L'Allegro Study Club of Morton. The girls and clubwomen will host the refreshment tables and meet the guests.

"Any girl who makes her home at Girlstown may remain until she finishes high school," according to Mrs. McCracken. "If she chooses, she may take training towards a profession which will fit her into a job situation for which her education and training qualify her. If she is college material and chooses to enter college for four years, the training will be provided for her."

"Girlstown is a home where-in the work duties are shared by the girls and in which a girl may find the security she wants and needs," according to the director.

Girlstown, founded in 1949, is located nine miles south of Whiteface on FM 1780. Girlstown is a private institution and receives no state aid. It is governed in policy by a thirteen member board.

Members of the board of directors are: D. L. Adcock, Lamesa; Mrs. Ben W. Boyd, Denton; Roy E. Carter, Odessa and Kermit; H. P. Clements, Lubbock; B. Preston Lockhart, Ft. Worth; Arlie Lowrimore, Brownfield; Don M. Nugent, Kermit; Miss Estelle Smith, Houston; Burnett Roberts, Levelland; R. S. Williams, Lubbock; and Mrs. Gus Wortham, Houston. Two out of state board members are Walter W. Ross of Scottsdale, Arizona and Smith Collins of Hobbs, New Mexico.

Changes suggested in county record system

P. Haggard, Certified Public Accountant, presented an audit of county funds and a four page administrative memorandum to the Cochran County Commissioners Court Monday.

The audit checked with an auditor previously submitted by Cochran County Auditor Joe B. Nicely.

An audit is also conducted annually by an "outside firm" of county records.

Administrative memoranda submitted by Haggard, in recommendations of the concerning internal control of county records.

It is a plan of organization which employees duties arranged and records and so designed as to possible effective control over assets, liabilities, and expenditures. Councilmen issue 'code of conduct' to city employees

Members of the Morton City Council met in special session Friday afternoon.

Meeting with the council were all members of the Morton Police Department, City Judge Cecil Barker, and city employee Jack Burks.

According to minutes of the session, recorded by City Secretary Elra Oden, the council approved a motion by Councilman Earl Crum.

The motion: To advise city employees to conduct themselves in a gentleman like manner on the job and off the job so that their actions would not reflect any criticism to the city or city council.

The special meeting was called after a city employee was jailed on a disturbance charge the night of February 10. The arrest and charge was made after an incident involving the city employee, a Muleshoe resident and a Negro.

The Muleshoe man was treated for head cuts after being hit with a whiskey bottle.

The city employee pleaded guilty in city court and was scheduled for trial. He was found not guilty by City Judge Cecil Barker after three witnesses testified the man was not under the influence of alcohol at the time of the incident.

Band boosters

C. E. Luper, chairman of the Band Boosters finance committee reports the organization needs \$1,378.27 to pay a bank note, due February 29. "This is a pressing problem that requires the immediate attention of each of the 160 members of the Band Boosters", Luper said.

Modern vehicle added to ambulance service

A new completely outfitted ambulance has been added to the fleet of Singleton Funeral Home in Morton.

Sammy Leverett, Jr., manager, reported the emergency vehicle features two stretchers, emergency oxygen supply, a complete first aid kit and air conditioning.

Two-way radio facilities of the ambulance enable the driver to radio ahead for doctors and hospital personnel to stand by when needed. The radio is also an aid in directing the driver to the scene of accidents.

An ambulance service has been operated in the Morton area by Singleton Funeral Home since 1942, according to Leverett.

"One ambulance and driver are always on standby", Leverett said. "We had rather be called and find we are not needed than be called late".

Barn destroyed
Morton Volunteer Firemen answered alarm at the Leonard Gandy farm east of Morton Monday night. Fire Chief Amos Taylor reported cause of the blaze was undetermined. Approximately 1,000 bales of hay and a horse trailer were destroyed. TRIBUNE Photo

Owner states local nursing home not scheduled to close

Melvin Smith, builder and owner of Roberts Memorial Nursing Home, recently informed the Tribune that the local nursing home would definitely remain open.

"The nursing home in Morton will definitely not be closed and no patients will be transferred from the Morton home to other facilities", Smith reported.

The announcement by Smith came on the heels of rumors that patients of the nursing home in Morton would be transferred to a recently built home in Levelland.

The nursing home in Levelland is operated by Heritage Manor, Inc., a Dallas based firm operating homes in West Texas. Roberts Memorial Nursing Home is presently operated by Heritage Manor, Inc. The Dallas firm leases the building from Smith, a Lubbock building contractor and businessman.

Smith was in Morton Thursday and visited the nursing home. When notified of the supposed closing, Smith was in Levelland.

Dub Hodge, school tax-assessor collector, reported E. E. Thomas and T. K. Williamson are candidates for the two positions to be filled by election March 7.

Trustees will be elected to fill the positions of Weldon Newsom and H. B. Barker, whose terms expire this year.

Persons who pay school taxes in the district are eligible to vote in the school board election.

See NURSING HOME, Page 6

Saturday deadline to file for city elective positions

Deadline for candidates to file for the Morton city election is 5:00 p.m., Saturday, March 7.

Elra Oden, City Secretary, reported the city offices would be open and personnel available Saturday to process applications as candidates until 5:00 p.m.

Only one candidate has filed for three elective offices to be filled by city election April 4. Dean Weatherly has filed as candidate for the office of mayor, a position now held by Jack Wallace.

Also at stake are two offices of city aldermen. Terms expiring are those of R. C. Strickland and Keith Kennedy. None of the incumbents have made a statement concerning re-election.

Two persons had filed as candidates for election to the Board of Trustees, Morton Independent School District, Wednesday morning.

