Two topics on meeting agenda

Monday a meeting of interest to area farmers will be held in the auditorium of the Agriculture Building at 7:45 p.m., according to County Agent Homer Thompson.

Thompson said that two topics will be discussed. Elmer Hudspeth, agricultural engineer at the South Plains Research Center, will talk on the usage of chemicals for weed control.

Thompson said that Hudspeth will go into the different types of chemicals to be used on weeds, how to use the chemicals on cotton and sorghum, and the kind of machinery to apply them with.

Bill Lyle, area irrigation specialist, will speak on how irrigation practices affect cotton yield and quality. He will also discuss timing of irrigation.

Thompson said that after both men have spoken, there will be a question and answer period.

County Agent's report

Control external parasites

Winter and early spring are the seasons most favorable for external parasite infestations in cattle.

It is best that all animals be treated when the need arises for the control of these profit takers.

Lice, for example, can cause heavy economic losses in the form of loss in condition of animals, a drop in milk production and if left to their own, they can in some cases cause the death of animals. Loss of hair, dark, dirty appearance of white areas, rubbing and licking are indicators that lice are present.

The pests can be controlled by the use of sprays, dips, dusts or rubbing devices. But it is of the utmost importance to use the proper concentration of the insecticide as recommended by the manufacturer.

Because of the restrictions on the use of chemicals in agriculture due to residue and other problems stockmen are invited to come by the Agent's office for a copy of MP-891, "Texas Guide for Controlling External Parasites of Livestock and Poultry." The publication is free and contains not only the recommended control measures but also safety restrictions, minimum days from last application to slaughter, dilution chart for mixing sprays or dips and other helpful hints for the safe use of insecticides for controlling economically important external parasites of livestock.

Seedbed sterilization
 Seedbed sterilization should be considered by growers who raise

transplants either for use at home or for sale. This practice means that growers can produce transplants free of disease and weeds. Equipment costs are low and little labor is required for carrying out the practice. The equipment needed will vary with type of material used. Liquid materials, Vapam or VPM, may be applied with a sprinkler can and then watered down with a garden hose. Covering the treated area with an air-tight cover such as polyethylene films will improve the efficiency of the material by holding toxic gases for longer periods. Methyl bromide, a poisonous gas, gives excellent results when used on transplant seedbeds. It must, however, be used under an air-tight cover such as polyethylene film to prevent loss to the atmosphere.

The material is packaged in one pound containers and application rates are easy to determine. The material is safe to use, but recommendations by the manufacturer must be followed to the letter. It can be extremely dangerous when improperly used. Seedbed sterilization is available from his office including details on how to apply the materials to the soil and also the air-tight covers. Information on the needed equipment and application rates is also available.

By HOMER E. THOMPSON County Ag. Agent

Low cost cattle gains The League Ranch here is taking advantage of a good silage program to put gain on stocker cattle for a feed cost of about 15-cents a pound.

According to a result demonstration report from Knox County Agent Joe Doby, the ranch got 32 tons per acre of sweet sorghum silage from two cuttings made in August and November of 1965.

The land was fertilized twice with 80-0-0 (in April and August) and irrigated as water was needed. At the suggestion of Extension livestock specialist Dixon Hubbard, of Lubbock, 20 pounds of ground limestone were added to each ton of the silage as it went into the silo.

The type of good feed-grade limestone recommended for silage costs 1/2 to 1 cent per pound, the specialist said. Research reports indicate this amount of limestone can increase feed efficiency and rate of gain about five per cent each, according to Hubbard.

Studies also show that the limestone increases consumption about 10 per cent and decreases odor and significantly reduces silage shrink, he said.

County Agent Doby said the ranch figures the silage cost \$6 a ton in the silo and about \$8 a ton in the feedbunk.

The cattle get a ration of silage, protein and two-to-four pounds of ground grain sorghum in the lot. This ration produces gains at a feed cost of about 15-cents a pound. Outlook for feed grains

The record feed grain production in 1965 resulted in an increase in the feed grain supply for 1965-66 to 217 million tons, 10 million more than last year, but about 5 million tons below the 1959-63 average.

