## Judge Thompson proclaims Farm and Ranch Safety Week

County Judge Glenn Thompson has proclaimed the week of July 25-31, 1974 as FARM AND RANCH SAFETY COCHRAN COUNTY at the request of Cochran County Farm Bureau.

its 209 counterpart FB's across the state.

In his proclamation, Judge Thompson said "there are many practical, common-sense precautions that farm people can practice to prevent deaths and injuries." Some of the suggestions made by the Judge include: replace the faded Slow-Moving Vehicle

emblems on farm equipment on public roads, use protective equipment at work, drive defensively, buy tractors with rollover protection, and follow good safe practices at home and recreation.

Like the cost-price crisis, farmers and ranchers have become increasingly

## Area farmers enjoy large harvest

(EDITOR'S NOTE: In the story concerning 'Record number of cotton bales produced in Cochran County' last week, the main point of the story was omitted, by mistake. This week the story will be printed as it should have been last week.)

Official figures from the Texas Crop and Livestock Reporting Service in Austin show 2,888,600 bales of 480

pounds net weight produced in the 25 counties represented by Plains Cotton Growers, Inc., Lubbock-based cotton producer organization. Cochran County farmers produced more bales of cotton than ever recorded before.

The production came from See HARVEST Page 4

### CARD OF THANKS

CARD OF THANKS: This is the best way we know to express our heartfelt thanks to all those, both men and women, who offered their time when they were so badly needed to sit with Aubrey when he was ill in Cochran Memorial Hospital recently. We cannot call each one by name but we give a "special thanks" to Judge Glenn Thompson and Hugh Hansen for their services. Also our thanks to Dr. Duberly and the nurses who waited on him. He is now in Robert's Memorial Nursing Home and at this time is much improved. Thanks to all, Mr. and Mrs. Aubrey Castleberry.

CARD OF THANKS: We would like to thank our coaches, Mrs. Carol Pruitt, Mrs. Phyllis Redman, and Mrs. Mac Foust for their time and hard work; all of the mothers who have brought refreshments; and especially, Mr. and Mrs. Simon Marina for purchasing our caps this year. Morton Champs

### How Adversity Can Breed Prosperity

Like that proverbial relationship between necessity and invention, adversity is often the mother of success. Linda Sharp, struggling on a North Carolina farm just a few years ago and now enjoying a fair share of prosperity, can attest to that.

Linda Sharp

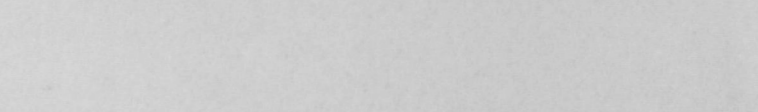

When, just before Christmas three years ago, funds were especially low, Linda became a part-time independent dealer selling the products of Stanley Home Products, Inc., of Westfield, Mass. Hoping merely to supplement her meager family income, to her surprise and delight she made \$200 on her first seven parties, more than she was earning in a month on a bank job she then had.

Her next choice was obvious. With the birth of her first child, she became a full-time Stanley dealer. Today, as a Branch Sales Manager's Assistant, she averages 10-15 parties weekly, sometimes earning \$30-\$35 per party. In one banner week she sold merchandise with a wholesale value of \$1,600.

What these earnings have meant to Linda are tangible indeed, but the security and inner satisfaction she feels is even more gratifying. "I am able to spend more time with my children," says Linda, "because of the flexibility of my hours." And then there are the home improvements that her sales successes have made possible, to say nothing of two new cars recently purchased. "I even have a savings account."

Linda is particularly grateful for the better life her Stanley career has provided for herself and her family, and the recognition implicit in the prizes and trips she has won. "Stanley is without a doubt the greatest opportunity in America today," she says.

All in all, things are really looking sharp these days.

2,784,000 harvested acres for an average of just over 498 pounds per acre.

The total production was the highest ever for the Plains, well above the previous record of 2,443,900 bales set in 1961. The yield per acre was the second highest in history, falling behind the 513 pounds per acre made in 1965.

The joint PCG-Lubbock Cotton Exchange Estimates Committee in its final 1973 guess on December 1 of last year placed production at 2,725,000 bales.

