Western welcome out for Last Frontier Rodeo

Football practice starts in area towns this week

Monday football practice begins Monday, Aug. 14, for the Morton High School team. Also starting their gridiron routines will be aspirants for the Whiteface High School team. Bula and Three Rivers players will be issued equipment this week, but will not begin their sessions until later in the week. The Indians lost eight games in a last year, but came on strong to take the last two outings of the season. Head coach Fred Weaver is hoping that momentum will be maintained this year. After two victories, Weaver got maximum efforts from the undergraduates in returning this year. "We had a enthusiastic bunch of kids in our program," he said. "They have apparently been working hard this summer, and ready for practice. After seeing some of the boys, I'd say they are in a better shape than they were last

But, coach-like, Weaver retained some pessimism. "We've got a lot of unproven personnel that will have to come through for us this fall if we are to have a good season."

Weaver is expected to begin work-outs with three quarterbacks to pick from Wayne Thompson is a slender southpaw, who learned the position the hard way last year. As a sophomore, he was expected to understudy senior John St. Clair. But St. Clair was injured in the third game and never returned to form. That left Thompson with the signal-calling burden. Pressing Thompson for the starting post will be two more underclassmen.

Ralph Soliz and Mike Bryan are both sophomores who barked signals last year for the combined B team-freshman squad.

Four lettermen are expected to hold down regular line spots this year, but will be pushed by some big, strong sophomores who came up for the last few games. Seniors Ray King, center; LaMell Abbe, end; Dick Vanlandingham, tackle; and Billy Smart, guard, are all regulars and most of them are coming in from 10 to 30 pounds above their playing weight of last year. Returning backs include Donnie Harvey, Charles Joyce and Alex Soliz.

See FOOTBALL, Page 2

★ Three Way

A faculty meeting August 24 at 9 a.m. will get the 1967-68 version of Three Way schools underway. Tom Alvis, Three Way superintendent, reports that registration is scheduled for August 25 from 8:30-10:30 a.m. for all except first graders. The buses will run that day. First graders will register August 24 at 1:30 p.m. Parents will need to bring proof of birth. A meeting of the bus drivers will also be held August 25 at 1:30 p.m. Football practice will get underway August 15 under the direction of football coach Lester Driver. A scrimmage with Wellman will be held in Three Way August 25 at 6 p.m. The first game will be held in Sands Sept. 8 at 8 p.m.

Playday spectators . . .

THESE SIX YOUNGSTERS WERE part of the near 200 spectators and participants in the area playday sponsored by the Cochran 4-H Saddle Club. The events, including ribbon races, barrels, pole bending and flag races, were held

Saturday in the rodeo arena. Events of the 17th annual Texas' Last Frontier Rodeo will dominate the rodeo arena this weekend as area cowboys compete for prizes.

(Staff Photo)

The Western welcome is out in Morton this week in preparation for the 17th annual Texas Last Frontier Rodeo to be held Thursday, Friday and Saturday.

As usual the town is putting on a festive air complete with brightly painted store windows, an abundance of western wear, and a good old-fashioned hospitality.

The festivities will get underway Thursday afternoon at 5 p.m. with a parade through the downtown area. Riding clubs will compete for trophies and spectators will vie for a chance to get a look at the rodeo queen contestants and to speculate as to which girl will be crowned queen. Parade entries are requested to be at the staging area, east of the hospital, no later than 4 p.m.

Competing for queen honors are Rayla Griffith, sponsored by the Morton Jaycees; Janice Hall, Morton Roping Club; and Micheline Marina, Cochran County Sheriff's Posse. The queen will be selected on the basis of advance tickets sold.

In addition to a bouquet of roses, the queen will receive 10-percent of her ticket sales while the second place contestant will receive 7-percent of her sales and the third place 5 1/2-percent of her sales.

The queen will be crowned during the rodeo's premier performance Thursday night.

Sponsoring the rodeo are the members of the Cochran County Rodeo Assn. Assisting will be the Morton Roping Club, Lions Club and the Morton Jaycees.

Tickets are priced at \$1.50 for adults and 75-cents for children. These prices are for both advance and at-the-gate sales. Tickets are available from James Dewbre, First State Bank; Wiley Hodge, Wiley's Humble; or Wanda Sharp, S&S Sweet Shop.

The rodeo is set for 9 p.m. each night. The late time is designed to give farmers and ranchers a chance to get caught up with their chores.

Rodeo events include saddle bronc, bareback, bull riding, calf roping, open ladies

See RODEO, Page 2

Certification deadline nears

August 15 is the last day farmers may file acreage under the 1967 cotton and wheat grain program, reports John W. O'Brien, Office Manager of the ASCS. O'Brien said that if acreage is not certified by that date the farmer in violation will not receive crop support payments. Payment will be made beginning August 15 for operators not in violation. O'Brien also said that election of community committees will be conducted Sept. 20. Names bearing the names of six or more eligible voters may be used to place names on the ballot. These petitions must be filed with the county ASCS office on or before Aug. 25. Ballots for the election will be mailed to all known eligible voters Sept. 10. The ballots must be returned to the ASCS office not later than Sept. 20. The elected community committees meet Sept. 27 to select two members of the County Committee and two alternates. Term of office for all new committees will begin Oct. 1. Ballots will be mailed to all known eligible voters to vote in the election and run for office are all farm operators, owners, tenants, etc., and their wives.

Post Office announces building site

Plans to acquire a new post office building in Morton were announced recently by Postmaster General Lawrence F. O'Brien.

"The new building," O'Brien said, "is designed to carry out the Post Office Department's objective of a more efficient postal service combined with improved working conditions for our employees."

"President Johnson has asked us to exercise frugality in conducting our governmental operations, and we are doing so. New construction, therefore, is being authorized only when it is demonstrated that the need is urgent and no other alternative is available."

The alternatives, O'Brien explained, would involve remodeling of the post office quarters or moving into another suitable building in the same community.

The building in Morton will be located at the southeast corner of intersection of West First Street and Taylor Avenue. Preliminary plans call for 3,332 square feet of floor space, with an area of 6,600 square feet for parking and movement of postal vehicles.

The Postmaster General said the building will be constructed under the Department's Lease Construction Program, with the government's capital investment limited substantially to postal equipment. While leased to the government, the building will remain under private ownership and the owner will pay local real estate taxes.

Plans and specifications for the new building, as well as bidding forms and other pertinent data, will be made available to prospective bidders at an early date, at which time the Department will advertise for bids.

The site option will be assigned to the successful bidder, who will purchase the land, construct the building, and lease it to the department.

Postal space in the present post office quarters will be available for other purposes.

Morton Postmaster Murray Crone said the new building will be an increase of about 50-percent over the present one. He said that the new building would feature a split lobby.

County budget meet

The Cochran County Commissioners Court will hold their annual budget hearing Wednesday, August 16, in the Commissioners Courtroom at 10 a.m. County Judge Johnny Love said all interested persons are invited to attend the meeting.

