

Morton Tribune

Volume 29 — Number 46

Morton, Texas, Thursday, December 4, 1969

WISDEST OF THE LOFTY . . .

THE THREE MORTON HIGH SCHOOL seniors above not only have lofty positions as members of the top class in school, but further enhance their status by being the top three senior class officers. Theirs is the responsibility of leading the class through the 1969-70 school year. Elected by their classmates as officers were, left to right, Gerald Baker, vice-president; Zodie Ledbetter, secretary-treasurer and Dennis Clayton, president. A picture of class officers for each of the MHS classes will be featured on the front page of the Tribune until all classes have been included.

Indians win fourth; defend Friona tourney title this week

Morton Indians got back into the swing of the basketball season by romping in the cold-shooting Farwell Steers, 78-52, Tuesday, and are faced with a full slate of games beginning this morning as they defend their championship in the Friona tournament.

The Tribe will take a 4-1 record into its opening round clash with Bovina Tuesday. The invitational meet, featuring a boys and girls bracket, has attracted teams from Spearman, Bovina, Farwell, Muleshoe, Friona and Springlake. Also Tulla's top-flight girls will participate.

The Friona Tournament is well-known in the area for its girls' basketball action. The hosts, Morton, Tulla, and Springlake girls are past state champions in fem basketball.

Morton bests Bovina in today's game, and will take on the winner of the Muleshoe game at 5:30 p.m. Friday. The tournament finals will be held Saturday night.

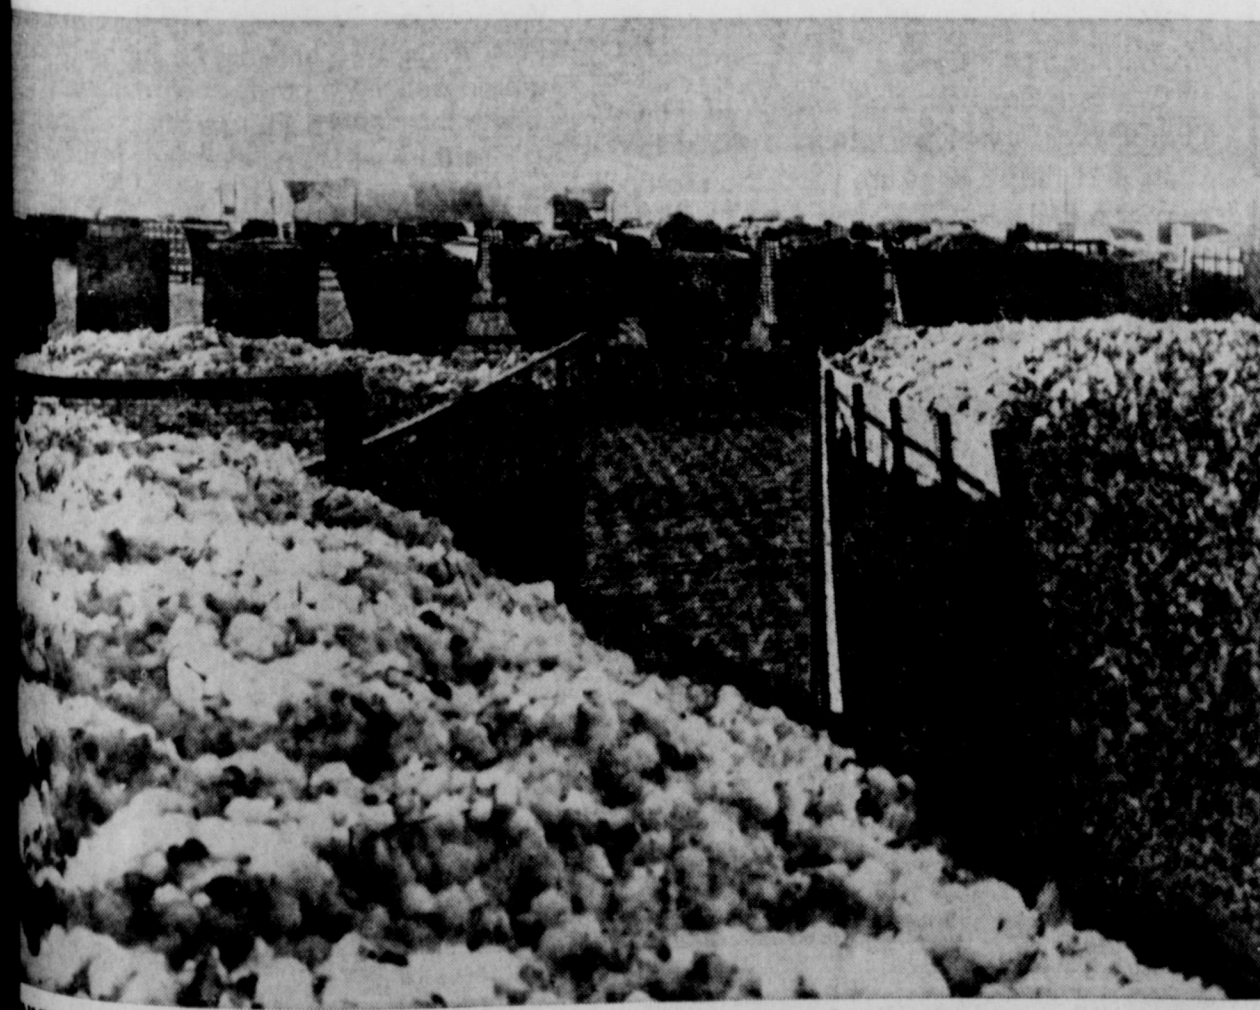

The Indians should lose to Bovina in the consolation game at 2:30 Friday afternoon.

The Friona Chieftains, pre-tournament favorites, will bring their deliberate, methodical brand of basketball to Morton next day for a pair of boys' games in Friona.

The Indians rolled up their third straight win as five players hit in the double figures.

Candy Sale

Morton Campfire Girls are selling their Chocolate Honey Bee Candy through the 10th of December. Profits go toward the expense of each group with 10% added to the winter camp fund.

GINNING REACHES PEAK . . .

THE ABOVE SCENE was typical throughout Cochran County and the Morton trade area as ginning in the area reached its peak and gin yards were packed with cotton bales awaiting their turn. By Wednesday an estimated

28,692 bales had been turned out by the 12 area gins that were surveyed by the Tribune and ginning was considered by all of them to be approximately two thirds to three quarters complete. Total season expectations for the 12 gins came to 35,850 bales.

BEEF PROCESSING FACILITIES POSSIBILITY

Plants on Morton horizon

A very strong possibility exists that two meat processing plants will be located in the Morton area within a reasonably short time.

A highly optimistic report on the negotiations for the two plants was made at a Tuesday meeting of the Morton Industrial Foundation by D. E. (Gene) Benham, president of the foundation. The only remaining obstacle to obtaining the two plants is finding suitable locations that are available to them, and that is on the verge of being solved, Benham said.

