## Lyda Walding Retires At Bank

On the staff of the Floydada First National Bank over 34 years, assistant cashier Lyda Walding entered retirement last week.

She began employment with the bank on June 16, 1941 after working for the AAA office in Floydada some seven or eight years. She is a graduate of Floydada High School.

She has worked on many civic projects through the years, more recently the Easter Seal and Muscular Dystrophy fund drive efforts.

President of the bank back in 1941 was J. V. Daniel. "I have seen the bank grow in staff, amount of business, and physical features, and I have enjoyed working with the people of this trade area very much," Lyda told a Hesperian reporter Friday.

She plans to continue to live in

Chairman of the bank board, Kinder Farris said: "Lyda will always be loved and respected by those who have been provileged to know her, and her many years of service to the First National Bank, its customers, and the community as a whole will be long remembered and appreciated."

## **Health Agency Invites Comment**

holding a public hearing on a \$250,000 health service. The aides said that, application for designation and funding as the Health Systems Agency for the 15 county South Plains Region. Written comments from all interested persons are solicited for the January 5 hearing in the Community Room of the George and Helen Mahon Library in Lubbock's new Civic Center.

The application is available for review and copying at 1217 Avenue K. SPHS Board members, representing all areas of the region, have copies of the application should anyone in the non-metropolitan areas wish to contact the representatives from his own

SPHS Board members voted to authorize up to \$35,000 as the annual salary for the chief executive officer of the new health planning agency. The Health Systems Agency, when fully designated, will make local grants of up to \$1 per capita for developing new health services.

Congressional aides have been quoted as saying that the new Health Systems Agency is the last chance for

South Plains Health Systems is local determination of planning for the local agencies are not successful, then in the future HEW will controll all of health services in the nation.

#### **Aaron Carthel** For Re-election

Aaron Carthel has authorized this newspaper to announce his candidacy for re-election to the office of Commissioner of Precinct 1, subject to the May Democratic Primary.

Carthel is finishing his first four year term as Commissioner of Precinct 1 this year. He succeeded John Fowler, who did not seek re-election almost four years ago.

In his announcement statement, Carthel said, "I will try to visit with everyone in Precinct 1, and I pledge my best efforts to treat everyone fairly and work with the Commissioners Court in operating the county on a good business-like manner."

FLOYDADA EMPLOYERS benefitted from the Governor's Texas First campaign as they secured trained employees through the Chamber of Commerce's participation in the program. Seventeer, employees were pledged and ten filled back in September when the campaign began. Reed Ford, Oden Chevrolet, Babe's Service Center, Case Power and McDonald Implement employed mechanics through the program. Pictured above receiving letters from the Governor are Ray McDonald and Frank Milby. Making the presentation is chamber president Tommy Farris. At left is chamber manager Doug Frazior. The letter from the Governor said, "I want to thank you for the leadership and civic responsibility you have shown in fulfilling your pledge to hire new employees. The reaching of this TEXAS FIRST goal is part of a statewide effort that is enabling Texas to receive an economic shot-in-the-arm worth more than \$1 billion per year.'

South Plains Health Systems is local determination of planning for application for designation and funding as the Health Systems Agency for the 15 county South Plains Region. Written comments from all interested persons are solicited for the January 5 hearing in the Community Room of the George and Helen Mahon Library in Lubbock's new Civic Center.

The application is available for review and copying at 1217 Avenue K. SPHS Board members, representing all areas of the region, have copies of the application should anyone in the non-metropolitan areas wish to contact the representatives from his own

SPHS Board members voted to authorize up to \$35,000 as the annual salary for the chief executive officer of the new health planning agency. The Health Systems Agency, when fully designated, will make local grants of up to \$1 per capita for developing new health services.

Congressional aides have been quoted as saying that the new Health Systems Agency is the last chance for

holding a public hearing on a \$250,000 health service. The aides said that, if the local agencies are not successful then in the future HEW will controll all of health services in the nation.

#### **Aaron Carthel** For Re-election

Aaron Carthel has authorized this newspaper to announce his candidacy for re-election to the office of Commissioner of Precinct 1, subject to the May Democratic Primary.

Carthel is finishing his first four year term as Commissioner of Precinct 1 this year. He succeeded John Fowler, who did not seek re-election almost four years ago.

