

# Indians hit road to Friona Friday

The Friona Chieftains, victims last week to the tough class A Farwell Steers 34-0 score, are looking for more compatible tribal company when they meet the Morton Indians Friday night. The Morton Indians plan to be just as uncooperative as Farwell. The Indians travel to Friona Friday night for an 8 p.m. contest seeking to revenge last year's trouncing at the hands of the Chiefs.

coaches are hoping to reverse that situation beginning this week against Friona. Head coach Ted Whillock, victorious in his first outing as a head football mentor, anticipates a close, but "good" game at Friona. Whillock reported that he was pleased with the Indians' performance Friday night.

"We have some problems on defense; the boys didn't play it quite like we planned," he stated. Plains garnered 130 yards rushing Friday night. Whillock, defensive-minded in basketball theory, hates for his Indians to give up yardage as much as giving up basketball field goals.

Morton scouts report that the Friona Chiefs are much tougher than the 34-0 trouncing indicated. Both quarterback Danny Kendrick and their sensational full-back Isidore Cordova are back from last season along with two other regular offensive and six defensive starters. Friona boasts a strong kicking game, engineered mainly by Donny Carthel who handles all the kicking duties. Carthel is also termed as their best defensive man. He plays middle linebacker.

The Chief's workhorse is Wesley Clark, a fast 130-pounder. Clark carried the ball 22 out of 35 running plays against the Steers. He also is an outstanding defensive player.

Halfback Ted Procter, guard James Weatherly and tackle Joe Boggess are

strong standouts for the Chiefs.

Friona is reported to be a gang-tackling ball club. Three to four men are in on every tackle, according to Indian scouting reports.

The Indians travel to Friona at nearly full strength. Defensive end M. C. Collins missed action last week and will be out this week due to a sprained ankle. Coach Whillock also expressed some doubt about defensive safety Kieth Embry who also has an ankle injury.

District 4-AA fared very well in opening season play. Every team in the district boasted wins except last year's district champion Denver City and Idalou. The Mustangs fell to the tough AAA Seminole Indians Friday. Kress stopped Idalou, 12-0.

## ★ Homecoming set

Morton Homecoming, October 10th, has been set by the Ex-students association, according to Elmer Akin, president.

A coffee will be held after the Morton-Ralls football game in the school cafeteria.

All ex-students and teachers are invited to attend.

WHOO IT UP FOR INDIANS...

THE MORTON HIGH SCHOOL basketball court was the scene of noise and general bedlam Friday afternoon as the student body held a pep rally prior to the departure for Plains of the Morton Indian football team for the season

opener against the Cowboys. All that enthusiasm apparently rubbed off on the Indians as they thoroughly trounced the hapless Cowboys 34-0. Each Indian footballer received a rousing cheer as he was introduced individually to the student body and faculty by Coach Ted Whillock.

## ★ Court of Honor

Scout Troop 601 will hold a Court of Honor, Sunday, September 21 at 3 p.m. at the County Activity Building.

Honor awards, Merit Badges and advancement for the year will be presented.

Kenneth Cole, Director of Boy Scouts for this area, from Leveland will be the guest speaker.

## Crack-down underway on school truancy

### ★ Band supper set

The Morton High School Band Parents are sponsoring a Salad Supper Friday, September 26 from 6:30 till 8 p.m. in the school cafeteria.

Tickets are \$1.00 each and may be obtained from Mrs. Derwood McClintock or John Stockdale.

Everyone is urged to come out and have supper before the ball game which will be the first home game of the season.

Proceeds from the supper will go to improve conditions and finance activities for the band.

A school-wide campaign to cut down on the rate of truancy in the Morton public schools will be carried on this year, Morton Independent School District Superintendent Bob E. Travis announced Tuesday.

A crack-down will begin immediately which will entail enforcement of the letter of the law, Travis said, in an attempt to keep truants in school and maintain the average daily attendance at its proper level.

A high rate of truancy penalizes the school system by loss in average daily attendance which could lead to less supporting funds from the state and possible loss in teacher positions, he stated.

A vigorous program is being initiated with the principals of the respective schools acting as probation and truant officers. They will be backed up by the county sheriff's office where necessary,

Travis stated. Under state Department of Education regulations, there are specific and severe penalties for truancy, he pointed out. The first incident, following a warning and ordering into school by a juvenile court, is punishable to the parent, or anyone acting as a parent, in the amount of \$5. The second offense carries a \$10 fine and the third and all subsequent incidents a \$25 fine.

In the event that a child cannot be controlled and kept in school by the parent, or acting parent, he will be subject to confinement in the state training school or any other school agreed upon between the parent and the judge of the juvenile court involved.

Under Texas law, a child is required to attend school from seven to 17 years of age unless certain specific conditions preclude his attendance. If he has suc-

cessfully passed the ninth grade, is 17 years of age and is needed to support a member or members of his family, he may be excused from attendance.

Truancy in the Morton schools has hurt us in the past, not to mention the damage to the student himself, and we are going to be firm and positive in our efforts to cut it to the minimum, Travis affirmed.

Though the school term began with an enrollment of 14 more students than it started with last year, at the present time there are five less than were enrolled at the same time in 1968. The reason for this being that more enrolled late last year than they have at this point in 1969, he said.

The superintendent broke down the enrollment figures as follows and stated that, with ten to 15 more expected to enroll later, there would probably be a very slight increase over last year:

Elementary school, 510; Junior High School, 273 and senior high school, 277

See CRACK-DOWN, Page 2a

## County championship golf tourney slated

The annual Cochran county championship golf tournament has been set at the Morton Country Club for Saturday and Sunday, September 27-28, club pro Babe Vanlandingham has announced.

Qualifying is set for Saturday, September 20 and anyone residing in the county is eligible to participate, Vanlandingham said.

Following the qualifying rounds Saturday there will be a Calcutta and barbeque beginning at 7:30 p.m. at the clubhouse with anyone who wishes to invited to attend. Those who will attend are asked to contact Vanlandingham or Joe Nieewarner so that they may estimate the number of persons to prepare for.

## Neal nominated Young Farmer runner-up at Plainview meet

Bobby Neal of Whiteface was named Area 1 Runner-up for Star Young Farmer at the Area 1 convention in Plainview Saturday, September 13.

Neal farms 2045 acres of land in partnership with his father, J. B. Neal. He has been farming eleven years and runs 33 head of mother cows in the summer and around 70 head in the winter.

His farming interests started as an agriculture student in high school where he won many ribbons and trophies from showing livestock and participating in FFA projects. He received the coveted American Farmer Degree in 1960.

Neal is a charter member of the Young Farmer Chapter of Whiteface and was president twice. Some of the activities he has participated in for the Young Farmers Chapter are:

Helped prepare community park at Whiteface, helps with the Homecoming

## Surprising Morton gridders smack down Plains, 34-0

Morton's Indians fooled the "experts" Friday night as they blanked the class A Plains Cowboys 34-0 at Plains. The Tribe romped for 24 points the final two periods after turning in a sluggish first half performance.

The game marked the opening of the 1969 season for both teams.

Junior tailback Terry Harvey took rushing and scoring honors for the Indians as he plowed for 184 yards in 18 carries and three touchdowns, the first coming on a 50-yard ramble late in the initial quarter.

Indian Quarterback Mike Bryan turned in an outstanding performance of ball handling and signal calling in his varsity debut as team playmaker. Bryan, a 175-pound senior, has played guard the past two seasons, but had quarterbacking experience his freshman year.

## County cottonmen set election of director

Cochran County cotton producers and cotton-related businessmen will elect a businessman director to Plains Cotton Growers, Inc. for the coming two-year period on September 23 at 8:30 p.m. in the Activity Building, Morton.

Announcement of the election meeting came jointly from Cochran County's two current PCG directors, Clarence E. Dolle, businessman, and Lloyd C. Miller, producer, both of Morton.

Both farmers and businessmen participate in the election of all directors.

PCG has two directors from each county, one a businessman and the other a cotton producer. Businessmen directors are elected an odd numbered years and producer directors on even years, each for a two year term.

Dolle and Miller said the meeting would feature a program on broadcast cotton presented by Elmer Hudspeth of the Texas A & M Reserach and Extension Center. A member of the PCG staff will also be on hand to answer questions on PCG activities.

They emphasized that directors to PCG are the men who set the organization's policy on legislative, research, promotion, financial and other matters of vital concern to all in the cotton business on the High Plains.

"So we are urging all interested persons to be an hand for the meeting and to take part in the election of a businessman director from Cochran County to PCG for the next two years," they said.

