## Mahon is chamber banquet speaker

**BALLROUNDBALLERS**—It is hard to imagine with any vestige of pride being as happy as this appeared immediately after being thoroughly pummeled by a bunch of Yankees from up north — but that was the case with the Morton team as they were literally "kicked cross-eyed" tramping Mules by a score of — we forget. The usually surly referees, Roger Posey and

Wiley Hodge, left and right front, were caught out of their shell. Taking part in the historical confrontation were, rear, Ronnie Smith, Mike Nichols, Ray O'Brien, Roy Oxford, Charlie Marina, Richard Clark and Jimmy St. Clair. Middle row, Posey, Mike Stanton, Bernardo Garcia, Rick Webb, Jim Studdard and Hodge. Seated (typically) at center is Eddie Akin, team ramrod.

## 300 limit placed on ticket sales

Congressman George Mahon, Representative for the 19th Congressional District in which Cochran County is located, will be the Chamber of Commerce banquet speaker this year.

In a letter to the chamber, routed through the Tribune, Rep. Mahon confirmed the time and date he will speak at 7 p.m., Thursday, January 9, 1975 in the banquet room of the county activities building.

Chamber president Jerry Schaeffer has announced that due to the limited seating capacity of the banquet room, only 300 tickets will be printed for the event. He added that all tickets must be purchased in advance as there will be no sales at the door this year.

All tickets are priced at \$5 and can be purchased from any chamber board member or at the chamber office in the Commercial Building. Schaeffer admonished all those wishing to attend to get your tickets early, as there is expected to be many more than 300 area persons who will wish to see and hear so distinguished a speaker.

The following biography describes the long and distinguished career of Rep. Mahon:

George Herman Mahon, Democrat, has been a member of the U.S. House of Representatives since his election to the 74th Congress in November, 1934. Only one member of the House of 435 members outranks him in length of service in that body, and no members of the Senate.

Mahon represents the 19th Congressional District of Texas, consisting of the following 18 counties: Andrews, Bailey, Castro, Cochran, Dawson, Deaf Smith, Ector, Gaines, Hale, Hockley, Lamb, Lubbock, Lynn, Martin, Midland, Parmer, Terry and Yoakum — population in 1972 — estimated at 477,000.

He became a member of the House Appropriations Committee in 1939 and began his service on the War Department Subcommittee in 1940. In 1949, all

and weep. There is a slight consolation, however, in the fact that, small as it is, you have gained a little value over last year.)

In one way, inflation has been a boon to Cochran County residents. It has boosted the intrinsic value of their bodies. Per pound, they are worth more

## Former resident on important research project

Miss Shirley Ann Miller of College Park, Georgia, a former Morton resident has been appointed senior investigator on a project to be directed by Carmella Connelia, Ph.D., director of research of Emory University Rehabilitation Center.

The project supported by a three-year contract award from the National Cancer Institute, will identify the effectiveness of cancer rehabilitation systems in a number of Georgia hospitals and the educational requirements of health workers in these systems.

The project staff will include a biochemist, an economist, representatives of the major health disciplines concerned with the care of cancer patients, and representatives of the American Cancer Society. Also participating will be persons in some of the health programs at Emory University, Georgia State University, and the Medical College of Georgia.

Miss Miller is the daughter of Mr. and Mrs. Lloyd Miller of Morton.

## Cotton ginning slows as harvest winds down

Cotton ginning and sampling declined as the harvest neared completion, according to C.R. Wharton, in charge of the USDA's Cotton Classing Office in Levelland. Dry weather has helped make the harvest a fast one this year, he added.

The USDA's Agricultural Marketing Service reported 9,500 samples were classed at the Levelland office during the week ending Friday, December 20. This brought the total classed for the season to 65,400. At this time last year 162,000 samples had been classed, Wharton said.

Grades 51 and 42 were the predominant grades at Levelland. Grade 51 made up 29 per cent, while grade 42 accounted for 31 percent. Thirteen percent of these samples were reduced one grade because of bark. This compares to 21 percent the week before.

