...boys...  
 THE WATER MAY BE FINE but these swimmers are taking it easy at Cochran county swimming pool. One ambitious lad is climbing the tall diving board tower—maybe the sun will be better up there? Opening day at the pool was last Saturday and there were about 60 "swimmers". The sun was hot, the water cold and most of the athletes were a little "out of condition" this early in the season and played it cool by taking frequent time outs for recuperation and conversation.

## Builder of churches is new Morton minister

**CONFIDENTIAL**  
 for publication!

You know that blow-sand enters the floor, that fine material is real valuable. It's like the other day when it's like blowsville and first in the kitchen and then it's like red and a real gone. Talk about expansion of the empire at the expense of the world! Even the NAACP stop this stuff from interfering with everything in sight.

REV. CHARLES GATES

So I tried. Everything on was created for a purpose. I told me once. All we do in Cochran county is something we can convert blow-sand into that sells for cotton, like make bricks or something and we can this whole country into an area that will make every white rich beyond her wildest until the whole country is the big hole and we can put the soil bank and go in the live in the hole, just with cotton, until we don't any more bricks, pots or and if we can get the deep enough so that we are hole far enough, maybe we Johnson to move the na-

## Johnson to new post

Johnnie R. Johnson, manager of the Morton Area Chamber of Commerce since April, 1964, tendered his resignation at the regular meeting of the C of C board of directors Monday night.

The board regrettably accepted the resignation, effective July 1. Johnson has accepted a position as manager of the Ozona Chamber of Commerce.

The board of directors immediately began plans to find a replacement for Johnson, although it isn't known at this time what

## Arrest made in money bag theft

Jimmy Dale Wright was arrested Monday and charged with the theft of a money bag and contents from his employer's office, Doss Thriftway Super Market, 400 S. Main, Morton. Wright, 21 years old, is out on bond of \$1,000 pending arraignment before the Grand Jury, which will probably be convened in August.

Recovered by Sheriff Hazel Hancock, who arrested Wright, were \$234.31 in charge slips, \$279.77 in checks and \$6.60 in silver. Hancock said Mrs. Doss claimed \$244.25 was missing in currency.

Sheriff Hancock first became suspicious of Wright when he discovered he had made two payments on his car at a finance company in Levelland. He had previously been delinquent in his payments there.

Wright had worked for Doss three years and was in charge of fresh fruit and vegetable department where he did all the buying, loaded, trimmed and arranged displays. Wright is not married.

## District Court sentences two, one to jury

Of the twenty-odd criminal cases scheduled for hearing at the Cochran county 121st Judicial District Court, only two were heard on Monday and the case(s) against R. A. Vestal went before the jury on Tuesday.

Willie Gene Hill, Negro, pled guilty of assault with intent to commit statutory rape of a 13 year old Negro girl and was given a three year suspended sentence. Hill is now married to the girl.

Jessie Enriquez pled guilty to destroying personal property and was given a two year probated sentence and assessed \$150 to repair the automobile he damaged and ordered to pay \$40 court costs.

In the cases against R. A. Vestal, all involving drunk while driving the defendant pled innocent by reason of insanity at the time of the offenses. Six cases are charged against Vestal. He has been committed to state institutions in the past for rehabilitation as an alcoholic and for insanity (involving liquor).

## Honor students named at Three-Way

Honor students at Three Way Independent Schools were announced this week by Harrell L. Holder, Superintendent, at Maple.

She did it again...

BARBARA DUNN, on the far right, won the state first place honors for her essay on "Managing Marriage in a Mobile Home". Barbara is shown above with her family, L-R, sister Treva, Junior at West Texas State, her mother, Ruby, and her father Rev. H. F. Dunn. Barbara won \$50 as Cochran county winner and \$200 cash as Texas State Winner in the

contest. She is rated as a top contender for national winner which will pay \$2,500. (that's real yankee money that is, too), plus an all expense trip to Atlantic City for herself and her mother. Barbara's father, a Methodist minister here until last week, would not have his expenses paid to Atlantic City if Barbara wins, however, just her mother's.

Miss Barbara Dunn, Cochran county contender, won first place in state-wide competition with her essay, "Managing Marriage in a Mobile Home". Barbara won \$50 as first place winner in Cochran county and was awarded \$200 cash first prize for state winner in ceremonies last Saturday afternoon at Morton High School. Prizes were awarded by officials of the Texas Mobile Homes Association who came here from Houston to make the presentation.

Miss Dunn, the daughter of Rev. and Mrs. H. F. Dunn, formerly of the Morton Methodist Church, is engaged to be married to Doug Miller, son of Deputy Sheriff and Mrs. Chester Miller of Morton.

Barbara was given a good chance of winning first place in the national competition by Ted Balter of San Antonio, President of the Texas Association and member of the National Board of Governors.

Barbara's Home Economics teacher, Mrs. Murray Crone, was awarded an additional \$200 because of Barbara's first place standing in the state of Texas. Mrs. Crone will receive \$500 if Barbara wins the national title. Barbara would receive \$2,500 plus an all-expense paid trip for herself and mother to Atlantic City.

One out of seven new housing starts in the U.S. are mobile homes and over four million Americans now live in mobile homes and earn, on the average, \$1,500 more per year than the average who dwell in stationary homes. The average mobile home family contains 2.7 persons, according to L. L. Nifong, Executive Director of the Texas Mobile Homes Association, and one of those present Saturday to make the award to Barbara.

## Protests changes in cotton planting

Changes proposed by USDA in skip-row planting rules for cotton "violate basic principles" and counteract gains from years of research by the Department of Agriculture, farmers and others "to achieve the most efficient production of crops," the head of the state's largest farm organization has charged.

C. H. DeVaney, president of the 92,552-member Texas Farm Bureau, said the change will be "a step backward" and that the general citizenship of the nation will pay for the resulting loss of much of "the efficiency built into

## Siren calls may be new favorite past time here

Elra Oden, City Secretary, says a continuous series of long blasts on the fire siren in Morton means either air raid, tornado or something similar. The Morton fire department is working on emergency warning procedures and plans, which will be announced as soon as developed.

For the present, a continuous series of long blasts on the siren will let you know to do what ever you are going to do. Those who have storm or CD shelter would have a place to go and the rest "might just make noise like a siren wail until it goes away." Or, they might report to one of the public buildings such as the court house, a school or church, Oden suggested, but did not say what the advantage would be over crawling under the bed and staying at home.

## Morton man hospitalized in car wreck

Leslie Green, 27, was injured last Thursday night in a one-car accident when his car struck a culvert and overturned on SH 116 near Morton. Injuries were not believed serious. Green is a farm worker on the Donald Grusendorf farm.

Green was taken to Morton Memorial Hospital and later transferred to Methodist Hospital in Lubbock due to the seriousness of his injuries. He was scraped, cut and bruised and one leg cut badly. A Lubbock hospital spokesman described Green's condition as "good".

## Alert Police Nabs Suspect In Morton

Patrolman R. B. Cunningham became suspicious of an insurance salesman who called at his home last Friday afternoon and invited him down to the office at the court house where he contacted state police headquarters in Austin.

Arrested was Jerry Terry Millsap, 5 feet nine inches, 171 pounds, red hair and gray eyes, wanted in Wichita Falls for parole violation. Sheriff deputies from Wichita Falls were in Morton to pick the man up Monday of this week. Millsap was placed on three years probation after his second conviction of driving while intoxicated a year ago and had not reported to his parole officer yet.

