68 Seniors to graduate Friday

The spotlight will be on the youth of Morton tonight as twelve long years of schooling comes to an end with the forma! commencement exercises for the Morton High School class of 1971.

Baccalaureate services for the class were held Sunday, May 23 in the county auditorium, the same place where commencement will be held beginning at 7:30 p.m. tonight.

There are 68 candidates for graduation listed on the commencement program, an even dozen more than for the class of 1970. The culmination of years of academi, effort will be at hand as the sixty eight young men and women march in as students and a short time later emerge as graduates ready to begin carving their places in the adult world. Some will immediately enter the work-a-day world bent on winning a place for themselves, while others will strive onward to a high-

er educational level. Whichever path they choose to follow, they will benefit greatly from the groundwork of education they received in the Morton schools. The MHS band, playing the proces-

sional, will begin the commensement exercises, followed by the invocation to be given by Forrest Baker. Following the invocation, the Salutatory address will be given by Garnett Taylor, second highest ranking student in the class.

The valdictory address will be delivered by Gerald Grusendorf, highest honor graduate of the class.

The class song, "The Road Not Taken," will next be sung by Roger and Sheryl Posey, followed by the introduction of the commencement speaker by Morton High School Principal Fred Weaver. The commencement address this year will be delivered by David Murrah, history and social studies teacher at the high school. Presentation of the senior class will be by schools superintendent Bob E. Travisand presentation of diplomas will be by Don Lynskey, president of the MISD Board of Education.

After receiving their diplomas, the senior class members will sing their Alma Mater song and the ceremonies will close with the benediction by Rev. G. A. Van Hoose and the playing of the recessional by the high school band.

The class of 1971 has chosen as its motto: "Reality May Be A Rough Road, But Escape Is A Precipice."

The class flower is the daisy, the class song is "The Road Not Taken" and the class colors chosen are lime green and yellow.

Reverand Mearl Moore gave the Baccalaureate sermon at services held in the county auditorium Sunday night. The program began with the processional played by Miss Glorietta Gray, followed by the invocation given by Rev. David Greka, Rev. Moore was introduced by schools

Local men to make trip on POW behalf

Three prominent Cochran countians will be among a large Texas delegation that will travel to Europe and Russia this summer on behalf of American prisoners of war in Southeast Asia.

County Judge Glenn W. Thompson, Morton Mayor Donnie Simpson and Whiteface Mayor Wendell Dunlap have accepted invitations by Lt. Governor Ben Barnes to be a part of a group of Texans expected to mount into the hundreds that will visit Paris, Moscow and Stockholm in efforts to secure the release, or relocation in a neautral country, of American prisoners of war.

Exact itinerary of the journey, which is scheduled to depart Austin August 5, has not been finalized. Barnes will act as tour leader and each person making the trip will pay his own expenses.

superintendent Bob E. Travis and, following his sermon, the benediction was given by Rev. Paul McClung. The ceremonies ended with the recessional by Miss Gray. Members of the class of 1971 who are candidates for graduation include:

Johnny Alvarez, Susan Andy Arteaga, Robert Forrest Baker, Linda Kay Barnes, Darrell Wayne Betts, Paul Howard Blanton, Deloria Faye Brown, Jack Allan Buckner, Benny R. Cadenhead, David Bautista Carrasco, Helen Marie Christian, Way-

County said receiving fair share in federal grants-in-aid program

In the distribution of Federal funds to communities across the country, via the various grants-in-aid programs, how has Cochran County been making out?

What portion of the grants made during the past year, totaling \$23.5 billion, went to the local area?

Judging from state-by-state figures compiled by the Texa Foundation, a national non-profit organization that watches government taxation and spending, Cochran County's allotment was relatively large. During the past fiscal year, an estimated \$545,000 was awarded for local purposes under a number of aid programs. Throughout the State of Texas as a whole, the grants totaled \$1,153,000,000, the Tax Foundation reports, based upon figures it obtained from the Treasury Department.

The grants were made to help the state and its communities with such needs as urban renewal, roads, school construction, child welfare, health facilities and education. The second of

★ Parent reminders

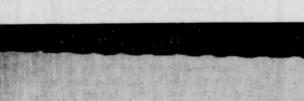

At the close of the school year there are always many important reminders to parents. Here are some to keep in mind:

All people who live outside the Morton I.S.D., and who wish to transfer into the Morton school system must do so on or before June 1. Transfer application papers may be picked up at the superintendent's office.