The two facilities under consideration are a slaughter house and meat processing plant and a rendering plant which would be separate from the slaughtering plant but would work in conjunction with it. In addition to these, a dog food manufacturing plant would probably also be established which would work in conjunction with the rendering plant.

The buildings to house these facilities would be built by the Industrial Foundation and leases to the Juengling (pronounced Jingling) Meat Company of Cincinnati, Ohio, under a long term lease-purchase agreement, it was explained. Mr. Jon Juengling and other company officials have been in the area for the past few days looking over possible sites and discussing details of the proposal.

Capacity of the slaughtering and processing facility would be approximately 1,500 head of cattle per week and the rendering plant would have the capability of processing the by-products of that number of cattle. The plants would draw on feed yards throughout the High Plains area to fill their needs, with the Owen Brothers Feeding Company providing a main base for that purpose.

The intention is that the slaughtering

plant would purchase those cattle from the feed lots that would grade less than prime but would still provide excellent meat to be processed into TV dinners and other similar semi-prepared items. The cattle would be butchered and boned in the local plant, then packaged for shipment to Lubbock where final processing would take place.

The purpose of the rendering plant would be to grind the bones into meal and process the excess fat from the animals with the meal into supplements to be fed back to the cattle in the feed lots. Some of the by-products would be used in the manufacture of dog food if the factory was established.

Both plants, operating at normal capacity would employ approximately 40-50 persons, according to Juengling, who bases See PLANTS, Page 2a

Plains grain sorghum harvest reported down

Grain sorghum production on the High Plains is down from last year. This is in contrast to an earlier pre-harvest report by GSPA that total production in this region would equal 1968.

Thus, with total production down and local consumption increasing, producers should consider these factors very seriously before selling.

The area South of Lubbock reports yield reduction up to 50 per cent. Lubbock to Amarillo reports production off up to 30 per cent. The North Plains production is off up to 25 per cent. Most farmers indicate yields 1000 to 1500 pounds below 1968.

A specific reason for lower yields can not be pinpointed, but rather it is the result of several factors. These include weather; small seed malady (cause unknown); diseases such as maize dwarf virus, altermeria, and other fungi that attack the seed; insects such as greenbugs, spider mites (from Plainview to Hereford); and sorghum head worms.

Harvesting was completed South of Amarillo last week and present indications are that all harvesting will be completed on the North Plains this week.

Pistol shot wounds man here Thursday

Johnny Arnold, of 113 NW Fourth Street, suffered a gunshot wound in the stomach November 27 when a pistol he was carrying accidentally discharged, according to a city police report.

Arnold was taken to Cochran Memorial Hospital and later transferred to Methodist Hospital in Lubbock for treatment. Extent of the injury was not known at press time Wednesday, but it was known that Arnold was being transferred back to Morton in a Singleton ambulance.

According to the report, Arnold was carrying a .22 caliber pistol from one room to another when it bumped a door facing and discharged. The accident reportedly occurred at approximately 2:57 a.m.

IMPORTANT BUSINESS CONFERENCE . . .

A MEETING that could have highly important results for Morton took place in the offices of the First State Bank here Tuesday when Jon Juengling, right, of Juengling Brothers Meat Company of Cincinnati, discussed the possible location of two plants in the Morton area with D. E. (Gene) Benham, president of the Morton Industrial Foundation and president of the bank. Juengling expressed strong interest in locating both a cattle slaughtering and processing plant and a rendering facility for animal fat and bones in the local area.

State Farm Bureau group reverses trend in policies

The Texas Farm Bureau annual convention held in San Antonio in late November resulted in a marked reversal in the direction of the organization, according to delegates from Morton attending the meeting.

G. O. Cooper, Cochran county Farm Bureau president and Glenn Thompson, local farmer and delegate, reported that the delegates voted to support the extension of Agricultural Act of 1965 without limitation of payments. This action,

Thompson stated, completely reversed past policies of the bureau on the state level.

This change in policy was a result of a concerted campaign by cotton farmers from all across the state, in cooperation with other commodity producers, county delegates reported.

The voting delegates also approved, for the first time in 19 years, far reaching by-law changes, including: (1) election of the President from the floor with nomination. See STATE FARM, Page 5a

Local cotton harvest reaches peak

The cotton harvest in Cochran County this week reached its peak and began what is expected to be a short trip down the other side.

Gins in the area reported anywhere from two thirds to three quarters of the way through the harvest and expect to be finished within two weeks. One or two reported they were already finished with the exception of some spot cleanup bales.

A survey of 12 gins in the Morton trade area showed 28,692 bales ginned out by Wednesday and a total estimated expectation of 35,850 for the season.

As regards quality, there was a near unanimous agreement that the grade is generally low, the mike above average and the staple is average to better than

average. There were exceptions to these but they were in the vast minority.

The price for seed was stable at either \$46 or \$47 and the selling price for cotton had a fairly wide range of from 13-18 cents per pound. Most gins reported an average of 16-16½ cents per pound.

The harvest has evidently reached a peak throughout the South Plains, according to the Lubbock cotton classing office report. It stated that the USDA Cotton Classing Offices at Lubbock, Brownfield, Lamesa, and Levelland received samples from approximately 270,000 bales during the week ending Friday, November 28th, according to W. K. Palmer, in charge of the USDA Classing Office in Lubbock.

The four offices classes 212,000 samples during the same period, bringing the total

classified to 378,000. At this time last year 656,000 samples of the 1968 crop had been classed.

Strict Low Modding Light Spotted was the predominate grade at Lubbock last year. See COTTON, Page 2a

Morton obtains second doctor

Morton will have a second doctor who will be in place by January 1, Glenn Thompson, secretary of the Cochran County Memorial Hospital District announced Tuesday.

Dr. M. L. Duberly, 43, of Hagerman, New Mexico, has received appointment to the hospital staff and will move to Morton during the Christmas holidays.

The city has been without the services of a second doctor since early August when Dr. Franella Frey resigned from the staff to take a position in Oklahoma. Dr. William Dean has assumed the entire workload by himself since that time. A workload which is overwhelming and which requires the services of one, and preferably two, additional physicians.

Dr. Duberly is a graduate of the Southwestern Medical School at Dallas, a branch of the University of Texas Medical School and has been in practice for approximately 10 years. He has practiced at Hagerman for the past seven years. Prior to that he was in practice at Plano.

Dr. Duberly is married and has four children, the oldest of whom is in college. The family will occupy the Stockdale house in southeast Morton.

McMurry College band to present concert here Friday

There is something for everybody in the McMurry College Band tour which includes a performance at 7:30 p.m. Friday, Dec. 5 in the auditorium of Morton High School.

That is the opinion of Dr. Raymond T. Bynum, director of the McMurry Band since 1946 and one of the best known bandmasters in the Southwestern United States.

"The image of McMurry College is enhanced wherever we play," says Dr. Bynum. "The residents see a bunch of decent kids going where they are supposed to go. So far as I know, we can go back anywhere we've played before."