## Taksman sez...

There seems to be a lot of people who don't understand the requirements on filing a tax return on household employees. Generally speaking, if you have a maid one day a week, you are required to file a quarterly return. It is not up to you or the maid to decide whether or not you want to pay social security tax — the law requires it. If you haven't been paying your maid tax you better get a Circular H from Internal Revenue. In case you owe, you also better pay off.

## 4-H Electric Camp at Cloudcroft

Public Service Company is sponsoring a 4-H "electric camp" again this year to be held at Scott-Abel camp near Cloudcroft, New Mexico. From Cochran County, four boys, four girls and three adults will attend from July 9 through July 13, according to Nolen Swain, administrative assistant for this area served by the company. Those who attend pay only their transportation to and from the camp and the electric company pays all actual camp expenses.

Those attending the camp will be taught electrical safety, first aid, motor repair, home lighting, wiring, electrical crafts such as building a lamp, a soldering iron and how to make an extension cord.

Eleven other counties in addition to Cochran will send delegations to the same camp which is an annual event.

## BOOKMOBILE SCHEDULE

The Texas State Library High Plains Bookmobile will be in the following places at the times indicated, according to Bookmobile headquarters in this area at 112 East Ash in Muleshoe:

Wednesday, June 16: Needmore from 8:30 to 9:30 a.m., Baileyboro from 9:45 to 10:45, Stegall 11:00 to 12:00 and Enochs from 1:00 to 2:00 p.m.

## Letters to the editor

Do you have an opinion you'd like to express? Or just a gripe? Maybe a suggestion or idea? Write a letter to the editor, get it off your chest. Local subjects are preferred, of course, by the Morton Tribune and all letters must be signed or we will not print them. We will withhold your name from publication if you request it but you must sign the letter you send us. Just address your letter to "EDITOR, Morton Tribune, Morton, Texas". ## Morton Scouts off to camp this Sunday

Boy Scouts of Troop 601, Morton, will leave June 13 and plan to return Saturday June 19 from camp Tres Ritos in the Sangre de Cristo mountains located about halfway between Taos and Las Vegas, New Mexico. The camp is owned and operated by the South Plains Council of Boy Scouts for boys of this area.

Local Morton men will take time off from their jobs and businesses so the boys from here will have adequate adult supervision, according to Leon Hamilton, Scout Master. "Some of the men will go in relays because they will be unable to stay the entire period but there will be five there at all times," Hamilton explained.

Troop 601 has 28 boys registered at present and meets in the Scout Hut on South 2nd Street in a reconstructed army barracks on Monday nights at 7 o'clock. Activities are scheduled, for the most part, on Fridays and Saturdays, especially during school.

## BLED SOE TEACHER NAMED TO U.S. HISTORY INSTITUTE

Archie Adkinson Chandler of Bledsoe is one of thirty high school teachers from eight states who will begin a six-week summer institute in United States history Thursday at North Texas State University.

The history teachers, all with at least one year's teaching experience, will participate through July 14 in a two-part study of the nation's history from 1850 to 1960.

them, wish you could be heard on some of these subjects, this is your opportunity. Is there something in the city or county you think could be done better or should not be done at all? Maybe you don't like the way things are being run or the subjects taught in schools or the tax structure or what some group is doing or not doing. Just write a letter to the editor and we'll print it. Maybe your letter will have an effect on the way things go in Morton and Cochran county from now on.

## Eastern Star installs new officers Saturday

Open installation of officers for the Order of the Eastern Star was held at 8 p.m. Saturday in the Masonic Hall. The affair opened with a song by Jan Heard. The Bible was presented by Pattie Heard and the Square and Compass was presented by Mark Roberts.

The Worthy Matron welcomed all guests and visitors. This was followed by the Lord's Prayer and the Pledge of Allegiance to the Flag.

The installing officers were: Installing Officer, Jessie Lindsey; Installing Marshal, Mozelle Reynolds; Installing Secretary, Beatrice Dupler; Installing Chaplain, Hessie B. Spotts; and Installing Organist, Lois St. Clair.

Greetings were given by the Worthy Matron and by the Worthy Patron. Hettie Rowland presented the Past Matron's Jewel to Hessie B. Spotts. Fred Payne presented the Past Patron's Jewel to Pete Lindsey. Jan Heard then sang "In Loving Kindness." The benediction was given by Bob Newton.

The officers installed were: Worthy Matron, Marie Toombs; Worthy Patron, Harold Toombs; Associate Matron, Billye Winder; Associate Patron, Jerry Winder; Secretary Jo Ann Watts; Treasurer, Geneva Huff; Conductress, Mary Beth Roberts; Associate Conductress, Louise Newton; Chaplain, Peggie Dupler; Marshall, Ona Payne; Organist, Hattie Tison; Adah, Beulah Toombs; Ruth, Hazel Gant; Esther, Virginia

## Camping trip held by Campfire Girls

The KiWaKi Campfire girls closed this year's activities with a camping trip to Bottomless Lakes State Park near Roswell, New Mexico.

Members spent three days swimming, hiking, riding and cooking out of doors in order to finish the last requirement for the Torch Bearer Rank.

Girls making the trip were, Sharon Irwin, Karen Hollman, Carol Freeland, Karen Fred, Anne Haggard and Karen Rozell. Adult sponsors were Mrs. W. G. Freeland and Mr. and Mrs. Daniel Rozell.

## Miss Todd to be married July 10

Mr. and Mrs. Pete Todd, of Levelland, former residents of Morton, are announcing the engagement and approaching marriage of their daughter, Laquita to J. D. Coursey. He is the son of Mr. and Mrs. W. W. Coursey of Levelland.

Wedding vows will be exchanged at 4 p.m. July 10 in the Todd home.

Miss Todd, a graduate of Whiteface High School and Texas Tech, has been employed as homemaker and teacher at Dawson Independent School in Welch. Coursey is a graduate of Levelland and is employed in Lubbock Post Office.

## Attends Oldsmobile meeting . . .

TOMMY HAWKINS of Hawkins Oldsmobile Co., Morton, was among over 200 persons from the vicinity of Oklahoma City, Tulsa, Amarillo, and Lubbock who enjoyed a two-

day junket to Arlington, Texas, recently, in connection with a special Oldsmobile Dealers' sales event. Hawkins in four from the right in the back row of the above picture.

## Rare surgery corrects emphysema for residents

H. G. (Dock) Long is one of less than 1,000 persons in the entire United States who has had a rare operation to correct or cure emphysema and asthma. Only two doctors in the U. S. can perform the operation, one in Boston, the other, John Robert Phillips, in Houston. "Dock" chose the Houston physician and left his bed to prepare for the operation about 9:30 in the morning and was back

to eat my lunch at 12." "By three o'clock I was feeling better than I had in years and running up and down the halls."

Actually, four people from Morton have had the operation in Houston, Ralph Yery, Roy Emery and Kenneth Wilson, besides "Dock".

Actually, according to Dr. Phillips, no one knows why the operation works, but it does. He said "85% of emphysema patients who have undergone the half-hour operation have been definitely benefited".

Pulmonary emphysema, the Doctor said, is the most common chronic lung ailment in the U.S. In this condition, tiny air sacs in the lungs lose their plasticity. As a result, stale air is trapped in the lungs, making it hard to get fresh air in.

