Unwilling captive

AFTER THE CHASE was over Saturday morning the deer still proved to be a stubborn customer for those attempting to corral it. Deputy Chester Miller and City Patrolman

Burtis Cloud aided along with other city residents in capturing the deer which was wandering about the city.

Deer creates uproar with town social call

A mysterious visitor wandered into Morton Saturday and was greeted with enthusiasm. The brown buck deer was first seen by Mrs. J. C. Collins about 9:30 a.m. strolling down SW Sixth St. Mrs. Collins' grandson, M. C. Sherbet, was next to see the deer and then a second boy was quick to make the discovery.

Sherbet and Johnny Escalante formed a welcome party and agreed that when the deer was caught and made a pet, they would share it. But apparently the deer had other plans, and led the boys a quick dash through the west side of town. The chase ended in N. C. Shelton's carport 710 West Jefferson Street.

Soon a dozen people crowded around the carport to get a look at the animal. Deputy Sheriff Chester Miller and patrolman Burtis Cloud were called to the scene and a Tribune reporter was on hand for pictures.

The boys related their story of a seven block chase from near Morton High School to Jefferson Avenue on the northwest side of town. They followed their new friend from sixth to Seventh St. and across two vacant lots, then down Seventh St. and across to Washington Avenue near Beene Grocery. It jumped a half buried, junk car and a trash can before it was cornered in the Shelton carport.

The deer was exhausted from running and revealed several wounds around the head. It is probable that the deer had been run by dogs. It was taken to the J. W. McDermott barn by Lee Belcher and Short Bilbrey to await game warden, Pat Donnelly.

Donnelly picked up the deer, but the animal later died. Donnelly said that he thought the deer had probably eaten Johnson grass that had been sprayed with poisonous chemicals.

Finally calm

SUBJECT OF CHASE Saturday morning was finally subdued and penned in the garage of J. W. McDermott where it stayed completely exhausted awaiting the arrival of the game

warden. The animal later died according to Game Warden Pat Donnelly probably from eating Johnson grass which had been sprayed with poison.

Addition modernizes cafeteria

Construction work has begun on addition to Morton High School cafeteria as part of the building program now in progress on the town schools.

Darrell Clawson, superintendent of the construction job, reported today that the existing cafeteria will be enlarged by 2,125 square feet. Following construction the cafeteria will feature additional seating area, custodian storeroom and a vestibule. The

kitchen will be much improved by a large food storage room. The existing storage room will be used for other purposes and a larger new room will be built in the northeast corner of the cafeteria. A new mechanical room for hot water heaters will also be built.

Kitchen area alone will be enlarged 153 square feet, according to Mr. Clawson. There will be a vestibule leading from the dining area to the kitchen and a single door will lead from the food storage room to the kitchen.

The food storage room is probably the most important improvement of the cafeteria. It will more than double existing food storage

area and provide for much more efficient storage of all kinds of foods. Perhaps a large freezing area will be installed to store a large amount of frozen foods.

Of the total 2,125 square feet 1,500 will be additional dining area. This dining area has been added

on the north side of the cafeteria. The south wall was torn down and replaced north of the old wall.

The outside appearance of the building will be changed very little. The same color of brick is being used on the new addition and the same windows are being used in the new wall. The old double door is being used on the northeast corner also.

The interior of the new dining area will match existing area. Ceramic tile will be laid by adhesive set and a large wash basin was moved to the north wall.

Three four inch pipe columns will hold the roof and ceiling at the place the old wall existed.

★ Store closing

A great majority of the business places in Morton will be closed for the Fourth of July holiday Saturday.

Practically all the merchants around the square will close their doors for the coming holiday. Three of the five larger grocery stores will not do business on the Fourth of July.

Symbol of freedom

INDEPENDENCE DAY is almost upon our nation, state and city again. With the coming of this day each year, comes a time when all citizens should all think back to the principles that our Country was founded upon — freedom and equality for all citi-

zens residing within the bounds of the United States of America. Jimmy Green, Billy Carter and Renaldo Ramos typify this spirit of belief upon which the strength of our nation depends.

Cleanup campaign continues

July is clean up month for Morton residents. Mayor Dean Weatherly has launched a clean up drive that has stirred enthusiasm all throughout the city.

The Morton Area Chamber of Commerce has been active in the campaign. Letters have been sent to Chamber of Commerce members and clean up has begun.

The City of Morton reminded residents that city equipment and workers will be available on Saturdays to haul away refuse and trash from alleys and other community property. Those people wishing help in cleaning up should contact the city office as soon as possible so that a work list can be made for city employees to follow.

Dean Weatherly said Monday he has added some new parts to the clean up program. He announced that the city of Morton will now mow weeds on vacant lots in the city for \$5 per lot. If interested in this part of the program, call

the City Hall and a city employee will be there to do the work.

Every Saturday in July the city trash and street departments will be available to pick up extra trash or trash that the regular crew does not pick up during regular working hours, such as tree branches. One should call the city office if interested or desiring additional information.

Recently over 100 blocks of paving has been completed in Morton and 28 blocks of existing paving has been seal coated. This week the contractor for the paving will help the city in its campaign. They will clean every gutter and leave the streets clean.

Everyone will have to do his part if the campaign is to be a success. No one can do more than individuals working together and the clean up program will require some time and work from everyone. Start the month by cleaning up and fixing up our yards, alleys, streets, schools, churches

and businesses, the Morton Area Chamber of Commerce urged. The city office or the Chamber of Commerce will help anyone that requests it. Clean up and fix up this month and then make every effort to see that this campaign continues for 12 months. Johnny Johnson, Chamber of Commerce manager added.

★ Fireworks

Morton residents, especially the younger set, are warned about the use of fireworks inside the fire zone. This zone is two blocks on all sides of the courthouse. Children should practice extreme caution in other sections of the city when handling fireworks. Make the Fourth of July a safe and happy holiday.

Thrills jampack LL contests

Action in the Morton Little League was hot and heavy in the past week. The following is a rundown of league action in all the games played.

Pirates smashed the Colt, 45's 14-4 and the Cardinals struggled

through a hard fought game to emerge victorious in a 6-5 tilt with the Cubs in Thursday night's Little League action.

Bryant Lewis was starting pitcher for the Colts. The first score was Wendell Bickett's as he came in on Larry McClintock's center-field hit.

Colt, 45's failed to score in their half of the first inning but posted four runs in the second. Still, the Pirates held a 5-4 lead and pushed far ahead in the third and fourth innings. Gerald Grusendorf and Dub Bryan were in on errors while

Ted Thomas came in on a wild pitch and Bickett crossed over on a passed ball.

Pirate pitcher, Dub Bryan, walked George Pritchett, who later scored on Don Weather's hit. Jackie

C of C to hear industrial speaker at Thursday meet

Jim Covell of the public relations department of General Telephone Company will speak to a joint meeting of the Morton Area Chamber of Commerce board of directors and industrial committee on July 7.

The meeting will be held at noon at the Wig Wam Restaurant.

Covell has written survey material on business climates in connection with his work at the phone company.

His work included defining of a business climate and the development of a better business climate.

Listed among the things to be looked for in making an appraisal of the climate Covell included community progressiveness, government, employee relations, people, labor costs, community services and facilities, social, cultural and educational institutions and business citizenship.

Mahon asks new funds to combat boll weevils

U. S. Congressman George Mahon appeared Monday before the Senate Committee on Appropriations to urge the inclusion in a Senate money bill of \$1,000,000 to be used for the purpose of combatting the advance of the boll weevil into the High Plains area.

