MHS Combined services to graduate 61

Baccalaureate, Commencement one service

Sixty-one proud and happy Morton High School students will pass across the stage of county auditorium Friday night and pass for the realm of the student into the bright spotlight of the adult world.

They will leave behind them an enviable record of scholarship, athletic accomplishment and perseverance in pursuit of higher educational goals.

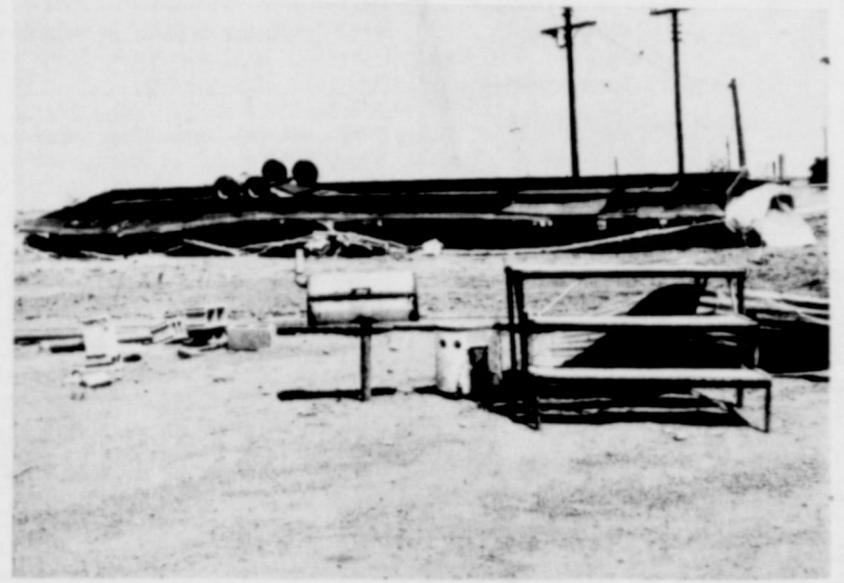

The 1974 class will mark a first ever in graduation ceremonies in that the Baccalaureate and Commencement exercises will be combined into one service. This concept was inaugurated this year by Principal Kenneth Baker after consultation with the senior class, which expressed a preference for such a ceremony.

Leading in the scholarship parade is class Valedictorian is Debra Williams with a 4.00 grade point average and second, and close behind, is Marie Wilcox, class Salutatorian with a 3.95 grade point average. These are computed on the four point scale, which makes Miss Williams' average a perfect score.

Other honor graduates not in order of their standing, include Daniel Berlanga, Linda Brown, Donna Coleman, Gary Collier, Gloria Grisby, Jennette Grisby, Mary Marina, Ralph Mason, Donna Sanders, Judy Steed, John Taylor, Harold Watts, and Myra Williams.

The class has chosen as its class motto: "Tomorrow is not promised us so let us take

THIS MOBILE HOME, located at West Taylor and Seventh St. and owned by Jbill Wells of Rt. 2, Littlefield, was considered a total loss with damage estimated at \$6,000 after it was flipped over by a strong wind—possibly a small twister—between 10 and 11 p.m. Friday night. There was no insurance and practically no salvage, Wells, who hauls fertilizer on contract from Owen Bros. feed lot stated to the Tribune Wednesday. He had used the unit to house employees on occasion, but luckily there was no one in it at the time of the big wind, he said.

County federal funds share claimed 'small'

How well has Cochran County been making out, compared with communities in other parts of the country, in the amount of Federal funds

received via grants-in-aid and revenue sharing?

Of the \$42.8 billion that was distributed in the past fiscal year, how much went to the local area?

Based upon a state-by-state analysis made by the Tax Foundation, a non-profit research organization that watches over government taxation and spending, Cochran County collected a relatively small share in the year.

It received approximately \$861,000 through the

Senior luncheon

The Senior Citizens will meet today for a luncheon at 11:30 a.m. in the County Activity Building. Everyone is invited to attend and bring a covered dish.

ASCS assists farmers on fuel

"Cochran County farmers who have been unable to find fuel for agricultural

production through regular channels may contact this office," said John W. Hall,

County Executive Director of the Cochran County Agricultural Stabilization and Conservation Service (ASCS). "ASCS and the Federal Energy Office (FEO) will operate a triple-decker back-up system for farmers with fuel problems which cannot be resolved through procedures already available.

"The first back-up solves problems quickly and simply. When a farmer comes to the office and reports that his distributor cannot supply fuel, ASCS will attempt to locate a fuel source.