He left no doubt in fans' minds that he could run or pass as he galloped for 30 yards on six carries and passed for 48 yards on two out of three tries, the last being a 24-yarder to Willie Holland to score the last Indian TD.

Morton Indian fans also deserve praise for their enthusiastic support. A gathering that rivaled several of last year's home game crowds made the journey to Plains for the ball game. Another good group of Indian supporters is expected to travel to Friona Friday night for the second game of the season with the Chieftains.

Opening game jitters and a surprisingly hard-hitting Plains defense and a couple of bad breaks worked against the Indians on their opening possession and kept them from rolling throughout the first half. Even so, on the hard running of Ralph Soliz, Harvey, and Bryan the Tribe moved well on their first seven plays.

Soliz crashed for four yards from the Indian 31 on the first play from scrimmage of the 1969 season, and then rolled for three more yards before Terry Harvey plunged for a first down to the Indian 38. Soliz got seven, Harvey picked up six and the second Morton first down. Mike Bryan then kept the ball on an option and rolled to the Cowboy 35, but a 15-yard clipping penalty all but wiped out the gain and stymied the Indian drive.

Three plays netted only seven yards as the Cowboys dug in, and on fourth down, Mike Bryan's pass from the 35 was intercepted out of bounds to stop Morton's first possession.

The Cowboys then put their workhorse to work in the form of fullback John Lowe who carried the ball for Plains 90 per cent of the time throughout the

## Morton city judge announces resignation

Morton City Judge Cecil Barker has submitted his resignation to the city council to be effective October 1, it was announced late last week.

Barker's reason for resigning is to devote more time to private business, he told the Tribune in an interview. He has served as City Judge for approximately seven years, having entered the office January 1, 1963.

Applications for the position are now being accepted and one has already been submitted, according to City Manager Elra Oden. They will continue to be received until about October 1, and will be considered by the city council who will make the final decision on appointment, Oden said.

No specific age or other requirements have been set forth for the position with personal qualifications being left up to the judgement of the city council members, he added.

BOBBY NEAL

### INDIAN CHIEFS...

THE FIVE MHS INDIANS above won the right to be considered chiefs as they were the work horses and played outstanding individual games in hanging a 34-0 defeat on the Plains Cowboys in the opening game of the season Friday night. Superb showings on the part of some of them resulted in ties in offensive and defensive efforts as evalu-

ated by the coaches, resulting in five receiving honors instead of the usual four of offensive and defensive backs and offensive and defensive linemen. Left to right, they are Larry McClintock, offensive lineman; Ralph Soliz, offensive and defensive back; Terry Harvey, offensive back; Jerry Steed, offensive and defensive lineman and Gary Sullivan, defensive lineman.

from page one

game. Lowe and Company picked up three first downs on their first possession while marching from their own 35 to the Indian 28. But at that point Morton defensive end Dennis Clayton picked up an attempted pitchout that missed the mark and stopped Plains' only serious threat of the game.

From the 32, Morton needed only four plays to score. Harvey rolled for nine to the 43, Elton Patton got one, and Harvey got six more to the 50. On the next play, Harvey slanted over right tackle broke into the secondary and headed for Cowboy country and sprinted over for the first Indian TD.

Mike Bryan's extra-point kick failed, but the Indians had established a 6-0 lead with two minutes left in the opening period.

The Cowboys were plagued with a bad case of fumbleitis, but were alert in recovering five of the seven miscues. The Indians lost two of three, the first coming on a Cowboy punt. The Indians had stopped the Cowboys after the Morton kickoff and forced the host team to kick, but the ball dropped through the hands of receiver Keith Embry and the Cowboys took over at the Morton 35 just as the first period ended.

Plains couldn't move from there against the tough Indian defense that limited the Cowboys to 130 yards rushing. Quarterback Gary Livesay was draped for a 16-yard loss to the 50 and the Pokes had to punt.

Morton couldn't move either, at this point but Embry drove the Cowboys back with a booming 48-yard quick kick to their own 25.

After seven plays, Plains punted back to the Indians who promptly drove to the Cowboy seven in seven plays on good runs by Soliz, Patton, Bryan and Harvey. But the quarterback option pitchout, that worked so well in the scrimmage against Seagraves, was fumbled and the Cowboys took over at the 12. After the Cowboys were forced to punt, the clock ran out on the Indians to signal the end of the first half.

Plains fumbles set up two quick Indian touchdowns in the early minutes of the third quarter. After Bryan's second half kickoff sailed past Cowboy receivers, a Plains sophomore downed the ball at the five. Three plays later, the Indians took over at that point on a John Lowe fumble and Morton needed only one play to send Terry Harvey crashing in for six points. The point-extra try again failed.

With four minutes left in the period, Harvey capped a 46-yard Indian drive with a six-yard scamper for his third TD of the night. After covering Plains' second fumble of the quarter, the Indians moved the 46 yards on nine plays, the longest gain coming on a 10 yard gallop by QB Mike Bryan that set up a first down at the Cowboy 21.

Harvey crashed over right tackle for the two points that gave Morton a 20-0 third quarter lead.

In the waning minutes of the game, the Tribe seemed to have overcome its first half jitters as they scored every time they got the ball. The Indians moved 55 yards in 11 plays for a fourth TD on runs of 14 and 18 yards by Harvey. Ralph Soliz picked up the TD from the two early in the fourth quarter. Mike Bryan successfully split the uprights to make it 27-0.

The Cowboys threatened again as John Lowe carried the ball eight times in succession before the Indians held at the 29, threw Livesay for a one-yard loss and took over at the 30.

Sophomore Willie B. Holland showed the crowd some good moves on a 14-yard scamper to the Plains 23. Three plays later, Bryan found Holland in the open for a 24-yard touchdown pass with a minute and a half left in the game. Bryan again converted to give the Indians a 34-0 triumph.

While the Indians are visiting Friona Friday, Plains will host Sundown who were 20-0 losers to Sudan, Morton's third foe.

for a total enrollment of 1,060.

Routine business was the order of the day at the regular monthly meeting of the district board of education Monday night.

The board approved the payment of bills for the month of August in the amount of \$49,470.27. It also approved the appointment of Fred C. Payne, C.P.A., to make the annual audit of the 1968-69 school records. This audit should be completed by December 1, Travis later told the Tribune.

Travis advised the board that he had given Cochran Power and Light permission to install one or two security lights at the high school building in an effort to cut down on vandalism to the structure.

He also advised the board that, due to an imbalance in the number of second and third grade students, that one third grade class had been eliminated and a third grade teacher had been transferred to the second grade to relieve the overcrowded conditions existing there.

**Mr. and Mrs. Billy Foust and Mr. and Mrs. Gary Willingham,** Bob Green, Lane Mayon, Sherrie and John Mark McDouald, Allen Mauldin and Jane Holloway attended the SMU-Air Force football game in Dallas last Saturday. They were guests of SMU for the game.

## Grain sorghum producer board election has 24 nominations

The grain sorghum producers association revealed today that 24 nominations have been received for the grain sorghum producers board. The grain farmers within a 29 county area, of the High Plains and Panhandle of Texas, will elect 12 men from this list to serve as the governing board for their research and promotion activities, provided the grain sorghum referendum carries by a 2/3 majority.

The election will be held on October 6, 1969. It will be on the same ballot with the referendum proposition. On this ballot the farmers decide whether or not they favor an expanding research and grain sorghum promotion campaign, which will be aimed at improving the net profit in grain sorghum production by assessing themselves an amount not to exceed five cents per ton to carry out this important program.

The names will appear on the ballot in the order of receipt by the grain sorghum producers association. This 12 man board will receive no pay for their services and will be charged with the responsibility of seeing that the five cents per ton is spent on the projects yielding the best returns for the farmers.

Elbert Harp, executive director of GS-PA, said, "We appreciate each of these men agreeing to serve on this board if elected. They will have a great responsibility, as well as a great challenge. One which we feel will be very profitable to the grain farmers in the High Plains and Panhandle."

The nominees are:

- A. W. Anthony, Jr., Friona (Parmer County).
- Don Marble, South Plains (Floyd County).
- K. B. Parish, Springlake (Lamb County).
- Jack F. Jackson, Abernathy (Hale County).
- Gene Smith, Lazbuddie (Parmer County).
- H. L. "Hub" King, Brownfield (Terry Coy Grant, Levelland (Hockley County).
- Delbert Watson, Muleshoe (Bailey County).
- E. C. Witten, Kress (Hale County).
- Pat L. Northcutt, Silverton (Briscoe County).

Glendon H. Eting, Gruver (Hansford County).

Troy Sloan, Spearman (Hansford County).

A. R. Dillard, Hereford (Deaf Smith County).

D. N. Gamblin, Sunray (Moore County).

Ralph B. Mabry, Petersburg (Lubbock County).