Thirty-four percent had a staple length of 31 and 33 percent stapled 32.

Seven percent of all cotton tested at Levelland had micronaire readings in the premium range of 3.5 to 4.9. Readings below 3.5 accounted for the other 93 percent.

The Pressley Strength tests averaged 82,000 pounds per square inch.

Prices quoted by the Lubbock Cotton Exchange for the most predominant qualities in the 3.5 to 4.9 premium micronaire range were: grade 51, staple 31 - 29.05 cents per pound, and staple 32 - 29.60. Grade 42, staple 31 - 29.40 and staple 32 - 29.90 cents per pound. Mixed lot of cotton brought 21.00 to 35.00 cents per pound.

Prices paid to farmers for their cottonseed ranged from \$120 to \$135 per ton.

## COUNTY BELOW AVERAGE

# Local government costs up

Big a tax load are Cochran County residents to meet the operating costs of their state and local governments? How does it compare with what people in other communities are paying? Along with the rising cost of state and services generally, the local area have been rising steadily. This has been

the story, in varying degrees, in every part of the country.

The latest figures show, for Americans as a whole, that the taxes levied by state and local governments averaged \$577 per capita in the past year. It was an increase of \$55 over the prior year.

For residents of Cochran

County, the tax load was a

approximately \$305 per capita. By way of comparison, the average throughout the State of Texas was \$419, representing a \$35 rise over the previous year. In the West South Central States, the rate was \$401.

The figures were based upon a study made by the Commerce Clearing House, specialist in government finances, utilizing data obtained from the Department of Commerce.

The finding is that it takes more money than ever before to operate the various state, county and municipal governments and to provide the public with necessary services in the fields of health, sanitation, education, welfare, police protection, roads and such.

The tax burden is considerably larger in some states than in others. In a majority of them it has more than doubled in the past ten years.

## Teachers said asking 2,000 minimum salary

Texas State Teachers Association probably will ask the legislature for teacher pay that is considerably higher than in the \$8,200 minimum salary schedule it earlier.

The TSTA executive committee voted 23-16 this week to recommend that its legislative committee reconsider the pay proposal and come up with a new plan keyed to a \$12,000 starting pay for beginning teachers.

Starting pay under the present minimum school program is \$6,000 annually.

TSTA Exec. Secy. Callie W. Smith said the TSTA officers and legislative committee would work to get the best possible teacher pay raises they could in the 1975 legislature, which convenes January 14 at the State Capitol.

Joyce Dorrycott, a teacher in the Lackland School district, San Antonio, spoke in favor of the "Lackland Plan" for a \$12,000 starting pay schedule which had been presented earlier.

David Merrill of San Antonio, chairman of a new San Antonio-based organization called "People Concerned About Education," told the committee that more than 3,000 Texas teachers had already signed petitions calling for legislative enactment of the \$12,000 starting salary.

Merrill said the group expects a secure thousands of additional names on petitions now being circulated.

Merrill also told the committee that some 2,000 Texas educators rallied December 8 in San Antonio to support the \$12,000 proposal, and that teachers throughout the state are getting behind.

Higher salaries for Texas school personnel are only one part of the school reform bill which has been drafted tentatively by TSTA, and in which the higher teacher pay base may be substituted by the legislative

## Holiday death estimate set 30 by DPS

Department of Public Safety is estimating 30 persons will lose their lives in traffic deaths this Christmas-New Year holiday season. It is estimated that 14 persons may die between 6:00 P.M. December 31 and 6:00 P.M. January 1, 1975.

W.C. Bell, Regional Commander said that the majority of these traffic deaths are caused by the drinking of alcohol or from excessive speed. Bell said, "In order to protect the Texas people of such a sad and miserable holiday season, the motorist must remember to plan their holiday in advance." Major Bell urges the Texas people to make sure their vehicles are in good operating condition and the driver is rested before starting.

Clay Touchstone of the Highway Patrol said, "Texas driver should be

# Letter to Editor

December 19, 1974  
LETTER TO THE EDITOR:

Although at times it seemed to be without a peaceful end, it now appears as though 1974 is about to pass into history as one of the most turbulent, trying and exciting years of our lives.