"We will use the second back-up only when we cannot locate fuel locally," Hall

Girls' softball

Girls who have completed the 3rd grade through 12th grade and are interested in playing softball may register with Mrs. Chris Bell at 266-5561 or 266-5918, or Mrs. Janie Willingham at 266-5820.

Practice will begin immediately as the first game is scheduled June 6.

WHITEFACE STUDENTS ranging from the sixth grade to senior high took high honors in a recent band competition held in Lubbock. Shown with their trophies above are, seated, left to right, Diane Smith, junior high; Cathy Mosely, high school; Debbie McHam, high school and Nancy McClure, high school. Standing, Rodney Cooper, junior high; Frank Lopez, high school and Ricky Neal, sixth grade.

LEFT TO RIGHT: Rep. E.L. Short, Taboka; Morton; Sen. Max Sherman, Amarillo; Camille Haberer, Earh; Vicki Hodges of

Vicki Hodges assists Rep. Short

Vicki Hodges and Camille Haberer, students at South Plains College, were in Austin for the Constitutional Convention last week working on the staff of Representative E.L. Short, D-Tahoka. They served as assistant sergeant-at-arms on the floor of the Convention as well as carrying out general administrative and secretarial duties. They were first-hand witnesses to many of the actual Convention deliberations.

Seventeen young West Texans have participated in Representative Short's week-long student internship program since the start of the Convention in January. The Delegates are finishing up the Judiciary Article, and have only the General Provisions Article left in the section-by-section examination of the proposed document. After finishing the last article in this process, the Convention will consider the document as a whole, before presenting it to the voters in November.

"It has been a great honor to be able to work with Mr. Short and his staff," Vicki commented. "This week has been an experience I will never forget. We have been able to work with the people in the Capitol and really get the feel of the job being done."

Whiteface athlete gets scholarship

Wade Sanders, graduating senior halfback on the Whiteface Antelope football team, has received notice of a full athletic scholarship to attend Arizona Western College in Yuma, Arizona.

Sanders was an outstanding football player during the past four years, impressing scouts and local fans alike with his speed and all-around competitiveness in the game. He is the son of Mr. and Mrs. Shot Sanders of Whiteface.

Camille added, "It has been a great honor and pleasure to be here working for Mr. Short. I really have enjoyed the other Delegates I have met and

worked with. It has been an exciting and interesting week. I will always treasure the good friends I've made and the memories I have."

Souter elevated to superintendent

Richard Souter, who has been the high school principal

in Whiteface for the past three years, was hired in a special board meeting Friday night to take over the superintendency for the school.

Souter's appointment comes in the wake of the resignation of Kenneth Sams, who will become the superintendent at Haskell.

Souter, who holds BA and MA degrees from Eastern New Mexico University, began his teaching career at Silverton. He then became head football coach at Tulia and was later the head basketball coach at Post.

The new superintendent will assume duties July 1. He and his wife, Danella, have three daughters. Souter is a member of the First Baptist Church, the Lions Club, and belongs to the local and state levels of T.S.T.A. (Texas State Teachers Association.)

Golf tournament

A "Best Ball" golf tournament and barbeque will be held at the Morton Country Club Sunday.

The tourney is for beginners and experienced golfers alike and the entrance fee has been set at \$2 per person. Winners will receive prizes of merchandise. The tournament will begin at 3 p.m.

The barbeque will follow shortly after the finish of the tournament.

DWI count continues to soar

Four men were charged with driving while intoxicated (DWI) and one man with violation of the check law in a rather busy period for local law enforcement officers over the past week, according to sheriff's office records.

All four charged with DWI were released on \$500 bond each and were to report for arraignment Wednesday, May 22. Since Judge Thompson is out of town this week, the four will report for arraignment next week, with no specific date set as yet.

On May 16, Louis Pynes was charged with DWI by the Texas Highway Patrol. He was released after posting \$500 bond and will be arraigned next week.

Louis Sims was picked up by the Cochran county sheriff on May 16 on a Lubbock warrant charging him with check law violation. He was released after posting bond of \$1,000.

Steve Thomas was charged with DWI on May 18 by the Texas Highway Patrol. He was released on \$500 bond and will be arraigned next week.

PE scholarships announced by TTU

South Plains section of the Society of Petroleum Engineers of AIME has announced establishment of two scholarship funds to be named after...

used by the Texas Tech University Department of Petroleum Engineering. Announcement of establishment of the annual scholarship funds was made by Charles Miller, chairman of the Scholarship Committee of the chapter, and John Lee, section chairman. Miller and Lee are with the Levelland offices of Amoco.

