Elvis Fleming to get graduate study grants

Charles R. Ritcheson of the Department of History at Southern State University has notified Elvis Fleming of Morton of his selection to receive federal grants totaling \$6,870 to do graduate study at SMU from June through August, 1968. The grants will be furnished through the National Defense Education Act of the Higher Education Act.

Fleming also received similar offers from Southern State University and the University of Kansas. He was one of the alternates to Carnegie Institute of Technology.

Fleming's study will consist of a Summer session followed by a twelve-month program. Upon completion of the program, Fleming will be awarded a Master of Arts degree.

During June 3, Fleming will be working on the merger of the Anglo-American and the American cultures in the Western United States. The program will last for six weeks of the summer will

One of the major purposes of the program is to increase the professional competence of secondary teachers, and to assist them in dealing with educational problems occasioned by the confrontation of Latin and Anglo cultures.

The participants are expected to be better able to help strengthen respect and understanding between the two ethnic groups; and, by being

SCS awards to be given at banquet

Soil Conservation Service awards will be presented during the annual Morton Area Chamber of Commerce banquet this fall. This decision was made Tuesday during a meeting of Chamber directors.

Budd Fountain, work unit director for the SCS, discussed the types of awards which are presented each year and suggested that more farmers might attend the annual Chamber banquet. Following some discussion, it was voted to incorporate the SCS awards into the Chamber banquet.

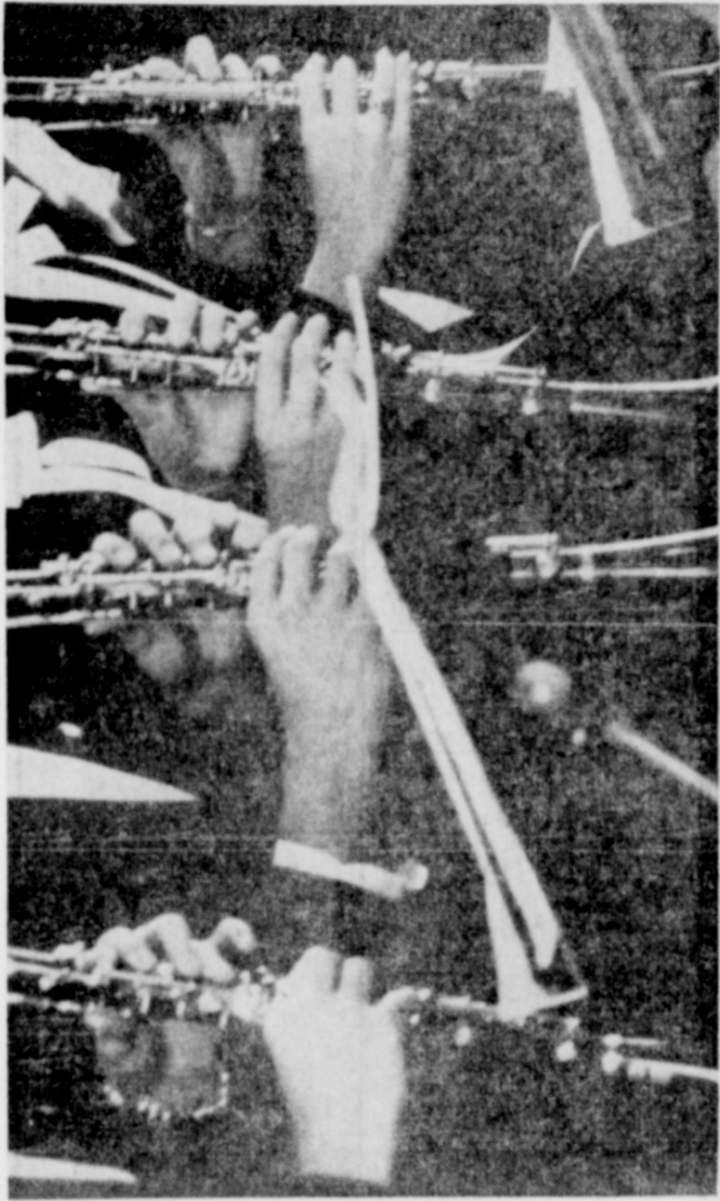

Chamber president Rusty Reeder discussed two industrial projects which are being eyed for the Cochran County area and manager Leon Kessler reported on formation of a holding company to invest in an electronics firm that would locate in Morton.

Dean Weatherly met with the group to discuss recognition banquets. Action was tabled for further study.

West Texas Chamber of Commerce's report on study of small towns in West Texas was reviewed by H. A. Tuck. A copy of the report is available for study in the Morton Area Chamber of Commerce office.

Reeder said that some people in eastern New Mexico had gotten interested in an historical site in the area and that a meeting between interested Texas and New Mexico officials was being planned.

Carl Ray made a financial report, stating that May was the best month for Chamber dues during the year and that the finances of the Chamber would be better by the end of the month.

Shell Oil award goes to area women's clubs

The Area Council of Women's Clubs, composed of eight study clubs in Morton, Whiteface, and Maple, has been awarded second place in the state in the Shell Oil Company Education Program.

The \$300 second place award was presented in Dallas Wednesday night during the annual convention of the Texas Federation of Women's Clubs. The contest stipulates that all cash awards, which will be provided by the Shell Oil Company, must be used by winning clubs to further their education programs.

Clubs included in the Area Council of Women's Clubs and their education department chairmen are: 1938 Study Club, Mrs. Joe Gipson; L'Allegro Study Club, Mrs. Buddy McGeehee; Town and

Country Study Club, Mrs. Don Sanford; Y. M. Study Club, Mrs. Ray Lanier; Emma Smith Study Club, Mrs. Clyde Brownlow, all of Morton; D'Algodon, Mrs. Carter Williams, Maple; and Whiteface Study Club, Mrs. Darwood Marshall, Whiteface.

President of the Area Council is Mrs. W. B. McSpadden. Mrs. Neal Rose was chairman of the Shell Oil Company contest for the Area Council.

Judging criteria for the entries were: evidence that a need existed for educational assistance; a well-organized, effective and imaginative approach, degree of participation by club members; amount of time and/or financial support given to project.

And, ingenuity in selection of fund-raising activities; new methods of approach in continuing projects; community reaction to, and involvement with, the club's program; standards used in choosing recipients for financial assistance; and effect of club's assistance on

E. L. Reeder is named director

E. L. Reeder, manager of Cochran Power and Light, has been named director of the West Texas Chamber of Commerce for the next three years, according to an announcement by Don Wooten, Abilene, president of the WTCC. The new director was elected at the 49th annual convention in Del Rio last week.

