Floydada Sheep Showmen

Take Four Out Of Five

A couple of Lockney boys showed the grand champion steer and barrow at the Floyd County Junior Livestock Show in Floydada this week.

Floydada boys won four of the five classes in the sheep division. Byron Brock's 1036 pound heavy class Hereford was selected grand champion by judge Bob Kropp of Oklahoma State University. Brock is a Lockney 4-H boy. Kropp then selected the heavy weight cross breed steer of Todd Beedy, a Floydada 4-H boy as reserve steer champion. It weighed 1134 pounds.

Buddy Wiley, Lockney FFA boy showed the grand champion barrow, a heavy weight 245 pound Duroc. Swine judge Ronnie Dennis of Kress then picked for the reserve barrow champion the 234 pound heavy cross breed of Kenneth Rogers. Kenneth is a Lockney FFA boy.

SHEEP WINNERS

Sheep division judge Calvin Helm of Nolan, Texas selected the following lamb grand champions:

- Fine Wool, 114 pound lamb of Mike Allen, Floydada 4-H.
- Fine Wool Cross, 101 pound lamb of Jeff Bayley, Lockney FFA.
- Shropshire, 95 pound lamb of Tracy Womack, Floydada FFA.
- Southdown, 96 pound lamb of Dean Hinton, Floydada FFA.
- Suffolk, 121 pound lamb of Greg Jones, Floydada FFA.

Sheep reserve champions were selected as follows by Helm:

- Fine Wool, 90 pound lamb of Gary Vick, Floydada FFA.
- Fine Wool Cross, 104 pound lamb of Jeff Bayley, Lockney FFA.
- Shropshire, 98 pound lamb of Jay Womack, Floydada FFA.
- Southdown, 86 pound lamb of Earl Brosech, Lockney 4-H.

SWINE DIVISION

Swine breed champs are as follows:

- Berkshire champion Donna Dudley, reserve champion Marty Daniel.
- Chester White: D'Lynn Mathis, Joe Araujo.
- Duroc: Buddy Wiley, Mark Nutt.
- Hampshire: Susanne Sandstrom, Buddy Wiley.
- Poland China: Carleton Shaw, Amy Shaw.
- Crossbreed: Kenneth Rogers, Bob Smith.

Morton Takes Bi-District

Floydada basketball fans thought for some three quarters that they might see a miracle Monday night in Coronado gymnasium at Lubbock. However, the Morton Indians came on through like their state ranking indicated and defeated the Whirlwinds 70-58.

Coach Rollie Rinkers' Winds appeared pretty nervous the first quarter as they made some bad passes with Morton leading 11-6. The first period was just one big turnover as the Indians had 10 misses and Floydada 8.

At halftime the Whirlwinds were beginning to get the feel of the game and were trailing only two points 27-25. At this point it looked like they were not only maintaining the scoring necessary, but were defending the strong Morton offense.

Working on into the third quarter Floydada led 31-28 with 5:35 remaining, 33-32 with 3:42 remaining, 37-32 with 3:03 remaining in the quarter. However, the Indians began to "put it together" and were leading 48-42 at the end of the third quarter.

As expected, Morton's great Mike Williams wound up top scorer with 31 points.

The Whirlwinds had a big following of fans who cheered their team throughout the game. The Morton fans were unusually quiet for three quarters.

The Whirlwind scoring was pretty evenly distributed: Elton Ratliff 13, Michael Curry 12, Steve Moore and Kelvin Ratliff nine each, Ricky Carthel seven, Donzell Minner six and Mickey Minnett two.

Kelvin, Michael and Steve fouled out in the last quarter.

COACH'S COMMENTS

"I feel like Morton had a lot more respect for the Whirlwinds Tuesday morning than early Monday . . . this was certainly one of our better ball games and I was just real proud of our boys. I thought our team showed a lot of poise and really hung in there when they were as much as 19 points behind," coach Rinkers told the Hesperian Tuesday morning.

MOST OF TEAM GRADUATING

The bi-district game was the last FHS game for the graduating seniors . . . which includes just about all the team: Curtis Smalley, Royce Chadwick, Jerry McGuire, Michael Curry, Donzell Minner, Kelvin Ratliff, Elton Ratliff and Steve Moore.

ney Ratheal, medium weight, Joe Araujo, heavyweight, D'Lynn Mathis.

Duroc: Lightweight Lawayne Strickland, medium weight Karen Mathis, heavy weight Buddy Wiley.

Hampshire: Lightweight Buddy Wiley, medium weight Susanne Sandstrom, heavyweight D'Lynn Mathis.

Poland China: Lightweight Jeff

Bertrand, medium weight Amy Shaw,

heavy weight Carleton Shaw.

Crossbreed: Lightweight Van Miller, medium weight Bob Smith, heavy-weight Kenneth Rogers.

STEER WEIGHT CLASS WINNERS

Angus: breed champion Ricky Hrbacek, reserve champion Ty Williams. Hereford: breed champion Byron Brock, reserve champion Kyle Brock. Crossbreed: breed champion Todd Beedy, reserve champion Sheila Hrbacek.

This newspaper will publish complete listing of all animals that sold in the Wednesday afternoon auction, complete with buyers and premiums in the Sunday edition.

Strong Winds Blast Bank Roof

By Wendell Tooley

If you thought the expansion job on the Floydada First National Bank had it in bad shape last week, you should have seen it Saturday morning, after a strong wind lifted about half the roof along the northside.

The wind blew all day Friday and at an unknown time Friday night blasted through the temporary north wall and crashed the north half of the roof into the bank. The desks of Tommy Farris and Frank Barrow were demolished.

