Morton, Texas, Thursday, December 9, 1971

## War memorial dedication held

In a solemn and impressive ceremony, well befitting the memory of those being honored, the memorial monument to the war dead of Cochran county was dedicated here Tuesday.

A gathering of several hundred persons, including a substantial number of parents and relatives of those being honored, were on hand to witness the program which reflected careful planning as to content, preparation and performance.

The program opened with a welcoming address and introduction of relatives and guests by Cochran County Judge Glenn W. Thompson and was followed by the posting of the colors by an honor guard of Airmen from Reese Air Force Base.

The National Anthem was then played by the Morton High School band as the courthouse flag was raised, and then lowered to halfmast, by veterans Elmer Akin and Bill Crone. Following the flag raising, World War I veteran Walter Taylor gave the invocation.

Rev. Paul McClung, Pastor of the First Baptist Church in Morton and a veteran of World War II, gave an address paying tribute to those who have lost their lives in all the wars participated in by the United States. Rev. McClung's address was followed by the band playing, and Rev. Rex Mauldin, Pastor of the First United Methodist Church in Morton, narrating a selection titled "Duty, Honor, Country," a highly impressive patriotic theme first introduced by General Douglas MacArthur in an address at the United States Military Academy.

District Judge M. C. Ledbetter, a veteran of World War II, then dedicated the monument in memory of those from Cochran county who have given their lives for their country. The monument was unveiled by members of the American Legion and Veterans of Foreign Wars. As the unveiling of the monument was completed a formation of jet aircraft from Reese Air Force Base made a flyover from north to south in the traditional "missing man formation."

Robert Altman, of the Levelland VFW post and Robert George, commander of the Morton American Legion Post, alternated in calling the roll of the honored men, accompanied by a continuous roll of the muffled drums of the Morton High School Band. This was followed by the singing and band playing of the "Battle Hymn of the Republic."

The ceremonies concluded with Rev. David Greka, Pastor of St. Ann's Catholic Church in Morton and an active reserve member of the U. S. Army's Special Forces (Green Berets), pronouncing the benediction.

The entire program was interspersed with appropriate musical selections by the high school band under direction of Band Master John Stockdale.

A total of 27 names of the men who lost their lives in three wars appear on the monument. They include:

WORLD WAR I — Raymond Abbott, Ira L. Arnold, Virgil Mack Beard, Harold Browning, Shelby Buck, William D. Burke, L. G. Bursleson, Ray Cox, Augustus Gene Farmer, Samuel A. Hawthorne, Hood, Lester Howell, Max Kersey, Jack

See DEDICATION, Page 2a

A VERY SOLEMN MOMENT . . .

A TIME OF DEEP REVERANCE took place in the ceremonies dedicating the memorial monument of Cochran county's war dead as Rev. Paul McClung delivered an address paying tribute to those who lost their lives in all of our wars and in honoring the relatives of the honored men who attended the ceremonies. On the left, seated, is Cochran

County Judge Glenn Thompson; center is the honor guard from Reese Air Force Base who presented the colors at the dedication and far right are Veterans of Foreign Wars and American Legion members who are veterans of the three wars whose dead were being honored.

## Tired Tribe tops at tournament

A dramatic second half comeback by the Morton Indians carried the Tribe to a 48-40 victory over the host Friona Chieftains in the finals of the Friona Tournament and brought Coach Ted Whillock and his troops their second consecutive classic.

The Morton squad had reached the finals by running past Bovina 98-38, and then turned back a challenge by the Farwell Steers to cop a 66-58 semi-final victory.

The Indian shooters were as cold on the floor against the Chiefs as the weather was outside the gym. Over 4 minutes elapsed in the first quarter before Larry Thompson put in a free throw to get the Tribe on the scoreboard and by then the Indians were behind 10-1.

Friona scored 5 more points to take a 15-1 lead before Bryant Lewis hit the Tribe's first field goal of the night with 23 seconds left in the opening period, which ended with Morton trailing 15-3.

a 23-12 score. The second half began with the two teams trading out buckets until the scoreboard read 32 for Friona and 20 for Morton. The Tribe then ran off ten straight points to make it a whole new ballgame

## Ministers begin drive for Christmas baskets

The Morton Area Ministerial Alliance is opening its annual drive to collect toys and canned goods for Christmas baskets for the needy in this area.

Last year the Alliance did not have enough toys and money to complete the distribution. Clubs, Sunday School Classes and individuals are asked to help in this worthy cause. Anyone wishing to help with money may make checks payable to the Morton Area Ministerial Alliance and deposits may be made at the First State Bank, or handed to any one of the ministers co-operating on the drive.

Toys and canned goods should be collected and ready for the Dec. 23 distribution. St. Ann's Catholic Church will be headquarters for the drive.

Anyone who knows of a family who will need help this Christmas is asked to turn the names in to the minister of his church. It is requested that names not be turned in unless the family is clearly in need. This will eliminate much unnecessary screening.

## Christmas greetings in a good cause

The Cochran Memorial Hospital Auxiliary is sponsoring its first annual "Operation Christmas Greeting," as a fund raising exercise to obtain badly needed equipment and furnishings for the hospital.

Through this project, local residents may contribute their Christmas-Card money to the "Operation Christmas Greeting" fund at the First State Bank, and their names will appear in a beautiful "Community Christmas Card" in the Morton Tribune on Christmas week.

Mrs. Via Henry, chairman of the greeting project this year, said donations may be left with any teller at The First State Bank.

The deadline for making your contribution in time to get your name on the Community Christmas Card is 12 noon, December 20.

The Community Card will be in The Tribune's Christmas Greeting Issue, which will go into the mail December 23. The greetings may include one name or the names of an entire family.

## NOT FOR CHRISTMAS? . . .

THE EARLY HEAVY FALL OF SNOW, shown here being combatted on her walk by Mrs. O. R. Barton of 413 SE Eighth St., gives rise to hope that once in a blue moon maybe Morton can look forward to a white Christmas. The fluffy white stuff makes a beautiful setting, it sure can be a nuisance when it comes to keeping the walks and driveways clear, as Mrs. Barton can attest. This was the first of two substantial snowfalls in Morton this fall, with more in prospect at an early date.

## Cotton harvest is forced to stand still by weather

Unfavorable weather halted all cotton picking activities in the Levelland area. Receipts at the U.S.D.A. Cotton Marketing Office dwindled to a few hundred bales Friday, according to C. R. Wharff, in charge of the U.S.D.A. Cotton Classification Office in Levelland.

The U.S.D.A. Classification Office at Levelland classified 4,950 samples during the week ending Friday, December 3rd. A part of this cotton was harvested during the previous week. Total classified cotton was only 6,170 through Friday, compared to 86,300 at this date last year. The most Low Middling Light Spotted was predominant grade at Levelland last week with 56 per cent of all cotton classified. Low Middling made up 7 per cent, Low Middling 10 per cent and Low Middling Light Spotted 19 per cent.

Prices were predominantly 30 to 32. Eight percent had a staple length of 3.0 per cent stapled 31 and 17 per cent 32.

Eight per cent of the cotton "miked" at the Levelland office was in the micronaire range of 3.5 to 4.9, 13 per cent 3.0 to 3.4, 43 per cent 3.0 through 3.4, 30 per cent was 2.7 through 2.9 and 8 per cent was 2.6 and below.

The Consumer and Marketing Service of the U.S.D.A. reported increased trading in the new crop cotton. Prices were higher for micronaire of 3.0 and below and steady for cotton with micronaire 3.0 and below.

