and gifts that we received from you. It means a great deal to know that there are good people like you back in the states who care and who are thinking of us. Thank you.

"Your package was received by the American Advisory team at Bao Tai, the capital of Hau Nghia province. We are 30 miles due west of Saigon, near the Cambodian border. Cu Chi is the nearest town of any note. Cu Chi is 10 miles north and is the home of the US 25th Division. We are 30 strong and serve as advisors for the provincial government.

"Any questions that you or your students have, I would be honored to try to answer for you.

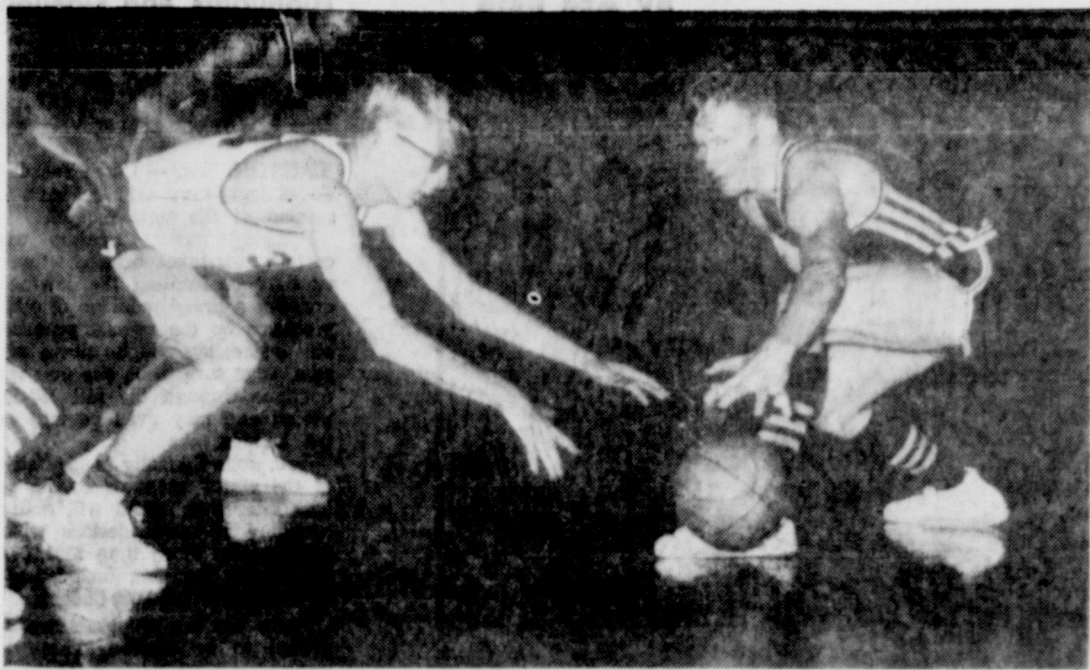

"It is a bit of a coincidence that your package came to us at Bao Tai. You see, I was married in the First Methodist Church in 1960 to the daughter of the Methodist pastor at that time, Rev. Dunn. You may know my two sisters-in-law, Treva Dunn and Barbara Dunn Miller.

"Again, thank you for your kindness."

Sincerely,
/s/Charles W. Adams

Over the Christmas holidays Dr. and Mrs. Garnett Bryan had in their home as guests, her parents, Mr. and Mrs. Grady Burson of Amarillo. Also her sister and family, Mr. and Mrs. Stewart Pettis, Melissa, and Rick, of Amarillo. Over New Year's they toured the Carlsbad Caverns and then went on to Amarillo to see her parents.

The Earl Brownlows went to Carlsbad, N.M., this weekend to a family reunion in the home of his sister and husband Mr. and Mrs. W. T. Parker.

Getting down . . .

BASKETBALL ACTION is both up and down. In the latter case, Morton's Byron Willis (34) tries to get the ball away from Mickey Wilson

of Muleshoe. They were high point producers for their respective teams as Willis had 16 and Wilson 31. Morton nipped the Mules 48-47. TRIBpix

Reeder takes over as Chamber prexy

E. L. "Rusty" Reeder officially took over as president of the Morton Area Chamber of Commerce Tuesday. Heading a meeting of officers and directors, Reeder led a 90-minute business meeting that covered a wide range of topics.

Directors decided to change their meeting time to 7 a.m. on the first and third Tuesday of each

month. They will meet at the Wig Wam. After six months, they will meet in another restaurant if suitable arrangements can be worked out.

Chamber membership plaques for 1967 were ordered and manager Leon Kessler was instructed to make plans for an orientation meeting for new officers, directors, committee chairmen and their wives later this month. Tentatively, the meeting will be addressed by an out-of-town Chamber man-

ager and will be concerned with the duties of the Chamber leaders. Officers also discussed a replacement for new director James McClure, who resigned. A decision on the new director is expected at the Jan. 17 meeting.

The board also heard a financial report and approved payment of current bills and minutes.

Leisure time, like money, can do great things for you . . . or ruin you.

'66 second wettest year on record

1966 was the second wettest year in the 24 years of weather record keeping here in Cochran County. The official precipitation measurement for 1966 was 23 inches. 1960 was the wettest year on record—it totaled 23.66 inches. 1966 was almost nine inches above the 24 year average of 14.08.