Much has happened this past year, and now as 1974 nears its end and my term of service in the Texas Senate comes to a conclusion, I would like to take this opportunity to pause and reflect not only on this year, but on many more past.

For twelve hard but happy years, I have been honored and privileged to serve the people of West Texas in the State Senate. Some of the decisions that I made during those years met with disagreement from some people, but I can honestly look back and not recall meeting one truly disagreeable person.

My years in the Senate were happy ones for me and my family, and we appreciate the many, many good things that have come our way and the many wonderful friends that we have made. I leave

the Senate with nothing but warm and grateful feelings for my many friends and supporters, and only the utmost of respect and best wishes for those who have opposed me politically.

Realizing that it is sometimes best to have new faces, new ideas and new perspectives when dealing with difficult political problems, I am sincerely hopeful that those who have been elected to lead us during the coming years, will approach their duties with a strong sense of dedication and compassion for all citizens.

To my successor, Senator-elect Kent Hance of Lubbock, I wish good luck and success in his new position.

For all the people of West Texas, political friend or foe, I wish the very best in life, and I think you sincerely for having allowed me to serve you in the Senate.

J.J. "DOC" BLANCHARD

aware that all clear-cut violations of the traffic laws will be rigidly enforced during this holiday period."

Captain Holloway Shelton, Region 5 Drivers License Commander, said he is placing all his uniformed personnel on the highways in order to help reduce the estimated death toll of 30.

License and Weight Service under command of Captain M.E. Wilson will be working traffic day and night this holiday season. This veteran Captain warns motorists to be especially watchful for youngsters trying out their new bicycles.

Captain Alan Johnson, Regional Supervisor of Motor Vehicle Inspection, will place his troopers on the rural roads and alert them to be especially watchful for the intoxicated drivers.

Major Bell concludes by saying, "It is the sincere wish of the Texas Department of Public Safety that all citizens enjoy a safe and happy holiday season. May each experience a rewarding new year."

## "IGNORANCE IS CRAZY."

"I've never had cancer. But I'd be crazy to ignore it. I know many cancers can be cured if they're detected early. But you've got to know the warning signals: Change in bowel or bladder habits. A sore that does not heal. Unusual bleeding or discharge. Thickening or lump in breast or elsewhere. Indigestion or difficulty in swallowing. Obvious change in wart or mole. Nagging cough or hoarseness. If one of them appears, see your doctor right away. The odds are you don't have cancer. But only your doctor can tell you that for sure."

by Mrs. J.D. Bayless

Mr. and Mrs. Darnold Williams and children were guests in the home of her parents Mr. and Mrs. George Tyson, Sunday at Maple.

Mr. and Mrs. Guy Sanders attended the funeral services of his cousin, Carroll Goss, Tuesday at 2:30 p.m. at the Muleshoe Church of Christ.

Mrs. Doyle Butler of Morton took her parents Mr. and Mrs. E.C. Gilliam, to Lubbock Tuesday for Mrs. Gilliam to get her new glasses. They visited his sister, the Loyd Huffaker's and a cousin, Mrs. Tom Brogg, at Lubbock.

Mr. and Mrs. H.H. Snow of Muleshoe visited with her mother, Mrs. Irene Parker, at the home of a sister Mr. and Mrs.

Edward Crume Thursday afternoon. They also visited in the home of another sister the J.W. Laytons.

Mrs. Winnie Byars was a guest in the home of her daughter Mrs. Henry Hardaway and family in Littlefield, Wednesday afternoon and attended the Christmas party of her grandson Tommie Joe.

The Enoch's Baptist Women met Tuesday and had their Christmas Party at the home of Mrs. E.N. McCall. Everyone brought Candy, cookies, cake and other goodies. They enjoyed playing games and eating the goodies and coffee and tea which was served. They drew numbers for exchange gifts. Attending were: Mmes. Ray Seagler, J.W. Layton, J.O. Dane, Raymond Austin, Quinton Nichols, J.E.