Dr. Phillips said many of his patients were "so called pulmonary cripples hardly able to walk more than a half-block or were bed-to-chair patients". Usual medications and mechanical breathing aids have failed to help them.

In the operation, a tiny organ the size of a grain of rice or smaller is simply removed from the patient's neck. The organ is a bundle of nerves and blood vessels. The organ is called the carotid body and is located in the crotch of the neck artery where it forks just under the jaw bone.

"Dock" has many tales of miracle healing to tell about persons he saw "before and after" the operation. He says Dr. Phillips learned how to perform the operation by going to Japan and studying under a doctor there — like about everything else, these days, it was imported from Japan.

Mrs. Joe Rose of Paris visited in the home of Mr. and Mrs. M. H. Wisley recently. She was here to attend the wedding of DeWayne Hull and Miss Paula Womack. DeWayne is her nephew.

Mr. and Mrs. H. O. Rogers and Mr. and Mrs. Fred Danforth of Carlsbad were in Portales Sunday for the graduation of Larry Lethgo, who graduated from Eastern New Mexico University. He is married to the former D'Rene Danforth formerly of Morton.

## Briscoes honored on anniversary

Approximately 130 friends and relatives called at the County Activity Building in Morton on June 6 to offer congratulations to Mr. and Mrs. J. F. Brisco on their 50th wedding anniversary. Mr. and Mrs. Brisco, former residents of Morton, reside in Stephenville.

They were greeted at the register by granddaughters, Sandy Hill and Debbs Childs of Lubbock. A crystal candelabra and picture of the couple on their wedding day decorated the register table. A center piece of gold mums with wedding bells and leaves of gold along with the wedding cake decorated the table which was covered with a hand drawn linen cloth over gold. Granddaughters Mrs. Ray Rainwater, El Paso; Miss Terry Shifflet, and Miss Judy Childs of Lubbock served. Miss Vicki Shifflet, another granddaughter, presented the gifts.

Other members of the house party were their children: Mr. and Mrs. Wilson Kittrell, Lorenzo; Mr. and Mrs. Melvin Childs, Lubbock; Mrs. Joyce Hill, Lubbock; Mr. and Mrs. Francis Shifflet, Dale and

Gary, and a brother J. H. Brisco, Lorenzo. Assisting in the house party were Mrs. J. C. Reynolds and Mrs. Jack Wallace.

Out-of-town guests were: Reverend and Mrs. W. P. Brian, and Mr. and Mrs. James Cannon, Plainview; Mrs. Rose Howard, Stephenville; Mr. and Mrs. Rayford Tanner, Mr. and Mrs. Robert Pryor Lubbock; Mr. and Mrs. Rainwater, Mr. and Mrs. Alex Brown and Mrs. May Lee Wristen, Miss Greenhaw and Mr. and Mrs. Tom Fondren all of Lorenzo; Mrs. Lucille McBride, Annet James, Post; Mrs. Andy and Mrs. Maggie McMiner, and Mrs. Roy Asthus, Lubbock.

## Jesse George speaks to Women Democrats

Wednesday the Cochran County Women Democrats met in the Golden Arrow Room at the Wig Wam Restaurant. Representative Jesse T. George and Bob Allen of Austin explained the Organization of Economic Opportunity and the War on Poverty programs as they could be applied in this county area.

Weekend guests in the home of Mr. and Mrs. H. O. Rogers were their daughter and son-in-law, Mr. and Mrs. Fred Danforth of Carlsbad.

the American agricultural system."

DeVane also declared that the new regulations will be difficult and costly to enforce, will cause confusion and delay in certifying compliance and in many areas will call for expensive adaptations of machinery.

The Department of Agriculture announced last month that it is proposing the change in the rules with acreage allotments. Under the new regulations — applicable to the 1966 cotton crop if adopted — a part of the idle land (rows skipped) will be considered cotton acreage for allotment purposes. Thus, the allotment acreage cannot be enlarged proportionately to take into account the full amount left idle by the planting pattern.

"These changes will force the producer to change his pattern of planting in order to have a workable program," he declared.

The TFB president contended that such practices as planting patterns, row width, irrigation methods, the use of fertilizer, cultivation techniques, etc., "must be left to the judgement of the producer, guided by the best research information available to him." The proposed change would upset a technique widely used in Texas for more than 30 years, he noted.

"In the Department's release of April 23 concerning these proposed changes, it was indicated the purpose was to reduce production per allotted acre," DeVane explained. "This can only result in inefficiency in cotton production. For over 30 years Texas cotton farmers have been using the skip-row pattern of planting. Rules that penalize farmers for using sound and proven cultural practices, or limits use of water, fertilizers, insecticides and other agricultural chemicals, can only result in a less efficient and most costly operation. All of these practices are the result of research by farmers and the USDA to achieve the most efficient production of crops. Any move to counteract these established procedures will be a step backward."

DeVane's comments were contained in a letter addressed to the Director of the Farmer Program Division, Agricultural Stabilization and Conservation Service of the U.S. Department of Agriculture in Washington. The proposed rule was published in the Federal Register of April 22. USDA said growers can submit data, views and recommendations in writing to the official named above. To be considered, comments must be postmarked not later than 30 days after the April 22 Federal Register publication date.

### MISSIONARY BAPTIST BIBLE SCHOOL TO END IN PICNIC

The Missionary Baptist Church, 102 East Taylor, has over 210 enrolled (they are still coming in) for summer vacation Bible school, now underway, and 40 some teachers plus supervisory personnel, according to Mrs. Eleanor Hobson, wife of the pastor, who is serving as director for the school.

## Historical Survey group invited to regional meet

The Cochran County Historical Survey Committee has been invited to attend a regional workshop of County Historical Survey Committees in Crosbyton, Sunday, June 13, according to Mr. Elvis Fleming County Committee chairman.

Cochran is one of 15 counties invited for the afternoon workshop scheduled in the Crosby County Pioneer Memorial Museum at 1:30 p.m.

Mr. Lewis Timberlake of Austin is the Texas State Historical Survey Committee member in charge of Region 17 of which this county is a part.

"We have planned this meeting to give our local county committees the opportunity to tell of their work to preserve Texas history, to learn of the state-wide work of the TSHSC, and to discuss ways to save and see the history of the

Panhandle-Plains area," Mr. Timberlake explained.

Participating on the program with Mr. Timberlake will be Mrs. John Harvey of Crosbyton; Mr. Elvis Fleming of Morton, coordinator for Region 17; Mrs. A. C. Surman of Post and Mr. Truett Latimer of Austin, executive director of the Texas State Historical Survey Committee.

Topics planned for discussion include "What's a Region for?", "The Regional Coordinator", "The County Organized and Working", "The County Chairman's Handbook" and the functions of the State Office.

### BOYS NAMED FOR S.A. CAMP

Approximately 800 young boys, chosen from 289 Salvation Army Service Unit Committees operating in Texas cities and communities, will attend a full week of outdoor activities at The Salvation Army's Camp Holitzelle near Dallas.

Local boys who will attend are Clifford Sinclair and Jackie Brown. Ottis Parr is camp chairman for the Bledsoe Service Unit Committee, and the boys will be driven to camp by him.

Located on a rolling, heavily wooded tract of 340 acres, Camp Holitzelle is seven miles south of Midlothian, eight miles west of Waxahachie, and within an hour's drive of Dallas. The camp features a large lake for water skiing, fishing and boating, a swimming pool, a gymnasium, and well-equipped playgrounds and recreation areas. Organized sports and activities are under the supervision of experienced coaches and counselors.

