LL All-Stars district champs

With a thrilling come-from-behind victory, the Morton Little League All-Stars claimed the District 2 Little League championship by defeating Plainview National 9 to 7 Tuesday night.

Volume 32 - Number 41

The hard-fought victory, witnessed by a substantial contingent of highly elated Mortonites who followed their team to Plainview to witness the action, earned Morton the right to meet North Borger in bi-district play and a possible trip to the state tournament in Waco, North Borger won the District I title by virtue of a 26-1 thumping of Randall ICounty (Canyon) in their championship game Tuesday

The two district champs will square off in Morton Little League Park at 8 p.m., Tuesday, August 1. Since Plalinview had the choice of site for the district game, Morton by defeating them, won the right to pick the site for bi-district play and All-Star Manager Don Lamar lost no time in naming the home town for the

The winner of the bi-district game will travel to Waco for the state tournament and the winner there will play for the regional title in Florida. The regional winner will advance to the world championship tournament held annually in late summer at McKeesport, Pennnslyvania.

The local all-stars won the right to play Plainview by defeating Brownfield 4 to 1 Friday night for the district southern half

Morton surprised the Brownfield All-Stars Friday night by taking a 4 to 1 victory on the Brownfield diamond. At the end of the first frame, the score stood 0 to 0, but in the top of the second, Bobby Patton hit a homer to break the ice for the local nine.

Brownfield went scoreless in the second to make a 1 to 0 ballgame at the end of the second. In the top of the third, Tino Sabola hit a home run driving in Rusty Lamar to put Morton ahead 3 to 0.

Brownfield couldn't find the runs they needed in the third, but managed to cross the plate for one score in the fourth. Neither team added to their score in the fifth with a 3 to 1 ballgame at the end

In the top of the sixth, Morton added a Brownfield threatened in the sixth, but the Morton All-Stars stopped them short

The winning pitcher was Rusty Lamar while Kreg Kerns was the losing hurdler. See LITTLE LEAGUE, Page 2a

★ Booster meeting . . .

The initial meeting of the Morton Athletic Booster Club will be held tonight, Thursday, July 27, beginning at 8 p.m. in the Morton schools cafeteria. All parents of athletes, club members and interested persons are urged to attend.

Both new and old members of the coaching staff will be introduced, a Southwest Conference football film will be shown, a preview of upcoming opponents will be given, Indian offensive and defensive formations will be explained, new officers will be elected and we hope to have the film of the state basketball championship game against Whitehouse to run, Doug Reed, head football coach states.

Protective equipment touted during national Farm Safey Week

"Protective Equipment-Your Defense Against Injury" is the theme of National Farm Safety Week, July 25-30.

"Agriculture is the nation's third most dangerous occupation," points out Wayne Keese, agricultural engineer with the Texas Agricultural Extension Service, "In 1971 there were an estimated 2,300 work-connected accidental deaths and 190,000 disabling injuries."

As the 1972 theme indicates, special emphasis is being directed to the use of protective equipment such as safety glasses or goggles, hard hats and bump caps, ear muffs and plugs for lengthy exposure to excessive noise, filter and cartridge respirators for work in heavy dust and chemicals, protective clothing and safety shoes with metal caps and puncture resistant

"Many accidents can be prevented by eliminating hazards and using protective equipment at work," contends the Texas A&M University specialst, "For wxample accidents involving the feet and toes ac-

ONE OF TWO PICKUPS involved in a collision Tuesday morning four miles southwest of Morton is shown along with the large water tank which it struck from the rear as it was being towed by the second pickup. The accident resulted in injuries of varied seriousness to all six of the Morton youths involved in the mishap. The 1964 Chevrolet pickup shown was driven by Randy Coleman and the 1962 Chevrolet pickup it struck was driven by Rickey Webb, also of Morton.

Six Morton youths hurt in two-pickup collision

Six Morton youths were recovering Wednesday from injuries classified from light to serious that they received in a twopickup collision on a farm road southwest of town Tuesday morning.

