to provide other assistance - high protein foods, emergency supplies, agricultural tools, seeds, not otherwise available to the overseas programs of the churches. In some cases, the contributions will help the local farm canvass to make commodity shipments. Last year the local youth collected \$588 for CROP and helped others throughout the state of Texas to collect over \$65,000 for the program. These amounts helped CROP to provide almost 10 million pounds of food and self-help materials. They also helped CROP provide food under the Food for Peace Program, and to turn over almost 1/4 million dollars to church overseas agencies other than CWS for their relief ministries. The youth will canvass the city between 6:30 and 8:30 p.m. Wednesday, Oct. 30th.

New election laws explained

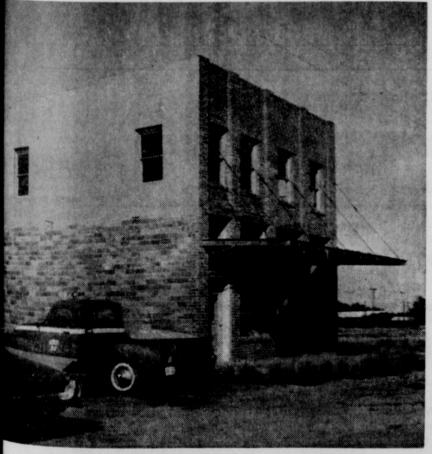

Voters in the coming general election who moved into the county on or after May 5, 1968, must vote in the county clerk's office by November 1, according to information received from County Clerk Lessye Silvers.

Formerly, persons who moved from one county to another could not vote during the first six months after the change of residence, but a new law enacted last year now permits them to vote on all statewide offices, including President and Vice President, and on proposed constitutional amendments, but not on local offices and issues.

However, instead of voting at a regular place on election day, they must vote during a special time period in the county clerk's office in the county of their new residence. This period, which is the same as the period for absentee voting, began on October 16 and will end on November 1.

If the voter has lived in the same congressional, legislative, or judicial district for six months, he may also vote on that district office.

In order to vote, the person must be registered as a Texas voter for the 1968 voting year, and he should have his registration certificate with him when he applies for his ballot at the county clerk's office. However, if he has lost his certificate, he may vote after making an affidavit of its loss.

Being remodeled . . .

DO YOU recognize this old building? It is the old hotel at Whiteface, long in dis-use, which has been donated to Girlstown, USA. According to Marshall Cooper, executive director, \$1,000 of Girlstown funds have been allocated to be used in reconditioning the building, which is structurally sound. The plan is to use donated materials and donated labor in the work of redoing the inside throughout and when it is finished the building will serve a dual purpose. The downstairs, ground-level floor, will be used for purposes of mailing, etc., in connection with Girlstown promotion, while the upper floor will serve as a community center for Whiteface and the area. The former hotel, built around 1925 by J. S. Noel, cover about 3,600 square feet and is said to have a wonderful foundation. It formerly had 16 sleeping rooms upstairs, and was frequently filled to capacity during the "boom" days in Whiteface.

Local businessmen are feted by Lubbock group Tuesday morn

Morton Chamber of Commerce members and other citizens were entertained at an impromptu coffee-and-doughnut get together Tuesday morning by a group of visitors representing the Lubbock Chamber of Commerce, in their annual visit to towns in the Lubbock area.

The group met at the Wigwam Restaurant, where the combined Morton and Lubbock group visited for nearly an hour.

D. E. Benham, Roy Gentry, and Mike

D. E. Benham, Roy Gentry, and Mike Doss were presented pencils which can be redeemed for a dinner at the Aztec Inn in Lubbock, and Ray Griffith of the Morton John Deere dealership, was the proud recipient of two tickets for the Texas Tech-TCU football game to be played in Lubbock on November 9.

The Lubbock booster party left for Levelland where they were due to eat lunch, and then on to Littlefield in the afternoon on their way back to their home city.

Cochran County farms use loan credit

During the fiscal year 1968, 30 Cochran County farm families availed themselves of Farmers Home Administration operating loan credit, Marvin E. Elliott County Supervisor said today.

Mr. Elliott said that \$432,940.00 was advanced during the 12 months ending June 30 for such expenses as new machinery and equipment, livestock, fertilizer, feed, seed, pasture improvement, and fencing. Operating loan funds also were used to refinance debts and pay family living expenses. This operating loan credit was supplemented by emergency loans to 44 Cochran County farm families in the amount of \$473,810.00 to meet annual recurring farm operating expenses.

"This type of credit," Elliott said, "has enabled many small farm operators to stay on the land."

As the fiscal year ended, farm families that included nearly 440,000 people nation-wide were benefiting from the program which serves family farmers who can find no other source of necessary operating loan credit.

Loans are made through county offices of the Farmers Home Administration serving all rural areas of the United States. All loans are accompanied by technical assistance in farm and financial management. The local FHA county office is located at 200-E West Taylor, Morton.

In addition to operating loans, Farmers Home Administration makes loans to purchase and develop farms, to develop community water supply systems, to obtain housing in rural areas, including housing for farm laborers and senior citizens, and to meet the emergency credit needs of farmers suffering from a natural disaster such as hail, flood, or drought.

Post Office announces Santa Claus special

Tons of St. Nick's gifts will be going to members of the Armed Forces in Vietnam by special ship this year, thanks to a joint Pentagon-Post Office venture.

A fast U.S. cargo ship will be designated the "1968 SANTA CLAUS SPECIAL," sailing from Oakland, California next month with Christmas parcels.

To meet the sailing deadline and assure pre-holiday delivery of gifts sent with surface postage, items should be mailed during the October 14-November 8 period. They should be marked "SANTA CLAUS SPECIAL" just below the stamps.

The "SANTA CLAUS SPECIAL" will sail during the latter half of November and stop at Da Nang, Qui Nhon, Cam Rahn Bay and Saigon, Vietnam. It takes approximately three weeks for a fast ship to cross the ocean.