## Space presentation slated for students

Students and teachers of Morton Junior and Senior High Schools will receive a closer and more personal look into the world of space on Dec. 13, in a joint presentation in the activities building auditorium.

The occasion will be the arrival of the science education project unit (mobile) of the National Aeronautics and Space Administration.

The traveling unit is operated by experienced Space Science Specialists who will present throughout the United States speaking at school and general public audiences. The lectures demonstrate basic scientific principles by using visual aids and film experiments. They explain current and future scientific programs of NASA by using authentic scale models of rockets and spacecraft.

The lecturer traces the development of rockets, propulsion and launch vehicles, and many of the problems encountered in space flight both manned and unmanned.

This interesting and timely program is available on request as an educational project of the national aeronautics and space administration to schools and colleges throughout the United States.

## TA gives promotion to former Mortonite

Shelby G. Cook, director of accounting at the University of Texas, has been promoted to business manager according to H. Colvin, UT Austin vice president for business affairs.

Cook is the son of the late Mr. and Mrs. C. Cook of Morton and the brother of Mrs. Roy D. Greer.

Cook will have general responsibility for the Office of Business Affairs, Printing Division, Purchasing Office, University Supply and Mail Office, and the Military Property Custody Office, with a total of almost 200 employees. The business manager's own

PROMOTION, Page 2a

Average prices paid for the most predominant qualities in the 3.5 to 4.9 micronaire range were: Low Middling 30 — 26.70, Low Middling 31 — 26.90, Strict Low Middling Light Spotted 30 — 26.95, Strict Low Middling Light Spotted 31 — 27.10, Low Middling Light Spotted 30 — 26.55 and Low Middling Light Spotted 31 26.75.

Prices paid farmers for cottonseed ranged from \$53 to \$70 per ton.

## Methodists schedule missionary, musical program for Sunday

Two special programs are planned by the First United Methodist Church Sunday, December 12.

Mr. and Mrs. David Law will bring a presentation on Christian Missions in the Central Congo of Africa at the morning worship hour and Rev. and Mrs. Gene Moore will present a concert of sacred music at the 6 p.m. worship hour.

Law is the oldest son of the late Bruleigh Law, missionary to the Congo who was killed in 1964 by rebel soldiers as he landed his airplane in an attempt to rescue fellow missionaries. His mother, Virginia Law, is director of Family Worship of the United Methodist Church's General Board of Evangelism and his younger brother, Paul, is a missionary serving in the Congo.

Law lived in the Congo 13 years before coming to the United States to complete his education. He plans to return there in January as an Agricultural Missionary. The couple have two children who will be with them Sunday.

Rev. and Mrs. Moore are evangelistic singers with the Ed Robb Evangelistic Association. They were in Morton in the spring for a series of revival services at the local Methodist Church and will be introducing a new record album recorded by Word Publishing Co. The album contains five songs written by Rev. Moore.

The public is extended a cordial invitation to attend both of these special services. The church nursery will be open.

HAPPINESS IS GIVING . . .

FIRST PLACE WINNER in the Christmas parade was the YM Study Club with their float "Happiness Is Giving To

Others". The float featured the ever popular Snoopy on a giant dog house complete with a decorated Christmas tree.

staff.

He will be responsible for preparing the UT Austin budget and the legislative budget request. In addition, he will be property manager for University equipment having a value of about \$90 million.

Cook became director of accounting on Feb. 1, 1970. He had held various accounting positions at UT Austin from Nov. 1, 1961, to June 30, 1969, serving as assistant director of accounting for the last four years of that period. He was controller of the University of Montana from July 1, 1969, to Jan. 31, 1970.

## Basketball . . .

from page one

moved out to 15 point lead going into the final quarter.

The Steers then started a rally that brought them to within 6 points of the Tribe, but Bryant Lewis put on one of his last quarter spurts in which he scored 10 of the 12 points Morton rang up in the final period and the Indians held on to win 66-58.

Lewis led all scorers with 21 points and he was aided by an 18 point performance by Elton Patton.

With the three wins in the tournament the Morton squad now owns a 7-0 ledger for the year and along with Olton they are the only undefeated teams in District 3-AA.

This week the Tribe plays two games in the South Plains Dome at Levelland on Friday and Saturday nights. Friday at 5:30 the Indians take on the Farwell Steers and then on Saturday the Indians square-off against the Portales Rams also at 5:30.

Next Tuesday Morton opens its district season against the tough Abernathy Antelopes at Abernathy. The Antelopes return 5 lettermen from last year's squad including three young men who stand 6-3. Also up from the B-team is a 6-5 lad so the team will have a decided height advantage over the Indians.

Abernathy will be playing for a new coach in Carl Irlbeck who was at the helm of the Clarendon team for 7 years and during that time he lost only 2 district games and never lost the district championship.

## Sensing the news

BYANTHONY HARRIGAN

Monopoly unionism which can paralyze the nation's economy is one of America's most serious problems. The United States won't be able to recover its economic health unless the union monopolists are curbed.

For many weeks, the state of the economy has been the No. 1 domestic concern of the American people. The President and the Congress have been grappling with economic issues, hoping to increase prosperity. Millions of ordinary Americans have been asked to do their part to get the economy moving again.

Throughout most of this period, however, a handful of powerful union bosses kept vital seaports shut down and closed coal mines essential to industry. These actions by union leaders evidenced the complete irresponsibility and arrogance of the union bosses. It is shocking that a handful of union officials should be able to halt ocean commerce through the port of New York and other seaports, or that coal — essential to the electric power industry — should cease to be mined on the orders of union leaders.

Union bosses who issue such orders — and the rank and file of the unions have no choice but to obey — are the equivalent of the robber barons of medieval times. They hold up essential commerce in our society. They cost seaport cities millions of dollars per day in lost business.

Something must be done about such modern-day highway robbery, about such an abuse of power that violates the rights of millions of working people, manufacturers and communities. And, at long last, something is being done in Congress. Last month, U. S. Rep. Sam Steiger of Arizona introduced a National Right to Work law. Thus, for the first time, a serious drive is being mounted for a national ban on compulsory unionism. Seventeen other congressmen are co-sponsors of this important legislation.

The sponsors of this legislation don't expect victory this year. But they have started a legislative process that offers great hope to a nation weakened by union tyranny.

Rep. Steiger's bill isn't anti-labor but pro-worker. In many industrial disputes,

the workers don't want to be called off the job. They want to continue working. But the unionized worker hasn't any voice in union decision-making. Unions are monolithic organizations with powerful officials at the top who make ALL the decisions. If rank and file members protest, they may find themselves stripped of union membership and of a job. In some unions, protest results in personal danger.

Rep. Steiger believes that each worker should enjoy the benefits of democracy, that each worker should be free to decide whether or not he will join a union. This freedom doesn't exist today on a nationwide basis. Congressman Steiger described the situation in these words:

"Existing law authorizes a labor union to make an agreement with an employer whereby all employees must pay dues to the union as a condition of employment. As a result of these agreements, millions of workers throughout our country are

being compelled to pay dues to labor organizations for representation they want. If they refuse to pay, the employer has no choice but to fire them."

The national need — and the effect of the Steiger bill — is to make membership entirely voluntary in all states. Thus it will get at the root of union monopoly power.

It should be borne in mind that the Steiger bill — is to make membership entirely voluntary in all states. Thus it will get at the root of union monopoly power. It should be borne in mind that the Steiger bill — is to make membership entirely voluntary in all states. Thus it will get at the root of union monopoly power.