Rusty Colemann, 11, is considered to be the most seriously injured, with multiple fractures of her left leg, according to T. A. Rowland, DPS Patrolman who investigated the accident. She was reported in satisfactory condition Wednesday at Methodist Hospital in Lubbock,

According to the police report, the accident occurred at approximately 8:35 a.m. Tuesday four miles southwest of Morton on FM 1169. It states that a 1962 Chevrolet pickup, driven by Rickey Ray Webb, 17, of Morton was proceeding west at 15-20 miles per hour and towing a four-wheel trailer with a tank containing about 1,000 gallons of water when it was overtaken and struck from behind by a 1964 Chevrolet pickup driven by Randy Coleman, 14,

by Cochran countians

spending per year? Where are they spending it and for what?

According to figures just released, consumer outlays in local retail stores-for food, clothing, furniture, cars and other commodities- were at a higher level during the past year than had been expect-

Most local families, enjoying bigger incomes than in other years, were in a position to spend more freely and they did so, but somewhat cautiously.

With the war still going on and with inflation and unemployment disturbing factors in the national economy, they chose to limit their expenditures, putting the excess into savings.

All in all, however, local merchants had a good year, compared with 1970.

The facts and figures, showing how the consumer dollar was distributed locally,

THREE LOVELY SUNFLOWERS . . .

ONE COULD EASILY BELIEVE that the above is a contest to determine who among the three lends more decoration to the out-of-doors, but the actual purpose of the photo is to show off the self-fashioned garments with which the two girls won senior division first place and alternate in the Cochran County 4-H Dress Review held here Thursday. The sunflower is a poor third. Joann Whitehead, left, won first place with her western outfit and Beverly Bridges with her play suit named alternate. The two are in Lubbock today to participate in the district 4-H dress review.

Volunteers Needed!

Plans are near completion for the big country fair to be held in Morton in conjunction with the Rodeo August 3, 4 and 5, but more volunteer help is needed. No special talents are required - just good, honest labor.

Volunteers are especially being sought for two publicity caravans which will travel to towns in the local area on Saturday, July 29 and Monday, July 31. The Saturday route will be Morton-Whiteface-Levelland-Littlefield-Bula-Enochs and return. Monday will be Morton-Maple-Causey, NM-Muleshoe-Needmore and return. Needed are youngsters to distribute flyers and anyone who can make a good speel for the fair. Volunteers contact Bill Sayers or the Tribune.

Let's all pitch in and make this event a big success!!

Little League . . .

from page one

Tuesday night Morton traveled to Plainview to face Plainview National on the North Park Little League Field. In the top of the first, Morton's All-Stars couldn't put it together, but Plainview managed 2 runs to lead 2 to 0 after one full inning of play.

Ronnie Campbell and Lynn Hawkins crossed the plate in the top of the second to give Morton 2 big runs; then, with three men up and three down; sparked by a dauble play by the Morton team, the game was tied up 2 to 2 at the end of the second.

In the top of the third Morton went scoreless, but Plalinview scored two to lead 4 to 2 at the end of the third. In the fourth, Morton still couldn't find the needed runs, but managed to keep Plainview from scoring.

In the fifth, Tino Sabola got a two-base hit and was driven in by Bobby Patton's single. To the dismay of the Morton fans, in the bottom of the fifth, Larry Williams hit a home run following a triple by John Hinn, putting Plaiview ahead 6 to 3. In the top of the sixth, the Morton team showed their fine staying ability and forced the Plainview team into a series of errors when James Johnson, Ricky Hodge, and Rusty Lamar scored to tie the game,

In the bottom of the sixth, it was again three up, three down and no score for Plaiview. This threw the game into an extra inning. Richard Kuehler opened the seventh by reaching first on an error, and was replaced by McCasland as a pinch runner, ames Johnson doubled over the centerfield fence which put McCasland on third. Ricky Hodge stepped up for a double down the right field foul line, and drove in McCasland and Johnson. Ricky went on to score on hits by Monty Hodge and Tino Sabola

In the bottom of the seventh, Plainview's only score came on a homer by Bret Campbell. This put Morton on the big end of the final 9 to 7 score. The winning pitcher was James Johnson

who relieved Bobby Patton in the fourth. The losing pitcher was Jackie Edwards.