The split lobby will allow the sales counter to be separated from the boxes by means of doors. Sales will be transacted across an open counter rather than through windows as is now the case.

Crone said that some new equipment will be added to the new post office including all new boxes. Other equipment will be repaired and repainted or replaced as necessary.

New coach, wife, assume duties in Morton school

A 1967 graduate of West Texas State University at Canyon, Doug Reed, has joined the coaching staff of the Morton school system. He will coach seventh and eighth grade football and will work with the varsity team as one of the line coaches.

Reed, 23, played tackle and center for the Levelland Lobos. Following graduation from Levelland High School he attended South Plains College.

At West Texas State he majored in physical education and biology. He will, in addition to his coaching duties, teach junior high school science in Morton.

His wife, Phyllis, will receive her degree from West Texas State during their August commencement exercises. A 20-year-old native of Levelland, she also attended South Plains College. She will

Doug Reed

teach first grade in the Morton schools this fall.

At commencement she will receive a Bachelor of Science degree in elementary education with an emphasis in geography.

They live at 308 E. Garfield and attend the Catholic Church.

★ Budget meet

The board of directors of the Cochran Memorial Hospital District will hold a budget hearing August 16 at 10 a.m. in the district courtroom. Board president Glenn Thompson has urged all interested citizens to attend this important meeting.

Wrecked car . . .

JESSE L. JOHNSON, 76, a farm laborer from Whiteface, was killed Saturday afternoon when his 1950 Plymouth Valiant collided with a 1963 Oldsmobile on State Highway 125 two miles west of Whiteface. The Olds was driven by Audrey

Edna McGuire, 51, of Rt. 1, Shallowater. A passenger in the McGuire vehicle, Udell Perrin, 46, of New Deal, was taken to South Plains Hospital in Levelland for treatment of a broken rib.

(Staff Photo)

Saturday head-on collision kills Whiteface farm laborer

A 76-year-old farm laborer from Whiteface was pronounced dead at the scene of a two-car wreck Saturday afternoon two miles west of Whiteface on State Highway 125.

Pronounced dead by Hugh Knox, Whiteface Justice of the Peace, was Jesse L. Johnson, driver of one of the vehicles. Mrs. Udell Perrin, 46, of New Deal, a passenger in the other vehicle, was taken to Levelland's South Plains Hospital complaining of shoulder injuries. She was treated at the hospital for a broken rib.

Funeral for Johnson was held Monday at 10 a.m. in the First Baptist Church of Whiteface. Officiating was Rev. Bill Shackelford, assisted by Rev. Luther Baker, pastor of the First Methodist Church of Whiteface.

Burial was in the City of Levelland Cemetery under the direction of George Price Funeral Home of Levelland.

Johnson had worked in Whiteface for several months after living in Spade, Fieldton, Pettit and Morton and Portales, N.M.

Survivors include his wife; two sons, Marty of Levelland and Elvin of Whiteface; four daughters, Mrs. Odell James

and Mrs. Windell Peters, both of Whiteface, Mrs. Tom Pinckard of Irvine and Mrs. Bay Garnett of Lubbock; his mother, Mrs. Lizzie Johnson of Levelland; a brother, Herbert of Memphis; three sisters, Gladys Johnson of Vernon, Mrs. Ethel Woodward of Levelland and Mrs. Susie Covey of Prescott, Ariz.; three step-sons, Jerry Teffertiller of Seminole, Sam B. Kennedy, serving in Vietnam, and Marshall Kennedy of Portales; a step-daughter, Kay Kennedy of Portales, N.M.; and 20 grandchildren.

The accident occurred shortly after Johnson had been passed by Gerald Joiner of Tatum, N.M. Joiner told investigating officers that he looked into the rear view mirror after passing Johnson and saw Johnson swerve into the path of a 1963 Oldsmobile driven by Mrs. Audrey Edna McGuire, 51, of Rt. 1, Shallowater.

Johnson, driving a 1960 Plymouth Valiant, was traveling east on 125, while Mrs. McGuire was going west.

Investigating Texas Highway Patrolman T. A. Rowland set the time of the accident at 3:40 p.m. Damage to the Olds was listed at \$400 while the Valiant was demolished.

Press box construction . . .

MORTON BOOSTER CLUB MEMBERS Budd Fountain and Kenneth Thompson are in the process of remodeling the enclosed photographers' perch on top of the box, and a will be extended 10 feet and will feature a glassed-in front,

enclosed photographers perch on top of the box, and a rear entrance to the building. Thompson was warned by Fountain not to fall off as Thompson is the only x-ray-medical technician in town. (Staff Photo)

The Morton (Tex.) Tribune, Thursday, August 10, 1967

Study club calls meeting to hear reports on activities

The Emlea Smith Junior Study Club held a called meeting on Wednesday, Aug. 2 at 3:30 p.m. in the home of Mrs. M. C. Ledbetter.

The newly elected secretary, Mrs. J. W. Tyson, called roll and read the minutes of the last meeting.

A report on the club yearbook was given by committee chairman Mrs. T. C. Asbill. She reported that the year book would go to press Thursday if some last minute details could be obtained.

The club president for the coming year, Mrs. Loy Kern, expressed her thanks to all club members who had helped in Head Start with baked goods or teacher assistance. Mrs. Kern then circulated the written resignations of three members: Mrs. Dwight Gober, Mrs. T. A. Box and Mrs. Charles Borland. Also circulated was a thank you card from the National Foundation-March of Dimes for the clubs participation in Operation Healthy Babies.

A report on the Club's Golf Tournament Concession Stand was given by Mrs. Gary Willingham and Mrs. Tommy Hawkins. They reported that sandwiches, lemonade,

ice tea and brownies had been planned for the event. They asked that club members sign up to bring food and to work at the stand at different hours during the day. Mrs. Kern announced that Wednesday, Aug. 23, was our club's day to have a program on the radio. It was decided that yearbook and program committee members Mrs. Dale DeBord, Mrs. Sherrill Griffith and Mrs. T. C. Asbill would present a program on the club's activities and plans for the coming year.

Some position changing took place with the resignation of Mrs. Tommy Hawkins as auditor in order to accept the position of historian. Mrs. Richard Houston was then elected as auditor. Elected also were Mrs. Gary Willingham and Mrs. Bill Foust to the positions of corresponding secretary and conservation chairman respectively.

A gift was presented to Mrs. Clyde Brownlow in recognition of her outstanding work in the club during the past years. Mrs. Brownlow will be moving to Amberst within the next week.

The meeting was then adjourned and refreshments served.

Football starts

from page one

all regulars before the season closed last year. Harvey is likely to be the workhorse of the ball-carriers.

Weaver filled out the one vacancy in this coaching staff this week with the addition of Doug Reed, who is a former Levelland High School great and in his first coaching job. Aides who worked with Weaver in his first head coaching year last season include Lane Tannehill and Robert Taylor, backfield coaches; Ted Whillock, and Reed, line coaches.