This is a degree of power that is not representative of the American people. Out of the 80 million working men and women in America, 19 million are members of "union labor." But the officials of the unions paralyze vast industries, transportation systems and communities, thereby putting out of work millions of non-unioning people.

This is a degree of power that is not representative of the American people. Out of the 80 million working men and women in America, 19 million are members of "union labor." But the officials of the unions paralyze vast industries, transportation systems and communities, thereby putting out of work millions of non-unioning people.

## SPC homecoming dedicated to original faculty, staff

The 1971-72 South Plains College Homecoming, December 9-11, will be dedicated to the "oldtimers" on the faculty and administration.

Following a tradition established last year of dedicating each Homecoming to a particular group that has made a contribution to the college, festivities will be dedicated to the original members of the college's faculty and administration and to Mrs. Maurine Elkins who is retiring at the end of this semester as Director of News and Information.

In making the dedication announcement the Student Activity Office stated that the theme for this year's activities had been selected as "SPC-On the Threshold of a Dream" to both indicate the relative youth of the college and at the same time to note the fact that the future of the college is limited only by the dreams of those responsible for its planning and support. In line with the theme it was decided that the dedication to the original members of the faculty and administration would be very appropriate because they helped launch the dream fourteen years ago.

Mrs. Elkins has been with the college for ten years and has in that period of time contributed to the growth and realization of the dream with her work in public relations.

Those to be honored include former SPC President Dr. Thomas Spencer, now President of San Jacinto College in Pasadena; Dean Nathan Tubb, Academic Dean of South Plains College; Clyde Prestwood, Austin; Robert Burks, now Dean of Students at Pan American College in Edinburg; Henry Lucke, Bee County College and Myrtle Lucke, Bee County College.

Also Arthur A. Dawson, now business manager with the Refugio Independent School District; Don Appling, Ulysses, Kansas; John Christmas, San Jacinto College, Pasadena; Mrs. Don Kennedy, Levelland; Miss Roger Mae Smith, Librarian, El Centro College, Dallas; Earl Gerstenberger, Dean of Men, South Plains College; W. R. Wheeler, Chairman of the Math Department, South Plains College and Mrs. Inez Grant, English Department, South Plains College.

Also Bill Powell, Athletic Director, South Plains College; Dr. Charles Sylvester, Registrar at South Plains College;

Mrs. Anne Bulls, Fine Arts Department, South Plains College; Mrs. Maurine Elkins, Director of News and Information at South Plains College and Mr. L. A. Kendrick, deceased.

The college will honor the above individuals with a special dedication dinner on Saturday, December 11 at 5:45 p.m. in Texan Hall. In addition they will be again recognized during half-time of the Homecoming basketball game.

Those invited to attend the special dedication dinner include the honorees and their husband or wife; members of the SPC Board of Regents and their wives; the SPC Administration and their husband or wife and members of the Student Senate.

## Galvin to graduate from Texas A&M

Daniel L. Galvin of Whiteface is among the 1,198 students applying for mid-term graduation at Texas A&M University, announced Registrar Robert A. Lacey.

Galvin, who resides at 311 N. Tyler, is seeking a degree in computing science. Commencement exercises will be conducted Dec. 11.

Lacey said 742 students have filed for baccalaureate degrees, 318 for master's and 138 for doctorates.

## ENGAGED...

MR. AND MRS. BUDDY WISEMAN of Friona have announced the engagement and approaching marriage of their daughter, Cynthia Elaine, to Michael S. Proctor, son of Mr. and Mrs. Billie Rae Proctor, Sr. of Midland, former Morton residents. The couple plan to be married December 31 in the First Baptist Church of Friona. Both are students at West Texas State University in Canyon.

## School menu

Monday, December 13 — Cheese sandwiches, French fries, scalloped tomatoes, creamed cherry w/topping, pickles, milk.

Tuesday, December 14 Baked chicken, buttered rice, buttered asparagus, cranberry & pear salad, hot rolls-butter, milk.

Wednesday, December 15 — Chili w/ beans, seasoned spinach, jellied cabbage carrot salad, apple sauce cake, hot cornbread-butter, milk.

Thursday, December 16 Baked meat loaf, mashed potatoes, green salad, fresh oranges, hot rolls-butter, milk.

Friday, December 17 — Fish sticks w/ catsup, seasoned green beans, buttered corn, plum cobbler, hot cornbread-butter, milk.

## Mrs. Barton honored with birthday party

Friends and relatives honored Mrs. Nettie Barton with a birthday party November 28. It was her 94th birthday.

Mrs. Barton was born in Hill County in 1877 and moved to Morton from Bailey County in 1952. She has four children, Mrs. Jeff Tanner of Morton, Mrs. Willie Allison and Mrs. Ruth Willey, both of Hillsboro and a son, Frank, of Morton; 22 grandchildren, and 29 great-grandchildren.

Though totally blind, Mrs. Barton, is able to be up and around and welcomes company. She makes her home with her son at Lynch's Trailer Courts.

## About local folks...

Mr. and Mrs. Kensey D. Chancey and Mr. and Mrs. Kirby Smart of Gwatney Wells Chevrolet-Olds, joined other Chevrolet people in Lubbock Friday of last week for an all expense paid trip to Dallas. They traveled by chartered bus. While in Dallas they were guests at the Statler-Dallas Hotel. Prior to attending the Dallas Cowboy-New York Jet ball game, they were given a tour of the General Motors Plant. Later they were honored at a banquet. Mr. and Mrs. Bill Wells joined the group for the ballgame. They all returned home late Saturday.

Out of town guests attending the wedding of Miss Janita Scoggins and Carl R. Odle were: Mr. and Mrs. Carl Odle, W. Frankfort, Ill, Mrs. W. F. Dunn and daughters, Coye and Mrs. William Jackson and Tracy, Mr. and Mrs. Lloyd New and family, Mr. and Mrs. Freddie New and children all of Houston, Mrs. Howard

Cahill and daughter and Joyce Grove of Colbert, Okla., Rev. Haskell Rogers, Mr. and Mrs. Leon McWhorter, Miss Sherry Scoggins all of Lubbock, Mr. and Mrs. Owen Scoggins, Memphis, Mrs. Mary Ashcraft, Mr. and Mrs. Jimmy Jenkins and sons of Olton and Mrs. David Watson and son of San Antonio.

Among the former residents of Morton who attended the unveiling of the Memorial Monument in honor of the men who gave their lives for their country during World War II, Korean Conflict, and the Vietnam War were: Mrs. Minnie Via and grandson Joe Bob of Happy; Mr. and Mrs. E. V. Thompson, Friona, Tex.; Mrs. Eva Wright, Mrs. Pearl Lee Wright, Son of Aztec, New Mexico; Gordon Abbott, Pampa; Mr. and Mrs. Floyd King, Amarillo; Mr. and Mrs. J. D. Hawthorne, Lovington, N.M.

RONALD STUDDARD, son of Mrs. J. T. Studdard, has completed basic training at Lackland and is now assigned to Keesler with the 3384th Radio Communications Squadron. Studdard is a graduate of Morton High School.

## Postmaster issues warning on stamps

Postage stamps to be produced and issued under the "Independent Postal System" are not to be used on mail being sent in the U. S. Mails, Carl C. Ulmer, Regional Postmaster General, Dallas Region, cautioned today.

Ulmer reports that "IPSA Stamps" are being used in quantities of 1 to 50 cents were used by a private firm on November 18. Ulmer noted that putting stamps on envelopes or packages is equally as illegal as putting stamps on mail in the U. S. Mails.

