## Indians hit 'Mustang Trail'

By TOMMY D. COMBS

The Morton Indians, after being idle last Friday, prepare to meet the Olton Mustangs tomorrow night in the Tribe's first game of district competition. The Indians go into the game with a 1 win-5 loss record, having downed the "Mighty" Muleshoe Mules two weeks ago 27-20. Having recovered from various injuries and with the tremendous ego boost of having defeated a state-ranked team, the Indians are planning the Mustang "Last Round-Up".

The Mustangs, who hold a 2 win - 5 loss for the season, are looking for a comeback in district action after losing their first district game to Friona last week 7-0.

The Ponies have five offensive and four defensive players returning from last year. Keith Workman (6-0, 195) is the lone member of the backfield returning and only two regulars in the interior line are back this year. Jim McCurry is back at tackle and Steve Lewis returns at guard. The Olton offensive will be running the fabled veer-T under coach Ray Kinnison.

One fact that makes the outcome of District 3-AA competition something to watch carefully is that Muleshoe beat every team in the district except Morton. The Mules defeated Olton 21-8. They downed Littlefield 42-14. They beat the Dimmit Bobcats 20-6 and skunked the Friona Chiefs 14-0. Then Morton, the cellar team, with a no win 5 loss record, ran past the Mules 27-20 for the surprise upset of the season!

The Morton Indians go into district play with a powerhouse line-up! Ted Thomas, 180 lb. senior, will be starting at quarterback. The backfield consists of Larry Thompson or Jimmy Harvey at tailback . . . Jerry Silhan at halfback . . . and Tony Soliz at fullback. The wall across the front will be made up of Rick Williams, Rick Woods, Mike Grusendorf, Junior Fitts, Leslie Carter, William Grant, and Randy Kuehler.

According to head coach Doug Reed, the Morton squad is optimistic and confident but not over-confident. They know Olton has a strong defense and a strong offense. The two teams are almost equal in size and speed, and both are hungry for a victory.

### ★ Holiday Sing-Song

The Elementary Music Department of the Morton Schools will present a Halloween and Holiday Sing Song in the school cafeteria at 9:30 a.m. Tuesday, October 31.

Grades two through five will be included in the festivities. Mrs. Connie Gray is the elementary music teacher.

All parents are invited to attend.

A MOST GHASTLY MISTAKE . . .

A GROUP OF Morton High School boys are shown as they were busily demolishing the above residence on SW Fifth Street early in the week. It seems that they were given permission to tear down a residence and use the material for the homecoming bonfire October 13. You guessed it, they got the wrong house and pretty well demolished this one before they learned the awful truth. A fi-

nally mollified owner of the vacant dwelling made them the condition that they demolish it the rest of the way, deliver all the good lumber to the owner, and nails, and thoroughly clean up the lot in exchange for no charges being filed. They seemed to be happy in their work when caught by the camera Monday.

## Chiefs, 'Cats in 3AA 'crucial'

Last year's district showdown did not come until the season's last two weeks; this time, it's the first two weeks.

History may record the Littlefield Friona game as being just another game, but after seven weeks of action, it has the earmarks of a championship shootout. And it will take place in Littlefield.

Friona comes in with a 6-1 record, best in District 3-AA, and Littlefield is just a step behind at 5-2. Each is 1-0 in district after opening with victories on a rainy, sloppy Friday night.

Friona won its battle from Olton 7-0 and the Wildcats dropped Dimmitt 21-2. And, to the Wildcats credit, they are the defending champs, after winning a first-down battle with Floydada after a 0-0 stand-off in the late stages of the 1971 season.

"We will have to play the best ball game we've played yet, if we expect to win," says Friona coach Bob Owen. And

he chuckled, "this is one of those things you might want to put off for awhile, but you can't do it. We have to play."