The authoritative Texas Football magazine predicts that Denver City will regain its conference 4-AA crown this year. The Ponies had exclusive possession of the title from 1958 until last year, when Post took top honors. Stanton occupied the cellar last year with a 1-8-1 mark, but returns eight offensive and eight defense lettermen that might be ready to push D.C. for the title. Morton is tabbed for third, followed by Post, Frenship, Slaton and new member Midland Carver.

Weaver has a strong nucleus to go with the players already mentioned. Guard Karl Griffith and end Bob Hawkins were regulars last year. Center Hershel Lamar has gained size and strength this year, while sophomores J. D. Wisely and Roger Sandefer got some varsity experience last year.

The Morton varsity schedule includes: Sept. 8, Olton here, 8 p.m. Sept. 15, at Friona, 8 p.m. Sept. 22, at Abilene, 8 p.m. Sept. 29, Midland Carver here, 7:30 p.m. Oct. 6, Slaton here, 7:30 p.m. Oct. 13, Muleshoe here, 7:30 p.m. Oct. 20, Denver City here, 7:30 p.m. Oct. 27, at Frenship, 7:30 p.m. Nov. 3, at Stanton, 7:30 p.m. Nov. 10, at Post, 7:30 p.m.

Morton dropped Bovina from its 1967 slate to make room for Midland Carver and re-scheduled Muleshoe for a later date.

Rodeo begins

from page one

barrel races, junior barrel races, calf scramble, bull dogging and heading and heeling.

The bull dogging and heading and heeling are new events at the Texas' Last Frontier Rodeo. The heading and heeling is steer roping, but not of the usual kind. In this event two riders attempt to rope a steer. One rider ropes the head and the other the heels. Then they must face each other with their ropes in a straight line, all without dismounting.

The calf scramble is open to all youngsters who have entered the rodeo. Four or five calves which have ribbons attached to their tails will be released into the arena. One of the ribbons will be worth \$5 to the contestant who brings it across the finish line.

Two divisions have been scheduled for the junior barrel race: one for boys and girls under the age of 11 and one for boys and girls 12-15.

Belt buckles will be awarded to the winners of all the rodeo events. Blankets will be awarded to the junior barrel race winners and trophies will go to the winners of the riding clubs.

Mr. and Mrs. Buddy Franks and Kevin returned Monday after spending a week camping out at White River Lake near Crosbyton. Seems as though Kevin is the fisherman of the family as it was reported he caught about 40 fish.

NEW CHECK REGULATIONS BECOME EFFECTIVE SEPT. 1

For the convenience of all our banking customers, we want to explain these new regulations. They will affect

EVERYONE WHO USES CHECKS!

There is NO NEED FOR CONFUSION about the new Federal Reserve Regulations. All that is required is that every check you write on your account at the First State Bank have our bank's identification symbol imprinted in a magnetic ink in the proper position on the check.

Every bank has a different identifying symbol. Purpose of the regulation is to permit swift, automatic sorting of checks to individual banks by machine. It enables the nation's banking industry to become more automated.

This is done at NO COST TO OUR CUSTOMERS. All of our bank's counter checks and personalized checks already contain our identifying number in magnetic ink.

HOW THE CHANGE WILL AFFECT YOU!

After September 1, 1967, when these regulations go into effect you NO LONGER will be able to use a bank draft form or to change another bank's check to write a check on your account in our bank. You MUST HAVE a First State Bank of Morton check with you.

MAKE IT A HABIT NOW, before the regulations become effective, of always carrying one of our check books with you. You will never be inconvenienced or embarrassed.

IT IS NOT NECESSARY THAT YOU USE PERSONALIZED CHECKS . . .

However, we will continue to provide personalized checks for you, for added protection, for a small printing charge.

Plains Cotton Growers will elect directors

Cochran County cotton producers and businessmen will elect a businessman-director to Plains Cotton Growers, Inc. for the coming two-year period at a meeting August 10 at 6 p.m. in the County Auditorium, Morton according to a joint announcement from Roy Hickman, current PCG producer-director, and Van Greene, 1966-67 businessman director from Cochran County.

The 23 county cotton producer organization has two directors from each county, one a businessman and the other a cotton producer. Businessmen-directors are elected on odd-numbered years and producers-directors on even years, each for a two year term.

Both farmers and businessmen participate in the election of all directors.

Program for the meeting will be presented by Harry Arthur, PCG textile consultant and acting head of the Textile Research Laboratory at Texas Technological College. Arthur will outline plans for expanded textile research in this area, discuss PCG's part in that expansion and its importance to progress in the cotton industry.

Greene and Hickman are emphasizing that directors to PCG are the men who set the producer organization's policy on legislative, research, promotion, financial and other activities, all of which have a direct effect on the area's cotton economy.

Hickman said "We think we have an effective cotton producer organization to represent the cotton interests of this and other counties in the area, and the election of directors to PCG is an important part of maintaining that effectiveness. We hope all interested persons will make the necessary effort to attend and take part in our county election meeting."

County eligible for emergency FHA loans

Marvin E. Elliott, Cochran County Supervisor of the Farmers Home Administration, has announced that Cochran County has been designated eligible for Initial Emergency Loans for farming operations to new applicants through June 30, 1968.

Emergency loans are available only to established farmers or ranchers who are unable to secure their operating expenses from other credit sources to continue their

Through telescope by luck

It was "head for the hills" last weekend for the Tucks, as we made our first visit to Cloudcroft, N.M. We were delighted with the cool climate and spectacular scenery. Although we didn't try the famous golf course, tabbed as the highest in the world (in altitude, not price), we took in most everything else. The drive from Ruidoso to Cloudcroft through the Mesquero Indian Reservation on a fine gravel road was lovely. We were particularly surprised to see large groves of aspens scattered among the tall pines.

A side trip that we would highly recommend is the 17-1/2, 40-minute drive from Cloudcroft to the U. S. Air Force Cambridge Solar Observatory, atop Sacramento Peak. There is one tour each week, at 2 p.m. each Saturday from May through October. Our guide was photographer Jerry Loomis, who is able to impart scientific knowledge in layman's language. They are building a new observatory, which will be spire-shaped to shed the heavy winter snows. The telescope in the new structure will be housed in a vacuum chamber to reduce shake and tremors from the earth's surface. The building will be 136 feet tall, in an effort to get the lens away from heat shimmers that rise from the earth and

normal operations. Loans are made for annual recurring essential farm and home operating expenses and cannot be used to refinance existing debts, purchase of equipment or livestock, other than replacements, or to reorganize or enlarge the normal operation of a farmer or rancher.

The interest rate for Emergency Loans is 3 per cent. Loans are scheduled for repayment when income from the product is normally received. Elliott said that there was no limit as to the amount of the loan.

Application forms and full information concerning Emergency Loans may be obtained at the Cochran County office of the Farmers Home Administration in the County Activity Building in Morton.

distort the images. And, in order to make sure the telescope turns easily, it will be floated on 11 metric tons of mercury. base of the building will be 240 feet below ground level.

