

Invitation Extended To Attend Services

The people of Friona, more than any - where else, should pause to give thanks unto Almighty God for all the blessings He has heaped upon us. The many ma- terial things that we are blessed with are only a part of the richness that be- long to us.

We must remember our heritage, the freedom and opportunity that is ours. The friendship and knowledge of good will of friends and neighbors give an added blessing to communities such as Friona.

The Friona Ministerial Alliance in- vites you to give one hour of worship and praise Wednesday night at The Calvary Baptist Church in a Community Thanks- giving Service. The time is 7:30.

Eight different churches of Friona will be taking part in this joint witness of our Thanksgiving unto God.

The Reverend I.S. Ansley will bring the message. Other ministers of the co- operating churches will have a part in the service. An invitation is extended to each one to be present at this annual in- terdenominational, inter-racial thanks - giving service.

At the left, two-year old Jason Floyd, son of Mr. and Mrs. Gerald Floyd, seems to be licking his lips in anticipation of how the old tom turkey is going to taste on Thanksgiving. The other pictures show scenes when the "Pilgrims and Indians" got together for a dinner at the George Frye residence recently. The menu was hot dogs and roasted marshmallows ---- maybe not traditional Thanksgiving fare , but it suited these Pilgrims and Indians.

RUSHING, SCORING

Chiefs Set Offensive Records During 1968

The Friona High School Chiefs, finishing with their second straight 7-3 season record, set some offensive records for the season just past, some of which may stand up for some time.

Tony Perea, who closed out a fabulous senior year, set records for rushing and total offense that will be hard to break.

Perea rushed for 1761 yards -- exactly one yard more than a mile, in breaking Doug Dodd's former record of 1184 yards by 577 yards. Perea carried the ball considerably more than Dodd did in 1964, 274 to 183, and had a similar average per carry. Dodd averaged 6.5 yards per carry, and Perea 6.2.

Perea scored 110 points the past season, getting three TDs in his final game, but finished just four points shy of Dodd's 114, also in 1964. Perea scored more touchdowns (17-13) than did Dodd, but the former Chieftain Star booted 22 extra points and four field goals in 1964 to amass his total.

As a team, the 1968 Chieftains scored 26.4 points per game, which made them the highest scoring team at FHS since 1951, when the 7-2 Chiefs that year scored at a 30.3 clip. This year's team became the second-highest scorers in the FHS record book.

Aided by Perea, the team rushed for 3,018 total yards in 1968, and the 302-yards per game is the highest for any year for which records are available.

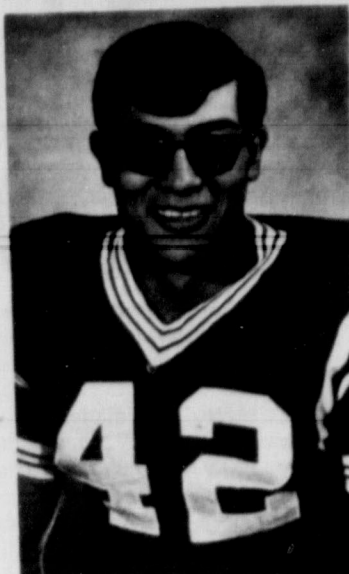

Friona's largest rushing total came against Crosbyton with 456 yards. The team also topped the 400-mark against Farwell (434) and Hale Center (426).

The team had 410 yards total offense against Tucumcari, counting the 50 passing yards, but the best total offense mark, and another all-time record were the 500 yards even against Farwell (434-66).

Olton's crashing defense was the only team to contain the Chiefs, holding them to only 82 yards rushing and 90 net yards.

Other season highs were: first downs: 29 vs Farwell and Tucumcari; yards passing: 66 vs Farwell. The season low for first downs was the seven against Olton.

Perea set an individual school record with 258 yards rushing against Crosbyton. He had earlier set it with 237 yards against Farwell in the season

TONY PEREA ... Sets Record

Perea, Beene Named All-District Players

Halfback Tony Perea and guard Ramey Beene were named to the all-district first teams both offense and defense, by District 3-AA coaches in their meeting last week.

In addition, tackle Joel Osborn gained honorable mention to both the offensive and defensive team at guard.

Named to the first team offense were: quarterback -- Tandy Johnston, Lockney and Johnny Lewis, Olton; running backs -- Charles McLain, Olton, David Land, Dimmitt and Tony Perea, Friona. Center -- Gary Langford, Dimmitt.

Guard -- Eddie Hooper, Olton, Ramey Beene, Friona; tackles -- Steve Burleson, Olton, and Jerry Brady, Dimmitt. All

Record Year Is Charted

Tony Perea had a fantastic year in rolling up his new season record of 1761 yards rushing.

The Friona Chieftain halfback gained over 200 yards in six of the ten games, and had over 100 in two others.

Perea was a workhorse, carrying the ball almost 40 per cent of the time. The most times he carried in a single game was 43, against Lockney. However, in two games in which he carried less than 20 times (Tucumcari and Crosbyton), he made over 200 yards and didn't play a full game.

His game-by-game totals are listed here for the record:

Game	TCB	YARDS
Farwell	33	237
Morton	30	118
Tucumcari	17	214
Dimmitt	25	89
Hale Center	26	230
Lockney	43	217
Floydada	26	101
Crosbyton	16	258
Olton	23	77
Abernathy	35	220
Totals	274	1761

Words are inadequate to express the appreciation we feel for the many deeds of kindness done for us during the past few weeks. We are most grateful to the doctors, nurses and other staff members of Farmer County Community Hospital; to neighbors and friends who have provided food, visited us and sat with our loved one at the hospital in Amarillo; and to everyone who has been so very kind to us. Your cards, letters, visits, calls, flowers, words of encouragement and every other expression of concern have made our burden easier to bear. We are especially grateful to Bro. Bill Foil for the many hours he has spent and the comfort his words have been to us. May God bless each of you richly.

Holiday Nut Breads
by Betty Crocker

Whether it's ten for two or twenty — or baking presents for the holiday season — pretty loaves of nut bread are unusual and gay. Besides they freeze and keep so well. Just remember to thaw them in the freezer wrap at room temperature for a couple of hours. And for the party table, slice nut bread very thin and serve open-faced or sandwich style. Spread the slices with softened butter or cream cheese, flavored if you wish with a little lemon juice. Then cut into fancy shapes — thin strips, triangles or circles. Decorate with tiny poinsettias made from pimiento slices and strips of green olives for the stems. Very merry for the holiday table.

CHEERY CHERRY NUT BREAD
1/2 cup sugar
1 egg
1 1/4 cups milk
3 cups Bisquick
1 cup candied cherries, sliced
3/4 cup chopped Brazil nuts or other nuts

Heat oven to 350°. Grease loaf pan, 9x5x3 inches. Mix sugar, egg, milk and Bisquick; beat vigorously 30 seconds. Stir in cherries and nuts. Pour into prepared pan. Bake 30 to 40 minutes or until wooden pick inserted in center comes out clean. Crack in top is characteristic. Cool and wrap in aluminum foil. Store one day before slicing.

For gift wrapping — wrap in plastic, tie with a holiday bow.