Owen's Chieftains held the upper hand

### MHS students get honors 'hard way'

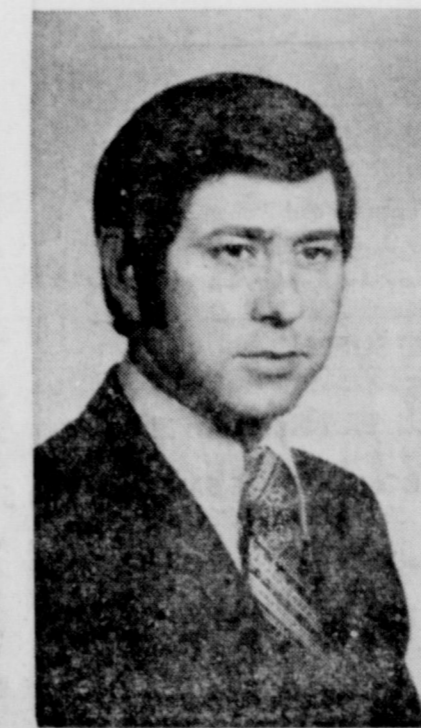

Sixteen seniors and juniors at Morton High School were awakened with a start Monday morning as members of the National Honor Society "drug" them out of bed to attend a 6 a. m. come-as-you-are breakfast at the Tic Toc Restaurant.

Pajamas were the mode of dress for all members being inducted into the Society. The organization consists of the top students in the senior and junior classes. To qualify for membership students must have at least an 85 percent grade average and be recommended by their teachers. They must also excel in leadership, scholarship, service and character.

Newly inducted members are: George Treio, Rodrigo Reyes, Steve Scott, Georgia Van Hoose, Rosa White, Danny Belanga, James Bell, Gary Collier, Carolyn Gray, Gloria Grisby, Mary Marina, Ralph Mason, Zera Swindle, John Taylor, Harold Watts and Debra Williams.

Other NHS members include Doris Beseda, Ted Thomas, Mary Cadenhead, Gerry Corder, Richard Coleman, Debra Silhan, Mike Hunter, Ellis Grimes, and Sam Burnett.

Mrs. Gage Knox is sponsor of the organization.

ELECTED DIRECTOR . . .

AT A RECENT MEETING of the Texas Retail Grocers Association, Mike Doss, of Doss Thriftway Supermarket here, was elected to the board of directors of the association. Mike is thought to be probably the youngest person ever to be elected to the huge association's board. Separate pictures of Mike and the Doss supermarket were featured on the cover of the October issue of Texas Food Merchant magazine, the official publication of the association.

### ★ Annual meeting

Cochran County Farm Bureau will hold its annual meeting tonight at 8 p.m. in the Banquet room of the County Activity Building.

Four directors will be elected. The county resolutions will be adopted and delegates will be selected to represent the county at the State meeting in Houston November 13, 14, and 15.

Refreshments will be served and door prizes will be given.

### Daylight Saving Time to end Sunday

Mortonites Sunday can gain back that hour's sleep they lost last Spring when they went on Daylight Saving Time and moved their clocks ahead an hour.

Daylight Saving Time will end at 2 a.m. Sunday and folks will be setting their clocks back an hour, back to Central Standard Time, thereby gaining that hour's sleep lost earlier in the year.

of contrast, mergers, consolidations and strong competition by big companies, have been taking a severe toll among small businesses.

A private census of the retail industry, conducted by Audits and Surveys, Inc., reveals that the number of American stores decreased by 12,400 in the last year and by 60,000 in the last five years.

In Cochran County, the Commerce Department report shows, local businesses provide gainful employment for some 394 men and women in non-farm jobs covered under social security.

Not included are domestic workers, self-employed persons, members of the armed forces and government workers.

The annual payroll in the local area has also been rising. Taxable wages and salaries last year reached \$1,680,000.

### Three local girls win sewing awards

Three Morton entries in the District "Sew it With Cotton" contest Saturday in Lubbock came home winners.

Angie Lamb won 2nd place in the Lollipop Division and Wyn Crone won 2nd place in Teen Time. Both young ladies were presented with Singer Fashion Mate Portable Sewing Machines and cases.

Debra Young won 3rd place in At Home Wear and a \$50 gift certificate from Singer Company in the South Plains Mall.

The District Contest was hosted by the Lubbock and Lynn County Cotton Council. Judges for the contest were Kitty Cox, Cotton, Inc., New York, N. Y. Mary Kay Clemons, Educational Supervisor of the Dallas Region, Clara Adams, Educational Supervisor of the Houston Region, Mrs. Bobby Raper, Coordinator of Research Operations-Textile Research Center, Texas Tech University and Pat Barfield, Singer Sewing Instructor of Amarillo.