Reading and Math classes for those requiring them will begin Monday, May 31, 1971, at 8:30 a.m. Consult a schedule to determine when you should come.

All five-year-old children who are eligible for Headstart or Kindergarten may register at the community center at the Eastside elementary school building or in the elementary principal's office.

All beginning students for the 1971-72 school year must have a birth certificate and a record of their shots to present to school authorities when enrolling in August.

result of the reckless use of autoes observed during the lunch rush

pt. Travis noted that the schools were heir final week for this year, and ing could be done until the fall semestbegins, but that he would like to rest a decision by the board by the meeting for administrative and planpurposes. He pointed out that with sed campus, there would be 300-400 persons to be served by the cafea and this would require additions and tions to the facilities to be accomed prior to the beginning of classes

other business, the board accepted regret the resignations of Mrs. Neta

Rainbow rites

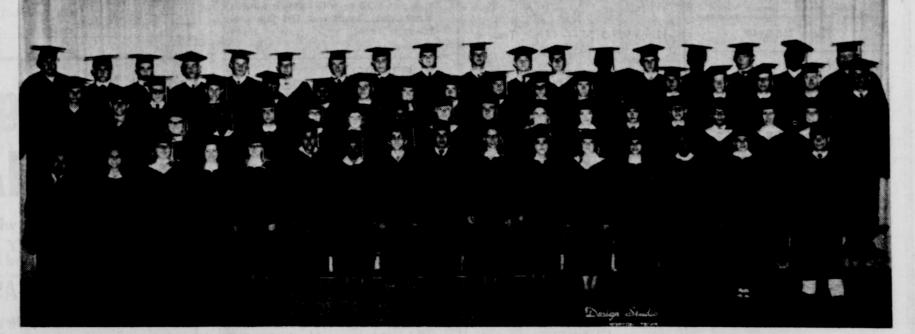

Ann Winder will be installed as Worthy Advisor at the Rainbow Installation Saturday at 7 p.m. in the Masonic Hall. Other officers who will be serving with Miss Winder will also be installed. The public is invited to attend.

luck in one day; name drawn twice for money

Mrs. Rayla Soliz is fully convinced that it pays to attend all free money drawings during Morton's monthly Jamboree Crazy Day festivities. She is convinced because her name was drawn two times, each time for \$50, during the drawings held Saturday.

There is a somewhat sad note to this rare coincidence, however, as she received only \$50 of the total \$100 her name was drawn for. In the 2 p.m. drawing, her name was called third, after Mrs. J. L. Barnes and Mrs. J. F. Cooper and she arrived at the courthouse square too late to claim her money. She decided to be on time for the 3 p.m. drawing, and sure enough, her's was the first name drawn for the \$50.

J. A. Mullinax, Mrs. C. C. Benham and Mrs. J. W. Nichols were the names drawn for the \$5 prize at 4 p.m., but none were present to claim it, so the amount will be doubled for the June drawing. Due to Mrs. Soliz not claiming her money in time, that \$50 will also be doubled for the June drawing.

MORTON HIGH SCHOOL CLASS OF 1971 ...

MEMBERS OF THE GRADUATING CLASS are shown together for nearly the last time as they rehearsed late last week for the baccaloureate and commencemnt exercises that were to close out their high school careers this week. There

are 68 candidates for graduation this year, 12 more than in 1970, and one of the largest classes in recent years.

lop MHS seniors give reaction to approach of graduation

OF GOOD AND BAD TIMES By Gerald Grusendorf, Valedictorian

my twelve years of school I ve made some good friends, had some times, and have gone through a of misery. I feel most of my education been worth while and will prove bene-I to my future.

or a while I may have a melancholy ing about leaving high school, but I my education and living have just ted. Just as I had some good times school, I will have good times in the ire; and I can get more reward out of at I am doing.

am glad my senior year is ending. has been the least enjoyable of my lve years. The attitude about the ool is very bad, and has made this ery dull year. I am looking forward eaving this school and hope some of problems can be worked out.

