

# What is happiness? It's a rainy day for everyone!

Cochran County's first general rain in more than six months arrived over the week-end just in time to provide badly needed moisture for planting.

Farmers and merchants alike are declaring it a million dollar rain, and old-timers are searching their memories for a similar "phenomenon" during the month of April in the past 20 years. But all are hoping all the rain did for him was "get up an appetite for more." I'd about decided it was through raining around here.

## General rain

An unofficial check by The Tribune revealed the rain to be general over the county, ranging in amounts from two inches up to more than four inches in the town of Morton, which apparently reaped the greatest amount.

Rain started about midnight Thursday, and continued intermittently over the week-end, with the major portion falling Sunday and Sunday night. Overcast skies Monday morning also resulted in additional rain. Tuesday, the day dawned with an enveloping fog which was quickly dissipated, how-

ever, with the bright sun bringing mid-day temperatures up to the 80-degree mark.

Prior to the week-end rain, moisture total had stood at less than half an inch since the first of the year. And for the last three months of 1965, just one inch of rain had been received.

## Back in 1949

According to records kept by the Soil Conservation Service here, one has to go way back to 1949 to find a rainfall of comparable amount, and that was 3.35 inches for the entire month. Average precipitation for April over the past

23 year period, the records show, is just .78 of an inch.

The several-day rain fell gently on the thirsty soil, with near 100 per cent saturation and little washing. Farmers are agreed it brought plenty of planting moisture, and most will be busy at least by the first of the week on that chore — this time with considerable optimism.

## More in Morton

In Morton proper, Homer Thompson said his rain gauge held 1.4 inches up to Friday evening, and an additional 3.1 inches was shown Monday noon for a total of 4.5 inches.

This checked closely with other gauges within the city limits.

B. H. Tucker, who lives about 13 miles due west of Morton estimated rainfall on his place at about 3 inches, most of which fell Sunday and Monday morning. In the Neely Ward area, somewhat south of Tuckers, a heavy rain brought about 3 inches Sunday afternoon.

Three miles west of Lehman, W. O. Fluit estimated rainfall at about 2.8 inches, and in the Bledsoe area, Supt. Otis Parr reported a like amount.

E. C. Hale, residing about four

miles northwest of Morton, said rainfall there checked out at about three inches, and J. D. Thomas, who lives about two miles north of the Hales, estimated precipitation there as slightly less, or about 2½ inches.

## Gone fishing

Others north of Morton must have taken the day off to go fishing, for those two were the only ones of more than a dozen called who were there to answer the phone.

At the T. D. Davis farm, 16 miles northwest of Morton, only a half-

inch fell prior to Sunday, but then it got down to business with an estimated 3½ inches of rain that afternoon.

Southwest of Lehman, about eight miles, the Ralph Gardners reported three inches of rain. Guestimates in the Whiteface area varied from 2.8 inches to 3 inches, according to Jack French and Duane Smith.

Some promise of more moisture is in the offing, according to forecasters, in spite of predicted high winds and blowing sand for mid-week — just to remind residents they're still in West Texas.

One performance only—

## Capers set for Friday night

Indian Capers, circa 1966, originally planned for a two-night presentation, will instead be confined to one big performance this Friday night.

Harold Dutton, director of the Morton school district, said the decision was made this week to limit the production to one night due to the many activities in the community.

But, he said, the Capers has not been curtailed in any other way. It still promises a full night of excellent musical entertainment, sure to please the entire family.

A highlight of the program will be the revelation of the junior and senior high choral department's queens identities.

Coronations will be conducted at the close of the Capers, with Billy Baker to serve as master of ceremonies. The Queens, known as "Miss Indian Capers", who have been elected by secret vote of their respective classmates, will be presented a beautiful bouquet of roses after being crowned with glittering tiaras. The two Princesses for each Queen will also be presented with floral tributes.

Nominated for the honor of the senior "Miss Indian Capers" are Rheda Brown, Jean Rainald and Margaret Hanson. Candidates for the junior title are Terry Shifflett, Vickie Goodman and Zodie Ledbetter.

Serving as Choir Beaus, and escorting the senior candidates, will be Mike Enos, Rory Kuehler and Ray King. Escorting the junior candidates will be Mike Bryan, Jerry Steed and Forrest Baker.

First rehearsal for the cast was held Monday night, Dutton said, and additional practices are being held throughout this week to insure as professional a performance as possible.

Costumes, stage props and scenery have all been made by the students themselves to assist in the presentation of "The Story of Music", general theme for this year's Capers.

## Story of music

Beginning with the first night See CAPERS, Page 2

## Quiet session by council; vote to buy police car

With only a quorum present Monday night, city council members tabled the majority of topics brought up for action until next meeting when a full attendance is expected.

However, council did vote to take action on a new patrol car for the city police department, when it was pointed out that a delay would postpone receipt of the vehicle until mid-summer.

Specifications were approved for a 250 hp police special, and bids will be accepted at the next meeting May 9.

## Urges action

Burtis Cloud, police chief, told the council the present patrol car, put into service in August of last year, currently has logged 43,000 miles. On 24-hour duty constantly, the car has just been in the repair shop, and Cloud warned that additional work could be expected to be needed.

In asking for action now on taking bids, Cloud pointed out that last year, by the time bids were taken and the new car put in service, the city vehicle had close to 70,000 miles, and a "lot of work had to be done on it just before we traded." This was an expense that could be avoided by acting now, he told the council.

Cloud also received council approval for the regular pay raise due patrolman Frank Davidson, after three months satisfactory probationary duty with the force, as well as approval for city purchase of Davidson's set of uniforms, as is customary. Davidson was upped in salary from \$300 to \$325 per month.

The police chief presented in some detail the worrisome problem of the city's water supply.

See COUNCIL, Page 2

## Jaycees will sponsor Little Britches rodeo

A Little Britches Rodeo, geared in its entirety to boys and girls 15 years of age and under, will be staged here Friday and Saturday, June 10-11.

Announcement was made following a Monday night meeting of the directors of the Morton Jaycees, which will sponsor the rodeo. Meeting with the board were Jack Auliff, Dick Conlee and W. D. Clark, representatives of the Little Britches Rodeo Co. of Lubbock, producers of the show.

Wayne Bracken has been named

## New Country Club is launched

Indian Capers' time . . .

COLORFUL COSTUMES and stage settings, the handiwork of students, will be seen Friday night when members of the choral departments of the Morton schools present the annual

Indian Capers. DeAnna Coates and Mike Enos, back row, and Jerry Steed, Jeanna Thomas and Vicki Goodman, in front, model costumes before an attractive backdrop. TRIBPIX

## To spelling bee in Lubbock Saturday

Frances Shifflett, 8th grader at Morton Junior High, will carry the colors of Cochran County to the area spelling bee in Lubbock this Saturday.

Competition will be held at O. L. Slaton Junior High School, starting at 1:30 p.m. Planning to accompany her daughter is Mrs. Francis Shifflett.

Winner of the Lubbock contest will advance to the national contest in Washington, D.C.

In event Frances is unable to attend, her place will be taken by alternate Rosalinda Reyes, also a Morton student.

## ★ Rally

A political rally will be held at Whiteface school cafeteria Saturday, April 30 at 7 p.m., sponsored by the Whiteface Rebekah Lodge. Cakes, coffee, cake and ice cream will be available.

Candidates are asked to make note that the rally will be held in the cafeteria rather than the school auditorium.

## Registration for Little League to be held Friday

Registration for the 1966 season of Morton Little League baseball will be held from 4:30-6 p.m. Friday, April 29, in the Morton Fire Station. All boys who desire to play Little League ball must register, according to league president Herman Bedwell.

Tryouts for boys nine and ten years old who were not on teams last year will be held at 5:30 p.m. Monday, May 2. Tryouts for the 11 and 12 year old boys will be held at 5:30 p.m. Tuesday, May 3. All tryouts will be conducted at the Morton Little League Park.

Eligible are boys who will be 7 years old before August 1, 1966, or who will not be 13 until August 1, 1966, or after.

## A "Community Bonanza"

## Kiddie rides here next week

A "Community Bonanza", aimed especially at the young members of the area, will arrive in Morton Monday for a full week's stay.

Lone Star Amusement Company will be here on that day to set up numerous entertainment rides, geared in size and type for the young children — although don't be surprised if some of the "not so young" take advantage of them, too.

The rides will be located on the

lot south from First State Bank, according to Carl Ray, chairman of the retail trades committee of the Morton Area Chamber of Commerce, which is sponsoring the events. Tickets will be 25c.

Adding to the fun will be several game booths to be operated by the Morton Jaycees. Those visiting the area can also secure tasty refreshments from a stand to be manned by the Jaycee-Ettes, and Ray said that cotton candy will also be available from a concessionaire.

The bonanza of rides and entertainment will be in Morton for the entire week, through Saturday. Ray said he was not sure of the hours to be observed by the rides, but expected them to be in operation following school on the weekdays, and all day on Saturday. How late the rides will be operated nights will depend, he speculated, on the patronage.

Ray said he talked to the head of the firm this week, and was warned to "be sure all the ditches are clear so the lot will drain for it always comes a big rain when we hit Morton."

If that's the case, maybe the visit of the "Bonanza" of entertainment will furnish an encore to the fine rain this community already has enjoyed.

## For Democratic primary—

## ABSENTEE VOTING CONTINUES

Absentee balloting for the May 7 Democratic primary currently is underway, with six votes cast by Wednesday morning and 17 mail requests filed.

County-District Clerk Lessie Silvers said that absentee balloting for the primary will continue in her office in the courthouse until Tuesday, May 3.

Local offices to be elected this year are county judge, county-district clerk, county treasurer, county commissioner for precincts two and four, justice of the peace for precincts one and two state representative and U. S. representative.

Incumbents are seeking re-election in nearly all offices. Mrs. Silvers is the only unopposed candidate on the county level.

Numerous statewide offices will also be filled this year, with high rivalry existing among primary contenders.

## Broom sale

A grand total of \$2275 was realized from the Lions Club broom sale Wednesday, reported Dean Weatherly, general chairman.

The local club netted a profit of about \$550, Weatherly said. American League team, captained by Sidney Savarone, won out in sales \$1141.23 to the National League's \$1,003.32. Heading the losers was Gene Benham, Truck sales amounted to \$39.50.

A welcome sight . . .

MORTONITES couldn't have been happier Monday, after a 4-inch rain brought timely moisture to a thirsty land. Car wheels threw waves of spray as vehicles were driven through miniature lakes. TRIBPIX

## Council in Monday session

from Page One

lem of the force in working out vacation time, or days off, with only a three-man staff to share 24-hour-a-day work. City Secretary Elra Oden was asked to contact other towns with similar size staffs to see how they handled the situation, and to present the information to Cloud who would then discuss it with the two officers. If a solution cannot be worked out among the department, Cloud was asked to return for further discussion at another meeting.

## No passengers

Councilmen voted a directive to prohibit family members of the policemen riding with them in patrol cars while on duty, citing the chance of injury involved.

Discussion on the traffic problem at the high school, presented at the last meeting and deferred until Monday night when school officials were to meet with the council, was again postponed when a conflict made it impossible for school men to be present.

Jack Stoner met with the council to discuss arrangements at the city dump grounds, where he presently has salvage rights. In the recent past, the city has been responsible for getting heavy equipment to periodically push the trash back into the fill, and estimates were that it was costing from \$600 to \$700 per year to have this done.

## Seek help

As an economy move, the council

decided to again contact county officials to see if county-owned equipment cannot be used for this purpose. Stoner said he believed he could keep most of the trash pushed back with equipment he could obtain, and that the county equipment — or others — would probably be necessary only once a month for about an hour.

A suggestion was made to pay Stoner \$40 per month to care for the dump grounds, if the county would use its equipment without charge. Final decision was postponed until the proposition could be presented to the county.

Councilmen were told that a city resident on Buchanan had offered the city two lots, with small abode house, in payment of a paving lien against that property and other lots owned by the resident, in order to clear title. Council expressed the desire to work with the owner, but as the city was not in the real estate business, it was suggested a local realtor be contacted to sell the property, and the owner then pay off the lien. "That property should be worth more than the lien", one councilman stated.

## Machine needed

Need for a fogging machine for the perennial summer fight against mosquitoes was discussed, as the one which has been used is beyond repair. Such a machine, it was declared would save a substantial amount in cost of supplies, as well as cut the time used by operators. Oden is to contact a public health equipment firm in San Antonio for cost figures to present to council.

Jack Burt appeared to appeal his recent release from city employment, but action was tabled until a full council could be present.

Only other action in the two-hour session was the decision to subscribe to the Morton Jaycees' flag service project.

Present were Mayor Jack Russell, Councilmen Donnie Simpson, Earl Stowe and E. C. Seaneey, and Secretary Oden.

## Capers

from Page One

music of the Chinese in the pre-Christian era, the story will unfold as performers carry the audience forward through the time of the psalmist, David, early day chants and folk music, to America and its Indian songs and Negro spirituals.

The well-beloved Stephen Foster songs will be featured, as well as hillbilly tunes, jazz, Westerns and the modern Broadway musical favorites.