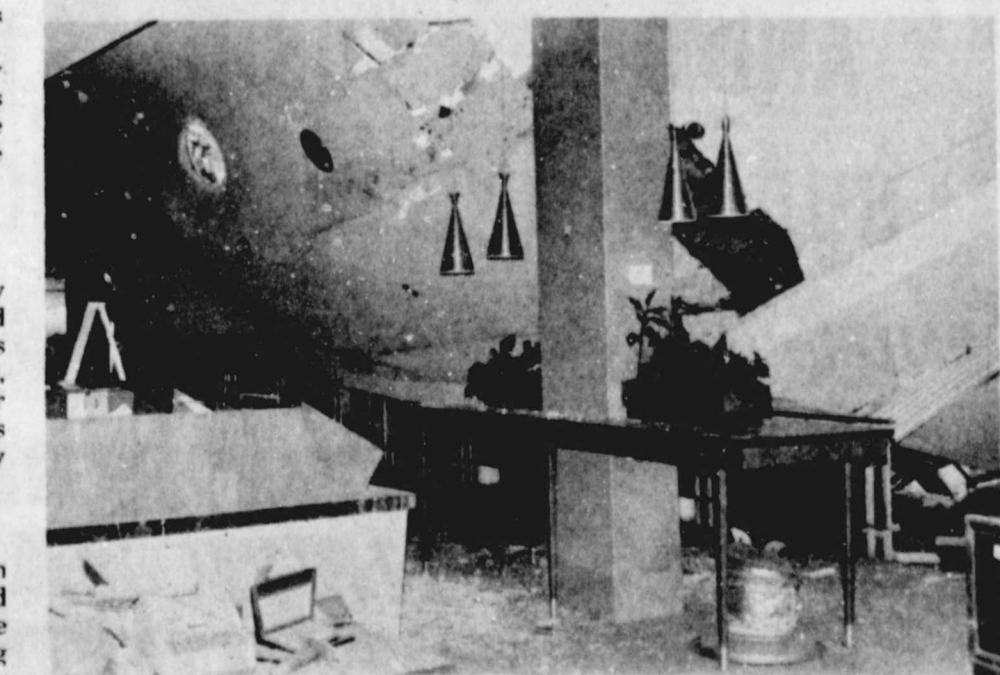

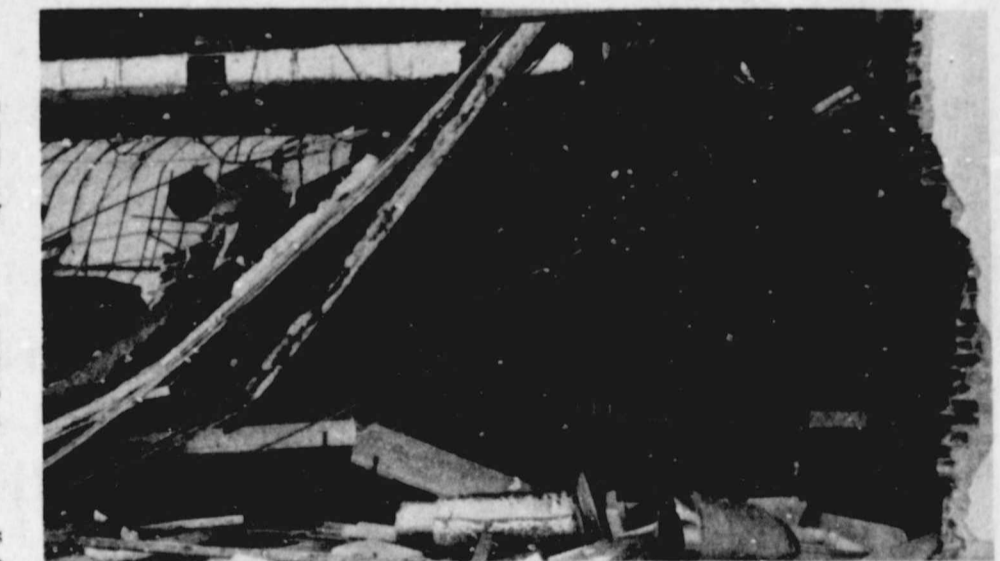

"Had the roof fallen during business hours Friday, someone might have been killed or seriously injured," Farris told a Hesperian reporter.

The damage was discovered early Saturday morning by bank employees Reta Pierce and Margie Fowler. The contractor for the expansion job came along shortly after.

Bank personnel worked all day Saturday and Sunday to get desks and files back in order to resume business Monday morning. Bank officers Farris, Clay Henry, Barrow and their secretaries were seeing customers Monday morning in the community room at the rear of the bank.

"Since we had the wall already torn out of the north side, the unplanned roof damage will only delay the contractor about a week on finishing the job," Farris said.

"Not one scrap of paper was lost from our desk tops, drawers or files," bank president Henry said.

I SUSPICION THE Morton basketball coach was wishing about the middle of the third quarter Monday night, when his team was lagging five points behind the Whirlwinds, that he had scouted the Whirlwind team before the bi-district play-off.

We lost the game . . . and we lost to a good team . . . possibly the state champs-to-be. We can still be proud of our Whirlwinds for winning the district championship for the first time since 1959 and we were especially glad to see coach Rollie Rinker so successful his first year at Floydada and his first year to coach a varsity team.

It is interesting to note that Whirllette coach Sally Miller won district the first year she was coach here.

MONDAY NIGHT was one of those typical Floydada nights . . . Keith had one camera at the fat stock show . . . I had the other at the basketball game . . . and we still needed another to cover the Pack 357 Blue and Gold banquet. However, we have a good story covering the Cub banquet, which wound up with 158 in attendance.

Letter To The Editor

I think it has been proven that we need to know more about the people that we vote into Public office. I know I would appreciate any information I could get on someone in my voting district.

I am writing in regard to your sheriff that is running for re-election. I have known him all his life. My son and he were classmates all through school. I've known his family for years. They are good solid Christians, as the twig is bent, so the tree grows. "Bud" Haines as we know him was never involved in any of the things teenagers usually get into. He didn't drink or smoke - nor drive recklessly. He was quite and well-mannered. I'm not saying that his opponents aren't all these things too. I don't know them. I'm just telling you the background of your candidate for re-election. We need good Christian people in our public offices and I think the old saying, "Bring on a child the way it should grow and he will not depart from the way" still applies to us today.

Thank you.

tion: 28 million copies of his "Child Care," have been sold in 1946. Figuring the and one-third children per you could round it out at that at least one out of every able handful, that's over 93 ng today who were brought the precepts of Dr. Spock, as in 1946.

But now Dr. Spock says, "The way I was thinking before is not the way I'm thinking now," so he has re-written the book to reflect this change in attitude.

Do you realize what this means? There are 93 million people spread out over the country who now have to be called back in and trained all over again. All that stuff they were brought up on, with their mothers patting their back for colic with one hand and holding their copy of Dr. Spock in the other, has now been re-called.

