

# STAR Lites

by Bill Ellis

If Tyler Vance doesn't take your picture sometime during the balance of the summer, it won't be his fault.

Tyler is working at the Star as chief cameraman and trouble-shooter for the summer, and he expects to get well acquainted with Friona residents before the summer is over.

He will be a senior at Hereford High School next fall, and his father is managing the Holiday Restaurant in Friona. All of the pictures in this week's Star were taken by young Vance so you can readily see that he knows how to use the camera.

TYLER VANCE

So, as they used to say on one of our favorite television programs, don't be surprised if in the next few weeks, Tyler Vance steps up to you and says, "Smile, you're on the Star's Candid Camera."

We appreciate the interest shown by our readers in giving us news items and picture tips. During the past week, one thing in particular brought us at least a half dozen calls. This was the mule-drawn plowing rig which was being utilized to plow corn on the Bill Flippin farm.

This is the type of thing which helps us publish a better newspaper week after week -- the help of our readers. We can't be everywhere at once, so we genuinely appreciate those who are thoughtful enough to give us a "buzz" with a news tip.

The woman stopped the young boy on the street and asked, "Little boy, does your father know that you smoke?" To which the youngster replied, "Lady, does your husband know you talk to strange men?"

"Sir, I would like to marry your daughter," said the young bank employee to the bank president, adding "That is, if you have one."

JOE CLOUD

## Manager For Hurst's

A new manager was named this week for Hurst Department Store. Joe Cloud, who has been with J.C. Penny in Lubbock, is the new manager. Cloud will assume his duties with the store on Monday.

Cloud replaces Wayne Clausen, who managed the store the past three years. Clausen has moved to Colorado.

The new Hurst's manager has six years experience in the dry cleaning business. He spent more than five years with Kirschner dry good chain stores, which are headquartered in Lubbock.

Cloud is originally from Brownfield, on the South Plains. He is married, and he and his wife Sherron have a nine-month old daughter, Gena.

The new store manager graduated from Peacock Military School, and attended Odessa Junior College. He has been active in Junior Chamber of Commerce work. The family has attended the Episcopal Church.

HARVEST UNDERWAY -- Wheat harvest in the Friona area is just getting started after wet fields kept machinery idle. Farmers are now working a full day to bring in the crop, as

shown in this picture taken five miles east of Friona on the Tom Lewellen farm.

## Barnett Leaving As Hospital Manager

H.E. (Barney) Barnett, administrator for Parmer County Community Hospital through two major expansion programs, has resigned his position effective July 1.

Barnett came to Friona as business manager of the hospital in June of 1958. He observed his ninth year in his capacity this month.

He resigns to accept a similar position with the Caprock Hospital in Floydada, which is under construction. It will be Barnett's responsibility to both equip and staff the new hospital.

"It has been an enjoyable experience to have seen Parmer County Community Hospital grow to its present state," stated Barnett.

In recent months, doctors at Friona Medical and Surgical Clinic indicated their wishes for the position of administrator for both the hospital and clinic

H. E. BARNETT

be split in two positions. This would make one person in charge of business affairs for the hospital, and another in charge for the clinic.

Barnett was, then, faced with a reduction in responsibility and salary at the Friona hospital, a fact contributing to his move.

"The board deeply regrets having to terminate our association with Barnett. He has done us a world of good, and we wish him well in his new undertaking," said G.B. (Pete) Buske, chairman of the hospital's board of directors.

The hospital will continue on a temporary basis with the present personnel, Buske indicated. The board will be looking for someone for the hospital job. The doctors will be in charge of the other portion of Barnett's former duties.

Prior to coming to Friona, Barnett had served as business manager at Cal Farley's Boys Ranch. He formerly was a salesman for the Oldsmobile division of General Motors.

Barnett's wife Emily Jo, has taught English in Friona Junior High School. Her resignation was submitted to the Friona school board at its last meeting.

## Chamber Announces Face Lifting Project

### AN EDITORIAL

By Richard Collard  
Chamber of Commerce President

HOW MUCH FARTHER CAN WE GO ???

1. ARE WE interested in more industry?
2. DO WE want Friona to grow?
3. DO WE have a chance for future development?

The answer to these and other questions concerning the future of Friona can only be answered by Friona itself. The Women's Clubs, the City Office and the Chamber of Commerce think: YES! That is why they are working jointly toward a common goal of "Putting on a New Face" For Friona.

One of the first things prospective industry looks at is the overall appearance of the town. If its buildings are in bad need of repair, if weeds and debris fill its vacant lots and its streets and sidewalks are cluttered with rubbish tossed by careless hands it is very likely that town will be passed by, for it shows no signs of progress and no desire for progress.

The day of "you all come" to industry are over! It is now a sometimes lengthy "courtship." Prodding, pampering, encouraging and SELLING. This final point is most important to have a reliable, quality product before he can begin. In this case, Friona is that "quality, reliable product."

We are still small enough to cooperate in community projects yet large enough to interest growth. It is with this thought in mind that the Women's Clubs, the City and the Chamber are asking for your support and cooperation in helping Friona "Put on a New Face." Though much time and effort has been and will be given to this project by these organizations, YOUR action is vitally needed.

A canvass of the town will be made to determine what needs to be done, it will then be brought to you. "Project Face Lift" is scheduled for the week of July 10.

Again we ask: "HOW MUCH FARTHER CAN WE GO???"

The Friona Chamber of Commerce, with help from Friona's women's clubs and the City of Friona, is about to instigate a massive clean-up drive to give Friona a face-lifting.

"We want residents of Friona to help us give our town a better appearance, for prospective new businesses and residents," stated Richard Collard, president of the Friona Chamber of Commerce.

Collard stated that the City of Friona has voiced its eagerness to help, to the extent of hauling off any trash or junk, if especially requested to do so, at no expense to property owners.

If residents want the city to mow grass or weeds, or do cleaning operations of this kind, the city will do so, but a charge of \$7.50 per hour will be made for this type of work, it was pointed out.

Collard, along with City Manager Jake Outland and Chamber of Commerce Manager Mary Kaye Everitt hosted a meeting with representatives of six Friona Women's Clubs on Tuesday. Clubs having representatives at the meeting were the Jaycees,

ettes, the Young Homemakers, New Horizon Study Club, Progressive Study Club, Modern Study Club and Friona Woman's Club.

Collard voiced the hope that residents of the city will take the project seriously, and do their utmost to make their more attractive. "It will be to their own benefit," the Chamber of Commerce president pointed out.

### Bookmobile Schedule

The High Plains Bookmobile library stops in the Friona area this weekend.

Today (Thursday), the bookmobile is at Oklahoma Lane from 9:50 to 10:50 a.m. Then it stops at Rhea (12-1:30 p.m.) and Black (2:30-3:30 p.m.).

On Friday, the schedule is; Hub, 8:45-9:45 a.m.; White's Elevator, 10-11 a.m.; Lazbuddie, 12-1 p.m.; Clay's Corner, 1:15-2:15 p.m.

Saturday, the bookmobile comes to Friona for a 1-4 p.m. stop.

PAGE FROM PAST . . . Delbert Davis, at the reins, borrowed a page from the past last week when he did some plowing on the Bill Flippin farm near Friona using a team of Flippin's mules. The unusual plowing rig caused much comment by passers-by.

## Harvest In High Gear, Yields Disappointing

Wheat harvest in Friona area is pretty well underway according to grain officials.