Safety Week . . .

But in the eyes of the law, the anonymous spectator, far from intruding, actually plays a useful role in our scheme of justice. It is his very anonymity that makes him effective. Judges, lawyers, witnesses, and jurors, not knowing who the stranger might be, have an extra incentive to be

People may also be court-shy because they just do not realize how remarkably open our courts are. The United States Supreme Court once observed:

"We have been unable to find a single instance of a criminal trial conducted (in secret) in any federal, state, or municipal court during the history of this country." rue, access may occasionally be limited for some special reason: to prevent overcrowding, to protect children, to keep order.

But as a rule, you may walk into a court as freely as into a church, with no one at the door to check your name or ask your business. When the judge in a murder trial ordered that "respectable citizens only" would be admitted to the courtroom, his order was thrown out by an appellate court as "preposterous."

Of course, around Law Day each May many people do go to court to watch

justice in action. But the courts are just as open (and just as interesting) all year long. In a sense, that is what Law Day is all about.

BUSY PLANNING COMMITTEE ...

THE TRIBUNE CAMERA'S EYE caught the planning committee for the country fair to be held here August 3, 4 and 5, in a candid pose as it mulled over the varied and diverse problems involved in planning a celebration of the magnitude this one is expected to be. Left to right, the hard-working planners, all volunteers, are Mrs. L. Z. Scoggins, Ann Griffith, Gail O'Neal, Mrs. Hume Russell, Bess Tilger, general chairman Hipockets Duncan, Mrs. Ed Brownlow, Brownlow, Geraid Ramsey and Wayne Wilcox. The plans — due to sessions like this one - are on schedule, but much help is needed to assure success of the project.

Student, faculty views on 'quiet campus' given

Millions of words have been written about student and faculty opinion on campuses where loud and destructive protests exploded, particularly in 1969 and 1970, but little is known about student opinion on quiet campuses.

Texas Tech University has a reputation as a "quiet campus." To learn what the "quiet" students and faculty think, Texas Tech's Institute of Mass Communications Research made an opinion study. The results indicate that serenity is not synonomous with complacency.

The university, with an enrollment of more than 21,000, is one of Texas' four multi-purpose universities. There are six undergraduate colleges, a Graduate School, and a School of Law, he Texas Tech University School of Medicine will enroll its first students in the fall of 1972.

Respondents indicated that on their campus there are policies, programs and attitudes students and faculty would like changed, and at Texas Tech they indicated a high regard for library facilities, the job placement service and the campus radio and television stations,

On-campus communication and the record of student government received poor ratings. Most of the respondents said a student should serve on the Board of Regents. Among other opinions reported, most said they believed students like the

said that students and the administration do not communicate well while faculty appeared to have more rapport. There were 43.4 per cent who said the students and faculty communicate well while 42.1 per cent said they do not communicate well. In assessing the university's admini-

fits, and 47.3 per cent disagreed. Asked if student government has been successful in carrying out its duties, 48.7 per cent said "no" and 24.5 per cent said

stration, 36.4 per cent regraded the ad-

ministration as working for students' bene-

Most of the respondents - 47.8 per cent - did not consider tuiion and fees are used for the students' benefit, and only 25.9 per cent said the funds are used in the best interests of the students

Freedom of speech does exist on the Texas Tech campus according to 63.6 per cent of the respondents while 23.3 per cent

Seating a student on the Board of Regents won approval from 63.6 per cent of the responding Techsans; 26.8 per cent opposed the idea.

The university's current policy for seating students at athletic events and student parking facilities - both issues which have received widespread campus discussion were strongly opposed by respondents.

