... and Worth it!

## Blue Ribbon City award is within grasp of Morton with hard work

"Where does Morton stand in its bid to become a Blue Ribbon City?" This was the subject for discussion at a meeting Thursday morning at 8:00 o'clock.

Harry Clark, vice president of the First National Bank of Midland, also vice chairman of the Blue Ribbon City awards program, met with local people to discuss the progress being made. Local people attending were Elra Oden, chairman of the local government committee, Roy McClung, coordinator for the Blue Ribbon program, and Leon Kessler, manager of the local Chamber of Commerce.

Under special consideration at this meeting was the local government award. Most of the work has been done on this and in the very near future this award should be approved.

Clark made special note of some things

that needed attention. Among them was the removal of a number of old buildings. This problem is not new to most of us but is one that we still haven't begun the work that is needed, not only to get the Blue Ribbon, but, more important, to help the looks of our town. These buildings are fire hazards, and disease traps. It is important that we begin now to correct this situation. From this study, it seems that there will have to be more work done on beautification than any other category, according to Leon Kessler.

Tourist development is coming along real good. The people making this study have been surprised to find as many things of interest to tourist as we have. Many others probably will be too when they really study what we have.

With the organization of the industrial foundation we should be near completion of the industrial requirements. Again in this the award isn't worth as much as the accomplishment. The things that are being done are the things that we must do for continued economic growth.

The Parks and Recreation Division is in good shape. Supervisory personnel will probably be the weakest part in this. It has been pointed out that we need playground supervisors for the playgrounds. These can be either hired people or volunteers.

Clark was in Morton for only an hour, so everything could not be discussed at that time. This has been pointed out to us very clearly. Everything in this program is what industry looks for in a town

when considering a location. We are in the process of working hard to attract industry to Morton. The first thing we must do is to make Morton attractive, and then to continue to build a positive progressive attitude.

We can, with everyone doing his best, become a Blue Ribbon City this year. Come on let's get the job done.

## Dewbre gives Cochran Co. bond sales report

According to a report received today from James E. Dewbre, Chairman of the Cochran County Savings Committee, the sales of United States Savings Bonds and Freedom Shares in Cochran Co. during the month of August totaled \$3,543. Sales during the first eight months totaled \$21,165 and this is 53 per cent of the 1968 goal of \$40,000.

Sales in Texas during the month of August totaled \$14,390,299 which is an increase of 3.8 per cent over the same period of 1967. January-August sales reached a new high in the state totaling \$121,220,421 — an increase of 8.2 per cent over January-August sales during 1967.

Nationally, sales of Series E and H Bonds and Freedom Shares were the best for any August in 13 years and total cash sales for the January-August period amounted to \$3,430 million for 62.3 per cent of the National goal.

### ★ Deadline

The Tribune has been asked to announce that Saturday of this week is the deadline for band calendar participation. If you have been missed but would like to have your name on the new 1969 Calendar, the price is 25c for birthday or anniversary and 1.00 for each calendar. You are asked by the band parents working on sales to please leave your listing and money at Byron Auto Supply or at the John Deere agency.

## Interview of the week Industry will benefit young

An interview with Mrs. Neal Rose

Mrs. Neal Rose needs little introduction, having taught 19 or her 20 teaching years in the Morton schools. She is a lady and a scholar, as well as an interesting conversationalist. Mother of 2 girls, both with teacher qualifications, and wife of a Morton businessman, she has also found time through the years to be active in club work and other civic affairs. She tells us that the six clubs here which are members of the state federation are very cooperative and helpful.

Dorothy tells us that the 36 Club, of which she is a member, started the first library in Morton. Club members took turns as librarians in the old courthouse. She is very proud of the present facilities and says many students make use of them.

Children and their education seems predominant in the mind of this fine teacher and so we asked her what needs to

be done here, in particular, along that line. She answered that she thinks Morton has a very good school system with the teachers all trying to upgrade their ability to cope with the changing and increasing demands of the teaching profession.

Although Texas teachers salaries are low in comparison with other states, Mrs. Rose is not in favor of teachers unions nor merit pay for those in the profession. Merit pay, she thinks, creates too many problems, one of which is competition between teachers. She says teachers should cooperate instead of compete, and that's why she is against the merit pay system. On teachers unions, she says she neither defends nor condemns, and can't speak for others.

We broached the subject of industry procurement as proposed by the Morton

Industrial Foundation. She voiced this thought, "it may be a long pull, as nothing worthwhile is accomplished very quickly, but the people of Morton can be depended upon to co-operate and pull together and the effort will pay off in the end."

We also spoke of the role that women play in civic affairs and Mrs. Rose says that in the past many things have been accomplished primarily through the cooperative efforts of the club women, etc. of the area but she thinks this project of securing industry for Morton is one that will require the leadership of the men more so than the ladies but she is sure the women will do anything and everything they can to help.

The interview ended with Mrs. Rose reiterating the fact that she loves children very much and, next to teaching, library work is her "first love".

**October calendar girl . . .**  
AN UNUSUAL BACKGROUND shows pretty Vicki Goodman taking in some of the last of the good summer sun. Vicki is a junior at Morton High School, and also one of the 1968-69 cheerleaders. She is the daughter of Mrs. Ruby Goodman.

## Indians to try Farwell Steers Friday

absorbed their second straight win of the young 1968 football season, Morton Indians will take on the tough Farwell Steers this Friday night at Farwell in an attempt to bring the year's record to 2-2. The Indians bowed to class powerhouse Sudan last week at Sudan, but the speedy Hornets jumped out in the first half 14-0 lead with strong breakaway running, and then restrained the Sudan running and passing attack to keep the Tribe scoreless through two games.

Farwell's Steers have played well against opponents the Indians have faced this year. Farwell dropped their opener at Friona, 27-15, the team that shut out the Indians 26-0, two weeks ago. The Steers are the measure of Dimmitt in a mild way by the score of 12 to 6. Dimmitt powered Morton in a pre-season scrimmage last week the Steers overran the Friona Cowboys, 41-8, the team the Indians wiped out in the season opener, 44-13. Gametime at Farwell Friday night is 8 p.m.

The Indians will take on Farwell with a revamped offense that may turn the tide for the Indians' morale.

Against the Hornets, the Indians rolled twice the yardage that they had against the Friona Chieftans, but the 98

yards was not enough to match the 265 the Hornets gathered. The Tribe garnered 78 yards through the air for the night compared to Sudan's 40 via the passing route.

The Indians got the first break of the game, pouncing on the first of four Hornet fumbles at the Sudan 16. Alex Soliz moved the ball to the ten before the Hornets stiffened, and on a fourth and four situation, Soliz's field goal attempt sailed wide to the left.

The Indians contained the swift Hornets after Sudan had driven to the Indian 24. On fourth and five, Sudan fumbled the ball to the Indians at the 21, and once again, the Indians marched into Sudan territory. The drive was highlighted by Alex Soliz's 25-yard pass to brother Ralph Soliz that gave the Indians a first down at the Sudan 35, but as the first period expired, the drive bogged down and the Indians surrendered the ball.

The Hornets then picked up two first downs in moving to the Indian 39. Facing third down and five, Hornet QB Steve Martin's pass fell short, but on fourth down, halfback Jerry Bellar took a pitch-out from Martin and scrambled the 39 yards for the first score of the game. Bellar's kick gave the Hornets a 7-0 lead with 8 minutes left in the first half.

Following the Sudan kickoff, a holding penalty put the Indians in a deep hole, and tackle Herschel Lamar got off a 39 yard punt, one of ten punts for the night, that sent Sudan's Bellar to his own 35 after the ball, but from that point, he sprinted up the sidelines for 65 yards for the second Hornet touchdown within a two minute period. His kick gave the hosts a 14-0 lead.

After a punt apiece, the Hornets drove to the Indian 19 with 31 seconds left in the half. After three passes fell short, the Hornets attempted a field goal from the 19, but the ball was deflected by the hard-charging Indian defense.

The ball passed back and forth through the initial minutes of the third period. Lamar's third punt of the quarter gave the Hornets possession at their own 40.

From there, halfback Billy Gore galloped 60 yards around left end for the third Sudan TD. Bellar's accurate toe made it 21-0.

Three plays later, Sudan led 23-0 as the Hornets picked up a safety. The Sudan kickoff after Gore's TD scamper put the Indians in a deep hole at their own one yard, but then was dropped behind the goal line for the Sudan safety.

The waning minutes of the game saw no scoring, but the Indian passing attack got to rolling. Indian QB Wayne Thompson fired passes of 8, 16, three, and 16 yards as the Indians picked four first downs throughout the final quarter, but neither team presented a serious threat.

Fullback Tommy Waters sustained a concussion in the game and will be out of action this week against Farwell. Sophomore

## Cochran County Democratic Headquarters to open

Cochran County Democratic Headquarters will be opened in Morton on Friday, October 7 at 1:00 p.m. The headquarters will be located at 107 S. Main. Invitations have been mailed to all nominees of the Democratic party from the area and also to stop by for coffee every Friday from now until the election on November 5. Hours for the headquarters to be open will be from 9 til 12 a.m., and from 1 to 5 p.m.

## First Baptist Church has coronation Sunday

Sixteen girls of the First Baptist Church were honored during a coronation ceremony Sunday night. Each girl gave a scripture passage from memory or explained and demonstrated what she had learned about the Mission Program of the Southern Baptist.

The theme for the coronation was "A Story to Tell." The decorations consisted of a large G. A. emblem with green, white and gold streamers making a background for the service.

Girls receiving recognition were, Maidens, Gay Waters, Tona Coker, Cindy Pierce; Ladies-in-Waiting, Yvonne VanStory, Kathy Mason; Princess, Melody Crone; Queens, Denise Aldridge, Jeanie Wemken, Debbie Williams; Queens in Service, Christy Cade, Becky Goodman; Queen-with-a-Scepter, Becky Jerden; Queen Regent, Glorietta Gray, Diane Avery, Jeana Thomas, and Diane McCasland.

**Baptist coronation . . .**  
THESE LOVELY young ladies were part of the coronation in the First Baptist Church last Sunday night. They are, left to right, back row: Gay Waters, Melody Crone, Tona Coker, Yvonne Van Story, Kathy Mason, Jeannie Wemken, and Debbie Williams; front row: Jeana Thomas, Glorietta Gray, Diane Avery, Diane McCasland, Becky Jerden, Denise Aldridge, Becky Goodman, and Christy Cade.

## NFO holds Cochran County Meeting

by SANDRA KEITH

The controversial National Farmers Organization held an information and organization meeting Monday night September 30 in the High School Auditorium at Whiteface. Approximately 40 farmers and businessmen assembled to hear the talk. Special guests were Gerald McCathern, President of the Deaf Smith County NFO, and Bill Watson, President of the Swisher County NFO. Reporting rapid growth in the movement, they set their memberships at about 200 in Deaf Smith County and 140 — 150 in Swisher County. As a result of their organization, the price of grain has been raised in those counties from \$1.50 to \$1.70. This was achieved by putting grain in the government loan or in storage.

Main speaker for the program was John Oster, a member of the National Board and objectives of the National Farmers of Directors for the NFO, whose home is near Mitchell in southwestern South Dakota. He outlined the origin, history, Organization. Pointing out that only farmers can be members, Oster said that any action must be industry-wide to be successful and all major commodities must be raised in balance.

Perhaps the most controversial of the methods is the so-called holding action. This is the refusal to sell a commodity for less than a certain price and then dumping that commodity when storage facilities are full. Oster declared that this is the same thing retailers do when they market the goods. The consumer either pays the stated price or does not get the produce.

Membership in the NFO is on a three year basis with automatic renewal every three years unless the member withdraws. Minimum dues are \$25 per year. When a county has 25 or more members, it is issued a charter and committees are then elected to bargain for various commodities. The three main fields of bargaining are presently dairy, grain, and meat, but other fields are established as the need arises.

In summing up his views, Oster listed five steps which farmers must follow to realize a profitable return on their investment.

1. Farmers must first join together.
2. They must then use their bargaining power and make it felt.
3. A fair price must be gotten for their produce.
4. This price must be solidified with a contract.
5. Farmers must then work to fulfill this contract.

## Art workshop starts Wednesday, October 9

Mrs. Cass Stegall will hold an Art Workshop in her home starting Wednesday, October 9. Instruction will be from 1 to 4 p.m. or if preferred 7 to 10 p.m. For more information on the workshop, call Mrs. Stegall at 927-3141 in Goodland.

# STATE Capital NEWS

By VERN SANFORD

**AUSTIN, TEX.** — Presidential Campaign 1968 is starting to roll full speed in Texas.

Democrat Hubert Humphreys official state organization — a political patchwork of two committees representing varying factions — was formed just six weeks before the November 5 election. Will Davis of Austin and Congressman Jim Wright of Fort Worth head Texas Democrats for Humphrey-Muskie. Cecil Burney of Corpus Christi is executive director and National Democratic Committeeman Robert Strauss of Dallas is finance chairman.

At its initial meeting in Fort Worth, the group — made up predominantly of Gov. John Connally's and President Johnson's friends — declared the election is yet to be won, and Humphrey has a chance of carrying the state.

**U. S. SEN.** Ralph Yarborough, leader of Texas liberals, heads a separate Texas Citizens for Humphrey-Muskie, and has formed a 137-member executive committee which met here Monday. Yarborough will work with traditional Democrats, ethnic minorities, independents, Republicans and "former supporters of Sen. Eugene McCarthy, Sen. George McGovern, Gov. Nelson Rockefeller and of the late Sen. Robert F. Kennedy."

Republican candidate Richard Nixon and American Party candidate George Wallace have had the benefit of months of spadework on behalf of their election efforts.

A recent Texas poll calculated Nixon and Humphrey are running close together (with about a third of the state's votes each) and Wallace is third with a fourth of the votes. Nixon was seen as having "the best potential for carrying the state." Most observers regarded that as an understatement as of now, although Humphrey's campaign could change the picture dramatically during the next five weeks.

