## Farm families honored tonight

Farm Families of the Year of one will be honored at the Home Show today in the Activities Building.

ly one family, the unique situation arose when the committee named to select an outstanding farm family of the year deadlocked 6-6.

The two families will be honored during ceremonies at 7:30 p.m. in the activities building. Each will be given a plaque denoting their selection.

Presentations will be made by Wadonna Strother, Cochran County Junior Maid of Cotton.

1964 Farm Family of the Year and their names.

The group selecting the families was a joint committee of the Morton Area Chamber of Commerce agriculture committee and the Cochran County Program Building Committee.

The Farm and Home Show and the ceremonies honoring the farm families are jointly sponsored by the Morton Area Chamber of Commerce and the Home Demonstration Clubs of Cochran County.

The plaque presented to the families will read:

**Coffee, cookies**  
At the show — scheduled from 2 to 8:30 p.m. — area residents will have a chance to partake of free coffee and cookies while viewing home furnishings, appliances, building materials and farm equipment of all types.

The home displays will be in the activities building while the implements will be displayed on the First State Bank parking lot.

Slated to have merchandise on display at the show are Rose Auto, (See FAMILIES, Page 7)

## Tribune to sponsor contest on how much cotton will be ginned here

Think you can guess how many bales of cotton will be ginned here this year?

If you do, then a new contest offered by The Tribune is just the thing.

### ★ All for \$1

Pancakes, bacon, sausage, coffee . . . all you can eat for a dollar.

The Morton Athletic Booster Club made this promise as they cleaned their griddles in preparation for the annual Pancake Supper, scheduled for 5:30 p.m. Monday.

The boosters stage the annual feed as their main fund-raising project during the year.

Smiley Monroe is general chairman of the supper with Bill Bickett in charge of food.

Kenneth Thompson, president of the club, said films of the Post-Morton game will be shown to members "after the dishes are all washed and the clean-up operation is over."

All readers of the paper are invited to enter the contest, slated to end Nov. 7, to see if they can match wits with the elements in guessing closest to the actual number of bales of cotton ginned in Cochran County.

Prices will be \$10 for first place; \$5 for second and \$3 for third. All that is necessary to enter is a guess.

It may be made either at the (See CONTEST, Page 7)

Our new Morton High School

THE NEW BUILDING housing Morton High School will have its open house Sunday, Oct. 25. The new building recently has been finished, though classes started there when the school term

opened. The open house festivities, with Student Council Guides, will be from 2 to 5 p.m.

2 p.m. a small ceremony will be held at the Morton High School Band, Choir, officials and trustees taking part.

On July 18, 1963, the money began to be spent. Pharr Construction Co. of Lubbock received the contract to remodel the elementary school at a cost of \$42,109.

On the gymnasium, a foyer and restroom were added, on the front, with dressing rooms built onto the rear of the structure.

At the entrance is an Indian head — symbol of the schools athletic teams — set in marble.

Down the west wing are three fully equipped science labs, two homemaking department workrooms, a book room and library.

The library features expanded book space.

For the tours through the new building will be members of the Morton Student Council, headed by Mike . . . president.

Enlarging of the gym and cafeteria, remodeling the old high school and construction of the new building were included in the same bloc of contracts, let Dec. 20, 1963.

The cafeteria was increased to seat 108 more persons, with enlarged kitchen and storage areas, including a huge walk-in freezer.

A completely air conditioned-central heated suite of offices houses space for the councilor and principal, testing rooms and school records.

Included in one of the science labs is a photography darkroom.

A book room provides for adequate text storage, something Morton schools have not had before.

A new school building was made possible through a \$500,000 bond issue passed by two to one on April 6, 1963.

General contractor for the job was Hammock Brothers of Lubbock, who bid \$311,415. Mechanical contractor was D. L. Seal Plumbing Contractor of Lubbock, who

Much needed patch work was done on the old high school building.

Down the main corridor are standard classrooms.

The laboratories are used for general science, biology, chemistry and physics. In the physics lab is an enclosed experiment table so students can perform experiments away from their elements.

The east wing features acoustically designed band and choir rooms, a girls gymnasium, the Industrial Arts workshop and the Vocational Agriculture area.

Glen Hemphill, owner of the company, was present to discuss his bid with the council at the special meeting.

Councilmen split, 3-2, over the move with Neal Rose, Tom Rowden and Kenneth Thompson voting for and Van Green and W. L. Foust opposing it. Mayor Dean Weatherly did not vote.

Bill Moore of Plains Utility, also discussed his low bid with councilmen.

Hemphill was third low bidder, following Plains Utility Co. of Lubbock and J. T. Brodie and Co. of Amarillo.

Part one of the bids was split into four parts. One provided for concrete tank with new chlorinators and pumps; two was a steel tank with new equipment; three for a concrete tank and revamped equipment and four for a steel tank with revamped equipment.

Kenneth Thompson, a councilman said: "Our discussions just reached the point where we couldn't do

Hemphill's bid was only for new equipment.

For water and sewer improvements it was \$197,282.55 for the concrete tank, sewer lines and water distribution system. For a steel tank and improvements the bid was \$199,392.55.

Hemphill's bid on gas improvements was \$48,731.40.

Plains Utility's low bid for water and sewer improvements: (1) — \$189,331.07; 2 — \$189,646.25; 3 — \$188,853.57 and 4 — \$189,168.76.

Their bid for gas improvements was \$46,677.38.

Although the contract was not let at the Wednesday session, officials indicated it formally will be given to Hemphill at the next meeting Oct. 26.

## Three-Way reunion is 'best ever'

THREE-WAY — The biggest and best Homecoming ever was staged here last weekend.

Carter Williams of Goodland was elected as new president of the ex-students association.

The festivities began Friday night with a huge bonfire and pep rally on the school grounds near Maple. The rally then moved to downtown Maple.

In addition to a record turnout and number of activities, the high school Eagles defeated the Whitehall Panthers, 50-6, to top off the celebration.

Other officers are Billy Simpson of Maple, vice president; Betty Parkman of Maple, secretary; Barbara Warren of Maple, treasurer and Frank Stegall of Goodland and Dorothy Neatulzer of Maple on the program committee.

Saturday's activities included the business meeting, attended by about 120, a barbecue dinner, football game and dance at Maple.

Post, a winless season behind them, could ruin the Homecoming with a defeat for the Indians. Though they have had a bad season, the Antelopes have the depth and experience to win.

One of the reasons the Antelopes have had such a bad season is the loss of Butch Crows, a 168-pound senior who is starting quarterback.

The Indians, with the 22-14 victory over Slaton, are one win, no losses in the conference wars. Their season record stands at six

## Advance copy of new wildlife and conservation booklet is received

Cullen Dansby, a member of the Soil Conservation Society of America, today received an advance-print copy of the newest in a series of educational cartoon-type booklets published by the Society to aid in conservation education efforts.

Entitled "Making a Home for Wildlife on the Land", the 4-color booklet tells the story of the use of soil and water conservation practices in rural areas. It emphasizes that conservation treatment of agricultural lands improves the habitat for many kinds of wildlife, including birds, animals, and fish.

The color illustrations faithfully portray a number of species of wildlife found on farms. The story of soil conservation is skillfully woven into the narrative about the experiences of a typical urban family at a vacation farm.

On every part of the farm, the urban family's teen-age son and daughter find many kinds of wildlife in areas managed to create suitable homes for them. In conservation treated fields they find pheasants and songbirds; in the woodlands there are deer, squirrels, rabbits, and other game; and in the creek and farm pond they find beaver, muskrat, and several species of fish as well as waterfowl.

Nearly 5 million copies of the Soil Conservation Society's other educational cartoon-type booklets have been distributed for use by teachers in the primary and secondary grades. Other titles in the series include: "The Story of Land", "The Wonder of Water", "Help Keep Our Land beautiful", and "Down the River". Single copies of these as well as copies of the new booklet may be obtained for 20 cents each from the Soil Conservation Society of America, 7515 Northeast Ankeny Road, Ankeny, Iowa.

"Making a Home for Wildlife on the Land" is likely to be the most popular booklet published by the Society according to Herbert Hop-

per, Society president from Lafayette, California. "The story is exciting. Youngsters will be attracted by the excellent color drawings of birds and animals of the wild. Educators, as well as parents and wildlife enthusiasts, will surely want to put this excellent educational booklet into the hands of children in the homes and schools in their communities."

## County Bracero ceiling set at 300

A ceiling of 300 Mexican National farm workers has been set for Cochran County.

A bulletin received by the Texas Employment Commission said the number of workers may not exceed 300 from Oct. 1 to Nov. 30 in the county.

The workers may be employed as general farm hands, irrigators, livestock workers and cotton harvest hands.

In March, 1953, Congress ordered an exploration at public expense to find the best route for a railroad to the Pacific Ocean.

## Slaughter Club hears United Nations talk

Members of Elma L. Slaughter Study Club heard a talk on the United Nations at a meeting Thursday night. Mrs. Elvis Fleming was the guest speaker. The meeting was held in the home of Mrs. Earl Brownlow, 402 East Hayes.

Mrs. Fleming told of organization of U.N. in 1945 with the first session held in 1946, explaining, "The United Nations is headed by the Secretary - General, presently U Thant. There are 111 member nations with the United States paying over half of the expenses."

"Some think U.N. should be dropped or done away with because of the expense, or each member nation should pay its own fair share."

"But the fact remains if one of the big five should drop out what good would the U.N. be doing."

"The Security Council is made up of the United States, Soviet Union, Nationalist China, United Kingdom and the Republic of France."

Mrs. Brownlow served refreshments. The next meeting will be held November 5 at 7:30 p.m. in the home of Mrs. Leonard Coleman.

## Hobby Club gives clock to patients of nursing home

A busy week was spent by members of the Friendly Circle Hobby Club.

Mrs. Pete Pierce, hosted the club in her home on Oct. 8. The club then went to Bledsoe to visit Young's Rock Shop.

The following Thursday was spent in Lubbock, where the group purchased a clock which was donated to the Robert's Memorial Rest Home. The club lunched in Lubbock, as was planned by the hostess, Mrs. Elmer Gardner.

The club drawing was won by Mrs. Weldon Wynn. Mrs. Horace Gardner will host the next meeting.

Other members attending were: Mrs. Horace Gardner, Mrs. Weldon Wynn, Mrs. Jack Campbell, Mrs. Floyd Rowland, Mrs. Woodrow Self, Mrs. Lonzo Scoggins.

## A letter to our Congressman from JOE B. PHILLIPS

The Hon. George Mahan  
Congressman, 19th District  
1211 New House Office Building  
Washington 25, D.C.

Dear Mr. Congressman:

This letter is concerned with issues which are vital to our particular section of the country. I have some very definite convictions about certain matters, and I would welcome the opportunity of discussing these issues face to face if your schedule could be arranged to do so.

In my opinion the economic growth of West Texas has been retarded by the foreign investments of our federal government. Through the Oil Compact, Texas has been forced to absorb a great percentage of foreign oil, while our own wells have been allowed to produce on the maximum of only 10 days a month. In my opinion, this is not fair to our area.

I believe that the cattlemen in our district have a just complaint over the importation of foreign beef, and that the farmers of our area have been denied support and encouragement to raise sugar beets and other crops because of foreign imports.

I am concerned that our district has lagged behind in the development of Interstate Highways, and in industrial development until this political year.

Very truly yours,

JOE PHILLIPS

## 4-H Saddle Club records praise six junior members, adult leaders

Four-H records are now eligible for submission in the Extension Agent's Office for the Cochran County 4-H Saddle Club.

