Portales reception 'favorable'

A large Texas delegation that met in Portales last Thursday to discuss interstate highway matters with

the New Mexico Highway Commission received a surprisingly warm and friendly welcome and was given full

assurance that the proposal they presented would receive careful consideration and an early response.

A group of approximately 40 persons representing county commissioners, courts, chambers of commerce and other governmental agencies from Cochran, Hockley and Lubbock counties presented a proposal to the commission for the extension of SH 116 west from the Texas line to connect with New Mexico SH 70 at a point between Portales and Roswell.

Cochran County Judge Glenn W. Thompson headed the delegation and presented the proposal to the commission. Those from Cochran county who made supporting talks were D.E. Benham and W.J. (Hippokets) Duncan. The Cochran county delegation was made up of representatives of the Morton Area Chamber of Commerce, The Morton Lions Club and the entire county commissioners court.

"I was highly gratified with the reception we received, a reception that adds greatly to my confidence that at last this long awaited project will begin bearing fruit in the near future," Judge Thompson stated to the Tribune. "I feel that construction of this road and the linking up with N.M. 70 would be of vast mutual benefit to both our states. It would be a great step forward in the development of the oil, agricultural and ranching resources of large areas on either side of the state line," he continued.

In his presentation, Judge Thompson stressed the mutual benefits to be derived from completion of this project and informed the commission that it was not at all a new proposal, but the revival of the same project that he had first proposed approximately 30 years ago during his former term as county judge.

Others making supporting talks included Oliver Thomas, chairman of the Highway Committee of the Lubbock Chamber of Commerce, Bill Pope, Levelland Chamber of Commerce director and New Mexico State Senator Richard Thompson, of Roswell, son of Judge Glenn Thompson.

Clovis Chamber of Commerce manager Bob Spencer presented an impromptu rebuttal to the proposal on the grounds that it would draw business and commerce away from the Clovis area and that there was a huge backlog of highway

COCHRAN COUNTY JUDGE GLENN THOMPSON addresses the New Mexico Highway Commission in Portales, N.M. last Thursday as a large Texas delegation led by Thompson gave a presentation supporting the connecting of Texas SH 116 with New Mexico SH 70 between Roswell and Portales. LOOK OUT! HERE COME THE EGG HUNTERS—The race was on as the 7-8 year-old bracket broke from the starting gate at the annual Easter egg hunt conducted on the grounds of Radio Station KRAN Saturday morning. This was just one of three age groups, relegated to three different areas of the hunt, that made up an

estimated total of 300 children that participated in the hunt. Morton merchants donated many valuable prizes for specially marked eggs retrieved by the children among the estimated 4,000 eggs that were hidden. The annual Easter egg hunt is sponsored jointly by the Morton Area Chamber of Commerce, the Morton Tribune and Radio Station KRAN.

Crop loss loans re-opened

Wheat, grain sorghum and other crop producers in Cochran County suffered crop or property losses through drought and other natural causes and are in for a possibly pleasant year.

Those suffering such losses from January through June 19, 1972, now may again apply for an emergency loan through the Farmers Home Administration, which announced early this week by Murdock, Cochran County FHA supervisor.

Murdock said the program had been expanded to assist farmers who had not received an emergency loan at an earlier date to recover their losses.

The application deadline is May 8. The

program was suspended last Dec. 27 when the Nixon administration said continuing it indefinitely under the law then in effect would be too costly.

Bills were introduced in Congress to reactivate the program. A compromise measure reviving the

modified disaster emergency credit program won administration support.

The bill cleared the last congressional hurdle earlier this month and was sent to President Nixon for his signature.

Murdock said applicants who apply by

Elementary registration

Monday, May 14, the Morton elementary school will hold its registration for next year's first grade and kindergarten. The registration will be in the school cafeteria at 3 P.M.

In order to be eligible for first grade next year, a child must be six (6) years of age on or before September 1, 1973.

All children who are five years of age on or before September 1, 1973 will be eligible for kindergarten if they meet the following requirements:

He cannot read, speak, or understand the English language to the extent he is not familiar with the common English words that are necessary for normal progress in the first grade.

A child whose parents economic guidelines fall within the index established by the Education agency.