"Purpose of the awards is to generate interest in petroleum engineering as a course of study and as a career," Miller said. "The scholarships are further designed to give tangible recognition to the academic achievements of the deserving recipients."

The scholarship funds will be administered by Dr. Herald W. Winkler, chairman of the Texas Tech Department of Petroleum Engineering, who also will select the recipients in accordance with guidelines set by the donor.

The minimum scholarship will be \$250 per year and the maximum \$500. Recipients must now live or have lived prior to enrolling in college in the South Plains section area which consists of Bailey, Lubbock, Crosby, Dawson, Dickens, Floyd, Cochran, Cottle, Hale, Hockley, King, Lynn, Motley and Terry counties.

If qualified recipients cannot be found in those counties, the recipients should now live or have lived in the area covered by the Society of Petroleum Engineers Region V or the Amarillo and Panhandle Sections of Region III.

Recipients must have high moral character and sincerity of purpose. Indications of leadership, extracurricular participation and work initiative will be considered in making the awards.

Recipients must rank or have ranked high in their high school graduating class, and above average grades must be maintained by students presently in a college or university.

Recipients must also be U.S. citizens and enrolled in the Petroleum Engineering Department at Texas Tech.

SCHOLARSHIPS FOR TEXAS TECH—The South Plains Section of the Society of Petroleum Engineers of AIME has announced establishment of two scholarship funds for the Department of Petroleum Engineering at Texas Tech University. The presentations were made by Charles Miller, second from left, chairman of the section's Scholarship Committee, and John Lee, right, section chairman, to

Petroleum Engineering Chairman Herald W. Winkler, second from right, and Prof. Philip Johnson of the Petroleum Engineering Department. One of the scholarships was named for Prof. Johnson "who has given many years of dedicated service to the department and to the petroleum industry." Optimistic report given at Lubbock water meeting

An optimistic report on energy availability for operation of a water import system and the election of a new

president highlighted a meeting of the Water, Inc., Board of Directors at a meeting in Lubbock May 17.

Edward G. Weber, Amarillo, vice president of Southwestern Public Service Co., told Water, Inc., directors that by the

year 2000 projected electrical needs for all purposes in Texas drastically shrink the percentage needed for the import program. In that year Weber said, the import project would require only five percent of the total state needs, although in 1980, the requirement would be 19 percent. Weber and K. Bert Watson, also of Amarillo and president of Pioneer Natural Gas Co., both said that operation of the import system during hours that did not coincide with peaking requirements for other purposes would further ease overall generating capacities. Both Weber and Watson are Water, Inc. directors.