Ulmer said that if the mail should be returned to the sender, it should be clearly marked "IPSA Stamps" and "Postage not paid" to be returned to the sender.

Postage stamps are subject to return to mailboxes without charge. Postage stamps should be affixed to their letters and envelopes are the official U. S. Postage, he said.

**Letter to the Editor**

Mr. Bill Sayers  
 Morton tribune  
 Morton, Texas 79046

**LETTER TO THE EDITOR:**  
 I would like to take this opportunity to express my gratitude and appreciation to all who helped to make the dedication ceremonies a success. We received wonderful cooperation from all who were asked for assistance in this program and we know that many did extra work to add more meaning to the recognition of the Veterans of Cochran County who lost their lives in the service of our Country. Again, may I thank each of you for the many efforts and hours of preparation put forth in the dedication of this monument.  
 Yours truly,  
 Glenn W. Thompson

At the end of a two day meeting in Lubbock November 5, hosted by Plains Cotton Growers, Inc., the Cotton Board announced approval of a \$10 million 1972 budget for Cotton Incorporated's research and market development program.

This portion of the CI budget comes from producer funds generated under the \$1 a bale Cotton Research and Promotion Act. It covers the calendar year 1972, January through December. CI also has a fiscal year budget which makes available to the producer organization an additional \$10 million from Commodity Credit Corporation under Section 610 of the Agriculture Act of 1970. The CCC funded budget was adopted by the Cotton Board at a meeting in Dallas June 24 and 25 and has been approved by the Secretary of Agriculture as required by law.

The Secretary is now expected to accept without substantial change the Board's latest action, assuring continued funding of CI activities at the rate of \$20 million a year.

Combined, the two budgets show an almost 50-50 split of funds between marketing projects and research, with \$8,778,750 going into marketing efforts and \$8,562,150 allocated to various types of research. The remaining \$2,659,100, about 13 percent of total planned expenditures, is to cover staff salaries and overhead, including rent, insurance, legal fees, travel expenses, meetings, etc.

A lion's share of the money to be spent on marketing programs for cotton will go for advertising. Most of the \$5,075,000 total budgeted for advertising is in the form of "cooperative" advertising with department and chain stores, with CI paying one-third of the cost and stores paying the other two-thirds. In effect 33 cents of producer money buys a dollar's worth of ad-

vertising under this plan.  
 Other projects for which funds are budgeted in the overall marketing effort include fabric development projects, market research, piece goods and canvas products promotion, industry trade shows, industrial plant trial developments, export promotion and fabric evaluation.

The CI research budget total is divided into five parts: Agricultural Research, \$2,722,000; Processing, Handling and Services Research, \$1,032,200; Product Research, \$4,457,950; Special Projects, \$300,000; and Patents and Licensing, \$50,000.

Agricultural Research covers work on yield and quality, insect control, disease studies and weed control. The largest item under this heading, accounting for \$1,342,000, is for insect control research centered in the boll weevil and the bollworm-budworm complex.

Processing, Handling and Services Research involves seed cotton handling, ginning and packaging, quality evaluation and marketing, equipment and technology, planting seed processing, and storage and transportation. A CI study conducted at Texas Tech has shown that over half the price paid by a mill for a bale of cotton goes for "off-farm costs," and this research is mostly aimed at reducing these non-production expenses.

Product Research includes durable press, fire retardance, knitting and knit products, nonwoven materials, home furnishings and industrial fabrics, cottonseed uses, and new fabric and finishes development. The big push here is being made in the areas of durable press, fire retardance and knitting, the three areas in which marketing studies show cotton has the greatest opportunities for improving its competitive position with other fibers in the immediate future. The three take up

**Library Notes**

We want to help you—that's the motto at Cochran County Library. Whether you use the telephone service or come down to the library, you will be welcome, and we are ready to assist you.

You've never been to the library? We'll be glad to give you a tour of the facilities available for your use and an explanation of our many services.

When you don't have time to come to the library, give us a call. We'll tell you whether we have that particular title you need. If it's checked out, we'll give you a call when it comes in, or we'll borrow it from another library if Lubbock Public Library doesn't have it.

Perhaps you need the information on Changes in Farming or the Major causes of death; don't hesitate to call. We may have to return your call later, but we'll get the information to you as soon as possible.

When in the library, browse through the subject portion of the card catalogue near the reference desk. See what we have available on your favorite subject. If your subject is not listed, step over to the reference desk and ask for help — while you're there and if you are a stranger, introduce yourself. We like to know our patrons.

over \$3 million of the total product research budget.

The \$300,000 allocated for "Special Projects" is to provide the capability to meet research needs that might be required as new developments, data and ideas associated with any part of the overall program are generated, officials explain, adding that if no major expenditures are needed, unused funds in this area would be applied to other approved research projects.

In requesting that \$50,000 be budgeted for "Patents and Licensing," CI General Manager Dukes Wooters said "Experience continues to demonstrate the value of providing funds for the acquisition, protection and utilization, through licensing programs, of patents generated from Cotton Incorporated research." Registration of trademarks, quality control and related activities are also to be funded under this title. Wooters noted.

**ASCS Farm News**

Between now and the signup period for the 1972 farm set-aside programs, January 17 — February 25, local producers will be carefully studying all their farm management options, according to John W. Hall, Cochran County farm program official.

Details of the feed grain and cotton programs for 1972 were announced in mid-October by the U. S. Department of Agriculture. The 1972 wheat program had been announced by USDA in mid-July.

Essentially the 1972 set-aside programs expand on the policy of leaving to farmers the determination of what "mix" of crops to plant on their farms. At the same time the programs are designed to increase farm income, help farmers get maximum return on investment, and reduce excess carryover supplies, Hall said.

For feed grains the 1972 program raises the qualifying set-aside to 25 percent of the base acreage and offers farmers two new options for additional voluntary set-aside. It also raises the feed grain set-aside payment. Included in the 1972 feed grain program are corn, grain sorghum, and barley.

A wider choice in making their 1972 plans is offered to farmers with feed grain bases or wheat allotments since they may sign up for program participation and plant soybeans, corn, grain sorghum, barley or wheat, singly or in any combination — to protect their farm base or allotment history.

As in 1971, set-aside programs put no limits on crop acreages. On feed grain grown on participating farms, loans will national average loan levels of \$1.08 per bushel for No. 2 corn, \$1.79 per hundred-weight for grain sorghum, and 86 cents per bushel for barley.

The loan level for soybeans will continue at \$2.25 per bushel, for oats at 54 cents per bushel, and for rye at 89 cents per bushel. All soybeans, oats and rye production is eligible for loan without being tied to farm program participation. Detailing the feed grain set-aside pro-

gram for 1972, Hall cited pro-

follows:  
 For corn — Farmers who sign set aside a qualifying acreage 25 percent of their farm's corn which they will earn payments of a bushel on the established times the acreage set-aside (The value to the legal formula of per bushel times the farm yield one-half the farm base.)

At signup, a farmer may choose, agree to set aside up to cent more of his corn base, for will receive payment of 52 cents additional acreage.

To assure that sufficient land out of production Secretary Hall is asking farmers, also to offer to set aside an additional percent, at the 52-cent-a-bushel the regular set-aside is less than the Secretary of Agriculture announce by mid-March whether both of these offers will be accepted.

For grain sorghum — The same as for corn, except payment rate for the qualifying cent set-aside of the grain sorghum will be 76 cents a bushel (This lent to the legal formula of 38 bushel times the farm yield to half the farm base), and the rate will be 49 cents a bushel for percent additional voluntary acreage and for the 5 or 10 percent offer.