All gifts should be packed in strong containers with adequate cushioning and correctly addressed, including, APO and FPO numbers.

There are several options available for military which can save money. Post Offices across the nation have free pamphelts which outline the mailing programs for servicemen and women overseas.

Morton Area CofC has annual meeting Tuesday, Oct. 22

The Annual Meeting of the Morton Area Chamber of Commerce was held in the Chamber meeting room Tuesday evening at 8:00 o'clock. A light turnout was reported.

The meeting was called to order by the president Orville Tilger. James Walker read the minutes of the board meeting of October 1. Leon Kessler read the minutes of the 1967 annual meeting. Both were approved as read. This year for the first time, ballots were mailed to all members before the meeting. Many of these were mailed back to the Chamber office before the meeting. These ballots were counted and five new Directors were elected to serve a two-year term. Those elected were Roy McClung, Budd Fountain, Jerry Aley, Marshall Leitzell, and Billy Weems, Those whose terms will expire at the end of the year are Tommy Hawkins, Vic Jackson, Loma Richards, Bob Robinson, and James

Leon Kessler made an annual report. The financial report showed a slight increase despite a slight decline in dues. Improvements of a physical nature were pointed out. Things that are just as important are improvements in organization and attitude.

Some Chamber projects were discussed but no action was taken. Election of officers was set by President Tilger for Tuesday, November 5.

Morton Indians will take on D.C. Mustangs here Friday

By DAVID MURRAH

The Morton Indians return to the friendly confines of Indian Stadium Friday night to take on the not-so-friendly Denver City Mustangs. The Indians have been on the road for four successive weeks, and picked up their fifth loss of the season Friday night at Wolfworth as the Frenship Tigers roared to a 28-14 conference victory at their Homecoming celebration.

The Denver City Mustangs meanwhile swept to an easy conference victory last Friday by trouncing winless Idalou, 48-0. The Mustangs however are not at their usual strength this year, but are favored to capture the district crown, as they have done for eight of the previous nine years. Gametime Friday night is 7:30 p.m.

The Indians are still looking for a victory over Denver City, and will have an opportunity to give the Mustangs a run for their money as Morton goes into Friday night's ball game at full strength for the first time since the opening Plains game. The absence of Alex Soliz was very obvious Friday night against Frenship, and Tommy Waters' return to the squad following a concussion injury gave power to the running attack that had been missed in other games.

Alex Soliz leads Indian rushing statistics with 347 yards on 68 carries for a 5-yard per carry average. Waters has gained 167 yards on 54 carries, while Quarterback Wayne Thompson has rolled for 135 yards on the ground on 54 carries. Thompson has hit 36 of 87 passes this season for 396 yards, to lead the Indians in total yardage.

Against Frenship, the Indians were glad to welcome back the services of full-back Tommy Waters, and the big senior rumbled for 110 yards on 21 carries to lead all backs in the hard fought district opener.

After the Indians had held the Tigers after Frenship received the opening kick-off, the Tribe marched easily from their own 27 to the Tiger three in 15 plays. A first-and-goal at that point looked like new life to the Indians and their fans, but then things were back to normal as flags flew and the Indians found themselves facing second and 18 after a fifteen yard holding penalty had been called. Mike Bryan's field goal attempt was blocked, and the Tigers, who have not lost a game this year, displayed their talents and wasted little time in getting

County Sheriff's Posse does well

The Cochran County Sheriff's Posse has ridden in 14 different contests and have placed in 13 of these. They have won 7 firsts, 4 seconds, and 2 thirds.

The awards total up as follows: Friona, 1st; Portales, 2nd; Hereford, —; Denver City, 2nd; Seagraves, 3rd; Brownfield, 2nd; Muleshoe, 1st; Earth, 1st; Bovina, 1st; Littlefield, 2nd; Lovington, 1st; Albuquerque, 3rd; Ruidoso, 1st; and Shallowater, 1st.

on the scoreboard. Waddell Smith scored from three yards out with 16 seconds gone in the second period. On the extra point attempt, Indian senior end Bob Hawkins came crashing over to block the

The closing seconds of the first half were packed with exciting football as the Indians drove to score, and then the Tigers scored just before the half.

Wayne Thompson hit Terry Harvey on a sideline pattern at the fifteen of Frenship to set up the first Indian TD since the Plains contest. The TD came on a 15-yarder from Thompson to Ralph Soliz

with just 38 seconds left in the first half. The Indians attempted a fake kick for the extra point, but Bryan's pass attempt fell short. A Tiger off-side penalty gave the Indians a second chance, and Terry Harvey crashed over from the 1½ yard line for the two points. The Indians led

Then the Tigers displayed the reason that they are still undefeated this year. An Indian on-sides kick went only four yards, and Frenship took over at the Morton 44 with 40 seconds left. Quarterback James Madison hit swift Johnny Carrizales for a 30 yard TD with only three seconds showing on the clock. The PAT try failed, but the Tigers carried a 12-8 lead into the dressing room.

The Indians came out ready to play the second half, but penalties kept them in the hole. When they did get a drive mounted, a Frenship player lifted the ball out of the hands of Terry Harvey at the Indian 27. Madison went to work again, connecting with end Bobby Hosgood on the next play as the Tigers stretched their lead to ten points, leading 18-8. Rikki Morris ran for the two-point conversion. Late in the fourth period, Madison fired to Carrizales for another Frenship TD, and Madison ran for the extras. Trailing 28-8, the Indians hurried to

Navy Seabees need construction skills

YESTERDAY: In world War II, they built, burrowed and blasted their way from the shores of Europe to the farflung islands of the vast Pacific. In the Korean War they floated their fabulous pontoon bridges in support of General Mc-Arthur's historic INCHON landing. Today, every Mobile Construction Battalion is committed night and day to the greatest construction job in history - building for freedom in Vietnam.