Serving as guest accompanist for the performance will be Cecil Bolton, dean of the Lubbock College of Music, and organist at First Presbyterian Church, Lubbock.

Students have spent many long hours on preparations for the Indians Capers, and are hoping that a capacity crowd will be on hand Friday night to enjoy their endeavors.

## Rodeo

from Page One

In the some 15 shows produced regularly over the area, there has never been a child hurt.

Although plans are still in the formation stage, Jaycees are looking towards an opening day parade, in which junior riding clubs of the area will participate, and possibly a Queen contest.

Rodeo winners will receive trophies for the first two places, and rosette ribbons for third, fourth and fifth places in events, as cash prizes would violate the amateur standings of the performers.

Jaycees said an advance ticket sale would be opened prior to the performances. All proceeds from the rodeo, over and above that charged by the producers for furnishing of stock, will remain in Morton to be used by the Jaycees in civic projects.

## ★ Smiles

Homer Thompson was all smiles Monday.

It wasn't only because of the generous rainfall the county received over the weekend, although that was enough to make everyone smile.

Adding to his happiness was the removal of the cast on his foot, broken in an accidental fall weeks ago. "Only one who's had one", Homer grinned, "can know just how great it is."

## Summer school classes set in reading, math

Specialized summer school courses in both reading and math are being planned this year for elementary students, and details of the program were announced today by Principal Bobby Travis.

Travis emphasized that the courses are not only remedial in nature but also are of the enrichment type, for those students desiring to improve their skills in the subjects.

Instruction in math will be through the modern math method. Principal Travis explained, and will be taught by Mrs. Naomi Thompson, school faculty member, who has instructed in the modern method for several years.

Corrective and diagnostic reading instruction will be used for the disadvantaged child. Principal Travis explained, utilizing material made available under the federal Title I Elementary and Secondary Education Act of 1964. Travis said that although the materials had been in use during the regular school year, this would mark the first time for the summer school program.

Reading instructor will be Everett Johnston of the regular faculty.

Classes will begin Tuesday, May 31, and will be held for a period of six weeks, convening for two hour morning sessions in the cafeteria building.

Tuition will be \$20 per student, with boys and girls who have completed grades three through six eligible to enroll.

Parents interested are asked to contact Mr. Travis by telephoning him at 266-3011, or by stopping at his office in the cafeteria building.

Visiting with Mr. and Mrs. W. H. Bilbery last week were their daughter and her husband, Mr. and Mrs. Paul Tanner from Farmington, N.M. Also, the Bilberys went to Portales over the weekend to visit Mrs. Bilbery's mother, Mrs. J. F. McCasland.

## Club

from Page One

present organization would be cancelled, the old charter revoked, a new charter issued and a new membership stock list approved.

Rose said that the board had talked with an engineer regarding building plans. Tentative improvements would include a new clubhouse with dining facilities and locker room, an indoor swimming pool for year-around use, extension of some of the golf course holes and possible acquisition of more land adjacent to the present facilities.

Rose emphasized that the \$50 membership fee would be placed in escrow and would be returned if the membership campaign is not successful.

## Middleton earns letter at ETSU

Steve Middleton, junior student at East Texas State, Commerce, has earned his letter in basketball for the first time and was one of eight to receive letters this spring.

Middleton, son of Mr. and Mrs. Jim Middleton of Morton is rated as the top defensive player at East Texas by Coach Norman Pilgrim. The Morton product averaged 3.1 points per game the past season, with a best performance of 13 points in one game. He is a physical education and biology major.

## ENMU gym instructor speaks at Three Way

Three Way High School honored its athletes recently with the annual Athletic Banquet, which was held in the school cafeteria. Guest speaker was Garland O'Quinn, gymnastics instructor at Eastern New Mexico University in Portales. Special entertainment was provided by the "Folk Four", also from ENMU.

More than 100 persons attended the banquet.

Mr. and Mrs. C. B. Earley returned recently from a trip to Ft. Worth to visit their new grandson, Ron Earley Smith. The parents are Mr. and Mrs. R. L. Smith. Mrs. Smith is the daughter of the Earleys.

Mr. and Mrs. C. W. Howard had guests in their home over the weekend. They were their granddaughter, Donna Hoscombe, and Larry Robinson from Bronte and Mr. and Mrs. J. C. Pye from Big Spring.

## L'Allegro Study Club has review of Americanism theme at meeting

Mrs. Harold Drennan was hostess to the L'Allegro Study Club for a regular meeting Thursday, April 21. A review of the years study in Americanism was conducted.

Mrs. H. B. Barker reviewed the study held on Sam Houston. She pointed out that it was very fitting on this San Jacinto Day to examine again the record of Sam Houston who led the Texans in the battle against Santa Anna exactly 130 years ago. She mentioned that in this famous battle, 630 Mexicans were killed and 730 captured, while only two Texans were killed and 23 wounded. She felt that Sam Houston's life portrayed courage a word synonymous with Americanism.

Mrs. Inez Swicegood reviewed for the club members the life of Catherine Marshall. She mentioned the book written by Mrs. Marshall entitled "A Man Called Peter" and her latest book "Beyond the Years". She felt that Catherine Marshall's life would be a fine example for us. Her faith and her trust in God led her through sorrows and trials. Mrs. Swicegood emphasized a quote from "A Man Called Peter" which read "I've learned that just because God loves us so much, often he guides us by planting his own lovely dream in the barren soil of a human heart. When the dream has matured and the time for its fulfillment is ripe, to our astonishment and delight we find that God's will is ours, and our will God's." Faith is what the life of Catherine Marshall portrays, a word truly significant in Americanism.

Mrs. Elwood Harris reviewed the year's work that the L'Allegros have done with the residents at

Girlstown. She gave the group a brief history of the home and then mentioned the programs and the projects entered into at Girlstown by the club members. She said, "Everyone concerned with these girls may have a hand in Americanism through example, compassion and influence."

The business was conducted by the president, Mrs. W. B. McSpadden. Mrs. J. C. Reynolds announced that the TB Mobile unit would be in Morton May 10 and 11. Tuesday, May 10, it will be located at the Morton School and on Wednesday, May 11, on the vacant lot west of Cochran Power and Light on the square. Everyone is invited to have a chest x-ray at a fee of 50 cents to defray expenses of the unit. Sponsoring the Mobile Unit are County Health officer, Dr. W. B. McSpadden, Doss Thriftway Super-

market, First State Bank, Al Reynolds Chevrolet, and Cochran Power and Light. Club members will be hostesses for the

Mrs. Bud Thomas was voted as a new member of the club. Plans for the State Federation Convention to be held in Lubbock May 10, 11 and 12, were announced with Mrs. Bobby Travis and W. B. McSpadden serving as co-chairmen of the decorations for the tire convention.

After the hostess served refreshments the members present worked on decorations for the State Convention. Members present were Mesdames H. B. Barker, Harold Drennan, Elwood Harris, Edna Win, W. B. McSpadden, J. C. Reynolds, Inez Swicegood, Bobby Travis, E. O. Willingham, Al Mullins, R. L. Debusk, and Mrs. Bobby Geehee.

## POWER for PROTECTION

The defense of our nation is inexorably tied to the pulsating power that flows through the lines of the rural electric cooperatives.

Over the nation more than 1,000 of these member-owned electric systems furnish the power that allows electronic eyes to scan the skies. This same dependable power is used to trigger a massive defense mechanism.

In Texas, there are 79 of these locally owned, independent rural electric systems with lines that cover the remote stretches of our state.

Bailey County Electric Cooperative is a proud member of this fraternity of distinguished public servants, furnishing dependable power for our protection while Helping Texas Grow.

#### One injured in two-car crash at intersection

A two-vehicle collision at the intersection of Main and Madison injured one person and caused extensive damage to one car, according to Police Officer Marvin Robinson, who investigated the crash.

Involved in the accident, which occurred at 5:30 p.m. Saturday, were a 1956 Mercury sedan, driven by Stanley C. Shields, 510 W. Garfield, and a 1954 Chevrolet truck driven by Florentina Chapa Perez, 219 W. Lincoln.

Mrs. Perez, who was thrown from the truck by the impact, skidding an estimated 54 feet on the pavement, was hospitalized overnight, but reportedly sustained only bruises and skin lacerations.

According to police reports, the Mercury was traveling north on Main when it was struck on the right rear side by the west-bound truck.

The truck, following impact, traveled right on Main for a short distance before Mrs. Perez was thrown from the vehicle, then circled back to East Madison, where a passenger in the truck managed to steer it across Main and on to West Madison. Officers said the truck traveled some 325 feet before coming to a stop. Damage was reportedly confined to a bent left front bumper.

The Mercury, reports showed, was knocked forward on Main and then reversed itself, coming to a stop heading the opposite direction after traveling about 144 feet. Extensive damage was done to the right rear fender and rear of the car.

Shields, his daughter and another passenger, were unhurt in the mishap.

City officers issued a citation to Mrs. Perez for failure to yield right of way.

#### ★ Pre-school

Three Way School's annual Pre-School Day has been set for Friday, April 29. All children who are six or will be before September 1 and will attend Three Way next year are invited to attend. Parents are asked not to remain in school with the children so that a more realistic school day may be represented. Children may ride the bus to school and parents may pick them up by 12:30 p.m. Lunch will be served the pre-schoolers for 30 cents at 11:30 a.m.

#### Junior band gets Division II ratings

Morton Junior High School Band, competing in UIL contest at Lubbock Saturday, earned a Division II in both concert and sight-reading.

Plans for the group of musicians to visit the Science Fair and other activities on Texas Tech campus were cancelled due to rain.

Today (Thursday), the senior band will travel to Dimmitt to seek top rankings in concert and sight-reading. Hanging in the balance is a planned trip to Six Flags for participation in a festival open only to bands earning Division I ratings.

#### TO ATTEND CLINIC

Walter Sandefer, county service officer will be in Lubbock the latter part of this week to attend the annual two-day service officers' spring clinic. Conducting the clinic is the Veterans' Affairs Commission of Texas.

#### J. D. Merritt — Safe Driver

J. D. Merritt of 605 E. Hayes, Morton was selected as the Safe Driver of the Week. Selection was made by City Patrolman P. B. Cunningham. Merritt is commended for his observance of the driving regulations and for making Morton a safer place to live.

Just because you don't own your home, don't forget to insure your household goods. The cost is very low for this valuable protection.

Your Independent insurance agent serves you first.

**Weekes-Russell Insurance Agency**  
STANDARD ABSTRACT CO.  
SOUTH SIDE OF SQUARE

I've been in Morton for slightly more than three months and I saw more smiles Sunday, Monday and Tuesday than I had seen during the entire preceding three months. Funny what a difference a little rain can make! The three to four inches of moisture couldn't have come at a better time nor in a better manner. In fact, it was so dry around here that most of the rain that fell in town was soaked up by the pavement and didn't even run off. Strickland's Lake, in the south part of town, is full and the fields are still shiny with moisture. IT WAS WONDERFUL!

\*\*\*

We heard a comment last week — before the rain — that has really stuck in our mind. It came from a businessman in Lubbock, who said, "You know, all the counties around here are all dry and all of the counties are feeling the effects of the cotton program. But, of all the folks I talk to, none are so depressed and pessimistic as those from around Morton." All of us need to practice an optimistic outlook and express our confidence in the future of Texas' Last Frontier. With some effort, we could change our reputation for gloom into one that could make Morton known as the happiest town in the South Plains.

\*\*\*

We've seen examples of optimism in business during the past few weeks. Mrs. Ann Hodges is having a formal opening of Teen Town, the popular eating place out on the Levelland Highway. Her husband, Norman, insists he doesn't have anything to do with the place, but he is responsible for the pretty Shetland pony that will be given away Saturday night after Friday's formal opening. Ann invites everyone out Friday for free coffee, doughnuts, ice cream and balloons, depending upon your age.

Cleve Bland has been working hard this week getting ready for the Grand Opening of White Auto on May 6. He plans on being open before then, but the first day of business depends upon how fast he is able to get all his new fixtures and new merchandise in place.

\*\*\*

And Royce Hanna and his wife have purchased Cobb's Department Store from its Lubbock owner. It will become known as Hanna's Department Store, effective Sunday, May 1, although Royce doesn't plan on doing any business that day. Royce just got back from the fall market in Dallas and said he drove in rain all the way home. Some folks might not like weather such as that, but Royce was grinning all the way home.

\*\*\*

Neal Rose just got back from a free fishing trip to Matzalan, on the west coast of Mexico, but I'm beginning to think Neal isn't a true fisherman. He's just too honest. Neal said that he caught some middle-size fish, but that only one sailfish was boated during the entire trip. A confirmed fisherman at least would have told about the ones everyone else caught. But Neal hit the ground running and is bubbling over about the plans for a newly-organized country club. I think the directors are wise in their plans, and I feel sure they won't have any trouble getting enough members signed up to carry out their plans.

\*\*\*

This sounds strange, I realize, but the rain created all sorts of havoc for the Tribune staff car. My personal opinion is that all this West Texas sand had been ser-

#### Miss Davis, Miss Wittner head senior list for Three Way school

Miss Doyleen Davis has been announced as the 1966 valedictorian of Three Way High School. Salutatorian of the 1966 senior class is Miss Sharyn Wittner.