Dawson County, with 315,300 bales, or the second year running edged out Lubbock County as the area's top producer. Lubbock's total was close behind at an even 310,000 bales. In third place was Lynn County where 275,800 bales were harvested, compared to only 210,500 bales grown in Gaines County, the 1972 third ranking county.

The highest per-acre yield in 1973 was achieved by farmers in Borden County where each harvested acre turned out 644 pounds of lint. Following Borden in this category was Martin County with 599 pounds per acre and Howard with 593 pounds. Floyd, Crosby and Borden Counties were the top per-acre producers in 1972 with 616, 605 and 559 pounds per acre, respectively.

The joint PCG-LCE Estimates Committee will meet early in July for its first estimate of what are acknowledged as greatly reduced 1974 crop prospects. Most observers are agreed that drought, hail and winds have cut Plains acreage for this year to around 2.1 million acres, and that yields can't possibly equal the excellent

concerned with a new phase of agricultural safety through regulatory requirements for their hired labor and the added cost of new equipment as a result of these regulatory requirements.

Reviewing the report of Fatal Farm accidents in Texas for 1973, Farm Bureau President G.O. Cooper said "we are concerned with more than just crop and livestock productivity alone." He expressed concern of the 214 fatal farm accidents which occurred in 123 different counties. "Of particular concern is the 59 deaths occurring to young people under 20 years of age and the 73 deaths occurring to the older group over 60 years of age," he explained. "Forty-two people died as a result of firearms accidents and there were 41 drownings — and only a small percentage of the total fatalities were involved in agriculture labor."

**PROCLAMATION BY THE COUNTY JUDGE OF COCHRAN COUNTY**

TO ALL TO WHOM THESE PRESENTS SHALL COME:

I, Glenn Thompson, County Judge of Cochran County, do hereby declare the week of July 25-31, 1974 as FARM AND RANCH SAFETY WEEK in Cochran County, for the following reasons:

outturn of 1973. At least one knowledgeable source is placing production potential at 1.5 million bales, but there are others considerably more pessimistic.

The chart below shows 1973 planted and harvested acres, yield per harvested acre and total production in 480-pound net weight bales for each of the 25 PCG counties.

WHEREAS, the production efficiency in agriculture has given farmers and ranchers of our county the ability to produce an abundance of food and fiber, favorable commodity prices in recent years have added to the economic well-being and comforts of rural life; and

WHEREAS, steadily increasing production costs, shortages of production supplies and the disastrous drop in farm prices since mid-winter has caught our farmers and ranchers in a serious cost-price squeeze; and

WHEREAS, our farmers and ranchers have become increasingly concerned with a new phase of agricultural safety through regulatory requirements for their hired labor and the added cost of new equipment as a result of these regulatory requirements; and

WHEREAS, we are concerned with more than productivity alone. Our concern is for the farm and ranch accidents which continue to account for approximately 200 deaths and thousands of painful disabling injuries each year in Texas, in addition to the financial cost in lost time, production, medical and property expenses, and the concern of human suffering which is incalculable; and

WHEREAS, during this week, a renewed emphasis on rural accident prevention education is being undertaken by the Texas Farm Bureau, the Texas Farm and Ranch Safety Council, the Texas Safety Association, the Texas and Cochran County Agricultural Extension Service, Texas 4-H Clubs, Community Improvement Associations, Texas Future Farmers and Future Homemakers of America, Young Farmers and Young Homemakers of Texas and the Cochran County Farm Bureau with the theme, "ABC'S OF AVOIDING FALLS — Alertness - Balance - Care; and

WHEREAS, there are many practical, common sense precautions that farm people can practice to prevent deaths and injuries. They can place the faded Slow-Moving Vehicle emblems on farm equipment on public roads, use protective equipment at work, drive defensively, buy tractors with rollover protection, and follow good safe practices at home and recreation; now

THEREFORE, I urge all the citizens of Cochran County to stress farm and home safety all during NATIONAL FARM SAFETY WEEK and throughout the year ahead.

New Year period because of rapidly changing conditions brought on by the energy crisis, said the traffic situation has become more stable in recent months. He noted that gasoline is readily available in most sections of the state, and pointed out that this would probably bring additional traffic to the highways during the approaching holiday.

