Emcee for the banquet was Coach Wilson, invocation was given by Coach Rollie Rinker.

Featured speaker was Spike Dikes, assistant football coach at the University of Texas. Dikes gave the audience a "Recipe to be an All American." His five points of the recipe included: 1. Want to, 2. Care, be proud of what you stand for, 3. Be yourself, when the going gets rough, the tough keep going, 4. Hang in there, and 5. Hold the rope.

In prefacing his remarks Dikes complimented the Whirlwinds on being winners and explained why his job was so hard in scouting players for the University of Texas. "There are 1,031 high school football teams in Texas and we are only allowed 30 scholarships," Dikes explained.

THE FIRST DAY WE WERE in Philadelphia we noticed an all day "Mummers Parade." I was amazed how the people in the parade endured the 17 degree weather and cold cold wind. The decorations were on the Bicentennial theme and really many outstanding floats and costumes were

A WORD FROM **OUR CHEERLEADERS**

Hey, all you Whirlwind fans it's time we get together and get behind the Whirlwinds and Whirlettes in basketball action. Friday night the Winds begin their climb for District champs as they play Abernathy here. The girls also play Abernathy with high hopes of knocking them out of the District title which Abernathy is favored to win.

These will be crucial games for both Mean Green teams and they really need the support of the townspeople, so let's pack the gym Friday. Girls begin play at 6:30 and the Boys begin at 8:00.

The 1974 weather hurt crops, 1975's weather wasn't much better and long term forecast doesn't give any better odds for perfect weather through 1976, but farmers say "we'll make it, just like before."

Think of it this way, at least we didn't have to get out and milk cows the morning it was 8 degrees and the chilly wind blowing 35 miles an hour. I believe that would have been the hardest half days work outdoor people could have recalled in many a year. Normally it wouldn't take some people a half a day to milk a few cows, but it would me. Somehow I just never mastered that art.

I read in a 1944 issue of the Hesperian that shoes were rationed and stamps were being issued. Everyone was digging out their "out of style shoes," shining them up and buying new shoe laces if they called for such. It would be terrible if they were rationed now. I guess I would have plenty to last me several years, but not making shoe sales, sure would put a damper on a

There are other trends in our society, besides working motherhood, that contribute to the stresses on our

children. Among them: Urbanization - There is the over-crowding, poverty, and anonymity of our cities;

Affluence - That some times means children are pampered and spoiled and far too ambitious rather than being taught the basic moral and religious principles this country was built

Mobility - Our mobile society often deprives a child of roots, of the rewards of an extended family:

Complexity - Our lives have become more complicated and we begin to feel we have no control over our own destinies: Television - Violence in

programming isn't the only evil here. Just as serious is the passive nature of the entertainment. Children be-

the Soil Conservation Service Friday morning, several farmers on whose property the birds were hunted discussed measures that should be taken to discourage encroachment.

This year, a problem arose from a general shortage of good cover due to an earlier harvest season and an influx of an unusually high number of hunters, many from downstate and out of state.

Ainsworth's statement that he found one pile of 36 pheasant hens brought a murmur of shock and disgust from those at the meeting. "Somebody apparently was planning to come back and get them," Ainsworthsaid. He said some 500 hens were killed in the county.

The main problem stemmed from persons hunting without permission or crossing onto someone else's property aftering getting permission to

The weather has been too cold this week for our residents who love to take short walks to get outside. They really miss these walks as it is about the only source of exercise they have. It also caused us to miss

our field trip Wednesday.

We just can't take the chance of one of them getting sick from exposure. Maybe next week it will be nice and warm.

We had some real good devotionals and beautiful singing this week. God bless those who took part in them. We had activities in arts and crafts Monday through

Battey and Mr. and Mrs.

What a beautiful day! But Mrs. Jimmy Owens and Jason visited Mrs. Ola Warren Sunday afternoon. Later Mr. and Mrs. Fred

Thomas Warren came by. Mrs. Clay Muncy of Lockney visited Miss Vera Meredith Saturday and Sunday p.m. Mrs. Maudell Meredith of Plainview and Mrs. Clay Muncy also came as did Mr. and Mrs. Vernon Darden of Hereford, who came by Sunday p.m. to visit with the group. They were on their way home from Girard where they had attended a wedding.

Mrs. Charley Spence had a birthday last Thursday. She had visits from local relatives and friends, a birthday cake and phone calls from Sherman, where their son Orville and some of the grandchildren live.