Saturday, Oct. 19, at the 4-H Saddle Club meeting at Whiteface, twenty 4-H Horse and Pony Record books were completed and submitted to the Agent by Darlene Henderson, one of the adult leaders. The junior leaders were given high praise for their help in assisting the young 4-H members by the adult leaders.

Six 4-H Junior members who were so noticeably singled out by the adult leaders for the fine contributions they made by giving all out assistance to others in their record keeping at this meeting were Clynda Dawson, Lyndon Henderson, Leroy Tackett, Lynn French, Ann Cagle and W. C. Dawson.

In 1963-64 the Saddle Club adult leaders were Stanley Henderson, organization leader and parade marshal; Calvin Dawson, equipment and care; Jean Cagle, recreation; Darlene Henderson, education; Shot Sanders, grooming, inspection and training.

Other leaders who have helped a great deal in making the 4-H Saddle Club successful are:

## Stockdale school children take tour of fire facilities

"Two siren wails mean storm warning, three wails mean the water will be turned off and four blasts is for fire drill," Maurice Lewellen told Stockdale School children recently.

The group visited the Morton Fire Department as part of their "We know our Town" study.

Thus far in October the group has toured City Hall, First State Bank where James Dewbre pointed out the telephone and air valve in the vault and the county agent's office where they received fire prevention material.

Participating in the tour were Mrs. Max Clark, Mrs. F. D. Buckner, Mrs. Wayne Sharp, Mrs. Gerald Ramsey and Renee and Mrs. Lee E. Sullivan.

Dee Buckner, Susan Cadenhead, Karen Clark, Phillip Clayton, Kathy Cook, Teresa Crow, Vickie Hall, Jayna Jenkins, Tobie Jerden, Donna Lynskey, Zeb Payne, Mark Roberts, Darrell Sharp, Sandra Sullivan, Douglas Vanstony and Mrs. Fred Stockdale.

## Annual meeting of Labor Association, Farm Bureau set

The Cochran County Farm Bureau and the Frontier Farm Labor Association will stage their annual meeting in the County Activities building at 7:30 p.m. Thursday Oct. 29.

Johnny Johnson, manager of the Morton Area Chamber of Commerce will be main speaker for the event, expected to draw a number of area farmers and ranchers.

The Farm Bureau has 324 members in the county, and the labor association — composed of Cochran, Hockley and Lubbock Counties — has in excess of 700 members.

Four new directors of the Farm Bureau and four delegates to the Texas Farm Bureau convention will be elected at the meeting.

President of the farm bureau is W. J. Wood. Danny Key is vice president. Hold-over director is Merlin Roberts.

Outgoing directors are J. M. Burnett, L. T. Lemons, Bob Mayon and J. F. Cooper Jr.

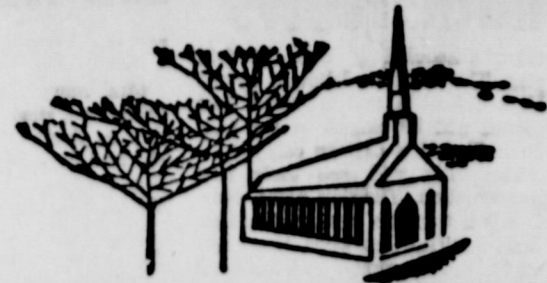

Also slated to be present for the meeting is Hub King, director of the state federation from Brownfield.

Refreshments will be served.

Mr. and Mrs. Harold E. Hults of Fort Worth spent the weekend with the Fred Stockdales. Mrs. Hults is Mrs. Stockdale's sister.

## GETTING OUT... *the Vote!*

Mrs. Jones is active in all types of community work. She is active in politics at the local level. From a list of voters at her elbow she telephones to see if any local residents need the services of the various car pools. Because of this service many who could not otherwise do so, get to the polls and vote.

But more than this, Mrs. Jones is a friend and servant of God. She supports her church and its services because she knows it is the center of all that is good and worthwhile in the Community. It is a place where the souls of men are uplifted and saved.

We, ourselves, would do well to emulate Mrs. Jones. May we urge that you, also, not only vote, but help get out the vote — that you not only attend church, but support it actively with your service.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

# Benhams return from South America

By COLLEEN MARTIN

Mr. and Mrs. Gene Benham returned Sunday night from a trip to South America and Jamaica where they were guests of an old friend whom they had seen only once in 20 years.

They also were guests of Ambassador and Mrs. Covey Oliver in their hill-top home which overlooks Bogota, the capitol of Colombia. Oliver is from El Paso.

Benham, president of First State Bank, said the best part of the trip "was when we landed at the airport in Lubbock." The Benhams left Lubbock airport at 7 a.m. Thursday, Oct. 8, and arrived in Bogota, Colombia the same day.

**Friends were hosts**

Mr. and Mrs. Robert Adcock, long-time friends, hosted the Benhams and took them on tours of the area. Adcock, now the agricultural attaché in Bogota was Benham's first "boss."

At that time, they were employed by the Department of Agriculture in Harrison, Ark. Benham was newly graduated from Oklahoma State University at Stillwater.

Adcock visited here a year ago. It was the first time the two had seen each other since the fall of 1944, said Benham. Mrs. Benham and Mrs. Adcock were also school mates at Oklahoma State University.

"Each day we made trips to the rural areas out from the capitol," he said. "On these trips we would see the farms and cattle and the agricultural production of that area."

**Agreement signed with U.S.**

"They produce two crops a year, cotton and a grain sorghum. The cotton in the warehouses was all in cotton baling, something we have been trying to do here."

"We especially enjoyed a trip to the agricultural experiment station, which is similar to the one at Lubbock."

Benham said he also learned that Adcock had recently signed an agreement with the Colombian government for the sale of \$23,000,000 worth of grain and wheat.

"It is a country of great contrast," said Benham. "We visited a large modern dairy with the finest cattle I've ever seen. But we were surprised to learn that everything was done by hand just as it was done 30 years ago in this country."

"The cattle were milked by hand, the milk was then separated in a cream separator, with the skim milk being fed back to the calves and hogs."

"Even the butter was made by hand. Instead of the old type churn a wooden paddle was used to beat the butter out. It then was bolted and branded."

"We saw oxen pulling plows in the field, as well as tractors and caterpillars."

"There they must spray 20 times a year for insects. Labor is only \$1.50 per day. There is no large

middle class there, everyone is either wealthy or poor.

"We had to drink boiled water and were instructed on what to eat."

"We saw hogs and sheep tied. There were no fences. Women carried baskets on their heads and there were primitive market centers much like those in France."

**Toured Jamaica**

On the return trip, the Benhams spent two days and nights on the island of Jamaica, where they were treated like kings. "Here," said Benham, "the population was 99 per cent colored and the language spoken was English."

Also on this island, they saw for the first time, bananas and coconuts growing in trees, and other crops such as sugar, pineapples and coffee.

At one point on the air trip from Jamaica, they could see Cuba from one side of the plane and the Southeastern tip of Old Mexico from the other side.

Many items of native craft and a small rug made from the fur of a Llama, are among their souvenirs. They also took many photographs and made some tape recordings of their trip.

"It was a wonderful trip and we're glad to be home," he concluded.

## Lubbock garden show is discussed by club

The Cochran County Garden Club met Monday night in the home of Mrs. W. B. McSpadden, 602 E. Garfield.

The program theme was Dig Me Now — Pick Me Later. Mrs. Truett McCauston who presented the program, discussed the type bulbs to plant now for spring bloom.

The roll call, "Pardon Me, is your GAP showing?" was answered by members on how each planned to fill gaps in planting and landscaping.

Mrs. Bobby Travis conducted a business meeting in which the Lubbock flower show was discussed.

**Attend breakfast**

Two student judges, Mrs. Roy Hill and Mrs. J. T. Holloman, attended the Judges Breakfast, which was given during the 37th

annual fall meeting for Texas Garden Clubs held in Lubbock Oct. 13-15.

Mrs. McSpadden and Mrs. Charles Jones attended the banquet held during the convention.

Mrs. Holloman also entered a display at the convention. It was entitled "Silver Anniversary Tea."

A featured speaker, Jacques Cartier, Sante Fe artist and landscape architect, discussed Japanese gardens at the 7:30 p.m. banquet Wednesday.

**Garden tour**

Wednesday afternoon a tour was made of gardens. Mrs. Joe Arrington, 3518 41st St., conducted the tour through her garden and the garden of a friend. A tea was held at Municipal Garden Arts Center honoring officers of Texas Garden Clubs Inc. and distinguished guests.

Many distinguished guests were Mrs. Howard S. Kittell, Fort Worth president of Texas Garden Clubs Inc., Mrs. E. O. Barton, Houston, chairman of State awards, Mrs. Chester B. Kilpatrick, San Antonio, immediate past president, Mrs. C. F. McWilliams, Carlsbad, south central regional director, Mrs. Ruth Bush Jones, member of Forest Service of the Department of Agriculture.

Mrs. E. E. Louthan, Lubbock, first vice president of the state organization and general chairman of the meeting, with Mrs. D. E. Lemaster and Mrs. Benidean Hamcock, general co-chairman.

Mrs. Kittell presided at the election of officers for the term of 1965-67.

At the Monday meeting here refreshments were served to Mesdames: Harold Arant, Gene Cade, Roy Hill, C. B. Jones, Charles Jones, McCauston, McSpadden, Wayne Porter, Hessie B. Spotts, Bud Thomas, Bobby Travis and Don Workman.

# Hugh Knoxes observe golden anniversary

Mr. and Mrs. Hugh Knox

Mr. and Mrs. Hugh J. Knox of Whiteface will observe their Golden Wedding Anniversary from 2 to 4 p.m. Sunday in the First Baptist Church with a reception.

A color scheme of gold and white will be carried out in the decorations.

Miss Lulu Bray and Knox were married on Oct. 22, 1914, in Eaton, Colo. They came to Cochran County in 1917, and have since resided around the Lehman and Whiteface communities.

Knox, a carpenter, has been a member of the Whiteface Volunteer Fire Department for a number of years. Mrs. Knox was active in the Home Demonstration Club there.

Hosting the reception are their five sons, Lawrence of Morton, Walter and James of Whiteface, and Jack of Lubbock; and two daughters, Mrs. Johnny Withers of Lubbock and Mrs. Russ Sinclair.

Knox's sister, Mrs. Anna Putnam of San Diego, will also participate in the celebration. Mr. and Mrs. Knox have eight grandsons and three granddaughters.

# Call to Prayer, Denial is made

The Woman's Society of Christian Service and the Wesleyan Service Guild of the First Methodist Church of Morton will join more than 1,700,000 Methodist women throughout America this week in observing their annual "Call to Prayer and Self-Denial."

The Call is sponsored by the Woman's Division of the Methodist Board of Missions, the national body under which 36,000 local Woman's Societies of Christian Service and Wesleyan Service Guilds function.

During the observance of the Call to Prayer and Self-Denial, Methodist women gather in their churches or elsewhere for this event — a program meeting for interpretation of mission projects to which money from a special offering will be given.

**1964 theme**  
The theme for 1964 is "Recognition, Renewal, Response."

The program meeting for women of The First Methodist Church will be held at 7 p.m., Sunday Oct. 25.

