

# Last six months of 1974 contained historically important events

The second six months of 1974 were even more eventful than the first six from the standpoint of momentous happenings, both on the national and international levels. For Americans the six months climaxed both early and late, first with the resignation of President Nixon on August 9 and then with the confirmation and swearing-in of the 41st Vice-President, Nelson Rockefeller in late December.

On the local scene, the following were the leading events

that stirred the local populace from July 1 to December 31, 1974:

**JULY:**  
Sherita Fluitt and Priscilla Minor won first place doubles in the First Division Tennis Tournament held in Brownfield.

Current higher prices for crude oil and natural gas produced in Cochran County point to a significant jump in 1974 income for county land and royalty owners.

The Emlea Smith Junior Study Club sponsored a "Bicycle

Decorating Contest" for those who rode in the parade August 1.

Final plans were firmed up and a schedule of events for the annual rodeo and Last Frontier Days Celebration.

Miss Joan Toney was crowned Miss Girlstown U.S.A. 1974-75.

The Allsup 7 till 11 Store on South Main was burglarized.

The gas rates were raised 40 percent by a city ordinance.

The Frontier Babe Ruth All Stars beat Slaton in the district tournament.

Teri Sue Newman of Levelland started a recording career by recording the Country and Western Hit "Teaching the Teacher."

County Judge Glenn Thompson proclaimed the week of July 25-31 as Farm and Ranch Safety Week.

**AUGUST**  
The Morton Independent School District Board of Education approved the largest operating budget in its 50 year history.

Local school doors swing wide — Morton, Whiteface and Three Way reported a drop in attendance from that of last year. Bledsoe indicated approximately the same number at 115.

Diana Gail Stevens, senior at Morton High School, is to be featured in the Eighth Annual Edition of Who's Who among American High School Students, 1973-74.

Mrs. Morton J. Smith, long time resident of Lubbock and the

High Plains, died in Cochran Memorial Hospital August 12. She was the wife of the late Morton J. Smith, founder of the City of Morton.

Wyn Crone was one of the four young ladies modeling their own creations who earned a trip to the State 4-H Dress Revue in Dallas.

Linda Brown Partlow, a 1974 graduate of Morton High School, was notified for the second year she is to be featured in the Eighth

## Chamber awards banquet tonight

**TAKING THE OATH** — Two of the old and two of the new are shown at swearing-in ceremonies held in the 121st District Courtroom last Wednesday for newly elected and re-elected officers of the county government. District Judge M.C. Ledbetter administers the oath to, from left, Bill Crone,

incumbent county treasurer; W.R. Key, newly elected county commissioner for Precinct Four; Lena B. Gipson, justice of the peace, Precinct One, who has been serving the unexpired term of her late husband and is beginning her own first term; and Robert J. (Bob) Vinson, incumbent county-district clerk.

### Mahon speaker, tickets scarce

The plans are final, an outstanding speaker has been obtained, and now all those fortunate enough to own tickets to the Morton Area Chamber of Commerce Awards Banquet must do so hold fast until tonight at 7 p.m. when the festivities will begin.

The unusual amount of interest and brisk ticket sales for this year's banquet is being credited by chamber officials to the fact that a truly outstanding speaker in the person of George H. Mahon, Representative from the 19th Congressional District, has been obtained.

Due to the limited seating space in the county activities building banquet room, only 300 tickets are being sold for the event, all of which must be purchased in advance. There will be no tickets sold at the door.

Late Wednesday afternoon, chamber officials announced to the Tribune that a small number of tickets were still available and will be available for purchase at the chamber office, until 5 p.m. today — or until they are sold earlier.

Highlights of the annual event will be the naming of the "Citizen of the Year," "Woman of the Year," "Farm Family of the Year" and "Conservation Family of the Year."

Also a highlight of the evening will be the recognition of outgoing members of the chamber board of directors, introduction of the newly elected board members and the seating of a new slate of officers for the coming year.

Cong. Mahon, one of the few most influential members of Congress, and second senior member in point of service, is

### Tickets:

A limited number of tickets are still available for the Chamber of Commerce banquet tonight. They may be picked up at the Chamber office or the Morton Tribune before 5 p.m. No tickets will be sold at the door.