You stop and figure, if 93 million out of our population of 200 million were trained wrong as babies, what else could you expect than to find the country in the shape some people claim it's in? No wonder the country's got problems.

Changing the subject, I notice that Henry Kissinger has been complaining again about leaks, but unless somebody leaks his papers, how would the State Department ever find out what our foreign policy is?

Is there a preplant herbicide that goes easy on cotton? Yes.

Tolban™ treats cotton so easy it lets the crop get off to a good start in a cool, wet spring. It doesn't put extra stress on young cotton plants as they are getting started.

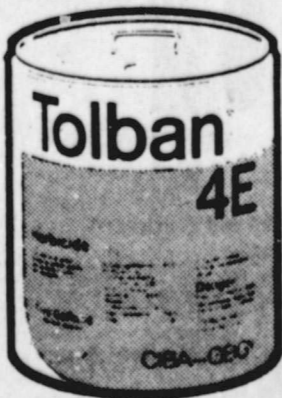

It also does the other things you've come to expect a preplant to do - kills most of the grasses that compete with cotton. And some annual weeds...

When you put it on early, it goes to work early... And it keeps on working the weeds through the season.

Everything you expect from a preplant herbicide. And it even goes easy on your crop. Tolban. Try it yourself, and see.

Cory Kemp Honored On Birthday

Cory Kemp, son of Mr. and Mrs. Sammy Kemp, was honored with a birthday party, Saturday at the family home in Floydada, to celebrate his third birthday which was February 19.

Guests were served punch, ice cream and birthday cake decorated with "Bugs Bunny" and "Porky Pig" which was the theme of the party. The table, with hanging balloons was laid with a tablecloth of the cartoon characters with matching cups and napkins. Crystal and gold plated silver were also used. Party favors consisted of suckers, gum and candy wrapped in white net and pink and blue party hats.

Attending were Cory's first cousins, Cody and Brad Kemp of Lubbock, Branda and Jodee Breed, and Danny, Kenny, Wylie and Donna Crawford all of Floydada and his brother Joey who helped him open his presents.

Special guests included three of the birthday boys grandparents, Mrs. Stanley Edwards, of Crosbyton, Mr. and Mrs. Ruben Kemp of Ralls, and aunt, Mrs. Larry Ferguson of Floydada, and an aunt and uncle Mr. and Mrs. Mike Kemp of Lubbock. Another mother present was Mrs. Joe Mack Breed of Floydada. Cory's daddy also helped him celebrate.

supplies to the settlers. Why did people come to a seemingly barren land? Mostly it was the younger ones who had a spirit of adventure and a desire to acquire cheap land. Some came for health reasons, also, as they thought the high, dry climate would alleviate their ills. Many died before reaching their destination.

Many wild animals roamed this country at that time, some large ones as well as the smaller ones we see today. The canyons near Floydada played quite a part in the early days as they provided some shelter and some relief from the never ending Plains. The pioneers lived with many fears, some of them being Indians, snakes, fire and loneliness. Fuel was very hard to come by so just about anything that would burn was used in stoves and for camp fires.

The county progressed quite rapidly due to the hardy spirit of its settlers and soon schools and colleges were established, as were churches. From these things our county is as we know it today.

At the close of her talk Mrs. Murff asked each person present to tell when and why she came to Floyd County. Everyone had a different story and it provided an unusual ending to a very interesting and informative evening.

The hostess served a most delicious refreshment plate to members, Misses Menard, Field, Porter, Walton Hale, Walker, Melvin Byrd, Ned Bradley and guests Mrs. Murff and Mrs. Joe Platt.

Yet the tradition has managed to survive. Schools of higher education promote temporary role reversals by sponsoring Twirp Weeks which give interesting opportunities. On the government side the Equal Rights Amendment bill being passed could make the custom common practice and legal.

Bicentennial Year Celebrated

By Students At Duncan School

Duncan Elementary School celebrated the Bicentennial year on the appropriate date of George Washington's birthday.

Students were visited by an American Bicentennial legend, Betsy Ross, alternately portrayed by Mrs. Kim Hinsley and Mrs. Randy Bertrand. They wore a colonial costume while stitching on a flag as the

story was told of the day George Washington visited Mrs. Ross to design and create the First Flag of the new Country. The Flag the women used was a quilt top made by Mrs. Bertrand.

Each class celebrated with a birthday cake and party for George Washington and America. Some classes made special decorations and party accessories, such as posters or placemats.

The school had planned previously to plant a Bicentennial tree bought by the students, but due to unsettled weather this portion of the celebration was postponed.

ACCORDING to the Texas Almanac, Daylight Savings Time returns Sunday, February 29th, and the first day of Spring is just around the corner, March 20th. Do you know what the recipe for Spring is? Take a half dozen robins, some sparrows, one callent mockingbird to sing outside your door; a carpet of green velvet, with patterned flowers; the swing, dip and sway of maples; a bit of dogwood's white; the purple pink of red buds; the splendor of the sky; the haunting scent of lilac; and the fleecy clouds on high. If you stir all them gently, and mold them in your heart, you'll have the sweetest spring-time that you've ever known. Though everyone will share it, it still will be your own.

Refreshments were served by Mrs. Cannon and Mrs. Mize consisting of Caramel Nut Pie, soft drinks and coffee.

Mrs. Dub Hallmark introduced Mr. Zorger, volunteer fireman and ambulance attendant. He holds the certification of Emergency Medical Technician and is also an instructor in Coronary Pulmonary Respiration for the Heart Association. Mr. Zorger informed the club that in the past 50% of the people who were picked up by ambulance drivers were dead on arrival and of the remainder, 50% of these were maimed for life. Therefore, the development of the paramedic, such as those seen on the television show "Emergency," is a reality today. He also stated that 270 people a day are killed in accidents in the United States, automobile accidents being the

The business meeting was called to order with roll call being answered with a "First Aid Tip." Mrs. Doug Meriwether gave the Bi-Centennial Minute. Federation membership cards were passed out to members and Mrs. Cannon welcomed new club member Mrs. Jane Kline. Mrs. Ted Carthel distributed forms that would enable individuals to record projects for reporting purposes.

Mrs. James Poole, International Affairs Chairman, gave members an assignment to bring an interesting news item about a foreign country to the next meeting.