Miss Davis is the daughter of Mr. and Mrs. T. D. Davis. Her high school average was 90.33. Miss Davis was a member of the girls'

Friendliest Student, Miss THS of 1966, FFA Plowgirl and 1965 Sweetheart of the Maple Lions Club.

Miss Davis is a member of the Maple Baptist Church, where she serves as pianist.

Miss Wittner is the daughter of Mr. and Mrs. Adolph Wittner. Her high school scholastic average was 89.51. Miss Wittner has been active in all sports. She was a member of the girls' basketball team for four years, including one year as Captain, and was named to the All District squad.

She has been a member of the Pep Club and FFA and a candidate for Homecoming Queen.

Miss Wittner is a member of the Three Way Baptist Church and works with the Girls Auxiliary as an advisor.

basketball team for four years, serving as captain one year. She was selected to the All-District team. She also has served as a cheerleader for three years.

Other honors accorded Miss Davis include being selected as the

#### Madalyn Gault is honored at party

Madalyn Galt was honored with a graduating class slumber party Friday night, April 15. Her aunt and uncle, Mr. and Mrs. Cass Segall, hosted the party in their home.

A Mexican supper was served to Catherine Masten, Sharon Wittmer, Darlene Davis, Geneva Huff, Linda Heard, Janice Toombs and the honoree.

#### First graders to hold picnic May 6

With the close of the school year fast approaching, plans are currently being made for the first grade students in the Morton schools to hold a picnic Friday, May 6, at the city park.

The students will leave school shortly before noon to enjoy lunch at the park, followed by games and recreation. Students whose mothers come for them may leave from the park; others will be returned to their school building for dismissal.

ving as a lubricant for the door latches. It took two people, one inside pushing and another outside pulling, to get the door open. That lasted from Friday until Tuesday, when the car got nudged by a small whirlwind. Now the door works fine again.

\*\*\*

All the moaning and groaning you heard Wednesday morning came when the Lions Club Boss James McClure ordered a song before allowing members to eat breakfast. The Lions were kicking off their mop and broom sale. As is customary, the club awarded a dollar and Wednesday Tommy Lynch gave it to me for having enough nerve to show up as a guest with head full of head showing.

\*\*\*

Baseball fever will near the bubbling point this week as eager Little Leaguers register for the 1966 season. Registration will be held from 5:30-6 p.m. Friday in the Fire Station. Tryouts will be going on Monday and Tuesday afternoon. First game is slated for Monday, May 8.

\*\*\*

And, of course, you won't want to miss the exciting Indian Capers show on Friday night at 8 p.m. in the County auditorium. The program will carry out a theme about the history of music and promises to be a dandy.

\*\*\*

It was disappointing that Jimmy Joyce failed to earn a trip to the state track meet. The regional contests were held in Lubbock with preliminaries Friday and the finals Saturday. Jimmy had the low time in the 220 Friday, but the track Saturday was almost knee-deep in water. It was a shame to hold a contest under such circumstances, particularly since the winners were always the boys in the two outside lanes. Somehow, that seems grossly unfair.

\*\*\*

Our condolences this week are extended to Roy Hickman, Homer Thompson and Smiley Monroe, who are mourning the NCAA probation that was slapped on Texas A&M Tuesday night. Some of the cynics in town already are pointing out that it shouldn't matter, since A&M hasn't been in a major bowl game during recorded history.

\*\*\*

Rain, rain — it went away To come again another day. We hope it won't be so long Next time before it comes Down long, slow and strong.

#### Husbands catch and prepare fish for fete

Mr. and Mrs. J. C. Reynolds were hosts for a fish fry in their home Friday evening. The fish were caught by the men on a fishing trip to Falcon Dam in March. The husbands prepared and served the fish.

Those attending were: Mr. and Mrs. Ray Ashbrook, Janise, Robbie Gay, and Neal of Causey, N. M.; Mr. and Mrs. Jessie Clayton, Dennis, Randy and Phillip; Mr. and Mrs. Lloyd Wallace, Mr. and

#### Banquet honors Bledsoe athletes

Basketball teams at Bledsoe High School were honored at an athletic banquet Thursday night, held at the Wig Wam in Morton.

Presented "Fighting Heart" awards were Chris Box and Linda Brown, for outstanding achieve-

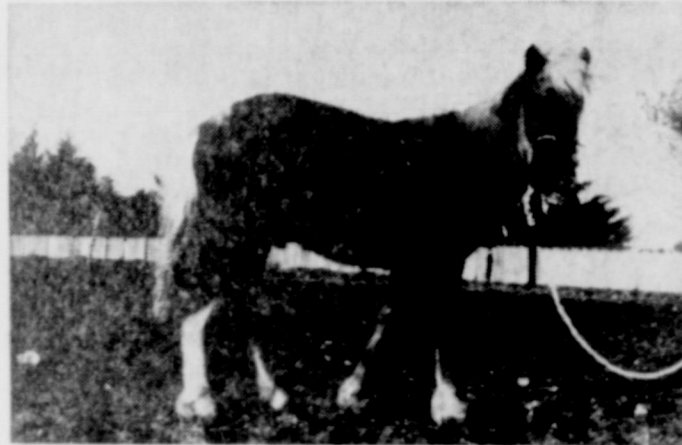

ment in basketball during the 1965-66 season. Letter awards were given to players. Freshmen were presented jackets, sophomores, sweaters, juniors, blankets, and seniors were allowed to choose.

Furnishing entertainment for the banquet were the well known "simphonies" of Morton, Harold Drennan, Elvis Fleming and John Coffman.

## Awards presented at MOD meeting

Certificates of appreciation were presented and officers named at a meeting of the Cochran County Chapter, March of Dimes, held Monday night at the PCA Building here.

Receiving the certificates were Mrs. Fred Morrison and Mrs. Maurice Lewallen, who were also presented gold pins for 15 years of service to the National Foundation.

The presentations were made by Tim Wood, Lubbock, field representative for the National Foundation March of Dimes, who was also guest speaker.

During the business meeting, Kenneth Thompson was elected to serve as county chapter chairman for the coming year, and Mrs. Maurice Lewallen, secretary, who presided at the meeting, reported Dr. W. B. McSpadden had consent-

ed to serve as Chapter medical advisor.

Beverly Criswell was selected as the local candidate for a Merit Award to be made by the National Foundation to a teenager. Beverly has been an active member in TAP, Teenage Program, and worked diligently during fund drives. The granddaughter of Mr. and Mrs. W. A. Corder, she is a graduate of Morton High School and is attending South Plains College, Levelland. She was also local March of Dimes Queen two years.

Mr. Wood appointed Mrs. Wilma Morrison as chairman of TAP for the coming year.

Mrs. Herman Bedwell gave the treasurer's report, which showed present balance in the county fund to be \$575. Mr. Wood then explained how money collected dur-

ing a campaign was divided. After expenses have been deducted, 25 per cent goes for medical and scientific research, he said, 37.5 percent sent to National Foundation and 37.5 percent is retained for the local chapter. Mrs. Leroy Johnson told the group that approximately \$42,000 has been collected since this chapter was organized, and that about three times that amount had been advanced to Cochran County by the National Foundation for local use. This advance does not have to be repaid, she explained.

A birth defect education program was discussed, and it was decided to try to work with the welfare agencies and commodity center. Literature on prenatal care and birth defects will be distributed through the center. This was of special interest to Mrs. James Walker and Mrs. Clyde Brownlow, Emilee Smith Junior Study Club members, who attended the meeting as the birth defect education program is a national project of the Junior Study Clubs.

During Wood's talk, he presented a short film, "An Extra Measure", which showed the many types of birth defects which occur in some 250,000 children each year.

This means, he said, there is a child born every other second with some type birth defect.

Even though polio has practically been conquered, Wood told the group, the Foundation still gives aid to past polio victims. They also still support four respiratory centers. Last year there were 250 to 300 cases of polio in the United States, and to date this year, 65 cases have been reported. The National Foundation, Wood said, has pledged \$18,000,000 to the Salk Institute for medical and scientific research to be paid by 1970. After this time, the Foundation will contribute \$1,000,000 per year to help sustain the institute.

The next meeting of the chapter has been set for Monday, May 23, when a campaign chairman for the annual fund drive will be elected. All interested in helping with the March of Dimes are urged to attend this session.

Service awards . . .

TWO MORTON WOMEN received certificates and service pins for devoting 15 years of work to the National Foundation-March of Dimes. The presentation was made Monday

during a county chapter meeting by Tim Wood, field representative from Lubbock. Honored were Mrs. Fred Morrison, left, and Mrs. Maurice Lewallen, center. TRIBF

Qualify for state . . .

FIRST PLACE in district contest Saturday at Lubbock was earned by these two Morton 4-H'ers, Jan Thomas and Ronald Hale, who will represent the district in state competition June 7-8 at Texas A&M. Their team demonstration was "Our Resourceful Farmers", showing the benefits of co-operatives. TRBIPix

Mr. and Mrs. A. A. Fralin went to West Texas Pharmaceutical meeting in Odessa recently.

Royce Hanna went to a fall and back-to-school market last weekend in Dallas.

## Local 4-H team qualifies for state Competition

Two Morton 4-H'ers, Jan Thomas and Ronald Hale, won first place and the right to advance to state competition with their 4-H co-operative demonstration at district 4-H contests held Saturday in Lubbock.

Both are members of the Cochran County Senior 4-H Club. Their demonstration, "Our Resourceful Farmers", pointed out how farmers were working through co-operatives to improve their status of living.

The young people practiced presenting their demonstrations before going to district before the Morton Jaycees, Morton Co-Op Gin and Star Route Co-Op Gin annual meetings, and area 4-H clubs. Jan is the daughter of Mr. and Mrs. J. D. Thomas, and Ronald's parents are Mr. and Mrs. E. C. Hale.

Also receiving blue ribbons for their forestry demonstration were John Fincannon and Larry Hale, members of the Morton 4-H Club. However, as they were entrants in the junior division, they do not advance to state. Their demonstration

pointed out how windbreaks can improve a farmstead.

Cochran County's 4-H rifle team, Larry Jeffcoat, Eddie Bedwell and Billy Baker, placed third, and Ronnie Bell received fourth place in the tractor operator contest competing during a downpour on a muddy field.

Also competing from Cochran County was a quarterhorse judging team, Reba Lynn French, Dale Burris and Danny Culpepper.

### Father of local woman succumbs

Mr. Bob Hinote, age 76, died April 23 in Haskell. Funeral services were held in the Church of Christ in Haskell on Monday, April 25, at 2 p.m.

Mr. Hinote was survived by his wife and five daughters, including Mrs. Jerry Marks, Star Route 2, Morton, and Mrs. Bill Burkett, Star Route 2, Morton.

Mr. and Mrs. C. M. McMasters went to Dallas over the weekend to visit Mr. and Mrs. Willis Dykes. Mrs. Charles Gates had dental surgery in Lubbock Friday. She is doing fine.

TROPHIES WERE PRESENTED to FFA members who had shown Grand or Reserve Champions during the 1966 county livestock show. The awards were made Thursday night dur-

ing the FFA banquet. From left are Ricky Cunningham, Ronnie Reeder, Gary Stowe and Billy Freeland. Not shown is Jim Hefflin. TRIBPx

## Awards highlight of FFA banquet Thursday

More than 100 persons were on hand Thursday night when the Morton Chapter of the Future Farmers of America honored parents, members and special guests at the annual Parents-Son Banquet.

Named as honorary Chapter Farmers for their contributions to youth and agriculture were Odell Fulton, Jug Hill and Don Workman.

Star Greenhand award to a first-year student went to Gary Stowe. Alvin Gladden was named the Chapter Star Farmer. The Crop Farming Award went to Terrell Hansen, the Livestock Award went to Larry Shaw and the Farm Mechanics Award to Keith Cunningham.

Five trophies were presented to FFA members who showed champion or reserve champion animals in the 1966 Cochran County Junior Livestock Show. Receiving awards were: Ricky Cunningham, reserve champion steer; Ronnie Reeder, grand champion steer; Gary Stowe, grand champion Southdown lamb; Jim Hefflin, grand champion medium wool lamb; and Billy Freeland, grand champion barrow and grand champion crossbreed lamb.

Honored as outstanding first year students and given Greenhand Awards were: Richard Stowe, Ronnie Reeder, Lem Fred, Ricky Cunningham and Jerry Cloud.

Chapter Farmer Awards went to Alvin Gladden, Dale Greer, Charles Woods, Jim Hefflin, Greg Mings, Carl Woods, Keith Cunningham, Ronny Bell and Mickey Patterson.

A large bouquet was given Chapter Sweetheart LaNelda Romans by president Terrell Hansen.

Guest speaker was Francis Montandon, Area 1 FFA state vice-

president from Lockney, Montandon, now a student at Lubbock Christian College, showed slides of the trip he took last summer with several other FFA students to Europe.

The tour, designed to show FFA students aspects of agriculture in other lands, included visits in Holland, France, Germany, Yugoslavia, Hungary and Scotland.

The banquet, which was held in the junior high cafeteria, included opening ceremonies by the officers. Included were: Hansen, president; Mike McDermott, vice president; Mike O'Brien, secretary; Larry Shaw, treasurer; Billy Freeland, reporter; and Alvin Gladden, sentinel.