REP. BILL CLAYTON

## Clayton to be sworn as Speaker January 14

His new office may be bigger, his appointment list a little longer and his pace more hectic, but Rep. Bill Clayton, speaker-apparent of the Texas House of Representatives, hasn't changed much.

He's still the man from District 74.

The forty-six-year-old representative from Springlake spoke from the organized confusion on his desk at the State Capitol. Lined against the windows in his office was evidence of a few of the stands he's taken on issues affecting his constituents the 12 years he's

served in the House — books and reports on water legislation, conservation and county and municipal governments.

"I've always prided myself in voting my district," he said. "I suppose it's easy for me to identify with farmers and ranchers in my district because I farm right along with them. They need water for crops, I need water too. I guess I know about the plight of the farmer and rancher just about as well as anybody."

With a long list of accomplishments during his tenure as a state representative,

## Five-year automobile plate system is here

If all goes according to plan, the Texas motor vehicle license plate might soon outlast the motor vehicle that "wears" it.

Beginning February 1, the majority of motor vehicles operating in Texas may be eligible to use the new "multi-year" license plate, renewable annually for five years of driving. According to Bob Townsley, Director of the Highway Department's Motor Vehicle Division, approximately 9.2 million renewal notices are already in the mail to vehicle owners announcing the fact.

"Motorists will notice no change in the registration procedure this year," said Townsley. "Only the license plate to be issued will be different."

Instead of the usual metal plate, a heavier, non-corrosive steel will be used for greater endurance. ALSO, THE PLATE WILL BE REFLECTORIZED AND WILL FEATURE BLACK LETTERS AND NUMERALS ON A WHITE FIELD, CONSIDERED BY EXPERTS TO BE THE MOST

### NEAR 100 TIRES SLASHED

## Vandalism wave hits city

A wave of vandalism in the form of tire slashing struck Morton during the middle of last week that has the townspeople visibly upset and in a definite mood for a crackdown on

lawbreakers, who have seemingly become more bold of late.

The tire slashings began late Wednesday night, January 1 and continued Thursday night,

January 2, according to information released by city and county law enforcement officers. The latest count released by the sheriff's office shortly before press time Wednesday was a total of 76 tires.

The vandalism appears to be confined to the slashing of tires, with no general destruction of property being involved, the lawmen stated. But the tire damage has been severe, with the vast majority of them being damaged beyond repair. The holes cut into the sidewalls of the tires have been, in most cases, too large to allow for repair.

The vandals appear to play no favorites, with a wide variety of owners feeling their destructive

result hanging in the balance at the closing buzzer.

The AAA Lobos, now 13-5 on the season, were known to be laying

## Lobos deal Indians first loss of year

One of the most brutal and breath-stopping basketball games of the century took place in Lobo Gymnasium Tuesday night as the Morton Indians incurred their first loss of the season from Levelland by the close margin of 73-72.

