# Parade to open holiday season

## Give-away program by C-C to begin Saturday

Adding to the excitement which normally abounds during the holiday season now in progress will be the first drawing for give-away prizes this Saturday as part of a major promotional program being conducted by the Morton Area Chamber of Commerce.

Residents have been registering during past days with merchants participating in the promotion as members of the Chamber of Commerce. This registration will continue through 2 p.m. Saturday, December 19, according to Johnny Johnson, C of C manager.

## Seniors will be banquet honorees

Women's Missionary Society of the First Baptist Church will hold their annual Senior Banquet Friday evening. The affair, honoring senior students of Morton High School, will begin at 7:30 in the church basement.

## Weather continues as thorn for area cotton farmers

Weather has become a bad word in the Cochran County farmers' vocabulary. The cotton season began, the weather has done nothing except work against the area's farmers.

Pretty, pretty

## Floats, Santa and band to feature event here Friday

Morton took on a festive holiday air this week in preparation for the colorful parade scheduled for Friday afternoon, which will officially open the Christmas season.

Parade route was announced today by Johnny Johnson, Chamber of Commerce manager.

Units will form on West Grant, proceed north on Main to Washington, then west past the judges' stand in front of the Chamber of Commerce before turning north on First Street.

Boys Scouts will be flag bearers, and Santa will head the parade. Dignitaries including Mayor Dean Weatherly and members of the city council, County Judge Johnny Love and county commissioners, will ride in new cars furnished by three local dealers, and cars from the sheriff's office and police department will be among those in the parade.

Prize winners in the float competition will be announced immediately following the parade over a public address system located at the Chamber office, by C-C President, Gene Snyder. Judges have been secured from Plains.

Plans and arrangements for the parade have been spearheaded by Mrs. John Haggard and Mrs. Truman Anglin, co-chairmen.

## Residents reminded of need for Toys for Tots

Morton area residents are being reminded today of the need for toys, food and money by the Community Charity Fund in order to assure a happier Christmas for needy families.

The fund is annually sponsored by the Morton Area Ministerial Alliance, and is a community-wide project with service and study clubs co-operating. Many individuals also make personal contributions.

Although the deadline for contributions is not until Sunday, December 20, Rev. Fred Thomas, fund chairman, is urging that those planning to assist in the project do so now.

Anyone having toys which have been outgrown or discarded by their children is asked to bring them to First Baptist Church. The toys, of course, should be in usable condition and a good state of repair. If desired, the toys will be called for at the home, and arrangements can be made by calling Rev. Thomas or pastors of the participating churches.

Monetary donations may be made by contacting Rev. D. A. Watson, Alliance president and pastor of Assembly of God, Rev.

Thomas of First Baptist Church or Bill Crone, Ministerial Alliance treasurer.

In connection with the project, a cartoon show for children will be scheduled soon at the local theater, with a can of food to be the price of admission. Canned goods received at that time will go into the boxes for the needy.

Cooperating churches include the First Baptist, First Methodist, First Missionary Baptist, Assembly of God and St. Ann's Catholic Church.

## Harmon Springer accepts post at Dimmitt station

Harmon Springer, a resident of Morton two years, has accepted a position as newsman-engineer for KDHN-radio, Dimmitt.

Springer and his family left Morton Monday.

The radio-man came to Morton in October of 1962 after having served as assistant manager of the Panhandle-South Plains Fair in Lubbock.

While here, he was assistant manager-engineer of KRAN-radio. Previous to working with the Lubbock fair, Springer has been news director of KSEL radio, Lubbock, and has worked for stations in Littlefield and Post.

He, his wife, Willie, and three sons, Johnny, 9, Danny, 7 and Tom, 2, live at 403 E. Taylor. He was a member of the Morton Area Chamber of Commerce and the family were members of First Baptist Church.

## Twila Bilbrey to become bride of Bill Rodden

Mr. and Mrs. Wilson E. Bilbrey of Crossroads, announce the engagement and forthcoming marriage of their daughter, Twila, to Mr. Bill Rodden. He is the son of

Mrs. Marie Rodden, of Portales, New Mexico.

The couple will exchange vows at 3:30 (CST), December 23 at the Bledsoe Baptist Church.

All friends and relatives are invited to attend the wedding and reception to be held immediately following in Fellowship Hall.

Miss Bilbrey and Mr. Rodden are attending Eastern New Mexico University.

Linda Key, student at Texas Tech, visited with her parents, Mr. and Mrs. Richard Key, over the holidays.

Harold Lex Key of Posen, Washington, is visiting his mother, Mrs. A. S. Key.

Mr. and Mrs. Jerry Daniels visited Thursday in the home of her sister and family, Mr. and Mrs. G. Wayne Adair of Plainview.

## Scholastic honor roll at high school listed

Scholastic honor roll of students at Morton High School for the second six weeks' period was announced today, and included 14 students with a straight "A" average and 81 with "A" and "B" grades.

Those earning the distinction of being on the Gilt Edge honor roll were Pam Reynolds, Carolyn Waters, Janis Winder, John St. Clair, Barbara Harvey, Joey Newsom, Donna Parker, Jerry Elliott, Mke Egger, Charles Ledbetter, Mary St. Clair and Joe Newsom.

Listed on the "A" and "B" honor roll were:

Lamell Abbe, Donnie Dewbre, Barbara Kennedy, Peggy Ramsey, Judy Ware, Daria Turney, Wanda

## School enrollment here levels off

Enrollment in the local school system has leveled off in the past weeks and is currently remaining at about 1,350 students, Supt. Ray Lanier reported today.

The school administrator said the figure was comparable to that of last year at the same time.

However, Supt. Lanier explained that the school system reached the maximum figure earlier this year, and that it is expected the number will remain constant for a longer period of time, than has been the case in the past.

In former years, the immigration of migrant workers during the harvest season caused the enrollment figures to reach a peak for a short period of time, just prior to the holidays, and then decrease rapidly after the first of the year.

This, however, does not appear to be the case at this time. Supt. Lanier said the enrollment appears to have more of a natural increase from permanent residents.

Smith, Kay Finannon, Mary Burdett, Cheryl McDaniel, Sarah Holoman, Sandra Gandy, Bennie Smith, Ginger McCasland, Tanya Dille, Linda McCamish, Jerry Hoover, Elaine Swinney.

Also Juanice Skaggs, Patsy Besseda, Sharon Graves, Frankie Jackson, Davie Chancey, Willard Ware, Martin Valenzuela, LaNelda Romans, Carla McCarty, Kay Hal-lenshead, Theresa Hayes, Alice Black, Bill Freeland, Randy Kelly, David Hollenshead, Charles Woods, Donna Hoffman, Dana Webb, Danny McCoy.

Also Tooter Miller, Levie Minor, Aurora Bautista, Dennis Lemons, Dena Smith, Barbara Dana, Gaylene Weed, Linda Hawkins, Barbara Brook, Bobby Combs, Margaret Ledbetter, Glenda Smith, Doug Miller, Ronald Smart.

Also Gail Rowland, Pat McClure, Rodney Kellogg, Penny Knox, Lavoy, Joyce Steven, Betsy Crowder, Marlin Rose, Kay Peterson and Billy Baker.

## Ka Wo Kis stage progressive dinner

Ka Wo Ki Campfire girls held a progressive dinner recently to honor their mothers. Salad was served in the home of Karen Holoman, the main course at Karen Rozella's and dessert at Carol Freeland's.

## Planning of yule mailing is pushed by postmaster

"Please pack parcels solidly," was the plea of Postmaster Crone. The head of the Morton Post Office also reminded his patrons that the use of free "local" and "out-of-town" separation bands will help move the mails faster. The bands are available at the post office or from most letter carriers.

December 5 is the suggested deadline for mailing out-of-town packages. "Don't worry about the parcels being delivered too early, just mark 'Don't Open Until Christmas' on the front," Mr. Crone said.

A tightly stuffed package, with nothing rattling around inside, will have less chance of being damaged in transit, he noted.

"When packing a gift, remember that the package you send may be shipped on the bottom of a mail sack and there may be heavier packages on top. Among the relatively few packages that are damaged in transit, improper packaging is the greatest factor," the postmaster cautioned.

Just to be on the safe side, the postmaster suggests that all packages be insured.

He noted that poor packaging and addresses which are either incorrect or not legible are responsible for the non-delivery of about half a million parcels each year.

If the return address is incorrect or illegible and the package cannot be returned, it will be saved for 90 days. If unclaimed, the parcel is usually lost to the sender or intended recipient. Such parcels wind up in public auctions held at 15 major post offices across the nation.

All parcels should be addressed on only one side and should also have the address written on the inside of the package in case the exterior wrapping should come off.

Mr. Crone emphasized that ZIP Coding the addresses on parcels and letters helps insure against loss due to improper addressing. Since each area of the country has an individual ZIP Code, there is little chance of a piece of mail destined for one city being directed to a city which may have a similar name. For example, there are at least 26 possible areas around the country which would have Springfield in the address. Use of the proper ZIP Code would send the mail to the right post office.

"We are asking everyone to be especially cooperative this holiday season. During the peak of the 'rush' we expect that seven billion pieces of mail will flow through the system and it looks as if 12 billion pieces will be delivered during the entire month of December. That's quite a bit of mail," the postmaster said.

## To complete plans for Salvation Army fund drive Monday

Plans for the annual Salvation Army fund drive will be finalized here Monday when Gil Meddell, area representative, will confer with Bob Travis, principal of the Morton elementary school, who has been named as county campaign chairman.