Chapter advisor Owen Young presented the chapter awards.

## Soil stewardship breakfast May 4 for area ministers

A Soil Stewardship breakfast has been scheduled for next Wednesday for Morton area clergymen, it was confirmed today.

Sponsoring the breakfast is the Cochran County Soil Conservation District, which is preparing for formal observance of National Soil Stewardship Week May 15-22.

Wednesday's soil stewardship emphasis breakfast will be held at the Wig Wam, starting at 7 o'clock. Invitations have been mailed to 24 ministers in the area. Present also will be the five supervisors of the soil conservation district, and members of the SCS staff.

Budd Fountain, work unit conservationist for the United States Soil Conservation Service, said a short program will be presented following the breakfast. Slides taken locally will be shown to illustrate the soil conservation problems here, and what is being done to solve, or partly solve, the situations.

Purpose of the annual breakfast is to better acquaint the clergymen with the area's soil and water problems and what measures are being taken to correct those problems.

The ministers will be urged to team with soil conservationists during national Soil Stewardship Week in efforts to emphasize to the public the need for protection of the natural resources.

## Junior Club has healthy baby topic

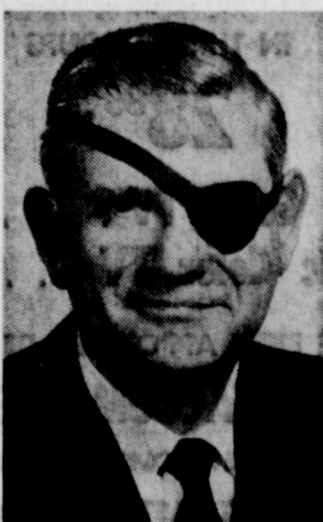

"Healthy Baby Day" is this next week April 30-May 7, but it should be every day of the year, said Mrs. Gary Willingham, president of the Emlea Smith Junior Study Club of Morton.

"The National Junior Study Clubs and the National Foundation — March of Dimes — have chosen National Baby Week to focus public attention on our fight against birth defects by encouraging all prospective mothers to see a doctor as soon as they think they are pregnant," she said.

Pointing out that healthier mothers usually have healthier babies, Mrs. Willingham deplored the fact that too many women do not take pregnancy seriously enough to seek out good prenatal care.

With more than 250,000 American babies born every year with serious birth defects, each of us should do everything possible to reduce this tragic toll, she continued.

The National Foundation — March of Dimes has been fighting birth defects since 1958 and has made considerable progress. The Emlea Junior Study Club plans to aid the March of Dimes by presenting pamphlets on prenatal care to the hospital to help educate expectant mothers. The pamphlet is entitled "Be Good to Your Baby Before it is Born."

## Greene re-named to district Lions office

Van Greene, local businessman and prominent civic worker here, was re-elected for another term to the board of directors of the Crippled Children's Camp, Kerrville, at the District 2-T2 convention of Lions Clubs, held Friday and Saturday in Lubbock.

Greene has served in nearly every office of his club, and is active in civic work here, including the Chamber of Commerce, United Fund and is former member of the city council.

He served on five cabinets of the district Lions governors, and has been a zone chairman. Greene also has a special governor's award for helping to organize a Lions Club at Three Way.

Also representing Morton at the convention was Linda Rose, daughter of Mr. and Mrs. Joe Seagler,

who was candidate of the local club in the Queen's Contest.

Linda and 37 other young ladies from the district were royally entertained, and Linda's enthusiastic comment was, "It was just fabulous."

Also attending the convention were Linda's parents, and Morton Lion Boss James McClure and Mrs. McClure, Mr. and Mrs. Truman Doss, Mr. and Mrs. S. M. Monroe, Mr. and Mrs. Van Greene, Dean Weatherly, Lloyd Miller, and Mr. Miller's daughter, Mary Kate, who was Morton's Queen candidate last year.

Donald Shaw was home over the weekend visiting his parents, Mr. and Mrs. Ross Shaw. He is a student at Texas Tech.

## Major League bowlers stage dinner Thursday

Major League bowlers closed out the season Thursday night with a steak dinner at the Frontier Grill. Results announced declared First State Bank team as winners of the first half of league bowling, with Luper Tire winning the final half.

Luper Tire was high team in game and series the first half, and Allsup-Reynolds Chevrolet earned the same honors for the second half.

High individual game honors went to Dexter Nebhut and Bill Sewell in first and second half bowling respectively.

Named as most improved bowlers were Bill Choate and Bill Sewell.

A business meeting was conducted at the close of the evening, highlighted by election of officers.

## ★ Installation

## New employees for Cities Service

Two new employees have joined the Cities Service Lehman plant as yard men.

Beginning duties Monday was Jerry Goodson, moving here from the Cities Service plant at Hutchinson, Kansas. Single, Goodson had been at the Kansas plant four months.

Eddie Milligan will begin work at the plant next Monday, and he and his family will live in Morton. Both men are graduates of a diesel mechanics' school at Okmulgee, Okla.

## ★ Sorry!

Donnie Simpson, one of Morton's fledgling councilmen, squirmed in his chair.

Simpson had barely been sworn into office recently, when the street sweeper went out on his daily rounds. Seems as though the first street cleaned was the one in front of Simpson's house — and the next was the street on which the new mayor resides.

"Don't think I didn't hear about that!" Simpson wailed. "It was purely a coincidence," Secretary Elra Oden consoled.

Sorry about that!

Mr. and Mrs. Kenneth Williams and Mr. and Mrs. E. C. Roddy attended funeral services for Glen Ward, brother of Mrs. Roddy, in Seymour on Tuesday, April 19. Mr. Ward died from a heart attack on Monday, April 18. He was a former resident of Morton.

## IS YOUR CAR MUDDY?

We are glad it rained. But your car probably needs to be washed and lubricated. Do it now so it will be ready for Mother's Day.

## LEGAL NOTICE

MORTON INDEPENDENT  
SCHOOL DISTRICT  
500 W. BUCHANAN,  
MORTON, TEXAS

## NOTICE OF SCHOOL DESEGREGATION PLAN UNDER TITLE VI OF THE CIVIL RIGHTS ACT OF 1964

This notice is made available to inform you about the desegregation of our schools. Keep a copy of this notice. It will answer many questions about school desegregation.

## 1. DESEGREGATION PLAN IN EFFECT

The Morton public school system is being desegregated under a plan adopted in accordance with Title VI of the Civil Rights Act of 1964. The purpose of the desegregation plan is to eliminate from our school system the racial segregation of students and all other forms of discrimination based on race, color, or national origin.

## 2. THIRTY - DAY SPRING CHOICE PERIOD

Each student or his parent, or other adult person acting as parent, is required to choose the school the student will attend next school year. The choice period will begin on April 29, 1966 and close May 20, 1966.

## 3. EXPLANATORY LETTERS AND SCHOOL CHOICE FORMS

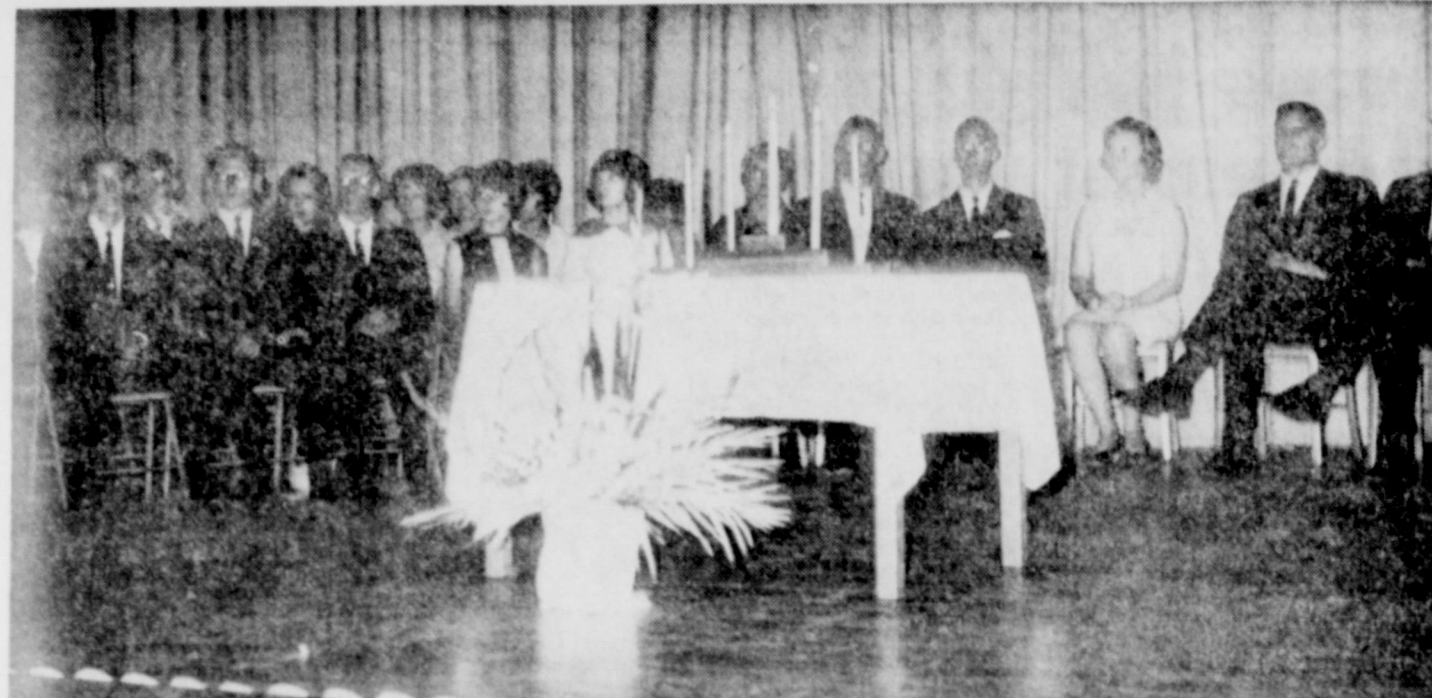

On the first day of the choice period, an explanatory letter and this notice will be sent by first-class mail to the parent, or other adult person acting as parent, of each student then in the schools who is expected to attend school the following school year. A school choice form will be sent with each letter, together with a return envelope addressed to the Superintendent. Additional copies of the letter, this notice and the choice form are freely available to the public at any school and at the Superintendent's office.

## 4. RETURNING THE CHOICE FORMS

Parents and students, at their option, may return the completed choice forms by hand to any school or by mail to the Superintendent's office, at any time during the 30-day choice period. No preference will be given for choosing early during the choice period. A choice is required for each student. No assignment to a school can be made unless a choice is made first.

## 5. CHOICE FORM INFORMATION

The school choice form lists the names, locations and grades offered for each school. The reasons for any choice made are not to be stated. The form asks for the name, address and age of the student, the school and grade currently or last attended, the school chosen for the following year, the appropriate signature, and whether the form has been signed by the student or his parent. Any letter or other written communication which identifies the student and the school he wishes to attend will be deemed just as valid as if submitted on the choice form supplied by the school system. The names of students and the schools they choose or are assigned to un-

Honor students . . .

INSTALLATION for newly-selected members of the Morton High School chapter of the National Honor Society was held in the county auditorium Friday afternoon. The impressive

candlight ceremony was conducted before a special assembly of the high school student body by officers of the NHS.

TRIBUNE

der the plan will not be made public by school officials.

## 6. COURSE AND PROGRAM INFORMATION

To guide students and parents in making a choice of school, listed below, by schools, are the programs which are available:

1. Integration of all students in grades 5-12 into a single unit.

2. Operation of grades 1 through 4 at both Morton Elementary and Eastside Elementary schools.

## 7. SIGNING THE CHOICE FORM

A choice form may be signed by a parent or other adult person acting as parent. A student who has reached the age of 15 at the time of choice, or will next enter the ninth or any higher grade, may sign his own choice form. The student's choice shall be controlling unless a different choice is exercised by his parent before the end of the period during which the student exercises his choice.

## 8. PROCESSING OF CHOICES

No choice will be denied for any reason other than overcrowding. In cases where granting all choices for any school would cause overcrowding, the students choosing the school who live closest to it will be assigned to that school. Whenever a choice is to be denied, overcrowding will be determined by a uniform standard applicable to all schools in the system.

## 9. NOTICE OF ASSIGNMENT, SECOND CHOICE

All students and their parents will be promptly notified in writing of their school assignments. Should any student be denied his choice because of overcrowding he will be promptly notified and given a choice among all other schools in

the system where space is available.

## 10. STUDENTS MOVING INTO THE COMMUNITY

A choice of school for any student who will be new to the school system may be made during the spring 30-day choice period or at any other time before he enrolls in school. An explanatory letter, this notice and the school choice form will be given out for each new student as soon as the school system knows about the student. At least seven days will be allowed for the return of the choice form when a choice is made after the spring 30-day choice period. A choice must be made for each student. No assignment to any school can be made unless a choice is made first.

## 11. STUDENTS ENTERING FIRST GRADE

The parent, or other adult person acting as parent, of every child entering the first grade, is required to choose the school his child will attend. Choices will be made under the same free choice process used for students new to the school system in other grades, as provided in paragraph 10.