For those who are tired of the hustle and bustle, we highly recommend Cloudcroft. However, it is about as large as Ruidoso and Red River were 25 years ago and accommodations are limited. The altitude is about 8,560 feet and somewhere above 10,000 at the observatory.

We also visited Burgett's Nursery, the largest commercial floral nursery in the Southwest. It is located about eight miles east of Cloudcroft, on the road to Artesia. They have something like six acres of greenhouses, all filled with beautiful and colorful flowers.

On our return, we drove through Artesia primarily to see the new College of Artesia. The privately-supported school began last year with two buildings. Several more are under construction now as the four-year liberal arts school gets ready for the fall term. The college operates on a tri-semester system with strong emphasis on written and oral communication. All students there are required to take non-credit speech and writing courses if instructors feel the student is not able to write effectively or talk with ease and assurance.

A final travel note: between Tatum and Bledsoe we saw huge grasshoppers in great numbers. They are three to four inches long with an occasional black one, slightly smaller, mixed among the usual green ones. They could be a menace if they begin to move in this direction.

Back home we were greeted with the highest temperatures of the summer... and a great desire to repack and return to the cool pines. The cool front that blew in early Wednesday morning is expected to relieve us from a little of the heat and humidity that have made things uncomfortable the past few days.

Two very important meetings will be held Wednesday, August 14. The Cochran County Commissioners will hold their annual budget hearing at 10 a.m. in the Commissioners Courtroom, Upstairs in the District Courtroom, the Cochran Memorial Hospital District board will hold its budget hearing... also at 10 a.m.

The hospital board is scheduled to meet at 8 p.m. Thursday, Aug. 10, in the Commissioners Courtroom to work out a budget draft and set a tax rate for the coming year. The public is invited to attend this, or any other of its meetings.

We received a letter this week from Bolinger, Segars & Company of Lubbock. The firm presently is auditing financial records for the Five Area Telephone Cooperative and the Bailey County Electric Cooperative. They say, "... Our field work on these engagements has been completed, and we expect to deliver the audit report to the board of directors of Five Area Telephone Cooperative, Inc. on August 14, 1967, and to the board of directors of Bailey County Electric Cooperative Association on August 28, 1967. Our examination of the records of the above mentioned cooperatives has disclosed that the records have been maintained very adequately, and nothing has come to our attention that would indicate any irregularities of any nature on the part of any of the cooperative's employees." This should quiet some of the rumors which have been floating around since the cooperative's boards fired the manager last month in a stormy session in Muleshoe.

This is rodeo week in Morton and we are looking forward to the annual event for an interesting change of pace. A lot of folks who regularly dress to conform to public appearances will be able to come

My student of the week for this week is twenty year-old Mike Egger, son of Mr. and Mrs. Owen Egger of Morton. He is a 1965 graduate of Morton High School.

Mike will be a junior at Colorado College in Colorado Springs this fall. About 1500 students attend Colorado College, which is two per cent of the undergraduate population of the state. Also, the College's graduate receive about fifty per cent of the fellowship grants of Colorado.

Being a math major, Mike has taken courses such as French, math, economics, government, and philosophy of science. Mike attends some classes fairly regularly but he is in an independent studies program where he studies and does research on his own.

Included in his activities at the college is band. Mike sits first chair of the French horn section of the Colorado College band. He is also a photographer for a weekly school paper.

During my interview with Mike, he told me quite a bit about the symposium the college has every year in January. This activity comes between semesters and lasts a week.

A topic is chosen for each year's symposium, and several different speakers are asked to come and give lectures on this topic throughout the week. Some of the past topics of these symposiums have been: "World War II", "Humor", and "The City".

At present, Mike is chairman of the committee to pick a topic for the 1968 symposium. He said that the topic will

to work the rest of the week in western attire. For a change, how about the folks who usually wear boots and jeans coming to work next week in dress shirt, slacks and tie? Seriously, we are looking for a big crowd in town and out at the rodeo. Oh yes, the rodeo performances will be at 9 p.m. each evening.

The first Morton residents we know about who have attended Expo 67 in Canada this summer are Mrs. Simon Marina and younger son, Henry. They took a train from Clovis to Chicago, then on to Montreal. Mrs. Marina said railroads weren't making reservations beyond Chicago and that it was a madhouse from there. The fair, she reported, was almost beyond description. Crowds were enormous, with waiting periods of up to two hours just to get inside the buildings. The U.S., Canadian, Russian and British exhibits, she said, were the most impressive. Accompanying them back to Morton was Simon's mother, Mrs. Hind Marina of Montreal, who is making her first visit here. She plans to remain about two weeks before she goes home. Simon plans now to go back with her for a short visit.

Cochran County's former state representative Jesse T. George has changed his mind about running for the legislature from Lubbock. Jesse is moving to Washington, D.C., to be a liaison official for the federal government.

Rodeos are here to stay. Despite urbanity, we say. For three days we celebrate. Then put our western duds away. To the last faint, "Ki-yipee-ay!"

Brother of Morton woman dies in Paris

Last rites for C. H. Whitney, Justice of the Peace of Paris, were Friday at 2:30 p.m. in the Leavelle Funeral Chapel. Whitney died at the Medical Center, after being a patient a short time.

He is survived by his wife, eight brothers and six children. Mrs. Whitney of Morton, is one of his times with his sister.

Lighter Later TOPS has weekly meeting

The Lighter Later TOPS Club 9 a.m. in the Fellowship Hall of Methodist Church. There were 12 members weighing in and a total of 19 1/2 lbs. was lost for the week.

Theo Spence was the queen for the week by losing 4 1/2 lbs. Mildred Oden asked for each member have a few minutes of silent prayer which the pledge was repeated.

The monthly business meeting followed. There was no program.

Senior class host school to swimming party, Tuesday

By MRS. J. D. BAYLESS

Mr. and Mrs. Dewitt Tiller and family visited with their grandparents, Mr. and Mrs. H. M. Reid, Sunday, at Clarendon, also other relatives.

The 1967 senior class of the Bula School were hostess for a swimming party for the entire school Tuesday evening at the Srescent Park swimming pool at Littlefield.

Jimmie Tate of Lubbock spent the week with his grandparents, Mr. and Mrs. Jack Austin, while his parents Mr. and Mrs. Orphus Tate attended a funeral of an uncle in Kansas.

Guests in the home of Mr. and Mrs. Jimmie Drake last Sunday were: Mr. and Mrs. Bob Sikes and children, Peggy and Terry from Sacramento, Calif., Mr. and Mrs. Dexter Nebhut and children, Jennella, Jeleta, Perri and Darryl of Morton, Mrs. R. A. Vestal, Morton, Mr. and Mrs. Kenneth Vestal and children, Steve and Robbie of O'Donnell, Mr. and Mrs. Dick Pittman and son, David of Wichita Falls, Mr. and Mrs. J. D. Rowland of Bula, Mrs. Florence Hancox and son, Ruben of Morton, Miss Judy Brantly, Littlefield and Mrs. Finis Donley from Abilene.

