### VERY LITTLE VOTE COUNTS . . .

CITIZENS LLOYD HINER AND CECIL BARKER were caught by the camera in the act of doing their civic duty Saturday during the city officers election which took place in the city council room at city hall. Hiner is shown casting his vote under the watchful eye of Barker who acted as election judge. Only a light turnout of voters visited the polls to elect Marshall J. Leitzell as Mayor and incumbent H. A. Lamb Jr. to councilman in Place One and Mrs. Bessie Tilger to the Place Two post.

## Elton Patton wins place on all-state second team

DENNIS HOWELL

Morton's Elton Patton received his second state-wide honor last week as he was named to the second squad of the Texas Sportswriters Association AA All-state team. Already named to the all-district team and the all-tournament team for the state championship playoff, the Morton senior joined the ranks of several highly-touted basketball players across the state.

Technically, neither Morton nor Whiteface, finalists in this year's state tournament, landed a player on the first unit. Instead the honors went to Hughes Springs and Roma, schools that placed each on the first five. Lynn Royal, senior from Hughes Springs, and Jesus (senior) Guerra, Roma's talented 5-10 forward, both are repeaters from last year's squad.

Morton fans saw Royal play at the tournament two years ago, and then a first hand look at Guerra this season.

## St. Clair tea will kick off cancer drive

A coffee in the home of Mrs. James St. Clair, Friday April 7, from 10 until 11:30 a.m. will kick off the 1972 crusade for the Cochran County unit of the American Cancer Society. All volunteers are urged to attend the coffee and pick up packets to be used in the crusade.

Mrs. St. Clair is chairman for the drive. Community chairman are: Bledsoe, Mrs. Alvie Harris; Whiteface, Mrs. Louis Roark; Enochs, Mrs. Bob Newton; Maple, Mrs. Freddie Parkman.

School chairman are: Morton, Mrs. Dale Meixner; Three Way, Mrs. T. D. Davis; Bula, Mrs. Myrna Turney; Whiteface, Mrs. Royce Elam and Bledsoe, Mrs. Dwight Gober.

Working in the Morton business district will be Mrs. Hardy Rhyne, Mrs. Orville Tilger and Mrs. D. E. Benham. C. G. Richards will work in the outlying businesses.

Forty-two additional volunteers will be working in the residential areas and the Citizens Radio Band will be working the rural areas.

Anyone wishing to make donations to the American Cancer fund may leave their donations at the First State Bank.

## Mix 300 kids with 3,000 eggs and what do you get?--bedlam

Bedlam was the order of the day as approximately 300 agile and excited youngsters descended like a swarm of bees on Radio Station KRAN's grounds for their annual Easter egg hunt Saturday.

There were approximately 3,000 Easter eggs hidden on the five acre plot, which pures out to approximately 10 eggs per child. Strangely, this was not the even division achieved when the pandemonium subsided and the dust settled and the countdown for prizes got underway.

The more agile and sharp-eyed and aggressive types came out much better on that--and some others much worse. There were no gloomy faces around, regardless of their fortunes.

Prices of \$5, \$3 and \$2 were given for the first, second and third most eggs captured by children in three age categories--6-7, 8-9 and 10-11.

Winners in the various age brackets included:

- Age 10-11--1. Lucy Robinson, 114; 2. Ruby Johnson, 61 and 3. David Lamb, 56.
- Ages 8-9--1. Dine Guajardo, 88; 2. Katherine Harvey, 50 and 3. Jr. Artega, 45.
- Ages 6-7--1. Perlasue Joyce, 57; 2. Gelbert Artega, 45 and 3. Gaberid Hernandez, 39.

The Easter egg hunt was sponsored by the Morton Area Chamber of Commerce in conjunction with the Morton Tribune and Radio Station KRAN.

The children who participated owe a debt of thanks to the following persons who expended much time and effort in boiling, coloring and hiding the eggs: Mrs. Ray Bridges and Beverly; Debra, Barbara and Theresa Ellis; Mrs. Kenneth Williams, Mrs. Linda Linder and staff members of KRAN.

# Leitzell victor in close race

Marshall J. Leitzell rode a narrow five vote margin to victory in the race for Mayor of the City of Morton in light to moderate balloting in the city officer election here Saturday.

In the battle for two city councilman seats, one incumbent was returned to his post and a woman candidate won the other seat--the first time a female candidate has been elected to the council in recent history, and possibly for the first time ever.

H. A. Lamb, Jr. was re-elected to the council in Place One by an even 100 votes over his nearest rival and Mrs. Bessie Tilger won the seat in Place Two by 30 votes over her lone opponent.

A total of only 425 voters turned out in bright sunny weather to register their choices. This constitutes less than 30 percent of the eligible voters in the city.

In the Morton Independent School District Trustee election, held simultaneously with the city election, two new trustees won the two seats that are becoming vacant. As in the city election, this one also saw the rarity of a female candidate winning her seat.

Ben Kuehler led all trustee vote getters with 202 and Mrs. Ira Brown won one post by garnering the second highest total of 183 votes. Of the other four candidates, Truman Anglin, incumbent, failed in his bid for re-election with a vote of 136; Mrs. N. L. Dubberly received 117; Hub Cadenhead received 101 and Jimmy Millar 97.

The city officer election totals by position included:

For Mayor--Marshall Leitzell 215; Billy R. Wells, 210 and one write-in vote for Gerald Ramsey.

For Councilman, Place One -- H. A. Lamb, Jr., 230; Mrs. Gladys Duke, 130; Paul Baker, 47 and Tom Snead, 10.

For Councilman, Place Two--Mrs. Bessie Tilger, 227 and Jimmy Harris, 197. Daniel H. Wisely received one write-in vote.

In the Whiteface municipal election the results were as follows:

Wendell, Dunlap, agriculture teacher, the incumbent, was elected mayor Saturday by Whiteface voters with 63 votes. Total vote was 73 votes.

Write-in candidates were Jackie Thompson 1, Norwood Marshall 1, O. C. Rankin 3, and D. T. Richardson 1.

Aldermen elected were Richard Souter 52, and Wade Taylor 59. Other candidates were D. T. Richardson 11, Lewis Rork 10, E. E. Jennings 1, Roy Blaire 1, Hal Lemons 1, and L. S. Salser 1.

The results of Morton area school trustee elections were as follows:

Three Way School District--Incumbent J. L. Furgeson 35 (w); Earl Bowers 26; Nelson Carlisle 66, Dale Nichols 43; Clayton Tyson 46; W. C. Eubanks 46; Reuel Kirby 1; Gib Dupler 1. Election to fill an

### ★ Little League!

Calling all Little League coaches, officials and interested parents! There will be a meeting tonight at 7:30 p.m. in the basement of the courthouse.

Purpose of the meeting is to elect officers and order equipment.

### Applicants sought for drivers license school trainees

A bi-lingual school for drivers license trainees will be conducted in Morton soon by Department of Public Safety personnel if 20 prospective students sign up for the course. DPS Patrolman John Salter announced early this week.

