## Bids on improvements opened

Councilmen Monday opened bids for the proposed water and gas improvement project.

The bids were opened at the meeting, Mayor Dean announced to the council and manufacturers representatives present.

Plains Utility's bid was \$37,506.58 for installation of a concrete storage tank with new booster pump and chlorinators; \$37,821.77 for a steel tank with new equipment; \$37,029.08 for a new concrete tank and to remodel other equipment; and \$37,344.27 for a steel tank and remodeling other equipment.

Plains bid for the distribution system was \$110,683.65; for two water wells, \$21,577.46, and the sewer system, \$19,962.98. Their entry for the gas system was \$46,677.38.

Brodie's bid was \$43,057 for the new concrete tank and equipment; \$43,408 for a steel tank; \$40,857 for the concrete tank and remodeled accessories, and \$41,208 for steel tank and remodeling.

Brodie bid \$112,007.84 for the distribution system; \$22,028 for the water wells; \$20,633 for the sewer improvements and \$50,855 for the gas system.

Hemphill did not bid on the new concrete or steel storage tank with remodeled equipment, but the company bids were:

\$37,375.85 for new concrete tank and equipment; \$35,485.85 for the steel tank; \$122,609.40 for water distribution system; \$22,207 for the water wells; \$19,090.30 for the sewer improvements and \$48,731.40 for the gas system.

Hodgson's bids were \$44,760 for concrete tank; \$47,170 for steel tank; \$44,200 for concrete tank and remodeling and \$46,550 for steel tank and remodeling.

Other bids from Hodgson were \$122,278.05 for water distribution system; \$22,960 for the water wells, \$21,109.38 for sewer and \$55,933.40 for gas.

Panhandle Construction Co., Lubbock, entered a bid for the job, minus the water well work. Bryant Brothers of Hereford bid on the gas system job, Ramsey-Enix of Amarillo bid the water distribution system and Irrigation Well Service, Lubbock, bid for the water wells.

The chamber met with Douglas at 5 p.m. Wednesday to go over the specifications and bids, but the contract is not to be awarded until the next meeting, Oct. 26.

The council approved payment of bills totaling \$16,246.26, as their regular session got underway.

Councilman Neal Rose pointed out that the bill is in line with that of last year except for an item of \$10,732.34 from Browning-Ferris Machinery Co., for the new street sweeper.

Other bills included \$1,047.41 to Cochran Power and Light and \$96.31 to two cafes for food for city prisoners.

The council also approved a report by Rose and Councilman Tom Rowden concerning the installation of 36 additional street lights.

Rose said the lights include three which are 20,000 luminaries of See BIDS, Page 8

## Lightning bolt severs power supply line here

A bolt of lightning knocked out electrical power to a large portion of Morton Saturday night and early Sunday, tied up traffic and put police department communications on battery powered sets.

The bolt, part of a freak electrical storm, which brought a trace of rain, struck a 4,160 volt primary line behind the Steak House on the southeast corner of the square and knocked the wire down for about three blocks.

Electrical power to the southern portion of Morton was off for nearly three hours before crews from Cochran Power and Light were able to restore service.

The hot wire stretched across Main, blocking traffic at that point. Current to the court house

was knocked out, putting police communications on a "walkie-talkie" basis.

No fire or extensive damage resulted from the mishap.

## Indians' journey to Slaton to tackle the Tigers

The grid conference wars start as the Indians journey to Slaton to take on the Tigers at 7:30 p.m. Friday.

The Indians go into the 4-AA battle with a win skein of five straight against one loss.

The Tigers have four straight wins, including an upset over Lockney, 12-7, last week. They have two losses.

While the Indians are favored to win the contest, scouting reports indicate the Slaton squad could turn the game into a rout.

"They've got some real good boys," Coach Fred Weaver, now on the Indian staff, but last year a Slaton coach, said.

He pointed out Johnny Hennington, a 145-pound senior back who is a real speedster.

"He did the 100 in 10.6 consistently last year and time out at 10.4 once," Coach Weaver added.

Also pointed out was Larry Smith, a 140-pound junior end.

"Smith is the toughest boy on the line — he also has good hands and can catch the ball," Coach Weaver said.

Billy Gass, 155, a senior, is quarterback of the Slaton team. Other backfield men are Sparky Stephens, a 170-pound senior and Oscar Henderson, a 160-pound junior.

On the line are Steve Harlan, 145, a sophomore at left end; Mike K. Hunter, 174, a senior, at left tackle; Larry Bownds, 145, a junior, at left guard and Doug Williams, a 195-pound junior at center.

On the right side are Mike Ball, 171, a senior at guard, Leonard Hurst, 183, a senior at tackle and Smith at end.

Coach J. P. Jones reported that all Indian men are in good shape for the game, with the exception

## Light floats entered in parade

Light floats have been entered in the Homecoming Parade, around the Courthouse Oct. 23.

Hanna, member of the committee, said about 15 floats have now been entered in the parade but more are expected.

Like it will be strictly afloat," Hanna said, noting several out-of-town groups scheduled to participate for various reasons.

Members of the band and footmen from the Morton high school are expected to get under way at 7:30 p.m.

Members of the queens, however, will not be known until halftime.

Pancake supper

All the pancakes, sausage and bacon you can eat will be served starting at 5:30 p.m. Oct. 26 at the Morton Athletic Boosters stage their annual Pancake Supper.

The annual affair, the main raising project of the school, will be held at the school cafeteria.

M. (Smiley) Monroe is chairman of the supper and Bill Bickett is in charge of the food.

Tickets for the feed are on sale from any booster club member or at the First State Bank.

The ample feed, the school says, is only \$1.

time, Friday Oct. 23, when the beauties will be crowned.

Nominees will be announced next week. Bill Matthews, principal of the High School, said.

The parade will launch the homecoming activities.

Other activities are the Post-Morton football game, set for 7:30 p.m. Friday, complete with half-time ceremonies. A business meeting and election of officers will follow in the school cafeteria.

