

City Council Burns Fire Department Building... Note

BY WENDELL TOOLEY

It was a happy time for the Floydada city council Tuesday night as Mayor Parnell Powell touched a match to the \$65,000 note on the new fire department building.

The total cost of the building was \$86,000 and all paid for by revenue sharing money. The note had been taken out with the First National Bank until enough revenue sharing could be received.

Mayor Powell said, "I think it is noteworthy that we haven't used revenue sharing money for operating expenses, we have something to show for this money the city has received."

The mayor also presented certificates to Jerry Warren and Connie Galloway who have completed A & M's course on trouble shooting and meter reading.

Another big item on the agenda was the approval of application for another \$100,000 worth of government paving in Floydada. This would pave ten more blocks. At present one \$100,000 government paving project is in construction in east and northeast Floydada.

The council accepted bid on 16, three cubic yard garbage containers at \$213.00 each. City manager Bill Feuerbacher said the additional containers were necessary because some 20 homes were under construction in Floydada at this time.

OTHER BUSINESS

In other business the council approved the Floyd County Hesperian as the official newspaper for the city, appointed Wayne Russell Mayor Pro-tem for 1976, and canvassed the results of the city council election.

The council leased the swimming pool to coaches Donnie Carthel and Arlan Barnes for the summer.

Manager Feuerbacher reported progress moving on tearing down more old houses through the Housing Standards Commission and legal counselor for the city Randy Hollums read a proposed ordinance allowing old junk cars to be hauled out of the city limits.

The council also discussed possibility of heating homes with solar energy and heard a report that the city water department will be out of debt in three more months.

Owner of the Fieldan Motel, Robert Jacobs met with the council and discussed the need of police protection from harassment by teenagers, and detailed the loss of business due to the problems created by the youths.

Hollums outlined the various laws under which arrests could be made and emphasized that policemen need license numbers of offenders and complete details in order for arrests to be made.

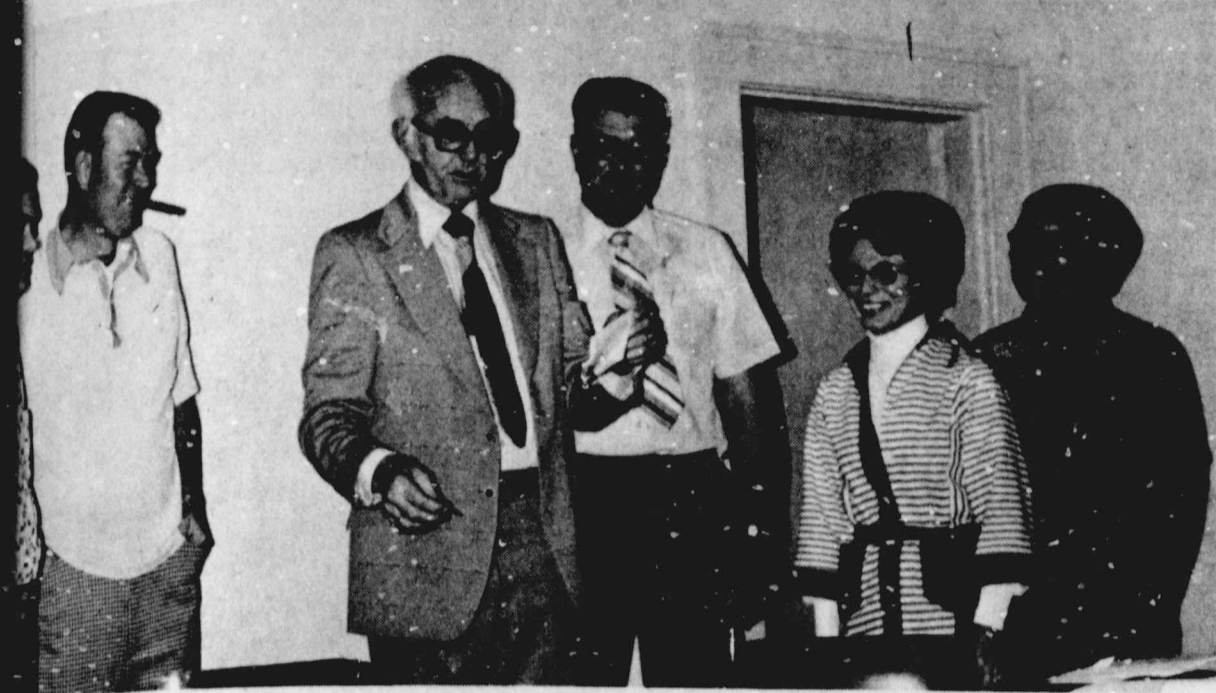

Councilmen present included Jerry Thompson, Wayne Russell and Gary Carthel.

Absentee Voting

Absentee voting for the May 1 Primaries began at the county clerk's office Tuesday.

Both Republicans and Democrats should vote absentee at the county clerk's office.

Absentee balloting will be open through April 22.

Track Team In Plainview Today

The Floydada seventh, eighth and ninth graders are in Plainview today competing in a track meet.

The Varsity track team will work out in preparation for the district track meet in Idalou Saturday, April 24.

The Whirlwinds won their sixth tournament trophy at Amarillo last week. They have lost no tournaments and no other school has come close to beating them.

Future Of County Library Delayed

The future of the county library was delayed another couple of months Monday as the Floyd County Commissioner's court voted to table the decision on the project until July...or when the U. S. Congress

decides what the revenue Sharing program will be for 1977 and on...

Tentatively \$100,000 has been set aside by the Commissioner's Court to move the county library from the courthouse to a "street level" location.

Several persons were in attendance at the commissioner's meeting and voiced their opinion that the commissioners should get on with the library. One Floydada school teacher pointed out the importance of a library accessible to school children for research.

A group of people from the South Plains area also met with the commissioners and said they wanted a five mile strip of paving repaved northeast of South Plains. They said it

was unsafe and the commissioner should take care of it.

Commissioner Grigsby Milton explained that each commissioner only had \$70,000 per year to maintain roads in each precinct and it was very hard to just maintain dirt roads with that kind of an allowance.

One commissioner said county taxes

would need to be increased to take care of the paving job.

Two women from Lockney said they weren't in favor of improving the county library "because the money wouldn't be used for all the people in the county"...so they were in favor of the revenue money being spent on repaving the five mile strip of paving

for the South Plains people.