The course, which is aimed at persons 18 years of age and older who cannot now qualify for their license, will be taught by specially trained instructors who are fluent in Spanish, Salter said. Duration of the course will be three evening classes of 2-3 hours each, after which the student will be able to take his drivers test with an excellent chance of passing it, he added.

"We will welcome 17-year-olds to the classes, but they will not be eligible to take the drivers test until they reach their eighteenth birthday," Salter emphasized.

Prospective students may sign up for the course at the Cochran County Sheriff's office in the basement of the courthouse and we hope many persons will take advantage of this opportunity to qualify for their license, Salter concluded. There will be no charge for the course.

### Bula fifth grader top Bailey county speller

A Bula fifth grader, Gerald Layton, was named winner of the Bailey County Spelling Bee last Wednesday afternoon in the Muleshoe High School auditorium.

Gerald is son of Mr. and Mrs. J. E. Layton of Bula, and correctly spelled the word "pallor" to win the county championship.

His runner-up was Rhonda King, a Muleshoe sixth grader who is the daughter of Mr. and Mrs. Doyle King.

Last year's second place winner, Cherylee Bryant, now a sixth grader and daughter of Mr. and Mrs. Jess Bryant, won third place.

### NEW CITY, SCHOOL OFFICERS . . .

THE FOUR FACES ABOVE will appear for the first time at the city council table and on the school board when they hold their next regular meetings. On the city side, Marshall J. Leitzell, presently a councilman, will take his seat as Mayor and Mrs. Bessie Tilger will assume her post as city councilman for Place Two. Mrs. Ira Brown and Ben Kuehler will be sworn in as new members of the Morton Independent School District Board of Education at the next meeting April 17.

## School board votes no on teacher contract renewal

The turn down of one faculty contract renewal and acceptance of the resignation

of two teachers were the main order of business at the regular meeting of the Morton Independent School District Board of Education Tuesday, March 28. The board was sitting for the second night in succession due to its attendance at a community drug abuse meeting during its regular meeting time Monday night.

The board voted not to renew the contract of O. A. Graves, a teacher in Morton Junior High School. No comment was forthcoming during a Tribune interview from MISD Superintendent Bob E. Travis concerning the failure to renew Graves contract except to say that the board left open the possibility that the matter could be reconsidered at the April board meeting. All other contracts were renewed.

In matters pertaining to personnel, the board retains the authority to close the meeting to the public and news media and is not obligated to explain its actions.

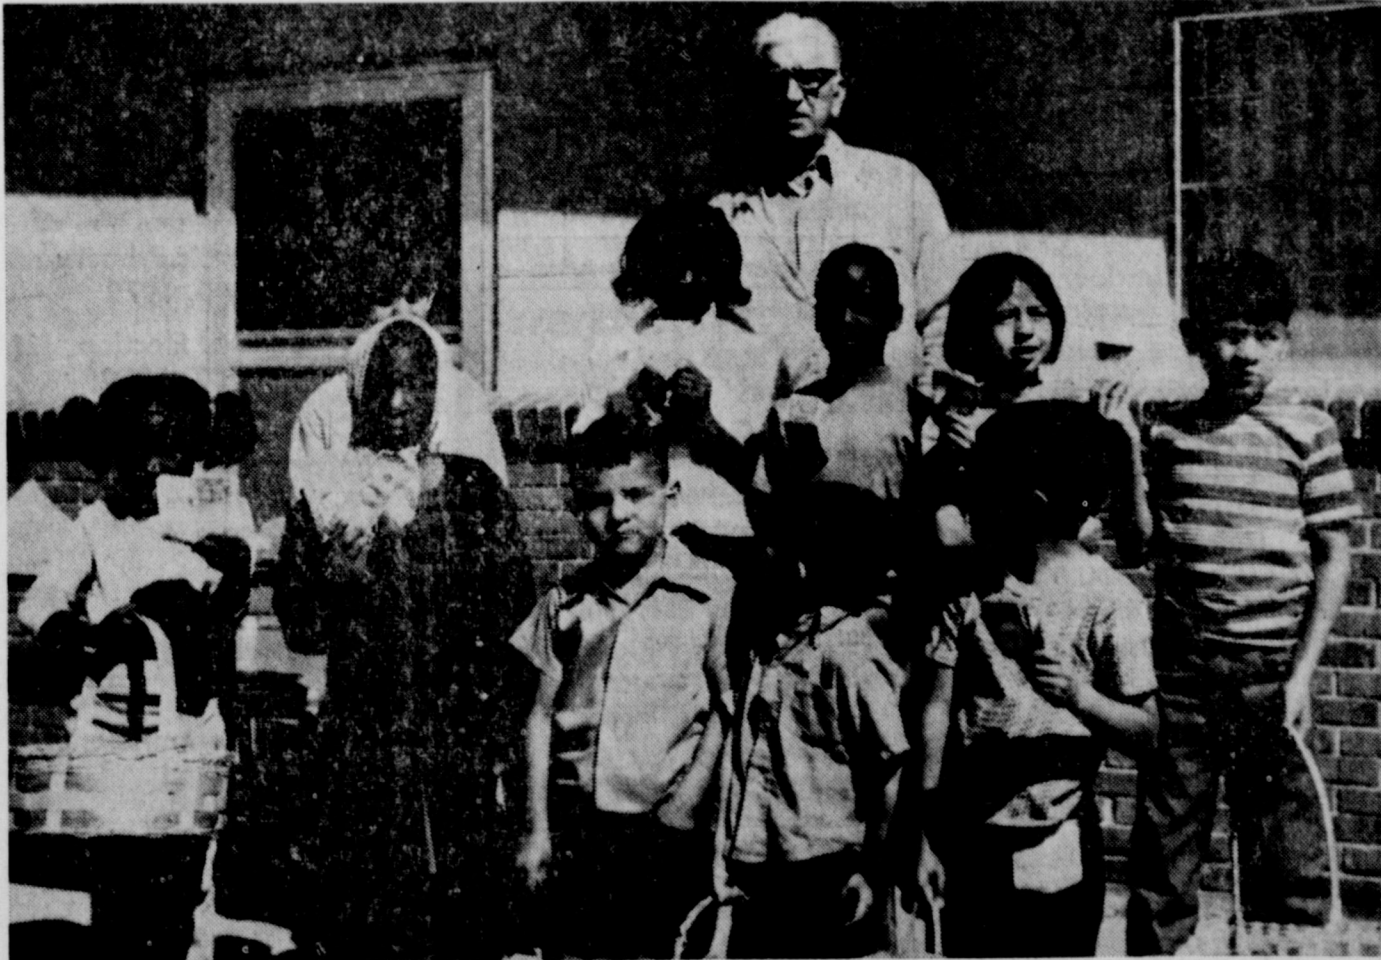

Mr. and Mrs. Tommy Thomson submitted their resignations from the faculty effective at the end of the school year. No information on their future plans had been received by the Tribune by press time Wednesday.

In other business, the board voted to adopt the textbooks recommended by the textbook committee for the school year 1972-3 and approved the payment of bills for the month of March.