J. O. Dane and J. W. Layton took a load of sheep to San Angelo Tuesday. A. P. Fred returned home Monday after spending ten days in the Littlefield hospital.

The ladies Bible class of the Christ met last Thursday at 9:30 a.m. for their lesson study. The study opened with all participating in a sentence of prayer. The lesson was taken from the current study book of Christian development. The topic was "Christian Worship" Mrs. John Blackman was in charge of the lesson, all present taking part in the study. Those present were: Mrs. Nolan Harlan, Miss Ann Harlan, Mrs. Jean Bryan, Mrs. John Hubbard, Mrs. Cecil Jones and Mrs. John Blackman.

Mr. and Mrs. Ray Spence and family returned home Monday from a vacation in Oklahoma and Arkansas. They visited his cousin, Mr. and Mrs. A. J. Spence at Nacagdoes, Mr. and Mrs. Doyl Sounders, Ft. Worth and an aunt, Mrs. Lucy Owens, Seymour.

Last Friday was the last day of the

"Head Start" program at the Bula school. The children went to Muleshoe for their last shots.

Mr. and Mrs. Norvil Roberts and family from Plainview, and his mother, Mrs. Bertha Roberts of Morton were guests in the home of Mr. and Mrs. Arnold Archer last Saturday night. Norvil is a nephew of Arnold and Mrs. Archer. Mrs. Roberts is a sister of Mrs. Archer. Melony and Bryon Roberts also spent the weekend with their uncle and aunt, Mr. and Mrs. Arnold Archer.

Mrs. Loyd Pollard spent Sunday with her mother Mrs. Phillips at Stegall, who is in ill health.

Mr. and Mrs. Buddie Black and children, Lo Vetta Jo, Carol Sue, Eddie and Mitchel from Muleshoe were supper guests in the home of Mr. and Mrs. J. H. Millsap Friday.

Mrs. Carl Hall and Mrs. J. D. Bayless took their grandchildren, Belva and Jerry Hall to Clovis air base to catch a plane Friday to return to their home at Phoenix, Ariz., after a 17 day visit with their grandparents and other relatives.

Company in the home of Mr. and Mrs. Ray Spence Sunday were her parents, Mr. and Mrs. L. E. Bartlett of Lubbock and Mr. and Mrs. W. C. McCelvey of Goodland.

MORTON, TEXAS, THURSDAY, AUGUST 10, 1967

Air age is upon us... with need for better facilities

It was nice this week to learn that negotiation has allowed the county and hospital building projects to get final approval. The letting of bids is a climax for the long-standing need for better courthouse-jail facilities and for more room at the hospital.

We sincerely hope that the county now will begin to re-examine the need for improving the county airport. Last year's bond election saw voters turn down a proposal to spend \$30,000 for airport improvement. The vote was 386 against and 603 in favor of the proposal.

There wasn't too much interest in this proposition, one of four on the ballot. Most of the interest was centered around the \$300,000 for courthouse-jail improvement and \$195,000 for hospital expansion.

But we feel that the situation is different now than it was last September and that work needs to start now to explore outside funds to help with airport improvement. Since September, Cochran County has secured a significant industry in Sound Tronics, Inc., and has the prospect for more.

More than 300,000 persons got new flying licenses in the United States last year and both private and business flying are growing by leaps and bounds.

Not all of the funds need to come from local sources. There is money available on a matching basis from the Texas Aeronautics Commission. Money also would be available from the Federal Aviation Agency.

Cochran County doesn't need an elaborate terminal building, nor fancy lighting. What it does need is a paved runway and an automatic lighting system to outline the runway. County-built hangars could be amortized in a short time through rental fees.

Whether you fly or not, you realize that the air age has arrived and that private and business flying are not just passing fads. Flying is here to stay. And, just as we provide roads for auto and truck travel, we need to provide facilities for airplanes.

Dirt strips are adequate for students, just as little-used dirt roads are often used by folks learning to drive. But an all-weather, lighted strip is essential to provide even a minimum facility for pilots who use airplanes for business and/or pleasure.

Now is the time for someone to begin some serious investigation into costs, support funds and needs for the county airport.

Crop payments to begin in August or September

It was reported in the July Newsletter that the ASCS office could start making payments to the producers when 50 per cent of them had certified their crops. The Office has been notified that it will be late August or early September before payments will be made.

If a producer signed up to participate in the cotton or feed grain program, he must certify the acreage of all crops and land used by August 15th, 1967. Twenty-five per cent of producers will be spot checked after August 15th, and if you are found to be overplanted there will be no chance for you to destroy the acreage

that you are overplanted and get in compliance. You will be able to keep the acreage that you are overplanted but you will take a reduction in payment on your final payment.

Grain sorghum is not an acceptable crop on diverted acreage. If you have grain sorghum on diverted acreage it must be plowed up before you certify your acreage and this acreage may not be grazed at any time this year.

A value of \$1.36 per bu. has been announced on wheat certificates for 1967 crop marketing certificates.

SITTING IT OUT UNTIL OCTOBER

Views of other editors

Russia's burden is Cuba

We hear much about the cost of the international burdens borne by the United States. We have heard far less about those borne by the Soviet Union. Yet in some cases these latter are not only proportionally heavier than the weights shouldered by the United States, but are also less likely to be dropped in the foreseeable future.

Several times these columns have pointed out the heavy new cost to the Russian treasury which the latter's support for a war-hit Egypt is likely to entail. Leaving aside the cost of making up all or part of the several billion dollars' worth of military gear taken or destroyed by Israel, Moscow also seems in line for the job of supporting an Egyptian economy deemed to be in an almost disastrous situation. No one yet knows how deep Egypt's economic pit may prove to be, but it is sufficiently abysmal to lead to hints from Cairo that it may have to cut back on work on the High Dam, the country's proudest present-day enterprise.

Meanwhile, however, Soviet Premier Alexei Kosygin's visit to Havana on his way home from the United States has reminded the world of another draining obligation borne by Moscow. This is to make up with cold, hard cash for what can hardly be called other than the Castro government's perennial economic failure. Although Moscow and Havana are understandably reticent about publicizing the amount of help given, the best estimates available say that Russian financial help comes to \$370,000,000 yearly or roughly \$1,000,000 daily.

This is an astronomical sum to be spent on a land of less than 8,000,000 inhabitants. But even with this gigantic contribution, Cuba is believed to be running a budget deficit of about one billion dollars a year. This staggering sum (given Cuba's size) only further underlines how deeply mirrored the Cuban economy is.

This may explain in part the lack of enthusiasm with which the Kremlin seems to look upon Havana's attempts to foster revolution throughout Latin America. For if the governments which came into power as a result of such revolutions were to be as necessitous as that of Cuba, Russia could, if it would, ruin itself in supporting them. To support all of Latin America at the present Cuban rate would cost 10 billion dollars a year. Enough to make any Russian taxpayer shudder.