Yields have been varied, with reports coming in to the local elevators. Average yield so far seems to be about 25 bushels per acre, but estimates are running as low as two bushels and as high as 50 bushels per acre.

Bill Raybon, manager of Friona Wheat Growers elevator reports estimates of 10 to 50 bushels with the price holding at \$1.47 per bushel. These are just estimates, it's a little too early to tell for sure just how the harvest will go.

Bill Bailey of West Friona Grain reports estimates of 8 to 31 bushels per acre, and noted the price per bushel had dropped slightly since the beginning of harvest, on June 7 when the first load was brought to the elevator. Beginning price for

wheat was \$1.50 per bushel and has since dropped to \$1.47 per bushel.

Hank Wheeler of Continental Grain said the highest yield he had heard of was 35 bushels. He had estimates of 2 to 20 bushels per acre, and pointed out that the yields were slightly increased over last week's reports.

Recent rains hampered farmers and kept machinery out of the fields, but if the weather holds, harvest is expected to get into full swing this week.

## Lions Hold Ladies Night

The Friona Lions Club will observe its annual "Ladies Night" banquet tonight at the Friona High School cafeteria. Maj. Gen. Selden Simpson of Amarillo will be the featured speaker. The banquet begins at 8 p.m.

Maj. Gen. Simpson commands the 36th Division of the Texas National Guard. During his career, he has received the Distinguished Service Cross, the Silver Star, Bronze Star, French Croix de Guerre, Purple Heart with oak leaf cluster and other campaign and service ribbons.

Maj. Gen. Simpson entered the National Guard in 1939 as a private, and has held every rank from private to major general.

He commanded a battalion of the infantry in the 36th division during World War II which saw several months of combat duty. While commanding the battalion, it received the Presidential Unit Citation.

COME ON IN, THE WATER'S FINE . . . These youngsters are taking full advantage of "National Swim for your Health Week," and are participating in swimming lessons at the local pool. Allen Monroe,

son of Mr. and Mrs. Clarence Monroe, comes up for air (far left), while Mrs. Harvey Neal (center), swimming instructor, shows Jim Fish, son of Mr. and Mrs. Burl Fish, the fundamentals of the back

stroke. Karen Stevick, daughter of Mr. and Mrs. Glen Stevick (far right) is pretty sure she has found a perfect way to spend the summer. (Staff photographs by Tyler Vance)

## Pause And Reflect

By Nelson Lewis

The two little girls climbed to the peak of the Susan Constant's quarterdeck. From this vantage point they gazed out over the James river much as had the English seamen three hundred and sixty years before them.

Turning to look shoreward they saw the huge trees growing almost to the water's edge and farther up the river bank the log palisades hid all but the roof tops of the settlement. The buildings of the fort demonstrated the ingenuity of the builders; the church, guard house, store house and dwellings were constructed of logs and tree limbs and daubed with river mud.

This was where it all began, this was Jamestown, Virginia, in 1607.

The two little girls walked down the old brick sidewalk. At the street crossing they had to wait as an open carriage passed. The bays pulling the carriage shone like new money and the liveried driver tipped his three cornered hat.

The girls saw paper being made from linen rags, wigs formed from real human hair. They stood in awe in Bruton Parish Church, in the very pew where Washington worshipped. This was Colonial Williamsburg where Americans first felt the surge of freedom.

The two little girls look quietly at the monument marking the spot where Gen. Cornwallis surrendered to Gen. Washington. The vast blue York river winked at them and rolled on down to meet the James. This was Yorktown, the peninsula's third vital link in the chain of shrines.

The two little girls hesitated momentarily at the threshold of the log cabin. Inside they saw the furniture and housekeeping equipment of a bygone age. Back of the cabin the blacksmith shop has been rebuilt, but the original spring still flows. A rock foundation is all that remains of the house where Nancy Hanks lived before her marriage. This was southern Kentucky and rolling green hills shelter the birthplace of Abraham Lincoln.

The two little girls chased a squirrel and laughed gaily when he jumped out of each onto one of the huge trees that cover the campus. They stood respectfully by the tomb of Gen. Robert E. Lee. They walked between ancient gravestones to the monument honoring the final resting place of Gen. Stonewall Jackson. This was Lexington, Va., quiet, peaceful, ringed about with small green mountains, a fitting rendezvous for these two gallant soldiers.

The two little girls wandered in and out of the mansion and grounds. They saw the stables and barns and storerooms. The old warf and family vault held their attention for a while. The flower garden was a blaze of color. Regretfully they turned away from all three and satgazing out over the Potomac while munching ham sandwiches. This was Mount Vernon and the spirit of George Washington is felt in every inch of lumber and every grain of sand.

The two little girls stood wide-eyed in the presence of a real live congressman. They thanked him for their passes to the house chamber and listened to the nation's lawmakers debating the questions of the day. They toured the buildings and topped it off by walking to the top of the monument. This was Washington D.C., and the last stop in this phase of the trip.

The two little girls will not remember all that they saw. They have crowded 350 years of history into one week. Photographs, movies, post cards, and brochures will be reminders of the physical aspects of the birth of a nation, but perhaps they have gained some inner knowledge. Perhaps they can appreciate, as all Americans should, that the heritage we enjoy was not a gift. Three hundred and fifth years of blood, sweat, and tears has made our nation a mighty fortress for freedom. Pray God it shall continue.

GARY G. SNEAD

## Lt. Snead Completes First Solo Flight

Second Lieutenant Gary G. Snead, son of Mr. and Mrs. R. E. Snead, Friona, recently completed his first solo flight at Naval Auxiliary Air Station, Saufley Field, Pensacola, Florida.

Snead is a 1962 graduate of Friona High School and a 1966 graduate of Abilene Christian College. He is currently un-

dergoing Primary Flight Training in Training Squadron One. He flew his first solo flight in the T-34B "Mentor" training plane to complete his first big step to becoming a naval aviator.

Susan Byerley, Perryton, is visiting in the home of Mr. and Mrs. Marion Fite.

Dear Mr. Ellis,

I read with interest what you had to say concerning the Honor Roll system of the Friona Public Schools. The last little "dig", at the teachers, I am inclined to think, was meant to arouse more interest and possibly, improvements in our school system and policies. At any rate I shall take it thusly because of your heartfelt interest and stands as evidenced in other community affairs.

I should also like at this time to express some convictions of mine, shared by others, that might be good to think upon. Namely:

Academics, Sports, music and other fine arts, grades, and contests are not the most important things in school. The individual is the most important thing in school!

Building good citizens that love and respect each other and their country (Patriotism); having good discipline the parents and teachers both try to encourage and enforce in grades 1 through 12; motivating and inspiring a will to learn; developing the varied talents and abilities of every student; helping each student to feel a personal worth and pride; --- These are the most important things many of us would like our teachers and schools to develop if possible.

In the past, a most effective

way to build character, inspiration and self-discipline was through the Weekly Assembly Programs for all ages in school.

The weekly singing of songs about God and goodness, courage and character, heritage and hope, fun and frolic, love and life, country and customs built through repetition, the principles by which our great America was founded into the minds, memories and hearts of all attending these assemblies.

The weekly inspirational speaker - or program - or thought - or cause instilled confidence, high ideals and desires, love, honesty, purity, encouragement-truth-self discipline-respect, justice, effort, appreciation, and other desirable qualities.