While Seabees have the finest training and equipment in the world, countless stories are told of their legendary ability to find a way to do any job, under any

TODAY IN VIETNAM: Seabees are building deep-water ports; floating and fixed plers; landing fields and helicopter pads; camps and cantonments; storage structures (open, covered, dry, and refrigerated); water, sewage and electrical systems; roads and highways; command and communication centers; field and base hospitals; maintenance and repair depots; gravel and rock quarries and crushers and every other type of structure and facility needed by a nation defending its

freedom against Communist aggression. SEABEE CIVIC ACTION: Seabees help villagers build farm to market roads, erect small bridges, raise and repair meeting halls, schools and orphanages; dig wells, improve sanitation; install gravel pits and lumber yards; and provide medical treatment in villages where doctors are rarities. Helping and teaching villagers to better their lives and to prepare for a peaceful

Cotton talks

gathered in Lubbock October 17 for the organization's twelfth annual meeting, reelected three top officers for 1968-69 and heard a definite challenge from Elton Thigpen, economist with the International & try as we have known it on the Plains Cotton Advisory Committee, who was principal speaker for the occasion.

Re-elected to head up the 23 county, 25,000 member cotton producer group were I. D (Don) Anderson of Crosbyton, President, Donnell Echols of Lamesa, Vice President; and Ray Joe Riley of Hart, Secretary-Treasurer. Continuing as Chairman of the Board for the coming year will be J. D. Smith, Littlefield, immediate past president.

Thigpen told the PCG members that High Plains cotton "will continue to be an important raw material in the textile mills of the world for a long time to come but cautioned that if it is to meet competition from man-made fibers and foreign growths it "must be of competitive quality, available in continuous supply and competitively priced."

Election of the directors took place at a Board meeting immediately following the membership meeting and all officers were elected by acclamation after their names were submitted by the Nominating Committee. All have served in their present capacities one year and under PCG by-laws are only eligible for one more

Anderson, who served as general chairman of the meeting and gave the President's annual report, said the organization's number one job during the coming year was to "fully evaluate the area's cotton marketing problems and set in motion new programs or accelerate existing programs to solve those problems." He also stated that extreme difficulty

will be encountered in the attempt to secure from Congress a workable cotton program to succeed the Agriculture Act of 1965, now slated to expire with the 1970 crop year.

"It will be necessary for us to work closely with other farm organizations, particularly cotton production associations, to come up with an approach to farm legislation that will be acceptable to an increasingly urban Congress and at the same time will stave off an economic decline among farmers," Anderson said.

Tax Man Sam sez:

For a number of years the withholding tax system has worked well. Wage earners find that it is a lot easier to pay their tax throughout the year than to try to save enough to make a big payment at the end of the year. Changes such as this year's surtax charge perturb many taxpayers when they think of coming down to April 15 and have to pay additional tax.

While most employers do an excellent job of withholding income and social security taxes for and paying these taxes to Uncle Sam, there is a small group who misunderstand the law. These employers feel that they are not required to withhold on a student working during the summer, or a housewife who will work at Christmas, since the employee will not earn \$600 and will not be required to file an income tax return. IRS points out that this is wrong, since the housewife would ordinarily be liable for tax on community income here in Texas, and that the student might well have income from other sources that would require him to file and pay taxes - or in either case they could work somewhere else during the year. The good tax folks advise employers to withhold income and employment taxes in all cases not specifically exempt by one of the few exceptions provided in the law

Refund Checks for "Lost Taxpayers" The Internal Revenue Servic prides itself on being a highly professional and competent organization. Part of the professionals are engaged in finding taxpayers, and naturally these well-trained men and women are capable - and probably have more ways of finding you than any other group. On top of this, Internal Revenue has everybody's number. The fact that thousands of taxpayers get lost every year is not a criticism of these fine "finders of lost taxpayers." Nevertheless, every year Internal Revenue spend time looking for millions of taxpayers who move and forget to change their address. The tax folks find most of these in a few weeks or a few months. But there are always a few thousand that get so lost that even IRS can't find them. At one time, these people would have 'donated" their refund to the Treasury of the United States - and thousands did. But since the computer age, IRS has a mark on the taxpayer's tape record to show that Internal Revenue owes him money (as well as a mark for those owing Internal Revenue money). It's our guess that they will eventually find 99.9%. In the meantime, if you are lost from your refund check, go to Internal Revenue and find yourself.

WHATS IN IT FOR YOU: We welcome every race, creed and national origin. The enlistment is for 30 months at a rating up to Chief Petty Officer if you qualify. Your speciality will be the same as your civilian specialty and you can learn additional construction skills. Thirty days paid

Members of Plains Cotton Growers, Inc.

Donald Johnson, PCG Executive Vice athered in Lubbock October 17 for the President, pointed out that the meeting was dedicated to export marketing and said "We either export cotton or we wither on the vine as an industry. The cotton indussimply cannot survive on the domestic

> market alone.' The Plains has traditionally relied on export markets for some 65 per cent

of total cotton sales. Thigpen, stating that "Price can be a potent competitive weapon," complimented cotton growers on the Plains for their widespread support of research programs aimed at solving problems and reducing costs incurred in production, ginning and processing.

He also called attention to the tremendous shift that has occurred on the Plains in the past three years to the longer, stronger varieties demanded in volume by the world's spinning mills. He said "It is encouraging to see how quickly you have responded to changing market conditions. Your ability to quickly take advantage of new opportunities will be a most important asset in the struggle for cotton markets in the years just ahead."

In his annual report, Johnson noted the recent visit to Lubbock of nine cotton spinners from Western Europe and the coming tour of this area on November 3 by mill men from the Far East.

He said "By making personal contact with these cotton customers we are learning first-hand what they expect of our cotton and what we are going to have

to do to increase our foreign cotton sales. "And we are going to use every resource at our command to come up with the right combination of price, quality and service that will move an increased volume of our cotton into world markets."