Campers will be housed in attractive brick and redwood cabins. Expert cooks and kitchen personnel will prepare balanced, nutritious meals, designed for the needs of growing youngsters, which will be served in the camp's own dining room.

Camp Holitzelle has been made possible through the generous gifts of more than one hundred men and women of Texas. Their gifts provided money for the purchase of land, buildings and improvements on the property. The Salvation Army operates the camp for the benefit of youth who, without the help of The Salvation Army, would not have the opportunity to enjoy camp life.

Marieta Edwards, senior at Eastern New Mexico University at Portales is working as a band counselor at the college this summer. She is a 1963 graduate of Morton High School. Her parents are Mr. and Mrs. Allen Burkett of Dora, New Mexico.

# Miss Cole, Mr. Woody are wed

Miss Glenda Joan Cole became the bride of Glenn Dwight Woody in a double ring wedding ceremony Friday read by the Rev. Mark Williams, pastor of St. John's Methodist Church of Lubbock.

Parents of the bride are Mr. and Mrs. Lewis G. Cole, 2804 56th Street, Lubbock, former residents of Morton. The bridegroom is the son of Mr. and Mrs. Glenn W. Woody, 2502 57th Street, Lubbock.

The bride's father presented her in marriage. She was wearing a gown of silk French lace fashioned with a fitted bodice which featured a scalloped square neckline enhanced by frosted sequins and seed pearl trim. Long sleeves tapered to petal points over the hands. Her veil of silk illusion was caught by a pearl tiara.

Miss Brenda Cole, sister of the bride, served as maid of honor. Bridesmaid was Miss Betty Jones and Mrs. Jack Whitehead was bridesmaid. They wore white silk organza formal-length gowns

fashioned with a bateau neckline extending into a deep "V" at the back and elbow-length sleeves. The empire bodices were designed with inset bands encircling the bodices and ending in a double obi bows at center back waists above A-line skirts. Their veils of illusion were caught by headpieces of deep azalea fabric petal roses.

Best man was James F. All-day. Groomsman were Jack R. Woody, David E. Woody and Allen M. Jones of Houston.

Flower girl was Shelley Woody, Lovington, New Mexico, and ring bearer was Tommy Stoneman, G. A. Law, Jr., McCaulley, and Carl B. Cox, Lamesa, served as ushers.

Following the ceremony the couple received guests at a reception at the church.

The bride wore a pink knit suit with white accessories and corsage for a wedding trip to Las Vegas, Nevada.

Mrs. Woody is a graduate of Lubbock High School and was

formerly employed by Methodist Hospital. Her husband is a graduate of Lubbock High School and Texas Tech and is presently employed by Douglas Aircraft Co., Santa Monica, California. The couple will reside in Segundo, California.

Attending the wedding from Morton were Mr. and Mrs. J. C. Reynolds and Pam.

## Anderson-Parker rites to be said July 17

Miss Donna Lynn Anderson, daughter of Mr. and Mrs. Dewey I. Anderson of Odessa, and Larry Kenneth Parker, son of Mr. and Mrs. Don E. Parker of Morton, will marry July 17 in Grandview Baptist Church in Odessa.

Miss Anderson is a graduate of Peonian High School in Odessa. Parker is a candidate to receive a B.S. degree from Texas Tech in January.

## County Line Baptist VBS is underway

Vacation Bible School for the County Line Baptist Church began June 7 and will continue through June 11 with classes being held from 8:30 a.m. until 11:30 a.m.

There will be classes for ages 3 through 16. Each class will be made up of Bible study and handicrafts.

"Each one is cordially invited to come and meet with us", says James Gauer, the pastor of the church.

Mrs. Alice Van Liew visited Saturday night in Seagraves with her daughter-in-law, Mrs. R. J. Van Liew, who is in the hospital there. Sunday Mrs. Van Liew was in Plains visiting in the home of her son, R. J. Van Liew, Ricky and Cheri.

Mr. and Mrs. Hansford Tunnel and Milisa of Brownfield visited in the home of her mother, Mrs. W. E. Grantham, over the weekend.

# Shepard-Welch vows exchanged June 5th

Miss Charlotte Ann Shepard, daughter of Mr. and Mrs. John Shepard, Maple, became the bride of William Randall Welch, son of Mr. and Mrs. W. L. Welch of Enochs in a double ring ceremony June 5 in the Enochs Methodist Church.

Officiating in the double ring ceremony was the Rev. Wallace H. Kirby, minister of Quanah Methodist Church.

Baskets of white glads with orchid centers and orchid mums were placed at either side of the pulpit. Two seven branched candelabra were intertwined with emerald greenery. Lighted tapers with orchid streamers adorned the railing.

Pianist was Miss Doyleen Davis of Maple. Miss Jewellene Brockman of Muleshoe sang "O Promise Me" and "Wedding Prayer".

Presented in marriage by her father, the bride ascended the aisle wearing a formal gown of nylon organza over taffeta. The front of the traditional full skirt was formed by tiers of Swiss embroidered lace. The detachable Watteau chapel train draped from the shoulders and was outlined in Swiss embroidered lace. The lace bodice featured a scooped neckline and long pointed sleeves extending over the hands. Her shoulder length veil of silk illusion was held by a crown of pearls and crystal tear drops.

Bridal bouquet of white rose buds atop a white Bible was tied with lovers knots, stephanotis and white stain streamers. The Bible was given to the bride as a wedding gift by Mrs. Paul Carlisle.

Attending as maid of honor was Miss Shirley Batteas of Goodland. Miss Donna Furguson of Goodland served as bridesmaid. They wore sleeveless orchid formal length gowns of organza over taffeta.

Boat necklines ended in a "V" in the back. Long white gloves completed the ensemble. A matching bow with a circle of net was worn as the headpiece. They carried nosegays of orchid mums tied with satin streamers.

Gary Welch, Enochs, brother of the groom, served as best man. Groomsman was Jim Street, Muleshoe, cousin of the groom.

Ushers were James Shepard, Lubbock, brother of the bride, and George Holly, Maple, brother-in-law of the bride. Candelighters were Miss Sharon Locke and James Kindie, both of Maple.

Flower girls were Cindy Wall, Lubbock, niece of the groom and Shelli Holly, Maple, niece of the bride. They were attired in gowns like the attendants but with full skirts and added headbands of feathered carnations. Each carried baskets of white rose petals. Scott Holly of Ballinger was ring-bearer.

A reception immediately followed the ceremony for 150 guests in Fellowship Hall. The all white bride's table was centered with an arrangement of orchid and white carnations. Placed at either side were orchid tapers in crystal holders. The five tiered wedding cake was accented with orchid flowers and white wedding bells and topped with a miniature bride and groom. Punch, coffee, nuts and mints were served from crystal and silver appointments.

Serving were Misses Madalyn Galt, Goodland, Katherine Masten, Linda Heard, Maple and Geneva Huff, Goodland. Miss Sharyn Whitte, Maple, registered the guests from a white cloth covered table centered with a basket of white roses with orchid accent.

For a wedding trip to Ruidoso, New Mexico, Mrs. Welch wore a blue dress with white accessories and added a corsage from her bridal bouquet.

The couple will reside in Enochs. She is a 1965 graduate from Three Way High School. He graduated in 1963 and is a farmer.