"We hope that the new directors in each town will add important impetus to the WTCC program of work in the local community," Wooten said when the names of the new directors were announced.

It is the function of the director to act as liaison between the regional chamber of commerce, the local chamber of commerce and the members of both organizations. At the meetings of the board of directors he speaks for the entire membership in his town on matters of a regional nature and acts as communicator to the members on all matters concerning projects of the WTCC.

Quarterly directors' meetings are held in various parts of the 132-county service area of the WTCC.

★ Pre-school

Pre-school orientation will be held Monday, May 8, for mothers whose children will be six on or before Sept. 1, 1967. The meeting will be held at 2:45 p.m. in the cafeteria, announced Harold Drennan, principal of the elementary school. At that time the children will be registered and school requirements will be gone over with the mothers. Mothers and their children will report to the school at 2:45 p.m., May 15. This meeting will give the children and their mothers a chance to meet the teachers and see the school campus.

Commissioners in special meeting

A special meeting of the Cochran County Commissioners Court was held Monday, during which money was transferred into the hospital fund, certificates of deposits were approved, and a car was purchased for the sheriff's office.

Mrs. Pearl Thompson, manager of the county hospital, appeared before the board and asked for \$4,000 to meet the payroll for the month.

Commissioner Leonard Coleman made a motion, seconded by U. F. Wells, that the court transfer \$4,000 from the General Fund into the hospital Special Fund. Coleman and Wells voted in favor of the motion and T. A. Washington and Harral Rawls voted against it. Judge Johnny Love broke the tie by voting against the motion.

Later on a motion by Rawls, seconded by Coleman, the commissioners voted to transfer \$4,000 from Road and Bridge Fund No. 5 into the General Fund.

Coleman then made a motion, seconded by Rawls, to transfer \$4,000 from the General Fund into the Hospital Special Fund. The motion passed.

Certificates of deposit were purchased on a motion by Coleman, seconded by Wells, for the following amounts: \$360,000 for six months, \$50,000 for 150 days, \$35,000 for 120 days, \$30,000 for 90 days, and \$20,000 for 60 days.

Allsup - Perry Chevrolet was awarded the low bid of \$1,900 for a new car for the sheriff's office. The motion to accept the bid was made by Rawls, seconded by Coleman.

Other bids were Ernest Gentry Ford, Levelland, \$1,992; Hawkins Oldsmobile, \$2,722.15; and Hawkins Oldsmobile, \$2,372.18.

Mrs. Neal Rose is state's Outstanding clubwoman

Mrs. Neal Rose, a member of the 1936 Study Club of Morton, has been selected as the Outstanding Clubwoman of the Texas Federation of Women's Clubs. This was in the category of women with over 10 years membership in a Federated club.

She was announced as winner

at the concluding banquet of the TWFC state convention which was held in Dallas Wednesday night.

Mrs. Rose was notified of her selection last week in order that she might make plans to attend the convention. When interviewed, she stated that she was pleased when selected by the Area Council to represent Morton at the District convention and more than surprised when she won the District honor.

"Being chosen as the State winner is more in the line of amazement," she said.

"My teaching profession, of which I am proud," she said, "limits my clubwork to working in the community and serving on the District Board. I supposed you would call me one of the grass-root members of the Federation, but it takes all kinds to make an international organization."

She said that having two grown daughters and a husband who have all been active in school, Camp Fire, church and civic organizations have naturally involved her in many things over the year.

"Add to that my professional activities and personal clubwork and I presume the judges decided I had made a worthwhile contribution to my community," she added.

Mrs. Rose, in making a comment in favor of Federated club work, "It is a challenge mentally to keep up with what is going on now, and to learn more about the past in literature, music, history, and art.

"It takes effort to prepare and give a program each year. It also affords women the opportunity for uniting for community service. One voice crying in the wilderness is seldom heard, but united, the women of this community have accomplished much."

Mrs. Rose said she considered the local federation, composed of six local and two outlying clubs, to be an unusual one. "There is no apparent jealousy, resentment nor competition among them. When one club begins a project, all of the other clubs fall in and support it," she commented.

"I am proud of this honor, but one thing that pleases me most is to know that when my name is announced that the 148 members that comprise the Area Council of Women's Clubs will be just as proud as I am. For this loyal support, I would like to express my deepest gratitude," Mrs. Rose said.

Local commission receives grant

A \$5,000 grant to a planning commission in Cochran County to develop an area-wide comprehensive plan for water and sewer systems has been approved by the Farmers Home Administration, reports U. S. Rep. George Mahon.

The grant will enable the Cochran County Rural Planning Commission to have an official comprehensive plan prepared for municipal or public-type domestic water and sewer systems which would be developed in addition to present systems to adequately serve the present and probable future needs of the area involved. The plan will be prepared by A. C. Bowden, Consulting Engineer, 1414 Avenue J, Lubbock.

The Cochran County Rural Planning Commission includes the Commissioners Court of Cochran County, the City of Morton, and the City of Whiteface.

The officers of the planning commission are: Chairman — Vern C. Beebe, Whiteface; Members — Ray Lanier, 408 East Lincoln, Morton; Mrs. J. C. Reynolds, 508 East Grant, Morton; M. C. Hall, Star Route 2, Morton; and T. M. Tanner, Star Route 2, Morton, reports Mahon.

These grants are made only when the area to be included in the planning commission does not include any portion of any city or town or place of more than 5,500 permanent inhabitants.

Since September, 1966, Farmers Home Administration has made 17 grants to planning commissions in Texas for a total of \$135,330, Mahon reports.

Lions slate mop and broom sale

The Morton Lions Club will sponsor a mop and broom sale beginning Wednesday, May 10, announced Tommy Hawkins, general chairman of the sale. The proceeds of the sale will go to Lions Projects for the needy.

All of the products to be sold are manufactured by the Texas Blind Workmen in Blind Shops.

Heading the two sides, which will be competing against each other, are James McClure and Jack Russell.

Hawkins said that in addition to the door to door sale Wednesday, advance sales will be welcomed. A caravan from the Blind Shops will be located on the east side of the square May 10.

Products to be sold include all kinds of mops and brooms, door mats, ironing board covers, garment bags, and cloths.