The almost 200 cotton producers and businessmen attending the meeting were also treated to a 22-model all-cotton style show staged by ten women's cotton promotion clubs of the area. The show, narrated by Mrs. Nathan Boardman of Crosbyton, was titled "King Cotton Whis-

Were you surprised that Greek billionaire Aristotle Onassis proposed marriage to Jackie Kennedy?

I don't consider it any of my business, but a friend of mine - a veteran married man - says we now have two Greeks in the news: Mr. Onassis and Spiro T. Anonymous. He allows they have something in common - the tendency to say things on the spur of the moment that they may regret later.

What did you think of Mr. Nixon's statement that if he is elected he will not ask Congress for a lot of new legislation. He thinks we have too many laws already.

His attitude could result in much unemployment. When Congress passes a new law, a bureau must be set up to administer, interpret and enforce it. The type of law doesn't matter, in fact the more complicated it is, the more employment it provides. This probably explains some of the legislation passed the last few years.

County Farm Bureau holds annual meet

The Cochran County Farm Bureau held their annual meeting Thursday, October 17, at 8:00 p.m. in the banquet room of the County Activity Building.

The group passed on seventeen county resolutions. None of the resolutions were from the floor. Only one new director was elected, which was Curtis Sealy. Two representatives were selected to go to Dallas for the State Convention to present the new resolutions. They are Glenn Thompson and Roy Hickman.

There will be four elected officials to go, the president, and four other voluntary delegates from the members.

The grand prize of two pair of Safemark Tires were won by J. C. Shelton and W. L. Meeks.

There were over 100 persons in attendance for the meeting.

Junior Garden Club girls win honors

Three members of the Junior Garden Club competed in the Flower Show held Saturday, October 12. They were Wyn Crone, Lisa Bennett, and Gail Lasseter.

In the category, "Off We Go into the Wild Blue Yonder," Wyn Crone won a blue ribbon and Gail Lasseter and Lisa Bennett won red ribbons. In the "You Name It, We've Got It" category, Wyn Crone won another blue ribbon. Miss Lasseter received a yellow ribbon for her arrangement in the "You Said It, I Didn't" division. For her arrangement in the "I Pledge Allegiance" category, Miss Bennett won a blue ribbon and the Award of

The group enjoyed joining the Flower Show. They served as hostesses to persons at the show, telling them all they could about flowers and flower arrangements. Coffee and cakes were sold by the girls. stems or both, such as Echeveria, Sedum. Sempervivum, Aloe and many others. These plants store moisture in leaves and stems. The true desert cacti are not difficult to recognize. They are almost all stem succulents, without leaves and generally with spines and the type of cacti can often be identified by the arrangement of the spines. Where winters are not excessively cold; many succulents as Agaves, kalanchoes, aloes and others may grow outside provided they have a porous, well drained soil and receive plenty of sun.

In growing in the house, it must be remembered that these plants need alternating periods of wet and dry as they would get in their native habitat and they prefer this period at the correct time of the year, depending on their country of origin. True desert cacti should be rested from October to March and given little or no water. Many succulents from South Africa where the seasons are the reverse of ours, grow during the winter and rest in the summer. Many semi-succulents do not need this definite period of rest.

Be sure that the plants are in a soil which has some humus, proper drainage, air circulation, light and water only when the soil is dry. They may be propogated by seeds, cuttings, leaf cuttings and off-

Fourteen boys have indicated that they wish to play on the high school team, including eleven who played last season. The 7th and 8th grade boys have 13, including 6 or 7 who played last year. The grade school girls have 13 trying for the team. Eight or nine of these played last year, Mr. Alvin Scott coaches all these teams.

The high school girls have only eight players. These include two Seniors and three sophomores who saw lots of action last year. The other players are Freshmen

Federation of Women's Clubs adopt new resolution

"Enthusiasm for Life and Fellow Man Creates a Woman Involved" was the theme for the Ninth Annual Fall Board Meeting and Workshop of Caprock District, Texas Federation of Women's Clubs held in Friona, Saturday, October 19.

One hundred thirty one women registered for the meeting and luncheon held at the Friona High School auditorium and cafeteria.

Caprock District embraces an area extending from Ralls, on the east, to Morton, on the west: and from Tulia, on the north, to Tahoka, on the south. Included in this area are 76 senior federated women's clubs, six of those in Cochran County; and 13 Junior federated clubs, with one in Morton — the Emlea Smith Junior Study Club. These clubs total approximately 1750 women.

Of special interest to Cochran County was the adoption by the board of a resolution presented by the executive committee, which was the project of landscaping Girlstown, U.S.A. This project is the desire of the present Caprock District president, Mrs. Lane Decker, of Floydada, and was unanimously adopted by the district board.

Mrs. LeRoy Johnson, of Morton, and a member of the Town and Country Study Club, is First Vice-President of Caprock District. Mrs. Johnson presided during the luncheon meeting and program, Mr. Bryan T. Clemens, Dean of Students of Wayland College, Plainview, gave the main address: "Happiness is — Women Involved."

Those from Morton giving reports to the assembly were Mrs. Neal Rose, Caprock

who are eagerly awaiting the first game. Mr. Archie Chandler coaches the high school girls.

The coaches and players have been working hard and we are sure that this hard work will pay off in good results.

District Education Chairman; and Mr Earl Polvado, "In Memoriam" Chairma Members of Caprock District board for Morton attending the meeting were: Mr Neal Rose and Mrs. Gage Knox from the 1936 Study Club; Mrs. Earl Polvado at Mrs. Gage Knox from the 1936 Study Club; Mrs. Earl Polvado of the Ende Smith Junior Study Club; and Mrs. Lego Johnson, Mrs. W. C. Gray, Mrs. Cherolya Inglis, and Mrs. Willard Henry, all of the Town and Country Study Club. Mrs. Inglis is also president of the Area Council of Women's Clubs, comprising the see federated clubs in Cochran County.

