Car tags up for sale on Feb. 1

Starting next Wednesday, Feb. 1, Texas license plates will go on sale in the county tax assessor-collector's office in the court house, according to Leonard Groves, tax assessor-collector.

To get a 1967 license, it is necessary that the purchaser take with him his vehicle title and last year's registration receipt. Up for sale are about 2,600 car tags and about 1,100 pickup tags, as well as various truck, trailer and VIP plates.

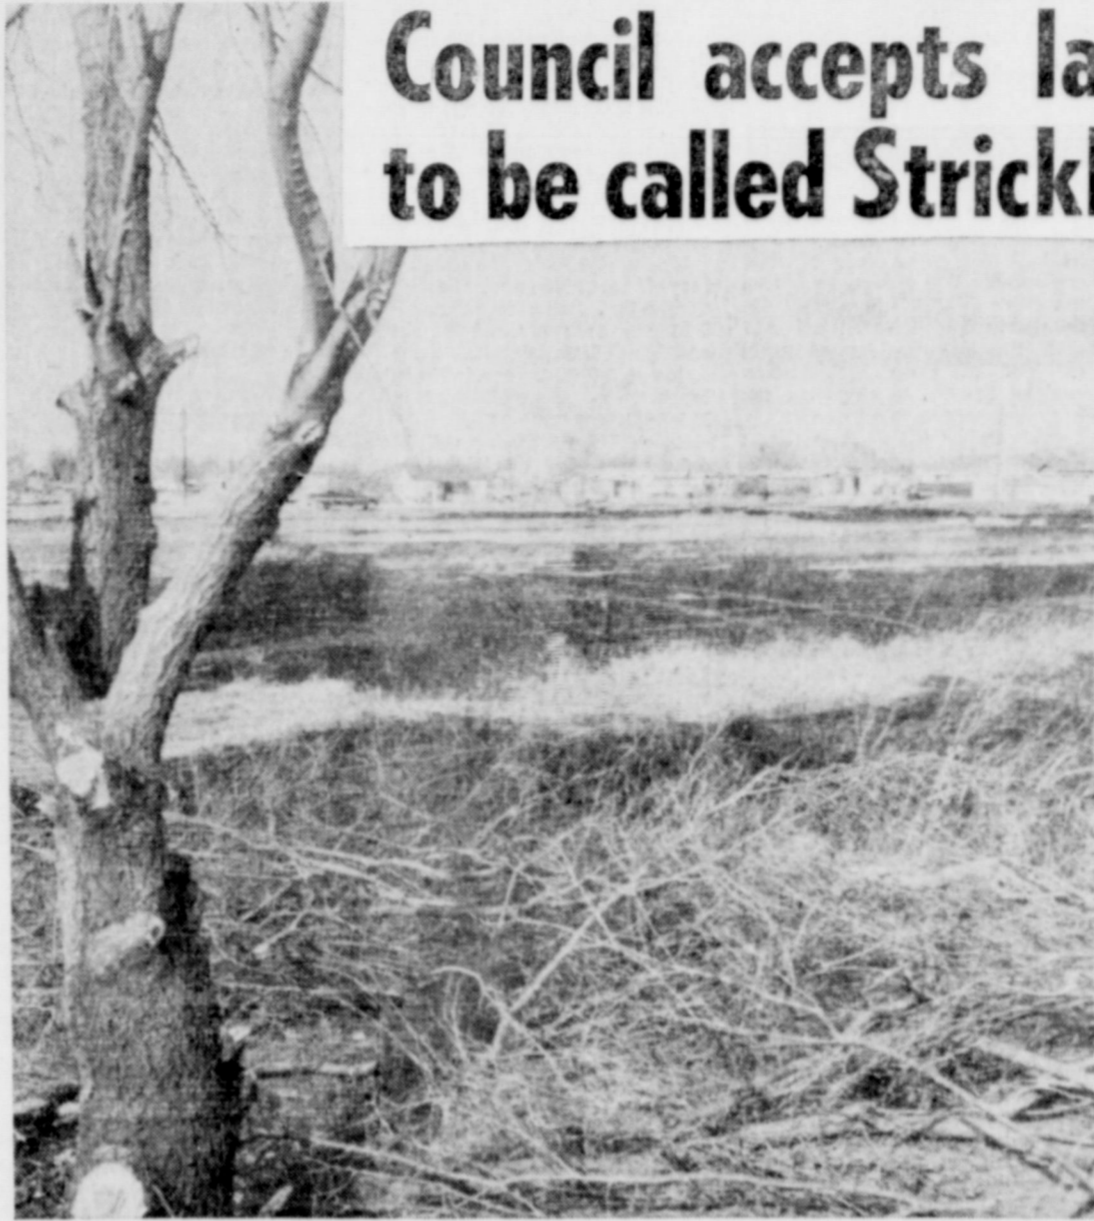

Groves urged those needing car tags to get them as soon as possible and avoid the usual last minute rush that happens before the April 1 deadline.

Historical survey officers named

The Cochran County Historical Survey Committee elected new officers at their meeting last Saturday, held in the Production Credit building. The new slate of officers will double as officers of the Cochran County Historical Museum Assn. as soon as it is organized. The museum and the Museum Assn. are being created under the auspices of the Survey Committee.

The new officers include Elvis E. Fleming, chairman; Mrs. Don Hofman, vice chairman; Miss Lona Jackson, secretary; Mrs. Hume Russell, treasurer; and Mrs. Neal Rose, reporter. These officers, plus Mrs. H. E. Barker, the retiring chairman, will comprise the Board of Directors for the Museum Assn. Also serving on the Board will be a three-member advisory committee to be appointed.

See HISTORICAL, Page 2

Council accepts land offer; to be called Strickland Park

A brief City Council meeting Monday night was highlighted by the announcement that Mr. and Mrs. R. C. Strickland have given the city of Morton about 6.8 acres for a park. The land was accepted following a motion by Earl Stowe, seconded by Donnie Simpson. The land, known as Strickland lake, is located in the southwest part of town, between Grant and Garfield and between SW 3rd and west of the alley behind SW 1st.

The park, to be known as Strickland Park, is the only park inside the city limits of Morton. When completed sometime in the spring, the park will feature a lake, playground equipment, and will be landscaped.

Present plans call for the lake, which now measures about 250' x 600' to be reduced to a round lake about 125' in diameter by about 25' deep. This will help contain rain water within the confines of the lake and will help prevent flooding of the nearby land. The center of the lake will be moved slightly west to keep it centered in the park.

Work is now under to dig the lake deeper and to also reduce its size. Completion of the lake is expected in about a month.

In other business, Paul Baker appeared before the council and reiterated his opposition to Public Housing saying that if there was a need for more housing he would "build houses from here to Enochs, five feet apart, and we won't have to ask the Federal government for a nickel." The Council is expected to take action concerning Public Housing at their next meeting, Feb. 13.

The purchase of a posting machine was discussed but no action was taken pending more study of the need.

The council also decided, after looking at various steel buildings, that a 40' x 80' building would not be large enough for their needs. This in effect voids four bids opened at the last meeting for a building of that size. The council instructed city secretary Elra Oden to contact the four companies and ask for bids on 40' x 100' steel building. At the previous meeting the council did not select a winner.

See PARK, Page 2

New park site . . .

THIS LARGE VACANT LOT, located in the southwest part of Morton, will soon become known as Strickland Park. The site for the park was donated to the City of Morton recently

by Mr. and Mrs. R. C. Strickland. The 6.8 acre park will ultimately be landscaped and will feature a lake and playground equipment.

Stanton hits Morton 52-42

Stanton continued undefeated in District 4-A as the Buffaloes downed Morton 52-42 Tuesday night. It gave Stanton a 4-0 mark in conference play, while the Indians fell to 2-2.

And the unbeaten Morton B team was toppled, 56-72, to make it an even longer trip home. It was the first loss in 19 outings for the young B squad.

Morton tried to use a slow offense to cool off the torrid Buffaloes, but it failed, as the Indians missed 13 of 25 free throws and missed even the backboard on many field goal shots.

Stanton's tall and talented Buffs needed a few minutes to adjust to Morton's semi-stall tactics. Morton took a 7-2 lead as Byron Willis hit three field goals and Freddie Thomas made a free throw. Plains netted a pair of free throws and a pair of field goals.

Donnie Harvey made a free throw and Morton led 8-6 with 4:25 left in the period.

But Stanton found the range for two field goals. Willis hit another basket and added a free throw to give Morton its last lead, 11-10 with 2:55 left.

Attempted murder filed on three

Three men have been charged with attempted murder following the late Saturday night stabbing of Johnny Bautista, about 23, of Morton. The fracas, which apparently grew out of an argument at a dance, culminated in Bautista being stabbed with a pocket knife outside the Catholic Church in Morton.

Charged with assault with intent to commit murder are Eljio Garcia, and Seferino Garcia of Rt. 3 Levellard, and Alberto Elisendo of Morton. Eljio Garcia is free on \$1,000 bond while the other two remained in county jail Monday.

Bautista was stabbed in the heart and was not expected to live when he was taken to the Morton Memorial Hospital following the incident. He was then transferred to Methodist Hospital by Singleton ambulance where he underwent emergency surgery. His condition was still listed as critical late Monday.