CHOOSE THE FACE YOU LIKE . . .

ONE OF THE GIRLS, THAT IS. The four Morton High School Halloween Queen candidates ham it up a little with halloween masks as they posed for their picture prior to the carnival which will take place Tuesday, October 31 in the skating rink. The popular annual event always draws a capacity of young and old alike. Candidates, left to right, are Kathy Mason, Sophomore; Lisa Bennett, Freshman; Marie Wilcox, Junior and Ann Winder, Senior.

### Indians . . .

from page one

The game will be played in Olton, starting at 7:30 tomorrow night.

The Littlefield Wildcats, last year's co-champs, share the lead in district play, having defeated Dimmitt last week 21-2. The Cats have a 5 win - 2 loss record for the season and are playing to be the undisputed champions of District 3-AA this year. They meet Friona tomorrow night to decide who is in the lead in district play. Friona shares the lead with the Wildcats after defeating Olton last week.

The Wildcats, predicted to take the 3-AA crown, have 2 offensive and 5 defensive returning lettermen, from an 8-3 record last year.

The Friona Chieftains, predicted to place second in district competition, started the season with a 3 win - 6 loss - 1 tie record and had 15 returning starters. This year's record is 5 won - 1 loss-tie.

Rounding out District 3AA is Dimmitt, who holds a 2 win - 5 loss record for the season and had only 2 offensive and 2 defensive starters returning from last year.

The preseason predictions for 3-AA put Littlefield in first place, followed by Friona, Morton, Olton, and Dimmitt. After reviewing the pre-district games of each team and observing the Indians in action, my predictions for District 3-AA are: Morton in first place, followed closely by Littlefield, Friona, Olton, and Dimmitt.

The Indians will be ready to meet the Olton Mustangs tomorrow night but the Mustangs will also be ready to meet the Tribe. The game should be close and very interesting. Action starts at 7:30 in Olton.

The Junior High Squads are idle this week but travel to Friona next Tuesday, October 31 to meet the 7th and 8th grade teams.

### Football . . .

against Olton, but the scoreboard reflected only one touchdown. It did not indicate the weather, which was lousy.

"I'd say we played pretty well," commented Owen, "for that kind of situation. It hindered both offenses, with the rain falling straight down all the game. We'd try to keep the ball dry, and our hands dry, but you can't. Most of the fumbles came from the quarterback-center exchange, and we fumbled a lot. But that's to be expected."

Friona scored its lone TD in the third quarter as sophomore Reserve back Clay Bandy broke loose for 58 yards. Twice, the Chieftains attempted field goals in the second half, to gain a 3-0 penetration advantage, but were unsuccessful.

Usually, we stopped ourselves," said Owen. "A fumble or penalty, something. And at times, it looked like we were going to make good gains, but our backs would slip down."

The victory was Friona's first over Olton since 1966. Littlefield opened its bid for a repeat trip to the playoffs by scoring in the first period and only a third-period safety prevented it from posting a shutout. Leneral Lewis got the first touchdown and came back to score again in the fourth period, on a 45-yard sprint. The second td upped the count to 14-2.

Littlefield also played in a sea of mud. Morton's Chiefs kept their uniforms clean and dry last week, as they had an open date. But they get into the district scrap this week at Olton, in the other 3-AA contest.

Dimmitt gets its first breather of the season, as coach Brown L. Smith's troops were assigned the second off week in the district slate.

By BILL SAYERS

It is common practice among newspaper editors to exchange their paper with several others in the same geographical area and the Tribune is no exception. We receive 20-30 of these papers every week and we scan them with interest.

Exchanging newspapers with your peers serves a two-headed purpose—one, it enables you to steal any new ideas or methods that another editor may think up, two, it enables you to check on just what kind of slanderous, sneaky and yellow-type journalism is in vogue among your colleagues and gives you the opportunity to outdo them.

Probably our favorite of all exchange papers is the Littlefield Leader-News. We like it because it is a newsy paper and you can depend upon it for accuracy and in-depth reporting of the news. (And also because we were for a time the news edi-

tor there and got them started on the right track.)