Volleyball finals are repeat of 1966 games

It really couldn't tell from the 1966 volleyball tournament whether it was 1966 or 1967. When the champions had been crowned, it was time for another double-take.

The State Bank of Morton repeated as champions in the women's division, defeating Pettit Coop in the finals. And County Gin took the men's title after defeating Pettit Coop. Gin in the finals. Pettit had taken both places last year.

Before the winners were crowned, there was a lot of action in the Morton Booster Club's Volleyball Tournament, that lasted five days last week.

County Line Gin staged the most exciting game of the week . . . in the women's bracket. Only five players were on hand when the championship game began with Pettit Coop. Pettit took a 10-5 lead at half-time, but seemed to be on its way to a title.

County Line Gin came back in the second 12-minute period, tied the score and finally won 15-12. Before the game ended, there was little doubt as County Gin successfully defended its title with a 23-16 victory.

The State Bank of Morton also retained its title. The champions knocked off Sudan, the 1966 title winners, Saturday night in the first game. They had their revenge with Pettit in the finals, winning 15-12. But they were quick midway through the second game and won 18-13.

Summaries were held Monday night and action resumed Tuesday after a break on Wednesday.

In the women's bracket the last three days included the State Bank of Morton defeating Mrs. 6 of Sundown 21-15, and beat Poyner's and Flo's, 21-15. Dora, N. M., defeated Morton in the consolation

tion bracket. Sudan knocked off B & B 22-18 to take the consolation title.

Flo's Cafe of Causey defeated Sudan 25-18 to take third place in the women's bracket.

In the men's bracket, Pep Gin See VOLLEYBALL, Page 2

ing able to relate the regional inheritance to the wider patterns of American history, they can then help integrate the Latin American student more completely into the mainstream of American life.
Fleming teaches Texas History, World History, American Government, Economics, and Sociology at Morton High School. He taught American History and Texas History at Morton Junior High for four years.
He received his Bachelor's and Master's degrees in Education at TCU in 1962 and 1965, respectively. He has taught at Morton since 1962, and his wife also taught language arts at Morton High School for three years. They have a two year old daughter, Frances.
Fleming is Chairman of the Brotherhood of Deacons at the First Baptist Church, Chairman of the Cochran County Historical Survey Committee, and President of the Cochran County Historical Museum Assn.
The Flemings will move to Dallas as soon as school is out, and they will return to Morton upon conclusion of the fellowship program.

Gaylene Weed is Miss Levelland

Miss Gaylene Weed, a brown haired, green eyed beauty from Morton, was named Miss Levelland of 1967 Saturday night in the Levelland High School Auditorium. A 1965 graduate of Morton High School, she is the daughter of Mr.

and Mrs. R. C. Weed of 513 Main. Miss Weed, a sophomore student at South Plains College, gave a prose recitation in the talent section of the show.
First runner-up was Miss Carolyn Flatt, 18, of Levelland. Second runner-up was Miss Matilda Hayes, 18, of Sundown. Miss Congeniality was Miss Janet Bishop, 18, of Friona.
Miss Weed was crowned by Mrs. Margaret Cornelius, Miss Levelland of 1966. The contest was sponsored by the Levelland Jaycees.
The new Miss Levelland will receive a trip to the Miss Texas Pageant, a \$150 wardrobe, a Robert Spencer Course, a trophy, and an official charm.

Fifth grade class takes guided tour

Mrs. Davy Mitchell's fifth grade class took a tour of the post office, Tuesday, May 2.
They were greeted by Postmaster Murray Crone, and Window clerk, A. E. Sanders.
Substitute clerk, Mrs. J. C. Reynolds conducted the tour and explained in detail, the ZIP Code, and how it works, canceling and dispatching of mail, sorting of the mail, COD's, certified, Insured, and COD mail, air mail, and special delivery mail, and forwarding the mail when necessary.

Piano guild auditions contest held this week

Twenty-five local piano pupils were heard in the annual piano auditions which began in Lubbock May 1 and will continue through May 13. The pupils were judged by Miss Jean Boardman of Seattle, Wash., who is at present a teacher of piano in the Cornish School of that city. The auditions are conducted privately and on the order of conservatory tests and examinations.
Performance is graded on the following points: accuracy, continuity, phrasing, pedaling, dynamics, rhythm, tempo, tone interpretation, style and technique. The National Guild Program is intended to encourage the slow and average pupils as well as the gifted student and has proved to be the surest means of inducing pupils to practice and progress by placing goals and awards before them. These goals are attainable through the measurement of individual merit and not in competitive elimination contests.

Local pianists receive awards

Two local pianists performed the required 15 selections to become Winners of the International Certificate in the National Piano Playing Auditions recently held in Lubbock. The repertoire required in this division must include selections from Early and Late Classic periods, Romantic and Modern Periods, as well as one selection by an American Composer, and a Contemporary Selection. Major and minor scales and cadences are also part of the required program. The entire repertoire in this division as well as all others in the National Guild must be from memory.
Miss Lanita Combs is the 12-year-old daughter of Mr. and Mrs. Woody Combs, and is a 6th grade student in the Morton Schools.
Miss Jeana Thomas is the 12-year-old daughter of Rev. and Mrs. Fred Thomas, and is a 7th grade student in Morton Jr. High.

Four accidents shown in county

The Texas Highway Patrol investigated four accidents on rural highways in Cochran County during the month of March, according to Sergeant A. E. Roberts, Highway Patrol Supervisor of this area. These crashes resulted in three persons injured and an estimated property damage of \$1,800.00.

The rural accident summary for this county during the first three months of 1967 shows a total of five accidents resulting in no persons killed, four persons injured, and an estimated property damage of \$2,150.00.

The final entry in the 1966 Texas traffic records has been entered high of 3,406 persons killed, 208, and closed. An all-time record 310 persons injured, and an estimated property loss of \$557,414,000 was sustained. This compares to the 1965 record of 3,028 persons killed, 186,062 injured, and an estimated property damage of \$498,070,000.

Since the death count of 2,254 in 1960, Texas has gained steadily each year. The Sergeant stated, "If the death rate increases during the last four years of this decade as it has during the first years, the death count will stand at 4,745 in 1970." What is the solution? Only you, Mr. Motorist, hold the answer!

County reps to meet at historical survey May 9

Community effort in tourist development will be the main theme of the County Historical Survey Committee regional meeting in May 9. Elvis E. Fleming, chairman of the Cochran County Historical Survey Committee as committee members have indicated to represent their area at this meeting.