The July 4th holiday last year, which was only 30 hours in length, resulted in 13 traffic deaths in Texas. The 1972 holiday, which was 102-hours long — the same as the upcoming period — was marred by 80 deaths.

The DPS director pointed out that excessive speed and drinking drivers would make the largest contribution to the fatal accident toll, and he warned that all available DPS troopers and department facilities will be utilized to watch for unsafe and reckless motorists.

He urges every Texas driver to join with us in this all-out effort to make the July 4th holiday period as safe as possible," he added.

stating that school buses are going to be up, at a rate of approximately 1 1/2 per month and recommended that Morton order one 72 passenger bus now and one 60 passenger bus in September in order to take advantage of the price and still get delivery about the time school starts in September of 1975. The board voted to purchase one 72 passenger bus, with air brakes, rear heater and spare wheel now, as it takes 12 to 14 months to get delivery.

Approximately \$1500.00 will be spent for a garbage disposal and 12 dining tables. The school has been having trouble getting rid of garbage from the cafeteria and Supt. Travis stated they would like to purchase a garbage disposal as opposed to trying to get someone to pick it up. The cafeteria budget will be about \$11,000, according to Supt. Travis.

Other action taken by Board members included the appointment of Opal Massey as the authorized representative for commodities the school will receive for the cafeteria in the 1974-75 school year.

Diane Mobley was added to the staff of teachers for this school year. She will be in the English-Spanish and Reading programs.

Supt. Travis thought he would have a band director for the Board to consider during the June meeting, but things didn't work out. Travis said he had three other applications for the band director opening and will know something within the next few days.

Bills for June in the amount of \$88,166.38 were approved to be paid by board members.

Members present were President Nebhut, Reba Brown, Beth Coleman, Ben Kuehler, and Robby Key. Others present were Supt. Bob E. Travis and Business Manager Wm. J. Hodge.

### Writing an ancient art in China

Chia-ku Wen, the ideo-pictographs found on the "oracle bones" of the Yin-Shang dynasty which ruled China 3,500 years ago, are the oldest known form of China's written language.

The style of writing is not like the writing of today, but some 600 out of the 2,500 characters on the oracle bones are recognizable, suggesting that as early as 3,500 years ago the Chinese already had a fairly sophisticated language system.

### Cotton acreage certifications available in county

Cochran County offices may be authorized to accept Cotton Acreage Certifications on the same basis as provided for wheat. Producers who elect the replant cotton may be authorized to do so without appraisal of the failed acreage.

If such producers are unable to plant an acreage equal to the certified acreage, coverage will be limited to the acres planted unless the county committee determines that they were prevented from replanting up to the allotment acres.

If the producer indicates that he does not intend to replant the entire acreage, an appraisal of the acreage he does not intend to replant will be required.

Producers who intend to plant other than cotton on the failed acreage and a timely appraisal made will be required to leave strips of five percent of the rows. On 80 row fields, several representative areas equaling 5 percent would be sufficient. Do not accept outside strips as described above if they work the land.

For further information contact local County official.

## STATE CAPITAL Highlights AND Sidelights

by Lyndell Williams  
TEXAS PRESS ASSOCIATION

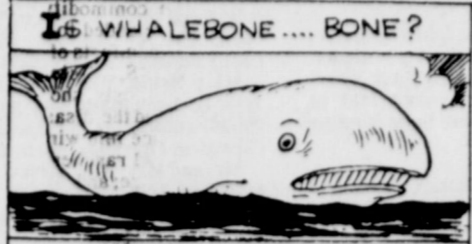

**AUSTIN, Tex.** — The energy crisis may bring lower auto insurance premiums, and the State Insurance Board has set off its annual rate hearing to see if that's possible. The hearing won't take place until late September this year. By then, the Board hopes to have statistics on accidents and insurance claims for the first quarter of 1974. The 55 miles an hour speed limit approved in special legislative session last December did not take effect until January 20. Driving was also curtailed sharply during early months of the year because of gasoline shortages. Statistics for the first three months show lower rates are possible, the reduction would not go into effect until a month or more after the September hearing. Texas Department of Public Safety has been asked to provide accident report details for the Insurance Board's 40 rating territories. An average statewide reduction of 4.3 per cent was ordered last year, and many companies have granted further "deviation" reductions below the statewide rates fixed by the regulatory agency.