OTHER BUSINESS

The commissioners voted to each give \$1,000 to the weed control department to spray barrow ditches for weed control, and approved moving the driver's license office down to the former location of the sheriff's office with some remodeling.

foods in December 1975 than they did last September, farmers got about 7% less for the products that went into that basket.

The difference between the farmer's price and the consumers's cost is the marketing margin, the cost of packaging, transportation, energy, labor and other inputs used to market food. Those costs increased by 19% in 1974, and by another 13% in 1975.

Part of that spread can be chalked up to rising profits for large food chains. Between 1972 and 1974, the after-tax profits of 14 leading food chains increased from .77 cents per dollar of sales to .89 cents per dollar of sales, a 12% hike in net profits.

FARM UNEMPLOYMENT BILL: Chances are good for the passage of a bill providing unemployment insurance for farm workers in "the next year or two," says Dr. Raymond O. P. Farris, head of the University of Connecticut's ag-economics department. Farris points out that HB 8614, which has already been introduced in Congress through a House Ways and Means subcommittee, contains two eligibility provisions. The Tax would be collected from, one, a farmer who employs four or more workers during each of 20 weeks during a year; or, two, if his worker payroll exceeds \$5,000 during any one quarter.

In cases of inclusion, the farmer would pay 3.2% unemployment insurance tax on the first \$4,200 paid to each worker, or \$134.40, if a worker's wages equalled or exceeded the qualifying figure. "Under the provisions of the proposed legislation, the employer pays the entire bill," Farris adds.

IF YOU'RE A CORN GROWER: The National Corn Growers Association will conduct three 25-acre corn yield contests this year, including two non-irrigated and one irrigated contest. The three top entrants from each division and their wives will receive overseas trip awards sponsored by the Agricultural Division of Shell Chemical Company.

Walter H. Hasselbring of Watseka, Ill. took first place honors in the non-irrigated division last year with a yield of 288.82 bushels per acre. In the irrigated division, Wayne Clark of Dumas, Texas placed first nationally with 241.13 bushels per acre. They and their wives will receive trips to eastern Europe later this year.

Rules for the 1976 contests can be obtained by writing: National Corn Growers Yield Contests, P. O. Box B, Boone, Iowa 50036.

Bicentennial Committee Meets

The committee planning the Bicentennial Week celebration in Floydada May 16 through May 22 met at the Hesperian Friday afternoon.

Rev. Jimmy McGuire and Ron Pingleton are making plans for a community church celebration on the night of May 16.

S. V. Adams is working with the Old Settler's events on Saturday, May 22. Other committee members who are working on programs for the days during the week include Helen Dunlap, O. M. Watson Jr., Carolyn Fuqua, Virginia Taylor, Mrs. Melvin Henry and Wendell Tooley.

Floydada merchants under the supervision of the Chamber of Commerce will stage a week long sales event and money giveaway. This begins on Monday, May 17.

Any organization interested in scheduling a program for the week should call anyone of the above committee members and it will be put on the week's calendar of events.

Kelvin Ratliff In All Star Game

Kelvin Ratliff has been chosen to play in the Texas High School all star football game for the north team July 29 in the Houston Astrodome.

This game features Texas' finest talent and is the highlight of the annual Coaching School.

Coaching the North All Stars will be Ray Overton, past president of the Coaches Association and presently head coach of Abilene Cooper.

Kelvin is the first player picked from Floydada in several years and the second player for Coach L. G. Wilson to have during his head coaching tenure at Winters and Floydada.

Track Team Makes Six In A Row

The Whirlwinds track team won its sixth straight tournament Saturday in Amarillo.

While AAAA Irvin came from behind in the mile relay to win a meet for the third-straight weekend, Floydada ran off and hid from the AA-A-B Division field as the Whirlwinds scored 125 points to just 60 for runner-up Memphis and 44 1/2 for third-place Tulia.

The Whirlwinds scored in eight of the nine running finals and won three (440-yard relay, high and intermediate hurdles) before 800 sunsplashed fans grateful for 80-degree temperatures.

Floydada's team title was its fourth in the last six years and keeps the Whirlwinds unbeaten in six meets this season. They've now won 12 of their last 13 regular-season track meets.

Floydada's Steve Moore successfully

defended his intermediate hurdles title in 40.0 matching his year-old record.

"I had hoped to run a little better, but I chopped my steps at the end," said Moore, en route to a state-meet trip last year when he fell in the Region 1-AA Meet finals near the finish.

Floydada's Donzell Minner led a 1-2-4 high hurdles sweep with a 14.9 winner, and the Winds' mile relay team was

second to Tulia, 3.26.5 to 3.29.4. Floydada's Jay Womack subbed on the mile relay team for Kelvin Ratliff, who strained a leg muscle.

Memphis' Ricky Spruill doubled with wins in both sprints in 9.9 and a personal-best-matching 22.4. He anchored the Cyclones' 440-yard relay team to second in 43.9, the same time clocked by winning Floydada.

Youth Baseball Meeting

Due to the Easter holidays there was no youth baseball meeting last Friday night and the meeting has been rescheduled for Monday night at 7:30 in Lighthouse Electric community room.

President of the youth baseball board Jackie Duke invites and urges all adults who will help with the program this year to attend the meeting.

Plans must be made for all leagues. Sign up date is April 27.

Scattered Showers In South Floyd County

Scattered showers from Saturday night on brought welcome moisture to farmers in the south part of the county. Including the Monday afternoon showers the following amounts were reported:

Henry Hinton at Dougherty 4.

Turner Hunter north of McCoy 7. J. E. Waller on south county line 1.1. David Battey Jr. in Harmony community only a trace, Howard Gregory four miles south on Ralls highway .25. Barwise 3 and A. C. Pratt, northeast of Floydada a trace of rain.

Floydada Appearance Program Begins Monday

Floydada's 1976 Improvement and Appearance Program is set to begin Monday, April 19. The program will focus on two weeks of major projects designed to help beautify our city.

Fourteen local clubs and organizations will be participating in the campaign, or planning special projects during the two week period. In addition, Floydada schools, the city sanitation department, and local businesses will be participating.

The cooperation of all Floydada citizens is needed to make this year's program a big success. Especially in our Bicentennial year, everyone should take pride in their own property.