In his announcement statement, Carthel said, "I will try to visit with everyone in Precinct 1, and I pledge my best efforts to treat everyone fairly and work with the Commissioners Court in operating the county on a good business-like manner."

C. L. "Mac" McKay

# For County Sheriff

Lockney policeman C. L. "Mac" McKay has authorized this newspaper to announce his candidacy for the ofice of sheriff of Floyd County subject to the May Democratic primary.

McKay had been with the Floydada Police Department since August of 1973. Prior to moving to Floydada he was with the Euless, Texas police force. He has been in law enforcement since 1962.

He is a native of Turkey, Texas, and a World War II veteran of the Field

McKay has attended several law enforcement courses.

McKay said he would appreciate everyone's vote and influence.

FLOYDADA EMPLOYERS benefitted from the Governor's Texas First campaign as they secured trained employees through the Chamber of Commerce's participation in the program. Seventeen employees were pledged and ten filled back in September when the campaign began. Reed Ford, Oden Chevrolet, Babe's Service Center, Case Power and McDonald Implement employed mechanics through the program. Pictured above receiving letters from the Governor are Ray McDonald and Frank Milby. Making the presentation is chamber president Tommy Farris. At left is chamber manager Doug Frazior. The letter from the Governor said. "I want to thank you for the leadership and civic responsibility you have shown in fulfilling your pledge to hire new employees. The reaching of this TEXAS FIRST goal is part of a statewide effort that is enabling Texas to receive an economic shot-in-the-arm worth more than \$1 billion per year."

### cense Plate Era Is **Ending This Year**

Texas motorists this week will begin receiving their new auto registration applications in the mail.

But in 1976, instead of new metal license plates, Texas vehicles will sport small strips of reflective material. The bicentennial red, white and blue validation stickers are to be affixed to the area outlined by an embossed rectangle in the upper left-hand corner of the 5-year plates issued a year ago.

So, for the first time since World War II. Texans will use license plates issued in an earlier year. And plans call for annual reissue of the same plate numbers for the foreseeable future for periods of at least five years at a time.

The Lone Star State issued plates for the first time in 1917, according to R. W. (Bob) Townsley, director of the Motor Vehicle Registration Division of the State Department of Highways and Public Transportation.

"Prior to that time motorists registered their vehicles in the county of residence," Townsley said. The county tax assessor-collector issued a plate number and the owner of the vehicle got appropriate materials from a convenient hardware store and made his own plate or plates.

The first state-issued plates were round, and were colored white on red. Later, size and style of plates varied somewhat, but assumed a shape basically similar to the familiar rectangular plates issued today. It was necessary a few years ago to initiate a three-letter, three-figure numbering system to accomodate the increasing number of motor vehicles registered

LABEL

The letters and numbers were separated by an embossed five-point star from 1923-45 and from 1957 to the present. All that will change this year, too. The 64th Legislature decreed that the star should be replaced by a silhouette of the State of Texas on all future license plates. The state silhouette will appear on the plates only after existing supplies are exhausted, Townsley said.

To cut the cost of plates, manufactured by the Texas Department of Corrections at Huntsville, it also was determined that plates should be used for five years instead of being reissued annually

Principal change in the 1975 plates was the addition of embossed rectangles in the upper left and right corners, and a galvanized back to assure longer life for

Beginning in 1978, Texas will go to a 'year-round'' registration system. The validation sticker will indicate the month of issue for each car, with the month to be determined by the depart-

Vehicle registration will occur during every month of the year, similar to the present procedures for vehicle safety

The month-of-issue sticker will remain the same for the life of the vehicle and will be affixed in the upper left-hand corner of the license plate. A definite advantage will be the elimination of long lines of motorists waiting to register their vehicles once each year, as only part of the registrations will be issued each month.

When the new monthly registration system becomes effective, cost of registration will be determined by the month of issue for the first year, and a motorist will pay for length of the registration period— whether for part of a year or more than a year

to many people: a leisurely relaxing break in the day; a over with friends; even a folk remedy for the sniffles. For ment tea) has developed some blends including the hearty English Breakfast tea and full-bodied Irish tea and

Baptism - 1st Sunday of the Church Council · Meets 1st Sunday of month at . .3 p.m.

