### The Goals For 1976

Every year at this time The Hesperian lists some goals for the community to achieve in the New Year. The goals usually mean a better way of life for our people....they mean progress for our community, they usually require hard work, some money, dedication to the tasks, a positive optimistic attitude by the leadership of our community if they are to become a reality.

As we have done in the past, we, at the Hesperian pledge our best efforts to work with the people of this community to achieve these goals.

1. Sometimes progress is keeping services and institutions that we are in danger of losing; we will work to keep our railway freight service, bus service and at least one movie theatre in town. 2. Cooperate in every way to help the

6. Plan and start construction on a ground level library. 7. Two more tennis courts.

8. Move the stadium to the track location, build new field house.

Now, we in turn ask the Chamber of Commerce, the City Council, the County Commissioners, the Farm Bureau, "What are your goals for

WELL...HERE'S OLD WENDELL trying to turn a poor cotton harvest into something better. I have just discovered that although last year's crop was 30,000 bales larger than this in 1975 than in 1974.

FOR THE LAST 20 years we have all been concerned about how long our underground irrigation supply would last. Crop allotments have helped extend the life of the water. Then allotments came off and our farmers increased their acreage...using a lot more irrigation water.

Now it appears, that the water supply will last longer than the farmer's pocketbook. The thing that may cut out irrigation may not be the supply, but the extreme high cost of energy to pump the water to the

The only thing that could save this situation is for our crop prices to rise so the farmer can afford to irrigate the crop....hen we would be back to wondering how long the water would

#### Watch Out For Animal Disease

Dr. Dean Evers, D.V.M., Public Health Veterinarian with Public Health Region 2, asks that the public be notified that human cases of Tularemia have occurred recently in the South Plains area. One of the cases, occurring in Lubbock, did result in death to the person infected.

Tularemia is a disease that can be transmitted from infected wild animals to man. The contact with infected animals, usually rabbits, comes when

the hunter handles or dresses the game he kills. Another source of infection for Tularemia is transmission by vectors, such as ticks or fleas, that can carry the disease from the infected animal to

The rabbit population is unusually high this year and many hunters will be adding rabbit stew to the menu. Dr. Evers stresses that hunters should be warned not to dress or handle these animals with bare hands. Rubber or plastic gloves in good condition should

EVERYONE was especially nice to me Christmas Day. I guess it was because I spent it in bed and several days thereafter with the flu-bug. You might say I was come near me, and I can't blame them, ug! I hope ending the year with the flu doesn't start my new year off wrong. I may find myself being nasty to everyone for the entire '76, rather than at intervals. It really makes you feel that way.

I think most everyone that went out of town are back home safe and sound, with the exception of a few who traveled greater distances, and I'll have more on them when they get back.

YOU know, while "being laid-up" it came to me that perhaps the most gratifying feature of life is that both the poor and rich can live

#### Double Ring Vows Unite Miss Weathersbee, Richard Charles Eur of the country

united Leigh Ann Weathersbee and Richard Charles Evans in marriage Monday evening, December 29th, at 7:30 in the First Baptist Church with Dr. Floyd C. Bradley, pastor, officiating.

The bride, presented in marriage by her father, is the daughter of Mr. and Mrs. Claude A. Weathersbee, Floydada, Texas. The groom is the son of Mr. and Mrs. Horace E. Evans of

Forming a background for the wedding scene was an arched candelabrum covered in palms and foliage flanked on either side with candle tree candelabrums and foliage trees. Accenting the setting were arrangements of bronze mums The bride chose an old

fashioned gown of ivory silk organdy for her wedding. The fitted bodice featured a bib-effect of imported English Nottingham lace, highlighted with delicate pin tucks and ivory fabric buttons. Long bishop sleeves, also traced with face and pin tucks, gathered into lantern cuffs. Falling gracefully from the empire waist line to court length, with tiers of imported ivory lace edging the hem, the skirt culminated in a deep chapel length train. A cemelot headpiece of matching lace was attached to two tiers of imported illusion of fingertip length. Her bridal bouquet was a nosegay of white sweetheart roses and tiny accent flowers encircled

with lace. For something old, the bride wore a diamond lavalier which had been given to her paternal grandmother by her grandfather at the time of their marriage. The groom's gift. a single strand of pearls, served as her "something new" along with her wedding attire. A pearl ring was borrowed from her Maid of Honor. The bride wore the traditional blue garter and pennies in her shoe bearing the birthdates of the couple

Miss Sarah Puckett of Fleydada attended the bride as Maid of Honor. Bridesmaids were Miss Barbara True, cousin of the bride, Mrs. John McLemore, Miss Patti Easley, Mrs. Star. Hickerson and Miss Andee Weathersbee, niece of the bride. They wore full-length identical gowns of burnished rust Quiana jersey. Their dresses also featured the old fashioned look with high necklines, round ruftled yokes with matching lace medallions, and full cuffed sleeves. They carried long stemmed yellow roses.

The Best Man was Mark Smith of San Diego. California, and groomsmen were Stuart Tolle, Don Hays. Dennis Steekly, Cecil Childress, and Reece Bive; as, cousin of the bride. Ushers were Ralph Evans, brother

of the groom, and Tommy Weathersbee, brother of the bride

Registering guests was Mrs. Tommy Weathersbee, and wedding programs were presented to the guests by Mrs. Ross Davis, sister of the groom. Wedding selections were

presented by Mrs. Bob Copeland at the organ. Piano accompaniment was provided by Mark Skipper. The Best Man played an oboc medley and sang a solo. "Walk In Love." Stuart Tolle sang "The Love I Feel for a song composed especially for the occasion by friends of the couple. He also sang another selection. "Savior, Like A Shepherd Lead Us." The lighting of the unity candle concluded the ceremony.

At this time the newly married couple and their parents immediately formed the receiving line in the fover of the church where they greeted their guests as they left the sanctuary. The reception was held in the central hallway of the