**OPINIONS VARY** widely as to Wallace's effect on the outcome of the hard-fought state contest. Democrats claim presence of the former Alabama governor on the ballot is hurting Nixon most. Wallace campaign leaders say they are cutting more deeply into traditional Democratic votes that normally would go to Humphrey. Nixon's Texas campaign director, John Hurd of Laredo, sizes up the Wallace candidacy as having "equal impact" on Nixon and Humphrey.

Both the GOP and organized labor (backing Humphrey) are mounting special campaigns aimed at winning back from Wallace votes for Nixon and Humphrey. Success of these efforts might spell the difference on November 5.

**UNIVERSITY OF THE NORTH** — Staff of the higher-education Coordinating Board has recommended "a multi-campus urban university" for the Dallas-Fort Worth-Denton area to include — at first — North Texas State University, Texas Woman's University and the University of Texas at Arlington.

These schools would be put under a new board of regents for the area and would be joined in a system later by other state-supported colleges and schools to form a university system designed specifically for the area.

Board itself will hold a hearing on the proposal October 11, along with UT's own plan for uniting some of its institutions in the area.

**HOMESTEAD CHANGE URGED** — Constitutional Revision Commission has suggested tightening the homestead debt exemptions following a member's charge that the present basis state law provides a "haven for swindlers."

In its semi-final meeting, the panel agreed to a ceiling on a homestead exemption from foreclosure for debt should be limited to \$25,000. Present constitution provides exemption for rural homesteads of up to 200 acres and urban homesteads (of any value) on lots of up to \$5,000 maximum valuation.

**PARK BONDS SOLD** — First \$5.75 million of a \$75 million parks improvement bond issue has been sold at favorable interest rate.

Lehman Brothers and Associates of New York headed an investment syndicate which submitted 3.5846 per cent interest rate bid, lowest of 16. American National Bank of Austin was selected paying agent for the bonds.

Initial developments are expected to be a 120-mile range of the state's 10 largest population centers. A \$1 per car entrance fee at 30 existing parks and 50 cent per car charge at six others will pay off the bonds.

**JUNIOR COLLEGE PLANS** — Texas' 40 public junior colleges have been given a new and expanded role in the state's educational processes, and now they're going back to the state for help in paying for it.

Long-range master plan of the Coordinating Board, Texas College and University System, says junior colleges should concentrate on (1) preparing some students for transfer to senior colleges and universities for their last two years, (2) setting up badly needed technical and vocational programs and (3) continuing education and cultural and public-service programs.

Now, junior colleges get state aid in two forms — a line-item appropriation for each school for direct academic instructional costs (\$26,530,325 this year) plus another \$6,476,000 distributed by the

Texas Education Agency for technical-vocational programs.

For the two-year period beginning Sept. 1, 1969, the junior colleges are asking a strong increase in the first figure — \$35,490,803 in 1970 and \$37,577,190 for 1971 — and a change, along with an increase, in the second.

They want their vocational-technical money allocated via a line item — the same as the academic figure is computed — and increased to \$15,025,375 for fiscal 1970 and \$18,292,142 for 1971.

**ANTI-POLLUTION — EXEMPTION — CAMPAIGN** — Houston Rep. Rex Braun plans a one-man campaign against proposed Constitutional Amendment No. 6, to be voted on November 5, to exempt from all property taxes pollution control equipment installed by industry.

Braun says the state shouldn't subsidize the pollution-law breakers and, besides, other states have found that the exemption only costs money and does not encourage the installation of anti-pollution equipment.

He estimates the amendment would cost Texas \$500 million over a five-year period.

**ATTORNEY GENERAL SPEAKS** — Legislature has no authority to restrict purchase of Department of Public Safety aircraft to rescue work only (and rule out their use for traffic law enforcement), Atty. Gen. Crawford C. Martin has held. At the same time, Martin indicated that Governor Connally has no power to veto the restriction (as he did July 20). In other recent opinions, Martin concluded that Commissioners Court of Dallas County can repair, maintain and operate the courthouse either with its own employees or by contracting with an independent contractor.

State Board of Dental Examiners employees may receive merit salary increases during the current fiscal year.

**APPOINTMENTS ANNOUNCED** — Former State Sen. Franklin S. Spears of San Antonio has been named judge of the 57th District Court of Bexar County to fill the vacancy created by resignation of Judge Solomon Casseb Jr. Spears is the unopposed Democratic nominee for the post. Connally selected Judge Peter M. Curry of the 166th district court in San Antonio to take over Casseb's extra duties as judge of the fourth administrative district.

On October 1, Harley Pershing, Fort Worth Star-Telegram reporter, took over new duties as research-information specialist at Texas Liquor Control Board.

Dallas Police Capt. Jack Revill was picked as chief of criminal law enforcement division at Department of Public Safety.

Harris County District Attorney Carol Vance is the new executive director of the Texas Law Enforcement Legislative Council, succeeding Lewis Berry of Austin.

**SHORT SNORTS** — Now available is a revised Spanish-language edition of the Texas Drivers Handbook — including a glossary for quick translation.

Water Quality Board has entered an agreement with the Trinity River Authority to help control pollution in the new Livingston reservoir.

A State Board of Insurance study shows that cars in Texas carrying the legal minimum limits of liability insurance has constantly increased, from 18.2 per cent in 1945 to 74.5 per cent in 1967.

## "Up With People" to be star attraction at State Fair, Oct. 5-20

Famous the world over the upbeat gusto of its singing, swinging performers, the exciting "Up With People" show will be one of the highlights of the 1968 State Fair of Texas in Dallas Oct. 5 - 20.

The 175 member "Up With People" group will be featured in three Cotton Bowl performances Oct. 14, 15 and 16 at 8 p.m. Tickets for the performances will be available at the gate of the Fair or at the Cotton Bowl for \$1. The "Up With People" tickets do not include admission to the fairgrounds.

From Carnegie Hall to the Hollywood Bowl, "Up With People" has been seen by millions of Americans, in concert halls, on college campuses and on frequent highly-praised national television shows.

All of the songs in the "Up With People" repertoire are original and each tune is set to a lively beat, with choruses that invite audience sing-alongs.

The zestiest favorites are "Up With People!" praising the power of ordinary citizens, and the rousing "Freedom Isn't Free" with toe-tapping chorus: "You got to pay a price, you got to sacrifice for your liberty."

These ideas have caught on and challenged thousands. Today there are three international casts of 175 each and many local sing-outs have been inspired on each of the five continents.

"Up With People" is a demonstration of a generation swept up in the creative optimism of building the future.

"Sponge cake is a pastry made of all borrowed ingredients." — Brice Van Horn, Fillmore (Calif.) Herald.

## NEWS from WHITEFACE

by: SANDRA KEITH

First Baptist Church has selected a new pastor, filling the vacancy left by Rev. Bill Shackelford last July. Rev. Harold Harrison of Andrews, his wife Genelle, and their three children, Laquita, Latrell, and Shawn, will be moving to Whiteface on October 15. Bro. Harrison's first regular service will be held October 20th.

The Harrisons are a young couple in their late 20's and have resided in and around the Andrews-Big Spring area where he has pastored churches. Bro. Harold Drennan, Morton school official has been the interim pastor of the local church since the latter part of July.

The Whiteface United Methodist Church will hold a revival October 6 thru October 13. Evangelist for the meeting will be Rev. Henry C. Adair, professor at South Plains College in Levelland. Mrs. W. M. Bailey, formerly of Whiteface, will provide the music, and there will be several nights of special music by some of the music students of South Plains College.

Congratulations are in order for Marvin Kuhler, who recently received his General Communications License for Amateur and Commercial Radio. He is now eligible to communicate on many frequencies. As far as we know, Mr. Kuhler is the only person in the community to qualify for the coveted General License.

Mr. & Mrs. Eural Willet and daughter Linda of Modesto, Calif., and Mrs. Billie Stegall of Bossie City, La., have been visiting in the homes of Mrs. Bertha Thompson and J. D. Martin. They all attended a family reunion of the Martin family at the home of Mr. & Mrs. J. E. Gravitt Sunday in Levelland. The Gravitts are former Whiteface residents.

Mr. & Mrs. M. L. Collins recently took a load of clothes and different things donated by the community of Whiteface to the Navajo Indian Reservation at Prewitt, New Mexico. On the way, they returned their grandson home to Albuquerque.

que, New Mexico where he lives with parents Mr. & Mrs. Jimmy Collins. Mrs. Dan Strawn was taken to the Plains Hospital in Levelland early week and was being treated as a patient. However, she is some better this time.

Miss Judy Stewart and Mr. Ronald Lor exchanged wedding vows Saturday afternoon, September 28. After a moon to Cloudcroft, New Mexico will be at home in Levelland. She graduate of Levelland High School and presently attends South Plains Junior College. Taylor graduated from Whiteface High School in 1967, and is scheduled to leave on October 15 for a six month tour of duty with the National Guard.

of the couple are Mrs. Verna Stegall of Levelland and Mr. Stewart of Levelland and Mr. & Mrs. Wade Taylor of Morton.

"If you have been warned not to use any wooden nickels, you might not know that a lumberman has now found out that the lumber in today's nickel is worth seven cents." — G. Berg, The Cavalier (N. Dak.) Chronicle

From the Office of Roy L. McClung, Jr.

would like to call attention to the young men who graduated from high school the year or two, that might be interested in obtaining a scholarship to go to any of the Texas Schools and study Range Management. There are ten scholarships of \$500.00 each, still available to 1968 high school graduates who are interested in studying and majoring in Range Management. B. J. Ragsdale, Extension Range Management Specialist from Texas A&M University recently reminded us that these scholarships are still open and we are interested in seeing that any high school graduate who might be interested in a Range Management Career send in an application for these scholarships as soon as possible. It may be too late for this fall semester but they will be ready for the coming semester.

Five colleges are participating in this program. They are Texas A&M University, Texas Technological College, Sul Ross State College, Abilene Christian College and Southwest Texas State College. Funds for these scholarships are provided by the University Foundation of Galveston and the Texas Section of the American Society of Range Management.

This is a real opportunity to help young men get a college education and study Range Management. Anyone interested please contact us right away and we will be glad to give you more of the details and help you any way that we can. Since the wheat planting is about over due to the low wheat prices at this time there is a lot of interest in feeding wheat to hogs and cattle. As you know the price of wheat has been down around \$1.00 for some time now and with this prevailing it may be a profitable investment to use wheat as a livestock feed rather than selling it on the market.

Kansas State University recently released some information on the economics of feeding wheat to beef cattle and hogs. Their information showed the following relationships between grain sorghum, corn and wheat. For fattening beef cattle and hogs, grain sorghum \$1.80 cwt., corn \$1.05 cwt., \$1.19; wheat \$1.34 bu.

Kansas State University also reported an experiment comparing a ration containing 50 percent wheat and 50 percent grain sorghum plus one-half pound of soybean meal, with a ration of grain sorghum plus one-half pound of cottonseed meal. The average daily gains were 1.5 compared to 1.85 pounds respectively.

With grain sorghum at \$2.00 per cwt. and wheat at \$1.59 per bushel, the cost of grain was the same. Therefore for these rations when wheat prices are below \$1.39 per bushel (and when or if grain rises up to \$2.00) it would become more and more profitable to use as feed.

According to Morrison's "Feeds and Feeding", which is the "Bible" as far as feeds and feeding is concerned, wheat should be limited to one-half of the ration for beef cattle but may make up all the grain in swine rations. For best results wheat should be rolled or coarsely ground.

The economics of feeding wheat for given operation of course will depend upon the price of the different grains to the operator and on the quality of management employed. However, no operator should overlook the possibility of using

wheat in his feed ration, especially at the present prices of wheat.

Anyone interested in going into more details on the feeding of wheat in the ration, we will be happy to figure with you on this operation.

## New faculty head at Bledsoe schools

Don M. Weaver is the new school superintendent at Bledsoe succeeding Mr. Otis Parr who resigned for reasons of health.

Weaver, 35, who served two years in the U. S. Army, received his Bachelor of Education from Texas A&M University. The Weavers moved to Bledsoe in August from Balmorhea, where he had been High School Principal for two years. Previously he had served as vocational agriculture teacher at Huckabay and Lingleville Schools, science teacher at Priddy, and intern-superintendent at Iola.

Weaver and his wife, Janice, have two sons: Daryle Don, eight years old, and Ray Lavelle, eight months. They are Baptists.

## Look Who's New

Mr. and Mrs. Lamar Pollard are the proud parents of a 9 lb. boy born Monday morning, September 30, at 9:10 in the West Texas Hospital in Lubbock.

Mr. Pollard is a Tech student and is now employed by the Lubbock Avalanche Journal.

The grandparents are Mr. and Mrs. Rayford Masten, of Maple, and Mr. and Mrs. Lloyd Pollard of Bula.