He was a retired editor and a wise one. But he was a realist — as a newspaperman must be. One of his sayings became legendary in that busy pressroom:

When the front page makes you happy — it's been a great day!

I'm one who has noticed that the great days seem farther apart. Nor can I blame on my ulcer the headlines that don't make anyone happy. Someone else said: men make the news;

It's time to give thought to the roots of happiness. After all, what happens every day is simply the fruit of a million vines. Down at the roots is where the fateful choices are made which inevitably bring forth their fruit.

This is a mighty fine newspaper whose service to the community is to tell us what news men have made today. We also have some mighty fine churches. Their service to the community is to mold the faith and character of the men who will make the news tomorrow

Our churches are working at the roots of happiness! Copyright 1915 Krister Advertising Service Inc. Strasburg, Virginia.

NURSERY INDUSTRY BOOMING--The Texas nursery grower industry is booming across Texas, reports an economist for the Texas Agricultural Experiment Station. Nursery sales in the state are estimated at more than \$55 million for 1973. The 1972 Texas Floral and Nursery Directory

listed 455 nursery growers, 73 percent of which were individual proprietors. There are also about 5,000 licensed nursery dealers in Texas. The average individual proprietor does about \$81,000 worth of business per year while the corporation's yearly business volume is about \$470,000 on the average.

Historical Highlights

Rattlesnake Vigilance

The rattlesnake symbol appears again and again in early efects kill more American flags. A flag of this type was the standard of the its variants was the emblem

of the Culpeper Minute Men of Virginia. According to the U.S.

Marine Corps Reserve, one writer of the time quaintly stated that as the rattlesnake's eye exceeded in brightness that of any other animal, and she had no eyelids, she might therefore be esteemed a symbol of vigilance; that inasmuch as she never began an attack, nor, when once engaged, ever surrendered, she was therefore an emblem of magnanimity and true courage.

It was probably the deadly bite of the rattler, however, which was foremost in the minds of its designers.

## Serious Crime Increases 11 Percent

Serious crime in the United States for the first nine months of 1975 rose 11 percent over the same period a year ago, Attorney General Edward H. Levi

arnounced today. This increase compares with a 16 percent increase recorded in the first nine months of 1974 over a

similar period in 1973. Mr. Levi said the current increase in crime is not as large as in past periods which is "encouraging."

Serious crime for all 1974, for example, was 18 percent higher than in 1973 and, during the first six months of 1975, rose 13 percent over the same period a year ago.

"But it must be remembered," Mr. Levi said, "the figures show an increase, and the crime rate remains at an intolerable level."

Today's figures were contained in the FBI's Uniform Crime Reports released by FBI Director Clarence M. Kelley. They

a peaceable town." Dr. Billy I. Ross, chairman of the Department of Mass Communications at Tech, said that Mrs. Stone edited news stories for length but did not change wording.

"The style is strictly 1876." he said. "Length had to be cut to allow variety."

Each column contains about 10 items, and the first reports happenings 100 years ago in Fort Worth. Waco, Houston, Galveston, Brenham, Navarro County, and Nacogdoches County. The final item in each column is an advertisement. During the week of January 23-30, 1876, readers of the Galveston Daily News were

tempted by this: "Of all the saws that you ever saw, saw, you never

For National Dehiter in the more New York, Dec. 27 - To what extent is Federal spending and the growth in the national debt affecting pocketbooks

31,427,000 Local Ta

in Floyd County? With the debt now in excess of a half trillion dollars, how much will local residents be paying during the next fiscal year, by way of taxes and other levies, just to meet their share of the interest charges on that amount?

In line with the share normally borne by the local population, they will be paying approximately \$1,427,000 to ward it. And that is merely for the annual carrying charges on the debt. It will not reduce the capital amount owed at all.

The findings are based upon data from the U. S. Office of Management and Budget and upon figures from other sources.

By the middle of next year, at the present rate of growth, the national debt will be equivalent to \$2,750 for every man, woman and child in the country, the Treasury Department indicates.

As for the interest charges, which are close to \$34 billion a year, they account for no less than 10 percent of all Federal spending.

The Water District urges every eligible voter to do his part in selecting the District's governing board. The foundation for equitable groundwater conservation is public participation.