For Barley — Farmers who will set aside a qualifying acreage to 25 percent of their farm base for which they will earn payments cents a bushel on the established yield times acreage set-aside (The value to the legal formula of per bushel times the farm yield one-half the farm base). At signup farmer may agree, if he chooses, to set aside up to 20 percent more of his base, for which he will receive of 42 cents a bushel times the farm yield on this additional

# Watch out for fuzzy worms; 'asps' have powerful sting

Lately there have been a lot of woolly little creatures crawling about in trees and shrubs. They do little damage to vegetation, but you'd better beware because they have a powerful sting.  
 The fuzzy worms are generally called "asps" but also known as puss caterpillars, woolly slugs, woolly worms, possum bugs, Italian asps and Mexican asps.  
 Asp numbers have been higher this fall than usual, says Dr. Philip Hamman, entomologist with the Texas Agricultural Extension Service. Such increases occur periodically due to various changes in nature and in the natural enemies of the worms. Asps generally are active in both the spring and fall.  
 Hamman cautions everyone to be on the lookout for asps while in the yard or garden. The worms are about an inch long when mature and have a short, thick body covered by silken hairs ranging from light tan to grayish in color. Under the hairs on the backside of the worms are numerous short poisonous spines. Stings occur when a person brushes against one of the worms or attempts to remove it from exposed skin or clothing. The worm does not sting from its underside.  
 An asp sting is accompanied by an extremely painful and intense local burning sensation at the site of the sting. This pain may radiate up an entire extremity. Localized swelling usually occurs within a short time. Severe headaches may develop and may persist for some time. Nausea, malaise and vomiting may also occur. Some people who are highly susceptible to such stings may develop shock-like symptoms which may range from very light to semi-coma and convulsions.  
 Hamman suggests that the patient immediately apply adhesive or Scotch tape over the sting to remove broken-off spines. Early application of ice packs may offer some relief from pain. If a patient has a severe reaction to an asp sting, consult a physician at once, emphasizes the entomologist.

SORORITY OFFICER . . .

GLORIETTA GRAY, daughter of Mr. and Mrs. Connie Gray, has been elected Secretary-Treasurer of Mu Phi Service Sorority at West Texas State University. The honor sorority is for music students with a minimum grade point average of 2.6 out of a possible 3 point in all music classes. Glorietta is a 1970 graduate of MHS and a junior at the University.

## Women Democrats hold luncheon

The Women Democrats met December 1 for a luncheon in the Tic Toc Restaurant. The fifth study of "The Action Course in Practical Politics" was given by Mrs. D. E. Benham. She discussed the political leaders problems and stated a leader has two basic problems: to build an effective organization and to keep the organization from falling apart. Mrs. Benham told the ladies that to achieve this, a leader must have certain qualities, among them courage, decision making ability, sensitivity to trends, dedication, a thick skin, sense of humor and experience.

# Grazing corn, sorghum stubble can give big boost to income

Proper grazing of grain sorghum and corn stubble could boost agricultural income on the Texas-High Plains by more than \$100 million. And the practice could also pay dividends in other areas of the state.

In 1970 a study was initiated by Texas Agricultural Extension Service specialists Dr. Cal Parrott and Ed Garnett of Amarillo and Castro County Agricultural Agent Charles Hotell to obtain new information about the utilization of milo, and corn stubble with steer calves. Site of the study was the Bob Anthony farm in Castro County.

"With about four million acres of milo and corn harvested annually in the High Plains, a well-managed grazing program could boost yearly farm income and provide the roughage for raising seven million feeder calves annually," said Garnett in discussing the grazing study.

He said the cattle feeding industry on the High Plains will demand about 3.4 million head of feeder replacements this year and many of the cattle are shipped in from outside the area.

"A razing program that is well-managed could provide the opportunity to grow thousands of feeder calves up to 550-600 pounds before they are sent to area feedlots," he pointed out.

In the study 421 steers weighing an average of 466 pounds were placed on 230 acres of grain sorghum and corn stubble for a 114-day grazing period. The stubble acreage was 74 percent corn and 26 percent grain sorghum.

The steers were worked and backgrounded in drylot for 40 days prior to the initiation of the study and were then allowed to graze about 57 acres for 28 to 30-day intervals.

"The steers received four pounds of a grain-protein supplement daily to supply the extra needed energy and protein,"

said Parrott. "Grain sorghum made up 25 percent of the ration with a 15 percent protein supplement."

Ample feed bunk space allowed all steers to eat at once and each day they were checked for sickness.

After grazing out the stubble, the steers were placed in a commercial feedlot where they were fed out to a little more than 1,000 pounds. Complete cost records were kept on each phase of the study, and an economic analysis was made of each phase as well as the overall study.

Each steer gained an average of 102 pounds during the 114-day grazing period for an average of 1.42 pounds per head per day, including the supplemental feed, each acre of stubble produced 2.6 pounds of beef daily.

According to Garnett, all costs were figured, including a charge for the farmer's land use and labor.

The economic analysis showed a per head net return of \$5.98 for the backgrounding phase; \$23.25 for the grazing phase; and \$19.63 for the finishing phase.

"The most important aspect of this study is the overall evaluation which indicates an average net return of about \$48 per head," Garnett said. "The cost per pound of gain, overall, averaged 22 cents with a daily gain of 2.26."

The specialists emphasized that proper management is the key to this grazing program. The study can be used as a guide for producers in making management decisions.

Grazing out the stubble has other advantages, according to the specialist. The farmer can return to work the soil quicker during the late fall or winter and to gain efficiency in utilizing his land. Also, fields that were grazed were void of volunteer grain sorghum or corn even though the soil was worked very little.

## Home management specialist gives tips on toy shopping

The key to shopping for Christmas toys is to choose them wisely and to select them according to age and interest of the child.

For children under three years old, avoid toys with sharp or rough edges that might cut or scratch. Don't choose toys with small attachments that could become loose and be put in ears, nose or mouth, such as a glass of button eyes or small wheels. Also check for poisonous paints on objects and toxic, heavy breakable toys.

Brightly colored objects that can be hung out of reach but in view are excellent gifts for children under one, the specialist says. Or look for squeak toys; sturdy, non-flammable rattles; washable stuffed dolls with embroidered eyes; colored balls; or cups and other smooth non-breakable objects that can be chewed.

Children one-to two-years-old are safe with squeak toys and soft stuffed dolls or animals. Also consider blocks with rounded corners, push-and-pull toys with strings or rounded handles, and nests of blocks.

For the two-to three-year-old child, wooden animals, push toys, tip-proof kiddie cars and tricycles. Don't forget large crayons; low rocking horses; sand box with buckets, shovels and spoons; large peg boards; small chair and table or simple musical instruments.

If you're shopping for the three-to six-year-old, avoid gifts too heavy for the child's strength, the specialist says. These include electrical toys; poorly-made objects that may come apart, break or splin-

ter; and sharp or cutting toys. Also omit from your gift list highly flammable costumes, ill-balanced mobile toys and shooting or target toys that could endanger eyes.

Some gift ideas for three-and four-year-olds are small brooms and carpet sweepers, toy telephones and dolls with simple wrap-around clothing. Doll buggies and furniture, dishes, trucks and tractors, non-electrical trains, drums and building blocks are also safe gift ideas.

The child four-to-six years of age is safe with simple construction sets, paints and paint books, modeling clay or a doll house and furniture. The specialist adds that other safe toys for this age group include skip ropes, small sports equipment, paper doll sets with blunt scissors, blackboard and dustless chalk, and flame-retardant costumes.

