Volume 31 — Number 3

Morton, Texas, Thursday, January 21, 1971

Morton has two 'top citizens'

history of the Morton Area Chamber of night when two "Outstanding Citizen of 1970" awards were made at the annual

The two recipients, Glenn W. Thompson and Fred Z. Payne, wound up in a tie on the ballots of chamber members who did their voting in November, so it was decided to give duplicate awards.

Several other awards for outstanding service to the community were presented at the event which traditionally marks the end of the old chamber year and the beginning of the new one.

The Edward Brownlow family was named the Outstanding Farm Family of the Year, G. O. Cooper was named Outstanding Conservation Farmer of the Year and Lloyd Miller received the Professional Ser-

vice to Conservation award. In introducing Glenn Thompson, chamber president Bill Wells said "It would be an impossibility to estimate the number of hours of his own time this man has given to community improvement because he has been a resident of Morton and Cochran County for thirty-five years. During that time he has followed an unswerving course to elevate Morton and Cochran County as a better place to live and to entice industry to this area.

To go through the offices he has held and the committees he has served on would take up a great deal of the evening. Briefly we will bring out that he has served as county commissioner, county County on Bailey County Electric Co-Op, he has helped develop toll free phone service, he has been a long time member of Morton Lions Club, he is a member

of Morton Area Chamber of Commerce. He and his wife are both members in Morton Industrial Foundation, this man has worked hard for the last twenty-five years or more for the construction of Cochran Memorial Hospital and its improvement in medical facilities. He has been a member of the First Baptist Church for thirty years.

This man has served three terms as Cochran County judge and this January took office again for a fourth term. Ladies and gentlemen this outstanding citizen is Mr. Glenn Thompson.

In his introduction of Fred Payne, Wells said, "This Morton citizen obtained a degree in business administration at the University of Arizona. At the beginning of World War II he entered the navy. He

He took part in several invasions, served in escort duty and saw action in one of the last naval battles of the war which took place near the Phillipine Islands. When the war ended this man held the rank of Commander.

After the war he obtained a masters degree from Hardin-Simmons University and has secured other college improvement courses since that helped him prepare for the field of work that he is following now. He taught evening calsses at South Plains College and has always been interested in our public schools.

He has done the audit and tax work for the Morton Area Chamber of Commerce and in turn donated the audit fee back to the Chamber. Too, he has given freely of his time to other public improvement organizations in Morton and Cochran County and especially to the Industrial Foundation. He is an active member of the Methodist Church here in Morton and is now serving as that church's secretary. He is past master of Antelope Masonic Lodge and served on the board of directors of the Rainbow Girls. This fellow likes people and tries to help out in every way he can. Tribe cinches 3-AA first half tie

The Morton Indians clinched a tie for the first half of district play by blitzing the winless Littlefield Wildcats, 96-42, and racked up their 21st win of the season.

The victory was the sixth in a row for the Tribe and put the Indians only a game from wrapping up the first half of the district's double round-robin.

The Indians will get that opportunity Friday night as they host Friona in the final game of the first round of district play. Next Tuesday, the Tribe will travel to Abernathy for a rematch of a December game that saw Morton take a 91-51 win in the district opener.

The outcome of Tuesday's game was never in doubt as the Indians took a quick 14-1 lead over Littlefield and breezed to the easy win. Terry Harvey pumped in eight points during the first quarter as Morton led, 22-3, after the opening eight

★ Tournament

The Marathon Bridge Tournament sponsored by the L'Allegro Study Club will begin the first round of play January 25. Check this newspaper ad for rules. All entries must be in by Saturday, January 23.

Whillock introduced his bench to the game, but the runaway continued.

George Pritchett and Elton Patton topped second quarter scoring with seven and six points each. Morton led, 47-12, at the half.

Bryant Lewis dumped in twelve points during the second half and topped his teammates in the scoring race by bucketing 16 for the game. Five other Indians hit double figures. Patton and Pritchett contributed 15 each. Stan Coffman had 14, and Eddie Lewis and Keith Embry

During the final period, Littlefield matched the Indians point for point during the first six minutes, but the Indians widened maining.

Friday night's game with Friona will feature the Chieftain's brand of slowdown basketball. Friona brings a 3-3 district record into the game. The Chiefs were downed by Dimmitt Tuesday night at Dimmitt, 81-51. The Bobcats remain in second place in the conference standings with a 5-1 district mark, and are currently 21-2 for the year.

Tuesday's game at Abernathy will awakfans as Morton and the Antelopes have staged some heated clashes at Abernathy back when Morton was a member of district 3-AA several years ago.

Indians now 'tried and true'; top Dimmitt in 'must' game

Displaying poise, teamwork, hustle and talent, Morton's Indians put it all together for their biggest test of the season and brought back a 60-58 thrill-packed victory from Dimmitt Friday night and gained sole possession of the district 3-AA

Playing before a screaming, standingroom-only crowd packed into Dimmitt's Bobcat gym, the quintet of coach Ted Whillock bounced back from a ten-point third quarter deficit to overtake the Bobcats in the waning minutes of the game.

Morton's win snapped a fifteen-game win streak that the Bobcats had amassed since losing only to powerful Phillips. The victory also was the twentieth for the Tribe against only two losses.