Voting Record & Position

* WATER DEVELOPMENT

Bill Clayton has been directly associated with every major piece of water legislation passed during the last six years. He is recognized by his colleagues as being one of the most effective and well informed members of the Texas Legislature on water and soil resource development and conservation. Bill Clayton knows the vital importance of water, not only to your future, but to the future of the entire State. Past accomplishments and effective leadership have made Clayton vital to continued progress in development of water resources for the High Plains.

* EDUCATION

Child by child we build our nation . . . tomorrow depends on today's children and young adults. Bill Clayton is ever mindful of the need to raise our standard of excellence in the Texas school systems. This can only be done through the uprating of the Texas schools, and dedicated recruitment of the finest teachers. Clayton co-authored a bill that created the "coordinating Board of Texas Colleges and University systems." his voting record shows a continued support of teacher payraise and the strengthening of all educational systems in Texas.

* LAW ENFORCEMENT

Today, law enforcement agencies are facing new problems. Bill Clayton is concerned about the breakdown of law and order. Clayton has been active in seeking higher salaries for law enforcement officials and uniform standard procedures. Bill Clayton served on a special House Committee which will suggest revisions of our obsolete liquor laws. Clayton believes that all people must respect the law and that proper enforcement is essential to maintain law and order.

Voting Record & Position

* INDUSTRIAL DEVELOPMENT

Bill Clayton knows that industrial development helps to stabilize the economy of any given city or area. During his six years in the Legislature, Bill Clayton has worked aggressively for industrial development for our area of the State. Several smaller cities in our 72nd Legislative District now have airports as a result of Clayton's assistance in starting a program of State grants. These State grants are financed with unclaimed gas tax refund on aviation fuel. Bill Clayton knows that airports help encourage industry in less densely populated areas.

* TOURISM

Bill Clayton has worked hard for tourism during his six years as State Representative. Clayton, House Speaker Ben Barnes and other interested legislators were successful in establishing a National Park in the Big Bend area of West Texas. The water importation program being led by Clayton will develop many new recreational opportunities with huge water reservoirs for fishing and boating. Bill Clayton realizes both the need for more recreational facilities in his district and increased business activity from tourist trade.

* COUNTY, STATE and LOCAL GOVT.

Bill Clayton has been a strong advocate of local government. He is currently serving as chairman of the Committee on Counties of the Texas House of Representatives. Clayton believes that government at the county and city level are more responsive to the people and whenever possible they should take the lead and the responsibility of many governmental programs and functions. Clayton has authored many bills that benefit the cities and support the idea of allowing cities the option to choose their own method of taxation. Bill Clayton is needed on the job for more effective and responsible county, city, and local government action.

Take advantage of this opportunity to keep your firm grip in the

– Editorials – Forked tongue?

The old and familiar Indian saying, White man speak with forked tongue," as true today as ever. Especially is true of Vice President Hubert H. tumphery as regards his utterances in menection with gun control in the USA. The is on record as having made, mong others, the following comments uring the past few months:

"We must require the registration ad licensing of all firearms." Further

... "President Johnson has urged the congress to control the interstate shipment and the sale to minors of rifles, totguns, handguns and ammunition. In the has called for Federal registration of all firearms. This legislation must be passed now. . . . "

Again he is quoted as saying, "I do

carrying of guns interstate for legal purposes, nor do I support any actions which would hamper the lawful use of firearms or impinge on rights under the Second Amendment to the Constitution." He goes on to say that he learned to handle firearms and to hunt as a boy in South Dakota . . . "I enjoy hunting and do not endorse any action which would deprive Americans of this sport."

In a statement on crime August 25, HHH is quoted as saying, "I have already endorsed proposals for the control of firearms; and I repeat that now. If the States will not do what must be done to control these weapsons — licensing and registration — then the Congress must."

Local teachers attend regional Science Fair organizational meet

Mr. Eddie Allsup and Mr. Tommy Rosson, Morton High School science teachers, recently attended a meeting of the South Plains Science Council, which met at Lubbock Christian College. The purpose of this meeting was to organize the South Plains Regional Science Fair to be held April 11th and 12th. Students from allsixteen counties of the South Plains are encouraged to submit projects to this fair. Officers for the 1968-69 Council are: Dr. F. W. Maddox, President, Lubbock Chistion College; Mrs. Sondra King, Secretary, New Deal; and Mr. Tom Battin, Treasurer, Security National Bank of Lubbock. Officials for the 1969 Fair will be: Lester Carr, Fair Director, Hale Center, and the following Assistant Fair Directors: L. A. Garner, Lorenzo; Eric Smith, Muleshoe; Jerry Livingston, Floydada; Mr. Griffin and Archie Clanton, Roosevelt; and Paul Walden, Olton.

The next meeting of the Science Council will be November 12 at the Mabee Auditorium on the L.C.C. campus. At this time winners from the 1968 Science Fair will discuss their trips and awards. Slides from the National Science Fair International held in St. Louis this past May will also be shown. All science teachers in Region XVII and all persons who have contributed either monetary support or donated awards to the Science Fair are cordially invited to attend this special meeting.

Pep holds annual Thanksgiving Festival

As the days roll by and November 28 gets closer, the Pep people start gathering and making preparations for their annual Thanksgiving Festival. This year's work began with the preparations for the committees and their chairmen. They are: V. H. Diersing — Kitchen, V. E. Glumpler — Dance, A. G. Jungman — Advertising, Fred Albus — Bingo, E. J. Kuhler Concession, William Albus — Fish Pond, A. J. Sokora — Sausage, Philip Simnacher — Auction, and Mike Rohmfield — Coin Throw.