John Gilbreath, Hart (Castro County).

Lee Hill, Dalhart (Hartley County).

C. C. "Pap" Reed, Kress (Swisher County).

Melvin Barton, Dimmitt (Castro County).

C. P. Smith, Hale Center (Hale County).

Vernon Tiry, Texline (Dallam County).

Charles Heck, Jr., Nazareth (Castro County).

Gaston Wells, Dumas (Moore County).

Larry Witten, Olton (Lamb County).

At press time there had been no nomination of a candidate from Cochran county, but association officials stated that they were continuing to search for a person to accept nomination for the post. They hope to have a local candidate accept the nomination in time to get his name on the ballot before the election deadline.

### "NOW"

A lifetime spin-on oil filter for cars, trucks, tractors, and irrigation motors. Cleans oil 100 times cleaner than equipment or replacement "spin-on" filters. Never change oil again — NEVER. Change the throw-away element every 3,000 miles. Cost is 15c. Save replacing oil. Save the cost of "spin-on" filters. Double the life of any engine. No installation cost. Just "spin-on." David McDaniel arrived home Friday from Vietnam where he has been for several months.

The Rev. Dale Cain from Fort Worth did the preaching in the Bula revival last week. They had an all church dinner last Sunday and reported a good revival. They organized a young married Sunday School class to begin October 1.

Mrs. Rodney Claunch, the former Miss Scarlett Hatley, was honored with a wedding shower Saturday from 3 till 5 p.m. in the Bula School lunchroom. Guests were registered in the bridal book by Miss Diane Crume. Miss Donna Hatley, sister of the bride, registered the gifts.

The serving table was covered in white net over white, centered with a brandy snuffer holding an arrangement of pink roses with a miniature bride and groom standing underneath the vase. Pink satin bows complimented the corner drape of the table covering with pink satin bows

and wedding rings hanging from the center of a cart covered in white net at the center of the table drape. White cake squares decorated with pink roses and pink punch were served by Miss Terry Claunch sister of the groom, and Miss Sheila Medlin.

The honoree was presented a clothes hamper and an electric blanket by the hostesses.

The Honoree was assisted in opening her lovely wrapped gifts by her mother, Mrs. Hatley and the groom's mother, Mrs. Robert Claunch.

Hostesses were Mesdames: E. O. Battles, Larry McCain, Fred Locker, C. A. Williams, Clyde Hogue, Dewitt Tiller, R. B. Wright, Wanda Legion, Raymond Austin, P. R. Pierce, R. T. Newton, Leo Holt, Gene Bryan, John Latham, Bill Sowder and J. R. Taff.

Mr. and Mrs. Jewel Bryant and Mrs. Dale Gerred and Susan spent the weekend visiting in the home of the W. M. Bryants. Mrs. Jewel Bryant and Mrs. W. M. Bryant are cousins.

Morris Peterson of Brownfield visited his parents, Mr. and Mrs. W. B. Peterson over the weekend and took his wife and baby home after they had been staying with his parents the past two weeks.

Mrs. George Fine visited in the home of her daughter, Mr. and Mrs. Erwin Campbell in Levelland Sunday.

The third annual Hodges Reunion was held at the Lamb County Community Center Building Sunday September 6. Those attending were Mr. and Mrs. W. M. Bryant of Enochs, Mr. and Mrs. Jewel Bryant, Mrs. Dale Gerred and Susan from Quannah, Mr. and Mrs. J. R. Hodges from Spade, Mr. and Mrs. D. D. Hodges from Longview, Mr. and Mrs. Earl James and Don, Mrs. Justine Brasher, Kathie, Tere- Plainview, Mr. and Mrs. Bennie James, Garry and Cindy from Tulia, Mr. and Mrs. Ronnie Knoy and Crystal from Portales, N. M., Mr. and Mrs. Joe Hodges, Teresa, Scott, Kelly and Amy from Artesia, N. M., Mrs. Lee Niblet, Mike and Lee Ann from Andrews, Mrs. Bob Wetherbee from Goldsmith, Mr. and Mrs. Albert Hodges from Dallas, Mr. and Mrs. Harold Henderson from Allen, Mr. and Mrs. S. A. Hodges, Brent and Gregg from Happy, Mrs. Ruby Hodges, Mr. and Mrs. Kenneth Hodges and family from Hale

COTTON MODEL WINNERS...

THE ABOVE FIVE models were division winners in the "Sew It With Cotton" contest held at the County Activities Building last week. Tommye Brown, center, was named grand prize winner for the over-all excellence of the garment she is wearing. Other winners, left to right, Connie

Joe Faust, School Times division; Tressa Brown, Junior Miss division; Mrs. Brown, Made to Model division; Marilyn Cade, winner in both the Teen Time and Sports divisions and Debra Young, Sugar Plum division.

## Cotton Institute says results meaningful, urge continuation

Although Cotton Producers Institute programs are only mid-way in the second year of operation, some meaningful results are being achieved.

This was noted here this week by Roy B. Davis, Lubbock, Texas, after CPI activities had been reviewed and recommendations for a \$10.6-million cotton research and promotion program had been presented to the Cotton Board for 1970.

This would continue the \$1-per-bale effort initiated by growers when they approved the Cotton Research and Promotion Order in a referendum late in 1966.

Mr. Davis is secretary of the Cotton Board. The Board administers the Cotton Research and Promotion Act and Order and collects the \$1 per bale. It contracts with a cotton producer organization (CPI) to develop and conduct the program. The program is serviced by the National Cotton Council.

"The Cotton Board has completed its second successful year and currently has collected \$1 per bale on slightly more than 98 per cent of the cotton," Chairman G. C. Cortright, Rolling Fork, Miss., reported to the Board and approximately a hundred Alabama cotton industry leaders.

He cautioned, however, that "cotton still faces the greatest challenge in its history in its competitive battle for survival against man-made fibers."

Mr. Cortright said it would not be necessary to deduct funds from \$1-per-bale receipts in order to operate the Cotton Board. He explained that returns on short-term investments in approved government securities, prior to turning funds over to CPI, will yield an interest revenue of at least one-fourth more than the total Cotton Board budget.

Reporting on the CPI program, the Cotton Board chairman said new permanent press processes already have been de-

veloped for cotton fabrics and contracts are being negotiated for commercial use. New and better insect control methods have been developed. He also pointed out that many of cotton's traditional markets, such as shirts, are being fortified through promotion.

The reports and recommendations for 1970 were presented by CPI Vice President Howard Alford of Lubbock, Texas, and National Cotton Council staff members.

The reports cited: (1) promising new approaches to control of the boll weevil, bollworm, and pink bollworm; (2) findings that could lead to improved planting and better stands; (3) a systemic fungicide which, in tests, gave good control of verticillium wilt; (4) development of the vapor phase process for durable press cotton fabrics and improvement of the wet-fix process; and (5) work to combine durable press with fire resistance.

It was noted also that: (1) more than 145 retail companies are cooperating with CPI in newspaper advertising to boost cotton sales in more than 600 stores;

(2) promotion with big volume sports-wear and swimwear manufacturers is paying off; (3) designers and buyers can view and select the latest cotton fabrics from CPI libraries in New York, Los Angeles, and Dallas; (4) local promotion is expanding significantly in the Cotton Belt; and (5) expansion in sales training, events, and market press week projects is spurring retailer interest in cotton.

### Gail socks it to Bula in 1969 football debut

Bula went down to defeat before a hard-running Gail team in the debut of both squads in the 1969 grid season Friday night.

Joe Hardin, Gail scatback, scored three times as his team swamped the hard-fighting Bula team 40-14.

Two of the Gail TD's were in the first with Rick Hendley and Charles Billeck scoring. Harding added two points. Harding's first TD was in the second to make it a 20-0 game at halftime.

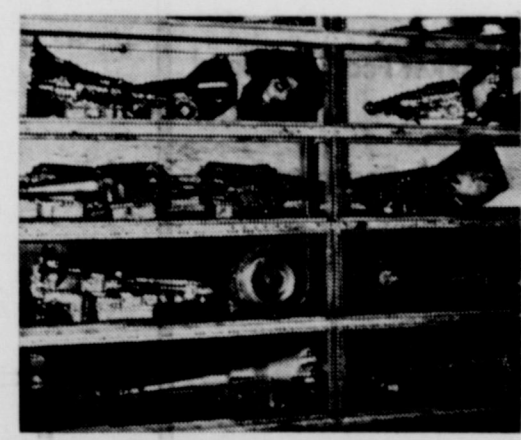

Bula scored on a 5-yard run in the third by Ron Risinger and Hendley scored.