## Piano students present 'Music Americana' recital

Music Americana provided the theme as the piano students of Mrs. George Hargrove were presented in a recital at 8:00 p.m. on Friday, May 28, in the auditorium of the County Activities Building. All of the selections were either written by American composers or were American folk tunes, the composers of which are unknown.

Participating students were Mike Gilliam, "Gold Folks at Home"; Danny Key, "The Big Rock Candy Mountain"; Denise Fred, "Cinderella at the Ball"; Mikella Windom, "When You Wear a Tulip"; Arlene Crow and Denise Fred, "Skip To My Lou"; Debra Daniel, "Early to Bed"; Mike Gilliam and Bill Lanier, "Yankee Doodle"; Ronny Allsup, theme from "Exodus"; Lee Legan, "Told at Dusk"; Mikella Windom and Arlene Crow, "American Patrol March"; Donna Hoffman and Ronny Allsup, "The Surrey With the Fringe on Top"; Bill Lanier, "The Marines Hymn"; Donna Hoffman, "Star-dust"; Becky Greene and Mrs. Hargrove, "Oklahoma"; Dona and Debra Daniel, "Twinkle, Twinkle Little Star"; Danny Elliott, "Lazy Mary"; Arlene Crow, "In the Shade of the Old Apple Tree"; and Becky Greene, "The Man I Love".

A presentation of a special award for the student making the most progress during the year was made to Mike Gilliam.

## ST. ANNE'S BIBLE SCHOOL ENDS FRIDAY

Vacation Bible school started Monday of last week at St. Ann's Roman Catholic Church in Morton and will end Friday of this week with a big party for the "kids", according to Fr. Lawrence Bobbisen.

About 160 children attend classes each day with a total enrollment above this figure. Children are in daily attendance here from Bledsoe, Maple, Goodland, Whiteface and Morton. St. Ann Parish includes Cochran county and the south half of Bailey county. 1,200 people are members of the church. "But like so many things man does, church attendance only runs about 450 average".

Classes start at nine in the morning and last until three in the afternoon. Children bring sack lunches and milk is provided at the church.

Teachers include Mrs. Clarence Dolle, Mrs. Beth Coleman, Mrs. Teresa Feagley of Maple, Mrs. Marge Powell of Maple, Linda, Ann and Marilyn Greener plus Gloria Herrera, who conducts the pre-school assisted by two high-school students from Lubbock, Paul Devlin and Phillip Ressig.

Two Sisters supervise the school program here. Sister Viola who teaches at St. Alice school in Plainview during the winter and Sister Frances de Chantell, a teacher at St. Lawrence in Amarillo.

Pre-school classes study basic religious knowledge, "who God is and who Jesus is" Lawrence explained. The 2nd and 3rd grade class is studying the rudiments of the sacraments (marriage, baptism, etc.) and the 4th and 5th grades are studying the ten commandments.

The 3th and 6th grades are primarily studying the mass (prayers). The 8th and high school are studying the mystical body of God. "I am the vine, you the branches" or "man's incorporation into God."

A picture show each afternoon on a religious theme precedes hymn learning and singing. Every class starts and ends with a prayer and all age groups have a Bible study period at 11:30 which all students and teachers attend. Holy Mass is said each day to "combine worshipping God with learning about Him". Masses in Morton are said in English. Mass is said regularly at the church each morning at 7:30 except on Wednesday when it is in the evening and on Sundays when it is offered at 9 and again at 11 o'clock, for those who might like to attend.

There will be no confirmation this year at St. Ann's but those who otherwise qualify will be able to take communion. Confirmation is the baptism ceremony leading to church membership. Baptism is usually by some form of sprinkling in most Catholic churches in about the same manner as many Protestant churches.

kind of action will be taken. A special meeting of the board is scheduled for this noon (Thurs-day) to discuss the matter fur-ther.

The remainder of the board meeting was routine, with the group hearing reports from various committees, namely the airport, finance, transportation, clean-up, motel, industrial, and tourist in-formation.

The directors set up two new committees to contact prospective chamber members and delinquent members. These committee heads were instructed to report to the board of directors on their work at least once a month.

Tommy Hawkins was named as chairman of a committee to look into the cost of erecting signs to move traffic flow through Morton.

He is to report on his findings at the next regular board meeting on June 21. Members of his committee are Dean Weatherly and Gene Snyder.

Preliminary investigation is also to be started on the possibility of obtaining O&A Film Lines as a common carrier through Morton. The firm now makes daily trips into Morton, but cannot bring small freight into the city.

harvested and processed all by machinery and never touched until you drink it.

There's another grass that grows around Cochran county the Indians used to make a real tasty cake out of — Indian grass, we call it. Don't know just how they did it but they used the seeds and maybe part of the rest of the plant. There's dandelions, too, the root, roasted and ground, makes a real passable substitute for coffee and the top part when young and tender is a delicious salad. Then there is dandelion wine — after you make it, bury it about two feet down where the temperature stays constant. Of course, there is a little more than that to it or it will blow up. And did you ever singe the stickers off a prickly pear, skin it, roll it in corn meal and fry it like it was fish? Or smoke grape vines or, if you know what it looks like, there is some wild tobacco growing around the south part of Cochran county—a few whiffs of that and you'll know why the Indians in this area got such a reputation for being so mean and savage—"wild as an ovComanche" is a proverb, and I figure it was that wild tobacco that did it, not the dandelions.

Everything has its use, every-thing on earth has a purpose ex-cept some of these federal taxes, maybe. I've even figured out how you could make a still out of this blow sand.

There is a new industry for Cochran County!

Little Bluestem is a native grass that lives wild and couldn't need much water. Used to be lots of it in this county before they plowed it up for the subsidies.

Went by Ike's Feed & Seed Company and ordered me a pound of Little Bluestem to experiment with.

Maybe we can have a tea party at the Tribune office one of these days — just like Boston, maybe, and dump it in the dust bowl or sell it to the British. Tea from tree leaves requires a lot of hand labor but this tea-grass can be

Bishop Eugene Slater of the Northwest Texas Conference placed Gates at Morton.

Rev. and Mrs. Gates have three sons, Charles, who is purchasing agent for Furr Food Stores in Lub-bock, Capt. Philip Don, flight sur-geon with the Air Force, and Mark who works for the U. S. Lakeside boat-ing and canoeing complete the full aquatic program at Camp Post. Scouts must have their Swimming Merit Badge in order to take part in boating, canoeing, merit badge or life saving. Adequate adult leadership and instruction will be given to those pursuing boating and canoeing at the lake.

Boys may earn Marksmanship merit badges and special BSA and NRA awards at Camp Post's well supervised rifle range. Archery and fishing are also special fea-tures. Advancement in Second and First Class ranks as well as ex-plorer oriented activities will be stressed at Camp Post. Special help will be available from a well-trained Central Staff in all merit badge fields with emphasis on out-door activities.

Crone said the Morton Scouts planned a trip in to Taos during camp to see the Indian pueblo and the old Spanish town plus doing some shopping and souvenir hunt-ing. The camp is only about 15 to 20 miles from Taos, Crone said.

The Scouts of this area operate two summer camps, Tres Ritos Camp and Camp Post.

Camp Post, located four miles from Post, Texas, offers an excel-lent swimming pool and aquatic program which is staffed by qua-

At present there are 50 units signed up for Camp Post with approximately 825 boys and lead-ers and Tres Ritos has 42 units and 600 boys and leaders signed up.