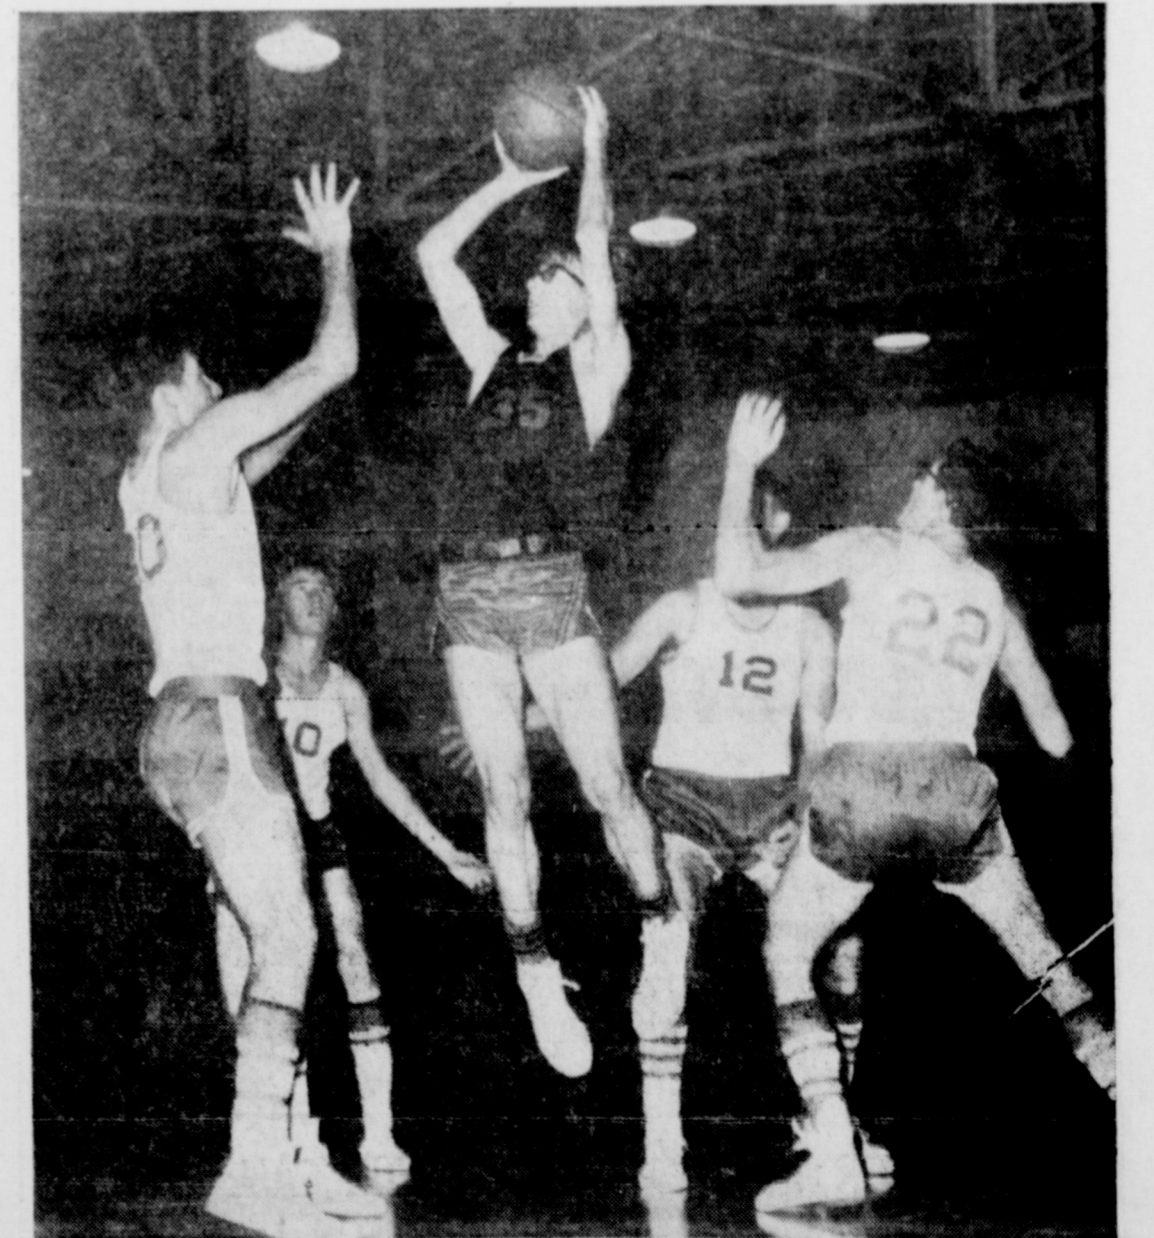

The case was handled by Morton city police and the sheriff's department.

Stanton hit for a basket and a free throw for a 13-11 margin after one period.

Then came a period when Morton was unable to hit from the charity line. After hitting three

of three from the line, they missed two late in the first period. They missed four of five tries in the second quarter, three of them in one-and-one situations.

See STANTON, Page 2

Two of twenty-two . . .

BYRON WILLIS goes 'way up for this jump shot that netted two points against Stanton Tuesday night. Willis hit for 22 points in a losing effort

as the Buffaloes ran off to a 52-42 decision. From left around Willis are Randy Huckoby, Larry White, Buddy Shanks and Ricky Corbell.

Morton Lions Peace Essay winner receives \$50 grant

Rick Coffman, of 507 E. Lincoln, a 17 year old student at Morton High School will represent the Morton Lions Club as its entry in the International \$50,000 Peace Essay Contest.

Coffman won the right from several entries to enter the District level of judging en route to the Grand Prize.

A total of \$50,000 in awards will be made, including a first prize of \$25,000 in education and/or a grant-award grant, eight semi-finalist awards of \$1,000, and travel expenses to Chicago, Ill., for these semi-finalists in July, 1967. At that time, the first prize winner will be chosen from the eight. Also, more than 20,000 local, district, and multiple district awards will be made.

His essay was selected by a panel of three judges: Mrs. W. B. McSpadden, Ray Lanier, and Kenneth Wyatt.

In announcing the award the judges said Coffman was awarded a \$50 scholarship grant to be used at the college of his choice.

The contest, which is the largest Peace Essay Contest in the world, was initiated to stimulate and elicit the views of today's youth on peace.

If Coffman succeeds in District 2T-2's contest, his essay will be judged in the Multiple District contest and will have an opportunity to be judged at the World Division level.

Coffman's essay will be judged, with the other club winners in District 2T-2, at Lubbock on March 1.

Coffman's essay, titled "Can world peace become a reality?", is printed in its entirety:

"One definition from the dictionary for the word peace is 'a pact or an agreement to end hostilities between those who have been at war or in the state of hostility.' This is an indication of that which

has continued from the beginning of time, man's inability to get along with his fellow man.

"Many benefits have come to mankind during times of peace. These are the times when young men continue their educations

without fear of being needed for service in the armed forces; populations grow; businesses grow and trade flourishes; commerce and communications between nations are unimpeded by the barriers erected by nations at odds with each other. Seemingly if we could be assured of lasting peace it would be best for all nations and all peoples.

"Even though man seeks for peace with all the desire of his being, we know that such will never occur for the Bible tells us that there will be war and rumor of war until Jesus comes again. If lasting peace is not possible, what is the next best thing?"

"There are many agencies working for peace today, among them the United Nations, and the continuing movement started by Christ while He was on earth — Christianity. Can both, singly or together, forestall war often enough and long enough to grant relative peace even if it is not permanent? This is the fondest

★ Chili supper

Morton Athletic Boosters will host a chili supper on Friday, Jan. 27, in the school cafeteria between 5 and 7 p.m. prior to the Morton-Denver City basketball game. Tickets are available from any member of the Booster Club or will be on sale at the door. Proceeds will be used to help defray costs of the annual school athletic banquet.

Voter registration deadline is January 31

If voter registration is any indication, more than half of Cochran County's eligible voters will not be able to vote in 1967 elections, unless registrations pick up before the Jan. 31 deadline. Early this week, less than 700 persons had registered to vote out of a possible 2,000.

This is the first year for Texas to have free voter registration. Previously it was called the poll tax and cost \$1.75. Tax collector Leonard Groves said that registration is limited to those persons over 21 and less than 60. He also added that a person may register for a spouse, a parent, or a child.

Crawford C. Martin, state attorney general, has ruled that persons over 60 years old who live in a city of less than 10,000, or in a rural area in any county except Bexar County, will not have to register in order to vote in election held during 1967. This is in spite of the fact that no judgment has been handed down in the lawsuit concerning the constitutional amendment which would require all voters to register.

Martin said that House Joint Resolution No. 13, which proposed expressly fixes the effective date of the amendment as Feb. 1, 1968, and therefore does not apply to election held before that date.

Last week a Travis County district court ruled that the amendment which appeared as Amendment No. 7 on the ballot in last fall's general election, was not

legally adopted because the proposition on the ballot did not give notice of the full contents of the amendment. The State of Texas is appealing the decision.

All voters must register in Bexar County under an order of the commissioners court entered last June. The order was adopted pursuant to a provision in the voter registration law which authorizes the commissioners court in a county of more than 500,000 inhabitants to require all voters to register, regardless of age or place of residence. Bexar County is the only county in which the commissioners court has exercised this authority.

Break-in nets \$4 at grocery store

Morton police were faced with their first break-in in more than 10 months following the entry into the Westside grocery store some time Saturday night. However, only \$4 was taken as well as some merchandise.

Entry into the store was through a window under an air conditioner. The owners of the store, Mr. and Mrs. Everal Spencer, were attending a funeral and were not in town at the time of the break-in.

The last break-in in Morton happened in March of last year when the City Hall was entered.

Five receive sentences in 121 District Court

Five persons received probated sentences, three had their cases dismissed and two were passed in District Court in Morton Monday and Tuesday.

Receiving probated sentences were Alfredo Morales, Audon Junco Gomez, Jimmy Lee Parker, and Pesqueda, and Freddie Mendez. Morales received four years subsequent offense driving while intoxicated; Gomez five years for assault with intent to murder; Parker, two years for assault with intent to murder; Pesqueda, two years for assault with intent to murder; and Mendoza, three years for assault with intent to murder. All entered pleas of guilty.

Cases were dismissed against Robert Lawrence Williams, theft; Edwards Garcia, theft; and Marvin Noe, removal of mortgaged property.

Passed until next term were cases against Pasqual Cisneros, murder; and Alice Steen Hughlett, assault with intent to murder.

Still in progress at press time Wednesday was the State of Texas vs. Ray and Imogene Banda case. The Banda's are charged with breaking and entering.

Presiding judge of the 121st Judicial District is M. C. Ledbetter. District Attorney is E. W. Boedeker.

Essay

from Page One

"If permanent peace is not possible, and if the alternative of peace is war, what is war? War can be two young boys throwing rocks at each other because of a difference of opinion, or war can be two young lovers arguing with one another but war is the thinking of most people is that of hatred, bloodshed, dirt, filth, and grime. It is because of war that young men are taken from their homes, a gun is put into their hands and they are set forth to seek and kill their fellow members of our world society.

"From the beginning of time when Cain killed Abel, the world's first murder, man has had to cope with the urge to kill. God recognized this when he gave Moses the Ten Commandments which contained the admonishment, 'Thou shalt not kill.' If man could obey this ruling just half the time it would cut out a lot of hatred between individuals and races, between states and nations.

"The United Nations has been mentioned as an instrument of peace. It is certainly a factor in the uneasy peace of parts of the world; it tempers the actions of men at war in other parts of the world. The United Nations has done a good job in some ways, but it has failed in many other ways.

"What then of the other possibility for peace, that of Christianity? For the world? Christianity would accept God as leader of lives and destinies. War would become impossible because of universal love and brotherhood. This is the theme of the Great Commission from Matthew 28: 19-20 where Christians are commanded to Go . . . Seek . . . Win . . . and Teach. Does this idea work?

"Yes, the idea works even through Christians have been beaten, tortured, robbed, and killed the carrying out of the command. Many times the Bible is burned in an effort to destroy the message of love that cuts across all of man's greed and hate. Here is a battle for peace that is worthwhile and the ranks are never closed to recruits as all who will come are never refused. Jesus puts it this way, 'Come unto Me, all ye that labor and are heavy laden, and I will give you rest.' This, then, the peace from above, is the permanent peace for the B's of a world.

"Though wars will continue, this is the formula for the peace that is never broken. This is a peace in the hearts of men because they have been with the Master."

Little League meet

Planning began Thursday night for the 1967 Little League baseball season. Officers and managers met in the Wig Wam to approve the charter application. Darryl Bennett was named umpire-in-chief for the year. Payer insurance was discussed, but action was tabled. President Rusty Reeder has called another meeting for Thursday, Feb. 2, at 7:30 p.m. in the Wig Wam. Urged to attend are all officers, directors, managers and parents who are interested in the youth baseball program.