Also in line with homecoming, school officials tentatively have scheduled open house at the new high school building for Sunday, Oct. 25.

The Athletic Booster Club will hold their annual pancake supper Oct. 26 in the school cafeteria.

E. L. (Snowball) Willis, president of the ex-student association, asked all groups interested in entering a float in the parade to contact him if a sponsor is needed.

## CROP annual fund trick or treat tour goal set at \$1,000

A goal of \$1,000 in the trick or treat program and six bales of cotton has been set for the Cochran County CROP organization.

CROP — Christian Rural Overseas Program — is headed here by Ross Shaw.

The goals were set during an executive committee meeting Tuesday.

Students and adults will knock on doors in the traditional Halloween "trick or treat" program, with the exception that they will be soliciting funds for CROP instead of candy and assorted goodies.

John Crowder is chairman of the trick or treat portion of the drive and is contacting area churches in an effort to make a united drive for CROP here.

## Commendations presented to three high school seniors

Three Cochran County high school seniors have been honored for high performance on the National Merit Scholarship qualifying Test given last spring.

The students — two from Morton and one from Whiteface — received letters of commendation for high scores on the test.

The students are Sharon Elaine Dickson, daughter of Mr. and Mrs. Woody Dickson of Whiteface; Barbara Ann Harvey, daughter of Mr. and Mrs. E. J. Harvey, 313 N.W. Fifth, and Mike Egger, son of Mr.

## Morton was site of political campaigns

Morton became the seat of political activity Monday as candidates from Democratic and Republican Parties came to town with their campaigns.

Congressman George Mahon was honored with a public reception in the County Activities Building from 2 until 4 p.m., and GOP Congressional candidate Joe Phillips of Lubbock spoke to the Morton Area Young Republicans at 6:30 p.m.

Congressman Mahon, Democratic representative from this district, was honored at the reception by the Women Democrats of Cochran County.

With him was his wife, and two assistants — Miss Kay Loveland and Jim Ray.

Mrs. H. B. Barker, president of the W.D.C. and Carl Ray, County Democratic chairman, greeted the congressman and his wife, who recently returned to Lubbock after the session ended.

Phillips, seeking Mahon's seat in Congress, addressed the Young Republican group and held a question and answer session in Republican Headquarters.

Some 20 persons were on hand to greet the GOP hopeful.

Following his talk here, Phillips went to Muleshoe where he attended another rally.

Christmas decorations in October?

DOYLE WEBB, a workman for Cochran Power & Light, installed the first Morton Christmas decoration on a utility pole outside the Morton Area Chamber of Commerce Tuesday

afternoon. The decoration is on display as a sample of type and quality available for decorating the streets here this holiday season. TRIBUNE Photo

## Beautification tops forum ideas

Community improvement and public education were the top suggestions in the recent Community Progress Forum, a report by the West Texas Chamber of Commerce shows.

The report, an analysis of suggestions made during the forum, Sept. 20-21, was received this week by Johnny Johnson, manager of the Morton Area Chamber of Commerce.

The report, prepared by Ralph Duncan, says:

"A total of four hundred and fifty-seven suggestions in eighty-seven separate project classifications for the development of Morton and its surrounding territory were made during the session."

The largest number of suggestions made in the forum sessions, 174 — which was 38 per cent — was for community betterment.

Other areas where suggestions were made included business development, highway, communication and utility improvement, industrial development, agriculture and livestock and parks and recreation.

In line with beautification of the city, 48 persons suggested a periodic clean-up program and the improvement of highway approaches to the city. Other beautification suggestions were tree and shrub planting and removal of old and condemned buildings.

Other community improvement suggestions were library expansion, enforced traffic ordinances,

more frequent trash pickup, expanded street lighting, improved cemetery up-keep, a stock control ordinance, additional traffic signs, a day nursery for working mothers and a study of the possibility of a United Fund.

Adequate housing — more rental units and a more liberal financing program — also received heavy suggestions during the forum. Thirty-three such suggestions were made.

Adequate drainage, modified zoning ordinance, continuation of the city-wide paving program, expanded hospital facilities, a free medical clinic for underprivileged children and courthouse improvements also drew suggestions.

In line with education, persons attending the forum suggested a safety program in the school area, campus beautification, rent free use of the county building for

## Bledsoe High School Homecoming celebration is scheduled Nov. 7

BLED SOE, Texas — Homecoming for Bledsoe High School students and teachers will be on Saturday, Nov. 7.

Activities planned include a parade of Western floats through town, followed by a supper in the school cafeteria.

Athletic contest for the affair will be a basketball game between the Bledsoe Antelopes and the Pep cagers.

Invitations to the Homecoming will be mailed soon, students at the school say.

## Christmas lighting, promotional sales to be discussed by Council, merchants

Christmas lighting and Christmas promotional sales will be discussed by Morton City Councilmen and merchants get together at 7 a.m. today in the Wig Wam.

Chamber manager Johnny Johnson said some 50 merchants have been invited to the breakfast as well as the six city councilmen.

"We will discuss and try to plan Christmas promotions and festive lighting for Morton during the holiday season," Johnson said.

A sample of decorations available here went on display outside the Morton Area Chamber of Commerce Tuesday afternoon.

## ★ Winter nears

If it seemed chilly early Tuesday, no wonder. The mercury dipped to a frosty 39 degrees.

Records kept at the Soil Conservation Service show that the 39-degree reading is the lowest recorded in Cochran County this season.

The frosty breath put ice atop automobiles, but did not touch the ground, SCS officials said.

The frost is not expected to affect area crops — for the time being, at least.

**Research group  
\$15,000 gift**

A \$15,000 gift has been presented to the High Plains Research Center by Paymaster Division of the Army.

The gift will be used to purchase a new Triplett Research and Development Farm nine miles west of the center and four miles from the center in the May-Community.

The farm will be used as a demonstration farm to test the findings of the Foundation on a farm-basis.