## ★ Crime-anentally!

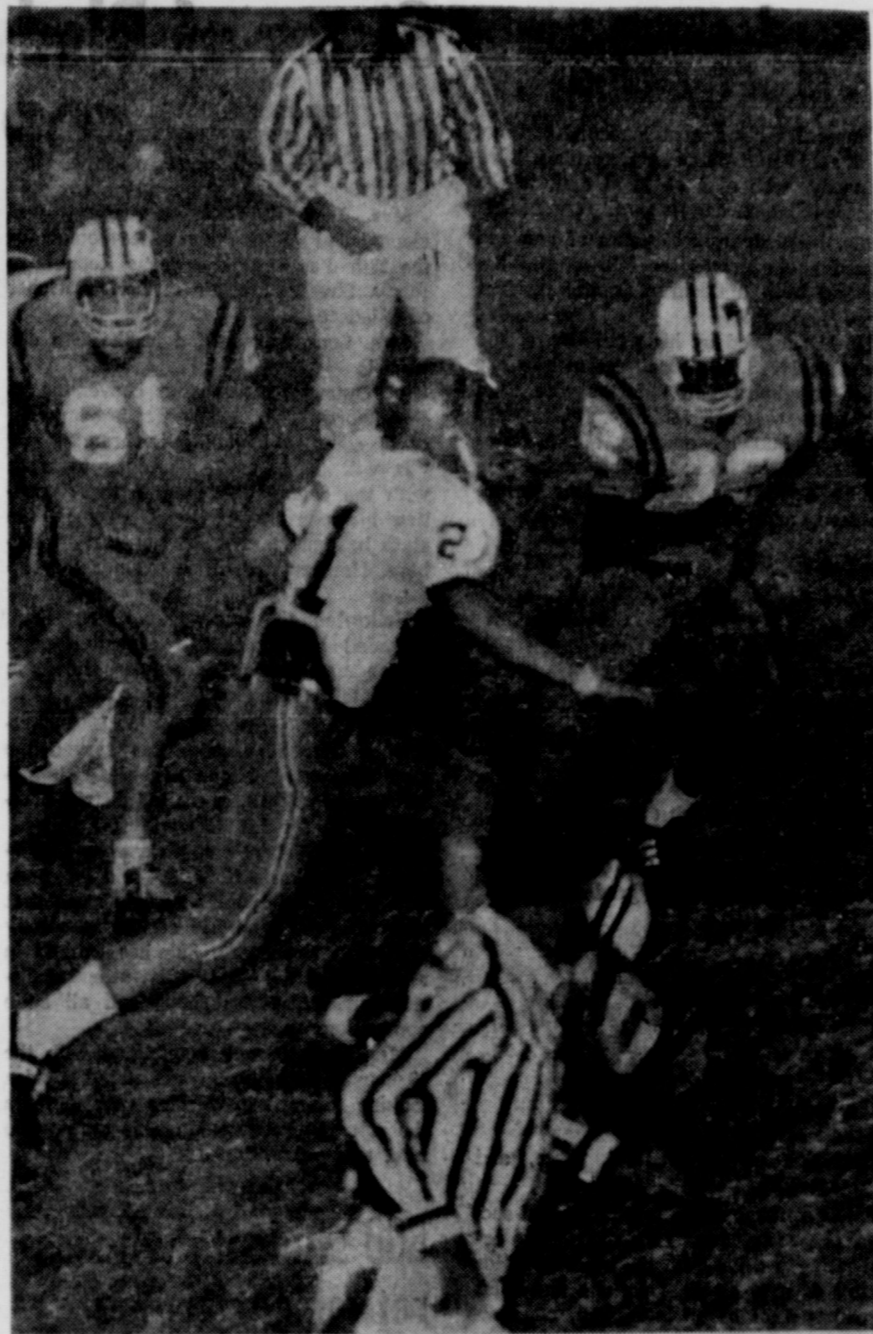

Bob Price, a member of Congress from the 18th Congressional District of Texas, is serving on the Republican Task Force on Crime which has analyzed the recently released FBI Uniform Crime Reports. Without going into detailed figures in the separate categories of violent crimes, this excerpt from his just released Washington Report should prove very interesting and thought provoking:

"During the full eight years of the Eisenhower-Nixon Administration, 1953 to 1960, violent crimes as a group increased by 31%.

"During the seven years, 1961 to 1967 inclusive, violent crimes as a group have already increased by 73% and if the last half of 1968 matches the first half, the increase for the comparable eight years will be 109%."

**FALL AND WINTER PASTURES** — Good fall and winter pastures can make a tremendous difference in the dairy feed bill. Temporary pastures, say Texas A&M University Extension dairy specialists, are the most dependable source of grazing and that the use of adapted varieties, proper seedbed preparation and fertilization are most important in getting maximum plant growth.

Average expenditure for drilling wells in Texas is \$12.07 per foot.

**Hornet chased by Indians . . .**  
A SUDAN HORNET running around end gets chased by two determined Indians in action at Sudan last Friday night. Morton dropped the contest by a 23-0 count.

# - Cotton talks -

The week of October 13 through 18 is truly shaping up as "Cotton Week" on the Texas High Plains.

Representatives from the cotton spinning industries of nine Western European countries will arrive in Lubbock on the evening of October 13 and Plains Cotton Growers, Inc. will give them a tour of cotton production, processing and research facilities in the area. They will be in Lubbock until the morning of October 16.

On the afternoon of October 17 PCG will hold its twelfth annual meeting of the membership, with cotton people in attendance from all across the producer organization's 23-county territory. Featured will be a speaker on foreign cotton markets and an all-cotton style show. Additional details will be announced soon.

The remainder of the week will be taken up by two other cotton events that begin on the same day.

The annual South Plains Maid of Cotton Contest will be in progress in Lubbock, and Plainview will be conducting its yearly Cotton Carnival.

PCG's annual meeting this year will be held in the afternoon and those attending will be urged to remain for the Maid of Cotton Ball at the Lubbock Country Club on the evening of October 17.

The Europeans will be touring the cotton belt at the invitation of Cotton Council International, with PCG in charge of their activities while in Lubbock. Spinners will be on hand from Austria, Belgium, France, Germany, Italy, Holland, Sweden, Switzerland and the United Kingdom.

PCG Executive Vice President Donald Johnson points out that the cotton in greatest demand in these countries is that stapling longer than an inch. He said "Until the last two years the High Plains was not producing enough of this kind of cotton to enable us to supply such markets. But we are now producing the cotton needed in Western Europe and we intend to go after their business."

The shortage of available labor — a perpetual thorn in the side of cotton producers and cotton processors — shows promise of becoming even more acute this Fall.

Farmers have had more than a little trouble securing tractor drivers, irrigators and other production workers during the growing season. Now, both farmers and ginners are finding it difficult to line up labor for the coming harvest. Some describe the situation as "impossible."

For many years the local labor supply has fallen short of harvest-time demands and the High Plains has depended on trailer hands, ginners and gin hands to come in from South and Central Texas after completing the harvest season in those areas.

But such migration has all but stopped. And gin operators on the Plains fear they will be forced to operate at less than capacity this Fall because of insufficient help.

Ginners from the Plains who have attempted to recruit gin workers from South and Central Texas report even these areas, once known as labor-surplus regions, have been short-handed during this year's cotton harvest season.

The reasons for this development are several. There is a short supply of good,

dependable workers in most industries throughout the nation and out-of-state recruitment of Texas workers in recent years has intensified greatly.

The new minimum wage laws cover more jobs at more attractive wages and many of our Texas workers are taking these jobs and becoming permanent residents of other states.

Reported also has been stepped up hiring of gin workers in South and Central Texas by gin operators in southern states, another area where labor was once plentiful.

In response to labor shortage reports, especially from ginners, Plains Cotton Growers, Inc. has discussed the situation with officials of the Texas Employment Commission on local, district and state levels.

Consequently, TEC is now in the process of conducting a survey of labor needs on the Plains and surveying other areas of the state in search of prospective workers. And PEC plans to intercept as many migrant workers as possible as they return from out-of-state jobs.

Ed Dean, Field Services Director for PCG, says "It remains to be seen how effective the efforts will be, but it is good to know that TEC is at least trying. And they can doubtless do some good toward alleviating our labor problem if we give them full cooperation."

Dean suggests that all ginners and farmers who anticipate a need for additional help this fall place orders with TEC as soon as possible. "Without orders for workers, TEC can't possibly be of any assistance," he noted, "and the more orders they get and the sooner they get them the better will be their chances for finding workers to fill the need."

### MOOSE BIG EATERS

That old expression of eating like a hog could be changed to eating like a moose. A bull moose will eat from 40 to 60 pounds of food a day.

## Football

from page one

omore Terry Harvey was defensive stand-out for the Indians racking up 12 tackles. Alex Soliz picked up eight while Mike Bryan had seven. Offensively, Soliz was the leading ground gainer, with 44 yards on 13 carries. Danny Williams was back in action after missing the Friona game with bruised ribs. Williams picked up 30 yards on 13 tries.

### GAME AT A GLANCE

## Emlea Smith Jr. Study Club receives guests

The Emlea Smith Jr. Study Club met in the home of Mrs. James Walker with Mrs. Richard Houston and Mrs. Walker serving as hostesses.

Following refreshments, Mrs. Earl Polvado introduced Frank Gonzales, sponsor of the International Club at South Plains College. He then presented Adel Fhahan from Saudi Arabia and Ramza Rakka from Olton, Texas.

Mr. Fhahan told about his family and explained that he was studying police science on a fellowship from his government. He told the group that the majority of the Arabian people are Moslem and he discussed the similarities and differences of the Moslem religion and Christianity. Mr. Fhahan brought his prayer rug, some Arabian coins, and Arabian newspaper and several books on Arabia for the members to see.

Mr. Rakka was born in Lebanon and lived on the English island of Aden until he was thirteen. His family has lived in Olton since that time and he is a graduate of Olton High School. Mr. Rakka is the youngest student ever enrolled at South Plains College.

Members were especially interested in the foods, customs and attire of their countries.

Mrs. Tommy Hawkins presided at the business meeting following the program. Those attending were Mesdames Don Lynskey, Ted Whillock, Gary Willingham, Sherell Griffith, Glynn Price, Keith Pierce, Bob Polvado, Tom Davey, Ronald Coleman, Loy Kern, Bill Foust, Ray Tucker, Jimmy Harris, Roy McClung, Ronnie Johnson, Thebert Ashill, Doug Reed, Earl Polvado, Tommy Hawkins, Richard Houston and James Walker.

The next meeting will be at the home of Mrs. Doug Reed, 305 E Grant.

## State to re-surface 13.3 miles in county

The Texas Highway Commission today approved the expenditure of \$18,600.00 for highway safety and betterment and for Farm to Market Road improvement in Cochran County during 1969.

District Engineer Oscar L. Crain of Lubbock said that a total of 13.3 miles in Cochran County will be involved in the annual program. Work will be under the supervision of James W. King, District Maintenance Engineer, of Lubbock, Texas. The work is part of the Highway Commission's combined Farm to Market Road Improvement and State Highway Safety and Betterment Program for 1969.

The safety and betterment portion of the program will cover 13.3 highway miles in the county at an estimated cost of \$18,600.00.

Mr. Crain stated that the proposed improvements play an important role in the Department's continuing highway safety program.

He said that the types of work included in the program includes seal coating, surface widening, base strengthening, and resurfacing and rebuilding of shoulders.

Keep those original cartons that camp supplies come in. Nothing is better than the original packaging for transporting such items and keeping them like new.

# In Appreciation...

We wish to say "thank you" to our many friends and patrons who came in to see the new 1969 Oldsmobiles on display. It is always a pleasure to show our fine line of cars to the buying public.

We have some good, solid used cars priced to sell.

# "Time for action is now," says Ford about education

Frank Ford, Republican candidate for State Representative, this week named education as one of the key issues of his campaign. "In 1960," said Ford, "Texas ranked 33rd among the states in per-child funds for education. We have since dropped to 38th. In 1960 we ranked 40th in literacy, and have since dropped to 44th. This is not a record to be proud of, as education is the most important function of state government, and accounts for 45% of state expenditures."

"Anyone who has observed the little children at work and play in our schools across this district," Ford continued, "knows that the light of hope shines in their faces - black, brown and white, and that this hope is the hope of our nation. If the adults in our big cities had the same feeling of brotherhood and under-

standing as these little children do, America would truly be on the road to greatness."

"The question that our generation has to answer, then, is whether these hopes and dreams are going to be fulfilled, or whether they are doomed to be broken in frustration and dependency. Jobs for the unskilled are disappearing fast, and if many of these children are going to know the dignity of productive work, the time for action in Texas is now."

"We must increase our attention to primary education and the development of basic skills, give additional help to children with specific learning disabilities, increase pre-school opportunities and bi-lingual education where needed. Instructional practices and programs must be up-dated constantly, and technical and vocational training increased, with emphasis on job training by private industry. These actions would constitute the best investment we ever made in our future." Ford is a candidate in the 72nd Legislative District.

## Crawford Martin day slated at HemisFair

AUSTIN — Attorney General Crawford Martin will be the guest of honor at "Crawford Martin Day" at HemisFair in San Antonio Saturday, October 5, to round out a busy week of campaigning in his bid for reelection in the Nov. 3 general election.

Martin and his family will be honored Saturday at the San Antonio world's fair, the closing weekend of the big exposition.

In other campaign activities during the week, Martin spoke at a Law and Coastal Margin Workshop in Brownsville, held a press conference and luncheon in Austin, dedicated a memorial marker at Central Texas College in Killeen and will campaign in Corpus Christi, Falfurrias, Victoria, Bryan, and Temple before being honored at HemisFair Saturday.

Earlier in his campaign, in an address to supporters in Orange, Martin outlined four new measures he will propose as legislation to prevent and cope with civil disturbances.

The proposed acts include granting the rights of cities to declare states of emergencies, including curfews; making it a misdemeanor to trespass upon property of others with malicious and mischievous intent; granting municipalities the right to offer services of its peace officers to other of its peace officers to other municipalities when it is felt there is a need; and making it a felony to willfully interfere with firemen or policemen during their lawful discharge of duties, or with doctors, nurses or ambulance attendants while on emergency calls.

Martin also announced the appointment of former State Senator Searcy Bracewell of Houston as his state campaign chairman. Bracewell served 10 years with Martin in the State Senate.

Martin is a former Mayor of Hillsboro, a Senator from Hill County and Secretary of State. He was elected Attorney General in 1966.

## Funeral arrangements for Mark Byrd Kennedy

Funeral service arrangements had not been completed Wednesday for Mark Byrd Kennedy, who died at 12:30 a.m. in the Cochran Memorial Hospital, October 2.

Mr. Kennedy was 80 years of age and owned and operated the Morton Gin Co. He had been a Cochran County resident since 1943.

He is survived by his wife, Eva of the home at 114 S. W. 1st Street in Morton; three daughters, Mrs. Martha Van Clief of Albuquerque, N. M., Mrs. Minnie McDoland of Lubbock, and Mrs. Marka Dawn Benham of Lubbock; one brother, Clyde Kennedy of Myer, Arizona; four grandchildren, and one great-grandchild.

## City of Morton has new police car

At a called meeting of the Morton City Council at 2 p.m., Monday, September 30, bids were opened and the bid of Reynolds-Hamilton in the amount of \$1,800 for a 1969 Ford police car was accepted.

Also purchased was a Gallion grader from Plains Machinery Co. on bid of \$6,000 and trade-in of old grader.