### Voters now required only 30 day residency

A message to all county tax assessor-collectors and county clerks concerning residency requirements for voting in Texas was issued by Secretary of State Bob Bullock this week.

The message was based upon recent action of the Supreme Court of the United States and reads as follows: See VOTERS, Page 2a

### HEAP BIG HUNTERS . . .

THE MOST SUCCESSFUL hunters at the annual Easter egg hunt held on the grounds of Radio Station KRAN Saturday are pictured above following the awarding of prizes. With them is Hi Duncan, KRAN manager, who supervised the operation. Sponsor of the annual event is the Morton

Area Chamber of Commerce in conjunction with the Morton Tribune and Radio Station KRAN. Cash prizes of \$5, \$3 and \$2 in three age categories were donated by the Chamber and specially marked eggs brought prizes of five records each donated by KRAN.

## Couple pledge ring vows in candlelight ceremony

Miss Peggy Jo Ramsey and Marshall H. Anderson both of Fort Worth exchanged double ring vows Saturday at 7 p.m. in the First Baptist Church of Morton. The Rev. Jack Greene, State BSU pastor, officiated at the candlelight ceremony.

The bride is the daughter of Mrs. Steven Adlia Ramsey and the late Mr. Ramsey of Morton. Anderson is the son of Mr. and Mrs. Joseph Harrell Anderson of Fort Worth.

Given in marriage by her brother, David Ramsey, the bride wore a formal gown of white chiffon over peau de soie. The gown was in a Victorian design, the gown had a high neckline and long full sleeves. Both the bodice and sleeves were sprinkled with lace appliques. The neckline, sleeves and bodice were trimmed with lace and tulle. Her veil of bridal illusion fell over a Dutch hat of chiffon over peau de soie. The train of the gown extended into a floor length train edged in matching tulle.

The gown was made by the groom's sister. She carried a cascade of deep purple cornflowers and pink daisies. Following tradition, something new was worn, something old, was a sixpence given to the bride by Miss Marilyn Howard of Fort Worth, something borrowed was a prayer book belonging to her

cousin, Mrs. Ernest Hawkins, and something blue was a garter, handmade by her sister, Mrs. Vernon Stokes.

Mrs. Craig McCollar of Lubbock was matron of honor. Mrs. Mike Brown of Port Arthur, Mrs. Ray O'Brien of Morton and Mrs. Gary Moore of Euless were bridesmaids. They wore ankle length gowns of floral chiffon over taffeta in shades of hot pink and purple. The gowns were in Victorian design with ruffles at the neck, wrists and hemlines. Each carried a nosegay of deep purple cornflowers and pink daisies.

Tom Pittman of Fort Worth served as best man. Groomsmen were Roger Shewmake and John Anderson both of Fort Worth and Glenn Spinella of Arlington. Joe Elms and Jim Connell of Fort Worth and Mike Brown of Port Arthur seated the guests.

Candlelighters were Shelly, Shane and Shauna Stokes of Midland, Renee Ramsey and Lea Ann Marshall of San Antonio, nephew and nieces of the bride.

Mrs. J. Jenkins of Roswell, N.M. was organist and Dr. Vernon Stokes of Midland, brother-in-law of the bride, sang "Here, There and Everywhere," "The Greatest of These is Love" and "Eternal Life."

A reception honored the couple in the County Activity Banquet Room following the ceremony. The bride's table was covered with a white cutwork linen cloth. The centerpiece was a candelabra with five purple candles surrounded by deep purple cornflowers and pink daisies. The three tiered wedding cake was decorated with pink bells and flowers with two satin wedding bells. Silver appointments were used.

The groom's table was centered with an arrangement of pink and purple lilacs. Dutch chocolate cake and coffee were served.

Serving in the houseparty were: Mrs. Wayman Marshall, San Antonio and Mrs. Vernon Stokes of Midland and Mrs. Jack Pinson of Brownfield, sisters of the bride, Mrs. Gerald Ramsey, Mrs. Bill Sayers, Mrs. J. O. Gaitwright, Miss Marilyn Howard, Miss Mary Margaret Peppard, Miss Dian Korman all of Fort Worth and Miss Carol McCuiston of Dallas, Miss Judy Watson and Miss Linda Hampton of Fort Worth, Michael Ramsey, Tracy Marshall and Dan Marshall of San Antonio and Miss Rhonda Dickerman of Fort Worth.

Following a wedding trip to Colorado, the couple will make their home in Fort Worth.

The bride is a graduate of Morton High School, Texas Tech University and is a teacher in the Fort Worth Public Schools. Anderson served two years in the United States Army and is presently attending Texas Wesleyan College where he is a candidate for May graduation in Business Management.

## Mrs. Ledbetter gives program for 1936 Club

Mrs. M. C. Ledbetter gave the program for the 1936 Study Club at their March 20 meeting in the home of Mrs. D. E. Benham. Mrs. W. C. Benham was hostess.

Departing from the year's theme on women who had attained fame and fortune in the fields of music, art, drama, literature, public affairs, politics and education, Mrs. Ledbetter spoke on the profession of the homemaker. She told the members that the contributions of this profession are equally important and it's need for talent, training and dedication are just as demanding. "Though the field of 'house wifery' may not lead to fame and fortune it's rewards are plentiful and it's satisfactions many. No other profession offers more freedom from regimentation nor lends itself more to disorganization but this does not mean it is an easy endeavor; for a homemaker is often expected to be a sweet singer, if only to her children, a dedicated teacher, a skillful doctor and a patient nurse. There are times she needs the inventiveness of Edison, the wisdom

of Solomon and the patience of Job," she concluded.

Mrs. Maurice Lewallen presided for a brief business meeting where reports of the District Convention were made, and suggested topics for next year's programs were discussed.

Others present were: Mmes Joe Nicewarner, Luke Hargrove, Glen Thompson, B. H. Tucker, Mary Rice, John Crowder, Gerhome Holloway, Iva Williams, Neal Rose, Gage Knox and John L. McGe.

## Services held Monday for Daniel R. Carter

Services for Daniel Robert Carter, Sr., 91, were held at 2:30 p.m. Monday in the First Baptist Church at Bledsoe. The Rev. Herbert Row, pastor officiated.

Burial was in Morton Memorial Cemetery under the direction of Singleton Funeral Home.

Carter died about 3:30 p.m. Friday in Cook Memorial Hospital after a lengthy illness.

He was a former resident of Bledsoe and lived in that area since 1925. He had just recently been a resident of a Level-land Nursing Home.

Survivors include his wife, Luella; a son, Dan R. Jr. of Amarillo; four sisters, Miss Ruth Carter of Abilene, Mrs. J. B. Renfro of Brownfield; Mrs. Ima Crow of Shamrock and Mrs. Maude Davis of Sunray; two brothers, Dave of Denver, Colo., and Tom of Sweetwater; two grandchildren and four great-grandchildren.

## Mortonites attend O. E. S. School held in Lubbock

Thirty-three chapters of District 2, section 4, which include Morton, recently held "The Wings of Spring School" of instruction at the Masonic Temple in Lubbock.

In conjunction with the school was the joint fraternal visit of Mrs. Aline Houston, the Worthy Grand Matron of the State of Texas.