Extension Program To Feature Appliances

Floyd County will be the setting of an exciting Extension program about new appliance features and ways to get the most for your money when buying or using appliances. Exhibits of new appliances will be open at the Massie Activity Center from 9 a.m. to 3:30 p.m. on Tuesday, April 20th.

Different from home shows, this program will feature appliance specialists from the Extension service, educational institutions, utility companies and appliance manufacturers. They will give demonstrations and presentations on microwave ovens and other range revolutions, laundry equipment and kitchen clean-up appliances. Consumers will also learn how to keep their cool and get action. Presentations will be given from 9:15 a.m. to 11:30 a.m. and from 1:15 p.m. to

3:00 p.m. Lunch break is from 11:30 to 1:00 p.m.

Keep your "Cool" and Get Action will be a topic Miss Lynn Bourland, Extension Family Resource Management Specialist, will discuss at the Floyd County program "New Dimensions in Appliances."

One new dimension in appliances is the concerted effort of appliance manufacturers to resolve consumer complaints. The first industry to establish a consumer action panel, appliance manufacturers have set up guidelines for resolving problems that are acceptable to the consumer and the manufacturer.

Mrs. W. H. (Nell) Cline, sister of W. G. Collins of Floydada, died April 11 in De Soto, Texas. Rites were held Wednesday in Cliff Temple Baptist Church, Bassett Chapel and burial in Laurel Land Cemetery.

Born in Fannin County August 12, 1897, she and W. H. Cline were married July 31, 1918 in Floydada. Mrs. Cline lived in Dallas most of her life.

Survivors include a daughter, Mrs. JoAnn Jackson and a grandson both of Dallas and the one brother of Floydada.

Robert Glenn

Robert L. Glenn, 84 year old Amarillo resident and brother-in-law of Mrs. Wade Warren of Floydada, died Saturday, April 10 in Veterans Hospital after a lengthy illness. Services were conducted Monday in Schooler-Gordon Colonial Chapel in Amarillo with burial in Sulphur Springs.

Rev. Richmond Graham, pastor of Grand Avenue Baptist Church in Amarillo,

officiated.

Glenn, born in Hopkins County, Texas, had been a resident of Amarillo for some 25 years. He was a Civil Service instructor at

Amarillo Air Force Base before retiring. He was a 32nd Degree Mason, a member of the American Legion and a veteran of World War I.

His wife, Allie Mae, died in 1964.

Survivors include one daughter, Mrs. Lyndell Price of Amarillo; a brother, S. B. Williams of Sulphur Springs; and four grandchildren.

Fibrosis Drive Continues

Such a normal child seldom gives it a thought. But millions of children think when they're breathing that they're breathing. They breathe, (sic) other diseases in their lungs. Through each day of a better life.

and individuals during the week of April 19-26, to open their hearts to children in our community and nation who have lung-damaging diseases. Please support the Chapter's Breath of Life Campaign as generously as you can.

The Breath of Life Campaign is so appropriately named. The money raised will go to finance research, care and educational programs that will give these children a better chance for a breath of life.

Lung-damaging disorders kill more children in the United States than any other disease except cancer. Besides cystic fibrosis and bronchiectasis, these diseases include asthma, chronic bronchitis, "childhood emphysema," recurrent pneumonia, and other lung-damaging conditions.

We hope that someday we'll conquer children's lung-damaging diseases, which each year kill more children than any other disease except cancer. When that "someday" arrives, our friends in Floyd County will have helped make it possible.

CATTLEMEN SHOULD BE PESSIMISTS. A pessimistic attitude by producers could speed up recovery in the cattle industry, contends a livestock marketing specialist for the Texas Agricultural Extension Service. This would lead to heavy culling of cows, reduction of breeding herds, and early calf marketings to cut down the large numbers of cattle still on hand. Producers who reduced their herds now would benefit from higher salvage values for cows and increased income from the sale of calves.

Three-fourths of all U.S. households have clothes washers—either wringer or automatic. But only about half have dryers, reports Mrs. Janice Carberry, family resource management specialist with the Texas Agricultural Extension Service.

Crusade Drive Best Yet

Floydada Cancer Residential and is reported to be the best yet, according to Fowler and residential chairman, Nancy Hagood, extend their sincere appreciation to crusade volunteers who went up and down streets giving out life saving information and to the people of Floydada for supporting this crusade to make it the best ever.

NOTICE

The Women's Division of the Floydada Chamber of Commerce will hold their regular monthly meeting Monday night, April 19th, at 7:30 in the Farm Bureau conference room. Those attending are asked to come to the back entrance of the building.

Marriage enrichment programs so popular these days aren't the final answer to marriage and family problems. But they do provide good opportunities for couples to begin arriving at their own answers to their own personal problems. Dorothy Taylor, family life education specialist with the Texas Agricultural Extension Service, The Texas A&M University System, points out.

for today's designs.

Miss Jeri More, from Simplicity Pattern Company will bring fashions for men, women, youth and children to be modeled by members of our own community.

There will be color coordinated wardrobes, each sparked with creativity and chock-full of crafty ideas for switching your separates and stretching your wardrobe dollar. Mix and match wardrobes for active travelers, toys and accessories to sew yourself for fun, and "Melting Pot" fashions with influences from Africa and the Orient will be featured.

If you are a student, homemaker, or just someone interested in fashion, you're sure to find this special program exciting.

This free educational program was planned and is sponsored by the Floyd County Family Living Committee, according to Mrs. Jerry Williams of Lockney, the committee chairman.

Sharon Hillis, County Extension Agent, encourages everyone to attend.

Anita Denise Battey To Wed

Mr. and Mrs. Charles Warren of Floydada announce the engagement of their granddaughter, Anita Denise Battey to Ernest Clifford Felts IV. The bride elect is the daughter of Mr. and Mrs. Alvin Battey of Farmers Branch, Texas and the late Nelda Barbee Battey of Floydada. She is also the granddaughter of

Mr. and Mrs. Wayne Battey of Paris, Texas, former Floydada residents.

Parents of the prospective bridegroom are Mr. and Mrs. Ernest C. Felts III of Farmers Branch.

The couple plan a June 19th wedding in Webb Chapel Baptist Church in Farmers Branch. Vows will be repeated at 3 o'clock p.m.

Mrs Jordan Among Nominees For Outstanding Service Award

WTSU: Mrs. Jack (Billie) Jordan from Floydada is among the 212 women nominated for the Texas Panhandle Distinguished Service Awards to be presented by West Texas State University April 24.