## Agent warns against premature defoliation

Because of the findings of cotton defoliation research results the past two years, several million dollars has been lost on the High Plains area by the use of cotton harvest aid chemicals Homer Thompson, county agent, said.

Defoliant and desiccants have a place on the High Plains but they must be used properly and wisely.

When these are applied at the time the cotton is not ready, it not only reduces the yield of lint but it decreases the quality of cotton by lowering the micronaire, grade and staple. When applied to early it also reduces the seed quality and much lower germination in planting seed. The oil content also is affected.

Older, more mature cotton frequently can be prepared for machine harvest before frost, says Shelby Newman, Agronomist at the South Plains Research and Extension Center, Lubbock.

Experience shows that proper use of harvest-aid chemicals permits earlier harvesting of mature cotton before exposure to weather damage reduces the grade or actual field losses occur because of bad weather. Research shows that

open cotton left in the field generally deteriorates one grade and around 1/32 inch in staple per month of weathering.

"When" is the key word in using harvest-aid chemicals. For example, if a desiccant or defoliant is applied before cotton is fully mature — more than 60% of bolls open and preferably 80% — not only yield decreases but also detrimental effects to seed and lint quality are possible.

The more immature the cotton, the greater the losses. In any event, harvest-aid chemicals should be used only when at least 60% of the bolls are fully open, research at the center indicates.

Proper timing of harvest-aid chemical use has been easier to obtain on cotton grown under non-irrigated and light-irrigated conditions than under heavy irrigation. This is because dryland or light-irrigated cotton generally matures 30 to 40 days before frost.

Economics is the biggest consideration when debating between harvest-aid chemicals or letting frost do the job. According to John Seibert, Extension Area Farm Management Specialist, it is up to each producer to determine under his conditions, whether or not use of harvest-aid chemicals is profitable. From all indications, concludes Seibert, it is often hard to economically justify their use.

Where such things as earliness of harvest for debt retirement and risk of adverse climatic conditions are of primary considerations, then economics — or more net income — is secondary.

## Roast held for Jimmy Jones

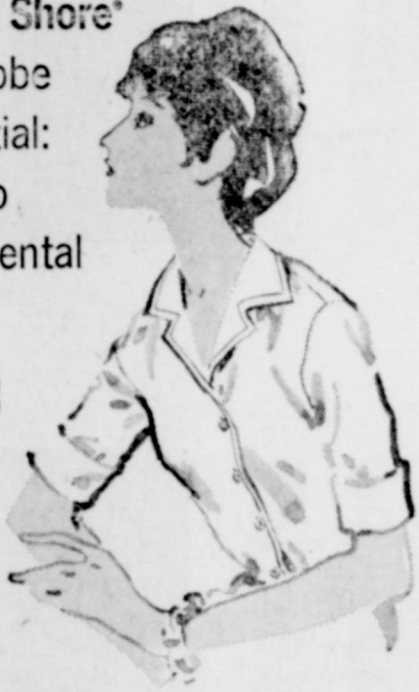

A dinner roast was given for Jimmy Jones on his 11th birthday, Oct. 9, at the home of his Mr. and Mrs. James Jones.

Jimmy played games, made feasts and practiced for the black and punt contest, and had traditional birthday cake.

Guests were Robert Hargis, Jay Sheppard, Chipper Sheard, Randy Terry Drennan, Dan Ronald Rorell and Kenny Jones.

## A letter to our Congressman from JOE B. PHILLIPS

The Hon. George Mahon  
Congressman, 19th District  
1211 New House Office Building  
Washington 25, D.C.

Dear Mr. Congressman:

This is another letter to acquaint you with my views concerning issues in this year's Congressional Campaign. Whenever it is convenient, I would be delighted to discuss publicly our opinions in an open forum.

I am unalterably opposed to our government's aiding communistic countries which are openly dedicated to burying us as a nation. Selling wheat to the Russians, was in my opinion, a very serious mistake. By extending credit to the USSR to buy wheat, we have turned our backs on the patriots in Cuba who burned their crops in an effort to bring about a collapse of the communist government in their country.

It is my conviction that we must not give any foreign aid to those nations which are communist or communist dominated. In my opinion, we need to develop a realistic foreign policy to serve our interests and those of our allies. We need to help our friends, but we must stop aiding and abetting an enemy dedicated to our destruction.

Very truly yours,

JOE PHILLIPS

## Connie Stowe is FFA sweetheart

Connie Stowe, 16, has been elected Sweetheart of the Morton High School Future Farmers of America Chapter.

As FFA Sweetheart, Connie will represent the Morton chapter in Littlefield at the District FFA Banquet and Sweetheart contest. Connie, a sophomore, is the daughter of Mr. and Mrs. David

Stowe. She is a student council representative from her school class. Her father owns and operates Stowe Gin at Enochs.

President Mike McDermott presided during the meeting when Connie was elected sweetheart. Also at that meeting, 17 Vo-Ag I students were initiated into the chapter.

The new members are Ronnie Bell, Jim Heflin, Allen Nebhut, Norman Self, Jerry Hoover, Greg Meeks, Arturo Perez, Willie Moore, Lorenzo Green, Raymond Morales, Amanado Garza, Dale Greer, Charles Woods, Tommy Hudson, Alvin Gladden, Keith Cunningham and Micky Patterson.

During the meeting Woody Combs of Morton, acting as a representative of Ralston Purina Co. of St. Louis, Mo., presented Elliott Elliott with a trophy for exhibiting the Grand Champion barrow at the 1964 Cochran County Fat Stock Show.

Elliott is the son of Mr. and Mrs. Buford Elliott.

## Seasonal classing offices opened in Lamesa, Brownfield October 12

The seasonal Cotton Classing Offices at Brownfield and Lamesa opened Monday, October 12th, according to W. K. Palmer, Officer-in-Charge of the Lubbock Cotton Classing Office of the U. S. Department of Agriculture. Palmer also announced that Wilburn Reeves will be in charge of the Brownfield Office and Joe Brevard will head the Lamesa Office.