The projects to receive the special offering this year:

Home mission projects — remodeling and repair of mission buildings in the United States. Such buildings include children's homes, schools, residences for young women, community centers, hospitals, and retirement homes for missionaries and deaconesses. One special need in 1964 is the rebuilding of the Jess Lee Home for Children in Alaska, which was destroyed by the disastrous earthquake of March 27.

# Guest artist performs at L'Allegro Club program

Miss Susan Birdsong, guest artist from Muleshoe, presented the program Thursday night for a meeting of L'Allegro Study Club.

The artist, daughter of Dr. and Mrs. W. F. Birdsong, toured Europe this past summer as a member of the All American Band. She has been a piano student of Mrs. L. S. McCarty for a number of years.

Mrs. E. O. Willingham introduced Mrs. W. B. McSpadden, who in turn introduced Miss Birdsong to the audience.

Piano selections by Miss Birdsong were: "Sonata in G Major" by Beethoven, "Fantasia and Impromptu" Chopin and "Love Is a Many Splendored Thing" Roger Williams.

Mrs. Bobby Travis reported on a Federation Workshop which she attended recently in Austin. Mrs. Melvin McCoy, hostess, served refreshments to the guest artist and Mrs. H. B. Barker, Mrs. Carl Belk, Mrs. Truman Doss, Mrs. Harold Drennan and daughter, Diane; Mrs. Van Greene and daughter, Becky; Mrs. Eddie Irwin, Mrs. James McClure and daughter, Patty; Mrs. McSpadden, Mrs. W. B. Merritt, Mrs. J. C. Reynolds, Mrs. Gene Snyder, Mrs. Dan Swicegood, Mrs. Travis and Mrs. Willingham.

Color slides of Europe also were shown by Miss Birdsong. She narrated the show and explained requirements for inclusion in the All American Band.

Mrs. E. O. Willingham introduced Mrs. W. B. McSpadden, who in turn introduced Miss Birdsong to the audience.

Piano selections by Miss Birdsong were: "Sonata in G Major" by Beethoven, "Fantasia and Impromptu" Chopin and "Love Is a Many Splendored Thing" Roger Williams.

Each woman who participates in the Call to Prayer and Self-Denial is asked to save over a period of time and then to make a sacrificial gift to aid the designated projects. Offerings have increased almost every year and in 1963 reached a new high of \$579,696.19. The offerings have enabled buildings to be built and work to be done on the mission field which could not have been done otherwise.

Women are asked to offer personal prayers for workers in mission projects for which they will give.

The Call to Prayer and Self-Denial is one of the oldest observances for Methodist women, dating back to 1887. It was originally called the Week of Prayer and Self-Denial.

The observance is planned and directed by the committee on program and the secretary of spiritual life of the WSCS or WSG.

# Absentee balloting indicates high level interest in election

If absentee balloting is any indication, interest and participation should be high for the upcoming General Election Nov. 3.

Since balloting opened Monday, Mrs. Lessey Silvers, county clerk, has had 36 requests for ballots.

Six of those requests were in person and ballots were marked, the clerk said, with the remainder requests by mail.

To cast an absentee ballot, a person must either go in person to the clerk's office or send a request through the mail.

For a mail request, persons must fill out and have notarized an application for balloting, showing the precinct and poll tax receipt number or registration.

The poll tax receipt or registration must be included with the application to vote.

When the ballot is returned through the mail, it must be notarized before it will be counted in the home county.

# Publication of county history expected soon

The first history of Cochran County will soon be published, members of the Cochran County Historical Society announced this week.

"Texas' Last Frontier: A History of Cochran County", has been written by Elvis E. Fleming, a history teacher at Morton public schools.

The book, written in a scholarly, well-organized manner, tells the interesting and fascinating story of the county's past.

**Sketches**

# Lindsey feed store is sold

Lindsey Feed and Seed at 310 N. W. First, was sold recently to Ike Williams.

The store will be known as Ike's Farm Store.

Williams purchased the store from owners R. K. Lindsey and A. R. Lindsey, who have operated it for several years.

Woodie Coombs, who has managed the store for the Lindseys for three years, will continue as manager under Williams' ownership.

The store is dealer for Purina feeds, DeKalb seeds, Northrup-King seeds, Texas Hybrids and Olin-Matheson fertilizers.

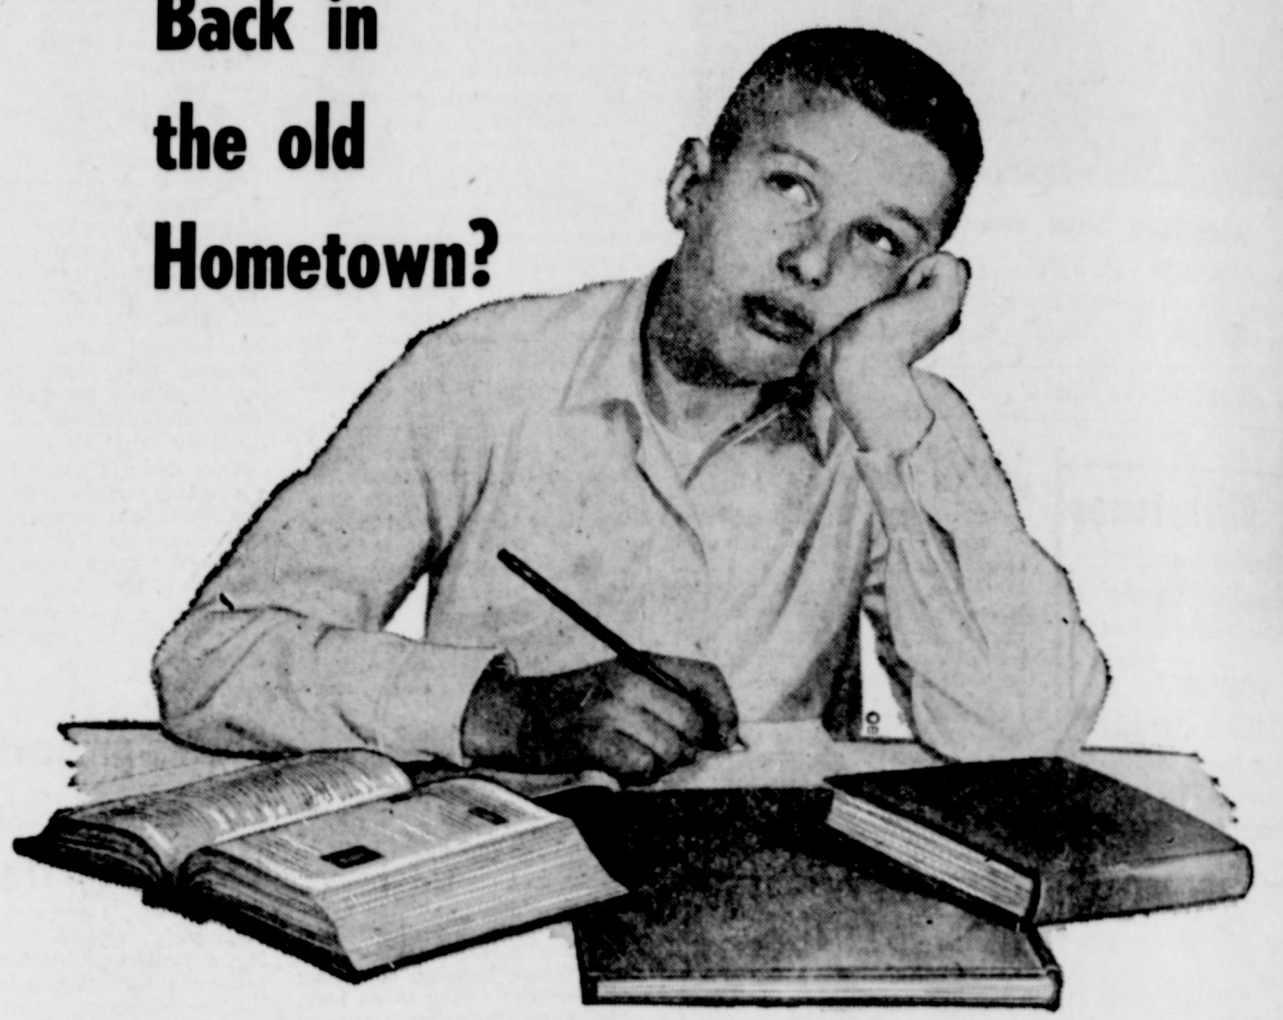

We invite all area residents to come by and see us for their seed and feed needs," Coombs said.

**CROSSING FENCES**  
Crossing barbed-wire fences can be a problem, unless you carry in your pocket one or two short lengths of soft wire clothesline.

When you come to a fence that must be crossed, pull up second barbed-wire to top wire, twist a piece of your clothesline around both these wires, then push lower wire down as you crawl through the opening thus made.

Also displaying the building will be Home Demonstration and 4-H Clubs of the County.

The display of the Happy Homemakers HD Club will feature booths set up in the form of two rooms — a kitchen and sewing room.

In the sewing room will be materials from the upholstery and drapery workshops, exhibits on pressing aids and garments from the knitting crafts day.

In the kitchen will be canned goods, a herbs and spices display, a salad greens exhibit and posters showing cuts of beef.

Also displayed by the HD Club will be two posters, one telling the rights of married women in Texas and the other explaining Hepatitis.

Terrell intercepted a pass and led 60 yards to mark; Kindle

passed to Harris for 30 yards and a score, and then Kindle slipped over from two yards out.

Witharal's only score came in the fourth quarter.

Fresh from their Homecoming victory, the Eagles journey to Smyer at 7:30 p.m. Friday to try for their second conference win.

Coach J. A. Aldridge said he expects a tough game at Smyer but noted his boys probably have the edge as far as speed is concerned.

The choir room features a stereophonic music system, built in risers, robe room and choir-master's office.

In the band room are two practice rooms, a library, uniform room, band director's office and instrument storage areas.

The industrial arts workshop is 30 by 40 feet, featuring equipment for both metal and wood work. Included also is a mechanical drawing area.

The Vocational Ag workshop is 32 by 47 feet, featuring equipment for welding, wood and metal working.

The Vocational Auto Mechanics class, a new feature this year, is housed in a metal shed behind the building, where Vocational Ag classes previously were held.

The entire building contains some 36,000 feet of useable floor space.

Superintendent Ray Lanier estimated cost was about \$9.75 per square foot for the construction.

Lanier noted he is well pleased with the new facility.

He added jokingly:

"My only objection to being superintendent is that I don't get to serve in the new building. I was really looking forward to it."

Some 296 senior high school students regularly use the building for academic classes and related activities. In addition, some 300 junior high school students use the building for band, choir, shop and girls gym.

In addition, some 21 teachers, the principal and counselor have offices there.

Bill Matthews is principal and Charles Bowen is counselor.

School trustees are Weldon Newsum, president; Francis Shiflett, vice president; Millard Townsend, secretary-treasurer, and members L. T. Lemons, Henry Williams, Steve Bracken and Bud Thomas.

Johnny Johnson, manager of the chamber, said if any member desires to nominate anyone else, the name must be received before balloting begins. Additional nominations must be made to Dean Weatherly, secretary.

**Named soon**

The new directors will be announced immediately after the ballots are counted, Johnson said.

New officers will be announced as soon as the board meets and selects them, he added.

Carry over directors from this year will be Tommy Lynch, C. E. Dolle and Simon Marina. Gene Snyder, 1964 president, also will be a director next year.

Outgoing directors are Melva Kelly, Weatherly, Dewbre and Neal Rose.

The new directors, as well as the outgoing officers, will be recognized during the annual Chamber of Commerce banquet Nov. 19.