Harding scored twice in the fourth and Tom Newton scored on a pass from Risinger. Newton added the final two points.

Center and Mr. and Mrs. Frank Bryant, Sherry and Mark from Slaton. Others who dropped by to visit in the afternoon were Mr. and Mrs. Roy Hutson, Mr. and Mrs. John Bryant, Mr. and Mrs. Wade Streety, Gina, Robin, Timothy, Shawn and Sherrel.

## About local folks . . .

## White okays grain sorghum referendum vote for October

Mrs. Anos Taylor returned last week from the Methodist Hospital where she underwent neck surgery.

Mr. and Mrs. Jack Baker have returned from a visit in Paris and Arkansas.

Mr. and Mrs. Ralph Merritt are in town at Brown Clinic undergoing treatment.

Mr. Jimmie Joyce, son of Mr. and Mrs. James Joyce and grandson of Mrs. James Moore is home on leave from the U.S. Army. Jimmie is a 1966 graduate of Morton High School and attended Lubbock Christian College for two years. After his leave, he will report to Virginia for duty.

Mr. Willie Moore, son of Mr. and Mrs. James Moore is home on leave after completing basic training at Fort Ord, California. Willie is an 1968 graduate of Morton High School, and will report to San Diego, Calif. for assignment in Vietnam.

Mr. and Mrs. Ray Griffith spent last weekend in Ruidoso.

Mrs. Ken Morgan, Jr. and son Tracy, of Deconomoc, Wisconsin spent Friday and Saturday in the home of Mr. and Mrs. David Miller.

Mrs. Thelma Turney and family spent the weekend in the home of her daughter, Mrs. Robert Hightower and Carrie of Lubbock.

Judi Smith of Lovington, N. M. spent the weekend in the home of her mother, Mr. and Mrs. E. C. Hanna. The Hannas took Judi to Austin to take her State Board Examination for Beauty school.

Mr. and Mrs. Wallace Stalcup and children of Lubbock are visiting in the homes of his parents, Mr. and Mrs. W. O. Stalcup and her mother, Mrs. S. E. Davis and Lee Ray.

Recent visitors in the home of the L. W. Barretts were his brother, Mr. and Mrs. Herbert Barretts of Canyon, their grandson, Mr. and Mrs. Ray Hogan of Burlington and friends from Plains, Mr. and Mrs. D. C. Newsom.

Mr. and Mrs. James Hooper and Becky of Lubbock spent the weekend in the home of his parents, Mr. and Mrs. Walter Reeves.

Mr. J. L. Nation has returned home after having surgery in a Lubbock hospital.

Fred Saunders of Monahans has been visiting with his mother, Mrs. Hessie B. Spotts.

Mr. and Mrs. Oscar Coats visited with their daughter and husband, Mr. and Mrs. Herman Carruth and son of Amarillo last weekend. While there, they enjoyed seeing their grandson play football in Canyon. Young Carruth goes to school in

The Grain Sorghum referendum ballots for the October 6th producers check-off vote has been approved, according to Agriculture Commissioner John C. White.

Grain Sorghum producers in a twenty-nine county area of the High Plains and Panhandle will be involved in the referendum vote, White said. They will be required to complete three major sections on the ballot.

The first section includes the self-assessment proposition. Candidates for a twelve-man Commodity Producers Board are listed in the second section. Growers must indicate last year's production in the third section of the ballot.

"All voters," Commissioner White stressed, "are eligible to vote on members of the Commodity Producers Board regardless of whether they voted 'yes' or 'no' on the referendum proposition. The decision of the Board will affect all producers in that area if the referendum passes."

Growers who had no production during the last crop year are still eligible to vote, White explained. However, they must certify on the ballot that they are new producers.

Ballots must be mailed to the polling sites before midnight, October 6th. They will be counted by a committee consisting of the County Judge for the area affected, a representative of the Texas Agricultural Extension Service, a representative of the Texas Department of Agriculture, observers from the Grain Sorghum Producers Association of Lubbock, and other persons deemed necessary. All election proceedings must be approved by the Commissioner of Agriculture.

Miss Deann Coats of Lubbock spent the weekend with her parents, Mr. and Mrs. Kenneth Coats.

The Rev. Austin Steadman, who was engaged in a series of meetings with the Fifth Street Missionary Baptist Church of Levelland, enjoyed visiting in Morton last Thursday afternoon. He is a former pastor of the First Missionary Baptist Church of Morton and is now with the Carrolton Missionary Baptist Church.

END OF THE LINE . . .

JEREL MURRAH, son of Morton High School history teacher David Murrah, poses as a successful explorer as he stands atop the railway tie that marks the end of the Santa Fe line on the New Mexico border just west of Bledsoe. The tracks stop at this point even though the grading and right of way continue to the west. The tracks were laid in 1925 and have played a major role in the development and history of Cochran county.

## Underprivileged express doubt concerning community center

The welfare program recently proposed by the newly formed Cochran County Community Action Committee has evidently been received with a certain amount of doubt by the underprivileged families that were the object of a survey conducted by the organization over the past two weeks.

The Committee met September 9 in the Eastside School Building. Mr. George Tiner of Lubbock and Mr. Howard Madera served as coordinators and gave the result of the recent survey in tabulated form.

The families surveyed were very enthused over the proposed activities of the neighborhood center but were very

doubtful that it would take place.

Over 300 families were interviewed for the survey and two-thirds were willing to donate their time and efforts to help maintain a neighborhood center for the improvement of the community.

According to the statistics given by Mr. Madders, one-fourth of the families in Cochran County receive an income below the poverty threshold.

Committees were appointed to investigate the following areas: health, education, industrial education, housing, employment and child care.

An operational budget is subject to approval by the Lubbock area Planning Committee. This committee is made up of nine counties with each county having three members. Cochran County is one of these counties having three members on the committee. The committee meets September 30 to approve the budget.

Applications will be accepted for a staff employee to start work about October 1st at the Center, providing the budget is approved. Interested persons from the target areas may apply to any of the following: Kathrine Joyce, 320 E. Madison or phone 266-5228, Patricia Trejo, 213 S. W. 7th, phone 266-8678 or Evelyn Seagler, 609 Buchanan, 266-5858.

The center plans to keep an employment bulletin board, until it is open Mrs. Maurice Lewallen has volunteered to keep the bulletin board in her home. Anyone seeking employment may call her at 266-5549.

The next meeting of the committee will be October 14 and all interested persons are invited to attend.

## Luper receives Air Medal for heroism in Vietnam combat

Chief Warrant Officer Howell R. Luper, son of Mr. and Mrs. C. E. Luper of Morton, has been awarded the Air Medal with first to the 33rd Oak Leaf Cluster for heroism in combat in Vietnam.

Luper, an Army Cobra helicopter gunship pilot, recently returned from a year's tour in Vietnam where he flew in support of ground forces in combat. He is presently on leave and will report soon to Fort Hunter, Georgia where he will serve as a Cobra helicopter pilot instructor.

The citation accompanying the award of the medal reads in part:

For heroism while engaged in aerial flight in connection with military operations against a hostile force: Chief Warrant Officer Luper distinguished himself by exceptionally valorous actions while serving as leader of a light fire team of AH-1G helicopters at Can Tho. The fire team was dispatched to assist friendly units in heavy contact with a well armed enemy force. Sighting a .30 calibre machine gun position which was raking the friendly units with intense fire, he took it under fire and quickly neutralized it. Following this attack, he engaged a .50 calibre machine gun position and silenced it. Then a long burst of machine gun fire severely damaged the wing ship, which began spinning violently to the right and crashed close to the enemy positions. Chief Warrant Officer Luper quickly maneuvered his aircraft between the downed aircraft and the enemy in order to draw the enemy fire away from the stranded pilots. Even after his ammunition was expended, he repeated this maneuver and remained in the area until the downed crew was safely evacuated from the area. His actions were in keeping with the highest traditions of the military service and reflect great credit upon himself, his unit, and the United States Army.

## Three Way blasts Dawson in opener

The Three Way Eagles football team opened the 1969 campaign with a convincing 68-36 win over Dawson Friday night.

A 24-8 lead in the first quarter helped the Eagles roll on to their final score in the eight-man game.

Mike Roberts and Johnny Ferguson got three early Eagle touchdowns before Ronnie Hendon scored for Dawson on a 20-yard pass from Paul Cordona. Ferguson and the Dragon's Ray Keener traded TD's in the second.

Two runs by Ferguson were offset by two more Cordona TD passes in the third which ended with Three Way leading 46-28.

Jerry Roberts, Geno Abbe and Allen Joyce all added to the Eagle score in the fourth, with Cordona tossing his fifth touchdown pass for Dawson.