The 23rd Annual Thanksgiving Festival is scheduled to start with dinner from 11:00 a.m. until 2:00 p.m. and supper from 5:00 p.m. until 7:30 p.m. The meal will be \$1.75 for adults and \$1.00 for children under 12. There will be a cotton and general auction at 6:30 p.m. with carnival attractions and prizes lasting all day. To finish the day off there will be a dance from 9:00 p.m. till—, Music will be furnished by a Western band.

Town and Country Study Club holds meet

Mrs. J. N. Leavitt was hostess for the Town and Country Study Club in her home at 201 East Pierce on October 16.

After refreshments were served, Mrs. S. E. Williams gave the invocation, Mrs. Ross Shaw, Chairman of Public Affairs, was in charge of the program. Each member was given a copy of the revised edition of the Texas Motor Vehicle Laws, and a quiz was given, followed by a discussion of these laws and safe driving.

A business meeting was held following the program. Those present were: Mesdames Willard Henry, J. N. Leavitt, A. A. Fralin, A. E. Sanders, W. G. Freeland, S. E. Williams, Weldon Newsom, LeRoy Johnson, Connie Gray, Ross Shaw and R. B. Spence

The next meeting will be the Federation Day Observance Workshop at the Cochran County Activity Building on November 2, and registration will begin at 10:30 a.m.

Y. M. Study Club hears political talk

The Y. M. Study Club met October 17, in the home of Mrs. Weldon Wynn, with a program entitled "Invitation to Life Through Political Knowledge".

J. Wayne McDermett, an outstanding student of Morton High School, brought an interesting program. He stated that "the 1968 elections are going to be the most exciting events ever performed in the history of the United States. Not only do we have our regular two party system, the Democrats and the Republicans, but there has developed a third party, the American Independent Party."

He gave a brief history of the three major candidates and their running mates. Then he listed the major platforms of the three parties as: the crisis of the cities, crime, Viet Nam, civil rights, and foreign policy, and gave the stand each of the parties takes. Then he stated, "At least for the first time in many years, the American people has a choice."

Following refreshments, Mrs. Max lark presided over a brief business meeting. The cake walk for the Halloween carniva was discussed in detail and each member volunteered to bake three cakes.

We were reminded of Federation Day, November 2.

Members present were: Mesdames Herman Bedwell, Max Clark, Leonard Groves, Robbie Key, Kenneth McMasters, Dexter Nebhut, Dalton Redman, Fred Weaver, Billy Weems, Jerry Winder, Weldon Wynn, and the guest, J. Wayne McDermett.

The main feature of the day will be that good ole country sausage made by the Pep people, and turkey with dressing and all the trimmings. All the action will take place in the modern Parish Hall sponsored by St. Philip's Church of Pep.

Better Service

Our local business firms are in good shape to back up strong claims of giving you MORE VALUE FOR YOUR MONEY.

Because . . . it's a simple fact of economic life that home merchants have about a 30% head start on their out-of-town competitors in the run for our money.

This is true because near 30% of every dollar spent at retail goes to support and to build up the prosperity of the community in which it is spent . . . and you benefit from the work done by that part of your money ONLY when you live and do business in that community.

Where goods, service and price offered by home stores and by the out-of-town stores are otherwise equal . . . the HOME DEAL is still close to one-third better . . . and may be many times better for you . . . as bigger trade volume at home prospers the area where YOU live . . . and make your living.

of Amendment No. 9 to the Texas Constitution November 5.

Pol. Adv. paid for by Cochran County Teachers Association,

employees several years ago.

Mrs. W. C. Benham, Chairman.

A group of people representing the Last Frontier Cotton Counsel, a woman's cotton promotion association serving the Morton area, were in Lubbock on Saturday, October 12 attending the District Cotton Counsel's "Sew It with Cotton" contest. The district contest is held each year following local contests which are held in the 13 member counties. The first place winners from the local association comprised the entries for the district competition.

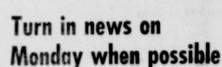

Morton area's Last Frontier Cotton Council members report with justifiable pride that they are recepients of two winners that placed third in their category and one first place winner in the Party Time

Those appearing in the contest were: PARTY TIME, 1st place went to Sandra Simpson daughter of Mr. and Mrs. W. T. Simpson of Three Way, Sandra's stunning gown of white cotton brocade was worn under a rich cranberry color cotton corduroy cape. In the TEEN TIME category, Marilyn Cade, daughter of Mr. and Mrs. Gene Cade, Whiteface, placed 3rd. Miss Deborah Young, 8 year old daughter of Mr. and Mrs. Owen Young of Morton, appeared in both the SUGAR PLUM and the SCHOOL TIME category. She was in a tie for 3rd place in the SUGAR PLUM category. In the CASUAL TIME category and the LOOK WITH STYLE category, Mrs. Herman Brown competed.

Under consideration, but incomplete at this time, are plans for first place winners from the local associations to be eligible for a proposed "Miss Cotton" contest that would be held on the State level.

Other than the above contestants attend last Saurday's meeting were: Mrs. H. B. King, Mrs. Lloyd Miller, Mr. and Mrs. Gene Cade and Christy, Mrs. Owen Young, Mrs. W. T. Simpson, and Mr. Herman Brown and children Rane and Tressa.

The Women's Cotton Promotion Association will stage an all-cotton style show featuring around 30 cotton ensembles, for both men and women at the annual meeting of the Plains Cotton Grower's Inc. set for 2:00 p.m. on Thursday, October 17 at the KoKo Palace in Lubbock.

on a bus, a plane or a train usually try to get to the point of departure ahead of time. This makes sense to them and to us. Now we are wondering out loud why some of these same people wait to the last minute to turn in a news story to their local weekly paper about something that transpired during the preceeding week or on the weekend?