Members of the nomination committee were Dewbre, Lynch, Dolle, Snyder and Johnson.

seniors and one junior on the starting lineup.

Nine of those starters returned from last year when Post compiled a 8 win, 2 loss record.

With Cross slated to start at quarterback, the backfield also has Teddy Scott, 152 pound senior; Benny Owen, 166 pound senior and Ronald Simpson, 150 pound senior.

On the line are Danny Pierce, 175 at left end; Jim Kennedy 175 at left tackle; Dennis Odom, 145 at left guard; Gary Hays, 190 center; Jack Braddock, 205 at right guard; Charlie Brown, 203 at right tackle; and Sammy Sims, 165 at right end.

Sims is the only junior starter on the squad.

"We expect them to throw a lot more than they have been with Cross back in there," Coach J. P. Jones of the Indians said.

"We understand he's real good," the coach added.

If the Indians can't get a quarterback into shape the game may prove quite rough. Charles Ledbetter has been out with a shoulder bruise and John St. Clair was crippled by a leg bruise against Slaton.

As to whether or not Ledbetter will play, Coach Jones said:

"We'll just have to let him get out there and throw the ball some and see how it feels."

He indicated, however, that probabilities are that Ledbetter may not see offensive action except as a punter.

Two other stalwarts of the Indian line, Donnie Dewbre and Irwin Cooper were hampered against Slaton with knee injuries but are expected to be back in shape for the Post tilt.

Eddie Lyons, whose broken foot has kept him out for the past four games, is expected to be out at least two more weeks.

Coach Jones said emphasis this week will be on passing with not too much contact.

"We want to get everybody back in shape and don't want to take a chance on heavy contact," he said.

The Indians now are rated second in 4-AA standings, behind Denver City. The Antelopes are on the bottom of the pile.

However, the Antelopes have the ingredients for a winning ball club and could make this one rough for the Indians.

**Proper grazing is urged**

As the ant stores up food to carry him through to a good start next spring, so do the grasses of our area, Alton Taylor of the Soil Conservation Service in Morton said.

"That fact makes this season very critical for management of our grasses. They must have time to store food for the winter. Normally, a grass plant requires about half of its leaves to manufacture sufficient food for good wintering," Taylor said.

Taylor suggested that ranchers graze only about 50 per cent of the total year's production in order to keep the range in vigorous condition and to increase beef output from each acre.

Improved pasture grasses which are watered and fertilized will produce their best when grazed to the 50 per cent level a few times each season," Taylor said.

The grasses will have time for recovery after each grazing and will maintain good vigor and produce more pounds of seed per acre.

"The understanding and practice of good management of grasses will mean extra profit from the operation," Taylor concluded.

Indian painting presented

J. C. SHELTON, Morton justice of the peace and amateur painter, presented this oil painting of an Indian on horseback to the Morton High School recently. Receiving the painting is Mike Egger, president of the student council. The

painting is symbolic because the team nickname of the high school is "Indians." The painting presently is on display in the office of high school principal Bill Matthews.

## Area program building committee sets goals

Two immediate goals — obtaining farmers to cooperate in the Water Conservation Program and obtaining chemical weed control sites, were set Tuesday when the Cochran County Program Building Committee met.

Present were the TAP Committee, Ruth McGee, ASCS office manager, Cullen Dansby, SCS, Marvin Elliott, FHA and Owen Young Voc. Agriculture Instructor, Morton High School.

Executive Committeemen present were Roy Hickama, Don Workman, and Mrs. Alvie Harris. Others present were Homer E. Thompson, county agent and Jennie Allen, county home demonstration agent.

Ralph Bert, chairman of the committee was ill and did not attend.

First goal was to try and get at least 3 irrigation farmers to cooperate in the Water Conservation Program and keep accurate records on their irrigation wells for a three year period. Time of operation, time and in pumping service, fuel consumption by submitting the monthly bills, overhead and all operating expenses are to be kept. Meters are to be installed on each well to determine quantity of fuel used and water output. This data will be collected and submitted to an agriculture engineer with the ARS to analyze and interpret.

The Executive Committee is to assist in contacting local farmers to perform these tests and to exceed 5 irrigation farmers to co-tors.

The second goal is to set up two or more chemical weed control demonstrations in grain sorghum and cotton in 1965 on farms lo-

ated in Cochran County. The executive Committee will assist in contacting prospective farmers for these demonstrations.

At the meeting, the Chairman of the TAP Committee, Elliott, explained how FHA will cooperate in assisting this program financially and suggested ways his agency could cooperate. Elliott then called on Mrs. McGee, to give the committee her ideas on how the ASCS Agency can assist in carrying out these same goals.

Dansby gave the report on how the SCS can work with these co-operators on the goals selected.

Hickman on the Water and Soil Conservation Committee, gave a report on a letter received from the Chairman of the Texas Water Commission concerning the water uses, rights; and also a report on which agency is to control water depletion and pollution.

"Who is responsible for the control of water pollution," Hickman asked, "the State Water Pollution Board or the Railroad Commission?"

### Drapery workshop scheduled Nov. 2

A drape making workshop will be held Monday, Nov. 2 from 9 a. m. to 3 p.m. in the County Activities Building. It is open to all area women.

Those interested are asked to contact Mrs. Jessie Clayton or Miss Jennie Allen, Home Demonstration Agent, before Oct. 30.

"Drapery construction does not require a highly developed skill in sewing," said Miss Allen. "But faithful and careful following of directions and accuracy of measurements.

"If you are planning on making drapes anytime in the future, the workshop on drape making techniques should be of interest to you," she said.

### Wilson-Allison vows scheduled

Mr. and Mrs. J. G. Wilson, Route 1, have announced the engagement and approaching marriage of their daughter, Joyce Wilson, to Roger Allison, son of Mr. and Mrs. O. C. Allison, of Lubbock.

The double ring ceremony will be held Friday, Oct. 30, in the bride-elect's home. Harold Drennan will officiate.

The bride-elect is a graduate of Morton High School and is a senior at Texas Tech. The prospective bridegroom attended public schools in Lubbock and is employed by Tyson Poultry Company at Lubbock.

The couple will reside in Lubbock.

## Funeral services conducted for Mrs. T. W. Autry

Funeral services were held Oct. 15 at 2:30 p.m. in the Enoch Church of Christ for Mrs. T. W. Autry.

Terry Blake and Leon Kessler officiated. Burial was in Enoch Cemetery under the direction of Singleton Funeral Home.

Mrs. Autry, 92, died Oct. 13 at her home in Enoch. A native of Frederick, Okla., she moved to Enoch in 1934.

Survivors include four sons, Ed and E. M. Autry, Enoch; W. T. Autry, Dimmitt; A. B. Autry, Hereford; four daughters, Mrs. Belton Bryant, Mrs. Irene Whitaker, Hereford; Mrs. C. S. Doyle, Tacoma, Wash.; and Dona Autry of the home; two sisters, Mrs. Della Hodges, Brax, Calif., and Mrs. J. C. Ulrich, Snyder, Okla.; 26 grandchildren and several great-grandchildren.

# Annual Morton Homecoming unreels Friday

ations are nearly com- for the twelfth annual Home- celebration which will un- Friday.

A parade around the courthouse square will be held at 4 p.m.

### Football game

The football game between the Morton Indians and the Post Antelopes will get underway at 7:30 p.m.

At half-time, the Football Queen and Band Sweetheart will be crowned and honored.

Immediately following the foot- ball clash, the Ex Students Asso- ciation will meet in the school cafete- ria for a reception, reunion and

business meeting. In the line with the celebration, the school board has scheduled an open house at the new high school for Sunday, and the Athletic Boost- er Club will have their pancake supper from 5:30 p.m. until the food's gone Monday.

### Parade center

E. L. (Snowball) Willis, president of the exes, noted the parade will be the focus of interest for the celebration this year, with the re- ception also sharing the spotlight.

There will be no banquet, he said.

George Hargrove, who with Tommy Hawkins, are joint parade marshalls, said the parade will form at 3:30 p.m. on West Grant between Main and the school grounds.

Each float will be assigned a number, he said, and will report to the numbered area in the forma- tion.

"If anyone wants to enter a float and has not been given a

number, don't hesitate, come on down, we'll get it in," Hargrove said.

### Parade Route

The parade route will be from Grant to Main, then north on Main through the heart of town to the square. The procession will pass around the courthouse and disband on West Washington.

Leading the parade will be the Morton Indian band, under direc- tion of John Stockdale. Drum maj- or is Jeanetta Rowden.

In the vanguard will be police and sheriff's vehicles and possibly the Volunteer Fire Department trucks, homecoming officials said.

Floats have been entered by the High School Pep Squad, Freshman, Sophomore, Junior and Senior classes, the Bluebirds, the 1936 Study Club, Y-M Study Club, Em- lea Smith Study Club, the Young Democrats of the Cochran Area, the Morton Area Young Republic- ans and others.

THE MORTON, TEXAS, TRIBUNE, THURSDAY, OCT. 22, 1964

### Float Prizes

The first place float will win a prize of \$25, Hargrove said, with \$15 going to the second place and \$10 to third place.

Judges are Mrs. Scott Hawkins, Byron Willis and Jerry Daniels. They will be spotted in strategic points along the parade route. At the reception following the

football game, refreshments will be served and officers for the com- ing year elected.

At the meeting, the teacher who taught the longest time ago, and the student from the class the most years ago, will be honored.

Some 200 persons from out of town are expected for the event, Willis said.

## National Bible Week

We live in an all-too-casual world—a world in which almost everything, including religion, seems to be largely taken for granted. Far too few of us give a little time each day to reading the Bible—to seek and to find in it help toward meeting the problems and confusions of our age.

That is why National Bible Week, observed October 19-25, now takes on greater meaning than ever before. It is sponsored by the Laymen's National Committee, Inc., which is an All Faiths organization. This year the chosen theme is a tremendously timely one: "THE BIBLE: GOD'S WORD — MAN'S HOPE — IN UNITY."

How much that can mean to us all! It is anticipated that many millions of people will observe the Week and make it the outstanding and far-reaching success it deserves to be. But that is not enough. Every week should be a Bible week, every day a Bible day.

The greater our material abundance, the more faithfully we should build and sustain our spiritual values.

## Good news from Washington

The consumers of the country got some good news from Washington the other day.

The good news took the form of a report that the Administration tentatively has decided to request the repeal of a number of federal retail excise taxes next year.

These levies — which are the same as sales taxes — apply to such universally used items as cosmetics, handbags, jewelry, fountain pens and so on.

Most of them went on taxable status during World War II and the Korean Conflict, and were a justified emergency measure.

What is incredible is that they still are on the books all these years later.

The apparent fact that the Administration's decision is described as tentative poses a question mark.

The items involved in the tax cannot logically be classed as luxury items in our type of society. Numbers are absolutely necessities.

As a matter of simple justice, repeal should have taken place a long time ago.

Washington reports say that the plan also calls for repeal of reduction of other special taxes. These are like the retail sales taxes which one government official described as "increasing the cost of doing business."

The reason given for the administration move is that repeal would have a salutary effect on the economy at a time when it might be starting a downturn.

That is important.

What is even more important, it would seem, is now, years after the "emergency" taxes went into effect, the government finally may keep its word and relieve the citizenry of the "wartime emergency" burdens.

## No fairy tale

Once upon a time, the Federal government assumed that its citizens were honest.

