Tribe-Bobcat shootout tonight

Morton's Indians warmed up for tonight's crucial district playoff clash with Dimmitt by blasting Friona, 94-42, Tuesday night to close out regular season play.

The Tribe will put their Region I title on the line tonight in South Plain's Texan Dome at Levelland. Tipoff is scheduled for 8 p.m.

The playoff with Dimmitt was forced after the Bobcats had bombed the Indians last week, 76-53, to capture the second half of district play. Dimmitt has won the district 3-AA crown nine out of the last ten years.

The Indians are not unaccustomed to pressure play. Last season Morton had to fight from behind to overtake district leader Post, and then blitzed Dimmitt, 81-59, in the bi-district clash. The Tribe then roared through the region tournament with impressive wins over McCamey and Quanah.

Tonight's game is practically unprecedented in area play as a district 3-AA, playoff has never been held before. Dimmitt, now 29-2 for the season, holds the finest record in the Panhandle-South Plains area. The Bobcats have lost to only Phillips and Morton. The Indians have the second best record in the area with a 28-3 mark.

In recent games, the Bobcats have been paced by hot-shooting Mark Wohlge-

Plans were finalized early this week for what it is hoped will be the biggest and best ever Cochran County Junior Livestock show to be held here March 1 and 2.

Bobby Neal, of Whiteface, is the chairman of the association and Alvin Gladden has been appointed as general superintendent of the show. Judges in each class for the show selected include Robert Hearn, Lovington, New Mexico, Steers; Ronnie Dennis, Kress, Sheep and Larry Tackitt, Happy, Swine.

Vic Jackson and Don Lynskey were appointed to the finance committee and will have the responsibility of raising funds for the show. They invite anyone wishing to make a contribution to the show to contact one of them.

The entry fee for this year's show will be \$3.00 per animal and all entries must be submitted to the show superintendent by February 22. The show will be held in the county livestock barns, east of Morton at the county park.

County businessmen eligible for loans

Fred S. Neumann, Director of the Lubbock District SBA Office, announced today that merchants and businessmen in Cochran and Yoakum Counties are eligible for assistance from the Small Business Administration under the Economic Injury Disaster Loan Program.

This action was taken because drought during the growing season and an early killing frost damaged crops in Cochran and Yoakum Counties. Also, in June, Cochran County had additional damage to crops due to winds and a hailstorm.

Anyone interested in obtaining information concerning an Economic Injury Disaster Loan should contact the SBA Lubbock District Office located in the Federal Office Building, Room 204, 1616 — 19th Street, P.O. Box 10107, Lubbock 79408, Phone 806-765-8541, Ext. 262. Office hours are 8:00 a.m. to 4:30 p.m., Monday through Friday.

Authority to accept applications under this program will expire on February 29, 1972.

Judge, commissioners take business trip to A&M and Austin

Cochran County Judge Glenn W. Thompson and County Commissioners U. F. Wells, E. J. McKissack and Leonard Coleman spent Tuesday through Friday of last week on an extended trip to College Station and Austin in pursuit of county business matters, Judge Thompson announced Monday.

On Wednesday and Thursday they attended the 13th Annual County Judges and Commissioners Conference on the campus of Texas A&M University at College Station where they heard many talks on progressive county government and participated in discussions and seminars on methods of improving existing county governmental procedures.

Following the conference, they traveled to Austin where they conferred with state officials on the food stamp program and on highway construction matters.

They received a complete briefing on all facets of the food stamp program, which they had previously requested, for the purpose of judging its merits for possible use in Cochran County. They met with the State Highway Commission Friday morning where they discussed proposed highway improvements and construction of additional farm to market roads in Cochran county.

Hold everything!!!

The Morton Industrial Foundation annual membership meeting has had a change in schedule.

Due to a conflict with the District 3AA basketball playoff game between the Morton Indians and the Dimmitt Bobcats, the foundation meeting date and time have been changed to Friday, February 26 at 8 p.m. Place of the meeting will still be the county activities building.

FOR GOOD WORKS . . .

THE MORTON VOLUNTEER FIRE DEPARTMENT received a check for \$75 this week from the Texas Farm Bureau Insurance Companies as an expression of gratitude for the department's work on a fire on the property of E. D. Jackson near Morton recently. The money will be used for purchase of equipment. The companies pay volunteer fire departments this amount when they fight fires in rural areas involving property that is insured by them. Here Wiley Hodge, Morton fire chief, receives the check from Olin Cooper of the Farm Bureau Insurance Company.