The Leader-News is a good newspaper for more than one reason. One reason is that it has competent, imaginative and dedicated people putting it together. Another among several more reasons that we won't go into now, is that it is located in a progressive, live-wire town, whose citizens and governmental bodies are "on the ball!" They are constantly at work in efforts to improve their town, their businesses and their living conditions.

Put those two elements together and you are going to have a good town and a good newspaper—there's no way you can hold them back.

A couple of weeks ago the L-N carried as its No. 1 story a discription of an ordinance concerning the disposal of junk cars that the city council had passed. We took the liberty of lifting the story

in part because we consider it a good example of what can be done along these lines if your city fathers are "can do" people.

The ordinance, in part, reads as follows: The new junked vehicle ordinance No. 292, repeals City Ordinance No. 285, and enforces new laws governing the removal of nuisance vehicles from both public and private property as stated in new state laws.

The ordinance provides the city with the authority to remove all junk or abandoned vehicles from any public place or private property, and defines a "junked vehicle" as any motor vehicle which is inoperative and which does not have lawfully affixed thereto both and unexpired license plate or plates and a valid motor vehicle safety inspection certificate, and which is either wrecked, dismantled, partially dismantled or discarded.

Section three of the ordinance reads: "The City Council hereby finds that "junked vehicles", as defined where they are visible from a public place or public right-of-way are detrimental to the safety and welfare of the general public, tending to reduce the value of private property, to invite vandalism, to create fire hazards, to constitute an attractive nuisance creating a hazard to the health and safety of minors, and are detrimental to the economic welfare of the City of Littlefield, by producing urban blight which is adverse to the maintenance and continuing development of the city, and any such vehicle is, therefore, declared to be a public nuisance."

Section four continues: "The chief of police of the city of Littlefield, upon noticing or having brought to his attention that a nuisance exists, as defined above, within the city, shall give or cause to be given to the party maintaining or responsible therefore, a written notice stating the nature of the public nuisance and that same must be removed and abated within 10 days. Such notice shall also state that if a hearing is desired, the request therefore must be made before the expiration of said 10 day period.

Violation of the ordinance would constitute a misdemeanor and would be subject to a fine of not more than \$200 with each day that the violation is allowed by the owner considered a separate offense and subject to a separate fine.

Cherokee, Okla., Messenger: "The day may come when the Internal Revenue Service simplifies the income tax with a two question form . . . 1. 'How much did you make' . . . 2. 'Send it in'."

We were sitting around the office a few days ago, passing the time away by throwing pins at a map of the world trying to pick a place to go if a certain slightly leftish feller should luck out in the November 7 election. Before we had settled on anything definite, one legal eagle named Randy Thomas interrupted our deep meditation in quest of a political ad in the paper. The smell of all that incoming cash caused us to bend an ear.

He wanted to advertise for write-in votes on November 7.

It seems—and is also a cold, hard fact—that his lack of residence requirements prior to the May Democratic primary will not allow him to be placed on the ballot as a candidate for county attorney under the Texas election law. Not even as an independent. With incumbent James Walker bowing out January 1, 1973,

Cochran County will be without a County Attorney.

Unless  
Unless, that is, a large number of voters write him in on the Write-In line. The law specifies that he will have to poll a majority of all the votes cast in the county in the last Governor's election, which was held in 1970. If he receives that many write-in votes, he is in for a four year term.

We wouldn't dream of telling you how to vote for—this is just a small extra service to tell you HOW to vote if you think he is right for the job.

Wouldn't it be something great if the Indians turned it all around and took the 3AA crown this year? Here's one that has a strong feeling that they can do it. That win over Muleshoe was no fluke. The Tribe won it because they played better rock'em, hardnosed football for the entire 48 minutes. With the wind of that one at their backs, who knows what they can do?

Thermopolis, Wyo., Independent Record: "We have another important election-year fact. The city of New York has a special department that is charged with the responsibility of cleaning up after 'relieved' dogs. In 1969 the budget for that department exceeded one million dollars. Some of you politicians might keep that in mind. And you voters too.

## Police school at all-time number

During fiscal year 1972, the number of police training schools conducted by the FBI reached an all-time high. For the 12-month period ending June 30, 1972, FBI instructors furnished 87,643 hours of instruction in 10,165 schools attended by 308,828 law enforcement personnel.

The schools, in addition to basic and intensive police training, included sessions devoted to bombing investigations, antisniper operations, organized crime, racial extremists and violence, and police-community relations.