Although we endeavor to use any material that is turned in up to press time, it should be obvious that stories turned in earlier will be necessity be set into type first and hence have a better chance of appearing in the issue you wish it to appear. Please cooperate with us at the Tribune in this respect and earn our undying gratitude. We do not want to set an arbitrary deadline on news and hope it will not be necessary. When possible, please bring or phone your news on Monday.

Parallel terraces . . .

THE ABOVE PICTURE shows a typical layout for parallel terraces. Note how water is held and spread out between

the terraces. This farm received advantage of this rainfi

Conservation District News

From the Office of BUDD FOUNTAIN

"Parallel terraces can save more water than many irrigation wells can pump during a crop year," says Budd Fountain.

Much of the rainfall in this area comes in hard rains causing much loss by runoff and erosion. During a typical 3 inch rain it would be possible to lose as much as 1/2 of the water by runoff. If only 1/3, of this 3 inch rain, was lost on a 160 acre farm this would be 4,344,320 gallons of water lost. It would take a well, pumping 400 GPM, 7.5 days to pump this much water. Using \$18 per acre foot, it would cost \$240 to pump the water lost on this 160 acre farm during one 3 inch rain. It would cost approximately \$1600 to put parallel terraces on 160 acres. It is easy to see that it wouldn't take many 3 inch rains to pay for the terraces.

Don Hill has a parallel terrace system on his farm and he says, that they paid for themselves the first year.

Raymond Deavours is completing the terrace system on his place at this time and he feels that the water conservation alone will pay for the terraces besides the added benefit of land improvement. In a time, when water is so precious

to us as it is now, we should take every opportunity to save every possible drop.

The Cochran Soil and Water Conservation District Supervisors believe that parallel terraces are one of the best investments in water conservation.

Three Way football squad does well

About five miles north of Maple, the same fever prevails on Fridays that strikes the rest of Texas. Only Three Way plays a somewhat different brand of madness. The field is 80 yards long and 40 yards wide. It's eight man football and a pretty tough game. Last year Three Way won their district and had a tough game to lose for bi-district against Dawson. This year Coach Driver has his entire starting line back. He lost one back, an all-district selection, Monte Toombs. That means Three Way returns seven starters out of eight from last years

This year Three Way has had four wins and one defeat. They began the year by beating Patton Springs 40 to 6. Then they lost to Dawson in the last half 34 to 26. Since then the team has looked stronger every week. They beat Loop 26 to 0. Then they went to Southland to play the team ranked Number 1 in this region. In a driving rain storm, the Three Way quarterback, Bruce Pruitt threw the football like it was dry. With receivers like Wendel! Williams, a 6' 3" end, and Jackie Dupler, halfback-end, catching the wet ball, Three Way beat Southland 24-0. Last week they ran over Sundown's "B" team 60-3. Three Way has fine receivers and runners in Williams, Dupler, Geneo Abbe, halfback, Johnny Furgeson, Halfback, and Allan Joyce, halfback. A fine quarterback, Bruce Pruitt is ably backed up by Johnny Furgerson. They have a fine blocking line led by Charlie Abbe, center and guard, Mike Lynskey, guard and end, and Chester Huff, guard and

If you like hard-nosed football, wander over to Three Way on a Friday night.

Texas unemployment shrinks in September

Unemployment insurance claims rolls shrank during September, as more Texans found employment, figures from the Texas Employment Commission indicate.

All claims activity for September was on a seasonal downward trend, according to TEC Administrator R. L. Coffman. "Activity in the construction industry,

the re-opening of school classes, re-entry of housewives into the labor market are among the major causes for the claims decline." Coffman explained.

The number of State UI payments for September dipped to 48,986, down 11,818 from the August figures and down 11,157 from the September, 1967 total. Claimants received in September \$1,732,948, about \$415,000 less than in August.

September total claims actions in all programs stood at 90,783, a drop of 7,900 from August.

1936 Study Club meets in the Joe Nicewarner home

October 16, in the home of Mrs. Joe Nicewarner, Mrs, Lloyd Miller presided over a short business meeting, Mrs. Joe Gipson read a Scripture, and Mrs. C. W. Fields gave the Americans Creed as preliminaries to the program: "A Time for Concern."

The first topic of concern was presented by Mrs. H. B. King with a discussion of the changing Supreme Court. The gave a historical review of the nature and activities of the court with emphasis on the happenings of this century. She spoke of the two philosophies exemplified by the two Justices; Frankfurter, who felt the only duty of the court was to interpret the Constitution; not to say whether a law was good or bad, but only if it were constitutional. He felt the legislative process was best left to elective people who could be voted out of office. In contrast was the philosophy of Justice Black who had strong feelings about social justice and felt the Court was a roadblock to progress; it should be a court of justice not just of interpretation he felt.

Mrs. King reviewed the most controversial of the decisions of the court under Chief Justice Warren including; those outlawing segregation, prohibiting prayer in schools, overturning certain criminal and subversive convictions and the most momentious one concerning reapportionment

of power and switched from rural to urban control in this country.

Mrs. Glenn Thompson presented the second topic of concern with her discussion of the gun in America. She deplored the that that world opinion of this country had chosen to forget its democratic processes, its affluence, and its respect for law and remember only the gun and its misuse - partly because the gun has been romanticized in United States folklore as both provider and protector. She reviewed the arguments both for and against stronger gun control laws and emphasized the measure taken by gun manufacturers, Remington, Winchester, and Savage to urge and promote proper gun study and use. She noted that big suppliers such as Sears and Roebuck and Montgomery Ward had stopped the sale of all toys of violence, and that the news media were all emphizing the fact that the bearing of arms is a privilege, not a right, and that ownership brings strong

Others present for the meeting were: Mesdames W. C. Benham, Hume Russell, James St. Clair, B. H. Tucker, D. E. Benham, Gage Knox, Harold Reynolds, M. C. Ledbetter, H. B. King, and one guest Mrs. Childers, mother of Mrs. King.