The athletic seating policy for Southwest Conference home games was considered unfair by 71.5 per cent of the respondents. Wanting improvement in student parking facilities were 88.2 per cent. Wanting to increase the number of cu

tural events staged on campus were 78.1 per cent. On campus events include those scheduled by the departments of music, art and theatre arts as well as events booked from off campus.

whelmingly classified as inadequate. Only 19.3 per cent of those responding regarded existing facilities as adequate, and 70.2 per cont called them inadequate. The Board of Regents in April voted a building use fee increase with the request that in allocating the increased funds high priority be given to intramural and recreational facilities.

Of the student health service, 43.4 per cent judged it inadequate while 25.4 said

fault with bookstore prices which were rated unfair by 62.7 per cent and fair by only 25 per cent.

Favorable opinion was voiced for the compus police with more than 56 per cent of the responden's saying, "Yes," they are liked and 28.9 indicating they are not liked.

University library facilities were commended, rated as adequate by more than 75 per cent of the respondents.

The campus Placement Service received a pat on the back for its efforts in finding jobs for graduates. Only 9.2 said the service does not perform well while 43.9 per cent said it does and 42.9 either didn't know or care to express an opinion.

The programming for the campus FM radio station and its educational television station received 59.4 per cent approval. Dr. Hower Hsia is director of the in-

Veterans urged to update insurance payment selections

The Veterans Administration this week ure i all GI insurance policyholdiers to take a second look at the type of policy pay-it they have selected for their next 1'n, Jack Coher, VA Regional Director, said today.

VA warned that too many widows of GI policyholders are penalized following the death of their husbands upon learning he had selected small monthly payments over 36 month periods. In some cases, Coker

noted, veterans chose smaller payments for lite more than 25 years ago, and never undated their policies.

G! pollicyholders who wish now to switch lump sum payments should request Form 20-336 from VA and select option No. 1. This would allow widows to select monthly payments should they deem it neces-

Veterans were urged to mail the form to the VA insurance center where they pay premiums.

Since 1969, the number of minority apprentices registered with the Bureau of Apprenticeship and Training increased by 3,500 - or 86 per cent - from 11,000 to

A Special Invitation:

While in Morton for the Last Frontier Rodeo and Country Fair, you are invited to visit Morton Floral and Gift Shop and see the beautiful display of floral arrangements and the large selection of quality gifts for all occasions.

We welcome you and know you will enjoy the rodeo and country fair.

As a result of actions by the House and Senate in Washington over recent weeks farmers can expect labor costs to increase by at least 15 percent leter this year and by over 30 percent beginning in the Fall of 1973, according to Donald Johnson, Executive Vice President of Plains Cotton Growers, Inc.

The House on May 11 passed a bill increasing the agricultural minimum wage

53th anniversary celek atea Sunday

Mr. and Mrs. Tom Stevens celebrated their 50th wedding anniversary Sunday, July 16, with a reception in the Cochran County Activity Building.

Hesting the party was the couple's children and grandchildren.

Members of the house party included: Mr. and Mrs. T. J. Stevens, Mr. and Mrs. Alvis Stevens and Mr. and Mrs. Max Wal-

den of Levelland. Grandchildren assisting were: Mr. and Mrs. Kenneth Carr and Mandy of Claude, Mike and Karen Stevens, Diana, Dale, Doris, Darlone and Darrell Stevens and

Gary and Kathi Walden of Levelland. Out of town guests registered from Levelland, Lubbock, Muleshoe, Hereford, Plains, Claude, Loranzo, Keyes, Oklahoma and New Mexico.

Approximately 70 guests registered.

from the present \$1.30 an hour to \$1.50 this year and to \$1.70 a year later.

The Senate, arduously courting the favor of organized labor, voted July 20 to raise the farm labor minimum to \$1.60 this year, \$1.80 next year, \$2.00 in 1974 and \$2.20 in 1975.