## Water import proposals to be explained at Muleshoe

Mr. Robert Hooten, President of the Muleshoe Chamber of Commerce, has called a meeting of all interested agriculture and businessmen in Bailey County to be held Thursday, October 10, at 8:00 p.m. in the Muleshoe High School Cafeteria.

Colonel Cliff Chamberlain, Executive Director of Water, Inc., Lubbock and Mr. Harmon Elliott, Chairman of the Muleshoe Area Industrial Foundation, will present the Water Import Program.

Water, Inc. is a non-profit organization of farmers and businessmen representing the people of West Texas, Eastern New Mexico, and Western Oklahoma. Its primary objective is to bring additional water supplies into the area through

cooperation of the Federal, State, and local agencies.

A large membership is vital to the success of Water, Inc. This district is coordinating a drive with the other counties in this area to do what we can and what is expected of us as interested, concerned agri-businessmen. Water, Inc. is an expression of determination by civic leaders in this region to secure needed supplemental water supplies. Importation of the flood water of the Mississippi River by an open canal into this area. The imported water will be beneficial to all concerned.

Anyone interested in the organization's work to import water into this area is invited to attend. At the meeting, representatives from Water, Inc. will bring those present up-to-date on current developments concerning water import proposals.

## Ta-Wan-Ka Camp Fire Girls hold meeting

The Tawanka Camp Fire girls met last Thursday, September 26, in the home of Cassandra Reeder. Since they are required a certain number of cookouts to pass their requirements, the group prepared hamburgers outside.

The girls also met in the home of Debra Williams, Thursday, September 12, to elect the new officers for the organization. The officers are: President, Jeanie Coker; Vice-President, Debbie Adams; Secretary, Debra Williams; and Reporter, Cassandra Reeder.

The girls have planned their next meeting for October 3, where they will have a luncheon in the home of their leader, Mrs. Reeder.

## Crime, lawlessness

Local law enforcement is a local matter. That sound principle was written into the federal omnibus anti-crime bill recently signed into law. In Washington, D. C., however, the Federal Government is the agency wholly responsible for law enforcement and criminal justice. The District of Columbia should thus be an example to the nation of effective crime control and enlightened criminal justice, but the opposite is the truth.

Between 1960 and 1967, the number of felonies committed in Washington has almost tripled. Serious crime has increased 175 percent. In the last twelve months alone, major crimes rose 24 per cent; house-breakings have risen 43 per cent and murders have risen 67 per cent.

Since the April riots more than one thousand felonies are being committed every week. That is at the rate of more than 50,000 major crimes a year in a city of only 800,000 people. The nation's capital has become one of the crime capitals of the nation.

The disorders and the crime and the violence that are now commonplace in Washington are more than a national disgrace; they are cause for grave national concern. The withdrawal of Federal troops in the wake of the April violence has seen the city plunge even deeper into the grip of a genuine crime crisis.

Since then, arson has increased 700 per cent. Roving gangs have begun the collection of extortion from downtown businessmen with threats of looting or arson. Four merchants and a bus driver were slain in a period of 18 days. In Georgetown, a few days later, two young Marine officers were shot to death in cold blood in a hamburger shop. Scrip, rather than currency, is being used in the bus system to remove buses as potential targets of armed thugs who had been robbing an average of one bus every day in the city.

D. C. should not stand for disorder and crime. Washington should be a model of stability and law and justice in America — and that is what we must pledge ourselves to in a new Administration.

As capital of the United States, Washington is capital of the free world. It is where America's laws are made; it should be the city where respect for the rule of law is a governing principle in the life of every citizen.

The wave of fear that grips the nation's capital and other cities will not be dispelled by more study commissions but only by a return to law enforcement by all departments of the government. And this new direction must come from the White House before the nation degenerates into a complete state of anarchy. Continued tolerance of violence could spell the end of Democracy in America.

"You can always tell a new employee, but whether he'll pay attention is something else again." — Mather C. Wasstis, Park County (Colo.) and Fairplay Flume.

## Sister of Bledsoe man named to Texas GOP district post

Mrs. Jack R. Cook of Andrews was elected new district committee-woman for the 28th district in the Texas Republican Party. She is a sister of Dwight Gober of Bledsoe.

Mrs. Cook was elected in the 28th district at the state convention in Fort Worth. The 28th district is composed of 13 counties including Cochran.

It will be Mrs. Cook's duty to work with the county chairmen in these counties in co-ordinating work between the state headquarters and local party members. Her term of office extends for two years.

Following the convention, Mrs. Cook attended her first state executive committee meeting in the Longhorn Room in the Hotel Texas.

Mrs. Cook replaces Mrs. J. L. Pinkerton of Monahans, who has served the past two years. She will serve with Syd Moore of Lubbock, re-elected district committeeman for his second term.

The new district committeewoman moved to Andrews in May 1960 and has been active in the Republican party since that time. Her husband has served as county chairman since 1963. She has worked in all levels of the local party, attended district and state workshops and all state conventions since June 1964.

Mrs. Cook is well acquainted with the 13 county Republicans and stated, "I am looking forward to working with them in the upcoming campaign and during the next two years."

Yvonne Cook

## Pea, once only seed, popular dinner item

Once the pea was grown only for its dry seeds. It was not until after the Norman Conquest of England that "green peas" were mentioned.

Afterward, peas were used in the fresh, green stage, and people cooked the pods whole and ate the peas from them—sometimes even eating the pods!

In France, garden peas were considered a delicacy in the 17th century and because England had so many fine varieties it was referred to as the "English pea."

Today many people buy canned or frozen peas that are ready to serve after heating. To get away from the "ordinary," try fixing fresh peas in the French fashion.

Line a saucepan with leaves of Iceberg lettuce, drop the freshly shelled peas in and add 2 to 4 tablespoons of water and a bit of sugar and salt. Cover with more lettuce leaves, cover tightly, place over low heat and cook until peas are tender, about 15 minutes. Discard lettuce and butter the fresh peas before serving.

Peas are delicious seasoned with chopped onion, green or dry mint, parsley, crisply fried bacon, pimiento, mushrooms or served in cream. Fresh peas also combine with many other fresh vegetables, such as carrots, celery, small whole onions and green peppers.

August is an excellent time to try fresh peas, plain or combined with other foods.

## 500 students witness retirement of flag

The entire student body of the Morton Elementary School, about 500 students, gathered Tuesday, October 1 at 10:00 a.m. in the High School Gym to witness the retirement of an old U. S. flag. The retirement was conducted according to the rules of the United States Constitution.

A new flag was raised and the student body was led in a pledge of allegiance to the flag and a song "God Bless America," led by Leon Kessler.

Cecil Williams, minister of the East Side Church of Christ officiated and gave a patriotic address, relating the history of the American flag and what it stands for.

Mr. Byron Willis left for New Orleans this morning to attend an American Parts Co business convention.

## The Brief Facts . . .

Unbalanced Federal budgets and constantly increasing national debt — the rule rather than the exception for more than 30 years — have been criticized at home and abroad for many years. Many economic authorities see built-in inflation as the price of continual deficit spending. The National Federation of Independent Business asked its quarter-million members whether they would favor a requirement that the Federal budget be balanced every year except in time of a war or an emergency declared by Congress. Responses from these independent owners show 90 percent favor such a balanced budget policy, 8 percent are opposed, and 2 percent are undecided. In Texas, 92 percent support the proposition, 6 percent oppose it, and 2 percent voice no opinion.

## Congratulations to the Williams family

Congratulations are in order for Mr. and Mrs. Cecil Williams who received final adoption papers on their daughter Lorna Kaye, in district court Monday, September 30. The court was presided over by Judge M. C. Ledbetter.

Little Lorna Kaye was only three months old when she came to her new home in December.

The Morton Tribune wishes to express its hearty congratulations to the Williams family.

The U.S. Department of Agriculture Consumer and Marketing Service reports that peas are in plentiful supply, which should mean attractive consumer prices. Fresh Pea and Mushroom Casserole: 1 cup sliced mushrooms (2 4-oz. cans), 2 tablespoons minced onion, 3 tablespoons butter or margarine, 2 cups hot cooked rice.

2 1/2 cups cooked peas seasoned with 1/2 teaspoon garlic salt, 2 tablespoons butter or margarine.

Staute mushrooms and onion in 3 tablespoons butter. Combine with rice to place in baking dish or casserole. Top with seasoned peas and dot with remaining butter. Place in 350 degrees F. oven for 10 minutes. Makes 4 servings.

# Many from six counties are expected at Clayton dinner

M. C. Ledbetter is chairman of the finance committee in charge of ticket sales in Cochran County for the Bill Clayton Appreciation Dinner to be held in Littlefield on Monday, October 14th at the Junior High Gym. Weldon Newsom is the Morton chairman, and other chairmen are Henry D. Galvin, Whiteface; and Mrs. Avie Harris, Bledsoe.

Representative Ralph Wayne of Plainview will be the master of ceremonies and speakers will include Ben Barnes, democratic nominee for Lieutenant Governor, Rep. Gus Mutchler, the next Speaker of the House, Senator Jack Hightower of Vernon and others.

Entertainment will be provided by the "Slumtown Symfunny", Lamesa's Ambassadors of good will, headed by G. R. Crawford.

Finance committees have been named for ticket sales in each of the six counties in the 72nd district which Bill Clayton of Springlake has served as state representative since 1962.

In Lamb County, Judge G. T. Sides heads the ticket sales committee. Bailey county is headed by Jack Young; Heran Jasko is in charge of ticket sales in Parmer county; Mrs. Bob McLean in Castro county and Henry Sears in Deaf Smith county.

Robert Kirk is chairman of the invitation committee, and Mrs. Bonnie Haberger of Pleasant Valley is chairman of the Greeting and Registration Committee. Sid Hopping is in charge of arrangements, Ernest Connell heads the food committee and Rev. Don Holmes is in charge of the Program Committee.

Decorations will feature a patriotic theme according to Mrs. T. L. Dunlap, chairman. A committee of ten will help with decorating the entire Junior High Gym.

Tickets which are priced at \$10.00 each have been selling at a rapid clip according to Frank Cummings and Mrs. Virgie Haile who are in charge of the distribution of the tickets in the six counties.

About a thousand persons are expected to attend, according to Dr. Bill Armistead, general chairman of the appreciation dinner.

## Swine production on upswing in Texas

COLLEGE STATION — Swine production in Texas has been rather limited in the past, but is on the upswing and could become very profitable for growers if they follow a few guidelines, Dr. Donald B. Hudman, Extension swine specialist at Texas A&M University, says.

The litter size at weaning is an important consideration in raising hogs, and the more pigs produced, the more return to the producer. An average of nine pigs per litter is a realistic and profitable goal. By raising the average from seven to nine pigs at weaning it is possible to lower costs by \$1-2 for each pig, he says.

"Market hogs should weigh 200 pounds at 154 days of age for economic production in Texas. Not more than 375 pounds of feed should be required per 100 pounds of gain in the herd, including sows," the specialist points out.

A desirable product must be produced by the hog raiser and it should be what the consumer wants and demands. Approximately 90 per cent of the market hogs should grade "Number One."

"Today Texas producers must shoot for the meat-type hog with a loin-eye area of about four and one-quarter square inches. An even better indication of the amount of meat a hog is carrying is the back-fat probe — an ideal hog is one with a back-fat measure of about 1.4 inches or less," Hudman says.

SPANISH LANGUAGE DRIVERS HANDBOOK — Governor John Connally and Colonel Wilson E. (Pat) Speir, right, director of the Texas Department of Public Safety, examine Spanish language Texas Drivers Handbooks presented by P. W. Edge, Jr., left, Western Marketing Region manager for Humble Oil & Refining Company. The books, produced by Humble as a public service, were translated by the Texas Good Neighbor Commission. They are now available to Spanish-speaking people throughout the state.

## Taxpayers are reminded to revise estimate of '68 taxes

Individual taxpayers who previously filed declarations of estimated federal income tax for 1968 must now revise their estimates to reflect the new surcharge tax recently enacted into law, Ellis Campbell, Jr., IRS District Director for Northern Texas, said today. He also reminded taxpayers to file Form 1040 ES, declaration of estimated tax, if their federal income tax for 1968 will exceed their withholding by \$40 or more.

Mr. Campbell said a new 1040 ES worksheet is now being developed to aid taxpayers in computing the amount of revised estimated tax. It will be mailed to taxpayers at the time they are billed for their third quarter installment due September 15. The worksheet will also be available at IRS offices around the first of September.

The new tax law imposes a 10 percent

annual surcharge tax retroactive to April 1 on individual tax returns. This means, Mr. Campbell said, that most taxpayers who file on a calendar year basis will be required to pay a 7½ percent surcharge on federal income tax covering income received during 1968.

Taxpayers who previously based their 1968 estimate on tax paid during 1967 can no longer use this method after Sept. 15, Mr. Campbell said. The law now requires individuals to use "anticipated income" as the basis for computing estimated tax.

A new Form 1040FY will be sent to fiscal year taxpayers in time to file and pay the surcharge tax by the due date, Mr. Campbell said. Form 1040FY will also be available at IRS offices the first part of August.

## ASCS Farm News

By John W. Hall

### 1968 ASCS COMMITTEE ELECTIONS

Farmers recently named to serve as the Agricultural Stabilization and Conservation Cochran County Committee are: Danny Key of Neelyward Community, Chairman, Clarence O. Bryant of Bledsoe Community, Vice Chairman, and Jessie Clayton of Morton Community, Member. Mr. Key will begin his second consecutive term of three years. Mr. Bryant will serve his third year of the first consecutive term and Mr. Clayton was elected to serve the two remaining years of his first consecutive term. Alternates elected for a one year term were Dan Keith of Whiteface Community and Ike Williams of Neelyward Community.

The 1968 election was held at a county convention September 25th at Cochran County ASCS Office. Electors were farmers chosen as convention delegates at recent ASCS community committee elections throughout the county.