FASURES

He walked a long time and rang many doorbells and "scared" a lot of people in order to acquire his Halloween treasures. He wants to sleep with his treasures beside him, where he can feel the sack with his hand.

These treasures somehow remind you that one of your responsibilities toward your adorable child is to teach him what real treasures are — friends, country, church, good deeds, family, love of God, and quality of spirit, to name a few.

That "Trick or Treat" bag somehow reminds you of that scripture in Matthew that goes, "Lay not up for yourselves treasures upon earth where moth and dust doth corrupt, and where thieves break through and steal: But lay up for yourselves treasures in heaven where neither moth nor rust doth corrupt, and where thieves do not break through nor steal: for where your treasure is, there will your heart be also."

You know that the church will help you in this, so you vow again to be faithful to every service, thankful for all the wonderful workers there, asking God to help you and them.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

HHH has long record of opposing interests of Texans

Vice President Hubert Humphrey's visit to Texas this week received a hot and cold reception.

Oddly enough, the heat came from Republicans and the coolness from Texas Democrats.

At a press conference in McAllen, Republican Senator John Tower "welcomed" Humphrey, the Democratic nominee, into Texas, saying he hoped Humphrey would use his Texas visit to discuss such vital issues as the Texas right-to-work law. the oil depletion allowance, and unionization of farm labor.

Humphrey has a long record of opposition to right-to-work laws, has consistently opposed the oil depletion allowance, and is on record as favoring the unionization of farm labor, even if it takes economic boycotts to force farm labor into unions.

Conservation district

Conservation district supervisor elected

Last week the landowners in Zone 5 of the Cochran Soil and Water Conservation District elected a new supervisor. Melvin Yarbrough was elected to serve a five year term on the board. Mr. Yarbrough has been interested in conservation all his life and stated that he is ready to do whatever he can to promote soil and water conservation in the Cochran District.

Melvin and his wife Pat farm 340 acres of irrigated land located about 4 miles Southeast of Morton. They have 2 boys, Mark 5 years and Mike 2 years and one daughter, Leann, 3 months.

The board of supervisors of the Cochran Soil and Water Conservation District appreciate Melvin taking the time to serve on the board and feel that he will be a big asset in getting the conservation job done.

discuss these issues while he is in Texas, "Tower said, "since he has consistently been on the wrong side of every issue,

as far as Texas is concerned."

"Mr. Humphrey has a long record of being rather free with words," Tower continued, "He led the filibuster against the Texas Tidelands Act of 1953, when President Eisenhower and Vice-President Nixon were pledged to return the tidelands to state ownership. It is with no thanks to Humphrey that we now have control and ownership of our tidelands."

On the other hand Mr. Humphrey's reception from the state's leading Democrats was noticeably cool. Few of the top Democrats travelled with Humphrey on his vote-hunting foray into Texas. With few exceptions, those who did so made it plain to intimates that they did so with little enthusiasm.

Morton to host Barrell Racers Assn.

Morton has been selected as the meeting place for the West Texas Barrel Racers Association. This organization for amateur women and girls interested in barrel racing that live in the West Texas area.

Each year the top open barrel racer receives a horse trailer. Connie Wilkinson of New Castle, Texas won this event for 1968. Deborah Whitehead of Morton was top Junior barrel racer and won a new saddle.

The group will hold a business meeting then there will be barrel racing, pole bending, flag racing, and goat tying. The event will be at the Morton Rodeo Arena at 1:30 Sunday, October 27, and there will be no admission charge.

Mickie Dewbre, Deborah Whitehead, and JoAnn Whitehead of Morton will be competing in the event Sunday.

If any one is interested in joining, they can get in touch with Deborah Whitehead.

A TIME FOR DECISION

A Presidential election, the most important one in our lifetime, is close upon us. With three candidates in the race Texans are confronted with such a variety of appeals that some confusion is not surprising. We see some of our top state political leaders urging support of Hubert Humphrey on the self-serving appeal of party loyalty. We see fine Texans tempted to support George Wallace because they like his outspoken position on certain issues and are thus swayed by an appeal of sheer emotion. With full respect for the right of every Texan to make a personal decision, this message in behalf of Richard Nixon is offered as

... AN APPEAL TO REASON!

HUBERT HUMPHREY WILL NOT

change. He has proved consistently anti-Texas. He is famous for his filibuster against Texas owning its tidelands. He has fought our right-to-work laws and sought to destroy our vital oil depletion allowance. On every issue of world importance his position is contrary to that of most Texans. Humphrey, an ultra-liberal founder of the ADA organization, would gain executive authority for radical minority viewpoints should he become president. This cannot happen by popular vote. In view of his vicious attacks upon George Wallace, what a ghastly miscarriage of intent it would be if Wallace supporters themselves should throw the election into the House of Representatives where every Wallace vote in Texas would automatically go to

GEORGE WALLACE CANNOT

be denied his impressive showing. A number of fine people heed his third party call. The very least that can be said is that he has dramatized the desires of many people for a change of direction in the affairs of our government. However, the very most his supporters can hope for is to split the popular vote so that all of us would be at the mercy of Washington politicians who would elect our president for us. This is Hubert Humphrey's only hope for election. The more positive way to vote for change is to recognize the many fine merits of Richard Nixon and his program, then vote for Nixon to assure the election of our president by the people instead of by the

The first electric cooperative was energized in Texas in 1937. Now 31 years and 1,000 co-ops later, the idea may well become our most important export. Electric cooperative experts from Texas and other states are making regular trips to the orient, to the middle East and to South America to help the people of these lands organize a cooperative to provide their own electricity. And every co-op veteran who works this tour of duty in a distant land sees evidence of the early years in our own rural areas. But he sees a brighter picture, too. He sees the member-owned rural electric cooperative as a mature, dependable top notch electric utility that provides a low-cost efficient supply of electric power that is Helping Texas Grow. And he knows that the years ahead in all these lands will be brighter.