## Laurene Hulse-Jerry Luper united in candlelight service

Miss Laurene Elois Hulse and Jerry Greer Luper pledged nuptial vows in a candlelight service at 8 p.m. Friday in the chapel of the First Baptist Church of Brownfield.

Parents of the couple are Mr. and Mrs. R. G. Herron, Brownfield and Mr. and Mrs. Carlton E. Luper of Morton.

The Rev. Ed F. Crow, minister of the First Baptist Church, stood before the altar of fan candelabra and votive candles and greenery as he read the double ring service. Flanking the altar were tree candelabras accented with pink carnations. The bridal aisle was marked with votive candles trimmed with ivy.

Janice Jordan and Mrs. Karen Hulse, vocalists, were accompanied by Mrs. J. E. Luckie at the organ. Included in the traditional wedding music were "Wedding Prayer," "Twelfth of Never" and "Theme song to Romeo and Juliet."

Given in marriage by R. G. Herron, the bride wore a gown of candlelight peau-de-soie featuring elbow length sleeves, portrait neckline and the back panel extending to the hem. A trellis design of pleats fell to a wide chapel train. A crown of pearls held the veil of silk illusion outlined with lace and pearls. The bride carried a colonial bouquet of white roses and carnations cascading into ribbon streamers.

She carried out the tradition of something old, a gold necklace of garnet and pearl belonging to her grandmother, Mrs. L. R. Riney of Brownfield; something new was her wedding gown; the bride's veil was borrowed from Mrs. Carroll Gene Hulse, sister-in-law of the bride. The veil was designed and made by Mrs. Hulse for her wedding.

Miss Peggy Herron, the bride's sister was maid of honor. Miss Jeanette Childs of Morton and Mrs. Ray Luper of Lubbock, the bride's sister-in-law, were bridesmaids. They wore street length dresses in plum color in wrap around design accented with ruffles around the neck and

down the front. Their headpieces were of pink silk illusion, enhanced with pink velvet bows. Each carried a colonial bouquet of pink carnations surrounding a votive candle.

Best man was Ray Luper, brother of the groom, from Lubbock. Groomsmen were Dick Vanlandingham of Morton and Phil Brummett of Lubbock.

Ushers were Leland Hulse of Lubbock, Carroll Gene Hulse of Denver City, John Herron of Reese Air Force Base and Grady Herron of Brownfield, all brothers of the bride.

Candles were lighted by Rose Marie Tubb of Wellman and Candy Cooper of Brownfield. They wore pink dresses with matching accessories. Tricia Murphy served as flower girl and wore a pink dress, a headpiece of pink carnations and carried a basket of pink roses and carnations.

A reception followed in the Fellowship Hall of the church.

The bride's table was covered with white satin trimmed with satin bows and bells and centered with a white candelabra with pink carnations and greenery. The three-tiered wedding cake was decorated with white doves and pink roses. A silver punch service completed the setting. Mrs. Phil Brummett, sister of the groom served.

For a wedding trip the bride chose a rose A-line dress of dacron with matching cape and white accessories, her corsage was lifted from the bridal bouquet.

Mrs. Luper is a graduate of Wellman High School and attended South Plains College and Lubbock School of Key Punch. She is employed at City of Lubbock in Data Processing.

Luper is a graduate of Morton High School and attended South Plains College and is now attending Commercial College, Computer Programming. He is employed by Burgett Wholesale Floral in Lubbock.

The couple will reside at 409 University in Lubbock.

Mrs. Jerry Luper

## Emlea Smith Study Club honors Mrs. R. Fralin

The Emlea Smith Junior Study Club held its annual President's Dinner Thursday, September 11, in honor of this year's president, Mrs. Rodney Fralin. The dinner was held in the home of Mrs. Ed Polvado.

A western theme was carried out as the social committee served dinner to members and their guests.

Members attending were Mesdames: Richard Houston, Ray Tucker, Doug Reed, Jay O'Brien, Bob Polvado, Ronald Cole-

man, Ted Whillock, Don Lynskey, Keith Price, Robert Terry, Loy Kern, Mike Doss, Sherrill Griffith, James Dewbre, Earl Polvado, Tom Davey, Bill Foust, Jimmy Harris, Rodney Fralin, Jim Pat Claunch and Gary Willingham.

Guests for the evening were Mesdames: Lester Dupler, Tom White, Tommy Thompson, Tacker Glenn, Nedra Hodnet, Clem Kuehler, Ronald Mayberry, Robert Taylor, Carl White and Mr. and Mrs. Leon Kessler.

Mrs. Winston Daily Ward

## Janis Moore-Winston Ward say vows in Odessa ceremony

Wedding vows were read for Miss Janis Raye Moore and Winston Daily Ward in a double ring ceremony at 7 p.m. in the Crescent Park Baptist Church in Odessa. Officiating was the Rev. C. B. Hogue.

The bride is the daughter of Mr. and Mrs. Ray Moore of Odessa. She graduated from Permian High School and Odessa College.

Parents of the bridegroom are Mr. and Mrs. C. W. Elliott of Route 2, Morton.

A graduate of Morton High School, he attended South Plains College and is employed as an accountant with Swall's Tank, Inc. in Odessa.

Given in marriage by her father, the bride wore a formal gown of satin sheer organzine and peau de ange lace. The sheer modified cage silhouette was enhanced with seed pearls and crystal beads on the molded high bodice, above the cuff line of the full bishop sleeves and scattered motifs accented the front flaired skirt. The bodice was designed with bateau neckline and lace motifs, and flowed into a full chapel train from double rolled fabric roses at the back neckline. Her multitiered veil of silk illusion was attached to a forward cluster of lace flowers outlined in bridal pearls. She wore a single strain of pearls, a gift of the groom and carried a white

orchid surrounded by white rose buds and English ivy.

Sara Trigg of Snyder was maid of honor. Other attendants were Alyson Greene, Evelyn Brantly and Marsha Riley of Odessa. They wore floor length gowns of pink crepe backed with white taffeta and carried bouquets of pink roses and white spider mums highlighted with English Ivy.

James Stevens of Denver City was bestman and groomsmen were James Sheffield of Odessa, Jim Moore, brother of the bride from Dallas and Bryan Brownfield, cousin of the bridegroom from Odessa. Ushers were Bill Conner and Buddy Snowden.

Flower girl was Michelle Haggard and Ring Bearer was Brent Brownfield.

Ron Etheredge sang "Because" and "The Lord's Prayer" accompanied by Mrs. Ed Porter, organist.

Mr. and Mrs. Ward greeted guests at a reception in Fellowship Hall of the Church before traveling to Corpus Christi and Padre Island on a wedding trip. They will make their home at 1300 E. 8th, Apt. B-1 in Odessa.

## Whiteface HS '69-'70 class officers elected

Whiteface High School elected class officers last week.

Heading the Senior class this year will be: Stormy Goble, President, Jerry Brownlow, Vice President, Marilyn Sharp, Secretary, Carolyn Caffey, Treasurer, and Wesley Dupler, reporter.

Juniors elected were: Owen Roberts, President, Pat Weeks, Vice President, Buttons Sanders, Secretary, Linnie Hodge, Treasurer and Gary McCoy, reporter.

Elected for the Sophomores were: Bobby Moseley, President, Pam Cagle, Vice President, Teresa Dupler, Secretary, Bill Bowers, Treasurer, Gary McCoy reporter and Steve Sims and Buttons Sanders were chosen class favorites.

Leading the Freshmen will be: Martha Frazier, President, Ricky Summers, Vice President and Cathy Stull, secretary.