For the six-to eight-year-old, avoid non-approved electrical toys, anything too large or complicated for the child's strength and ability, sharp-edged toys, poorly made skates and shooting toys. Instead choose well-constructed, light-weight usable tools, sleds, construction sets, roller skates or approved electrical toys. Also check for kites, playground equipment, and dolls and doll equipment.

If you're shopping for the youngster eight to 12, don't choose air rifles, chemistry sets, dart games, bows and arrows, dangerous tools and electrical toys unless they will be used under parental supervision, the specialist cautions. Instead, look for hobby materials, arts and crafts, photography, or coin and stamp collec-

### LOSS WAS GREAT . . .

MINNIE VIA, right, receives a refreshing cup of coffee at the reception at the County Activities Building for relatives of the Cochran county men who died in wars of the United States prior to the memorial and dedication service held on the courthouse square Monday afternoon. Mrs. Via, an honored guest at the ceremonies, was the only county parent who lost two sons in World War II. One son served with the United States Marines and the other with the U.S. Army Air Forces.

### Junior cagers keep rolling along

The junior Indians continued their winning ways last week as all of the games remained undefeated by rolling over their opponents. The B-team mashes and then totally demolished the next night by a 99-45 score. A-Steve Seagraves Mike Gilliam had 18 while Jimmy Harvey and Jerry Sil-

45-35 over Denver City. Kenneth Standmire was the leading scorer in the first game with 13 points. The last three games saw L. V. Hall as the high point man with 16, 14, and 15 points in the respective games.

The 7th grade A and B squads took the measure of Denver City with the B teamers winning 44-6 and the A team winning 47-14. Steve Polvado with 16 points led the B team and Troy Patton and Lloyd Joyce with 10 each led the A team.

### A BAG OF TOYS . . .

SECOND PLACE WINNER in the Christmas parade was the Emlea Smith Junior Study Club with their "Bag of Toys". Mounted on a jeep was a huge bag of toys — for all good little boys and girls.

### George Worley rites Monday

Services for George E. Worley of Brownfield, and former long time resident of Cochran County, were held Monday at 2 p.m. in Brownfield Funeral Home Memorial Chapel. The Rev. Paul Risser, pastor of Foursquare Gospel Church, officiated, assisted by Tom Carter, a Brownfield layman.

Burial was in Terry County Memorial Cemetery.

Worley, 79, died about 12:45 a.m. Sunday in Brownfield General Hospital.

Survivors include a daughter, Mrs. Ross

Carter of Brownfield; a sister, Mrs. Callie Hughes of Coppell; five grandchildren and nine great-grandchildren.

### Contests announced for Tops members

The Lighter Later Tops Club announced two contests at their weekly meeting December 1.

A jewelry and linen contest are now in progress. Both will end December 29.

Thought for the day was "A man's actions is only a picture book of his creed." Eight members attended the meeting.

The Club will meet Wednesday, December 15, for a Christmas party in the home of Ruby Davis. In lieu of a gift exchange, each member is asked to bring \$1 for Boy's Ranch at Pettit.

# Greetings

As Christmas draws near, our thoughts turn to those who have gladdened the past seasons for us — our customers.

Being the season of giving to others, and in appreciation for your loyalty and support, we the officers, directors and employees of the First State Bank have made a donation, in your names, to Boy's Ranch at Pettit and to the Cochran Memorial Hospital Auxiliary. Your donations will be of substantial aid in carrying on their valuable work.

Our hope is that your Christmas will be more joyous in the knowledge that you have given a much needed gift to these two worthy organizations who are dedicated to service for others.

## THE INFORMED CONSUMER

BY CRAWFORD C. MARTIN  
Attorney General of Texas

Remember that unordered set of books you received in the mail along with a receipt requesting payment? Did you return the books or pay the bill? You didn't have to, you know. Recall the time you got up early so you could get to the store in time to purchase an item at a "one-day-only special sale," only to find that they were "all out" of the bargain 10 minutes after the store opened? Or how about that nice young college student who came to your door asking for a few minutes of your time to take a survey for a paper he was writing . . . and didn't leave until he had spent three hours trying to get you to buy a \$600 set of books you didn't want or need?

Unfortunately, most consumers — at one time or another — have had their anger aroused by these and similar incidents. The Texas Attorney General's files are filled with case histories of problems encountered by innocent, although sometimes gullible, consumers. Many of these legitimate grips could have been avoided if the consumer had been aware of certain laws, or had been aware of the types of fraudulent practices typically used by unethical sales organizations. An informed

consumer can be his own best protection in the market place.

The Attorney General's Consumer Protection Division enforces Texas' Deceptive Trade Practices law which presently permits the Attorney General to enjoin certain false, misleading, or deceptive acts or practices in the conduct of trade or commerce. The Attorney General has received some 4000 complaints in the last year from Texas citizens who feel that they have been defrauded. Such complaints are processed and, if necessary, legal action is instituted to enforce the consumer protection laws. The Attorney General's office is not permitted to render legal advice or opinions to individual citizens, nor may this office obtain refunds for individuals who have been defrauded. The Attorney General may, however, obtain an injunction against those firms which violate the Deceptive Trade Practices Act. If the firm continues its deceptive practices, the Attorney General may secure up to \$10,000 in penalties for each and every subsequent violation of the injunction.

Law enforcement in this area is emphasized by my office because compliance

with fair and honest trade practices benefits not only consumers, but the majority of businessmen who want an honest and ethical climate in which to conduct their operations.

This column, "The Informed Consumer," has been developed by my staff and by me to give consumer facts on consumer protection laws and information on consumer facts on consumer protection laws and information on consumer related topics. It was designed to make the "buyer be wary" as well as "beware." Hopefully, it will assist consumers in recognizing and avoiding common business frauds. Included will be facts on the role of state and federal agencies in the area of consumer protection. Some topics which will be covered in the near future include: referral selling, the scheme which offers the consumer a chance for a "good deal" by supplying names of friends as prospective customers; work-at-home schemes that prey on the elderly consumers and the young mother seeking to supplement the family's income while staying at home with her children; pyramid business organizations which pay bounties for bringing others into the program; a store's responsibility for accepting returned merchandise; and a credit series.

If you feel that you have been the victim of a deceptive act or practice contact my Consumer Protection Division at the Office of the Attorney General, P. O. Box 12548, Capitol Station, Austin, Texas 78711.

Mrs. Bobby Travis returned home Saturday after spending several days with her mother, Mrs. Gourley of Eastland, who has been ill.

## News from Bula-Enochs area

Rev. and Mrs. Charles Vanlandingham from Raton, N.M. visited his parents, Mr. and Mrs. J. B. Vanlandingham, Thursday night. They returned home Thursday.

### Educational program given for study club

Mrs. Sicy Latimore, from South Plains College in Levelland, and Tom Rowden, teacher in the Morton Public Schools, presented a program on "Special Education Schools" at the December 1 meeting of the Town and Country Study Club. Mrs. Seagler was hostess.

Mr. and Mrs. Frank York of Truth or Consequences, N.M. recently visited with his sister, Mrs. Hattie B. Spotts.

Mrs. James St. Clair, Sr., flew to Houston Sunday for several days of visiting with her children, Mr. and Mrs. James M. Holland and Mr. and Mrs. John St. Clair.

## Janita Scoggins-Carl Odle wed in church ceremony

Miss Janita Lynn Scoggins and Carl Richard Odle exchanged wedding vows November 26 at 6:30 p.m. in the Morton Assembly of God Church. The Rev. Haskell Rogers, Lubbock District Superintendent of the Assembly of God Churches, officiated the double ring ceremony.