The Brownfield and Lamesa Offices are opening later this year because of the slow start in harvesting. Total samples classed this year at the Lubbock Office through Wednesday, October 7th was 10,600. This compares with 15,900 samples classed at the three offices by the same date last season. Harvesting has increased considerably the past week with 7,400 samples.

The quality of the cotton received at the Lubbock Office so far this year has been very good. Approximately 65 per cent of the cotton received graded Middling or better, and the average staple length was 31/32 inch. Micronaire readings also have been high with approximately 95 per cent being 3.5 and better.

Fiber strength tests, as indicated by Pressley readings in cooperation with the Texas Tech Fiber Laboratory, showed approximately 80 per cent of the cotton tested to be above average.

The USDA's Agriculture Marketing Service reports that very few bales of new crop cotton has sold, but prices being paid averaged about 50 points over CCC Loan Rates. Prices to farmers for cottonseed, in stard grades, were reported at 45 to 47 dollars per ton.

# Great Plains program aids farmers

The drought during the past year has caused reduced crop yields and higher production costs, J. L. Schooler, chairman of the Cochran Soil Conservation District, said.

"Many farmers and ranchers will need financial help to maintain operations and carry on their conservation plans," Schooler said.

The Great Plains Conservation Program was designed to help landowners and operators meet erratic climatic conditions.

According to Schooler there are

86 farmers in Cochran County currently having active Great Plains contracts. They are receiving up to 80 per cent of the cost of carrying permanent type conservation practices such as establishing grasses, controlling brush and installing irrigation pipelines.

The governing body of the Cochran Soil Conservation District is composed of the following board of supervisors.

Eddie Silhan, zone 1; J. L. Schooler, zone 2; Ike Williams, zone 3; George Burkett, zone 4, and H. B. Barker, zone 5.

They were elected by the landowners in their respective zones to formulate and help carry out a conservation program to meet the needs of the people in this county.

Four of these supervisors currently are Great Plains Conservation Program participants and the other has completed his contract.

They believe, from their own experience, that the program can be of help to most farmers in the district.

Farmers or ranchers who are interested in the program should get in touch with their district supervisor. He will arrange for the Soil Conservation Service to provide on farm technical planning assistance.

The conservation plan developed by the farmer with the assistance of SCS serves as the basis for entering the Great Plains contract.

Schooler said each of the contracts are reviewed by the board of supervisors.

The state of Texas received \$3,200,000 for new GPCP contracts during the 1963 fiscal year. This represents a slight increase over last year but the funds are usually expended in about nine months.

Schooler encouraged farmers who are interested in the program to get their applications in early before the money is gone.

### Clean air cleaner key to engine life

A late model tractor can be expected to run 3,000 hours or more under dusty conditions and under full load if the air cleaner is clean and kept in proper working order.

County Agent Homer E. Thompson points out that the same tractor without a proper air cleaner, or with one operating improperly, could be ruined in 15 hours of operation.

An air cleaner functioning properly, he says, is about 99 percent efficient in removing the most harmful, larger particles of dirt and dust.

Cleaners should be properly and frequently served, and owner-manuals tell how to do this. For instance, points out Thompson, cleaners should be inspected daily, and proper weight oil used, and kept at the correct level. Change oil when the dirt deposit in the cup builds in the cleaner up to a quarter inch, and keep fittings and hoses air-tight and in good condition, advises the county agent.

Once the cleaner body carefully clean a year.

If operating in a dusty area, the air intake pipe location on the tractor may need changing. It should be 6 to 8 feet above the ground, or out of the dust cloud for most efficient operation, explains Thompson.

That all happened in 28 seconds.

Wilson scored in the third period when Sammy Crowson dashed 25 yards across the double stripe to mark.

The Antelopes fought back and in the fourth quarter, Guajardo plunged five yards to tally.

Last score was by Wilson when Crowson went four yards for the touchdown.

### Lubbock cotton classing office gets 10,400 samples in week, says report

The Lubbock cotton classing office of the U. S. Department of Agriculture classed 10,400 samples during the week ending Friday, October 9th, to bring the season's total to 14,900 bales, according to W. K. Palmer, chairman.

During the previous week the Lubbock office received only 2,000 samples.

During the same period last year the Lubbock, Brownfield, and Lamesa offices had classed 23,400 samples.

This year's harvest has lagged behind the harvest of last year because of the two weeks of damp, foggy weather. The clear weather of the past week has enabled farmers to resume harvesting and the volume of cotton received at the Lubbock office increased sharply this week. It is expected to continue to increase next week.

### Rainbow business meeting conducted

A regular business meeting of Morton Assembly No. 293 was held Monday night in Masonic Hall with Miss Barbara Kennedy, newly installed worthy advisor of Rainbows, presiding.

Miss Diane McCasland will be installed in Rainbows on October 24 at 7 p.m. All Masons, Eastern Stars and Rainbow girls are invited to attend.

Out of town guests for the Monday night meeting were: Mrs. Grace Brown, grand visitor; Mrs. T. W. Moore, Mrs. George Price, Misses Sandra Evans and Kaua Martin, all of Levelland.

### Explorer scout bowling tourney set in Levelland

Explorer scouts in the George White District will take part in a bowling tournament at Lobo Lanes, Levelland, at 5 p.m. Thursday, Oct. 22.

### Highway Patrol investigates five accidents in county during September

The Texas Highway Patrol investigated five rural traffic accidents in Cochran County during September, Sgt. A. E. Roberts, supervisor, said.

Three persons were injured in the mishaps and property damage was estimated at \$3,620.

The traffic accident summary for Cochran County from January through September shows that 18 accidents have occurred here. Fortunately no one has been killed, but 16 persons have been injured and property damage is estimated at \$12,870.

Sgt. Roberts said that 60 per cent of all Texas rural traffic deaths of darkness last year.

"Accidents go up as the sun goes down," is not just a mere slogan but the truth because darkness hides danger.

The driver who boasts that he can see as well in the dark as the daylight just doesn't exist.

The hospitals and morgues will attest to that.