Chairman Danny Key points out that the ASCS county and community farmer-committees are in charge of local administration of such national farm programs as the Agricultural Conservation Program, the Cropland Adjustment Program, the feed grain program, the wheat program, the upland cotton diversion program, acreage allotments and marketing quotas, the national wool program, the commodity price support loans, and storage facility loans.

The ASCS county office is headquarters

for the county committee, and serves as the farmers' local contact for business connected with participation in the programs administered by the committees. These programs encourage conservation and increase farm returns by means of price supports and market supply-management, as well as by payments.

## Vast buying power of plants is revealed

According to a recent news release the four Du Pont plants in Texas generated \$146,362,000 in direct buying power in 1967 through wages and salaries and purchases of raw materials, finished goods, and services within the state.

The combined figure includes \$89,970,000 paid to thousands of Texas firms for goods and services and \$56,392,298 in wages and salaries paid to more than 5,900 employees. Sizeable purchases in the state for company operations in other parts of the country are not included.

(Editor's Note: The above figures are published by the Tribune merely because we in Morton are interested in inducing industry to come to this area and we think they might help point out the tremendous impact industry has on the economy of our state.)

## GI and his benefits

When a young man is inducted into military service, he must let go behind much that he cherishes: his home, his job, his sweetheart. But what about his debts? May he leave those behind?

In proper circumstances, he may indeed. Under the Soldiers' and Sailors' Civil Relief Act he may be relieved of all sorts of obligations — from installment contracts to mortgages, from leases to taxes.

The purpose of the Act is to protect the serviceman from undue financial pressure partly out of concern for him as an individual, partly out of concern for military morale.

The Act does not go so far as to wipe out his obligations. If it did, merchants would be leery of giving credit to anyone subject to the draft.

But the act does allow a court to either reduce or postpone those obligations, often until after the GI returns to civilian life. By and large, the relief to be granted lies within the discretion of the court. As a rule a court will not help a serviceman whose troubles are not really due to his military status. Thus:

A furniture dealer went to court to repossess some furniture from a soldier. The soldier promptly objected, claiming the protection of the Civil Relief Act. However, it turned out that he had defaulted on his payments long before joining the Army. Furthermore, he was earning as much money as a soldier as he had as a civilian.

Under these circumstances, the court decided to let the dealer take back his furniture.

On the other hand, a GI will usually be protected if his problem is service-connected, even though this means shifting some of the burden onto his creditor.

In one case a soldier was named defendant in a damage suit growing out of a pre-induction auto accident. Although the soldier was unable to appear in court, the plaintiff insisted that the trial should go ahead anyhow — since the soldier could present his defense by written deposition. But the court decided to postpone the case, refusing to put the soldier at such a strategic disadvantage.

Admittedly, the postponement was hard on the plaintiff. But the court said that if the nation can demand sacrifices from the men in uniform, it can also demand sacrifices from those who remain behind. A public service feature of the American Bar Association and the State Bar of Texas. Written by Will Bernard.

## Bill Wright serves aboard U.S. submarine

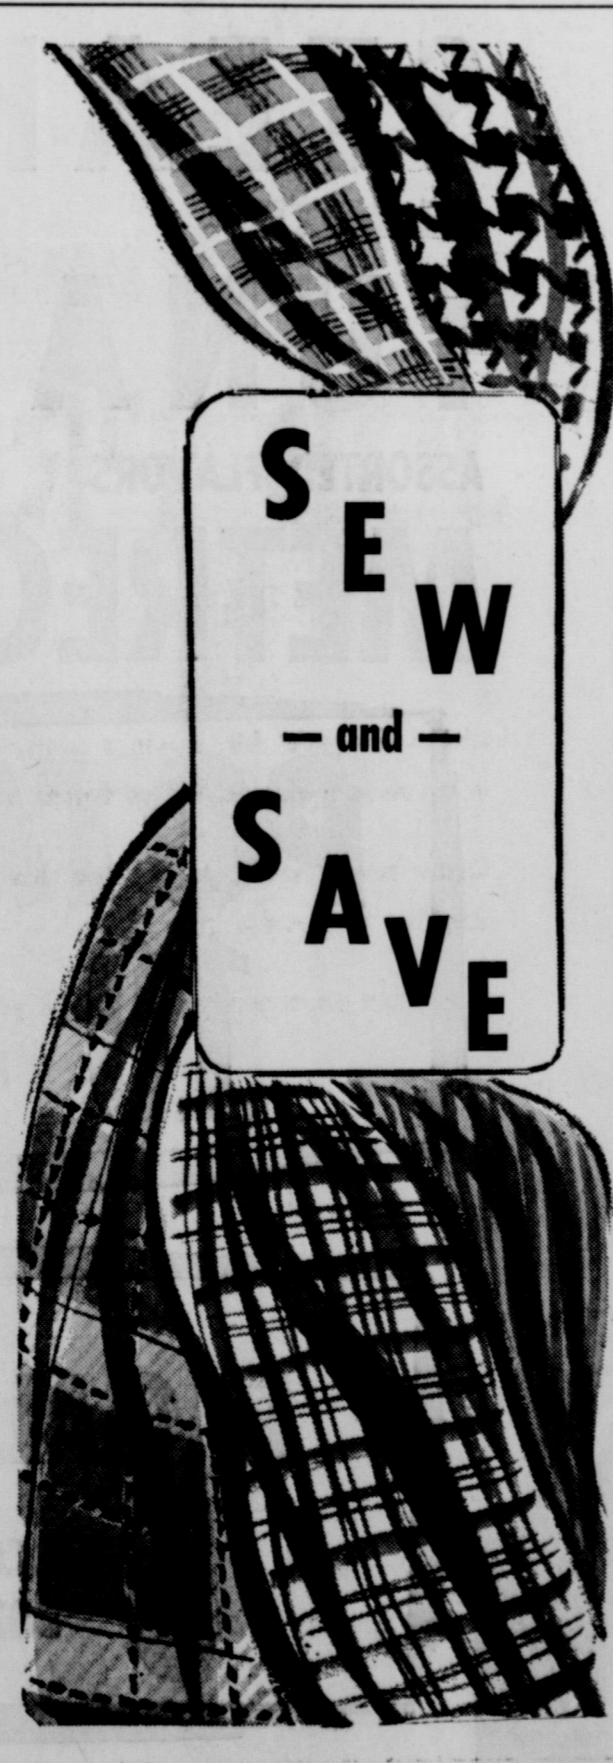

NEW LONDON, CONN. — Electrician's Mate Second Class Bilj V. Wright, USN, son of Mr. and Mrs. Richard B. Wright of Star Route, Enochs, and husband of the former Miss Franki L. Sanders of Route 1, Morton, is serving aboard the nuclear submarine USS Gato.

The Gato has returned to her homeport of New London, Conn., from Anti-Submarine Warfare exercises in the South Atlantic Ocean. The exercises were conducted with the Navies of Argentina, Venezuela, Colombia, Chile, Ecuador, Peru and Uruguay.

During the cruise, the Gato visited the Virgin Islands; Rio de Janeiro, Brazil and Bridgetown, Barbados. Before crossing the equator enroute to Rio de Janeiro, 109 "polywog" crew members were initiated into the Ancient Order of the Deep.

Mr. and Mrs. Fred McCright of Cisco were visitors in the home of Mr. and Mrs. Van Greene this past week-end. The couples attended the Texas Tech football game in Lubbock on Saturday.

Huelan L. Coon underwent major surgery at the John Sealey Hospital in Galveston last week. Latest reports are that she is doing satisfactorily.

# Hospital now ready for doctors and patients

## Morton Tribune

MORTON, TEXAS

THURSDAY, OCTOBER 3, 1968

pictures shown on this page were on Sunday, September 22, during an open house and reception held at the Memorial Hospital. They are reproduced here to help acquaint people of this area with the fact that in Morton may be found hospital facilities which compare favorably with those found in many larger communities. That is needed at the present time, as we were able to find out, is some additional doctors to augment the valiant

efforts of one Dr. Fenella Frey, who is overburdened with a work-load that would kill an ordinary person, and some more kind-hearted people willing to donate the furnishings of a room to be dedicated to some one in the form of a brass plate on the door of said room in commemoration.

In a lengthy and interesting interview with the head of the nursing staff, Mrs. Eva Rowden, who has been with the hospital almost continuously for the past 19

years, it was revealed that the hospital now employs Mrs. Jack (Mary Ellen) Russell, RN, as night supervisor and has Mrs. Deryl Bennett on call as part-time RN.

Also on the nursing staff are six full-time LVN's, namely Mesdames Eva Alvarado, Vanna Lee Fred, Florence Zuber, Jane Vinson, Alice Hanna and Elva Kernell.

Four nurses aids taking on-the-job training are Mrs. Artie Jennings, Mrs. Ruby Fleenor, Mrs. Johnnie Wood and Miss Carolyn Gladden. These aids will enter vocational nursing school in February of 1969. The hospital here is one of five area hospitals cooperating with the Levelland Junior College in the vocational nursing program.

Our hospital currently has five student nurses participating in the program. They are Mesdames Jewel Arnold, Oneta Yeary, Elaine White, Betty Grusendorf and Miss Delia Gonzales.

Mrs. Rowden tells us that 10 old rooms have been refurbished and are now ready for use, in addition to the 18 completely new rooms now ready, 12 of which have been furnished by donors. Four of the 10 older rooms are semi-private with two beds in each.

Mrs. Rowden, or Eva as she is affectionately called by all who know her, is a very staunch believer in the possibilities of having in Cochran county one of the best facilities for medical care to be found anywhere. She says the only problem is in keeping enough people interested and cooperating toward that end.

She says she realizes that one doctor cannot possibly take care of the situation and that three might at times become hard pressed to take adequate care of the people of this area needing medical attention. This would be especially true

should a flu epidemic or such strike during the winter months. She says she also realizes the great inconvenience experienced by those forced to go outside the county for treatment.

Mrs. Rowden states that with the advent of Medicare additional problems have been created. Also more insurance is in force now than ever before which necessitates more office detail and bookkeeping. Two additions have been made to the office staff.

This writer was quick to discern that this lady was one who concurs in our belief that better, more personal and intensive care is encountered in hospitals the size of our own than in much larger, impersonal institutions. With all due respect to physicians and surgeons, we wish to point out here that, in our opinion, the patient's recuperative abilities are enhanced

greatly by the post-crises attention bestowed on him or her by the attending nursing staff. When the nurses and aids are known beforehand to the patient a much more friendly relationship is obviously possible.

Mrs. Rowden says she thinks any new doctor or doctors who might come here in the future will find a more harmonious atmosphere in which to work than in times past since the hospital has its own tax funds with which to operate. The twenty-five cents per \$100 valuation is small in comparison to some other places. The rate was set last year when the hospital district was created which comprises all of Cochran county.

Although efforts have been almost fruitless in the search for additional doctors with which to staff the hospital, it has been made known to the Tribune that a

Dr. Tucker, who was in Morton some weeks ago, was visited in Dallas this weekend by Calvin Frey. Dr. Tucker stated to him that he had every intention of returning to Morton to practice medicine providing he passed his ECFMG test (that is the Federal board of medical examiners.) He of course will have to also pass the Texas State Board of Examiners test which he will take in December. If all goes according to plan he should be here in January 1969.

Dr. Tucker is a young man in his 30's, married and with two children. His wife is a hospital dietician presently working at St. Luke's Hospital in Dallas, while he is currently doing research work in the Dallas blood bank.

A trained dietician is badly needed here and should Dr. Tucker come here his wife could and would fill that need.

Mrs. Eva Rowden, director of nursing service, and Mrs. Jewel Arnold, vocational student nurses, during a coffee-break in the staff dining room.