Stanton

from Page One

Stanton also was cold, missing all three of its one-and-one tries. But the Buffaloes hit from the field. Willis got a pair of field goals and Willie Moore a free throw for Morton's five points in the period. The Buffs led just 14-17 with two minutes remaining in the half. But three quick baskets enabled Stanton to close out the first half with a 23-18 lead.

The Indians' hopes were dashed as the third period opened. Neither team was able to hit. But Willis picked up three fouls in an incredible 35 seconds. Stanton made all three charity throws and gained a ten-point edge, 18-28.

Morton became reluctant to shoot from the field. Thomas hit from the field, then added a free throw. But Stanton made two field goals and three consecutive free throws for a 33-19 edge with 2:45 left in the quarter. The Indians also were giving up bonus shots at the free throw line as they had five team fouls and Stanton had just one.

The Buffaloes took advantage of the situation, making three field goals and six of seven free throws during the period, while Morton hit only two field goals and two of four from the line.

A last-second shot gave Stanton a commanding 35-22 edge after three quarters. Thomas and Harvey hit field goals to open the final stanza, but Stanton came back with two free throws and a basket. John St. Clair hit a goal, but Stanton got a goal and a free throw to lead 42-28 with four minutes left.

Thomas hit four free throws to make it 33-42 and give Morton another faint hope with 3:10 left. Stanton hit a goal. Morton matched the goal, but missed two free throws. The Buffs got two more field goals, while Morton was limited to a pair of free throws. Stanton then added a final field goal and two free throws. Stanton then added a final field goal and two free throws while Morton missed two free throws. Willis narrowed the gap in the final ten-point margin with a free throw and a field goal.

Willis continued to top Morton scorers in district action as he netted 22 points. Thomas added 11. But six other players seeing action managed only nine points between them.

Stanton showed a balanced scoring attack as Randy Huckaby had 15, Buddy Shanks 13 and Allen Springer 11. The B team played probably its worst game of the season, giving up the ball up on miscues more than enough times to win. Nor could the young Indians hit the

Morton to host Denver City, Fri.

Morton will host Denver City at 8 p.m. Friday, Jan. 27, to wind up the first half of District 4-AA action. The Indians currently are tied for third in the conference, with a 2-2 mark. Stanton is atop the heap with a 4-0. Post is 3-1, Slaton is 2-2, Denver City is 1-3, and Frenship is 0-4.

The Morton and Denver City B squads will clash at 6:15 p.m. Morton will begin the second half of action here Tuesday night, Jan. 31, hosting Frenship. The B teams also will play the curtain-raiser that night.

The Indians now have a 16-10 record for the season. Byron Willis, the sophomore pivot player, is heading the scoring attack for Morton with a 22.5 average in conference play.

In other cage action, the Morton eighth graders will play this week in the Friona Invitational Tournament for eighth grade teams. Morton faces Springlake at 7:45 p.m. Saturday. The losers will face-off at 9:45 a.m. Saturday. Consolation finals are slated for 5:30 p.m. Saturday and the finals at 8 p.m. Saturday.

Competing in the top half of the bracket are Farnwell-Dimmitt and Friona-Bovina. Coach Robert Taylor will have only one part of his eighth grade squad at Friona Thursday. The rest will take part in a triple-header here Thursday, Jan. 26, when the seventh, eighth, and freshman teams host Littlefield. First of the three games is slated for 5 p.m.

Historical

from Page One

ed by Fleming. In other action, the committee approved a motion by Murray Crone that the committee begin meeting regularly on the second Saturday of each month at 1:30 p.m. The group discussed possible fund-raising projects for the museum. The meeting adjourned after new members were welcomed. Those in attendance for the first time were Mrs. Alton Ainsworth from Bledsoe, Mrs. Don Hofman, and Joe Niewarner, both of Morton.

basket with any frequency. Stanton used a fast-breaking offense and jumped to a 21-12 lead after one period. It was 34-29 at halftime and 54 - 40 after three quarters.

Rusty Rowden netted 20 for the Indians, while Ray King added 12 and Dick Vandenham got 10. But Stanton's attack was even more balanced. Tommy Glyn had 19, Johnny Louder 18, Robert Haggard 17 and Larry Franklin 16. Another played added two points.

1967 farm planning program is slated

A program designed to benefit farmers in planning their 1967 farm program operations will be held Thursday, Jan. 26, at 2 p.m., in the auditorium of the county activities building, says Homer E. Thompson, Cochran County Agent.

Speakers for the program will include four specialists who will have 30 min. each for their presentation, following which will be a question and answer session. The speakers include Elmer Hudspeth, USDA Engineer, Chemical Wood Control; Dr. Bob Berry, District Plant Pathologist, Plant Disease Control; Jim Valentine, District Soil Scientist, Fertilizers; and Bill Lyle, District Irrigation Specialist, Cotton Irrigation.

Mr. and Mrs. Amos Taylor were in Dallas last week for the spring furniture market. On their return home, they went by way of Frederick, Okla., and visited with Mr. and Mrs. Roy Amyx. Mrs. Amyx and Mrs. Taylor are sisters.

Mrs. Elsie Follock and Mark, daughter of the John Coopers, was here recently for a visit. Mrs. Follock is from San Diego, Calif. They also had a son home recently, Mr. and Mrs. W. C. Cooper and family, of Shreveport, La. Also a grandson and his wife, Mr. and Mrs. Jerry Lee Cooper of Amarillo, another grandson, Mr. and Mrs. Mikel Holland of Lubbock, and a son, Mr. and Mrs. J. R. Cooper and family of Morton.

GRASS FIRE

A grass fire about noon Friday in Strickland lake briefly threatened fences along the alley east of the lake, but did no damage to them. The fire burned off about half of the vegetation on the lake.

Brisk winds blew the flames east toward the fences before firemen and a road maintainer cleared a fire lane down the alley, preventing the fire from spreading. No estimate of the damage to the grass was given.

Hobby club meets in members home

The Friendly Circle Hobby Club met in the home of Mrs. Pete Pierce on Friday, Jan. 20. Mrs. Elmer Gardner presided over the business meeting. Mrs. Pierce read the minutes of the last all day meeting and gave a report of the Christmas party. A trip to Gristown was planned in the near future. Also an all day field trip to Lubbock, hobby shops, and/or the Tech Museum on Feb. 28.

Husbands of the members will be honored guests at a "Sweetheart" supper on Feb. 14 in the home of Mr. and Mrs. Elmer Gardner.

Mrs. Weldon Wynn gave a demonstration on "antiquing" pictures. The club plans to make them in a future meeting.

Members presented were Mesdames: E. Gardner, Pete Pierce, Horace Gardner, and L. Z. Scoggin.

The next meeting will be a social at the Elmer Gardens, Feb. 14, at 7:30 p.m.

Mrs. Gene Carruth of Amarillo was down for the weekend to see her parents, Mr. and Mrs. Oscar Coats. She also got to see her sister and family, Mr. and Mrs. Lewis Hodge and family.

Jan. 24, is Mr. and Mrs. John F. Cooper, Sr.'s 32nd wedding anniversary. Congratulations to you both!

Mrs. Sharp's great-grandfather dies

Mr. and Mrs. Jerrell Sharp and family attended the funeral of her great-grandfather, T. D. Harvey, 91, Sunday, Jan. 22. Harvey passed away Jan. 20. He passed away in the Decatur Nursing Home where he had been staying. The funeral was held at Newark Church of Christ in Newark. Eight of his grandsons were pall bearers. He was buried at Dido Cemetery in Wise County.

Surviving are six children, grandchildren, 45 great-grandchildren, and 1 great-great-grandchild.

Five generations . . .

SHOWN IN THE picture are from left to right; Mrs. W. Gray of Denison, Mrs. W. H. Hard of Bonham, Mrs. Jenny Sharp of Morton, Sunilynn Gray of Garland, Penny, Greg, Dorell, and Tracy Sharp all of Morton. T. D. Harvey is in the center. The picture was made during the Christmas holidays. This picture represents five generations.

Swingin' Teens to hold graduation

The Swingin' Teens square dance club will hold its graduation dance Saturday, Feb. 4, in the County Activity Building. There will be no admission charge and the public is cordially invited to attend. At their last dance, the club presented a check for \$5 to the local March of Dimes campaign.

FIFTIETH ANNIVERSARY

Mr. and Mrs. L. W. Bills celebrated their 50th wedding anniversary with an open house at Whiteface Elementary School auditorium recently. Their five sons, Leon of Odessa, Ernest of Calif., Elbert of Lubbock, Charles of Spur, and S. J. of Wills, were at the door with their wives to greet the more than 150 guests. The daughters-in-law served a refreshment table while the children opened and displayed gifts the Bills received.

Even the ash tray rides smoother in Chevrolets

When you're down at your dealer's trying out a new Chevrolet, be sure you pull out the ash tray. Notice how nice and easy it glides, never hanging up or even scraping. The reason is, it rides on ball bearings. Four shiny little ball bearings. (Take the tray all the way out and you'll see them.) You say you don't even smoke? Then look at it this way. That ash tray is a symbol of the way we make cars: Paying extra attention to the little things as well as the big ones, as a way of making extra sure your '67 Chevrolet gives you

that sure feeling

Announce honor roll for Three Way students

Following is the Three Way Honor Roll for the third period. Honors signify average from 82.5 to 92.5. High marks from 92.5 and up.

First Grade: Honors, Mark Lonna Bailey, Bill Hodnett, Jose Vidar, Etta Warren, Etta Warren.

Second Grade: Honors, James Cordeiro, Doraie Nicolson, Mary Ann Perez, Andy Warren.

Third Grade: Honors, David Gomez, Ricky Lee, Margarita Debra Gilliam.

Fourth Grade: Honors, Ronnie Johnson, Danette Lane.

Fifth Grade: Honors, Terry Joe Kindle, Ellis Grimes, Warren, Kandy Sowder, Rena Warren.

★ Installation

Installation of Rainbows will be held Saturday, Jan. 28, at 7:00 p.m. in the Masonic Hall. Frankie Jackson, daughter of Mr. and Mrs. Lovell Jackson, will be installed as Worthy Advisor of the Order of the Rainbow for Girls. The public is invited to attend.

Study Club has breakfast meeting

The Y-M Study Club met Saturday, Jan. 21, at 9:00 a.m. for a "Come As You Are" breakfast in the home of Mrs. Max Clark. Assisting Mrs. Clark were Mrs. Billy Weems, Mrs. Deryl Bennett and Mrs. Ray Lanier.

Breakfast, served from a buffet table, consisted of a fruit cup, bacon, rolls and coffee.

Mrs. Kenneth Mc-Master, president, presided at the business meeting following the breakfast. Thank-you notes were read and a letter from Mrs. Seay asking that the club endorse a bill sponsoring a safety drive. Members were asked to write our representative and tell him of our backing. A letter was written and members present signed it. The members voted to accept associate members, consisting of past members who feel they can no longer meet the requirements of full memberships. The business session was then closed and the meeting adjourned.