The recipients of the award will be honored that day at a Bicentennial Luncheon, which will feature an address by Sarah Weddington, attorney and member of the Texas House of Representatives.

The Texas Panhandle Distinguished Service Awards are being given for the first time this year to highlight the role women have played in the development of the Panhandle.

Women from the top 32 counties of the Texas Panhandle have been nominated for their distinguished business, professional and volunteer service.

The luncheon will be from 11 a.m. to 1 p.m. in the WTSU East Dining Hall. In addition to Ms. Weddington's talk on "Women: Past, Present and Future," program plans include a Media Festival, exhibits by the Panhandle-Plains Historical Museum and music by the

to work with the organization and before long we will be called pioneers of Floyd County.

Altho I'm not truly a Floyd County pioneer, I feel 30 years in this county give me some prestige.

I do remember during the depression that mothers stayed home because they had no decent clothes to venture out in, using most of theirs to remake dresses for their daughters to wear to school. Daddys wore faded overalls...and now I see where they are back in fashion, but somehow they just don't appeal to me. Eggs were five cents a dozen, hogs two and one half cents a pound, sand storms were raging, loan companies were taking farms and banks were closing doors.

We have much to thank our pioneer parents, grand parents and great grandparents for. Without them we wouldn't be in our fabulous '70s.

A great Bicentennial project which could be undertaken by a youth group of Floydada would be to paint all the fire hydrants in the city. Of course get

permission from City officials first. I have a picture of a fire hydrant which has been decorated up in another city, and will be happy to show any group if they are interested. It's great for community spirit and helps beautify city streets as well.

DRESS up your meals with applesauce:

• Boston Casserole — Open two cans kidney beans, a can of smooth applesauce and a can of luncheon meat. Cut the luncheon meat into 1/2 inch cubes and arrange the three ingredients in alternate layers in a beanpot or casserole. Garnish with cocktail sausage if available.

• Meatloaf — Add a cup of applesauce to 2 pounds of meat, equal parts ground pork and beef are best. Season with salt, pepper, onion and your favorite herbs.

• Glaze for ham — 1 cup applesauce, 2 tablespoons cider vinegar, 1 teaspoon hot mustard, 2 tablespoons brown sugar. Heat to blend well, brush over surface of ham.

• Sauce for shrimp or fish appetizers — 2 cups applesauce, 1/3 cup prepared horseradish, 2/3 cup sour cream.

• Dip for cocktail sausages or ham cubes — 1 cup applesauce, 1 cup sour cream, 1 teaspoon mustard, 1/2 teaspoon celery salt, 1 tablespoon grated onion and a dash of Tabasco.

• Spread for crackers — Mix equal amounts of applesauce and deviled ham. Season with prepared horseradish, about 1/2 teaspoon per cup spread.

• Sauce for blintzes or French toast — Add 1/4 cup strawberry jam to 1 can or jar of applesauce. Mix well. Serve warm or cold.

• Weekend breakfast — broil link sausages, roll into thin pancakes, serve with spoonfuls of hot applesauce.

• Topping for gingerbread — Combine 2 cups applesauce, 1 cup sour cream, 2 tablespoons finely chopped candied ginger and 1/2 cup chopped walnuts. Mix well. Serve over warm gingerbread.

It was Alexander Graham Bell who wrote "Don't keep forever on the public road, going only where others have gone. You will be certain to find something you have never seen before. It will be a little thing but do not ignore it. Follow it up, explore around it; one discovery will lead to another and before you know it, you will have something really worth thinking about."

**Pitcher Collection
Displayed At
Museum**

Hazel Bradley of Floydada has her pitcher collection on display at the Floyd County Museum for viewing. Her collection of the pitchers started some 36 years ago, however she does have a tiny pitcher she has had since childhood.

Her collection fever derived from an aunt, the late Myrtice Meador, who also collected pitchers. Hazel was an avid collector for about five years and as she traveled she would look for interesting pitchers, and friends and relatives would do likewise adding to her collection.

The pitchers were packed away some 20 years ago when Hazel moved and her children were small. She went to work full time and the pitchers remained packed and her collecting ceased during these years.

About two years ago she and her granddaughters unpacked the pitchers and Hazel said it was like seeing old friends. There were many she had forgotten but it brought back the "pitcher collecting fever."

A third of Hazel's collection was left her by her aunt and she has added several the past two years. Her favorites are the tiny ones and those given her by friends and relatives. Nearly all of the pitchers are 35 years old and several are between 55 and 60 years old. One in the collection was given Hazel by the late Norvell Willis and his wife, Fleeta Manning Willis, of Floydada.

We want to thank these members of the Alpha Mu Delta Sorority who helped out at the party: Lynn Daniel, Brenda Watson, Becky Pingelton, Sue Sue, and Donna Henderson, and anyone else who helped in any way to make this party such a big success.

Every day we had our exercise classes. Some days we had 22 in class. This program is doing a lot of good we feel.

Tuesday was manicure day and all the ladies wanted their nails to look nice for Mom's party.

Wednesday we took such a nice field trip and also enjoyed ice cream. Taking this trip with the driver Mr. Freeman, were Lydia Warren, Viola Weems, Hattie Selman, Dora Langford, Florence Badgett, Agnes

Anderson, Hope Hammonds, and myself.

Thursday we had a good time playing bingo. Clara Williamson was the big winner with four games. Della Finley, Hope Hammonds, Bessie Palmer, and Agnes Anderson all won two games. Lillie Luttrell and Mattie Hale won one game each.

PACKING FOR PLEASURE
When packing for children, especially for the very young, make space for one or two of their favorite toys and garments. A bit of home can help soothe restless kids in unaccustomed surroundings.