If your editorial could cause us to as Nelson Lewis, in his column so aptly puts it, "Pause and Reflect," and each individual do all his (or her) mind and heart can think of, through prayer, study and meditation, for the betterment of our homes, schools, community, country, and world and try to reflect love, then we will still have democracy and freedom in action, and will be fighting for what we believe in, as well as our boys who are serving us in our armed forces for our country!

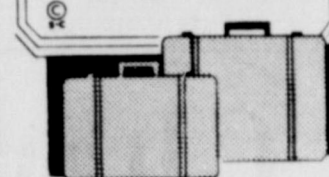

Most respectfully,  
Mrs. J. Lee Witten  
Teacher in Friona Public School System

In spite of the lack of cooperation on the part of our weather, there is going to be some locally grown fruit. Some of us have been fortunate enough to have neighbors and friends share fresh cherries and apricots with us already and we're looking forward to the time peaches ripen.

If there is anything more delicious than freshly baked fruit cobbler made from freshly picked Panhandle of Texas fruit, I haven't the privilege of eating it.

With wheat harvest beginning and several construction projects underway there seems to be more "hustle and bustle" than usual. Dump trucks filled with gravel, concrete and other building materials are to be seen going several directions from town during regular work hours.

The apartment complexes being built on West Fifth Street by Raymond Fleming are beginning to take shape and one new residence is under construction in the Drake addition. The new Pina station on Highway 60 is almost completed and looks to be one of the most modern-up-to-date facilities in the area.

Now, if we can see some of our vacant business buildings begin to be filled and some of the vacant residences being lived in our town, should begin to fill the image of its former self.

Let's not forget to be friendly and helpful when opportunities present themselves. A kind word and offer of assistance many times make the difference between a "disgruntled" resident of our town and a real "Fronan."

Sometimes the news behind the news is real unusual. Such was the case Tuesday morning when Mrs. Kenneth Johnson walked into the Star Office to report the birth of her son within a few hours of his birth.

Mrs. Johnson, who lives north of town, was at home with only her son, Casey Allan, who isn't quite one yet, when her five-pound son, who has been named Cody Lee, was born. This wasn't a unique experience for Mrs. Johnson. She was alone when her first baby was born.

Soon after Cody Lee's birth he was examined by a local physician who reported him to be in good condition.

Read an item in last week's State Line Tribune that Mrs. Pat Owen, former business teacher in Friona High School, and her son, Mark, were spending the next eight weeks in Girardeau, Mo. Her husband, Jerry Dee Owen, a teacher and coach in the Farwell school system is attending the summer institute of modern botany and field biology.

The National Science Foundation sponsors the grant for the institute which is being attended by 40 biology teachers. Special courses are set up to aid the teachers in increasing their mastery in particular phases of biology.

There will be a Pastry Wagon rolling up and down the streets in Friona Saturday. Cakes and pies will be on sale. This Pastry Wagon is a fund raising project of MYF of Friona Methodist Church.

A hint to the wise is sufficient: Some members of the Friona Methodist Church are very good cooks and this will be an excellent excuse for busy homemakers to enjoy the fruits of the labors of someone else and at the same time helping an industrious group of young people.

After attending the 25th anniversary of his high-school graduating class, one man remarked, "It reminded me of a masquerade party, but when it was time to take off the masks no one did."

If it is news and happens in Friona or to Fronans, we want to know about it. Our phone number is 247-2211. Or, you can call me at 295-3412. The sooner we receive the call, the better we like it.

**Friona Outlasts Bovina, 21-16**

The Friona Cowboys outlasted the Bovina Cardinals, 21-16, in a baseball game last Sunday at Bovina.

The Cowboys, winning their second game in two tries, had to over come an eight-run rally by Bovina in the fifth inning.

Mario Castillo had a perfect day at bat for Friona, with five-for-five, including a home run and three doubles. Nate Ramos also had a homer for the local team.

Four pitchers shared duty in the game. Danny Vera started on the mound, giving up four runs in three innings. George Gonzales pitched two innings, but was a victim of the fifth-inning Bovina rally.

Joe Perez came on topitch and end the threat, and received credit for the win. Johnny Ramos pitched the final two innings, and had an unearned run scored against him.

The Friona team will play Bovina again this Sunday, at home, beginning at 2:30 p.m.

JON MACK RODEN

**Roden Receives Doctor's Degree In Dentistry**

Jon Mack Roden, son of Mr. and Mrs. Ralph Roden, is a recent graduate of the University of Texas Dental Branch in Houston. Roden received a doctor of dental surgery degree. He is a 1959 graduate of Friona High School and received a bachelor of science degree in

pharmacy from Southwestern College, Weatherford, Oklahoma, before enrolling in dental school.

Dr. Roden and his wife, the former Nancy Outland, and their two sons, Ricky, 4 and Ross, six months, live on West Fifth Street.

**PASSES EXAM**

**Hank Outland, Jr. Is Registered Pharmacist**

The Texas State Board of Pharmacy announced this week that H.L. (Hank) Outland, Jr., had passed the Board examinations, making Outland a licensed pharmacist.

A 1962 graduate of Friona High School, Outland graduated cum laude at the Southwestern State (Oklahoma) College.

The son of Mr. and Mrs. H.L. Outland of Friona, young Outland made the dean's honor roll and the president's honor roll during his undergraduate work. He was a member of Pi Kappa Alpha, social fraternity, Kappa Psi, pharmaceutical fraternity, and Rho Chi, honor fra-

ternity. Outland's future plans are indefinite.

### LEGAL NOTICE

The Lazbuddie board of education is accepting bids for the materials and labor for the construction of dressing room facilities to be added to the west end of the existing gymnasium. Specifications and drawings may be inspected at the superintendent's office beginning Tuesday, June 20 through Friday, June 23. Bids are to be submitted on or before 4 p.m. Monday, June 26, 1967. The board reserves the right to either accept or reject any or all bids. 37-2tp

### COLUMBUS DEPORTED FROM NEW WORLD

Because he was accused of mistreating natives in Haiti, Christopher Columbus was arrested there in 1500 and ordered sent back to Spain in chains.

### NOTICE TO BIDDERS

Sealed proposals addressed to the Honorable Mayor and City Council of Friona, Texas, will be received at the office of Arley L. Outland, City Manager, until 1:30 P.M., July 6, 1967, for furnishing all necessary materials, machinery, equipment, superintendence and labor for constructing certain Water Works and Sanitary Sewer Improvements. The principal items of work are as follows: 1,995 feet of 6" water mains including valves, fire hydrants, fittings and appurtenances; and approximately 1,780 feet of 6" vitrified sewer pipes in trenches varying 6 feet to 8 feet in depth, including manholes, branch connections and other appurtenances.

Bidders must submit a Cashier's or Certified Check issued by a bank satisfactory to the Owner, or a Proposal Bond from a reliable Surety Company, payable without recourse to the order of the City of Friona, Texas, in an amount not less than five per cent (5%) of the largest possible bid submitted as a guaranty that the Bidder will enter into a contract and execute bonds and guaranty in the forms provided within ten (10) days after notice of award of contract to him. Bids without the required Check or Proposal Bond will not be considered.

The Successful Bidder must furnish bonds on the forms provided in the amount of 100% of the total contract price from a Surety Company holding a permit from the State of Texas to act as Surety, or other Sureties acceptable to the Owner.