Mrs. Paul Hrbacek, Texas Heritage, informed members of a monthly seminar at the Texas Tech Museum which will interview different personalities, some of which will be prominent Texans.

Mrs. Tom Essex, Federation Counselor, indicated

that approximately 24 letters had been mailed to Congressmen urging defeat of District of Columbia Council Bill 1-194, which would rescind the exemption of taxes on personal property for the Federation National Headquarters.

Mrs. Roy Turley reported that the Chamber of Commerce would not undertake the responsibility for heading a Lockney Bi-Centennial celebration. The Bi-Centennial committee will work up an itinerary with community club participation and approach these organizations seeking their support. Based on response, further action would be taken as to whether the project can be formally undertaken by Athena.

Further business included Mrs. Carthel investigating the possibility of having the research paper prepared by R. L. Knox published for circulation as a club project. The club would pay postage for the mailing of departmental reports and other special reports. A Crafts Auction would be held at the April 8 meeting. Also, members are to bring an item suitable for a Bingo prize to be donated to the Nursing Home.

Mrs. Murff Presents Early Day Program For LCC Members

Mrs. J. A. Arwine was guest speaker, Mrs. Murff presented "A Look At The Past." She began by telling of some of her experiences in early Floyd County, her home and her family. Since Floyd County is celebrating its one hundredth birthday along with our nation's two hundredth it is quite proper that local residents should have a special interest in our history. She said the county and area was actually "laid out" in 1874 but was not organized until 1876. Most of the early day homes were half dugouts or rough built houses of wood that had to be hauled from places as far away as Wichita Falls. Roads were very poor or non-existent and fences were few and far between. A great deal of time was required to bring needed supplies to the settlers.

THE following is borrowed and is the writer's own version of Leap Year. Where did this "leap year" business start, anyway? According to the earliest records, women held a plain of servitude, since evidently from the beginning of time, men wore the proverbial pants. Societies consisting solely of women were said to have existed in the third century. The queen of a western country, displeased with aristocratic daughters overbearing marriage, stepped over society's boundaries and proposed to the king of another country. The queen did not want to

Scout Fund Drive Over Half-Way

The South Plains Boy Scouts with a \$240,000 campaign goal are now at \$130,423 according to John Bradford, Council Chairman.

The District Divisions have just kicked off, Bradford stated. The Council Division, headed by A. C. Verner, has raised with 22 members. The Council is still working its remaining prospects.

The 35 communities of the Council will kick off between now and March 1. There will be over 6000 prospects in the communities phase, Bradford added. The communities have historically raised over \$30,000.

The Lockney Drive Chairman for Scout Funds is Thurman Davis with a goal of \$1,300.00.

The final phase, the families of Scouts, will kick off after March 1, Bradford noted. The Family Division goal is \$11,225.

The total goal is \$135,000 higher than last year because the South Plains

Council is not a current member of the Lubbock United Way. The United Way could not work out the budgeting differences in time for the South Plains Council to be included in this year's United Way Budget.

According to President Max Tidmore, the Scout Council will apply for participating membership in the Lubbock United Way for 1977.

When asked if the Boy Scouts were going to meet their goal this year, Bradford answered, "Yes, when you consider over half the budget has been raised with only 528 members and 10,000 prospects are still to be seen. I expect the drive to be completed and over the top by April 15. The pleasing thing is that during this all-out drive, the program of Scouting is being carried out and actually expanded in the 20-county Council."

Funds for the local Council are used to serve 300 churches, P.T.A.'s, civic clubs, veterans' organiza-

tions and other institutions who actually own the Packs.

Troops and Explorer Posts. The Council provides office services with four full-time clerks. The office maintains the registration and advancement records for the 10,000 boys and leaders currently enrolled. The Council has eight full-time professionals who provide the field training for the leaders. In addition, the Council maintains two year-round camps in Texas and a summer camp facility at Tres Ritos, New Mexico. The cost per boy in the South Plains Council which reaches from Lamesa to Tulia, the New Mexico State Line to Paducah has been less than any other Council in West Texas or New Mexico.

"I am sure the citizens of West Texas won't let our youth down in this most urgent need," Bradford concluded.

Farmers Union To Develop Tax Policy

Texas Farmers Union has announced that it is organizing a statewide panel to develop tax policy to assure the equitable distribution of the tax burden in supporting public education. According to the statewide farm organization, the present system of supporting public schools with property taxes imposes an unfair burden on farmers, ranchers and the rural communities.

The Texas Farmers Union Board of Directors, meeting in Waco last Saturday, approved the appointment of a 9-member School Tax Alternative Study Panel, which will be composed of one farmer from each of the nine organized districts in Texas Farmers Union. The Committee will have its first meeting in Waco the end of March for the purpose of organizing itself and to begin the process of gathering information.

"Farmers, ranchers and the economies of the rural communities are being damaged by the unfair tax load which is being imposed on

them by the present system of financing the public schools. Rural people are being obligated far beyond their ability to pay in support of their public schools, and the sources of wealth that should be tapped to support public education are being left untouched," Texas Farmers Union President Jay Naman said.

Naman went on to explain that the Farmers Union School Tax Panel is being established to "devise sources of income, other than taxes on property, that should be drawn upon to support our public school system. We need a system of taxation that will not tax the rural community beyond its ability to pay, and will give people in the rural areas a parity of education with city dwellers," Naman said.

In other action, the Farmers Union Board adopt-

ed a strong resolution opposed to deregulation of gas and condemned the votes of Texas congressmen who, according to the resolution, "have chosen to support the gas companies to the detriment of the consumers in their districts." The Board also unanimously adopted a resolution supporting the traditional Farmer-Elected Community Committeeman System. It applauded the U. S. Senate-passed resolution supporting the system.

Finally, the farm organization questioned the proposed Fort Hood expansion. The resolution stated that the facts must prove imperative need to justify the disruption of so many families. Farmers Union supports the "Our Lands-Our Lives" coalition that is representing the owners of land adjoining the military base.

VETERANS LAND PROGRAM NOT OPEN

February 11, 1976
Land Commissioner Bob Armstrong emphasized today that the decision to sell new bonds for the Veterans Land Program does not mean the reopening of the Program.