The President last week sent the \$1 million budget request to Congress for the boll weevil program. Mahon, Chairman of the House Appropriations Committee, had asked the President and the Secretary of Agriculture several weeks ago to approve the request

for the necessary funds. The funds would be available only if matched by a similar sum from area farmers, and High Plains farm groups have made such commitments.

\$200,000 approved

The House of Representatives on May 20, despite the absence of a budget request, approved for the same purpose a sum of \$200,000 in its Agriculture Appropriation bill. If the Senate approves the increase of \$800,000 above the House bill, it will then be sent back to the House for further consideration, explained Mahon who represents Cochran County in Congress.

Actions taking place in Washington are an outgrowth of the discovery last spring that the boll weevil had wintered on the fringes of the High Plains. Farmers became concerned and formed a boll weevil committee to push for action.

Council holds session to direct paving paying

Morton City Council met in regular session Monday and discussed business in connection with the winding up of the paving program.

L. A. Purtell, Municipal Investment Corp. and Cecil Pray, Pioneer Pavers, Inc. met with the group.

A motion was passed directing the City Secretary to endorse any checks held by the City in payment of paving to deliver these together with any cash money to the paving company or their assigns. Also to pay the amount owed by the City on city-owned property and the final amount on

the city's participation in the overall paving program.

These things are to be done after the City Engineers certifies that the contractor has completed his clean up and has agreed on the final quantities as shown by the final statement.

Another motion was passed by the Council to pay Ralph Douglas, city engineer, for his work on the paving project. Douglas had previously been paid \$6,000 and the balance owed to him was \$15,012.71.

Councilmen present were Neal Rose, Kenneth Thompson, Tom Rowden, W. L. Foust and Mayor Dean Weatherly.

Previous plea

Last April, Mahon joined an area farm group, backed by the Plains Cotton Growers, and appeared with them before the House Appropriations Committee to ask support for a cooperative program between farmers and the Department of Agriculture to combat the weevil threat.

In view of the President's supplemental budget request, Mahon said he is optimistic that favorable action will be taken in the Senate and that the funds will be provided in the final version of the bill to be worked out in a House-Senate conference.

Cardinals

In the top of the second R. Carter and Morgan scored two more runs in the White Sox futile attempt to catch up. Bedwell led off the scoring for the Tigers in the third when Jimmy Waters laced a double. Homphill came in on a wild pitch and Waters came across on a hit by Billy Smart. Black then drove in Smart and Tommy Waters with a single. Black ended the scoring following Bedwell's walk. The White Sox tallied a single run in the fourth inning as Torres rapped a double to score Giddens. White Sox scored two more in the fifth as Ford and T. Carter crossed the plate to score. In their half of the fifth the Tigers tallied three runs as Perez came in on a base hit by Hemphill and Bedwell and Hemphill came across on a single by Billy Smart. The Sundown nine managed

Miller scored on a fielder's choice and Weathers was forced in by James Partlow's walk. Bryan was replaced by Ken Taylor, then Partlow scored on an error by the Pirate catcher.

Partlow posted the last Colt score of the game. In the third and fourth inning the Pirates made a sweep to victory. Mike Bryan dashed around the diamond on a single and three base error. Then Ted Thomas and Mike Stevens came in on Dub Bryan's two run single. At the end of the third inning the Pirates boasted eight runs on five hits and a lead of 8-4.

Mike Bryan gained the spotlight in the fourth when he blasted a homer over left field that sent in McClintock, Grusendorf and Thomas scored on Dub Bryan's double and Bryan and Bickett were last to score for the Pirates ending the game with the Pirates 14, Colt 4's 4.

Tom Newton, Jerry Steed and Gerald Baker scored the three runs that meant victory for the Cardinals in the second game of Thursday night's Little League.

Cards pushed a 1-0 lead in the first inning but trailed the Cubs until the fifth inning when the Card trio exploded with three runs to leave the Cards on top 6-5.

Cub pitcher, Ralph Soliz, waged war on the Cards but was unable to stop their push. Soliz struck out 10 Cardinals in the game.

First inning saw the Cards hold off Cub scoring but the Cubs let one run through in their defensive effort. Eddie Garza stole home plate and left the Cards with a 1-0 lead.

Cubs jumped to the lead in the second inning with Danny Woolam into home on an error and Amada Ortega and Don Daniels in on a double by Soliz. Then in the third inning Dewayne Baker came in on Ray Cobb's hit to give the Cubs a good 4-1 lead. Cards remained scoreless in the second and were helpless against Soliz's pitching in the third. Soliz struck out the first three Card batters in the third inning.

Cards tried a stampede in the fourth but left the inning trailing the Cubs 4-3. Jerry Steed and Gerald Baker were in on Tim Bryam's hit. But Card scoring was cut short when Soliz left the mound to bag Eddie Garza's foul.

Cubs failed to score in the fifth and left the Cards a good opportunity to grab the lead. The Card trio, Newton, Steed and Baker, grabbed it and put the Cards in a 6-4 lead position.

Cubs fell short of snatching the game from the Cards but Ray Cobb did cross home plate on Soliz's double finishing the game with Cards winning 6-5.

Thirteen seemed to be the lucky number in Monday night's Little League play. Colts overwhelmed the Cards 13-6 and the Giants crushed the Cubs 13-3.

Colts jumped to a significant 5-0 lead as Rush Coffman, Jackie Miller, Eddie Lewis, Don Weathers and James Partlow scored in the bottom half of the first inning.

Cards tried to close the gap in

the second, but scored only once. Jerry Steed posting that score. Bryant Lewis, in on Eddie Lewis' double, and Eddie Lewis, in on Weather's hit, gave the Colts a 7-1 lead.

Gerald Baker was in on Allen Cogburn's hit, then crossed home plate on a single and three base error for the Cards. Steve Cogburn replaced Card pitcher Jerry Steed in the third inning after Steed walked several Colt batters. Eddie Garza, Steve Newton and Steed came in for the Cards to bring the Card scoreboard up to six. Colts scored only once with James Partlow but emerged in the fourth inning leading 8-6.

Colts exploded five runs in the fifth. Miller was first in and Eddie Lewis was forced in when Cogburn balked. Eddie Garza replaced Cogburn on the mound but Randy Bedwell was in on a wild pitch. Weathers was walked in and James Partlow came in on a single by Jackie Miller.

The second game ended with the Giants victorious over the Cubs by the wide margin of 13-3. Haskell Lamar, Otha Hightower, Jackie Dupler and Ernesto Salis gave the Giants a 4-0 lead in the first inning. Cubs scored their three runs in the bottom half of the first inning. James Hargis, Forest Baker, and Danny Woolam brought the scores closer together than they would be during the remainder of the game. The score was Giants 5, Cubs 3.

The rest of the game belonged to the Giants as far as scoring was concerned. Kevin Kuehler, in on an error, Bob Hobson, who walked in, and Hightower, in on a wild pitch, gave the Giants a 7-3 lead.

Then Kuehler, Lamar and Hobson put the Giants ahead 10-3. Hutcherson, Hobson and Lamar ended the game after making the final score 13-3 in the Giant's favor.

The Sox took their first defeat of the season Tuesday night when they were overpowered by the Pirates 12-3. Colt 4's also edged the Cubs 17-16 in the Little League's Tuesday night doubleheader.

Right away the Pirates jumped to a 3-0 lead while the Sox lagged behind. Dubbie and Mike Bryan began Pirate scoring and Larry McClintock added his run to the scoreboard in the first inning.