This confidence was reciprocated by the citizens. Within the limits of human nature, both assumptions were correct, and well validated.

Today, Government seems to assume that all citizens are dishonest. There is some evidence that, too, is reciprocal.

In war time, free enterprise—or capitalism, if we want to be forthright—was loaded with the forced-labor expense of the withholding tax. Never having seen the withheld money, many workers still do not realize it is part of their earnings.

Now, the Government is engaged in coercing some citizens to tattle on others regarding dividends received. Once more, untold man-hours are taken from productive effort in business—again without compensation—and must be added to the cost of doing business. Everyone must furnish each dividend or interest-disbursing agent, whose acquaintance he has made through thrift and effort, with his social security number, or a reasonable facsimile.

Dividend checks usually arrive four times a year. The problem of the individual every time he receives a dividend or interest check:

- Have I furnished my code number to ABC Company?
- Did I furnish it to XYZ Company?
- Maybe I had better put it down anyway.
- Where is the infernal thing?

Not knowing very much about business (at least that is the charitable assumption), the bureaucrats failed to realize there are at least half a dozen sets of circumstances in which the report of a payer could be wrong. In these cases, Internal Revenue agents will have to call on the taxpayer and he will have to take time from making a living to prove he is not a crook.

Who said, "Economy is in itself a source of great revenue"?

### SADDEST NEWS OF THE WEEK

Saddest news of the week was an AP report from Houston. Plans are underway for a teenage Birch Society. Chapters among public school students are planned at the junior and senior high levels. Membership is open to youths age 13 to 19.

Now, you don't need to wait until you are an adult. At 13, you can learn to be suspicious and extremist, accusing those who do not think as you do of being disloyal Americans. Your list can include the late President, John F. Kennedy, and the former President Gen. Dwight Eisenhower.

Surely in the name of patriotism, if not in the name of Christianity, school officials and churchmen must work diligently to keep Houston youth from being deluded into supporting the Birch Society.

Bigotry is bad at 30; it is tragic at 13.

### The Texas Methodist THE UNEMPLOYABLES

Much is being said and written these days about the considerable number of people lacking in technical skills to operate the modern machines of industry and science — hence unemployment.

Lack of education is cited as the chief factor. Dropouts from school are singled out as a target and encouraged to continue their education, at least through the high school level, so that they may be qualified for the technical jobs of today and tomorrow.

We find no quarrel with either of these causes for concern and reasons for a portion of the pool of unemployed. But the chief reason, we are convinced, is restrictive law which makes it impossible and/or unprofitable to employ many of those people.

Culpit No. 1 is the law which prohibits youngsters under 16 from working in any kind of mechanical operation or in any business covered by wage and hours laws, and the section which prohibits the youngster under 18 from working around power machinery. When the youngster naturally wants to learn a trade—such as auto mechanics, printing, or many others — he is barred by law but for four years he can legally drive an automobile and turn it into a weapon of destruction, before he is permitted by law, to work under supervision in an auto repair shop learning what makes the thing go and how to repair it!

Culpit No. 2: The minimum wage law of \$1.25 per hour creates a big field of unemployed, for a great many people simply lack the intelligence or the skills to be worth \$1.25 an hour, so the employer quickly lets them go after one trial. Unemployables? Yes, at \$1.25 an hour — no, at a realistic wage which they are capable of earning in some sort of useful and necessary job. But because the employer is stuck with the \$1.25 minimum wage he quickly narrows employment to the apt and the promising, capable of producing after limited instruction. The worker who would require longer training, or who is incapable of producing services worth \$1.25 an hour, is let out — unemployed. Another name and all too often a whole family, is added to relief rolls.

The skilled worker normally is worth much more than \$1.25 an hour, and most of them earn it, but supply and demand pretty

well take care of his situation. Northing but a relief check, a handout from a charity fund, or illegal activity can solve the problem of the worker unable to produce the minimum required by law.

### Fort Stockton Pioneer MISFIT KIDS

We don't suppose Canadians are any smarter than Americans or have any better answers to problems confronting the citizens of both countries, but at least they have one politician up there who speaks plain and to the point.

He is the head of the famed Royal Canadian Mounted Police, Commissioner George B. McClellan. Evidently, the top Mountie in Canada as his counterpart, J. Edgar Hoover, is in this country.

The Mountie, speaking before a club in Toronto recently, laid it on the line and placed most of the blame for misfit kids on misfit parents.

The Commissioner has drawn up ten effective rules for parents to use if they wish their children to become misfits.

And the rules are worth passing along to every parent. They are:

"(1) Do not have any rules for child behavior or obedience in the home. This will ensure the child has no clear concept of right or wrong.

"(2) If you have any rules, enforce them intermittently. Ignore them when you are in good humor and knock the kid silly if he breaks the rules when you are tried or out of sorts. This will confuse him thoroughly. He won't know what is expected of him and will eventually resent all discipline.

"(3) Air your domestic disputes right out in front of the children, preferably with a little name-calling. This will ensure that he has no respect for either of his parents.

"(4) Never give a child any chores or regular duties around the home. This will convince him that you and the world owe him a living, without effort on his part.

"(5) If he is disciplined at school always go to the school and tear a strip off the teacher or the principal in front of the child. This will create an excellent contempt for authority at any level.

"(6) Later, when he has trouble with the police, which is most likely, bawl out the officer, or, better still, the Chief, being always sure to refer to the 'dumb cop.' This procedure will earn the child a diploma in contempt for and glorious Christmas are not far behind.

To the more sophisticated generation, fall brings football, high school activities and parties. To the mothers it gives a much needed rest after a summer of chauffering and entertaining their small authority.

"(7) When you are out driving with the family, exceed the local speed limit, but slow down when you see a police car. Be sure to speed up as soon as the police care is out of sight. This will show the child that the law is to be observed only if there is any danger of being caught.

"(8) If you are stopped by the police for speeding, and you are speeding, always deny flatly that you were exceeding the speed limit. Make a big fuss over it. Your child will then know that cheating and lying are acceptable procedures.

"(9) If you have managed to chisel a few dollars on your income tax, be sure and tell the family at the dinner table that night how smart you are. This should convince the youngsters that stealing is all right if you can get away with it.

"(10) Never check up on where your youngsters are in the evening. Never mind what time they get home. Never, never, try to learn anything about their friends. This one is almost sure fire."

### Andrews County News SHADES OF GREEN

It is said that the spring of the year is the time of promise. Autumn, however, carries an excitement and anticipation for all. To the youngster the cool nights arouse the spirit of Halloween and all know that Thanksgiving fry. And to the mighty sportsman, what more wonderful time of year is there?

Fall is the promise of bagging a bigger buck, of watching the old school excel on the gridiron, and of sitting back and watching the World Series. Mrs. Margaret Moore brought home her New York Yankees to lead the American League and Pete Peterson helped us get the good old Cards back in a Series after 17 years without a winner.

Yes, this is a wonderful time of year. You awake from a refreshing sleep in an air-cooled (by nature) room. You have a new spring in your step and you feel better. Your only problem is to find time to do all you wish to do.

How can you take in that bird hunt, see the Series, get in eighteen holes of golf, go to the big football game, all in one Saturday afternoon? This fall season has come to us wrapped in green.

Rather than the tans and browns usually associated with this time of year, the wonderful rains have kept our pastures green. Our rivers in the area are full to overflowing and again we have the promise of good crops for the winter harvest and early spring.

This fall has brought out the fishermen, too, since high waters have brought fish in from other areas and opened new fishing hol-

## Highlights and sidelights

# Spending hike is proposed

AUSTIN, Tex. — An increase of \$107,000,000 in state expenditures for higher education and doubled tuitions in state colleges and universities is proposed.

Texas Commission on Higher Education recommends a \$47,100,000 budget for upper level institutions during the 1965-67 biennium. Figure includes \$307,500,000 for 22 state-supported senior colleges and universities.

Tuitions under the Commission's recommendation would be hiked from \$50 to \$100 a semester. Last increase was in 1957, when the rate was raised from \$25. If the Legislature approves this hike, revenues would be boosted \$33,000,000 — leaving some \$74,000,000 more needed from tax funds.

Overall budget increase of 45.2 per cent would permit a 23 per cent faculty salary raise. Previously, the Commission had asked a \$5,900,000 supplemental appropriation for faculty salaries.

Commission also recommended "phasing out" Texas Southern University's law school.

CONNALLY GETS NEW JOB — Gov. John Connally returned from the Southern Governors' Conference in San Antonio with a new honor and a new assignment.

Already chairman of the National Democratic Governors' Caucus, he was unanimously elected chairman of the Southern Conference of chief executives.

In a three-day session, the governors discussed a variety of state problems and adopted 14 resolutions. Among the latter was one urging a federal constitutional amendment to permit states to take other factors than population into consideration in reapportioning their senators. Resolution was aimed at nullifying a U. S. Supreme Court decision ordering both houses of state legislatures apportioned on the basis of population alone.

Three governors blocked action on Alabama Gov. George Wallace's resolution calling on the federal government to leave operation of public schools entirely in the hands of states.

TEXAS BIDS — State Democratic Committee has authorized Chairman Marvin Watson of Daingerfield to enter a bid for the 1968 Democratic Convention in Texas.

Watson will name a committee to consider possible host cities.

COURTS SPEAK — Court of Criminal Appeals ordered a new trial for a man convicted of murder, because his attorney filed an appeal after the deadline. Court heard argument that the trial attorney for the defendant lacked sufficient experience.

Third Court of Civil Appeals heard pleas that the new state loan shark law was applied unconstitutionally in an Austin district court. Court had ordered package store owner E. L. Parker to stop lending money at rates over 10 per cent without a license.

State Supreme Court upheld an appellate court's "time is of the essence" ruling in deciding the contract contest between Concord Oil Company of San Antonio and Alco Oil and Gas of Illinois. Court said termination of the contract by letter promise to "wait and see."

TEXTBOOK PROTESTS — Witnesses protesting adoption of three high school biology textbooks charged that evolution is an atheistic, unscientific and materialistic theory that should not be taught in public schools.

State Textbook Committee took protests into consideration after a public hearing. Actually, eight books on the list were opposed. Principal targets were the three books developed by the National Science Foundation.

OIL PRODUCTION — Texas Railroad Commission set oil production for November at 28.4 per cent of potential.

Figure represents a slight increase over October, which was limited to 2,860,000 barrels daily under a 27.9 per cent of potential order.

MENTAL HEALTH PLAN — A statewide citizens committee has approved a new program of mental health services.

Earlier, a steering committee had recommended creation of a single agency — Texas Department of Mental Health — to administer state-financed mental health services, including all mental hospital facilities.

Missing pieces in the Texas plan included facilities, financing and administration.

es. All in all, this is a fall of great promise for a future year of abundance if we use our minds and hands.

All things come of Him, however, and we should turn to Him in thanks for the glories of the season, the good health which enables us to enjoy the autumn days, and a country where we are free to choose our form of entertainment. From daybreak to sunset we owe our opportunities to the Almighty and we should pledge our children that we shall always insure them this same opportunity to enjoy life.

"A GOOD HABIT! BUYING U.S. SAVINGS BONDS IS ALWAYS THE BEST OF GOOD HABITS YOU CAN DEVELOP! THEY'RE SAFE, THEY'RE URGENT, AND THE PURCHASE OF EACH U.S. SAVINGS BOND HELPS YOUR COUNTRY WHILE YOU HELP YOURSELF TO SECURITY!"