CLIFF HARDY, Tom Taylor and R. B. Cunningham prepare to "move out" Sunday morning in a wagon. (Staff Photo)

Covered Wagon Heading East

If you had your CB "ears on" Saturday, you might have heard this conversation: "I just saw a strange sight—a west-bound wagon."
"I see a wagon too, but negatory on the west-bound—it's east-bound."
And strangely enough, both CB'ers were correct because there was R. B. Cunningham coming from the west, and Cliff Hardy of Lockney in his wagon, going west to meet him.
The story started early Saturday morning when Cliff and Tom Taylor left early to meet Cunningham, who was travelling from Muleshoe after he was featured in a Plainview newspaper article. They asked him if it would be all right to start from Lockney and meet him, and return to Lockney.
He assured them he would be pleased, so Cliff and Tom came back to Lockney to harness "Rock and Rowdy," matched small mules, to Cliff's old wagon.
They left Lockney about 11 a.m. and

met Mr. Cunningham at 2 p.m. around the county line. They arrived in Lockney about 4 p.m.
The only incident marring the afternoon was when a bulldog attacked one of Cunningham's mules around the nose, and had to be beaten away.
Cunningham's trip began last Wednesday when he left Muleshoe. He hoped to arrive in Paducah today for the horse show and to visit with relatives.
He said, "My stepmother does not know I am coming, and when she sees those mules and wagon, it is going to make her so nappy. She will go and grab her bonnet and want a ride." She is 82 years old, he related.
Cunningham has two small white mules, Pat and Mike, which pull his covered-type wagon. It is interesting to hear him relate his experiences about this trip.
"It has really renewed my faith in people. Many people have stopped and

Just over 350 cotton producers and interested businessmen in Lubbock April 7 heard two speakers voice general bullishness on demand and price prospects for U.S. cotton in 1976-77. Another expressed high optimism for the longer term future of Plains-type cottons "provided we continue to do things in what

is truly the American way."
The occasion was the 19th annual meeting of Plains Cotton Growers, Inc., area cotton producer association representing 25 counties surrounding Lubbock. Following the membership gathering, the organization's newly confirmed 50-man Board of Directors re-elected PCG President W.B. Criswell of Idalou, Vice President Lloyd Cline of Lamesa and Secretary Treasurer Joe D. Unfred of New Home. Each was returned to office for a second one-year term.
Both Richard Bell, Assistant Secretary of Agriculture for International Affairs and Commodity Programs, and David Cox, Director of Cotton Incorporated's Economic Research and Development Division, presented world cotton carryover, production and consumption trends that point to no more than adequate, and possibly "tight" cotton supplies for the next 12 to 18 months.
Speaking under the title "Producers: Cotton Marketing Force of the Future," Cox praised cotton growers for prudent marketing of 1975 crops. "By not dumping cotton onto the market in times of slack demand and depressed prices," he stated, "you put an additional \$75 million into your own pockets and did your mill customers a favor by helping prevent widely fluctuating prices."
Slanting his annual report toward the Bicentennial theme, PCG Executive Vice President Donald Johnson outlined numerous opportunities that exist for High Plains producers to solve production problems and improve markets for High Plains cotton. He emphasized the advantages of area cottons in open-end spinning plants and said he looked forward to a bright future for the High Plains cotton industry "so long as we continue to approach these problems and opportunities in what is truly the American way — not sitting back waiting for things to happen, but making them happen through individual commitment to group effort."

Lou Ann Stallings Chosen March FHA Member Of Month

Lou Ann Stallings was selected Lockney FHA "Member of the Month" for March, according to the local Future Homemakers chapter.
An announcement from the Lockney FHA stated: "Lou Ann is the prime example of a dedicated Future Homemaker. She has worked long and hard throughout the entire year. Lou Ann has served as an officer for two years. This year she is our second vice president.
Lou Ann has worked on every project and often it is she who did the jobs no one else would do. She also participated in the area choir.
Lou Ann is the type of member that everyone should strive to be like. For these reasons and many more, Lou Ann was chosen as the March FHA member of the month."

"Not idly complaining about what government does, but working with government to get things done right. Not complaining because the boll weevil is about to eat us up, but doing something to stop him."
"Not giving up when wilt and other diseases hit, but spending a part of our income to finance research to produce disease-resistant varieties."
"Not accepting as inevitable the loss of income from early freezes, but directing and helping to finance the research necessary to develop faster maturing varieties, new production systems, etc."
"Not merely complaining because our cotton doesn't have a great reputation with textile mills, but doing the research under mild conditions that proves our cotton's value."
"That is the American way, and that is the PCG way," Johnson concluded.

Lockney Locals

The Paul Teutons were visited by their daughter this past weekend, Mrs. Douglas (Pam) Smith of Lubbock. Pam recently passed the state examination for Medical Laboratory Technician. She is employed in this capacity at Methodist Hospital in Lubbock. Her husband is a Junior engineering major at Texas Tech.

South Plains News

By Mrs. Murray Julian

SOUTH PLAINS, April 12... Teachers and school children of the South Plains Elementary School are enjoying their spring vacation this week, and some have gone on trips to see kin folks, and others to visit some vacation spot of their choice.

Rev. and Mrs. Fred Blake and Atha of Levelland were here for Sunday services, and they were dinner and supper guests with Mr. and Mrs. Raymond Upton. They will come back one more Sunday from Levelland, then the following week they will move here, and be a part of the community. Rev. Blake has moved most of his books into the pastors study, and there will be some renovations in the parsonage before the family move here. We look forward to having them in our midst. Rev. and Mrs. Blake and Atha put their membership in the South Plains Baptist Church last Sunday.

Mrs. I. H. Parks was taken to the hospital in Lubbock last Thursday and will be there several days as doctors remove the pins from her knees. She has

been doing real well the last few years, after she had undergone knee surgery several times.

Mr. and Mrs. Murray Julian spent last Tuesday in Lubbock at the Methodist Hospital where they visited with Mr. and Mrs. Terry Julian. Leona had been in the hospital most of last week, as she had the misfortune to turn her head quickly, and get a crick in her neck, and this caused spasms of her neck. She is home and doing well now.

Mrs. Juanita Henderson of Lockney, mother of Ira Henderson of our vicinity was able to come home from the Plainview Hospital a week ago Monday and is up and doing well at her home after a very serious major operation.

Mrs. Grigsby Milton, Jr. received an ice cream freezer as a door prize in the Lighthouse Electric Cooperatives annual meeting in Floydada on April 3rd. Several from our community received prizes during the day.

Regina Sanders left Sunday for Cotton Center where she is staying until Wednesday with her cousin, Sherry Sanders, at the home of Mr. and Mrs. Roger Sanders of Cotton Center. Gary is here with Stanley Sanders at the home of Mr. and Mrs. Richard Sanders.

Mrs. Nathan Mulder reports that Northfield Community, near Turkey, received about half an inch rain in showers last week. Nathan Mulder is pastor at the Northfield Baptist Church.