All lump sum and unit prices must be stated in both script and figures. In case of ambiguity or lack of clearness in stating the prices in the bids, the Owner reserves the right to consider the most advantageous construction thereof, or to reject the bid. The Owner reserves the right to waive formalities, and to accept the bid which seems most advantageous to the City's interest.

Bidders are expected to inspect the site of the work and to inform themselves regarding all local conditions under which the work is to be done. Attention is called to the provisions of the Acts of the 43rd Legislature of the State of Texas, page 91, Chapter 45, (Article No. 5159A Civil Statutes 1925) concerning the wage scale and payment of prevailing rates of wages as established by the Owner. Said scale of prevailing minimum rates of wages is set forth in the specifications.

Information for bidders, proposal forms, specifications and plans are on file at the office of Arley L. Outland, City Manager, Friona, Texas, and are on file and may be secured from Parkhill, Smith & Cooper, Inc., Consulting Engineers, 201 Avenue R, Lubbock, Texas. The City of Friona, Texas By W.L. Edelman, Mayor 38-2tc

### NOTICE TO BIDDERS

Sealed proposals addressed to the Honorable Mayor and City Council of Friona, Texas, will be received at the office of Arley L. Outland, City Manager, City Hall, Friona, Texas, until 1:30 P.M., July 6, 1967 for furnishing all necessary materials, machinery, equipment, superintendence and labor for constructing certain street improvements consisting of approximately 3,055 feet of curb and gutter, 6,285 square yards of Street Paving, and other incidental items of work for the City of Friona, Texas.

Bidders must submit a Cashier's or Certified Check issued by a bank satisfactory to the Owner, or a Proposal Bond from a reliable Surety Company, payable without recourse to the order of the City of Friona, Texas, in an amount not less than five per cent (5%) of the largest possible bid submitted as a guaranty that the Bidder will enter into a contract and execute bonds and guaranty in the forms provided within ten (10) days after notice of award of contract to him. **LITTLE LEAGUE**

**Star-Hurst Hands Reeve First Intermediate Loss**

Two teams won their first games of the season in Monday night action in the Friona Little League, and one of the wins knocked a previously unbeaten team off for the first time. Friona Star-Hurst Department Store rose up to surprise league-leading Reeve Chevrolet, 5-0 in an Intermediate League game Monday. Gary Pope pitched a no-hitter for the winners. It was Star-Hurst's first win of the season, and Reeve's first loss after four wins. However, Reeve continues to lead the Intermediate League.

In the preliminary game Monday, Monsanto Ag Center downed Southwest Irrigation for their first win in the Pee-Wee League, 14-8.

In other action during the past week, two teams tangled in a double-no-hit game in the Pee Wee League. Nunn Lumber Co. took advantage of wildness by Southwest Irrigation's pitchers to take a 7-0 win although neither team had a safe hit.

The win kept Nunn Lumber atop the Pee Wee standings, and the Lumbermen have a one-game lead over second place B-J Bees. David Hutson hurled the no-hitter for Nunn.

In the feature Pee-Wee League game of the week, Nunn had to rally for three runs in the last inning for a 3-2 win over Rusty Redfearn; doubled home the winning runs with two out in the bottom of the fourth inning.

The Parmer County Pump-B-J Bees kept close behind Nunn in the Pee-Wee standings, easing past White's Auto, 7-4. Pitchers Rolando Cabalero and Johnny Rando combined to pitch a no-hitter for the second straight week. Each pitched two innings.

In other Intermediate League action, Reeve Chevrolet won its fourth consecutive game, 13-6 over Friona State Bank, handing the Bank its first loss of the season.

Six walks by Friona State Bank pitchers, an error and a triple by Johnny Bandy of Reeve gave the Chevrolet men an 8-0 first-inning lead they did not give up.

In the other game, J.D.'s Gas Service scored its first season win, 15-2 over Star-Hurst in a

four-inning game. Larry Fallwell limited Star-Hurst to only one hit, that one a two-run triple by Gary Pope, accounting for the losers' only two runs.

FOUNDATION UNDERWAY . . . Work continued this week at the Missouri Beef Packers' building site three miles southwest of Friona on preliminary ground work prior to pouring of cement for the foundation of the main building, slated to start anytime.

## Water Inc. Has \$200,000 Budget For First Year

Membership dues to Water, Inc., aimed at supporting a first-year budget of at least \$200,000 were set in Lubbock recently at the initial meeting of the non-profit organization's executive committee, according to John Kendrick of Brownfield, president.

Water-Inc., was formed May 24 when over 1300 people from West Texas, Eastern New Mexico, and the Oklahoma Panhandle met in Lubbock. Its objective is to work with existing agencies, conduct studies and do all other things necessary to securing an adequate and assured supply of imported water for irrigation, industry, municipalities and recreation in the three areas.

Minimum annual membership dues of \$25 were established for all, whether in agriculture, business or industry, and other dues were fixed to reflect the size of individual or company operations.

Landowner, farmer and rancher dues were fixed on a per-acre basis, with an allowance for difference in land values. On irrigated farms, yearly dues will be 10 cents per acre. Non-irrigated farmland dues were set at 5 cents per acre, and rangeland owners and operators will be asked to pay 2 cents an acre.

Dues for commercial enterprises and agencies were fixed at 50 cents per \$1000 of capitalization and surplus, up to \$250 in dues or \$500,000 capitalization. Memberships in this category are to be called "commercial" memberships.

Special membership fees above the \$250 mark will be set from time to time for individual enterprises, companies, banks and others whose capitalization comes to more than \$500,000. Those paying dues between \$250 and \$1,000 will be classed "Sustaining" members; those from \$1,000 to \$5,000 as "Sponsoring" members, and those above \$5,000 will be called "Leadership" members.

Kendrick announced that all memberships received by Water

Inc., within 120 days of the June 13 meeting will be considered charter memberships, and membership certificates to that effect will be issued.

Membership applications will be made available to area people through the mail to the extent possible with existing mailing lists. Kendrick said, in addition, a supply will be placed at Chambers of Commerce offices, banks and other locations throughout the area. Mailing address of Water, Inc. is P.O. Box 367, Lubbock.

"Membership in Water, Inc., with its unlimited promise to the area, should be a must for all who have a stake in West Texas, Eastern New Mexico or the Oklahoma Panhandle," Kendrick said, "and we want to give all an opportunity to become a Charter member."

He pointed out that the Lubbock City Board of Development has voted an initial contribution of \$10,000 to Water, Inc., thus becoming its first "leadership" member. He said this was an excellent testimonial to the importance of the association's work and said he hoped it would serve as an example to others who seek to further the economic growth of this area.

Initial plans call for the importation of water areas of Northeast Texas, probably within 10 or 12 years, and later from the Mississippi, Missouri or Arkansas rivers where more substantial amounts are available. Studies by government agencies and private engineering firms are already underway on the engineering feasibility and costs of such projects.

The engineering feasibility of transporting water to the West from both in-state and out-of-state sources has been firmly established, and most observers are convinced it is economically feasible as well.

Kendrick, who is president of the First National Bank of Brownfield and was elected President of Water, Inc., at its organizational meeting, said "The benefits to every resident of this region will be almost beyond the limits of imagination."

This pretty poppy is one of over 15 kinds of flowers included in a mixture of yellow and gold-flowered annuals available for the first time this spring.

Among those familiar to you are zinnia, celosia, marigold, poppy, snapdragon and dahlia. But added to these are exotic flowers, as easy to grow as the ones you already know: gazania, bartonia, leptosyne.