Not only was August the wettest month of 1966, but it was also the wettest month ever recorded since official precipitation records were started in Cochran County in 1943. The record books show 10.89 inches, most of which came in a four day period from August 21st thru August 24th, last year. In 1960, July came closest to this years record breaking August. It totaled 9.88 inches. By individual months, here's the way the moisture fell here.

Jan. - .34, Feb. - 8.08, Mar. - trace, April - 3.63, May - .79, June - 4.07, July - .02, Aug. - 10.89, Sept. - 2.97, Oct. - .09, Nov. - .12, Dec. - .08.

Other interesting facts about the weather in 1966. The precipitation occurred on 63 different days —

seven of these 63 were in the form of snow. A total of 6.75 inches of snow fell last year.

The official station here in Morton only recorded two days when hail fell. That was May 1 and May 28; both hails were listed as "light." There were at least two other days when damaging hail fell in sections of the county.

Probably the biggest factor in Cochran County's economy in 1966 occurred on Oct. 15, when for three hours the temperature dipped below freezing. A minimum of 26 degrees was recorded for a few minutes that morning. The freeze came a day or two before the average frost date. Frost dates since 1950 show an average frost date for Cochran County of Oct. 18 or 19. The hard freeze in October, along with the heavy rains in August, was estimated to have cut cotton production in Cochran County by 25 to 50 per cent last year.

The records show that the last freeze of winter last year occurred on April 21 when the minimum was 30 degrees.

Looking at the last months records, we recorded only .08 of an inch of moisture in December. This is .47 below the average December precipitation of .5. The moisture came on only two days in Dec. There was a light snow on Dec. 8th. That brought only a trace of moisture, and last week—on Dec. 28th, three-fourths of an inch of snow produced .08 of an inch. The average temperature in December was 39.9 degrees. The average daily maximum temperature was 56.7 degrees, while the average daily minimum was 22.1 degrees.

Outstanding . . .
THESE TWO MORTON women have been named to appear in the 1966 edition of "Outstanding Young Women in America," according to the book's editor, Mrs. Pat Bogle. The women, Mrs. Earl Polvado, left, and Mrs. Bobby Travis are both active in civic and religious activities in Morton.

Tourist development topic of WTCC program

"Tourist development is the greatest potential for growth in West Texas," according to the consensus of opinion of hundreds of businessmen in "brainstorming" sessions of the West Texas Chamber of Commerce during recent months.

The First Annual Tourist Development Conference of the WTCC is slated for January 6 in Colorado City. This conference will emphasize the "how to" workshops which have proven so popular in conferences on other subjects.

Expected to attend from Morton are Leon Kessler, Jack Russell, George Hargrove, Roy Gentry, H. A. Tuck, and Mrs. Dorothy Barker.

Development of history as a tourist attraction, developing man-made and natural attractions, the care and feeding of tourists, use of brochures in attracting and developing tourism and other related subjects will be discussed in the day-long meeting.

Beginning at 10 a.m. the conference will present ideas from the Texas Tourist Development Agency and the Tourist and Travel Division of the State Highway Department on how those agencies can assist the individual towns in developing their tourism potential.

The role of the new WTCC magazine, "This is WEST TEXAS", in increasing tourism in the area will be demonstrated by R. W. Whipple, Big Spring publisher.

During the luncheon at Civic House, representatives of HemisFair '68 will give a presentation of how this exposition will aid tourism in every city in the State during its showing. Highlights of the HemisFair will be shown with color slides and tie-ins between the exposition and other towns of the State will suggest methods of keeping tourists in the area for a longer stay.

Dick Mahan, advertising agency executive of Odessa, will be moderator at the workshop on the development, financing and distribution of brochures. He will be assisted by experts in this field who will analyze various types of brochures as to their good and bad points.

The new president of the Texas Historical Survey Committee, Charles Woodburn of Amarillo, will moderate the panel discussion on how to develop history as a tourist attraction. He will be assisted by people who have developed outstanding attractions in their own towns.

Thomas honored by local church

Rev. Fred Thomas, pastor of the First Baptist Church, Morton, was honored Sunday night for starting his eighth year as the church's pastor.

The program, which was sponsored by the WMU, was moderated by Harold Drennan. Rev. Thomas was presented a scrapbook, entitled "This is your life Bro. Fred," by the G.A.'s following the program.

He is president of the Morton Athletic Boosters, secretary of the Ministerial Alliance and was recently named to the State Executive Board of the Texas Baptist General Convention.

Since he has been pastor of the local church, the church has built an education wing onto the church, has built three parsonages — one for the pastor of the church, one for the educational director and another for the pastor of the Latin American mission. The church has also seen the hiring of an educational director and the formation of the Latin American mission.

There is a reward at the top of ...

THE CLIMB

EVERYONE IN THE CHURCH
THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Even when you know the proper way to climb with skis and the way up becomes easier, it still exerts you. However, the way is made even less of an effort when you think of the rewarding ride down.

The reward of an eternal life with God is easier still because it is a gift.

"For the wages of sin is death; but the gift of God is eternal life through Jesus Christ our Lord."

Attend church... learn more of this wonderful gift.