Mr. and Mrs. Jack Smitherman and his sister Mr. and Mrs. W. Fred Cox of Denver, Colorado, who have been here visiting with relatives the past few weeks, went to Dimmitt Sunday to have dinner at the Colonial Inn with the Smitherman's daughter, Mr. and Mrs. M. L. Simpson, and went home with them to spend the afternoon.

Brent Sanders and Miss Sara Puckett of Floydada and Brent's brother and wife, Mr. and Mrs. Bill Sanders of Hart spent the past weekend in El Paso,

★ 'Old Emma' Houses Still Occupied

When several Emma residents accepted the offer of C. B. Livestock Co. in 1908 to trade their land "two square feet for every one in exchange" and have their residences moved here, this created an instantaneous exodus to Crosbyton.

Prentiss Coonley, speaking for C. B. Livestock Co. had two purposes for the proposition: (1) to squelch disenchantment among Emma residents because the livestock and land company was creating an unfair advantage in building its own railroad line from Crosbyton to Lubbock, and (2) to add population to this new township.

"Are any of the houses moved here from Emma still standing?" The Review wondered in "View From the Caprock Rim" last week. The answer is a definite yes.

Mrs. Lon (Laverne) Roberts points out that her grandmother, Mrs. Minnie Williams, resided for a number of years in a house moved here by Mrs. Alice B. Ballowe. The residence, situated at 222 South Grain, last year was purchased by the Domingo Granada family.

Mrs. Ballowe was a sister of the late J. C. McNeill II. She was an aunt of J. C. (Cap) McNeill III and a great-aunt of George McNeill.

LIVED IN 'EMMA' HOUSE

Mrs. Virgil Lowe says that the house at 325 North Crosby which she and the late Mr. Lowe occupied for a number of years was "an old Emma house." Mrs. Lowe recently moved to a residence next door to her daughter and son-in-law, the Donal Parker family.

A paper compiled by Craig Marley, a Texas Tech University student and son of Mr. and Mrs. Bill Marley, points out two houses which were moved here from the Emma township. Marley's thesis, compiled after extensive study, is entitled "Early West Texas Architecture."

Given to Pioneer Memorial Museum, Marley's work mentions the Stanley Carter House which "was moved by iron wheeled tractors to Crosbyton in 1908." It probably was constructed at Old Emma during the period between 1890 and 1900.

In 1919, the J. Frank Smiths bought and added on to the Carter House. They "boarded the three Carter children, and sold the house to the Carter family in 1920. The long screened porch was very typical of many homes during this time," Marley explains.

The Walters House was another

which was moved here from Emma in 1908. "This small frame house is one of the most attractive examples of early West Texas homes," states Marley. He states that this house, also erected between 1890 and 1900, is "one of the few houses moved to Crosbyton from Old Emma that is still standing in its original state. It was constructed of boards and battings. It is typical of

the one story 'box' houses of Texas."

Possibly other original Emma houses stand today in Crosbyton. It is possible that two of the abovementioned may be in the same residence. But, according to the C. B. Livestock Co. offer, most still are being occupied in Crosbyton today.

FORMER EMMA HOUSE -- moved to Crosbyton from Emma in 1908. Mrs. Virgil Lowe resides in this structure at 325 North Crosby. This structure is one of the houses which was for a number of years.

Mr. and Mrs. Alvin Nichols attended the 40th Wedding Anniversary of Mr. and Mrs. Herbert Walker in Plainview last Sunday, with guests calling between the hours of 2-5 p.m. All the participants were dressed in red, and the affair was hosted by the couples three boys.

Mr. and Mrs. Arby Mulder went to Groom last Tuesday where Mrs. Mulder had a checkup with her physician, and then went on to Amarillo where they spent the night with their daughter and family, Mr. and Mrs. Jerry Taylor and children. They enjoyed seeing the children win their Easter egg hunt that Tuesday afternoon, and they returned home Wednesday night.

Mr. and Mrs. Arby Mulder will spend Easter Day at the Northfield Baptist Church where their son, Mr. and Mrs. Nathan Mulder and children will spend the day at the church, where Nathan is minister. They will all have Easter dinner together at the church and the children have an Easter Egg Hunt.

Mrs. Murray Julian at-

tended the WMU meeting held at the First Baptist Church in Floydada Wednesday morning, with a lovely program on "Singapore."

There will be a Vacation Bible Clinic held at the Parkview Baptist Church in Plainview, on April 20, and everyone is to bring a sack lunch. The program will begin at 10 a.m. and end at 3 p.m. This is for all those who are planning to work or help in Vacation Bible Schools this spring.

Mrs. Leighton Teeple and Mrs. J. P. Taylor are working on the Cancer Crusade Program in this community, so please help them when they call on you, and help stamp out the dreaded disease.

Mr. and Mrs. Alvin Nichols visited Sunday afternoon in Lockney with her brother, Mr. and Mrs. John Cox, and others visiting there were Mrs. Nichols' cousin, Mr. and Mrs. Miles Cox of Hart.

We are proud of those who brought home trophies from the tennis tournaments in Amarillo, and this past Tuesday the girls won the District Championship in Idalou, and now will advance to Regional Competition. We have a champion in our community, Donette Marble

who plays doubles with Debby Johnson.

Dinner guests at the home of Mr. and Mrs. Jack Smitherman on Saturday were their son, Tony Smitherman, Beth & Bryan of McClain, and Jack's sister, Mr. and Mrs. W. Fred Cox of Denver, Colorado, who spent the day here with the Smithermans.

We extend our sincere sympathy to Mr. and Mrs. J. P. Taylor in the untimely death of her brother, Robert Merrell of Lone Star, who was killed in a train wreck last Tuesday night as he was returning home on the Lone Star-Lockney highway. Funeral services were held in Lockney Thursday afternoon and many from our community attended. He was buried at Grey Mule Cemetery in Quitaque.

This is vacation week here, and schools will open on April 19th.

Complete plans for the 48th Pioneer Round-Up to be held on Saturday, May 8, are taking shape, according to Miss Mildred Tucker,

County Speller, Fifth In Regional Spelling Bee

Jimmy Jones of Floydada placed fifth in the annual Regional Spelling Bee held

in Lubbock Saturday. Winner of the event was a Big Spring lad who defeated 20 other county participants. The youth, Glenn Margolis, has won Howard County's

title four times and also won regional in 1974.

Jimmy mis-spelled "ostentatiously" and was eliminated in the 10th round of competition. He received a copy of Webster's New Collegiate Dictionary, donated by G. & C. Merriam Company.

president of the sponsoring organization, the Plainview Business and Professional Women's Club.