Also, instructors from the FBI Training Division conducted 100 police management schools throughout the country which were attended by 3,248 police administrators and command personnel.

## Fire can cause halloween costumes to turn into tragedy

A child, a Halloween costume is a fun—but it shouldn't turn into a fire. Specialist Rozanne Schnorr with the Agricultural Extension Service at A&M University reminded parents that while "trick or treating," children be exposed to many direct sources of fire which could easily ignite a costume.

Commerce Standards for flammability safety.

In addition, Miss Schnorr pointed out that some flame retardants are only temporary—washing the costume will remove them. So consider the warning especially if the garment is to be used again and will be washed between uses.

"Careful selection of costumes should provide a safe and happy 'trick or treat' Halloween," she concluded.

### COW POKES By Ace Reid

"Lets see, six cases of beer, two poles, a can of worms, come on boys lets go fishin!"

That raw nip in the air lately reminds us that another year is almost gone and a long, cold winter lies ahead of us almost before we got used to summer. The time, which seems to fly by at an ever increasing rate, is a priceless commodity which cannot be accumulated. You can make that time work for you, however, with an interest-bearing savings account at the First — and the winters will seem shorter as you watch your interest and savings accumulate.

MEMBER F.D.I.C.

**Higher Crop Production Than 1971 . . . Pecan Estimate Declines . . . Citrus Crop Now Expected Higher than 1970 . . . Fed Cattle Down Slightly . . . Fall Wheat Furnishes Limited Grazing . . .**

Texas farmers are again making records in crop production. Cotton, peanuts, soybeans and grain sorghum will exceed 1971 levels. The latest cotton estimate for the state is 3,900,000 bales. Last year's harvest was 2,579,000 bales. Yield this year should average 65 pounds per acre.

Grain sorghum production is set at 341,600,000 bushels with a record yield of 61 bushels per acre anticipated. Texas produces nearly half the nation's supply of grain sorghum.

Peanut production this year is estimated at 434,720,000 pounds compared with 366,795,000 pounds in 1971. Harvest is now more than 50 percent complete.

Soybean production will be 5,670,000 bushels, or about twice the production of 1971.

Corn production is not expected to be above last year. A 35,000,000 bushel crop is forecast for the state now as compared with 43,056,000 bushels in 1971.

PECAN production based on October 1 prospects is now forecast at 65,000,000 pounds, down from the previous estimate of 71,000,000 pounds. The 65,000,000 pound crop would be 171 percent more than the 24,000,000 pounds produced in 1971. It will be the second largest crop of record. Texas accounts for about 35 percent of the nation's total pecan production.

CITRUS in the state this year will exceed the 1971 production by about 15 percent, based on current conditions. The Texas citrus crop is forecast at 17,200,000 boxes.

Grapefruit production is expected to total 10,400,000 boxes, 13 percent above 1971. Early and mid-season oranges are forecast at 4,500,000 boxes, 19 percent above a year ago. Valencia oranges are forecast at 2,300,000 boxes, up 15 percent

from last year.

CATTLE on feed being fed for slaughter in Texas total 2,091,000 head, which is 30 percent above the numbers on feed a year ago, but slightly below the 2,095,000 head on feed a month ago.

Feedlot operators intend to market 1,235,000 between now and December 31. This would be 59 percent of the number on feed and would be 30 percent more than marketed during the October 1 to December 1 period last year.

Texas continues to be number one cattle feeding state in the nation. In the major six-state feeding area—Texas, Arizona, California, Colorado, Iowa, Nebraska — there were 7,630,000 head on feed; this compared with 5,701,000 head a year ago.

WHEAT seeding throughout the state is more than two-thirds complete. However, only limited grazing was available. As of October 1, about 10 percent of the 1973 wheat crops showed sufficient growth to provide pasture. Last year, more than 20 percent of the crop was available for pasture.

Range and non-irrigated pasture conditions over the state was set at 77 percent of normal.

MILK production in Texas during September was up five percent from a year ago but three percent below the previous month's production. Total production for September was 270,000,000 pounds. Milk production per cow averaged 760 pounds which is 40 pounds above a year ago.