BANANA-APRICOT BREAD
3 cups Bisquick
3/4 cup sugar
1 egg
1/2 cup milk
1 cup mashed bananas (2 to 3)

Heat oven to 350°. Grease loaf pan, 9x5x3 inches. Mix Bisquick, sugar, egg, milk and bananas. Beat vigorously 30 seconds. Stir in nuts and apricots. Pour into prepared pan. Bake 35 to 60 minutes or until wooden pick inserted in center comes out clean. Little loaves of nut bread make charming holiday gifts, too. Divide the nut bread batter equally among six well-greased miniature loaf pans, 4 1/2 x 2 1/2 x 1 1/2 inches. Bake at 350° about 35 minutes. Cool and gift wrap.

Southern Cal 28, UCLA 16
Houston 100, Tulsa 6
Los Angeles 24, N.Y. 21
Dallas 24, Chicago 3

CONTEST RULES

1. Pick the winners of the 14 games listed in the advertisements on this page. Write the winners in the blanks provided on the official contest blank.
2. Pick the score of the tie-breaker game. This score will be used to break weekly as well as grand prize winners.
3. Bring your entry blank by the Friona Star or Bi-Wize Drug by 5 p.m. on Friday. Entries must be post-marked on Friday to be eligible, if mailed.
4. The leading contestant at the close of 12 weeks will receive two free tickets to the Cotton Bowl Football game, along with \$25 expense money and hotel reservations. Second place winner will receive two tickets to the Sun Bowl game and \$25 expense money. Third place winner gets two season tickets to the Friona Chiefs games next fall.
5. Only one entry per person.
6. To count for grand prizes, entries must be on official blank printed in the paper.
7. Contestants must be 12 years of age or older.
8. Everyone eligible to enter (sponsors included) except employees of the Friona Star and their families.
9. Weekly prizes of \$5, \$3, and \$2 will be awarded to first, second and third place winners.

**On The Farm
In Parmer County**

RONNIE McNUTT
County Agent

The Texas Crop and Livestock Reporting Service will be conducting an extensive livestock survey in the State during the last half of November.

Why more government figures on livestock? What is already available in terms of livestock statistics and what is missing?

The Texas Crop & Livestock Reporting Service, through a sample mail survey, develops an estimate of the number of livestock on farms and ranches in the State as a whole. Some totals for each crop reporting district are available, but they are not too reliable because of the small size of the samples.

Every five years, the Census of Agriculture gives a count of the total livestock numbers in the State and also some details on the number by counties. This census yields accurate county data, but because of its extensiveness, it is not available until about two or three years after the collection date. In between these census reports, all that can be done is guess about livestock inventories in each county.

The new annual Texas survey, starting this year, will provide county information on inventory levels, calf crops, farrowings, etc. For the first time there will be detailed information for every county, each year, and within a reasonable time period. Such data will show where Texas livestock are located, and the productivity trends for each county.

Knowledge of how many livestock are on farms and ranches and their approximate location

within the State is a necessity for an efficiently working pricing system.

It is to the advantage of the livestock producer that this new information be collected, analyzed and disseminated. Livestock analysts can use these new detailed livestock inventories to more accurately predict future price levels and market trends. The Texas producer, in turn, can make more intelligent marketing decisions, since he will be just that much better informed.

SOIL TESTS FOR PHOSPHORUS

While it would be desirable in testing for phosphorus to extract that portion of the soil's total phosphorus content that would be available to a crop in a single growing season, this is by no means possible with presently known techniques, according to James Valentine, Soil Chemist. Crops differ in their ability to absorb phosphorus and soils are different with respect to the rate of phosphorus release. The value shown on your soil test report does not represent the total amount of phosphorus in the soil nor is it necessarily equal to the amount that will be available to the next crop, Valentine explains. It is simply a value that has been related to yield response through field research, over a number of years, with specific crops on specific soil types.

Generally, profitable yield response may be expected from phosphate applied to the major field crops when the reported value is very low. In many instances a response will be obtained in the low range with the

**Pasture Grass Factor
In High Plains Profit**

by Soil Conservation Service Technicians
Pasture grasses are rapidly becoming of major importance in both the High Plains and Rolling Plains.

Midland Bermuda grass, which has proven its adaptability over the past few years, along with Indiangrass and Switchgrass, which have long ago proven their adaptability are the principal grasses being established.

High-producing pastures do not "just happen." They are planned and managed. There are no "short-cuts" in establishing high producing pastures. There are some ten "musts" to consider in establishing high yielding, improved pastures:

1. Soil must be highly productive. A shallow eroded soil can store only limited moisture and fertility. If the soil produces low yields from cultivated crops, it likewise may be expected to produce relatively low yields in grass.

2. Must select adapted species of grasses. There are many grasses adapted to the Texas Panhandle. However, many of these do not respond favorably to fertilization and/or irrigation.

3. Must have proper seedbed. Many failures to get grass established can be traced to improper seedbed preparation. If the seedbed is considered adequate for the planting of grain sorghum, then it is adequate for grass planting.

possibility of response depending on the crop, management practices, soil texture and season. Profitable response from applied phosphate is unlikely when the soil test value is rated as medium or higher.

4. Must have good planting material. High-quality seeds may cost more in the beginning, but in the long run, they have proven less expensive. There is little loss in livability of Bermuda grass sprigs when they are planted immediately after digging. If the sprigs are to be transported any distance, dampen and cover and get them in the ground as soon as possible.

4. Material must be planted at the proper time. Failures to obtain stands after July 1 are quite common since the grass has insufficient time to establish an adequate root system and, in many instances, winterkills.

6. Must control weeds. Any plant that competes with improved pasture grass is a weed. Effective methods of control may be herbicidal sprays, cultivation, or even controlled grazing, depending upon the species of weed competition.

7. Must fertilize properly. Vigorous growing grasses such as Midland Bermuda grass, Switchgrass, and Indiangrass respond to fertilizers in many ways. The water requirement per ton of forage produced will be reduced about one-third on well-fertilized pastures as compared to non-fertilized. The tonnage will be much high-

**HAPPY THANKSGIVING
to ALL**

er and the feed value will be almost doubled.

8. Must allow plants to establish before grazing. Since grass plants receive approximately 95 per cent of elements for growth taken from the air through the leaves and the elements are transported to the roots as "stored food," it is all important that the grass be allowed to keep its leaves until established in order to carry on the manufacturing process.

9. Must follow a timely and proper irrigation plan that will provide about one-third inch of water each day.

10. Must properly use the grass after it is established. Research and experience have shown that Midland Bermuda grass should be grazed no closer than five inches, and tall grasses such as Indiangrass and Switchgrass no closer than 12 inches during the growing season. Since over 80 per cent of the total food value of a grass is above the proper-use height, one only risks the disappointment in reduced yield if it is not properly used.

FIRST CASTORS. . . Keith Brock, right, marketed the first load of castor beans in Friona this year, and first to be marketed in Friona in several years, it is believed. With Brock is Doyle Cummings, whose business is serving as the local receiving point.

**WE ARE
THANKFUL**

For Our Customers--

Whose generous patronage has been ours during the years we have been serving you.

For Our Employees--

For their loyal services . . . faithful and courteous, and for their contributions to the characteristics for which our company stands.

For The Area We Serve--

For an outstanding record of expansion and growth -- an expansion which we like to feel we have had some part in.

For Our Country--

For the priceless tradition of Thanksgiving Day, the inheritance of courage, faith and trust in Almighty God.

.....

And so on this Thanksgiving Day, and at this season of the year when we should be humbly grateful for our heritage, we pause to thank all of you for your cooperation and your patronage and your friendships.