Indian cage teams post top records; future looks bright

Morton Indian basketball teams posted their finest seasons ever and left no doubt that the future editions of Tribe quintets will be tough indeed for all opponents.

This past week, the Morton B team and freshmen squads concluded the 1970-71 seasons. The B squad finished 23-1 for the year, the single loss coming to district 6-B champ Three Way.

Morton's impressive freshmen closed out the year with an 88-48 whalloping of Plainview Coronado and notched a perfect 23-0 year.

Morton coaches Doug Reed and Lester Dupler shied away from taking any credit for their teams' fine performances. Reed, B team coach, pointed out that his boys "just did what they were told to do, and did it well." With a squad composed of primarily sophomores, the B team played few close games. Paced by Ted Thomas and Jimmy Harvey, the B team won their last 12 games in succession.

Other squad members included Phillip Graves, Willie Harrison, Tony Bramblett, Mike Gilliam, William Grant, Rick Woods, Rush Coffman, Leslie Carter, and Mike Hunter.

The B team trounced Friona Tuesday, 72-52. Thomas scored 21 and Harvey hit

Resignation, contract renewals receive school board attention

Resignation of one of its members and contract renewals for supervisory personnel were the main two agenda items for consideration by the Morton Independent School District Board of Education at its regular monthly meeting Monday night.

David Rozell submitted a letter of resignation from the board due to the fact he has moved his residence to Liberal, Texas. The board voted to accept the resignation with an effective date of February 15, 1971.

Supervisory personnel whose contracts were up for renewal included Fred Weaver, high school principal; Jim Middleton, Jr. high principal; Harold Drennan, elementary principal; Lanave Freeland, color and William J. Hodge, school assessor-collector.

Following a statement by Superintendent Bob E. Travis that he recommended renewal of the contract for each of them, the board, on a motion by Bill

Foust and seconded by Robert Yeary, voted to renew all of these contracts.

Supt. Travis advised the board members that he has requested the school principals to attend the next meeting, when renewal of teacher contracts will be up for consideration. Travis said he considers the principals more knowledgeable concerning the performance of the teachers and will be able to better answer questions on this performance put to them by board members.

The board was advised by Travis that, due to the new federal lunch program recently adopted here, that participation in the free and reduced price lunches had increased from 343 in 1969-70 to 500 this year. He further advised that the enrollment in all Morton schools now totals 1,179 with an average daily attendance of 1,062. This is down a little from the peak enrollment and attendance for the year, but holding steady, Travis stated.

Supt. Travis advised the board that he had been approached on the subject of using the schools cafeteria for the Junior-Senior Prom this year. He further advised that he is against a school-sponsored prom in the cafeteria because many of the local religious denominations are opposed to dancing and he feels that the schools should not sponsor an activity of this nature.

Honor Society initiation is rough on sleepyheads

Monday morning started early for fourteen Morton High School students when they were jerked out of bed at 6:30 a.m. to attend breakfast in their pajamas and robes. The breakfast was held at the Jerry Winder home where the new inductees proved to be quite amusing, with girls in curlers and boys in shorty pajamas. The inductees are already looking forward to next year when they can get people out of bed at 6:30 in the morning.

To qualify for the N.H.S. a student must be a junior or senior and display qualities of character, scholarship, leadership and service. The members are selected by the teachers, and only 15% of the junior and seniors can be members.

This year's inductees are: Seniors, Eddie Turney, Joan Kuehler, Becky Greene, and Betty Silhan. Juniors: Barbara Brown, Sherri Cadenhead, Beverly Dolle, Terry Harris, Ernestine Hawkins, Rodger McClintock, LaVern Romans, Morton Smith, Karen Stevens and Jane Wilcox.

Mr. Rodger Posey gave a short speech on the four qualifications for the N.H.S. The invocation was given by J. Wayne McDermitt who missed out on last year's breakfast because of illness and was invited to take part in it this year.

N.H.S. members attending were Sue Winder, Karen Willis, Janice Hall, Garnet Taylor and Gerald Grusendorf.

Induction will be held at the County Activities Building Friday starting at 10:45. Guest for the breakfast were: Mr. and Mrs. Travis, Mr. Weaver and the NHS sponsors, Mrs. Knox and Mrs. Freeland. Special thanks go to Mr. and Mrs. Winder who got up that early in the morning and put up with a bunch of juniors and seniors in their pajamas.