All children whose fifth birthday is on or before February 1, 1973 will be eligible (5 years—7 months old.)

If you have any questions concerning the eligibility of a child, please phone the Elementary Principal at 266-5250.

BY BILL SAYERS

April, 1972 rolled around we were excited and even a little bit elated because it meant that we reached the magical age of one half century. Still, we put it out of our mind as we could and deluded ourselves with the fact that we had not really turned fifty years—only forty-nine and a fraction that was left of the year.

When "BLACK TUESDAY" came around last week we were like a coyote—that undeniable grin 50 really put the cap on it—we no longer hide from the brutal fact, we now lived our full fifty plus and turned our thoughts toward the future.

Looking ourselves toward the truly old point of view. (Man, it's going to give up Andy Capp, Li'l Abner and the Katz'n Jammer Kids and try the long cloak of dignity) but, what if those are the requirements, ready to pay the price.

Please, middleagers, welcome your vintage soul into your ranks. A word of caution, though, please do not let our lovely bride in this year—at least for the next, ah, uh, uh, say several years?

Encountered the perfect example of what one misplaced letter in a word can do. In this case it exactly turned the meaning of a headline around and gave it a completely opposite meaning to what was intended—and don't you know we have about as far and wide.

Word was "PROTESTS"—and the word was "PROTECTS". The definition of the sixth letter from an "C" almost changed the meaning of the word.

Headline in the Tribune that we were supposed to read "Farm Protests" Nixon Meat Price and with the boo-boo of changing in protests to a "C", the whole thing came out saying Farm Bureau "Protests" Nixon Meat Price Policy.

Survey shows county gains new businesses

A recent U.S. Department of Commerce survey of Cochran county business conditions indicates that the county may be in much better shape business-wise than most local citizens give it credit for.

The prevailing feeling in the area appears to be that the county has been in a steady downward trend in the business sector, when in fact, the survey, which is based on records of the recent past, indicates that private business and self employment are at a much higher standard than the national average.

Indian Capers

The Morton High School Choral Department will present its annual production of "Indian Capers" Friday night, April 27, at 8 p.m. in the County Activity Building.

This year's presentation will be strictly musical and will appeal to both the young and old alike. There will be various solos, the boys Quartet and the girls Sextet will perform along with the "Tranquility" group. Don Chandler, MHS Choral Director, will be in charge.

The program is scheduled to last approximately an hour and a half. Admission charges are \$1.50 for adults, \$1. for students and preschool children will be admitted free.

The entire community is invited to attend this crowd pleasing annual event.

Lions slate broom sale

The Morton Lions Club annual Broom Sale will be held Wednesday, May 2, beginning at 10 a.m., according to information released Tuesday by Roy Gentry, broom sale chairman.

The sale is held annually for the benefit of the blind and is in conformance with the Lions' world-wide project of aid and assistance to the blind. All the products being sold—from brooms to dust cloths, to mops to what have you—are items manufactured at the Lighthouse For The Blind, Gentry said, and added that the purchase of even one or more items will be of direct benefit to the sightless.

"We have a good crew assembled and we will leave no stone unturned in seeking out any and all persons who may be in need of our products, so be ready to dig deep," Gentry said, and added "that both the downtown area and the suburbs will be gone over with a fine toothed comb by our eager salesmen."

Again we lose hour from lives Sunday

Next Sunday, April 29, Daylight Saving Time will go into effect here with the clocks being moved forward one hour.

The annual nationwide transition to Daylight Saving Time—boon to some, bane to others—is accomplished with little disruption simply by simultaneously advancing Standard Time one hour in each of the four time zones.

As universally accepted today as the rising and setting of the sun, Standard Time regulates the lives and habits of people everywhere. However, Santa Fe Railway points out, few people are aware it was the persistent effort of American railroads to improve their service that brought about this orderly method of reckoning and keeping time.

The railroad movement began at St. Louis, Mo., in May, 1872. During its first meeting an association of railroad superintendents formed a permanent

organization which became successively the Time-Table Convention, the General Time Convention, the American Railway Association and, finally, the Association of American Railroads. Years later, on Oct. 11, 1883, the General Time Convention at Chicago overwhelmingly voted adoption of Standard Time. A notice was issued immediately directing that all railway clocks governing train operation be set to the new standard at exactly 12 noon, Sunday, Nov. 18, 1883. Dubbed "the day of the two noons," it was a significant milestone in American history.