Topics to be discussed include the governor's new proposal calling for designation of a state-wide "Recreational, Scenic and Historic Roadways." Central to the basic idea for the roadways is "To guide tourists off the expressways and into the country. This would encourage tourists to stay longer and Texas benefit from the increased

participating in the meeting will be Davis, community relations, Texas Tourist Development. Davis will make a presentation on "HemisFair '68" and pointers on what local communities can do to attract tourists in 1968, which in Davis' words, "is to be the biggest year in the state's history." Officials of the Texas State Historical Survey Committee to participate in the meeting are: Executive Director Truett Latimer 110 on "History and Tourism" Robert L. Watson, director of operations who will talk on "The County Committee Organization." The meeting is one of 18 being held every section of the state to mark progress in the historical marking and preservation program sponsored by the Texas Historical Survey Committee.

History is a vital part of the tourism picture," said R. Woodburn, committee chairman. He noted accomplishments under this program include: historical information marked, printing and distribution of more than 1,000,000 historical guides, maps and brochures, establishment of 185 archaeological or preservation sites, placement of "Historical City" signs in 236 Texas, and an increase from 82 in 1964 to 243 in 1967 with more being planned.

At the conclusion of the program special awards were made to Ann Winder, Jimmy Sealy and Mitzi Scoggins.

J. E. Arnold to attend school

General Telephone announced today that J. E. Arnold, local Combination Man, has been selected to attend the Company's basic central office maintenance school in San Angelo from May 9 through May 26. J. H. Fowler, the Company's Brownfield District Manager, stated the training is designed to update present knowledge and place into effect new and improved central office maintenance procedures.

"General Telephone Company maintains a fully staffed training center in San Angelo with courses ranging from basic pole line construction to the installation and repair of microwave radio equipment. Classes are, therefore, tailored to the specific needs of the Company and results in improved service to our customers," Fowler said.

Eastside's VBS slated June 5-9

"Anywhere With Jesus" is the title of Eastside Church of Christ's Vacation Bible School, scheduled for June 5-9, announced T. A. Grice, minister of the church.

Programs for all age groups will be held, from nursery through adult. Certificates will be presented for perfect attendance.

Daily activities will consist of Bible stories, songs, and refreshments.

For more information contact T. A. Grice, 705 E. Taylor, or phone 266-541.

Softball teams sought for League

The Hockley Co. Softball League is looking for one, two or three additional teams to complete the League, said Wilbur Cleveland, district president of the organization.

At the present time five teams are competing, compared with six teams last year. The current season will begin May 29.

Cleveland said that a new park is currently under construction and is expected to be completed about the middle of May. Team entry fees into the League are \$50 per team with the deadline for turning in the fee set May 8.

An invitational tournament is tentatively planned for May 18, before the season gets under way. Entry fee in the tournament is \$25.

Those area teams interested in either the tournament or in the League play are asked to contact Wilbur Cleveland or Jimmy Rogers in Levelland.

Radioman Mills back from cruise

Radioman First Class Billy J. Mills, USN, son of Mr. and Mrs. John C. Mills of Morton, has returned to Norfolk, Va., following a five-week cruise in the European and Eastern Atlantic area as a crewmember aboard the major communications relay ship Arlington.

The Arlington is a converted aircraft transport ship commissioned in August, 1966 and her mission is to provide command control facilities to top echelon commands

and staffs. Arlington goes to sea with the most extensive communications facilities ever put aboard ship, and its "voice of command" can be sent to any ship, aircraft or station anywhere in the world.

Following her "shakedown" cruise near Guantanamo Bay, Cuba, in January and February of 1967, the Arlington was assigned to homeport of Long Beach, Calif.

Foreground, Impala Sport Sedan. Background, Camaro Sport Coupe and the Chevelle Malibu Sport Coupe.

Drive the cost of living down, without giving up all this.

Chevrolet's room, ride and price. When *Automotive News* made its annual roominess study, Chevrolet got the most points. It's roomier inside, they reported, than any other American car. The ride is Full Coil suspension smooth. And Chevrolet hardtops and convertibles are still the lowest priced full-size cars of this kind you can buy. **Chevelle's quick size.** It's quick to climb, quick to turn. Other mid-size cars might be like Chevelle, true. But they're not as low priced. And they're not made by Chevrolet with Body by Fisher, GM-developed energy-absorbing steering column, inner fenders and Full Coil suspension. **Camaro's road-hugging stance.** At its price, Camaro is the only sportster to give you wide-stance design. It rides steadier, clings to curves better,

hugs the road closer. It's the roomiest car you can buy. Plus, you get a bigger standard engine.

Tex-Ann tryouts slated at SPC

Girls interested in becoming Tex-Anns at South Plains College are invited to enter tryouts scheduled, for the first, a week prior to the opening of the college in September.

These tryouts, according to Mrs. Lucke, director, will be held for several days, giving each applicant a chance to prove her ability. Qualified judges will make the selections. Twenty-six girls will be chosen from the group of tryouts. Tryout dates will be released some time during the summer and those interested are advised to check with newspapers or contact the college during the summer for information.

The drill team is a colorful part of South Plains College, performing at each of the home basketball games. The girls make at least two out-of-town trips with the team and participate in activities in the surrounding communities. Girls who are interested and who expect to enter SPC this fall are invited to make application as soon as possible for membership on the team.

First games of the Morton Little League season will get underway Monday, May 8. First game is set for 6:30 p.m. and the second for 8:30 p.m. A brief opening ceremony is slated for 6:15 p.m.

Last weekend's cold wave was more than shocking. It was historical as it set new record freezing temperatures for May in the South Plains. Morton got below 30 one morning, which is enough to frost a few blossoms off the fruit trees, but probably won't harm the newly-planted crops. Most of the cotton hasn't been planted yet, but the target date is around the last of the week.

Business activity is picking up this month. After several months of rumor and speculation, the Ford agency is reopening with J. C. Reynolds and Leon Hamilton partners in the firm. They hope to get open next Monday. And the S&S Sweet Shop is getting ready to open in the next few days at 217 S. Main. And Babe Van has almost completed moving into his new building on the Levelland highway. The wash, dry and dry-clean part is operating, but the coin-operated car wash isn't quite finished.

It wasn't in the minutes, but we understand the County Commission looked at and approved the final plans for the hospital addition and the courthouse renovation. Lots of folks have been asking about the status of the hospital, but we don't know much. The County Commission meeting Monday was a special, called session and news media were not notified of the meeting.