Hale County Judge C. L. Abernethy, chairman of the 112-member general planning committee, said efforts will be stepped up between now and next January to inform the public and officials about the recommendations which will be submitted to Governor Connally and the 59th Legislature.

PARK LAND — Parks and Wildlife Commission Chairman Will Odom said Texas may lose up to a third of its park land during the next 80 years because leases are expiring.

Odom called for a program of land acquisition to prevent loss of needed acreage when he spoke at the State Conservation Conference.

Earlier, he had lauded Gulf States Marine Commission for efforts to develop the fishing industry and bring sea resources to the public for general benefit.

WATER NEEDS TALKED — Atty. Gen. Waggoner Carr told Texas Water Conservation Association all units of government must work with private enterprise and individuals to assure a water supply adequate to meet Texas' needs.

Brig. Gen. R. H. Free, commander of U. S. Army Engineers, said Texas must have an overall program of water development.

SCREWORM BATTLE — The screwworm eradication program, which was conceived by individual livestock producers in Texas and later embraced by State and Federal animal health authorities, now is such a big success that only 102 cases of screwworm infestations have been reported in Texas this year. This compares to 3,000 cases in the last half of 1962.

According to Dr. Seymour J. Smith, State supervisor for the sterile screwworm plant in Mission, the picture is even brighter than those figures indicate because reporting of cases by farmers and ranchers has improved more than 100 per cent.

EMPLOYMENT UP — Employment statistics from the Texas Employment Commission show a big increase in August. There were 3,322,300 jobholders in non-farm category in July, compared with 3,225,600 in August. More significant was a drop in employment: 132,500 were laid off for work in August, compared with 150,500 in July, and 174,500 in August of 1963.

COMMITTEE ON AGING — Governor's Committee on Aging, chaired by State Senator W. H. Richter of Gonzales, will be the next Legislature to establish a permanent Texas Commission on Aging.

Purpose of the Commission would be to work with community groups interested in the problem of Texas' senior citizens and coordinate efforts of local organizations with those of state agencies.

CITRUS CROP UP — The 1964-65 citrus crop will be a half times greater than last year's 740,000 boxes, reports USDA Crop and Livestock Reporting Service.

CLRS estimated a 2,400,000 fruit crop for the coming year including 2,400,000 boxes of grapefruit and 1,600,000 boxes of oranges.

Widespread showers and watershed of the Lower Rio Grande Valley were credited with such proper fruit sizing.

SHORT SHORTS: State Savings and Loan Commissioner James Gerst postponed until December the hearing on an application for Portland Savings and Loan association.

Attorney General Carr filed more suits alleging slant-bank well activities in five Rusk County wells against H. L. Long and K. Maxwell, both of Kilgore.

A highway program even later than the present one will be set for Texas in 1972, according to T. Lawrence Jones, deputy highway administrator.

From your Chamber of Commerce

By JOHNNY JOHNSON

Our job or someone else? It is not a civic duty. It is an economic responsibility — the responsibility of the business men of the community. It should be the top priority project of the business interest of any community.

The forces of change in the community are always at work . . . for good or for bad. For good, the changes must be harnessed . . . must be anticipated and must be planned. For bad the change will put a stress on all the business community.

If, these statements are true, area development becomes a matter of sound business. It is a matter of survival. Other groups recognize that area development is important and must be taken care of.

Yes, the Federal Government has a program for Area Redevelopment . . . that means when we fail to take care of the changes and problems as they arise, we call on the federal government to do our job for us. They get the money for their program . . . to continue to build, to rebuild. This is not a place where the federal government takes over the rights of the citizen, but takes up when we fail to act. I think the saying is "don't knock it if you haven't tried it".

Area development is the process by which, we the business organizations, take charge of the changes and then make them make money for us. Area development means that you develop any size

# Homecoming born on miserable day

A cold, wet, miserable day in Morton High School was held Oct. 19, 1956, as the first Homecoming celebration was held. The weather was so bad that the Indians lost the football game to Stanton, the first celebration was a success.

It was a Homecoming celebration largely because of the efforts of those who staged the celebration on Nov. 6, 1953.

On Oct. 21, 1953 a group of ex-students got together to discuss the formation of an ex-student organization. They decided to have a Homecoming Nov. 6.

**Leaders named**

Leading the group to spearhead the first Homecoming was Roy Cooper Jr., a 1938 graduate. He assisted him were Mrs. Neida Nations, secretary-treasurer.

Activities that year included a parade led by the Indian band with floats from classes and a pep rally in the school building. The agriculture building of county park and the football game were highlights of the year.

**1934 Officers**

Selected to head the next celebration — held Oct. 15, 1954 — were Mrs. J. C. Reynolds, president; J. E. (Tubby) Holloman, secretary; and Mrs. Jack Walbridge, secretary-treasurer.

Highlights of that second Homecoming included a registration tea at the high school and the football game between Morton and Stanton. The Indians won 20-6.

The dinner was held in the new County Activities Building and prepared by the homecoming class.

**Monroe elected**

M. (Smiley) Monroe headed the ex-student association officers for the year of 1955. Assisting him were Mrs. M. A. Silvers, vice president; and Mrs. J. E. (Tubby) Holloman, secretary.

**1954 Officers**

Selected to head the next celebration — held Oct. 15, 1954 — were Mrs. J. C. Reynolds, president; J. E. (Tubby) Holloman, secretary; and Mrs. Jack Walbridge, secretary-treasurer.

**1953 Officers**

Selected to head the next celebration — held Oct. 15, 1954 — were Mrs. J. C. Reynolds, president; J. E. (Tubby) Holloman, secretary; and Mrs. Jack Walbridge, secretary-treasurer.

**1952 Officers**

Selected to head the next celebration — held Oct. 15, 1954 — were Mrs. J. C. Reynolds, president; J. E. (Tubby) Holloman, secretary; and Mrs. Jack Walbridge, secretary-treasurer.

**1951 Officers**

Selected to head the next celebration — held Oct. 15, 1954 — were Mrs. J. C. Reynolds, president; J. E. (Tubby) Holloman, secretary; and Mrs. Jack Walbridge, secretary-treasurer.

**1950 Officers**

Selected to head the next celebration — held Oct. 15, 1954 — were Mrs. J. C. Reynolds, president; J. E. (Tubby) Holloman, secretary; and Mrs. Jack Walbridge, secretary-treasurer.

president, and Marie Scott, secretary-treasurer.

The third annual Homecoming drew about 250 exes to the celebration.

The O'Donnell Eagles opposed the Indians at the 1955 Homecoming game, defeating the Morton squad 18-7. During the halftime the school band saluted the visiting exes with a special program.

**1956 celebration**

Mrs. Al Mullinax headed the association as president in planning the 1956 celebration. Other officers were J. T. Holloman and Alice Lindsey.

Sudan met the Indians here for the fourth annual celebration grid contest, and bested the local eleven 27-0.

The traditional pep rally, and dinner were features of the celebration that year.

**Russell president**

Snookie Russell was president of the association which planned the fifth gathering on Oct. 18, 1957. Other officers were Bill Crone, vice president and Dub Hodge, secretary-treasurer.

The Indians defeated their grid opponents — Farwell — by the score of 25-0 to enhance the celebration that year.

**Good representation**

The sixth annual Homecoming on Oct. 24, 1958, featured top representation at the meeting. Only five classes from 1927 to 1958 lacked representation at the homecoming dinner that year.

G. F. Cooper Jr. was president of the association that year with Mrs. Bill Bridges and Mrs. W. B. Merritt vice president and secretary-treasurer respectively.

The Indians got in the losing column again that year as Olton overran them.

**Oct. 30, 1959**

The seventh Homecoming celebration was headed by Herman Bedwell as president, with Mrs. H. B. Barker and Mickey Christian vice president and secretary-treasurer respectively.

The celebration took place on Oct. 30, 1959.

Morton's football team managed to win the homecoming game by running rough shod over the Muleshoe Mules, 34-14.

The eighth Homecoming was celebrated Oct. 19, 1950. Murray Crone was selected to head the association as president for that celebration. Other officers were Hub Cadenhead as vice president and Mrs. Lem Chesher as secretary-treasurer. Dot Irwin was secretary-treasurer for a short time.

At the Homecoming dinner that year the class of 1930 was recognized as the earliest class represented with Mr. and Mrs. Mike Dawdy of Port Lavaca honored as the exes traveling the greatest distance to attend.

Rupert McCasland was honored as the oldest teacher of schools here present.

The Olton squad defeated the Indians that year, 38-22.

**1961 observance**

The ninth annual homecoming celebration was presided over by Elmo Smith.

First vice president was Mrs. Reba Brown; Mrs. Peggy Allsup, second vice president, and Mrs. Pat Mullinax, secretary-treasurer.

It was held Oct. 27, with a pep rally, parade and dinner and football game in the observance.

Jimmy York a 1940 graduate from Lincoln, Ark. was honored as the ex traveling the longest distance to attend and Joe Carroll of Roswell, N.M. was honored as the teacher coming the longest distance.

The Indians beat the Mules, 31-14 that year.

**Early coronation**

The tenth annual observance — on Oct. 26, 1962 — featured a coronation of the football queen and band sweetheart at a morning assembly. Previously and since they have been crowned at the football game halftime.

The pep rally, parade, dinner and football game again were features of the celebration.

At the dinner Major Howard Nettles of Fort Huachuca, Ariz., was honored as being the ex from the farthest distance; and the 1932 class was recognized as being the oldest class represented.

Jack Russell was president of the 1962 celebration. Other officers were Steve Bracken, first vice president; Royce Hanna, second vice president; Dub Hodge, third vice president and Betty Akin, secretary-treasurer.

**Last year**

Officers for the eleventh observance, Oct. 18, 1963, were Jug Hill, president; Mrs. Doris Simpson, first vice president; John Stockdale, second vice president; Ralph Ware, third vice president and Mrs. Deloris Davis, secretary-treasurer.

Prizes were given to Mr. and Mrs. Andrew Essary of Lamesa as being the ex-teacher coming the longest distance, and John Zielinsky of Ausburg, Germany, as the ex-coming the most distance.

The Mules stamped the Indians, 24-0 before the huge homecoming crowd.

**Officers now**

E. L. (Snowball) Willis is president of the association and is heading the celebration this year.

Other officers are Kirby Lacey, first vice president; Truman Doss, second vice president; Mrs. Earl Polvado, third vice-president, and Mrs. Dewayne Smith, secretary-treasurer.

The banquet will not be held this year.

Activities include a parade, pep rally, football game and business meeting following the grid clash. The Indians take on Post before the homecoming exes.

## Whiteface Boy Scout drive gets underway

WHITEFACE — O. C. Rankin has been named community chairman of the South Plains Council finance drive for the Boy Scouts of America here.

Truman Sweeney is assistant chairman and in charge of the prospects division of the drive.

Other leaders are H. D. Galvin, advance givings and sustaining membership; W. D. Ashmore, general solicitations and Vern C. Beebe, auditor chairman.

Solicitation captains for the drive which will get underway Nov. 10, are Darwood Marshall, W. O. McCutcheon, Cloyce D. Pond, Mrs. Cecil Scribner, Mr. and Mrs. R. D. May, David Clark, Wade Taylor and Tom Abbott.

In announcing his organization, chairman Rankin said: "The Whiteface community has for several years participated in this worthwhile program. It is the aim of these volunteers to contact every citizen in this community and give each and everyone an opportunity to help."

"The purpose of the scouting program is to give all boys an opportunity to grow in citizenship and strengthening our American Heritage for tomorrow."