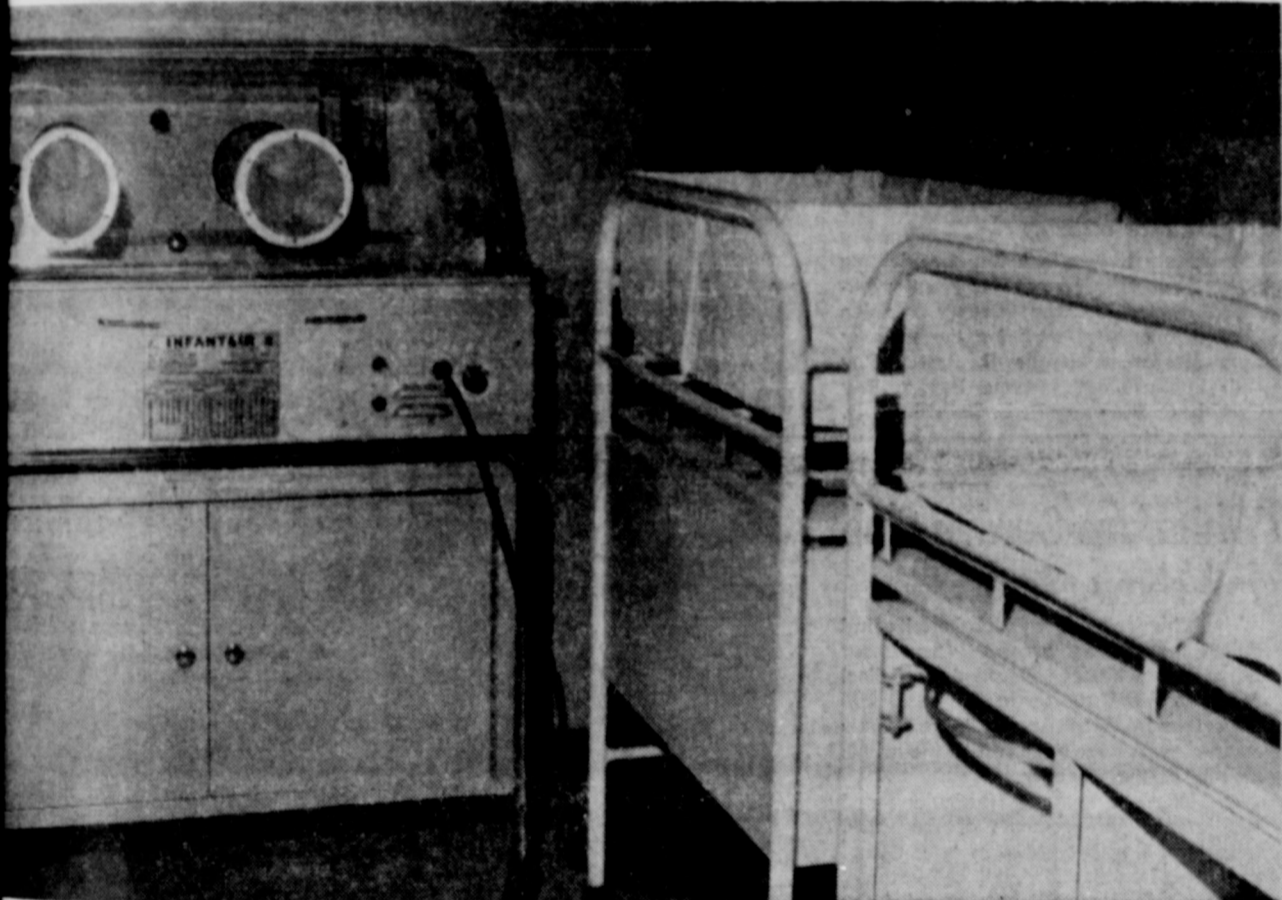

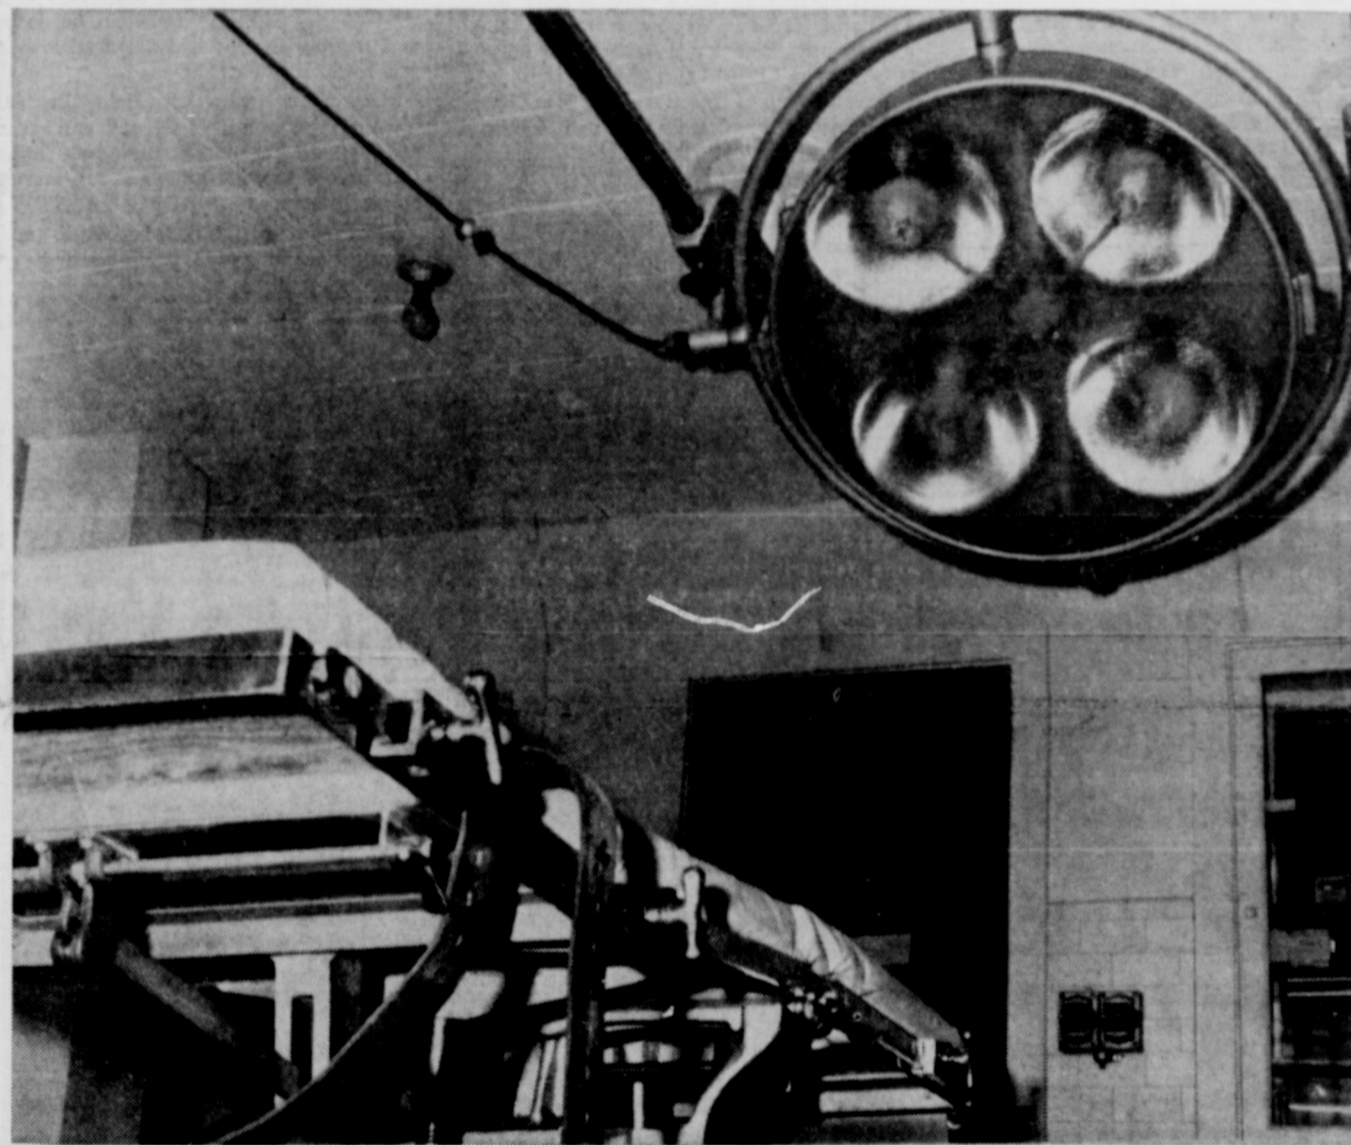

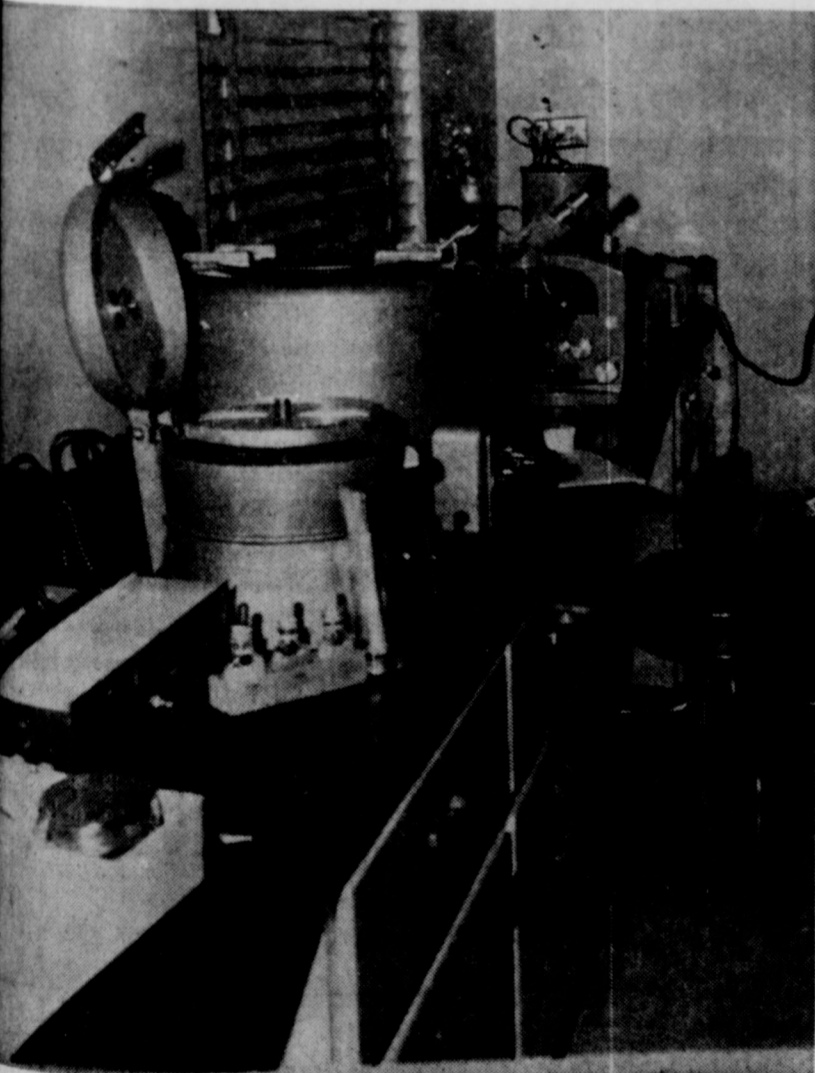

Photo shows a partial view of new nursery which contains six baby cribs and a new incubator.

View of surgery room which is well equipped. A late model anesthesia machine is used which will handle any type of anesthesia needed.

This picture was taken in hospital laboratory in which floor space has been more than doubled. The equipment includes hematacrit centrifuge, microscope, Coleman Jr. and flame photometer. A new microscope is now on order. Soon lab personnel will be able to execute any procedure ordered by resident physicians.

View of intensive care equipment consisting of Defibrillator and a monitor unit. Also included, but not shown, is a new electro-cardiogram machine which works in conjunction with the monitor. A Bennett machine, which is an intermittent positive pressure breather, working in connection with oxygen and needed medication, is also part of the intensive care equipment.

Pictured here is Mrs. Novella Goodman, one of the assistant cooks, in the completely new, modern, stainless steel kitchen. Not shown is the new dish-washing equipment which includes the garbage disposal unit. New refrigerators and freezers are also in this area.

# News from Threeway

by MRS H. W. GARVIN

The State Line Butane Co-op annual meeting was held at the school cafeteria Sept. 24 at 8 p.m. Meeting was called to order by the President of the board of directors, Paul Powell. S. K. Porter led the invocation. Minutes were read by Charles Abbe the secretary. The audit report was read by Dave Suddeth of Muleshoe. Mr. S. K. Porter made a short talk. He is with Tank Lines of Lubbock. Andy Unger of Farm Lands Industries of Lubbock was the next speaker. Two new directors were elected. They were Dale Nichols and Frank Stegall. Door prizes and dividends were given. The dividends were about \$10,000. Refreshments were served to a good crowd.

Mr. and Mrs. Dutch Powell attended the annual monthly meeting of the Tail Winds in Levelland at the Chat and Chew Restaurant Thursday night.

Those visiting in the D. S. Fowler home Sunday were Mr. and Mrs. T. J. Wilkerson, Mr. and Mrs. Minton, Mr. and Mrs. A. R. Henderson and Mr. and Mrs. Billy Reeves tall from Lubbock; Mrs. R. L. Reeves and Mrs. Jack Reeves and children from Maple and Mrs. Peggy Cook from Morton, also Mrs. Mammie Melton from Dallas.

Mrs. L. E. Warren was a patient in Green Memorial Hospital the past week. Jimmy and Roy Gallentine from Littlefield spent the weekend with their grandparents the H. W. Garvins.

The Three Way Jr. High football boys played Bula at Bula Thursday night winning the game. Friday Night the Senior High team played Loop at Loop winning by 24-0.

Mrs. Adolph Wittner and Kathy and Mrs. Ed Neutler and girls were shopping in Clovis N.M. Saturday.

Mr. and Mrs. George Tyson attended the football game in Friendship to watch their grandson Tommy Durham play ball. Mr. and Mrs. Johnnie Wheeler and Mr.

and Mrs. H. W. Garvin visited the Rodney Wheelers in Amarillo Sunday.

Mr. and Mrs. Jack Hodnett visited in Morton with his parents Sunday the W. B. Hodnetts.

The grain harvest is in full swing in the community this week.

Mr. and Mrs. George Tyson visited their daughter and family the D. A. Williams Sunday.

Mr. and Mrs. Troy Tyson from Morton visited his parents the George Tysons Sunday evening.

## Local woman's father buried here Sunday

Services for Clyde L. Queary, 69, were held at 2:30 p.m. October 1 in the First Missionary Baptist Church. The Rev. Bob Evans officiated.

Queary was dead on arrival at Crosbyton Clinic-Hospital at 6:10 p.m. Sunday, September 29.

Queary had been a resident of Cochran County since his retirement from the Dimmitt public school system, where he had served as a custodian until 1966. Members of the Morton Masonic Lodge conducted graveside services at Morton Memorial Cemetery. Singleton Funeral Home was in charge of arrangements.

Queary was born July 1, 1899 in Missouri. He was a member of Masonic Lodge 729 AFAM, Memphis, Texas.

Survivors include his wife Myrtle; one son, W. D. Queary, Lubbock; four daughters, Mrs. E. D. Watson of Memphis, Mrs. Charlie Coffman of Amarillo, Mrs. Rex Crawford of Morton, and Mrs. Joe Bridge of Corpus Christi; two sisters, Mrs. Mildred Morgan of Ridgeway, and Mrs. Flick McFadden of Commerce; one brother, Loyde Queary of Dallas; and 10 grandchildren.

Mr. and Mrs. Barry Winn

## Miss Linda Igo is married to Barry Winn in Houston

Marriage vows were exchanged between Miss Linda Diane Igo and Barry Norman Winn Saturday, August 31 in Sharpstown Baptist Church in Houston. The Rev. Robert L. Latham officiated at the double ring ceremony.

The bride is the daughter of Mr. and Mrs. L. M. Igo, formerly of Morton and Levelland. Mr. Winn is the son of Mr. and Mrs. H. R. Winn of Dallas.

Given in marriage by her father, the bride wore a white peau de soie gown of A-line design trimmed with lace and seed pearls. She also wore an heirloom cameo necklace that had belonged to her great grandmother.