Gerald Grusendor

REFLECTIONS ON A HAPPY TIME By Becky Harris

The twelve years I have spent at Morton Schools have been happy ones for the most part. I loved school from the very first day - I got to help pass out the books. Through every year of elementary school the recesses got shorter, and so did the girls; especially during the fifth grade, it seemed like almost all the boys grew eight inches.

Junior High marked our entrance into the Physical Education program. For the first week, all the girls fought for the individual showers, what modesty! The boys had their own football and basketball teams. I think our class football team won three games in two seasons. Next we were Freshmen. The only real problem we had as Freshmen was Seniors. Time rolled on through Sophomore dold-

MEMORIES By Garnett Taylor, Salutatorian

Here I am, preparing to start a new life. While expressing relief that I am finally achieving the goal I have worked 4 long years to complete, I am also bringing back memories of my high school years. I remember the thrill of owning my first hog, and the bitter taste of defeat after losing in the livestock show. I remember the many hours of work it took to train and prepare show stock.

I can also remember the hours of work I put in to become drum major. I remember the waves of nervousness which always hit me right after the half-time show. The moments of anxiety before the announcing of the ratings at marching contests, and the thrill of being a part of a first-division band.

I also fondly recall the many friends See MEMORIES, Page 2a

Fight High Taxes on Real Estate **ESPECIALLY YOUR OWN**

To those whose taxes were RAISED in recent years by City, School or County TAX AGENCIES, an experienced organization offers advise and help.

ASK YOURSELF THESE QUESTIONS:

1. Is YOUR assessed value IN LINE with others?

2. Do you KNOW the simple steps needed to get FAIR VALUA-**TIONS set?**

3. Do you know HOW TO PRESENT the REAL facts about your property to the PROPER OFFICIALS?

If you answer YES to the above, we can only supply you with a list of items that effect value. But if your answer is NO our service may save you many times its cost each month or year. Your Board of Equalization WANTS to treat you fairly, but can't do so unless it has the FACTS. YOU know MORE about your own property than any ASSESSOR. NOW is the time to JOIN THE TAXPAYERS REVOLT !!!

lots muscle way into lead Little League second round

Colt 45's vaulted into the lead in Little League during last week's with three big wins and remained ly undefeated team in second round as all other teams were dealt losses. Pirates, Cards, Sox, and Cubs, all 1-1 in second round play, while the is have yet to win a game and are second round action.

games in this week's play will pit rds against the Pirates tonight as teams fight to stay alive in the seound. The Sox and Cubs also clash in a showdown game. After to-'s game, the four-way tie for second should be narrowed to two teams. ay night, the Sox take on the lead-

d in

iza-

and

ing Colts in another top game, while the Cards tackle the Giants in the first game. Tuesday, the Pirates will face the Cubs and the Sox challenge the Giants.

On the last week's play, the Colts' 12-10 win over the Cards and the Cards' 11-7 upset of the Sox grabbed top attention from local baseball fans. Ruben Marinez picked up the win for the Colts over the Cards, but had to stave off a late inning rally to do so. Leading 12-7 going into the last frame, the Colts gave up three runs as Donnie Campbell and Ray Ramon slapped hits for the Cards.

However, the rally fell short. Bobby Patton, Troy Patton, Ricky Lewis, and Randy Gray each scored two runs for the winners.

Ramon, Stevie McMasters, and Donnie Campbell scored three each for the Cards. Tuesday night, the Cards surprised the Cubs, 11-7, by roaring from behind in the fourth inning as they powered over eight runs in their half of the frame, Ramon picked up the win for the Cards.

In other games, the Cubs won their fixst game in second round play by romping over the Giants, 24-11, but then lost to the Colts, 24-10 Monday night.

The Pirates, winners of the first round, walloped the Giants, 39-0 Monday night in their only game this week. The Colts bopped the Giants, 30-4, Tues-

day night In minor league play, the Indians beat the Mets, 8-7 Friday night. The Yankees came from behind to beat the Sox, 14-13. In senior Babe Ruth play, Morton dropped a 15-9 decision to Muleshoe Sunday afternoon. The visitors scored eight runs on four hits and four big Morton errors in the fourth inning to take the win. Saturday, Morten hests Littlefield at 8:30 p.m.