Even science now has proven even that a cat does not see as well after dark as she does during the daylight.

Dr. and Mrs. Garnett Bryan and three children, Leigh Ann, Grady and Gary are in Corpus Christi this week where he is attending the Texas Academy of General Practitioners. They were accompanied on the trip by her parents, Mr. and Mrs. Grady Bryan of Amarillo. They left last Friday, spending some time visiting with friends in San Antonio.

## Eagles chalk up win, whallop Cotton Center

THREE-WAY — The Eagles chalked up their fourth win of the season here Friday night as they downed the strong but disabled Cotton Center Elks, 42-12.

The Eagles return home next Saturday to take on the Whitharral Panthers in the annual Homecoming game.

The Elks marked first last Friday when their Joe Eller passed to Dwain Nixon for 10 yards and the tally. The conversion try failed.

The Eagles came back in the first period to score twice as James Kindle tossed to Tommy Terrell on a 40-yard touchdown play and then Tommy Dupler dashed 40 yards to score. Kindle ran one conversion but the other failed.

In the second period, Kindle passed to Johnny Harris for 10 yards and the score and then ran the conversion.

As the second half started, Dupler scored from one yard out and Kindle scored the conversion. Dupler then ran another tally from three yards out but the conversion failed.

The last Eagle tally came as Kindle ran 25 yards.

Cotton Center scored again as

Eller passed to Wesley Ahren for the mark. Harris and Harold Carpenter were defensive standouts for the Eagles, while Marvin Long and Bill Dupler shone on the offensive line.

Eller was top defensive man for the Elks.

## Camp Fire Leaders slate annual 'fly up' for November

Camp Fire Leaders Association met Monday in the home of Mrs. W. G. Freeland. Plans were made for the annual "Fly-Up" ceremonial and awarding of ranks, which will take place in November.

Preparations also are underway for the annual Camp Fire candy sale which will begin Dec. 1.

There was discussion and preliminary steps taken in preparing for the 1965 summer camp.

Mrs. M. C. Ledbetter will host the leaders on Nov. 9.

Refreshments were served to Mrs. Bobby Adams, third grade guardian; Mrs. Frank Silhan, fourth grade; Mrs. C. E. Dolle, fifth; Mrs. Daniel Rozell, eighth and Mrs. Dock Long.

The street in Northwest Childress was named Annie Mills Drive. She is a longtime resident of Childress County and one of the first occupants of the housing area in which the drive is located.

Mrs. Mills with her husband, the late O. O. Mills, lived in Carey for many years where they operated the post office and a grocery store.

They moved to Childress County in 1912. Mills died in 1939. Mrs. Mills moved to Childress in 1956. She has seven children living. A daughter, Barbara, died in 1961. Living are Mrs. Lola Blansit, A. L. (Red) Mills and J. D. (Slick) Mills of Childress, Shot Mills and Mrs. Long of Morton, Mrs. Lennie Diggs of Amarillo and E. E. Mills of Fort Worth.

Her mother, Mrs. J. R. Mills, 94, lives in Childress. She also has two sisters, Mrs. Jack Norman and Mrs. W. M. Blansit of Childress and a brother, Ed Mills of Levelland.

## Morton residents' mother is honored

(Continued from Page 1)

and Mrs. Owen Egger of Route 2, Morton.

Egger missed qualifyin for semi-final tests by one point on the first examination.

John M. Stalnaker, president of the National Merit Scholarship Corporation, said: "Letters of Commendations are being awarded to 38,000 students throughout the country in recognition of their outstanding performance on the qualifying test. We wish to call attention in this way to their high academic achievement.

"Although they did not reach the status of semifinalists in the current Merit Program, they are very capable students. The semifinalists and commended students together constitute about 2 percent of all high school seniors. This certainly signifies noteworthy accomplishment by all these bright young people."

The National Merit Scholarship Corporation gives recognition to two groups of students who achieve high scores on the preliminary tests. The semifinalist group is composed of the highest-scoring students in each state and in U.S. territories. Some 14,000 semifinalists take a second examination to establish further their eligibility to become finalists and to receive consideration for Merit Scholarships.

To increase their opportunities to obtain financial assistance if they need it, the Merit Corporation sends the names, home addresses, test scores, and proposed college majors of all commended students to the two colleges they indicated as their first and second choices at the time they took the qualifying test.

The commended students were among the high school juniors in approximately 17,000 schools who took the test last March. The test is a three-hour examination that covers five separate areas of educational development. It was the first step in the tenth annual Merit Program.

The annual Merit Scholarship competition is open to all high schools in the United States and its territories. There are about 5,000 Merit Scholars currently enrolled in more than 400 colleges

of Charles Ledbetter and Eddie Lyons.

Lyons broke his foot in the Crosbyton contest.

Ledbetter, whose shoulder was injured when the Indians played Portales, is improving but probably will not be used against Slaton.

Coach Jones said Ledbetter's shoulder still is sore and probably will be out another week before returning to the fray.

The starting quarterback probably will do any punting or place kicking necessary.

After the Slaton game, the Indians will return home for a game against the Post squad on Homecoming, Oct. 23.

All conference games will take place at 7:30 p.m. instead of 8 p.m. as has been the starting time for non-conference clashes.

## McDermetts host anniversary party

Mr. and Mrs. J. W. McDermett hosted an anniversary dinner Sunday in honor of her parents, Mr. and Mrs. I. E. Graham of Portales, who were married 60 years ago this month.

Members of the family here for the anniversary observance were Mr. and Mrs. Aris Graham and family, Crosbyton; Mr. and Mrs. Deon Awrey and family, Friona; Pamela Graham and friend, Mike Moore, both students at Texas Tech. Also Mr. and Mrs. Don McDermett and sons of Seymour.

school functions, improved lunchroom menus and improved and expanded parking facilities around the schools.

Suggestions made in the business development realm included improvement in merchandise section, additional trade expansion programs, improved agri-business relations, the institution of a clerk and store manager courtesy and sales school and improved relations between local business men.