Temple Kern tops show

Saturday was Temple Kern's day at the Cochran County Livestock show.

The Whiteface FFA member showed the Grand Champion Hereford calf, was awarded the Showmanship Award in the beef division, showed the third place Hereford calf, and was presented a special award for "Hardest working FFA or 4-H member participating entered in the show".

The special award, a fifty dollar savings bond, was presented by Farm Equipment Company of Morton to the most deserving, hardest working 4-H FFA, FFA boy or girl participating in the show.

Kern took top honors in the Whiteface FFA Livestock show, limited to members of the Whiteface FFA Chapter, the preceding week.

A premium price of \$84 a pound was paid for the Grand Champion Hereford by Whiteface Grain Company.

Reserve Grand Champion Hereford was shown by Mack Ashmore of the Whiteface FFA Chapter. First place in the Hereford division was awarded Eddy Holloway, Morton FFA Chapter, Mike O'Brien, Morton FFA Chapter, placed third.

Elliott Elliott of the Morton FFA Chapter showed the Grand Champion in the swine division. Reserve Grand Champion was shown by Danny Cade, Morton FFA Chapter.

Morton-Whiteface show at Levelland

Members of the Morton FFA Chapter and the Whiteface FFA Chapter plan to exhibit and sell animals at the Levelland Junior Stock Show Friday and Saturday.

Owen Young, Morton FFA Chapter advisor, reports Morton members will show 20 hogs, 10 lambs, and possibly one calf.

Wendell Dunlap, Whiteface FFA Chapter Advisor, reports Whiteface members will show six calves, eight lambs and 25 pigs.

The animals will be sold at 12:30 p.m. Saturday.

No kicks from these athlete's feet

Do you suppose we're not as young as we used to be? Or maybe we're just not in quite as good physical condition as a few years ago. At any rate, two of our Morton downtown businessmen are hobbling around on crutches with like problems. A couple of weeks ago James St. Clair broke a bone in his foot when he fell while playing a golf ball out of a water hazard at the Morton Country Club. Then last Saturday night Melvin McCoy was playing some backyard basketball and guess what? Yep, the same thing—a broken bone in his foot. There ought to be some kind of hidden message in these two accidents, but as yet we haven't been able to interpret it.

An investment in Your Future ...ATTEND CHURCH

"For when you treasure it, there will your heart be stirred"

A THIRSTY LAND

Men have a thirst and a longing for goodness and righteousness. Even the most parched soul is touched by acts of kindness, forgiveness, and love. Jesus said, "Whosoever drinketh of the water that I shall give him shall never thirst; but the water that I shall give him shall be in him a well of water springing up into everlasting life."

May all who are thirsty for a oneness with man and with God find satisfaction and fulfillment by attending church this Sunday.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and at His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Fines levied after shooting incident

A pistol shot Sunday afternoon in the Northeast portion of Mor- ton resulted in the arrest of two Negro men by officers of the police and sheriff's department.

Charged with carrying a con- cealed weapon and assault with a pistol was Billie Gene Miller, Lee Artis Moore was charged with creating a disturbance.

Officers of the sheriff's office re- port Moore entered Miller's Cafe, operated by the mother of Billie Gene. Moore used abusive lan- guage in the restaurant and was asked to leave. He departed, but returned. Miller told him to leave and fired the pistol.

Moore was fined \$40, plus court costs, by Justice of the Peace J. C. Shelton on the disturbance charge. Miller was fined \$100, plus court costs, on the concealed weapon and assault charges by Judge Shelton.

immediate families attending. His parents are Mr. and Mrs. Elma Seaney. R. D. Prather of Seminole is the father of the bride.

The double ring service was read by his brother, the Rev. Roy Dean Seaney of Denver, Colo.

Sisters of the bride, Mrs. Don Wilson of Austin and Miss Mary Lou Prather were matron of honor and maid of honor respective- ly. They wore sleeveless, two piece dresses of teal blue crepe, featur- ing bateau necklines terminating in a back V. Matching accessories and long stemmed red roses com- pleted their ensembles.

Jim Riley, Ft. Worth was best man and Kirby Lackey was the groomsmen.

Bridal music was provided by Mrs. Glenda Shipley, organist.

Presented in marriage by her father the bride chose for her wed- ding an ice white satin, street length gown. The dress was de- signed with an empire waistline, scoop neck and long sleeves. Her fingertip veil of illusion was held by a matching satin headpiece. She carried a white orchid sur- rounded by stephanotis on a white Bible.

A reception followed the cere- mony.

For a wedding trip the bride wore away a rose two piece wool suit with matching accessories and an orchid corsage from the bridal bouquet.

A graduate of Seminole High School and Texas Tech with a de- gree in interior design, Mrs. Seane- y is now associated with How- ard Goldman Interiors, Dallas.

Seaney is a graduate of Morton High School and has a degree in business from Tech. He is em- ployed by International Shoe Co., Dallas, where they will make their home at 4242 Buena Vista, Apart- ment 112.

Mr. and Mrs. Seaney attended the wedding as did their daughter, Mrs. Bill McDaniel, her husband and their two children of Ft. Worth. Also Mrs. Roy Dean Seaney and three sons of Denver.

Changes of pleas result in county jury's dismissal

The first Cochran County jury to be impaneled in more than a year was dismissed Thursday morning without hearing a case.

The 18 man panel was excused when Americano De La Paz, changed his plea from "not guilty" to "guilty."

De La Paz, charged with viola- tion of liquor laws, possession of lewd pictures and aggravated as- sault with a motor vehicle, was sentenced to 30 days in jail and assessed fines and court costs to- taling \$1,000.

Frances Garcia, charge with possession of alcohol for sale, pleaded guilty and was fined \$100 plus court costs.