Approximately 459 registered for the school including twelve members of the Morton Chapter.

Mrs. and Mrs. Carol Shelton acted as Worthy Matron and Patron Friday night Saturday night, which was proclaimed as the Joint Fraternal visit, Mrs. Shelton acted as conductress.

## Mrs. Wynn hosts YM Club meeting

Mrs. Owen Egger demonstrated cake decorating techniques for the YM Study Club March 16. Mrs. Weldon Wynn was hostess for the meeting.

Mrs. Egger showed members how to make candy roses, and then decorated a sheet cake using the roses as the main decorative item. She also made sugar Easter eggs and decorated them with frosting.

In the business meeting, Mrs. Royal Berggren's resignation was accepted with regret. The Salvation Army fund drive was also discussed.

Present were: Mrs. Egger and the following members: Mmes Jim Bell, Douglas Betts, Max Clark, John Hall, Robbie Key, Truman Murdock, Dexter Nebbut, Dalton Redman, Ralph Ware, Jerry Winder, Robert Yearly, Eugene Van Story and Wynn.

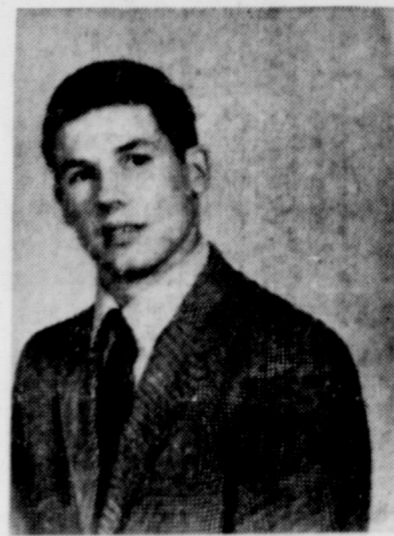

It appears that the American people are really doing their presidential shopping early.

## Scott Hill chooses Oklahoma 'Sooners'

Scott Hill, grandson of Mrs. Roy Hill of Morton, has chosen the University of Oklahoma as his college choice.

Hill is a senior student at Bell High School in Hurst. He ran 1,800 yards and passed for 1,200 yards his junior and senior years. He was chosen Texas' Number One quarterback by Dave Campbell, author of "Texas Football." He also made the Blue Chip list for college recruits and Scholastic Magazine's All American Team. Scott has additionally made All District in basketball for two years and is now a track contestant in the high and low hurdles as well as plays centerfield for Hurst Bell's undefeated baseball team.

The 6 foot, 190 pounder, is the son of Waydelle Hill, principal of Central Junior High School in Hurst. His mother, Juana, is a professional registrar at Trinity High School in Euless and his sister, Kandi, is a freshman at Bedford Junior High where she has won Number 1 ratings in both band and choral UIL contests.

## Mrs. Simpson hosts Bible study club

The Goodland Bible Study Club met March 28 in the home of Mrs. Sammie Simpson.

Maxine Ragsdale, president, opened the study with a prayer. Thought for the day was "A day of worry is more exhausting than a day of work."

Secretary Rosemary Johnson, read notes from residents of Girlstown USA thanking members for remembering them on their birthdays.

The white elephant gift went to Mrs. Opal McCelvey.

The next meeting will be held April 11 in the home of Mrs. Francis Stegall to begin the study of Philipians.

Present for the meeting were: Lyndell Galt, Rosemary Johnson, Kay Kindie, Opal McCelvey, Maxine Ragsdale, Frances Stegall, Chloris Tarlton and the hostess.

## Tops installation held Wednesday

The Lighter Later ops Club installed officers March 20 in Fellowship Hall of the First United Methodist Church.

Mrs. Odessa Daniel was installed as leader and Mrs. Adela Alaquanez as co-leader. Other officers to serve are Mrs. Gene Bridges, secretary; Mrs. Marie Adams, treasurer; Mrs. Ruby Davis, weight recorder; and Mrs. Donilita Cheshir reporter.

Mrs. Mildred Oden conducted the installation and presented those installed with flowers and streamers.

# STATE Capital NEWS

By BILL BOYKIN

AUSTIN — State lawmakers polished off billboard control and primary election finance legislation in a three-day special session — and added far-reaching procedural reform rules for good measure. They will be back to work in June on budget and tax matters.

In their "mini-session," the legislators — many anxious to get back to the campaign trails — logged these accomplishments:

They provided for emergency state financing of the May and June primary elections and set aside \$2 million to pay the bills. Another long-term primary finance measure will be necessary next year.

They moved to meet federal highway beautification requirements by outlawing billboard within 660 feet of major highways and providing for screening of junkyards. The measure will cost the state about \$5 million a year in condemnation costs for five years. But it will prevent a \$24 million loss of federal highway construction funds for non-compliance with regulations.

Both House and Senate adopted joint rules including sharp limitations on powers of conference committees to write new legislative matters without majority permission.

The House also accepted rules installing a limited seniority system for committee assignments, reducing the number of committees from 46 to 25 and providing for electronic recording of House and committee proceedings.

Legislators also made Texas the eighth state to ratify a proposed federal constitutional amendment guaranteeing equal legal rights for women.

**HIGHLIGHT** of the opening day was election of Rep. Rayford Price, 35, of Palestine as new speaker of the House. Price won 7-65 over Rep. L. DeWitt Hale of Corpus Christi. He succeeds Rep. Gus Mutscher of Brenham who resigned after his conviction for bribery conspiracy.

**ALLOWABLE ADJUSTED** — Texas

Railroad Commission decided to hold the oil allowable for the big East Texas Field to 66 per cent during April instead of the 100 per cent fixed for the rest of the state. An increase for the East Texas Field was postponed pending completion of a study.

Chairman Byron Tunnell said the nation has "far too much a stake" in East Texas "to risk reservoir damage through excessive production rates."

For the first time since 1948, the Commission fixed a 100 per cent production factor for this month.

**COURTS SPEAK** — Major sections of Texas vagrancy laws were held unconstitutional by the State Court of Criminal Appeals which said the act makes it a crime to be unemployed or poor. Texas Supreme Court declined to order

## Move over you chili cooks: beef is here

Entries to the first annual "Texas Grain-Fed Beef Cook-off" are beginning to flow steadily into Austin.

The "Cook-Off," a joint endeavor between leaders in the cattle industry and the Texas Department of Agriculture, is urging all non-professional cooks to submit their favorite beef recipes to vie for a \$500-in beef grand prize and a \$200 beef prize for the three category winners.

The categories consist of (1) Cassaroles (2) Gourmet (3) Economy dishes. Commissioner John C. White reports twenty four finalists (six from four different areas of the state) will win \$50 and an expense paid trip to Austin to prepare their recipes in the finals to be held in Austin, Saturday, May 13, 1972.

two aspiring candidates' names placed on the May primary ballots. One failed to post a filing fee or petition of candidacy. Another was refused a ballot position because he was already a member of a utility district board.

The High Court set for May 10 a hearing on an appeal involving the City of Amarillo's power to tax a Mason's Lodge building and three lots owned by the order.