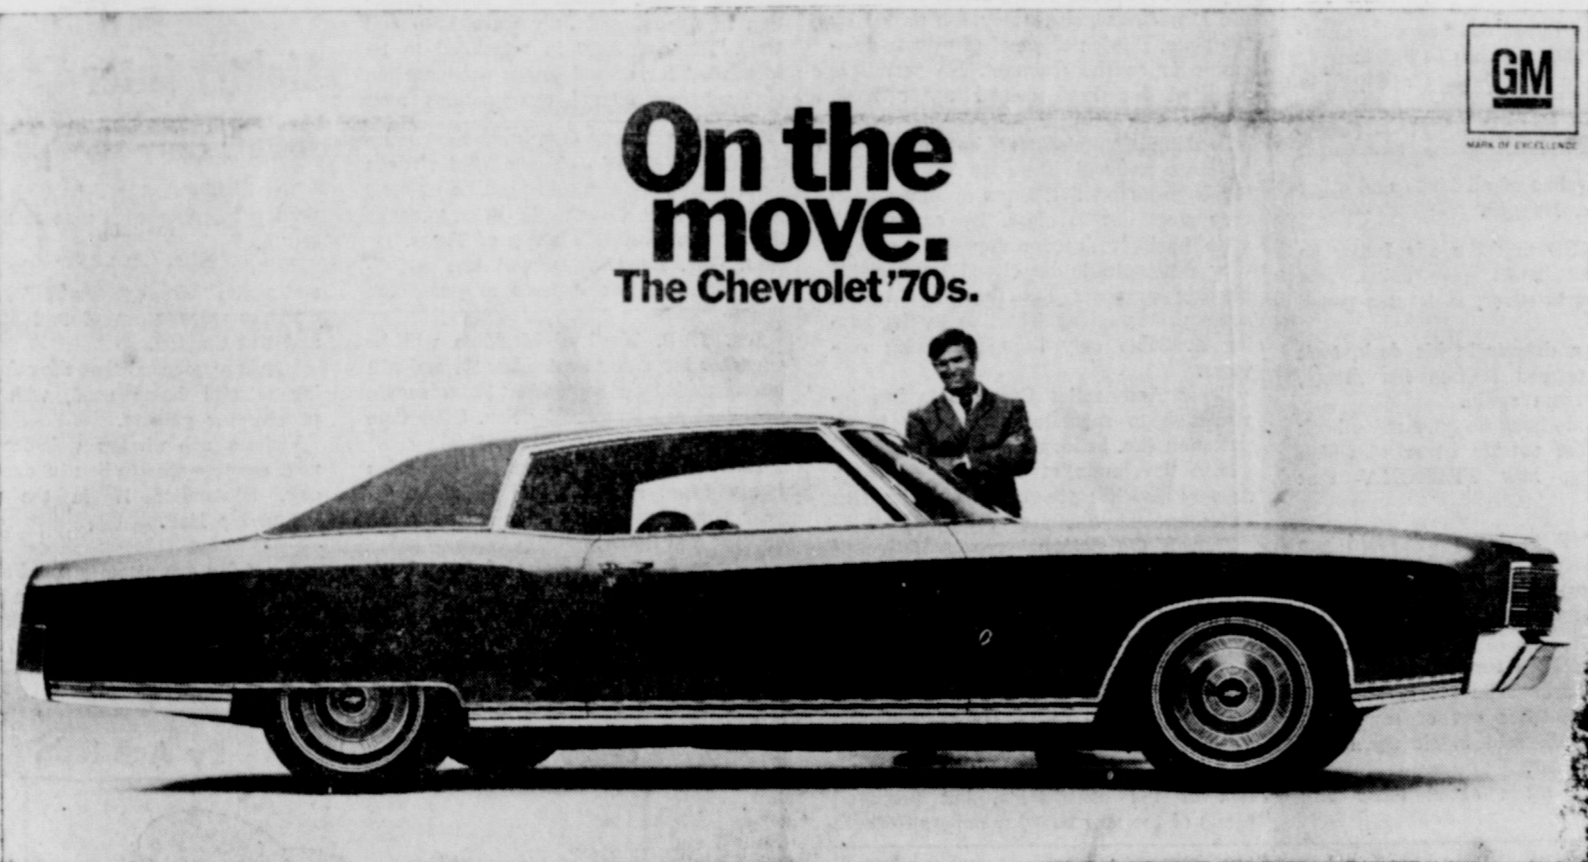

## Carlton E. Luper host rehearsal dinner party

Mr. and Mrs. Carlton E. Luper were hosts at a rehearsal dinner Thursday at the Holiday House in Brownfield.

The dinner was in honor of their son, Jerry Greer Luper and his bride-to-be, Laurene Elois Hulse, daughter of Mr. and Mrs. R. G. Herron of Brownfield and their wedding party.

Seated at the head table were the parents and engaged couples. Decorations included pink candles and a center piece of plum and shades of pink roses carrying out the bride's chosen colors.

The couple were married Friday night in the chapel of the First Baptist Church in Brownfield.

## The Farmer's Wife

By Libby Mudgett

THERE'S NOTHING like a small town bank.

Even when they're mad at you, they're better than a big city bank that isn't.

Now if you want to be judged strictly by the money you have on you instead of by the money you owe, go to a city bank.

Then you'll be glad that you owe a small town bank.

I WENT INTO this city bank to open an account for a little spending money for a dependent. The sign on the outside said that this particular bank was FRIENDLY.

I stood in the middle of the lobby wondering what to do next, my only experience with banks being small town ones.

People rushed everywhere. Everybody was busy. Nobody said nothing.

FINALLY, I wondered aloud at the top of my lungs where in thunder was I supposed to go to open an account. That made everybody FRIENDLY. Very.

A very friendly man with a very friendly smile, a friendly diamond searchlight on his finger, and a Botany 500 suit on his skinny friendly frame, ushered me into his friendly carpeted office and pulled up a friendly upholstered chair for me.

I RESTATED my intentions, he got even friendlier and filled out a form of some kind in a friendly manner.

I laid a ten dollar bill on his desk. He gave a friendly laugh and said oh no, there was no charge for opening an account in this friendly city bank.

I asked what did he mean charge,

that was the account.

THAT'S WHEN things got UNFRIENDLY.

His friendly smile turned into a sour expression and he said that wouldn't even cover the overdraft charges.

I asked him how come he thought there would be any of those.

He said with no more spending money than THAT, there was bound to be.

I DECIDED he had a point there and put another ten on his desk.

He said well, at least maybe that would pay for the dependent's name to be printed on their checks, but it wasn't about to pay for even the bookkeeping expenses.

I dug into my purse and came up with another ten, grumbling about how many hours of thinking and typing that represented.

HE SAID if we kept on like that, ten at a time, we might eventually get up to where it didn't cost the bank to handle this account.

That rankled, so I pulled out another ten, threw it on his desk and asked where was my gift.

His unfriendly expression was replaced by a truly shocked one as he asked what gift.

I TOLD HIM not to kid me, I watched television and people opening accounts in city banks always got a gift.

He said I must be thinking of savings and loans.

I told him he'd just gotten my savings and I wanted a gift.

I threw down my last ten and he said he'd see what he could do.

He left and came back with a deposit

# STATE Capital NEWS

By VERN SANFORD

AUSTIN, Tex. — Legislators closed out 44 days of special session conferences over taxes and finance.

Texas' \$348.6 million tax bill, which takes effect October 1, includes:

An increase from 3 to 3.25 per cent in the general sales tax rate and inclusion of beer and liquor in the tax base for the first time.

A boost in the cigarette taxes from 11 cents to 15.5 cents a pack.

Increase in corporation franchise tax from \$2.75 to \$3.25 per \$1,000.

Change in corporation franchise tax allocation formula to include out-of-state concerns which sell products in Texas (food and drugs exempt).

Raise in natural gas tax from seven to 7.5 per cent of value.

Levy of five cents a drink on alcoholic beverages sold in private clubs.

A RECORD \$5.8 billion biennial appropriations bill — \$313.8 million above the present general revenue spending level — would provide a \$205.6 million increase for education, \$58 million more for health, hospitals and youth corrections, \$62.2 million increase for medical aid to the needy and a 10.4 per cent increase in state employees' pay.

When the major business of the session was over, legislature turned to other matters submitted by Gov. Preston Smith which included:

Creation of 28 new district courts over the state.

Establishment of an antiquities code, setting state policies for historic and scientific explorations on state-owned lands.

Removal of the statutory interest rate limits on state and local government bonds.

A variety of "clean beach" legislation. Authority for creation of a non-profit corporation to provide deposit insurance for state banks and savings and loan associations in the \$15,000 to \$100,000 range.

LAWMAKERS RAISE \$ ALLOWANCE Before departing for the hinterlands, legislators voted themselves increases in their contingency funds.

House raised its allowance for each representative from \$450 to \$875 monthly during the interim between legislative sessions. Senators raised their expense maximum from \$1,000 a month to \$1,700.

Legislators in both houses are paid a salary of only \$4,800 a year.

INSURANCE PROBE ENDS — Govern-

ment checks, slips of all kinds and other assorted junk. No gift.

I REMARKED that the ads I saw on TV said most banks gave china, real china, sometimes silver, at least a pencil and pen set.

He opened a drawer in his desk, took out a pill, popped it into his mouth, and left the room again.

When he came back he gave me a book of matches, the outside cover of which kept repeating how FRIENDLY that bank was.

I STOOD UP to leave and said gee thanks.

He said I was welcome.

I asked where did I go to see about a loan, I was going to have to float one in order to get back home.

He turned psychedelic green, snatched the book of matches out of my hand, took another pill, said to sit down and we'd start all over.