The case of Francis Cunning- ham, charged with driving while intoxicated, was passed on a mo- tion by the defendant's attorney.

Seventeen cases were schedu- led to be heard before the six person county jury when the jury was im- paneled. All cases pleaded guilty, were passed until next term of court on motions by attorneys, or were dismissed.

Presiding was J. A. Love, Coch- ran County Judge.

Morton Tribune:

While I send in my renewal for the Tribune, may I say thank you for a wonderful paper. We take two county papers just for that county's news but the Tribune is the only one that really brings us news of what the area in which it is located is doing.

Keep sending us news of our own town and country.

Thank You,

Members of the Cochran County Livestock Improvement Association plan to meet in the near future to begin plans for the 1965 show.

The organization decided to convene one week before the recent show was held. Members thought it would make plans for the next show easier to formulate, with experiences of the past show fresh in their minds.

When asked for a comment concerning the show an annual highlight for 4-H and FFA and FHA members of the area, Gene Cade, General Superintendent, replied, "We consider it a successful show. Members of the County Livestock Association wish to express their appreciation for the cooperation and assistance given us with the show this year."

Cade also expressed his personal thanks and cooperation to all who helped in the show and to officials and committees of the association.

Officials and committees who participated in the show include: Fat Steers Superintendent, Bobby Neal; Swine Superintendents, Raymond Deavours and Thomas Lynch; Lamb Superintendent, Elwood Harris.

Members of the weighing committee were Bill Cranford, chairman, Max Clark and Virgil Coffman.

Owen Young, Morton FFA Chapter Advisor and the Morton FFA Chapter served as the building and ground committee.

Richard Miller was responsible for herdsmen and showmanship

plans to transfer patients from the Morton home to Levelland. Smith contacted officials of Heritage Manor in Dallas and H. B. Dobson administrator of Roberts Memorial Nursing Homes in Morton and Heritage Manor Nursing Home in Levelland.

"Roberts Memorial Nursing Home will remain open in Morton if I have to manage it myself," Smith told the Tribune. "The nursing home was built in Morton, for the people of Morton, and it will remain open. Any changes in personnel that may take place will be only in top management positions. Local employees of the nursing home will keep their jobs and will not be affected," the owner of the nursing home stated.

"Roberts Memorial Nursing Home will continue to be operated by Heritage Manor, Inc., as long as they meet the requirements of the lease agreement. The lease specifies the building must be used as a nursing home. It will not be used for any other purpose and will not be closed. If Heritage Manor wishes to cease operations of Roberts Memorial Nursing Home, I'll operate it myself," Smith said.

The 30 bed convalescent home presently has 12 patients. Ten full time employees, three relief employees and the administrator staff the local home.

Superintendents of each division and the Whiteface Young Farmers served as loading committee.

W. M. Butler headed the sifting committee.

Wendall Dunlap, Whiteface FFA Chapter Advisor was responsible for ear tags, equipment, ribbons and trophies.

Stoves and heating were furnished by McDermott Gas, Flash-O-Gas, Windom Oil and Silvers Butane.

L. M. Hargrave was judge.

Sidney Saverance and Don Workman served as secretary treasurer.

Members of the finance committee were Morton: Pegues Houston, Roy Brown, Buck Huckabee and C. E. Dolle. Maple: John Sheppard, Bud Warren, and Arlen Simpson. Star Route: Danny Key and Roy Greer. Griffith: Loy Kern, Ray Tucker and John Crowder, Enoch and Bula: Bob Newton and Eddie Wallace. Whiteface: Woody Dickson, Dan Keith, Truman Swinney, Leland Scifres, and Stanley Henderson. Famliner: D. provements should be maintained. Other recommendations include handling county purchases through a central purchasing agent, exercising care in the transfer of cash from one statutory fund to another, and obtaining legal advice before making any such transfers.

Haggard listed the advantages of the recommendations as sound financial planning and budgeting would be made easier by more complete records and statements, unwarranted temptations and opportunities to misappropriate funds would be reduced as to both present and future employees.

Haggard commended Nicewarner on the design of cash receipts journals and cash disbursements journals for use by the county as to operating funds and his progress in establishing policies of good internal control.

The CPA stated that under the present system, the outside auditor is required to compile many records that should have already been compiled. He stated the cost of preparing the records, as recommended, would compare with the cost of the outside auditor getting them together.

Fire contracts were approved between the Commissioners court and the Morton and Whiteface Fire Departments. The Morton Fire Department will be paid \$1,200 annually for rural fire service, the Whiteface Fire Department, \$900 a year.

Wanda Leagan, deputy tax assessor-collector, was granted permission to attend a state tax-assessor's school in Tyler for four days in April.

In other action, commissioners were appointed overseer of roads in roads in each commissioner's precinct.

include J. W. McDermott, chairman, Gage Knox and J. R. Kuykendall.

Members of the promotion committee were Wendell Holloman and Dean Weatherly.

Bedding hay for the show was furnished by Deavors and Wright Farm, Inc. and D. L. Tucker. Bedding hay was hauled by Bill Cranford and Max Clark.

Religious census of area residents scheduled

Clergymen of the area will meet at the Wig Wam Restaurant at 9:30 a.m. Thursday to discuss a door to door religious census of the Morton area.

Approximately 8,500 persons are scheduled to be included in the survey.

Purpose of the survey, scheduled to begin in May, is to make a thorough study of the Morton area population to learn the religious status of each individual.

Every congregation is invited to participate. Many religious groups are now represented in the planning organization. Others are invited to assist in the planning and preparation.

Advantages for the congregations that choose to participate in the survey, according to a news release from the Morton Area Religious Survey, are: Each congregation can get the results of the combined efforts of all religious groups. There will be a better response because the various religious groups are participating, according to the news release.