"The Veterans Land Board today decided to go to the bond market the first week in April if conditions are favorable. However, this does not necessarily mean that we will begin taking new applications as soon as the new bonds are sold," Armstrong said.

"We still have to work through this backlog of 3721 applications on hand before we can reopen the program to new applicants. Existing applications will use more than the available money we have on hand. The sale will let us handle all of the existing applicants plus about 300 more. If the sale is successful and we can get to market again in the Fall then we will be able to open up the program to new applicants."

Armstrong said he did not anticipate beginning taking new applications for loans under the program until at least mid-summer of 1976.

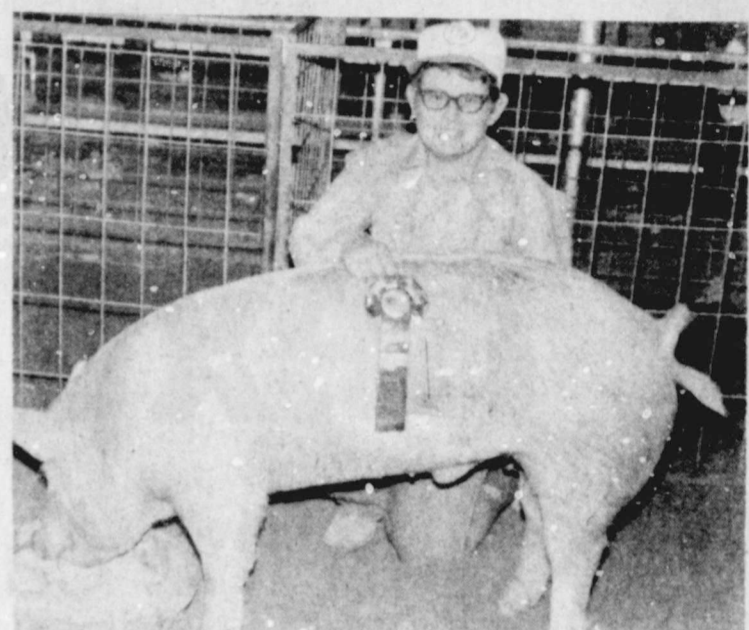

Armstrong explained that unless the processing of most of the applications on hand is completed before the program reopens, new delays will await veterans who may apply for loans.

Acceptance of new applications for Veterans' real estate loans under the program was temporarily suspended December 31, 1975. Bond money available for loans had been committed more quickly than anticipated because of an unexpected flood of applications.

More than 1700 applications were received during the month of December alone.

Armstrong said that more than 500 loans had been closed during the six weeks the program has been suspended and that his staff is increasing its percentage of closings each week.

"I am proud of the staff's efficiency in processing the backlog," Armstrong said. "But until the backlog is reduced substantially it won't be possible to take new applications. We will do so just as soon as possible."

THIS SIGN... ON A NEW HOUSE MEANS 40% OR MORE SAVINGS ON HEATING & COOLING COSTS

It has been known for some time that methods existed to insure the building of ENERGY EFFICIENT HOMES. But, inexpensive energy in the past made it logical to ignore the extra investment such a home would require. Now with energy costs rising, it becomes more and more important to use effectively every bit of energy we consume. THE TOTAL ELECTRIC ENERGY EFFICIENT HOME does this... and, it means, conservatively, a 40% reduction in heating and cooling costs.

THE CITY OF LOCKNEY, TEXAS ORDER AMENDING ORDER CALLING FOR ELECTION

WHEREAS, heretofore on the 5th day of February, 1976, the City Council of the City of Lockney ordered an election to be held in accordance with the laws of the State of Texas, such election to be held on the first Saturday in April, 1976, being April 3, 1976, to which Order reference is here made, and

WHEREAS, since the calling of said election by order of the City Council, Joe Zorger, a City Council member, has resigned his position effective as of February 16, 1976, and

WHEREAS, in compliance with Article 989, Revises Civil Statutes of Texas, the City Council has appointed Bobby McCormick, to fill such vacancy, and to serve until the next regular City election, and

WHEREAS, the Council finds that it is now more than twenty (20) days before said election, and that the Order calling said election should be amended in the following particulars.

NOW, THEREFORE, it is hereby ordered, resolved, and ordained, as an ordinance of the City of Lockney, that an additional place be included on the ballot at the aforesaid election so that the vacancy created by the resignation of Councilman Joe Zorger can be filled at said election.

The Council deems it advisable to follow the procedure outlined herein for the filling of the vacancy in that it will avoid the expense to the City of a special election.

The City Secretary and other officials and election officials shall take notice hereof, and all of the matters herein contained are so ordered and ordained. Further, the Secretary of the City is ordered and directed to cause this order to be published in a newspaper within the corporate city limits of the City of Lockney for two (2) successive publications, beginning with the earliest publication after the date hereof.

IN WITNESS WHERE OF, the foregoing Order, Resolution and Ordinance was duly and legally adopted by the City Council, to witness which find the signature of the Mayor and the City Secretary and the Seal of the City.

Seal Letters In Mail

Appeal letters delivered this week to Mr. C.J. Floydada, Floyd County Seal Representative. The Easter Seal Society offers physical and occupational therapy, speech and hearing programs, and special loans to enable disabled persons to make the best use of their abilities to overcome handicaps. These services are financed by the annual Easter Seal Appeal and Fall Membership Drive.

The Society finances public education programs, provides scholarships for training of professional personnel to staff rehabilitation centers, and helps provide for National research into the causes and cures of crippling conditions. Payne pointed out that all these programs are important if Texas is going to continue to provide the best in rehabilitation services for its own disabled citizens.

During 1975, the Texas Easter Seal Society provided treatment and services for 10,768 children and adults who were in need of assistance. Easter Seal services are available to any disabled person who can benefit from help provided by the Easter Seal Society, and who do not qualify for any other assistance. Self-mailing requests for assistance are available through the Representative.

The Easter Seal Campaign will continue through Easter Sunday, April 18.

The cat protects this year's cotton without hurting next year's sorghum.

With the cat you get complete flexibility to rotate crops next year. You don't have to worry about carryover injury to sorghum. And you don't have to worry about crabgrass. Panicums. Johnson-grass (from seed). Barnyardgrass. Signalgrass. Purslane. Pigweed (carelessweed). Lambsquarters. Or annual sparges either. The cat stops them every year. Rain or no rain. It's tough on weeds but very easy on your crop. Get the cat. In every can of PROWL® herbicide.