**CONVENTION WINDING**

**UP** — The Constitutional Convention is racing toward a conclusion, but critical decisions — perhaps the toughest of the deliberations to date — remain. President Price Daniel Jr. is hopeful of adjournment by July 15. Before that time, 121 votes must be rallied for the final document (and separate referendum items) to be submitted to voters. **ACCIDENTS PREDICTED** — Col. Wilson E. Speir, director of the Texas Department of Public Safety, estimated 42 lives would be lost in July 4 holiday traffic accidents. Speir, who declined to make Christmas-New Year period forecasts because of changing traffic conditions tied to the energy crisis, said the situation has become more stable. He said gasoline is available in most areas, and guessed this will bring additional auto movement on the highways during the mid-summer holiday. Thirteen died in July 4 traffic last year, but the holiday period was only 39 hours long then, compared to an 102-hour period this year (with the fourth falling on Thursday). Eighty died in 1972 holiday traffic over a similar 102-hour period. All available DPS troopers and department facilities will

be used to curb unsafe and reckless drivers, Speir said. **TRAINING CENTER ESTABLISHED** — Gov. Dolph Briscoe ordered establishment July 1 of a new State Employees Training Institute to upgrade the unskilled and disadvantaged for jobs in state government. The center, to be housed in The University of Texas, Austin, Extension Service facilities, will provide "intensive, short-term remedial education and skill training for new state agency employees and will have the capability to expand training for new responsibilities." Texas Education Agency and UT division of Extension were assigned cooperative roles. **COURTS SPEAK** — The State Supreme Court will review a \$200,000 damage suit against an Alpine dentist who shot to death a youth he believed to be stealing a battery from his car. The High Court in a divided decision held an El Paso lawyer's license should be suspended three years (rather than revoked) for theft of \$401 of a client's money. A life sentence assessed a Fort Worth man in the killing of a policeman was affirmed by the Court of Criminal Appeals. A July 25 hearing has been set in 167th district court here in a civil anti-trust suit filed by Atty. Gen. John Hill against Associated Milk Producers Inc. (AMPI). Hill claims "coercive" tactics were used by the nation's largest dairy cooperative to get a virtual monopoly on Texas milk production. A pre-trial conference has been scheduled in Austin's 53rd district court July 16 on Frances "Sissy" Farenthold's \$2.5 million campaign finance lawsuit against Governor Briscoe. The state settled its suit against Atlantic Richfield for \$2.8 million. The case is the fourth settlement in 27 suits Hill filed against oil companies seeking fair market prices of "in kind" payments for oil and gas royalties from public school land leases. **AG OPINIONS** — An appropriations bill provision that U.S. citizenship or application for naturalization is a requirement for all state employment is unconstitutional, Attorney General Hill held. In other recent opinions, Hill concluded: • Attorneys fees against delinquent taxpayers are calculated on the basis of the amount sued for by taxing entities represented by county or district attorney. • A district court may exercise probationary powers whether or not it has employed a probation officer to assist it. A probation clerk may perform some of the officer's duties directly under court supervision. • A town whose incorporation has been declared void in a court order is not entitled to receive city sales taxes collected for it by the comptroller.

## Looking back

26 Years Ago

A list of 21 eligible 4-H Club boys was submitted to the selection committee by the County Agent. Byron Gunter was unanimously chosen to be awarded the free Angus calf. The animal is the annual award of Hank Gowdy, Arch, New Mexico, to a worthy 4-H Club boy of this county.

Hail and high winds took their toll of the county's crops again Saturday. More than 4,000 acres of crops were destroyed by hail alone and high winds caused damage in adjoining areas.

Morton is now tied for first place in the State Line League, having dropped only

one game during the scheduled series. Building permits for the month of June totaled \$75,400, according to W.K. Whitman, City Clerk.