An attempt will be made to enlist at least ten percent of the membership of each participating congregation to assist in the survey. All resident members, nine years of age or older, will be asked to contribute ten cents toward the expense of the survey.

No one religious group or denomination is sponsoring the survey. Leaders of various religious groups are forming the organization to perform the survey. The assistance of specialists with wide experience in urban and rural religious surveys will be utilized.

More information may be obtained by contacting D. A. Watson, or Roy Edwards of Morton or Walker of Enoch.

Mr. and Mrs. Perry
hosted 42 card party

Mr. and Mrs. Jack Perry entertained Saturday night with a "42" party at their home, 701 Hayes Avenue.
Refreshments were served to the Rev. and Mrs. H. F. Dunn, Messrs and Mrs. J. W. McDermott, Hume Russell, C. A. Baird, LeRoy Johnson, Melvin McCoy, H. B. Barker, John Haggard, Willard Henry, Richard Key, James Masten, Bill Wood, L. E. Huggins, E. O. Willingham, Fred Stockdale, J. R. Kuykendall, C. E. Luper, P. B. Ramby, Mrs. C. H. Silvers and Mrs. Hessie B. Spotts.

Mr. and Mrs. Weymond Dunn of Abilene visited here last Friday and Saturday with his parents, the Rev. and Mrs. H. F. Dunn and family. Mindy, who had been visiting here with her grandparents returned home with her parents. Weymond has recently been promoted to head of the IBM department for the City of Abilene.

Passing thoughts and shifting sands

By ART WALL

We humans who consider ourselves far superior to the animal world are still creatures of habit. The way we work, eat, sleep, all of our behavior are simple traits we have acquired. Occasionally we seriously think of the habits that could shorten our lives, that eventually in time could kill us. There is the narcotic, the alcoholic, or the person who persistently overeats or smokes himself to death. It appears we deliberately set out to destroy ourselves to adopt a habit. Even so our eating we ignore the old proverb "a good digestion will wait on an appetite." We will often eat whether hungry or not. Even an animal, after gorging will stray off and lie down, but a human generally will want an appetizer before dinner and a smoke afterward.

We feel bitter towards people who suggest we change our ways of living. It is because we can not comprehend the tremendous role habits play in our daily lives. A man will buy alcoholic beverages and know in his own mind that a

drink will merely give him a "lift" and that it is not necessary, but it is his habit and he may be strong enough to control it and drinking may not lead him to self destruction. Yet he knows very well alcohol was man's first atom bomb in bottle form. Even with this we have done little in moving it from society but have left it and its problems to each individual. His habit and he along becomes its master or its slave. Man seizes the habit, it was not there when he was born.

Now we are told as though it was breath taking news that smoking can be destructive and may very well lead to cancer. This news is not so shocking to oldsters. Fifty years ago in school we were told smoking certainly did not do us any good. We studied a book called "Hygiene" and it didn't mince words that smoking was a habit forming pleasure that was causing to nerves and the nicotine derived from this pleasure certainly did the body no good. It has been strongly suspected for years that lung cancer and smoking were cause and effect. Now it seems that they are trying to prove it. As alcoholic drinks can shorten a man's life so can smoking, it again comes back to man and how he controls his habits.

Remember grandpa is pictured as a character ninety years old, sitting in his favorite chair, puffing contentedly on his corncob pipe, and probably with a half a glass of whiskey sitting near. Grandma, if she couldn't find her snuff and corncob, could give more trouble than a combat troop of marines. It was their habit and how they controlled it that brought them to old age. Temperance and moderation are the words.

Certainly no one advocates smoking or drinking. Again the habit was not there when man was born — he cultivated it. If it is a destructive habit his longevity depends on how he controls it. We humans soon find that a habit learned to satisfy a need becomes a need itself. As we are humans and have learned the habit, God willed we humans can reason, so we can unlearn the habit. We can change our ways. An athletic coach finds a player developing bad habits in a game. The coach goes to work on that player's mind to break of the habit. A golfer in slicing will set in to correct himself. Certainly if a habit is destructive we should not prolong it. We may have to call on our minister,

friends or an organization to dispose of the habit, but encouragement and will power can perform wonders.

Stress or strain, a feeling of inferiority, a sense of insecurity, motivates one in reaching for a cigarette. All of these go under the term called "tension". It is said if you remove the tension you remove the habit.

The people who seem to know all these things quickly point out that many people with bad habits do not have acute tensions, but simply developed the bad habits, such as drinking or smoking, because it's the thing everyone does. Its the "kick" they get from it, so they indulge. Some people get rid of a bad habit by developing a new one to take its place such as chewing gum instead of smoking. It all sums up to, "any habit that is learned can be un-learned."

A mule, certainly known as a stubborn critter, can be broken from a bad habit. It is said a man can be as stubborn as a mule. Much has been written on how to quite smoking. In fact it has reached the point a man or woman believe they have to be on a high plane of will power to quit smoking. Its not so. Many people quit smoking. You don't have to be a supreme being to "kick" the tobacco habit. Think of the people you know who quit smoking.

A man can exercise his mule-like stubbornness by going to bed early on Saturday night knowing he will be "off work" the following Sunday. Sleep late Sunday, as late as you can. Say you went to bed at nine p.m. Saturday night and slept till nine a.m. Sunday. You have a twelve hour start on quitting the cigarette habit. All Sunday don't allow yourself to get in an argument, don't do any work that is tedious, or become involved in anything that is exasperating. Remember this Sunday, you are off the job, therefore the boss won't be getting in your hair. Tell the wife and kids you are "cutting" cigarettes, get their help. Remember you are practically a sick man, your nerves are jangled, your system demands a smoke. Now it is twelve noon. You have been fifteen hours without a smoke. Pull on your mule stubbornness and make it twenty hours. Work for seventy-two hours and at the end of that time you really have a start on "kicking the habit." This stunt has worked before and it will work for you. Its a game and the score is better health. Good Luck!