Both teams were scoreless in the second inning but each team scored three runs in the third. Mike McCasland, Larry Clawson and Stanley Jones were in for the Sox. Clawson and Jones were in on Mike Balco's hit. Ken Taylor hit a single then stole three bases to post the fourth score for the Pirates. Wendell Bickett was in on Randy McCall's hit and then McCall crossed home plate to leave the score 6-3 at the bottom of the third.

Fourth inning the Pirates doubled their score by pushing in six runs. Gerald Grusendorf and Ted Thomas scored on Taylor's double, then Taylor and Bickett came in on McCall's hit. Mike Stevens double to centerfield brought in McCall, then Stevens was in on Mike Bryan's hit.

Sox weren't given a chance to score in the top of the fifth. The Pirates gave them three outs in a short time. Mike Bryan on short-stop took the ball to second base and ended the game with Pirates 12, Sox 3.

The Cub - Colt game saw the Colts jump to take a 8-5 lead over the Cubs. Colts stayed in the lead position throughout the game but Cubs moved close in the sixth inning.

Ralph Soliz was first to score for the Cubs coming in on Danny Woolam's ground out. Forest Baker knocked in M. C. Sherbet and then Baker and David Daniels slid across the plate on Randy Jones' hit. Jones came in on an error leaving the Cubs with five runs in their half of the first inning.

Colts established a lead when they ran in eight scores. Randy Bedwell, Bryant Lewis and Eddie Lewis walked and loaded the bases, then Bedwell and Bryant Lewis came in on Jackie Miller's hit and Eddie Lewis scored on an error. Joe Partlow and George Prichepp were in on a walk and James Partlow's hit leaving the Colts 8-5 in the lead. Soliz, Danny Woolam and Daniels brought the score to 8-8 in the top half of the second. But Miller, in on Weather's hit, and Weathers, in on Joe Partlow's hit, have the Colts a two point lead.

Salis, Bryant Lewis, Eddie Lewis and Miller scored for the colts pushing a 13-9 lead. Then Weathers scored leaving the Cubs behind 14-9 in the third inning. Ralph So-

liz took M. C. Sherbet's place on the mound for the Cubs in this inning.

Bryant Lewis came home on an error giving the Colts a 15-9 lead but soon the Cubs exploded with five runs leaving the Colts in a weak position. Ronald Arant and Soliz scored on errors while Danny Woolam and Forst Baker crossed plate on Daniels hit. Daniels scored the last Cub run of the inning leaving the Colts ahead by a slim 15-14.

The top half of the sixth inning the Cubs grabbed lead by one run. Dennis Clayton and Danny Woolam put the Cubs in front 16-15. But it was Bryant and Eddie Lewis that snatched the game from the Cubs' grasp in the bottom half of the sixth. These two runs, scored on Miller's hit, let the Colts have a 17-16 victory.

Beauty for the asking

By Inez Swicegood, Beauty Consultant

MERLE NORMAN COSMETICS STUDIO

Sometimes I get the idea that everybody has make-up problems—and I guess everybody does.

Let's take the problem of dark shadows under your eyes. Everybody gets 'em, sometime or other, and most girls just live with them, until they get enough rest to get rid of them. It doesn't take much experimenting to realize that just ordinary powder base won't do the job—although there are some make-up tricks that do help.

What you probably don't know is that dark circles are like shadows and you can get rid of these temporary shadows with highlights. All you have to do is retouch them—and it's pretty simple.

There's a retouch product, as a matter of fact, that's like your make-up base, but lighter in color and a little heavier in texture. (Buy it at least two shades lighter than your regular make-up base.) Your skin absorbs a portion of it and the rest blends in with your base.

Here's how to handle it. Cleanse your face thoroughly with all-purpose cold cream. Apply powder base, but only

up to the area where the "shadows" are. Now apply your retouch pretty heavily and pat it lightly into those little dark depressions with two fingers, until it completely fills in the area you want to cover.

Now, blend it into where you stopped applying base, so there's no ridge or color line. For extra security, dampen a piece of tissue with cold water and pat it over the retouch to set it. Then, lightly, cover the area with make-up base and you're ready to finish your make-up.

For a little extra trick to brighten your eyes, use retouch just near the corner of your eyes and blend into the side of your nose, just at the bridge.

The skillful use of rouge, by the way, draws attention away from those dark under-eye shadows and helps to minimize them.

If this sounds too complex, just write to me, care of this newspaper, or phone me and I'll be delighted to give you personal attention, answer your questions, and give you a free hour of beauty besides.

All of which only proves my point—beauty is for the asking.

Collision causes \$700 in damage to car, pickup

A blue 1962 Ford pickup truck and a 1954 Ford Stationwagon collided on the corner of fifth and Buchanan 10:30 a.m. Monday morning causing approximately \$700 damage to both vehicles.

Reber Pledger, driver of the Ford pickup, was driving from north to south down Buchanan. Mark C. Graham of Lubbock was driving the Hammock Bros. Construction Company car east down fifth street. When the two drivers saw each other, they each tried to turn. A broadside collision was avoided, but the fender and front door of the Ford Stationwagon was damaged and the front glass broken. The Ford pickup's fender and hood was damaged.

The Ford pickup slid 15 feet before it crashed into the stationwagon and the stationwagon slid some 12 feet before meeting the pickup. Patrolman, Burtis Cloud, estimated \$300 damage on the pickup and \$400 damage on the car.

Student of Mortonite reports from Europe

Miss Sasar Birdsong, piano student of Mrs. L. S. McCarty, member of the All America Band now touring Europe writes that concerts are being played to packed houses and with standing ovations.

"Each concert has been a complete success and cheer like I've never heard. The audiences are so appreciative. I have writers cramp from signing autographs during intermission.

"Shops close in Germany at 2 p.m. We have attended some American movies. The hotel where we stayed had no showers or bath tubs. A bath at the bath house costs 75 cents in American money.

"Some of the band members went shopping and found beautiful swim suits for only five dollars, but for some reason," Susan wrote, "they were shaped wrong for them," but she gave no styling detail.

They toured a beautiful castle erected in 1150 A.D. and saw a wine keg with 55,000 gallon capacity. The draw bridge and moat around the castle was no longer being used. The moat was a beautiful flower garden.

"Europe is beautiful and there are so many types of flowers, trees and quaint buildings. There is no zoning like we have in the States and a mansion may be surrounded by shanties.

"Although we have a tight schedule, we have all enjoyed our tour so far and feel sure the remainder of it will be just as enjoyable."

Miss Birdsong concluded. Mrs. W. F. Birdsong, Muleshoe, has appeared in concerts

and recitals in Morton on several occasions. She also plays a wind instrument and it is in this capacity she is appearing with the band on the European tour.

Transfer Betsy Crowder to Houston hospital

Miss Betsy Crowder transferred from Methodist Hospital by ambulance plane to M. D. Anderson in Houston Wednesday. She was accompanied by her parents, Mr. and Mrs. John Crowder.

Betsy, popular young high school student and Methodist youth worker, has been hospitalized in Lubbock for about 10 days for diagnosis and surgical treatment.

Judy Vaughn of Idalou was a guest last weekend in the home of her uncle and aunt, Mr. and Mrs. E. H. Vaughn.

Three local Scouts slate journey

Three Morton boys will leave Tuesday, July 7 to attend the sixth National Boy Scout Jamboree at Valley Forge, Pennsylvania. John St. Clair, Lem Chesshir, Jr. and Charles Ledbetter will begin a three weeks grand tour bright and early at 7:45 a.m.

John and Lem will go to Littlefield troop 60 of the George White District. Charles Ledbetter will make the trip with troop 59 of Long Horn District in Lubbock. But both groups are headed for the same destination. Both will take chartered buses to Valley Forge, Penn.