Valiantly we do try
But our mind goes awry
Carrying rhymes in
Cloud of smoke,
I wonder why?

Mrs. W. B. McSpadden installs officer for Emlea Smith Club

The Emlea Smith Junior Study Club held its Grand Finale Installation Dinner Thursday, April 27, in the home of Mrs. Earl Polvado.

The toastmistress for the evening, Mrs. Gary Willingham, extended a welcome to Mrs. W. B. McSpadden, installing officer, and guests. Following the welcome club members and guests were led in the invocation by Mrs. Earl Polvado.

A yellow rose was presented to outgoing president, Mrs. Jim Walker, by Mrs. Clyde Brownlow who also read a comical poem explaining that the rose was in place of a tardy pin which would be presented to her when it arrived. Mrs. Walker then rose to express her thanks to club members for their fine job and full co-operation during her administration.

Mrs. Willingham continued the evenings activities by introducing the installing officer, Mrs. McSpadden, a member of the L'Allegro Study Club and president of Area Council of Women's Clubs. Mrs. McSpadden entitled her installation "Background for Daisies". To each officer she presented a daisy on a background color that signified the officer's particular duties.

To the auditor, Mrs. Tommy Hawkins she presented a daisy on the auditing the books of the club. To the reporter, Mrs. Theilbert Ashill, she presented a daisy on a background of lime green, symbolic of the lime light into which the reporter puts her club. The historian, Mrs. Dwight Gober, was presented a daisy on a dark blue background representative of sincerity and permanency, qualities entailed in keeping and recording the history of the club.

For the parliamentarian, Mrs. Bob Polvado, she chose a background of orange, a bold, brave and strong color, symbolic of the inspiration to function when called upon and the courage to settle any puted question regardless of how unpleasant at times it might seem. To the treasurer, Mrs. Danny Tankersley, she presented a daisy on a background of green, symbolic not only of the strength, dependability and stability of her office but also symbolic of the "green-backs" of which she will be in charge.

For the corresponding secretary, Mrs. Clyde Brownlow, she chose a background of hot pink signifying a note of cheerfulness in expressing the good will of the club in the general correspondence. To Mrs. J. W. Tyson, the recording secretary, Mrs. McSpadden presented a daisy on a background of blue, symbolic of truth, honesty and loyalty, qualities needed in the faithful accurate recording of the clubs activities. The second vice-president, Mrs. Ronald Coleman, was presented a daisy on a background of pink. Pink being a cheerful color signifies enthusiasm for her task as chairman of the Membership Committee which she shall use in inspiring others to join the club.

For the first vice-president, Mrs. Rodney Fralin she chose a background of orchid depicting royalty and graciousness — royalty in her place at the right hand of the president and graciousness in presiding as chairman of the Social

Committee. To the President, Mrs. Loy Kern, Mrs. McSpadden presented a daisy on a background of rich purple, the color representative of kings and queens and leaders of high offices, symbolic of power, strength, dignity and royalty. Added to the president's daisy were the background colors of all officers in order that they might be helpers and willing workers with the president, working as a club rather than as individuals.

Following the installation, our duly installed president held a short business meeting. Brought up for discussion by Mrs. Jim Walker was the setting up of a concession stand at the Country Club sometime about the middle of July. It was decided in favor of the stand with sandwiches, brownies, lemonade, and tea to be sold. Mrs. Walker also reminded club members that the Mobile X-Ray Unit would be here Wednesday May 17 and asked if any would like to volunteer to work with it. Those volunteering were: Mesdames Don Lynskey, Earl Polvado, and Richard Houston.

Mrs. Kern read a letter from Mrs. Ray Lanier, Elementary School Librarian, thanking us for purchasing a set of World Book Encyclopedias for the school. The chairman of the yearbook committee, Mrs. Theilbert Ashill, asked for opinions on the type of yearbook wanted for the club, one that would just serve the club's needs or a nicer one worthy of being entered in competition. Mrs. Don Lynskey suggested since cost would be the determining factor that club members purchase their own rather than the club bearing the expense. This was made into a motion and carried.

The outgoing president, Mrs. Jim Walker and incoming president, Mrs. Kern, presented to the club jointly a much needed 30 cup perculator.

As the theme for the coming year, Mrs. Kern chose the thought — "If you have knowledge let others light their candles at it."

Patsy Hans spent last weekend in Dallas with friends.

Mr. and Mrs. F. G. Collins left Friday for Hot Springs, Arkansas to attend an insurance convention.

Cherry Cookies Recipe of Mrs. G. Willingham

The Tribune's homemaker for this week is Mrs. Gary Willingham. The Willinghams have lived in Morton for seven years. They have two children, Annette 6, and Todd 4. Mr. Willingham is a farmer in this community.

Janie is past president of the Emlea Smith Jr. Study Club, reporter for the area council, crusade chairman for the Cancer Society and a member of the "Pathfinder" Christian Women's Society.

The Willinghams are members of the Methodist Church, and of the Myra Knox couple's Sunday School class.

Mrs. Willingham does all the baking for her family. This is her favorite cookie recipe.

CHERRY COOKIES

- 3/4 c. Crisco
- 1 egg
- 1/2 tsp. salt
- 1/2 tsp. cream of tartar
- 1 tsp. vanilla

- 1 c. brown sugar
- 2 c. flour
- 1/2 tsp. soda
- 1 small jar of cherries
- 1/2 c. pecans

Cream Crisco and sugar. Mix well. Sift dry ingredients and add to cream mixture. Fold in cherries, nuts, and vanilla. Form into a roll and chill. Slice 1/4 inch thick. Bake at 350 degrees for eight minutes. Makes five dozen.

Local Lions go to district meet

Representatives of the Morton Lions Club attended the district 21-2 convention held in Lamesa April 28 and 29.

Attending from Morton were Mr. and Mrs. Don Allsup, Mr. and Mrs. Dean Weatherly, Mr. and Mrs. Harold Drennan, Mr. and Mrs. Van Greene, Mr. and Mrs. Tommy Hawkins, and Rev. Kenneth Wyatt.

Miss Donna Allsup, Morton Lions Queen, participated in the district queen's contest.

Three programs consisting of a musical extravaganza, a luncheon, and the governor's banquet, were held during the convention. Speaking at the governor's banquet was Texas Supreme Court justice Zolie Steakley.