## 12. PRIORITY OF LATE CHOICES

No choice made after the end of the spring 30-day choice period may be denied for any reason other than overcrowding. In the event of overcrowding, choices made during the 30-day choice period will have first priority. Overcrowding will be determined by the standard provided for in paragraph 8. Any parent or student whose first choice is denied because of overcrowding will be given a second choice in the manner provided for in paragraph 9.

## 13. TESTS, HEALTH RECORDS AND OTHER ENTRANCE REQUIREMENTS

Any academic tests or other procedures used in assigning students to schools, grades, classrooms, sec-

tions, courses of study, or for any other purpose, will be applied uniformly to all students without regard to race, color or national origin. No choice of school will be denied because of failure at the time of choice to provide any health record, birth certificate, or other document. The student will be tentatively assigned in accordance with the plan and the choice made, and given ample time to obtain any required document. Curriculum, credit, and promotion procedures will not be applied in such a way as to hamper freedom of choice of any student.

## 14. CHOICES ONCE MADE CANNOT BE ALTERED

Once a choice has been submitted, it may not be changed even though the choice period has not ended. The choice is binding for the entire school year to which it applies, except in the case of (1) compelling hardship, (2) change of residence to a place where another school is closer, (3) the availability of a school designed to fit the special needs of a physically handicapped student.

## 15. ALL OTHER ASPECTS OF SCHOOLS DESEGREGATED

All school-connected services, facilities, athletics, activities and programs are open to all on a desegregated basis. A student attending school for the first time on a desegregated basis may not be subject to any disqualification or waiting period for participation in activities and programs, including athletics, which might otherwise apply because he is a transfer student. All transportation furnished by the school system will also operate on a desegregated basis. Facilities will be desegregated, and no staff member will lose his position because of race, color or national origin. This includes any case where less staff is needed because schools are closed or enrollment is reduced.

## 16. ATTENDANCE ACROSS SCHOOL SYSTEM LINES

No arrangement will be made, or permission granted, by this school system for any students living in the community it serves to attend school in another school system, where this would tend to limit desegregation, or where the opportunity is not available to all students without regard to race, color or national origin. No arrangement will be made, or permission granted, by this school system for any students living in another school system to attend school in this system, where this would tend to limit desegregation, or where the opportunity is not

available to all students without regard to race, color or national origin.

## 17. VIOLATIONS TO BE REPORTED

It is a violation of our desegregation plan for any school official or teacher to influence or coerce any person in the making of a choice or to threaten any person with penalties or promise favors for any choice made. It is also a violation of Federal regulations for any person to intimidate, threaten, coerce, retaliate or discriminate against any individual for the purpose of interfering with the free making of a choice of school. Any persons having any knowledge of any violation of these prohibitions should report the facts immediately by mail or phone to the Equal Education Opportunities Program, U.S. Office of Education, Washington, D.C., 20202 (telephone 202-962-0333). The name of any person reporting any violation will not be disclosed without his consent. Any other violation of the desegregation plan or other discrimination based on race, color, or national origin in the school system is also a violation of Federal requirements, and should like wise be reported. Anyone with a complaint to report should first bring it to the attention of local school officials, unless he feels it would not be helpful to do so. If local officials do not correct the violation promptly, any person familiar with the facts of the violation should report them immediately to the U.S. Office of Education at the above address or phone number.

## Jaycees are hosts to wives Tuesday

Wives of Morton Jaycees were guests Tuesday night at a meeting of the group held at the Wig Wam. A 7 o'clock dinner was followed by a business session, in which reports were made from the flag service committee, and details announced of the Jaycee-sponsored Little Britches rodeo to be held here in June.

Reminder was also made for workers to be on hand to be in charge of game stands next week in conjunction with the kiddie rides of Lone Star Amusement Co. Entertainment was by the "Vil-lage Martyrs", local folk-singing group.

## TOPS Club sets weight contest

The "Lighter-Later Tops club" met Friday, April 22, at 10 a.m. in the basement of the hospital for its regular meeting. Mrs. Roy Davis, chairman, presided. The minutes were read by Mrs. M. L. Abbee, secretary, and were approved.

The members voted to charge a 25 cent fine if new members hadn't lost two pounds during the first week and each member will be fined 15 cents per pound gained throughout the year.

The first seven women who joined the club lost a total of eleven pounds before the second meeting. The members have been divided into two groups so they can have a contest with the team losing the most weight being treated with a low-calorie luncheon by the other team. Mrs. Owen Egger is the weight recorder.

The next meeting will be April 29. The women are to make "before" pictures to put in their record books.

Those attending the meeting were: Mesdames J. J. Watts, Roy Davis, Elra Oden, Rolly Hill, Tip Windom, E. R. Fincher, Courtney Sanders, Elmer Gardner, Ray Spence, H. B. Barker, Neal Smith, Owen Egger, Ralph Yearry, Robert Yearry, Bobby Adams, and M. L. Abbee.

O. D. Chessir was expected to be released Wednesday from West Texas Hospital in Lubbock after undergoing surgery Saturday.

Student Council leaders . . .

NEW OFFICERS for the Morton High School Student Council were elected last week. From left are: Billy Ray Proctor, president, senior, son of Mr. and Mrs. Billy Proctor; Ginger McCasland, vice president, junior, daughter of Mr. and Mrs. Berl McCasland; Patsy Collins, secretary-treasurer, sophomore, daughter of Mr. and Mrs. F. J. Collins. Not shown is J. Wayne McDermott, reporter, freshman, son of Mr. and Mrs. Charles P. McDermott.

# Cochran farmers endorse fumigation

HOMER THOMPSON  
County Agent

Last of 2-part series)  
"I usually figure to get \$5.00 back for every \$1.00 I invest."

That's how fumigating irrigated cotton land to control nematodes says for Earl Polvado, who farms 300 acres, some 960 of which are planted in cotton. This year Polvado will plant more than 100 acres of cotton under the new fumigation program and he already has fumigated 300 acres — three times as much as the 100 acres he fumigated last year.

Actually, though nematode control is new to most farmers in Cochran, it's old-hat to Earl. He started experimenting with soil fumigation as far back as 1958 — "I started getting spots on my field — a two and a half miles east of Morton that just wouldn't grow cotton."

For several years, Polvado fumigated those spots and left "check plots" untreated to see what kind of difference it made. "It paid off big," he says, "that I don't leave the check plots any more. There are spots where fumigation makes a bale to the acre. On the average, I'd say it makes a third to a half bale difference."

On the basis of his experience, Earl believes "there's only one way to do it, and that's get after them when a farmer notes nematode damage on his cotton land. Sometime you get a nematode infestation, they just keep spreading," he says.

Merlin Roberts fumigated 55 acres last year for the first time and he made plots available for controlled research in cooperation with the county agent and the South Plains Research and Extension Center at Lubbock.

On the test plots, where results were carefully recorded, he harvested 281 more pounds of lint an acre off treated land than he did off untreated "check plot" land. At 10 cents a pound the fumigated made him \$67.86 more an acre than the untreated land.

The treatment, at a gallon of Fumazone per acre, cost \$9.00 plus labor.

Roberts also left "check plots" on the 55 acres which he treated commercially. "Where I fumigated, I doubled my yield," he says. "I just wouldn't have made any more on that land if I hadn't fumigated it."

Because he is planting less cotton this year and can put it all on unfumigated land, Roberts is not fumigating this spring. But when he grows cotton on the same acreage again, he says, "I'll certainly fumigate."

Crow fumigated 130 acres last year and is treating the same acreage this year. "When compared yield off the treated against check plots last year,"

he says, "we found that we made a bale to the acre on the treated land and only a quarter bale on that we didn't fumigate."

Another one of the very few farmers who has made an effort to control nematodes for several years, Crow treated at a rate of .9 gallon of Fumazone per acre. "I tried cutting below that and I didn't get the control I wanted," he said.

Crow, who has 140 acres of cotton land and farms 850 acres in all, feels many farmers in the county have nematode problems and don't realize it. "They should control them now," he says. "If nematodes start hurting them like they did me, they'll have no alternative."

H. B. Barker, who farms 1600 acres four miles northwest of Morton, has fumigated 40 acres three different times, including 1965. "It looked like it made at least a first two years," he says. "But I couldn't tell any difference last year. We made 1½ bales to an acre and it seemed to be the same across both the treated and untreated land."

One thing which Barker felt might account for this apparent inconsistency was the fact that in 1965 he had to plant over very late in the year — on June 14 — and nematodes do not seem to bother late cotton like they do cotton which is planted before the soil heats up.

This year Barker is planting maize on his infested acreage and will not fumigate.

There probably still is a lot more about nematodes that we don't know than that which is known, and Barker's experience is a case in point.

Researchers continue to explore the problem, looking for both more effective means of control and for nematode-resistant strains of cotton. In Cochran County, we have participated in this research and will continue to do so. In 1966, the South Plains Research and Extension Center at Lubbock will cooperate with us in a demonstration on Earl Polvado's place. We'll be trying several new materials — as well as Fumazone — and also fungicides which hopefully will provide better protection against wilt.

Meanwhile, on the basis of results already achieved in this county on both research plots and commercial farms, there can be little doubt but that soil fumigation should be practiced where nematodes infest irrigated cotton land. If left uncontrolled, the infestations will get larger and do increasing damage to our cotton yields. The homework already is done. The time for control is here.

Extensive crop damage occurred on the eastern High Plains above the Caprock before the fumigation program started. Informers in that area reported it was common to spend \$20.00 per acre for inseason boll weevil control.

Entomologists connected with the program state that it is the most successful cotton insect control program ever attempted. However, they point out that the weevil population must be kept under continuous pressure to prevent re-infestation. Program officials point out that Arizona cotton farmers carried out a highly successful pink boll worm suppression program for several years and then lost interest when the pest appeared to be whipped. When the control program slackened up the pink boll worm quickly re-infested the area and Arizona farmers now face a very serious problem, stated Thompson.

Entomologists hope that the High Plains program may set the stage for future attempts at complete eradication of the boll weevil.

Farmers in Cochran County can be thankful that the High Plains Boll Weevil control program has halted the western movement of the pest. This has been accomplished by reducing the total weevil population over 98 percent within the eight county control zone, according to County Agent Homer E. Thompson.

"Researchers have found that the weevil which infested the zone has become adapted to the environment of the High Plains," Thompson said. "Entomologists believe cotton pest would have spread over the entire area if there had been no control program," according to Thompson.

Happiness is . . .

YES, happiness is a rainy day and these two youngsters, Randy and Susan Baker, lost no time in enjoying the unusual to the fullest extent. Susan doesn't seem to mind getting splashed, and who can blame Randy for not resisting the temptation. They are the children of Mr. and Mrs. R. H. Baker. TRIBPIX

## Three-Way news items

By MRS. H. W. GARVIN

The weather is wet in the community with rain over the area, which was welcomed.

Mr. and Mrs. Morris Gant and Marie Robinson were in Lubbock Thursday on business.

We wish to express our sympathy to the family of Mrs. J. H. Lowe, who was buried Thursday. She and her late husband lived in the community many years and was liked by everyone.

M. L. Fines is a patient in the West Plains Hospital in Muleshoe. Also a patient in that hospital was Mattie Richardson. Mrs. L. E. Warren is a patient in Green Memorial Hospital in Muleshoe.

Mr. and Mrs. Dub Black and boys are moving to Odell, Tex. Mr. Black has been manager of the Growers Gin the past two years.

Mr. and Mrs. Pete Tarlton spent a few days with their daughter and family, the Garys, at Jack-sonville, Tex.

Mrs. Dutch Powell was host to a demonstration party Friday morning. Mrs. Vaneta Scoggins was the demonstrator.

Mr. and Mrs. Jimmy Wheeler and children from Lovington, N.M., spent Sunday with their parents, the Johnnie Wheelers.

Several from Three Way school took part in the track and literary events in Lubbock the past weekend.

The Three Way Lions Club sponsored their Queen at the Lions Club convention at Lubbock this weekend. Madlyn Galt, is the Queen of the Three Way club. Those attending were Mr. and Mrs. Dutch Powell, Mr. and Mrs. R. L. Davis, Mr. and Mrs. Luis Henderson and Mr. and Mrs. Tommy Galt.

The Three Way FFA chapter father and son banquet was held at the cafeteria Saturday night. The guest speaker was Francis Montanbon, the area 1 state vice president of the FFA. A film on farming methods in Hungary, Yugoslavia, England and other countries was shown. Charles Abbe and Dub Black were awarded Honorary chapter degrees.

The Maple Coop girls held its annual meeting Friday night at Three Way. There were 530 for the supper. Guest speakers were from the compress, Ronny Brown; from the oil mill, Wayne Martin; auditor Steve Warren. The bankers from Muleshoe and Morton counted the votes for the new directors. Those elected were Weldon Avery, L. B. Warren and F. E. Knox. New officers for the coming year are: D. L. Tucker president, L. B. Warren, vice president, and Jim Johnson, secretary. Drawings were held for cotton goods and electrical appliances. First State Bank of Morton gave four certificates for cotton goods of be used at Morton or Maple Muleshoe. State Bank gave a \$25 bond. The First National Bank of Muleshoe gave 25 silver dollars. There was a separate drawing for the children. The Co-op Gin paid back to the patrons \$265,310.29.