Plant the mixture in a single row, as if the seeds were of one flower. The varieties have been selected to assure long-season bloom and plenty of flowers for cutting.

### At Home In Parmer County

By CRICKET TAYLOR  
County HD Agent

Program emphasis this month is on CLOTHING. 4-H girls and leaders are very busy this week working in groups, learning to develop skills in construction of garments, developing skill in relating fabric, size and design to fit individual needs - in other words, getting ready for the big event of the season - the COUNTY 4 - H DRESS REVUE, to be held Thursday, June 29, at 8:00 p.m. in the Oklahoma Lane Community Center.

A special class - Spanish homemakers are also working as a group, learning some of the basic skills in construction of clothing.

SPEAKING OF CLOTHING - The right accessories for the

hour and occasion can complement your total look. Daytime and play handbags and shoes are usually made of durable fabric or leather. For church, teas and city shopping, accessories are simple, smart, and city looking. Select finer leathers, suedes, or patent or silver handbags and shoes. Use simple gold or silver jewelry or pearls, but no glitter jewelry.

PERMANENT PRESS GARMENTS

Permanent press garments look their best when dried in a dryer and should be removed immediately at the end of the drying cycle. If they remain in the dryer and become wrinkled, simply reset it for 10 or 15 minutes longer. Remove from the dryer, place on hangers, and don't worry about ironing.

Shirts wear out not so much from steady wear as from heavy starching, over-bleaching, set stains, and being allowed to whip on a clothesline. One method of removing bad soil from collars and cuffs is to dampen the area, then rub it well with a solution of one tablespoon of sal soda per cup of water.

## Patrol Reports Eight County Accidents

The Texas Highway Patrol investigated eight accidents on rural highways in Parmer County during the month of May, according to Sergeant W.E. Wells, Highway Patrol supervisor of this area.

These crashes resulted in five persons injured, and an estimated property damage of \$4,540.00.

The rural accident summary for this county during the first five months of 1967 shows a total of 44 accidents resulting in three persons killed, 20 persons injured, and an estimated property damage of \$33,739.

The vacation season is now in full swing. This means more traffic and many drivers going for long hours without sleep, Sgt. Wells says.

"In many areas harvest in progress which means slow-moving farm machinery on the highway, oftentimes poorly lighted at all, he continued.

The Patrol Sergeant cautioned motorists to watch for the dozing driver and to be alert for slow-moving vehicles. "If you are traveling this summer, allow plenty of time for your trip, and rest often," he cautioned.

Actress Betty Furness, the top refrigerator sales lady, has taken a government post to freeze consumer price lists.

# Parmer Cattleman Goes To Pasture Feeding

## On The Farm In Parmer County

RONNIE McNUTT  
County Agent

A Parmer County cattleman and former feedlot operator has recently turned to permanent pasture feeding on his farm six miles North of Friona. We have the best climate in the world for cattle feeding," says A.W. Anthony, and he means every word of it.

Anthony came to the Friona area in 1945 from Hobart Oklahoma. Starting with 160 acres of "nothing," as he puts it, Anthony has since enlarged his holdings to 1580 acres of productive crops including maize, wheat, cotton and sugar beets.

In 1959, Anthony became interested in cattle feeding and by 1960 had opened his own feedlot with a capacity of 100 head. Since that time, he has changed from a feedlot operator to a permanent pasture feeder and now has 27 acres of permanent pasture.

Anthony can feed 40 head of cows and calves on his pasture land without over-grazing. "One time I ran 100 head of 450 pound steers on it at one time also," comments the Parmer cattleman. Anthony waters his pasture every two weeks, using an underground tile watering system.

Anthony utilizes a combination of grass for a long pasture feeding season during the warmer months. Brone, being a cool weather plant, sprouts early in spring, while Bermuda, a plant suited to hot weather sprouts later in the season. "I turn the cattle on pasture during early March, and don't switch them to wheat pasture until late November."

In supplement to pasture feeding, Anthony uses a mixture of grain and ten per cent salt additive to control consumption. Cattle eat from 3-4 pounds of grain a day," according to Anthony. "From a random check on 100, 450 round steers being fed for 100 days, I calculated an average gain of 2.16 pounds a day at a cost of 13 cents per pound of gain on the pasture system."

Besides being a cattle feeder, Anthony is also engaged in work with the Grain Sorghum Producers Association. He served as county president of

the association from 1959 to 1963 and is now a member of the county board. He is presently serving as secretary for the national association, and is also a past vice president.

"I don't know how the new feedlots will affect grain sorghum production, that depends on the government, but personally I think they will help it," according to Anthony. "It should also help increase the acreage allotments for the local area." This year a 30 per cent increase in grain sorghum acreage was noted by the GSPA. Anthony said he sees a bright future, for grain sorghum especially with the local feedlot expansion. Some 20 million bushels of grain were produced in Parmer County last year according to Anthony, thus making this county first in the state in grain production.

"I believe there will be enough grain produced locally to supply present feedlots and also there should be enough produced each year to take care of any additional feedyards that may be built."

When asked if the larger feeding operations were putting the small feedlots out of business, the Parmer cattleman, replied, "I don't see any indication of pressure on the small-

er operations. It is true that the larger yards can sell cattle from 1/2 to 3/4 a cent higher than the smaller lots, but the buyers come directly to the large yards to buy.

Cattle are fed for a lower cost in this area as compared to other parts of the nation, for example, average cost per pound of gain in the local area is from 19 to 21 cents, whereas the cost in Arizona and California runs to a high of 24 cents per pound of gain. Anthony attributed the higher cost in the Western states to a grain shortage in that area. "Transportation expense on the grain purchased from the gulf states plays an important part of cattle feeding in both Arizona and California.

Cattle feeding operations in this area got a starting "push" after several area cattlemen, farmers and businessmen visited Iowa, California and Arizona on tours sponsored jointly by the West Texas Chamber of Commerce and the Grain Sorghum Producers Association. Some 466 Panhandle residents went on the 5 day tours, which started in 1962. They visited Universities and feeding operations in the various states.

Anthony noted that according to GSPA, one third of the nation's grain is exported to Japan, our biggest importer. The regular sale of this grain is due to the efforts of Bill Nelson, executive vice president of GSPA. About five years ago, Nelson visited Japan to arrange the sale of excess grain. Since then, a number of Japanese feed grain teams have visited the local area of Amarillo to Lubbock. Also feed teams from England and Greece have visited the Texas Panhandle as guests of the GSPA.

A.W. Anthony, in addition to his work as a cattleman and officer in the Grain Sorghum Producers Association is on the hospital board in Friona.

Wheat harvest in the county is expected to be going strong by the time this appears in print. At present per acre yields are not too good. According to the elevator people, yields are running from about 10 to 35 bushels (15-20 bu, average at Farwell, 5 to 40 bushels at Bovina (20-30 bu, average) and between 6 to 35 bu, at Friona. However, all elevators are reporting that the wheat is of good quality.

Here is hoping yields get better as we get further into harvest.

**COTTON INSECTS**  
Moderate, and in some cases heavy, infestations of thrips have been reported in the county.

In some fields of early planted cotton, thrips damage to older leaves is very noticeable. However, in many cases the new growth shows little evidence of damage. This is a good indication that thrip populations are decreasing in some areas. Producers should still continue to check late planted cotton for thrips injury.