The positive need for a motel was discussed, as was a store front modernization program and additional retail and service outlets.

Of a long range program nature, highway, communications and utilities came in for suggestions. Included were work for Federal designation of highways throughout the Morton area, expanded rural telephone service, additional motor freight schedules, expanded bus schedules, continuation of the study to improve airport facilities and posting of highway signs at city entrances.

Only 17 suggestions for industrial development were made during the forum.

Duncan commented: "We have two observations. One is that likely your people are not aware of the role the chamber can have in industrial development and second, it is likely they are more concerned about the future development of agriculture and the expansion of irrigation in this area as this is your major economy."

The suggestions included the continuation of efforts to locate adaptable small industries, making a survey for additional needed commercial installations and for the industrial committee of the chamber to make a study to determine industry advantages available to industry here.

New cash crops — possibly vegetables — and close work with agricultural leaders to assure adequate farm labor including housing were discussed in the agriculture and livestock sessions.

Parks and recreation available here brought a large number of suggestions.

Suggestions made include improved youth recreation programs and facilities to be supervised, with suggested recreation facilities to include skating, golf, a drag strip and facilities available for supervised youth dances.

A drive-in movie facility was suggested.

Grounds improvements and additional equipment for present park facilities were suggested as was improvement for the Little League Park.

"We express sincere appreciation to your citizenship generally for its ready response and cooperation," Duncan said.

Mr. and Mrs. Gene Snyder and Beth were Sunday visitors in Denver City.

## Mrs. Dobson, 90, honored at party

Mrs. Anna Dobson was honored on her 90th birthday at a quiet celebration Sunday in the home of her daughter, Mrs. Mark Kennedy of Morton.

Rose said the additional street lights will raise the city's light bill

The Morton (Tex.) Tribune, Thursday, Oct. 15, 1964

from \$296.25 per month to \$397.50. The increase, he noted is about 25 per cent, and about 25 per cent more lights are to be installed.

Rose was authorized to speak with Municipal Investment Corp. — which did street paving here — about unpaid bills on the part of residents.

The corporation had contacted the council about the bills prior to instituting action to collect them.

An item on gasoline bids for city use was passed until the next

meeting as only one company bid for the business. The ordinance upping the award for the arrest and conviction of an arsonist to \$250, was passed by the council.

# Indians axe Antelopes 36-14

The Indians came to life in the first half see-saw battle night and deluged the Antelopes, 36-14.

John St. Clair, the sophomore quarterback, scored the last tally and Kenny Palmer, who ripped over huge chunks of yardage all night long, scored one conversion.

The Indians scored the first time they had possession, taking an Antelope punt on the Abernathy 38 yard line. In six plays, Dobson went over from the one-yard line standing up.

Griffith hit for gains of 17, five and seven; Palmer for five and

downs and two conversions — 28 points in all.

Charles Ledbetter, the Indians' ailing first string quarterback came in to make a try for the extra point with a kick, but it was off to the side, and with 7:11 left, the Indians led, 6-0.

The Antelopes evened the score as they started a drive with the kickoff, which quarterback Pat Hale, returned to the Abernathy 28.

Thirteen plays later — and into the second quarter — Wade took the ball over from the Indian one-

yard line to score. Big gainer in the drive was Hale's 27 yarder to the Morton 17.

Tonnahill tried to kick, but it was no good, and the score was even at 6-6 with 11:56 left in the period.

The Indians struck again two minutes later to score as Dobson swiveled through to go over from eight-yards out. The score was set up by Palmer's great run of 38 yards after St. Clair faked the Antelopes perfectly.

Palmer converted the tally and the Indians were in the lead, 14-6.

However, the Antelopes got their chance to come up again when halfback Sherill Griffith was knocked loose from the pigskin at the Morton 33-yard line.

The Antelopes staged a drive — including two connected aeriels of 11 and 17 yards — and went over the double stripe five plays later.

The scoring play was a 17-yard pass from Hale to end Boyce Paxton for 17 yards. Wade ran the conversion and tied the score at 14-14.

A different breed of Indians took the field to open the final half and never let the Antelopes threaten again, while racking up 22 more points for themselves.

Jimmy Joyce took the kickoff opening the second half and ran it back to the Antelope 25-yard line. A penalty put the ball back to the Abernathy 40-yard line, and the Indians staged a drive from there, with Dobson, Griffith and St. Clair sharing the carrying duties.

Dobson made the score eight plays later when he went over from 11 yards out. He also converted and put the Indians ahead 22-14.

The Morton squad staged a drive from their own 27-yard line late in the third period and scored minutes after the fourth quarter opened.

In 13-plays the Indians marched 73 yards, with key gainers by Griffith (16-yards), Palmer (14-yards) and Dobson (13-yards).

Dobson made the score as he plunged in from the one-yard line. Dobson also took the pigskin over to convert and the score stood 30-14 with 9:54 left in the ball game.

The final Indians score was set up as Antelope quarterback Lane Wade attempted to pass to Paxton.

Indian defensive man Joyce batted the ball into the air and Dobson gathered it in, returning to the Morton 19-yard line.

Ten plays later, St. Clair pushed over from about a half-yard out to score, but a kick attempt by Donnie Dewbre was no good and the final score was Morton 36-Abernathy, 14.

Key plays on the drive were Dobson's 16-yard gainer and Palmer's run of 25-yards.

The Indians punted only once and Ledbetter's kick boomed an amazing 53 yards.

Dobson was the game's leading ground gainer. He carried 22 times and picked up 127 yards. That is an average of 5.7 yards per carry.

Close behind was Palmer, who proved a tough runner as he carried ten times for 106 yards, an average of 10.6 yards per carry. His big gainers were runs of 38 and 25 yards.

Griffith also proved a tough runner as he rushed for 93 yards on 14 carries, an average of 6.6 yards per tote.

Billy Laws carried three times and gains 13 yards; St. Clair carried four times and gained two yards; newcomer Sandy Wallace carried once and picked up four yards and Timmy Petree got two yards the one time he carried.