"And the tours help the morale of the students. There is a semi-professional feeling they acquire in making these tours."

Mark Mauldin of Morton is a member of the band and will be playing before his home town audience.

Going with the band on this fall tour, the

latest in a long succession of such musical embassies which have taken Murry-style band music from Kansas to Mexico City, will be a variety of rare instruments.

Handbells, marimbas and Aida trumpets will be packed into the big band truck, built especially for the McMurry Band, alongside the trombones and drums an audience is more accustomed to finding in such an organization.

Dr. Bynum's musicians will have a wide repertoire from which to draw their program, ranging from light classics to the popular music sweeping the nation.

Overtures and suites include Von Suppe's "Light Cavalry Overture," Camille DeNardis's "Universal Judgment" and Gustav Holst's "First Military Band Suite."

On the other side of the scale will be Percy Faith's "Frazilian Sleigh Bells," Johnny Mercer's "Autumn Leaves" and Paul Yoder's rumba "Relax."

the nation. Hilberg is also headquartered at Cincinnati and the two companies have a long history of working together.

Questioned about a possible target date for beginning operations if an agreement is reached, Juengling stated that they wish to begin at the earliest possible time. A lead time of six months following an agreement is normal, he said. This gives sufficient time for the building to be completed and other facets of the operation to be worked out.

Negotiations on the plants came to a head when seven persons from the local area traveled to Cincinnati last week to tour the Hilberg Foods and Juengling Meat Company headquarters and the Hilberg Marketing Institute and discuss the proposal. Making the trip were Mr. and Mrs. Wayne Owen and son Oren; Mr. and Mrs. Neal Hefner of Lubbock and Mr. and Mrs. Gene Benham. Owen and his son are in the cattle feeding business, Hefner is a vice-president of the First National Bank of Lubbock and Benham went in his capacity as president of the Industrial Foundation.

Cotton . . .

week with 24 per cent of all cotton classed. Strict Low Middling made up 14 per cent, Low Middling Light Spotted 11 per cent, and all Spots and Tinges 32 per cent. Twenty-three per cent was reduced in grade because of bark.

Staple length averaged approximately 31/32. Thirty-four per cent stamped 1-inch and longer.

Sixty-three per cent of the cotton "miked" in the Lubbock Office was in the 3.5 and better micronaire category, 12 per cent "miked" 3.3 and 3.4, 16 per cent was 3.0 through 3.2, 7 per cent 2.7 through 2.9, and 2 per cent 2.6 and below.

Prices ranged from \$10.00 to \$20.00 per bale over the loan for the most predominant qualities harvested.

Average prices paid for the most predominant qualities in the 3.5 to 4.9 micronaire range were: Strict Low Middling 15/16—19.00; Strict Low Middling 31/32—19.80; Strict Low Middling Light Spotted 15/16—18.60; Strict Low Middling Light Spotted 31/32—19.20; Low Middling Light Spotted 15/16—17.35, and Low Middling Light Spotted 31/32—17.55.

Prices paid farmers for cottonseed were steady and ranged from \$40.00 to \$50.00 per ton. Average price last week was \$43.70 per ton.

Studies have shown that work output is less when breakfast is skipped than when some food is eaten in the morning, reports Sally Springer, Extension foods and nutrition specialist.

Attention, Cotton Producers:

Morton Co-op's Two Modern Gins Are Completely Repaired and Ready To Process Your Cotton

Morton Co-op is a farmer-owned business which means less overhead for you and more profit on each bale.

We are always seeking new members—drop in and talk it over.

Our gins are now debt-free with no encumbrances, which lowers production costs and the savings are passed on to our farmer members.

Our ginners have many years of experi-

ence and have been with us for a long time.

We will not sacrifice quality for speed. We hold production to 8-10 bales per hour in each unit to assure the highest quality ginning—even though our maximum capacity is over twice that rate.

Consider all the advantages of being part of your own farmer-owned business and bring your cotton to us for top quality processing.

For any clarification or information, call Jackie Randolph at 266-5343

Butler-Minor vows read Friday night

Miss Regina Gail Butler and Levie Blaine Minor, Jr. were married Friday, November 28, at 7:30 p.m. in the home of Mr. and Mrs. Bill Crone.

Rev. Mearl Moore, pastor of the First Missionary Baptist Church officiated at the informal ceremony.

Immediate families and close friends attended.

The bride attended Morton High School and the groom is a 1968 graduate of Morton High School and presently attending South Plains Junior College.

The couple are at home at 1209 Austin Street in Levelland.

Eyes of the ostrich have been known to weigh more than twice that of its brain.

Mrs. Levie Blaine Minor, Jr.

German measles immunizations to be given in Morton Dec. 12

Immunization for German Measles will be given Friday, December 12, for Cochran County children ages 1 through 10.

The immunization is sponsored by the March of Dimes. Mrs. Maurice Lewallen, Cochran County Secretary, urges all children to take the vaccine regardless of past history of measles or measles vaccine. This vaccine is necessary to provide immunity against German (3 day) Measles and is not to be confused with the vaccine given last year for Red Measles (Rubeola). This new vaccine which has only been available 3 months in limited quantities to physicians is now available for children ages 1 through 10.

Shots will be given children 6 through

10 in the office of Mrs. Cammie Jackson, school nurse.

Ages 1 through 5 will receive the immunization at the Community Action Center from 9 a.m. till 6 p.m. Donations will be accepted to help pay the cost for pre-school children.

The Emlea Smith Junior Study Club will be helping with the Clinic.

The following form must be filled out for pre-school children and Mrs. Lewallen asks that parents clip the form from the paper and fill it out before the child is taken to the Center. Forms for parents of school age children were sent to the homes from Mrs. Jackson's office earlier in the week.

PLEASE COMPLETE AND RETURN TO COMMUNITY ACTION CENTER

Motor vehicle inspections lag, long lines forecast at deadline

Colonel Wilson E. Speir, director of the Texas Department of Public Safety, said today that motor vehicle inspections in Texas are running almost 30% behind the inspection rate at this time last year.

"Unless the inspection rate increases, there are going to be some awfully long lines at inspection stations prior to the April 15 deadline," Speir said.

During the year which ended August 31, some 6.3 million vehicles were inspected in Texas. Since September 1, only 538,000 have received the required inspection.

The State Motor Vehicle Inspection Act was amended by the Legislature to provide that inspection stickers issued after September 1 will expire 12 months from the date of issue. However, the law requires that all motor vehicles display a new sticker before April 15, 1970.

Speir noted that the new stickers are

being placed on the driver's side of the windshield and contain a number tab showing the month of expiration. The old stickers are on the passenger or right-hand side and have no number tab.

"The inspection program is intended to discover vehicle defects which may lead to an accident. We urge all Texans to have their vehicles inspected soon to make sure they are safe for winter driving," Speir said.

Look who's new

Calvin Maurice, son of Mr. and Mrs. Calvin Frey, former Morton residents. Calvin arrived November 23 at 12 a.m. in the St. John's Hospital in Tulsa, Oklahoma. He weighed 6 pounds and 2 ounces.