The maid of honor, Miss Debra Bryant, wore a mint green dress, and carried a pale yellow carnation nosegay. Miss Glenda Nell Igo, the bride's sister, served as bridesmaid.

Best man was Gaylord Rohoff, and

groomsman was Larry Igo, brother of the bride. Robert Winn and Ben Groner were ushers. After a wedding trip to Louisiana, the couple is at home in Lubbock, where they are students at Texas Tech.

## Cochran County Garden Club met on Monday

The Cochran County Garden Club met on Monday, September 30, in the home of Mrs. Charles Jones with Mrs. Wayne Porter presiding. Members conducted a round table discussion concerning the Flower Show Schedule of the Flower Show to be held on Saturday, October 12. Title for the show is: "This is My Country" and goes from the discovery of America to the future generations in titles for arrangements.

A report from Mrs. C. D. Hill, Projects Chairman, was heard. Orders were taken for gift wrap paper and ribbon to be sold by the club as a local and state project as some of the proceeds go to the Light-house for the Blind.

Mrs. Hill also reported on a joint meeting held at the Chamber of Commerce with members of Garden Clubs and Study Clubs present to discuss the community Christmas activities including the Lighting Contest which is an annual event sponsored by the Cochran County Garden Club. Members present for the meeting were Messdames: Hessie B. Spotts, Roy Hill, Bobby Travis, Wayne Porter, Ray Griffith, C. B. Jones, R. L. DeBusk, C. D. Hill and Charles Jones.

## Whiteface Garden Club fall show, Sept. 28

The Whiteface Garden Club held its first Fall Flower Show, Saturday, September 28, at the Whiteface Elementary School Auditorium. With a theme "Beautify Your Corners Year Around," the artistic arrangements were built around the twelve months of the calendar.

The judges in both the Horticulture and the Artistic Arrangements of the show, were Mrs. Roy Hill, Mrs. Murray Crone, and Mrs. Don Samford, all of Morton.

Mrs. O. F. Hemphill was awarded the Tricolor Award for her arrangement for January, "January Forecast"; Mrs. R. H. Teer was awarded the Creativity Award for her arrangement for April, "Shape of Things to Come"; Mrs. S. J. Bills was awarded the Award of Distinction for her arrangement for December, "Christmas is Fun".

At first count four ladies had tied in first place points for the Horticulture Sweepstakes Award, Mrs. J. L. Schooler, Mrs. O. F. Hemphill, Mrs. S. J. Bills, and Mrs. G. G. Keith. A later count of second place points revealed Mrs. S. J. Bills to be winner of the Horticulture Sweepstakes Award.

## Bledsoe School News

Supt. Weaver reports that school is now in full swing at Bledsoe for the 1968-1969 school year with a total enrollment to date of 124 students. The faculty and staff is as follows:

Principal — Mr. Archie A. Chandler. Mr. Chandler also teaches World History, American Government, Algebra I, and girls P.E.

First Grade — Mrs. Flora Bryant  
Second Grade — Mrs. Myrtle Howard  
Third Grade — Miss Clara Florence  
Fourth, Fifth, & Sixth Grades — Mrs. Lois Selman, and Mr. Herbert Row  
Seventh and Eighth grades — Mrs. Marilyn Rae Doss

English — Mrs. Mayme King  
Math and Science — Y. F. Bowley, Jr.  
Science and Coach — Alvin L. Scott  
Nurse — Mrs. Maude Davidson  
Cooks — Mrs. Alta Lindsay, and Mrs. Ailene Hale  
Secretary — Mrs. Jo Gilliam  
Custodian — Lupe Sepulveda  
Mr. Robert W. Taylor serves as a co-operative counselor at Bledsoe and Morton.

Mrs. Exa Kay Gober teaches piano lessons at the school on Tuesday of each week.

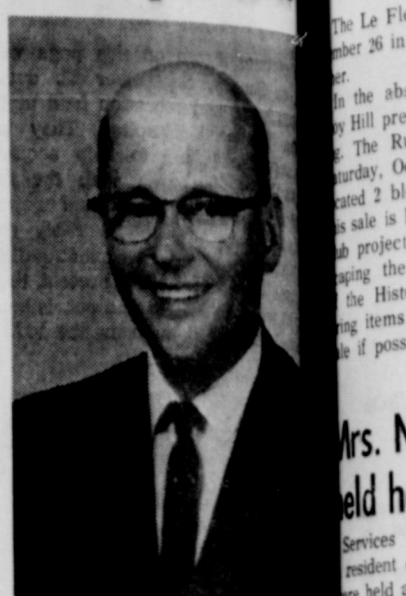

Mr. and Mrs. Vernon E. Sublett spent a past weekend in Shamrock visiting his brother, Mr. and Mrs. Paul Sublett.

## Whiteface Methodist Revival Oct. 6-13; Adair to preach

The Reverend L. W. Baker, Pastor of the Whiteface Methodist Church, has announced that a revival will begin next week to run October 6 thru October 13. Services will begin at 7:30 p.m. each evening of the week, and a Youth Night will be observed Wednesday, October 9. Mrs. O. C. Rankin will be in charge of the music during the revival.

The visiting evangelist will be the Reverend Henry C. Adair. He is married, has three children, and is a native of Missouri. He obtained his education through attendance at several colleges which includes, McMurry, Abilene, Iliff School of Theology, Denver, Colo.; SMU, Dallas; Texas Tech, Lubbock. Rev. Adair has served as pastor of churches in both Texas and Colorado for the past 15 years, and is also a member of the faculty of South Plains College as a psychology instructor. He is also a member of the American Psychological Association.

"Everyone is invited to attend the revival next week," says Rev. Baker.

Henry Adair

## Junior Garden Club learns basic design

Miss Lisa Bennet presided at the meeting of the Merry Goals Junior Garden Club Tuesday, September 24, in the home of Mrs. Bobby Travis, a member of the Cochran County Garden Club.

The program on Basic Design in Flower Arranging was presented by Mrs. Travis. The girls discussed six types of arrangement designs, such as Triangle, Horizontal, Vertical, Crescent, Hogarth, Curve and Diagonal.

Copies of the Junior Schedule in the Artistic Division of the sponsoring club's annual Fall Flower Show were distributed to the Juniors. The Flower Show will be held in the Banquet Room of the County Activity Building on October 12. The Junior Division is open to anyone of this age.

Those present for the meeting were: Misses Lisa Bennett, Wyn Crone, Gail Lassater, Kelly Travis and four guests: Miss Kari Silhan, Miss Leslie Holden, Miss Annette Willingham, and Miss Shelly Travis.

## Trouble in the home

TAX MAN SAM SEZ:

If your spouse is so cantankerous that you can't live with him (or her) the Texas community property law may cause you an income tax problem: IRS must consider the income of each spouse as community income up to the date of divorce. Even if you haven't seen them or spoken to them all year, before you file separate returns you have to take the income of both spouses and split the income, with each filing on his or her half. If you itemize your deductions, these may have to be split too. Don't blame the tax folks — they didn't get you into the community with your problem spouse. The good tax folks may be sympathetic, but they still have to follow the law. In Texas, for married folks, it's either a joint return, or each spouse filing on their half of the community income.

Specialist: 4 Tommy D. Combs, stationed at Fort Walters, near Morton, Texas, was home the past weekend with his parents, Mr. and Mrs. Combs.

## Frank Ford stresses need for cooperation in water conservation

Campaigning in the Rhea County this week, Frank Ford proposed an action plan for total development of resources in this area.

"Beginning with each of us at the level," said Ford, "Continuing to use the water in playa lakes which must be made to capture and utilize drop from the rainfall that we can. This means maximum use of lake to use the water in playa lakes which able to conserve underground water more conservation dams to prevent off from this area in our creeks."

"Additional research is needed to mine ways of getting this maximum from rainfall water, which is the best water we have. Irrigation from lakes and the percolation value of water lakes on our streams will extend the economic life of our land while importation efforts are forward."

Ford pointed out that the feasibility studies on various irrigation plans must come from congress, in necessity for maximum cooperation coordination between the state and local levels of government. He also pointed out the danger of injecting politics into water importation efforts. "Whether our grandchildren can their families in this area depends large degree upon all of us working her in the field of water resources," concluded, "And I pledge my total in this direction".

Ford is the Republican candidate State Representative in Cochran, Bailey, Castro, Parmer, and Deaf Counties.

# LeFleur Garden Club has meeting on September 26

The LeFleur Garden Club met on September 26 in the home of Mrs. E. R. Fin... In the absence of the president, Mrs. Hill presided over the business meeting. The Rummage Sale is to be held Saturday, October 5 in the V.F.W. Hall, located 2 blocks west of the bank. Since this sale is held to raise funds for garden projects, one of which is the landscaping of the Museum grounds, members of the Historical Society are invited to bring items for sale and to assist in the sale if possible. Each person is to price

the articles she brings and to be responsible for picking up any which may not be sold.

Mrs. Owen Egger, Club Librarian, displayed the four new books which were purchased for the Garden Club library. Roll call was answered with "My Favorite Bulb".

The program on "Spring Color with Bulbs", was given in part by Mrs. W. A. Woods, who discussed types of bulbs to plant in the fall and designing arcs for planting. Mrs. Olin Darland discussed how to plant, fertilize, and care after blooming and storage. Some of the bulbs which should be planted in the fall are: tulips, hyacinths, daffodils, crocus, jonquils, grape hyacinth and scilla.

After the meeting, members went to the Museum grounds for a work session. The rose bed and the bed at the front of the building were prepared by spading and incorporating peat moss, and digging holes for planting. Ten tea rose bushes were set on the south side of the building and 13 dwarf Boxwood shrubs were set in the front bed. They were watered well and being set now should be well established before winter.

Members present were: Mesdames Roy Hill, W. W. Williamson, Don Samford, Owen Egger, W. A. Woods, Olin Darland, Buford Elliot, Jack Baker, Elmer Gardener and the hostess. Next Meeting will be on October 10.

Mrs. Roy Hill and Mrs. L. Z. Scoggins attended the Chamber of Commerce meeting Thursday night, Sept. 26, as LeFleur Garden Club representatives. Various community plans were discussed.

Mr. and Mrs. Ronnie West plan to travel to Aransas Pass, this week-end to visit their parents.

Mrs. Robert Walker nee Barbara Ann Franklin

## St. Philips Church scene of Franklin-Walker wedding

St. Philip's Catholic Church in Pep was the setting Saturday afternoon, September 28, at 2:00 p.m. for the wedding of Barbara Ann Franklin, daughter of Mr. and Mrs. Henry Franklin, and Robert Walker, son of Mr. and Mrs. J. W. Walker all of Pep.

The Reverend Stanley Croccholia, pastor, officiated at the double ring ceremony, with Eugene Walker and Donald Shannon

serving as acolytes.

The bride, given in marriage by her father, wore a gown of traditional white satin, with fitted bodice, featuring a rounded neckline of net with lace applique and petal point sleeves. The full skirt extended in a long scalloped train enhanced with lace applique's. It was accented with a large self bow at the waist. Her veil of illusion fell from a crown of white roses. She carried a bouquet of white carnations with satin streamers. For something old she carried a white linen handkerchief her mother carried at her wedding. Something new was her gown, something borrowed, her veil, from Mrs. C. E. Dickson, a former classmate, something blue, the traditional blue garter.

Miss Nancy Sakona, cousin of the bride was Maid of Honor. Miss Sharon Duesterham, cousin of the bride, and Miss Mtry Simacher, cousin of the groom, served as bridesmaids. They wore formal length gowns of yellow satin featuring a lace bodice, and were accented with bows and streamers in the back. They wore matching hats, white elbow length gloves, and white shoes. They carried bouquets of white daisies.

Alvin Walker, brother of the groom was best man. Gery Franklin, brother of the bride, and Gerald Simmacher, cousin of the groom served as groomsmen.

Guests were seated by Charles Franklin, brother of the bride, and Wayne Green, cousin of the groom.

Mrs. Franklin Green, aunt of the groom rendered wedding selections during the Mass.

The bride's mother wore a two piece green silk suit with black accessories. The groom's mother wore a two piece white suit with blue accessories. Each wore a corsage of yellow carnations.

A supper was served to relatives and friends in the parish hall at 5 p.m. The bride's table was covered with a white linen cloth centered with a four tiered wedding cake, decorated with yellow roses topped with wedding bells.

The bride and groom are both graduates of Pep High School, and the groom attended South Plains College.

The couple will make their home in Fort Worth, where the groom is employed by American Manufacturer's.

### Morton Choir Booster has business meeting

The Morton Choir Boosters held a business meeting Thursday night, September 26.

The group discussed the program for the 1968-69 year, and elected their new officers. The officers are: Orville Tilger, President, and Mrs. R. L. DeBusk, Secretary-Treasurer. The club decided to sell pecans this year as they have in the past years.

Mr. and Mrs. James Turney and family visited their daughter, Mr. and Mrs. Gary West in Lawton, Okla., this past week-end. Mrs. Robert Hightower and daughter, and Eddie Turney also made the trip.

## Bula-Enochs news

Guests in the J. O. Dane home Tuesday were her brothers, Roy Speck of Anson, Troy Speck of Dallas, and a sister, Mr. and Mrs. James Betts of near Plainview.

The primary and beginner Sunbeams of the Enochs Baptist Church honored their director, Mrs. Donald Grusendorf with a party in the fellowship hall of the church.

Refreshments were brownies, cookies and punch.

Mr. and Mrs. Eldred Mize and son Sterling of Crosbyton, spent Saturday night in the home of her brother, Mr. and Mrs. Harold Layton.

Mrs. George Fine was in Levelland a few days this week visiting her daughter, Mr. and Mrs. Erwin Campbell and family. Erwin had surgery on his gums Monday.

Mrs. George Autry was able to return to her home from the Littlefield Hospital Thursday.

Mr. and Mrs. Carl left Wednesday for Phoenix, Ariz., to visit their son, Mr. and Mrs. Cleo Hall and family, and to be at the bedside of Cleo as he underwent surgery Friday for a hernia. He was doing fine the last report.