Pheasant Season Set December 14

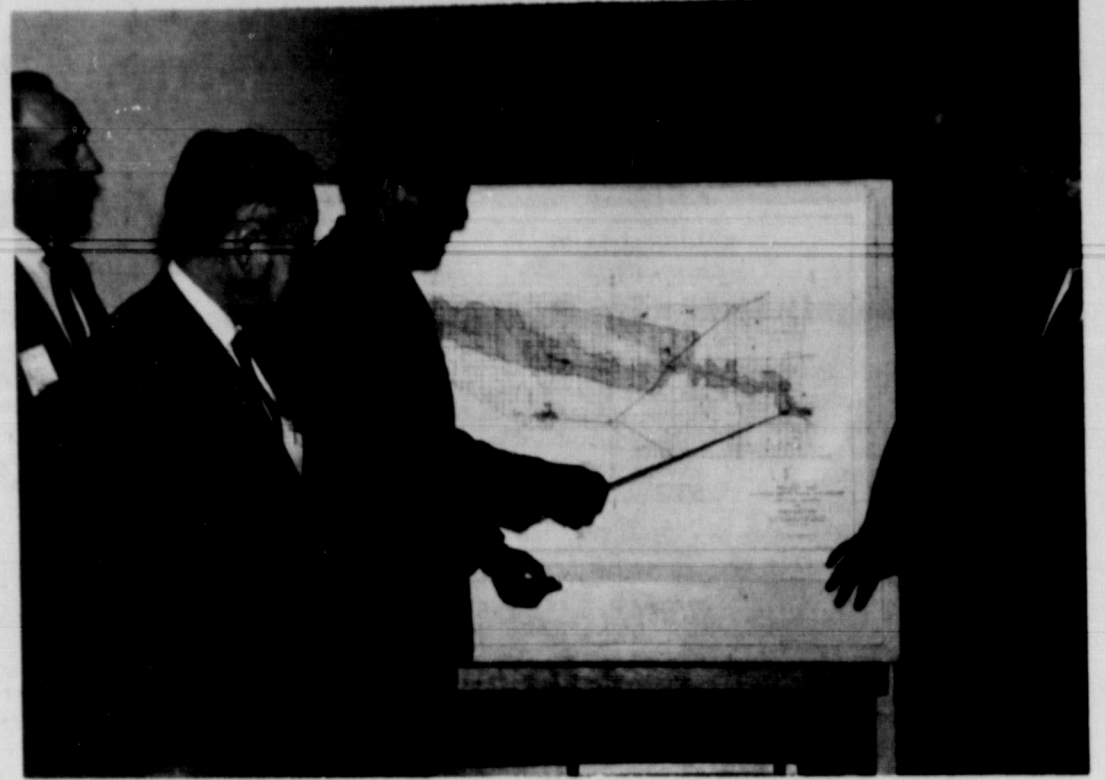

Pheasant season in Parmer County will be later this year than usual, according to Jack Patterson, president of the Parmer County Game Management Association.

It begins on December 14 and continues for seven days, Patterson says. Pheasant season usually has been the first week in December.

Reason for the late start of pheasant hunting this year is because of a late quail season. Pheasant season usually follows quail hunting about a week.

A contest for the longest tail feathers has not yet been announced, but information concerning it will be forthcoming prior to the season's opening.

Prospects are bright for the best season ever held here since pheasants were stocked in Parmer County. More birds have been seen this year than ever before. They have increased each year since the project began.

DISCUSS PROJECT. . . Soil Conservation officials are shown discussing the Running Water Draw Watershed project at a meeting in Clovis recently. From the left are Harry Rucker, area conservationist, SCS, Amarillo; Phil Grazier, watershed work plan staff leader, SCS, San Marcos; Jerry Isbell, SCS, Friona; A.L. Black, Friona; president of the Texas Association of Soil and Water Conservation districts; and Leland Barnes, engineer with the Soil and Water Conservation Board, Temple.

Running Water Draw Project Clears Hurdle

The Running Water Draw Watershed Project came one step closer to reality recently as an important meeting was held in Clovis. Local sponsors of the Watershed Project from both Texas and New Mexico met jointly to review a Work Plan which had been prepared by the Soil Conservation Service and paid for by the local sponsors. Local sponsors from Parmer County are the Parmer County Commissioners Court and the Parmer County Soil and Water Conservation District.

Interested local, state and federal agencies were present to review and comment on the recently completed watershed work plan. After their review, the local sponsors from Parmer County, Texas and Curry County, New Mexico approved and signed the Work Plan.

Attending the meeting from

Parmer County were the Parmer County Commissioners Raymond Treider, Jr., Charley Jefferson, Tom Levellen and Guy Cox; and the Parmer County Soil and Water Conservation District Directors Leon Grissom, Alton Morris, Dick Rockey, A.L. Black, and Vernon Estes.

The Running Water Draw Watershed Project covers 356 square miles in Parmer County, Texas and Curry County, New Mexico. The primary purpose of the project is watershed protection and flood prevention.

The plan calls for two dams on Running Water Draw and one on Catfish Draw. One dam will be located eight miles north of Clovis, one north of Bovina and one northeast of Lazbuddie.

Following the meeting, the Work Plan was presented to

the Texas Soil and Water Conservation Board who in turn will recommend it to the governor of Texas. The Plan will then be sent to Washington, D.C. for presentation to Congress where it is hoped that it will be accepted and appropriations made available.

President Johnson has designated the week of November 22-28 as 1968 National Farm-City Week, according to A.L. Black, President of Texas Association of Soil and Water Conservation Districts.

Many communities throughout America will be having special observances programmed. The week is sponsored nationally by Kiwanis International in cooperation with soil and water conservation districts.

"Farm-City Week this year focuses attention on the quality of our resources -- our en-

vironment," Black said. "While resources are of special concern to conservation districts, these elements of our natural environment are of critical importance to all people whether they live in the city or country." Black said the event is an example of the recognition given by civic clubs and other town and city groups to the interdependence of farm and city people.

Thanksgiving Greetings

Heap high the farmer's wintry hoard,
 Heap high the golden corn,
 No richer gift has Autumn poured
 From out her lavish horn.

Let other lands, exulting glean
 The apple from the pine
 The orange from its glossy green,
 The cluster from the vine.

We better love the hardy gift
 Our rugged vales bestow,
 To cheer us when the storm shall drift
 Our harvest fields with snow.

Through vales of grass and meads of flowers
 Our plows their furrows made,
 When on the hills the sun and showers
 Of changeful April played.

And now with Autumn's moonlit eyes
 Its harvest time has come,
 We pluck away the frosted leaves
 And bear our treasure home.

O, let the good old crop adorn
 The hills our fathers trod,
 Still let us, for our golden corn,
 Send up our thanks to God.

--- John Greenleaf Whittier:
 The Corn Song

REEVE CHEVROLET

**At Home In
Parmer County**

By CRICKET TAYLOR
County HD Agent

It's that time of the year when everybody's thoughts are upon family get-togethers, Thanksgiving dinners with all the trimmings, and football games.

THIS & THAT—About Thanksgiving Food.

There are many versions of pumpkin pie, but whatever your favorite, here are some ideas to brighten the coming holidays.

Dairy sour cream makes pumpkin pie. For variety, add 2 teaspoons grated orange rind, 4 teaspoons orange juice and 3 teaspoons sugar to a cup of sour cream.

Another choice may be whipped cream topping. Add creativity with combinations of spices, fruits, nuts and flavorings.