Tres Ritos offers jamboree type cooking where all meals will be

prepared outdoors by Patrols. Food will be issued from the Camp Com-missary Building.

A beautiful archery range locat-ed in the meadow affords oppor-tunity for archery enthusiasts. Conservation, relative to water, soil and trees will be taught. Plan-ning, axemanship, compass, as-tronomy, cooking, hiking and many other outdoor skills await the campers at Tres Ritos. Fishing is good, and every camper has this opportunity all during the week. Nature, and the identification of wild flowers, plants, animals, and birds are also in store. Tours of a real old fashioned saw mill on the banks of the river is available. Hiking up mountain sides and see-ing the various handiworks of na-ture is offered.

MORTON, TEXAS, THURSDAY, JUNE 10, 1965

### Wadonna Strother is wed to Terry D. Davis

Candlelight ceremony united Miss Wadonna Strother and Terry Don Davis in marriage June 4 at the First Baptist Church at 6 p.m. The Rev. Fred Thomas officiated the double ring ceremony.

Baskets of white glads and yellow roses backed by four seven branched candelabrum and a sunburst effect of emerald greenery decorated the sanctuary.

Parents of the bride are Mr. and Mrs. Wade Strother, Route 2, and the bridegroom is the son of Mrs. W. L. Davis, 201 East Garfield.

The bride, given in marriage by her father, wore a bridal gown of candlelight imported embroidered swiss organdy over taffeta. The fitted bodice featured a portrait neckline with a small net yoke outlined with an upstanding cuff of scalloped embroidery. The sleeves were short and sheered. The bottom edge of the above-ankle-length dress was edged by scalloped embroidery. Tiers of silk illusion were held by a crown of pearls.

For something old she wore an 1864 penny in her shoe, loaned by her cousin, Mrs. Joe Walden of Littlefield. The penny originally belonged to the bride's great grandmother, Mrs. M. L. Gilley.

She carried a bouquet of yellow rose buds atop a white Bible with white satin streamers. The Bible was presented to her by the Young Woman's Auxiliary of the First Baptist Church.

Mrs. Buddy Miller, Whitharral, attended her niece as matron of honor. She wore a pale green dotted swiss dress with a full skirt, round neckline and short sleeves. Miss Wandell Strother, sister of the bride, served as junior brides-

maid. Her dress was identical to that of the honor attendant but in yellow. Each carried one long stemmed yellow rose.

Wayne Davis, Plains, served his brother as best man. Ushers were Lenard Davis, brother of the groom and Paul Gunter, brother-in-law. Candelighters were Butch Davis, nephew of the groom, and Johnnie Hal Miller, Whitharral, cousin of the bride.

Organist Mrs. Weldon Newsom accompanied soloist, Miss Barbara Kennedy as she sang "Oh Promise Me" and "The Lord's Prayer."

A wedding reception followed the ceremony at the church. The bride's table was laid with a white lace trimmed net cloth over yellow. The three tiered bridal cake was topped with a miniature bride and groom and accented with yellow roses. Crystal and silver appointments were used.

Miss Peggy Ramsey poured with Miss Benny Smith serving cake. Miss Ramsey also presided at the guest registry which was covered with a white cloth and accented with a yellow rose bud.

For a wedding trip to Colorado Springs, Colorado, the new Mrs. Davis changed into a yellow two piece dress with short sleeves and trimmed with heavy white lace. She added white accessories and a corsage from her bridal bouquet.

Mr. and Mrs. Davis will reside five miles west of Morton. The bride is a 1965 graduate of Morton High School. The groom graduated in 1964 and has been farming and attending South Plains College, Levelland. They both plan to enroll at South Plains in the fall.

MR. AND MRS. BILLY CHARLES CUNNINGHAM

### Miss Butler is bride of Billy Cunningham

Wedding vows were pledged by Miss Mary Evelyn Butler and Billy Charles Cunningham at 5 p.m. in the home of the bride's grandmother, Mrs. A. D. Hallford, 501 East Garfield.

The Rev. Leon Perry of Causey, New Mexico, officiated in the double ring ceremony performed before an archway of white carnations and pink bows. Wedding bells were suspended from the top. Two-seven branched candelabrum were placed at either side.

Parents of the bride are Mr. and Mrs. James C. Butler, and the bridegroom is the son of Mr. and Mrs. Carl Cunningham, West St. Rt., Baileyboro.

Given in marriage by her father, the bride wore a waltz length gown of Chantilly lace and silk illusion net. The high cut-out neckline accented with iridescent sequins over a bodice of lace featured a peter pan collar. The long sleeves came to petal points over the hands. A full skirt of net had scalloped lace around the bottom.

Her fingertip veil of French illusion trimmed with scalloped lace fell from a tiara trimmed with pearls and iridescent sequins. She carried a white Bible topped with pink roses.

Something old was a penny minted in 1846, something new was her Bible, something borrowed was the dress belonging to an aunt, Mrs. Don Richardson, and something blue, a garter.

Miss Patsy Butler served as maid of honor for her sister, Miss Jo Ann Wells and Miss Brenda Mullinax were bridesmaids. They were attired in sheath dresses of pink embossed lace and carried long stemmed pink roses.

Bobby Cunningham of Three Way, brother of the groom, served as best man. Eddie Reynolds, Maple, cousin of the groom, was groomsman.

Candelighters were Miss Glenda Hemphill of Hale Center and Miss Linda Kay Cunningham, sister of the groom. Ringbearer was Brent Richardson, Lubbock, and flower girl was Miss Carol Hallford, Lubbock, cousins of the bride. She carried a white basket filled with pink roses and white carnations.

Seating the guests were Jean and Jerri Don Haskins of Muleshoe.

The bride's mother was attired in a beige print chiffon dress and added a pink rose corsage. The groom's mother chose a green dress and wore a pink rose corsage.

For the reception following, the bride's table was covered with a white lace cloth over pink and centered with a three tiered wedding confection trimmed in pink and topped with a miniature bride and groom. Appointments were of silver and crystal.

Miss Lynn Freeland and Miss Shirley Turney served. Miss Linda Hatter, registered the guests.

The new Mrs. Cunningham changed into a turquoise two piece knit suit with white accessories and added a corsage from her bridal bouquet for the wedding trip to Ruidoso and Carlsbad, New Mexico.

The couple are residing in the Needmore community where the groom is engaged in farming. She is a graduate from Morton High School in 1964. He graduated in 1964 from Three Way High School.

## U.S. policy not perfect

Under a Saigon dateline, Jack Foisie of the Washington Post-LA Times Service writes: "The belief grows here that even all-out bombing of North Viet Nam will not force the Communists to cease their war in the South."

"Nor are the 45,000 American military men presently in South Viet Nam going to be enough to win the war on the ground. Many thousands of combat troops will be needed, and even then the war will continue for years if it is to be kept non-nuclear."

Mr. Foisie is not alone in reporting this discouraging view. Most of the correspondents in Viet Nam have been saying almost precisely the same thing. They were saying it when we first became involved there, even though some government spokesmen were then talking optimistically, and at least intimating that the war could be brought to a successful conclusion in a relatively brief time.

Men on the ground in Viet Nam are also drawing comparisons between this war and the Korean War. The latter was called a "police action" at the beginning, but it soon grew into a full-scale conflict of the bitterest and most sanguinary kind, demanding great numbers of ground troops and vast quantities of supplies. The situation in Viet Nam does not provide an exact parallel, but there certainly are unpleasant similarities.