COCHRAN POWER & LIGHT

STATE Capital NEWS

By VERN SANFORD

AUSTIN, Tex. — Legislators have cleared emergency finance hurdles and are moving to other fronts to hold down the size of the tax bill.

A \$1.9 million appropriation bill to avert reduction in aid to needy families with dependent children passed both houses and went to Comptroller Robert S. Calvert for certification.

Should he would accept the bill, Calvert advised passage of another which would re-align priorities in the state's massive omnibus tax clearance fund. In effect, this would permit turning over to welfare some \$35 million that normally would go to the teacher retirement fund between April and August.

Teachers association and retirement fund leaders had no formal objection to the latter, although it would cost the retirement fund an estimated \$100,000 to \$600,000 in short-term interest. However, the fund will be repaid in full when the ultimate new tax bill goes into effect on September 1.

WHILE THESE measures were moving methodically through the House and Senate, the House passed a bill to establish a \$185 million bond plan to finance construction on eight new college campuses.

Bonds would be repaid from tuitions, and would cost taxpayers little. Final approval of the plan in the Senate would relieve the tax bill of a heavy load in order to build new institutions already authorized by the 1969 Legislature.

Still another potentially-important money bill won quick Senate approval. It would require all cities and counties, population 10,000 and above, to report to the state all welfare spending for the medically needy. If federal officials will agree, Lt. Gov. Ben Barnes proposes subsequent legislation to require all these local funds be routed through the state treasury, where hopefully they would attract an extra \$100 million in two-to-one matching federal aid.

APPOINTMENTS — Gov. Preston Smith nominated Lester Clark of Breckenridge to succeed David E. Clemens of Mineral Wells on the Texas Water Quality Board.

Dr. Charles Max Cole of Dallas was named to succeed the late Dr. Noble Price of Lamesa on the State Board of Health.

Smith also sent these additional appointments to the Senate for confirmation:

Stephen Willis Simmons of El Paso to succeed Jamie C. Boyd as 24th district attorney.

Elo J. Urbanovsky of Lubbock and Gene Ray Hendryx of Alpine to the Texas Conservation Foundation.

Dr. Denver Fred Wendorf of Dallas, Dr. William Curry Holden of Lubbock and Dr. William W. Newcomb Jr. of Austin to Texas Antiquities Committee.

J. Wonne Hand of Dallas, James M. Ray of Austin and Dr. Bobby Gene Smith of Arlington to the Crime and Narcotics Advisory Commission.

Edwin A. Flieller of Floresville to the San Antonio River Authority board of directors.

Warren Woodward of Dallas and Truett Smith of Wylie were selected Texas Industrial Commission vice chairman and secretary-treasurer.

"PEOPLE'S LOBBY" FORMS — A new liberal group — including representatives of labor, ethnic and environmental interests — has organized an "issues-oriented" people's lobby.

About 300 attended the organizational meeting. Former U. S. Sen. Ralph Yarborough and former U. S. Atty. Gen. Ramsey Clark were the main speakers.

Congressman Bob Eckhardt of Houston was named temporary chairman and State Sens. Barbara Jordan of Houston and Joe Bernal of San Antonio, temporary vice-members were chosen to work with them.

By a divided vote, the group decided to steer clear of candidate endorsements (although there was plenty of speculation at the meeting that Yarborough may run for governor in 1972) and concentrate on specific legislative goals.

COURTS SPEAK — Houston's Kirkwood Civic Club, which insures enforcement of dead restrictions and sponsors lawn-beautification contests, is not exempt from the state franchise tax, says the State Supreme Court.

A letter terming a woman an "undesirable" renter (filed with an apartment association) was a privileged communication and not libelous, High Court ruled in another Harris County case.

Supreme Court dismissed for want of jurisdiction a San Antonio-Bexar County dispute over a cancelled incorporation election for "Hills and Dales Community" along Interstate 10.

Brownsville lawyer ordered disbarred by a district judge lost his appeal to the Supreme Court.

In a Cherokee County deed-interpretation case, High Court concluded that iron ore which can be produced only by surface-destroying strip-mining is not a mineral.

Third Court of Civil Appeals held that Humble Oil and Refining Company is entitled to get back \$92,000 in taxes paid the state, plus interest, on oil and gas leases at Corpus Christi Naval Air Station.

Third Court agreed that Mertzon Independent School District had the right to annex Barnhart ISD.