**AG OPINIONS** — Texas Air Control Board can pay court costs in civil penalty pollution-control suits from its operating expense fund, Atty. Gen. Crawford C. Martin held.

In other recent opinions, Martin concluded: It is unlawful to hunt deer with dogs in Shelby County.

Texas National Guardsmen from other states are eligible for resident student tuition status in state supported colleges.

A person who holds a voter registration certificate is eligible for a junior college district trustee office if he lives in the district.

A criminal conviction for traffic violations would not qualify as a hearing" subjecting a person to requirements of the Texas Motor Vehicle Safety-Responsibility Act.

The legislature cannot appropriate funds to pay primary election expenses incurred by local political parties in the past.

**INSURANCE HEARING PUT OFF** — A scheduled March 29 hearing by the State Insurance Board on a proposed increase in home insurance was indefinitely postponed amid talk of compromise.

Board Chairman Larry Teaver sought a year's delay in applying a rating factor providing for rate additions due to inflation and rising construction costs. He had been out-voted by two other Board members on postponing use of the inflation factor.

"The Board is taking a thorough look at all of the factors involved with rating and working toward solutions to complex and complicated problems that arise when considering rate adjustments," Teaver said.

Teaver contended the Board's refusal earlier to suspend the inflation trend factor would cost Texans an additional \$27 million in premiums next year, when a \$14 million reduction could have been made under his own recommendations.

**TRAFFIC TOLL REVEALED** — A vehicle accidents during 1971, according to Texas Department of Public Safety tabulations.

DPS Director Col. Wilson E. Speir said the death toll represents a one per cent increase over 1970, when 3,560 died on the streets and highways.

Speir noted that vehicle miles driven increased from 68 billion in 1970 to more than 70.7 billion for 1971 — a four per cent rise in driving. At the same time, the number of licensed Texas drivers rose by nearly 324,000 to a total of almost seven million.

The death rate per 100 million miles of travel actually decreased three per cent from 5.2 in 1970 to 5.1 in 1971, Speir said. The death rate in 1966 was 6.2. Of the 3,524 deaths in 1971, 2,184 occurred on rural roadways and 1,410 in urban areas. There were 2,893 fatal accidents and 394-166 total accidents last year. Speeding and driving while intoxicated were listed as primary violations in fatal mishaps.

**EVENTS CALENDAR PUBLISHED** — Texas Highway Department lists nearly 950 "happenings" in its Calendar of Events from April 1-September 30.

Old and new events include the 104th Washington County Fair in Brenham, the First Annual Howdy-Roo Festival at Marble Falls and the First Annual State

## Valuable veteran fact sheet now available

The Veterans Administration reports 600,000 copies of its IS-1 Fact Sheet have arrived from the printers and are being shipped for distribution to regional offices and veterans assistance centers.

Single copies are available for 20 cents from the Superintendent of Documents, Washington, D. C. 20420.

Formally titled "Federal Benefits for Veterans and Dependents," the pamphlet provides information on VA and other government benefits, and is one of the most widely read of VA publications.

The 1972 edition has grown from 27 to 34 pages to accommodate additional information, including drug treatment and several tables on GI Bill education assistance, vocational rehabilitation, compensation and pension.

The pamphlet also contains a list of locations of drug treatment centers.

Some Labor Department topics such as job-finding assistance, re-employment rights, and unemployment compensation are covered in greater detail than last year, with GI loans, education, medical benefits, and other topics also receiving adequate attention.

Arts and Crafts Fair at Kerrville.

Tourist bureaus of the Highway Department reported that many of the 1.36 million tourists who stopped for services in 1971 requested information on events.

Among new listings are the First State-wide Folklife Festival at the Institute of Texan Cultures in San Antonio; the annual slingshot championships at Carrizo Springs; the state frog-jumping contest at Refugio and the Spring-Ho Festival at Lampasas.

**FIRE ANT ON RAMPAGE** — Imported fire ants are migrating from East Texas west to the Dallas-Fort Worth area and south as far as Corpus Christi, warns State Agriculture Commissioner John C. White.

The fire ant is now found in 55 Texas counties and infests 16 million acres, White reported. White said future of the only bait used to control the ants — Mirex — is pending before the Environmental Protection Agency. The Agriculture Department now distributes the bait to designated officers in infested areas.

**SHORT SNORTS** — Comptroller Rob-

ert S. Calvert estimates \$711.1 million general revenue will be available for allocation toward 1973 budgeting.

Texas Air Control Board will have sampling personnel on duty for several months in the area of the Houston Smelting and Refining Company in Amarillo plant.

Texas Civil Liberties Union filed suit to knock out the one year-six months local residency requirement for voters.

The Federal Pay Board authorized retroactive per diem allowances for 1971 employees from September 1 to November 14, 1971.

Sen. Barbara Jordan of Houston is state senate president pro tempore, the first black woman in the U. S. senate to such a post.

State and local task forces are helping veterans find jobs.

Work has always been considered respectable, but so far it has never come particularly popular.

### ENMU seeks applications for summer science course

Applications from high-ability high school science students are now being sought for an eight-week summer study of biology and ecology at Eastern New Mexico University.

The program, called the Student Science Training Program in Ecology, is supported and financed with a \$12,390 grant from the National Science Foundation. It allows for 20 high school students from across the United States to participate in an in-depth study of the ecology of the High Plains of eastern New Mexico from June 11 to Aug. 2.

Selection of high school students will be based on scholastic ability, letters of applicant expressing a personal interest in the project, said Dr. A. L. Gennaro, associate professor in biology at Eastern and director of the study.

"Special consideration will be given to students from schools having limited emphasis in ecological training in the science groups," he added.

Applicants must be students who are now high school juniors, and they must have completed at least one year of biology.

Instructors for the program include Dr. Gennaro; Dr. David Yos, associate professor in biology; and Dr. Newel Jorgensen, assistant professor in biology.

They will guide the students in a study of the 75-acre Natural History Preserve, located 18 miles from Eastern's campus. The land has lain fallow for 14 years, and "no grazing except by wild antelope has occurred during the past 14 years with the result that the area is well along toward reverting back to its original mixed prairie condition," Dr. Gennaro explained.

The total environment of the Natural History Preserve is presently being studied by Eastern's staff of scientists, and the high school students will assist them during the summer program.

Students will stay in university housing and dine in Eastern's cafeteria. Financial assistance to cover part or all of the room and board and travel expenses is available to a limited number of students.

Registration fee of \$2.50, a health fee of \$11, and insurance fee of \$10 will be required of all participants. Application forms and letters of application must be returned to Dr. Gennaro by April 15, he said. All selected, alternate and rejected candidates will be notified by May 1 of their status.

Interested students may obtain application blanks and further information by writing Dr. A. L. Gennaro, Director, Summer Science Training Program, Department of Biology, Eastern New Mexico University, Portales, N.M., 88130.