We have stepped up the war there, it is true, primarily through intensified air attacks. But there is grave doubt among the military that destroying such targets as docks and bridges is more than a passing irritation to the North Vietnamese. Their leaders have not shown the slightest inclination to negotiate, even though the door has been and is held wide open. Their guerrilla tactics seem eminently suited to the extremely difficult terrain in which most of the ground fighting has to be done. And the instability of a succession of South Viet Nam governments, coupled with an apparent indifference on the part of much of the population to the war effort, are massive obstacles to success.

There are pressures on the President to go much farther than he has yet been willing to go — to bomb Hanoi, for instance, and even to use nuclear weapons. The danger here lies in the possibility that Red China might intervene in force and bring about a war on the interminable Asiatic mainland. The final decision is yet to be made.

The Administration has been severely criticized in some circles on the grounds that we moved too precipitately into the Dominican Republic, and that action should have been taken through the Organization of American States at the very beginning, as a matter of policy. But the reason for haste is clear — the fear that, if there was delay there would be a Communist take-over which would extend into other Latin American republics and bring about more Cubas. And international groups, such as OAS, almost invariably move slowly and cumbersome. At any rate, the polls indicate very solidly that public sentiment is behind the steps taken by the Administration, and that, though mistakes may have been made, nothing else could have safely been done.

Not long ago, Europe, and what Russia might do there, was the center of attention and concern. That has largely passed. Now the eyes are on Asia and Latin America, where Communism is showing its most aggressive face.

## VIEWS . . . of other editors

### Put it on page one

"Now, please put it on the front page where everybody will see it!" How often we newspaper folks hear that!

Why, bless your hearts, gentle readers, if we thought people read only the first page we'd print one page every week and quit.

A newspaper is a good deal like a store. The front page corresponds to the show window. Inside you'll find the goods you're after. We publishers know that the backbone of our product is composed of the messages and offerings of our advertisers. Without the ads, a newspaper just wouldn't be worth taking home — if, in fact, it were printed at all!

As for news — well the most features in any newspaper, speaking from the feminine viewpoint to which we cater, are the personals and the social news. Inside also you'll find the sports department, informative letters sent in by our correspondents, classified advertisements, legal publications. Some folks even read the special columns and the editorials!

Of course the front page of a newspaper is attention compelling — it should be. But never make the mistake of thinking that your newspaper stops there. Read it each week from the front page to the back page. You'll find every column is well worth your attention.

### Dry in the East

The Southwest is often regarded in other parts of the country, particularly the East, as a country, something between a desert and a tinderbox.

And this description often fits. In fact, right here in our own area we were something between a desert and a tinderbox most of last year and until well into the spring of this year. We didn't have much water.

Right now, however, the pastures are green and the fields are moist and things look a whole lot different than they did last summer, when the entire spring and summer growing period passed without enough rainfall to even green up the grass, much less start it growing.

But the East is having its troubles, too, if you have been keeping up with the news these days. New

York City has a big campaign on to conserve water because their upstate reservoirs are down to 56 per cent of capacity, with 33 per cent less water in them than a year ago.

New York cafes are under a new ordinance which makes it a \$50 fine to set a glass of drinking water before a customer unless he demands it. This curb on unsolicited drinking water may seem extreme but it can save 12 to 15 million gallons of water a day in New York.

The New York predicament emphasizes what has been becoming more and more apparent with the increase of urbanization in the United States, the population growth in general, heavy industrialization and the growth of irrigation in agriculture.

We are using more and more water all the time. The fortunate areas are those with plenty of it. Without water, no community can survive.

Chilthre Co.-Herald

### Words of the past

"Property is the fruit of labor; property is desirable; it is positive good in the world. That some should be rich shows that others may become rich, and hence is just encouragement to industry and enterprise.

"Let not him who is houseless pull down the house of another, but let him work diligently and build one for himself, thus by example assuring that his own shall be safe from violence when built."

These are the words of one of our greatest presidents — Abraham Lincoln. They may seem old-fashioned, compared to our modern political thinking, but they ring as true today as they did over 100 years ago. We cannot live in the past, but we can certainly benefit from the great thoughts which we have inherited. If we are to continue to remain a great nation we cannot ignore our heritage.

Beeville Bee-Picayune

### Jobless figure: fact or fancy?

Just how serious and how extensive is unemployment in the United States today? To answer this question the government cites the national rate of unemployment as determined by its own surveys.

The government maintains that, despite a decline over the last

couple of years, the rate is still excessively high. Recently public opinion analyst Samuel Lubell challenged the meaningfulness of the government's statistics. "As a nation," he said, "we need a new, sharper definition of who is to be counted as unemployed."

The government arrives at the official figure by taking a survey of 35,000 households. If an individual answers "yes" to the question, "Have you been looking for work?" he is counted as unemployed.

Mr. Lubell notes that the answer to this question in no way indicates the degree of hardship among the jobless. Nor does it reveal the percentage of unemployed who have real trouble getting jobs. Nor of those whose difficulties are such that they would be unable to get jobs in any event.

At the same time that the government claims widespread unemployment, there exists a labor shortage, however paradoxical this may seem at first glance. Help-wanted advertisements in local papers and unfilled jobs at employment agencies bear this out.

Shortages appear to be due to uneven geographical distribution of unemployed workers, lack of applicants with sufficient training and skills, unfavorable wage and working conditions, and stringent hiring specifications. But they may also be due in part to less severe unemployment than the government figure would indicate.

## Highlights and Sidelights

# Guess-timators take over . . .

AUSTIN, Tex. — With the close of another session of the Legislature, permanent state capitol inhabitants turned happily to one of their favorite indoor pastimes — speculating on the next elections.

Atty. Gen. Waggoner Carr so far leads most lists of likely Democratic candidates to oppose GOP Sen. John Tower next year, although Congressman Jim Wright of Fort Worth would like to be his party's choice for the race.

Carr, in the past, has denied any real interest in going to the Senate. He has concentrated his plans on a race for governor after John Connally vacates the office. However, he declines to close the door on a Washington career at this stage.

He cannot afford to, with odds favoring Connally's remaining in office for another term — and another term could be four more years, if the constitutional amendment passes to double the elective span of statewide officials.

If Carr runs for the Senate, apparently there will be a big field battling to succeed him in the attorney general's office. At least a half dozen state senators reportedly have their eyes on the job. Of the lot, Sen. Franklin Spears of San Antonio has been busiest so far.

Lt. Gov. Preston Smith, who makes no secret of the fact he wants to run for governor, most likely will run for re-election in 1966.

Congressional races are shaping up on the assumption the new re-

DEBATING SOCIETY OR PEACE-KEEPING FORCE?

apportionment bill will stand up. If it does, Sen. Martin Dies Jr. of Lufkin or Rep. Charles Wilson of Trinity likely will take on Congressman John Dowdy of Athens in District 2.

New District 23 in South Texas (from southern Bexar County to the Mexico border) has drawn interest from State Sen. Abraham Kazen of Laredo, Sen. Walter Ritchie of Gonzales, Rep. Glen Kothmann of San Antonio and Rep. Wayne Connally of Floresville, brother of the governor.

High sources regard Merrill Connally, Floresville rancher and campaign manager for Governor Connally, his older brother, as another "distinct possibility" in the District 23 field of candidates. But there is no chance of the Connally brothers opposing each other.