Festivities fete graduating seniors

Nine graduating senior girls and their mothers were honored with a party in the home of Mrs. W. M. Butler, Jr. Tuesday, May 25. Mrs. Bill Crone was cohostess

Graduates and mothers honored were: Joan and Mrs. Lewis Kuehler, Becky and Mrs. Van Greene, Cindy and Mrs. Jack Gunnels, Vicki and Mrs. Keith Kennedy, Janice and Mrs. Raymond Hall, Michelene and Mrs. Simon Marina, Sue and Mrs. Jerry Winder, Karen and Mrs. Bryon Willis, and Betty Silhan.

Black and gold, Morton High School colors, were used in pom-poms, silouetts and streamers throughout the entertaining rooms. A arrangement of yellow Spanish Broome and miniature graduates centered the serving table.

The honorees were presented favors of a graduate with their name engraved on them.

Homemade toasted pecan ice cream, cake and punch were served.

Mrs. Levie Minor of Lubbeck was a guest.

'Go, Grow, Glow' them for installation of club officers

the LeFleur Garden Club following a breakfast at Kate's Kitchen Thursday, May 20.

Using the District Theme "Go, Grow, Glow," Mrs. Egger presented each officer a pink lighted candle lite from a single taper. She read several poems including "Consider the Earth." Officers installed were: Mrs. Olin Darland, president; Mrs. J. L. Thomas, 1st vice president: Mrs. Don Samford, 2nd vice president; Mrs. E. R. Fincher, secretary, Mrs. Roy Hill, treasure., Miss Lessie Ward, parlimentarian; Mrs. L. Z. Scoggins, reporter and Mirs. W. A. Woods, librarian.

Mrs. Darland named the following to serve on standing committees: Program and yearbook, Mrs. J. L. Thomas, Mrs. Hill and Mrs. Murray Crone; Project, Mirs. Samford, Mrs. Fincher and Mrs. Scoggins: Finance, Mrs. Hill, Mrs. Thomes and Miss Ward; Social, Mrs. Egger,

Mrs. Owen Egger installed officers for Mrs. Woods; Publicity, Mrs. Scoggir , and Mrs. Ray Griffith; Press book, Mr. Scoggins; Courtesy, Mrs. Egger and Miss Ward; telephone and membership, Mrs. Woods, Miss Ward, Mrs. Thomas; scrapbook; Mrs. Crone; Anit-litter, Mrs. Fincher, Mrs. Samford and Mrs. Egger; Flowershow, Mrs. Grilfith.

Page 3a

Fellowing the installation Mrs. Hill, Mrs. Darland, Mrs. Fincher and Mrs. Thom: 3 made a pilgrimage to Odessa's Meteori Crater. Organizations in that city are working to make it a State Park and a naming and marking native plants. Fro 1 Odessa they travelled to Monahans Sta e Park Sand Dunes where they enjoyed sack lunch and drank water from a real "old Timey" windmill.

Ocean waves have been known to go as high as 80 feet.

On a postman's uniform a red silk star means 15 years of service.

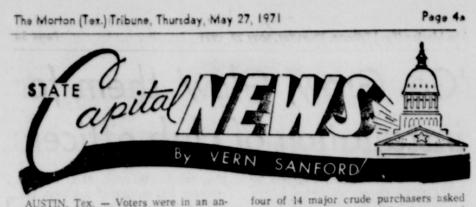

A PERSONAL INVITATION TO ENROLL YOUR SON IN PITCH, HIT AND THROW

You've probably seen Johnny Bench in some recent Phillips television commercials. He's talking about how your son could win a trip to the All-Star Game by winning the Official Major League Baseball Pitch, Hit and Throw competition sponsored by Phillips 66.

As Johnny says in the TV commercial, "It's for boys 9 through 12 as of August first, and you compete only against boys your own age. Keep winning and you and your parents could go to the finals held at the All-Star Game."

We want to make sure that you have the opportunity

AUSTIN, Tex. - Voters were in an antagonistic mood toward three proposed changes in the Texas constitution last week, but they approved one amendment termed "a great step forward for Texas cities and towns."

Down the drain went proposals to set up a state commission on officials' ethics and legislative pay, to increase the welfare ceiling and to permit constitutional amendments to be submitted in special sessions.

Whether welfare defeat will mean early cuts in assistance to the needy is the subject of sharp disagreement. It's a cinch legislators will get no early pay raise, although they can adopt their own code of ethics by statute.

Amendment adopted creates a \$100 million bond fund for construction of city or regional sewage treatment facilities.