The next meeting will be a Valentine supper on February 2, honoring the husbands.

Those present were: Mesdames Richard Biggs, Leonard Groves, George Hargrove, Robbie Key, Ray Lanier, Dexter Nebhut, Pete Pierce, Francis Shiffert, David Stowe, Fred Weaver and Don Davis.

News items from Bledsoe

By LYNDIA THOMS

Bledsoe school got five new students in the elementary grades: Robert Hinojosa, 6th grade; Romando and Gilbert Hinojosa, 2nd grade; Shirley Shelton, 4th grade; and Nita Gilliam, 1st grade. The High School gained one student: Neva Gilliam, 11th grade.

The Seniors completed and sent off 35 pages of the annual last Friday, barely meeting the deadline. The next set date for the rest of the annual is February 22.

The Bledsoe School Board members met Monday night for their monthly meeting.

Last Wednesday Mark Thoms had an accident in P.E. class. He was hit with a bar-bell and had to have two stitches at the top of his nose.

The Bledsoe Antelopes have two games scheduled for this week. One conference game with Pep and the other with Causey, at Causey, Friday night. The game with Pep will be held at Bledsoe, Tuesday night.

The Bledsoe Antelopes won two games last Friday night against Whitharrel. The girls won first, 33-31, in a close game. At the half of that game, the score was 16-12, BHS girls ahead. They stayed ahead the rest of the game with the WHS girls trailing close behind.

In the last quarter two of the main forwards on BHS team fouled off, but the substitutes did a good job of replacing them. The BHS girls won the game in the last few seconds with the ball on the WHS end of the court ready to be shot. The scorers on the BHS team were Linda Brown with 16 points, Lynda Thoms with 10, and Barbi Bowley with 7.

The boys game was not so close, with the score 59-30. They held Whitharrel down and won an easy game, sending the B team in the

last part of the game. The high scorer for Bledsoe was Benny Rawls, who made 20 points. Winning these two games gives both the girls and boys teams good standings in the second half of the Round-Robin play.

Mr. and Mrs. W. M. Harryman of Yorktown, spent last week with daughters, Mrs. Arlee Barnard of Lubbock, and Mrs. Orville Tilger of Morton. Mr. Harryman is a former resident of Morton.

Mr. and Mrs. G. G. Nesbitt, accompanied by Mrs. Louise Talley and sons, spent the weekend in Hereford, visiting Mrs. Nesbitt's brother and two of Mr. Nesbitt's sisters.

Mr. and Mrs. Don Davies, Diana, and Donna will be living in Amarillo for two months while O. B. Redman, Mrs. Davies father, is recovering from a cataract operation. Davies will take over Redman's job as rural carrier while the latter is recuperating.

Junior Garden Club has planted tree

The Merry Goals Junior Garden Club met Jan. 17, at Morton Memorial Hospital to plant a tree in observance of Arbor Day. Mrs. J. L. Schooler, adult chairman for the organization, and a member of Cochran County Garden Club, presented the program.

Refreshments were served to Pam Cagle, Elizabeth Deavours, Chrissy Sanders, Susan Schooler, Wyn Crone, Earlene Evans, Kathy McGehee, Melody Crone, Schelle Key, and Julie Brown.

Mr. and Mrs. Everal Spencer attended the funeral of his brother-in-law, Ray Stoneman, at Carrizo, N.M.

Mr. and Mrs. Earl Miller of Dimmitt and the George Wades of Heavener, Okla., visited with the G. G. Nesbitts and the Warren Wares Friday.

Cochran County Saddle Club has regular meeting

The Cochran County 4-H Saddle Club held their regular meeting on Saturday, Jan. 21 in the Farm Bureau Building in Morton. The club will sell Old Signal Flares in the interest of Highway Safety and also as a money making project. These flares have many uses and are especially needed by anyone who may be on the road at night. They will sell for \$1.25 a box and there are three to the box. These will be on sale as soon as they are received.

The club voted to have a three day trail ride this summer at Pal Dura Canyon, near Amarillo. They will also have an overnight campout and ride at the Yellow-house Ranch near Littlefield sometime this summer.

Mrs. Charles Palmer gave the program on insurance for this year. She explained what it would cover and its importance to the members. The club voted to pay two dollars per member, per year, instead of the one dollar they have been paying in the past.

The American Quarter Horse Association in Amarillo, has reserved six of these films for the Saddle Club to show during 1967. The first of these films will be shown on Feb. 18 at the Farm Bureau Building by Mr. Homer Thompson. It is Quarter Horses in Action, and is a forty-two minute color film. It shows horses cutting, roping, reining, and at halter. It also depicts the correct and incorrect way to show Quarter Horses. Anyone may come see these films and there is no charge.

After the business meeting a playday was held at the local rodeo grounds. Three events were run and the winners were: Reining: Srs.: first, Lynn French; second, W. C. Dawson; Juniors: first, Jerry Dawson; second, Sammy Burnett; third, Jimmy Jones; fourth, Morton Smith; PeeWees: first, Ricky Hill; second, Kenneth Jones; third, Stanley Roberts and fourth, Ronnie Hill.

There were 38 members and leaders present.

Candy is made by 4-H Club members

The Busy Bakers 4-H Club members met in the home of Mrs. Bobby Adams, their leader, to prepare divinity, million dollar fudge, chocolate chip cookies, and brownies to be donated to the March of Dimes Cake-a-thon held last Saturday. The girls rode the bus home with Debra Kay and enjoyed a snack together Friday afternoon before they began working on their projects. Two other mothers, Virginia Reeder and Lattie Smith, helped Marie Adams "keep an eye on things" as the girls prepared the candy and cookies. Attending the extra 4-H meeting were: Mary Marina, Susan Rowden, Cynthia Joras, Emlea Smith, Cassandra Reeder, Rhonda Bland, Doris Beseda, Joyce Easley, Linda Adams, Debra Adams, and Sandra Akin, whose mother, Betty Akin, helped to take the girls back to town. Other guests were Mary Smith and Mike Reeder.

Mr. and Mrs. Earl Miller of Dimmitt and the George Wades of Heavener, Okla., visited with the G. G. Nesbitts and the Warren Wares Friday.

Mr. and Mrs. G. G. Nesbitt, accompanied by Mrs. Louise Talley and sons, spent the weekend in Hereford, visiting Mrs. Nesbitt's brother and two of Mr. Nesbitt's sisters.

Mr. and Mrs. Don Davies, Diana, and Donna will be living in Amarillo for two months while O. B. Redman, Mrs. Davies father, is recovering from a cataract operation. Davies will take over Redman's job as rural carrier while the latter is recuperating.

Mr. and Mrs. Everal Spencer attended the funeral of his brother-in-law, Ray Stoneman, at Carrizo, N.M.

Whiteface Study Club holds meet

The regular meeting of the Whiteface Study Club was called to order by the Vice President, Mrs. Don Price, in the absence of Mrs. J. A. Allen. The roll call was a "Favorite Artist or Painting."

In a short business meeting Mrs. Cunningham reminded members of the report committee that their reports are due Feb. 2.

The program was presented by Mrs. Don Stroud, an art instructor from South Plains College, and two students, Donnie Hunt and Charles Wilson. They presented a program on choosing paintings for the home and demonstrated how to do a watercolor painting. Mr. Stroud stated these points to consider when choosing paintings for your home: 1. Go look at the art gallery with an open mind; 2. Have no preconception of what you want; 3. Buy what appeals to you, rather than what matches your furniture, for lasting enjoyment through the

years. The boys painted several selections using different techniques in watercolor.

The program was enjoyed by one guest, Mrs. E. J. French, Jr., and these members: Messrs. Don Price, Fred Moseley, Vern Beebe, James Cunningham, John Fietz, Rex Black, Billy Wall, Jack French, Wendall Dunlap, E. E. Jennings, Dewayne Smith, Carl Ward, Keith Harrison, Ralph Peters, Dale Read, S. J. Bills, Glen Lucas, Elmer Evans, and Marvin Kuehler.

Mr. and Mrs. Jimmy Burt and family moved to Blyth, Calif., this past week. Was sorry to see them go but sometimes these things happen.

Mr. and Mrs. Edgar Walters of Wilcox, Ariz., were here over the weekend, to see Mrs. Walters parents, Dr. and Mrs. D. T. Jordan. She also saw her sister and family the Roy Turneys.

Thru the telescope by Luck

Weather forecasts call for a return to winter the rest of this week, but only slim chances are held out for any moisture in this area. It has been more like fall or spring than winter the past few days, and I guess that's the next best thing to getting some good winter snows and rain.

It's almost time for the annual junior livestock show in Morton and Owen Young has his FFA boys working hard getting their animals ready. I was started to hear one of the Future Farmers, Ronnie Ainsup, comment, "guess I'd better go out and exercise my sheep." I thought sheep took care of their own physical fitness, but had never thought that the show animals are pretty well confined to pens and probably need some extra exercise. I wonder if Jack Latane or Bonnie Prudome has ever considered a training program to prevent flabby sheep?

Morton will host Denver City in a basketball game that is always interesting and hard-fought. The Indians and the Mustangs clash here at 8 p.m. Friday, the Mustangs are improving and are capable of knocking out some of the top teams in the district. Prior to the varsity clash, the B teams will square off. Morton's B team will be trying to get another win-streak going. The youngsters were in straight before stumping at Stanton Tuesday night. Next Tuesday, Morton will begin the second-half of district action at home against Friendship.

With colder weather on the way, a good means of warming-up will be available Friday night from 5-7 p.m. The Morton Athletic Boosters will sponsor a chili supper in the school cafeteria. Murray Crone will be chief cook and promises a fine-tasting meal for only one buck. Tickets are on sale now — just ask any Booster — or may be purchased at the door. Buddy Franks and I have applied for a reassignment of job for this chili supper. Last fall, we were delegated to a chopping board, handed knives and told to peel and dice about 50 pounds of onions. I thought if I did a sorry job, Murray might reassign me. But I found out there's not much way to goof-up on chopping onions. Rusty Reeder's job for the last feed was just slightly better . . . he got to chop up the garlic cloves. His suggestion that garlic salt would be a lot easier was overruled.

The Boosters also have scheduled an appearance of the Harlem Road Kings in Morton on Monday, Feb. 20. Advance tickets will go on sale soon at a reduced price from the regular cost at the door. Opposing them will be a group of hot-shot basketball players from Morton, who have been sneaking in a lot of practice time.

We've heard a lot of comments lately about Sam Kelly's fine hot-house tomatoes. He is marketing them in Morton and Lubbock. One grocery chain in Lubbock has agreed to take all he can produce, but he is taking care of his local market first. Byron Willis was talking about them Tuesday and said he wished that Sam would plant just one watermelon vine along with his tomatoes. We don't know much about tomato production, but we can think of a lot of folks who would pay a premium for a ripe, juicy watermelon during the winter.

The latest word we have is that Hawkins Oldsmobile will not sell at this time. Negotiations have been underway for more than a year, but apparently all dealing has ended and there will be no charge in ownership.