County teachers attend meet at Bledsoe school

Dr. Berlie Fallon of the department of education at Texas Tech presented a program for a meeting February 24 of Cochran County Teachers Association. The meeting was held at the Bledsoe School.

The guest speaker gave a talk on "Improvising in Music" and demonstrated by playing several selections on the violin.

Chevelle 300 6-Passenger Station Wagon

Chevelle balanced performance is best!

Passing, cornering, threading through traffic, sudden stops—Chevelle excels all around! Chevrolet's new surprise package has what it takes to meet any driving challenge: Six or V8 engines, hefty brakes, Full Coil suspension—and a trim size that makes the most of them!

Chevelle means performance aplenty—standard 120-hp Six or 195-hp V8—and optional at extra cost, a 155-hp Six, a 220-hp V8, a new 327-cu.-in. V8! But more, Chevelle's a foot shorter than the big cars. And the space Chevelle saves in size comes off the ends, not the middle. So it rides like you want a car to ride.

Chevelle lets you choose Powerglide™, 4-speed manual* or 3-speed manual transmission. Knowing how people like a custom touch, we wrote out a long list of extra-cost options. Knowing all this, what's keeping you from a test drive? Certainly not your Chevrolet dealer!

County HD council told of insecticides & control of pests

Insecticides and pesticides were discussed by Mrs. Jack Baker at a meeting Tuesday afternoon of the County DH Council. "Now is the time to treat trees and shrubs for insects," the speaker told the group.

Mrs. C. W. Wiggins and Mrs. Herman Brown were elected delegates from Happy Homemakers HD Club and Modern Mothers HD Club for the district HD Association meeting to be held in Floydada on April 30. Mrs. Thomas Lynch alternate.

Members were reminded to attend the pre-workshop meeting March 5 at 10 a.m. The workshop is in connection with the upholstery workshop to be conducted the week of March 16.

HD Clubs are planning to cook and serve the John Deere Day dinner March 19.

School drop-outs were discussed with the council voting to meet with school officials to see if HD members could be instrumental in helping improve the situation.

Three new weed killers to be introduced here

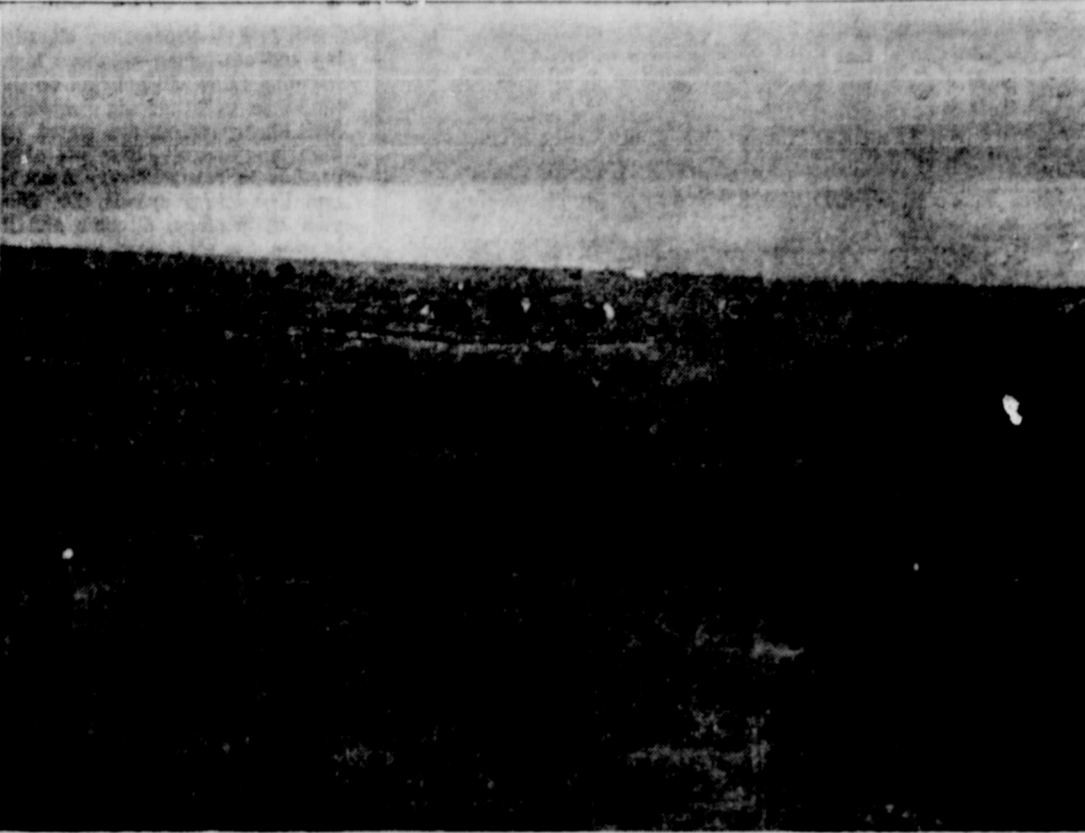

Representatives of chemical companies will introduce three new weed killers at special meetings in the Wig Wam Restaurant.

The first meeting, scheduled for 7:00 a.m. Friday, will feature two of the weed killers. The second will be presented at a meeting Tuesday, March 10, at 7:00 p.m. at the Wig Wam.

Morton Spraying and Fertilizer Co. is sponsor of the meetings.