Layton, Winnie Byars, Charlie Shaw, G.O. Smith, C.C. Snitker, Alma Altman, J.D. Bayless, Chester Petree, Johnny Cox, Harold Layton, L.E. Nichols and the host Mrs. E.N. McCall. After the party Mrs. McCall, Mrs. Altman, Mrs. Seagler and Mrs. Bayless took goodies to Robert's Memorial Nursing Home in Morton.

Mr. and Mrs. John Blackman attended the Christmas and birthday party for those having birthdays in Dec. Tuesday at the West Plains Rest Home in Muleshoe. They got his mother, Mrs. Nettie Blackman out of bed and dressed her the first time in months. They took her to the party as she was celebrating her 92nd birthday.

Shonnye, Teresa and Welsey Autry checked in their books Friday at school as they will be moving. Mr. and Mrs. George Autry and family will be missed very much. They have lived in Enoch's for many years. They will be moving to Highway, N.M. during the holidays. George has been in the water well drilling and pump business for a long time. The children will go to school at Dora, N.M.

Dennis Cash of LCC spent Wednesday night with his grandparents, Mr. and Mrs. John Blackman. He was enroute to spend the holidays with his parents Mr. and Mrs. Dudley Cash of Portales, N.M.

Bula school had their assembly Christmas program Friday. Ida Devila read the Christmas story, the head-start and kindergarten sang, grade school also sang several songs with Mrs. James Sinclair at the piano. School was dismissed for the holidays.

Dick Sanders of Artesia, N.M. visited his brother Mr. and Mrs. Guy Sanders, Saturday till Wednesday.

Mr. and Mrs. Jim Byars were guests in the home of their sister-in-law Mrs. Winnie Byars, Tuesday until Wednesday.

Mr. and Mrs. J.E. Layton and sons, Jarrol and Keith also her father Carl Hall, had Christmas dinner with her sister Mr. and Mrs. Bill Burris and family at Wellman Sunday.

Bula high school ball teams played their first conference game with Whitharral on Bula's

court Tuesday night. Bula girls won with a score of 45-75. The boys lost their game to Whitharral, the score was 53-60.

Guests in the home of Mr. and Mrs. C.C. Snitker Saturday night was his sister Rev. and Mrs. Gerrel Moore and daughter Marsha Ann, from Las Vegas, N.M. Other guests Sunday afternoon were her brother, Mr. and Mrs. Ike Shults of Denver City.

Mr. and Mrs. Johnny Waltrip from Hammon, Okla. visited his father Mr. and Mrs. Dean Waltrip recently.

The Church of Christ had their Christmas party at the home of Mr. and Mrs. John Blackmans Wednesday night. They had a devotional and several prayers. The Lubbock entertainer played the guitars and banjos. They enjoyed a supper of sandwiches and all kinds of goodies.

Mrs. Vern Weaver was able to return home Friday from St. Mary's Hospital in Lubbock where she has surgery a week ago.

All of the school personal and trustees and their wives had their

*"Thou wilt shew me the path of life, in thy presence is fulness of joy..."*  
PSALM 16:11

## HERE IS THE PATH

**YOU**

shall love the Lord thy God with all thy heart, and with all thy soul, and with all thy strength, and with all thy mind; and thy neighbor as thyself.  
Luke 10:27

The basis of God's first and greatest commandment is love. God gave man the freedom to choose and therefore will not force his love on anyone. God took the first step and is always ready to receive any who would come to Him.

The Church is God's appointed agency on this earth for spreading the knowledge of His love. He requires of His disciples that they love Him, love His neighbor. Without this grounding of the love of God, no government or society or way of life will long persevere and the freedom which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family.