Orville Tilger is starting on his 18th year as operator of Piggly Wiggly here. He had a good response last week to his 17th anniversary event. And Earl Stowe is about to get settled down after his new owner sale at Truett's, which he purchased from Mrs. Truett McCouston. And response to the annual January clearance sales at the department and spe-

cialty stores seemed to be extra good this year.

Golf and tennis teams were organized at Morton High School this week. Ted Whillock will be coaching the golf team after he winds up the varsity basketball season. Coaches Fred Weaver, Lane Tannehill and Robert Taylor will be supervising the track program. The tennis players will be pretty much on their own, which makes it tough to send them up against such schools as Denver City, where their coach began his workouts last October.

Don't forget the Talent Show that will be staged Saturday, Jan. 28, at 7:30 p.m. in the county auditorium. This is a show that has been planned and rehearsed by the students, who are trying to raise money for a youth center here. Tickets are 75 cents for adults and 50 cents for students. You'll come!

We attended a West Texas Chamber of Commerce meeting in Tulsa last week and heard some interesting talks and reports. A group from Morton and Whiteface attended a similar meeting in Lamesa. Reports on these meetings will be given next week.

Same as people, sheep need their exercise. But we'd feel rather funny, trying to get them to heed advice to touch fingers to toes to reduce their tummy!

March of Dimes campaign figures

Donations to the local March of Dimes campaign have neared \$950 as a result of various fund raising projects.

Bringing in the largest single amount of money to the campaign was the KRAN Cake-a-thon and a Saturday afternoon talent contest. Together they turned in \$517.76.

The Boy Scout roadblock netted \$134.67, the Town and Country Study Club Coffee, \$71.05; Kate's Coffee day, \$27.75; Wig Wam's coffee day, \$28.10; and Ann's coffee day, \$9.51.

Auctioneer for the Cake-a-thon was Dean Weatherly, while Buck Tyson was the emcee for the talent show. Winners of the talent contest included The Brownlow's, first place; Terry Sue Newman, second place; and Mrs. Bill Werner, third.

The J. A. Wooleys, Faye Collins and La Nita Anglin attended the all region band concert held in the Coronado High School in Lubbock Saturday night.

News from Three-way

By MRS. H. W. GARVIN
Mr. and Mrs. Bill Dubree and Mr. and Mrs. Frank Fines spent the weekend visiting in Marble Falls with relatives.

Mr. Jack Hutchison is a patient in Green Memorial Hospital in Muleshoe.

Mrs. Troy Tyson of Morton spent Friday night in the George Tyson home. Her husband Troy, is in Viet Nam.

Mrs. Bob Dupler and daughter from Earth spent a few days in the Bill Dupler home.

Mr. Buck Ragsdale was a medical patient in Green Memorial Hospital the past week.

Mr. E. T. Battiest was a patient in Green Memorial Hospital this past week.

Mrs. Kenneth Fox and children were in Lubbock Wednesday, shopping. Monday night Jan. 16, Three Way Junior High played Whitharrel at Whitharrel. Three Way girls lost by 20 to 45. The boys had 24 to Whitharrel's 22. Friday night, Three Way seniors played at Bula. The scores were Three Way girls 39, Bula 73. Three Way boys 73 to Bula's 36.

Mrs. Johnnie Wheeler attended church at First Baptist Church in Muleshoe, Sunday.

Mr. and Mrs. Tommy and children from Lubbock and Mrs. Troy Tyson of Morton spent Saturday night in the Tyson home. Sunday, Mrs. D. A. Williams and Mrs. Sudan, visited the Tyson home.

A fellow's time is like it won't do him any good not invested in something.

Marathon BRIDGE Tournament

Sponsored by L'Allegro Study Club

Rules for the tournament are:

1. Entry fee is \$1 per person each round of play.
2. Each round of play will be in foursomes.
3. Entries must be in by February 5. First round may be played anytime from February 6 through February 19. Second round from February 20 to March 5; third round from March 6 to March 19. Fourth and final round will be held March 31 at the County Activities building banquet room. First three rounds may be played at a time and place the foursome agrees.
4. Partners must enter together and remain partners throughout the tournament.
5. Players will be notified as to their foursome for each round.
6. Each round of play will consist of 20 bids. Add score after every fourth hand. Scoring will be by party bridge rules: 300 for first game, 500 for each subsequent game. Scores and \$1 fee will be turned in at the end of each round.
7. One bid will be played.
8. In the event of illness or disability of one partner, another person not previously entered in the tournament may substitute.
9. Enjoy your bridge, but please abide by bridge etiquette.

Proceeds will be used for Cochran County Historical Museum and Girlstown U.S.A.

1936 Study Club meets in the home of Mrs. Harold Reynolds

The 1936 Study Club met in the home of Mrs. Harold Reynolds on Wednesday, Jan. 18. Mrs. L. F. Hargrove led the members in reading the club collect, written by Mary Stewart.

The president, Mrs. Glen Thompson, presided over the business session. The members voted to participate in KRAN Radio Study Club programs being planned and also to participate in the March of Dimes auction on Saturday. Also the members were reminded to write Representative Jesse T. George to endorse the Governors Seven Point Traffic Safety Program.

Mrs. Gage Knox explained the Hallmark Art Contest which is sponsored by the State Federation. The members voted to sponsor Miss Kay Fincannon, a local high school student, as an entry in the contest.

Mrs. Joe Gibson, program chairman, introduced the speaker, Mrs. H. B. King, who reviewed a comprehensible anthology titled "Christ and the Fine Arts" by Cynthia Pearl Maus.

Mrs. Maus particularly fitted herself to prepare this collection of art, songs, poems, prose and pray-

ers in the Life of Christ, by taking the time, beginning in 1932, to make an unhurried study of the Life of Christ as He is portrayed by the Four Major Fine Arts: Pictures, Poetry, Music and Stories.

This anthology, which Miss Maus directed to both youth and adults, is therefore dedicated to those who, through the Fine Arts wish to see, to feel and to discover with the eyes of the spirit, the Christ of the Centuries, the Friend of the Comrade, the Consoler of men down through the ages.

The purpose of the Fine Arts is to help us to see, to feel and to appreciate the world in which we live. They are concerned, not with prosaic facts, but with the poetic joy of discovering beauty wherever it may be found. In the landscape, the sea, the sky, the human soul and many other sources, the fine arts discover and picture for those of us who would otherwise be inarticulate, the love, the light, the beauty of God so richly incarnate in Jesus Christ.

Mrs. King discussed using pictures in teaching religion and expressed the thought that never was there a time when the educational

value of great religious art was more generally recognized than it is today. Mrs. King displayed and discussed several of the great masterpieces of art, depicting different times and phases of Christ life.

In discussing poetry written concerning Christ, Mrs. King quoted Dr. Theodore Soares book "Finding God through the Beautiful" as follows: Poetry is thought, sometimes philosophy, sometimes argument, but always emotion. So poetry belongs to those realms of life where we feel most deeply. The most beautiful poems ever written have been concerning Christ and His love toward humanity.

On the realm of music, Mrs. King pointed out that Christianity is the religion of spiritual song. Hebrew psalmody and Christian hymnology have served as wings to bear the gospel for and wide over the earth.

The art of stories in teaching religious truth was emphasized by Miss Maus in her book. In illustrating this, Mrs. King told the story of Mary and Martha as found in the Bible.

In closing Mrs. King declared that "More poems have been written, more stories told, more pictures painted and more songs sung about Christ than any other person in human history, because through such avenues as these the deepest appreciation and love of the human heart can be more adequately expressed."

Members present were: Mesdames W. C. Benham, Cyrus W. Fields, Joe Gipson, L. F. Hargrove, H. B. King, Gage Knox, M. C. Ledbetter, Joe Nicewarner, Neal Rose, H. R. Ramp, Hume Russell, James St. Clair, Glenn Thompson, Kenneth Thompson, Paul Davis and the hostess, Mrs. Harold Reynolds.

The next meeting will be held in the home of Mrs. L. F. Hargrove on Wednesday, Jan. 1, Mrs. Cyrus Fields will speak on the "Literary Impact of William Shakespeare."

Book presentation heard by GA group

The Intermediate GA's of the First Baptist Church met Sunday night, Jan. 22. The meeting was called to order by Gorietta Gray, president. A song was led by Marilyn Cade. Then Charlotte Jones read the prayer calendar. The mission book "Safari North" was presented to the group. The first, second, and third chapters of the book were given by Karen Fred-

Cindy Guimais, and Charlotte Jones. The meeting was closed with a prayer. Other members present were: Lana Smith, Terry Shifflett, Diara Avery, Meiba Townsend, Karen Rozell, Diane McCasland, Vickie Goodman, Peggy Thomas, Regina Butler, Janice Hall, Sue Winder, Troneff Hill and Effice Thomas, *conductor*.

Turned bowls...

AS THEIR PROJECT in Vocational Agriculture III, these four boys elected to make bowls formed from laminated pieces of wood which were then turned on a lathe. The boys are Mick-

ey Patterson, Charles Woods, Ronnie Bell, and Jimmy Gunnels. The material in the bowls cost from \$2.50 to \$5, depending on the wood used. (Staff photo)

Club has program on conservation

Busy Fingers Sewing Club met Thursday, Jan. 19, at 2:30, in the home of Mrs. Rolly Hill.

Mrs. S. C. Williams presented the program on "The Farmer and Water Conservation" after which she concluded with a solo "Home on the Range".

Mrs. W. E. Childs brought a poem on "Fellowship". Refreshments were served to Mesdames Willie Fred, Henry Bedwell, Bessie Angley, C. B. Newton, W. E. Childs, S. C. Williams, Pete Lindsey, and Mrs. C. B. Markham of Lubbock.

Mr. Farmer:
 Mr. Rancher:

The next meeting will be Feb. 1 in the home of Mrs. Vernon Blackley.

Study club talks of bridge marathon

The L'Allegro Study Club held its regular meeting in the home of Mrs. B. R. McGehee at 8 p.m. Thursday, Jan. 19.

The evening was begun by a prayer led by Mrs. Bud Thomas. Mrs. H. B. Barker gave a report on Conservation which was a statement originally made by the late John F. Kennedy.

The program was given by Mrs. Jack Wallace. Mrs. Bobby Travis, Mrs. Al Mullinax and Mrs. W. B. Merritt. Each spoke of her hobby which was sewing, flower arranging, knitting and furniture refinishing, respectively.

Mrs. Harold Drennan conducted the business meeting. Mrs. Barker, chairman of the finance committee, introduced plans for a bridge marathon. The marathon plans were discussed and voted on. Deadline for entries will be Feb. 5 and playing will begin Feb. 6 for the first round. Mrs. Merritt reminded the group that February is Heart and Blood Disease month and asked the club to participate in the drive. Plans were discussed for a game night and were tabled until the next regular meeting.

The club voted to make a monetary donation to the March of Dimes drive, currently being held.

Members answering roll call were Mesdames, H. B. Barker, Harold Drennan, James McClure, B. R. McGehee, W. B. McSpadden, W. B. Merritt, Al Mullinax, J. C. Reynolds, Tom Rowden, M. A. Silvers, Bud Thomas, Bobby Travis, and Jack Wallace.