The boys will pass through Plainview, Dumas, famous old Dodge City, Kansas, Salinas, Kansas, and then to the basebal town of Kansas City, Missouri. After passing through Moberly, Missouri the boys will arrive in Hannibal, Missouri on July 9 for tour of the Mark Twain Cave nearby.

In Springfield, Illinois the boys will not pass up the opportunity of visiting the Lincoln tomb in this immortal land of Lincoln. The first important stop in Indiana will be in the city of Gary where a tour will be conducted through a steel mill and through Dumes State Park. In Ann Arbor, Michigan the group will visit the University of Michigan and possibly tour the Ford plant of this industrial city.

From Greenfield Village, Michigan the scouts will cross the in-

ternational border into Canada. First stop will be Hamilton in Ontario province, Sunday, July 12 the boys will attend church services near Niagara Falls in New York.

Three exciting days will be spent in New York City. The group will check in at the Shelton Towers Hotel on July 13. They will probably spend a lot of time at the New York World's Fair and will take a ferry around Manhattan Island.

July 16 the group will leave New York and travel to Valley Forge, Penn. They will camp on this historic field for a week. Here, they will enjoy the National Boy Scout Jamboree along with 48 thousand

others. During this time the boys will camp out in tents and cook their own food. Organization is such that each troop will receive only enough food to meet its needs. The one week period is packed with all kinds of activities. Rifle range, archery, and skills exhibits are only a few of the things the boys will experience. Top show business performers will stage large programs for the boys. The one week camp will begin with a large camp in which all the boys participate. Another joint camp will be in the middle of the week and then the Jamboree will end with a third camp.

The trip back home will be as valuable as the trip on the way to the National Jamboree. A stop in Washington D.C. will be an adventure in which the boys will eat with the President if it can be arranged. The group will leave July 24 for New Market, Virginia then to Endless Caverns, and Roanoke, Virginia, Rogersville, and Nashville, Tennessee are on the list of towns to be visited. Near Memphis a tour will be conducted through Stewart A.F.B. and on July 26, they will eat at the Mark Twain Cafeteria in Memphis, Tenn. In Texarkana, they will tour the Red River Army Depot. They should arrive in Lubbock at 6:30 p.m. on July 27.

Miss King is wed to Houston

Virginia Kay King and Richard Houston exchanged wedding vows in an afternoon ceremony in the Whiteface Church. Jackie Pape, minister, officiated for the double ring rites. The couple are Mr. King, John C. (Ted) King, 1, and Mr. and Mrs. Pegues.

Additional bridal music was provided by a chorus composed of Diane Fields, Linda Jen-Sandra Peden and Mickey Sisk, with Mrs. Bill Carr. Dressed in pastel pink and they sang, "I Love You, Love's Old Sweet Song", "Whither Thou Goest".

The ceremony was lighted by Bill Bee and Miss Stacy Gainer, also served as ushers.

Jan Baggett of Plains, the bride, was maid of honor. She and Miss Gainer wore of pink lace and satin fascimilary to that of the bride. Their headpieces were pink topped with pink satin roses, carried nosegays of French-lily and white carnations.

Houston was his brother's man.

The bride wore a gown of Chantilly lace and satin. The lace bodice featured a scalloped neckline and a "V" at the waistline. The long, but-

Mrs. Richard Houston

toned lace sleeves ended in petal points. The bell shaped skirt of illusion covered satin was floor length. Her veil of illusion cascaded in three tiers from a crown of pearls. She carried a bridal bouquet of French white carnations centered with white cymbidium orchid.

For the traditional "Something old, new, borrowed and blue" she

wore a triple strand of old pearls, borrowed from her sister, Mrs. H. B. Baggett, Plains; her gown was new and she wore a blue garter.

Following the ceremony a reception was held in the Whiteface Elementary Auditorium. The couple will be at home in Morton after a wedding trip to Granite Shoals.

Mrs. Houston is a 1964 graduate of Whiteface High School. Her husband graduated from Morton High School and Texas Tech.

Mrs. Kennedy reviews book for library group

"Life With Women and How to Survive It" by Dr. Joseph P. Peck, was reviewed by Mrs. Keith Kennedy Monday night for a meeting of Friends of the Library.

Mrs. Hessie B. Spotts, Cochran County Librarian, hosted the meeting in the library. Mrs. Don Samford presided for the business and introduced the reviewer.

A round table discussion of library facilities, equipment and cataloging by decimal system was held. Johnny Johnson was asked to contact various foundations as to the possibility of a grant for

enlarging the present one or building a new library.

Mrs. Johnson volunteered to assist with book cataloging.

As a step forward in modernizing and bringing the library up-to-date it was decided to purchase card filing equipment. The new system will file nearly 8000 volumes for ready and easy reference.

It was reported there are now 206 members of Friends of the Library.

The next meeting will be held August 31 with hour and place to be announced later.

Pickpocket meets billfold of Brown

"Anything can happen and usually does on a vacation," Mr. and Mrs. Tom Brown said in relating experiences of a six weeks tour. They told of Brown getting his billfold lifted from his pocket the day they made the trip to the Statue of Liberty in New York. "One pick-pocket was foiled, as I only had a 10 dollar bill in that purse," Brown said. Mrs. Brown not only does all the driving but serves as a safety depository for our traveling funds and traveler's checks.

The Browns returned Monday and were very happy to be home. She said, "I wouldn't take any-

thing for the trip but I wouldn't take it again for a thousand dollars."

While in North Dakota Brown observed his seventh-fifth birthday. North Dakota also was celebrating a seventy-fifth anniversary and Brown brought back a commemorative half dollar of the joint celebration.

They spent two weeks sight-seeing in New York and New Jersey. They enjoyed several boat trips, including a very interesting one around Manhattan Island. Mrs. Brown said she waded in the Atlantic Ocean but never did summons courage to don a bathing

suit. "However," she said, "It wouldn't have been any pleasure as the sand flies were terrible."

While away they visited in 18 states including Washington D.C., went to Niagara Falls and made a trip to Winnipeg, Canada. Enroute home they stopped at Rock City, Tenn., which both described as fabulous and a real treat. They saw the five Great Lakes.

Sunday they were guests in Texarkana of a granddaughter, Mrs. Charles Smith and family. Leaving there early Monday they drove in home Monday night.

Former resident undergoes surgery

Byron Howell, son of Mr. and Mrs. Ed Howell, former residents of Morton, has been in Scottish Rite Hospital for Crippled Children, Dallas, where he received surgery on his left foot. He entered the hospital June 9.
Byron now 10 underwent surgery at age of seven in Lubbock to encourage circulation in his left leg. Surgical treatment was made necessary by an attack of polio the child suffered at the age of 13 months.

Three stages of surgery was done during the one operation to repair damages to the foot. Byron will wear a cast for several weeks.
The Howell family moved from here to Frankstone about two years ago.

Cochran riders place second in Lamesa parade

Cochran County 4-H Saddle Club won a second place trophy in the Junior Club division riding in the parade and Grand Entry at Lamesa June 18.

Local sponsors of the Saddle Club are: Luper Tire and Supply, Morton Drug, Forrest Lumber Co., McMaster Tractor, Baker Feed and Seed, Farm Equipment Co., G and C Gin, Piggly-Wiggly, Doss Thriftway and Flash-O-Gas.

Beseda Grain Co., and Long S Gin, Whiteface sponsors. Members of the saddle club expressed appreciation to these firms and others in Levelland, Sundown and Littlefield for their support and cooperation.