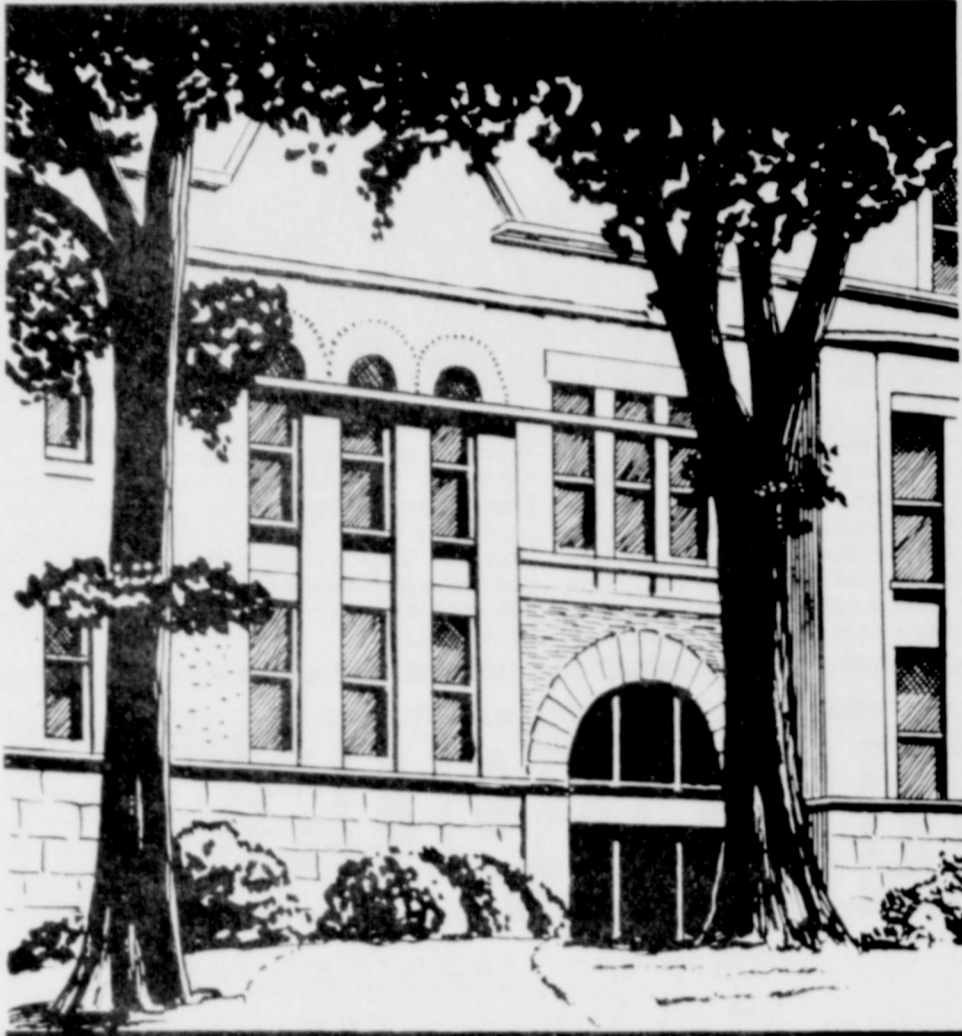

Watson emphasized that sufficient energy fuels were available within the United States for all purposes for hundreds of years. "It's just a matter of developing these fuel sources," he said.

Geo. W. McCleskey, a Lubbock attorney and one of the founders of Water, Inc., more than eight years ago, was elected president of the regional organization to fill the unexpired term of A. L. Black, Friona. Black resigned when he was appointed to a six year term on the Texas Water Development Board. McCleskey had been serving as first

vice president for more than a year. Second Vice President A. C. Verner, also of Lubbock, was elevated to the first vice president post.

In accepting the presidency, McCleskey pledged a continuing effort to the end that importation of water to Western Texas and Eastern New Mexico become a reality.

Rusty Lamar sparks Junior Babe Ruth play

Rusty Lamar was named outstanding player in the Junior Babe Ruth game Tuesday night, which saw the A's winning an 8 to 6 game against the Reds. Rusty scored two runs for his team.

Ruben Martinez was the winning pitcher and Leo Rice was the pitcher on the short end of the stick.

In the first inning, the A's scored four runs to one for the Reds. The second inning the Reds scored the only run and in the third, both teams scored a single run.

The fourth inning was scoreless but the fifth found the A's again closing out the scoring with three runs. The Reds came right back in the sixth to shut out the A's with three runs. The seventh inning was scoreless with the A's only collecting

one hit.

The opening game played Friday night was called due to high winds. Remaining games to be played in May are: May 25 Sundown & A's and Boy's Ranch and Reds; May 28 Sundown and Reds and Boy's Ranch and A's; May 31 Boy's Ranch and Sundown and Reds and A's. All games will start at 8 p.m.

"These will show me the path of life.
In thy presence is fulness of joy."
PSALM 16:11

HERE IS THE PATH

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedom which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

The basis of God's first and greatest commandment is love. God gave man the freedom to choose his love on anyone. God took the first step and is always ready to receive any who would come to Him.

Luther 10:27

combination of revenue sharing and grants-in-aid, according to a breakdown of the Tax Foundation's figures. The total amount allocated to the State of Texas as a whole came to \$2,054,000,000, it reports, on the strength of data it obtained from the Treasury Department. The grants were made to help the state and its communities with their expenditures for highways, education, urban renewal, public assistance, health care and the like. Also considered in the study was the cost of these benefits to the communities. They are paid for out of Federal income and excise taxes that are collected from local residents and assigned to the aid programs. Cochran County's share of these costs amounted to approximately \$895,000 in the past year, the breakdown

indicates. The state's contribution was \$2,129,000,000, exclusive of the matching funds that had to be put up in connection with many of the grants.

Locally, as in most parts of the country, the grants and the costs did not balance out equally. There was no attempt to make them do so. The only consideration, in awarding them, is supposed to be a community's needs and requirements, measured against the needs of other communities.

The wide divergence is indicated by the fact that, for 22 of the states, the grants were something less than a bargain. They paid more toward the programs than they received in aid.

Indiana came out worst. It paid \$1.55 for every \$1 that was returned to it.

Following the commencement address, Superintendent of Schools Bob E. Travis will present the class for graduation with presentation of diplomas by School Board President Dexter Nebbut to follow.