Club has meeting in home of member

The Modern Mothers Home Demonstration Club met Thursday evening, Jan. 19, in the home of Mrs. J. A. Woolley. Members present were Mesdames Thomas Lynch, Arnold Lamb, Carl Ray, J. A. Woolley, and Donnie Baker. Absent were Mrs. Royce Hanna and Mrs. Doug Zuber.

Their roll call was "A picture of a Lamphade" that would look good in my home.

They discussed sending baby clothes to Morton Memorial Hospital for the newborn babies.

They voted to send Mrs. J. A. Woolley along with a representative from the other Home Demonstration Club to the Nursing Home to find out information on having some form of recreation for the old people in the home.

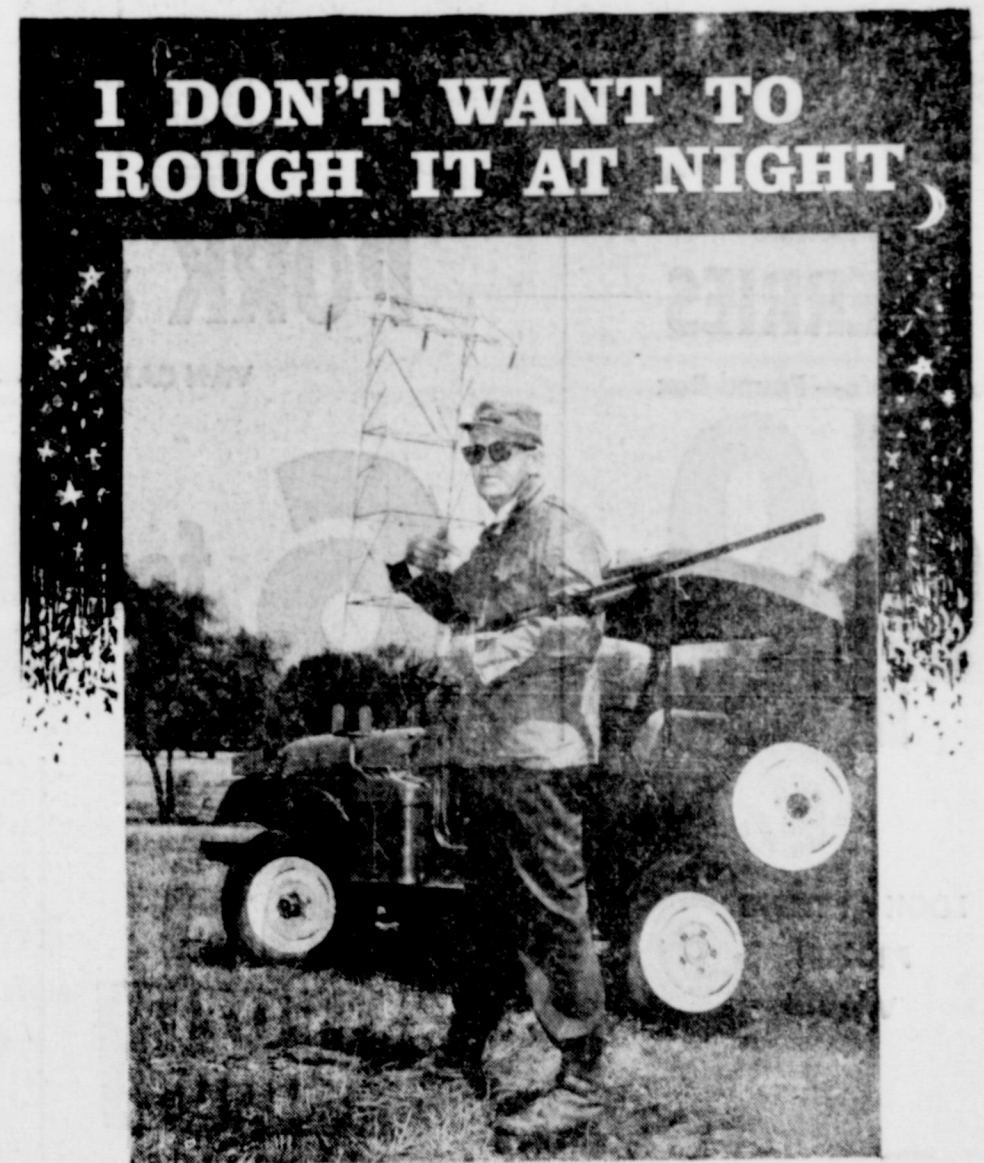

Under discussion was what to cook and serve to the Bailey County Electric Co-op. noon meal Feb. 3.

Mrs. J. A. Woolley gave the program on recovering lamphades and a demonstration on how it was done.

They had a report on the Council Meeting given by Mrs. Woolley. Meeting was adjourned and refreshments were served.

★ Demo lunch

The Women Democrats will have their regular meeting on Wednesday, Feb. 1. It will be a luncheon meeting at the Wig Wam at 12 noon. Leonard Groves, guest speaker, will give a talk on voter registration law.

I DON'T WANT TO ROUGH IT AT NIGHT

Not this fearless hunter. He's a tiger in the fields by day, but when evening comes, he wants "all electric" comfort and he won't settle for less. He lives in the city but he hunts in the "country". Electricity furnished by the BAILEY COUNTY ELECTRIC COOPERATIVE lets him enjoy all the comforts of home in his happy hunting grounds.

Whether it's a fishing camp, motel, hunting lodge or rural retreat, with rural electrification, he is certain to bag a world of comfort after the hunt.

BAILEY COUNTY ELECTRIC COOPERATIVE makes vacation areas more inviting while Helping Texas Grow.

DON'T SEND THEM AWAY

... let 'em work for us
a while longer

IT doesn't take a great MANY dollars to keep the wheels turning in a community like ours... but it does take dollars that are CIRCULATING in the local trade channels.

A GONE DOLLAR... gone to some other trade area... does not merely cost us \$1 of lost trade volume... instead, we lose the UNTOLD value of that

dollar's continued activity in our midst.

FOR every time a dollar turns over again in this community, it gives us another lift toward better job and business opportunities for all of us... better school, church, and other civic facilities... and more fine people as friends and neighbors and co-workers.

WE can get far more from every one of our dollars... in material and social benefits... if we keep them at home where they can work for us... instead of sending them away to start working for somebody else.

If we'll let them stick around longer, we can get a lot more work out of our dollars.

MORTON, TEXAS, THURSDAY, JANUARY 25, 1967

Favorable industrial climate and what industry contributes

This week, we want to present some facts developed and expounded upon by Joe Synar, southern regional manager of relations services for General Electric Company in Dallas. In his statements, Synar outlines what industry needs to grow and provide job opportunities.

First, he asks, "Why attempt to attract industry?" The problem of the slower moving communities is to maintain the vigor of their economies so that the quality of their social, cultural and political life will not decline for lack of a sound economic base.

Perhaps the most significant reason is what industry means to the economy of a community. This is best expressed by a study of nine representative counties. Here's what 100 new factory jobs mean to a community:

- 295 MORE PEOPLE
- 112 MORE HOUSEHOLDS
- \$600,000 MORE INCOME PER YEAR
- \$270,000 MORE BANK DEPOSITS
- 107 MORE CARS REGISTERED
- 174 MORE WORKERS EMPLOYED
- 4 MORE RETAIL ESTABLISHMENTS
- \$360,000 MORE RETAIL SALES

When you stop to think that gross farm income accounts for about 10 per cent of the total national income, you can see why so many hundreds of communities that once could depend almost entirely upon agriculture for their economic base are now in need of the kind of economic support that factory jobs and other industrial employment can give them.

WHERE WILL INDUSTRY LOCATE?

The question now is where will new industry locate? Where will it expand? It's important to point out that the old yardsticks for plant location are hardly adequate in today's economy.

Formerly companies investigated plant sites from the standpoint of the orthodox criteria; viz, accessibility to key markets for their products, availability of raw material, size and quality of labor supply, cost and adequacy of electric power and water, transportation facilities, availability of land and land options, etc.

These are still most important, and companies seeking new plant sites must assure themselves of their availability.

But there's something vastly more basic that we look for.

All other things being equal, we are only interested in communities that either have a good business climate or in communities that are doing something about improving or maintaining good business climate.

Now what kind of business climate will attract and hold good employers? Is it a climate in which the participants in business are favored at the expense of other members of the community?

Not at all! The kind of climate that companies like General Electric look for, when they are trying to determine a new plant location, is one that contains those very elements that most thoughtful people in a community want for themselves and their families.

Simply stated, business climate is the net result of all outside conditions (social, economic and political) which enable a business to operate in the balanced best interests of customers, share owners, employees, suppliers and community neighbors—in other words, in the interest of all the people in a community, area or state.

GOOD BUSINESS CLIMATE EFFORTS

Join with other businessmen in organizing and developing a better climate for business within your own local community.

Leadership is the most critical factor needed today in developing community-wide programs to improve the business climate.

The third type of business climate work that we believe each businessman and each company must do is this: we must study and then speak out on the current political issues that are vital to business and the public interest, whether or not they are controversial.

By "speak out", I mean spoken and written communications, through all media, to employees, share owners, customers, other businessmen, and community neighbors. Our opinions and the pertinent facts must be made known not only to our representatives in government, but also to the voters to whom they look for political support.

Today, many Americans do not understand how the business system works, and only a few can see how the political issues of the day will affect their lives and the lives of their families and their pocketbooks.

The businessman knows more about the way our business system operates right now than he needs to know in order to be a useful citizen. What he doesn't have enough of is the courage to tell others what he knows in an effective manner. More support for groups and individuals already laboring in this area is needed.

COW POKES

By Ace Reid

"Jake, you can move in without fixin' the roof, 'cause if it ever rained here, this place wouldn't be for sale!"

VIEWS . . . of other editors

A revealing poll

In 1952 and again in 1966, a Gallup Poll, sponsored by the Catholic Digest, asked Americans whether they thought public taxes should be used to support religious schools as well as public. Prefacing the question was the statement, "People who send their children to religious schools pay taxes for the support of the public schools, as well as paying for the support of the religious schools."

The findings are revealing. Protestant totals remained virtually unchanged with 56 percent against using public taxes to aid religious schools. Jewish opinion against such aid shot up from 48 to 74 percent, while Roman Catholic opinion in favor of such aid dropped from 63 to 35 percent over the 14-year period.

Because of the relatively large Protestant population, the overall increase of those opposing the use of tax monies for this aid was slight. But it is significant that there was this apparent over-all increase in public opposition over a period when both state and federal governments have more and more tended to include private religious schools in a variety of aid programs.

Given the continued strong public sentiment against such aid — a sentiment which this Catholic Digest poll indicates is actually growing — it seems all the more fitting that the Supreme Court of the United States soon accept a test case and decide the constitutionality of one or another of the programs in which government funds are proffered for religious school education. Legislators, too, might want to ask themselves a little more insistently whether such use of tax revenues is truly in the public interest.