At that time, 10 captains will be named to spearhead the drive throughout the county area, Travis reported. The captains, in turn, be asked to select five volunteer workers to assist with the campaign.

A kick-off luncheon meeting has been scheduled for Thursday noon, Dec. 10, at the Wig Wam, to which all captains and volunteer workers are invited. The needs of the Salvation Army, its goals and aims, will be explained to the participants, and supplies distributed.

A goal of \$1,500 has been set for the county campaign, the same as last year. It is hoped that the sum can be raised within a week.

Travis said that tentatively the drive will conclude about Dec. 18.

School chairmen will include James Cunningham, superintendent at Whiteface; Ray Lanier, Morton School superintendent; and Otis Piarr, school superintendent at Bledsoe.

"We are all familiar with the Salvation Army's practice of helping others to help themselves, aid extended the ill, needy, dependent children and elderly persons and many, many other services", Travis said in discussing the upcoming campaign. "For all this we are grateful and for all of you individuals and firms who make these services possible through your contributions, we say a most sincere thank you."

Mr. and Mrs. Jack Perry returned home Sunday following a visit with his mother, Mrs. J. W. Perry of Prosper. Mrs. Perry broke her right leg Tuesday in a fall and was operated on Wednesday in a McKinney Hospital.

## Pampa band is honored; directed is residents' s

The Pampa High School band, under direction of Fred Stone Jr., is playing at the RIA being held this week at the Angeles Coliseum, Los Angeles, California.

The son of Fred Stockdale, county attorney, and Mrs. Stockdale, the director was accompanied by California by his wife, 25 members and four sponsors.

The band was selected by Tallon, announcer for Top of Morton, was contacted by the Morton group that the band originally scheduled to play at the RIA but was unable to do so. Tallon's band could make the trip to Los Angeles.

Being non-union the band had first to be cleared by the California union Stockdale notified Friday that all was well and a chartered DC-3 plane on the way to pick up the band Monday morning.

The rondo and band are seen on California television day and will be seen later in the region over national television Sports Spectacular, ABC.

The band will play for three times and seven night performances. They will have special tours of movie studios and Disneyland, given them by RCA.

While the Stockdales are in Los Angeles their children are staying with their grandparents.

# 1965 cotton allotment for county set

The 1965 cotton allotment for Cochran County will be 73,300 acres, it was learned today by Ruth McGee, county ASC office manager.

The 1965 cotton yield for the county is 463 pounds compared to 47 pounds for 1964, an increase of 21 pounds. The Domestic Allotment for 1965 will be 65 per cent of the final allotment for the farm.

The allotment notice received next week will only be the "regular" allotment for the farm, Mrs. McGee emphasized, and will not include the reapportioned acreage.

Mrs. McGee also reminded the farmers that Dec. 15 is the date

ed to sign a request at the county ASCS office for their share of the reapportioned acreage.

for the National cotton referen- dum, and all eligible persons are urged to vote. Ballot boxes will be at each gin in the county and at the ASCS office here for the convenience of the voters.

### Cotton or leather?

Cotton with the look and feel of leather is stealing the show in coats, suits, and sportswear. It is washable or may be drycleaned, will not crack, peel, or stiffen, even in cold temperature. It is water repellent and crease resistant, yet can be ironed. Stains are easily removed.

### How much turkey?

If you, like most Americans are planning on serving the family turkey for Christmas, here's a guide to quantity. Plan on 3/4 to 1 pound per serving when buying turkey. If you are buying the boneless turkey roll, 3 to 4 servings per pound may be expected. Roast your turkey at 325 degrees and allow approximately 45 minutes per pound. Allow the turkey to stand about 30 minutes after it has been taken from the oven. This makes carving easier.

### Apple year

This is going to be a big year for apples and apple products. Shortcake out of season is shortcake in season when it's an apple shortcake. Canned apple slices, sprinkled with brown sugar, cinnamon, a few drops of lemon juice make a delicious filling. Lay apples on top of the top layer and cover with whipped cream or serve in a bowl with lots of thick cream.

### Appliance care

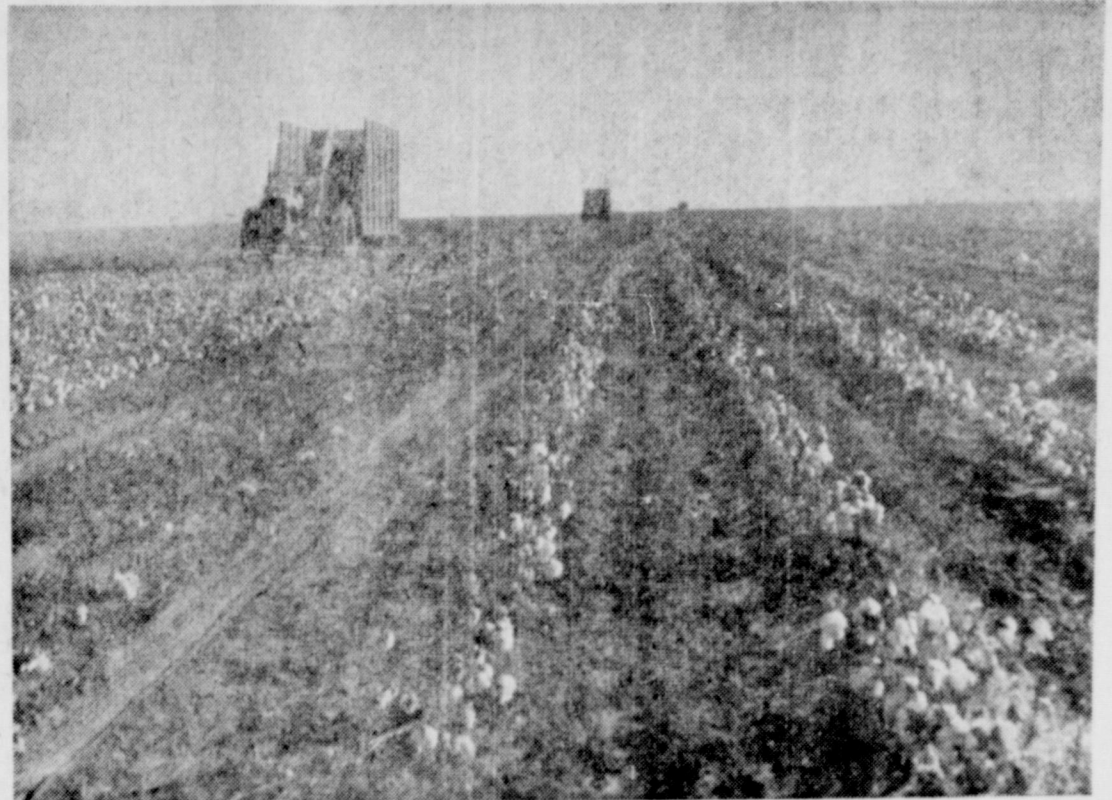

Occasionally perk coffee makers with a soda solution or use cream of tartar for aluminum.

Reseason a waffle or sandwich griddle by brushing with melted unsalted oil, then closing and heating to medium for several minutes. The open, wipe off excess oil and leave open to cool.

### Berries take a powder

Strawberries that keep on your cupboard shelf? It will soon be possible. The newest convenience foods will be powdered berries for use in sauces, dessert topping, jams and milk shakes.

There's a new kind of cotton rickrack on the market. It's a no-iron, no curl variety. Edges lie flat and smooth after washing.

## Underground water pollution report

By ROY HICKMAN, CHAIRMAN, Cochran Water and Soil Conservation Sub-Committee

Water and Soil Conservation Sub-committee met with representatives from Cochran and seven other counties in this area in Lubbock last February to formulate plans to get this area designated by the State Water Pollution Board wherein oil companies would have to close all "sump pits" for disposing of salt water.

Arrangements were made at this meeting for the eight counties involved to be represented at a

hearing called by Joe Carter, chairman, Water Pollution Board, to be held in Austin March 4, 1964. An attorney was selected and a hydrologist engineer to plead the case at this hearing. The hearing was favorable and the state Water Pollution Board issued the orders eliminating the disposal of salt water in sump pits. Some of the oil companies did not want to comply with the order, and they contested it by filing an appeal with the Attorney General of Texas; subsequently to that filing an oil company brought suit in District Court to defeat the order.

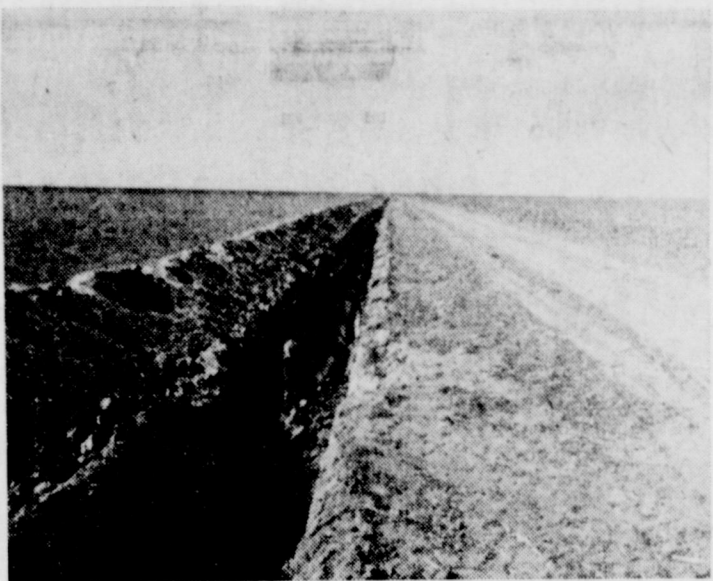

enforce or control water pollution in our oil fields, and that it will continue as it has for the past 40 years, and thousands of acres of good fertile soil in the fresh irrigation water area will be left without suitable water for irrigation due to the continued pollution by "sump pits."