The Morton High School Alma Mater will be sung by the senior class, followed by the Benediction by David McClung. The Recessional will be played by the Morton High School Band.

Tips on Wood Finishing

QUICK WAY TO LASTING PROTECTION

To protect the finish or to bring up the inherent beauty of finished wood, polyurethane finishes are real time-savers. They are clean and clear and can provide long lasting beauty with either a deep-down satin glow or a brighter, gloss surface. Polyurethanes are water, stain and heat resistant. They are ideal for floors, bar tops, furniture, doors, trim, cabinets, paneling and other surfaces subject to heavy use. Their application is simple. Make sure the surface is smooth, dry and free from wax, grease and dust. Then simply brush on the polyurethane. If a second coat is desired, sand lightly after surface dries and recoat. These and many other hints are contained in a 16-page booklet, "Tips on Wood Finishing." For a free copy, write Minwax Company, Inc., Dept. AK, 41 Oak Street, Clifton, New Jersey 07014.

MILLION DOLLAR SALE

WE HAVE A MILLION DOLLAR SALES GOAL TO MEET BY JUNE 30, 1974!

Gary Stacy, President Stacy-Mason, Inc.

Friends—Let me explain exactly why Stacy-Mason is having a Million Dollar Sale. You see, in 59 years Stacy-Mason has never had sales to amount to One Million Dollars in one year. Don't ask me why but we start counting our year on July 1 and it goes through June 30. It is now less than 45 days until the end of Stacy-Mason's fiscal year. For the first time in 59 years Stacy-Mason has a long shot chance at hitting this Million Dollar Sales Goal. As a small boy, I can remember how bad I wanted a bike. When I became a teenager, I still remember how much I wanted a car. Now as a man I want that Million Dollar Sales Goal much more than

either the bike or the car. For five years this goal has eluded me but this year I see a big possibility and I am not going to let this opportunity pass without a real effort. The Million Dollar Sale will be my effort. For the next 40 days until June 30, Stacy-Mason is going to sell more furniture and carpet than it will in a normal 3 month period. Stacy-Mason prices will make the big difference—Shop Now—Compare anyway you want. You will see I mean to have that Million Dollar Sales Goal by June 30, 1974. Sincerely Gary Stacy

The Bledsoe 4-H Club hosted a party for the Bledsoe Senior Citizens at 4 p.m. Thursday, May 16, in the Bledsoe County Barn.

Upon entering the red streamer and

balloon festooned room each guest was given a name tag and asked to guess the number of beans in a jar. Mrs. W.G. Griffin's guess was the nearest to the right number, and she received several tomato and pepper plants as her prize.

After everyone was served refreshments, the Senior Citizens played bingo for various prizes.

The 4-H members concluded the party by singing songs for their guests.