And the game was "closer than the score would imply," with the

## Cotton harvest reporting ends

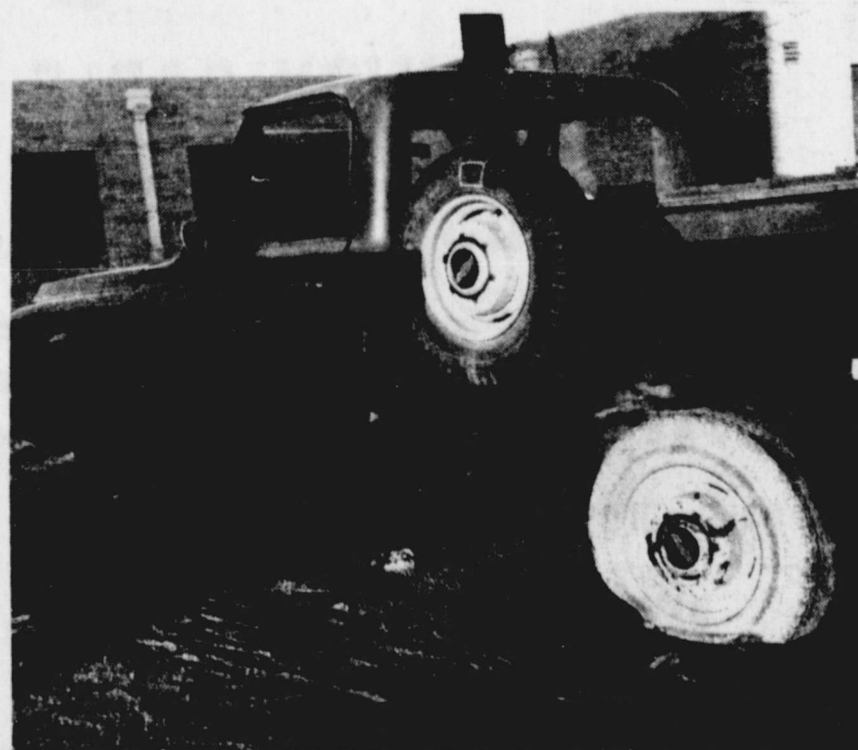

The Levelland office closed for the season Friday, January 3, and this is the final cotton classing report for the Levelland area, according to C.R. Wharton, in charge of the USDA's Cotton Classing Office in Levelland.

"The rest of this season's classing will be done at the Lubbock office," he added.

The USDA's Agricultural Marketing Service reported 3,300 samples were classed at the Levelland office during the week ending Friday, January 3. This brought the total classed for the season to 78,500. At this time last year 180,000 samples had been classed, Wharton said.

Grades 41 and 51 were predominant this year. Last year

**TIRE SLASHING VICTIMS** — All four tires on this Department of Agriculture pickup and one just like it, which are assigned to the Morton office of the U.S. Conservation office, and two of the tires of the above tractor, parked in the Woolum Implement Company lot, were slashed in

the wave of vandalism that struck in Morton last week. The last count made available by the sheriff's office listed 76 tires punctured, most of them beyond repair.

## 'Mini Auction' held by Jr. club members

The Emlea Smith Jr. Study Club met in the home of Mrs. Glynn Price with Mrs. J.W. Tyson and Mrs. Bill Welch serving as hostesses. Each member brought an article to be auctioned off in the "Mini-Auction." The event is an annual affair. Proceeds of the auction totaled \$166.00, to be used on a charity of the club.

Mrs. Dwain Hester served as auctioneer, selling crates, oil paintings, candy and many other miscellaneous items, all handmade by the members.

Mrs. Jimmy St. Clair presided over the business meeting. Mrs. Tyson reported the stamp drive being very successful and was pleased with the amount of stamps that were received. Mrs. Loy Kern read a poem on decorating the Christmas Tree and how all the work paid off in the beauty of the story of Christmas.

Mrs. Rick Coffman, Conservation Chairman, gave a talk on how to conserve energy and money through the winter months. She also told the club of the divisions under Conservation and explained how each pertained to the club and its members.

Mrs. Hester, Chairman of the Christmas Greeting page announced approximately 150 names had been received and urged members to turn in any more they received up until Wednesday at noon. Mrs. Ray Luper was presented a gift for collecting the most names, a total of 30 names, for the Greeting Page.

The Club voted to help Mrs. Susie Clark, who recently was named to the National Honor Society at South Plains College, by paying her dues into the organization.

Guests attending were Miss

## Former resident rites held here

Services for Mrs. Connie Culpepper were held at 2 p.m. Saturday in the Eastside Church of Christ. Jamie Paden officiated.

Burial was in Morton Memorial Cemetery under the direction of Singleton Funeral Home.

Mrs. Culpepper, 79, died Tuesday, December 31 at 7:20 a.m. in a Globe hospital. She lived

in Morton from 1935 until 1962 when she moved to Globe. She was born in East Texas May 12, 1895.

Survivors include two daughters, Mrs. Inez Swicegood of Globe, formerly of Morton, and Mrs. Chester Head of Houma, La.; two sons, Homer H. and Buddy Culpepper, both of Arizona; a brother, John Brumley of Fort Worth; 14 grandchildren and 17 great-grandchildren.

Pallbearers were Ray Bridges, Wayne Seagler, Rex Crawford, Joe Gresham, P.B. Ramby and Charles McDermett.

## A.A. Meeting

A special Alcoholics Anonymous meeting will be held Friday, January 10 at the Community Action Center, 308 West Taylor at 7 p.m.