Mr. and Mrs. Milton Mensch of Lubbock visited Saturday with her parents, Mr. and Mrs. Hal Thomas, who, along with Bill Thomas of Lockney, were in Post Sunday visiting in the home of the men's sisters.

Early Friday morning Shelby Cook, son-in-law of Fred Battey, passed away in the Baptist Hospital in Amarillo following a stroke suffered in Fort Worth some two months ago. Among relatives and friends of the family from this area who attended last rites in Amarillo Saturday p.m. were Mr. and Mrs. Fred Battey, the Thomas Warrens, the Bob Aldredges, Mrs. Lucille Custer, Mr. and Mrs. Olin Watson Jr., and Mr. and Mrs. Otis Anderson, Mr. and Mrs. Doug Galloway, Mrs. Evelyn Huggins and Sharron, Mr. and Mrs. Orville Newberry, Mr. and Mrs. William Bertrand and

Mr. and Mrs. G. W. Smith. We sympathize with the family as well as the Daniel

family and others in sorrow. Mrs. Elmer Warren spent Friday night with her son, John and family near Lubbock, returning home Saturday p.m.

Mrs. Elmer Warren visited Mr. and Mrs. Wade Warren Sunday. The Wade Warrens and the Elvis Warrens are shut in with

One day last week relatives of Mrs. Claud Carpenter and Mrs. Leo Frizzell met in a Lockney restaurant to honor these two on their birthdays. Present for the dinner were Mr. and Mrs. Marion Carpenter, Mr. and Mrs. Claud Carpenter, Mr. and Mrs. Eleo Frizzell, Mrs. Leo Frizzell, Mrs. Ava Jackson and Mrs. Elmer Warren. Congratulations, ladies, on passing another milestone.

Mr. and Mrs. Gordon Mayfield are home from Arkansas, North Little Rock, from the home of their son, Eugene. The Christmas holiday was changed to an errand of mercy when the daughter-in-law became ill. Mrs. Eugene Mayfield was doing better when the parents left.

We have a call today from Mrs. Ruth Jordan Moss of Mesquite, on furlough, to say they can be with us at Calvary Baptist Sunday evening, January 25. A service and slides picturing their missionary work in Mexico. Come if you can.

This short "Center News" means Ma Green is enduring a cold, but better today.

Boat Titling Aid To Owners And Officers

Lubbock - The new Texas boat titling amendment effective January 1, 1976, should assist both owners and law enforcement officers in identifying, incuring and recovering boats and motors in Texas.

The new law will require that any new or unregistered motorboat in excess of 14 feet and any new outboard engine of 12 or more horsepower have a certificate of title from the Texas Parks and Wildlife Depart-

All P&WD offices now have the new forms for certificate of title and whether for motorboats or outboard engines, the cost will be \$2 for each.

"A person registering a new motorboat in excess of 14 feet with an outboard engine of 12 horsepower or more will have to complete three pieces of paperwork,' said Ted Wheelis, Lubbock regional enforcement super-

"First, register the boat for the 'TX' numbers; second, apply for a certificate of title on the boat and third, apply for a certificate of title to the engine,'

Wheelis continued. A "manufacturer's state

ment of origin" must be obtained from the marine dealer for the boat and motor and brought along to the P&WD office at the

same time. Any motorboat less than 14 feet or engine less than 12 horsepower may be titled if the owner wishes to obtain a certificate of title even though this procedure is not required by Texas law. However, application for TX' numbers for these boats and motors is still

required. The resale of a currently

TEXAS ARBOR DAY-Texas Arbor Day is January 16 and all Texans are encouraged to plant a tree to preserve the environment, says a landscape horticulturist for the Texas Agricultural Extension Service. Trees provide lumber and shade, act as barriers to reduce noise levels, and serve as giant air cleaners to filter out dust. Trees should be planted that are suited to the particular area. Trees are usually in prime condition for transplanting at this time of the year, and the chances for success are greatest since roots can become established before

top growth occurs.

registered boat requires a bill of sale from the owner. If the 'TX' registration number is expired, it will be necessary to telephone Austin headquarters to determine if the number is available. The applicant must pay for the telephone

call in addition to registration and titling fees. All boats in excess of 14 feet and all outboard engines

of 12 or more horsepower will have to be titled when sold or transferred from one owner to another. More information is avail-

able at either the Amarillo office (806) 355-9246 or the Lubbock office (806) 744-