Texas Water Quality Board Chairman Gerdon Fulcher, Atlanta newspaper publisher, said adoption of the bond amendment is a "stride we very much hoped to make in order to reach our goal of meeting statewide water quality standards by 1975.

Clean water goals, said Fulcher, cannot be achieved until cities improve the quality of sewage discharges into rivers and streams. Financing has been a major drawback for municipalities.

Amendment provides for a state matching grants program to make available on loan basis 25 per cent of the eligible cost of sewage treatment plant construction.

With the state program, federal grants (new only 35 per cent) can increase to about 50 per cent. That leaves cities with only 25 per cent of a project cost to bear immediately.

Fulcher said he is hopeful that cities will move forward with the "greatest of haste" to take advantage of additional financial aid.

OIL ALLOWABLE CUT - Statewide oil allowable for June has been cut to 75.4 per cent of potential, lowest market demand factor since August. Railroad Commission set the factor after for less oil, three asked for more, and seven requested the same level for June as in May.

New allowable will permit maximum production of 3,606,943 barrels of crude daily. This is a decrease of 68,913 barrels below the May level, with 77.2 per cent of the potential factor.

Actual production is expected to be about 3,344,000 barrels daily, nearly what major purchasers requested.

Reduction was the second in a row, after allowable remained at \$1.1 per cent for three straight months. Last June's market demand factor was only 59 per cent.

NEW PARKS OPEN - Seven new state parks will be available for use this summer, but some of them are suited only for "roughing it."

Three of the parks are restricted to day use only. They are Pedernales Falls near Johnson City, Hueco Tanks near El Paso and Dinosaur Valley near Glen Rose.

No water supply is available at any of the three, and picnic tables and toilets are the only facilities.

Public access at New Galveston Island State Park is restricted to the beach area. Picnicking is allowed at Cooper Breaks State Park in Hardeman County, but there is no water and few facilities.

Camping is allowed at Lake Arrowhead State Park in Archer County, but no water is available.

Most completely developed of the new tracts are Nail's Creek and Birch Creek units of Somerville State Park near Brenham. All of the new parks, with the exception of Copper Breaks and Galveston Island, have a one-dollar-per-vehicle entrance fee.

COURTS SPEAK - Supreme Court in 20 minutes reversed a district judge and held that a legislator-lawyer is entitled to automatic postponement of a case in which he represents a client during a legislative session.

Supreme Court ordered a new trial in

the case of an Eastland turkey farmer who is suing an insurance company for collapse of a steel barn following a snow storm. Insurance company is fighting the \$7,450 claim, contending that the building collapse was partially caused by the snow storm and such damage is not covered by its policy.

Court of Criminal Appeals affirmed the 10-year probated sentence of a Dallas man for shooting two Dallas police officers in 1968.

AG OPINIONS - Tuition equalization grants by the state to students at private colleges would not violate the constituion, Atty. Gen. Crawford Martin held in a new opinion. Martin said the grants, proposed in a bill before the Legislature, would not be counter to the separation of church and state doctrine.

In other recent opinions, Martin held that:

Tax assessor-collector when designated by an independent school district to assess its taxable property at a greater rate of value than for state and county purposes has no choice but to comply. School district is expected to appoint its own board of equalization.

The penal code prevents renewal of a contract with a school teacher who has not taught for two or more years prior to a brother's being elected to the school board.

Bill allowing personal checks of bonded cigarette distributors to be treated as cash payments by the state treasurer when received for payment of cigarette stamps or meter settings is constitutional. Requirement that all cigarettes be stamped by all distributors within a stated period is proper exercise of legislative discretion in collecting state revenue.

DRAFT CALL 640 - State Selective Service headquarters announced the June draft call of 640 Texans.

May call nationally was for 15,000 men. Department of Defense announced a combined May-June call of 20,000 men with a lottery number limitation of 125 for the combined call.

State Selective Service Director Melvin N. Glantz said 1,750 Texans will be ordered to take pre-induction physical examinations next month.

Local draft boards have mailed orders for pre-induction and induction to men under their jurisdiction.

CRIME-FIGHT GRANTS APPROVED -Gov. Preston Smith approved 18 new grants totaling \$1,038,650 for crime-control projects.