Conservation District News

From the Office of BUDD FOUNTAIN

In recent activities of the board of directors for the Cochran Soil and Water Conservation District, Eddie Silhan was re-elected to a five year term on the board. At their last regular meeting the district board elected Eddie to serve as chairman for the coming year.

A. G. 'Pete' Green heart attack victim

Funeral services for A. G. (Pete) Green, 64, well known area resident, were held Friday at Bridgeport where interment took place.

Green died of an apparent heart attack at Plains Tuesday, November 25. He was pronounced dead on arrival at the hospital in Denver City. He was employed by the city as an electrician.

Among the survivors are Mrs. Ford Hawkins of Plains, a daughter, and a son, John, who graduated from Morton High School in 1952.

Look Who's New

Lee Ann Brownlow, daughter of Mr. and Mrs. Clyde Brownlow of Amherst. Lee Ann was born December 1 in the Amherst Hospital and weighed 6 pounds and 8 ounces.

Grandparents are Judge and Mrs. M. C. Ledbetter and Mr. and Mrs. Earl Brownlow of Morton.

Lance Farrar Fountain, son of Mr. and Mrs. Budd Fountain. Lance arrived at Methodist Hospital Thanksgiving, November 27 and weighed six pounds and one ounce.

have the responsibility of promoting conservation work in their district by providing; information, technical assistance and equipment and materials if necessary.

Eddie Silhan and Eugene Bentley represented the local board recently at the state meeting in Dallas. They gathered new ideas and techniques being used in other sections of the state.

Members of the board of directors of the soil and water conservation district serve without pay to accomplish a very worthwhile objective. They hope that anyone needing assistance with conservation problems will contact the Cochran Soil and Water Conservation District for assistance.

Local residents attend Oral Roberts seminar

Four persons from Morton attended a special seminar held on the campus of Oral Roberts University at Tulsa, Oklahoma recently. Those attending included Alice Stockdale, Lorena Cadenhead, Melvin G. Yarbrough and Bea Yarbrough.

The university hosted some 600 guests at the invitational seminar. Featured speakers were President Oral Roberts and several of the ORU faculty members.

The seminar is one of a series held on the ORU campus during the year. An estimated 3,000 people visit the campus as a result of these seminars. The seminars are directed toward laymen, ministers and youth.

In addition to the seminar visitors, some 36,000 additional people register annually for tours of the campus which has been termed "space age" by many of the guests who view it for the first time.

During the seminar the guests were introduced to the physical facilities, educational media and philosophy of the school, which is in its fifth year of operation.

Mrs. Bennett holds workshop for CC Club

Mrs. Deryl Bennett conducted a workshop on plastic Christmas wreaths at the meeting of the Cochran County Garden Club.

She demonstrated how wreaths and other holiday decorations could be made from plastic cleaner bags.

The Club met in the home of the President, Mrs. Ray Griffith, Monday, December 1. A business meeting was held following the workshop.

Members attending were: Mesdames Murry Crone, Jerry Graves, Fred Payne, Bill Sayers and Miss Lessie Ward. Guests attending were Mrs. Doyle Fowler and

BIRDS THAT DON'T LIKE WORK

Cowbirds are not alone in dodging parental chores by laying their eggs in the nests of other birds. American Redhead ducks are among many species which have this parasitic habit to partial or entire degree, and chicks of one African bird even have hooks on their bills for killing their "legitimate" nest-mates. Murder done, the hooks drop off.

Although it is no larger than a thumbnail in size, the female peeper frog lays approximately 1,000 eggs.

State Farm . . .

from page one

inations made by districts; (2) limiting directors tenure to three two-year terms, effective with 1968 elections; (3) executive director established as chief administrative officer; (4) no per diem allowed for board members district activities; (5) and reducing the number of state directors on the Resolutions Committee.

Thompson said he believes these by-law changes will make the Texas Farm Bureau more responsive to the grassroots membership and will better enable Texas Farm Bureau to reflect the views and desires of our Farm Bureau members.

In other business of the Texas Farm Bureau, President Sidney Dean of Victoria was re-elected President, M. F. (Mike) Frost of McAllen was re-elected Vice-President, and H. L. (Hub) King of Brownfield was elected Sec.-Treas., replacing Steve Lilly of Nacogdoches.

Carrol G. Chaloupka of Dalhart was elected State Director, District 1, for a two year term, replacing J. D. Coleman of Wellington.

Principal speakers to address the Annual Texas Farm Bureau Convention were, Rep. W. S. (Bill) Healy of Paducah, and House Speaker, Gus Mutscher of Brenham. Rep. Healy spoke on "Fiscal Responsibility and Coices of Financing Continued Growth for a Progressive State." House Speaker Gus Mutscher's topic was on "The Economic Role of Rural Texas in our State Affairs."

Indians . . .

from page one

tors, 21-8, during the second quarter. Morton led 57-34 after three quarters and added 21 more points the final period to win 78-42. The total was the highest offensive output of the year for Ted Whillock's Tribe.

M. C. Collins led Indian scoring with 16 points. Terry Harvey dumped in 14. Keith Embry scored 12, Elton Patton bucketed 11, and George Pritchett finished with 11. The scoring showed the best offensive balance the Indians have displayed this year.

The Indian B team won their fifth game without a loss as they downed the Steers 59-41 Tuesday. The Tribe jumped out in front 14-4 and were never pressed.

Willie Holland led B team scoring with 23 points. Eddie Lewis also had 11 points for Morton.

Morton's junior high and freshmen teams made a clean sweep over three Littlefield teams in action at Morton Monday night. The Indian seventh grade won 21-14, the eighth grade won by a 55-12 margin, and the frosh downed the Littlefield freshmen, 59-18.

Hospital notes

Patients admitted to Cochran Memorial Hospital November 26 through December 2 were: Mrs. Ethel Henry of Slaton, Thomas Hodo of Goodland, Mrs. Treva Autry of Enochs. From Morton, Albino Sanchez, Mark Quisenberry, Mrs. Lenda Iley, David Wood, Kristi Hodge, Mrs. Sue Cross, Mrs. Roy Hill, Mrs. Fannie Stokes, Brenda Thorn, Claude Drennan and Susan Baker.

Thanks to conservation efforts the American elk population has increased from 50,000 to 250,000 during the past 50 years.

Allison of Lubbock, Mr. and Mrs. Claude Fincher of Seminole, A. C. Stanley of Seminole and J. B. Riddle of Seminole. Their granddaughter and children of Lubbock, Mrs. Earl Woodard and grandson, Truett Fincher of Seminole and a nephew, Buster Simpson of Arizona.

Visitors in the Wilburn House home over Thanksgiving were: Mr. and Mrs. Floyd Wright of Glenwood, Ark., Mrs. Faye Ridenour of Austin, Mrs. Carolyn Hayes and Becky of Fort Worth, Mrs. Billie Virdell, Kaye and Lynn of Crane,

Grain sorghum growers in membership drive

The Grain Sorghum Producers Association launched its 1970 membership campaign this week. Statements for dues have been mailed to farmers throughout this grain sorghum producing area.