Several thousand acres in the Ollagala area in which these eight counties are located, have already been ruined by the water becoming polluted by "sump pits." It appears that most all the area will be ruined for irrigation unless some agency or board is given the necessary authority to close them and issue any other needed orders and regulations for the protection of our supply of fresh water.

We intend to keep working on this problem to get this done. Other action reports will be given on any progress made.

Mr. and Mrs. F. E. Bladridge visited in Hereford with their daughter Mrs. Oran Reeves over the weekend. They also visited other relatives in Hereford, Mr. and Mrs. W. G. Copeland.

Holiday guests in the home of Mr. and Mrs. C. D. Winder were Jim Winder and children of Springlake, Mr. and Mrs. Leonard Gandy, Jerry Winder and Mr. and Mrs. Johnny Houghton and children.

Efficiency in irrigation

## Care in planning cited for irrigation systems

By R. G. HOUGHTON, Soil Conservationist

Many irrigation farmers in the Cochran Soil Conservation District are realizing the need for more efficient irrigation systems.

Some are reorganizing their systems by installing underground irrigation pipelines which will permit better control and distribution at less cost by reducing pumping and labor costs.

In planning an underground pipeline many things should be

considered since the pipeline, in most cases, will be a permanent installation.

Future operation should be taken into consideration. In the event more wells are needed in the future, where they will be located and how well they fit into the system, should be questions asked.

Another factor that must be considered in designing a conservation irrigation system is the type and size of pipe needed.

Friction losses must be kept within the operation head of the pipe and kept low enough to give even distribution of irrigation water throughout the irrigation area.

Technical and cost share assistance to re-organize irrigation systems is available through the Agriculture Conservation Program and through the Great Plains Conservation program.

## Navy recruiter assigned to area

A new Navy recruiter has been assigned to the Morton area. He is EN1 L. V. Orman, a 15-year veteran.

No stranger to the high plains, Orman is a native of Clayton, N. M., where he graduated from high school in 1947. He also has been on recruiting duty in Pampa.

Orman's last duty assignment station was Sangley Point, the Philippines, where he served two years.

The new recruiter will visit Morton on the first and third Mondays of each month, staying in the Sheriff's office from 10 a.m. until 3 p.m.

Guests in the home of Mr. and Mrs. James St. Clair were their children Jimmy and Kay of Texas Tech and their nephews and families, Mr. and Mrs. Ervin St. Clair, Pamela, Johnny and Kelly and Mr. and Bill St. Clair, Karen, Janice, Brenda and Tommy, all of Maleshoe.

Betty Lou Ledbetter, student at Texas Tech, visited with her family, Mr. and Mrs. M. C. Ledbetter over the holidays.

FRANK SOLIS (above) was having a late cup of coffee in a local cafe Monday night when a passer-by rushed in and said, "Your car was hit by a couple of bales of cotton." Disbelievingly, Frank walked outside and sure 'nuf, it

had happened. A semi-truck load of cotton bales rounded the corner at the stop light and lost two bales, one of which struck the 1964 Chevrolet owned by Solis. Estimated damage to the vehicle was \$300.00. TRIBUNE Photo

## It's time for letters to Dear Santa

Hey kiddies! Want to be sure that Santa knows just what to bring you on Christmas Day?

The Tribune has just completed arrangements with Santa's North Pole headquarters to serve as a forwarding office for all letters written to him by boys and girls of the area.

They'll be printed in issues of The Tribune between now and Christmas, and then bundled up

and dispatched by special rocket mail to Santa Claus.

But Santa is asking children to write to him now, so that he will have enough time to give each request careful consideration.

So get to work right now, boys and girls, and write Santa your wishes for Christmas, or have

mommy or daddy help you. Just address it to Santa Claus, in care of the North Pole, and either bring it to The Tribune or mail it at the

post office. Santa's helpers at The Tribune will make sure the letters reach North Pole headquarters.

## Minister of music, education called by 1st Baptist church

A new minister of music and education will begin duties at First Baptist Church here the first of the year as the result of action taken Sunday by the local congregation.

Rev. Fred Thomas, pastor, announced today that Jerry Stamps, 34, of Sherman, has been called by the church to fill the position, which has been vacant since early in September when Roy Edwards accepted a call to the First Baptist Church at Floydada.

Mr. Stamps is a graduate of Memphis State College, Memphis, Tenn., and holds a bachelor of sacred music degree and a master of religious education degree from Southwestern Baptist Theological Seminary in Fort Worth.

For the past year and a half, he has been minister of music and education at Forest Avenue Baptist Church in Sherman. Prior to that, he had served churches in North Carolina and Alabama.

He and his wife, Katherine, and four children, will move to Morton the first of the year.

## Resident's father dies at Memphis

Mr. and Mrs. David Corley were called to Memphis Sunday night by the death of Mrs. Corley's father, Guy Wright, who passed away suddenly about 6 p.m., reportedly after suffering a heart attack.

The Corleys had just returned from Memphis where they had spent the Thanksgiving holidays.

Time and place of the funeral services were not known prior to Tribune deadline.

In addition to Mrs. Corley, Mr. Wright is survived by his wife, a son who is a student at Texas Tech, and a married daughter.

# Whiteface Study Club hears of communism

Members of the Whiteface Study Club heard Thursday night in a clear, concise terms the menace of world communism presents to our way of life.

The program — "Communism—Into It Yourself," was divided into four parts, with Mrs. Marvin Lasater, Mrs. Cecil Maddox, Mrs. Rex Black, and Mrs. James Cunningham serving as speakers.

Program chairman for the night was Mrs. Marvin Lasater. The program outline was prepared by the women's department of the National Association of Manufacturers. The Whiteface Study Club, among some 25,000 other women's groups across the nation studying communism this month. The four part program discussed the definition and ideology of communism, its history, the Russian Revolutions, the state of world communism today, and what individual citizens — especially women — can do about the communism menace. A discussion period followed the program which was held at the home of Mrs. W. Allen.

Food was brought by each member for a Thanksgiving basket to be presented to a worthy family. The next meeting has been changed to December 1, in the Whiteface Elementary Building. The club presented a skirt and sweater to Miss Cloie Harrison, Whiteface senior, for her birthday. Refreshments were served to special guests, Miss Cloie Harrison

and Mrs. Ed Jennings, and to members, Mesdames S. J. Bills, Rex Black, James Cunningham, Wendell Dunlap, Jack French, Marvin Kuehler, Marvin Lasater, Cecil Maddox, and Darwood Marshall in addition to the hostess, Mrs. J. W. Allen.

## Youth meeting to be held Dec. 4-6 at Assembly of God

Rev. Bob Goodwin of Lubbock, will conduct a week-end youth meeting Friday, Saturday, and Sunday, December 4, 5, and 6, at the First Assembly of God in Morton.

Rev. Goodwin is West Texas District Youth Director for the As-

## Indians in 59-42 win over Mules

Morton Indians cagers won their third game in four outings Tuesday night, by running past the Muleshoe Mules, 59-42, on the foreign court. In the curtain raiser, the Morton B team won their first game of the year, edging the host B's, 49-47, on a pair of free throws in the closing seconds.

Ernest Chesshir continued his relentless assault on the basket, as he netted 32 points against the Mules, on eleven field goals and ten free tosses.

Morton jumped to a 16-6 first period lead, and held a 28-15 advantage at intermission. Muleshoe rallied in the third canto, pulling to within five points, 39-34, going into the final period. But a 29-point fourth quarter pulled the Indians out of reach.

Following Chesshir in the local scoring was Charles Ledbetter, who bucketed 13. Jimmy Joyce garnered eight tallies for the Indians, and Larry Embry added five. Jay Ward was the only Mule in the double figures, as he made 16 points.

Darrell Srygley was the hero in

the B contest as he calmly dropped two free throws through the hoop with the count knotted at 47-47, and only a few seconds left. The locals forged ahead, 12-11 at the end of the first period, but trailed, 23-20, at half-time. They had what seemed to be a comfortable 41-32 margin at the end of the third

quarter, but a big rally by Muleshoe knotted the count before Srygley's heroics.

Danny McCoy was high scorer in the B contest with 17 points, followed by Srygley's eleven. Stovall and Washington shared high-point honors for the losers, with eleven apiece.

### Morton, Whiteface Lions vie in contest

Whiteface Lions club took on the Morton Lions Club in what was billed as a basketball game Monday night in the Whiteface gym, but the final score of the contest is still in doubt.

The game either ended in a 44-44 tie or a 42-42 tie, or with Whiteface ahead, 44-42, or with Morton ahead, 44-42, but really the score doesn't count.

Both teams played bizarre ball most of the time, but ever once in a while cage brilliance came through as several amazing plays were made by both squads.