# Taxpayers Ask IRS

This column of questions and answers on federal tax matters is provided by the local office of the U.S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

Q. I bought several tickets to a concert performed for the benefit of a charity. Are the cost of these tickets deductible as a charitable

A. The payments for admission or participation in any benefit performance, banquet, charity ball, etc., for a qualified organization are deductible only to the extent they exceed the fair market value of the performance or other privi-

For example, if the concert would normally cost \$10, but the benefit cost \$20, you may claim the extra \$10 as a charitable contribution. If you claim the deduction, you must show that the payment is above the fair market value. Whether you use the tickets or

not has no bearing on the amount you may deduct.

Q. Is the tax on my utility bill tax

A. Generally, utility taxes are not deductible unless they are imposed at the same rate as the general sales tax, and are considered part of the general sales tax.

Q. I was married last month, but I am continuing to use my maiden name at my job and for other business purposes. Can I use my maiden name and still file a joint return with my husband?

A. Yes, but there are complications. When the joint return is processed, the IRS will file it under

the primary surname and social security number, which in this case is your husband's. There will be no record of a tax return filed under your maiden name.

Consequently, every year that you file jointly using your maiden name, you may receive a delinquency notice from the IRS.

Until the system is changed, the only way to resolve this is to follow the instructions on the delinquency notice and state that you filed a joint return with your husband. listing his name. Social Security number and your name.

Q. I recently made a profit from the sale of some stock I owned. I didn't withdraw the profit from my account, but used it to cover some earlier losses. Will I have to pay tax on the profit?

A. Yes. Profits are taxable as income in the year received, whether or not you withdraw them from the account. The fact that you used them to offset losses does not eliminate your tax liability.

### Drought Across Texas Hastens Range Decline

AUSTIN-Texas ranchers who graze their cattle on year. winter grasses are hoping the

new year will bring rain. Although grazing conditions are still holding up well, the drought across the state continues to worsen, Agriculture Commissioner John C. White

Decline in livestock condition has been noted only in East Texas, where grazing has been especially

In most areas of the state, however, livestock condition

is normal for this time of the

Wheat and oats are furnishing limited grazing. but rain is needed to maintain even the rather low stocking rates.

Ranchers in some parts of the state nave been feeding since early November. Feeding is expected to increase if adequate rainfall does not come soon.

Most summer forages have been killed by frost and freezes. In many parts of Texas, dry pastureland is causing a fire hazard.

## **Jaycees Hold Texas Boy's Ranch** Farmer's Auction January 17

On Saturday, January 17, 1976 a regional farmer's auction will be held at Texas Boy's Ranch located just 21/2 miles east of Lubbock, Texas on Liberty Road. Both farm machinery, tools, and live-stock will be on sale with the Ken Bozeman and Jack Aufill Service donating their auctioneer and clerical fees

to the boy's ranch. Jaycee Chapters through out West Texas are cooper-

ating with this venture with the Lubbock Jaycee Chapter acting as the coordinator for this first annual farmer's auction. "It's important for the farm and ranch community throughout West Texas to know of this farmer's auction on January 17th, and the benefits that it can provide the farmer and the youngsters at this new ranch for troubled boys on the South Plains," explained Roger V. Engels, Executive Director. "We hope that the **IGHT WATCHERS** farmers from this area have had a successful crop this year and that they have inventoried farm equipment HAS A \$2.00 NEW YEAR'S GIFT and livestock that they need to auction off. We believe a January auction is ideally

> that needs to be sold before the spring thaw," stated the ranch director. This new boy's ranch on the South Plains will begin to expand its farm capabilities next year. Their second cottage is presently under construction and is scheduled for a late winter

completion.

timed for our agri-citizenry

to use in marketing both

equipment and livestock

The first cottage is at maximum capacity housing ten young ranchers and a full second cottage will obviously double the demand for meat, vegetables, milk and eggs. "A boy's ranch must present their youngsters with a 'work ethic' and match that philosophy with proper farm equipment and livestock," explained Sloan Fortenberry, board president. "Once a cottage is built, our major expenses shift to childcare and food is one of our major expense items. I hope our farm friends throughout West Texas will take part in the auction and help our

ranch become self-sustaining in essential foods." The history of Texas Boy's

Ranch dates back to December of 1972 when a group of prominent Christian men met to discuss the needs of a boy's ranch on the South Plains. Following months of investigation, it was decided to proceed with the organization of a board of directors and to locate land for the ranch site.