For the Antelopes, Hale was top runner, picking up 38 yards in ten tries. Other carriers were Wade and Knight, each gained 25 yards on 11 carries and Terry Turner who gained two yards on one carry.

Coach H. P. Jones' Indians go to Slaton to open the conference wars next Friday at 7:30 p.m. They will return here in two weeks — Oct. 23 — to take on Post at Homecoming.

### Tech's Red Raiders meet Baylor Bears

LUBBOCK — Texas Tech makes its ninth try at taking a football victory at Waco when the Red Raiders engage the Baylor Bears Saturday night.

Never, in the series starting in 1929, has a Tech team won in the Central Texas city. In all, the Bears hold a 16-3-1 edge over Texas Tech.

Coach J. T. King's Red Raiders overcome a similar jinx last week, however. Only once had a Tech team won in Fort Worth, but the Raiders rallied to a 25-10 triumph over the Texas Christian Horned Frogs.

So far the Raiders have won three games, Mississippi State, Texas A&M, and TCU and lost one to Texas. Baylor has dropped its three games to Washington, Oregon State and Arkansas but has unveiled another dangerous passing attack.

Next, the Raiders come home for a Dad's Day clash with Southern Methodist at 7:30 p.m. Oct. 24. To be honored that day are the latest selections for the Athletic Hall of Honor, George Langford and Charles Woodriddle.

Tickets are still available for the SMU game as well as for the other three home games remaining with West Texas Nov. 7, Washington State Nov. 14, and Arkansas Nov. 21.

High school, junior high choirs will go to ENMU clinic

The Morton high school and junior high choirs will take part on a Choral Clinic at Eastern New Mexico University in Portales, Oct. 17.

The clinic, to attract an estimated 1,600 students will feature the Morton A Capella choir during the evening program.

The choir, under direction of Guy McLain, will sing "Creation" by Richter.

Some 140 students from here will attend the eighth annual clinic.

Mr. and Mrs. L. F. Hargrove conferred Thursday with a draftsman in Lubbock regarding blue prints for a home they expect to build within the near future.

## Local P, P & K winners are named

ALL EXPENSE TRIP FOR MRS. BEDWELL Mrs. Herman Bedwell was recently treated to an all-expense trip by Jet to and from Chicago. She was in Chicago from Sept. 30 until Oct. 3, where she and 97 other representatives of Field Enterprises were entertained by the company. In addition to luncheons, dinners, the theatre and sight-seeing trips the group toured Field Enterprises, one of the largest marts in the world.

The Tribune's favorite recipe for this week was submitted by Mrs. Leonard Groves. It is a delicious cake suitable for any occasion. Also very easy to make.

**Lemon-Apricot Cake**

- 1 package lemon cake mix
- 1 package lemon jello
- 3/4 cup apricot nectar
- 4 eggs
- 1 cup powdered sugar
- 1 lemon—juice of

Mix together the cake mix, jello and nectar; beat in, one at a time, yolks of eggs; fold into mixture the egg whites which have been beaten until firm. Bake in sheet pan at 325 degrees for one hour or until done. While cake is hot glaze with powdered sugar and juice of one lemon; apricot nectar may be added if desired.

Mrs. Groves, the former Patricia Wyatt, is one of two children of a Methodist minister, the Rev. Elton Wyatt and Mrs. Wyatt, who now live in Petersburg.

Her brother, Jerry Wyatt, is a freshman student at Texas Technological College.

Because of her father's profession Patricia attended many schools. She was born in Abilene, went to eight or more schools, graduating from Hermleigh High School. She attended McMurry College for one semester.

She met her future husband, Leonard, in Snyder. They were married in 1959, moving to Morton shortly after their marriage. He was associated with Mar-Ket in Snyder, being transferred to Morton by the firm.

He is the Democratic Tax assessor-collector elect.

They have two delightful children, Patty Shawn and Jeffrey, ages four and three years respectively.

Mr. and Mrs. Groves are members of the First Methodist Church, where both take an active part. She is secretary of the Asbury Sunday School class and a member of Women's Society of Christian Service.

She is a member of Y-M Study Club.

Both Patricia and Leonard enjoy indoor games, often joining friends for games of "42", presently she is learning to play bridge.

So far in the matter of traveling they usually make trips to visit relatives. They like to take the children to the local park and parks in other places when away from home.

Mrs. Groves says, "Of my very favorite hobbies I'd say playing the piano and organ. I haven't an instrument but that is top on my 'need' list."

She is a very personable young woman, with dark brown eyes, translucent skin and soft light brown hair.

By Mrs. H. W. Garvin Anniversary supper

Mr. and Mrs. Arthur Cooper were honored with an anniversary supper in the Littlefield home of a daughter, Mrs. Paul McMahan, her husband and their children, Douglas, Dianne and Steve. Present were six of the couple's seven children; Rev. and Mrs. Ralph Cooper, Brenda, Karen and David, Southland; Mr. and Mrs. Harold Cooper and Mark, Lubbock; Mrs. Carlton Earp and Charles, Mrs. Buddy Davis, Mike and Susan, all of Hale Center; Mr. and Mrs. Lamar Taylor and Lisa, Tahoka. Also Mrs. Mary Simpson and Fred Jr., of Matador, mother and sister of Mrs. Cooper. The Taylor family spent the remainder of the weekend in Three Way.

Layman's day Rayford Masten gave the message for the worship service Sunday morning at Three Way Methodist Church in observance of layman's day. Wayland Garvin led the service. Others taking part included Carl Pollard, Mickey Sowder, Raymond Jarvis, Marcus Phillips, James Wilson and Mrs. Wayland Garvin.

WCSM Women's Society of Christian Service met Wednesday morning in the home of Mrs. Tommy Galt. The new program book, "Summoned to a New Age" was used, with the new purpose of WCSM as the theme. Mrs. Cass Stegall gave the closing prayer.