The dairy sour cream and whipped cream offers an added nutritional bonus.

Top mincemeat pie with a spicy sauce made from one cup dairy sour cream, three tablespoons firmly packed brown sugar and one teaspoon nutmeg.

Prepared mincemeat and vanilla ice cream makes delicious and quick holiday desserts. Alternate layers of ice cream and mincemeat in parfait glasses.

CARVING THE BIRD

Carving the turkey has almost become a lost art—as well as the true method of roasting. An overcooked bird results in dry meat, but correct temperature and length of time can result in moist large slices of turkey that can tempt the appetites of anyone.

A very excellent bulletin, entitled "All-Time Favorites," is available through your Extension office and gives step by step procedure for carving. The bulletin is also an excellent source of recipes for both chicken and turkey.

A FEW HINTS FOR CARVING THE BIRD

If the man of the house dreads Thanksgiving because he has to carve the turkey, you can help before the carving begins.

Plan cooking time so the bird is out of the oven 15 to 30 minutes before carving to allow the meat juices to be absorbed.

Use a platter large enough to allow space for the sliced meat.

The carver should have a twined fork, a knife with a long flexible and very sharp blade, and a spoon for the dressing.

**Additives Help Keep Food
Supply Safe, Plentiful**

Food additives have been used since primitive man preserved his meat with salt.

Today additives are used in carefully controlled amounts of foods to change the food in some way, according to Extension Nutritionist Sally Springer. They are chemicals—but consumers should not be alarmed by the long complex names of the additives.

All food additives must be safe. Before a food additive is approved for use, it is studied for years. The 1958 Food Additives Amendment was enacted to protect the public by requiring pre-testing of additives. Federal law required truthful labeling of food additives.

Food additives have many uses to improve the nutritive value of foods. For example, vitamin D is added to milk and other dairy products.

Additives are used for flavoring—salt, pepper, nutmeg, ginger, caraway, to add color and to preserve foods.

On the label of a loaf of

bread you have probably seen the words "calcium and sodium propionate added to retard spoilage." These propionates, found naturally in Swiss cheese, have the ability of keeping bread from becoming moldy. Emulsifiers and stabilizers often are added to foods to produce or maintain a desired consistency, reports Miss Springer who is with Texas A&M University. Food additives perform other functions: foaming agents for pressure packed toppings; curing agents for preservation, clarifying agents for preventing cloudiness in vinegar, etc.

The consumer should be aware that the Food and Drug Administration does not approve the use of a food additive unless it is safe for human consumption, Miss Springer concludes. If food additives are not used, the quality of food supply would deteriorate and prices would go up. Thus, additives help to make our food supply plentiful, nutritious, safe, convenient, varied, good tasting and economical.

**Specialist Says Food
One Of Best Bargains**

Nonfood items bought in grocery stores can add up to more than one-fourth of the amount spent in grocery stores. This is the result of the annual survey of grocery store sales in 1966. Don't blame your food bill for taking all your money in the grocery store -- it just isn't so, according to Mrs. Doris Myers, A&M Extension Home Management Specialist.

Your Food Dollar Pays For: production, transportation, storing, processing, packaging (convenient packaging adds to the cost that few consumers

want to do without), wholesale, retailing.

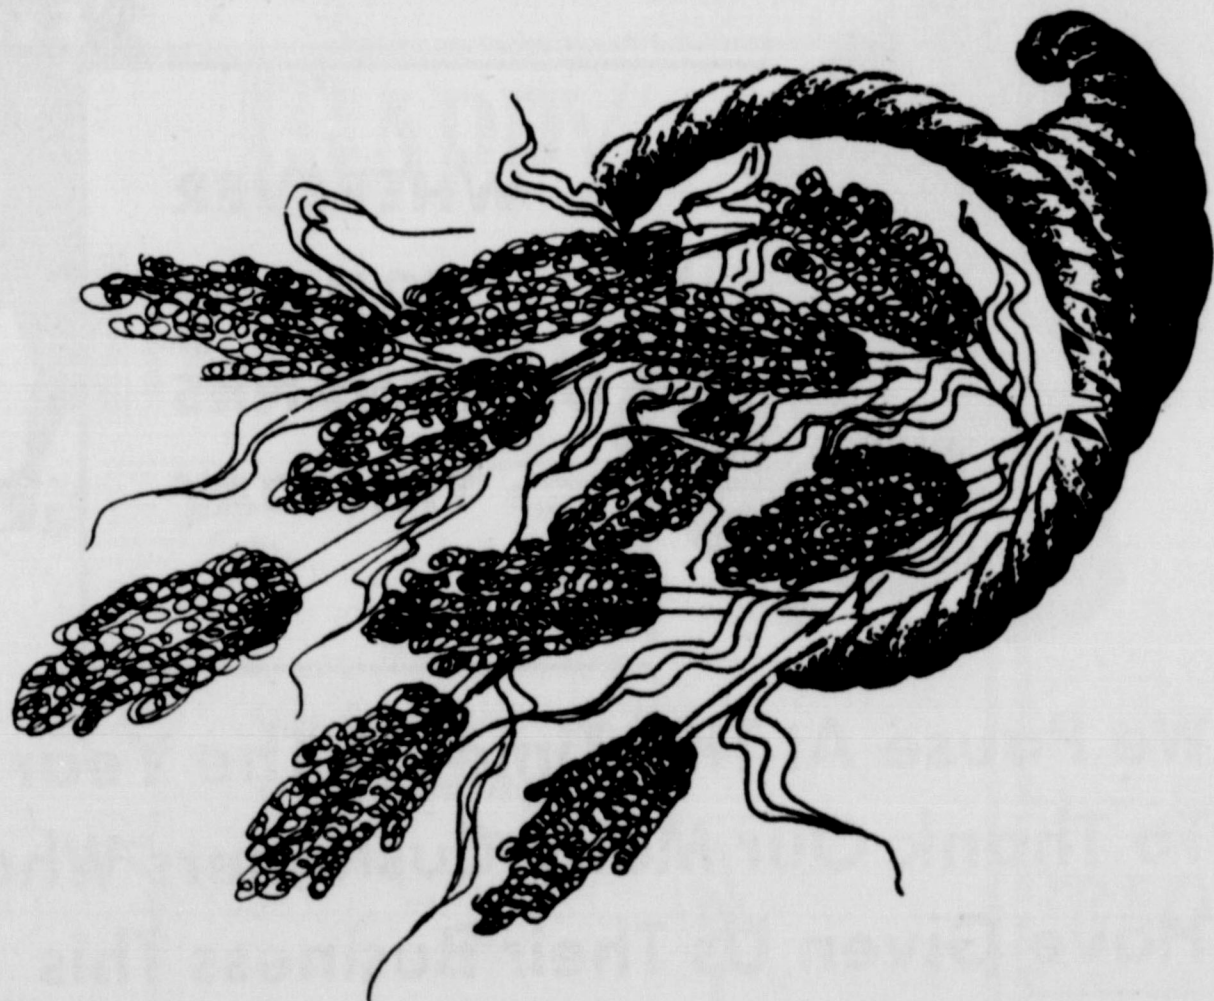

The American people are fortunate—food is a bargain. Food still takes less of the consumer dollar in the United States than anywhere else in the world. A U.S. Department of Agriculture says food expenditures in the United States represent approximately 18 per cent of all consumer expenditures in contrast to 58 per cent in China and Korea, 51 per cent in Nationalist China, 46 per cent in Yugoslavia, and 42 per cent in Italy. And these per-

centages do not take into consideration the many conveniences built into American foods nor their high quality and nutritive value.