Mrs. Helen Pemberton, member of the Plainview BPW Club and square dance chairman, has announced that the guest caller for the square dance on Saturday night following the program will be Jerry Rosh of Roswell, New Mexico.

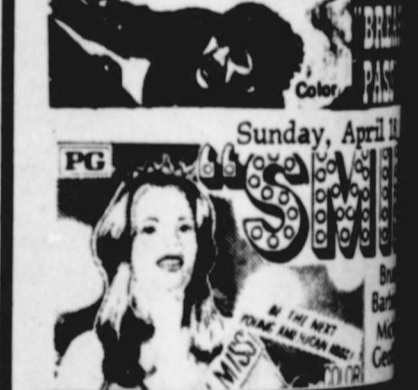

Rosh is a native of Shawneetown, Illinois and he and his wife have been square dancing many years. He is married to the former Soundra Cox, daughter of Mr. and Mrs. Lewis Cox of Hale Center. He is a professional square dance caller and is a partner in Aluminum Home Products, a home improvement company in Roswell.

Rosh has organized square dance clubs in Artesia, Tatum and Carlsbad, New Mexico and is a caller for the Tri-Vet Square Dance Club of Roswell. He has called over 300 dances for these four clubs. He calls approximately 22 dances monthly and conducts three workshops per month.

Farmers tend to be pretty tough customers. They get everything they can out of every nickel they spend. And because the tougher they get the more likely they are to buy Gifford-Hill's irrigation equipment. There are two very good reasons for that. One, we can give them the best engineered irrigation equipment in the country. Our history has proven that. And two, we can give the best service to take care of our customers. Our history has proven that, too.

The fact is, you can only draw one conclusion. Whether you choose a pivot system, an underground PVC system, or an alternate system, you just can't outdo us. And we don't think you should be able to.

All you have to do is take a look at our past. That's a very good idea about what to expect in the future.

Those visiting in the Ruy Irwin home Sunday were Sherman Irwin of Lubbock; George Burgett and son Jeff of Amarillo; and Mr. and Mrs. C. H. Wise. Mrs. Irwin talked with her son-in-law, Carl Nelson of Dimmitt Sunday morning and learned

he was sick with a cold.

Friday was Lindsey Graham's birthday and his nieces, Mrs. Floyd Starkey and Mrs. Dolly Emert took him a cake they baked and decorated. Others there during the afternoon were Mrs. Jewell Teague and Mrs. A. S. Mize.

Visiting during last week with Mrs. Jewell Teague were Mrs. Bonnie Pigg and Mrs. Ruby Kiser both of Lockney.

Visitors during the day Saturday in the home of Mr. and Mrs. Bill Tye were Mrs. Jim Tye and daughter Britta of Lubbock; Mr. and Mrs. Brad Beedy and Kyle of

Spearman; Mrs. W. O. Tye and Jim Tye, Mrs. Fred Marble and Cindy, Mrs. Mike Marble, Mr. and Mrs. Weldon Pruitt and Karen and Christy.

Mr. and Mrs. Bill Tye went to the Lubbock Airport Monday to meet Mrs. Ernie Hankal and Mrs. F. E. Swenson of Weslaco and took them on to Plainview where they will attend the funeral on Tuesday for Will Malone at First Baptist Church. Mr. and Mrs. Bill Tye and Mr. and Mrs. Walton Wilson and Mrs. Harvey Allen will be among those attending the funeral from here.

Resource Management Specialist from the Texas A&M University System, will answer consumers' questions about how a smooth top range is different from conventional ones; how self and continuous clean ovens are different; and how ranges are being made safer to use.

Kitchen clean-up equipment has long been proclaimed a time saver for the homemaker. Today's families are more concerned about energy and ecology saving appliances...and dishwashers, trash compactors and garbage disposals score again.

In Muskegon County, Michigan and Coral Gables, Florida, results from test area homeowners using trash compactors and disposals show that trash collections can be performed with less expensive equipment and half as often.

Dishwashers run with a full load use less hot water than hand washing—besides reducing the germ count on the surface of cooking and eating utensils.

Save your family and community energy costs. Learn more about kitchen clean-up equipment, Tuesday, April 20, at the "new dimensions in appliances" program at the Massie Activity Center at 10:00 a.m. from Martha Logan, Associate Professor Home Management, Texas Tech University, Lubbock.

"Laundry Lovables" are the washers and dryers available today that have been engineered to care for permanent press and "wrinkle resistant" fabrics to keep them wrinkle free. Mr. A. D. Boon, Regional Manager, Maytag Company, Lubbock will show consumers how to choose and use appliance "cycles" to get the service they pay for. He will also discuss how to save energy when using laundry equipment.

This free educational program was planned and is sponsored by the Floyd County Family Living Committee, according to Mrs. Jerry Williams of Lockney, the committee chairman.

Sharon Hillis, County Extension Agent, encourages everyone to attend one or several of the programs.

New Dimensions In Appliances To Be Featured Tuesday, April 20th

Floyd County will be the setting of an exciting Extension program about new appliance features and ways to get the most for your money when buying or using appliances, Tuesday April 20th. Exhibits of new appliances will be open at the Massie Activity Center from 9 a.m. to 3:30 p.m.

Different from home shows, this program will feature appliance specialists from the Extension service, educational institutions, utility companies and appliance manufacturers. They will give demonstrations and presentations on microwave ovens and other range revolutions, laundry equipment and kitchen clean-up appliances. Consumers will also learn how to keep their cool and get action. Presentations will be given from 9:15 a.m. to 11:30 a.m. and from 1:15 p.m. to 3:30 p.m. Lunch break is from 11:30 to 1:00 p.m.

Keep your "Cool" and Get Action will be the topic Miss Lynn Bourland, Extension Family Resource Management Specialist, will discuss at the Floyd County program "New Dimensions in Appliances."

One new dimension in appliances is the concerted effort of appliance manufacturers to resolve consumer complaints. The first industry to establish a consumer action panel, appliance man-

ufacturers have set up guidelines for reaching solutions that are acceptable to the consumer and the manufacturer.

Learn how to get help from local dealers and the Major Appliance Consumer Action Panel and keep from losing money on faulty appliances or poor service.