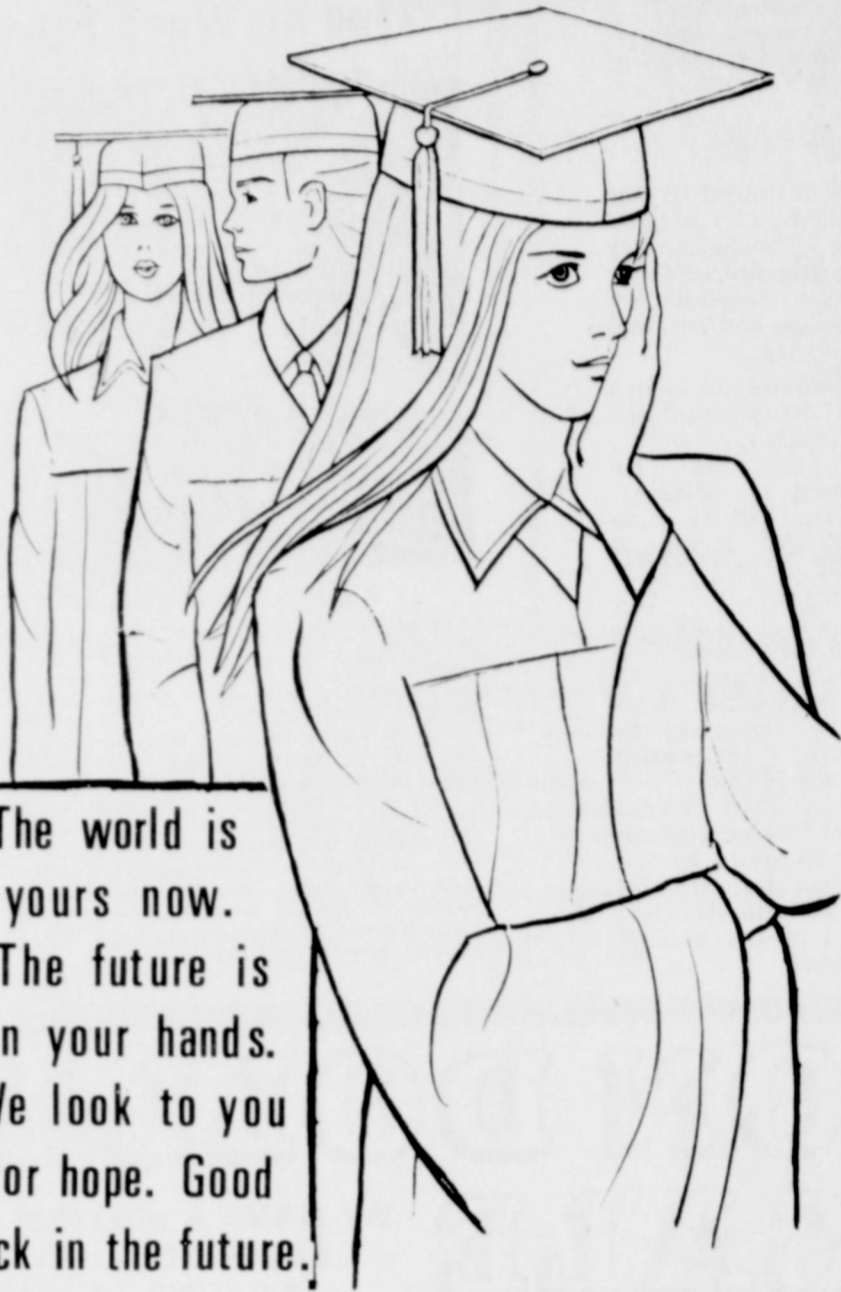

Senior Citizens who attended are: Mr. and Mrs. Marion Bilbrey, Mr. and Mrs. Isaac Chaddick, Mrs. Griffin, and Mrs. Delia Trull.

4-H'ers present were: Carol Artiaga, Leesa Bilbrey, Patti Hall, Sylvia Paz, Angie Perez, Michelle Gandy, Irene Sepulveda, Karen Bilbrey, Tommy Perez, Cynthia Sutton, Nancy Griffiths, Joanne Salazar, Robert Langrill, Stacy Dunn, and Velinda Davis.

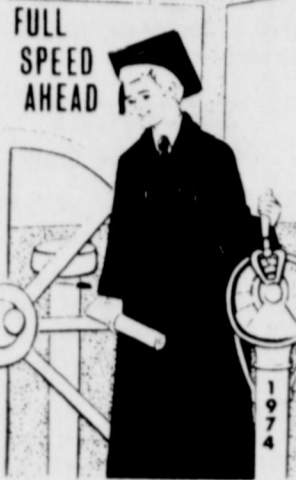

BLEDSOE SENIOR CITIZENS are pictured above at a party their honor by the Bledsoe 4-H Club Thursday afternoon, in the County Barn.

1974-75 scholarships announced by college

The Office of Financial Aids at South Plains College has announced the recipients of Texas State Scholarships for 1974-75.

Scholarships totalling \$200 each (for a semester) have been awarded to freshmen and sophomore students for the coming school year, according to Gil Pounds, financial aids officer at SPC.

Scholarships, supported by a state scholarship fund, are awarded on the basis of recommendations from high school or college teachers that the students can manage a B average or better while attending college, Pounds said.

Application forms for these scholarships may be obtained at Pound's office in SPC Administration Building. In addition to an application, students must provide letters of recommendation from high school or college teachers. Pounds will start accepting applications for the next scholarship grants in February.

Recipients from Levelland include Agnew, Steve Alexander, Una Alexander, Raymond Bernstein Jr., Steve Carr, Barry Kim Bowen, Jerry Bowen, Bradford, Donna Brockman, Carroll, Teresa Caswell, Betty Cline, Maggie Cuesta, Vic Estes, Joli Grant, Kenneth Halliburton, Joe Harwood and Debbie Hightower.

Others from Levelland include Melinda Johnson, Kathy Johonnet, Darvel Kirby, Cynthia Latham, Donna Letz, Mary Lovick, Randy Magers, Darlys Matak, Anne Price, Alice Quezada, Ryan Benson, and Rafael Rodriguez.

Also from Levelland are Maria Diane Ruiz, Duane Rust, Larry Sheppard, Randy Shewmake, Doris Smart, Pamela Tarr, Kenneth Tillman, Gayla Toney, San Juanita Torres, Jana Treadway, Karen Ward, Debby Webber, Jack Lee Wilson and Steve Yearly.