In September of 1973 local rancher Edwin Forrest donated 320 acres of prime land and TBR's priority became the funding and construction of the first cottage. For months the board membership covered the South Plains soliciting for the first cottage. They met with success and ground breaking occurred on September 12th with Lt. Gov. Hobby as guest speaker. The first cottage was finished in the spring of 1975 and the ranch was licensed by the State Department of Public Welfare in June.

The first youngster (rancher) entered TBR on July 1st and the cottage has since filled to capacity. A recreation building is almost finished and the Lubbock Lions Club has contracted to build the second cottage with completion expected to

be in late February. Texas Boy's Ranch is continuing to take applications for youngsters needing a boy's ranch environment. Once the second cottage is finished, TBR will act to fill the new second cottage as soon as possible. West Texas youngsters are given first priority for admission to the ranch. Children from out-ofstate are not eligible for consideration.

The Jaycee-TBR Farmer's Auction will be held on the

third Saturday in January and welcomes everyone to participate in the largest farmer's auction in West

> CONSUMER FOOD NEWS

College Station - "Tom Turkey" held the meat-buying spotlight in Texas grocery stores last month, and he may be asked to do a repeat performance for the Christmas holidays, one

home economist predicts. Part of turkey's economy is due to the high price of ham, Mrs. Gwendolyne Clyatt said.

The consumer marketing information specialist is with the Texas Agricultural Extension Service. The Texas A&M University System. Of the pork situation, she

said that commodity is listed as being in "light supply" for the eighth straight month, which means less than adequate-and not enough for normal needs." "In spite of that, many

stores offer good values on Boston butt, center-cut chops and roasts, quarter loin (sliced), frankfurters, liver and roll sausage." Beef prices are unstable

this week-with only certain cuts featured at special prices. These generally include chuck roast and steak, round steak, ground beef and boneless stew meat, Mrs. Clyatt said.

In other poultry department sections, fryer chickens are in good supply with attractive prices-but egg prices are about the same as last week and may go higher, the specialist reported.

Grocery specials throughout the stores are wide and varied-with tuna, peanut butter and rice heading the list."

Of fruit buys, Mrs. Clyatt described December as the "peak month" for tangerines and tangelos-while orange and grapefruit supplies are making seasonal gains and reflecting lower prices. Other fruit economy focuses on apples, bananas, pears and cranberries.

Vegetable counter bargains include rutabagaswith good supplies expected to last into spring, along with sweet potatoes, cabbage, carrots broccoli, cooking greens, hard-shell squash and potatoes.

Often featured items at dairy counters this week are cheese slices, sour cream, whipping cream and cream HOLIDAY CHECKLIST

costly dried-fruit item in grocery stores at this time, with prunes the second lowest-followed by dates and figs. Light raisins are usually more costly than dark ones. In buying prunes, remember larger-size

prunes are more expensive. Pecan buyers can remember that a pound of shelled pecans yields about four and one-half cups of pecan halves, or three and three-fourths cups of chopped pecans.

Almond buyers can figure one pound of shelled almonds equals three cups of whole almonds, or one cup of chopped almonds.

Walnut lovers need to know that a pound of shelled walnuts yields four and a half cups of halves, or three and a half cups of chopped

-In buying shelled nutmeats, the small-size packages, such as three- or six-ounce sizes, cost more per ounce than the 10-ounce packages.

AUSTIN-A new recipe booklet, "Texas Vegetable Recipes," has been published recently, Agriculture Commissioner John C. White has announced.

The booklet contains eight recipes for preparing Texas vegetables. All recipes have been tested by the Texas Department of Agriculture home economist.

I am single and have never been married. Why would need life insurance?