The plan provided for four time zones, Eastern, Central, Mountain and Pacific, based upon mean sun-time on the 75th, 90th, 105th and 120th meridians west of Greenwich. These four meridians are approximately on the longitudes of Philadelphia, Memphis, Denver, and Fresno, Calif.

Post office week to begin Sunday

Morton Postmaster Murray L. Crone announced plans today for "Postal Week" to be celebrated here April 29 through May 5.

On April 30, the Morton post office will highlight this observance with activities that dramatize the important roles performed by Postal people as they move the mails.

Postmaster General E.T. Klassen said the Postal Week observances are "an appropriate occasion for recognition of the vital responsibilities assigned to the mail service and a valid time to take stock of the challenges which must be jointly met by postal people and by the millions of citizens throughout America who depend upon the mail as an essential part of their personal and business lives."

As part of the observance, the Morton Post Office will join with the nation's 1,000 other post offices in issuing 10 special stamps honoring postal employees.

The Morton Post Office will make the occasion with special First-Day-of-Issue observances, simultaneous with similar ceremonies to be held in Washington by Postmaster General E.T. Klassen.

The new "Postal People" stamps will See POST Page 3

Boys Ranch schedules dedication

A dedication ceremony will mark the installation of a new flag pole at Great Plains Boys Ranch at Pettit Sunday.

The dedication ceremony will be conducted by Veterans of Foreign Wars Post No. 4506 of Levelland and will consist of dedicating the flag pole and the laying of a stone monument honoring the dead of all American wars.

The ceremony, to begin at 2 p.m., Sunday, April 29, will be under the direction of No. 4506 Post Commander Joe Bob Rowell.

The public is cordially invited to attend.

MORTON STUDENT HONORED—Curtis Griffith, second from right, an agricultural economics major at Texas Tech University, was honored for academic achievement at the Aggie Honors Banquet (April 12) of the College of Agricultural Sciences. Griffith holds the highest grade average among the students in the Department of Agricultural Economics—a 3.8 overall and a 4.0 in his major field on a 4.0 scale. Pictured with Griffith are his wife, Cynthia, second from left, and his parents, Mr. and Mrs. J.K. Griffith, Rt. 2, Morton. (Tech photo)

be placed on sale here in conjunction with the local observance. The attractive new stamps—the first such comprehensive set specifically honoring postal people—will be on sale at the Morton Post Office and other offices in the county. Other plans are being developed for an appropriate observance of Postal Week, Mr. Crone said. "As the Postmaster General said in his message, we need the informed understanding, cooperation and support of every citizen. I think that we have this to an exceptional degree in Morton, and part of the purpose of Postal Week will be to show our appreciation," Postmaster Crone said.

ART

FROM PAGE ONE

Dr. Robert Loughheed, R. Brownell McGrew, Elliot Means, Jack Swanson, Bernard Thomas, Walter Ufer, R.J. Vinella, Harold Von Schmidt, Bob Wood, and Kenneth Wyatt comprise the artists honored in the exhibit. Wyatt has two paintings "Fistfull of Sugar" and "We Wept When Charlie Died" in the exhibit. Dr. Harold McCracken, Director Whitney Gallery of Western Art, commenting on the show said: "The development of Western Art, during the

past twenty-five years has enjoyed the most phenomenal growth and widespread success of any phase of our artists culture.

"The exceptionally fine present exhibition which Grand Central has gathered together, of the already well established greats of the past as well as the best of contemporaries" is a further example of the admirable service they have contributed to the most purely American phase of this country's artistic culture."

Mr. Wyatt, a Methodist minister, began a dedicated career as a full time Western painter five years ago, he was given the West Texas Chamber of Commerce Achievement Award in 1971.

His invitation to exhibit in the Grand Central Galleries 50th Anniversary Exhibition climaxes a record sales acceptance of his work," said his exclusive agent, John L. McCarty, owner of High Plains Galleries.

SURVEY

FROM PAGE ONE

A narrative summary of the survey reads as follows: In Cochran County, new businesses are being born all the time.