Due to gusty weather, the candidate speaking and box supper that was scheduled to be held Saturday, June 19, sponsored by Morton Rebekahs was postponed until Friday night, July 2. Miss Nelma Weatherly, bride-elect of John E. Holloman, was honored with a bridal shower at the home of Mr. Joe Gipson on Thursday morning, June 24.

Mr. and Mrs. R.C. Strickland are on an extended trip to the southern states. Sunday, June 20, they attended a family reunion in Alabama.

15 Years Ago  
Absentee balloting for the City of Morton Special Aldermen Election, to be held July 14, will get underway at the City Hall this week.

Philatelists will have a heyday come August 13—that's the day the Texas Last Frontier Rodeo will be kicked off here in Cochran Co. The special event attracting stamp collectors will be Overland Mail and Pony Express U.S. Mail deliveries between Morton, Whiteface and Levelland.

Cochran County reached an agreement in its tax problems with the oil firms who have property in the county, Friday, short of court action.

Rains of varied proportions and at least one reported damaging hail-storm were received in Cochran County over the past week with three separate rainstorms.

Today is the last day for juniors of the First Methodist Church to make application to attend the junior camp at Ceta Canyon.

Mrs. John Crockett, her sister, Mrs. Burtis Cloud of Levelland, and their mother, Mrs. L.A. Short of Avondale, Arizona, attended the McDonald reunion in Henrietta over the weekend. Approximately forty relatives attended.

Mr. and Mrs. Jack Gunnels spent the weekend in Midland with their son and family, Mr. and Mrs. Jimmy Gunnels, and their new grandson, who arrived Sunday morning.

Visiting in the home of Mr. and Mrs. John B. Carter last week were some of his children: Conrad, Kay and Craig Carter of Duncanville, Clark, Barbara, Sheryl, Terry, and Darryl McCamish of Muleshoe, Charles, Glenda and Stephanie Carter of Amarillo, Ed, Carol, Gay, Mark and Eric Pruitt of Morton and Lesly Carter of Odessa. Earlier in the week, Mrs. Carter had some of her grandchildren visit. They were Karen, Mark and Kristi Kent of Portales, N.M.

months of 1959 totaled \$17,053.00 according to W. W. Williamson, Chairman of Cochran County's Bond Committee.

Mr. and Mrs. Harold Spain and Mrs. Jim Fouts of Haskell, Mr. and Mrs. Hal Spain and Christi of Lubbock, Mr. and Mrs. Mayland Abbe, Matt and Mindy, also of Lubbock and Mr. and Mrs. Jimmy St. Clair, James and Chris were Sunday visitors in the home of Mrs. Lois St. Clair. Mrs. Spain is Lois' sister and young Hal is her nephew. He is a recent graduate of Texas Tech University and will be moving to Beaumont to fill the vacancy in the County Agent's office recently vacated by Cochran County's new agent, Phil Sullins.

Mr. and Mrs. J. Wayne McDermett were weekend guests of his parents, the Charles McDermetts. Sunday the George Duncans and Mr. and Mrs. Harold Ogle and young son, Scott, were all day visitors.

Aldon Mullinax was a weekend visitor with his father, Lon Mullinax, who lives in Odessa.

Mrs. James Porter arrived Friday of last week from Pasadena for a visit with

her mother, Mrs. Charles Taylor. Mrs. Taylor is planning to return home to her daughter.

News was received this week that Terry Hammonds, daughter of Mr. and Mrs. Ted Hammonds of Monte Vista, Colo., former Mortonites, is a member of the track team at her school. Last year she took the team to State and year she went to Grand Junction, Colo. and brought home two firsts, one standing broad jumps and the 220 yard dash.

Mrs. Admire, mother of Mrs. Williamson of Quanah, former Morton resident, was buried in Dumas Tuesday afternoon.

"Thou shalt love the Lord thy God with all thy heart, and with all thy strength, and with all thy mind, and thy neighbor as thyself."  
PSALM 16:11

# HERE IS THE PATH

Thou shalt love the Lord thy God with all thy heart, and with all thy strength, and with all thy mind, and thy neighbor as thyself.  
Luke 10:27

The basis of God's first and greatest commandment, is love. God gave man the freedom to choose... and therefore will not force his love on anyone. God took the first step and is always ready to receive any who would come to Him.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long survive and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

## Thoughts

From The Living Bible

Therefore, tell them this: Night and day my eyes shall overflow with tears; I cannot stop my crying, for my people have been run through with a sword and lie mortally wounded on the ground. If I go out in the fields, there lie the bodies of those the sword has killed; and if I walk in the streets, there lie those dead from starvation and disease. And yet the prophets and priests alike have made it their business to travel through the whole country, reassuring everyone that all was well.