There is always the possibility you might marry in the future and would therefore have dependents. This would probably be an economically good time, when there is more money available to acquire a life insurance policy for future needs. For the present, life insurance helps a person save regularly and persistently year after year. You know when your life insurance deposits are due and know that a definite amount is going to be saved by a given date. The more that is left to chance in a savings plan the greater the incidence of failure. In spite of thrifty efforts, many savings accounts are dwindling while the cash value in life insurance policies continues to

"The Life And

Times Of GrizzlyAdams"

Coming To

Capada Sun International's "The Life and Times of Grizzly Adams," the fictionalized portrayal of the life of James Capen Adams, mountain man and grizzly bear trainer of the 1800's will open a limited engagement at the

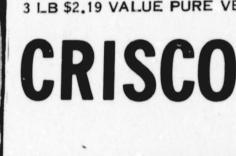

Capada Theatre in Floydada on Thursday, January 8. The film stars veteran actor and anima! trainer Dan Haggerty. It conveys the touching and often amusing story of a man who discovers the beauty and simplicity of nature while learning to make the wilderness his home. Supported by Don Shanks and Margie Harper, Haggerty's role also involved working with a 450 pound grizzly bear named Bozo who plays the part of the

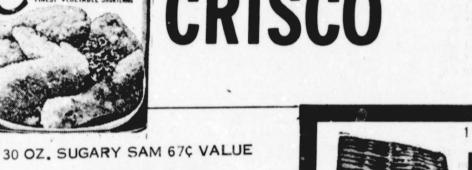

animal that accompanied

decision-making meetings in the bureaucracies are open to public attendance. So are all Committee meetings and Conferences of the Congress unless a majority specifically votes to close them.

Both these laws and rules have merit but also have some contradictions. It appears perfectly good that there should be openness in all official proceedings. At the same time there is restriction on disclosures of a private nature. Impetus for both these notions have been encouraged by certain alleged incursions on privacy of one sort or another by the F.B.I., the C.I.A. and other investigative agencies.

Committees of the Congress have had a field day in trying to investigate everything which generates publicity. It is a wonder at this Christmas season if some Committee would not report that three elves, a half-dozen or so reindeer and a fat man in a red suit did not, on last evening, make illicit entry into private homes in the cold predawn. They would probably assert that it placed a pall over the Holiday season.

Some members of that investigating committee. happily basking in the television lights during a break in the hearings, might intimate that further regulations could be expected. Although spokesmen refused to elaborate, a reporter might say that it was understood that Committee Members were being issued cold-weather gear and had

sion Service. One change involves investment credit, which was increased to 10 percent for 1975 and 1976. Several permanent changes have also been made regarding investment credit. Also, individuals with anannual income between-\$4,000 and \$8,000 are eligible for a refundable tax credit on all earned income. In addition, the standard deduction has been increased to 16 percent for 1975, and taxpayers can claim an additional \$30 tax credit for each exemption. Changes have also been made in child care expense deductions and in the amount of income needed before filing a tax return.

## Letter To The Editor

I am seeking men and officers who served aboard the mighty aircraft carrier, the U.S.S. TICONDEROGA. Every man who ever served on this fine ship is entitled to join our group. We will be having our next Annual Reunion this coming May at Ticonderoga, New York.

If interested, and for more details, write me, giving your rate/rank, the Division or Air Group, and year(s) on board.

> James H. Morgan, Jr. Big "T" Veterans' Association Waterside Lane So. Berwick, Maine 03908

## We built the world's largest car insurance company on low rates and good

It seems when you consistently offer better service and protection, at low rates, the word gets around. Drop by or give me a call. You'll find there's a world of difference with State Farm.

FLOYDADA

December 30, 1975 We will soon be entering a new year. We have been writing the Lakeview News for eight years, if for any reason we have failed to contact anyone living in the Lakeview area and you would like to be in the news we would appreciate it if you

gave us a call. Sunday, December 21, the children of Mrs. M. J. Mosley of Crosbyton met at her home for their family Christmas dinner. Those attending were Mr. and Mrs. M. A. Powell and Mr. and Mrs. J. C. Largent, all of Pampa, Mrs. Gladys Crawford of Crosbyton and Mr. and Mrs. Homer Newberry. Monday, December 22,

Mr. and Mrs. Homer Newberry were dinner guests in the home of Mrs. W. C. Sims in Floydada. Others there were Mr. and Mrs. H. L. Newberry of Oklahoma City, Mr. and Mrs. Phillip Newberry and children of Wilderado, and Mrs. Ina Hammonds.