Mr. and Mrs. Max Bowers their daughter, Mrs. Robert Yeary and her daughter of Houston have been on a fishing trip in Mexico. They were joined by Mr. and Mrs. Earl Crum and Mr. and Mrs. Van Greene who started to Brownsville Sunday by plane but couldn't continue with the flight because of weather conditions.

Mrs. Hume Russell and Mrs. J. W. McDermott visited Monday in Lubbock. David Russell who had been here for several days with his grandparents returned to his home in Lubbock with them.

Grass suitable crop for planting on excess acres

Cotton acreage allotments and the Feed Grain diversion program are causing farmers to look for other crops to plant on their excess acres. Grass has been found a suitable crop for this purpose.

Its advantages are many. Grass may be planted on diverted feed grain acres. This will allow the farmer to get some return from the land while the grass is becoming established. After a good cover is secured, the grass can be used for pasture, hay, or seed production; provided it is not still being used as diverted acres.

In addition to the above advantages, most permanent grasses are eligible for cost-sharing assistance on their establishment. The Agricultural Conservation Program provides for assistance on grasses used in crop rotations. Farmers interested in this or in planting grass on diverted acres should contact the local ASCS office for more information.

Grasses that are to be used primarily for pasture over a period of several years may be eligible for assistance thru the Great Plains Conservation Program.

Irrigated pastures often give a net return between thirty and fifty dollars per acre. This will compare very favorably with grain sorghum.

Several things are necessary for the successful establishment of grass. One of the most important, and the one that is responsible

for most failures, is seed-bed preparation.

Grass planted on dryland or on soils with a high wind erosion hazard should be planted in a dead litter crop of sorghum or cane stubble. The seedbed should be firm and free of weeds.

Time of planting is another important factor. Planting dates vary, but in general native grasses such as Indiangrass, switchgrass and sideoats grama are planted

between December 1 and June 1. Bermuda grass is planted from sprigs between March 15 and August 1, and only when adequate soil moisture is available.

High quality seed or sod should be used. Some grass seed varies greatly in quality and is measured as pure live seed rather than pounds of actual material. A grass of this type needs to have a current seed test. The local Soil Conservation Service Technicians can supply the recommended seeding and sodding rates for grasses adapted to soils in the Cochran Soil Conservation District.

If the grass is one that requires sodding or sprigging, the sprigs should be of good quality and properly cared for from the time they are harvested until they are replanted. Bermuda grass sprigs need to be dug as rapidly as possible, kept in the shade, and kept moist until planted. A tarp or similar cover is needed to drying winds during hauling and protect them from the sun and when stockpiled in the field.

Several local contractors have equipment for planting grasses. Landowners who desire to plant their own grass may rent planting equipment from the Cochran Soil Conservation District.

Properly managed high quality pasture is the cheapest livestock feed. If grasses will fit into your operation, now is the time to make preparations for getting them established.

Senior citizens to attend SPC classes

LEVELLAND — The theme of the Senior Citizens Seminar scheduled to begin March 7 at South Plains College will be "Importance of Positive Thinking."

Classes will be held from 10 to 11:30 a.m. each Saturday for eight weeks in the speech auditorium. Tuition is \$1.

The seminar will be divided into three sections. The first section entitled "My Place in the World About Me" will be conducted by Henry C. Adair. "Understanding the Human Mind," March 7; and "Understanding Ourselves and Others," March 14.

The second section "Some Cultural Aspects of the World About Me" will include "Think, Respond, Create," Don Stroud, March 21; "A Reflection of that Creation," Stroud, April 4; "Motivation, Reaction, Rhythm," Harley Bulls, April 11; and "The Stimulation that Causes the Simulation on the Stage," Basil Kolb, April 18.

The final section "Understanding the World About Me," will include a lecture by Dr. C. M. Phillips, April 25; and "Where to Now?," by Henry Adair, May 2.

Mrs. Neal Rose attended to business Saturday in Lubbock and visited with her daughter, Miss Denise Rose and in the home of Dr. and Mrs. Norman A. Monk and family.

County Agent's report

By HOMER THOMPSON
TAX RULING

A recent ruling issued by the Internal Revenue Service has some important implications for travel expense claims of employees and self-employed persons.

For 1963 and on, a self-employed individual or an employee who uses a passenger car for business purposes can generally deduct his costs allowable to business use in either of two ways. For each year he can choose to deduct either his specific costs of gas, oil, taxes on gas and oil, insurance, license tags and depreciation, or an optional mileage deduction based on a flat ten cents a mile for the first 15,000 miles of business travel and seven cents over that. Parking fees and tolls are allowed in addition to the optional mileage deduction. Also, the state and local taxes on gas and oil allocable to personal use of the car are deductible as taxes by an individual who itemizes his personal deductions, even where he uses the optional mileage allowance.

This means that claims for mileage on official travel in one's work can be made on a per mile basis, provided adequate records are available to substantiate the claim. Heretofore, taxpayers were required to itemize the various auto expenses using Form 21-06 or similar method in order to claim any allowance for official travel. The mileage now may be shown on a sheet attached to Form 1040, setting forth the amount traveled.

WEED CONTROL

Weed control research results will be presented at a meeting and training school to be held Thursday, March 5, at the Tri-State Fairgrounds in Amarillo.

Gaines Franks, Pooter County Agricultural Agent, reports the latest weed control information will be presented to distributors, dealers, county agents, and other professional agricultural workers and farmers. The meeting and training school will be held in the Commercial Exhibits Building at the Fairgrounds, beginning at 9:30 a.m.