**Sign of Good Breeding**

Pioneer brand grain sorghum varieties have bred-in yield potential to help farmers get the most from their good management even in the face of adverse weather, insects, or plant disease. Also, the genetic inheritance of every Pioneer hybrid is unique. Each variety is bred to bring out the special traits necessary for maximum performance in the area where it is to be grown.

Your Pioneer dealer has many varieties bred to help farmers on the South Plains turn in top yields. Some of these varieties are:

- Pioneer Brand 846:** excellent drought resistance — consistent high yields — MDM and smut resistant — 134-day maturity
- Pioneer Brand 820:** good yielder under stress, outstanding with plenty of water and fertility — MDM and smut resistant — 144-day maturity
- Pioneer Brand 866:** makes the most of limited water — threshes well — high yield potential — 126-day maturity
- Pioneer Brand 8417:** new yellow endosperm variety — full, open heads — good standability — easy thresher — MDM, anthracnose, smut resistant — 135-day maturity

### About local folks

Guests in the Art Wall home Saturday were her nieces, Janice Barnett and Flora Lankford from Levelland and Gail Bayless from Lubbock.

Mr. and Mrs. Carol Shelton honored her mother, Mrs. Ethel Stracener, with a coke and coffee birthday party Tuesday, March 28. Forty-two was the featured game of the evening. Several close friends of Mrs. Stracener attended.

March 30 found the Stockdale School hunting and finding eggs at the First United Methodist Church. Refreshments were served to 10 children with adults present at this year's Easter egg hunt.

Mr. and Mrs. Claude Gipson of Monday were houseguests in the Joe Gipson home Friday night and Saturday. Claude is the older brother of Joe.

Mr. and Mrs. Jimmy Grantham of Stamford were Easter guests of their parents, Mr. and Mrs. W. E. Grantham and Mr. and Mrs. Finas Baldrige.

Mrs. Evelyn Seagler accompanied by Mrs. Sadie Taylor and Mr. and Mrs. W. G. Freeland left for Houston Friday after school to spend the holidays with relatives in Houston and Pasadena.

Mrs. Lee Taylor spent the Easter weekend with her children, Mr. and Mrs. Mac Hancock, Jr. and family and Mr. and Mrs. Jack Taylor and family. Both are residents of Farwell.

Mr. and Mrs. Ed W. Hester, Jr. of Lubbock spent Easter Sunday with her parents, Mr. and Mrs. Bill Sayers.

Mr. and Mrs. Billy Smart and Mr. and Mrs. Todd Fields both of Lubbock were at home with their parents for the holidays.

Little Folks School enjoyed Friday as a "Fun Day" in connection with an Easter egg hunt. Activities began with lunch at McDonalds; Easter hunt later at Astro Park in Lubbock. Later the group were guests of Pam Wesley at "Tiny Texas" for two hours of fun and frolic. Refreshments were served and Pam was honored with many beautiful gifts. Thirty-seven children and sponsoring adults made the trip, returning to Morton at 4:30 p.m.

# SPC duo-pianist concert will feature area artists

South Plains College's Fine Arts Department and the Office of Student Activities will co-sponsor a Duo-Pianist Concert on the evening of April 13. The concert will feature the talents of Larry Don Wiley and Charles Mathews.

The program will begin at 8:00 p.m. in the SPC Auditorium, and there will be no admission charged for the occasion. The general public is invited to attend.

The program for the evening will include Duetino Concertante, Mozart-Busoni; Air in D Major and Allegro from Trio in D Minor, Bach-Maier; En Blanc et Noir, Debussy; Three Songs, Rachmaninoff-Babin; Valse Romantique No. 2, Chabrier; and Scrabouche, Milbaud.

Mathews, a native of Dallas, received his Bachelor of Music degree in Organ from North Texas State University. He continued at NTSU as a graduate assistant and received his Master of Music degree in Piano. He has done postgraduate work with Lillian Steuber at the University of Southern California and at the University of Texas in Austin. He also holds a certificate from the American School of Fine Arts in Fontainebleau, France-working in piano under Jan Casadesus and in theory under Nadia Boulanger.

Wiley is a native of Levelland and he is currently in his fourth year as instructor in piano and organ at South Plains College. He received both his Bachelors and Masters of Music Degrees from North Texas State University, in piano. While at NTSU he studied with the noted teacher-performer Larry Walz, taught in the studios of Isabel Scionti, and was awarded a teaching assistantship while in graduate school. He also studied at the American School of Fine Arts in Fontainebleau under Mr. Casadesus and Boulanger.

Mr. Mathews and Mr. Wiley believe they have selected a program which will appeal to everyone, and they welcome the attendance of all who enjoy music.

# State fatal traffic accidents for 1972 indicate 1% increase

Colonel Wilson E. Speir, director of the Texas Department of Public Safety, said today the final tabulation of 1971 motor vehicle traffic accidents shows that 3,594 persons died last year on Texas streets and highways. An additional 121,082 were injured and the total economic loss was \$1.045 billion.

"The death figure of 3,594 represents a one percent increase over the 1970 toll of 3,560. Actually, with all factors considered, the rise in deaths could have been greater," Speir said.

"For example, vehicle miles driven increased from 68 billion in 1970 to over 70.7 billion for 1971. This represents a rise in total driving of four percent. From another standpoint, the number of licensed Texas drivers rose by nearly 324,000 during the past 12 months to a total near 7 million.

"Despite these sizeable increases in both miles driven and numbers of drivers, actual deaths increased only slightly. This means that our death rate per 100 million miles of travel — the nationally accepted indicator of traffic safety effectiveness — decreased 3% from 5.2 in 1970 to 5.1 in 1971. As recently as 1966, our death rate in Texas was 6.2 so progress is being made," the DPS director added.

Of the 3,594 deaths, 2,184 occurred on rural roadways and 1,410 in urban areas. There were 2,993 fatal accidents and total accidents reported for 1971 was 394,186.

Speir said driving too fast for conditions and driving while intoxicated continued as the primary law violations contributing to fatal mishaps. Other major violations included driving on the wrong side of the roadway and failure to yield the right-of-way.

# Accent on health

Rabies in man doesn't happen too often, but the disease still is one to be reckoned with because of its presence in wildlife and the increase in the number of pets owned by Texans.

Those who believe that an ounce of prevention is worth a pound of cure should guard their pets against rabies by having them vaccinated, says the Texas State Department of Health. It is a good way of protecting your pets — and yourself — against the threat of rabies.

Rabies last year was on the increase after a record low number of cases in 1970. Following a low of only 226 cases, laboratory confirmed animal rabies rose to 322 cases in 1971.

Surprisingly, cat rabies cases outnumbered the number of dog cases last year. This can be interpreted two ways. First, it could be interpreted to mean that the vaccination of dogs is showing results. Or, it could mean that cat exposure to rabies is increasing and that cat vaccinations aren't on par with those of dogs. "Whichever reason you choose, you'd be correct.

Of the 39 pets which came down with rabies, the cats outnumbered the dogs 21 to 18. Dog rabies cases showed a decline by one case, but the number of rabid cats

increased from 16 to 21 in one year.