Cotton producers and many others in the industry were astounded and highly disappointed at USDA's recent announcement that the 1973 cotton loan would not be raised from the 1972 level of 19.5 cents per pound, basis middling-inch, 3.5 to 4.3 micronaire at average location.

"It is beyond our understanding that the Secretary would leave the U. S. cotton loan seven cents a pound or more below the average world market price," said Ray Joe Riley of Hart, President of Lubbock-based Plains Cotton Growers, Inc.

The average world market price for middling-inch cotton for the 1970 and 1971 marketing years was determined by USDA to be about 26.5 cents. Current law provides that the U. S. loan shall be set at 90 percent of that average, except that the Secretary may adjust the figure downward if he deems it necessary to keep U. S. cotton prices competitive.

IT WAS UNDER this latter authority that Secretary Earl Butz announced the 1973 loan at 19.5 cents, less than 74 percent of the world market average.

"The announcement was especially disheartening", Riley stated, in view of the wide agreement among industry leaders that a higher loan would not seriously affect cotton's competitive position and is badly needed to help stabilize U. S. production, supplies and prices."

Cotton market prices across the Belt have declined about a third from price quotations of a year ago, and producers fear a further drop to just above this year's "disaster-level" 19.5 cent loan.

"If prices continue to decline," Riley said, "and with no greater price protection from a higher loan, producers in 1973 will be forced to severely reduce cotton acreage and we'll go right back to the short supply conditions of 1971. And when this happens we can't even hope to hold the line against market competition from man-made fibers nor will we have sufficient supplies for export markets."

PRODUCERS ARE BACKED up by leading cotton economists in their contention that a loan of around 24 cents for 1973 would maintain competitive prices

for cotton, and perhaps even more important, would prevent further erosion of U. S. and foreign markets by stabilizing the year-to-year ups and downs in U. S. supplies and prices.

An extensive study underwritten by the Producer Steering Committee of the National Cotton Council shows that a price of 25 cents a pound—one cent above the producer — recommended at loan level would hold markets for U. S. cotton both here and abroad, Riley pointed out.

"In view of this study, made by our most imminent cotton economists, and considering that individuals and organizations representing all segments of the cotton industry have advised the Secretary of the need for a higher loan," Riley continued, "we have to believe that the low-loan decision was based on some factor or factors not concerned with the best interests of cotton producers and the cotton industry."

IT IS NOTEWORTHY that the Federal

Monday, October 30: Pimento cheese sandwiches, tossed green salad, buttered peas, pineapple pudding, pickles, milk.

Tuesday, October 31: Spaghetti w/meat sauce, buttered bladeeye peas, carrot sticks, hot cornbread, plum cobbler, milk.

Wednesday, November 1: Wieners w/cheese mixed green salad, buttered carrots, hot rolls, strawberries & bananas whip, milk.

Thursday, November 2: Bar-B-Que chicken, potato salad, buttered green beans, hot rolls, jellied fruit, milk.

Friday, November 3: Tuna casserole, celer ystick, odrak TOMATOES, ROLLS, orange cake, milk.

Register notice of USDA's intention to make the loan determination gave interested parties until October 16 to submit views and recommendations; then the announcement of the 1973 loan was made early on the morning of October 17.

Close on the heels of the loan decision came news the Department was "discussing" a government purchase program for cotton. At the moment no details of USDA's plans in this direction have been released, making it impossible to assess any potential effect on cotton prices. "If the government bought enough cotton of the right qualities at the right price," Riley commented, "and if the acquired cotton were kept out of competition with producer-owned cotton, there could be some beneficial effects. PCG will support and encourage any USDA action or program that might improve the market outlook," he added, "but by the same token we will reserve our support until we are convinced the program is in the best interest of cotton growers on the High Plains."

RILEY DOESN'T believe, though, that any government purchase program, however well conceived, will avert the grave consequences that await the U. S. cotton industry unless producers are given the price protection of a higher loan for 1973.

"A 19.5 cent loan for next year will foster even greater instability in U. S. cotton supplies and prices, thereby jeopardizing both our domestic and export markets," he concluded, "and we will make every effort to get the Secretary to rectify the serious mistake of announcing the loan at such a low level."