The American homemaker has veto power over the food industry. If she doesn't like and doesn't buy a product, it vanishes from the shelves. Over 5,000 new food items are introduced each year, but only 1500 are accepted for sale by grocers. And of these, only 500 survive more than a year.

NIFTY—The perfect coffee break coat: a quilted cotton shortie robe with double bands of gold ribbon down the front. By LoungeCraft, it's printed with autumn gold flowers on navy blue.

STUDENT OF WEEK. . . Jane Rushing, left, is saluted this week as Friona High School's Distributive Education "student of the week." Miss Rushing is employed at Piggly Wiggly, and is shown with her employer, Kenneth Moore.

Holiday Pleasure From Carton Cutouts

In our mod, mod world, fun and happiness aren't necessarily measured by monetary cost. You don't have to rob a bank or dig buried treasure to put Christmas-morn sparkle in little tots' eyes. A great many pleasures in life are still free, free, free.

For a beginning, start with companionship. Get the family together . . . do something together . . . better still, make something together.

Edible or ornamental, the handiwork will have greater value to parent and child because each contributes to the creation. Making a decoration to shine brightly on a tree, wrapping a package gaily . . . these may not launch space-ships but they help weave fabric from which the character of tomorrow's spacemen is cut.

For a suggestion, collect the clever cutouts from folders to be found free in cartons of Coca-Cola, Sprite and Fresca. A chorus of angels, toy soldiers, birds and a host of other Christmas decorations will take shape for tree, door, table and mantel. Little fingers can assemble in a flash. Gift tags and gummed seals will fancy up the gift wrapping with a snip of the scissors.

To refresh the busy creators, why not try an easy-to-make, easy-on-the-budget punch. Tastewise, this one equally

cheers tree-trimmers, partying poppas and mamas, and starry-eyed moppets.

ARCTIC GREEN PUNCH
1 quart lime sherbet (beat until creamy if desired)

2 cups of fresh or bottled lime juice
6 cups of water
1 cup of orange juice
6 bottles of Fresca (10 oz. each), well chilled

Buske To Attend H-SU Meeting

G.B. Buske of Friona, a member of the Board of Development has been invited to attend a special convocation at Hardin - Simmons University, Friday, Nov. 22.

A special 10 a.m. program will mark the 100th anniversary of the birth of the late H-SU President, Jefferson Davis Sandefer.

Members of the Board of Trustees, Board of Development and Young Associates will attend the convocation and hold regular meetings during the day.

Principal speaker at the Sandefer recognition assembly will be President Emeritus Rupert N. Richardson.

Football Contest . . . from page 2

it actually ended 34-3, Dallas. Others correctly picking 13 games were Stanley Benge, John Baca, John Frazier, Pam Harwick, Celia Loflin, Don Spears, and Jerry Shelton.

A total of 24 contestants had scores of 12, including Raymond Milner, Joyce Vezzey and Paul Mohr, who gained a point on the two leaders.

This week a special deadline of Thursday noon will be observed, since some games to be included on the contest slate will be played Thursday afternoon and night.

Grand prize winner in the 12-week contest will receive two tickets to the Cotton Bowl's game in Dallas on New Year's Day, along with \$25 expense money and hotel reservations for two at the Adolphus Hotel on December 31.

Second grand prize winner will receive two tickets to the Sun Bowl Game in El Paso and \$25 expense money. Third place winner gets two season tickets to the Friona Chieftain games or \$15.00.

The twelfth weekly contest appears on an inside page of this issue.

A gift of a Savings Bond is always in good taste, never goes out of style, and is always appreciated.

THANKSGIVING

WHEREVER
YOU ARE
GIVE THANKS
THIS DAY

Some Fibres Require Extra Cleaning Care

Working with glass fiber fabrics has caused skin irritation. Complaints have prompted the Federal Trade Commission to require certain glass fiber fabrics and fabric furnishings to be properly and completely labeled, says Cricket B. Taylor, Farmer County Extension Agent.

Previously, although some washing instructions advise consumers to hand wash glass fiber fabrics separately and rinse the container thoroughly afterwards, consumers have not been warned of the consequences when care instructions are not observed.

Consumers need to be warned that washing, sewing or hanging the fibers may cause skin irritation, as can articles such as clothing or bed sheets which are exposed to the glass fiber products.

GROUPS RAISE MONEY

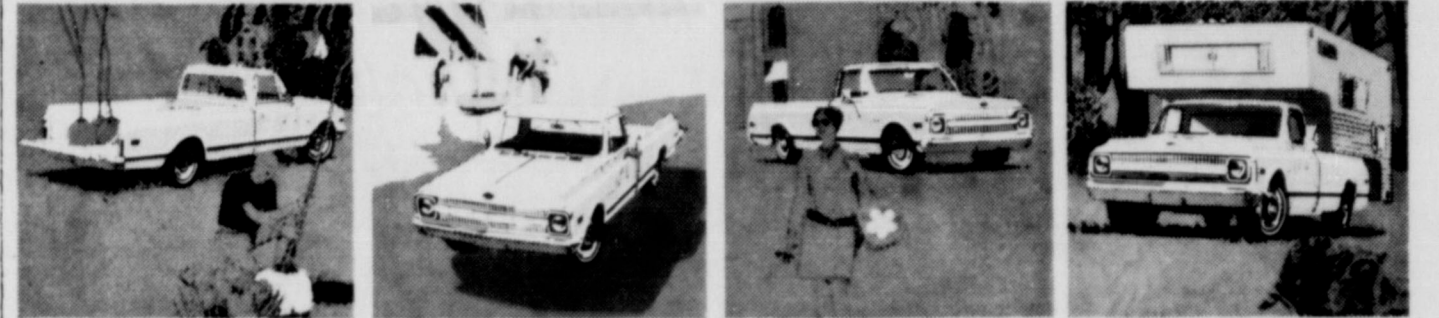

Many student organizations raise money by selling the all-American fun food, popcorn, making 8¢ on every 10¢ sale! A student operated popcorn concession encourages the idea of self sufficiency—and the youngsters raise money in an educational and independent manner.

Your first thought is that Chevy is a good looking pickup . . .

Here are some second thoughts:

work truck

playmate

second car

camper

We could add hobby hauler to the list. Chevy trucks are great for rock hounding. Collecting antiques. Etcetera.

The point is: They're as versatile as anything on the road. Or off. Especially, four-wheel drive versions. They go anywhere.

Wherever you go, you go in style. Sleek front end features a new aluminum grille. In back, there's a new 8 1/2-ft. box on some models. Great for big campers.

Great under the hood, too. Six or V8. Standard on V8 models is a big 307 cubic-incher.

Under the rugged chassis, coil springs take care of bumps. Inside, thick foam seats take care of you.

There's a lot more. And more you can order. Like: power steering and air conditioning. See your Chevrolet dealer for all the facts and the good word on low price.

Chevrolet is more truck. day in, day out, day off!

DRUG DELIVERY

Cunningham - Fletcher Marriage Vows Read

MR. AND MRS. DALE CUNNINGHAM

Miss Letha Ann Fletcher and Dale Cunningham, both of Friona, exchanged marriage vows at 6:30 p.m. Thursday in the chapel of Friona United Methodist Church.