A. W. Anthony, Jr., Friona farmer and GSPA president, pointed out that, "GSPA dues are not to be mistaken with the collection of the five cents per ton assessments, at the elevators for the research and promotion work to be carried on by the Texas Grain Sorghum Producers Board."

All the legislative work of GSPA has to be carried on with dues paid to the association. The dues for 1970 have been set at \$10 per member in the area of Texas that farmers are paying the five cents per ton to the Texas Grain Sorghum Producers Board. In areas outside the 29 county referendum area, dues will continue to be based upon two pounds per 1,000 pounds of production.

The \$10 membership dues plus the assessment will average the same, for a million pound producer, as the regular two pounds per 1,000 pounds production. "We feel the grain sorghum farmers must be represented when congress, farm organizations, U.S. Department of Agriculture, and others are writing laws that affect our future. This is our purpose," Anthony added. Of immediate importance are issues such as: (1) extension of feed grain program (GSPA is working for an extension with income improvements), (2) limitation of payments (GSPA is opposing limitations at any level), (3) and any legislation or government policies effecting our producers in labor problems, cost-price squeeze, export restrictions, etc.

Statements have been mailed along with the November issue of GSPA's newsletter. A return envelope is enclosed for use in mailing dues to GSPA headquarters at 1212 14th Street, Lubbock.

Water-the forgotten nutrient. Sally Springer, Extension foods and nutrition specialist, reminds people to drink at least six glasses of water a day. Coffee tea or fruit juices may be substituted for water.

Bernice Collins and Nina, Mr. and Mrs. Freddy Merril, and Harold Williams of Lubbock, Carl House of Juneau, Alaska and Dorise Van House, Mr. and Mrs. Percy Dewbre, Monte, Riley and Ricky Williams of Morton.

Pvt. Charles Ledbetter of the US Marine Corp. and his wife, Carol, were guests over Thanksgiving in San Diego, Calif. in the home of Mrs. A. L. Latta, former resident of Morton. Charles has just completed boot camp in the Marines and his wife is teaching in the Denver, Colo. schools while he is in service.

Amy and Brian Brownlow are spending the week with their grandparents, Judge and Mrs. M. C. Ledbetter.

Mr. and Mrs. R. L. DeBusk and Randy, Mr. and Mrs. Tommy DeBusk and son, Stephen Shane, of La Porte were guests in the home of their daughter and sister, Mr. and Mrs. Dale DeBord of Midland on Thanksgiving Day.

Mrs. Juanita Vasquez had her children home for the holidays. They are Mr. and Mrs. Merced Barila of Fort Worth, Mr. and Mrs. Pete Mercada of Lubbock, Mr. and Mrs. Joe Reyna of Chicago, Ill., and Mr. and Mrs. Isable Vasquez of Lubbock.

Mr. and Mrs. Amos Taylor had all of their children home for Thanksgiving. They were Mr. and Mrs. Jimmy Taylor and boys, Mr. and Mrs. Jerry Taylor and Cindy of Lubbock, Mr. and Mrs. James McCuller and son of Longview and Mr. and Mrs. Roger Batchelor of DeKalb. Also Mrs. Taylor's brother and family, Mr. and Mrs. M. F. Merrell of Petersburg.

Last Monday night a surprise birthday party was held for Harold Reynolds in the home of Mr. and Mrs. W. W. Cook. Hostesses for this occasion other than the Cooks were his daughter and husband, Mr. and Mrs. Douglass Hollor of Whiteface and Mr. and Mrs. Leonard Gandy. Those attending were Mrs. Anne Hillman of Petersburg, Mrs. Midge Fielder of Lynden, Mr. and Mrs. Burt Eads of Levelland and Mr. and Mrs. Herb Hillman and Lynn Gandy.

Mr. and Mrs. Joe Gipson received word this week their son, Lt. Col. Joe B. Gipson, and his wife, Major Shirley Gipson, have arrived in Vietnam. Col. Gipson is assigned as executive officer of the 91st Evacuation Hospital in Chu Lai and Major Gipson will also be with the hospital.

Mr. and Mrs. Cecil Lindsey visited over the Thanksgiving holidays in the home of their son, Mr. and Mrs. Ronald Lindsey of Pasadena. They spent the week visiting and sight seeing in Houston, Clear Lake City, Nassau Bay and the Galveston areas. Mr. and Mrs. Lindsey flew back to Lubbock Monday night.

Crume-Newton named outstanding teenagers

Crume, daughter of Mr. and Mrs. Arlen Crume of Sudan and Tom Newton of Morton, and Mrs. Robert Newton of Morton, have been selected as Outstanding Teenager of America for 1970. The Outstanding Americans Foundation, Inc. sponsors this award annually.

Students nominated for this honor will compete for state and national awards in the Outstanding Teenagers of America program. The Outstanding Americans Foundation, Inc. sponsors this award annually. The program is designed to inspire and encourage young people to take full advantage of the opportunities in America, sponsors this award annually.

Recipients of this honor are selected on the basis of ability and achievement. They will compete with other winners in their state for the Governor's award annually to the most outstanding teenager of each state.

Crume won District in Girl's Prose Reading her sophomore year and has participated in Interscholastic League all four years in High School. She plans to attend Plains College or Wayland Baptist University.

Newton won 5th place in poetry interpretation at University Interscholastic League. She has honorable mention all district football, basketball, and volleyball. She has honorable mention all district basketball, volleyball, and tennis. She has honorable mention in the upper 10% of her class and national average.

Crume's dollar buys less and less housing. The median price of a new home has risen nearly 20 percent in the last year. Rents are up 15 percent, lumber is up 7 percent and interest rates up 10 percent in most places.

★
The church encourages ...

READING GOD'S WORD

The reading of God's word is a neglected love by many today. It has been too easy to forget the price paid by many in the past, to make the Bible available to all. There was a time when men were hungry for all the wonderful messages contained in God's word. The Bible is full of wisdom and the teachings that men need. "Man doth not live by bread only, but by every word that proceedeth out of the mouth of the Lord."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Coleman Adv. Serv.

The Farmer's Wife

By Libby Mudgett

I'VE ALWAYS HEARD that East is East and West is West and never the twain shall meet.

After reading how today's Emily Post, Amy Vanderbilt, suggest to give a dinner party, I'm convinced that country is country and city is city and never the twain shall come within a hair's breadth of one another.

IN HER "Private Secrets of Entertaining" that she wrote lies enough ammunition to end all friendships forever in rural America.

Right off the bat she fires the first shot that would get her in trouble out here on the wide open prairie.

"For me the right size dinner party is seven . . . the extra is, if possible, a man, but I never worry about an uneven number or about 'mating' everybody.

SINCE HER CROWD is married and she is too, well, see what I mean? Ask one of your friend's husbands to dinner sometime without asking her and see what happens.