Morning speakers include Dr. C. L. Leinweber, head of the Range and Forestry Department, Texas A&M University. He will speak on "Procedures for Labeling and Recommendation of Herbicides." Robert Haas, a professor in Dr. Leinweber's department, will report on insect emulsion sprays—a relatively new field which reportedly shows much promise. Ronald Davis and Joe Pafford, both technicians at the USDA Bushland Field Station, will report on "Principles of Weed Control" and "Weed

Competition", respectively. Dr. Allen Wiese, Texas Agricultural Experiment Station Agronomist located at the Bushland Station, will report on recent weed control research.

Lunch will follow — a Dutch treat affair catered by an Amarillo firm. The afternoon session will consist of demonstrations and discussions of new weed control equipment, herbicides and chemicals. Demonstrations on sprayer calibration and of invert emulsion applications will highlight the afternoon. Chemicals to be discussed include: Karmex - DL; Dacthal; Herban; Prometryne; Treflan; Tordon; Triac; and Propazine.

SOIL TEST

Cochran County farmers with land coming out of the Soil Bank will want to test soil fertility, says Homer Thompson, County Agricultural Agent. Land out of production for some time may be less fertile than regularly cultivated land, depending on what has been growing on it.

"Don't guess — soil test," is Thompson's advice to farmers in this situation. If the land coming out of soil bank contracts is to be returned to agricultural production, a soil test should be made even if it is to be used for pastures or hay. If this land is to remain in a protective cover of grasses and legumes, farmers can apply for cost-sharing assistance through the Agricultural Conservation Program for lime and fertilizers to improve or re-establish the cover for forage use.

Soil tests are the best way, the agent says, to help decide proper fertilizer and lime applications. Test results help farmers decide the treatment to bring land up to most efficient levels of production.

If fields with abundant grass cover are returned to cultivated crops, they may need heavy nitrogen applications to help decompose plowed-under organic matter, according to Thompson. This is especially true if non-legume crops are planned.

Library workshop are scheduled for Plains

AUSTIN — Processing, classifying and cataloging — three high-sounding titles will get "an on the level discussion" during a series of four library workshops slated for librarians and all other interested persons in Texas Library Association Districts I and II. Dr. Norman H. Winfrey, director and librarian, State Library, announced.

Host cities are:

- Borger, March 10 at the Hutchinson County Library;
- Plainview, March 11 at the Unger Memorial Library;
- Lamesa, March 12 at the Dawson County Library;
- Odessa, March 13 at the Ector County Library.

"The success of the January library workshops in the same cities was so great," Charles Gholz, field consultant of State Library's Field Services Division who was in charge of the special events, stated, "that it is evident there is a strong and vital interest in librarianship throughout the districts and this section of our State is preparing to move on to a new plateau of library development."

Subjects to be discussed at each workshop, which begin at 10 a.m. and continue through 4 p.m., are: Problems of Supply, Suppliers and Ordering; the Unit Card, Added Entry Cards, and Shelf Lists; Classifying and Cataloging of Fiction and Non-Fiction; and Preparing the Book for the Shelf.

The more than 175 persons from 62 counties who attended the previous workshops know that the program does not drag and that a new sense of library value was the reward of the January workshops. "It is hoped that 250 persons will attend this second series to be sponsored by each host library and Texas State Library," Gholz said.

Y-M Study Club donates books to County Library

An impressive list of books was given recently by Y-M Junior Study Club to the Cochran County Library. The nine new books are: "King Arthur", "Great Men of Science", "Myths and Legends", "Another Path", "Walden", "Tales of the D'Urbervilles", "Three Sides to the River", "Stamp Guide" and "Trip into Town". A letter of appreciation for the books from Mrs. Hattie B. Spotts, county librarian, was read at a meeting Thursday night of Y-M Junior Study Club. Mrs. Lowell Webb hosted the meeting.

Mrs. George Boring, program chairman, introduced Mrs. Elvis Fleming, guest speaker for the evening.

The speaker's topic was "Good Citizenship is More of a Need Than Ever. But have we forgotten the true meaning of it?" she discussed ways in which club members can be better citizens and the responsibilities of individuals. Mrs. Fleming concluded by saying, "Ask not what your country can do for you but what can I do for my country."

Mrs. Webb presented the report of the nominating committee of officers for the coming year. The following officers were elected for the coming year: Mrs. Ray Lanier, president; Mrs. Cullen Dansby and Mrs. James Cogburn, first and second vice presidents; Mrs. Bill Matthews, recording secretary; Mrs. Francis Shifflett, corresponding secretary; Mrs. Richard Biggs, treasurer; Mrs. Garret Bryan, auditor; Mrs. Dave Corley, parliamentarian; Mrs. Jerry Winder, historian and Mrs. Eli Douglas, reporter.

Planting of iris told County Garden Club

Cochran County Garden Club resumed meeting Monday night in the home of Mrs. Wayne Porter. "Prepare for Lovely Iris" was topic for a discussion given by Mrs. Truett McCuiston. She spoke of the Japanese iris as a beautiful specimen but not recommended for this area. Four of the species especially good for planting on the plains are the bearded iris, both tall and intermediate and dwarf; Spuria, Dutch and Siberian Iris.

"The bearded iris may be planted any time the ground is not frozen but preferably from July until September. The dwarf blooms quite early, followed by the intermediate. All iris should be planted in full sun, in a well drained area with the rhizomes planted two inches in the soil.

"The Spuria is a tall iris, sometimes growing to five feet, it has unusually large blossoms.

"The Dutch iris, a bulb rather than corm, is planted in the fall. The Siberian Iris is a joy because of its prolific flowering, there are often as many as 50 blossoms to a clump.

"Iris should be planted extensively in this area as it withstands our variable weather so well.