Special guests will be Edward Paul, A.A. Coordinator with S.P.A.G., David Carey, A.A. counselor from Plainview, Mrs. Sharon McCann, A.A. counselor from Levelland and Joe Meadow from Olton.

The public is invited to attend.

MR. AND MRS. F.G. KENNEDY

## Couple to celebrate Golden anniversary

Mr. and Mrs. F.G. Kennedy will be honored at a reception Sunday, January 12, from 3 to 5 p.m. in the Fellowship Hall of the First Baptist Church, Morton, in observance of their 50th wedding anniversary.

Hosting the event will be their children and grandchildren, Mr. and Mrs. Keith Kennedy and daughters and Mr. and Mrs. W.B. Merritt and sons.

The former Myrtle Kennedy and Kennedy were married at noon, January 11, 1925 in Pottsboro. The couple lived at Chicota, six years before moving to Sudan, where they lived eleven years before making their home at Morton, February 5, 1942.

Kennedy is a retired farmer and Mrs. Kennedy is a retired school teacher.

All friends and relatives are invited to attend.

"Thou wilt shew me the path of life, in thy presence is fulness of joy..."  
PSALM 16:11

## HERE IS THE PATH

"Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind, and with all thy strength, and thy neighbor as thyself."  
Luke 10:27

The basis of God's first and greatest commandment is love. God gave man the freedom to choose... and therefore will not force his love on anyone. God took the first step and is always ready to receive any who would come to Him.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving His neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

### CLAYTON

FROM PAGE ONE

Clayton still maintains his principal legislative achievement is a 700-page recodification of the state's water laws. His credentials in the areas of water and land legislation are a mile long — leader in the fight to write a financing plan for a Texas Water Plain to the State Constitution, chairman of several interim water committees, chairman of the Standing Sub-Committee on Water of the Natural Resources Committee, chairman of the Southern Environmental Resources Conference and former executive director of Water, Inc. of Lubbock.

As Speaker, Clayton's ininterest in water and land legislation will not diminish.

Sixty-fourth in the line of Texas House Speakers, Clayton will be the only representative from his district ever to be elected Speaker. Only Lee Satterwhite, representative from Potter County, (whose district then included two counties now in Clayton's district, Deaf Smith and Oldham, has served any part of the district as Speaker. Satterwhite was Speaker from 1925-27.

Sanctioned by the Texas Constitution, the Speaker is selected by his peers at the beginning of each term. The Speakership has come to be the most revered position of authority in the House and is said by many to be second in importance only to the Governor.

Observers have said Clayton has congregated the most widely diverse coalition of support in years, drawing votes from the most conservative to the most liberal representatives. Clayton says such a coalition is needed to effectively deal with the important issues facing this session.

Top of the list of Clayton's priorities this session is school financing. He expects the Legislature to provide guidelines for assessment of real and personal property for taxation. He supports constitutional revision and believes the Legislature should utilize the expertise and materials gathered by the recent Texas Constitutional Convention to present a document to the people.

"One of the greatest problems we're going to have to deal with this session," Clayton says, "is how to handle the \$1.5 billion surplus in our budget. Personally, I'd like to see us save or invest at least part of the money to work for the taxpayers."

His reputation as a hard worker, expert on parliamentary procedures and honesty are

widespread among his colleagues. Furthermore, his record shows he doesn't veer from representing the views of his district.

"The Speakership," he says, "is a privileged and honored position in the House. I will follow a long list of great leaders in Texas history. It's an awesome task, but also a rewarding one. I'm ready to get on with the work ahead of us — the work the people of this state elected us to do."

### COTTON

grades 31 and 41 were predominant.

About 15 percent of this year's crop was reduced one grade because of bark. This compares to one percent last year.

The average of staple lengths this season was 31.8 thirty-seconds of an inch compared to 30.4 in 1973.

The average of micronaire readings this season is about 2.9, while last year it was 4.1.

Prices quoted this week by the Lubbock Cotton Exchange for the most predominant qualities in the 3.5 to 4.9 premium micronaire range were: grade 51, staple 31-28.05 cents per pound, and staple 32-28.60. Grade 42, staple 31-28.40 and staple 32-28.90 cents per pound. Mixed lots of cotton brought 18.00 to 32.00 cents per pound.