The record 1965 sorghum gain crop of 635 million bushels was 34 per cent larger than the 1964 crop. This large crop boosted the sorghum grain supply to 1,221 million bushels. This is 82 million bushels, or 7 per cent more than last year, but slightly below the previous record supply of 1963-64.

The carryover of sorghum grain has been declining since 1961 and was reduced another 83 million bushels during 1964-65 to 566 million on October 1, 1965. This was 132 million below the record carryover of four years ago. However, the large 1965 production will cause the carryover of sorghum grain to increase as of October 1, 1966.

Domestic use of sorghum grain is expected to increase substantially in 1965-66 as a result of the much larger 1965 crop and lower prices in prospect.

Exports in 1965-66 probably will be at least equal the record movement of 148 million bushels in 1964-65 which was 41 million bushels above a year earlier.

Total disappearance of sorghum grain is expected to increase 7 per cent to over 600 million bushels. The year-end carryover on October 1, 1966, will be about 600 million bushels, up 34 million from the stocks of October 1, 1965.

The 1966 crop of sorghum grain will have a larger carryover with which to compete. Sorghum grain prices are expected to average lower in relation to corn this year than in 1964-65. The much larger 1965 crop, the reduction in the loan rate from \$1.77 to \$1.65 per cwt., and the lower CCC sales price are major factors pointing downward pressure

There are days that make you glad you live in this part of the world and Tuesday was one of them. After frost early in the morning, the air became warm and the breeze was so slight it was almost unnoticed. We are rapidly approaching spring and Tuesday's temperature could be classed as a sample . . . but almost as tantalizing as giving a child one lick off an ice cream cone and then telling him he can have the rest after he's finished his spinach and liver. (The foods are used as examples only. Personally, I like both of them.)

Rep. Jesse George trotted off to Austin last weekend for the special session that is wrestling with the intricate problem of Texas voter registration, now that the courts have ruled the poll tax is illegal. The lawmakers seem to be divided into two camps. One group favors a one-time registration that would keep voters on the list as long as they don't move out of the county. The other is working for an annual registration system. Serving as Jesse's secretary for the special session is Mrs. Cal Snyder of Denver City, who had one whole week of idleness after selling her part of the Denver City Press and Morton Tribune.

Our high school operative, Jimmy Cartwright, informs us that junior play practice is underway now on a two-per-week schedule. The tempo likely will pick up greatly before the performance on Friday, March 11. Can Spring be far behind?

This edition marks news editor Buck Scheib's last week with the Tribune. Buck is headed for a reporter's spot on the Amarillo Daily News. He claims that he wants to try his hand on a daily, but he thinks that the lure of bright lights for a bachelor also has something to do with his decision. Regardless, he goes with our best wishes for the future.

This is another of the busy weeks in Morton with the Lions Club ladies' night dinner Monday and the Morton Athletic Banquet slated for Friday. Next Tuesday the Heart Fund benefit will offer a wide variety of entertainment for its audience.

We got a small surprise Tuesday morning. After scraping off ice, we started driving to town. En route, we noticed that a willow tree was beginning to show definite signs of greenery on its long, drooping branches. That tree had better stay under wraps if it doesn't want to get its little buds frosted, because winter isn't

over yet . . . and shouldn't be for another two or three weeks.

The L'Allegro Study Club reports that 76 persons entered its marathon bridge tournament that started this week. That's 19 tables. The club announced that additional entries would be accepted this week, but only on the basis of four players so that the tables will be even. Contact any member of L'Allegro for details.

Judge M. C. Ledbetter, 121st District Court, this week received a letter from Dee Miller, Potter County district attorney. The letter said, in part, "On behalf of this office, Judge Jordan and the citizens of Potter County, I would like to extend our thanks to you for all the time and effort which you put into the Larry Garcia murder trial. We were all impressed with the manner in which you conducted this trial and we feel that you are to be commended for your diligent work. Would you please pass on our personal thanks to Robert George (121st court reporter) for the kind assistance which he extended in our behalf . . ."