Those playing for the Whiteface team were Darwood Marshall,

Emmett Broderson, Rex Black, Quentin Rhodes, Wendell Dunlap, Cecil Maddox, Marshall Cooper, Delvis Burris, Dale Pond, Mickey Owens, Jimmy Cunningham, and Billy Wall.

Carrying Morton's colors into battle were Don Workman, Johnny Johnson, Melvin McCoy, Truman Doss, Drew Browne, John McClure, Tommy Hawkins, James Boring, Jim Middleton, and Gene Benham.

The game was a benefit for Whiteface Lions Club projects. The club is currently working on building rest rooms at the Whiteface Little League Park.

## Freshman cage tourney to open here on Thursday

The first annual Morton freshman basketball tournament will be held in the Morton High School gymnasium this weekend, with two games each on Thursday, Friday, and Saturday nights.

Morton cage mentor Ted Whillock, who is tournament director, says trophies will be awarded to first, second, and consolation winners. Individual awards will be made to an all tournament team also.

Teams entered in the tournament are Seagraves, Littlefield, Brownfield, Levelland, and the Morton A and B squads.

The opening contest at 6:00 Thursday will pit the Morton B team against Seagraves. This will be followed by the Morton A-Littlefield battle at 7:30.

The losers of the first two games will play at 5:00 Friday in the consolation bracket, while Brownfield and Levelland battle it out at 6:20 Friday. This contest will be followed by a game between the winner of the Morton B-Seagraves tilt and the Morton A-Littlefield match.

Consolation finals will be staged at 6:00 Saturday night, and the championship finals are scheduled for Saturday at 7:30.

## Tour of Homes set for Dec. 13 by Garden Club

A unique Christmas Tour of Homes, the first of what may become an annual event, has been planned for Sunday afternoon, December 13, under sponsorship of the Cochran County Garden Club.

Four local homes will be included in the two-hour tour from 2 to 4 p.m., it was announced, and will feature hand-made decorations and arrangements in the holiday theme, most of which will be the work of members of the sponsoring club.

According to Mrs. Bud Thomas, project chairman, each of the homes will be colorfully decorated, both inside and outside, including every room. Different themes will be utilized for each residence.

Persons participating in the tour will be able to garner many new and different ideas for holiday decorating, it was pointed out, which they then incorporate in plans for decorating their own homes.

The tour will begin at the Roy Hill residence, 109 E. Pierce, where a short program will be given, and then proceed to the Don Workman home, 204 E. Garfield, and the Charles Jones residence, 706 E. Grant. The tour will conclude at the home of Mr. and Mrs. W. B. McSpadden, 606 E. Garfield, where refreshments will be served.

Tickets are \$1 and are now available from any club member, Mrs. Thomas reported.

## Faculty members to attend mental health conference

At least two members of the local school faculty are planning to attend a meeting Saturday, Dec. 5, in Lubbock, of the Texas Mental Retardation Planning Study Committee.

They are Charles Bowen, school counselor, and Bill Mathews, high school principal. Others of the faculty may also be present for the one-day session.

A special invitation has been extended by H. J. "Doc" Blanchard state representative, to Morton residents interested in the program to attend the session.

The study was set up by Gov. John Connally to promote an understanding in local areas of the problems of the mentally retarded. An important aspect of the study will be to check the services now available and to seek new and better programs of care and education at a local level.

### DDD and EAS

(Continued from Page 1)

D. B. Lancaster, manager of the Five Area Telephone Cooperatives, said that EAS going to affect this Sunday between Morton and Maple will also include subscribers at Goodland and Enochs, as well as the Three-Way school, all serviced by the Maple exchange.

When the Lehman exchange is brought under EAS, Biedsoe will be included, he added.

Lancaster stated that a small increase in rates will be assessed against Five Area Telephone Co-Op subscribers of the Maple and Lehman exchanges, from 25 to 30 cents per month depending on type of service.

This is necessary, he explained, due to the loss in toll charges. Up to this time, station to station calls from Maple exchange to Morton have cost 25 cents, with person to person calls being 45 cents. From Lehman to Morton, toll charges have been 20 and 40 cents, respectively.

With EAS, Lancaster said, better service will be provided, allowing residents and farmers in the Maple and Lehman areas who are subscribers to call Morton business firms and residents at no additional charge. It will prove, he predicted, a big benefit to Morton businesses in being of aid and service to customers in those areas.

Lancaster said the changeover to EAS Sunday will occur between two and three o'clock, when necessary mechanical change-overs will be accomplished.

Five Area Telephone Cooperative, Inc., was chartered in 1951, and has been serving the Maple and Lehman areas since April, 1956. Negotiations for EAS were started with General Telephone in the fall of 1962.

New telephone directories have been received by General Telephone subscribers in Morton within the past few days and included are phone numbers of Five Area subscribers in both Lehman and Maple exchanges as a convenience. Bailey explained that the directories had to be submitted to the printers prior to a fix date for EAS being set for Maple and Lehman, thus the statement on the cover that EAS for both exchanges would go into effect on December 6.

Lancaster reported that a new directory would be distributed in March by Five Area Telephone, and would include a listing of all Morton telephone numbers. In the meantime, a supplemental directory is being prepared.

Mr. and Mrs. Johnny Johnson and Jeffery visited his parents, Rev. and Mrs. Clayton Johnson in Oklahoma City and with her parents, Mr. and Mrs. A. L. Mullen in Garland. They left Tuesday and returned home Sunday.

Gold Star Boy in 1963. He is president of the Senior 4-H Club, has won two achievement awards and was first in tractor project in the county. Ronald's 4-H projects also include Horse and Pony, Crop Demonstration, leadership, photography, electricity, swine and rifle. He won a first in county 4-H competition, first in district rifle records, and 2nd in county swine contest. This year he attended the 4-H junior leadership camp.

Morton Ind in cagers won their third game in four outings Tuesday night, by running past the Muleshoe Mules, 59-42, on the foreign court. In the curtain, raiser, the Morton B team won their first game of the year, edging the host B's, 49-47, on a pair of free throws in the closing seconds.

Ernest Cheshir continued his relentless assault on the basket, as he netted 32 points against the Mules, on eleven field goals and ten free tosses.

Morton jumped to a 16-6 first period lead, and held a 28-15 advantage at intermission. Muleshoe rallied in the third canto, pulling to within five points, 39-34, going into the final period. But a 20-point fourth quarter pulled the Indians out of reach.

Following Cheshir in the local scoring was Charles Ledbetter, who bucketed 13. Jimmy Joyce garnered eight tallies for the Indians, and Larry Embry added five. Jay Ward was the only Mule in the double figures, as he made 16 points.

Darrell Srygley was the hero in

the B contest as he calmly dropped two free throws through the hoop with the count knotted at 47-47, and only a few seconds left. The locals forged ahead, 12-11 at the end of the first period, but trailed, 23-20, at half-time. They had what seemed to be a comfortable 41-32 margin at the end of the third

quarter, but a big rally by Muleshoe knotted the count before Srygley's heroics.

Danny McCoy was high scorer in the B contest with 17 points, followed by Srygley's eleven. Stovall and Washington shared high-point honors for the losers, with eleven apiece.

Carrying Morton's colors into battle were Don Workman, Johnny Johnson, Melvin McCoy, Truman Doss, Drew Browne, John Haggard, Jack Russell, James McClure, Tommy Hawkins, George Boring, Jim Middleton, and Gene Benham.

The game was a benefit for Whiteface Lions Club projects. The club is currently working on building rest rooms at the Whiteface Little League Park.

Those playing for the Whiteface team were Darwood Marshall,

Emmett Broderson, Rex Black, Quentin Rhodes, Wendell Dunlap, Cecil Maddox, Marshall Cooper, Delvis Burris, Dale Pond, Mickey Owens, Jimmy Cunningham, and Billy Wall.

The game either ended in a 44-44 tie or a 42-42 tie, or with Whiteface ahead, 44-42, but really the score doesn't count.

Both teams played bizarre ball most of the time, but ever once in a while cage brilliance came through as several amazing plays were made by both squads.

### DDD and EAS

(Continued from Page 1)

D. B. Lancaster, manager of the Five Area Telephone Cooperatives, said that EAS going to effect this Sunday between Morton and Maple will also include subscribers of Goodland and Enoch, as well as the Three-Way school, all serviced by the Maple exchange.

When the Lehman exchange is brought under EAS, Bledsoe will be included, he added.

Lancaster stated that a small increase in rates will be assessed against Five Area Telephone Cooperative subscribers of the Maple and Lehman exchanges, from 25 to 30 cents per month depending on type of service.

This is necessary, he explained, due to the loss in toll charges. Up to this time, station to station calls from Maple exchange to Morton have cost 25 cents, with person to person calls being 45 cents. From Lehman to Morton, toll charges have been 20 and 40 cents, respectively.

With EAS, Lancaster said, better service will be provided, allowing residents and farmers in the Maple and Lehman areas who are subscribers to call Morton business firms and residents at no additional charge. It will prove, he predicted, a big benefit to Morton businesses in being of aid and service to customers in those areas.

Lancaster said the changeover to EAS Sunday will occur between two and three o'clock, when necessary mechanical change-overs will be accomplished.

Five Area Telephone Cooperative, Inc., was chartered in 1950, and has been serving the Maple and Lehman areas since April, 1956. Negotiations for EAS were started with General Telephone in the fall of 1962.