DUAL TALENT — Floydada senior Langston Williams will be making the switch from basketball to track next week. He has been WBC's "sixth" man in basketball and holds the school record in the 40 hurdles.

BOOKLET ON LAWN, ORNAMENTAL PESTS — With the spring season approaching, homeowners and gardeners must again be prepared to battle a host of insect pests. A publication by the Texas Agricultural

Extension Service can help in this effort. Titled "Insects and Related Pests Attacking Lawns and Ornamentals," the publication describes the different pests that feed on flowers, shrubs, trees and lawns in Texas. Successful

control of these pests depends on recognizing them and the type of damage they do, notes an Extension Service entomologist.

\$653.00 Worth Of Cakes Sold At Club Banquet

FHS DECA AREA WINNERS (l to r top row) Susie Towler, Terri Hesson, Ronnie Wall, Nesa Jackson and Keith Tooley. (front row l to r) Retha Bunch, Elaine Giesecke, Mary Ann Morales and Jerry Martinez. (Staff Photo)

Pack #357 had their annual Blue and Gold Banquet Monday night, February 23, at the Massie Activity Center. A total of 158 attended the catered barbeque supper made possible from last year's cake sales. Special guests attending were Boone Adams, president of the Floydada Lions Club, and Jerry Finley, Scoutmaster Troop #357.

A candle-lit ceremony emphasizing the 12 points of scouting and the pledge to the allegiance to the flag opened the banquet. Twenty cubs then received a total of 38 awards. A special award

was given to the retiring Mrs. C. E. Leatherman for her service as committee chairman.

The cake sale closed the banquet. A total of 33 cakes were auctioned by Cubmaster Jimmy McLaugh, Ray McDonald, Richard Thomas, Doug Galloway, and James McNeill. The 33 cakes brought a total of \$653.00.

Pack #357 has a total of 40 cub scouts, from them and their den leaders, thanks to everyone who worked to make the banquet a success. A special thanks to the Floydada Lions Club for sponsoring the scouting activities.

HERITAGE '76. A nationwide summons to recall our heritage and to place it in its historical perspective. Through HERITAGE '76 programs, all groups within

our society are urged to re-examine our origins, our values, and the meaning of America—to take pride in our accomplishments and to dramatize our development.

Floydada Band Students Will Participate In State Competition

Thirty-six Floydada Band students, and possibly 42 entries from Junior High and High school will go to state competition in May.

A third place trophy was brought home Monday by the Floydada High School State Band from contests in Roscoe. Six bands participated in the class with Floydada. Receiving first was Hamlin, and Commanche was second.

Band director Dennis Teasdale said the Floydada Band did extremely well due to the fact that at least half of his woodwind students

were unable to make the trip due to illness.

The State Band will be participating at 1:30 p.m. Saturday in South Plains College contest at Levelland.

In Lubbock Saturday the Monterey High School Band hosted 91 schools at the UIL Instrumental Solo-Ensemble Competition.

Seventeen college and high school adjudicators judged over 1,400 entries with the following Floydada students receiving the first division "superior": Floydada Junior High - Kristi Julian, piano solo, and Jett Cheek, trombone solo; Floydada High School - Shonda

Fulton, piano solo; Grant Hambricht, piano solo; Joe Covington, tuba solo; Kelly Turner, tenor sax solo; Tim Dyess, French horn solo.

Floydada saxophone quartets receiving superior included Susan Pierce, J. Royce Bradshaw, Kelly Turner and Ricky Strange; Tim Dyess, Cheryl Bearden, Suzanne Dyess and Roijon Adams, French horn quartet.

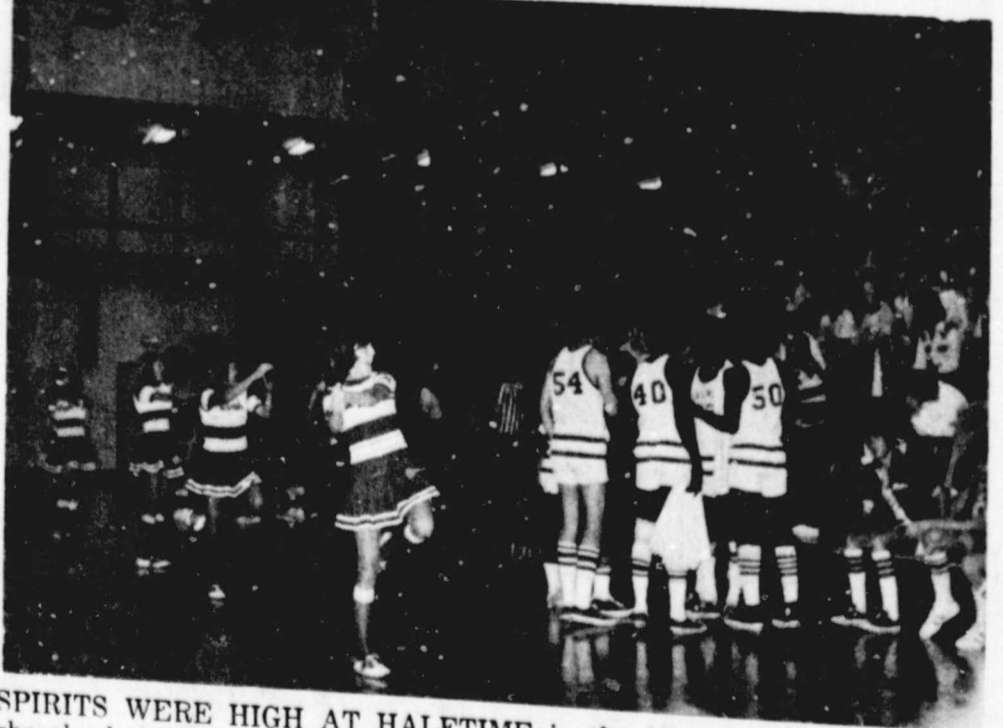

These students are now eligible to compete in state competition at Austin in May, as well as the High School Experimental group consisting of Laura McCulley, Lana Reed, Connie Welch, Rosemary Hardin,

Melinda Morton, Donna Chesshir, Tammy Payne, Patricia Anderson, Susan Pierce, Adeana Morris, Kelly Turner, Gary Hill, Suzanne Dyess, Cheryl Bearden, Derek Cheek, Angie Turner, Shannon Bell, Nancy Moss, Grant Hambricht, Layne Kirk, Tammy Chesshir, Joe Covington and Michelle Hesson.