We just got word of another big event this week. The Future Homemakers of America chapter at Morton High School will hold its annual banquet on Thursday, Feb. 17, in the school cafeteria. The Rev. Charles Gates will be a special guest and the Village Martyrs singing group will entertain. The FHA also announced that Sharon Douglas recently was named third vice president and project chairman.

Marks undergoes Naval training

SAN DIEGO, CALIF. (FHTNC) — Seaman Recruit Edward G. Marks USN, son of Mr. and Mrs. Jess E. Marks of Star Route 2, Morton, is undergoing seven weeks of basic training at the Naval Training Center here.

Under the supervision of veteran Navy petty officers, he is receiving instructions in naval history and organization, customs and courtesies, ordnance and gunnery, seamanship, damage control, first aid, swimming and survival, shipboard drills and sentry duty.

Military drills are emphasized during recruit training, and with various inspections and a planned physical fitness program, keep the recruits mentally and physically alert.

Upon completion of recruit training, he will be assigned to a school, shore station or ship, according to the results of his Navy classification tests, his own desires and the needs of the Navy.

A NEW BIBLE ...

for ME!

She really is delighted because her church is presenting her with a new Bible. She understands and appreciates this gift, because in earning it she has committed many verses to memory, and thus learned to value God's word. The churches desire that all would study and learn to love God. Plan to attend church this Sunday and share in this knowledge and joy.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Miss Smith, Mr. O'Brien say vows in double ring ceremony Feb. 12

A golden arch, flanked with baskets of pink stock and mums, was the setting for the double ring ceremony uniting Miss Bennie Smith and Mr. Ray O'Brien, Feb. 12 at 6 p.m. in the home of Mr. and Mrs. Ray Tucker, sister and brother-in-law of the bride.

Mr. and Mrs. Truman Smith of Rt. 2, Morton, are the parents of the bride. The groom is the son of Mr. and Mrs. J. C. O'Brien.

Given in marriage by her father the bride wore a full length gown of lace and velvet. The empire design dress had a lace bodice with long sleeves that ended in petal points at her wrist. The skirt was velvet with lace panels to the hem line. Her veil of illusion, was edged with matching lace and attached to a tiara of orange blossoms. She carried a bouquet of white gardenias surrounded with pink sweetheart roses.

For something old, Miss Smith carried a handkerchief, belonging to her paternal grandmother, the late Mrs. Ada Smith. Her dress was new and the tiara, belonging to her sister, Mrs. Don Hawthorne was borrowed. Something blue was the garter, belonging to the groom's sister, Mrs. N. H. Steed. She wore pennies in her shoes with their birthdates on them.

Miss Peggy Ramsey, of Morton and a student at Wayland Baptist College, attended the bride as maid of honor. Bridesmaid was Miss Sheryl Bolton, of Big Lake and also roommate of the bride

at San Angelo State College. They wore identical full length dresses of moss green peau de sole, with matching pill box hats. They carried white muffs with a pink sweetheart rose on each.

Mr. Donald Shaw was best man and Mr. Clem Keuhler was groomsmen. Both are from Morton and are students at Texas Tech.

Wedding music was presented by Mrs. L. S. McCarty. Miss Carla McCarty soloist, sang "The Twelfth of Never" and "Prayer Perfect."

Miss Ruthie Smith, cousin of the bride, registered the guests. A reception was held immediately following the ceremony.

The bride's table was covered with a crocheted cloth over a green cloth. The cloth was crocheted by the bride's maternal grandmother, the late Mrs. Addie Speckard. The wedding cake and almond punch was served to 60 friends and relatives.

For going-away, the bride wore a grey wool dress, trimmed in white lace with matching shoes and accessories.

Mr. and Mrs. Ray O'Brien will reside at 2017 15th Street, Lubbock, where the groom is attending Texas Tech.

Mrs. LeRoy Johnson speaks to Emlea Smith Junior Study Club

The Emlea Smith Jr. Study Club held its regular meeting in the home of Mrs. Don Workman Feb. 10, at 7:45 p.m.