Lubbock recipients are Beatrice Duff, Larry Johnson, Rod Koen, Teddy Lusk, Greg Roberts, Lewis Snively, Hoyt Thomas, Carlton Van Ness, Earl Lee Waldrep and Mike Wright.

Those from Abilene are Donald Bridges, Brenda Cavitt, Dorette Davis. Those from Morton are Donna Coleman, John Taylor and Harold Watts.

Others include Cecilia Bandy and Mary Wright, both of Sudan; Hope Berry of Smyer; Kay Boles and Harold Wright both of Sundown; Suzi Breeden and Marion Morrow, both of Hobbs, N.M.; Tina Brooke of Wolfthorpe; Gerald Cantrell of Hale Center; Diane Chisolm of Denver City; and Nancy Pickett and Becky Chism both of Brownfield.

Also Margarita Cruz of Petersburg, Mike Davis of Idalou, Bill Dockery of Colorado City; Debra Green of Earth; Sheri Grell of Artesia, N.M.; Terri Howard of Whitarral; Pam Key of McAdoo; Richard Kitchen of Big Spring; Louis Ray Lee of Friona; Daria Milton and Karen Willis, both of Floydada; Lesa Orr and Danny Wall, both of Whiteface; and Vera Schulte of Nazareth.

Local student named secretary of social club

Rosa White, daughter of Mrs. Nell White of 414 SW 5th in Morton, has been elected to serve as secretary of Theta Rho women's social club at Lubbock Christian College for the 1974-75 school year.

Officers of the eleven various social clubs at the College are elected on the basis of their leadership abilities, dedication and past service to their club.

White is a 1973 graduate of Morton High School. At LCC she is a freshman Secretarial Science major.

The five men's and six women's social clubs at the College are structured around LCC's Christian principles and provide spiritual, social and intramural activities for all who wish to participate.

Minor league action underway

Minor League baseball opened their season Friday night with the Sox taking the heavy end of an 8 to 6 score with the Yankees.

Kensy Chancey was the winning pitcher and Barry Hodge and Ronald Kuehler pitched for the Yankees.

Ricky Houston scored the first hit of the season for the Yankees with a triple in the bottom of the first inning.

The game between the Indians and Orioles was cancelled due to weather and has been re-scheduled for Saturday night at 7 p.m.

From dropout to RN long, hard struggle

A few years ago Karen Ratliff was a high school dropout. You wouldn't know it now.

At South Plains College, she left behind an impressive record of A's while taking a full course load and working 40 hours a week.

She then went to nursing school, graduating from the Mary Meek School of Nursing at Hendricks Memorial Hospital in Abilene. She passed the state board examination last October and is now a registered nurse.

Karen, an attractive young woman with long brown hair, is now charge nurse at Cook Memorial Hospital here. Her job is to oversee a 42-bed section of the hospital when the supervisor is off duty — "make sure that everything gets done, see all the patients, make the rounds with the doctors," Karen said.

She was born in Lubbock but has lived most of her life in Levelland. The daughter of Mr. and Mrs. Doug Ratliff of Levelland, she now resides in the Park Terrace Apartments here. She has a brother, Bill, and a sister, Mrs. Kay Armes, also of Levelland.

It took Karen five years of hard work and study to be where she is now. In 1969, she was at the start of an uphill climb. That year, she quit school because, as she said, she just didn't like it.

Karen first thought of joining the U.S. Army, which required having a high school diploma or a General Educational Development (GED) certificate.

Karen didn't have either, so she took

the GED test in Amarillo and passed easily, but she later decided against joining the military.

A job in the Colonial Nursing Home here in 1971 as a nurse's aide sparked Karen's interest in a nursing career.

She enrolled at South Plains College in the spring of 1971 to take academic courses in preparation for nursing school. She took a 17-hour course load that spring and 14 hours in the summer. She made straight A's in such subjects as English, anatomy and physiology. At the same time, Karen was working fulltime as a waitress in a local restaurant to help support herself and pay for college expenses.

After completing the necessary 31 hours at South Plains, Karen won a scholarship to the Abilene nursing school. In addition to her studies there, she took a course in psychiatric nursing at the Texas Women's University in Denton.

Karen returned to SPC this spring to take nine additional hours in nursing courses. She hopes to earn a bachelor of science degree in nursing.

She also would like to one day work in a hospital overseas, possibly in one that is now being built in Mexico City. Whatever goal she sets for herself, Karen can do it.