Beyond that, however, every person should support and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

MAHON

FROM PAGE ONE

Defense appropriations were consolidated into one Defense Appropriations Bill and Mahon became the Chairman of the Subcommittee. From the beginning he championed a strong national defense program for the Nation. Under his chairmanship, despite some mismanagement and waste in the Defense Department, the funds provided have enabled the United States to maintain military superiority over any other country. Mahon is Chairman of the Joint Senate-House Committee on Reduction of Federal Expenditures, and in 1968 he served on the President's Commission on Budget Concepts. He is also a member of the Board of Regents of the Smithsonian Institution of Washington, D.C., one of the foremost scientific organizations in the world. In 1973 he was appointed to the Joint Senate-House Study Committee on Budget Control. In May, 1964, the Honorable Clarence Cannon of Missouri, Chairman of the House Appropriations Committee, died. Representative Mahon was next in line for the post and was elected to the position of Chairman of the Committee of Appropriations on May 18, 1964. The House Committee on Appropriations is the largest committee in Congress, consisting of 55 members. This committee actually screens...

requests for funds for the operation of the Federal Government. The Chairmanship of the Committee is one of the important posts in government. Mahon has been an outspoken advocate of economy and pay-as-you-go policies throughout his House tenure. As a member of Congress, Mahon has been interested in all legislation, but he has been most active in defense and agricultural matters. The 19th District is a heavy producer of agricultural crops, leading all other Congressional Districts in the Nation in cotton production. Mahon was born on September 22, 1900, at Mahon, Louisiana, a little fourth-class post office in Clairborne Parish which has since been abandoned. He is one of eight children born to John Kirkpatrick and Lola Brown Mahon. The family moved to Loraine in West Texas in 1908. He was reared on a cotton farm and has been engaged in farming all his life. Mahon attended rural schools and was graduated at Loraine High School. In 1924, he received a B.A. degree from Simmons College, now Hardin-Simmons University, Abilene, Texas, and in 1925 he received a law degree from the University of Texas Law School. Mahon began the practice of law in Colorado City, Texas, in 1925. His career in public life began in 1926 when he was elected County Attorney of Mitchell County. A year later he was appointed District Attorney and was subsequently elected to that office three times. Upon the creation of the 19th Congressional District of Texas, Mahon became a candidate for U.S. Representatives from District and was elected in 1934. He has been reelected at two-year intervals since that time. The Congressman has received honorary degrees from Waynesburg College, Pennsylvania; Wayland Baptist College, Plainview, Texas; Texas Tech University, Lubbock, Texas; Hardin-Simmons University, Abilene, Texas; and Pepperdine College, Los Angeles. In 1963, Mahon was presented with the Congressional Distinguished Service Award of the American Political Science...

Association at the annual meeting of the organization in New York City and in 1969 received the George Washington Award of the American Good Government Society. In 1973, Mahon was presented with the Congressional Distinguished Public Service Award of the American Legion at the annual meeting of the organization in Washington, D.C. George Mahon and Helen Stevenson, his high school sweetheart, were married in 1923. They have one daughter, Daphne, who is married to Duncan Holt. The Hols, who reside in Dallas, Texas, have three children. When Congress is in session, the Mahons live in an apartment in Arlington, Virginia. They live simply and far from the social whirl of the Capital City. Mrs. Mahon is not an office employee, but she actively assists her husband in the discharge of his heavy responsibilities. During 1974, Cong. Mahon has received the Veterans of Foreign Wars "Congressional Award" and the Reserve Officers Association "Man of the Year Award."

COSTS

FROM PAGE ONE

Currently, Arkansas has the lowest rate, \$342 per capita, and New York the highest \$894. The high rates in some areas are attributed to a combination of big outlays for welfare and to inflation, which has boosted the cost of materials equipment and labor. As a result, local and state governments have been forced to find new sources of revenue and to borrow to keep operating. In all, taxes in the amount of \$121 billion were collected by them in the year, a hefty \$13 billion more than the year before. The total collected from Cochran County residents came to an estimated \$1,464,000.

Total cost of the TSTA bill has been estimated unofficially to be about \$2 billion for the 1975-77 biennium, based on the \$8,200 starting-pay proposal.