Three are for police training in El Paso,

Hudspeth, Culberson, Jeff Davis, Presidio and Brewster counties; Victoria and at Department of Public Safety headquarters. Twenty education service centers will get \$42,550 for drug education programs in Edinburg, Beaumont, Corpus Christi, Victoria, Houston, Wichita Falls, Richardson, Austin, San Angelo, Lubbock, El Paso, Huntsville, Kilgore, Mount Pleasant, Fort Worth, Waco, Abilene, Amarillo, Midland and San Antonio. Seven grants for \$147,-274 go to juvenile delinquency control in Harris County area, Nueces County, Dallas County, Brooks County, Dallas County, Texarkana, and Webb County.

Big Spring, Lubbock and Dallas got \$472.873 for professional aids for police. Nueces County got \$21,692 for probation remotivation. Houston and Corpus Christi's Coastal Bend Regional Planning Council received \$182,877 and \$9,277 grants, respectively, for research and development projects. Bexar County got \$30,000 to finance the plan and design a computerized subject-in-process system for arrest and trial records.

SHORT SNORTS - Governor Smith said he has no intention of running for the U.S. Senate, but may run for governor again.

Six hundred million dollar tax bill was signed by the Governor and will go into effect July 1.

Eight bills termed by Lt. Gov. Ben Barnes as the most significant banking law reforms in many years were passed unanimously by the Senate.

House and Senate both frowned on legislation calling for complete state take over of school operating costs. Both houses of the Legislatures have

agreed the state should pay up to \$300 a semester for tuition of needy students in private colleges.

Charles E. Simons of Dallas took the oath of office as a new member of the State Highway Commission. Moody Foundation awarded 33 grants

of almost \$2 million for mental retardation, education and medical services.

Mrs. Dee Merritt and Chad visited last week with her mother and father-in-law, the Dake Merritts, and her sister and family, the Bob Robinsons.

Mrs. James St. Clair and her son, Jimmy, spent several days this week at market in Dallas.

Mrs. Vernon McMullen of Imperial, Nebraska and Mrs. Lee Jackson of Chattanooga, Okla, visited in the Lovell Jackson home over the weekend to help welcome home their new grandson, and greatgrandson, Carey McMullen.

Cochran countians smoke 'fair share' of cigarettes

What have Cochran County residents been doing lately about their cigarette smoking? To what extent have the campaigns conducted by the Public Health Service and others led them to cut down on their consumption or cut it out completely?

The findings are that many of them have quit 'permanently and many others are trying to do so. As for the large remainder, however, they are smoking as much as ever.

That is the trend in most areas. The Department of Agriculture reports that 1970 was the first year in four in which there was a rise in per capita consumption of cigarettes by adult smokers in the United States. The average was up nearly two packs annually.

According to a survey made by the National Center for Health Statistics, the ones who are cutting down on their cigarettes are the light smokers - those who use no more than 10 per day - and elderly people.

There was a marked increase, however, on the part of those who smoke one or more packs a day.

IIn Cochran County, in the past year, cigarette sales came to approximately 564,000 packs, according to a breakdown of regional figures released by the Tobacco Tax Council.

Related to the local population over age 18, this was equivalent to 170 packs per capita.

Littlefield

Compared with some areas of the con-try, this was low and, compared to other high. The average nationally was a packs. IIt was 172 in the West South Ce tral States.

tral States. A decline has been noted in the number of women smokers in the last le years. There are new some 300,000 few female smokers than there were in 19 survey figures show, despite a populate increase of three million adult wome According to Dr. Daniel Horn of the Mational Clearing House on Smoking a National Clearing House on Smoking a Health, giving up cigarettes seems to more difficult for women than for me And, even when they do quit, they fi

it harder to stay quit. How much does the average Cochr County smoker spend per year for cigare es? Approximately \$71, it is estimate For the local community as a whole, t total is close to \$237,000.

Mr. and Mrs. Charles Jones of Saya and their daughter, Charlotte, who is student at Howard Payne Universpent Monday night and Tuesday with parents, Mr. and Mrs. C. B. Jones.

Mr. and Mrs. W. J. Waltrip visited h weekend with their daughter and fam in Del Rio.