**SORGHUM MIDGE REPORT**  
Johnson grass head samples have been taken in several South Plains counties, according to Don Rummel, area entomologist. To date no midge has emerged from these samples. Adult midge activity has not been observed on wild host plants during the survey.

Reports from Central Texas indicate that damaging midge infestations may occur in several counties in that area.

In the South Plains area, it is still too early to make an estimate as to the probability of midge infestations. However, the percentage of late planted grain sorghum is greater this year than in 1965 and 1966. If other conditions favorable for midge development exist, midge infestations may be more prevalent this season.

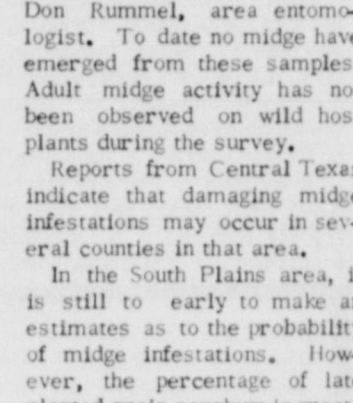

Farmers are frequently unaware of the midge until blighted or blasted heads begin to appear. Then it's too late.

The sorghum midge adults are a small orange gnaw about one-twelfth of an inch long. Females deposit their eggs in the individual grain florets of young grain sorghum heads during a four to 10 day period following booting. The eggs produce larvae or maggots that feed on and consume the developing seed.

The only economical way to control midge is by destroying the females before they deposit their eggs. This requires precise timing since it must be done during the four to 10 day period following boot.

Where damaging midge populations are found, research shows best results are obtained if insecticides are applied when approximately 90 per cent of the heads are out of the boot. Application should be repeated in three to five days where adult activity continues. Sevin, toxaphene, endrin, parathion, tritition, diazinon and ethion are effective in controlling the sorghum midge. Be sure and check restrictions on use of insecticides.

**SEA FARE AT EXPO '67**

While sampling any of 90 seafood dishes at the Atlantic Provinces Pavilion, Expo '67 diners can look out the window and watch the construction of a 47-foot schooner!

Music camp concludes June 17.

### The Library Corner

BY MRS. V. J. ZEMAN

Needed: Children's books for beginning readers and story hour groups. Due to a wonderfully high demand the books for this group need to be increased. Story Hour begins Thursday, June 22nd, and this will further increase the demand.

Mrs. John Gaede, librarian, has written to the state library asking for an additional loan of easy books. Recently fifty were obtained on area loan from Mary E. Bivens Library, Amarillo. The library board will likely authorize buying more. But, meanwhile, and it seems always, donation of children's books are needed and will be appreciated.

Three hundred and thirty nine more books have been checked out during the first three summer weeks than during the same period last year. Moreover Story Hour began a week earlier last summer. The records show 1,235 books loaned in the first nine library days. Arcord was set on June 8 when 246 books were borrowed by 112 readers. The prior high was 185 books.

Special thanks to Susan Vestal and Kay Riethmayer who have been volunteer FHA workers at the library this week and last.

Mrs. Lee Cranfill substituted for Mrs. John Gaede, librarian, on June 9. Mrs. Gaede and Mrs. Bill Stewart, library board members, attended an area workshop on adult books at Mary E. Bivens Library in Amarillo. In addition to learning much about adult books, Mrs. Gaede reports that she is to receive a current list of films for rent soon. Groups and individuals may order these through Friona Public Library for \$2.00 plus postage and insurance.

Also talking books may be obtained for blind or otherwise handicapped individuals.

The Summer Reading Program will continue 9 more weeks, so there is plenty of time for boys and girls to sign up and earn a certificate by reading a dozen books. So far there are 157 in the Summer Reading Program. Of course, many are reading who are not registered in this program.

The Loyde Brewers have recently given a Webster's Unabridged Dictionary.

Friona Public Library is open for all ages three days in a row: Thursday, Friday, and Saturday from 9-12 and 3-6.

### First Son For Keith Blackburns

Bart Davis Blackburn, first son of Mr. and Mrs. Keith Lynn Blackburn, was born at 6:30 p. m. Saturday at Parmer County Community Hospital. He weighed 5 lbs. 13 ozs.

Mr. and Mrs. Claude Blackburn and Mr. and Mrs. Arthur Stokes, all of Friona, are grandparents. Mr. and Mrs. T. E. Blackburn, also of Friona, are paternal great-grandparents.

Mrs. Blackburn and Bart have been dismissed from the hospital.

### Twelve Youngsters On Library Honor Roll

Twelve youngsters have already earned places on the Honor Roll at the local library, by reading twelve or more books. One of the young readers, Christine Grant, had earned a place on the Honor roll for the fifth time. Christine was awarded her first certificate in 1963, when the first reading program was initiated.

Children range in age from 6 to 13, and from the second grade all the way to the eighth grade.

Other youngsters include: Myrna Phipps, Jay Jarboe, Holly Hart, Beth Bennett, Mary Walker, Bryan Johnston, Diane Bennett, Janice Peak, Randy Bussey, Rhonda Webster and Karene Hart.

The first two readers to finish twelve books in the program this year were Janice Peak and Randy Bussey. The program has been in progress for three weeks now.

The 1967 Summer Reading Program has 157 enrolled so far this year. This figure far outnumbers the total of participants in the 1963 program when a total of 90 children signed-up for the entire summer.

Registration for the summer reading program will continue at the public library until August 19. Library hours on Thursday, Friday and Saturday are 9-12 a.m. and 3-6 p.m.

According to library officials some 2600 books are now available. When the first reading program was started, only 600 books were on the shelves. Most popular books this year seem to be junior fiction and easy readers, and of course, Dr. Seuss.

A recent visitor to Texas thought the running of trotlines was a track team event. Sounds fishy, doesn't it?

A corner of words says you can be decent and dissent without descent.

### Scouts Plan

Members of Girl Scout Troop 93 met at the home of Kay Riethmayer Thursday, June 8, for a planning session.

Other summer plans made by members of the troop include a trip to Palo Duro Park to see "Texas."

Those present were Kay Riethmayer, Sherrie Shelton, Kelly Barber, Denise Buske and Reba Buske, leader.

### Second Son For Raymond Dements

Randal Lee is the name Mr. and Mrs. Raymond Dement chose for the new baby born to them at 5:23 p.m. Monday, June 12, at Deaf Smith County Hospital, Hereford. He is the third child for the couple.

Randal Lee has an older brother, Gregory, 7, and a sister, Judith, 4. His grandparents are Mr. and Mrs. O.C. Cummins and Mr. and Mrs. B.C. Dement, all of Hereford.

Mrs. Dement and Randal Lee have been dismissed from the hospital and are at home.

### Club Members Complete Course

Seven Friona 4-H'ers have completed a Home Firearms Safety course offered through the 4-H Junior Rifle Club. Those completing the course are Rhonda and Dwayne Bauer, Kyle McDermitt, Earl Love, Steve Stone, Larry Johnston, and Coy Jameson. The group will receive certificates of completion, issued through the National Rifle Association, at their next meeting.

New members of the club include Mike, Troy and Jay Messinger, Holly and Iris Stephenson, and Karene and Holly Hart. Meetings are held each Friday night at the Boy Scout Hut.

### LAZBUDDIE NEWS

By Mrs. C. A. Watson

Mrs. Fred Wilbanks and son, Paul, returned to Lazbuddie, Thursday of last week from several days visit with relatives in Marshall Arkansas. Mr. Wilbanks remained in Arkansas to attend to some business and to bring back their pickup.