New telephone directories have been received by General Telephone subscribers in Morton within the past few days and included are phone numbers of Five Area subscribers in both Lehman and Maple exchanges as a convenience. Bailey explained that the directories had to be submitted to the printers prior to a fir date for EAS being set for Maple and Lehman, thus the statement on the cover that EAS for both exchanges would go into effect on December 6.

Lancaster reported that a new directory would be distributed in March by Five Area Telephone, and would include a listing of all Morton telephone numbers. In the meantime, a supplemental directory is being prepared.

Mr. and Mrs. Johnny Johnson and Jeffery visited his parents, Rev. and Mrs. Clayton Johnson in Oklahoma City and with her parents, Mr. and Mrs. A. L. Milliken in Garland. They left Tuesday and returned home Sunday.

Gold Star Boy in 1963. He is president of the Senior 4-H Club, has won two achievement awards and was first in tractor project in the county. Ronald's 4-H projects also include Horse and Pony, Crop Demonstration, leadership, photography, electricity, swine and rifle. He won a first in district rifle competition, first in county 4-H records, and 2nd in county swine contest. This year he attended the 4-H junior leadership camp.

Little Christmas angels all in white  
Are specially good on Christmas night!

Together they picked their tree;  
tonight they'll trim it with glee.

Sing the songs of Christmas time;  
Praise the season in merry rhyme.

Centuries ago a King was born unknown;  
Each child pays homage at His throne.

In the manger scene there's joy  
For each and every girl and boy.

Oh Rudolph, please let us ride, too!  
We've waited the whole year through.

Oh, Santa, we wish you could stay!  
And play with us on Christmas Day.

Little elves work like the busy bee  
Preparing glad gifts for you and me.

Hello Santa, my gift list is here!  
Please fill it well, oh Santa, dear!

## Use Mr. ZIP

The Christmas "rush" brings a very old quote to mind: "Neither snow nor rain, nor heat, nor gloom of night stays these couriers from the swift completions of their appointed rounds." This was said by the Greek historian, Herodotus in the fifth Century B.C. but it still is true of the postal service.

However, Postmaster Crone recently added a thought, "While it is true that bad weather doesn't stop the mails, it certainly can slow them down."

He mentioned that planes can't get off the ground, switches on railroad tracks can freeze up. Trucks must move more slowly and cautiously over highways. And, in many places, mailmen might wish for the warmth of an igloo. Even the impish Mr. ZIP can't assure next-day delivery under these conditions.

"Why," you may ask, "does the postmaster bring this up?" "Simply to let people know that there is a factor that we just can't control, the weather," Postmaster Crone said. It is important that people mailing Christmas cards and gifts make every effort to shop early and mail early to assure on-time delivery. This is especially true during the Christmas rush when an ever increasing avalanche of mail moves through the postal system."

The Post Office Department has several new tools to use in this year's mail service. The most important is the new ZIP Code and transportation-distribution system that came into being with the Zoning Improvement Plan (ZIP). Postmaster Crone is urging everyone to use the five digit numbers because in most cases the code cuts down the number of times a piece of mail must be handled. This saves time, labor, and money.

He suggests that even if you don't know the code for the addresses of the people to whom you'll be sending cards and gifts, you should use the code on your return addresses. And you should record the codes from the return addresses of those who are writing to you.

Moving the Christmas mail is a hard, tiring job and the ten local workers who work so diligently during this period deserve all the cooperation they can get.

The postmaster said that shopping early, mailing early and using ZIP Codes will really put ZIP into your Christmas mailings... and give your mailman a hand too.

## Just who is kidding whom?

The Great American Housewife no longer has the gumption to do her grocery shopping without the help of Uncle Sam. Nor is her husband smart enough, without a Federal mentor at his elbow, to understand how much interest he pays on a loan.

Or so the Administration would have it appear from its tearful concern for the consumer, as reflected in the so-called "Truth-in-Packaging" and "Truth-in-Lending" bills which will again be urged on Congress to protect us against deception in our competitive free-enterprise marketplace.

It is therefore about time to suggest that the most unblinking offender in misleading the general public is the Administration itself. The biggest "package" the Administration attempts to sell each year is the Federal budget. This consists of a mess of figures supposedly covering the anticipated cost of Government — and as everyone knows, "figures don't lie." But, in recent years, budget-makers have perfected a bookkeeping sleight-of-hand that gives the appearance of frugality while still promising everything to everybody.

The new budget, which the President will present to Congress in January will be, we are told, a "bare bones" model. And since this has a slightly familiar ring, we can expect to find the "savings" in

(1) The shifting of spending from the new budget to the old budget where it will attract much less attention.

(2) The predicted sale of huge amounts of government assets which, because of the way the government keeps its books, shows up in the budget as a decrease in spending rather than an increase in revenues.

(3) Forgiveness of interest payments on Treasury loans to other Federal agencies.

(4) Proposals to remove large spending programs from the budget by placing them in so-called revolving and trust funds, thus escaping full public and Congressional scrutiny.

(5) Deliberately understating federal costs already incurred and understanding costs that will occur.

(6) Proposals to spend unused balances from previous years and thus avoid the embarrassment of asking for new money for programs.

(7) Understating full costs of programs that are favored by Congress with the full recognition that Congress will increase the President's requests.

These, it appears, are but a few of the dubious tricks of the budget trade, which would make a book on "How to Cut the Budget Without Really Trying." But if the new Congress desires to protect the consumer it had better find the truth in the budget package before passing more costly, half-baked legislation.

## VIEWS . . . of other editors

### To identify or not to identify

More often than you might think, The Dispatch is asked why it doesn't publish the names of juvenile offenders. There is no law against it; it is simply a matter of ethics, and this newspaper has always pursued the policy of not publishing the names of juvenile offenders except in capital cases.

We'll admit, however, that those who favor the publication of names of under-age wrongdoers have some good points to their arguments. One is that to see their names and those of their parents in print would serve as a deterrent to criminally-bent youngsters. They argue that as long as some of the juvenile offenders know they can get by with offenses ranging from peccadillos to serious crimes without being identified, they're more likely to keep right on.

The Dispatch has no intention of immediately changing its policy of protecting juvenile offenders from the glare of publicity, but we are anxious to know what our readers think about it — pro and con. You could let us know in a letter to the editor.

Incidentally, we've just read that the state of Montana has abandoned the juvenile court system where young and fragile offenders are shielded from public gaze while their peccadillos are weighed in judicial seclusion. The report is that juvenile delinquency is on the wane in Montana, which apparently has found that the public glare, as the names of parents appear in print along with their delinquents, is salutary, if not on the malefactor, at least on the parents.

We're certainly not in favor of abandoning the juvenile court system in Texas, but, as we said, we do sometimes wonder if we are doing a service or a disservice to the public by not printing the names of juvenile malefactors and their parents.

### GOP Legislative Loss Serious

The true dimensions of the disaster that the ultra-right wing brought upon the Republican Party in the Nov. 3 election only now is becoming clearly visible.

The Congressional Quarterly has run a check which shows that the GOP lost more than 500 seats in state legislatures which, despite all the hue and cry about expansion of the federal government, remain the chief centers of governmental power in the nation.

Unofficial figures, which are subject to some revision, show that the party lost 96 state senate and 445 state house of representatives seats. With a few exceptions, these state-level losses were in states where the candidacy of Sen. Barry Goldwater proved to be a handicap for all GOP candidates. The party's few gains were in the South.

The compilation showed that the Democrats will control both houses in 32 state legislatures next year, six more than now, and in some of these states the Democrats have not had a majority in 30 to 50 years.

By nose-count, the Democrats will have 1,235 senators in state legislatures in 1965 to 584 for the Republicans, and in the lower chambers the national total will be 3,805 Democrats to 1,946 Republicans.

What this means is that the country is closer to having one-party rule than it has been in a very long time, at the state as well as the national level. This is good neither for the country nor for the two-party system.

The Congressional Quarterly pointed out that the GOP was al-

most as badly off following the Democratic sweep in 1958, but there is an important difference this year.

Under the recent Supreme Court rulings, most of the state legislatures will be forced to adopt re-districting plans during the next two years. Quite naturally, the party that is in control is going to try to redraw district lines to its own long-term advantage and to the minimum advantage of the opposition.

Legislatures dominated by Democrats can be expected to see that the Democratic Party is favored, just as those dominated by Republicans will favor the GOP.

Most of the states also must revise the boundaries of their congressional districts. And, although the GOP lost only two seats in the United States and 38 in the House, the stage may be set for additional losses in 1966 and beyond as a result of redistricting. At the very least a Republican comeback will be made much more difficult.

Moreover, three of the party's most important governors will find it difficult to get their state legislative programs enacted. Both Gov. George W. Romney of Michigan and Gov. Nelson A. Rockefeller of New York will have to deal with Democratic legislatures, and in Gov. William Scranton's Pennsylvania, the Democrats will control the lower house.

### Food for Peace

Our stubborn farm problems are minor, compared with those of the Communists. Whereas crop failures have shaken the Communist hierarchy and lead to the downfall of Khrushchev, U.S. productivity could be one of most important defense weapons.

The grim reality is that more than 1.5 billion people suffer from malnutrition. Population is increasing at the rate of 115 million a year, while deaths (even those from hunger) remove but 58 million. Fastest growth rates are found in "deficit" food areas — in Asia, Africa, Latin America. Nowhere in the world, but in North America, is the rise in food production keeping ahead of the population explosion. And here we are embarrassed over what to do with too much food and fiber.