In short and limited water areas, the device could not be used as effectively as in good water areas, since when one field is finished being watered, irrigation is started on another one or is repeated on the same field. However, the tensiometer could be used to indicate the need for the first irrigation.

Second place winners from Floydada included Jet Cheek, piano solo; Kary Helms, alto sax solo; Derek Cheek, French horn solo; Melinda Morton, Rosemary Hardin, Sylvia Bueno and Tracy Tyer, clarinet quartet; and a Junior High Experimental band consisting of 29 students.

Many first irrigations are started well before crops need additional water. The use of the device as an irrigation initiator could possibly save a farmer that one early irrigation or delay it until later in the growing season when the potential for yield increase is greater.

SPIRITS WERE HIGH AT HALFTIME in the Morton game as the FHS cheerleaders came out front of the crowded Whirlwind fans side of the Coronado gymnasium. (Staff Photo)

Device May Aid Farmers With Irrigation Costs

By JAMES ESTY
County Agronomist
PLAINVIEW (Special) — With today's sky-rocketing costs of irrigation, there is a tool that farmers could use

that might save one irrigation in early season and possibly another in the late season.

It is a tensiometer. It tells you at a glance the exact soil moisture at the depth at

which the tip is sensing. There is no guessing as to whether the crop looks wilted or a little stressed, no summer digging to look at and feel soil moisture.

Our Congratulations to the Fighting Whirlwind BASKETBALL TEAM

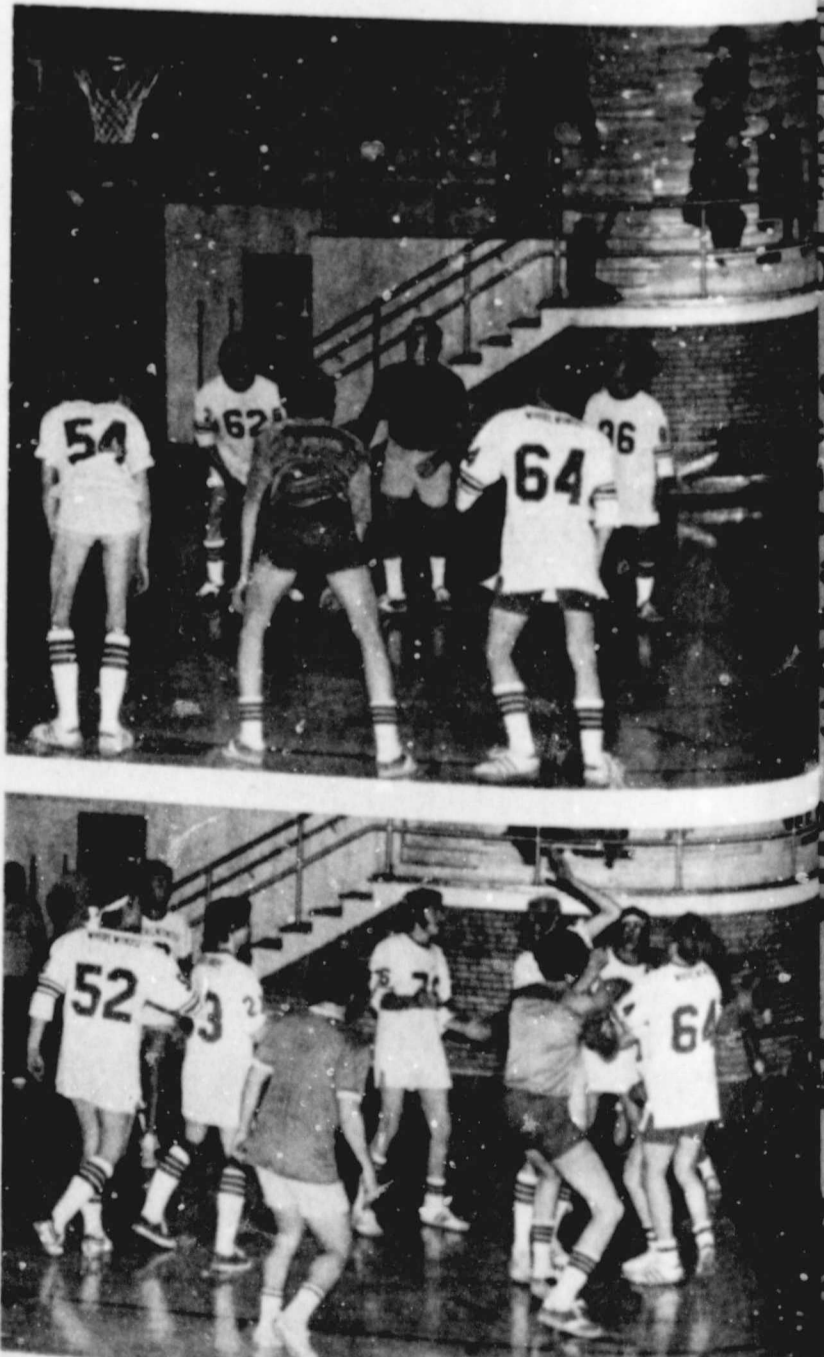

We're just mighty proud of FHS basketball coach Rollie Rinker and his fine varsity basketball team for winning the district championship and for the fine showing they made in bi-district play Monday night.

Tennis Club Salad Supper

The Floydada Tennis Club invites all interested persons to its first meeting for the 1976 year. This will be on Tuesday, March 2, at 6:30 p.m. in the Fellowship Hall of the First United Methodist Church in Floydada. A salad supper is planned, and those attending are asked to bring a salad. Drinks will be furnished. There will also be a nursery provided so that the whole family can come.

An interesting program has been arranged for by the club's program chairmen, Mr. and Mrs. Lon Davis, Dale Hayden of the Sport Haus in Lubbock will present a preview of 1976

WOULD YOU BELIEVE . . . the head varsity basketball referee can't straighten out the confusion. Who won? In lower trouble in dominating the game and winning hands down.