See what I mean about those city banks?

nor's committee studying a proposed 11.4 per cent auto insurance rate increase recommended that the State Board of Insurance reduce insurance companies' expense allowance for acquisition of physical damage insurance from 25 per cent to 22.5 per cent of the premium dollar. This would scale down the proposed \$43 million overall increase by about \$6.6 million.

Committee found an increase in premiums "inevitable primarily because of the large increase in automobile accidents and costs of repairs in 1968."

Otherwise, said former Gov. Price Daniel, chairman of the nine-member committee, the increase is "conservative compared with rates in other states, lower than most states."

Committee also recommended that investment income derived from auto insurance premiums and loss reserves be considered directly by the Board in determining allowance for profits and contingencies.

Governor Smith said he would make no statement on the report until he has studied it with his staff.

NEW COURTS CREATED — Total of 28 new courts will begin functioning over the state as soon as Governor Smith appoints judges to fill the benches. Twenty-seven were created in a package bill and another in a single-shot measure.

Big cities will get the bulk of the courts. Harris County alone will have six, Dallas five, Bexar and Tarrant two each. One new court each will serve the counties of Nueces-Cameron-Willacy, Anderson-Henderson-Houston, Kerr-Bandera-Kendall-Menard-Concho-Kimble-McCulloch, Potter and Randall, Bell, Jefferson, Brazoria, Denton, Angelina, El Paso, Gregg and Hunt.

AG OPINIONS — A person whose driver's license has been suspended must furnish proof of a valid policy of auto liability insurance or other proof of financial responsibility to get an occupational license, Atty. Gen. Crawford Martin has held.

In other recent opinions, Martin concluded that:

All dredging of bay bottoms requires a permit from the Texas Parks and Wildlife Department since they are owned by the state. Burden of proof of private ownership is on the claimant. No permit is required for land owned under fresh water.

Banking Commissioner has no power to force national banks to stop accepting deposits on Saturdays or other days they elect not to close. He can permit state banks to accept deposits on days they designate to be closed for general banking purposes but they would lose some protection against liability by having available only limited banking services.

Texas Aeronautics Commission has jurisdiction to regulate for-hire air transportation (i.e. helicopters) wholly confined within the limits of any city or town. Agency also has power to seek injunctive relief against violators of its orders.

Though the personal representative of an estate is not required to give acceptance for costs, he is required to pay specified costs set out in law at the time of filing a proceeding in probate.

Office of the ex-officio member of the Texas Air Control Board has been abolished by the Texas Clean Air Act effective September 1.

Psychologist licensing act is not in violation of the constitution, but proposed terms of the new board members — three

## Conservation District News

From the Office of BUDD FOUNTAIN

Generally stubble mulching is thought of as a means of controlling wind erosion. This is true but stubble mulching has other important uses. Stubble mulching improves water infiltration, and improves the physical condition of the soil, reduces soil crusting and reduces evaporation.

Much progress has been made in the adaptation of machinery and proving the economic merits of stubble mulching in the lower rainfall areas where wind erosion is the most common erosion problem. Greater progress along these lines has been made for small grains than for row crop farming.

Mulch on the surface of the soil is Nature's process of building and maintaining a desirable soil condition for plant growth. Mulch left on the soil surface builds up the organic matter content in the five inch surface layer of soil faster than when comparable quantities

years — are not in conformity with the constitution which prescribes six, four or two year terms.

APPOINTMENTS — Governor Smith named Dr. Elmer Baum of Austin, state Democratic chairman, to a two-year term on the State Banking Board, succeeding Robert S. Strauss of Dallas.

Smith named Field Scovell of Dallas to the Board of Regents of Texas Tech University, replacing Charles D. Mathews who moved to the State Insurance Board. Senate promptly confirmed the appointments.

Governor named to the Board of Regents of Texas State Technical Institute Harold Glen Tate of Austin, Francis Verle Wallace of Amarillo, Russel Breckenridge Watson Jr. of Tyler, Joe J. Garza of Hartlingen, Henry Clyde Schulte of Teague, Richard Lanier Thomas of Dallas, John Henry Kultzgen of Waco, John W. Niglizzo of Hearne and James Yancey Price of Lubbock.

Richard S. Robertson has been named to the job of state classification officer. He succeeds Everett L. Anschutz who joined the state employees retirement system.

OCTOBER DRAFT QUOTA SET — Texas' October draft call is 1,461, reports Col. Morris Schwartz, state Selective Service Director. This is 237 less than September.

National quota is 29,000 of which 27,600 will go to the Army and 1,400 to the Marine Corps. Called for State induction in August and July were 1,548 and 1,170. Total of 8,906 is scheduled to be forwarded for armed forces pre-induction physical and mental examinations next month in preparation for future calls.

SHORT SNORTS — Texas A&M's Texas Transportation Institute got a \$70,000 grant from the Governor's Office to make an air transportation study of Texas.

Lt. Gov. Ben Barnes will hire a full-time staff of tax experts to guide the Senate.

Sen. J. P. Word of Meridian will be governor for a day September 20, and will be succeeded on September 22 as senate president pro tempore by Sen. Criss Cole of Houston.

Texas cities levying local option sales tax will get an additional \$5 million a year (rough estimate) from the new tax on beer and liquor.

Citizens Bank and Trust of Iowa Park (Wichita County) and First State Bank of Pottsboro seek charter from the State Banking Department.

of material are turned under. The decay of plant residues and formation of decomposition products that stabilize the soil aggregates takes place mainly at the surface where it is most needed. Therefore, it makes a greater contribution to soil aggregation.

Erosion is a selective process. Light weight organic matter and fine soil particles are the first to be carried away by wind or water. Eroded materials contain several times more of the main elements of fertility, organic matter, nitrogen, phosphorous, and potassium than were contained in the original soil. The surface residues break up the water films that restrict infiltration.

In addition, the mulch intercepts the raindrops and minimizes the disintegrating effect of their impact on the soil granules. The soil is pulverized less by the disks of the one-way or tandem plows.

Sweeps or blades are the only implements that will do a thorough job of leaving residues on the soil surface. These run flat under the soil surface leaving the stubble residues in an almost normal position. Thirty inch sweeps are considered about the minimum size that will do the best job of mulching and eliminating growing vegetation.

The first time over the land, the plow should be set to the maximum depth desired during the period of land preparation for the next crop, usually about four or five inches. Each succeeding plowing should be at a lesser depth, to prevent forming a plow pan.

Residue on the soil surface is reduced with each plowing by this amount with different types of equipment. Large sweeps (stubble mulching) 10%, close spaced sweeps 15, tandem disk 25%, one-way plow 50.

Some crops that are suitable for stubble mulching are: wheat, rye, oats, barley, sorghums, sudangrass and millet.

A few additional points to keep in mind when considering stubble mulching.

Density of stubble is important in controlling blowing.

The stubble height for row crop sorghum and sudan should be about 10 to 14 inches. A 4 to 6 stubble inch height left on drilled crops.

Limit grazing to maintain the amount of residues needed for soil protection.

To be most effective and good results obtained, stubble mulching should be practiced along with the other management practices on the farm.

## Lighter Later Tops meet Wednesday

The Lighter Later Tops Club met Wednesday morning with nine members present.

Wilma Doffe presented the program and a film "Simply Beautiful" was shown. Prizes were awarded to Mildred Odum and Pat Clayton.

It was announced that the calorie counting is still being used, with a heavy penalty for gainers.

Visitors are always welcome and the next meeting was to be at 9 a.m. Wednesday, September 17 in the Methodist Fellowship Hall.

A red fox can attain a speed of 30 miles an hour. But a rabbit can run as fast as 50 miles an hour. This gives it the edge when it comes to being chased by a fox.

**TEACHERS GET TOGETHER...**

THE THETA EPSILON CHAPTER of Delta Kappa Gamma Society, an international honor society for women teachers, met at the Chat and Chew in Levelland Saturday, September 13, at 10 a.m. for their first fall meeting. Seated left to right are Mrs. Mabel Sanders, First Vice-President from

Morton; Mrs. Helen Roberts, Corresponding Secretary, Mrs. Inez Witte, President, Mrs. Marie Stockart, Second Vice-President, Program Chairman, and Mrs. Helen Hamilton, Secretary, all of whom are from Levelland.

**County rural highway injuries, damage high**

The Texas Highway Patrol investigated eight accidents on rural highways in Cochran County during the month of August, according to Sergeant Hal E. Pirtle, Highway Patrol supervisor of this area. These crashes resulted in five persons injured, and an estimated property damage of \$3,700.