MORTON, TEXAS, THURSDAY, MAY 4, 1967

- An Editorial - Let those who cry for freedom, earn freedom

Most of the Tribune's editorials are concerned directly with Cochran County. But this one, we are proud to say, has nothing whatever to do with the residents of this county . . . and we couldn't be happier.

We are distressed by the kooks, hippies, and bleeding-hearts, the loud-mouth liberals and those who are crying for peace at any price.

It turns my stomach to see pictures of anyone burning an American flag. We hope that Congress will close the loophole that now permits such desecration without punishment. Same applies to those who deliberately burn their draft cards in protest, yet aren't breaking any law until they are called to produce the card for their draft board.

Martin Luther King, who wishes to have himself called "Doctor" but has the title only as an honorary degree holder, cries that America must speed up its war against poverty. And he's willing to encourage the better-red-that-dead sympathizers to get the give-away program moving at a quicker clip.

Stokely Carmichael, the CORE leader, encourages and incites the "bum-baby-burn" bunch to more and more violence. He advocates a summer of violence and terror and looting and robbing and killing and civil disorder that can only result in a larger back-lash.

Cassius Clay, nee Muhammad Ali, is one of the finest boxers the world has ever seen. But his mewling complaints and whines indicate that he doesn't have any fear of trying to kill a man with his fists, but that he has no stomach for any type of violence that might kill him, or ruin his pretty face.

The peaceniks march and picket and protest against American involvement in Vietnam. Many of them hide behind the academic robes and student deferments, but want to take over college campuses. They are advocates of free speech, free love and free education . . . yet never realize that the freedoms they demand were earned for them by those who willingly defended freedom for this nation. In no other nation would they have the right to despise their government, hold sit-ins or protest gatherings.

Despite more than 500,000 troops in Vietnam, we have loudly-vocal thousands in this country who feel we have no business honoring our commitments in Southeast Asia and that it would be better for us to allow the Reds to take over that nation as they have taken over many others.

The Communists will grab up nations and take over territory so long as they are unopposed. And they will not hesitate to support those in any nation who give them aid, comfort and support.

The time has come, we feel, for all patriotic Americans to let their Congressman know that we are fed up with coddling of those who burn draft cards, burn American flags, obstruct the laws of the land or threaten violence in our streets or on our campuses.

Millions have fought and died to preserve the freedoms which are being abused and mis-used. It's about time these millions were honored, rather than those vocal few who are protected by laws they will not willingly defend.

As for those who gather supplies for the North Vietnamese and wave Viet Cong flags at peace rallies . . . let them go to North Vietnam or be tried in this country for treason and sedition.

Let those who burn American flags or their draft cards be imprisoned for their action.

The decent, law-abiding, patriotic citizens of this nation are tolerant of the rights of others. But I, for one, have had about all I can stand. Freedom of speech, freedom of assembly and freedom of dissent were hard-earned. Let it not be abused by a small group of feather-brained liberals who would take advantage of every freedom, every liberty, every loophole . . . yet would do nothing to preserve or perpetuate those freedoms in the face of those who would impose communism upon the world.

Visa: vice versa

The growing movement to ease government travel requirements received a welcome boost when the American State Department announced it would further relax its visa requirements. Nationals of 24 countries can now obtain multiple-entry American tourist or business visa, good for a lifetime. Formerly they were good for no more than four years.

The 24 qualifying countries are those that presently admit American visitors without any visa or entry permit requirement. Most of these are in Europe but include, for example, Malawi, Tunisia, Surinam, Uruguay, and Paraguay.

The American move is designed to encourage tourists to come to the United States, just as recent easing of restrictions in Eastern Europe has been due to a desire to cash in on the tourist dollar.

The United States at one time had long and difficult visa application forms, and it often took weeks to obtain a visa. In 1961, the State Department abandoned one of them — a lengthy and, many felt, offensive questionnaire which asked highly personal questions about morals and politics. In 1962 the United States discarded the requirement that visa applicants must come in person to a consular office.

Both passports and visa were used extensively as weapons in the cold war. Both are still so used today. The United States, for political reasons, may still deny visas by certain Communist countries. Denmark's foreign minister said, "I belong to those who believe that you don't catch spies with visas." There are signs that this view is gaining ground.

The day when visas cost up to \$10 and took up to three months or so to obtain is fast disappearing. The average traveler now crosses European borders with lit-

tle or no formality or delay. We look forward to that time when the United States will feel it can fully reciprocate by eliminating its visa requirements for nationals of those countries which have abolished visa requirements for Americans. — Christian Science Monitor.

Move is on to lower the age for voting

Since the 18-year-olds in America today are better educated and informed than ever before in our history, and since an alarming number of the already qualified voters fail to show up at the polls when there is an election, we are in favor of the proposal to lower the voting age to 18.

Such a proposal is now before Congress. It was introduced Jan. 12 by Sen. Mike Mansfield of Montana, the majority leader of the U. S. Senate, in the form of a proposed amendment to the U. S. Constitution and was co-sponsored by 37 other Senators including Ralph Yarborough of Texas.

Four states already have voting ages lower than 21. Georgia and Kentucky permit those 18 years of age and older to vote, while Alaska has a voting age of 19 and Hawaii a voting age of 20.

It is estimated that there are over 10 million young Americans in the 18-to-20 age bracket. Young Americans between the ages of 18 and 21 have proven that they are responsible members of society, playing a vital role in our economy, improving their education, serving in the armed forces and supporting families.

As we mentioned at the outset, the young adults of today are better educated and better informed than ever before in our nation's history. Twenty years ago, in 1947, only 24.3 per cent of the 18 and 19-year-olds were enrolled in school. By 1965, 46.3 per cent of this

age group were continuing their education.

At 18, young adults are at the usual age for graduating from high school and are either starting a career or are furthering their education. Most have just completed courses in school, studying the governments of their state and their nation, as well as our history.

One of the ideas which these young people have learned stands out in history. It was the great revolutionary call of "No taxation without representation." This could well be used by those 18 million of age today. In 1966, 3 1/2 million of the 18 and 19-year-olds were employed; they were earning money and paying taxes. They contributed to our economy through their efforts and services, and they have helped finance our nation through their taxes.

Today there are over 416,000 18 and 19-year-olds serving in the armed forces of the United States. A great many of them are risking their lives daily in Vietnam.

These young people also should have a greater responsibility today at home. In 1966, 700,000 of our 18 and 19-year-olds were serving as heads of households.