Mrs. S. A. Ramsey and Rhoda Lisen spent Sunday in Brownfield with M Ramsey's daughter and family, the Jad Pinsons. Later they drove to Seagran to visit with their sister,

Emergency loan funds are available. the cou cations are being taken, and more to other mey has been requested to combat the effects of the drought which grips revas, Lynn Futch, State Director of mers Home Administration, said tothe nu

sident Nixon has asked the Congress add \$65 million to the fund from which A finances its nationwide emergency im lean program, Mr. Futch said.

The Farmers Home Administration has he made 1503 emergency loans totals15 million to farmers and ranchers Texas to help them overcome the disasous effects of the drought which has

state since the spring of 1970. Emergency loans are made to enable mers and ranchers to continue normal rations which have been disrupted by ral disasters. These loans previously ere available in 53 Texas counties, and

ist month, the Secretary of Agriculture of Sny reased the number to 235 counties. The impact of the drought has centerprimarily in Texas and Oklahoma, but Futch said that emergency loans may made outside of designated areas to gible applicants who have suffered ere losses as a result of the drought. Current interest rates on emergency

ans are 4-7/8 percent, repayable as as possible consistent with the finan-

Mrs. Rose to serve **Museum Association**

Mrs. Neal Rose was elected to serve a two year term as Chairman of the Cochran County Historical Survey Committee and the Cochran County Museum Association at a meeting Saturday, May 22. Officers serving with Mrs. Rose are Mrs. Joe Seagler, vice chairman, secretary and reporter, Mrs. H. B. Barker and treasurer, Murray Crone.

Mirs. Willard Henry, chairman, presided over the meeting. The nominating committee recommended that the officers elected serve both the Survey Committe and the Museum Association. The Survey Committee is appointed by the Commissioner's Court and membership in the Museum Association is open to all who are interested in preserving the history of Cochran County.

Plans were discussed for the dedication of the historical marker in Bledsoe, marking it as one of the largest cattle shipping centers in Texas at one time.

cial ability of borrowers, Mr. Futch said. Application for loans should be made at county offices of Farmers Home Administration, usually located in the county seat town in which the farm property is located.

An acorn was frequently used as a design on Colonial furniture because it was considered a symbol of hospitality.

The Morton (Tex.) Tribune, Thursday, May 27, 1971

CHEST CHECKERS CHECKING

IT WAS MOTON'S TURN again last Wednesday for chest x-rays when the mobil unit operated by the West Texas Tuberculosis and Respitory Disease Association made a check of all who desired them. The low cost x-rays are sponsored by the Morton Lions Club and the Morton Area Chamber

of Commerce. L'Allegro Study Club assisted with the registration, as they do every year. At the door and ready to get "shot" are Mr. and Mrs. C. H. Byers, while N. C. and Alice Shelton register and Mrs. Bud Thomas of the study club, stands by to assist, if needed.

Ticket sales begin for Ringling Brothers 100th birthday show

Ann Cloud

and Barnum & Bailey presents five superspectacular production numbers, all celebrating the Circus' 100th Birthday with color, excitement and nostalgia.

Performers in the Centennial Circus in-

a time to remember

You've completed an important phase of your education and we congratulate you. It is our hope, however, that each of you will continue to seek additional study and advancement in your field of endeavor. Your talents and ability are needed. May complete success and happiness be yours.

Farmers Co-op Gin of Enochs and Directors Bob Newton - Manager

The box office at Lubbock Municipal Coliseum begain ticket sales Monday, May 24, 1971 for the forthcoming engagement of the largest, most elaborate Circus in history. It's the mighty 100th Birthday Edition of Ringling Bros, and Barnum & Bailey Circus, arriving in Lubbock on June 15th for performances on June 15th and 16th.

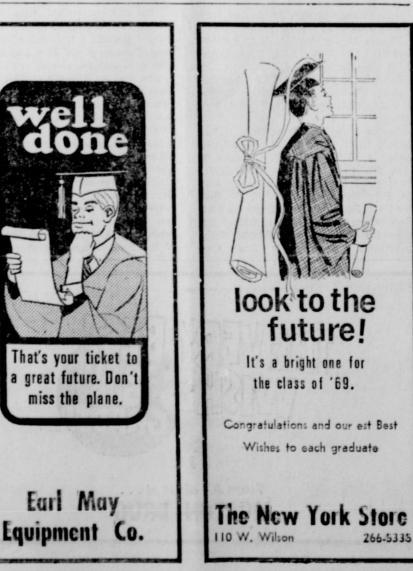

Produced by Irvin Feld, the Centennial Circus highlights dozens of acts making their American debuts, plus appearances by outstanding Circus performers from all over the globe. And, Ringling Bros.

miss the plane.