Mr. and Mrs. Eddie Joe Hall from Hub and Mr. and Mrs. Gary Dale and children from Muleshoe and the Troy Sharrock family from Hub.

Mr. and Mrs. Wayne Hardage and children were in Pagosa Springs, Colorado, the first of the week.

Mr. and Mrs. Junior Vaughn from Texas Tech were home the past weekend visiting his parents the Theron Vaughns.

Several Lazbuddie youngsters have been attending swimming lessons at the Friona pool, for the last two weeks. Lessons will end this week.

Mr. and Mrs. Don Martin and daughter visited his parents, Elder and Mrs. Kenneth Martin at Progress Sunday afternoon. A nephew and family of the Kenneth Martins, Richard Martin from Midland were also present.

Mrs. Teenie Beck, Muleshoe, and granddaughter, Dylene McCoy, Dallas; Mr. and Mrs. Bernice Gowens, David and Mike from Friona and the P.E. Cargile family from Lariat were Father's Day visitors in the Charlie Watson home.

The Max Steinbock home was a scene of a reunion Sunday. Approximately 30 were present for the occasion. Out of area relatives present were from Clovis and Cleburn Texas.

Fathers Day visitors in the L.R. Hall home Sunday were

SOYBEAN DISEASES - Several diseases of soybeans have been observed in Texas but currently do not represent a serious limiting production factor. More concentrated and continuous cropping could change this picture, says Extension Plant Pathologist Wendell Horne. Since most soybean diseases are soil or seed-borne, growers can prevent the introduction and buildup of diseases in a given area and avoid much potential damage, Horne says. Local county agents can supply detailed suggestions on a preventive program.

## Marilyn Sloman, David Talley Are Wed In Hobbs, N.M.

St. Christopher's Episcopal Church in Hobbs, New Mexico, was the setting of the wedding of Marilyn Sloman of that city and David Talley, Friona, at 10 a.m. Saturday, June 10.

Parents of the bridal couple are Mr. and Mrs. Joe Talley, Friona, Mrs. Jimmie Short and the late William Edward Sloman.

Rev. Amos Gaume read the double ring ceremony before an altar which was adorned with gold vases filled with white stock and white majestic daisies backed by baker's fern and gusophylla. Wrought iron candelabra along the church walls held white tapers and were entwined with garlands of English ivy and centered with clusters of white majestic daisies. White satin bows were spaced along the pews. A white aisle cloth covered the sanctuary steps and lead up to the altar.

Mrs. Eleanor Vaughan, organist, presented appropriate prelude music; the processionals "The Triumph Tune" by Purcell; and "The Occasional March" by Handel, the recessional.

Virginia Davis, Los Alamos, New Mexico, was the maid of honor. Nancy Ballard, Albuquerque and Joan MacAhan, Hobbs, were bridesmaids. Bridal attendants wore identical floor length dresses of white flocked organza over emerald green satin. They were designed with A line skirts and emerald green satin holding matching veils of illusion. Emerald green shoes completed their costumes. They carried bouquets of white majestic daisies and baker's fern tied with white satin ribbons.

Tommy Roberts, Waco, was best man. Ushers were Wayne Cason, Friona, and Cary Barabee, Hobbs.

The bride, who was escorted to the altar and presented in marriage by her brother, William Edward Sloman Jr., wore a formal length gown of all re-embroidered lace designed with a bateau neckline, a straight front line with fullness in back and a panel of tiered lace down the back. Her headpiece was a flower with lace and pearl trim holding a shoulder length veil. She carried a cascade arrangement of white butterfly roses, lillies of the valley and stephanotis trimmed with a puff of pearlace, satin leaves and ribbon bows.

A reception in the parish hall followed the ceremony. The bride's table was covered with a white satin cloth draped in flounces over net and caught with white roses. The four tiered cake topped with a cross with intertwined rings forming the centerpiece. Silver candelabra flanked each side. Punch and coffee were served from a similarly draped table.

For a wedding trip to points of interest in Northern New Mexico and Southern Colorado Mrs. Talley chose a beige cotton lace dress with matching straw hat and accessories. Her corsage was a white rose lifted from the center of her bridal bouquet.

Mrs. Talley is a graduate of Hobbs High School and a senior at the University of New Mexico, Albuquerque. Talley, a graduate of Friona High School, is also a senior at the university.

Mr. and Mrs. Talley are at home in Albuquerque where she is employed as a micro biologist with the State Health Department Laboratory.

Frionans attending the wedding ceremony and reception were Mr. and Mrs. Calvin Talley and Rex, Mr. and Mrs. Orla Cole, Mr. and Mrs. L.G. Taylor and Cindy, Mrs. Vernon Roberts, Mr. and Mrs. G.B. Buske, Mr. and Mrs. C.W. Tannahill, Mrs. G.E. Tannahill and Sherril Tannahill.

Kay Tannahill, Lockney, was another out-of-town guest.

Mrs. Mickey Wilson

Mr. and Mrs. David Talley

Mrs. Mickey Wilson

## Church Ceremony Unites Miss Phipps, Mr. Wilson

In a candlelight service at Friona Methodist Church at 5:00 p.m. Saturday, June 10, Shirley Jean Phipps, daughter of Mr. and Mrs. E.G. Phipps, became the bride of Mickey Wilson, son of Mr. and Mrs. Elvin Wilson. The double ring ceremony was ready by Bob Wear, Church of Christ preacher, Littlefield, before a candle arch flanked by candle trees holding white tapers. Baskets of white mums stood under the arch and at between the arch and trees. Brass candelabra holding white tapers and a white satin kneeling bench completed altar decorations. Pews were marked with large satin bows in aqua and yellow.

Gail McGlothlin, organist, and Sandy Beene, pianist, presented prelude music, the processional and recessional and accompanied Shirley Vineyard of Dumas, soloist, as she sang, "The Wedding Prayer," "Walk Hand in Hand," and "Whither Thou Goest."

At the close of the service the bridal couple extinguished two candles and lit a single candle.

Judy Phipps, sister of the bride, was the maid of honor. Mrs. Gary Lou Renner was the matron of honor. Bridesmaids were Deloris Phipps, sister of the bride and Darlene and Diana Wilson, sisters of the groom. Patricia Phipps, also a sister of the bride was the junior bridesmaid.

Feminine bridal attendants wore identically designed floor length dresses of aqua satin peau de soie. They were fashioned with round necklines and brief sleeves. Their headpieces were tear drop tiaras which matched their dresses. Each attendant carried a long yellow

mum surrounded by white eyelet and yellow satin ribbon. Myrna Phipps, sister of the bride, and Mark Bedellion, Midland, cousin of the bride, were candlelighters. William Charles and Alecia Bandy, cousin of the bride, were ring bearer and flower girl. Alecia was dressed similar to the other bridal attendants. Her dress of aqua satin peau de soie was under an overdress of matching silk organza edged with white lace. She carried a blue basket filled with white daisies. The rings were carried on a satin pillow.

Ronald Awtry, was the best man. Groomsmen were Tex and Lynn Phipps, cousins of the bride, Danny Black, Ronnie Procter and Richard Patzig, Tulia.

Ushering duties were performed by Ronnie Duncan, cousin of the bridegroom, Duane Phipps, cousin of the bride, Bing Bingham, and Jackie Claborn.