AG OPINIONS — State Comptroller is required to pay counties 25 cents for registration of voters under 21, Atty. Gen. Crawford Martin has held.

In other recent opinions, Martin concluded that:

Comptroller does not have the affirmative duty to withhold issuing state warrants to agencies of the state where an employment-discrimination complaint has been lodged.

Exchange of real estate between Dalhart and the Dalhart school district requires publication of a notice and a public hearing.

Omnibus crime control grants can go to non-profit groups, individuals and non-state supported schools if qualifications are met.

An ex-convict, although pardoned by governor last May 26, must wait three years to get wine and beer retailer's permit.

Money held by the Texas State Board of Examiners in Optometry cannot be spent without legislative authority.

Fees collected from adult probationers may be used for paying probation officer's salaries, his office help, travel expense and training.

State Board of Examiners of Psychologists cannot certify psychologists who don't have a master's degree.

State Health Department can require the seal of a licensed, professional engineer on plans for hospitals and other institutions.

OPEN MEETINGS AMENDMENT PROPOSED — A bill to require notice before and posting of minutes afterward concerning closed-door meetings of public agencies was heard by the House State Affairs Committee.

Closed meetings now can be held legally to discuss personnel, real estate or security matters.

Bill by Rep. Dave Allred of Wichita Falls would not ban these meetings, but would require notice in advance that they are to be held. Within three days, under the bill, minutes sketching the action which took place in the closed meeting would have to be made public. Bill went to sub-committee for study.

Meanwhile, Sen. Mike McKool of Dallas introduced a bill (SB 314) to require publishers, broadcasters and billboard concerns to charge their "lowest" rate for political advertising. Bill proposes \$100

fine and recovery action for "charge."

FIRST BILL SIGNED — First bill of the legislative session — reopening registration through February — was signed into law by Governor Smith.

Voters who register this month cannot take part in elections before April. Those who registered before the close of the old deadline, in January, can vote by March 1.

SHORT SNORTS — Legislature has solutions calling on U. S. Secretary of Agriculture to allow Texas more time to comply with federal meat inspection standards before taking over the inspection program.

Governor Smith offered the services of the Texas medical disaster team to earthquake-hit California.

Senate approved constitutional amendments to require annual sessions of the legislature, repeal of the annual registration requirement and to allow year-olds to vote in all elections.

Drylot feeding seen as drought solution

Drylot feeding of the cow herd is a possible solution to the problems created

by drought and cold weather, explains Dr. B. J. Ragsdale, Extension range specialist at Texas A&M University.

Confining cattle and feeding them silage rations with comparable energy levels as pastures can alleviate the nutrient deficiencies and lack of forages as well as the cattle losses that accompany drought.

Less energy is required by confined animals and cattle weights can be maintained in drylots. Rations can vary, but it is necessary to maintain a minimum nutrient and energy level. Vitamins and minerals may not be necessary, although it is a good idea to include them for brief periods.

When the herd is in a drylot, the pastures aren't trampled and the remaining forages can have a chance to recover from the effects of drought and cold weather.

In early tests, no disease problems were encountered within the confined animals.

A. D. Holt, Art Linkletter to share TSTA meet spotlight

An outstanding American educator, A. D. (Andy) Holt, and the well-known entertainer, Art Linkletter, will be featured speakers at the 92nd annual state convention of the Texas State Teachers Association March 11-13 in Dallas.

Harold Drennan, principal of Morton Elementary School, will represent the Morton chapter of the association at the meeting.

Registration by districts begins at 1:30 p.m. Thursday, March 11, in the exhibit arena at Dallas Memorial Auditorium. The vast exhibit arena also will be the site Thursday afternoon and Friday for some 150 special exhibits of the newest books, equipment, materials, services, and ideas available to schools and teachers.

TSTA standing committees will meet Thursday morning in downtown hotels. District presidents will meet at 5:30 p.m. Thursday.

The Convention will adjourn Saturday afternoon.

Jewell Harris, Abilene classroom teacher and 1970-71 state president of TSTA, will preside.

TSTA leaders think the convention may be the biggest yet for the 137,000-member organization, largest professional association in the state. Attendance may go as high as 10,000.

"An Evening With Art Linkletter" will highlight the first general session at 7:30 p.m. Thursday in Memorial Auditorium, site for all general sessions.