Let's give these young adults a vote — a voice in their government. — Post Dispatch.

Put some heat on flag-burners

It's hard to recall any recent incident that has evoked so many expressions of public outrage as the burning of the United States flag by peaceniks demonstrating in New York's Central Park.

The resentment, at any rate, is strong in this part of the country, a circumstance abundantly apparent in the many protesting letters

Highlights and Sidelights —

State joins welfare plan

AUSTIN, Texas — State participation in the most far-reaching public welfare program since the advent of the social security system has been approved by the Texas Legislature.

Texas House of Representatives overwhelmingly approved enabling legislation which will assure medical care for 350,000 Texans on welfare rolls under the new Title 19 or "Medicaid" benefits.

Proposed appropriations will assure payments totaling nearly \$130,000,000 for needy aged, blind, disabled and their families with dependent children.

Where Medicare applies only to the age, this new program will bring hospital care, doctor's services and a variety of other benefits to welfare enrollees regardless of age.

Legislation is broadly drawn to make another 230,000 "medically needy" Texans eligible when sufficient state funds are appropriated.

Federal government provides approximately four dollars for every dollar put up by the states under Medicaid.

Appropriation bills by the Texas Legislature call for state spending totaling \$25,700,000 on the program in 1968. This would attract about \$104,000,000 in federal assistance.

Included in the new program are in-patient and out-patient hospital care. This covers diagnosis, nursing home services, laboratory and X-ray charges, physician's services, treatment and prevention.

Funds also are applicable to pay the required "deductibles" of Medicare.

Texas Department of Public Welfare will administer the program. First payments under the act will be effective September first.

BUDGET ADVANCED — House Appropriations Committee voted out a proposed \$449,300,000 general fund budget bill in 1968 response to the call by Gov. John Connally

received by this newspaper. Reflected pretty generally is anger mixed with perplexity about the fact that there isn't any apparent way of dealing with people who desecrate the flag.

Certainly it's a little curious that the act of burning a draft card is a punishable federal offense whereas anybody can desecrate the flag with apparent impunity.

A pending bill by Rep James Quillen (R-Tenn.) would make it costly for misguided peaceniks to desecrate the flag, that other young Americans were bleeding and dying for in Vietnam.

The bill, House Resolution 6385, provides that "whoever publicly mutilates, defaces, defiles, defies, tramples upon or casts contempt, either by word or act, upon any flag, standard, colors or ensign of the United States shall be punished by imprisonment of not more than one year and a fine of not more than \$1,000."

House has passed laws widely suspected of aiding and comforting the enemy in Vietnam. Rep. Quillen's bill is one that would afford a little aid and comfort to the aggrieved survivors of Americans killed in Vietnam. Maybe some of the angry letters that are being addressed to the newspapers in this connection might serve a better purpose if sent to Congress. — Daily Oklahoman.

It really is a better world

When we read of the riots and turmoil in widely separated areas of the world; the many news stories of crime, and disorder throughout the world, and of war; many wonder in what direction our world is moving. Are we just floating up and down on the endless — and hopeless — ebb and flow of history's tides?

We look around us at home and we see many good things, church meetings and revivals, educational programs and shows, scouts working, schools planning graduation exercises, and many, many, more worthwhile activities.

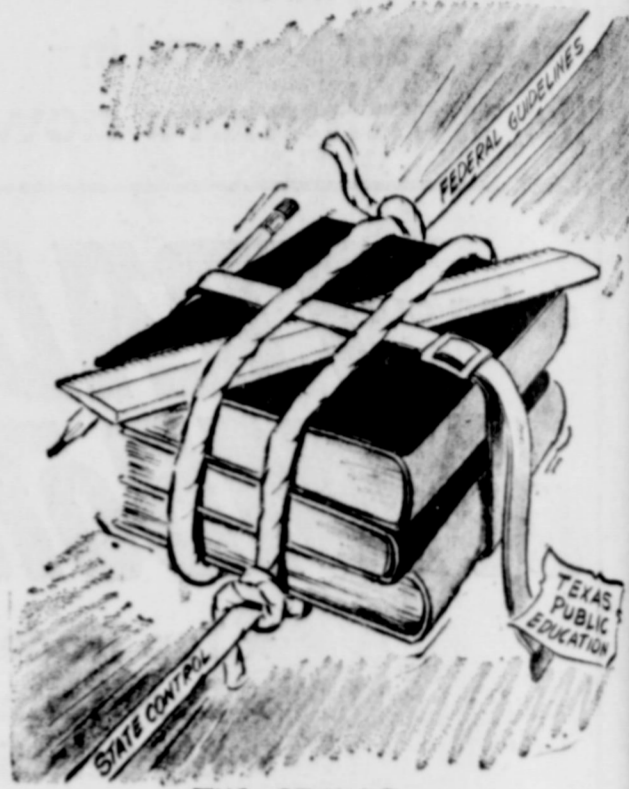

Good things do not make headlines in the world news media. Because of this we sometimes overlook the goodness of the citizen in our world.

The U. S. Government is criticized sometimes because it pays for progress designed to help people of other nations. Why should our government help advance the national economy of Peru, or any other nation, is asked?

The good work of the hospital ship HOPE was pointed out when 40,000 Peruvians swarmed over the docks to thank the U. S. doctors and nurses who had been saving lives and spreading advance medical technology to tiny Indian villages in the Andes. HOPE made her second trip around the world.

Another ship, Christmas seal, has visited 1,200 pint-sized fishing harbors in Newfoundland, giving X-ray treatments which are reducing tuberculosis deaths to one-tenth of what they were in 1944. When, before our 20th Century, have ships sailed the seven seas carrying no arms, no merchandise, just health, hope and happiness?

These volunteer efforts are not solely a U. S. phenomenon; they are a 20th Century phenomenon. More than a million Rotary, Lions, and Kiwanis members in 134 lands, hundreds of thousands

TUG OF WAR —

for single-year financing. Total of all funds is \$2,300,000,000.

Bill provides these general revenue allocations as compared with the present spending level: Judiciary, \$7,100,000, now \$6,200,000; up \$900,000.

Public Health, Hospitals, Special Schools, Youth Institutions, \$198,200,000 now \$177,600,000; up \$120,600,000.

Executive and Administrative Departments and Agencies, \$78,500,000, now \$53,700,000; up \$24,800,000.