Robert C. Liebenow, president of the Chicago Board of Trade, says that American food exports should be used as "effective instruments of foreign policy" in fighting Communism. He believes that such shipments should be paid for out of foreign aid and national defense appropriations rather than farm aid funds.

To be effective, Mr. Liebenow says such a farm policy should (1) place increasing emphasis on agricultural exports as a major instrument of foreign policy; (2) assist countries outside the Iron Curtain to develop modern and efficient agricultural production systems; (3) allocate Federal costs of farm programs more equitably, with food shipped abroad as foreign aid appropriated and paid for as foreign aid; and (4) conduct a study to consider establishment of food reserves which would be adequate to meet drought or other natural calamity needs, or war requirements, here or in other countries outside the Communist block.

This, he asserts, is the way to peace.

While most of us are worrying about the current presidential race and the problems facing the newly-elected President Johnson, we got one citizen still worrying over the country's first president.

According to M. O. Woolam,

George Washington was not the father of the country nor the first president. A guy by the name of John Hanson, on November 5, 1781, was elected by the Continental Congress as "President of the United States in Congress Assembled".

Hanson held the office for one year and resigned on account of feeble health. While he was the first president of under the Constitution.

Hanson was followed by Boudinot in 1782, Mifflin in 1782, Lee in 1784, Gorham in 1786, St. Clair in 1787, and Griffin in 1788.

George Washington was elected in 1789 and was the first to serve as president under the laws as dictated by the Constitution.

There's always some guy around to mess up the memory work we had in elementary school... Woolam is probably working on myth-destroying facts concerning Sam Houston, Davy Crockett, and Lil Abner.

### A Stamp For Gas

The American Gas Association has asked the Post Office Department to issue a commemorative stamp in celebration of the industry's 150th anniversary which will occur in 1966. There is ample precedent for this — for example, such stamps have been issued in honor of the electric light, the telegraph, and the oil industry.

A stamp would help to draw attention to gas' contribution to this nation's economy and to the living standards of the people. In late years, the industry's expansion has been truly spectacular. Top men in it see new and limitless horizons of opportunity. It is a highly versatile fuel and energy source, both in the home and in business. And technological advances constantly make it more so.

Beyond that, the industry is a splendid example of what investor-owned, taxpaying private enterprise means to the country. This is particularly important in the light of proposals in certain areas for municipal gas distribution systems. Communities may be induced to go deep into debt to build these — only to find that claims of rate reductions were exaggerated and that a heavy tax loss must be made up by all the taxpayers.

The gas industry deserves its commemorative stamp.

### Vandalism Big Problem

Vandalism which Wellington experienced a few weeks ago was not only the destruction of private local property, it was also part of a problem that is of nationwide concern.

Here a writer in the Fillmore, Calif., Herald looks at the parent's part in this problem:

What was your reaction to the news last week that vandals had broken out a few hundred dollars worth of plate glass here in Fillmore on Tuesday night? Did you "view with alarm"? Did you remark that "something ought to be done"? Or did you merely say, "It was some livewire boys with nothing else to do who got a little excited. So what, the windows were probably insured anyway?"

It seems to us that somewhere along the line we are failing these young people who are turning to crime to get their thrills. Either the home, the church or the school has failed to reach them. In most cases it is the home, the church and the school can do little without the support of the parents.

The willful destruction of property is not something to pass over lightly. Such acts can easily pass on to more serious crimes.

## Highlights and Sidelights

# Only 89 per cent cast vote

AUSTIN, Tex. — A post-election review of statewide voting totals shows that only 89 per cent of the 3,100,000 Texans who were qualified to vote actually made it to the polls on November 3.

Total number of ballots cast — 2,786,788.

Not all of those who went to the polls voted in all the races. In Travis County, for instance, 3,461 of the 67,419 who cast ballots failed to vote in the presidential race. Elsewhere around the state, 52,304 Texans who voted in the governor's race did not vote on the lieutenant governor's race, which placed next on the ballot.

Highest vote getter, in this election and in Texas history, was Atty. Gen. Waggoner Carr. He racked up 1,901,038 votes. Gov. John Connally was next with 1,877,137. Lt. Gov. Preston Smith was third, with 1,833,747.

LAWMAKERS TAKE OATH — All 42 freshmen in the 150-member House of Representatives already have taken the oath that makes them State officials. They started drawing their \$4,800 a year salary the day of their oath-taking, in the special swearing-in ceremony. Lt. Gov. Preston Smith presided, along with House Speaker Byron Tunnell and Secretary of State Crawford Martin.

Freshmen legislators who did not come to the Capitol were sworn in at home by local judges. Many did so for sentimental reasons.

TRAIN HEARING SET — Right after the order was issued allowing the Texas and Pacific Railroad to discontinue two passenger trains that ran between Fort Worth and El Paso, the Gulf, Colorado and Santa Fe Railway Company filed a request with the Railroad Commission to discontinue two trains in West Texas.

Company said it wants to stop service of passenger trains Nos. 77 and 78 between Brownwood and San Angelo because Railway Post Office service was halted on them September 26. Company said governments failure to renew the postal contract will increase the railroad's already substantial net annual "out-of-pocket deficit" by more than 75 per cent.

Hearing on the application will be held in the Tom Green County Courthouse on January 14.

ATTORNEY GENERAL RULES — Attorney General Carr branded unconstitutional a section of tax law providing for cigarette tax payments to the State Treasurer.

He noted that the law calls for the treasurer to ship cigarette stamps, or a set meter for use in stamping cigarettes, without receiving payment in advance.

Carr declared it improper lending of state credit. Thousands of dollars are lost under present practices, he said.

The Attorney General also ruled that a county commissioners court does not have authority to prescribe office hours for a county official holding a constitutionally-created post.

Opinion stated that a county official may close his office on Saturdays without consent of the commissioners court, because no provision in the statutes or constitution requires county offices to be open to the public for any specific time other than for a "reasonable time."

COURTS SPEAK — Texas Supreme Court heard arguments in the Trinity River Authority's suit to force the attorney general to validate its \$48,500,000 interim bond.

When boys travel in gangs, late at night, with their own or the family car, the more irresponsible ones become the leaders. A few dares lead to petty mischief, and all too often, this leads to breaking the law. And if they are not stopped we soon have a gang of hoodlums on our hands.

The police can do little until the law is broken and even then they dread the ire of parents who "just know that my boy wouldn't do a thing like that."

It is time for parents to impress upon their young people that destruction of property is not a "boyhood prank."

HARD PUMP AHEAD

issue for land purchase and constitution of the Livingston Reservation.

On September 8 the City of Houston contracted for 70 per cent of the reservoir water, estimated at 1,200,000,000 gallons a day. Money from city payments would finance bonds.

High court refused to change lower court rulings against the City of Carrollton's suit seeking to regulate Southwest State Telephone Company rates covering optional direct - dialing telephone service with Dallas.

EAGLE PASS CASE — J. W. Edgar, state education commissioner, postponed showdown hearings in an explosive Eagle Pass School District controversy until December 7 after listening to two more days of testimony.

Controversy involves the firing of Supt. J. I. James last spring, the hiring of W. T. Poulos of Odessa, and subsequent rehiring of James and the ouster of Poulos following April 4 elections.

Attorneys for a citizens group here sharply questioned James about a variety of school finance, accounting and administrative practices. Poulos' appeal was heard last June 28-29. James apparently will get his turn to tell his side of the story at the third session with Dr. Edgar.

As many as nine attorneys have participated in the hearings.

RECEIVERSHIP SUIT FILED — J. N. Nutt, State Insurance Commissioner, instituted the first receivership of any significant size in recent months when he initiated proceedings against Great American County Mutual Fire Insurance Co. of Lufkin.

Dist. Judge Herman Jones of Austin granted the State's application for temporary receivership. This was followed by resignation of several of the company's officers.

Nutt estimated that about 3,000 policies were active at the time court proceedings began.

HIGHEST STATE BUDGET — Governor Connally says that his state budget proposals will be "a good many million dollars" higher than the present spending level.

He is "hopeful" that new taxes can be avoided, but is "not prepared to say there will be none."

Connally covered a wide range of subject matter in a press conference.

He regretted closing of a few Texas military bases but commented that the action has to be "understood as the price we pay for change, for knowledge and for leadership."

He applauded creation of a Lyndon B. Johnson State Park in Gillespie County as "an excellent idea" and said he hopes the state eventually can acquire the Johnson home itself as an historic landmark.

Similar approach was taken by the Governor's Committee on tuberculosis. It proposed districts for treatment and prevention of the disease and a focus on care, rather than hospital treatment.

SHORT SHORTS — State Utilities Board granted 17 applications to sell \$17,500,000 worth of cotton ties this week.

Agri. Commissioner John C. Wainwright gave farmers in a 44-county and Central Texas area \$2 million to clean their cotton stalks.

U. S. farmers spent nearly \$1 billion in 1963 for business layoffs and home consumption production expenses, including labor, amounted to over \$2 billion compared with \$10 billion at beginning of World War II.

\$21 billion a decade ago. U. S. Department of Agriculture says that with the unfolding of farm production technology, changes by farmers of farm products for farm production expected to continue to increase.

## From your Chamber of Commerce

By JOHNNY JOHNSON

The need for greater support of our education system is one of the greatest needs for the Morton area.

Attorney General Waggoner Carr said in his speech at the banquet for the education system that Texas is behind in the total education of its people. The facts show that if we can get the student to stay in school longer his total income will increase.