Those attending the W.M.S. Leadership Course at Lazbuddie Friday, were Mesdames C. C. Sniker, Keith Price, W. M. Bryant, J. W. Layton, L. E. Nichols, Junior Austin, Bennie Hall, Quinton Nichols, Harold Layton, Chester Petree, Dale Nichols, and Preston Harrison, and three children, Paula Nichols, Greg Austin and Chad Harrison.

Mrs. H. B. King was in Dumas, on business Wednesday till Saturday. She also visited her mother, Mrs. Clara Childers.

Spending the week-end in the E. N. McCall home were their daughter, Mr. and Mrs. Rusty Rowden and their grandchildren, Brent and Martha George of Lubbock.

Mrs. J. W. Layton, Mrs. J. E. Layton, and son Keith were in Lubbock Monday and went to the Fair.

Mr. and Mrs. Frank Layton of Monahans, were guests in the home of his brother, Mr. and Mrs. J. W. Layton Saturday night and Sunday.

Mr. and Mrs. Jack Jackson and children of Clovis, N. M. spent Saturday night with her parents, Mr. and Mrs. Edd Autry. Mrs. Brenda Kay Pyburn and twin daughters, Gena Kay and Dena Kay remained to spend a few days with her grandparents.

Mr. and Mrs. Sammie Nichols of Plainview, and Myriene Nichols of Lubbock also visited her mother, Mrs. Donald Grusendorf afternoon. Mr. and Mrs. Nichols also visited her mother, Mrs. Donald Grusendorf.

Mr. and Mrs. Bill Wright and son Eric from New London, arrived Wednesday for an extended visit with his parents, Mr. and Mrs. R. B. Wright and her parents, Mr. and Mrs. Guy Sanders and other relatives. The Wright's son Eric has been visiting his grandparents for several weeks.

Mr. and Mrs. John Crockett of Morton, visited in the home of Mr. and Mrs. Cecil Jones Monday.

Mr. and Mrs. R. E. Jones spent Thursday to Monday in Quail, to be with his mother Mrs. H. D. Jones who is ill.

Guests in the home of Mr. and Mrs. P. R. Pierce were their children, Mrs. Mellie Baker and children, Mr. Jean Jackson and children of Lubbock, and Mr. and Mrs. Jim Carpenter and children of Hicks Chapel. The occasion was to celebrate Mrs. Pierce and Mrs. Mellie Bakers birthday.

"The Denim Dolls for Cotton" was the name voted on to be given to the Lamb and Bailey county womens' organization for the promotion of cotton. The meeting was held recently in the school lunch room. By-laws for the organization were read by Betty Harlan, and were voted on. Twelve women were present.

An open house at the Bula Baptist parsonage was given by Rev. and Mrs. Eddie Howard after church services recently. Much remodeling of the house has been done and a bedroom suite was also bought for the parsonage. Refreshments of cookies and punch were served by Mr. and Mrs. Howard to the group.

**SAFE DRIVING TIP** - Watch out for farm and road-maintenance vehicles and machinery whenever you drive on the highway. Two types of devices warn you of these slow-moving vehicles. One is red flashing lights. The other, gaining in use throughout the country, is a triangle that has a fluorescent orange center for day visibility and a red reflective border for night.

More than one out of every four gallons of U.S. major oil products is made in Texas refineries.

## HOUSEMOVING

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

This house was moved to make way for a new super freeway. A city in progress creates many changes. The owners, no doubt, hated to change their location, and dreaded pulling up life-long roots. St. Paul would help in situations like these when he said, "For I have learned, in whatsoever state I am, therewith to be content." Phillipians 4:11. The Lord will help us in new situations and new surroundings. He has promised to be with us in all things.

After getting settled, it is good to find a church home with people of like faith. No new neighborhood seems lonely if you can be with people who have the love of God in their hearts.

"Not forsaking the assembling of ourselves together," (Hebrews 10:25a) is a wise saying. We invite you to attend the church in your community this week.

Editorials — A chilling contrast

Since the birth of our nation, sea power has figured prominently in protecting and furthering the commercial and military interests of the United States. In Viet Nam today, only ships flying the U. S. flag deliver the supplies that mean life or death to half a million troops, who must carry the fight to an illusive enemy. All of our history, as well as our current experience, cries out for national policies which encourage the development of a strong, modern U. S. Merchant Marine second to none. Despite this, a few months ago, the Administration proposed a policy which would involve a crippling curtailment rather than needed enlargement of U. S.-flag shipping. It is chilling to contrast this course with that being followed by other maritime nations. At a time when it is recommended that the United States should withdraw from passenger ship operation, the U. S. State Department has been asked to arrange for a new

Soviet passenger ship to call on the West Coast. As of last April 30, Russia is reported to have had 412 large merchant ships on order, totaling over 3,381,780 dead weight tons. As one shipping spokesman put it, "The U. S. advances backward as others advance forward. In this country while maritime policy remains in convulsions and merchant marine shipbuilding suffers from continued atrophy, certain other nations are not tormented by similar maladies. . . ." The signal flags are flying, and their message is plain. Other countries are acting on the historical fact that the power of a nation is closely tied to the ability of its navy and merchant marine to represent its interests on the oceans of the world. There is constructive legislation before Congress which will insure the development of U. S. merchant shipping. Our history speaks, and it is time we listened and acted.

HHH to bring boys home

Hubert Horatio Humphrey, in his head-long rush to establish rapport with as many voters as possible, says it may be possible to bring some boys home from Vietnam soon. Yes, you are right Mr. Vote Seeker,

but we have been bringing them home all along — the dead, the shell-shocked victims of a bloody "no-win", ill-conceived, undeclared war . . . or hadn't you noticed?

Ramsey Clark for America?

We sometimes wonder just who is for America? Not Ramsey Clark, US Attorney General, who sides with excrement-throwing anarchists against police hired to defend "law and order." Not the news gathering and disseminating agencies who contrived to make the police look brutal to the world in a melee fore-ordained to do just that by a mob of anti-American dissenters gathered from the east and west coasts by hired Kremlin stooges. Not the heads

of major colleges such as Berkeley and Columbia who allow black racists and "ex-convicts" to lecture on their campuses. And finally, not you or I, unless we are willing to search our hearts this year of decision at the polls, come November, and vote for the candidates whose action, not words, bespeak a willingness to do what he knows to be right even at the risk of being "unpopular."

Why relief roll numbers?

With unemployment almost non-existent among those willing and able to work in this country it is indeed strange that relief rolls become longer and longer. We read a report of a man having roamed the streets of a large city all day in search of someone willing to do manual labor at \$2.50 an hour. He

found one 72-year-old willing, but the employment agencies failed to offer even one at the end of the day. Now to us, something smells to high heaven in the camp of the Great Society when such a situation exists anywhere in this country.

Letter to the editor..

Mr. Bill Hall, Editor Morton Tribune Box 545 Morton, Texas 79346

Dear Mr. Hall: I am sending what news I have for this week. As it was short notice, and because I will be out of town this weekend, it is just school news. I will advertise the fact that I am going to be reporting the news of this area to the TRIBUNE, and after this week, I hope to have more community news to offer. I sincerely hope this meets with your approval. Thank you.

Mincerely, Mrs. Don Weaver (Editor's Note: We are happy to add this new correspondent to our list of contributors. I feel sure Bledsoe folks will cooperate with her in every way to publicize the community. Looks like the Weavers will make good neighbors).

Editor Morton Tribune Dear Sir I would like to congratulate you on your

fine editorial of this past week concerning our need for another physician. I feel that any one with a sincere interest in his fellow man and a desire to live as one of them would surely recognize, the advantages which you so aptly pointed out of our American small town.

Where else in the world does one have such an ideal opportunity to become truly part of his community, rather than a transplanted fragment of some great metropolis, who's pace is so fast that in the frantic scurry to succeed and survive he never takes the time to partake of God's gift of friendship, thus losing the unique privilege of giving of himself to his fellows.

At this time I would also like to thank all the people of our town who have made these advantages so apparent to us, and to stay from the bottom of my heart I'm so grateful to be one of you.

Sincerely, Fenella Frey, M.D.

Conservation District News

From the Office of BUDD FOUNTAIN

The Soil Conservation Service is assisting the Cochran Soil and water Conservation District in acquiring new cooperators for the district. Cooperators are acquired by a process of conservation planning. The objective of conservation planning is the attainment of sound soil, water, and plant use. Also, coordinating the physical, economic, and human resources of the farm or ranch to achieve the goals and desires of the land owner or operator. This benefits the individual, the community and meets the longtime needs of the Nation.

A farm or ranch conservation plan charts a sound and practical course of action for the cooperator. Also, for the S.C.S. technician and others assisting the cooperator fulfill the conservation objective. Piecemeal and uncoordinated conservation efforts cannot be fully effective. When each acre is protected according to its needs and used within its capabilities, the cost of production is reduced and per acre yields are normally increased.

Planning is decision making. The plan is a record of the decisions. Only the farmer or rancher can decide how he will use and treat his land. The planning process is a joint effort in which the professional knowledge of the technician is pooled with the practical knowledge of the district cooperator about his own oper-

ating unit. Technicians help district cooperators to seek not only a suitable solution to their resource problems, but to recognize the opportunities that may exist in improved resource use. Planning is a continuous process, plans must be kept up-to-date.

The basic conservation plan is the product of planning and not part of the planning process. After the cooperator has made his decisions, he will be provided a copy of the plan. Included in the plan is the necessary soil survey interpretations and site information to carry out his plan effectively. Also included, is the farmer-district cooperative agreement, conservation plan map and a narrative record of cooperator's decisions.

The key to the success of conservation planning is understanding by the district cooperator of what his soil, water, and plant management problems are. What he can do to correct them. What effect the corrective conservation measures likely will have on his operations and income. A written plan, no matter how complete, is of little or no value if it is not being applied.

VA service officer attending conference

AUSTIN — Walter Sandefer, Veterans County Service Officer for Cochran County is now attending the 21st Annual Statewide Rehabilitation Conference for Veterans Service Officers, which is being held at the Austin Hotel in Austin.

This conference is being conducted by the Veterans Affairs Commission of Texas, in cooperation with the American Legion, Disabled American Veterans, Veterans of Foreign Wars, Veterans of World War I, and the Veterans County Service Officers Association of Texas. The purpose of the meeting is to offer Service Officers from the entire state of Texas an opportunity to gain first-hand knowledge of recently enacted legislation dealing with benefits to veterans and their dependents and survivors. Topics to be discussed during the four-day conference include disability compensation and pension, Government insurance, GI loans, Education and training for veterans, and children, hospitalization and medical treatment, and veterans employment and reemployment rights.

Conducted annually, this conference serves as an in-service course of training for all National, State, County, Post and Chapter Veterans Service Officers.

Bledsoe community well represented at Texas colleges

The 1968 graduates of Bledsoe High School now attending college are: Karen King, West Texas State University, Canyon; Neva Gilliam, Linda Brown, Stevan Dunn, Velton Funk, Benny Rawls, Butch Lindsay, and Paul Row are attending South Plains College in Levelland. Other recent graduates away at college include: Derrell Hale, Wayland College, Plainview; Mr. and Mrs. Billy Bryant, Southwest Texas State, San Marcos; Larry Buchanan, Southwest Texas State; Adrian King and Clark King, McMurry College, Abilene; Mike Sutton, Janie Ness, and Arnie Bailey are in Texas Tech, Lubbock, and Clyde Fowler is attending Sul Ross State in Alpine.

TURNROW TUNKEL

DEAR TURNROW TUNKEL:

The Paris peace talks seem to be getting nowhere. Can you suggest anything that might help?

Yes — make the delegates on both sides pay their own expenses. With prices in Paris the way they are, a settlement would be worked out in a hurry.

I read that Yippie leaders are planning a big demonstration at the presidential inauguration on Jan. 20, regardless of who is elected. Do you think it will be possible to avoid disruption of the ceremonies?

Easy. All they have to do is hold the inauguration in Chicago.

Did you know that a French law re-

quires all houses to be constructed to stand for 50 years?

That's not a bad idea. At least a fellow could count on having a roof over his head after the mortgage was paid off.

I see where a psychiatrist stays that if children spend too much time watching television, they lose the benefit of a close association with their parents.

He may be right. I'm thinking of limiting television watching at our home, in order to associate more with the kids. This policy will go into effect next Spring, right after the last football bowl game.

What do you think about that U. of T. professor who is calling for an outright revolution in the U.S.? I understand his contract will not be renewed.

I think he deserves a new contract, but at a different institution — like, say, Leavenworth.

Did you read that the AFL-CIO credits Hubert Humphrey with a 100 per cent pronoun voting record while he was a Senator?

I'm not against labor unions when they are operated properly, but I don't think they could have been right 100 per cent of the time. If Hubert voted that way, he was either simply after their support, or he didn't understand the issues.

Morton Rainbow Girls assembly will meet

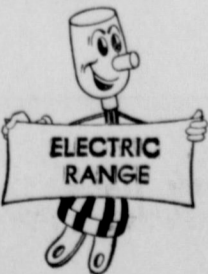

The Morton Rainbow Girls Assembly will meet at 8 p.m., Saturday, October 5, at the Masonic Hall, at which time Peggy Thomas is to be installed as Worthy Advisor. The public is invited to attend the installation.

CO-OP MONTH — Each October is designated as Co-Op Month in most of the states of the nation. Theme for this year's observance — Cooperatives — Community Builders, Cooperatives will be holding special events for members and the public and you are invited to attend. "Let October," said President Johnson, "be a time of rededication to the co-op spirit and to co-op ideals."

Advertisement for FREE WIRING with an image of an electric range and a box containing the text: FREE WIRING, OFFER GOOD DURING OCTOBER NOVEMBER, Guaranteed Satisfaction.

...that wonderful ELECTRIC RANGE!

... and now it's easier than ever to own one. During October and November, participating electric appliance dealers will give you free wiring and guaranteed satisfaction. If, within 60 days from your date of purchase, you are not happy with your new electric range, your dealer will take it back and refund the money you have paid . . . you still keep the free wiring. You need only live in a 1 or 2 family home and receive your electric service from us. Act now . . . offer expires November 30th.