Education, \$250,700,000, now \$179,800,000; up \$70,900,000.

Legislature, \$4,700,000, now \$3,900,000; up \$800,000.

If adopted in its present form, this bill would leave an estimated surplus of \$34,800,000 for teacher pay raises and other purposes.

AUTO RATES ALTERED — A new scale of Texas auto license plate fees is fixed in a bill passed by the House and sent to the Senate.

While the bill would lower rates for about half of the cars, it would raise them considerably for very small imported vehicles. Tags would cost \$12 for all autos over 3,500 pounds, \$20 for those 3,500 to 4,500 pounds and \$28 from 4,500 to 6,000 pounds.

A minimum fee of \$5 would be charged for all motorcycles, boat trailers and other light vehicles.

OPEN MEETINGS — Bills to require open meetings of governmental agencies received approval of both House and Senate committees and were placed on floor calendars.

House State Affairs Committee approved the measure by Rep. Bill Rapp of Raymondville. Senate Education Committee recommended passage of similar provision by Sen. Chet Brooks of Harris County.

LIQUOR BILL MOVES — House Revenue and Taxation Committee passed the liquor-by-the-drink bill by a close 10-7 margin, with four members absent.

Committee added these major amendments: Separate local option elections will be necessary before mixed drinks can be sold anywhere.

Originally, the bill sought to legalize liquor-by-the-drink in presently all-wet precincts unless voters specifically rejected the change in referendums.

Sellers of alcoholic beverages could be held financially responsible for property damage and injury caused by intoxicated persons who purchased beer or liquor from them. Limits of liability are fixed at \$25,000 for damage to property and injury or \$50,000 for death or loss of means of support.

Permit fees would be reduced of Boy and Girl Scouts from all over the world are showing true brotherly feelings for their fellows in other nations.

History shows that for 4,000 years and more, armies have slaughtered and enslaved. Not until the second half of the 20th Century has a powerful nation founded a Peace Corps.

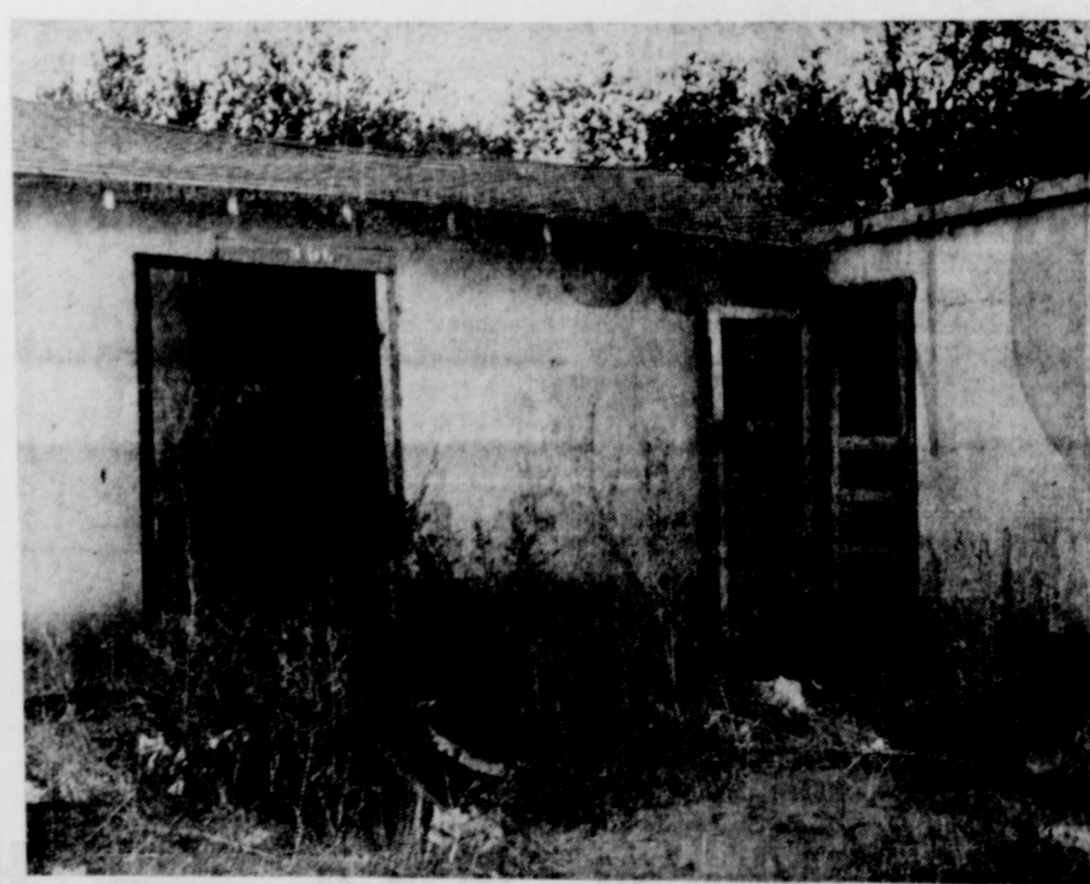

Germany has set up Inter Nations, Great Britain has a Freedom from Hunger campaign, New Zealand has the Good Neighbor Corps. The U. S. National Council of Churches runs its own peace corps in 34 nations. Philippines and Korean missionaries are healing Thais. Devoted men and women from India work in hospitals in Malaya.

The most significant 20th Century adventure in world-wide cooperation is, of course, the United Nations with World Health, Food and Agriculture, UNESCO, and others.

The 20th Century will go down in history as the century when men first conceived of world-wide neighborliness and human rights for all three billion of us on this, our medium-sized, troubled, and still hopeful, planet.

Most of us are ill-informed about the good work in the world today. We only seem to hear of the bad. — Memphis Democrat.

Ask any boy and he will tell you ...
IT'S A WONDERFUL FEELING

When winter is past and most of the spring rains have come and gone, what a joy it is for a boy to go barefoot and feel the warm moist earth oozing up between his toes and the hot sun on his back ... It's a wonderful feeling — remember?

If it has been some time since you were in the warm company of like-minded Christians and basked in the warmth and love of God's glory and grace as manifested in His Church, attend this coming Sunday. It's a wonderful feeling to sense that you are in tune with God, your fellow man, and the universe.

"I was glad when they said unto me, let us go into the House of the Lord."
 Psalm 122:1.

**EVERYONE IN THE CHURCH
 THE CHURCH IN EVERYONE**

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.