In Whiteface, the Lions club sponsors the cub pack and the Methodist Church sponsors a boy scout troop and explorer post.

Money collected during the drive will be used to provide professional services, camps at Silverton, Post and Tres Ritos, N.M., and an aquatic camp at Crosbyton.

More than 9,000 boys are in the scouting program of the South Plains Council. The goal is to draw some 12,000 boys into the program.

Mr. and Mrs. L. S. McCarty and his mother, Mrs. Annie McCarty of Alton recently visited in Fortuna, N.D., with Mr. and Mrs. Larry Castleberry and son. Mrs. Castleberry is a daughter of Mr. and Mrs. McCarty. While gone they also visited points of interest in Canada, South Dakota, Colorado and Nebraska.

John Haggard and Fred Payne attended a tax conference last Thursday and Friday in Lubbock.

Mr. and Mrs. Joe Nicewarner have been visiting in Missouri with her mother and other relatives.

## HD Agent's notes

By JENNIE ALLEN

Spaghetti for breakfast?

Don't be horrified. With a glass of milk and perhaps a piece of fruit, it's pretty good — though somewhat unorthodox — way to start the day.

And if your youngster will stop long enough to eat it, give it to him. Any food in the morning is better than no food. Some choices, however, go farther than others in meeting the day's needs.

All too often teen-agers, and even grade-school youngsters, will skip breakfast. They need more time to get dressed or the bus is waiting or maybe they think the breakfasts Mom serves aren't jazzy enough.

That's when you come forth with a hamburger or frankfurter — with all the trimmings. Along with fruit juice and milk, this a good breakfast.

Your first-grader may prefer a peanut butter sandwich, a serving of last night's pudding, and a glass of milk. He can take an orange along to school to eat at recess or snack time.

It's not so much what foods children eat, so long as they get the nutrients they need. A child doesn't have to drink milk for breakfast or even as ice cream. Vitamin C is most easily obtained from citrus fruit or juice, but there are other ways of getting it, too. Teen-agers probably would go for a big chunk of watermelon in the summer, or cole slaw with that hot dog. Both contain Vitamin C.

So include foods your youngster likes for breakfast — be off beat — be imaginative. And they'll come to the table just to see what's new.

Pleats to grow on

Clothes that grow with the child... that's the dream of every mother of school-age children.

Yet how? Shop for garments that allow for growth. In a little girl's dress, fullness — gathered, pleated, or circular — set on each side of the front and back allows for action and growth.

Dresses without belts or definite waistlines will fit comfortable as the child grows taller.

Select a garment that has roomy armholes and short sleeves without cuffs or bands. Bands hamper arm movement and become tight-

er as the child grows.

Look for deep hems and ample seams for making needed adjustments.

Simply styled dresses are always high fashion. And they're easy to care for, saving time and lightening work for mother.

Leather like cotton

Like Rumpelstiltskin, who spun straw into gold, an Italian textile technician goofed and turned cotton into leather.

In experimenting with various protective coatings for cotton fabric, the lab technician was told to apply a silicone resin to the smooth side of a cotton flannel. Instead, he got the napped side up and the silicone finish took on a grained effect.

A laboratory aid took a few yards of the rejected fabric home to his wife. The wife was clever with a needle. She designed and made herself a garment. Everyone who saw it swore it was leather. It looked like leather; it felt like leather; it was easier to sew than leather. Finally her husband convinced her she should wear the garment to the laboratory where the technician and his boss could see it. She is.

The boss liked what he saw and named the fabric Aerpel. The name is derived from two Italian words for air and leather. The fabric is said to breathe air through its natural pores.

The National Institute of Dry-cleaning has tested the new cotton fabrics that look like leather. After five successive drycleanings the fabric remained soft and supple. Shrinkage was negligible. The fabric can be finished like a woolen garment.

Coffee for flavor

To ¾ cup chilled whipping cream, add 1½ tablespoons confectioners' sugar and 1½ teaspoons instant coffee. Beat until thick and glossy. Makes 1½ cups. Delicious on puddings, custards, delicate cakes, spicy pies, or atop sundaes.

Remember you can use instant coffee for flavoring directly from the jar. And try left over brewed coffee in place of water in many recipes for gravy, sauce, frosting and puddings.

Mr. and Mrs. Joe Nicewarner have been visiting in Missouri with her mother and other relatives.

DEPENDABLE MERCHANDISE  
By the Traffic Light in Morton

Mrs. Don Hofman submitted the recipe for this week. It is a rich cake, somewhat tedious in the preparation but very satisfying when finished.

**Pecan Glory Cake**  
 3/4 cup sifted all purpose flour  
 2 teaspoons cinnamon  
 1 teaspoon salt  
 9 eggs, separated  
 1 1/2 cups sugar  
 2 teaspoons vanilla  
 2 cups, finely chopped pecans  
 Sift flour with cinnamon and salt. Beat egg whites in large mixing bowl until soft mounds form. Gradually add 3/4 cup sugar, continue beating until very stiff. Combine egg yolks, the remaining 3/4 cup of sugar and vanilla in a smaller mixing bowl; beat until thick and lemon colored.

Stir in dry ingredients. Fold batter gently but thoroughly into egg whites. Fold in nuts. Turn into ungreased 10 inch tube pan, bake at 350 degrees for 55 to 65 minutes. Cool completely before removing from pan. Serve with whipped cream.

Mrs. Hofman is the daughter of area pioneers. Mrs. Silvers and the late Charles Henry Silvers, cowboy-rancher, Abby Marie Silvers was born in San Angelo, moving with her parents when quite young back to the plains area. She started school at Lingo, N. M., attending school at Bledsoe

## Morton High School notes

By MIKE EGGER

Two Morton High School students attended the High School Nuclear Science Symposium presented on Saturday, Oct. 17, at Texas Tech and the Southwestern Public Service Co.

Attending were Martin Valenzuela and Mike Egger, J. J. Jenkins, chemistry and physics teacher, accompanied them.

Leading colleges and university lecturers discussed the atom and electric power, the physics of the nucleus, research in controlled the monuclear reactions, atoms and molecules at very low temperatures, mathematics and physics and the modern uses of radioactive materials.

Floats for the Homecoming Parade tomorrow are now being worked on by members of most classes and clubs at the high school.

A mock Presidential election tentatively has been scheduled for MHS by the Student Council for Oct. 27, a week before the real thing.

The Young Democrat and Young Republicans clubs of the community are in charge of the campaigns at the school.

There is still time to buy a Homecoming mum. They may be bought from any Student Council member.

The deadline is today, but late orders will be accepted until 8:45 a.m. Friday morning — the date of Homecoming.

Magazine subscriptions to help finance a trip to the Buccaneer Band Festival in Corpus Christi, are being sold by the MHS band.

Darla Turney, 17, has been elected sweetheart of the MHS Pep Squad.

Darla, a senior is daughter of Mr. and Mrs. James Turney.

Six black and gold trash cans now decorate the campus of MHS.

The Student Council painted the cans to be placed at strategic points around the campus.

Three are painted black with a gold Indian head and the others are gold with black Indian heads.

A new painting decorates the principal's office at the high school.

The painting was donated by J. C. Shelton and is on display in Bill Matthew's office.

The Methodist Youth Fellowship of First First Methodist Church had an after-church social at the home of Dr. and Mrs. W. D. McSpadden last Sunday night.

The guests had refreshments and music from a new stereo sound system installed in the McSpadden home.

Attending were Dr. and Mrs. McSpadden, Mr. and Mrs. John Crowder, Mr. and Mrs. Melvin McCoy and Bronnda McCoy.

Youth attending were Barbara Brook, Ricky Monroe, Donna Hofman, Mike Irwin, Linda Rose, Mike Ferrell, Margaret Ledbetter, Doug Miller, Barbara Dunn, Jeaneatta Rowden, Mike Egger, Rusty Rowden, Charles Hofman, Dan Trice and Betsy Crowder.

## A. S. Key, 80, dies in Morton, funeral conducted

Services were held for A. S. Key, 80, in Morton Methodist Church, Friday.

The Rev. H. F. Dunn, pastor, officiated. Burial was held in Morton Memorial Cemetery under direction of Singleton Funeral Home.

Key, a retired farmer, died Oct. 14, in Roberts Nursing Home where he had resided for the past six months. He was a native of Earth County and moved to Morton in 1944 from Roswell.

Survivors include his widow; three sons, W. R., Morton, Harold Lex, Pasco, Wash., and Malcolm, Eastland; five daughters, Mrs. Leon Nash, Floyd, N.M., Mrs. Bob Main, Albuquerque, Mrs. Lloyd Jackson, Portales, Mrs. Lowell Payton, Hobbs, and Miss Kova Key, Morton; six sisters, Mrs. Vada Straley, Olney, Mrs. Ed Roberts, Roswell, Mrs. Bessie Parsons, Salt Lake City, Utah, Mrs. Nell Angley, Artesia, Mrs. Mary Williams, Lufkin, and Mrs. Jewel Eagan, Littlefield; three brothers, Calvin, Morton, George, Idalou, and Milton, Idalou; 20 grandchildren and six great-grandchildren.

## HAPPY HOUR SEWING CLUB

Four members of Happy Hour Sewing Club met Thursday afternoon with Mrs. Tom McAlister to make plans for the annual Thanksgiving luncheon.

In addition to the hostess members were Mrs. H. S. Hawkins, Mrs. F. F. Roberts and Mrs. H. O. Rogers.

Deer hunters show game

GENE RODDAM, left, and Carl Knott, both Morton area farmers, show off their take as they had a successful deer hunt near Gunnison, Colo. The pair returned home Wednesday

after a six day trip. They bagged two bucks and two does — one buck weighing about 200 pounds.

## Indians eek out slim victory over Slaton, 22-14

Morton's Indians eeked out a very slim 22-14 victory over the Slaton Tigers last Friday as the conference wars started.

The fired-up Tigers marched to the Morton 39 yard line and again to the 41-yard line in the first period before giving up the ball on downs.

The Indians, meanwhile, made not a single first down and could not cross the mid-field stripe during the first quarter.

### Pass Stolen

As the second quarter opened, the situation changed. Bobby Dobson snatched a Tiger aerial from the Indian 32 yard line and raced to the Slaton 28 before being brought down.

The Indians staged a drive, going the 28 yards to score in six plays.

Dobson made the tally from four yards out and then dashed across to add the extra points, leaving the score 8-0 with 7:12 left in the second period.

The Tigers came right back, however, and scored two minutes later.

### Long return

The Slaton score was set up when Johnny Hennington took the kickoff from the un-shod foot of Danny Culpepper on the Tiger 14 and returned it to the Morton 30 before Kenny Palmer brought him down.

Officials then called an unnecessary roughness penalty against the Indians for "piling on" and moved the ball up to the Morton 18 yard line. From there, it was easy for the Tigers.

Hennington again got loose and dashed 13 yards to the Morton one before being stopped. The Tigers drew a five yard penalty, which put them back to the six - yard line.

### Touchdown pass

Quarterback Billy Gass passed to end Larry Smith for six yards and the touchdown.

Hennington ran the points, though it appeared to those on the sidelines that he did not make it, official ruled he did and the score was tied up with 5:20 left in the half.

The Tigers tried an offside kick to start the second half, and Eddie Holloway pounced on it at the Morton 35 yard line.

The Indians marched the necessary distance in ten plays, with Dobson, Griffith and Palmer totting the pigskin. Dobson carried for seven, four, seven and 16 yards; Griffith in for six, six and three; and Palmer rambled for nine and then dashed across from three yards out to score.