The average income per year is about twice as much for the eight grade education over the sixth. The 12th grade education is worth about three times the sixth. The education level is an average of all education backgrounds. This points out the fact that the graduate student cannot help this town until we get the student to stay in school.

One of the prime concerns of

industry is the education of the people in the area. One of the prime concerns of the college graduate is that he moves to a location where he can find other people who are on the same educational level as he. The college grad has certainly been a boom to the industrial field but he is not alone responsible for the success of the world.

It is fine to want greater education beyond the high school but this alone will do little. We have studied this dropout problem but we have done little to do away with it. It costs us money — not because the state does not pay more average daily attendance — but because of lost investor dollars. We will have to pay more if more students stay in school. But the higher the grade level the higher the pay. Think it over.

## John Doe ?

During the last war Kilroy was the name of the man who had been there. John Doe, the encyclopedia tells us, is the name used in legal documents to describe a person whose real name is unknown.

You do not know the name of this darling baby, and his name may be unknown to us, but in his eyes dwell love and trust. His eyes are like doe-eyes. Yet the male deer is a young buck, rather than a doe, and he is known for his swift running and his ability to jump to high places.

Our prayer for this young man is this:

May the Lord *strengthen and stablish you.* Then as Isaiah says in the 6th verse of the 33rd Chapter, *wisdom and knowledge shall be the stability of thy times, and strength of salvation: the fear of the Lord is his treasure.*"

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

### Advance planning can avoid rush of holiday mailing

A little planning can help avoid the mail "Christmas Rush", Postmaster Crone said today.

1. Find last year's Christmas mailing list. If you don't find it, or didn't have one, make one up.
2. Check to see that all addresses are correct. The phone book is usually a good source of local addresses.
3. Wherever possible, add the ZIP Code to the addresses on the list. Because IP Codes speed your mail, always include the code for your area in return address. This is the best way to inform friends, relatives and business associates of the code number for your area.
4. Determine your list of gift purchases which must be mailed. Such planning allows you to shop early when selections are great and you can stock up on mailing materials in advance. Be sure to purchase enough material so that parcels will be packed securely.

The postmaster emphasized that poorly wrapped and loosely packed cartons are the major cause of parcel post damage. He also suggested that the address be written on only one side of the exterior wrapping and that a duplicate address be included inside the carton, in case the outer covering is not secure and comes off.

Mr. Crone said that the Post Office Department in Washington is predicting that record seven billion pieces of mail will move through the postal system during the peak rush just before Christmas.

"The cooperation of all mailers is vital for us to deliver each holiday card, letter and package before Christmas Day. A little planning will make the Christmas rush less hectic for everyone," he said.

## Indians drop Littlefield cagers, 41-30, Monday

Morton's basketball Indians won their second game in three outings Monday night by dropping the Littlefield cagers, 41-30, in a contest on the foreign hardwood. The local "B" team lost to the Littlefield "B" squad, 45-31.

Ernest Chesshir paced the Indians, as he swished 27 points, on eleven field goals and five gift tosses. Ronald Sitton was high scorer for the Wildcats, with eleven points.

Morton jumped to a first quarter margin of 7-5, but managed a 15-point barrage in the second stanza to lead at the half, 22-13. Chesshir led the second period surge with twelve of the Indians' 15 points. Littlefield crept up to a 28-23 deficit at the end of the third canto but the locals pulled away again in the final eight minutes.

Scoring for Morton besides Chesshir were Charles Ledbetter with two field goals and three charity tosses for seven points, and Jimmy Joyce with five tallies, on two from the field and a single free throw. Sherill Griffith added the final two points on a pair of gift shots.

In the curtain-raiser at Littlefield, the Morton B's trailed at the quarter stops, 12-6, 23-12, and 28-24. Willy Moore, Don Vanlandingham, and Donnie Harvey shared

scoring honors for the Morton team with six points each. Darrell Skygley had five and Ricky Monroe four for the locals. Wilma Williams, with 17 points, led the winners.

# How Much Does It Cost You

*when your neighbors  
go out of town to buy?*

We may think . . . when one of our neighbors buys a shirt, or a car, or a hot water bottle in the city . . . that it's nothing to us . . . unless we happen to be trying to make a living in the shirt, or car, or hot water bottle business here in this community.

But . . . as a matter of fact . . . every time a dollar leaks out of local circulation, it hurts everybody who lives around here.

Because . . . financial anemia is a very contagious disease. Trade volume . . . the lifeblood of every community . . . when drained off to invigorate some other place . . . leaves us weaker, our schools and churches poorer, job opportunities fewer, our own businesses less profitable, our property worth less, our

living standards lower, and important help and services less convenient to us.

On the other hand . . . Prosperity is also contagious.

Every single dollar that stays here at home turns over again and again as long as it's here . . . to account for two, three, or more times it's value in increased local trade volume . . . to keep every single one of us in better economic health.

## Army enlistees to be granted 15-day furlough

Young men who enlist in the regular Army during the period December 9, 1964, to January 1, 1965, may be granted a 15 day furlough, according to Sgt. Larry Hooley, local Army recruiter.

The liberal leave policy during the coming holiday season permits young men to spend the holidays with their families while drawing full pay and allowances from the U. S. Army. The number of days given depends on the date of enlistment.

For those who are qualified, classroom courses and on-the-job training are offered in more than one hundred fields. Training for special programs is available in such areas as Airborne, Air Defense, Military Police and Army Bands. Young men who like to travel may choose an assignment in Europe, the Far East, Alaska or Hawaii.

To take full advantage of this liberal leave policy, young men are urged to act immediately. Contact Sgt. Hooley at 1010-13th St., Lubbock, Tex. or call collect P03-881. The recruiter will also be in Lubbock each Tuesday at the courthouse.

Building nears completion

JAMES DEWBRE is pictured as he inspects his new building being erected in NW First Street in Morton. The front portion of the new structure is to be occupied by a service center

for White Auto Store, while the rear of the building will be used as a warehouse for Burleson Paint & Supply. Dewbre expects completion of the building in about two weeks.

## Posse holds annual fall banquet on Thanksgiving eve

A Thanksgiving banquet was held for the Cochran County Sheriff Posse at the Wig Wam Wednesday night, Nov. 25.

The room was decorated with the trophies the posse had won this year. Turkey, dressing and all the trimmings were served.

Following the banquet, the group played 42, bridge and carem.

Members present were Mr. and Mrs. Harold Reynolds and Joan, Mr. and Mrs. Leonard Gandy and Len, Mr. and Mrs. Billie Gunter, Mr. and Mrs. John Elliott and Joe and Peggy, Mr. and Mrs. E. W. Tucker and Sharon, Mr. and Mrs. John Fried and Betty, Mr. and Mrs. Emmett Jones, Mr. and Mrs. Herb Hillman, Mr. and Mrs. A. C. Jones, Mr. and Mrs. Jack Bates and Toby, Mr. and Mrs. Don Layman and Don, Mr. and Mrs. Rob Richards, Mr. and Mrs. Bert Eads, Mr. and Mrs. Ryan St. Clair, Kyle and Keith, Joe Meyers.

Several guests attended, Gerald Grusendorf and Mrs. J. G. Kimberlin, Keith, Karen and Christy from Abilene.

## Lancaster honored by Future Farmers

At the annual awards banquet of the Future Farmers of America of the Littlefield district, held in Littlefield November 24, D. B. Lancaster, Manager of the Bailey County Electric Cooperative Association, was awarded an honorary membership in the Texas Association of the Future Farmers of America, the honorary Lone Star Farmer Degree.

Citation given was for help and assistance with the Future Farmers of America chapters located in the Littlefield district area. Officers of the district, with Stanley Black of Muleshoe as President of the Littlefield district, presented the degree.

## Senior MHS girls take homemaking test on Tuesday

Senior girls at Morton High School with a minimum of one year of home economics were busy Tuesday taking a knowledge and attitude examination on homemaking, according to Mrs. Mable Sanders, instructor.

They are among a half million girls in more than 14,000 of the nation's high schools who are participating in the 1965 Betty Crocker Search for the American Homemaker of Tomorrow.

At stake are awards ranging from attractive pins to \$110,000 in scholarships. The program is the only national scholarship competition exclusively for high school senior girls.

The local winner will be the girl who scores highest in the 50 minute test. She will receive an award pin and her paper will be eligible for state competition. The highest ranking Homemaker of Tomorrow in each state then will receive a \$1,500 scholarship. Her school will be presented a set of cyclopedia Britannica, Inc. Each state runner-up will receive a \$500 scholarship.

Next spring, State Betty Crocker Homemakers of Tomorrow, each with a school advisor, will be guests on an expense-paid tour to Colonial Williamsburg, Va.; Washington, D.C.; and New York City.

The trip will culminate with the naming of the 1965 Betty Crocker All-American Homemaker of Tomorrow. Her scholarship will be runners-up receiving scholarships, raised to \$5,000 with national runners-up receiving scholarships, respectively, raised to \$4,000, \$3, and \$2,000.

Judging for national honors is on the basis of original test scores of state winners plus personal observation and interviews during the tour.

General Mills, Inc., launched the Betty Crocker Search in the 1954-55 school year to emphasize the importance of homemaking as a career. More than a million dollars in scholarships has been awarded. The examination each year is prepared by Science Research Associates, Chicago, which also is in charge of scoring papers and judging.