Mrs. Bob Polvado, program chairman, introduced the guest speaker, Mrs. LeRoy Johnson, who gave the program, "Birth Defects."

Mrs. Johnson is the voluntary advisor for the Northwest National Foundation of the March of Dimes. She told the group of her visit to Washington and how rewarding and inspiring it was. One of the highlights was hearing Dr. Jonas E. Salk, who developed the Salk vaccine. Because of his work and the March of Dimes, polio now is something of the past.

March of Dimes has now turned its efforts towards birth defects. Every day, 700 new babies in our nation have some form of birth defect. One baby in 16 is born

with a serious birth defect. Birth defects destroy more lives than cancer and strokes combined and is the nation's second greatest destroyer of life.

Mrs. Johnson said that Texas is now the fifth state to pass the law that all new born babies be given the PKZ Test.

The greatest prevention of birth defects is pre-natal care. Many children were beyond help only a

few years ago, but research scientists are discovering new ways of detecting and treating birth defects.

Scientists are now working on a vaccine for German measles. This disease, if taken during pregnancy, especially during the first three months, can cause birth defects. Many doctors feel that young girls should be deliberately exposed to this disease so that they have it before marriage.

Mrs. Johnson concluded the program by saying with our help, research has just begun.

Members at the meeting were: Mrs. Rodney Fralin, Mrs. James Dewbre, Mrs. Lewis Harris, Mrs. Dwight Gober, Mrs. Ronald Coleman, Mrs. Richard Houston, Mrs. Don Lynskey, Mrs. Bill Foust, Mrs. Jessie Wynn Tyson, Mr. Clyde Brownlow, Mrs. Jim H. Johnson, Mrs. Ray Tucker, Mrs. James Walker, Mrs. Earli Polvado, Mrs. Danny Tankersley, Mrs. Sidney Saverance, Mrs. Gary Wiltingham, Mrs. Bob Polvado, Mrs. Loy Kern, Mrs. Elvis Fleming, Mrs. Owen Houston, Mrs. Don Lynskey, Mrs. Don Workman and Miss Jennie Allen.

Refreshments were served by Mrs. Don Workman and Miss Jennie Allen.

Bluebirds make gift Valentines

Lovely Valentines were made by the second grade "Helpful Bluebirds" who met last Thursday, Feb. 10, in Mrs. Neal Rose's schoolroom. The girls made red heart shaped Valentines with white lace doilies cut in the center to make a frame for the girl's picture.

Refreshments were served to Donna Daniel, Wyn Crone, Elizabeth Grice, Shelia Davis, Phyllis Ray, Brenda Bowen, Vicki Lackey, Cynthia Pierce, Diane Kuehler, Diane Wells, Gina Monroe, Gay Waters, Vanita Sandifer, Terri Guffey, Delia Tamez, and Debra Jones.

Also Debra Hodge, Schelle Key, Donna Lynskey, Barbara Gauer, Diane Ford, Gail Lasseter, Julie Brown, Sherrill Taylor, Nancy Benham, Earlene Evans, Sherrill Rasco, Linda Adams, Sherrie Dobson, Donna Cox and a new member, Kathy McGeeHee.

Adult leaders attending the meeting were Mrs. Don Lynskey, Mrs. Brown, Mrs. Pierce, Mrs. Lasseter, Mrs. Scoggins, Mrs. Daniels, Mrs. Davis, Mrs. Ray and Mrs. Adams.

The next meeting will be Feb. 24 and the girls will make place cards for their guests and themselves to use at the Father-Daughter banquet that will be held in the school lunchroom, March 17.

Visiting over the weekend in the R. C. Weed home were Mr. and Mrs. Burt Whitson and boys of Wolforth, Mr. and Mrs. Bobby Work and children of Plainview and Miss Gaylene Weed of South Plains College in Levelland.