Despite the difficulties and the pitfalls involved, with such succeeding year an additional number of local residents, anxious to be their own bosses, embark on new ventures.

They give up their jobs and the security of a weekly income, gather together the

money they have saved or can borrow and take the plunge. Some buy existing businesses and others start new ones from scratch.

Many of them are inadequately financed. They do not have enough capital to carry them through the lean early years. Others are handicapped because of insufficient know-how of the field they are entering.

However, although the hazards are great and the odds are heavily stacked against a new business lasting more than two or three years, there are many that succeed very well.

Evidence of that is to be seen in the fact that no less than 475 residents of Cochran County make their living from their own businesses or professions, according to the Department of Commerce.

They are the storekeepers, the doctors, the farmers, the barbers, electricians, gas station operators and the like.

In terms of the number of people in the local area who are employed, it means that 28.2 percent are self-employed.

That is above the ratio reported for many areas of the country. The average, in the United States is 7.7 percent and, in the West South Central States, 9.5 percent.

Nationally, most individually-owned businesses are in some kind of retail trade, the figures show. That is the field that attracts many of the people who are just starting out for themselves.

The number of retail establishments in operation in Cochran County is listed as

80 in the latest government count.

The fear that conglomerates are swallowing up small companies so fast and dominating the economic scene so thoroughly that a newcomer cannot survive doesn't stand up alongside the facts.

There are many more small businesses in existence today than there were ten years ago. Analysts estimate that about a half million new enterprises are launched annually, exceeding by a good margin the number that are discontinued because of death, retirement or failure."

improvement and maintenance that should be completed before any new construction was undertaken. New Mexico State Representative Hayes also spoke against it giving the same reasons as stated by Spencer.

The commission chairman was highly complimentary on the presentation made by the Texas delegation and assured its members that the proposal would receive careful study, possibly including consultation with the Texas Highway Commission, and that a reply would be forthcoming at the earliest possible date.

The May 8 deadline will be considered for emergency loans at 1 per cent interest. "In addition," he said, "Those who

qualify will receive a forgiveness benefit on their loan of up to \$5,000 based on losses uncompensated by insurance or other wise."

Counties which are designated for emergency loans at the time of the Dec. 27 suspension are automatically included in the reopened program. All counties in West Texas were included in that category.

Applications may be made here at the county FHA office in the County Activities Building.

Several major hail storms as well as flooding rains assaulted the county during the eligible dates mentioned, and there was a certain amount of dry land acreage that was either unplantable or on which both cotton and grain sorghum crops failed due to lack of moisture.

The 1972 crop year was a year of contrasts—many areas receiving much too much moisture over a long period of time, which prevented the crops from maturing properly—and other areas receiving too little moisture to get a crop or to dry it into nothingness following its emergence.

MORTONS

FROM PAGE ONE

Hoo-Boo! you think our phone didn't ring—and the first on the line was our local Farm Bureau office who politely inquired if we were trying to kill their whole program. We received a very clear message through the polite lady's tone of voice that that kind of boo-boo could lead to.

So, Farm Bureau members of this area—please realize that your local office is not committed to sabotage of your program and that this is a clear example that even your true blue newspaper can sometimes make a mistake—believe it or not.

We lifted the following from some free publication or other—We almost never quote anything that costs us money—and thought lifts the modern case enough to pass on:

According to unofficial sources, a new simplified income tax form for next year contains only four lines:

1. What was your income last year?
2. What were your expenses?
3. How much have you left?
4. Send it in.

Those readers who normally follow world events will recall that an international kangaroo court was convened in Sweden a few years ago for the purpose of trying President Nixon and others for crimes against humanity. It

was, of course, a silly propaganda exercise on the part of the Communist sympathizers and came to nothing, as expected. Nevertheless, they made political propaganda hay out of it and turned many people of the world against the United States.

We just have one question for our Swedish "Friends"—Would you please re-convene your court and try the North Vietnamese for the atrocities committed against our prisoners of war?

Their charges were lies. We now know our's are true. It would also be perfectly logical to include Jane Fonda and Ramsey Clark among the defendants.