The hundreds of fans that poured into Dimmitt's gym could not have asked for a closer game. During the first period alone, the lead exchanged hands five times, the Indians holing a narrow 13-11 margin at the quarter break.

A two-pointer by Stan Coffman in the opening seconds of the second quarter gave the Indians a 15-11 lead, Morton's wide set margin until late in the game, but a six-point rally sparked by Dimmitt's outstanding post man, Kent Bradford, put the Bobcats in front, 21-22, late in the first half. Terry Harvey put the Indians back in front with a pair of free throws, but Mark Wolgehmuth's basket late in the quarter gave the host a 25-24 halftime edge. Morton committed six turnovers during the second quarter as compared to only two during the first, Dimmitt committed four in the first and three in the second.

The third quarter proved to be critical, and at first, it appeared that the Bobcats were going to blow the Indians right back to Morton as Bradford and Wolgehmuth teamed up in the opening two-minutes to give the Cats a ten point 34-24 lead before Morton could score. But the Tribe refused to give up and during the next four minutes completely shut off Dimmitt scoring while adding 11 big tallies to their score.

The Indian rally began as Keith Embry popped in a free throw, M. C. Collins picked up a field goal to cut the lead to 36-29. Then Elton Patton hit two successive baskets to make the score 36-33 Dimmitt. Then it was Terry Harvey's turn as he drove for a layup, scored and was fouled. The all-state senior then converted the free throw to tie the game and Morton fans went wild. Dimmitt committed five turnovers during the Tribe's comeback.

Embry popped in a 20-footer to put Morton back in front for the first time since the second quarter, but Wolgehmuth connected to two free throws and Bradford hit a field goal to regain the lead for Dimmitt. As the quarter expired Morton trailed by only one, 41-40.

George Pritchett rebounded and scored in the opening seconds of the final period to put the Indians back in front, and Elton Patton added three more as he was fouled in scoring to give Morton a 45-41 lead.

Putting Money in the Bank

• • • a bank you can draw on for customers, a job, friends in time of trouble, schools for your children, churches for spiritual help . . . and the good life in this community . . . where everybody is Somebody

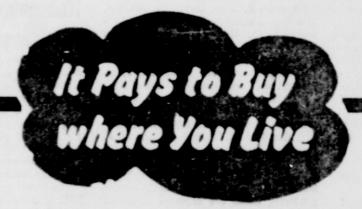

Every time you spend a dollar in this community for goods and services, a substantial part of that dollar automatically becomes an

investment in an enriched social and business life for YOU and your family and friends.

It's an investment you can draw on every day of your life . . . an investment that pays big dividends in happiness and prosperity, as it strengthens and builds up the vitality of this area in which you live . . . and in which YOU are important.

Contrast this with what the communitybuilding and supporting part of your dollar does for you when you spend it away from home, send it to some mail order house, or surrender it to some migratory peddler.

It's gone. To support some other area . . . to build up wealth that YOU can never draw on . . . and to strengthen those who aggressively drain off the trade of your community ... to weaken your business, your schools and churches, to eliminate your job, and devaluate your property.

Texas February draft call of 1,185 from priority groups told

Colonel Melvin N. Glantz, the State Director of Selective Service for Texas, announced the February draft call for Texas. The state will induct 1,185 men, and all will be called from the Extended Priority Selection Group and the First Priority Selection Group for 1971.

Glantz explained that the Extended Priority Group includes all Selective Service registrants who were classified in Class I-A, I-A-O, or I-O on December 31, 1970 and whose lottery number was reached by their local boards in ordering men for induction in 1970, but who, for one reason or another, were not ordered to report for induction. This group is made up of registrants who were born between 1944 and 1950 and who have not reached their 26th birthday.

The State Director emphasized that local boards will call men from the 1971 First Priority Selection Group only if the call cannot be filled with men from the Extended Priority Selection Group.

Colonei Glantz further explained that the 1971 First Priority Group is made up of registrants born in calendar year 1951 who are currently classified in Class I-A, I-A-O, or I-O.

Glantz noted that the February call of 1,185 men is up from the January call, which was 905 men from Texas. The national call for February is 17,000 men, all for the Army.

Local boards in Texas are ordering 3,337 men to take their pre-induction physical examinations in February.

Letter to the Editor

Mr. Bill Sayers Editor Morton Tribune

Morton, Texas Dear Sir:

Once again the mellow harvest season is gone; a time when golden leaves covered our yards and border patrols discovered illegal Mexican labor in our fields. Although much less a problem here than in urban areas, the hiring of the "wetbacks" continues to displace American citizens seeking the same kind of work in the labor market. It also burdens the American minority groups with additional problems in their struggle toward "middle-class" American status. But besides all these theoritical problems there remains the hard reality that to knowingly hire aliens violates the law. It does seem strange that citizens who admirably seek law and order in some areas would overlook the law in this important social and economic area.

My proposal, therefore would be to punish violators on all levels. A fine equal to what is spent by taxpayers for deportation proceedures plus an exemplary amount from \$500 to \$5,000, placed on guilty parties should accomplish something even if law enforcement officers' efforts in this area are limited.

Sincerely, Jeff Townsend