Mrs. Fred Thomas hostess for WMS meeting Monday

A general W.M.S. meeting in the home of Mrs. Fred Thomas, Monday, Feb. 14 was held. President, Mrs. Harold Drennan, called the meeting to order. Mrs. Bill Hovey introduced the prayer program and lead the group in prayer. The president then turned the program over to Mrs. Jack Gunnels, Chairman of the Ross Circle, as she announced the program. Those on the program were: Mrs. Lowell Webb, Mrs. Jerry Stamps and Mrs. Charles Jones.

The program was closed with a prayer given by Mrs. Ross Shaw. Mrs. Keith Kennedy, enlistment chairman, announced an enlistment tea to be held Feb. 27. Time and place were not given at this time.

Those attending the meeting were: Mrs. Francis Shifflett, Mrs. Stanley Shields, Mrs. Connie Gray, Mrs. John Coffman, Mrs. C. D. Earley, Mrs. David Rozell, Mrs. S. A. Ramsey, Mrs. J. O. Gathright, Mrs. F. G. Kennedy, Mrs. Bud Thomas, Mrs. W. A. Woods, Mrs. Keith Kennedy, Mrs. Odell Fulton, Mrs. Roy Hill, Mrs. Harold Drennan, Mrs. Bobby McGeehee, Mrs. Bill Crone, Mrs. Noel Jones, Mrs. Lowell Webb, Mrs. Ross Shaw.

Two assist jr. club to organize

Mrs. LeRoy Johnson and Mrs. Earl Polvado recently attended a coffee in the home of Mrs. Bob O'Dell in Levelland, to organize the levelland Junior Study Club. There were 18 charter members. The group is being sponsored by the Heritage Study Club of Levelland.

Mrs. Johnson is third Vice President of the Caprock District, in charge of new club organization. She reported that there were nine new clubs established and one club reinstated during the years 1964 to 1966.

Mrs. Polvado, Outstanding Clubwoman for the Caprock District, and Mrs. Johnson spoke to the young women on the history of Federation and the projects of Junior Study Clubs.

Mrs. Charles Jones, Mrs. Jack Gunnels, Mrs. Bill Hovey, Mrs. Elzie Browne, Mrs. Gerry Stamps, Mrs. Earl Polvado, Mrs. T. A. McCuiston, Mrs. O. A. Graves, Mrs. J. T. Daniel, Mrs. W. A. Cheek, Mrs. Weldon Newsom and Mrs. T. D. Marshall.

HD Club hears of heart action

The Happy Homemakers Home Demonstration Club met Feb. 10, at 9:45 a.m. in the home of Mrs. Max Clark.

William L. Renfro Jr. from the Texas Heart Association, in Lubbock, showed a film on "Common Disorders of the Heart" and explained why we should all have regular heart check-ups each year after age 35.

Dr. Malcolm Thomas, heart and lung surgeon from Methodist Hospital in Lubbock, was a surprise visitor and showed slides on how surgery and new inventions can help keep the damaged heart working. Both were very interesting and informative.

Mrs. W. B. Merritt, chairman of our local heart fund drive, was also a visitor and invited all present to attend the Heart program Feb. 22 at the County Activity Building and to "Give from your heart to the Heart Fund."

Refreshments were served to Mrs. Vernon Sublett, Mrs. Eugene Bedwell, Mrs. Buford Elliot, Mrs. C. W. Wiggins, Mrs. Jesse Clayton, Mrs. E. C. Hale, Miss Jennie Allen, Mrs. M. L. Abbe, Mrs. Roy Davis and Kay, Mrs. W. B. Merritt and Mrs. Max Clark.

Keep More of Your Marbles In the Home Game

*After all ... here's where you get to
take your turn at shooting*

Our big-city neighbors offer invitations to us every day to put our marbles in their bigger and fancier rings ... so they can take out more for themselves.

But the game that OUR winnings have to come out of ... is the HOME game. And ... the more of our marbles we put into THIS game, the more WE get a chance to take out.

Maybe you've noticed the city folks bragging

about how much trade volume they take away from the small towns like ours in their "trade area" ... getting our marbles into their pockets for keeps.

Trading at home ... and making it more attractive for our neighbors to trade here ... is the direct and positive route to better jobs, better property values ... better schools, better living ... a better community for US to live in.