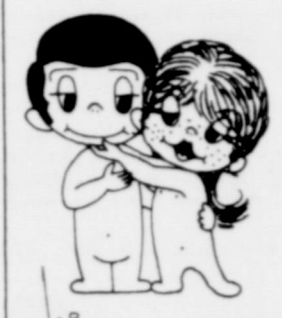

Another lifted quote: If God had meant us to have a permissive society, He would have given us 10 suggestions instead of 10 commandments.

As far as Sweden is concerned, we hope they are enjoying the dregs of American society that they so piously took to their breast. That country has recently cut off asylum for American deserters on the pretext that the Vietnam war is over and they can no longer claim that they are escaping an "immoral war."

Westrongly suspect that they have had their belly full and would grasp at any straw to stop the flow of American misfits into their ranks. We only hope that President Nixon stands firm (and when hasn't he?) on the "no amnesty" issue and allows the Swedes to long digest what they have so eagerly swallowed.

We have it on good authority that when Marlon Brando's 49th birthday arrived last week that he, in typical style, refused to

Love is...

RANDY KUEHLER AND PETE SOLIZ, both members of the Morton High School track team, are pictured with track coach Hubert Jones. Both runners participated in the mile relay team. The team won the event by 75 yards in the Jal, N.M. meet. Kuehler turned in a time of 52.9 in the 440 yard dash in the regional meet and Soliz logged a time of 2:02.5 in the 880 yard dash.

Tribe track team looks god despite handicaps

Bad weather and a lengthy basketball season cut the number of track Morton High School meets by three but the boys came on strong toward the end of the year, track coach Hubert Jones stated this week. They are to be commended for their hard work this year as they worked during all types of weather.

Low in quantity but high in quality, the lone relay victory was the sprint medley relay at Jal, New Mexico. The Morton quartet of Rodney Cox, Pete Soliz, Randy Kuehler and Rick Woods far out distanced

the field by 75 yards. Wood was only two seconds off the school record in the mile run and Soliz was only .7 seconds off the 880 school record.

Best marks for the year: 100 yard dash-Jimmy Harvey-10.0 Hereford meet and District; 220 yard dash-Jimmy Harvey-23.1, District; 440 yard dash-Randy Kuehler, 52.9, Regional meet; 880 yard dash-Pete Soliz, 2:02.5, Regional; Mile run-Rick Woods, 4:40.5, Regional and High Jump-Jimmy Harvey, 5'10", Hereford meet.

Services for G.W. Harrison held Monday

Graveside services were held at 2 p.m. Monday in Morton Memorial Cemetery for George Washington Harrison of Hagerman, N.M.

Harrison, 74, died at 5:30 a.m. Sunday in Cochran Memorial Hospital. He was a retired farmer.

Survivors include one son, Hiley of Oklahoma City, Okla.; two daughters, Mrs. Nellie Hayes of Moran and Mrs. Willie VanDyk of Oklahoma City; three sisters, Mrs. Josie Bible of Killeen, Mrs. Lena Mills of Morton and Miss Myrtle Harrison of Kerrville; 19 grandchildren; and six great-grandchildren.

W.F. Holleyman rites held here

Services for Willie Fred Holleyman were held at 2 p.m. Thursday, April 19, in the First Baptist Church. The Rev. Paul McClung, pastor, officiated.

Burial was in Morton Memorial Cemetery under the direction of Singleton Funeral Home.

Holleyman, 72, was dead on arrival at 10:10 a.m. Wednesday at Cochran Memorial Hospital. A native of Eastland County, he had lived here since 1933. He was a Baptist and a retired brick mason.

Survivors are his wife, Veta; two sons, James of Morton and Jack of Lubbock; a daughter, Mrs. Nadine Braggs of Lubbock; a sister, Mrs. Lorena Carroll of Hobbs, N.M.; a brother, Elbert Holleyman of Morton; and 10 grandchildren.

Morton students to participate in auditions

Piano pupils from Morton and the surrounding area will play in the National Piano Playing Auditions May 1, 2, and 3 to be held in Lubbock Garden and Arts Center.

The students will strive to become winners in Pledge, Local, District, State, National, International, and Special Divisions. Many pupils will also be entering Hobbyist and Social Music Categories. Their Judge will be Irma Coleman, a teacher from the State of Florida.