Donald Shaw, a freshman at Texas Tech, arrived Wednesday to spend Thanksgiving holidays with his family, Mr. and Mrs. Ross Shaw and brother Larry. He returned to Lubbock Sunday.

Dinner guests in the Joe Seagler home Thanksgiving Day were Mr. and Mrs. Charles Taylor of Morton and their daughter, Mrs. James Porter of Galveston.

Mr. and Mrs. A. E. Sanders had as their guests Thanksgiving Day, her niece, Mr. and Mrs. Charles Elliott from Kermit.

Mr. and Mrs. Millard Townsend had their son, Jeff, through the holidays. He is a sophomore at Hardin Simmons University.

Music for Mortonites

ONE OF THE Christmas records to be heard by Morton shoppers this year is checked by Mrs. Judy Autry, Chamber of Commerce secretary. The music, originating at the chamber

office, will be heard all around the square during the holiday season. Present plans call for music to be played year-around in the business district.

## Eastside students studying phonics

The second grade at Eastside Elementary School is making fine progress in reading and spelling with the "Hear, See, Say" phonics approach, faculty members there report.

The books and recordings are most helpful for supplementing the child's growth in reading, teachers explain.

The students have made their own phonics books, and are enjoying them. They are working well with them, and their endeavor is shown in the fact that nine pupils made a perfect 100 per cent in their second six weeks' spelling test in which they correctly spelled 30 words.

The pupils are Jean Pritchett, Gail Basped, Doretha Patton, Sherri Lang, Dianah Goodwin, Carl Williams, Glenda Hill, Brenda Harvey and Ann Harvey.

Faculty asked that interested ci-

tizens watch The Tribune for further news about the "Hear, See, Say" phonics approach to better reading and how it is utilized at Eastside Elementary.

Mr. and Mrs. Kenneth Thompson and family had as guests Sunday, his parents, Mr. and Mrs. Lee Thompson of Farwell and his sisters and families, Mr. and Mrs. Thurman Chandler, Txaco, New Mexico and Mr. and Mrs. Willie Denny and children of Las Cruces.

Mrs. Ed Lloyd, Mitch, Mark, Monty and Michael of Lubbock visited Friday through Sunday in the home of her mother, Mrs. O. B. Williams.

Visitors in the Hugh Dupler home during the holidays were their son, Lester, a student at Texas Tech, and Mr. and Mrs. Clay Miller and family of Lawton, Oklahoma.

## SMOKE SIGNALS

By MIKE EGGER

The Morton High School Choir sang at the annual Thanksgiving community worship service in the Assembly of God Church Wednesday night, Nov. 25.

The Morton High School Band has started concert season. The gruelling marching rehearsals are over until next fall and band members are now working toward their first sweepstakes in history which will mean achieving a Division I (Superior) rating at the concert and sight-reading UIL contest next spring. Various band members have been changed to different horns to achieve a balanced effect on the concert stage.

December 5 has been set as the date for the First Baptist Church's annual Banquet honoring the Seniors of Morton High School. The banquet has been scheduled for 7:00 p.m. in the church basement.

The huge water tower south of the high school has been painted black and gold, the traditional colors of Morton High School. Rumor has it that a huge black Indian head is to be painted on the tower.

A number of Morton High School Seniors will take the College Entrance Examination Board test in Levelland this Saturday, December 5. The scholastic aptitude test will be given in the morning from 8:30 until 12:30. The various math, English social studies, and science achievement tests and the creative writing sample will be administered from 1:30 until 5:45 p.m.

Connie Stowe, Morton High School Future Farmers of America Sweetheart, placed third in the District FFA Sweetheart Contest. Some seventeen FFA Sweethearts from the surrounding communities competed in the contest.

The MHS popularity contests were: Mr. and Miss MHS—Ernest were: Mr. and Miss MSH — Ernest Chesshire and Peggy Ramsey; Most Beautiful and Handsome: Janis Winder and Ronald Smart; Most Courteous: Betsy Crowder and Bobby Dobson; Best Personality: Wadonna Strother and Charised Ledbetter; and Most Likely to Succeed: Carol Williams and Mike Egger.

Class Favorites are Seniors: Betsy Crowder and Mike Doss; Juniors: Glenda Smith and Mike McDermitt; Sophomore: Charlotte Smart and Lem Chesher; Freshmen: LaNelda Romans and Ronald Hale.

If anyone noticed a small river flowing through town last Thursday and wondered where it originated, the workmen were testing the new water tower for leaks. It had one.

## Bracero labor hearing slated

Area farmers along with farmers from all over the state will be able to discuss the problem of labor shortage when they meet with Department of Labor representative, Clifford P. Grant in Dallas tomorrow.

The meeting, which will be held in the North Ball Room of the Dallas Sheraton Hotel at 10:00 p.m., will give farmers an opportunity to present proof to the Department of Labor that they need foreign labor help.

Area farmers have been asked to attend the meeting or to send letters or telegrams to the meeting to be used as proof of the labor shortage. Farmers may also write the Secretary of Labor, their senator, or congressman about the labor shortage if they cannot attend the Dallas meeting.

Mr. and Mrs. Odell Henderson of Maple were Thanksgiving day visitors in the home of Mrs. Tone Young.

## Vote on cotton quotas scheduled for Dec. 15

The cotton quota vote coming up Dec. 15 will mark the 12th consecutive year in which growers have voted on marketing quotas for their upland cotton crop, Ruth McGee, Office Manager, Cochran County ASCS said today.

"Beginning with the referendum on marketing quotas for the 1964 crop, growers have approved quotas for each year's cotton crop," she stated. "In the vote last year, on quotas for the 1964 upland cotton crop, 94 percent of the growers voting approved quotas."

By law, quotas must be proclaimed by the Secretary of Agriculture in years when the cotton supply exceeds normal. The estimated 1964-65 total supply of upland cotton exceeds the estimated normal supply by 41 percent.

The carryover of upland cotton on August 1 of this year was 12.1 million bales. With 1964 crop yields indicated at a record high of 522 pounds per acre, domestic usage plus exports during this marketing year is expected to be less than the 1964 crop, the carryover is expected to increase to about 12.6 million bales by August 1, 1965. A carryover this size has been exceeded only once — in 1956.

If at least two-thirds of the growers voting in the referendum approve quotas for the 1965 upland cotton crop, price support at a level within the range of 65 to 90 percent of parity will be available to growers who do not exceed the farm's acreage allotment, additional price support in the form of payments will be available to

growers who keep their acreage within the farm's "domestic allotment," and marketing quota penalties will apply to any excess cotton produced on a farm. If more than one-third of the voters oppose quotas for the 1965 crop, the regular allotment program will remain in effect, and the price support will be available to growers who do not exceed their acreage allotments at 50 percent of parity, as provided by law.

All farmers who engaged in the production of upland cotton in 1964 are eligible to vote in the Dec. 15th referendum.

Ballot boxes will be at each gin in the county and at the County ASCS office, Mrs. McGee said. Polls will be open from 8 a.m. until 6 p.m.

Mr. and Mrs. Dickey Walker of Lubbock visited Wednesday and Thanksgiving with her parents, Mr. and Mrs. W. F. Stroud and sister, Marilyn, and with his mother, Mrs. A. V. Walker.

## 1964 agricultural census underway

The 1964 Census of Agriculture, now being conducted by the Bureau of the Census, U. S. Department of Commerce, in Cochran County, will bring up to date the farm and ranch statistics last collected in 1959.

Here are a few of the many facts recorded in the 1959 agriculture census for this County: There were 451 farms and ranches in 1959, compared with 479 in 1954. The average size of farm and ranch was 920.6 acres in 1959, compared with 776.5 acres in 1954.

The value of products sold by the County's farmers and ranchers in 1959 was \$13,797,580. The value of all crops sold was \$13,057,869. The value of all livestock and livestock products sold was \$739,711.

The 1964 national Census of Agriculture is the 18th in a series

which began in 1840. Because of the rapid changes American agriculture has been undergoing in recent years, Census Bureau officials regard the current census as one of the most significant ever taken. They ask every farmer and rancher to cooperate in completing an accurate record of these changes by filling out the census form he receives in the mail and holding the completed questionnaire until a census taker calls for it.

Mr. and Mrs. Bill Matthews and sons, Stephen and Mark, spent the holidays visiting in Dalhart, Tex.

Mr. and Mrs. A. A. Fralin had as holiday guests their daughter Ingram, Keith and Jas from Clovis and her sister and family, Mr. and Mrs. J. W. Peary and Johnny from Houston.

ties into the nation with Direct Distance Dialing

Imagine do-it-yourself dialing on long distance calls. It's the modern, convenient way of reaching people fast in faraway cities. And it's so much fun to use.

ddd lets you directly dial millions of phones throughout the U. S. at the same low long distance rates you've paid in the past.

For you, ddd is only days away. Eventually, all cities and towns will have it. When that day arrives, you'll be able to dial directly to almost any telephone in the whole country.

ddd is simple as ABC

Here's all you do to dial right through:

- Dial 112 (this connects you to long distance).
- Dial the code number of the city you're calling. (You'll find it in your ddd booklet.)
- Then dial the phone number of the person you wish to reach—just as though you were making an ordinary local call.

Watch for this booklet on ddd

You'll receive a copy of this booklet through the mail. It tells you where and how you can dial direct, and lists the area code numbers for the entire nation. Keep it near your phone for handy reference and the listing of out-of-town numbers.