Saddle Club buys harnesses, chaps

Horse and Pony Club, better known as the Cochran County 4-H Saddle Club has been quite active. The club has purchased a total of 22 sets of breast harness, and same number of chaps. Western straw hats, with shirts and riding breeches complete the uniform. The breast harness has the 4-H emblem in green letters with Cochran County placed on the front. The white shirts are trimmed in green with 4-H patch on left sleeve.

During the month of June there were four training and participating assemblies held either at Whiteface, Texas or the Henderson farm. A total of 114 leaders and club members participated in the four meetings. On June 18, 23 Club members and leaders rode in the parade at Lamesa and placed second in the junior division.

Roller Coaster Spirit

There are days when we feel on top of the world. Everybody loves us and shows it. Nice things are done for us. Sunshine and happiness drenches everything.

And then there are other days — when we're blue; people are busy. We're alone. We're afraid.

It might as well be raining. Nobody knows the trouble we're in.

Needed is a little self-discipline, not a lot of self-pity. We must learn to face the fact that life is not always a flowery bed of ease, and pleasure.

Children dodge hard places, responsibility, and painful experiences.

A mature person stands on his own two feet under God.

Time, insight, and the grace of God can remove mountains — and take away that roller coaster spirit.

Begin the road to spiritual maturity by attending church this week.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

CITATION BY PUBLICATION THE STATE OF TEXAS

TO: TOM WILSON CHAPMAN, Defendant, Greeting:
YOU ARE HEREBY COMMANDED to appear before the Honorable District Court of Cochran County at the Courthouse thereof, in Morton, Texas, by filing a written answer at or before 10 o'clock A.M. on the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 3rd day of August, A. D. 1964, to Plaintiff's Petition filed in said court, on the 10th day of June, A. D. 1964, in this cause, numbered 1521 on the docket of said court and styled *Alene Chapman, Plaintiff, vs. Tom Wilson Chapman, Defendant.*

A brief statement of the nature of this suit is as follows, to-wit: Suit for divorce, and restoration of former name, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand the seal of said court at Morton, Cochran County, Texas, this 10th day of June, A.D. 1964.

(SEAL)
Attest: Lesseye Silvers, Clerk, District Court, Cochran County, Texas
By Linda McLain, Deputy.
Published in Morton Tribune June 25, July 2, 9, 16.

NOTICE TO BIDDERS

Sealed proposals addressed to the Commissioners Court, Morton, Cochran County, Texas, for the repair of certain Roads by the application of a single sealcoat, double seal on edges and portions patched, as shown on the plans, will be received in the Office of

the County Judge, County Courthouse, Morton, Texas, until 10:00 o'clock A.M., Central Standard Time, July 10th, 1964, at which time and place they will be publicly opened and read aloud.

Prices in the proposal shall be made on the basis of unit measurement for each of the items of the proposal. The approximate quantities are as follows: Sealcoat 149,000 S. Y.; Double Asphalt Surface 30,000 S. Y.; Patching 30 Tons.

Bidders must submit a cashier's check issued by a Bank satisfactory to the owner, or a bidders bond from a reliable Surety Company authorized to do business in the State of Texas, payable without recourse to the County of Cochran in an amount not less than five (5%) percent of the largest possible bid submitted, as a guarantee that the successful bidder will enter into a contract and execute bond and guaranty in the forms provided, within ten (10) days after written notice of award to him. Bids without the required check or bond will not be considered.

The successful bidder must furnish a performance and a payment bond on the attached forms in the amount of one hundred (100) percent of the total contract price from a Surety Company holding a permit from the State of Texas to act as Surety, or other Surety or sureties acceptable to the Owner. The County reserves the right to accept or reject any/all bids, to waive formalities, and to accept the bid which seems most advantageous to the County's interest.

Bidders are expected to inspect the site of the work and to inform themselves regarding all local conditions. Attention is called to the provisions of the Acts of the 53rd and 44th Legislatures of the State of Texas covering the wage scale and payment of prevailing wages as established by the Owner, and all Federal Wage and Hour Legislation if such is applicable.

Information for Bidders, plans and specifications are on file in the Office of the County Judge, Cochran County, at Morton, Texas, and are open for public inspection. A set of such documents may be obtained from Douglas Engineering Company, 108 E. 4th Street, P. O. Box 832, Littlefield, Texas.

The Bidders attention is called to the fact that he will be paid in cash approximately ten (10) days after completion and acceptance by the Owner.

Included in the Special Project Specifications is a condition whereby the contract may be added to or deleted from without affecting the prices bid.

No bid may be withdrawn after the scheduled closing date for the

receiving of bids, until at least thirty (30) days have elapsed.

Wedding plans are announced

Mr. and Mrs. Earl W. May, Route 3 Levelland, have announced the engagement and approaching marriage of their daughter, Sandra Elaine, to James N. Clayton, son of Mr. and Mrs. Jack Clayton, Bovina.

The wedding will be held August 7 in Fairview Baptist Church, Levelland.

Miss May is a graduate of the Whiteface High School and South Plains Junior College. Her fiancé graduated from Bovina High School and attended SPJC.

Mr. and Mrs. Denton Thompson and children, Phil and Suzy, Fresno, Calif., and his brother, Wallace Thompson, San Diego, visited here last Sunday. Denton conducted the morning services at Second and Taylor Street Church of Christ, he formerly was minister of the church. His brother also is a Church of Christ minister. The visitors were dinner guests in the home of Mr. and Mrs. Dexter Nebhut. Other guests in the Nebhut home were Mr. and Mrs. Pete Todd and daughters, also former residents, now living in Levelland and Mr. and Mrs. Paul Powell,

Miss Ramsey installed as district FHA officer

Peggy Ramsey, treasurer of the Bi-County Future Homemakers of America Club, reported Monday that the bi-county F.H.A. Club held a workshop June 23 at Levelland. The main objectives of the workshop was to develop understanding of values and objectives, and to plan and discuss programs and new projects for the coming year.

Installation of new officers was also a part of this June 23 meeting. Linda Lynch was outgoing Historian while Peggy Ramsey was incoming Treasurer for the bi-county organization.

The Morton local F.H.A. club has also been busy. The group has elected the new officers for

the 1964-65 year. President of the club will be Peggy Ramsey. First vice president is Wanda Smith, second vice president is Linda Blackstock, third vice president is Margaret Hansen, fourth is Bennie Smith, and fifth is Nora Davis. The treasurer is Juanice Skaggs. Secretary is Sharon Clayton. Historian is Claudette Lewis and Parliamentarian is Darla Turney.

The local chapter has chosen "Launching Good Citizenship Through Homemaking" as their overall theme for this year. Peggy Ramsey reported that a great variety of interesting and exciting projects have been planned to carry out the theme.

Morton residents to family reunion

Mortonites attending a Wedgeworth family reunion June 20-21 at Ft. Belknap were: Mr. and Mrs. W. E. Childs, Mr. and Mrs. Herman Bedwell and children, Rita Kay, Randy and Ronny and Mrs. W. L. Miller.

The Bedwell family and Mr. and Mrs. Childs returned by way of Lake Kemp for a week's stay. On Thursday they were joined for the day by Mr. and Mrs. Melvin Childs, Lubbock.

Mr. and Mrs. Weldon Avery and children, Dennis and Diane, were their guests at the lake from Friday through Sunday.

Dr. and Mrs. W. B. McSpadden were in Merkel June 21, where they helped other members of the family in hosting a sixtieth wedding anniversary observance for her grandparents, Mr. and Mrs. W. S. Allred. Over 200 guests called during the receiving hours. The honored couple are 86 and 81 respectively, still live alone and look after themselves. Guests came from Lubbock, Dallas, Plainview, McKinney and other distant points.