"Because I am very busy and I assume that many of my friends are, I prefer to put my invitations in writing."

SHE CONTRADICTED herself right there. If she's all that busy, how does she have time to write instead of telephone?

"If it is to be black tie, I write Black tie in the lower left."

That would really do it! If a farmer gets off the tractor in time to take a shower before going to a dinner party, the hostess should feel herself complimented, because he went to lots of trouble in a hustle.

"FOR BIG PARTIES, I hire for the evening two neighborhood boys to stand duty in the hall. They open the door, take the men's coats, tag them (you can get these supplies in any stationery store), hang the coats in the hall closet . . ."

Out in the country, you're downright lucky if the host or hostess that is preparing a dinner has time to call the dogs off when you drive up and as for assuming men can't find a place to put their windbreakers all by themselves . . .

"The ladies are directed to my bedroom where there is a rack with plenty of hangars. I prefer not to have coats on my bed and most guests realize this."

NO COUNTRY LADY would dare take more than a sec to throw her wrap on the bed because she knows jolly well she'd better get into that kitchen and help finish getting that dinner on the table or else.

"I NEVER introduce guests all around the room . . . I introduce them to one or two people and know they have sophisticated enough to go on from there."

I told you she'd lost every friend she had before she even got started.

"Once or twice a year I employ the services of Rudy Stanish, 'The Omelet King' . . . For my favorite party, I . . . work with my housekeeper and a Finnish waitress. My dining room is informal and I am not very fond myself of highly stylized meals and service."

SOMEDAY I JUST gotta have Amy to one of my "dinner parties" and see how in tarnation she would classify this type of entertaining. But on second thought, I'd probably be better off not knowing.

"We limit our service of cocktails nearly always to not more than two before dinner. With any dinner party we have, wine is served. Our friends are not drinkers."

WELL NOW, gollllleeeeeee!
"I never, by the way, act as a waitress myself. In clearing the table, I MAY accept the help of one person who knows my kitchen well and I trust with glasses and dishes."

WONDER WHAT she'd think about the farm woman's casual "Lissen, yall clear the table while I cut the cake and we'll all serve it, okay?"

"People usually ask for recipes and I am very flattered and make a note to have the recipe typed up and sent to the guest."

I CAN JUST SEE the expression on any of my friend's face after asking for a recipe and being told I'd make a note

AUSTIN, Tex. — A 1968 constitutional amendment did not affect the amount of fees that should be paid county tax assessor-collectors for assessing and collecting county taxes, but it limits the amount that may be paid by the state. So ruled Atty. Gen. Crawford Martin recently. (State cannot be required to pay more than two per cent of state taxes assessed which are actually collected.)

In other recent opinions, Martin concluded that: State Department of Public Welfare is authorized to spend money to refurbish the interior of a building which is leased by a county on a long-term basis and furnished the welfare agency rent-free.

IN OTHERWISE recordable affidavit of heirship may be recorded in the office of a county clerk even though the unprobated will is attached. However, the unprobated will not constituting the exhibit to an affidavit may not be recorded with the clerk although it contains acknowledgment.

Texas Board of Corrections is not obligated to collect, nor must public utilities pay, for placing lines along public roadways transverse state-owned lands under prison system control. (TBC has no authority to reserve the exclusive right to grant utility easements over such public roadways.)

Harris County Hospital District may legally enter into a lease contract for an X-Ray equipment system for a period of five years, contingent on availability of appropriated funds.

DDT BAN URGED — Travis Audubon Society of Austin called on Governor Smith to use "all resources" to ban the use of insecticide DDT in Texas.

Resolution claimed that DDT is harmful to wildlife, remains toxic in environment for 10 years, is spread by wind and water, and has been "implicated" as a possible cancer cause.

Arizona, California and Michigan, Czechoslovakia, Sweden and Denmark have banned DDT already, the Society contended, further noting that "numerous other insecticides can do the job and become harmless to the environment within a few weeks."

COURTS SPEAK — Supreme Court found that a truck driver who was shot during an overnight stop was not entitled to workmen's compensation for disabilities.

In other cases the high court ruled that: A former liquor store executive is not entitled to recover \$1 million in "back salary" from the business.

Court has no jurisdiction to hear the appeal of a Houston attorney who was disbarred in 1963 for alleged fraudulent and dishonorable conduct.

High Court also heard arguments that

of it. As for Amy's menus (she had four different rabbit food suggestions), if that were all I served at a dinner party, my guests would still be sitting at the table at midnight waiting on the rest of the meal.

And I wouldn't blame them.

refusal to approve a new economy air flight service between Dallas/Fort Worth, Houston and San Antonio would frustrate efforts of Texas Aeronautics Commission to develop an efficient intra-state air carrier system. Air Southwest Company seeks certification for service, but Braniff International, Texas International and Continental airlines have blocked TAC from issuing credentials.

Federal court here took under advisement the government's request to dismiss atheist Madalyn Murray O'Hair's suit to outlaw prayers by astronauts in outer space.

Court of Criminal Appeals upheld the death sentence of a man convicted of slaying during service station robbery in West.

CAUSEWAY URGED — A Rio Grande Valley delegation, including Cameron County officials and Chamber of Commerce spokesmen, urged the Texas Highway Commission to approve a \$7.8 million Port Isabel-South Padre Island causeway.

At the same hearing, an East Texas group asked for a \$1 million four-lane railroad overpass in Jacksonville.

Highway commissioners indicated they favor the idea of a new Queen Isabella Causeway since traffic has nearly doubled during the last two years. Local officials pledged about \$300,000 of the cost.

APPOINTMENTS — Dr. Fred Wendorf, Southern Methodist University professor from Dallas, is new chairman of the fledgling State Antiquities Committee, and Truett Latimer is acting executive director.

Woodville attorney and State Bar President Josiah Wheat has been appointed to the National Water Commission of the U.S. Department of Interior.

Jerry Brock of Austin, formerly of San Antonio and Dallas, is a new research staff assistant to Governor Smith.

ANTIQUITIES Texas' State Antiquities Committee has decided to spend \$2,000 of its \$25,000 budget to help preserve the artifacts found in the wreck of a Spanish galleon off Padre Island.

Dr. Fred Wendorf, Southern Methodist University archaeologist who was elected chairman of the committee, proposed the expenditure for chemicals and photographic supplies for emergency work to prevent rusting of iron cannons and other iron artifacts.

Land Commissioner Jerry Sadler, who is a member of the Committee, made it clear that it is now absolutely illegal for anyone to explore for offshore artifacts without a permit from the new committee.

SPANISH LAND CLAIMS — Mrs. Celia Saiz Montez of Victoria is trying to collect a debt from the United States that she says Mexico has owed her, under a treaty between the two governments, since 1934. Debt goes back to a land grant given her ancestors by the King of Spain.