Mr. and Mrs. Bill Bloomberg, Cindy and Mark from Ft. Worth spent Wednesday night in the E. M. Lowe home. Mrs. Bloomberg is the niece of B. M. Lowe. Glenn Lowe came home Wednesday to attend the funeral of his grandmother. Glenn is stationed at Amarillo.

## Registration for pre-schoolers to be held on Monday

Mothers of children who will be first graders in the Morton schools this coming fall are being asked to attend a pre-registration meeting Monday afternoon.

Principal Harold Drennan said it was most important for all mothers who possibly can, to attend this session, scheduled for 2:45 p. m. in the cafeteria building.

At this time, mothers will be asked to fill out registration cards for their children who will be first grade students. They also will be given a booklet, "The Big Step", which has been carefully prepared with instructions for preparing the child for his school experiences, as well as with information regarding requirements for enrollment, such as birth certificates and immunizations.

Drennan said the session would last only about 45 minutes, and reiterated that as many mothers as possible attend this important meeting.

The following Monday, May 9, mothers will be asked to return, this time with their prospective first grade children, when teachers will be on hand to take the youngsters on a tour of the campus, and visits to classrooms.

## Awards dinner held Friday by HPH league here

Members of the HPH Couples Bowling League held their awards dinner Friday night at the Wig Wam, and elected officers for the new year. A total of 44 were present for the event.

Named as first place team was No. 7, members of which were Buck and Barbara Tyson, Ginny Merrill, Dub Carmichael, Charlie Carmichael and Bill Choate. In second place at the conclusion of the season was Morton Auto Parts, members being Jack and Virginia Jones, Reba and Ira Brown, Bobby and Robert George. Third place went to Imperial Grill, with Lois and Ed Latimer, Loree and Vernie Weir and Charles Latimer as bowlers.

Trophies were awarded to Imperial Grill for high team game, 889 and to Team No. 7 for high team series, 2513. Lois Latimer received the trophy for high game for women, 278, and to Ed Latimer for high game, men, with a 289. Dot Irwin, with 682, had women's high series, and Wayne Bracken, with 714, had high series for men.

Sherry Bracken and Charles McDermott were recognized as most improved bowlers in the league. Six perfect attendance awards were made, going to Reba Brown, Ira Brown, Loree Weir, Vernie Weir, Charles McDermott and Barbara Tyson.

All officers were re-elected to serve for the new year. They include Charles McDermott, president; Ott Barton, vice president; Jack Russell, sergeant-at-arms, and Reba Brown, secretary.

Present as guests of the league were team sponsors, Mr. and Mrs. Amos Taylor, Morton Auto Parts, and Mr. and Mrs. Sonny Dewbre, Maple Seed and Delinting. Also a guest was Mrs. Leon Kessler.

Phone your NEWS to 266-2361

## Le Fleur Club studies perennials

Le Fleur Garden Club met on April 14 in the home of Mrs. Ray Tucker.

Mrs. Don Samford, president gave a report on the District One Garden Club Convention recently held in Lubbock. The Flower Show School Course 2 held in Lubbock on April 19, 20, 21 was attended by Mrs. Don Samford and Mrs. L. Z. Scoggins.

The program on "Perennials" was presented by Mrs. Scoggins, who stated that most of the perennials were developed from wild flowers. As perennials come in a variety of sizes, they may be used as borders, backgrounds as well as ground covers, and supplement annuals in providing constant bloom in the flower garden. Perennials are a friend to the lazy gardener, as once established, they require little care, except water and fertilization.

Members present were Mrs. B. H. Tucker, Mrs. Don Samford, Mrs. Carl W. Ray, Mrs. L. Z. Scoggins and the hostess, Mrs. Ray Tucker.

The next meeting will be a pilgrimage to Burgett Flora Land, near Cloudcroft, N.M.

## Jr. Merry Goals plant marigolds

Merry Goals Junior Garden Club met Tuesday, April 12, at the Morton Memorial Hospital, where they planted marigolds. Guest speakers were Mrs. Wayne Porter and Mrs. C. B. Jones.

Members present were Pam Cagle, Micheline Marina, Gail Sanders, Chrysti Sanders, Susan Schooler and Mrs. J. L. Schooler.

Visitors were Elizabeth Deavers and Joyce Moseley.

Next month's meeting will be held in the home of Mrs. Roy Hill. Co-hostess will be Mrs. R. L. DeBusk. Mrs. Hill will speak on making corsages. Corsages will be made by the girls for their mothers.

Sincerely,

Cecil Barker

(Pd. Pol. Ann.)

## County clerk, Lessye Silvers, issues statement

Mrs. Lessye Silvers, candidate for re-election as county-district clerk of Cochran County in the Democratic primary May 7, today issued a formal statement on behalf of her candidacy.

The primary election is rapidly approaching, and although I am unopposed in seeking re-election to the position of county-district clerk, I want to express my very sincere appreciation for the confidence you have placed in me and the support given to me in the past.

I have enjoyed serving as your county-district clerk, and I have, to the best of my ability, conducted the office efficiently and courteously. Certainly I pledge to give the same continued attention to the duties and affairs of this office.

I will sincerely appreciate your support in the coming election.

Mrs. Lessye Silvers

(Pd. Pol. Ann.)

## Barker announces candidacy for JP of Precinct One

The Tribune has been authorized to publish the following announcement by Cecil Barker, candidate for Justice of the Peace, Precinct One, subject to the action of the Democratic Primary on May 7:

I am submitting my candidacy as Justice of the Peace in precinct number one of Cochran County.

I came to Cochran County for the first time in 1929. I have been a permanent resident for the last 12 years.

For the last three and one-half

Cecil Barker

years I have served as City Judge of Morton, where I have acquired valuable experience for the office I am seeking as Justice of the Peace.

In soliciting your vote and support, I can only promise you that I will perform the duties of the office with the same promptness and efficiency I have exercised as City Judge of Morton.

Again, I shall appreciate your vote and influence for the office of Justice of the Peace in Precinct One.

Sincerely,

Cecil Barker

(Pd. Pol. Ann.)

## Wildcat will be drilled in county

Texas Pacific Oil Co. will drill a 5,200-foot San Andres wildcat, in west Cochran County.

The exploration is 660 feet from north and east lines of Tract 9, League 154, Sherman County School Land survey, abstract 127. It is approximately three miles northeast of production in the Two States (San Andres) pool, and reportedly located about four miles east of Bledsoe.

## Lynskey, talent team third in FFA contest

Perry Lynskey, representing the Three Way Future Farmers of America Chapter, placed third in the public speaking contest for the Littlefield District. The contest was held last week in Friona. The Three Way Chapter's talent team also placed third. FFA advisor Marcus Phillips accompanied the participating members.

Club leadership . . .

TOWN AND COUNTRY Study Club held its installation during a luncheon Saturday. The president for 1966-67 will be Mrs. Joe Seagler, left. The outgoing club president is Mrs. Connie Gray.

TRIBPx

## T&C Club installs at luncheon meeting

The Town and Country Study Club met at the Wig Wam Golden Arrow Room for an installation luncheon Saturday, April 23, at 12 noon. The table arrangement of iris and imitation diamonds carried out the theme of the Diamond Jubilee. Hostesses for the luncheon were members of the social committee.

Mrs. Bill Hovey was Toastmistress for the occasion. Mrs. Willard Henry gave the invocation. A special recognition was given to charter members, Mrs. Roy Hill and Mrs. S. E. Williams. They were pinned with corsages because they had been named for the competition of district club members. Other charter members present were Mrs. A. A. Fralin, Mrs. Keith Kennedy, Mrs. LeRoy Johnson and

Mrs. Fred Stockdale.

Mrs. Connie Gray, outgoing president, gave a review of the past two years work recognizing a service each member had rendered and expressing her appreciation. Mrs. Gray encouraged members to go to the State Convention in May at Lubbock. The club voted to pay expenses for Mrs. Gray and Mrs. Seagler to the convention.

Mrs. Joe Seagler, incoming president, gave her Horoscope for the next two year's work. The theme she had chosen was "Mosaics for Creative Living."

Mrs. LeRoy Johnson, a state officer and member of Town and Country Study, was the installing officer. The theme Mrs. Johnson used was a "Treasurer of Gems." She presented each officer with a gem.

Following are the new officers and the gems Mrs. Johnson used in the installation: Mrs. Joe Seagler, president, diamond; Mrs. Willard Henry, first vice president, amethyst; Mrs. Keith Kennedy, second vice president, ruby; Mrs. A. E. Sanders, recording secretary, blue sapphire; Mrs. W. L. Foust, corresponding secretary, orange stone; Mrs. Weldon Newsom, treasurer, emerald; Mrs. Don Samford, auditor, onyx; Mrs. Bill Hovey, historian, pearl; Mrs. Charles Bowen, reporter, topaz; and Mrs. Roy Hill, parliamentarian, collector of gems.

Mrs. Williams, Mrs. Hill and Mrs. Stockdale gave responses as to what the club had meant to them.

Mrs. Keith Kennedy presented Mrs. Gray with a gift from the club.

Guests were Mrs. H. A. Tuck and Mrs. F. G. Freeland. Members present were: Mesdames Willard Henry, Roy Hill, Ross Shaw, S. E. Williams, A. A. Fralin, Charles Bowen, Cheryl Ingis, Keith Kennedy, LeRoy Johnson, Connie Gray, Joe Seagler, Bill Hovey, Alvie Harris, and Fred Stockdale. The club adjourned until next fall.

## List top students at Three Way for fifth period

Officials of Three Way School have announced students making honor roll grades during the second six-weeks period of the second semester. High Honors are accorded those who average 93 or above, while Honors are for those who maintain averages of 87 to 93.

Following are students who made High Honors:

Diana Ornelas, Cynthia Hutcheson, Sheryl Lynskey, Gloria Simpson, Etta Warren, and Bobby Holder, first grade;

Robert Phillips, Shelia Reeves, Andy Warren, Connie Richardson, Randy Locke, Karen Corkery, and Leann Abbe, second grade;

Debra Burkett, Chuck Dupler, Debbie Furgeson, Patti Heard, Kent Hicks, Rickie Meyers, Robby Sowder, and Yvonna Vanstory, third grade;

Johnny Boyce, Lynn Carpenter, Mark Corkery, Danette Lane, David Miller, and Ronnie Richardson, fourth grade;

Patty Carpenter, fifth grade; Mary Lou Mercado, sixth grade; Donna Waltrip, Genoe Abbe, and Johnny Furgeson, seventh grade; Sam Feagley, eighth grade; Chester Huff, freshman; Joy Eubanks, sophomore; and Julia Burkett, junior.

Following students made Honors during the six-week period:

Craig Kirby, Douglas Vanstory, Lloyd Joyce, and Judy Neutzler, first grade;

Joe Amparan, Mary Ann Perez, Lucy Mercado, Felipa Perez, Donni Nichols, James Cornish, and Stella Amparan, second grade; Oralia DeLaRose, Rickie Lee, Pam Partlow, and Dan Simpson, third grade;

JoAnn Gish, Larry Hale, Anita Herrera, Joe Maldonado, Amalia Rodriguez, and Tommy Gilliam, fourth grade;

Cheryl Abbe, Ellis Grimes, Joey Kindie, Rena Neutzler, Terry Pollard, Lee Sanderson, Kandy Sowder, Ann Warren, and Carolyn Melton, fifth grade;

Sandra Simpson and Larry Neutzler, sixth grade;

Michael Sowder, seventh grade;

Kathy Hicks, Joyce Boyce and Mike Lynskey, eighth grade;

Jan Heard, Carl Abbe and Wendell Williams, freshmen;

Gayle Gant and Perry Lynskey, sophomores;

Billy Dewbre, junior;

Sharyn Wittner, Doyleen Davis and Linda Heard, senior.

Phone your NEWS to 266-2361

Charter members . . .

HONORED SATURDAY during installation luncheon for the Town and Country Study Club were Mrs. Sammie E. Williams, left, and Mrs. Roy Hill, charter members of the club. The meeting was held at the Wig Wam.

help keep  
"TEXAS AT ITS GREATEST"

**Re-elect PRESTON SMITH LT. GOVERNOR of Texas**

Over the past 22 years, Lt. Governor Preston Smith has served as State Representative,

State Senator and finally Lt. Governor. His goal in public office always remained the same . . . to help make Texas a better place to live and work and raise a family. Today, Texas has good schools, growing industry and the finest highway system in the world. We have the lowest unemployment rate in history, and our future is brighter than ever before. Good leadership in state government helped make all these good things possible. Men like Lt. Governor Preston Smith have worked hard to help make Texas today, "Texas at its Greatest". You can help keep "Texas at its Greatest" by voting to **RE-ELECT**

MORTON TRIBUNE, THURSDAY APRIL 28, 1966

## Morton will play leading role in state Federation convention

Morton will play a key role in the upcoming 69th annual convention of Texas Federation of Women's Clubs, to be held in Lubbock May 10-12.