It will be something of a homecoming for Linkletter, who in 1936 was director of the radio and public address system for the Texas Centennial in Dallas and authored the "Cavalcade of Texas" centennial theme.

Since then, Linkletter has won worldwide fame for his radio and TV shows "People are Funny" and "House Party," and for such books as "Kids Say the Darndest Things."

Holt, president emeritus of the University of Tennessee, will speak at the Friday morning general session. He is well known to many TSTA members for his humorous-inspirational speeches at three previous state conventions and at national meetings.

Holt's varied professional career began with service as public school teacher and administrator. He was executive secretary of the Tennessee Education Association and vice president of the University of Tennessee before being promoted to the presidency in 1959. He has been president of the National Education Association, chairman of the White House Conference on Education, and a member of the advisory council to the U. S. Commission on Education.

Also on the Friday morning program, TSTA will present its fourth annual "School Bell Awards" to Texas news media judged outstanding for coverage of public school affairs.

★ Sunday Tea

The Cochran Memorial Hospital Auxiliary will honor Doctor Eva Lee Sneed and her family with a "Get Acquainted" tea Sunday, February 21 from 3 to 5 p.m. in the hospital lobby.

ONCE IS ENOUGH.

When you plant cotton with Terraclor Super-X Fungicide.

It costs so much to plant a cotton crop these days that no grower can afford to replant. Well, once is enough... when you plant with Terraclor Super-X Fungicide. It controls the fungi in the soil that cause most of the problems... seed and seedling rot and pre- and post-emergence damping off. So plant once with Terraclor Super-X. Forget fungi. You save replanting costs: seed, fertilizer, chemicals, equipment. Not to mention time and labor.

There's another advantage: you choose how you want Terraclor Super-X to control fungi. The most popular is Terraclor Super-X with DiSyston Systemic Insecticide impregnated in the granules. Or you can protect against fungi with a liquid or dust form. Whichever... So ask your Olin dealer or distributor today for all the details. He has all the information you should need to decide that once is enough. Which is another good reason we say...

County income tax deductions on par with other U.S. areas

Cochran County residents who are getting together their income and expenses figures for the past year, in preparation for their annual encounter with Uncle Sam, will be interested in knowing how their charitable and other deductions compare with the average.

Were their gifts to charity larger or smaller than those made by most people in their income category? Were their medical expenses and their deductible local taxes higher or lower?

Helpful information regarding this, for those who itemize their deductions, comes from the Commerce Clearing House, an authority on taxes and business law, based upon data obtained from the Internal Revenue Service.

It has prepared figures showing just how much the average taxpayer in each income class has been deducting for contributions, interest charges, local taxes and medical costs.

In general, it shows, families throughout the country whose earnings are equal to the average in Cochran County have been deducting a total of \$2,330, equivalent to 17 percent of their gross income.

The deductions listed by local families with lower-than-average earnings represent a bigger proportion of their income. Conversely, those in the high brackets have smaller deductions, percentage-wise.

The range is from 16 percent, for those with top incomes, to 24 percent at the other end of the scale.

Those local families who are in the \$12,500 class will have total deductions of about \$2,130 if they fit the norm for that income, the CCH figures show. Those at

the \$5,500 level will be deducting around \$1,290.

A breakdown of the \$2,330 in deductions usual to those with incomes equalling the Cochran County average shows that \$354 of it is for charitable contributions, that \$806 is for interest paid on loans and on installment debts, that \$895 represents local tax payments and that \$275 is for allowable medical expenses.

The Commerce Clearing House stresses that these figures are merely a guide to what people in various income brackets are listing as deductions. They are not automatically accepted by the IRS. Proper records must be available to support all claims.

Mrs. Thomas speaks on 'color' to LeFleur ladies

Mrs. J. L. Thomas gave an informative program on color in arrangements for the LeFleur Garden Club. The club met February 2 in the home of Mrs. W. A. Woods.

Some of the points Mrs. Thomas told the members were that color comes from nature, some are warm while others are cool. Warm colors tend to draw near while the cool ones will recede. "Green however is stabilizing and does neither. Violet with blue predominating will give a cool feeling but violet with red preceding will give a warm feeling. Some colors as blue and yellow have dual purposes." Mrs. Thomas continued, "We use the color wheel to illustrate the various related, contrasting and balanced color schemes."

Following the program and arrangement made by the hostess titled "Come fly with me" was viewed and commented on by the group.