Christian Science Monitor

Vocational classes important

New completion of Hereford's new \$260,000 high school addition to accommodate vocational classes is possible one of the most important pieces of news to come our way in a long time. This is true on the national level, as well as on the local level, because interest in vocational training is part of a new trend in education.

While arts and sciences still demand the same importance as in the past, America seems to have added something new to

its educational program in hope the graduates will be able to exist on a reasonably high level. This is important for several reasons. 1. It is impossible for many students to attend college; 2. Many graduates do not wish to pursue additional college training, and 3. It is fairly difficult to thoroughly enjoy life without sufficient basic, everyday economic needs.

While this was recognized on the Continent and in other places throughout the world several centuries ago, we have grossly ignored it in the United States public schools. Consequently, we find ourselves today facing a drastic shortage of mechanics, plumbers, printers, photographers, typists and other skilled trades, which are so important to operation of the multitude of gadgets which we now maintain. Continued growth along these lines plus salaries commensurate with "white collar" jobs, has no doubt brought about the shift in thinking among our educators.

As a result we are, for the first time, bringing about that phrase in our constitution which affords our citizens "equal opportunity 55." As in Europe, we will also see more and more diversion of funds toward higher education for any person who may be in the genius class, but unable to finance his way.

The trend, we believe, is good, especially in view of our local and national shortage of electricians, TV repairmen, and most other skilled trades. At the same time, it is equally important that we do not swing the pendulum too far. Fundamentally, our educational system should continue to stress arts, sciences, and other phases which lead to creative thinking that means so much in the continuation of our democratic form of government, as well as the progress of our nation.

Hereford Brand

Picked mighty good weapon

I just wonder how many Texans got a chuckle out of this statement made by one of the Arab nations: "We'll fight them (meaning the United States) with all our resources and oil is easily our greatest. We will not let them have any of our oil."

Well, seems when you have something to sell and you tell your customers you won't sell to them, you are the loser, not they.

Because of this shortsightedness on the part of the Arab nations, Texas stands to gain considerably. Increased oil production for the state already has been ordered and this is likely to continue into the new month. Because oil carries a heavy share of the tax load, several hundred thousand dollars in un-expected taxes will find their way into the state's coffers.

We need more people to fight us this way.

Stamford American

Togetherness has its limits

One of President Johnson's pet Biblical quotations is: "come now and let us reason together." This was the "Spirit of Hollybush," as he refers to the informal discussions he had with Soviet Premier Alexei N. Kosygin at Glassboro, N.J.

For some reason, the President never completes the quotation he uses so pontifically. It continues . . . "if ye be willing and obedient, ye shall eat the good of the land; but if ye refuse and rebel, ye shall be devoured with the sword." It may be President Johnson fears the full quotation might call for an explanation of what he implies for those who are not "willing and obedient." Surely he had no thought of implying that if Kosygin "rebelled," he would be devoured with the sword of the United States. He is finding that difficult to apply to North Vietnam, where we haven't even reached the "reasoning together" phase.

Except that Johnson and Kosygin had a grandfatherly chat about their respective grandchildren the President having just made the rating there is the general feeling in Washington that Hollybush didn't get off the ground in any real contribution to peace.

But the President doesn't like to have folks disagreeing with his own conclusions, as he demonstrated the other day when he "blew his top" before the Junior Chamber of Commerce meeting, castigating those who criticize his strategy in Viet-

AUSTIN HIGHLIGHTS, SIDELIGHTS

Greer ends 40 years with Texas Highway Department

AUSTIN, Tex. — One day after receiving a 40-year service award from the Texas Highway Commission, State Highway Engineer Dewitt C. Greer announced his retirement.

Greer reached the mandatory retirement age of 65 on July 27; but he agreed, at the request of the Commission, to stay on the job until the end of the year.

Lt. Gov. Preston Smith, acting as governor while Connally hunts in Africa, called on Greer at his office to present him with a framed copy of a proclamation making August 4 "Dewitt C. Greer Day" in Texas.

A celebration commemorating the Highway Department's 50 years is slated for September 26. A highlight of the celebration will be presentation to Greer of funds donated to endow in his honor a lectureship at the Texas A&M Civil Engineering Department.

GREER, A graduate of A&M, went to work for the High Department in 1927 and became its top administrator in 1940. During his tenure as chief engineer, Greer has supervised the investment of more than \$4,000,000,000 in a highway system that's grown from 20,359 miles to more than 68,000 during the past 27 years.

A former president of the American Association of State Highway Officials, Greer now serves on the organization's executive and legislative committees and has received its two highest honors for contributions to highway progress. In 1965, Texas Christian University made him an honorary Doctor of Laws. Texas A&M gave him its Distinguished Alumni Award in 1966.

SUCCESSOR NAMED — Succeeding Greer on January 1 will be Asst. State Highway Engineer J. C. Dingwall who has been in the Department since 1928 except for the World War II years when he served in the U.S. Army Corps of Engineers and four years he spent as Engineer-Manager of the Texas Turnpike Authority, supervising the financing, design and construction of the \$58,000,000 Dallas-Fort Worth Turnpike.

Dingwall served as the Department's supervising urban engineer in Houston, overseeing construction of the Gulf Freeway — the first major freeway built in Texas. He has been assistant state highway engineer since 1958.

In other Highway Department activity, Hal Woodward of Coleman was sworn in as chairman of the Highway Commission, and Herbert C. Petry Jr. of Carrizo Springs took the oath to begin an unprecedented third six-year term on the Commission.

Woodward, who succeeds Petry as chairman, was first named to the Commission in 1955.

AGENCIES — A deed has been signed by School Land Board giving the United States the minerals under 47,895 acres in Guadalupe Mountains National Park.

Two days of hearings, October 17-18, have been scheduled by the Texas Water Rights Commission on proposed cancellations of unused water rights for diversion of water from the Rio Grande, indicating that the Commission will apply the newly passed Water Rights Adjudication Act to Rio Grande rights first.

Water Rights Commission has found that directors of Brazoria County Water Control and Improvement District No. 8 have failed to comply with the law by appointing directors to fill vacancies for which there is no unexpired term of office; by not holding annual elections for directors; by assessing taxes which are not equal and uniform; by not appointing a board of equalization; by collecting too much from the District for services and expenses; and by not calling a special election to fill vacancies.

Board of Insurance put the new driver penalty point system in effect on August

nam, his handling of the Great Society legislative program, and in other matters close to his heart and the taxpayers' pocketbook.

In the view of his idea of economics, we can have everything he dreams up for the Great Society and still carry on our \$2 billion-a-month war in Vietnam. He got Congress to raise the national debt "limit" sky-high, and he still wants a tax increase it's not very far off to assure him of funds to make all his Great Society dreams come true.

Meanwhile, the chorus of opposition to the President's tactics in the Vietnam war, including the escalation of bombing of North Vietnam, is increasing in volume, with indications some definite decision either a change or a continuance of Johnson's program will be forthcoming in the next month or so.