Locals Mrs. Marcus Phillips returned last Saturday from Rotan where she visited her parents and other relatives. Her small daughter, Lisa, remained for a longer visit. Mr. and Mrs. Lamar Taylor and daughter spent the weekend with her parents, Mr. and Mrs. Arthur Cooper.

We welcome two new businesses to our community. Mrs. Johnny Petree has opened a beauty shop at her home east of Maple and Mr. and Mrs. Grimes have a dry goods and ready to wear store in Maple. Harvest has begun in the community. Some are cutting grain and a few are pulling cotton.

Mr. and Mrs. H. W. Garvin have returned home after visiting in New Mexico and Arizona. They visited a daughter and family in Farmington. While there among the places they visited was the Methodist Mission School for the Navajo Indians. Also many sights in Arizona. They visited two daughters in Phoenix, Mr. and Mrs.

**Year's most talked-about new cars**

**'65 Chevrolet Impala**

It's '65's biggest, most beautiful change. There's striking new styling. New length, width and lowness. A roomier new Body by Fisher housing an interior that's a knockout. And a more serene Jet-smooth ride with a new Full Coil suspension system. Fact is, if you overlook just one thing you can easily convince yourself you're onto a big expensive car here. And that thing is its Chevrolet price.

**'65 Corvair Corsa**

There's never been anything like it from either side of the Atlantic. There's new thin-line hardtop styling for all closed models. More length and width, more entrance and shoulder room in all models. And a higher powered range of engines—with up to 180 hp available in the top-of-the-line Corsas. How sporty can a car get? Your dealer's got the Corvair that'll show you.

## MAKING WAY...

The drawbridge makes way for the boat to come into the city and down the canal. Dredges make canals in open waters such as the gulf to make way for ships to travel an inter-coastal waterway. Police officers and secret service men clear a path in the crowds to make way for an important foreign potentate so that he might arrive at his destination.

Church members are the ones who can clear the way, and show the right path to those who have not found the way to our Lord.

Isaiah 40:3B reads, "Prepare ye the way of the Lord, make straight in the desert a highway for our God."

Support your church in every way you can. Ask someone to attend church with you this week.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

## State history, tourism study set

The State's first workshop on History and Tourists will be conducted in Austin, October 23-24, under the sponsorship of the Texas State Historical Survey Committee, according to John Ben Shepperd of Odessa, president.

The two-day meeting, bringing together more than 500 tourism executives, county judges, chamber of commerce managers and officers, local businessmen, and members of County Historical Survey Committee and cooperating organizations, will be held in the Terrace Motor Hotel.

The Workshop is designed for the exchange of ideas and information on the development of historical and tourist resources in every Texas county and to give an understanding of state tourist and history activities, through forum-type discussions.

"This is a united effort to acquaint the proponents of tourism with the historical preservation workers to accomplish the work of

educating tourists and Texans about the Lone Star State on the state, regional and local levels," Shepperd said.

State and local tourist-related and history groups will display what they have accomplished toward this goal, with the exhibit rooms open to the public throughout the meeting.

Featured discussions will include how to finance and plan historical and scenic tours, how to recognize and develop historical attractions, how to plan and publish local and regional maps and tour guides, and an explanation of the program of Recordation, Appreciation, Marking, Preservation and Surveys of Texas history by the TSHSC.

In conjunction with this workshop, annual meetings of the TSHSC and 254 County Historical Survey Committees and of the Texas Historical Foundation will be conducted.

"We urged everyone interested

in history and in tourism to attend this workshop," Shepperd said, "for the State's program of saving and seeing Texas history is an integral part of tourism in Texas."

## Jesse George speaks to Women Democrats

Women Democrats of the Cochran Area met October 7 for regular monthly luncheon meeting in the Golden Arrow Room of Wig Wam. Jesse George of Brownfield was the guest speaker.

George, Democratic state representative elect, distributed fact sheets for study as he spoke on issues of the 1964 political campaign.

The speaker, introduced by Mrs. H. B. Barker, president, told the group: "I, like you, am a Democrat both intentionally and deliberately, because the Democratic party is the party which has shown most concern for and which has done most for the American people."

"As loyal Democrats we must visualize the importance of electing and working for all Democratic nominees."

"The one thing which we shall not do is apologize for being Democrats."

"We are world citizens, whether we like it or not and we cannot escape the consequences of a failure to fulfill the responsibilities of that citizenship. This is an issue in the campaign."

"I shall not support any candidate who walks backward into

time.

"We like the people all over the world who till the lands, work in the shops, offices and homes and those who have families want peace. JFK wanted peace; our President LBJ wishes to travel the road to peace. Let's walk with him and let the nations, all the nations of the earth join in this march."

"I like my government and I am not afraid of my government for I with 190 million other citizens control it."

"We shall elect those who seek to serve our people and lead our nation to become the star of all mankind."

"Statistics will show our free enterprise system to be doing very well at the hands of this Democratic administration."

"We are in the 44th month of continuous economic expansion, the longest in peace-time history."

Members were asked to meet with and encourage the Young Democrats organization; to be on hand Monday for a reception honoring Representative and Mrs. George Mahon. Members were asked to volunteer for work on election day. There were 25 members present for the meeting.

## Two local students honored at college

PLAINVIEW, Texas - Proud heirs of a family tradition will be honored at an annual dinner at Wayland Baptist College today.

Two of the guests are Morton students.

The annual dinner honors students who have followed the footsteps of their immediate family in attending the college.

Among those on the 102-name guest list are Sue Ramsey and Lauretta Lee McCuiston of Morton.

Miss Ramsey, daughter of Mr. and Mrs. S. A. Ramsey, is preceded at Wayland by her sister, Mrs. Belva Ramsey Stokes of Plainview.

Miss McCuiston, daughter of Mr. and Mrs. T. A. McCuiston, also was preceded at Wayland by a sister, Judy McCuiston, now of Lubbock.

Miss Ann Scott of Pasadena, Calif., is a guest here in the home of her sister-in-law, Mrs. E. E. Scott.