# Upshaw Drug Store

Glenn & Brenda Jones

The Upshaw Drug Store is located at 801 Houston in Levelland, phone 894-3189. The brightest spot on any street is the drug store and if we would only stop to think how much it means to us in our daily lives we would appreciate it much more. They always have an air of cheery welcome that makes everyone happy to visit

this establishment. They are specialists in filling prescriptions, all work being in charge of a graduate pharmacist. Upshaw's carries a complete stock of drugs, sundries and toilet articles. Also they best in cosmetics and shaving accessories - in fact this store has one of the most complete stocks in West Texas.

This modern drug store also assures you of the best prices anywhere, along with the most courteous attention. This complete stock and excellent service is responsible for the outstanding success of the Upshaw Drug Store. The compilers of this 1972 Review recommend that you make this well-known firm your prescription headquarters.

# Discount Auto Sales

For many years, automobile dealers considered "used cars" as a sideline to the business of selling new models. Things have changed in recent years and one of the big reasons is the kind of business operated by the Discount Auto Sales. They believe that the used car buyer is just as important as the new car buyer. They are determined to give each customer the finest quality, the best war-

ranty, and the best possible price. They have a large "family" of customers who return because they know that integrity service and assurance of quality are pass-words here. The safe way to buy a used car is at the Discount Auto Sales located at the corner of Houston & College, phone 894-7248 in Levelland because all their cars have been checked by a master mechanic and are

backed by a warranty. They take personal pride in every used car they sell. On-the-spot financing and insurance service truly makes them a "one stop" headquarters for automotive needs. As businessmen who appreciate and ethical, honest firm, we the writers, of this 1972 Town and Country Review give our highest commendation to this company.

Homer Johnson — Owner  
Jimmie Johnson — Manager

The Homer Johnson Oil & Butane Co. is located at Morton Hwy. & West Ave. in Levelland. Phone 894-6191. They are well-known among our readers as one of the leading oil companies in this vicinity and handle Phillips 66 products, one of the best in gasoline, oils, lubricants and butane products. They maintain trucks which

cover a large territory making deliveries every day.

Here they feature only the best of high test gasoline for far more power, more pep, and more mileage. It makes no difference if it is the auto, truck, or tractor, you will find they have the most economical fuel to suit your needs. The mana-

gement of this growing concern has always been interested in the growth and development of this area's agricultural potential and believe in giving the farmer a square deal in every transaction regardless of the size of the order.

The writers of this 1972 Review take pleasure in recommending Homer Johnson Oil & Butane Co. to our readers.

# Furrs Supermarket

Billy Moore — Manager

This well-liked supermarket is located at 505 Austin in Levelland, phone 894-4242. This is the store to which you will want to come if you are interested in keeping that grocery bill within range. They sell on a close margin of profit and give you the advantage of lower prices. Folks from this section have found the values to be as great here as any place in town. You surely

can't go wrong by trading at this store.

Their large stock include fresh vegetables, fruits, tender USDA inspected meats, canned goods, dairy products, staples, picnic supplies, kitchen utensils, etc.

It is a great help to know you can stop at one store and buy most all the food and household items that you need. It is no small problem to keep shelves stocked

with desirable food, but this grocery store has done a marvelous job in the past and will continue with their progressive business policy.

We, the authors, are happy to recommend this prominent supermarket in the 1972 Review and suggest you drop in to select some of their bargains. You'll enjoy their friendly service.

# Auto Service Center

Doyle Tillman — Owner

The Auto Service Center is located at 908 8th St. in Levelland, phone 894-3459.

Having equipped their garage with the latest tools and machinery enables this establishment to accurately and economically service your car or truck. This is the time of the year to have your car inspected thoroughly and to have all needed repairs attended to. Their repair service

on all makes will assure you of better work at reasonable prices.

Before you take your car anywhere, be sure to drive in here and get their estimate upon that repair or overhaul work. They also feature complete service for motor trucks.

The mechanics here know their business

and with their modern equipment can put your car or truck in A-One condition at the lowest cost. If you want the work done correctly and at fair prices, take your repair problem to the Auto Service Center.

The compilers of this 1972 Review give our endorsement to this concern.

# Texas Machine & Tool Co.

Andrew A. Grametbauer — Owner

Regardless of what your machinery problems may be, you can consult the Texas Machine & Tool Co. located on Lubbock Hwy. at Ave. H in Levelland. Phone 894-4442. They specialize in electric and acetylene welding.