Christian Science Monitor

Look Again at SST

Now that the design specifications for the SST — supersonic transport plane — have been presented, it may be time to reconsider the desirability of a military adaptation of such an aircraft.

The idea of a military SST, to be used either as a transport, tanker or bomber, has been tumbled down in congressional committee after receiving a cold shoulder from the armed forces. But the inference of the military was not without reason. It was based on evaluation studies that did not take into consideration the range, capacity and speed of the SST as conceived in the Boeing, winner of the design competition for the commercial plane, and the losing Lockheed entry.

In this premature assessment, the military was justified in rejecting the SST on "cost-effectiveness" grounds. It probably would not have paid for itself in terms of military value received. But the emerging design evokes an entirely different picture.

As a long-range heavy bomber to replace the Air Force's aging fleet of B52s, an SST modified for the purpose could carry a bigger bomb load faster and farther than any aircraft ever designed. It would compare with other aircraft in the same manner as a troop transport or tanker.

Proponents of a military version doubtless are right in stating that it is ridiculous to say the technology flowing from the SST development program, heavily financed from public funds, could not be adapted for military use. And they would seem equally correct in contending it should be.

As Sen. A. S. Monroney of Oklahoma, chairman of the Senate aviation subcommittee put it, "the U.S. in the 1970s will be transporting passengers, lobsters, and even bananas at Mach 3 (three times

the speed of sound), while our bombers will be limping along at Mach 1."

It stands to reason that no first-rate military power could allow such a situation to exist.

Fort Worth Star-Telegram

Wants Americans' Help?

North Viet Nam's President Ho Chi Minh has been quoted by Bill Baggs, editor of the Miami News, to the effect that he would welcome American soldiers in all of Vietnam if they came to help as technicians.

Presumably Ho would also welcome even more enthusiastically U.S. civilians who could assist as planners and technologists in agriculture and industry.

However, Ho knows perfectly well that he can have that help, plus economic aid, any time he wants it. The offer was made almost a year ago by President Johnson. Other Western countries would have every reason to join in co-operative economic development of all of Southeast Asia, not as "imperialists" but as business and cultural partners.

All Ho has to do is stop his attacks on South Vietnam and his attempts at subversion in Laos, Cambodia and Thailand. Yet he keeps talking about threats to North Vietnam's independence, although the U.S. Government repeatedly and elaborately has guaranteed that there is no such threat.

Meanwhile, the chairman of the Senate Foreign Relations Committee, J. William Fulbright, indicates that he failed to use the interim between Congresses to find out about the extent of the U.S. commitment. He is proceeding with new "inquiries" into the American position, with no sign that he understands that the matter has gone too far for the U.S. to abandon that position without a revision of position by the other side. He complains that Secretary of State Dean Rusk is unable to "satisfy" him, without apparent embarrassment over the fact that Mr. Rusk first is supposed to satisfy his Government and the American people.

Mr. Baggs reports that Ho is obviously well-informed about political and economic events in the U.S. If so, he must wonder why Senator Fulbright and friends ask so few questions about why North Vietnam refuses to join in peace talks.

Chances are good that Ho understands much better the view of Gen. Earle G. Wheeler, chairman of the Joint Chiefs of Staff. General Wheeler feels that the U.S. cannot apply the proper inspiration to North Vietnam to negotiate as long as U.S. policy-makers are so fearful of intervention by Red China.

Ho has been given a good hand, and he obviously intends to play it for all the chips.

Lubbock Avalanche-Journal

A. C. Powell

Every patriotic American citizen has been distressed over the traditional treatment of Negro Americans at least for the last half century . . . their humiliation caused by unreasonable segregation on public buses, in public auditoriums, theatres, and in a hundred other ways. There was a time when segregated schools might have been desirable immediately following the Civil War, not to satisfy bigoted whites but to better care for the needs of the underprivileged Negroes who needed additional help not so much needed by the whites. But that time has passed.

Every patriotic American citizen has rejoiced at the progress made in recent years which has corrected most of the wrongs of the

past. We all rejoice that Uncle Sam has guaranteed the Negro voting privileges, has clamped down on lynching, has given the Negro justice in the courts.

There is no need for additional civil rights legislation. If civil rights legislation already passed is enforced, there is nothing to keep the ambitious Negro youth from enjoying essentially the same rights available to an admitted thief, used the same old excuse for his behavior that has been used by juvenile troublemakers through the ages, "I may be guilty, but so-and-so did the same thing and got by with it."

Perhaps he is right, to a certain extent, in any white child. It has been proved in Tulsa that reasonable people will help the Negro youth to go just as far as he desires to go in occupying an honorable place in society.

Because of all the gains made by the American Negro, it is tragic to see several dark foibles typified by Stokely Carmichael and Adam Clayton Powell destroy much of the gains that have been made.

Carmichael and his ilk cannot destroy the legislation, but they can destroy the will of reasonable whites to make civil rights legislation work. Although we cannot withhold necessary legislation until everybody approves it, still legislation needs to have public support before it can be of maximum effectiveness. Carmichael is responsible for Lester Maddox being Georgia governor.

Powell and his followers last week set the Negro cause back at least 25 years. Friends of the Negro have long argued that the purpose of the civil rights legislation has not been to give the Negro privilege but justice. All white civil rights advocates asked was that the Negro be treated as any other Americans, that the law and society simply become color blind.

But Powell, Carmichael and their crowd made liars of us. But this happens every day. A motorist picked up for drunken driving could easily charge that somebody else drove while drunk and got by with it. That is no valid excuse.

As one Congressman said, "Powell would have been disciplined months ago had he not been a Negro."

Powell and his followers have every right to exercise the legitimate right of free speech. They have a right to disagree with Congress for its action and to criticize it. But they have no right to shout wildly before television cameras about their intention "to spit on Lyndon Johnson" and that the Congress of the United States "is composed of the worst bunch of hypocrites in the history of the world."

If they haven't violated civil law, they have violated the law of decency. They have proved to the world that they do not deserve treatment accorded the masses of American citizens just as Billie Sol Estes does not deserve the rights of Americans content to make an honest buck.

The unfortunate part of this whole affair is that the masses of Negro Americans do not approve of Powell's conduct. Yet they will suffer for it.

Tulsa Herald

The Old Timer

Highlights and Sidelights —

View House rule changes

AUSTIN, Tex. — Following views by Sam Wood, Capital Correspondent for the Austin American - Statesman and other publications of the Fontress group of Newspapers, Inc., present a very comprehensive picture of the rule change adopted by the Texas House of Representatives.

Here's what Mr. Wood a long time student of State government operations, has to say:

Speaker Ben Barnes, whose House lieutenants say he can have an unprecedented third term as speaker if he wants it, will leave his stamp on the Legislature for years to come even if he decides to seek greener pastures in the 1968 election year.

Under the rules change adopted by the House Wednesday, Barnes will name membership of the 25 permanent House committees at the close of the current session. Thereafter, except for the rules and House administration committees, future speakers will be limited to filling vacancies.

Normal attrition would take the Legislature through at least six and possibly eight regular sessions before the committee majorities appointed by Barnes would be dissipated.

The extensive rules changes sponsored by Speaker Barnes are one of a series of steps moving the Legislature toward a permanent status similar to that of Congress. Following will be proposed amendments to the Constitution authorizing annual sessions, higher annual salaries for members of the House and Senate, and substantial annual salaries for the speaker and lieutenant governor.

It can be expected that as the Legislature becomes more permanent in nature, after seniority on committees has been well established, and the annual salaries of lawmakers climb to higher brackets, the rate of turnover in the Texas House, now about one-third every two years, will be sharply reduced.

One of the reasons given by sponsors of the Texas House seniority system and permanent committees is to strengthen the prestige of legislators and help them in their campaigns for re-election. As a starter the seniority system is one of no actual benefit, but it establishes a trend toward the seniority system in Congress.

The rules change recommended by the speaker and unanimously adopted by the House after coaching from the senior interim committee which wrote them, kills off one theory that the best protection the citizenship has is the constant turnover in the Texas legislative halls. In the past there has been enough infusion of "new blood" — both conservative and liberal — to keep the floor and committee makeup free of perpetual domination by any one group or clique.

It may never happen — as argued by Speaker Barnes and Rep. DeWitt Hale, chairman of the rules change committee — but the new committee system offers the possibility that any one permanent committee with a permanent nucleus, perhaps majority, eventually can be controlled permanently by one philosophy, or to be blunt, by one lobby. This possibility, made almost impossible as a permanent thing by the shakeup of committees every two years, is now there, even though it may never happen.

The Legislature through its general investigation committees — although they have never proved themselves to be effective — has the right to extensive probing when a majority considers it necessary.

The new committee system is armed with witch hunting powers if future speakers and future legislators decide to make the most of the possibilities.

Again, the argument is that it never will happen. But the House rule changes make it possible.

When the Legislature is not in session the speaker has the authority to determine the times and places standing committees may meet, or he can delegate this authority to the committee.

The speaker can assign the subject.

Section 36 of the new rule says:

SQUARING OFF

"Each standing committee, shall have the power to issue process to witnesses at any place in the State of Texas, to compel their attendance, and to compel the production of all books, records, and instruments, and to issue attachments where necessary to obtain compliance with subpoenas or other process, all of which may be addressed to and served by either a sergeant-at-arms appointed by such contempt, and cause to be prosecuted for contempt, anyone disobeying the subpoenas or other

process lawfully issued by the manner provided by law.

This section is not taking a House investigation committee charged by resolution for a specific inquiry. It refers to future permanent committees of the House — 23 committees that can do Section 36 says they can do and although Barnes, Hale, say it never will happen, they issued an engraved invitation future politician in the house, with hunting on any scale desired.

Seven Texas counties each reported a fall deer harvest in excess of 10,000 head, according to the Texas Parks and Wildlife Department that set the estimated 1966 take at 271,599.

Round-up of deer harvest of 1966 estimates 271,599 animals taken

This is approximately 86 more than in 1965. The survey by game warden shows that 208 of the state's 254 counties yielded one deer or more and that the kill exceeded a deer in 18 counties.

It was a scant shoot in places since 15 counties were diked with a season's bag of one to five head.

The overall take in seven counties went into five figures. Llano County, kingpin of famed Hill Country big game range, again led all others with an estimated harvest of 3,500 deer.

Antlerless, shoot The bucks' breakdown was available but the substantial number of antlerless deer was reflected in figures provided on two heavily populated counties.

They were San Saba reporting an antlerless kill of 5,500 and Menard reporting 3,500. The turkey harvest was set at 18,410, up slightly from 1965's 17,433 counties represented.

Here's the way the top five counties were recorded in one showing a broad statewide representation:

- Llano, 20,000; Mason, 15,000; Medina, 14,500; Gillespie, 14,500; San Saba, 12,500; Kimble, 10,500; Sutton, 10,000; Bexar, 8,400; Blumington, 7,000; Travis, 7,000; Brewster, 4,100; Burnet, 4,000; Grimes, 4,000; Lavaca, 4,000; Llano, 4,000; Bandera, 3,600; Borden, 3,275; Real, 3,175; Palo Pinto, 100.