Earl May

jugglers, tiger trainers, tumblers, wire-walkers, aerial artists, flying trapeze stars, acrobats, clowns, horsemen, teeterboard stars and all the rest. For its mammoth Birthday Show, The Greatest Show on Earth is the largest, most complete exhibition of performing animals in Circus history including tigers, lions, panthers, leopards, elephants, bears, horses, penies, chimpanzees, llamas, camels, dogs and countless other varieties of masteriul mammals.

"S.O.S." has no literal meaning, but was chosen as a distress signal because of its ease in transmitting.

COUNTY NEWS AGENT From the Office of Roy L. McClung, Jr.

(Editor's Note: This is the second of a series of news articles on narrow-row cotton preduction.)

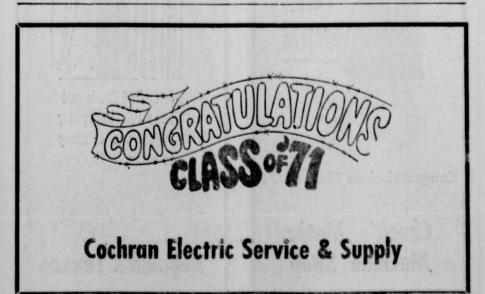

Proper fertilizer management is one of the keys to top cotton yields on the Texas South Plains. And when it comes to producing cetton in narrow rows, fertilizer use is even more critical.

"At present we advise producers who plan to grow narrow-row cotton to follow sound soil test recommendations," explains Dr. Art Onken who heads up the soil fertility research program at the Texas A&M University Agricultural Research and Extension Center at Lubbock. "Next to water, no other single input can produce comparable lint yield increases as can proper fertilization."

Research is currently under way to determine the fertility requirements of high population cotton as is found in the narrow-row method of production, points out Onken, Previous research has shown that conventional varieties adaptable to narrow rows will respond to fertilizer much as they would in conventional 40inch rows. However, varieties bred specifically for narrow-row and high population may have higher fertility requirements. Such varieties will be on the market within the next two to three years. Much of the soil fertility research as regards narrow-row cotton was inislated last year through a grant to the Texas Agricultural Experiment Station by the U.S. Department of Agriculture. The grant supports a three-year program of narrowrow cotton research in which varieties, row spacing, plant population, root distribution and root activities, fertilizer rate and irrigation timing and rate will be investigated.

According to Onken, the studies will be conducted at three locations - near Welch in Dawson County, near Aiken in Floyd County and at the A&M Center. These sites represent the three broad areas of soils and climatic conditions on the South Plaine

"All soil test recommendations mady by personnel at the Extension Soil Testing Laboratory at the A&M Center are correlated to research findings to provide producers with the best possible fertilizer management guidelines," adds Onken. "Our soil fertility research program was begun in the mid-fifties to provide the basis for present fertilizer recommendations with respect to fertilizer rate, time and method of application, nutrient source and soil testing methods."

Danny L. Dubberly receives degree

Danny Lee Dubberly was among 1,154 students from 35 states and seven foreign countries receiving degrees at the 81st annual spring commencement at North Texas State University Tuesday, May 18.

Dr. Bevinton Reed, Texas' commissioner of higher education, delivered the commencement address, and degrees were awarded by NTSU's Acting President Joh Carter to 962 bachelor's, 169 master's and 23 doctor's degree candidates.

Dubberly, son of Dr. N. L. Dubberly Jr., of Morton, was awarded the bachelor of arts degree in biology.

AMERICA IS PROUD OF ITS YOUTH

Today, more than ever before, our country needs its youth. We need youth's inquiring mind . . . youth's unquenchable desire to excell. There is a better tomorrow for our nation only if there is vitality in

our youth today. The new Graduates personify these ideals to a high degree. We are sincerely proud of each of them. They have proven them-selves to be eager for tomorrow . . . and ready for whatever challenge tomorrow brings.

We salute the new Seniors and are proud to offer to them our heartiest wishes for continued success and happiness.

SILVERS BUTANE CO.