The personnel of this shop represents experience not equaled by any other local firm. They understand completely the principals of machinery and machine repair. Many parts of obsolete machines, whether they are agricultural machines, road working machines or pumping ma-

chinery, can be replaced only in a properly equipped machine shop such as this one.

This firm understands welding in no less a degree. They are experts in welding and will be glad to help you in any way they can.

They have portable welding equipment to handle your machine repairing on the job.

In making this 1972 Review, we, the writers, desire to recommend the Texas Machine & Tool Co. to our readers.

# Electric Service Company

Arvel Bennett, Owner

The Electric Service Company is located in Levelland at 410 Houston, phone 894-6450. This shop renders a complete electrical, alternator, generator, and starter service to motorists from this section. No automobile adjustment or repair is more delicate or requires more careful technical skill than adjustment and repair of the electrical system. These men are trained to handle in an expert manner just such delicate work.

These experts hold the policy that no

piece of work leaves the shop without a guarantee of satisfaction.

It is a tribute to them that car-owners in this area have made this establishment the official electrical service garage for their cars.

Drive your car to the Electric Service Company for expert service.

As we, the writers, of this 1972 Town and Country edition, review the area, we highly commend the unexcelled business practices of this firm.

# Federal Land Bank Assn.

The Federal Land Bank Assn is located at 613 Ave. G at the East side of the Square in Levelland, phone 894-6155. Here you will find loans for agricultural purposes, including farm or ranch land, and for improving your land.

Through this widely known institution many people of this community have been enabled to own their own farms and ranches. This concern has properly contributed as much toward the development of this

community as any other institution. It's service is positively indispensable to the success and progress of this area.

They offer a way for farmers and ranchers to secure loans in a business-like manner, without being imposed upon in any way. There can be no better way to secure funds for your agriculture needs than to visit the Federal Land Bank Assn.

The compilers of this 1972 Town and Country Review are proud to present this solid institution to our readers.

# Bridgeco, Incorporated

Chester Bridges — Owner

Bridgeco, Incorporated is distributor of LP Gas which features all of the comfort-providing, labor-saving devices that go

with this gas as it reaches out beyond the gas mains.

This firm is well-known in this area for providing fast, friendly LP Gas delivery service. They also will maintain your tanks year around so all parts work completely trouble free.

Through their straight-forward and above-board policies, Bridgeco, Incorporated is establishing an enviable reputation in these parts and the farmers and the people in general have come to look upon this firm as one of the prominent concerns of this section. Bridgeco, Incorporated is located at 1515 1st St. in Levelland, phone 894-3411.

This firm is a real booster for this com-

# Levelland Savings & Loan Association

A great many of us have had a yearning to invest in a home or our own, but money problems seemed to make it impossible. This community is fortunate to have in its midst a firm which can make just such a thing possible.

The Levelland Savings & Loan Assoc. is located at 1102 Austin in Levelland, phone 894-3145 and in Morton in the Professional Bldg., phone 265-5770.

Come in or call and talk your problems over with them. The management has always had at heart the best interests of the community and has done its best at all times to serve the people.

They offer an excellent savings service. We have all promised ourselves again and again to start saving, but somehow we never quite get started. Don't wait any longer! Tomorrow morning go to the Levelland Savings & Loan Assoc. and open your savings account with even the smallest amount. Then add to it regularly and watch it grow.

The planners of this 1972 Town and Country Review take great pride in pointing out our foremost concern and heartily commend our readers discover for themselves the real satisfaction in their services.

# Keeling Buick - Oldsmobile - Pontiac

Bishop Keeling — Owner

that the real difference in buying a car is the dealer you buy it from.

The ideal dealer to buy a car from offers a fair price on the new unit as well as an honest dollar for the car you trade in. However, the most important factor is the service that you receive on your new car year after year.

The writers of the 1972 Review would like to point out a dealer that considers

the most important part of selling a car the quality service he can offer you after the sale. We are talking about the Keeling Buick-Oldsmobile-Pontiac at 202 Ave. H. in Levelland, phone 894-6144, dealers for the famous Oldsmobile - Pontiac - Buick and Opel automobiles. See them today for a new or quality used car, and you'll see why we say "Customer Consideration" is their byword.