The auditions are conducted privately and on the order of conservatory tests and examinations. The basic aim of Piano Guild, USA has been to establish definite goals and awards for piano pupils of all grades from the earliest beginners to artistic adults; goals for the slow pupils as well as the gifted.

We're proud our seeds have earned the trust of farmers like these . . .

WILLIARD HENRY

JOE ROBERTS

recorded a yield of 6000 pounds on 100 acres of Pioneer brand 8417. "Good threshing and yield," of 8417 pleased Joe Roberts, Rt. 2, Morton, Texas.

got a yield of 6213 pounds on 70 acres of Pioneer brand 846. Our most popular hybrid, 846 can do well for you as it did for Williard Henry, Rt. 1, Box 80, Morton, Texas.

Because we were the first company to commercially produce hybrid corn and with 17 years of work on sorghum, we know a lot more about hybrids and how to make crosses that really yield. We've had longer to test and re-test our varieties. We've stuck with some of our early crosses, and we keep developing new ones to fit every growing condition imaginable.

For the Southern Panhandle and Plains area we recommend these sorghum, corn and forage hybrids . . .

Pioneer brand 846—excellent drought resistance—consistent high yields—MDM and smut resistant—medium maturity.

Pioneer brand 820—good yielder under stress—outstanding with plenty of water and fertility—MDM resistant—full season.

Pioneer brand 8417—new yellow endosperm sorghum—champion yielder in medium maturity class—large open heads—does well on all types of land.

Pioneer brand 3369A—a corn with outstanding seeding vigor—tolerant to blight—good roots and stalks—good ear retention—heavy grain yield.

Pioneer brand 3306—excellent for grain or silage—drought resistant—single cross—well-suited to narrow rows.