Fair described by Morton lady

Mrs. Sammie Williams, Mrs. Harold Arant, and Mrs. Roy Hill have recently returned from a Federated Club Convention in Atlantic City, N. J. They spent a few days in New York and of course spent most of their time at the World's Fair. The following is a report written by Mrs. Roy Hill on the group's activities.

The Roadrunner Bus left Austin, Texas May 31 with thirty-five people aboard. It arrived in New York on June 4.

When we checked in the Dixie Hotel on Times Square each person was on his own. We three from Morton with several others spent June 6 and 7 at the Fair.

The Flushing line subway was less than three blocks from our hotel so we took the subway and was at the fair grounds in less than twenty minutes.

At the main gate we paid our \$2.00 admission. We were immediately overcome by the fact that the fair is constantly in motion. The Swiss cable car and Helicopters were overhead and escorts, buses, miniature trains all around.

But we, like many others, made our way on the walkways which were not crowded even though hundreds of people entered each

day. The first thing we saw was the Unisphere revolving on its axis. Nearby were many beautiful fountains and pools.

The Billy Graham pavilion located 101 steps from the gate was our first stop. Here we saw a 34 minute film "Man in the Fifth Dimension," narrated by Dr. Graham and presented in seven languages. The picture portrayed man's life with its beginning as a clear spring from the ground, yet man chose not to run as a clear, calm river but rather took a course that plunged him down from the sunny heights, over water falls, rapids and muddy rivers, racing between rugged cliffs.

Dr. Graham quoted Winston Churchill when he said "Man has improved himself every way except morally." He closed with the statement "Some day the answer will be known but then we will be in another dimension".

Our next stop was the Pepsi-Cola pavilion which was designed mainly for children, but there were more adults there than children.

We boarded the boats that took us on a round the world cruise with little Walt Disney people and characters of every nation dance-

ing, singing and playing instruments.

The General Motors 17 minute ride in a seat individually equipped with a loudspeaker, showed an underwater resort hotel, a massive jungle clearing and road building operation, a desert area made fertile a dream city of tall towers and spires of moving sidewalks and automated highways.

In the IBM building one takes a seat on the "people wall" and is lifted to a height of 90 feet where he sees entertaining explanation of the new new world that computer technology is bringing into existence.

We visited the clairal pavilion and had a free beauty consultation.

At the Parker Pen exhibit we found a pen pal by using a computer. When we hear from our pals we would like to share them with you.

At the pavilion of Science and Religion we saw the movie "God of Creation" which expressed the idea that there is no conflict between religion and science.

At the Vatican pavilion, we only had time to view the unsurpassed work of art the Pieta by Michelangelo. It was set in blue velvet

and we felt this was an opportunity of a life time.

The carousel of Progress, by General Electric, took us from the time of sad irons and kitchen pumps to the present day on several Disney-animated stages.

Each stage was set up with wax figures of people, cats, dogs each speaking his own language with natural gestures. Each time we progressed the figures sang "It's a great big beautiful world."