Microwave appliances are now the hottest selling major appliance. About 725,000 units were sold last year with over 900,000 predicted for this year. If you are a microwave owner or plan to become one, don't miss this program.

Initially many owners experience "microwave frustrations," but that is also true with other new experiences such as sewing or budgeting. A failure with conventional cooking is usually blamed on the recipe; a failure in the microwave is blamed on the oven. With this new appliance the timing and method are as important as the ingredients. Kathy Burk, Lighthouse Electric Cooperative Home Economist will explain what microwaves will and won't do, and how to get the most for your money when you buy and use them.

Ranges have revolutionized in style and features to be safer, more efficient and provide new options. Lynn Bourland, Extension Family

everyone but myself had left their winter wraps at home. Brenda Watson and small daughter visited Mrs. Henry Brewer while Sunday afternoon.
Mr. and Mrs. Brewer dined in Crosbyton Friday with a daughter and husband, Mr. and Mrs. Fred McDougle, and Saturday in Floydada with Mr. and Mrs. Earl Bishop.
Mr. and Mrs. Charley Spence visited Saturday p.m. with Mr. and Mrs.

Claud Carpenter. The Carpenters ate supper Sunday with their son and wife, Marion and Foy Carpenter. Mr. and Mrs. Fred Battey visited Mr. and Mrs. Hal Thomas one p.m. last week. Miss Vera Meredith spent the weekend in Lockney with Rev. and Mrs. Clay Muncy.
Mrs. Muncy visited Miss Meredith Wednesday.
Mr. and Mrs. Hal Thomas spent Saturday in Post visiting his sister who was home from a hospital.
Welborn Miller and family of Lubbock visited Sunday afternoon with his aunt and husband, Mr. and Mrs. Thomas. They had with them the 8 year old son, Pat, whom they had recently

brought home from a Galveston hospital where he had been for six weeks being treated for a serious kidney disease. We hope the little fellow will soon get permanent help.
Mr. and Mrs. Gilmer Denison of Lubbock spent Thursday night with his parents, the C. W. Denisons.
Mr. and Mrs. J. K. Holmes visited Sunday afternoon with Mr. and Mrs. W. C. Plumlee. The Plumlees are in Plainview today, Monday for medical check-ups.
Mrs. Howard Cline and Mrs. C. M. Meredith are in Lubbock today.
Mrs. Donna Booth and 2 year old daughter Clarissa of Fort Worth are spending the week with her parents, Mr.

and Mrs. J. D. Welborn. They expect the rest of the Welborns home for Easter.
Mr. and Mrs. Clarence Ashton visited Mr. and Mrs. Floyd Fuqua one day last week.
Guests for dinner with Mrs. Elmer Warren this Monday were Mrs. Leo Frizzell, Mrs. Ava Jackson and Mr. and Mrs. Elco Frizzell.
Mrs. Felix Pierce of Canyon was in town Sunday visiting Mr. and Mrs. Lee Rusing.
Mrs. Gordon Mayfield with Mrs. Trapp of city attended an H. D. District meeting at Littlefield a day last week and Mrs. Mayfield and Mrs. L. T. Wood of South Plains attended a W.M.U. meeting in Lubbock.

Mrs. Morris Carroll received a phone call Sunday morning from Big Spring informing them of the death early Sunday of a former Center neighbor, Bob Thompson. They lived on the former C. M. Meredith place until three years ago. Our sympathy is with those of Mr. Moss and Mr. Tinner whose last rites were here today.

Mrs. Leo Frizzell spent Sunday night with Mrs. Ava Jackson.

Mrs. Norma June Robison of Denver, Colorado arrived last Tuesday to spend the week with her mother, Mrs. R. C. Ross. Saturday was Mrs. Ross's birthday and before noon her other children had arrived - Mrs. Maxine Ragsdale of Baileyboro, and Melvin Ross and family and their son Ronnie and wife, all of Gruver. After a bountiful birthday dinner, neighbors and friends began to drop in to wish her a "Happy Birthday." Among these were: Mrs. Vinson, Mrs. Frank Dunn, Mrs. Letha Lightfoot, Mrs. Smith, Mrs. Weatherall, Mrs. Kreis, and others. Mrs. Ross's daughters and son Melvin and family left for home Sunday.

Mr. Charley Spence had a birthday last Friday. A neighbor baked him a cake and Mrs. Spence of course had a good dinner and their son Adriel and little granddaughter Leslie Self came to help enjoy it all.
Mr. and Mrs. Thomas Warren, Mr. and Mrs. Jim Owens and baby and Mrs. Ola Warren were in Quitaque Sunday to spend the day with the Thomas Warrens, other daughter and family, the Paul Stouts. All attended the pre-Easter musical program at the Methodist Church, and later had dinner in the Stout home.

Next will be the Easter weekend, and some at least of the Green tribe are expected home. Aren't these family get togethers wonderful?

Chain letters requesting money or other items of value are non-mailable under the Federal Mail Fraud Statute. They are considered to be fraudulent because of the likelihood that the chain will be broken and most participants will get nothing from their involvement.

Typically, the chain letter requires each of its recipients to sell or mail copies to a specified number of others, who would also be asked to continue the chain of mailings. Usually, the chain expands so rapidly that the number of prospects is soon exhausted.

For example, a chain letter requiring each purchaser to send copies to six others would theoretically reach the entire literate population of the earth by the time it reached its 12th link.

The fact that chain letters are not mailed does not exclude the scheme from being a violation of law if the scheme involves the mailing of bonds or other valuable items.

On the other hand, so-called chain letters which call for nothing more than recipes, picture post cards and the like, are ordinarily considered to be mailable because the items sent do not constitute a "thing of value" under applicable law. However, postal cards involving "good luck" chain prayers that contain a threat of bad luck to those who break the chain are prohibited because it is against the law to place threatening matter on the outside of mail.

Postmaster Wester cautioned the public to be especially alert for numerous current chain letters which contain a claim that they have been reviewed by some legal authority and officially approved for mailing.

"This is not true," Wester said, "and I would appreciate your reporting any such letters to me."

Fraudulent Chain Letters Circulating

Fraudulent chain letters have been around for many years, but odds are better now that you may receive one, this time with a Bicentennial theme, according to Postmaster Ed Wester.

"A scheme, which involves the mailing of U. S. Savings Bonds, has shown up in major urban centers of Massachusetts, Rhode Island, Maryland, Virginia and Florida," Wester said. "The letter with the