Rev. James Price, pastor, read the double ring ceremony. Parents of the couple are Mr. and Mrs. Edgar Fletcher and Mr. and Mrs. James Wesley Cunningham, all of Friona.

The bride wore a street length dress of white brocaded satin embossed with velvet, featuring a rounded neckline edged with lace, and an empire waistline. The dress was topped with a cropped jacket.

She wore a corsage of yellow roses. For something old, the bride wore her mother's wedding ring; something borrowed,

a diamond necklace; new, her wedding attire; and blue, a garter. She wore pennies in her shoe bearing the couple's birthdates.

The bride is a graduate of Friona High School and is employed by Dolph Moten Publishing in Bovina.

The bridegroom is also a graduate of Friona High School and attended Tarleton State College in Stephenville. He is employed at Fred White Electric in Friona and is serving in the U. S. Army Reserve.

Only members of the immediate families of the couple attended the ceremony.

The couple left for a wedding trip to Santa Fe, Taos and Red River. They will make their home in Friona.

SOCIETY

Mrs. Blanche Lenderson Presents Club Program

The opening number on the program of New Horizons Junior Study Club at Federated Club House Thursday evening was reading of a poem entitled, "Thoughts," by Mrs. Dale Houlette. The poem was written by Gay Cass Price.

Mrs. Gerald Floyd then introduced Mrs. Blanche Lenderson, a well known artist from Muleshoe, who presented a program explaining different techniques of painting. She displayed oils, water colors and other methods of producing pictures. One water color was completed and displayed.

Guests present included Mrs. Bill Wooley, Mrs. James Procter and Mrs. Lois Miller of Friona and Mrs. Ruth Roberts, Muleshoe.

Thanksgiving Holidays Set

Thanksgiving holidays have been announced for Friona schools.

According to an announcement from Superintendent Alton Farr, classes will be dismissed at 2:40 p.m. Wednesday, November 27. Busses will run at that time.

Classes will be resumed the following Monday, December 2, at the regularly scheduled time.

Burlap Bag Making Demonstrated Thursday

Mrs. Duane Ridley, Clovis, was a special guest at the Thursday meeting of Home Arts Club at Girl Scout House. Mrs. Ridley who is the former Marilyn Potts, demonstrated making of burlap tote bags.

Plans were made for the club's annual Christmas luncheon, which will be held in the home of Mrs. Herschel Johnson Thursday, December 12. Each member is to bring a covered dish and an inexpensive hand made gift for a gift exchange.

Hostesses were Mrs. Estis Bass, Mrs. A.W. Anthony Sr., and Mrs. E.G. Adams. Others present included two visitors, Mrs. J.P. Sims, and Mrs. Kathryn Dool, and the following members: Mrs. E.G. Phipps, Mrs. C.W. Perkins, Mrs. D.G. Hand, Mrs. Ella Dukes, Mrs. Mabelle Hartwell.

Also Mrs. Dan Laceywell, Mrs. Herbert Day, Mrs. Leonard Pope, Mrs. Cordie Potts, Mrs. W.M. Massie, Mrs. Ralph Wilson, Mrs. Carl Schlenker, and Mrs. Curtis Murphree.

ONLY A SAMPLE... Items pictured here and many more artistic creations of members of Progressive Study Club will be on sale at the annual Christmas Bazaar, which will be held in Federated Club House from 10 a.m. to 5 p.m. Each year members of the club create table decorations, pictures, wall plaques, stuffed toys, tea towels, knitted items, bird houses and other hand made articles suitable for use in the home or for gifts for this gift sale. All proceeds go to finance charity projects sponsored by the club. Mrs. Philip Weatherly, pictured here, is a member of the finance committee and invites everyone to attend.

Bride Honored With Miscellaneous Shower

A miscellaneous bridal shower in Fellowship Hall of Friona United Methodist Church from 4:30 to 6 p.m. Monday afternoon was a courtesy for Mrs. Cary Flam, the former Beverly Anthony.

Cookies, hot spiced tea and mints were served from a table which was covered with blue nylon net over blue satin and centered with a floral arrangement.

Mrs. Donnie Gibson presided at the guest register.

Hostesses were Mesdames James H. Boyle, Ralph Broyles, Herbert Day, Arthur Drake, Eugene Ellis, Howard Ford, Donnie Gibson, Dorothy Hough, George A. Jones, Forrest Osborn, Fay Reeve, J.P. Sims, E.S. White Sr., and Waymon Wilkins.

Mrs. John Ferguson Feted With Shower

Mrs. John Ferguson, who was Chloe Ann Ford before her recent marriage, was honored with a miscellaneous bridal shower in the home of Mrs. Fay Reeve recently.

The serving table was covered with Nile green over matching cotton satin and centered with a floral arrangement in green and white. Assorted cookies, hot spiced tea, nuts and mints were served.

Guests were registered by Susan Mills.

Hostesses with Mrs. Reeve were Mesdames Jean K. Anthony, James H. Boyle, E.S. White Sr., Ross Terry, Eugene Ellis, Ernest Anthony, Arthur Drake, Billy Sides, Travis Stone, W.M. Massie, Tom Shelton, W.M. Stewart, Clyde Weatherly, Jewel Wells and Howard Love.

Letha Jean Templar Joins Air Force

Letha Jean Templar, daughter of Mr. and Mrs. Jack Templar of the Lazbuddie community, has joined the United States Air Force for Women. She enlisted Friday, November 15 and is in basic training at Lackland Air Force Center, San Antonio.

enlistment and accompanied her to the airport for her departure.

Modern Study Club Has Regular Meeting

Twenty-six members and two guests were present for the Tuesday evening meeting of Modern Study Club at Federated Club House. Lora Mae McFarland, retired Spanish teacher from Clovis, presented the program. The other guest was Mrs. Robert Osborn.

Miss McFarland was introduced by Mrs. Ross Ayers. She then explained a number of factors to be considered in learning to read and speak Spanish and told some of her experiences relating to her subject.

She illustrated a few basic words in the Spanish language.

Decorations were in keeping with the Thanksgiving theme and sandwiches and cold drinks were served by the hostesses, Mrs. T.E. Lovett and Mrs. Fay Reeve.

Mr. and Mrs. Woodrow Strickland spent the weekend visiting in the home of Mr. and Mrs. Max Tipton and children in Wichita Falls. Mrs. Tipton is a daughter of the Stricklands.

Penni Weatherly Honored With Party

A birthday party in the home of Mr. and Mrs. Phillip Weatherly Thursday afternoon honored their daughter, Penni, who was observing her fifth birthday. Following the gift opening and singing of "Happy Birthday," Mrs. Weatherly served birthday cake, ice cream and punch. A game session was directed by the hostess.

Special guests were Mrs. C. W. Weatherly and Mrs. G.B. Buske, grandmothers of the honoree.

Other guests were Mayla and Misty Vars, Canyon; Shawn Osborn, Teresa Loflin, Kippi and Karla Fleming. Kim Barnett, Amber Smith, Samoye Adkins and Sonny Horton.

Deana Spivey of Baileyboro spent last week visiting in the home of her maternal grandparents, Mr. and Mrs. W.V. Elmore.

To Be Thankful

It used to be that a picture like this could only mean harvest time—big orange pumpkins, shiny red apples, colorful stalks of Indian corn. And, of course, a turkey in the pantry.