SESSION LAUDED — In an unusual closing address to the 59th Legislature, Governor Connally lauded it as "the most productive of any in this century."

Governor specifically cited work in the areas of education, public health, finance, water development and congressional and legislative redistricting. He recalled that last January the 59th was faced with "a greater and more varied assortment of problems than any legislature in modern times" and educated predictions were that lawmakers could not solve all of them without one or more special sessions.

Connally disagreed with critics who insist the redistricting bills will be knocked out by federal courts. He thinks the bills will meet the courts' test.

The session closed out calmly, in contrast to most of those of the past. After congressional redistricting was disposed of two days before the quiting deadline, there wasn't much left to wrangle about.

CONSTITUTION CHANGES? — Twenty-five proposed amendments to the Texas Constitution were recommended by the 59th Legislature. Amendments will be voted on in three different elections during 1965 and 1966.

First election is September 7 on the proposal to increase size of the state senate from 31 to 39 members.

Ten amendments will be voted on November 2. They would: Extend to four years terms of governor and other statewide elected officials now limited to two-year terms; Increase state representatives' terms from two to four years; Permit full state participation in federal medicare programs;

Authorize the Legislature to set salaries of the lieutenant governor and speaker; Set up an \$85,000,000 student loan fund; Authorize \$200,000,000 more in veterans land bonds; Require district and appellate court judges to retire at 75 and set up a system for removal for misconduct;

Expand the investment authority of the public school retirement system; Increase the state property tax from 42 to 47 cents and allocate the extra five cents to college buildings; Exempt from the property tax locally a hospital which spends as much as \$1,500,000 a year on care of indigents.

Fourteen amendments on the 1966 general election ballot would: Add \$200,000,000 more to the water development fund and permit use for conveyance and associated facilities such as canals or pipelines; Expand court of criminal appeals from three to five members; Repeal the poll tax; Allow the state to hold private funds until receipt of federal matching grants for private groups to use in rehabilitation services; Relax residence requirements for voting for president and vice president;

Authorize regional airport authorities; Abolish residence requirement for servicemen to vote;

Set swearing-in day for state representatives on first day of legislative session; Provide state aid to survivors' firemen and law enforcement officers killed on duty;

Set up a retirement system for state employees and officials; Remove Arlington State College from the permanent university building fund;

Permit farm land to be leased only at its agricultural value (despite proximity to big city estate developments);

Extend terms of conservator and reclamation district directors from two to six years; Provide that school district bond issues be approved by voters before they go to bond issues;

REFORMS URGED — House Speaker Ben Barnes believes part of legislative conference of mittens (which wrote at least a dozen of the bills passed in last week of the Legislature's session) should be reduced. Rank file lawmakers also should be more to say about how state money is spent, Barnes says.

"There were riders in the appropriations bill I didn't like were there myself," Barnes mused. "If you take the riders away from conference of mittens, that would accomplish a lot. The public suffers more from riders than from dollars and cents changes in conference committee."

Barnes made the comments while refuting the criticisms by U.S. Rep. Ralph Yarborough and John T. Aldridge of the Legislature's efforts at congressional reapportionment.

BOUNDARY — Land Commissioner Jerry Sadler is taking the job of establishing the boundary line between Tarrant and Parker counties, at request of Parker county commissioner courts.

Commissioners have agreed to accept Sadler's final recommendations for ending a long-standing dispute.

ELECTION SET — Three candidates have been certified for 78th District House of Representatives June 26th special election. Martin, Howard, Glasscock, Co. Sterling, Reagan and Iron counties.

They are Roger Dale Brown, Harold M. Hall and Frank Hartley, all of Howard County. Election is to name successor to the Rep. Ed J. Carpenter, who died during session of the 59th Legislature.

SHORT SNORTS — Governor Connally named Joe F. Ramey Jr. of Houston and Charles Ford of Longview to Texas Veterans Affairs Commission for term to June 1971. . . Land Commissioner Sadler says \$17,600,000 of 1965 will increase permanent free public school fund to \$636,135,704. . . Governor has proved 116 applications for grants from Office of Economic Opportunity to establish summer programs for underprivileged pre-school children, which calls \$344,301 to be raised locally. \$2,059,500 in federal grants. . . Dr. Jenny Lind Porter of Seguin will continue as Texas poet laureate for another year. Legislator decided, with Mrs. Bessie M. Rowe of Port Arthur to succeed her and Miss Marie Scott of Austin as alternate. . . Texas County Roads Association announced election of Weldon Hart of Austin onetime aide to former Gov. Stan Shivers and ex-member Texas Employment Commission as its executive vice president. Application for new First State Bank in Keller, Tarrant County, has been filed. . . In an effort to make motoring safer, Texas Highway Department is installing some highways signs that are in the middle and are harmless away when struck.

## Letter to the editor . . .

Two years ago the Cochran County Garden Club decided we wanted to contribute more than we had in the past to the beautification of our county and town.

Having concurred the idea I was made chairman of a committee composed of Mrs. Harold Arant, Mrs. Murry Crose and Mrs. J. T. Holloman to present plans for the beautification of our county hospital.

As chairman of the project I feel some thanks are due at this time. First of all to my committee who worked so hard.

To the hospital for their confidence in us as a garden club to allow my committee to landscape the grounds and help with the expense and care of the grounds.

Our County Judge and commissioners for their support and furnishing gravel and labor done.

Each person who furnished plants and helped with the planting especially J. T. and Betty Holloman with their expert advice.

For the support the past year of the Le Fleur Garden Club and

work done by members.

Thanks to the two new committee members this year, Mrs. Charles Jones and Mrs. W. B. McSpadden for pictures made and reporting of our project.

Last but not least for the support of our local paper and radio station.

All of these and any more I may have forgotten have made it possible for us to win a state award of sixty dollars from the Sears Roebuck Foundation this year, which I assure you will be used for more beautification.

Now may I ask your continued support to our new chairman, Mrs. C. B. Jones, that we may win more and continue to make our town a more beautiful place in which to live.

Mrs. Roy Hill

**PLENTY OF HELP** when it comes to picking up those cantaloupes and carrying them home, anyway. John D. Lackey, on the right, is the proprietor of the new fresh fruit and vegetable stand 400 S. E. 8th, [Levelland Highway, east]. That's Dolores, Ricky D., and little Tammy Joe assisting—you guessed it, the last name is Lackey. "We just decided the people in Morton needed a fresh vegetable stand here and so we bought an 8x19 big cooler

and set up a stand", Lackey explained. "We will buy whatever really fresh fruits and vegetables are available at a good price and have them here ready to sell in a matter of a few hours, picking to your kitchen". Lackey said the cooler would hold about a truck load if the truck is a big one, about box-car size. Lackey also manages Heflin Lumber Company here.

## at 9:00 o'clock A.M., on Monday, the 28th day of June, 1965, for the purpose of determining, fixing, and equalizing the value of any and all taxable property situated in the said Bledsoe Independent School District, for taxable purposes for the year 1965, and any and all persons interested or having business with the said Board are hereby notified to be present.

Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy strength, and with all thy mind; and thy neighbor as thyself.

Luke 10:27

The basis of God's first and greatest commandment is love. God gave man the freedom to choose ... and therefore will not force his love on anyone. God took the first step and is always ready to receive any who would come to Him. Attend church Sunday and express your love for God.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.