"Tops of iris plants should not be cut except when transplanting. For best blooms don't move plants for three years. A vital point in cultivating iris but often neglected is removal of the flower stalk. The stalk and dead leaves should be removed all the way to the rhizome. Cultivate often and for fertilizing use either superphosphate or bone meal. One tablespoon of either for a new plant or one half cup for old clumps," Mrs. McCuiston told the group.

Mrs. McCuiston had prepared posters for demonstrating the proper planting of iris. In closing she showed pictures of different varieties.

Members attending were Mrs. Harold Arant, Mrs. Gene Cade, Mrs. Roy Hill, Mrs. J. T. Holloman, Mrs. Charolyn Inglis, Mrs. J. J. Jenkins, Mrs. Charles Jones, Mrs. McCuiston, Mrs. W. B. McSpadden, Mrs. A. E. Sanders, Mrs. Bud Thomas, Mrs. Don Workman and the hostess.

Mrs. E. H. Irwin submitted this week's favorite recipe. The cookies are wonderful for parties and especially well liked by children as an after school snack with milk or juice.

Pecan Crispies
 1/2 cup crisco
 1/2 cup butter
 2 1/2 cups brown sugar
 2 beaten eggs
 1/4 teaspoon salt
 1/2 teaspoon soda
 2 1/2 cups flour
 1 cup chopped pecans
 Cream shortening and sugar, add eggs, beat well. Add flour sifted with salt and soda, add nuts. Drop by teaspoon on greased cookie sheet spaced two inches apart. Bake in 350 degree oven 12 to 15 minutes. Makes about six dozen cookies.
 Mrs. Irwin, native daughter of Cochran County, is one of three children of the late Mr. and Mrs. Walter W. Lytle, early settlers in Cochran County. Her sister is Mrs. Thurl (Totsy) Lemons, Maple. They have a brother, Walter W. (Moon) Lytle of Ft. Worth.
 Dorothy or Dot, as she is affectionately known, was born about three miles northeast of Morton. She was educated in the Morton schools until her second year in high school. She attended La Jolla High School, La Jolla, California during her sophomore, junior and senior years and is a graduate of that school.
 She met Eddie through a mutual friend, Cecil Clements, of Morton. Clements and Irwin had become acquainted while both were in Basic training at the San Diego Marine base. Dot and Eddie were married just 10 days before he was sent overseas. He did not return for two and one half years.
 Shortly after Dot graduated from high school she joined her husband's parents, Mr. and Mrs. Phillips Irwin in Indianapolis, Ind.
 After Irwin returned from service and entered Butler University Dot worked for a savings and loan association in Indianapolis. With the exception of 1947 they spent summers in Morton with her mother.
 Michael (her first child, was born in July of 1948. In June 1951 a daughter, Sharon, joined the family. Nine years later, November 1960, their third child and second son, little Eddie, put in his appearance. All three children were born in the local hospital.
 Mrs. Irwin has been employed by the City of Morton for six years. Prior to that she worked variously for Western Abstract and as a deputy in the county tax office.
 Dot began her duties for the city as secretary to the city secretary. Her present title she says is hard to define but it is something like deputy assistant secretary; whatever that means. She takes care of city tax assessments and collection of taxes and tries to make herself useful wherever needed in City Hall.
 This is evidenced by the fact that she once served on a temporary basis as City Judge for a period of about six months. The work on the whole was pretty routine with possibly one exception, a man put up bond for indecent exposure and when told he would appear before a woman judge he forfeited his bond and skipped town.
 Dot is a member of the First Baptist Church and L'Allegro Study Club. She enjoys bowling and would like to play bridge but finds she doesn't have very much time for it. She takes part in her children's activities. During the "50 mile hike" craze she accompanied Mike (by automobile) with fresh socks, water and food.
 She said, "I don't think of any particular hobby, I am so taken up with my work, household duties and care of my children. I can't say sewing is a hobby because I can't sew." Dot thinks it would be nice if she could sew because of her daughter.
 "When Sharon started to school I don't know what I would have done if I hadn't lived next door to Mary Lois Ledbetter, she was a wonderful neighbor and knew all about getting little girls ready for school. Morton has many fine people, I suppose that is why we all like to live here," she concluded.
 Mr. and Mrs. Hume Russell, Mr. and Mrs. Raymond Ross and son, David, and Curtis Jakobson of Sutton, Neb., guest of the Russells, visited last Thursday evening in Clovis. Sutton was introduced to Mexican food at El Monterrey Restaurant. It is on Sutton's place in Nebraska that Ross and Russell hunt pheasants. The Nebraskans is a stock farmer.
 Mrs. C. H. Silvers and Mrs. Carl England visited Sunday afternoon in Lubbock with Mrs. Lloyd Miller and Ken Coffman, both patients at Methodist Hospital.

Emergency

*What do you do
when you can't wait?*

WHEN A CRISIS COMES

- ... and you need a prescription filled at midnight
- ... or your plumbing starts leaking
- ... or your car won't start
- ... or you run out of clean shirts
- ... or when the cupboard or the baby is bare

DO YOU saddle up and take a day off to get the matter taken care of in the City, or do you write to a catalog house for help?

OF COURSE NOT. Likely you hardly recognize these and similar predicaments as crises.

Because YOU'VE GOT NEIGHBORS, right here at home ... with their skill and their money invested in establishments able to take most of your troubles on their own shoulders so quickly

that you scarcely notice they are difficulties at all.

But HOW MANY skilled craftsmen, and good business men, and good neighbors, and good workers in civic and church affairs, and good taxpayers ... how many of these have cut down their stocks, laid off employees, or left the country ... because all you were buying from them was the things you couldn't wait to get somewhere else ... and how many will leave in the future to go where your money is going?