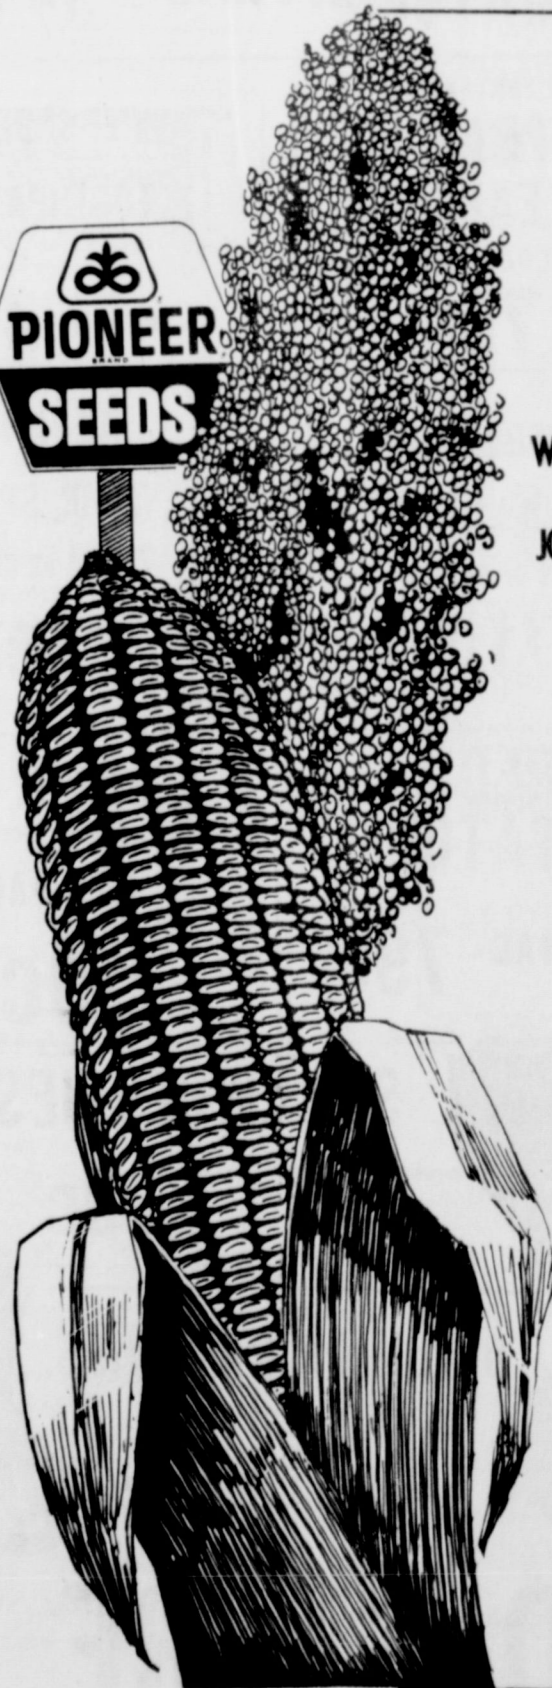

Pioneer brand 988—sorghum sudangrass hybrid for pasture, greenchop, hay or hayslage—ready to cut or graze in a little more than a month—regrows again and again all summer with adequate moisture and fertilizer.

When you choose a hybrid for your land, choose one from the company that started it all . . .

HERE'S TO YOUR HEALTH

"Preventive medicine" is most important—to avoid illness, or to catch and cure it early, before the illness becomes serious. This is why an annual medical check-up is so advisable. Just as "preventive maintenance" on your car can avert major breakdown and repair—so "preventive medicine" can nip an illness in the bud, and probably avoid great discomfort and surgery.

"Thou wilt show me the path of life, in thy presence is fulness of joy..."
PSALM 16:11

HERE IS THE PATH

Thou wilt show me the path of life, in thy presence is fulness of joy..."
PSALM 16:11

Thou

shall love the Lord thy God with all thy heart; and with all thy mind, and with all thy strength, and with all thy neighbor as thyself.
Luke 10:27

The basis of God's first and greatest commandment is love. God desires that we should love Him... and therefore will not force His love on anyone. God took the first step and is always ready to receive any who would come to Him.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving His neighbor. Without this grounding in the love of God, no government or society or way of life will long endure and the freedom which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family beyond that, however, every person should uphold and participate in the Church because it is the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Bula Athletic Banquet honored students of Bula. Eighty students, teachers and patrons of the school were present for the annual high school banquet held in the school auditorium. Underwood's of Lubbock catered the meal. The sophomore class and their sponsor, Homer Burton served as hosts. The invocation was given by school principal, G.O. Smith, and James Snitker presented the welcome. The room was decorated in the school colors of red and black with the words, "We Pledge Our Loyalty to the Bulldogs", in glitter on the stage curtains. Tables were decorated white with red and black streamers running down the center and each was centered with a decorated football. At the head table, all trophies that had been won this year were displayed. Following the meal, the group was entertained with Mrs. James Sinclair at the piano and Mrs. Junior Austin singing two songs, "Swinging on a Star", and "Make the World go Away". Pat Risinger, boys basketball and football coach, and Miss Connie Richardson, girls, basketball and volleyball coach, presented several trophies. "Mr. basketball" went to Jimmy Risinger; "Mr. Defense", Steve Newton; "Mr. Offense", Jimmy Risinger; Fighting Bulldog award went to Steve Newton and Cathy Snitker; "Mr. Golf", to James Snitker; and all-district players recognized were Jimmy Risinger, Steve Newton and Kenneth Turney. Jimmy Risinger was selected to play in the coaches all-star six-man team. Basketball all-district members are Jimmy Risinger and Steve Newton. Kenneth Turney and Jerry Sowder was

selected to play in the basketball all-star game. "Miss Forward" in girl's basketball went to Leisa Risinger, "Miss Guard", Susan Layton. Also making all-district were Leisa Risinger and Susan Layton. Following the awards, Superintendent James Sinclair gave the benediction.

The Head Start and kindergarten school children had their Easter egg hunt Friday morning on the ball field. Gale Underwood, Virginia Davila assisted by Mrs. Yberia, were in charge of the hunt. Games were played and refreshments were served.

After lunch Friday the first and second grade teacher, Miss Janet Braden, assisted by Mrs. Peacock, Mrs. Picard and Mrs. J.C. Snitker had their egg hunt at the J.C. Snitker wheat field.

Teacher of the third and fourth grades, Mrs. Beverly Maze, assisted by Mrs. Wanda Layton and Mrs. Sandra Austin took their children to the J.W. Layton canyon for their egg hunt Friday.

The fifth and sixth grades also went to the Layton's canyon Saturday morning for their egg hunt. They played games and had refreshments.