"Thus the hourly minimum wage for agriculture in the years ahead will be decided by a House Senate Conference Committee," Johnson said, "and a 30 percent increase by 1973, as written into the Housemeasure, is the smallest increase that can be hoped for."

Also hanging in the balance when the Conference Committee meets will be the fate of overtime exemptions traditionally given to cotton gins, oil mills and other seascnal processing industries. The House version retains these exemptions but the Senate bill wipes them out. If the Senate version holds, some sources estimate the cost of ginning cotton will be increased in the neighborhood of \$5 per bale.

The House bill would increase non-arricultural labor from a \$1.60 minimum to \$1.80 this year and to \$2.00 in 1973. 'The Senate would jump the minimum for nonfarm workers to \$1.30 this year and to \$2.20 an hour in 1974.

Ostensibly the Administration was pushing on the floor for new minimum wage provisions much more in line with those adopted by the House, including a \$2.00 top for non farm labor and an increase to only \$1.80 for agriculture. But Republicans as well as Democrats would like to gain support from organized labor in this election year, and numerous defections from the more modest wage approach were noted in Administration ranks.

Democrats in the Senate were especially anxious to mollify labor union leaders, most of whom were thoroughly disenchanted with procedures followed at the Democratic Convention and with the party's presidential nominee. Political expediency notwithstanding however, both Texas Senators - John Tower, a Republican, and Lloyd Bentsen Jr., a Democrat-voted for a substitute bill with minimum wage increases similar to those approved by the House. That bill was defeated by a vote of 46 to 47 and the minimum bill from the Senate Labor Committee passed 65 to 27. Presidential nominee Georg Mc-Govern flew back to the Capitol from South Dakota to vote against the subst Ultimately the Senate measure

jump the federal minimum wage by percent for non-agricultural worker by almost 70 percent for farm labor largest increase in history.

Noteworthy in consideration of the mum wage provisions which even will be enacted is the fact that the d man of the House Subcomittee on I John Dent of Pennsylvania, fought ing battle on the House side for a b most identical to that passed by the nate. And Dent will no doubt head un House conferees on the issue.

can cause confusion. Moving in? You can avoid many difficulties by thoroughly reading and understanding your lease before signing it. If

you don't understand something, ask your landlord to explain it to you or seek legal help.

Most leases are of a standardized form, so if yours doesn't meet your particular needs, ask the landlord to change it. This can be easily done by merely crossing out the clause on the lease you don't like, and having your landlord initial it.

Before moving into an apartment, you, your landlord, and a third party should check it out. Make a list of all damages and needed repairs. Keep this list so you won't be charged for damages you didn't make when it's time to move.

Moving out? A basic question is in what condition are you expected to leave the apartment? Generally, in the condition it was when you moved in, unless specifically stated in the lease that you must have the rugs shampooed, the draperies professionally cleaned, etc.

Allowances are usually made for normal wear-and-tear. You are expected to make "tenantable" repairs and maintenance, such as filling holes left when pictures are removed or cleaning the oven. Major repairs are made by the landlord, but you must call them to his attention.

Security deposits can cause difficulties and misunderstandings. Unless the landlord agrees, you should not deduct your security deposit from your last month's rent, he landlord may hold your deposit only for actual and deliberate damages that you have made. If he does keep the deposit, he must provide an itemized list of damages with the approximate repair costs. You may want to contact your law★ Canning Time! . .

Ladies, it's canning time again and Miss Gail O'Neal will be happy to check your pressure cookers.

She stresses that cookers should be tested each year before using them. You may bring them by the Home Demonstration Agents' office at any time Friday.

LeFleur Garden Club holds planning meet

The LeFleur garden club met in a called meeting in the Morton Insurance Building to finalize plans for year books.

Members voted to revert to a regular club and to take part in the Fair August 3 through 5. The club will sponsor the "Fishing Booth".

Mrs. E. R. Fincher's resignation was accepted with regrets and Mrs. L. Z. Scoggins was appointed to fill the unexpired term as treasurer.

yer, legal aid society, or a tenants' rights organization.