But what about today? You can buy apples almost any time. Pumpkins are available in a can twelve months of the year. And you can buy a frozen turkey as easily in July as in November.

We Americans take for granted what was a real treat in our parent's time. But in the midst of this material plenty, there is danger of spiritual famine. To keep the proper perspective, to appreciate the gifts of life to the fullest we need the Church and the story it has to tell us.

Maybe you can't be a pioneer—a Pilgrim. But you can follow your forefathers' example at Plymouth that first November. You can utter genuine thanks in the church of your choice.

Thanksgiving Dinner Draws Capacity Crowd

About eighty residents of the Black Community and guests attended the annual Thanksgiving dinner at the Black Community House Sunday. The invocation was directed by Rev. Leo Buschur, pastor of Summerfield Baptist Church.

After dinner a program directed by Mrs. Johnny Mars, with Mrs. Bill Carthel at the piano, was presented. Participants were children who live in the community.

Bruce Parr explained briefly conditions relative to the water and gas situation of the Community House regarding paving of the new road which is being planned. He urged residents of the community to make a decision real soon.

Hosts were Mr. and Mrs. Clifford Allmon, Mr. and Mrs. Ira Bruce Parr, Mrs. Helen Fangman and Mrs. Ethel Beng-er.

LABS FIND NEW WAY TO PROTECT CLOTHES

For years women have had to collect "antidotes" for all the different kinds of stains - glycerin for lipstick or chocolate, vinegar for coffee, peroxide for ketchup, and on and on. But modern science, in its constant search to make the modern woman's life easier, has now come up with a unique solution to the exasperating problem of clothing stains: the soil-repellent finish.

Soil-repellents for furniture are not new, but now Mother can put a protective finish right onto Dad's dress shirt, the baby's prettiest dress, or her own favorite tablecloth.

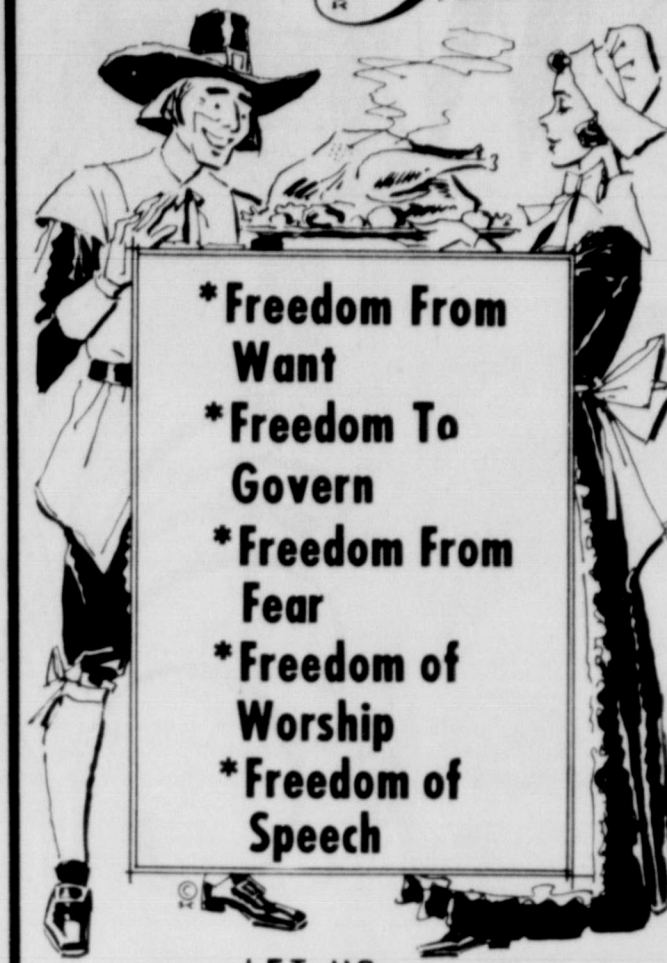

Today's secret is in the starching. The laboratories for Pruf spray starch devised a way to put a stain-repellent right into the starch so that a series of normal washings, starchings and ironings give fabrics a modern soil-repellent finish, without any added starch build-up on the clothes - or on the iron, for that matter.

Now Mother can even blot up such former damaging spills as coffee, juice or ice cream with an easy wipe of a tissue on many Pruf-starched fabrics.

Because soil-repellents put an invisible protective coating on fibers, they also keep clothes cleaner by not letting ordinary soil and dirt collect in them. This makes it easy to suds out difficult stains like ketchup and salad dressing.

One important point to remember with stains is that a fresh stain is easier to remove than an old one. Whether you're using the old-fashioned stain treatment methods or a new starch with the soil-repellent formula, clean it at once!

Better Understanding Studied At Meeting

Following a devotional by Mrs. R.B. McKee, Mrs. Paul Mohr directed a program entitled "Understanding Our New World," at the Wednesday evening meeting of Women's Fellowship of Union Congregational Church.

During the social hour following the conclusion of the study, hostesses, Mrs. Hazel Weir and Mrs. Walter Lovelless served salad, wafers and hot spiced tea.

New Son For Wayne Jeskos

Mr. and Mrs. Wayne Jesko of Clay's Corner announces the birth of their first child, a son, at 3:06 Thursday, November 21. The infant, who weighed seven pounds, one ounce, is named Dustan Dwayne.

Paternal grandparents are Mr. and Mrs. John P.A. Drager of the Rhea community and Lucy Jesko of Route 3, Muleshoe. Maternal grandparents are Nannie Hines of Farwell and Anna Schmitz of Hereford.

Son Born To Glenn Howards

Mr. and Mrs. Glenn Howard, Plainview, became parents of a baby boy October 23. He was named Timothy Glendell and weighed 8 lbs. 11 ozs. Timothy has three older sisters, Brenda, Sheryl and Jena.

The Howards were Sunday visitors in the home of Clyde Scarborough, who is the paternal grandfather. Mrs. Howard is the former Anita Scarborough.

Frionans Attend Funeral

Mr. and Mrs. Joe B. Collier, Mrs. Bertie Doak, Mr. and Mrs. J.H. Boyle and Mr. and Mrs. Charles Russell attended funeral services for Mrs. S.A. Ellis of Memphis there Sunday. Mrs. Ellis, who was the sister of Mrs. Collier and Mrs. Doak, died in an Amarillo hospital Friday.

Others present included Rev. Paul Mohr and Mesdames Walter Carnes, Orms Flippin, Charlie Wise, L.F. Lillard and Otto Whitefield.

It's A Girl For Reeves

Mr. and Mrs. Floyd Reeve became parents of a baby girl at 4:19 a.m. November 23 at Parmer County Community Hospital. She weighed 6 lbs. 3 ozs. and was named Angela Denae.

Angela is the second daughter for the couple. She has an older sister, Debbie.

Grandparents are Mr. and Mrs. Arthur Drake and Mrs. Fay Reeve, Mrs. F.W. Reeve and Mrs. A.O. Drake, both of Friona, are great-grandmothers.

Sgt. Reed Home From Vietnam

Sgt. Ronnie Reed, son of Mr. and Mrs. Leo Reed of Friona, returned home from Vietnam on Sunday, arriving in Fort Lewis, Washington.

Sgt. Reed visited with his mother's brother and family, Mr. and Mrs. Jim Ingraham, in Portland, Oregon. He was expected in Friona by late Tuesday. Sgt. Reed will report to Fort Hood, Tex. for reassignment.