Parents of the couple are Mr. and Mrs. L. Z. Scoggins of Morton and Mr. and Mrs. Odle of West Frankfort, Ill.

Given in marriage by her father, the bride wore a formal length gown of white organza over bridal peau-de-soie fashioned with Venice lace at the high neckline, embroidered organza overlay on the empire bodice and full bishop sleeves with Venice lace cuffs. The A-line skirt extended into a bouffant chapel train with a bow accenting the back waist. Her veil of imported illusion was edged in Venetian lace and fastened to a two tier hand fashioned Venice lace "Princess crown" headpiece, designed by her mother. She carried a bouquet of feathered carnations, white roses, lily-of-the valley and cymbidium orchids fashioned into a ball and attached to a small Bible covered in white satin. For something old and something borrowed was the Bible, her gown was something new, a blue garter and pennies in her shoe was given to her by an aunt.

Miss Ginger Scoggins, sister of the bride, was maid of honor. She wore a formal gown of olive miramist featuring an empire waist, stand up collar, long sleeves, tied at the waist with a wide velvet ribbon. Rainbow and gold braid edged the sleeves, waist and lower skirt. Miss Judy Logan, cousin of the bride, was bridesmaid and wore a gown identical to the maid of honor in orchid miramist. Each carried a parasol of miramist to match their gowns tied at the handle with velvet roses and streamers of satin and velvet.

Carl Odle, father of the groom, served as best man and Howard Scoggins, uncle of the bride, was groomsman.

Lloyd New, uncle of the bride, and Lloyd Clayton New, cousin of the bride, both of Houston, were ushers.

Cheryl New, cousin of the bride, was flower girl. She wore a formal gown of orchid miramist and carried a basket of olive and orchid satin ribbon love knots. Dennis New, cousin of the bride, was ringbearer.

Mrs. Carl L. Odle

Miss Rita Scoggins and Coye Dunn, both cousins of the bride, were candlelighters. Their gowns, fashioned after the attendants, were made of orchid dacron crepe.

Miss Lola Thomason, organist, of Amarillo provided traditional wedding music and accompanied her brother, Jeff Thomason, as he sang "Each for the Other" and "Our Prayer" written by the groom.

Miss Susan New registered the guests. A reception honored the couple in the County Activity Building. The bride's table was covered with orchid and purple net over orchid. A silver candelabra holding a white lace miniature parasol of orchid miniature mums and English ivy with white candles centered the table. Miss Della Scoggins and Mrs. Howard Cahill, aunts of the bride, served the three tiered wedding cake topped with white doves and the Christian Cross emblem.

Mrs. William Jackson and Miss Sherry Scoggins served at the Groom's table which featured a dark chocolate Bible cake. Mrs. Odle is a graduate of Evangel College in Springfield, Mo. and is employed by Sparta School District of Missouri as a teacher. Odle graduated from C.B.C. and is attending Evangel College. He is presently employed by the Gospel Publishing House in Springfield where the couple will reside.

Mr. and Mrs. Carl Odle honored their son and his bride-elect and their wedding party with a rehearsal dinner November 25 at the Tic Toc Restaurant.

### Former Mortonite featured in recital

Billie Rae Proctor, son of Mr. and Mrs. B. R. Proctor of Midland and former residents of Morton, was featured in a clarinet recital at West Texas State University.

Proctor's recital, presented as a requirement for the bachelor's degree in music education, was held in the Fine Arts Theater at WTSU. Works by Mozart, Stamitz, Spohr and Malcolm Arnold were presented.

Proctor has served as concertmaster of the university band since 1970 and has been principal clarinetist in the university orchestra for two years. He studies with Rowie Durden of the WTSU music faculty. He is treasurer of Phi Mu Alpha Sinfonia, professional music fraternity, and has been a member of the university's marching and symphonic bands since 1967. He is a 1967 graduate of Morton High School.

### Levelland man gets high Masonic post

Waco, Texas, December 2. Senator Jack Hightower of Vernon, installed today as Grand Master of the Masonic Grand Lodge of Texas, has announced the appointment of Meadow Brown of Levelland, Texas as District Deputy Grand Master of Masonic District No. 94.

Mr. Brown, an active Mason in this area, will serve eight lodges as the representative of the Grand Master for a one-year period.

In making the announcement, Grand Master Hightower stated: "I appreciate the fact that Mr. Brown has agreed to serve in this important position. His active participation in Masonic and community affairs proves his qualification for this place of service."

Rev. and Mrs. Kenny Coats and baby of Lubbock visited with their parents in Morton over the weekend.

Mr. and Mrs. Wayne Purdue and Son have moved to Seagraves. Wayne recently returned from active duty with the armed forces, is employed by an oil company there.

## 'Women in Art' program given for 1936 Study Club

"Women in Art" was the subject for the 1936 Study Club when it met December 1 in the home of Mrs. Joe Nicewarner.

Mrs. John Crowder gave the program, prefacing her remarks with the statement that there were very few women artists of note. She mentioned briefly Grandma Moses, Henriette Wyatt, Georgia O'Keeffe and Texas artist Mary Matz Willis who has painted a collection of Texas.

The larger part of her discussion was about Mary Cassatt, the only woman listed among great American artists. She told the members that freedom seems to be the common denominator that allowed an artist to give all his time to his talent and Mary Cassatt had this freedom because she was a woman of wealth and never married. She was born in 1845, educated in Philadelphia Academy and abroad in Paris, Rome, Seville and Antwerp. She became famous for her etchings and engravings drawn directly on copper. The shine of the copper with which she worked injured her eyes and at the time of her death in 1926 she had been blind for 12 years.

Mrs. Crowder displayed objects of art created by several young mothers; one the former Ray Ann Ross of Morton, and remarked that there were many more women artists than publicized because

they were primarily wives and mothers. In a short business meeting, presided over by Mrs. Maurice Lewallen, plans were made for the club entry in the Christmas parade, and a thank you letter was read from the sixth grade Camp Fire girls, the club sponsors.

Others present were: Mmes B. H. Tucker, John L. McGee, Gage Knox, Neal Rose, W. W. Smith, Lessye Silvers, Glenn Thompson, Iva Williams, Mary Rice, James St. Clair, Hume Russell and M. C. Ledbetter.

TO WED...

MR. AND MRS. ERNEST HAWKINS have announced the engagement and approaching marriage of their daughter, Ernestine, to Willie Glen Moore, son of Mrs. James Moore. The couple plan to be married December 25 at the New Trinity Baptist Church. Friends and relatives are invited to attend.

Mr. and Mrs. Fred G. Kelly entertained Sunday with a Christmas reunion for her brothers, Mr. and Mrs. A. G. Anderson of Westbrook, Mr. and Mrs. Dee W. Anderson of Lubbock; two sisters, Mr. and Mrs. K. G. Blalock of Snyder and Mrs. Ruth Harrison of Odessa and her daughter, Mrs. Pansy Goldston; their daughter and family, Mr. and Mrs. Bob Scott, Steve and Susan, of Morton also attended.

# STATE Capital NEWS

AUSTIN, Tex. — House Speaker Gus Mutscher's bribery trial site switched abruptly from Austin to Abilene, wit February or March now the expected date.

With both the defense and state filing rival motions for change of venue, Austin District Judge Tom Blackwell concluded extensive publicity in the capital city area made a transfer of the case advisable.

He sent it to the 104th district court of Judge J. Neil Daniel in Taylor County, along with indictments of co-defendants Rep. Thomas C. Shannon of Fort Worth and S. Rush McGinty of Austin, a Mutscher aide.