The bride, who was ushered to the altar and given in marriage by her father, wore a formal cage gown fashioned of antique ivory swiss net and re-embroidered Alencon lace veiled over a peau d'ange skinmer. Appliqued lace formed the yoke and outlined the portrait neckline. Lace appliques were repeated on the pyramid skirt, which was banded with satin. Her teardrop tiara, which was enhanced with seed pearls, held her veil of silk illusion.

Short ivory gloves, her great-grandmother's wedding ring, a traditional blue garter and a string of pearls completed her bridal costume. She carried a cascade arrangement of stephanotis and orchids centered in a corsage of white mums

atop a Bible belonging to her maid of honor.

Mrs. Phipps chose a two piece pink worsted silk suit with pink accessories for her daughter's wedding. Her corsage was of pink orchids. Mrs. Wilson wore a blue silk dress, white accessories and a white orchid corsage.

A reception in fellowship hall followed the ceremony. The serving table was covered with a white net cloth over white satin. Aqua satin peau de soie swags were caught with matching roses. The centerpieces were an arrangement of the attendants' nosegays centered with the bride's bouquet.

The three tiered bride's cake was decorated with white love birds and roses and centered with a miniature bride and groom standing under a white heart. Cake and punch were served by Mrs. Jackie Lee, Merylene Lassie, Sharon Dean, Sherron Lewallen, Sweetwater, Willa Jane Elliott, Happy, and Wenaiah Williams, Goodland, cousin of the bride.

Guests were registered by Janet Rushing. Special guests were Mr. and Mrs. Grady Wilson, Sturgis, South Dakota, and Mr. and Mrs. George Robertson, Amarillo, grandparents of the bridegroom; and Mr. and Mrs. Guy Elliott and Mr. and Mrs. Charlie Phipps, Mulshoe, grandparents of the bride.

Out-of-town guests signing the register were Mr. and Mrs. Keith Keffler, Cori Dee and Tracy and Mrs. Bud Hopson, all of Sturgis, South Dakota; Mr. and Mrs. Lilburn Hamilton and daughters, Amarillo; Mrs. Ted Bedillion, Mark and Teri, Midland; and Robert Martin, Sweetwater.

## Howard Fords Host Antique Club Meet

Mr. and Mrs. Howard Ford were hosts at the Monday evening meeting of the Friona Antique Club in their home.

During the business session plans were made for preparation of a float in the Maize Days Parade. Refreshments of chips, dips, cake and ice cream were served by Chloe Ann, daughter of the host couple. Others present included Mr. and Mrs. Leo Bails, Mr. and Mrs. Bill Flippin, Mr. and Mrs. Dick Habbings, Mr. and Mrs. Jerry Zachary, Mr. and Mrs. Rudolph Renner Sr. and Mr. and Mrs. Raymond Adams.

## Sewing Class Enrolls Seven

Seven 4-H Club girls have enrolled in first year sewing class, which meets in Fellowship Hall of First Baptist Church. Leaders are Mrs. Dale Hart and Jan Jameson, a junior leader. They are assisted by Mrs. Homer Lindeman and Mrs. Doug Stephenson.

Girls enrolled are Connie Lindeman, Vicki Pryor, Iris Stephenson, Holly Stephenson, Marilyn Jones and Lisa Cummings and Dorothy Johnston.

Dresses which are being made by these girls will be shown at the County 4-H Dress Revue Thursday, June 29.

## Son Born To Robertsons

Mr. and Mrs. H.D. Robertson became parents of a baby boy at 1:49 a.m. Saturday, June 17, at Parmer County Community Hospital. He was named Michael Don and weighed 9 lbs. 2 ozs.

Rev. and Mrs. Ott Robertson, Friona, are paternal grandparents. Maternal grandparents are Mr. and Mrs. Albert Combs, Mills Point, Texas.

Next meeting of the club will be July 17 in the home of Mr. and Mrs. Dick Habbings.

## 4-H Members To Study Charm

The second meeting, "Focus on Charm," for 4-H members in Clothing Project work will be held Monday, June 26, at 2:00 p.m. in the Hub Community Center.

Subjects that will be discussed are: "What You Can Do for Your Clothes," Carleen Schlenker, 4-H member; "Shopping for Undergarments," Mrs. Marge Pittman, Pa-Dor Dress Shop, Clovis; "The Avoidable Dilemma," skit by Jan Jameson and Karene Hart, 4-H members; and "Be a Model Everyday" by Mrs. Ralph Robinson, Friona.

All parents, leaders, 4-H members, and others who wish to attend are invited.

## Cody Lee Johnson Born Here Tuesday

Mr. and Mrs. Kenneth Johnson, Route 2, Friona, became parents of a baby boy at 9:15 a.m. Tuesday. He was named Cody Lee and weighed five pounds.

Cody Lee has one brother, Casey Allan, who is 1. Grandparents are Mr. and Mrs. O.G. Johnson, Clarendon, and Mr. and Mrs. G.A. Trich, Palm Beach, Florida.

## Club Members Hear Convention Report

Highlight of the Monday evening meeting of Rhea Home Demonstration Club in the home of Mrs. Jim Dixon was a report of the district convention presented by Mrs. Elmer Deyke, delegate.

The hostess directed the opening exercise, which was a ten minute contest to determine who could name the most states. Next meeting of the club will be Monday, September 11 in the home of Mrs. C.G. Drager.

Refreshments of ice cream, punch and cake were served in the backyard of the Dixon home to Mrs. Gilbert Schueler, Clovis, who was a guest, and the following members: Mrs. Herman Grissom, Mrs. Elmer Deyke, Mrs. Walter Schueler, Mrs. Herbert Schueler and Mrs. C.V. Potts.

Also Mrs. Herman Schueler, Mrs. Leroy Widner, Mrs. Larry Moyer, Mrs. Norman Taylor, Mrs. Franklin Bauer, Mrs. Elmo Dean, Mrs. Shirley Smith, and Mrs. C.G. Drager.

Mrs. Frances Howard of Abernathy was a weekend guest in the homes of Mrs. A.O. Drake, Mr. and Mrs. Arthur Drake and Mr. and Mrs. Earl Drake.

## Scouts Camp

Members of Girl Scout Troop 105 recently spent one night camping at the Spohn Farm west of town. This meeting was necessary in order to meet the requirements for the emergency preparedness challenge.

Members of a younger troop assisted with the challenge, which required rapid and efficient first aid on the part of a Girl Scout. First aid was administered then Troop 105 prepared a simple meal for their patients.

Later in the evening Mrs. Ralph Wilson explained a Scout's Own to those present. The meeting closed with games and taps. Members present were Kathy Bandy, Debbie Baxter, Brenda Blackburn, Janice Clark, Shirley Johnson, Carolyn Hutson, Pat Roberts, Connie Whaley and the leaders, Mrs. Billy Dean Baxter and Mrs. Truett Johnson.

Karen Kindred, Lubbock, is visiting in the home of her grandparents, Mr. and Mrs. E.H. Bradshaw, and uncle and aunt, Mr. and Mrs. Wes Long.

PLACED ON HONOR ROLL -- Twelve young readers have been awarded places on the Honor Roll at the Public Library for reading twelve or more books. They are: (L to R) Diane Bennett, Holly Hart, Beth Bennett, Bryan Johnston, Christine Grant, Myrna Phipps, Jay Jarboe and Mary Walker. Not shown are Janice Peak Ransly Bussey, Rhonda Webster and Karene Hart.