Prices paid to farmers for their cottonseed ranged from \$110 to \$130 per ton.

chairman of the House Appropriations Committee, often called the second most powerful committee in Congress after the Ways and Means Committee.

He has been a member of Congress for 40 years, having been elected first in 1934 when the 19th Congressional District was formed and has been the only representative the district has ever had. He is presently back in his district during the Congressional recess.

"If there are persons who do not yet have tickets for the banquet and would like to hear Mr. Mahon speak, they should lose no time in contacting the chamber office or one of the chamber board members for tickets," Jerry Shaeffer, chamber president stated Wednesday.

### WAVE

hands. Most of the slashings were on tires of privately owned passenger cars and trucks, but some were slashed on government vehicles as well.

All eight tires on the two post

office delivery vehicles were destroyed and all eight tires on two Department of Agriculture vehicles assigned to the U.S. Soil and Water Conservation office here were also flattened.

Postmaster Murry Crone informed the Tribune that the postal inspector's office in Lubbock had been informed concerning the postal vehicles and the conservation office indicated that it had reported the damaged government vehicles to the FBI for investigation. The damage to the private and commercial vehicles will be investigated by local law enforcement officers.

The slashings took place over a wide area of Morton, from the Wollam Implement Company on the northwest, east past the post office and throughout a wide area of the southeast and central residential areas and some in the southwest residential area.

The main reaction of citizen and lawmen interviewed by the Tribune, after their initial anger, was deep puzzlement about the object of the destruction. The vandalism seems to be completely wanton and without purpose or reward and they seem to wonder what could possibly be the motive behind it.

Lawmen were very reluctant to release any information concerning their investigations, but reluctantly admitted that they had some fairly promising leads.

### INDIANS

FROM PAGE ONE

for the Indians who had planted an embarrassing 12 point defeat on them earlier in the season and it was apparent from the opening whistle that they had come to play. The game hit the floor running and never slowed a whit during the 32 minutes of playing time.

The Indians jumped off to an early lead and ended the first period with a four point margin at 13-9. They managed to hold the pace in the second period and went to the dressing room at halftime with a five point bulge at 32-27.

They maintained the same margin at the end of three with a 51-46 edge and held on to it until late in the fourth stanza when the Lobos went ahead with a little less than four minutes to go. The lead changed hands several times in the closing minutes, with Morton holding a 72-71 lead when a Lobo sunk a basket with 39 seconds left on the clock.

The Tribe penetrated to the enemy defenses two more times but missed both shots, the second one coming with 10 seconds to go. The Lobos grabbed the rebound and froze the ball till the final buzzer.

The loss leaves the Indian record at 17-1, with two more games to go until that all-important district play begins. The loss brings their record more in line with Friona's at 19-1, their only loss being to Morton,

and Dimmitt with 18-2, one of which was also to the Indians.

Mike Williams turned in an outstanding performance, taking high point honors with 30 on 13 of 26 field goal tries and 4 of 5 free throws. He gathered in a highly respectable 15 rebounds and contributed two steals to the winning cause.

Other Indians in double figures were Troy Patton, perennial runner-up to Williams, with 8 of 20 field shots for 16 points, six rebounds and four steals, and Fouec Grisby on 5 of 11 field shots and 3 of 3 charity tosses for 13 tallies. Grisby also grabbed in a respectable seven rebounds.

Scores of other Indians include: Sam Johnson, 6; Ray Thompson, 3; Rusty Lamar, 2 and Ken Standmire 2.

Next action for the Indians will be Friday night at Ralls.

"The real change in registration procedure will come in 1976," explained the Highway Department official. Next year, instead of buying a new license plate, owners will purchase a 2-inch adhesive-type validation tag that will be placed in the debossed upper left corner of the plate.

In 1977, the tag will be stuck in the upper right corner to cover the debossed "75," and alternated for the ensuing years. Townsley said the tags cannot be easily removed without deterioration, a part of the plan to discourage vandalism or theft.