Under a treaty, the United States agreed to pay the claims of Americans living in Mexico and Mexico agreed to pay the claims of Mexicans living in the United States. However, the Mexican govern-

Editorial

PROUD LADIES

A group of Gold Star Mothers, representing 42 of the mothers of men who have given their lives in Vietnam, traveled from Philadelphia to Washington, D.C. for the November peace march. Unfortunately, being part of the silent majority, all of the ladies could not afford to make the trip. They are apparently less affluent than are the peacekeepers, who are never at a loss for the means to tramp around from demonstration city to demonstration city.

The Mothers were seeking a court injunction prohibiting the unauthorized use of their sons' names in the interests of a cause which the ladies believe their sons would not support. A District judge refused their pleas. The judge apparently felt that the march committee was not outside the law in using the names without permission of the next of kin. We can not understand this logic, but it is too late to change it.

The names were carried on placards in the so-called March Against Death. This was a procession from Arlington Cemetery, resting place for the nation's heroes,

ment has refused to pay Mrs. Saiz Montez because she is an American citizen and the United States has refused because it argues that her ancestors were Mexicans. She is taking the case to Federal district court.

NATURAL GAS RATE — Texas Railroad Commission, after hearing testimony by consultants and Pioneer Natural Gas Company officials, has recessed its hearings on a proposed increase on the city gate rate for \$1 West Texas towns until Dec. 15.

The proposed increase amounts to 8.33 cents per thousand cubic feet of gas.

LABORERS — R. L. Coffman, Texas Employment Commission administrator, reports that the moderate increase in placement of farm workers in October was due to early citrus fruit harvesting in the Lower Rio Grande Valley. Increase came amid the seasonal decline in most other activities reported by local offices.

TEC filled almost 3,000 more farm jobs in October than September. Non-farm openings in October were down 6,727 from September and non-farm job placements were down 3,604 from the preceding month.

HOG CHOLERA — Both the State and Federal Departments of Agriculture are warning ranchers to be careful of hog cholera during winter. They report that hog cholera struck 19 Texas herds during October. A total of 1,684 animals in 19 infected and 23 exposed herds were idiosposed of during the month at a cost of \$46,300. Departments said that "Every outbreak that is located and eliminated this winter reduces the chance for spread next spring when movements of pigs will increase again."

DEMONSTRATORS — Texas' Board of Regents of State Senior Colleges endorsed the suspension of 10 Southwest Texas State University students by the school's president for participating in an unauthorized demonstration. Students were suspended by Dr. Billy M. Jones after they failed to break up a moratorium demonstrations on university property. American Civil Liberties Union has said they will take the case to the courts.

past the White House, where each demonstrator shouted the name of the whose name was on the placard. At the end of the March the placards were deposited in coffins and carried through streets. Three US Senators joined demonstration, Goodell (R-NY), McGovern (D-Minn) and McGovern (D-S.D.), signing their names and prestige to the cause of the rights of these ladies.

We would like to see an end to this disgusting form of abuse. We respect the right to dissent. But we are appalled by the invasion of the privacy of private families by these vultures. And we think only of vultures when we contemplate the use of the names of men cannot rebut the implication that would endorse this cause.

We remember one parent's remark the use of a son's name in such demonstrations. "You didn't support my son while he was alive. Why should you use his name now that he is dead?" It is little that we can add to that, hope that Congress will pass legislation to protect the privacy of the proud of the Gold Star, who have given so much of their flesh and blood to the nation. It will be interesting to see how three senators would vote on it.

PIGS IS BEAUTIFUL

One of the tactics of the radical left during demonstrations and is to attempt to harass the police using force to put them down. It makes it easier for the troublemakers raise the tiresome cry of "police brutality." The use of the word "pig" or "oink, oink" is the most often method of attempting to accomplish goal.

We noted a letter-to-the-editor in Cortland, N.Y., Standard on this that would like to pass along to our readers.

"I have long questioned the wisdom of many of our laws and the strained pretention lent to them by our courts. . . . I was charged with HARRASSMENT allegedly saying 'oink' 'oink' to a member of our police department. . . . He was found guilty after trial. I tell you, something is dreadfully wrong with our laws and courts when someone can be convicted of a crime for standing on his hind legs and talking in his native tongue.

"What do you think?"

"The Court Observer"

Satire is an excellent weapon to gainst these attacks on our law of But, as fine as the above letter in Kansas City, Mo., Police Officers' citation deserves the award for the come-backer yet, as far as we're concerned. They have adopted a two-week let as their mascot. And better yet, now have T-shirts with a drawing pig in uniform, complete with badge glasses and cap with the caption, "IS BEAUTIFUL." What better way blunt the attacks of the attackers there be? We hope that the idea of Humor is a powerful tonic for any of bellyache.

ASCS Farm News

By John W. Hall

REPORT FARM CHANGES TO COUNTY ASCS OFFICE

Changes in the number of acres being farmed can mean changes in farm records and the County Agricultural Stabilization and Conservation Service (ASCS) Office. That means whenever a farmer buys, leases, or otherwise acquires or loses acres of farmland, he should drop by the County ASCS Office as soon as possible to set the records straight. Records are kept on farms participating in programs administered by ASCS. Major programs in Cochran County are Cotton, Feed grain, and the Agricultural Conservation Program. The ASCS office must keep accurate records on total acreage of all farms where operators participate in any ASCS-administered program. In addition to the programs in Cochran County include support loans on commodities such as beans, feed grain and cotton. A farm is constituted differently now than it was when the farmer began production—and if he hasn't yet reported that change—then he should drop by the County ASCS Office on his very

next trip to town to make the report. Also if a farm has changed owners or operators in that period, a report should be made to the county office.

December 11, 1969, is the last day that any producer will be able to appeal his cotton yield for 1970. The cotton allotments and yields were mailed to all producers on November 26, and all producers have 15 days from the date of the notice.

Husband of local woman completes tour

Fireman Garry L. West, USN, husband of the former Miss Mary H. Wood of Morton, completed a seven-month deployment in the Tonkin Gulf aboard the attack aircraft carrier USS Oriskany, homeported at Alameda, Calif.

The men of the ship and Carrier Air Wing 19 were praised by the commanding officer of the Oriskany for their "superb" bombing support of U. S. ground forces while operating in the area of Yankee Station.

Whiteface News

Stella James of Tulia visited with her son, Freddy, and grandson, Kenny, last weekend. She also visited in her sister's home, the Cecil Lyons.

Mr. and Mrs. Raymon Garlett, Raymon Jr., and Tracy of Lubbock visited with Raymon's mother, Elvira Garlett last Sunday.

Spending the Thanksgiving holidays with their parents, the L. W. Bills, were Ernest and Bonnie Bills of Corona, California, the Leon Bills of Odessa, Elbert Bills and his daughter, Brenda and her children from Carlisle, the Charles Bills from Spur, S. J. Bills from Whiteface, Mrs. Bills sister and her husband, Pauline and Elmer Crumpler from Waco, Dollie Bills and Mrs. C. W. Bills from Levelland.