Caprock District plans a victory tea in Plainview

A Victory Tea in Plainview, Aug. 20, will honor Caprock District members who won awards in state-wide competition of Texas Federation of Women's Clubs. District officers will be hostesses for the tea in the Plainview Woman's Club-house, 6th and Joliet, at 3 p.m. Mrs. Louis Cummings of Plainview, district president, states "All club members in the district are invited to attend the seated tea, and we hope a large number will be present to recognize and honor these winners." All club presidents, Mrs. Cummings notes, should certify their club's winners to her as soon as possible, so that plans can be made to include all winners.

Mrs. Louis Cummings

wife, Barbara Jean Tyson and that on the first Tuesday in September 1967, the same being the 5th day of said month, at the Court House door of Cochran County, in the City of Morton, Texas, between the hours of 10 a.m. and 4 p.m., by virtue of said levy and said Order of Sale I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said George W. Tyson and wife, Barbara Jean Tyson.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Morton Tribune, a newspaper published in Cochran County.

Witness my hand, this 7th day of August 1967.

s/Hazel Hancock
Sheriff
Cochran County, Texas.

Lasagne is favorite recipe of Ronald Coleman family

The Tribune's Homemaker for this week is Mrs. Ronald Coleman, Judy, as she is known by all of her friends, and her family live in the country.

Ronald and Judy are parents of four children, Randy 9, Rusti, 7, Sandy, 5, and Stephanie 3.

Mrs. Coleman keeps so busy running errands, and taking care of her family she says there isn't much time for anything else.

The Coleman's are members of the First Baptist Church. She and her husband are teachers in the sixth grade Sunday School Dept. Judy is also 2nd vice-president of the Emlea Smith Jr. Study Club.

Mrs. Coleman enjoys canning, freezing, and cooking. She was more than happy

to share with us two of her favorite recipes.

LASAGNE

3 T. salad oil
1 large onion
1 6 oz. can tomato paste
1 tsp. dried parsley
1 tsp. sugar
1/4 tsp. pepper
2 cups of tomato juice or juice from tomatoes with water added
1 tsp. oregans
2 tsp. salt
Saute onion in oil, add rest, simmer 810 minutes. Brown meat. Set aside

1/2 lb. Mozzarella cheese
1-12 oz carton cottage cheese
1 lb browned hamburger meat
1/2 cup parmesan cheese
1 can tomatoes
2 1/2 cups sauce

Layer sauce, lasagne, cottage cheese, meat, and cheese. Add tomatoes in chunks. Additional mozzarella may be added for garnish. Cover tightly with foil, and bake at 325 degrees for 40 minutes or until bubbly.

Pineapple Dream Pie

1 can Eagle Brand Milk
1/4 cup lemon juice
4 oz. can crushed pineapple
1 cup nuts chopped
1 cup heavy cream, whipped
Drain pineapple, combine all ingredients and let stand until thickened. Pour into baked pie shell. Chill until firm.

Club has concession stand at tournament

The Emlea Smith Junior Study Club had a concession stand at the Cochran County Country Club Golf Tournament for both golfers and spectators.

Those serving tea, punch and sandwiches were Mesdames: Gary Willingham, Loy Kern, Rodney Fralin, Bill Foust, Tommy Hawkins, Eddie Milligan, Sherrill Griffith, Richard Houston, J. W. Tyson and Danny Tankersley.

Flight winners . . .
DICK VANLANDINGHAM and John St. Clair of Morton won the first flight championship on the second hole of a sudden death playoff. The playoff came when the local golfers were tied with Jay Brown and Jim Hall of Portales in the Morton Country Club Partnership Golf Tournament held Friday, Saturday and Sunday. Dick is showing the prize he won but could not keep because his high score eligibility has not ended. (Staff Photo)

Championship winners . . .
PORTALES GOLFERS Steve White and Robert Scaling are shown with the irons they won after taking the championship flight of the Morton Country Club's Partnership Tourney Sunday. The chomption duo took the title with a 197 score. (Staff Photo)

Way News

Troy Tyson returns from one year stay in Viet Nam

Troy Tyson, son of Mr. and Mrs. George Tyson, returned from a one-year stay in Viet Nam. He is shown in a photograph below, smiling and holding a golf club. He has finished his enlistment in the Army and has spent the last year in Viet Nam. Also visiting in the Tyson home were his sisters, Mr. and Mrs. Tommy Durham, and Mr. and Mrs. D. A. Williams and son from Sudan, Mr. and Mrs. Buck Tyson of Morton were also there to visit with Troy.

Miss Kathryn Masten and Miss Madalyn Galt returned from Camp Davis in New Mexico where they had been girl counselors for six weeks.

Sergeant and Mrs. James Long from Norman, Okla., spent the weekend visiting his parents and other relatives.

Mrs. W. C. McCelvey was in Lubbock a few days receiving medical treatment. Mr. and Mrs. Bill Dupler and daughter and Mr. and Mrs. Gib Dupler visited

CHIC CONWAY OF LITTLEFIELD made a hole in one during Sunday play in the Morton Country Club's annual Partnership Golf Tournament. Conway made the hole on the 150-yard number two hole with a 7-iron. Here he shows off the ball and lucky 7-iron after the tournament. (Staff Photo)

Portales golfers take top honors at Morton tournament

Portales, N.M., golfers Steve White and Robert Scaling took top honors Sunday at the Morton Country Club's annual low ball Partnership Tournament Sunday by walking away with the championship.

The White-Scaling team fired Sunday's low score of 64 to take medalists Howard Hassel and Ken Russell of Seminole with a score of 197. Hassel-Russell tallied a 201.

Chic Conway of Littlefield earned honors for sinking a hole-in-one on the 150-yard number two hole. He used a 7-iron.

- Sunday with their parents the Eston Sowers in Muleshoe.
- The Maple Fire Department was called Sunday morning to a pickup that had caught fire on the Hutton farm, south west of Goodland.
- Mr. and Mrs. George Wheeler and boys from West Camp visited their parents, Mr. and Mrs. Johnnie Wheeler Saturday night. Mrs. Scoggins was the dealer for a demonstration party held in the H. W. Garvin home Thursday afternoon with Mrs. Kenneth Fox as hostess.
- Mr. and Mrs. Gene Lee and children from Clovis, N.M., spent the weekend visiting in the Elmer Lee home.
- Mr. and Mrs. Jack Hodnett took their daughter, Shonnie, back to Lubbock for a check up. She is doing very well.
- A Natural Gas Pipe Line is being put in west of Goodland. They started laying pipe Aug. 5.
- Mr. and Mrs. R. R. Kindle are on vacation in New Mexico.
- Mr. H. C. Nichols from Littlefield was in the community looking at crops Monday.

Mahon says riots threaten government

United States Representative George Mahon, representing Cochran County in Congress, has issued the following statement in regard to violence and disorder in the cities.