Timely irrigation can increase wheat yields

Although most of the area wheat crop by now is using less water, timely irrigation can still increase yields from 8 to 12 bushels per acre, says a Lubbock-based agricultural engineer.

Leon New, area irrigation specialist with the Texas Agricultural Extension Service, says that in most cases, area wheat is in the soft dough stage of grain filling.

"Daily water use generally averages 2 to 2½ inches over 10 days during this stage," he explains. "This means that available soil moisture in many wheat fields has declined considerably during the past 15 days. Even when moisture levels were high at the beginning of this period, soil moisture has dropped by approximately one-half or more."

"Where soil moisture has not been recently replenished," he adds, "an irrigation now appears to be a profitable use of water, especially light applications. Good soil moisture levels are important for normal grain development and to keep weight up."

The Extension specialist says the best yield increase per acre-inch of water comes from irrigations in May. An application during the heading to flowering stage usually boosts yields more than any single irrigation during the season, normally from 10 to 20 bushels per acre. An irrigation during flowering and another during early grain filling can increase yields 20 to 30 bushels per acre where plant growth and production potential have been maintained up to these stages, he adds.

As grain reaches maturity, wheat yield response from irrigation rapidly diminishes, new cautions. Very little, if any, yield increase can be expected from applications as wheat approaches the hard dough stage. Adequate moisture for this growth stage is generally available from earlier irrigations.

Excitement prevails at yearly 4-H roundup

Exciting things happen during Roundup time in Texas, at least as far as some 1,800 4-H boys and girls are concerned.

4-H Roundup marks the occasion when district 4-H contest winners gather on the Texas A&M University campus to compete for top honors in some 30 different events. These range from livestock judging and public speaking to demonstrations on foods and nutrition and safety. Those who compete have been named winners in their respective counties and districts.

Texas 4-H Roundup, one of the oldest annual statewide 4-H events in the nation, is slated for June 4-5, announces Dr. Don Stormer, state 4-H and youth leader for the Texas Agricultural Extension Service, the parent organization of 4-H. The State 4-H Food Show on June 4 is held in conjunction with Roundup.

In addition to the throngs of youth, some 600 adults, including county Extension agents, 4-H leaders, friends of 4-H, mass media representatives, contest donors and members of the board of directors of the Texas 4-H Youth Development Foundation will also be on hand. T. Louis Austin of Dallas, president of Texas

Utilities Co., chairs the board.

Roundup activities will officially get under way with a general assembly at 5:30 p.m. on June 4 in J. Earl Rudder Center. Dean of Agriculture Dr. H.O. Kunkel will welcome the group. Special awards will be presented to 10 individuals, businesses and mass media representatives who have made outstanding contributions to 4-H Winners of 10 \$4,000 Houston Livestock Show and Rodeo Scholarships will also be announced.

Twenty-five outstanding 4-H leaders (two from each of the 13 Extension Service districts except one) will be recognized at a luncheon on June 5.

Contest and demonstration winners and donors will be honored at a special recognition program that evening at 8 o'clock in the Rudder Center.

According to Stormer, 4-H Roundup is the highlight of the 4-H year in Texas.

Larry Starnes new manager at Forrest

Larry R. Starnes is 32 years old and his wife Linda have two children, 7 and 8.

Larry has been associated with Forrest Lumber Company of Seminole, Texas for the past five years, and is knowledgeable of lumber and building materials, and of new home construction and remodeling.

The Starnes are now active members of the Baptist Church in Seminole, and serves on the Volunteer Fire Department there. They will all be moving to Morton after the school year, and are looking forward to becoming involved in the community.

So...welcome the Larry Starnes to Morton. They want to meet you at Morton grove.

Lewallen receives water certificate

The Texas State Health Department has awarded its official certificate of competency for the oldest ecology oriented profession in Texas to Dawson M. Lewallen of 807 E. Lincoln, Morton, Texas.

Lewallen is employed by the City of Morton. To practice water ecology in Texas, he has been taught effective ways for producing safe drinking water and treatments to make wastewater into clean streams for public use.

Because of this training, through the Texas Water Utilities Association, the largest water and wastewater training school in the U.S., there are cleaner streams and better operated facilities here than any other section of the country.

He received the certificate only after completing a formal and specialized education, accumulated a prescribed amount of actual work experience, and passed the examination given by the State Health Department's Sanitary Engineering Section.

Our growing concern over clean water makes the water ecologist one of the most important workers in the community. Though his efforts are not seen by those he serves, his results are visible every time one turns on a tap.