Keith McCoy, son of the Mike McCoys of Amarillo has been visiting with his grandparents, the R. K. McCoys and the Curtis Caffey.

Mr. H. J. Knox has been a patient in West Texas hospital in Lubbock.

Cecil Lyons has been a patient in Cochran Memorial Hospital in Morton following an accident at the caliche pit.

Miss Lynnda Jennings, bride-elect of John McCoy was honored with a shower in the home of Mrs. M. L. Moseley. Eleven hostesses assisted. Guests included Mrs. Ed Jennings and Mrs. J. B. McCoy of Sherman, mothers of the couple, Mrs. W. C. Jennings of Tulia, grandmother, Mrs. Albert Jennings of Tulia and Mrs. Chat Johnson of Seagraves. Miss Jennings' chosen colors of gold and green were featured in the decorations. The hostess gift was cookware. The couple plan to marry December 25 in Whiteface.

PLAY HISTORIC INSTRUMENT...

EXOTIC INSTRUMENT is this particular example of the marimbas, which is one of the rare instruments carried by the McMurry College Band on its current tour, was played at the coronation of Edward VIII of England. The McMurry

musicians are Charles Dickey of Abilene and Sherrie Pipkin of Clovis, N.M. The McMurry Band will appear at the MHS auditorium at 7:30 p.m. Friday.

Sulfuric acid used in car batteries will weaken most textile fibers. Certain synthetics, such as nylon and dacron, are pretty resistant, but be careful, advises Graham Hard, Extension clothing specialist. Don't ruin clothes unnecessarily.

ATTENTION FARMERS and RANCHERS

DO YOU WANT ADDED INCOME FROM YOUR

DIVERTED ACRES and MILO STUBBLE?

HERE IS HOW: Buy a 450-lb. Calf, put 100 lbs. gain on the calf on your pasture, then put him in the feedyard and finish him out fat. The following is an example of how this can be done:

450-Lb. Calf at \$34.00 cwt.	\$153.00
100-Lb. Gain on Pasture	
500-Lb. Gain in Feedlot at \$21.00 per cwt.	\$105.00
Interest	10.00

TOTAL\$268.00

Break-Even Price — \$25.50 cwt.

With Fat Cattle Selling Today For \$28.00...cwt. There Would Be A

PROFIT OF \$26.00 PER HEAD

These projections are based on today's feeder and fat cattle market.

Owen Bros. Custom Feeding Co. can buy these cattle through their order buying service in Texarkana, Texas.

by DORISE

Hi, gang! I hope everyone enjoyed their Thanksgiving holiday. I'll bet almost everyone is sick of turkey and dressing. I sure am.

Another basketball season is here. We have played very well these first few games. Keep up the good work boys and we can come out on top. I know that we haven't won all of our first few games, but almost all of them.

Tonight starts the Friona Tournament. It will last from December 4 to the 6. We need a lot of supporters there to cheer us to a victory.

Not much has happened around school this week. Most of us are anxiously awaiting the Christmas vacation. It will be something different, at least.

It may seem strange. Time to close for now since there isn't anymore news. Good luck team in the Tourney!!!

School menu

Monday, December 8 — Bar-be-que on buns, corn, pineapple & cheese salad, batter bread & butter, cake, milk.

Tuesday, December 9 — Breaded Steak, French fries, catsup, vegetable salad, pineapple cobbler, rolls & butter, milk.

Wednesday, December 10 — Pigs in blanket, mustard, buttered beans, pickles, sliced tomatoes, stewed apricots, milk.

COUNTY AGENT NEWS

From the Office of Roy L. McClung, Jr.

Everyone enjoys a warm fire and a full stomach on days when the wind is brisk and the temperature is down around or below the freezing point. Insects are no exception and they have started moving inside. Many insects move indoors during the winter simply because they are looking for warmth and food and this causes problems for the homeowner. In this winter parade, homeowners can expect to see cockroaches, silverfish, crickets, boxelder bugs, elm leaf beetles, spiders, wasps, moths and many other shelter-seekers. As the nights become colder, the invasion can be expected to increase.

An insecticide barrier around the foundation is an excellent means of keeping the invaders out. Chlordane applied to the outside foundation, around patios, porches, steps, etc. give effective results.

Spraying is the best method for applying the barrier around the house. Treat the outside walls and foundation from sill to soil and about six inches of the soil next to the foundation. Give particular attention to cracks, crevices and entryways into the house.

A paint brush makes a good applicator for treating window sills and thresholds. Anyone with questions concerning household insect control is invited to pick up a copy of the Texas Guide for Controlling Household Insects available at our office.

Along the same subject of household invaders, many of us are having a problem with rats and mice and they too are looking for warmth and food. We have available in our office anticoagulant rat and mouse bait that interested individuals can purchase to help control the rats and mice. This bait has been purchased by the County and contains fumarin with peanut oil as the attractant. Anyone desiring information concerning the use of this bait is invited to contact our office.

One ton of cotton seed makes about 360 pounds of high-protein edible flour through a process developed by the USDA Agricultural Research Service. It is estimated the United States could produce about two million tons of this flour annually as a major contribution to easing protein malnutrition in underdeveloped countries. Cotton-seed flour contains 65 percent protein.

Regardless of age a child can be held liable for his actions

Six-year-old Jeff, playing cowboys with his cronies, was annoyed by the arrival of a neighbor's four-year-old daughter.

"I'll take care of her," he announced, and gave her a hard shove. The little girl fell over, broke her arm, and later — through her parents — filed a damage suit against Jeff. Despite the boy's tender years, the court rendered a sizeable judgment against him.

It may seem strange to saddle a youngster with such an obligation. But it is no longer rare for a child to be collectible. Perhaps he has money of his own. Perhaps his family has a liability insurance policy that includes coverage for him. Or perhaps the claimant will keep the judgment hanging over the child's head for years, until he grows older and begins to earn wages.

In any event, in the eyes of the law, mere youthfulness alone does not ordinarily prevent liability. Most courts feel that since the loss must fall upon someone, and since parents often cannot be held responsible, it is fairer to let the loss fall upon the guilty child than upon his innocent victim.

Nevertheless, youthfulness may indeed be a defense if the circumstances show a lack of willful purpose. For example:

A four-year-old boy wrapped his arms around the legs of a woman visitor, causing her to topple over and suffer in-

juries. But in a court hearing that followed, the evidence showed that the hug was a gesture of pure affection. Thereupon the court ruled in the child's favor, because even though his act was intentional, it was not meant to do any harm.

Nor is a child likely to be held liable if the bodily contact is not intentional at all, but simply part of the normal, playful exuberance of childhood.

Thus, in another case, a schoolboy was held not liable when he accidentally collided with another pupil while playing tag. The court said:

"We should not wish to make it necessary for children to stand about the schoolyard with folded hands for fear they might negligently brush against one of their fellows, and become liable for heavy damages."

A public service feature of the American Bar Association and the State Bar of Texas. Written by Will Bernard.

Bookmobile schedule

High Plains Bookmobile will be in your area on the following dates.