The Veterinary Public Health Division of the State Health Department instituted a bite surveillance program during 1971, and the nine-month results showed the need for more pet rabies protection. Of 5,119 dogs involved in biting episodes, only 34.1 per cent — or about one-third, were known to have been vaccinated. The percentage was much worse for cats. Of 835 cats involved in biting incidents, less than 10 per cent were known to have rabies protection.

As usual, wildlife rabies cases took the spotlight in 1971 with 252 cases. Rabid skunks headed the list with 186 of the 252 confirmed cases. Thirty-one cases of rabies were confirmed in livestock last year.

To protect the public, the State Health Department furnished 689 anti-rabies treatment series (14 injections) to bite victims last year. This treatment is doing the job, and the last human fatality to naturally-acquired rabies in Texas was in 1962.

The record is good, but Health Department officials believe that the odds against rabies can be better if all pets — dogs and cats — are protected against rabies.

# An Open Letter To The People Of Texas

Dear Voter:

I'm a candidate for attorney general of Texas because I believe it's time for a change in the office.

Crawford Martin is seeking a fourth term. It's the first time in the history of Texas an attorney general is running for a fourth term.

Campaigns should be run on the issues and I don't like to inject personalities and personal relationships into a political campaign. But the relationship between Frank Sharp and Atty. Gen. Crawford Martin cannot be swept under the rug.

The new book about the Texas stock fraud scandals, "Texas Under a Cloud," tells about that relationship. On page 128 the book says: "Atty. Gen. Crawford Martin... got some free newspaper publicity when it was revealed in October, 1971, that he received a 'stock tip' from Frank Sharp... while Martin and his family were Sharp's ranch guests late in 1968 and again at Sharp's Houston office early in 1970.

"Sharp was trying personally to sell National Bankers Life stock to Martin, although the attorney general said that Sharp never mentioned the possibility of Sharp's town Bank loans to buy the stock.

"Martin said that he turned the stock offer down because it would have cost too much, because NEI was in 'shaky' condition, and because he did not buy 'speculative' stocks.

"He did not comment on the ethical aspects of a state official accepting a stock tip of that sort, perhaps, because Martin, an attorney general, had ruled in favor of Sharp on a key legal issue about Sharpstown State Bank only two and one-half years before Sharp made the stock offer to Martin.

"Martin's ruling had the effect of increasing the bank's capitalization dramatically and thus its ability to make large loans, ultimately giving Sharp the financial resources he used in the manipulations charged by the SEC."

As you know, hundreds of Texans lost their life savings because of Sharp's stock manipulations and it probably wouldn't have happened but for Atty. Gen. Martin's legal opinion.

Don't you agree, it's time for a change in the office of attorney general of Texas?

Just so you'll know what you're changing to, I'd like to tell you a little about John Hill. I'm a native Texan, grew up in Wink and Killebrew, was national debate champion at Killebrew Junior College and graduated from the University of Texas Law School. I served in the Navy during World War II, practiced law (much of the time in courtrooms) in Houston, and was secretary of state from 1966 to 1968.

I certainly would appreciate your support.

It is time for a change.

# The informed consumer

"Hello, I'm here to take a survey. I don't have a thing to sell." And with those opening lines the high-pressure sales pitch begins.

While not all door-to-door salesmen are con men, there are numerous door-to-door rackets. Although there are an infinite number of variations used by the door-to-door salesman, knowing some of the basic types of approaches can help you protect yourself against being duped.

Phoney surveys are a favorite way for gypsters to get their foot into your door. If someone claims to be taking a survey, insist upon seeing their credentials before letting them in. If they don't have proper identification, say you're not interested in participating. You may save yourself from an unpleasant high-pressure sales pitch.

Sympathy appeals are another door-to-door selling trick. Some companies actually organize and train crews of people to use sob stories to make sales. So don't fall for the old "I'm working my way through school and supporting my invalid mother" line unless you check out the story first.

# Tribe trackmen tie 440 yard relay mark

A record-tying performance by the 440-yd relay team was the outstanding action for the Morton Indian track squad in last week's Mustang Relays at Andrews.

The quartet of Kevin Kuehler, Larry Thompson, Bryant Lewis and Elton Patton, circled the oval in 44.7 seconds to capture second place in their division and in the process tied the school record which was set in 1965. The clocking was especially good considering the slow, soggy track and the cold, wet weather.

The Tribe finished the day with 26 points which was good for a 6th place tie with Seymour.

Others who garnered points for the Indians were Patton with a third in the 100-yd dash, Elton crossed the line in 10.4 seconds which was one of the best times of the night. Thompson took a 4th in the long jump for the final points of the day.

This week the 440-yd relay team and 880 man, Rick Woods, will travel to Amarillo to compete in the Amarillo Relays.

Be especially on the lookout for the "inspectors" who come to your door offering phoney "free" inspections. Ask for both identification and authorization credentials. If they don't have them, don't let them in without checking with local authorities about their identity. Home repairs, like fixing roofs or furnaces, or termite exterminations, are favorite projects for this kind of racket. Don't agree to repairs or other services without getting another estimate from a local serviceman.

To protect yourself from falling into door-to-door selling traps, take time to fully consider any purchase. A reputable salesman will be happy to come back. Before buying, compare prices of similar merchandise in your local stores. You might find a better price.

# Mrs. Rosser rites held in Eldorado

Services for Mrs. Sallie A. Rosser of Eldorado, Oklahoma, mother of Mrs. Cecil Lindsey of Morton, were held in the Church of Christ at Eldorado, March 30 at 2 p.m. Paul Evens of Hollis and Floyd Robertson of Eldorado officiated.

Mrs. Rosser was born February 5, 1884 near Fayetteville, Arkansas. She died March 29 at Harmon Memorial Hospital in Hollis.

Survivors include her daughter, Mrs. Lindsey, a son, L. D. Rosser of Eureka, California; 14 grandchildren; 26 great grandchildren; 6 great-great grandchildren; two sisters, Mrs. Ida Nixon of Ocean-side, Calif., and Mrs. Gracie Gebhart of Casa Grande, Arizona.

# Indian netters win district playoff meet

The first section of the district playoffs in tennis were held on the Indian courts last Monday with Morton coming out on top in the Varsity competition and Littlefield sweeping the Jr. High matches.

Leading the varsity was Keith Embry who continued to run roughshod over his opponents with another 6-0; 6-0 win. Other winners were Terri Harris in girls singles 6-1; 6-0, Terri Dobson-Sylvia Longoria in girls doubles 6-0; 6-3, and David Barrera-Ralph Mason in boys doubles 6-0; 6-1.

In Freshman competition the doubles team of Julie Cooper-Sherita Fluit took a 6-0; 6-2 win while Kathy Maon went down to defeat by a 7-5; 2-6; 1-6 count.

In the Junior High division, Joey Bryan was defeated 3-6; 5-7, Julie Brown lost 2-6; 2-6, David Ramby-Randy Coleman lost 5-7; 0-6, and Susan Cadenhead-Raylene Wells were defeated 4-6; 6-0; 4-6.