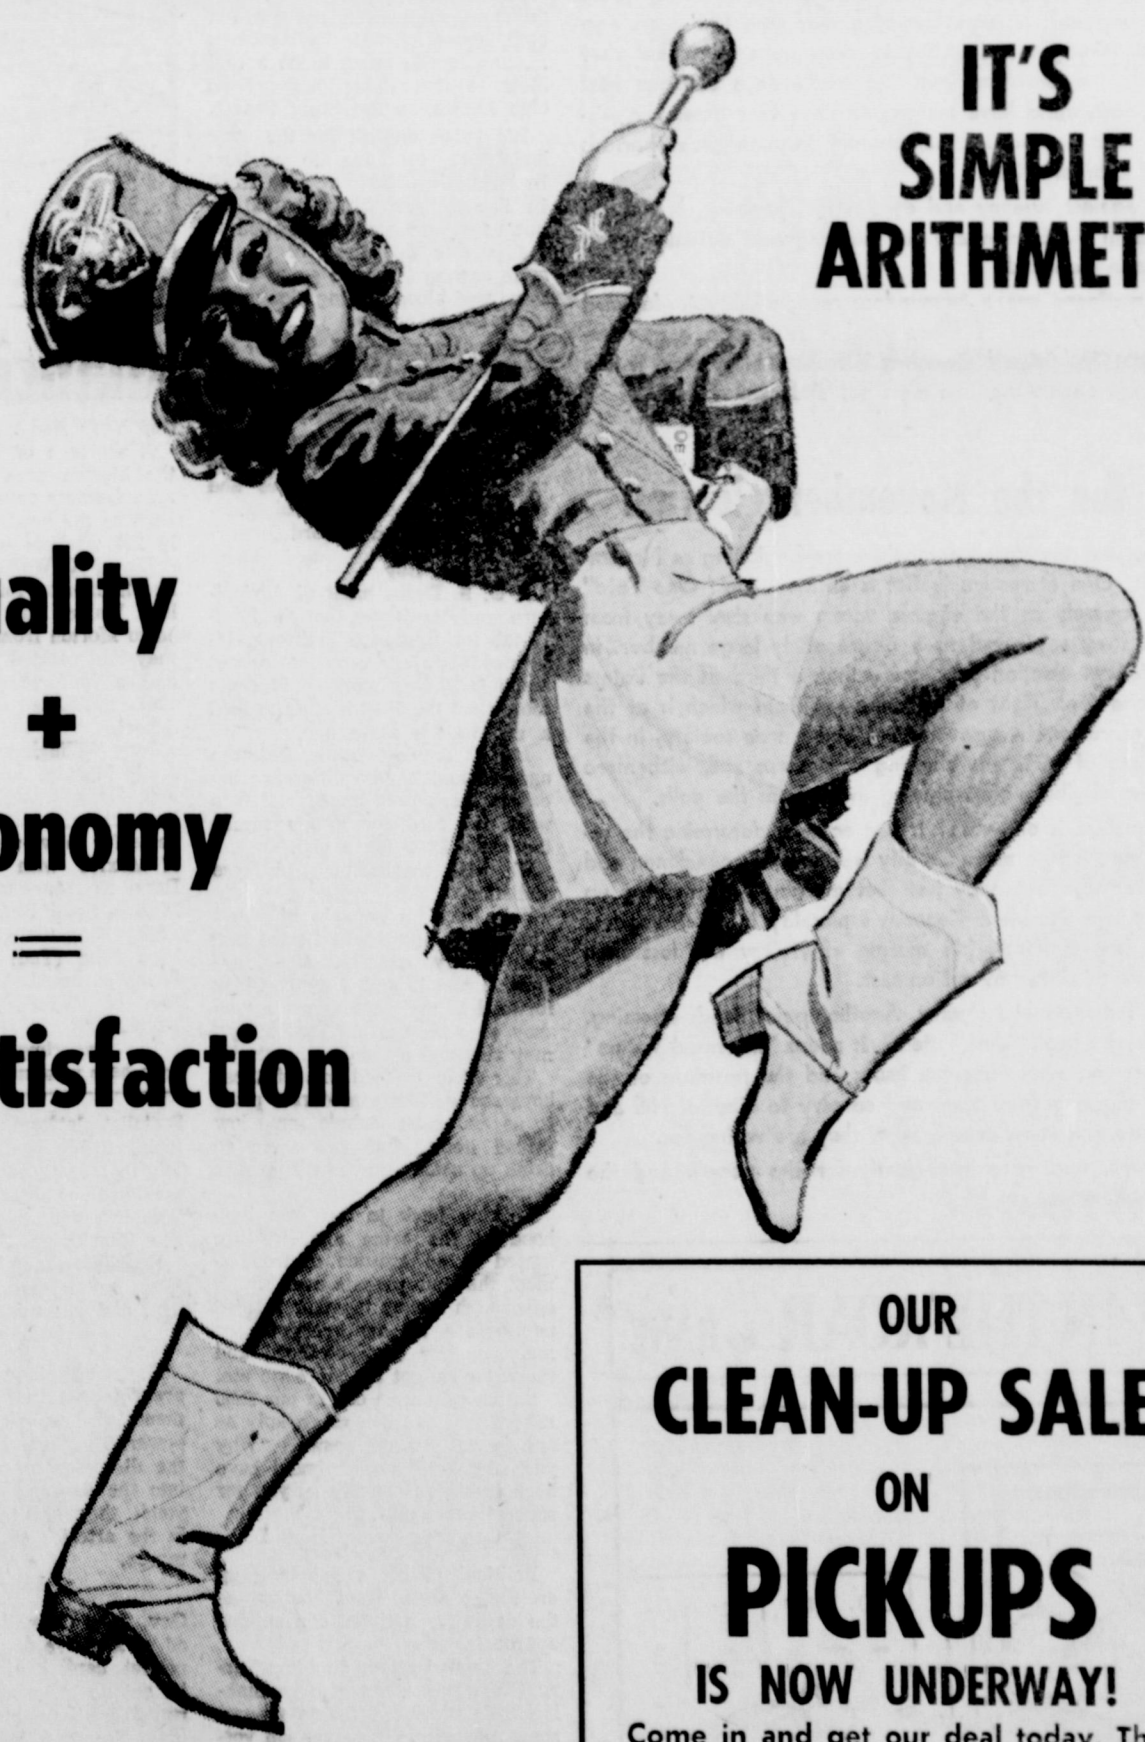

In our opinion the show "To Broadway with Love" staged in the music hall at the Texas pavilion was the best of the world's fair entertainment.

It was staged on the largest indoor stage at the fair (184 feet wide), with a cast of 200 and with more than \$500,000 worth of costumes. The show is a swift, sentimental journey into the songs, dances and moods of other days, a generous anthology of a century's hit tunes. This 90 minute show is truly a tribute to 100 years of Broadway musicals. There are three performances daily. If you go the fair, be sure you see "To Broadway with Love".

Mrs. Elwood Harris, daughter, Patsy and Barbara Kennedy are vacationing at Cuchara, Colo. They were joined for the holiday by Mrs. Joe Bob Nunnally and family of Lubbock. Mrs. Nunnally and Mrs. Harris are sisters.

If you play to win, you need everything going for you. Like winning the big profit on this year's crop is going to depend on your young plants having the nitrogen they need to deliver their maximum yield. A side dress of Shamrock's Nitromite is a smart way to guarantee that nitrogen. It's 82.2% nitrogen in the form that's ready to go to work. Independence Day revisited

Saturday is the Fourth of July — Independence Day in the United States. On this day 188 years ago the words America and American took on an altogether new meaning in this country and throughout the world.

On this date many years ago the world sat up and took notice of a newborn nation that had dared to rise up and throw off the chains of tyranny and domination by a foreign power. The eyes of the world have remained on the United States ever since.

From the meager beginning in colonial days our nation has risen to take over the reins of leadership in the free world along with the other free world powers.

The Constitution of the United States has remained intact to cope with the problems of our country throughout the many years since it was composed. It seems amazing that men 188 years ago could have the foresight and ability to draw up a document that could withstand the problems and the tremendous changes that the nation and our world have undergone since that time. The wisdom of those men has carried our country through great periods of external and internal strife.

The war against tyranny and domination, however, is still not won. Today as in 1776 men are still plotting and actually ruling the lives of men in the world.

Living Americans owe a tremendous responsibility to forward the fight for freedom just as those men in 1776 who began the fight in America. The price of freedom is responsibility. And it is a responsibility that each American must not and cannot shirk.

Prepare for the November election

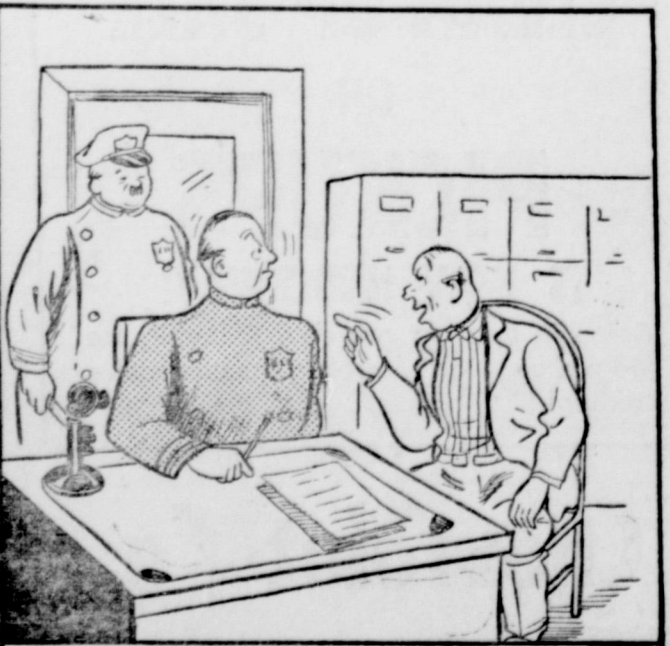

The "Get Out the Vote" campaigns are beginning as November approaches. One attractive leaflet is entitled "Just One Vote" and is aimed squarely at the eligible voters who stay away from the polls. And they amounted to a disgracefully large number. In 1960, a presidential election year, more than a third of the voters failed to exercise their right of franchise—a right which is at the very heart of representative government and a free society. In the off-year elections of 1962 the showing was worse still, with more than half of the eligible voters staying away from the polls.

How important is one vote? It can actually determine the result. In recent elections, a mayor, a city treasurer, a councilman and a state legislator won office by just that margin. And, moving up the ladder, the late President Kennedy's plurality in 1960 was less than one vote per precinct. His margin of victory was less than 120,000 votes out of almost 69 million cast.

So much for facts and figures. Another point needs stressing. The country doesn't need "Just Voters". It needs "Informed Voters"—men and women who study the issues and the positions of the candidates, all the way from town and country to Capitol Hill and the White House and know exactly what they are voting for.

So — vote, and vote intelligently for the people and the principles you believe in.

LIFE IN THE ROAR by KANE

"NOW THEN, LET'S TALK ABOUT YOU."

IT NEVER FAILS

VIEWS . . . of other editors

A new Supreme Court ruling on apportionment of legislative representation according to population increases the pressure on the Texas Legislature to do something about its own unbalanced make-up without much further delay.

The Legislature is already under federal court order to re-apportion the state's congressional districts before another election year rolls around . . . and unless it takes appropriate action, it's a dead certainty that all Texas congressmen will be running "at-large" two years from now. This has already happened in other states where legislative heel-dragging went on too long.

But the latest Supreme Court ruling extends the equal-representation requirement to not one, but both, houses of state legislatures . . . and this is going to be a real blow to that tight little private club known as the State Senate.

It's tough enough for the state legislature to have to re-draw its legislative districts to get them in line with shifting population; but when the order is applied to the private bailiwicks of the 31 state senators, there's going to be some real blood flowing along with the tears in Austin.