The bill would: Reduce class sizes. Preserve automatic financing for the school program. Base the local fund assignment of each school district on the sole factor of market value of property, rather than the present three-factor economic index. Base the distribution of funds on average daily attendance (ADA) and on formulas written into the bill for staffing. Provide a 30-minute, duty-free lunch period for teachers, which many do not now have. Increase present school transportation allocations by 75 percent. More than double the present state funding of school maintenance and operation within four years. Establish a new system of local leeway funds to provide more aid for school districts which make greater efforts to produce local revenues for school support, thus providing more money for less affluent districts. Increase staffing for librarians, counselors, supervisors, and several other categories of school personnel. Provide state-funded compensatory education for educationally disadvantaged students, without an income test. Continue the special education program for physically and mentally handicapped students. Other bills which TSTA will sponsor in the 1975 legislative session will include a professional consultation bill requiring school boards to consult with teachers when a majority of their teachers request it; a professional contract bill applicable to all school districts; a fair dismissal bill to ensure just treatment for teachers; a bill to give schools more support in student discipline; and a bill to give teachers one day of sick leave for each month of employment. (The law provides five days of sick leave per year.)

Approximately \$600, was netted at the "Winter Carnival" last Friday night. Although this is the first project of this type to be sponsored by the PTA it can be considered a success. Delivery of a new garbage truck was made to the City of Morton late last week by Allsup Chevrolet, according to Mayor Tom McAlister. The new truck was purchased for \$7,000 complete with hydraulic press and dump. It's a man's world by a four to one ratio at Texas Tech College. Whether by choice or circumstance, there are 4,678 men enrolled and 1,467 women enrolled for classes. Most of the students come from Texas, representing 598 towns. Itinerant merchants and peddlers expecting to do business on the public square or within the city limits of Morton must secure a permit or take a chance of paying a heavy fine. 16 Years Ago Paula Burnett and Dickie Walker were among those over the district to receive Gold Star 4-H awards at the Gold Star Banquet in Lubbock Monday evening.

The Morton High School Band, under the directorship of John Brown, will travel by school bus to El Paso, December 30 to take part in the annual Sun Carnival parade and to march during the halftime in the Sun Bowl. The Rev. James Harrell officiated at the single ring ceremony, Nov. 28, at the First Methodist Church of Morton, uniting Miss Edna Artelia Waltrip and Floyd Aaron Rowland in marriage. The Morton Jaycees and the Wallace Theatres in Morton will present a benefit Christmas show Saturday morning for children of the "Last Frontier" area, with admission by a can of food for distribution to needy families.

Building permits for Morton totaled almost a quarter million dollars during the last six months, according to Bill Whitman, City Sec.

A RAW DEAL

When is a raw deal not a raw deal? Answer: When you're talking about unpainted or unfinished furniture, or furniture in the raw, as it is popularly called. These days, buying unfinished furniture can be one of the best long-range bargains in the home furnishings market. And you should approach such a purchase with similar standards to those you have when buying a more expensive piece of furniture. First of all, look for genuine hardwood. Yes, in unfinished furniture! Unfinished furniture is available in many of the same woods you'll find in the finest furniture in town. The sturdiest bentwood chairs, for example, will always be made of beech, whether you're buying a finished or an unfinished product. You will also find unfinished furniture in alder, aspen, maple and oak, as well as birch. By buying this unfinished hardwood furniture, you save the expense of the finishing process, but you still have the beauty and warmth of the genuine wood grain and pattern. Unlike other furniture "bargains," when you touch these pieces in your home, you're touching genuine wood, not some plastic material stretched over a core of who-knows-what? If you're handy, you can finish the piece yourself, and in the process put more you into the furnishing of your home. If you're all thumbs, or simply don't have the time...

or space in which to do the job yourself, many stores will finish it for you. There's a wide range of colors and stains to choose from, or you can bring in, say, a drawer from a piece you wish to match. That's one of the beauties of hardwood—it can be finished to resemble most other hardwood species through the simple process of staining. Some stores can give you a high compression stain or lacquer with a satin finish for a very professional looking job. Unfinished furniture comes in a wide range of styles, including modern, contemporary, country, French, French provincial and campaign, as well as the traditional Colonial or Early American. This is important when you're buying a single piece to add to a set you already have in your home. \*\*\*\*\* Any questions on hardwood?