During the Christmas holidays visiting in the home of Mrs. R. C. Smith and Floyd were Mr. and Mrs. Foy Smith of Levelland; Mr. and Mrs. Roy Smith, Mr. and Mrs. Travis Dunn and Jean, Mr. and Mrs. Bill Howard and Mrs. Teddy Givens all of Plainview; Mr. and Mrs. Dale Smith, Shawn, Shannon and Sharon of Bayfield, Colorado; Mr. and Mrs. Darrell Dunn, Rob,

Reagen and Jayna of Ralls; Mr. and Mrs. Weldon Jones of Hale Center; Dicky Jones of Austin; Mr. and Mrs. Jerry Bob Harrison, Kay, Marty and Amy of Lubbock; Mr. and Mrs. Max Harrison, Debbie and Tracy of Floydada; Mrs. Rex Harrison and Brandon; Mrs. Ronnie Smith, Stacy and Andre, Mr. and Mrs. G. W. Smith, Mr. and Mrs. Bill Smith, Mr. and Mrs. D. C. Harrison, Mr. and Mrs. Milton Harrison and Kim

Harrison, who was home

from Tech. Christmas eve Mr. and Mrs. Floyd Anderson had their children at their home for the family tree. There were Mr. and Mrs. Jerry Leatherman, Stacy, John and Ludustia, Mr. and Mrs. Ted Anderson, Angie, Quint and Libby and Floyd's mother, Mrs. A. W. Anderson. Christmas Day for dinner all of the above named except Mrs. A. W. Anderson met again at the home of Mr. and Mrs. Floyd

The night of Christmas Day a group of the Leatherman family met at the home of the parents, Mr. and Mrs. C. M. Leatherman for their family Christmas tree. There were Mr. and Mrs. Royce Leatherman, Kelsey and Kiesha of Midlothian; Mr. and Mrs. Ricky Leatherman of Amarillo; Mr. and Mrs. Edwin Leatherman, Michael and Tammy of Floydada; Mr. and Mrs. Jerry Leatherman, Stacy, John and Ludustia and Mr. and Mrs. Ted Anderson, Angie, Quint and

Friday, December 26, all of the above named were again at the Leatherman home for their Christmas

Mr. and Mrs. D. C.

Mr. and Mrs. F. D McClintock and Mr. and Christmas Day and were children, Amy and Bryan.

Monday night, December 22, Mr. and Mrs. Lesol Parker had supper and Christmas gift exchange in the home of Mr. and Mrs. Tuesday night, Mr. and

Mr. and Mrs. Henry Price went to Waurika, Oklahoma Christmas to visit her sister, Mrs. Bessie Jones. Mrs. Jones' son, Richard Jones of Dallas, was home for the holidays. Mr. and Mrs. Price returned home Friday.

Mr. and Mrs. Henry

the home of their parents for Christmas. Phil will spend all of the holidays at home. Mr. and Mrs. Rudolph McCurdy and Phil, Mr. and Mrs. Millard Watson and Mr. and Mrs. Dean Watson and girls from this area and a large number of other relatives met at the home of Mr. and Mrs. Morgan Paul in Lubbock Christmas Day. There were 27 of Mrs. J. H. Watson's children and gra-

ndchildren present. December 24 Mr. and Mrs. Q. D. Williams and Monte went to Truscott to the home of her parents, Mr. and Mrs. Edgar Jones where they stayed until Friday visiting in that area with relatives. They also visited her sister, Mr. and Mrs. Jack Brown and at Crowell with her brother, Mr. and Mrs. Vernon Jones.

Others at Truscott for Christmas with the family were the Williams' other children, Mr. and Mrs. James Williams and son, Austin of Midland, and Nancy and Andy Goodwin of

Mr. and Mrs. Charles Miller and sons returned to their home in San Antonio after spending a week here at the Muncy ranch and seeing after the Q. D. Williams home while they

Mrs. Ervin Brewer of Lubbock brought Monty and Latonya Brewer and Terry Mooney to spend the week here with Mr. and Mrs.

**NO VIRGINIA** MONEY **DOES NOT GROW ON TREES** 

Money doesn't come easy! In order to continue uninterrupted, dependable and adequate service, it's necessary that we replace old, worn-out equipment with newer, more efficient

facilities. Included are power plants which, these days, require very expensive pollution control To take care of such requirements over the next five years, we'll need \$389 million dollars. Of this

amount, we'll have to borrow \$252 millions of dollars . . . a financial challenge that we'll overcome. No Virginia . . . money does not grow on trees . . . it only comes the hard way.