The 1975 Texas tag is expected to cost the state 44 cents per plate to produce, almost double the manufacturing cost for the '74 plate. The difference in costs being attributed to different materials and plate design. However, the validation tags to used beginning in 1976 will run some three cents apiece. According to Townsley, the state will realize an \$8.5 million savings in additional revenue

### Services held for infants

Graveside services were held Monday, December 30, in Woodlawn Memorial Park, Nashville, Tenn., for Cresta Noel and Joshua Daniel Kneel, infant twin daughter and son of S-Sgt. and Mrs. Philip D. Kneel, Tyndall A.F.B. Florida. They died shortly after birth.

Other survivors include grandparents, Mr. and Mrs. Philip D. Kneel, II, Nashville, Tenn. and Mr. and Mrs. C. Dale Pond, Wichita, Kansas. Mrs. Kneel is the former Carol Pond, formerly of Morton.

**THE FIRST OF MANY?** J. Wayne McDermott, right, is all smiles as he is sworn in to the office of county clerk of Haskell county on January 1. J. Wayne, son of Mr. and Mrs. James McDermott of Morton and a graduate of Morton High School, was elected by a large majority in the November general election. Administering the oath is long time friend Judge B.C. Chapman, retired district judge of Haskell.

from using the semi-permanent plates for the five-year period.

Motorists are encouraged to register their vehicles early and avoid the "last minute" rush. Registrants may apply by mail immediately, or "in person" at their county tax office and substations beginning February 1. Mail applicants are reminded to return the entire renewal notice along with their payment and one dollar per vehicle to cover postage and handling. Allow at least 30 days for delivery of plates. The registration deadline is midnight, April 1.

Annual registration fees for motor vehicle owners will remain the same as in the past — \$12.30 for vehicles weighing up to 3,500 pounds; \$22.30 for vehicles weighing 3,501 to 4,500 pounds; \$30.30 for vehicles weighing 4,501 to 6,000 pounds; vehicles weighing 6,001 pounds or more are charged at the rate of 55 cents per hundred pounds of weight.

## Reddy's consumer tips on... washers

If anything took the "good" out of the "old days," it was those great loads of laundry that had to be hand soaked, hand scrubbed and hand rinsed. Today, modern washing machines let Reddy do that for you—and by following Reddy's money-saving, energy-conserving tips, you'll get the most "scrub-a-dub-dub" for your electric service!

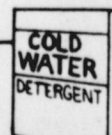

### Plan Ahead

Sort clothes according to type of fabric, color-fastness, degree of soil and garment construction. You'll save both hot water and electricity by doing similar items together. Accumulate a full load before running your washer. Try to do your wash during "off-peak" periods—evenings or on weekends.

### Be Selective

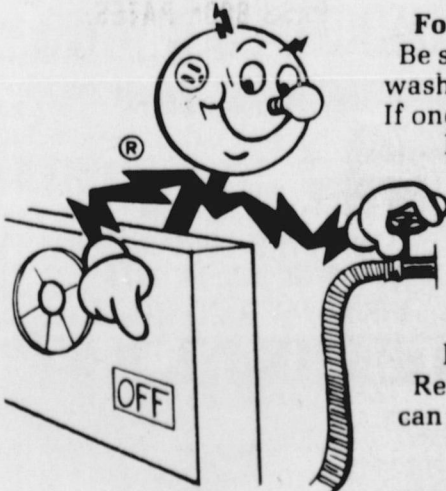

Choose the cycle that is precisely appropriate for the clothes you are washing. Is a "hot" temperature setting really necessary? Except for heavily soiled items, most loads will come clean in either a cold or warm wash. Look into cold wash detergents.

Use the least amount of detergent that will get your clothes clean—most loads require only an ounce or less! Overloading causes extra strain and wear on your equipment: check the manufacturer's recommendations for load weight. Balance your load by alternating small and large items.

### For Safety Sake

Be sure control is "off" before reaching into your washer. If one is necessary, use only a heavy duty extension cord. Be sure your washer is grounded. Keep dry cleaning agents, color remover and Fiber-glas out of your washer. It's a good idea not to wash clothes containing cleaning fluids in your washer. Disconnect washer from outlet and turn off water faucets connected to laundry equipment during long absences. Remember, Reddy supplies the energy—but only you can use it wisely!