Defense attorneys had contended widespread news coverage made a fair trial of the speaker in the Central Texas area impossible. The indictment grew out of Mutscher's and co-defendant's 1969 profits on National Bankers Life Insurance Company stock. State alleges he received the stock tips and loans for purchases in exchange for helping pass bank deposit insurance legislation favored by Houston banker Frank Sharp.

Travis County District Attorney Robert O. Smith turned the defense argument around. He said Mutscher has so much power in Austin, where many citizens work for the state, that finding a jury free to give the state's case open consideration there may be difficult.

Blackwell didn't buy either argument entirely, but conceded Austin newspapers, radio and television stations had covered the case rather enthusiastically since last January. Further, he stated the coverage blanketed counties surrounding the capital city.

Mutscher said he was satisfied with Abilene as the trial site.

"The only thing that we have ever asked is that we be afforded a fair trial," Mutscher commented after the brief court hearing. "I feel that the citizens of Taylor County will afford us an ample opportunity to establish my innocence."

Along to Daniel went a stack of defense pre-trial motions, including one to quash the indictment. Mutscher's attorney pre-

dicted a February or March trial date. January 10 had been set originally.

**DRUG REFUNDS DUE** — Texans who filed valid claims under an anti-trust case may receive up to 60 per cent refunds on purchases of broad spectrum antibiotic drugs purchased during 1954-66.

Atty. Gen. Crawford C. Martin said refunds will be made probably no later than March, 1972.

Tax supported hospitals and other state agencies which bought the antibiotics will share in the \$4.6 million recovery against five large drug companies named in the anti-trust suit. The U. S. Supreme Court denied the companies' last appeal October 12.

Martin and his staff are working on an allocation formula. A New York federal court will hold a hearing after notice to all claimants, hopefully in January.

The drug case is the pioneer "treble damage" anti-trust case allowing individual consumers to be represented by the Attorney General and recover damages for overcharges paid as a result of price-fixing conspiracies.

**LEGAL OPINIONS** — Candidates who moved into new districts before Nov. 7 (a year prior to the 1972 general election) are eligible to run for House and Senate seats in those districts, Secretary of State Bob Bullock held in an opinion prepared as chief state election officer.

Atty. Gen. Martin released a long list of opinions including the following:

The time natural gas is produced under "take or pay" purchase contracts actuates accrual of production tax on deficiency payments. The total price paid under contracts is the measure of the market value, based on the tax rate in effect at the time of actual production.

Potter County may not legally employ a flagman at a railroad crossing on a county road, but services can be performed by a traffic officer or a signal light and bell may be provided under county contract.

Commissioners courts or boards of district judges need not give notice of an

official meeting to appoint or employ a public officer or employee.

The Court of Criminal Appeals presiding judge is to receive a \$33,500 a year annual salary, just \$500 more than other judges of the court are paid.

The Department of Corrections can buy and maintain an airplane.

Parker County Hospital District can be charged with a portion of attorneys' fees for defending two tax injunction suits to restrain collection of taxes.

**APPOINTMENTS** — Gov. Preston Smith designated his former aide, V. Larry Teaver of Lubbock, chairman of the State Board of Insurance. Smith emphasized Teaver's role as "consumer representative" on the board and his concern for curbing rates.

Smith appointed Kowitz insurance agency owner John Blair to succeed William P. Hobby Jr. of Houston on the Texas Air Control Board.

Governor placed Charles W. Woodruff of Dallas on the Trinity River Authority board of directors.

Smith picked as his acting press secretary 26-year-old Carlton Carl, a native of Houston.

Dr. Stanley Burnham of The University of Texas at Austin is chairman of the Governor's Commission on Physical Fitness. Albert A. Rooker, also of UT-Austin, is executive director.

Donald Eastland of Hillsboro will serve as acting chairman of the State Judicial Qualifications Commission.

A 26-member State Advisory Council on Alcoholism has been named to advise on a state plan for combatting alcoholism.

**SPANISH TREASURE APPRAISED** — Appraisers have completed the preliminary process of putting a value on treasure recovered from four-centuries-old shipwrecks off Padre Island.

Final reports will go to Federal District Judge Reynaldo Garza of Brownsville who directed the appraisal be made as the result of a lawsuit.

Platoro Inc., the Indiana firm which recovered the treasure in 1967, seeks title to at least half the artifacts. The state claims all of them, and has threatened to take its case for possession to the U. S. Supreme Court.

**POLITICAL FIELD EXPANDS** — Dallas attorney Barefoot Sanders stepped into the U. S. Senate race, slugging from the opening bell at Republican Sen. John Tower.

Sanders, 46-year-old former federal district attorney, U. S. assistant attorney general and White House aide, is the first

Democrat to announce for the Senate.

W. L. (Bill) Jones Jr., Odessa businessman, entered the Democratic primary for lieutenant governor and set up campaign headquarters here.

**SAFETY TIPS OFFERED** Texas Safety Association warns holiday tipplers that 70 driving drunks may end up dead in traffic crashes.

Along with the verbal warning, TSA sent out charts showing how much alcohol by weight a driver can consume before reaching the state legal "drunk" test level of .10 per cent blood alcohol concentration.

"The motorists of Texas, for their sake and the sake of their passengers, need to recognize the potential dangers during the upcoming holiday season. They need to be alert, ready to take evasive action," said TSA.

**SHORT SNORTS** — Conservationists called for a minimum 100,000 acre Big Thicket National Park in East Texas.

State Banking Board approved nine "phantom" bank charters (multi-bank holding companies) in Waco, Longview and Houston, despite protests.

Texas Highway Commission approved future revision of interstate highway routes in the Dallas-Fort Worth areas.

Sen. W. E. Snelson of Midland took over the governor's job for a day — December 4.

Russell International Mining Corporation was enjoined in a Beaumont district court from offering RIMCO securities for sale in Texas.

This year will be "an exceptionally good" one for construction, according to the University of Texas Bureau of Business Research.

The Texas Board of Mental Health and Mental Retardation will meet December 18 to select a state school site to serve the Dallas-Fort Worth area.

## Hospital notes

Patients admitted to Cochran Memorial Hospital December 1 through December 7 were: Jimmy Cunningham, Don Gandy, Margaret Gentry, Lennie Doyle, Lavern Harrison, Haskell Lamar, Othell Giles, T. H. Blackstock, R. E. Thomas, Carrie Ann Tyson, Jay Dustin Harrison, Earnice Hancock, Debbie Silhan, Louise Giles, W. G. Baker, Towana Webb, Winford Vickery, Patricia Reynaga, Geneva Turney and Maggie Escobar.

## Party honors Roxan Bedwell

Little princess was the theme used for the celebration of Roxan Bedwell's seventh birthday party.

Each guest was greeted by Roxan and crowned with a golden crown. In turn each participated in a contest for crowning Roxan.

Entertainment consisted of pin the tail on a donkey, drawing contest and musical chair with prizes for the winners.

A cake decorated with Happy Birthday and gold money from the princess coin box with cold drinks was served to: Redonda Gilliam, Shani Stephens, Zarla Ray, Sharon Crone, Troy Wells, Darrel Red-

mond, Tim Lamb, Micheal Ramsey Alice Marina.

The party concluded with a search for the princess jewel box, when found received a gift for each guest.

Mrs. Roy Hill and Mrs. Murray attended the Texas Annual Garden Symposium held in Dallas. They attended classes on "African Violets," "Gardening Under Glass" and the "New Approach to Flower Arranging."