Another Reed son, Sp4 Duane Reed, is due in Friona Saturday from Fort Knox, Ky., on a two-week leave from the Army.

Mrs. E. Bengert Returns Home

Mrs. Ethel Bengert returned home recently after spending ten days with the Loyd Bengert family at Woodward and Shattuck. Bengert, who was a brother of the late John Bengert, died in a Shattuck Hospital. Funeral services were conducted in Shattuck and burial was in the Fargo Cemetery November 12.

MEMBERSHIP. . . Mary Johnston, right, on behalf of the Friona Public Library's board of directors, is shown presenting Mrs. John Gaede with a life membership "Friends of the Library", which is making a membership drive at the present time.

Mrs. Jimmy Mabry Hosts Luncheon

Mrs. Jimmy Mabry was hostess at a luncheon in her home in the Hub Community at noon Wednesday. Fifteen guests were present. Fall decorations were used and the centerpiece carried out the Thanksgiving theme.

Guests were Mrs. John Blackburn, Mrs. Everett Gee,

Mrs. Don Kimbrell, Mrs. Clyde Woodard, Mrs. Gerald Floyd, Mrs. Johnny C. Miller, Mrs. Ira Bruce Parr, Mrs. Bearl Dean Broyles, Mrs. Rex Blackburn and Mrs. Eugene Bandy. Also Mrs. Kenneth Gabehart, Mrs. Robert Zetzsche, Mrs. Floyd Wilkins, Mrs. Sterling Graham and Mrs. Larry Dyess.

Troop Members Learn First Aid

Seven Girl Scouts, two leaders and one visitor were present Monday evening for a first aid program, which highlighted the meeting of Troop 168 at Girl Scout House. Reports were given by troop members.

Leaders present were Mrs. C.L. Vestal and Mrs. Louis Welch, who served lime sherbert and cookies. Burke Vestal was a visitor.

Troop members present in-

cluded Jayn Massie, Gio Brown, Amy Renner, Cindy Campbell, Ann Spears, Susan Floyd and Jonnye Cudd.

Engagement Announced

Mr. and Mrs. Milton G. Scarborough, 7929 Royal Lane, Dallas, are announcing the engagement of their daughter, Linda Lee Scarborough, to Wilmot Earl Crow of Fort Worth.

Crow is the son of Mr. and Mrs. W.S. (Red) Crow of Friona. A January 18 wedding is planned.

About 45,000 tons of ripe olives are harvested and packed every year by California's \$30 million olive industry.

Have A
Happy

THANKSGIVING

Let us never forget that the cultivation of the earth is the most important labor of man. When tillage begins, other arts follow. The farmers, therefore, are the founders of civilization.

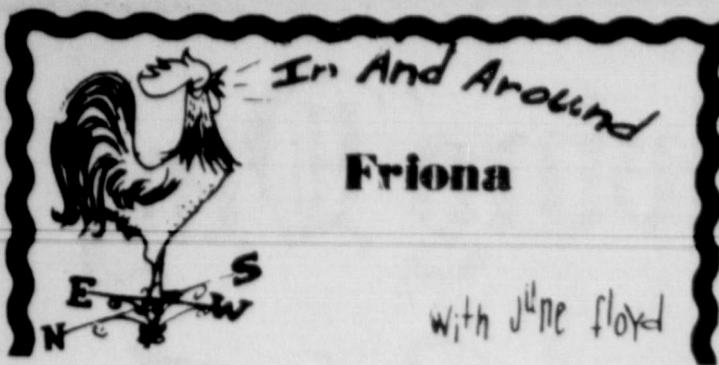

--- Daniel Webster

We Count You, Our Fine Customers, Among Our Many Blessings This Thanksgiving Day. It Is A Pleasure To Serve The Farming People Of The Area.

KENDRICK OIL CO.

PHILGAS

It is difficult, if not impossible, for any of us to imagine what the first Thanksgiving Day must have been like. It would be most interesting if we were able to make an accurate comparison of preparation of different foods on the pilgrim's table with that on our table's today.

It would probably have been just as easy for an Indian man, or whoever lived on the Plains of Texas at that time to find a wild turkey to shoot for the dinner table then as it would have been for a Star photographer to find a live turkey to shoot with a camera Tuesday afternoon.

Of course, Pilgrim homemakers had never even thought of having frozen or canned foods at their finger tips, much less instant foods. It must have taken a lot more ingenuity to be a good homemaker than it does now. A great deal of time and thought must have gone into planning a meal for such a special occasion and even more for preparing and serving it.

When we sit down for Thursday dinner with members of our families and start eating delicious well prepared food, we can all number among our many other blessings the number of improvements which have been made since our forefathers started the custom of family and friends getting together to eat, drink and be merry on Thanksgiving Day.

As the completion date of the new home of the Philip Weatherlys drew near, Penni, five year old daughter of the couple, had heard her parents say that the first party in the new home would be her birthday party. Of course, the first party in the new home seemed most important to Penni.

A few days after the move was made into the new home, friends and neighbors surprised the Weatherlys with a housewarming. Philip, Phila May, Park and Pepper were all excited about the guests, gifts, refreshments and merrymaking. Penni tolerated the goings on, but wasn't very happy about any of it.

Upon being questioned about it, she soon expressed her misgivings about the whole affair. It really didn't have very many of the markings of a "Happy birthday party" for a five year old girl.

Young Doug Moyer, son of Larry and Virginia Moyer, had been learning a number of farm terms and rapidly adding new words to his vocabulary. Recently one of the neighbors was hospitalized and her illness was diagnosed as pneumonia.

After her return home, Doug was most curious about her illness and asked his parents a number of questions about it. One day he came in and said to his mother, "What did Elizabeth have?"

"Pneumonia," was Virginia's answer. Doug's next question was, "Did she get it out of a tank?"

Our apologies this week go to the Kermie Deatons and Leslie Deatons. All of us know that Mr. and Mrs. Kermie Deaton own the historic old Dorsey Mansion in northeastern New Mexico, but in a picture feature last week we reported that it belonged to the Leslie Deatons. Sorry folks! Maybe we will do better next time.

Wherever you go, you are likely to meet someone else from Friona. Recently the four Friona couples almost met. That is, they got within waving distance of one another, but not in speaking distance.

Mr. and Mrs. E.L. Fairchild and Mr. and Mrs. Claude Blackburn were on the ferry going out as Mr. and Mrs. Sloan Osborn and Mr. and Mrs. Roy Clements were on the ferry coming in. This happened down in the Falcon Dam area, but I haven't heard any fishing reports yet.

Pheasant hunting season is going to be later this year than usual. That means that we will have a little more time to see these beautifully colored birds walking around from time to time. I think there isn't a bird that is more beautiful than our ring necked pheasant cocks.

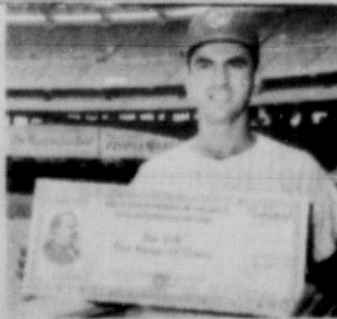

Do you remember how a few years ago many people ridiculed the idea of raising pheasants in this area? Now, we know it can be done. Our pheasant population increases noticeably each year.

This year the season will be open from December 14 through December 22.

The best kind of pride is that which compels a man to do his very best, even though no one is looking.