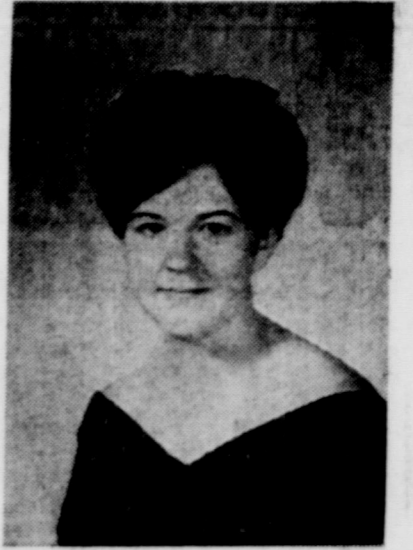

Mrs. Olin Darland presided at the business meeting and roll call was answered with "My Favorite Color." Project chairman, Mrs. Don Samford, reported on work recently done at the Museum Grounds and stated that a Mountbatton Juniper tree was planted in observance of Arbor Day.

It was announced that the District 1 Spring Convention will be held in Amarillo March 22 and 23 at the new Garden Center, and the National Judges training school is scheduled for May 12 through 14 at the Lubbock Garden and Arts Center. Instructors Grunnell and Hammel will conduct the school.

Mrs. Owen Egger served Valentine con-

fections to: Mms. E. R. Fincher, Thomas, L. Z. Scoggins, Darland, Roy Hill, Samford, Woods and guest Mrs. Hubert Banta.

The next meeting will be in the home of Mrs. Owen Egger February 25. Miss Lessie Ward will present the program.

Carter-Hines vows read in Levelland

Miss Glenda Sue Hines and Charles Lynn Carter exchanged wedding vows at 9 p.m. Wednesday, February 10, in the United Wesley Methodist Church in Levelland. The Rev. Ellis Lee Langston officiated.

The bride is the daughter of Mr. and Mrs. Glen L. Hines of Levelland and Carter is the son of Mr. and Mrs. J. B. Carter of Morton.

The bride wore an A-line dress of powder blue crepe with sweetheart neckline and puff sleeves. Her corsage was made of white carnations in a heart shape with pearl hearts. For something old, she carried a lace handkerchief, hand tatted, by her grandmother, something new and blue was her dress and something borrowed was a white satin garter made by Mrs. Leonard Waddell, cousin of the bride. For good luck she wore a penny in her shoe belonging to her late grandfather.

Following the ceremony, a reception was held in the home of Mr. and Mrs. Edward Pruitt of Morton. Mrs. Pruitt and Mrs. Clark McCamish of Muleshoe, sisters of the groom, were hostesses.

Carter is a graduate of Morton High School and a student at South Plains College. He is employed by Furr's Super Market.

The couple will make their home in Levelland.

Cotton supply shortage could endanger outlook for expanding markets

A supply shortage could endanger the best outlook for expanding cotton markets in a decade was commonly heard statement at the recently held National Cotton Council meeting in Dallas.

Fred C. Elliott, Extension cotton specialist, said the need for more cotton production was pointed out by several conference speakers, including Assistant Secretary of Agriculture Clarence D. Palmby and Dr. M. K. Horne, Jr., consulting economist for the Council.

Horne noted that domestic mill usage in 1970 was 8 million bales and that exports for the crop year ending next August 1 are projected to rise to 3.5 million bales, up 700,000 from 1969. There is some feeling that actual exports will go to 4 million bales or more, Horne said. Domestic use of 8 million bales and exports of 3.5 million would reduce the carryover stock of cotton to the lowest level since 1952 and bring us to the brink of a supply crisis, the economist said.

Elliott said Dr. Horne emphasized that cotton could not survive such a situation when we are competing with synthetic fibers which are produced on dependable schedules every day of the year. Therefore, a larger crop in 1971 is a must.

Palmby also emphasized the need for more cotton production in 1971 and outlined how the Agricultural Act of 1970 could give a new direction for cotton. The new program offers the cotton industry the opportunity to be more competitive in terms of production costs and to produce what the market will take — the quantities and varieties needed, he said.

In order to expand our market opportunities, we must have larger supplies along with a greater variety of staple lengths and other quality factors. We must have cotton available if we hope to regain cotton's rightful share of market growth here and around the world, the assistant secretary said.

Elliott advises Texas cotton producers to take a realistic view of the current situation and take advantage of the opportunities offered.

A minority business firm will manufacture 114,144 American flags under a VA contract.