### Palmer converts

Palmer also added the extra points and with 7:34 left in the period, the score was 16-8 with the Indians leading.

Billy Laws set up the next tally for the Indians as he pounced on a Tiger fumble on the Slaton 38 yard line late in the third period.

The Indians put on the push and went across seven plays later with Dobson carrying the leather. Griffith, attempting to make the conversion, stumbled and fell, and the score was 22-8 with 3:14 left.

### Slaton Passes

Slaton hit the airways after that score and marched to score from their own 24-yard line.

Larry Gamble hit on pitches of 26, nine and 22-yards to push the

drive along.

Sparky Stevens rushed for 10-yards, Bobby Brake added three, Phil Goad two and Gamble finally hit pay dirt with a scrambling scamper of three yards. Gamble tried to run the conversion but failed and the score was final at 22-14 with 11:25 left in the last period.

Not content to let it stand that way, the Indians staged a rough drive from their own 25 yard line and marched to the Slaton six before it bogged down.

Electing to gamble on a fourth down, two yards needed situation, quarterback John St. Clair handed off to Dobson, but he failed to pick up the necessary yardage and the ball went to Slaton.

The Tigers hit the air-planes again, moving from their own six-yard line to the Morton eight when the whistle killed the game and the drive.

Gamble hit Brake and Smith with shots of 29, five, 25 and 16 yards to help the drive, while mixing in a little running by Hennington, who picked up 14 yards on the ground on two carries.

Indians defensivemen, including Charles Ledbetter, the ailing starting quarterback, were able to knock down six of the Tiger passes along the way.

### Leading rusher

Bobby Dobson, the Indian's powerful running back, was the game's top rusher — picking up 120 yards on 26 carries for a 4.6 yard average.

Griffith added 82 yards on 17 carries for a 3.6 average. Palmer got 41 yards on seven tries and a 3.8 average, and St. Clair lost one yard the only time he tried to carry. He was hampered by a leg bruise received against Abernathy last week.

For Slaton, Hennington was the top rusher, gaining 72 yards in 15 carries for a 4.8 average.

Other Tiger backs were Stevens, 25 yards on seven tries; Gass, 11 yards on six carries; Goad, 26 yards on nine carries; Brake, five yards on two carries, and Gamble, seven yards on three carries.

### Top passer

It almost goes without saying that Gamble was the top passer of the game, hitting seven passes of 17 for 132 yards. Gass hit one of two for six yards and a touchdown.

The Indians return home next week to tackle Post for the annual Homecoming game and an important one for grid conference standings.

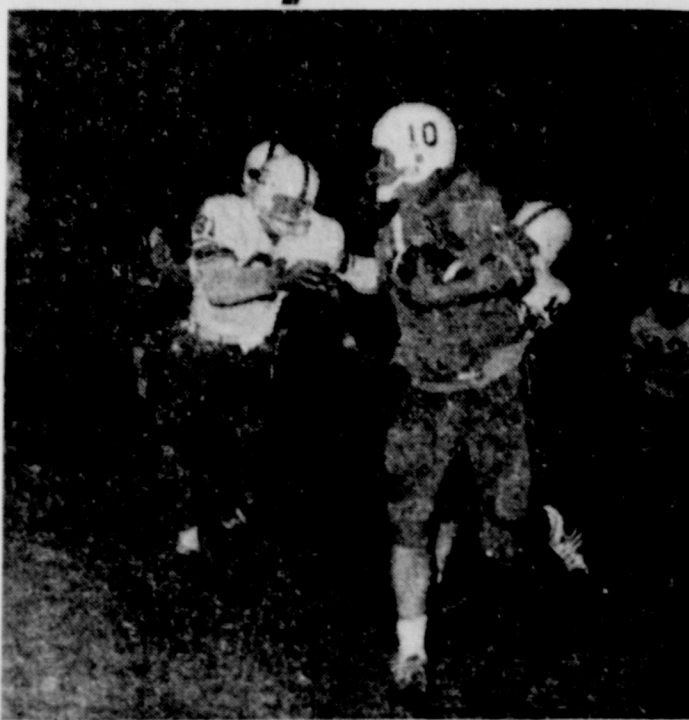

The Tigers will take on powerhouse Denver City at Denver City. The Indians now have a six win, one loss record, and the Tigers have a four win, three loss standing.

## Whitface Antelopes hit hard on ground, defeat Frenship, 41-14

WHITEFACE — The Antelopes used a tough running game to thoroughly defeat the Frenship "B" Bombers here last Thursday, 41-14.

Lupe Alaniz, and Raymond Guajardo each scored two touchdowns,

Wilmer Jackson added one and James Moore added another to lead the Antelopes to victory.

The Antelopes journey to New Deal to tackle the Lions at their homecoming at 2 p.m. Saturday. The game also marks the opening of conference for both teams.

In the game last week, Alaniz scored on a 75 yard pass interception return and a 48 yard run from scrimmage.

Guajardo added his points on a 40 yard pass interception and a 20 yard run.

Moore scored on a 20 yard run and Jackson got his points on a 10 yard scamper.

Outstanding defensivemen were Jimmy Newman and Henry Knox. Extra points were added in the game by Larry Kern who kicked three perfect boots over the uprights.

Coach Emmitt Broderson noted that he expects a tough contest when the Antelopes take on New Deal.

The coach pointed out that the Lions' top scorer, Randy Peeples — in fact the top Class B scorer on the South Plains — is expected to be back in action Saturday after being out a week with a hip injury.

"They also have a 157-pound junior quarterback, Gary Willingham, and a 170-pound senior half-back-fullback, Jerry Brown, who are tough," Coach Broderson said.

On the line the Lions have a 216 pound junior who is big, but moves well," the coach added, pointing up the top men on the New Deal squad.

"They like to run — using lots of counters and sweeps," he said. "They are going to be up for this one — their Homecoming."

## Freshman gridders win contest over Frenship, 42-14

Morton's freshman gridders emerged victorious last Thursday as they battled Frenship.

The running of Jimmy Waters and Donnie Ray Harvey powered the frosh to a 42-14 win over Frenship.

Waters broke open the scoring first with a three yard plunge through to score, and then added the conversion.

Harvey scored again as he dashed 12 yards, and again converted.

Harvey got in on the scoring then as he ran 25 yards. Water's try for point failed.

Before the half, Waters scored again, this time from 18-yards out. The extra point failed and the half time score was 28-0 in favor of Morton.

Waters added a score on a 37 yard run and a conversion and Harvey tallied on a 30-yard ramble in the second half.

Both of Frenship's scores came on sustained drives in the fourth period.

The freshmen have an open date this week, but will journey to Muleshoe to take on the freshmen there at 6 p.m. Oct. 29.

## Bula Bulldogs whip Cotton Center Elks Junior High boys trade out with Friona, lose, win

BULA — Bula's Bulldogs trounced the Cotton Center Elks, 36-6 behind the running of Pat Risinger, Michael Overland and Kenneth Overland here last Friday.

The Bulldogs take this week off, preparing for their Homecoming confrontation with Smyer, Saturday, Oct. 31 at 7:30 p.m.

In the Elk rout, Risinger ran for three tallies, Kenneth Overland for one and Michael Overland for one and three extra points.

The Elk defeat marks the second conference win for Bula. They earlier had defeated Whitharral.

## Morton soldier is serving in Germany

GRAFENWOHR, GER. (AHTN-C) — Army Pvt. Donald W. Woods, whose parents, Mr. and Mrs. Walter K. Collins, live at 517 N. E. Sixth St., Morton, Tex., and other members of the 4th Armored Division, participated in a three-week field training exercise at Grafenwohr, Germany, ending Oct. 2.

During the exercise Woods underwent extensive weapons firing and marksmanship training.

The 17-year-old soldier attended Morton High School.

## Junior High boys trade out with Friona, lose, win

Morton's junior high footballers traded out with Friona last week as the seventh graders won, 14-8 and the eighth graders dropped a game, 34-8.

In the seventh grade contest, Ralph Enriquez scored both the touchdowns and then ran the conversion on one of the tallies. One of the runs from scrimmage covered 20 yards and the other about 25.

The seventh grade defensive unit ton's lone score was made by squad to crack. Late in the fourth period, the Friona boys moved within the Morton 10 yard line and made a first down.

The Morton boys, however, put up a strong wall and held them scoreless for four plays and saved the ball game.

In the eighth grade loss, Morton's lone score was made by Wayne Thompson who went over from the four yard line. The tally was set up by a pass from Byron Willis to Curtis Sandy which covered some 60 yards.

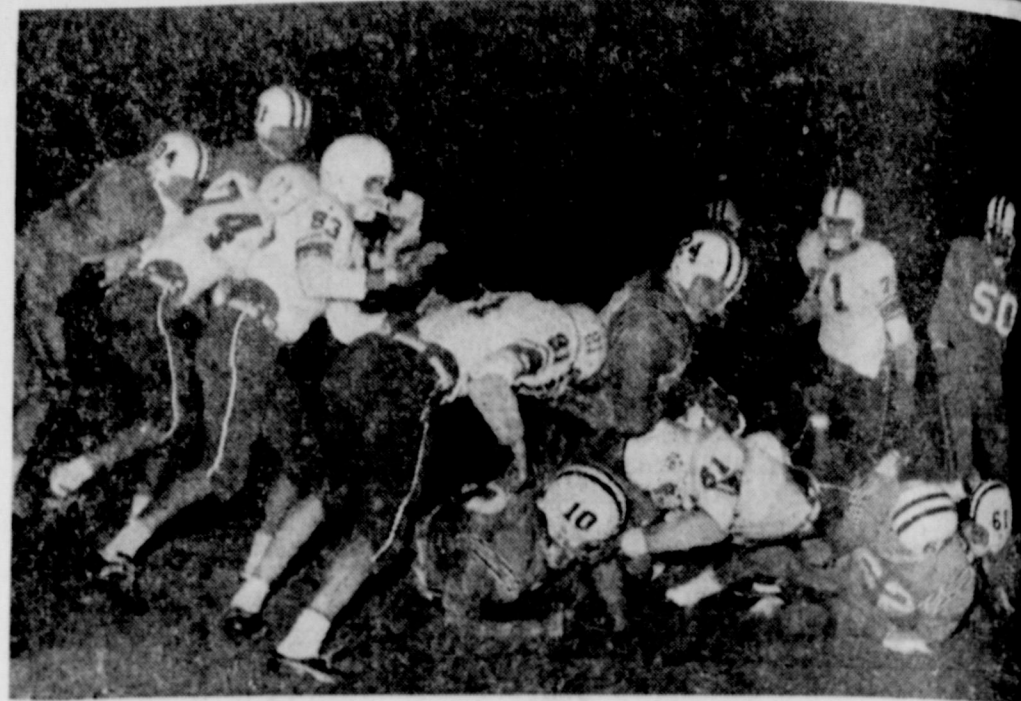

Danny Williams and Tommy Waters were listed as top defensivemen for the 8th graders.

The seventh graders take a week off this week, but the eighth graders travel to Whiteface to play at 4:30 p.m. Thursday.

Dobson and Chesshir attack

BOBBY DOBSON, 32, and Ernest Chesshir, 84, combine their efforts to bring down Tiger back Johnny Hennington as the Indians beat Slaton, 22-14 last Friday night. Dobson was the top rusher of the game and Hennington was top runner for Slaton. TRIBUNE Photo