"Rioting and looting are threatening the very foundation of our government. Unless effective action is taken, pockets of anarchy will continue to develop and get out of hand. The rampaging criminal minority which is responsible for frightful events which are bringing our Nation into shame and disgrace must be halted. This minority can be stopped through firm action by law enforcement officials if enforcement officials are given firm support and encouragement by officials at all levels of government and citizens generally. To get results, law enforcement officials must not be hobbled in pursuing proper courses of action. Apprehension of a criminal minority is not the answer.

"THE GREAT majority of our citizens of whatever race are law abiding. It is the small criminal minority which is resorting to violence and retarding progress.

"Law and order cannot be bought with money. The more the Federal government has expended to promote education, job opportunity, and progress generally, the more lawless a small criminal element has become. This does not mean we should abandon our efforts or scuttle worthwhile programs. They should be improved, but the problem is not one of dollars but of discipline. According to the President's January Budget, it is estimated that Federal benefits and services which aid the poor will be provided this year in the sum of about 25 billion dollars.

"I WANT to emphasize my strong personal opinion that riots and looting, accompanied by mass destruction, murder and violence generally, should not be used as a basis for a big splurge in Federal spending. It is not money that we need but the moral courage and determination to do our duty as a Nation in halting anarchy and re-establishing law and order."

Mr. and Mrs. Bill Wood, Lori and Patrick of Tulsa, Okla., are visiting in the home of their parents, Mr. and Mrs. Bill Wood and Mr. and Mrs. Buck Huckabee.

Mrs. R. L. DeBusk was in Brownfield last week, visiting her father.

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER FOUR ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That the Constitution of the State of Texas be amended by adding a new Section in Article III to be known as Section 52e, reading as follows:

"Section 52e. Each county in the State of Texas is hereby authorized to pay all medical expenses, all doctor bills and all hospital bills for Sheriffs, Deputy Sheriffs, Constables, Deputy Constables and other county and precinct law enforcement officials who are injured in the course of their official duties; providing that while said Sheriff, Deputy Sheriff, Constable, Deputy Constable or other county or precinct law enforcement official is hospitalized or incapacitated that the county shall continue to pay his maximum salary; providing, however, that said payment of salary shall cease on the expiration of the term of office to which such official was elected or appointed. Provided, however, that no provision contained herein shall be construed to amend, modify, repeal or nullify Article 16, Section 31, of the Constitution of the State of Texas."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of this state at an election to be held on November 11, 1967, at which time the ballot shall have printed thereon the following:

"FOR the Amendment to the Constitution authorizing each county in this state to pay the medical bills, doctor bills and hospital bills for all Sheriffs, Deputy Sheriffs, Constables, Deputy Constables and other county and precinct law enforcement officials who are injured in the course of their official duties; providing that the county shall continue to pay the maximum salary of these officials while they are incapacitated, but such salary payment shall not continue beyond the terms of office to which they were elected or appointed."

"AGAINST the Amendment to the Constitution authorizing each county in this state to pay the medical bills, doctor bills and hospital bills for all Sheriffs, Deputy Sheriffs, Constables, Deputy Constables and other county and precinct law enforcement officials who are injured in the course of their official duties; providing that the county shall continue to pay the maximum salary of these officials while they are incapacitated, but such salary payment shall not continue beyond the terms of office to which they were elected or appointed."

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article VIII, Constitution of the State of Texas, be amended to read as follows:

"Section 9. The State tax on property, exclusive of the tax necessary to pay the public debt, and of the taxes provided for the benefit of the public free schools, shall never exceed Thirty-five Cents (35¢) on the One Hundred Dollars (\$100) valuation; and no county, city or town shall levy a tax rate in excess of Eighty Cents (80¢) on the One Hundred Dollars (\$100) valuation in any one (1) year for general fund, permanent improvement fund, road and bridge fund and jury fund purposes; provided further that at the time the Commissioners Court meets to levy the annual tax rate for each county it shall levy whatever tax rate may be needed for the four (4) constitutional purposes; namely, general fund, permanent improvement fund, road and bridge fund and jury fund so long as the Court does not impair any outstanding bonds or other obligations and so long as the total of the foregoing tax levies does not exceed Eighty Cents (80¢) on the One Hundred Dollars (\$100) valuation in any one (1) year. Once the Court has levied the annual tax rate, the same shall remain in force and effect during that taxable year; and the Legislature may also authorize an additional annual ad valorem tax to be levied and collected for the further maintenance of the public roads; provided, that a majority of the qualified property taxpaying voters of the county voting at an election to be held for that purpose shall vote such tax, not to exceed Fifteen Cents (15¢) on the One Hundred Dollars (\$100) valuation of the property subject to taxation in such county. Any county may put all tax money collected by the county into one general fund, without regard to the purpose or source of each tax. And the Legislature may pass local laws for the maintenance of the public roads and highways, without the local notice required for special or local laws. This Section shall not be construed as a limitation of powers delegated to counties, cities or towns by any other Section or Sections of this Constitution."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 11, 1967, at which election all ballots shall have printed on them the following:

"FOR the constitutional amendment allowing counties to put all county taxes into one general fund."

"AGAINST the constitutional amendment allowing counties to put all county taxes into one general fund."

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER TWO ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article IX of the Constitution of the State of Texas be amended by adding a new Section 13 thereto to read as follows:

"Section 13. Notwithstanding any other section of this article, the Legislature in providing for the creation, establishment, maintenance, and operation of a hospital district, shall not be required to provide that such district shall assume full responsibility for the establishment, maintenance, support, or operation of mental health services or mental retardation services including the operation of any community mental health centers, community mental retardation centers or community mental health and mental retardation centers which may exist or be thereafter established within the boundaries of such district, nor shall the Legislature be required to provide that such district shall assume full responsibility of public health department units and clinics and related public health activities or services, and the Legislature shall not be required to restrict the power of any municipality or political subdivision to levy taxes or issue bonds or other obligations or to expend public moneys for the establishment, maintenance, support, or operation of mental health services, mental retardation services, public health units and clinics and related public health activities and may levy taxes, issue bonds or other obligations, and expend public moneys for such purposes as provided by law."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 11, 1967, at which election all ballots shall have printed thereon the following:

"FOR the constitutional amendment to permit municipalities, other political subdivisions, and state-supported entities located within hospital districts to participate in the establishment, maintenance, support, or operation of mental health services, mental retardation services, or public health services."

"AGAINST the constitutional amendment to permit municipalities, other political subdivisions, and state-supported entities located within hospital districts to participate in the establishment, maintenance, support, or operation of mental health services, mental retardation services, or public health services."

TOGETHER

Brothers — together — helping one another. We are our brother's keeper and his helper. Comfort, cheer, and encouragement should be given to each other. There should be a willingness on the part of each to sacrifice for the other

A Divine Example was sent to us, and these are His words: "This is my

commandment, that ye love one another, as I have loved you. Greater love hath no man than this, that a man lay down his life for his friends." You are invited to attend church Sunday to learn more of the One who gave us this commandment.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.