Still, when one State Senator represents one and a quarter million voters (as does Senator Criss Cole of Houston) and another represents fewer than 150,000 (as does Senator Louis Crump of San Saba) then there are obvious inequities and the system needs over-hauling.

Canadian Record

To Feed A Boy
A U. S. Department of Agriculture study estimates that the family tab for feeding a 13-through-15-year-old boy on a moderate cost menu is \$9.70 a week — 90 cents more than the \$8.80 it costs to feed a girl of the same age.

Later in the teens, between ages 16 and 19, the difference becomes more pronounced: \$11.40 a week for food for a boy versus the same \$8.80 for a girl.

We wish we hadn't read these statistics.

We have a couple of boys around the house who fit the pattern pretty exactly. Ours are ages 11 and 13 and if we can look forward to their eating more than they do now, the old food budget may not hold up under the strain.

This \$9.70 to feed one of these boys sounds like a moderate price to us and must include some low priced items. Our two seem to drink up nearly that much in milk alone.

Looking back to our own boyhood at the same age, we are forced to an attitude of wonderment that our parents ever scrapped enough money together to feed us because we ate every bit as much as our boys do now, and the older we got the more we ate.

So the next time one of our sons asks if two can live as cheaply as one we will have to answer: "Why yes, son. Your mother and I have been living as cheaply as you for several years now."

Political clouds are boiling up on the horizon. They blacken as the dates for national conventions approach.

The belated attempt to stop Barry Goldwater appears to be making little headway. Latest reports show him with 677 convention votes while only 655 are needed for the nomination.

This doesn't mean Goldwater has a cinch. It will be interesting to see to what lengths the politicians will go to deny the American people a clear cut choice between the liberal represented by President Johnson and the conservative represented by the Arizona senator.

Not since the 1930's have the people of this country had a choice such as this in electing their President.

Safe Texas holiday is urged

AUSTIN, Tex. — Traffic accidents will kill 32 persons in Texas over the three-day July 4 weekend, if Texas Department of Public Safety estimates prove correct. DPS Director Homer Garrison Jr. urges Texans to make the July 4 holiday weekend the turning point away from a two-year upward trend in fatal traffic accidents.

Garrison describes the present traffic situation as "critical."

"Operation Motorcide" will be in effect from 12:01 a.m. on July 3 through Sunday, July 5, he announced. "In an effort to focus public attention on added hazards of holiday road traffic and to encourage safety consciousness among drivers."

Additional highway patrolmen from the license and weight and motor vehicle inspection services will supplement the regular patrol staff over the holiday period.

NEW AUTO INSURANCE—Texas automobile owners will pay less for auto insurance beginning August 1.

State Insurance Board and industry spokesmen agreed on the new rates, which will average out 1.2 per cent cheaper statewide than last year.

Board estimated motorists will save \$3,000,000 in premiums compared with 1963. However, rates will vary from area to area.

Liability insurance rates reflect a statewide increase of 3.8 per cent, and medical payment coverage will increase about 8.7 per cent. Collision coverage will be reduced .5 per cent.

Overall reduction in rates is due primarily to a 15.5 per cent cut in comprehensive coverage due to low wind and hail storm damages last year.

LAWMAKERS FACE TOUGH JOB — An already "tough" job faced by Texas lawmakers in the 59th Legislature will be complicated even more by "issues of high emotional content," Lt. Gov. Preston Smith feels.

These issues, according to the lieutenant governor, include: proposals to legalize parimutuel betting on horse races, sale of liquor by the drink in eating establishments, control of oyster shell dredging on the Gulf Coast, an oil and gas "pooling" bill further controls on water pollution, repeal of the poll tax and another proposed constitutional amendment to guarantee equal rights to women in property and business management.

"The Legislature will need a combination of many virtues if it disposes of all the important and controversial legislation laid before it," Lt. Gov. Smith told approximately 250 mayors and councilmen gathered in the capital city for an institute on municipal problems.

Three major "musts" confront the Legislature next year, Smith said. These include: deciding the future course of higher education, financing education and "other vital state functions," and congressional and legislative redistricting.

Legislators are busy with maps and population tables, trying to see how the new court rules on legislative apportionment affect them. One plan in general circulation involves the Texas Senate. It envisions slicing up the four big-city counties of Harris, Dallas, Bexar and Tarrant and attaching the slices to present senatorial districts which would give.

This plan would give all present senators except two a chance for re-election, if they can get the votes in the portions of the big cities assigned them.

EDUCATION STUDY GROUP—Gov. John Connally got a lot of tentative recommendations of his Committee on Education Beyond the High School. But disagreements over financial details prevented the report from being a final one.

Committee members will meet again on July 13-14 to finish the job. Chairman H. B. Zachry promised the report will be presented to the Governor and Legislature by the August 31 deadline.

Lawmakers of the 58th Legislature appropriated \$175,000 for the study aimed at pointing the way to number 1 ranking for Texas colleges and universities. Less than half that amount has been spent to date.

INDIAN SETTLEMENT OUT — Cherokee Indians, run out of East Texas in 1839 by a Republic of Texas army, have failed in an attempt to "recapture" claims to lands they were forced to leave. Atty. Gen. Waggoner Carr gave the "no" sign to a proposed settlement of their claim to 2,500,000 acres of land in Smith, Cherokee, Van Zandt, Gregg and Rusk counties.

Cherokee Indian Nation, through general counsel, Earl Boyd Pierce, several months ago proposed that Governor Connally set up a historical fact-finding commission to review the claims.

For each acre of land the commission might find the Indians were unjustly ousted from, Pierce recommended one dollar be allocated by the state to a trust fund for higher education of worthy Cherokees. This money would draw five per cent interest annually, and

PARDON, MY ERROR!

JIM, I OBSERVE THAT IN TELLING ABOUT THAT FISH YOU CAUGHT, YOU VARY THE SIZE OF IT FOR DIFFERENT LISTENERS!

YEAH—I NEVER TELL A MAN MORE THAN I THINK HE'LL BELIEVE!

At the end of 25 years, the Cherokees would return the corpus of the fund to the state, releasing all claims.

Atty. Gen. Carr concluded: the plan of settlement would require an unconstitutional appropriation by the Legislature, therefore neither he nor the Governor is authorized to pursue it.

FUNDS ASKED — Officials of the Attorney General Department have asked for more funds to prosecute cases involving slant-hole oil wells and Billie Sol Estes.

They reason that judgments already awarded in the suits have brought the state \$377,000, or \$3 for each \$1 spent.

In 1963 the Legislature provided \$82,000 to handle these suits in fiscal 1964 and 1965. Now, the department wants \$100,000 for 1966 and 1967.

6 HILL-BURTON REQUESTS — Texas cities which have requested a total of \$22,000,000 worth of Hill-Burton funds to finance community hospitals and health centers will have to wait until September for any action from the State Health Department. Even then some of them will be turned down.

Health Department won't decide which among the 39 projects to recommend until congressional action on renewal of the act is complete in September.

Hill-Burton allocation for Texas in past years has run just over \$13,000,000 for a year. Health department officials do not think it will be any more this year.

SHORT SHORTS — Parks and Wildlife Department will open bids on July 1 for concession rights on the new Port Lavaca fishing pier.

Program for tracing brucellosis and qualifying for certification by backtagging is picking up, with 8,500 cows and culs backtagged in May plus the testing of 22,166 cattle at livestock markets, but current estimates are that Texas won't qualify for Modified Certified status until 1969 or 1970.

Fourteen cases of undulant fever have been reported to the State Health Department this year, compared to seven cases reported by this time last year.