Make sure to inform your landlord when you decide to vacate. theck your lease to see if it contains the "ut natic renewal clause." This means hat if you don't state in writing thirty days before your lease expires that you intend to move, your landlord may renew your lease for a period of time equal to the time it was originally rented. By law, however, he must inform you that he intends to use this provision at least thirty days before the lease expires.

Being informed of your rights and responsibilities will make moving in and out much easier for you.

JUNIOR DRESS REVIEW WINNERS . . .

WYN CRONE WAS DECLARED WINNER and Rhonda Abbe alternate of the annual Cochran County 4-H Dress Review held in the county activities building auditorium Thursday. Theme of the 1972 review was "The Country Look". There were 24 girls competing in the junior division in which Misses Crone and Abbe were judged the best.

Additional GI insurance now available through dividends

How to use GI insurance dividends to buy additional paid-up life insurance is explained in Veterans Administration pamphlets and forms now being mailed to four million eligible veterans.

Jack Coker, VA Regional Office Director, said veterans who have insurance dividends on deposit with VA will be first to receive the information. Mailer to this group of 650,000 started going out in May

CC Cancer Society now accepting memorial gifts

close to us, a relative or friend, the loss is painful. However, many thoughtful persons in Cochran County are turning losses into victories by making memorial gifts in memory of a loved one lost to cancera living memorial."

"A gift today may spare others tomorrow,"explained Patsy Groves, memorial chairman for the Cochran county unit of the American Cancer Society, a national health agency fighting cancer through programs of research, education and

"The Society seeks in this three-fold way to fulfill one of mankind's greatest hopes - the ultimate triumph over cancer. Each memorial contribution brings the moment of final victory closer."

For the additional 3.3 million holders of policies eligible for the extended coverage, VA mailing will start July 1, and continue for 15 weeks. Most of the policies are for \$10,000 before extended coverage is

Each eligible policy holder will receive a pamphlet on the new insurance and a form on which he can indicate whether he wants the added coverage.

Those who do not want the extended coverage should return the forms also, Coker stressed, because the agency will use all the replies to verify file numbers and Social Security numbers on its re-

The amount of the "paid-up addition" a veteran can buy depends on the amount of his dividend and his age at the time the dividend is paid. For example, a 51year-old veteran who receives a \$70 dividend can buy \$153 in added pa tection. This is additional insurance coverage, above the face amount of the policy, that will continue through the life of the policy without an increase in pre-

Speaking of Politics

BY J. WAYNE MCDERMETT

It has been said repeatedly that George McGovern, Democratic Presidential candidate, faces an uphill battle to the White House. Each day seems to prove that the hill is even steeper than he anticipated!

A national magazine took a poll last week and came up with some startling results. If the Presidential election were to be held now, George McGovern would carry South Dakota, his home state, and Washington, D. C. That would give him seven electoral votes compared to 236 for Nixon. This is the first time since the beginning of political parties in this country that a candidate has made such a poor showing.

McGovern, although he won't admit it, suffered a critical setback when the AFL-CIO Executive Council refused to endorse his candidacy. This is the first time in the history of the council that it has not endorsed the Democratic candidate for President. McGovern lost a lot of funds and a lot of support by the move. Last week he lost another round when the Teamsters Union endorsed Richard Nixon. The Nation's largest labor union has traditionally endorsed and supported the Democratic ticket. McGovern selected his running mate on the assumption that Tho-

of service to you.

Locally Owned

mas Eagleton had "pull" with the unions, "pull" that McGovern desparately needed. So far, his running mate has had no effect on the unions.

Many Democratic Congressmen have spoken out against McGovern, saying he should be "exposed" for asking if American can afford McGovern.

Another blow for McGovern came from a Chicago alderman, a loyal organization Democrat for 52 years. Vito Marzullo said he will not support a "fraud" and intends to work for Nixon this fall.

Defense Secretary Melvin Laird is also attacking McGovern and his peace proposals, calling them a "give away now and beg later approach."