South Plains News

By Mrs. Murray Julian

February 23, 1976

Schools were closed all last week in Lockney due to colds, mumps, chicken pox and flu. Schools were not closed in Floydada, but many have been out with coughs and other forms of the flu. Mrs. Ruby Higginbotham from here was in-service at Lockney Schools, though, as teachers were at work even though schools were closed.

Mrs. Ruby Higginbotham is going to Wayland College at Plainview every Thursday night during this semester taking a course on General Psychology under Dr. Chiles.

Bad winds and dust poured in over our area on Friday, Feb. 20th and a cold front blew in that night from the north which chilled to the bones. It was 21 degrees here Wednesday, and Sunday morning the low was 12 degrees. So any fruit trees or greenery that was out was definitely killed by the cold. Word from Perryton reported the dust storm had there, but snow fell later which took all the dust from the air, but left little moisture.

Mrs. Meredith Wyatt, missionary from Bakersfield, California, was a house guest here with Mrs. Mamie Wood from Thursday through Sunday. She spoke here at the South Plains Baptist Church Thursday night and brought "Willie", her little dummy, which delighted everyone. She showed slides of her work in California and told of the "Chapel on Wheels" in which they travel throughout areas of California in order to reach more people for Christ and to hold vacation Bible schools and other forms of teaching for children who would never have a chance to attend Sunday School and other church related studies. Mrs. Wyatt went to different churches throughout the rest of the week.

Friday night after the terrible dust storm all day and the freezing north wind came, Mrs. Nathan Mulder and Mrs. Kendis Julian met at the South Plains Baptist Church at six o'clock to be hostesses at a party for children of the area. They served sandwiches, snacks, drinks, homemade ice cream and cookies, and others who shared the party were Dr. and Mrs. Fred Howard of Plainview and Mrs. Murray Julian. They all enjoyed games and singing, and then all attended the evening services at the church with missionary James Hatley of Texas, coming to speak to them at 7 p.m. Mr. Martin of Fletot brought the missionary here for the services. Everyone enjoyed the wonderful talk and slides which he showed of his work.

Guests at the home of Mr. and Mrs. George Weast on Sunday for coffee and cake and an afternoon of visiting were old friends Mr. and Mrs. George Beedy of Plainview and Mr. and Mrs. Frank McClure.

Mike and Kelly Marble have show calves in the Floyd County Junior Livestock show which began this Monday, February 23, and continues through February 25. There are many others from here who have livestock there. Mrs. Ronald Kitchens is working at the livestock show lunch counter this Monday evening.

Mr. and Mrs. Arby Mulder, who have not missed a birthday celebration of their granddaughter Candy in the past six years, will go to Amarillo this Tuesday to help share the happy occasion. Candy will be seven years old, and her parents are Mr. and Mrs. Jerry Taylor of Amarillo. Her birthday was February 22.

Mr. and Mrs. Sylvin Kinnibrough had their children home with them on Sunday, and their granddaughter Melissa Horne spent most of the weekend here with them. Dinner guests and afternoon visitors were Mr. and Mrs. Terry Horne and Melissa and Mr. and Mrs. Hank Dickens, all from Plainview.

Visiting here the past week was Mrs. Paul Cypert and baby Jennifer from McKinney. Mr. and Mrs. Frank McClure went to McKinney on Wednesday to bring them here for a visit with them and her mother, Mrs. Jean McClure of Plainview and Rev. and Mrs. Jeff Messer of Fieldton. Mr. and Mrs. Bill Cypert of Plainview took them home

further training. She has been coming home for the weekends while she is at Shepard AFB.

Mrs. Arby Mulder went to groom two weeks ago Tuesday and was operated on later in the week at the hospital in Groom and spent three days in the hospital. She has been home for several days and is getting along just fine and enjoying company at this time.

Joe W. Bruce, missionary from Honduras was at the South Plains Baptist Church Saturday night and was accompanied by Bill Hardin of Floydada. Bruce gave a very interesting program on his work there in Honduras,

Thursday, February 26, 1976, Page 12

which is just a short way from Guatemala where the terrible earthquake occurred. Honduras is recovering from another terrible disaster, a hurricane which struck where he has been working with the people. Pictures were shown of the mountains and the great gashes there where tons of earth poured down on the little and big towns of the mountainous country. The Bruce family consists of his wife and three children.

Visitors at the home of Mr. and Mrs. Arby Mulder on Sunday were her sister, Mr. and Mrs. Dale McLaughlin of Clarendon, who came to

have dinner with them. Later in the afternoon a brother of Mrs. Mulder's, Mr. and Mrs. Wayland Fitzgerald of Silverton, Dr. and Mrs. Fred Howard and Mr. and Mrs. Grigsby Milton Jr. visited with them.

Mr. and Mrs. Harold Hamm went to Arlington last Tuesday and stayed until Friday visiting there with their daughters, Mr. and Mrs. Howard Staples and three children, and Jeanne Hamm, who is a teller at the Arlington National Bank there.

Those who have been quite ill with the flu in our area the last week and are still under the weather are

The Floyd County Hesperian

Harold Hamm, Mr. and Mrs. Kendis Julian and Mrs. Rogone Bethel.

The Monterey High School Band Department in Lubbock hosted 91 schools Saturday at the UIL Instrumental Solo-Ensemble Competition and 1,400 students were judged 1st places or superior ratings. In Floydada Junior High, Kristi Julian received 1st place with her piano solo. Kristi is the daughter of Mr. and Mrs. Kendis Julian of South Plains. In Floydada High School, Kelly Turner won 1st on solo in an ensemble, and he is the grandson of Mr. and Mrs. E. P. Pritchett of South Plains. In other

band competition Saturday, Dee Julian of Roscoe also won a superior rating with her piano solo in Abilene. She is the granddaughter of Mr. and Mrs. Murray Julian also. Congratulations to the children for all these accomplishments.

Among the visitors at the South Plains Baptist Church for Thursday night for missionary services with Mrs. Meredith Wyatt speaking were those from the Calvary Baptist Church in Floydada including Mrs. Hollis Payne, Mrs. J. E. Green, Miss Alma Ruth Nelson and Mrs. Dotie Odam. It was good of them to come since the weather