Mrs. Bobby Travis and Mrs. W. B. McSpadden are serving as overall chairmen of decorations for the entire convention, and have been "head over heels" in working out artistic arrangements for all the functions. Both are members of L'Allegro Study Club, and their originality and adeptness at design, well known by local residents, will be on display for the state-wide delegates.

All Morton federated clubs, including the junior clubs, are preparing the decorations for the dinner on Thursday night, May 12, working under the instructions of Mrs. Travis and Mrs. McSpadden. Others clubs in towns throughout the district are also at work in special assignments.

The colorful and novel decorations will all be in keeping with the Diamond Jubilee theme, the chairmen report, as the keynote of the entire convention will be the 75th anniversary of General Federation.

Mrs. McSpadden, who is also Caprock District crafts chairman under the fine arts department, will also be assisting the state crafts chairman in the presentation of the style show for the "Fashions for Fun" contest, it has been learned.

Morton club women are also proud that one of their prominent members, Mrs. LeRoy Johnson, of Town and Country Study Club, will be installed as second vice president of Caprock District.

Two members of local junior clubs, Mrs. Loy Kern and Mrs. James K. Walker, will serve as pages during the convention. Both are members of Emile Smith Junior Study Club.

The convention will also be of great interest to Mortons for two local clubwomen are in competition for state honors. Mrs. James St. Clair, of 1936 Study Club, and district Mother of the Year, will be competing for the state title, and Mrs. Travis is a candidate for state honors as Clubwoman of the Year, having earlier been selected to represent Caprock District. Mrs. Clyde Brownlow is also adding recognition to Morton with her new post as Junior Director of Caprock District. Mrs. Brownlow is member of Emile Smith Junior Study Club.

Convention headquarters will be at the Ko Ko Inn in Lubbock. Election of officers for 1966-68 will be held May 12. Many outstanding speakers are scheduled to appear, among them Delbert Downing of Midland, who will be introduced by Mrs. Travis.

## Sizing up West Texas

Are things really tough in West Texas? Are we in the midst of a drought that will make the 1930's seem like the tail-end of the Biblical Flood?

We don't really think so. Particularly since a week's wonderful rains. But, even before the rains, we felt that this area was doing well and had before it a glowing future.

The following was just one report that was made during last week's West Texas Chamber of Commerce meeting in Fort Worth. Try it on for size:

Personal income in the 132-county area of West Texas reached the \$7 billion level last year—topping the personal income level of 28 separate states.

R. H. Whipkey, publisher of the Big Spring Herald, divulged the figure Friday to delegates of the West Texas Chamber of Commerce convention at Green Oaks Inn.

"West Texans have made the desert bloom, oil flow from the ground, steers grow on arid land and further wisely used our God-given resources," he told the audience.

"Fort Worth and the rest of West Texas must continue united and combine their efforts in the future because the 3 million persons in the West Texas area must have vigorous leadership.

"The West Texas Chamber of Commerce is the best investment I know of to speak for the 3 million people with one voice on the state and national levels," he continued.

Whipkey said the area is rich in human resources but again stressed the need for leadership.

"The people are honest hard-working people with vision and dreams. We now must have leaders with the courage to turn the dreams into realities."

The West Texas area, he pointed out, spreads from Fort Worth on the east to El Paso on the west and has a diverse economy and tremendous contrasts.

The area is shifting away from a dependency on agriculture and the growth of manufacturing is staggering, he said.

"West Texas has about the same population as the original colonies in this country. The colonies united out of necessity and went on to form the United States.

"We don't expect to form our own country," he said, "but we can accomplish goals which are not impossible if we unite."

The publisher said the educational quality of West Texas is very good today and the educational systems are growing almost daily.

## Audacity, always audacity

Among Communists there is a fanatical belief in the efficacy of "audacity, audacity and always more audacity." Like "the Big Lie" of Joseph Goebbels, Communist audacity is counted on to make a desired point by outrageous distortion of the facts.

A Soviet leader, with a perfectly straight face, will make a charge so palpably false or monstrous that many who hear it or read about it discount its effectiveness. Surely, they say, no one in his right mind can possibly believe such ridiculous lies. Unfortunately, many can and do believe the professional liars of the Kremlin, and accept their falsehoods as gospel despite the sorry record of Red chicanery.

One of the more accomplished performers in the Kremlin's current lineup is that country's Ambassador to the United Nations, Nikolai Fedorenko. His Excellency rates a special niche even among Communist prevaricators, because of a recent demand he made that the General Assembly punish the Republic of South Africa for alleged mistreatment of its black citizens.

With customary Communist gall, this sanctimonious diplomat even used the phrase "inalienable right to freedom and independence" in complaining to U Thant about alleged South African transgressions.

One might well remind the hypocritical Fedorenko that the Russians have shown more race hatred and discrimination against Negroes than any people on earth. Ask the African students who were invited to study in the USSR, but who were shunned by the Russian people and mocked by them as "black monkeys." Indeed the Red leaders never would have permitted them to enter their precious fatherland if they did not want them as pawns in "wars of national liberation" back home in Africa. As proof of this, the immigration laws of the USSR explicitly exclude Africans.

As for the plagiarized prose by His Excellency — inalienable rights — what about certain basic human rights that have been denied to the people in that vast prison camp that constitutes Communism's home base? What about Soviet anti-Semitism? What about the poor devils shot at the Berlin Wall? What about incessant Soviet meddling in the affairs of other countries?

We could do with a little audacity ourselves. Maybe the time has come for our Ambassador Goldberg to ask some audacious questions. The late Adlai Stevenson occasionally did so, ef-

## COW POKES

By Ace Reid

"Shore this is a productive ranch, when me an maw first come here neither of us weighed ninety pounds!"

## VIEW . . . of other editors

### 'Pop' goes the easel

Honestly admitting to a complete lack of understanding of much of what passes for modern Art, it is no wonder that Pop Art still comes as sudden shock when its collage of jetsam comes within my viewing range.

It was not until 1962 that the form came into popularity but the term Pop Art is credited to Lawrence Alloway who invented it in London in 1954. It is still part of the growing Mod vocabulary.

From the beginning, many critics predicted that Pop Art would be short-lived—perhaps six months at best. Its survival, for better or for worse, proves the fallibility of critics and the gullibility of a public reluctant to abandon the bandwagon of current whims.

In defense of Pop Art, artist-author Mario Amaya says in his book Pop Art and After, "One cannot attack Pop Art on the basis of its current popularity or lack of it as any period of art depends on what remains of interest to the future."

It was after viewing some of "the remains" that these observations suggested themselves. Low Camp and High Camp seem struggling for position in an attempt to explain or try to justify Pop Art. If one can manage to steer a cautious course somewhere between the two, the jolt might be minimized. And "Camp," say users of the term (defined here for those outside the pale of popular phraseology: is a mode of ap-

peal, not of judgement. To quote an understatement, "Pop Art leaves ambivalent feelings." It would probably require ambivalence to pronounce judgement on one certain room-size exhibit of Pop Art (Claes Oldenburg 1962) titled: Hamburger with Pickle, Piece of Layer Cake with Icing, and Giant Ice Cream Cone.

Anybody for second helpings? Hondo Anvil

### People and pollution

According to the Committee on Pollution of the National Academy of Sciences, Americans are producing 4.5 pounds of refuse per person per day. This production is growing 4 percent a year. Also, by 1980, enough liquid wastes will be discharged to "consume the entire oxygen content of a volume of water equal to the dry-weather flow of all the United States' 22 river systems."

Such statistics reflect the impact of a burgeoning population. They are indeed alarming. Yet it is even more startling to be told that the technical problems of massive population probably can be solved but that the result might not be worth the effort.

Dr. Philip Abelson of the Carnegie Institution of Washington says the United States could support 10 to 100 times its present 195 million people. Food, shelter, and other necessities could be provided. The concomitant problems, such as waste disposal, while huge would be solvable.

But Dr. Abelson warns, this

could be done only with further destruction of nature. He notes that the crowding in the cities might become widely intolerable.

Coming on the heels of the NA pollution report, Dr. Abelson's comments underscore one of the foremost, although little realized, challenges facing the United States — population growth.

The NAS report calls for an unprecedented national effort to solve the waste disposal problem it outlines. This by itself is a formidable challenge. But given the will, the United States has the resources and know-how to meet it.

It is this kind of inherent strength that tempts one blithely to assume that, while overpopulation afflicts some other countries, the United States can take care of its own growth. This is deceptive.

Meeting the technical problems of a continually growing population is only a palliative. It is done at a cost to the quality of individual living.

We welcome the NAS report as a timely spur to resolving the impending pollution crisis. We urge the federal government seriously to consider its recommendations without delay. At the same time, we are grateful to Dr. Abelson for underscoring the long-term menace of unrestrained population growth itself.

### Large Economy sizes

One reason the cost of food is higher than it used to be is that considerable expense is built in because of packaging. As families have changed in size and in habits, the food industry has changed.

Back when we were toiling in a grocery store, people bought food in bulk, for the most part. Our store bought sugar in 100-lb. sacks, and sold a lot of it in that quantity to farm wives who used to "put up" preserves and such.

Then, too, it used to be that we sacked sugar into smaller containers for those who just couldn't use 100 pounds, or even 10 pounds. Our store used to sell a lot of flour in big 100 pound sacks, too, and the housewives took this home and dumped into their flour bin for use in preparing meals.

Packages of flour have steadily shrunk until now a five pound sack of flour is a curiosity. Most of the flour seems to be sold in pre-mixed packages, along with other ingredients for quick baking.

Bananas used to come in by the stalk, and the grocer cut off a bunch at a time to sell to his customers. Now they are cut, packaged, sealed and quite evidently cost more.

The trend toward smaller portions continues. We noticed in the paper just this week where the newest revolution in food marketing is in the "teeny-weeny economy size." This consists of food put up in one serving or application.

Started by the restaurant industry with their individual jelly servings, this trend has moved into all foods and sales are soaring. Drive-ins give individual servings of catsup and mustard and the home market is rising for this type of sale.

All of these smaller packages, the giant frozen food industry, the other shortcuts in food processing, just have to cost money. If people bought their food in bulk like they did a generation ago, and spent that much time in processing it, no doubt they could reduce the cost of their food budget.

But they wouldn't have so much time left to do other things if they spent too much time in food processing chores.

The food industry is keeping pace with the other areas of our way of life. We run faster and faster,

## Highlights and Sidelights —

# Candidates into last lap

AUSTIN, Tex. — Candidates for statewide offices are getting set for the final week of their campaign. Democrats will vote at their May 7 primary for seven statewide offices.

Spotlight has been on the race for attorney general. Candidates are Galloway Calhoun of Tyler, Crawford Martin of Hillsboro and Franklin Spears of San Antonio.

Spears pledges efforts to improve law enforcement. Martin is emphasizing his 27 years' experience as a lawyer and his long service as state senator and secretary of state. Calhoun identifies himself as the "only real conservative" in the race.

All three candidates are eying the large number of voters who apparently still are undecided despite their long campaigns.

Gov. John Connally, seeking a third term, virtually has ignored attacks on his administration by Stanley Woods of Houston, Johnnie Mae Hackworth of Brenham, has not actively campaigned.

Bill Hollowell of Grand Saline, running as Woods' ticketmate, is opposing Lt. Gov. Preston Smith.

Paul B. Haring of Gladiol is waging a spirited campaign against incumbent Railroad Commissioner Byron Tunnell of Tyler.

Atty. Gen. Waggoner Carr is opposed by political newcomer John R. (Jack) Willoughby of Houston for the U.S. Senate nomination.

Land Commissioner Jerry Sadler has opposition from Fred Williams of Del Rio.

Only contested statewide judicial race is between incumbent Court of Criminal Appeals Judge W. T. McDonald of Bryan and District Judge John F. Onion of San Antonio.

Light voter interest is expected to be reflected in a predicted 50 per cent voter turnout.

POPULATION — Texas is growing at the rate of 1.5 per cent a year, UT's Population Research Center reports.

An estimate of population shows that there were 10,336,141 Texans on April 1, 1965. This is a gain of 756,464 over the 1960 census.

Irrigated farming areas in the High Plains produced the two fastest growing counties — Randall and Deaf Smith. Respective growth rates are 7.7 and 7.1 per cent a year. Hartley County, in the top of the Panhandle, has gained 7 per cent a year.

But Texans still are moving to town. Study shows that the 21 metropolitan counties, which contain cities of 50,000 and more, gained 637,374 of the total. Only three of the 21 failed to gain. They are Midland, El Paso and Cameron Counties.

POLLUTION — Population growth essentially is to blame for growing problems of stream pollution. For example, the State water plan, soon to be released, predicts that Fort Worth and Dallas will be

spend more and more, just to stay even.

Ochiltree County Herald

### Marketing survey

A marketing survey for a prospective glass manufacturing plant in Brady is favored by the Brady Industrial Foundation, and plans are being launched for a drive for survey funds, according to Hardin Jones, foundation president.

At the organization breakfast in the Plateau Restaurant, Brady business leaders heard the plan outlined by Jones, and voted to proceed with plans for the survey, which would be made by James R. Bradley, head of the Industrial Economics Development Research Division of Texas A&M University.