Jeremiah 14:17-18

The busy marrow factories inside your bones produce 3 million red cells every second, over 10 billion every hour, and cell production is just one of the vital, little-known jobs that bones do!

Planting and planting of several big State are going on at the first bale of cotton of the crop was ginned June 10, planting was going on on the Plains. Crispin Gamez, who

bale in 1971 and 1972, brought to Pharr, in the Rio Grande

of the 1974 cotton crop has but there is some replanting

on the Low and High Plains crops are in about the

harvesting the Valley and South Texas replanting going on on the

chilled and sand damaged some of rice is heading out and

begin any day now. Most of soybean crops are planted

and some planting remains

underway over much of especially in East Texas where

been accommodating for good in some areas for

third and fourth cuttings. Baling wire and twine shortages and-or prices have been a handicap, running costs of baling higher than they have been in years. Prices on baling wire and twine are about double what they were last year. Ranges, for the most part, are in good condition, except on areas of the Trans-Pecos, Southern High Plains and Edwards Plateau where rain has not been adequate. Highest temperature reported in the State so far was 106 degrees in Wichita Falls June 16.

**SALE OF CATTLE** and calves at auction rings showed a sharp drop during the month of May, according to the Texas Crop and Livestock Reporting Service. There were 362,000 head of cattle and calves sold, which was 51 per cent below a year ago and 18 per cent below April sales. The 40,000 hogs sold in May was two per cent below a year ago - seven per cent below the previous month. Sheep sales at auction rings numbered 145,000 head, 17 per cent below a year ago but 19 per cent more than a month earlier. During May, 297,337 head of cattle and calves were shipped out of Texas to other States, and 102,202 were shipped into Texas, according to health certificate

tabulations. A year ago 417,786 head were shipped out of Texas and 188,508 head were shipped into Texas. Sheep and lambs shipped to other States totaled 120,045 head, a drop of 37 per cent from a year ago.

**MILK PRODUCTION** in Texas was up slightly during May, reaching an estimated 301 million pounds. That's one per cent above May, 1973 and a little more than in April. Production per cow was 860 pounds during May, which is 20 pounds more than in May, 1973. All wholesale milk sold for an estimated \$9.90 per hundred pounds... Texas egg production was down during May, dropping 15 per cent from the same time last year, to 200 million eggs. That is one per cent more than for April, 1974. There were 10.4 million layers on hand in May, 10 per cent below May, 1973.

**TURKEY POULTS** hatched in Texas during the week ending June 15, totaled 217,000 which was 34 per cent below a year ago and nine per cent below the previous week. And there were 31,000 eggs set for heavy turkey breed production, a drop of 25 per cent from last year. Texas does not raise nearly as many light breed turkeys. There were 15,000 light weig ts hatched in the week ending June 15, compared with 3,000 a year ago and 19,000 the previous week.

## County 4-H'ers qualify for state show

Steve Polvado and Randy Coleman, two Cochran County 4-H Club members, were among the top twenty 4-H horsemen to participate in the recent District 2 4-H Horse Show held in Tulsa.

As a result, Polvado and Coleman will participate in the 1974 State 4-H Horse Show in Dallas, July 29-August 3.

Other Cochran County 4-H Club members participating in the District Horse Show were Scott Wesley, Sara McClung, Rusti Coleman, Trey McClung, Sandy Coleman, Susan Polvado, Debbie Polvado and Mark Dewbre.

### The Swing Is To Electric Ranges

and more homemakers are switching to the less electric range. Why? Because they are tired of having their fingers crossed...hoping for the best. A modern electric range, with precision-engineered coils, takes all the guesswork out of cooking...gives perfect results everytime. Isn't it time for you to switch to the range that cooks rings around the rest.