In Texas, former Governor and Treasury Secretary John Connally said he will support Nixon and try to get Texans to vote for him in November.

George McGovern, whether he will admit it or not, faces the Mount Everest of political futures. It's rocky and definitely uphill all the way.

In May, average weekly earnings of American workers — in dollars of constant purchasing power — reached a level 2.8 per cent higher than a year ago. This increase represents the largest overthe-year gain in real earnings since 1964.

Locally Operated

Flowers-Wittner vows are recited in Muleshoe

Miss Sharyn Ruth Wittner and Larry Don Flowers exchanged twin ring vows at 8 p. m. Saturday in the First Baptist Church in Muleshoe. The Rev. Glenn Harlin, West Camp Baptist minister, of-

The altar was decorated with twin candelelabras holding wood rose tapers accented with white gladioulus and pink carnations. Centering the alter were two candle trees with fresh comadorn foliage.

Parents of the couple are Mr. and Mrs. Adolph Wittner of Maple and Mr. and Mrs.

William H. Flowers of West Camp.

Given in marriage by her father, the bride wore a formal gown, featuring a fitted bodice of alencon lace and a silk organza skirt appliqued in beaded lace scrolls over a pyramid skirt of peau de soie. Her chapel veil of tulle was edged in matching lace with appliqued lace scrolls fastened to a beaded head peice. She carried a bouquet of white carnations centered with an orchid and pink sweetheart roses atop a white Bible. The Bible was a gift from her aunt, Mrs. Rowland Nitcher, and her gown was designed and made by Mrs. Opal Hanna of Maple.

Miss Kathy Wittner was her sister's maid of honor. Miss Debra Flowers, sister of the groom, Miss Karen McKeever of Muleshoe and Mrs. Clarence Albus of Lubbock were bridesmaids. They wore shocking pink flocked chalet formal gowns with puffed sleeves cuffed in lace and wide brimmed white laced straw hats with

shocking pink bows and streamers. I carried a basket of blends of pink nations with baby's breath entwined ivv.

Mike Flowers, brother of the groom, best man and groomsmen were of Kelley of Lubbock, Ronald Byrd of Camp and Lewis Flowers of Lubb Robyn Nitcher and Reggy Nitcher Fort Worth were flower girl and rearer. Mrs. Albert Ellis of Tatum, M. organist, presented traditional wing music and accompanied Rosi Nitcher, soloist, of Fort Worth,

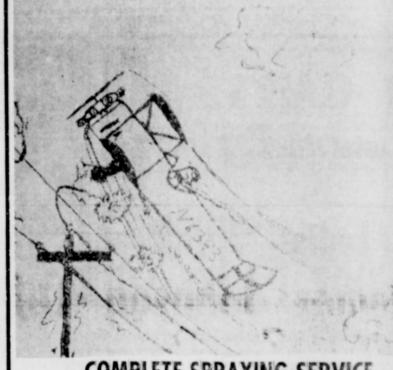

Following the ceremony, a rece honored the couple in Fellowship of the Church.

Serving in the house party were:
Rena Neutzler, Miss Judy Neutzler,

TWO BIG EVENTS

COMING UP!

One is the giant Frontier Rodeo and Country Fair celebra-

on. We urge every Cochran County citizen to give them

our support and to contribute some of your time in making

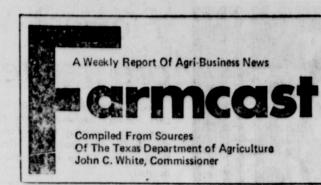

The other event is our big cleanup sale of 1972 Chevro-

es and Oldsmobiles. We are vastly over-stocked and must

nove these cars to make way for the 1973 models coming

Drop in and hear our side — and we'll both make money.

GWATNEY-WELLS CHEV.-OLDS

Cattle Marketings Up . . . Cotton Production Report Due Aug. 12 . . . Farm Salety Week July 25-31 . . . Milk Production Declines . . .