### SPC to offer stock market trading class

South Plains College will offer a short course in fundamentals of trading on the stock market and commodities market beginning April 11. The five weeks course will meet once each week on Tuesday evenings from 7:00-9:00 p.m. in Room 102 of the Technical Arts Building. Opportunity will be given for both the experienced and the beginning investor to gain information about investments. Ample opportunity for all types of questions will be provided.

Instructor for the course will be a long-time broker from Lubbock, Mr. Jim Bradley. Mr. Bradley is manager of the Lubbock Office of the National Brokerage Firm of E. F. Hutton and Company, and he has a wealth of knowledge and experience to share with those participating.

Cost of the course is \$10.00 per person, and registration can be completed the first night of the class in Room 102 of the Technical Arts Building.

For further information, contact the Office of Continuing Education, South Plains College, Phone 894-4921.

### Letter to the Editor

Dear Mr. Sayers,

In last weeks paper a full page ad was run by some of the local merchants giving reasons why we should shop at home. I agree and appreciate their making the public aware of the need to keep our money at home, however, on the front page an article stated that our city fathers had accepted a bid from an out of town dealer on a new truck which was purchased \$112.00 cheaper than they could have bought on at home. They have made two recent vehicle purchases from out of town dealers.

Our local dealer has about 15 to 20 families living here. They pay taxes and most of their money stays here. The argument the City Fathers use is they saved money — but do they? Driving out of town for service and considering that the taxes paid on the vehicles go to a different city and county — how much of the \$112.00 did they really save?

If we are going to encourage people to keep our money at home, and unless we do — our town will surely die, don't you think we should start with our city and county government offices? I do not think it is fair for our city to take our tax money to the fine city of Levelland — to help their schools, pave their streets and build a better Levelland when we desperately need our tax dollars working for Morton and Cochran County.

I would like to see the city fathers answer this.

### Byron Tunnell Announces for Railroad Commission

BYRON TUNNELL

Byron Tunnell, vigorous young Chairman of the Railroad Commission of Texas, has announced for election to his second full term on the Commission. His election last year as Chairman

established him as the youngest presiding officer of the agency in Texas history.

Tunnell is a graduate of Tyler public schools and Baylor University Law School. Prior to his Commission service he was a practicing trial attorney in Tyler. The candidate is a Navy Air Corps veteran of World War II.

This East Texan has already made a mark as one of Texas' great advocates of conservation of the state's natural resources. Tunnell, in accepting the Chairmanship of the Commission, pledged the full force and effect of the agency to conservation for the economic and ecological welfare of all Texans.

### Speaking of Politics

(Editors Note — J. Wayne McDermett, a former outstanding student of Morton High School, present student of mortuary science in Dallas, and a member of a select young Democratic organization in Texas, has written a series of articles aimed primarily at the new young voters of the state which the Tribune has consented to review and print when their quality merits. The Tribune is independent in political philosophy — with a desire to see a strong two-party system established in our state. We consented to publish those articles that we considered of merit as long as they were of a non-partisan nature. J. Wayne agrees with the conditions and we will publish his articles on a one-at-a-time basis as agreed. Title of the articles will be "Speaking of Politics.")

BY J. WAYNE McDERMETT

One of the main objections to voter registration in Texas has been the fact that registration closes several months before the first election is held and many otherwise qualified voters are not consciously aware of upcoming elections in January. Therefore, thousands of people fail to register to vote.

That objection is no longer valid and people in Texas can not use it as an excuse for failure to register. Bob Bullock, Secretary of State, recently announced that voter registration will continue all year and not close on January 31 as it has in previous years. But, one must register at least 30 days before an election to be eligible to vote in that election.

On May 6, the Democrats and Republicans will hold their respective primary select its candidates for Governor, Lt. Governor, and various other state offices, as well as county and local offices.

Our country and our state are both based on the idea of majority rule and "voice of the people." If the people don't register to vote, then they don't effectively have a voice in our government.

This year, as never before, it is essential that the people of Texas register and vote in each election. Almost every office seat is being contested by at least two people. It is imperative that we choose the best men or women for the jobs.

Register at your County Tax Office by April 6 and vote for the candidates of your choice in the May 6 primary elections.

### Program on roses given at meeting

Mrs. J. L. Schooler presented a program on the care of roses-growing and pruning at the Whiteface Garden Club meeting. The club met in the home of Mrs. Jerry Marks March 29.

Roll call was answered with "Mistakes I have made in growing roses." It was announced the next meeting date would be April 10 in the home of Mrs. S. J. Bills. Members will bring arrangements and plants for exchange.

The club voted to purchase ivy to be planted at Girlstown USA.

Attending the meeting were: Mmes Schooler, Bentley, Jennings, Stocks, Smith, Bills and the hostess, Mrs. Marks.

# COTTON UP!

Like a helping hand, Terraclor Super-X controls soil fungi . . . Rhizoctonia, Pythium, Fusarium. To help your cotton make a stand—the first time.

Seedling diseases, sore-shin, seedling rot and damping off are all controlled by Terraclor Super-X to give a rainbow of protection.

Fungi can't get at the seedling when Terraclor Super-X surrounds the seed and emerging plant. When applied in the furrow it extends the protection of seed treatment after germination and is far more effective than seed treatment alone.

Terraclor Super-X soil fungicide comes three ways . . . granular, liquid . . . or dust for hopper box application. Most popular are granules impregnated with DiSyston® soil systemic insecticide. Once over as you plant takes care of fungi and early season insects.

Agricultural Division Olin—P. O. Box 991—Little Rock, Ark. 72203

The National Agricultural Institute is laying extensive plans for a nationwide survey of opinions on key agricultural issues, according to Donnell Echols of Lamesa, Board Chairman of Plains Cotton Growers, Inc. and a charter director of NAI.

Echols says "Intent of the survey is to pinpoint specific problem areas in agricultural communications, to the end that future NAI activities can be aimed where the need is greatest." He points out that "Farm programs must be passed through Congress by Congressmen, most of them from non-agricultural areas, who vote on such measures in accordance with the wishes of the people who elected them. So passage of legislation beneficial to agriculture, along with the prevention of detrimental legislation, is directly dependent on agriculture's image in the minds of the public."

NAI is a non-partisan, non-profit organization formed in 1970 with financial backing from producers of cotton, wheat, sugar, feed grains, peanuts and soybeans. Its objective is to refurbish agriculture's profile in the minds of lawmakers, opinion leaders and the general public.

In early January of last year, at the suggestion of the High Plains' own Congressman George Mahon and Senator Carl Curtis of Nebraska, a top level committee was formed to do a comprehensive study of the problems confronting the achievement of NAI goals. Coordinated by NAI, the committee seeks to identify what is wrong with the public's opinion of agriculture and recommend ways in which misconceptions can be corrected. Members include people from agriculture, agri-industry and government. Industry is represented by top company officials and association executives from the petroleum, farm equipment, chemical and agricultural publishing industries.

No other national survey of opinions on agriculture has ever been undertaken. "And such a survey was long overdue," Echols states.

Scholarships and fellowships provided by the Easter Seal Society, have added hundreds of doctors, therapists and other professional workers to the number of skilled rehabilitation persons serving children with physical handicaps.