In addition to the guaranteed loans, the Veterans Administration has made 256,982 direct loans totaling \$2.3-billion. These loans are made in areas where local financing is not available.

Stratton advised veterans of World War II planning on utilizing this privilege guaranteed to them by Public Law not wait until the last minute before selecting their home, farm or business.

Loans are arranged for by the guarantor in most instances, but the guarantee can be used to purchase existing homes as well as new homes.

With less than eight months remaining for veterans to use their eligibility, Stratton said there had been an upsurge in veteran loan activity.

The July 25, 1967, deadline does

License tags to plug HemisFair

Texas passenger car license plates for 1968 will carry an invitation to visit San Antonio's HemisFair.

The Texas Highway Commission today directed that the slogan, "HEMISFAIR 68," be included on the 1968 license plates, scheduled to go into production soon.

HemisFair will begin a 6-month run on April 6, 1968. Government, industry and business leaders have joined in helping develop and promote the event, planned as a "fair of the Americas."

Recent estimates by independent research agencies indicate that almost 11 million persons will visit the extravaganza.

Only HemisFair and the recent World's Fair at Seattle have been granted official designation as international expositions in this decade. HemisFair was approved by the official international sanctioning body for world fairs. The Highway Commission in its

action today noted that the U.S. Congress has appropriated \$6.76 million for construction of a U.S. pavilion. The Texas Legislature has set aside \$4.5 million for a permanent Institute of Texan Cultures on the HemisFair site.

Foreign - nation exhibits in HemisFair will be official displays of the respective governments.

"The HemisFair will bring national and international recognition to Texas," the Commission order said. "A successful HemisFair will add millions of dollars to the Texas economy from out-of-state and foreign visitors."

The Highway Department already has made plans to devote one side of its 1968 Official State Highway Map to publicizing HemisFair.

The eight Tourist Information Bureaus operated at key highway gateways and in the rotunda of the Capitol in Austin by the Texas Highway Department are expected

to play host to many HemisFair visitors.

Three other Highway Department travel information facilities are expected to be in service during the half-year run of the position.

A new Tourist Information Bureau in Amarillo is expected to be in operation by the opening date.

Plans are well advanced for a new Tourist Information Bureau at Laredo, replacing an existing facility closed temporarily during the development of Interstate Highway 35.

Plans also are underway for a visitor center at the Judge Bean Museum at Langtry, operated by the Highway Department.

The Department's Travel Information Division is anticipating heavy additional requests for literature on Texas from prospective HemisFair visitors throughout the world.

7th wins tourney; 8th, frosh third; Muleshoe in sweep

Morton's seventh grade basketball team won first place in the Seagraves Invitational Tournament last weekend. The eighth grade and freshmen squads took third place in the same tourney.

On Monday night, the three squads hosted Muleshoe and dropped all three decisions.

In the first tournament game, the seventh grade edged past Brownfield, 18-16, in a defensive battle. Morton led 11-9 at halftime and both teams managed seven points in the second half. In the finals, the seventh grade blasted Tahoka 44-45 in its first round contest by Brownfield. In the third place game, Morton blasted Seagraves 44-37 after taking a 19-15 halftime lead.

The frosh ran into a powerhouse as they fell 24-48 before Brownfield in the first round. But Morton came back strong to nab third place by defeating Tahoka 40-27 as nine players got into the scoring column.

Morton's seventh grade became the 14th victim of the Muleshoe seventh grade here Monday night. The young Muleshoe won 33-32 after leading 17-12.

The eighth grade lost a close decision to Muleshoe, 21-22, after holding an 11-9 edge at halftime. A turnover of possession probably meant the game as Morton had a 21-20 going into the final minute but lost the ball and allowed Muleshoe to score.

Nor could the frosh fare any better as Muleshoe took a 41-31 win after leading 17-13 at halftime.

Billy Graham film to be shown here

Evangelist Billy Graham's feature-length dramatic film, "Shadow of the Boomerang," will have its Morton showing February 8 at 7:45 p.m. in the First Baptist Church of Morton.

Starring vivacious Georgia Lee and television's Buffalo Bill, Jr., Dick Jones, "Shadow of the Boomerang" is an outdoor action picture with all of the excitement and breath-taking scope of the land, "Down Under." Setting for the screen drama is Australia's "Outback," the continent's vast interior region where some of the world's largest cattle stations are located.

The two young Americans head an All-Australian supporting cast, playing brother and sister roles in a turbulent story of homestead life. Their arrival in Australia to manage newly acquired family holdings, plunges the couple into strange surroundings and situations with which they find it difficult to cope. The brother is immature and impetuous, slow to accept Australian ways. His sister is much more democratic, readily accepted by her new friends with whom she joins in an attempt to instill understanding and tolerance in her brother.

Filed against the backdrop of the Billy Graham Australian Crusades, "Shadow of the Boomerang" seeks to underline the Godly reaction to human crises and conflicts. Spokesman for the Christian position is Billy Graham, seen in dramatic Crusade footage photographed at the site of the Evangelists record-breaking crowds in Melbourne and Sydney. An authentic landline relay meeting which shared the big city Crusades with the stockmen of the "Outback," is used as an effective dramatic device in the story climax.

Sponsored by the First Baptist Church, this film will be used in its evangelistic setting. To help defray the expense involved, an offering will be taken during the service. The public is invited to see this moving film.

B TEAM WINS 57-30

Post knocks off Tribe, 61-51

Post knocked Morton from the ranks of the undefeated in District 4-AA competition Friday night. Playing on their home court, the tall Antelopes used a good full-court press and the shooting of Ronnie Pierce to win 61-51. The win gave Post a 2-1 record and put them back into contention. Morton also came out of the game with a 2-1 mark.

The Indians were in the game until halftime. They trailed 27-33 as the third quarter started, but saw Post drop in eight points in less than three minutes and never could close the gap after that.

Post started the game with two quick baskets, one each by Norman Tanner and Duke Altman. Byron Willis made a pair of free throws, but failed to take full advantage. Willis hit one of two free throws, Moore hit one of two from the line, Willis missed a charity toss and Thomas made one from the line. That still left Morton 13 points down.

Pierce and John St. Clair traded baskets. Thomas missed from the line on a one-and-one situation and Moore made one of two free throws. Pierce closed out the period with another basket, giving him 12 points for the period. Post led 51-35 going into the last quarter.

Morton began driving harder for the basket in the final period and drew six fouls from the defense in the process. But the rally came too late.

Willis opened the quarter with a three-point play, and Pierce made a basket. Willis made one of two free throws, then tossed in a basket. Pierce scored again.

Thomas missed a free throw. Heaton and Windham made baskets to give Post a commanding 59-41 edge with 4:12 left.

Willis hit a tall jumper. Harvey made two free throws. Tommy Davis missed a free throw and Willis shoved in a rebound to narrow the margin to 47-39. But only three minutes remained.

Pierce made a free throw. Davis made a long set shot and Willis missed a free throw. Charles Harper made a free throw for Post and Davis hit again. That made it 61-51. Post missed a free throw in the final seconds.

Pierce had 28 and Altman 23 for the Antelopes. Willis made 12 and Harvey 12 for the Indians.

Defense and a fast-break gave the Morton B team its 17th consecutive win at Post Friday night. They won 57-30. Morton took a lead in the first period, not allowing

27-23 lead with 2:49 left. Harvey made two free throws for the Tribe, but Pierce and Altman each made baskets. Thomas made a pair of free throws, but Tanner closed out the scoring for the first half with another bucket to give Post a substantial 33-27 margin.

Three-point plays ruined Morton's hopes as the second half began. Heaton made a basket and a free throw and Pierce duplicated that. Then Tanner threw in a basket and Post led 41-27 with 5:29 left in the period.

Thomas finally hit a basket for the Indians, but Pierce and Altman each hit from the field to give Post a 45-29 edge.

Morton had a chance to narrow the margin, but failed to take full advantage. Willis hit one of two free throws, Moore hit one of two from the line, Willis missed a charity toss and Thomas made one from the line. That still left Morton 13 points down.

Pierce and John St. Clair traded baskets. Thomas missed from the line on a one-and-one situation and Moore made one of two free throws. Pierce closed out the period with another basket, giving him 12 points for the period. Post led 51-35 going into the last quarter.

Morton began driving harder for the basket in the final period and drew six fouls from the defense in the process. But the rally came too late.

Willis opened the quarter with a three-point play, and Pierce made a basket. Willis made one of two free throws, then tossed in a basket. Pierce scored again.

Thomas missed a free throw. Heaton and Windham made baskets to give Post a commanding 59-41 edge with 4:12 left.

Willis hit a tall jumper. Harvey made two free throws. Tommy Davis missed a free throw and Willis shoved in a rebound to narrow the margin to 47-39. But only three minutes remained.

Pierce made a free throw. Davis made a long set shot and Willis missed a free throw. Charles Harper made a free throw for Post and Davis hit again. That made it 61-51. Post missed a free throw in the final seconds.

Pierce had 28 and Altman 23 for the Antelopes. Willis made 12 and Harvey 12 for the Indians.

Defense and a fast-break gave the Morton B team its 17th consecutive win at Post Friday night. They won 57-30. Morton took a lead in the first period, not allowing

Post to score until 2:29 remained. The young Tribe led 10-3, 26-7 and 41-21 at the quarter marks.

Bob Hawkins came off the bench and had his best night of the season as he poured in 19 points. Ray King, Rusty Rowden and Danny McCasland each had eight. Pantoja had 12 for the young Antelopes.

NOT RESPONSIBLE FOR ACCIDENTS

Once nematodes get at your cotton, yields go down and so do profits. But with FUMAZONE® 86 soil fumigant applied at only 1 to 2 gallons over-all an acre, you can take care of root-knot, sting, meadow and other nematodes—those tiny soil pests that attack plant roots, suck away profits. FUMAZONE 86 soil fumigant increases yields up to \$200 an acre. Many High Plains ranchers just like yourself tell us that's exactly what happened to their yields after their soils were treated with FUMAZONE 86. It can be applied right from the drum. No mixing, no diluting, no nozzles clogged with foreign material. You can use the chisel method, the plowshare method or inject FUMAZONE 86 into your irrigation water. Could you ask for greater flexibility? Sure you could. So here it is. Apply FUMAZONE 86 before planting, at planting or after planting. It's the only type of soil fumigant that can be used on living plants. Ask your Dow Farm Chemicals supplier about it. The Dow Chemical Company, Agricultural & Industrial Bioproducts Sales, Midland, Michigan.

TREAT YOUR NEMATODES WRONG.

The skyline of New York, our largest city, is familiar to everyone. New York has buildings unmatched anywhere in the world, and also leads the nation in many industries. This great city typifies the success and abundance throughout our nation. God has blessed our nation.

"Blessed is every one that feareth the Lord; that walketh in his ways. For thou shalt eat the labour of thine hands: happy shalt thou be, and it shall be well with thee." Psalm 128:12

ATTEND CHURCH SUNDAY

EVERYONE IN THE CHURCH
THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Coleman Adv. Serv.