Texas feedlot operators report intentions to market 1,208,000 cattle between now and Sept. 30. This would be 19 per cent more than marketed during the same period last year.

Cattle being fed for slaughter in the state totaled 2,119,000 as of July 1. This is 25 per cent above the 1,700,000 head on feed a year earlier.

In the state there are 283 feedlots with a capacity of 1,000 head or more. Of these, 205 reported cattle on feed July 1, while the other 78 reported their feedlots as empty. Capacity for all 283 large feedlots totaled 2,621,950 head and showed a 79 per cent occupancy.

Nationwide, the trend for higher production is also noted. Cattle feeders in a 23-state area plan to market about 7,184,-000 head between now and Sept. 30. The anticipated marketings are nine per cent higher than those sold during the same period last year.

A REPORT on cotton production for 1972 is expected to be released Aug. 12. Cotton industry people as well as cotton producers and textile manufacturers will be watching that report with more than usual interest because of the present cotton supply situation. Acreage-wise in Texas the Texas Crop and Livestock Reporting Service reports upland cotton planted in Texas this year is estimated at 5.450,000 acres. This is an increase of 220,000 acres over the amount planted

Generally, most of the crop is reported to be making excellent progress with some having been destroyed by hail and heavy rains. Insects are also a problem in many

FARM SAFETY week is July 25-31. In 1971, farm and ranch accidents took the lives of 203 persons. Leading sause of deaths were fires, explosions or burns. Other factors for accidental deaths included drownings, accidental shootings, falls

The figures show a continuing upward trend in accidental deaths. Agriculture is one of the most dangerous of all profess-

Safety officials urge constant alertness

TO WED ...

MR. ANR MRS. ECIPIO LUCERO have announced the engagement and apapproaching marriage of their daughter, Bertha, to Mike Duarte, Jr., son of Mr. and Mrs. Mike Duarte, Sr. of Goodland. The couple is planning an August 19 wedding at 11 a.m. in St. Helen's Catholic Church in Portales, N. M. A reception at the Parish Hall and a dance in the Armory will honor the couple. Friends and relatives are invited to attend.

Economic injury loans available from SBA

The Small Business Administration is designated by the U.S. Department of prepared to make Economic Injury Disaster Loans to aid small business firms suffering substantial economic injury due to the effect of the prolonged drought and other natural disasters on farmers in most

counties of Texas. Fred S. Neumann, SBA Regional Director in Dallas, said that the drought and other natural disaster areas as officially designaed by the U.S. Department of Agriculture include 243 counties in Texas. All counties in Texas have been designated with the following exceptions: Camp, Cass, Franklin, Harrison, Marion, Morris,

Panola, Rusk, Tidus, Upshaw and Wood, Neumann said that SBA can provide Economic Injury Disaster Assistance (EIDL) up to a maximum of \$500,000.00 to affected small firms. The loan proceeds can be used for working capital or to pay certain debts which the business would have been able to meet had it not lost income due to the drought and other natural disasters.

Interest on SBA Disaster Loans is set monthly by the Treasury Department, and for June is 5-1/8. Loan applications may be filed at SBA offices in Texas located in Dallas, Lubbock, El Paso, San Antonio, Houston, Harlingen, Corpus Christi, and

and eliminating potential accidental death possibilities as ways to lessen the accidental death rate throughout the state.

MILK production in Texas during June dipped slightly below that of a year ago. Milk production in the state totaled 270,-000,000 pounds. This is down two per cent below June, 1971, and is eight percent below the previous month's production.

Milk production per cow kept for milk averaged 760 pounds per cow for the month of June. This is 15 pounds below a year earlier and 65 pounds below the

Preliminary price for all wholesale milk for June was estimated at \$6.70 per hundredweight.

Nationwide, milk production during June totaled two per cent highter than a year ago, Milk cows on farms totaled two per cent from June of last year.

Bula-Enochs news

shoe have been visiting their grandparents, Mr. and Mrs. Joe Milsap, for several