The rural accident summary for this county during the first eight months of 1969 shows a total of 26 accidents resulting, and an estimated property damage of \$48,340. With the beginning of school, the sergeant reminds all motorists of the state law regulating traffic in regard to school buses. "The driver of a vehicle upon a highway outside of the limits of any incorporated city or town upon meeting or overtaking from either direction any school bus which has stopped on the highway for the purpose of receiving or discharging any school children shall stop the vehicle immediately before passing the school bus, but may then proceed past such school bus at a speed which is prudent, not exceeding ten (10) miles per hour, and with due caution for the safety of such children."

The ant is a good neighbor — for other ants. It has two stomachs, one for storing its own food and the other for storing food it shares with other ants.

How is everyone? Morton High School is rolling right along. Reluctantly, everyone has finally settled down to study the long months ahead. All is not so bright, though! There are many school activities that keep the ball rolling.

The senior class received their rings this week (as if everyone hasn't already had theirs). Instead of going around with their rings in the air, their right hands have been placed in the position. There are a lot of previous juniors! The senior class has been meeting with Mr. Taylor, the school counselor, to discuss their college plans. Many students have already made plans to take their entrance exams in November at South Plains College.

The high school speech class is presenting a program called the War Whoop which will be broadcast on KRAN each night at 8 a.m. The class features the news on the school organizations, interviews with the students, and the football news. Everyone is very appreciative of the speech class for this service.

The Student Council has already started to work this year. One of their first projects was to elect Danny Barker as the school chaplain. Each morning Danny reads the high school in the Pledge of Allegiance. They have also issued parking stickers to students bringing their cars to school. The students have designated parking places according to their classification.

The classes elected their officers for this year. They are: Senior class; Pres. Dennis Clayton, V. Pres. Gerald Baker, Sec. Zodie Ledbetter, Junior class; Pres. Steve Crockett, V. Pres. Micheline Anna Sec. Joan Kuehler, Sophomore

class; Pres. Kim Coats, V. Pres. Rush Coffman, Sec. Jeana Thomas, Freshman class; Pres. Doug Crockett, V. Pres. Morris Gene Baldrige, Sec. Treva Lemmons, Rep. Ann Winder.

The National Honor Society also had election of officers. They are; Pres. Dennis Clayton, V. Pres. Deletta Nebhut, Sec. Glorietta Gray, Trea. Cindy Kuehler, and Rep. Diane Avery. The Student Council representatives are Peggy Thomas and Vicki Goodman. The N.H.S. members are making plans to open the school library one night each week for tutoring students who might need help.

Indians over the Cowboys by a score of 34 to 0, how's that for openers? The Indians really battered the Plains Cowboys as they ripped to a roaring victory. Terry Harvey pushed across the line for three touchdowns in leading the Indians to the opening victory. Mike Bryan and Willie B. Holland also booted the score as they each made a touchdown. The Indians really looked good as they showed the Cowboys that more goes on a reservation than instructions on how to build a

**Local women attend meeting of teachers honor society**

Seven members from Morton were among those attending a meeting of the Theta Epsilon Chapter for Delta Kappa Gamma Society, an international honor society for women teachers, at the Chat and Chew in Levelland Saturday, September 13.

Highlights of the meeting were a report on the Fortieth Convention held in Austin during the summer by the President, Mrs. Inez Witte, and a program which included slides on the cartoon character Peanuts entitled "Our Behaviour is Determined by our Values — or is it?"

There were 912 in attendance at the convention, representing 213 chapters. The theme of the convention was "I caught the fire from those who went before." All the speakers presented thought-provoking topics.

Following the reading of the minutes, reports were given by the various committees. Plans are in the making for the Regional Meeting to be on the South Plains campus at Levelland on November 15. There will be 8 visiting chapters and directors. The meeting adjourned after it was noted that the next meeting would be at Levelland South Plains College on October 11.

Members from Morton attending the brunch were Mrs. A. E. Sanders, Mrs. Lois St. Clair, Mrs. Lessye Silvers, Mrs. Evelyn Seagler, Mrs. Gage Knox, Mrs. Owen Young and Mrs. Cherylne Inglis.

Mrs. Witte included the following article with her news letter mailed to each member which was designed to cause them to consider deeply and review their own objectives:

"In May of 1919 at Dusseldorf, Germany, The Allied Forces obtained a copy of some of the "Communist Rules for Revolution." Nearly fifty years later, the

Reds are still "following the rule." As you read the list, stop after each item and think about the present-day situation where you live — and all around our nation. We quote from the Red Rules.

A. Corrupt the young, get them away from religion. Get them interested in sex. Make them superficial, destroy their ruggedness.

B. Get control of all means of publicity, thereby:

1. Get people's minds off their government by focusing their attention on sexy books and other trivialities.
2. Divide the people into hostile groups by constantly harping on controversial matters of no importance.
3. Destroy the people's faith — in their natural leaders by holding the latter up to contempt, ridicule and obloquy.
4. Always preach true democracy, but seize power as fast and as ruthlessly as possible.
5. By encouraging government extravagance, destroy its credit, produce fear of inflation with rising prices and general discontent.
6. Forment unnecessary strikes in vital industries, encourage civil disorders and foster lenient and soft attitude on the part of the government toward such disorders.
7. By specious argument cause the breakdown of the old moral virtues, honesty, sobriety, continence, faith in the pledged word, ruggedness.

C. Cause the registration of all firearms on some pretext, with a view to confiscating them and leaving the population helpless.

I hope you'll take time to think seriously of the above and draw your own conclusions."

**ASCS Farm News**  
By John W. Hall

Ballots for the Community Committee election will be tabulated at 8:00 a.m. on September 19th, in the ASCS office. The county convention for the election of the 1970 county committee will be held at 9:30 a.m. September 24th, 1969 in the County ASCS Office. Both meetings will be open to the public.

Diverted acres may be grazed starting October 1, 1969 and may be grazed until May 1, 1970. Windrowing of any cover crop planted on diverted acres is considered as harvesting of that crop. Mowing or shredding alone is not considered harvesting.

The general regulations governing price support for 1964 and subsequent crops provide that a producer shall not transfer either his remaining interest in or his right to redeem a commodity pledged as security for a loan. This means that you may not enter into an agreement now to sell your equity in grain or cotton at some future date to a certain producer if you want to put the crop in CCC loan.

The farm tour that was scheduled for Friday, September 19, 1969, has been canceled due to unforeseen circumstances.

**District Director of Cancer Society speaks**

Mr. Ed Law, District Director of the American Cancer Society spoke at a luncheon Tuesday at the Cochran County Cancer Society meeting.

The luncheon was held at the Wig Wam and Mrs. Willard Henry, President, presided.

Mr. Law announced Mrs. Deryl Bennett's name has been placed on the Honor Roll with the American Cancer Society for Crusade chairman who have "Bettered their Best."

He invited members of the medical profession to attend a Seminar on Cancer sponsored by the Society September 20, at the Ko Ko Palace in Lubbock. Registration will be from 8:30 to 9 a.m.

Mr. Law presented a certificate of authorization to Mrs. Henry. The certificate is presented when a unit has met requirements of the American Cancer Society.

Service Committee chairman, Mrs. M. C. Ledbetter, announced she has posted a bulletin board in the hospital of things that are available to cancer patients through the society.

Members present were: Mrs. Henry, Mrs. Leonard Coleman, Mrs. R. W. Kelly, Mrs. Jack Russell, Mrs. Bennett, Mrs. Leon Kessler, Mrs. Ralph Yearly, Mrs. John L. McGee, Mrs. Ledbetter and Mr. Harold Drennan.

The next scheduled meeting will be November 18.

**Pink and Blue shower honors Mrs. Pentiger**

The Cities Service Auxiliary honored Mrs. Elden Pentiger with a Pink and Blue shower last week in the home of Mrs. Doug Rodgers.

This was a regular meeting of the auxiliary and the shower came as a surprise to the honoree.

During the meeting a family night was planned for the next regular meeting.

Those attending were: Mrs. Joy Shelton, Sue Rozelle, Carolyn Oldham, Rube Anderson, Sue Coats and Mrs. Rodgers.

# SCIENCE and GOD

Not too long ago, a man determined from accounts in the bible that oil could be found in certain areas of bible lands . . . now this country is rich in oil wells. In the past, vigorous arguments arose between some scientists and bible scholars, however with the passing of time, new discoveries in science have helped us to have a better understanding of God's word and now most scientists and bible scholars are in accord. God's word has not needed to be proved, for it will stand forever. "For the earth shall be filled with the knowledge of the glory of the LORD, as the waters cover the sea." ATTEND CHURCH AND STUDY GOD'S WORD.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.