McCulloch County has the raw material, and the two local sand plants, Heart of Texas Mining Corporation and San Saba Division — Pennsylvania Glass Sand Corporation have been manufacturing frac sand for the past few years, and Heart of Texas Mining Corporation has been expanding its facilities in the production field, and making attempts to entice manufacturing plants to Brady.

At Voca where there is a great supply, is ideally suited for the manufacture of green and amber throw-away glass products, it was pointed out. Henry McCabe, vice president of Heart of Texas Mining Corporation, said there is a great potential here, and the future indeed looks bright for a glass manufacturing plant in Brady.

The marketing survey, which will cost in the neighborhood of \$3,500, will be necessary before financial interests will listen to propositions, economists have told local authorities.

"But the Industrial Foundation has no funds," Jones pointed out, "so to get the ball rolling, we're going to have to raise the money through donations by local businessmen and industries to get the survey made. After the survey is completed, of course, we will use our tools with which to go after a glass manufacturing plant."

"To get industry, we must be willing to put forth our efforts. We must show leadership, politically, financially and businesswise," Jones commented. "With this survey we will have the tools to work with and we can show the glass manufacturing industry what we have to offer, and what we can do for it as a city."

Brady Standard

discharging 750,000 acre feet of waste water a year into the Trinity River.

This prediction has the Texas Water Pollution Control Board looking for ways to require cities and industries to treat their wastes so they will not cause pollution. Board must adopt a plan for maintaining good quality water in all Texas streams by June 30, 1967, or Federal agencies will take over the job.

Coordinating Board, Texas College and University System, has appropriated \$25,000 to be used, with matching money from the Pollution Control Board, to devise a work plan for a \$4,000,000 study of how to keep the Galveston Bay System clean.

COLLEGES — Population growth produces more college students. Coordinating Board forecasts that enrollments in 17 state colleges and universities will double by 1975 — From 115,015 to 260,097.

This determination was made for the purpose of splitting up the \$156,000,000 Texans will pay in the next 12 years on the 10-cent per \$100 ad valorem tax to finance college buildings at the 17 schools. Schools in the University of Texas and Texas A&M Systems get their building money from their permanent fund endowment.

A \$20,000,000 bond issue to finance the first two years of student loans under an overall \$85,000,000 state program was approved by the Board.

TOURISTS — Texas Highway Department reports that 12,688,000 tourists visiting Texas by car in 1965 spent \$613,148,000 — 16.4 per cent more than in 1964.

Governor Connally, pushing for tourists pointed out that when air, train and bus visitors are added to the total, it shows that \$907,000,000 was spent by the visitors.

He also emphasized the need for more recreational facilities at major reservoirs during the dedication of Canyon Dam on the Guadalupe River.

AG RULINGS — A county sheriff or his deputies may not contract with an incorporated city to provide it police protection which are performed regularly by city police officers or city marshals. Atty. Gen. Waggoner Carr so advised Galveston County District Atty. Jules Damiani Jr.

In other opinions Carr concluded that:

In order to obtain a Texas license to practice chiropractic, it is immaterial whether an applicant has passed an examination conducted by the National Board of Chiropractic Examiners.

Only the territory that was in Justice Precinct No. 2 of Denton County, when voters legalized sale of beer in 1935, legally is wet. Precinct was enlarged in 1948 taking in part of a dry precinct.

Lamar County Hospital District has no authority to convey any of its land to the county as site for a building to house welfare agencies.

PLAN ACCEPTED — A committee named to draw up a plan for management of natural resources in the event of a nuclear attack knocked out federal controls presented its report to Governor Connally.

Areas covered by the plan include construction, economic stabilization, electric power, food, petroleum and gas, health, transportation, water, industrial production, housing and manpower.

Connally requested the Emergency Resources Planning Committee to remain in operation 60 days longer.

COURTS SPEAK — Texas Supreme Court agreed with lower courts that A&M Consolidated Independent School District (Brazos County) tax assessments are not arbitrary though district does not levy on personal property like bank deposits, autos and furniture.

High court declined to review a damage judgement favoring a Lubbock area farmer who said his

hogs were killed by aerial spray. Third Court of Civil Appeals upheld a 1965 permit allowing a Brazos County concern to discharge 696,000 gallons of treated sewage into the Salado Creek near San Antonio.

Court of Criminal Appeals ordered new trial for C. L. McCall who had been convicted of selling securities without registering with state securities commissioner.

OEO APPROVALS — Governor Connally has announced approval of seven projects under the Economic Opportunity Act.

Projects are: Jim Wells County, \$69,198; Matagorda, Brazoria and Fort Bend Counties, \$64,560; Harrison-Panola Counties, \$24,217; Victoria, \$13,459; Cottle, Foard, Hardeman and Wilbarger Counties, \$11,046; Nacogdoches, \$7,692; and Castro County, \$27,477.

OIL OUTPUT BOOSTED — Texas Railroad Commission raised the limited on oil production to 25 per cent of potential — highest prior for the month of May in seven years.

Allowable was boosted due to increasing demand and decreasing stocks on hand.

New allowable is an increase of 75,700 barrels a day over April.

### SHORT SHORTS

Grayson County officials received a Highway Department survey recommending a new route for U.S. 75 from Sherman to the Red River. Texas veterans are paying \$1 well on their farm and ranch land with only 4.44 per cent of the 219 active accounts, due November 1, late on their payments, reports Land Commissioner Sadler.

State Health Department advised local health units of the new Federal aid policy making birth control information available to all who seek it.

Governor Connally named Frank W. Mayborn, Temple newspaperman, to the Texas State Historical Survey Committee, succeeding the late W. R. Beaumier.

## Moonlighters League awards given Wednesday

Moonlighters League closed out the bowling season last Wednesday night with the presentation of trophies at Frontier Lanes at the close of bowling.

Placing first in the league was the Frontier Grill team, with members being Barbara Tyson, Wanda Legan, Evelyn Raines and Ginny Merrill.

Second place team, Allsup-Reynolds Chevrolet, had Marilu Gerik, Jane Huckabee, Pat Mullins, Blackie Reynolds, and Rosie Wallace as members, while bowling on the third place Star Route Co-Op Gin team were Mary Ann Kuehler, Lorene Jungman, Virginia Jones, Gladys Duke, Wilma Morrison and Bobbie George.

Trophy for high team series went to Allsup-Reynolds Chevrolet, and to Frontier Grill for high team game. Fern Lamar had high individual series, and Ginny Merrill the high individual game. Wanda Legan was named as most improved bowler.

Officers for the 1966-67 season will be Peggy Patterson, president; Blackie Reynolds, vice president; Wanda Legan, secretary-treasurer and Jane Huckabee, sergeant-at-arms.

Cake and coffee were enjoyed at the close of the evening.

### PRECIOUS FILTERS

Highly corrosive liquids are filtered through platinum discs .065 inches thick with tiny pores as small as .0002 inches in diameter. The exceptional corrosion resistance of the precious metal platinum assures effective filtering even at very high temperatures.

## CARD OF THANKS —

**CARD OF THANKS**  
The family of Mrs. J. H. Lowe wish to express our deep appreciation to all our friends for their kindness and sympathy in the passing of our beloved mother and grandmother. To Dr. Bryan and the staff of the Roberts Memorial Nursing Home. A special thanks to those who have given so freely of their time, food, those who served the food, flowers, visits, each prayer offered and other acts of kindness. May we say God bless each of you.  
Mr. and Mrs. E. M. Lowe  
Mr. and Mrs. J. G. Millar  
Mr. and Mrs. Allan Burkett  
Mrs. Eva McHam  
Mr. and Mrs. Tom Wood and Grandchildren

**NOTICE FOR BIDS**  
Sealed bids will be received by the City Secretary at the City Hall, Morton, Texas, until 5 p.m. Monday, May 9, 1966, for the purchase of one police patrol car. Specifications may be picked up at the City Hall, 201 East Wilson. City of Morton reserves the right to reject any or all bids. Bids will be publicly opened and read at 7 p.m. Monday, May 9.  
Published in the Morton Tribune April 28, May 5, 1966.

## Richard Houston seeks office of county treasurer

Richard Houston, candidate for the office of county treasurer in the May 7 Democratic primary, today issued his formal statement in behalf of his candidacy.  
On May 7, you voters of Cochran County will choose the person to serve as your County Treasurer for the next four years. I fully realize the responsibility of such an office and I sincerely desire this chance to serve the people.  
I am 26 years old, married and have one child. I have lived in Morton nearly 20 years which makes me aware of the problems peculiar to this area. I am a graduate of Texas Tech and have one year of teaching experience.  
I earnestly need your vote and support in this primary election.

I will perform the duties of treasurer with a cooperative but individual policy tempered with honesty, good judgement and fairness to all. The county's accounts will be kept right up to date and the books will be open for public inspection at any time. I will work very diligently with all county officials especially on matters concerning the county's welfare.  
I do not seek this office for any individual or personal benefit but rather to encourage achievements for the good of the whole county.  
I would like to take this opportunity to urge all of you to vote May 7 at your precinct headquarters. When you vote I urge you to consider, then vote me, Richard C. Houston, your next county treasurer. A vote for me is a vote for good progressive county government.  
Richard C. Houston  
(Pd. Pol. Ann.)

## Summer bowling leagues organize

Organization of summer bowling leagues is now underway, according to Don Lamar of Frontier Lanes, and it is hoped to begin the season the first two weeks in May.  
Lamar said they all will be short leagues, to bowl for a period of 14 weeks. Openings still exist on nearly all teams, and those interested are invited to contact Lamar.  
Being organized are a Men's Trio League for Monday nights; Women's Trio League, Tuesday afternoon; Couples' League, Tuesday night; Women's Scratch Trio League, Thursday night; and an ADULTS league for Friday nights. Lamar said efforts are still underway to organize league play for Wednesday nights.

Dale Jones was released from Methodist Hospital in Lubbock last week after treatment for a back injury.

## More honors . . .

STATE REP. Jesse T. George has been accorded still more honors, this time by the Texas Junior Chamber of Commerce. George is holding the award he received as outstanding district director in the state, presented to him last week-end at the state Jaycee convention in Houston. He was also elected as state programming vice-president.

## State Jaycee honors go to Jesse T. George

Additional honors to add to an already impressive array were received by State Rep. Jesse T. George at the annual convention of the Texas Junior Chamber of Commerce in Houston April 21-23. George, who is serving during the interim of the state legislature as manager of the Morton Area Junior Chamber of Commerce received the trophy as Outstanding State Director in a presentation at the convention banquet. The award came as a surprise to George, who was accorded a standing ovation.

George was also elected as state vice-president of the Jaycees, and as such will serve on the board of the U.S. Junior Chamber of Commerce. George conducted a vigorous and colorful campaign, complete with banners and placards, using his slogan, "A Going Jesse-By George."

A three-year Jaycee, George has served as director in the Levelland club, and as a state director, was responsible for the organization of the Morton Jaycees.  
He recently was selected to appear in the 1966 edition of "Outstanding Young Men of America".

## Invitational bowling meet concludes Sunday

A Brownfield team walked off with top prize money of \$400 in the Merchants' Invitational Bowling tournament as the annual event concluded Sunday night at Frontier Lanes.

The team, called the Brownfield Five, had a total of 3069 to take first place. Other top teams in the money were Canyon Bowl, Canyon, 3030; Top Five, Morton, 3025; and "Go-Go" Baya, Morton, 3013.

In doubles, Dave Roberts and Gene Dalton, Plainview, placed first with 1239 pins, and in second

were S. E. Böhner, Friona and Ed Latimer, Morton, with 1226. Third place went to Ernie Aye and Jim Tuters, Clovis, 1207; fourth to Orville Bassett and Earnest Mills, Littlefield, 1200; and fifth to Claude Lee and John Garrett, Clovis, 1199.

Dwain Thomas of Farwell was first in singles with 692. Others placing were Ken Heard, Littlefield, 680; E. B. Dozier, Lubbock, 660; Bruce Redford, Lubbock, 657; Jack Orio, Clovis, 653; Glen Pruitt, Levelland, 639; Benny Bennett, Lubbock, 636; Earnest Mills, Littlefield, 635; and Karl Kuhlman, Friona, 630.

In all-events, first place winner was Earnest Mills, Littlefield, 1915. Others placing were Kenneth Heard, Littlefield, 1869; Karl Bagwell, Lubbock, 1860; T. J. Watson, Clovis, 1820; Ray Ferguson, Levelland, 1817; Don Amerson, Canyon, 1810; Bob Starkey, Clovis, 1806; and E. B. Dozier, Lubbock, 1805.

The tournament was sponsored by 18 local merchants. Mrs. Ethel Harris served as tournament secretary.

## The Church PLANTS and WATERS...

The church plants the seed of faith, waters and tills the soil. These are the things that a church can do, and no more... then God provides the love and life-giving essentials. The growth then depends on the type of soil... is it barren... mediocre... or fertile. Your life with God will grow according to your will and desire.

"Blessed is the man that walketh not in the counsel of the ungodly, nor standeth in the way of sinners, nor sitteth in the seat of the scornful. But his delight is in the law of the Lord; and in his law doth he meditate day and night. And he shall be like a tree planted by the rivers of water."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.
