

More Information About The School Bond Election

by Wendell Tooley

Several reasons for the bond election to improve facilities in the school system should be examined at this time and after an interview with school officials, I have learned the background on most of the improvements that are included in the bond election.

AT HIGH SCHOOL, where there have been only four showers and one commode for 70 to 80 football players, a new field house would solve this problem. Also, the new field house would be 100% improvement for the visiting teams. At present the dressing and restroom facilities are the least adequate of any school in this district.

AT HIGH SCHOOL, where some classes must use the library, the former athletic department could be utilized for classrooms.

The new field house would be used in the last period each day for P.E. classes that are now meeting in the high

school gymnasium. Move the P. E. classes to the new field house and this allows basketball teams to use the high school gymnasium the last period each day.

Coach L. G. Wilson's office, before becoming assistant high school principal, is a little "cubby hole" originally designed for a mop closet.

IN MOVING THE PRESENT FOOTBALL STADIUM FACILITIES, money that would have been used to replace the old board seats on the east side and west side of the stadium will be used for a stadium located (as it should be) inside the new athletic track. Also there will be an increase of 600 seating capacity.

THIS MEANS AT JUNIOR HIGH much needed campus area will be used by the old stadium area....the high school and Jr. high bands will have adequate practice marching area.

THE FOUR NEW TENNIS COURTS were needed ten years ago. Out of the four courts now owned by the school, only two are in good repair. The courts at Jr. High are crumbling away. Over 100 students in the school system play tennis and four courts just are not enough.

Of course the new tennis courts will serve community recreation improvements needs, as all ages will have access for their enjoyment.

TITLE NINE state requirements in the school system require adequate dressing facilities in the athletic departments for both sexes. Some \$35,000 will be spent at Andrews Ward in the gymnasium area to correct these inadequacies. At present the children dress and undress in their room....(at different times).

Under the Title Nine requirements both sexes will eventually be in P. E. classes together.

4-H Dress

Revue Tuesday In Lockney

Everyone is invited to the 1976 Floyd County Dress Revue, scheduled at 8:30 p.m. Tuesday (June 15) in the Lockney Elementary School Cafeteria. Admission is free, and refreshments will be served.

Floyd 4-H

Horse Show

Set Monday

The Floyd County 4-H Horse Show will be Monday, June 14 at the Floyd County Fair Rodeo Arena in Lockney. The show starts at 5:30 p.m.

Don Reeves of Wellington will be the show judge.

Performance classes include the following: Showmanship, 9-18 years; Western Pleasure, 9-18; Western Pleasure-Pee Wee 8 years and under; Western Horsemanship, 9-18; Western Horsemanship, 8 and under; Reining, 9-18; Pole Bending, 9-18; Pole Bending, 8 and under; Barrell Racing, 9-18; Barrell RACING, 8 and under.

There will be special Western Pleasure class for adults (\$3.00 entry fee).

Any youth 18 years of age or younger on January 1, 1976 interested in horses may enter one (1) horse.

Separate points system will be recorded for District 4-H competition. All state 4-H Horse Show rules and qualifying must be met to be eligible for District 4-H Horse Show.

State 4-H Rules will be used in individual classes.

VOLUME 81 FLOYDADA, FLOYD COUNTY, TEXAS 79235 SUNDAY, JUNE 13, 1976 NUMBER 48

Sheriff Says Deputy Was 'Immediately Relieved Of Duties' After Rape Allegation

The following is a statement from Floyd County Sheriff Bud Rainey concerning the status of Deputy Eddie Anzaldua, accused of raping a 19-year-old Vernon woman Monday in Hale County.

STATEMENT RELEASED BY FLOYD COUNTY SHERIFF L. L. (BUD) RAINEY, JUNE 10, 1976; 12:30 P.M.

"I have officially suspended the officer accused of raping the 19-year-old Vernon woman. I advised other Floyd County officials today of this action.

"Deputy Eddie Anzaldua will remain suspended until the Hale County Grand Jury convenes. If a true bill is returned, he will continue to be suspended until all legal action has been taken by the proper authorities,

and a verdict rendered in a court of law.

"Contrary to what has already appeared in print concerning the action of my office, this deputy was immediately relieved of duties until an investigation could be completed, and charges filed - if any. Since a formal complaint has been signed by the Vernon woman, and the case will

apparently go to the Grand Jury, I feel obligated to officially suspend the officer until the case is disposed of at a future date.

"The Floyd County Sheriff's Office has, and will continue to cooperate with all agencies in this matter until the truth is established. No final disposition can be made until every legal course of action has been pursued."

Floydada FFA Gets

First-Place State Rating

Floydada FFA chapter has received a first-place ranking from the state checking committee in National Chapter Rating, according to FFA advisor Orville Harris.

The state checking committee, which met June 1-23 in Waco, rated the Floydada Future Farmers chapter second in BOAC (Building Our American Communities) and third in Chapter Safety.

State results will be sent on to the national committee, Harris said.

Three Floydada FFA members—Michael, Andy and Randy Rainwater—were certified for State Farmer Degrees. They'll accept the degrees at the State FFA Convention in July.

State proficiency award winners from Floydada were Greg Bishop, second in fish, game and wildlife; and Randy Duke, second in agricultural electrification.

Steve Jones came in second in the Texas Sheep and Goat Raisers Award ratings.

Others from Floydada who will attend the state convention in the Dallas Convention Center include Jon Jones, a member of the "Courtesy Corps"; six Floydada chapter officers—president Mark Noland, vice president Steve Jones, secretary Adeana Morris, treasurer Carla Burleson, reporter Jay Womack, and sentinel Jay Waller; and vo-ag instructors Harris, James Cleveland and Dale Bullock.

Donette Marble Joins SPC Texanettes

LEVELLAND—Donette Marble, all tournament team member at Floydada in 1975, has joined the South Plains College Texanettes for the 1976-77 season, according to SPC women's basketball coach Gayle Nicholas.

The 5-10 forward from Floydada High School was named to all district her sophomore, junior and senior years, was named Most Valuable

Rick Son

Rick Son First Baptist

Music-Youth Director

Rick Son, 21, will be Music and Youth Director for the summer at Floydada First Baptist Church.

Son was interim Music and Youth Director at Spring Street Baptist Church in Waco for a year and a half, and just completed a year in the same position at Friona.

He attended Baylor for two years and just finished a year at Wayland Baptist College. He'll attend Wayland again this fall. The Plainview native graduated from Plainview High School in 1973.

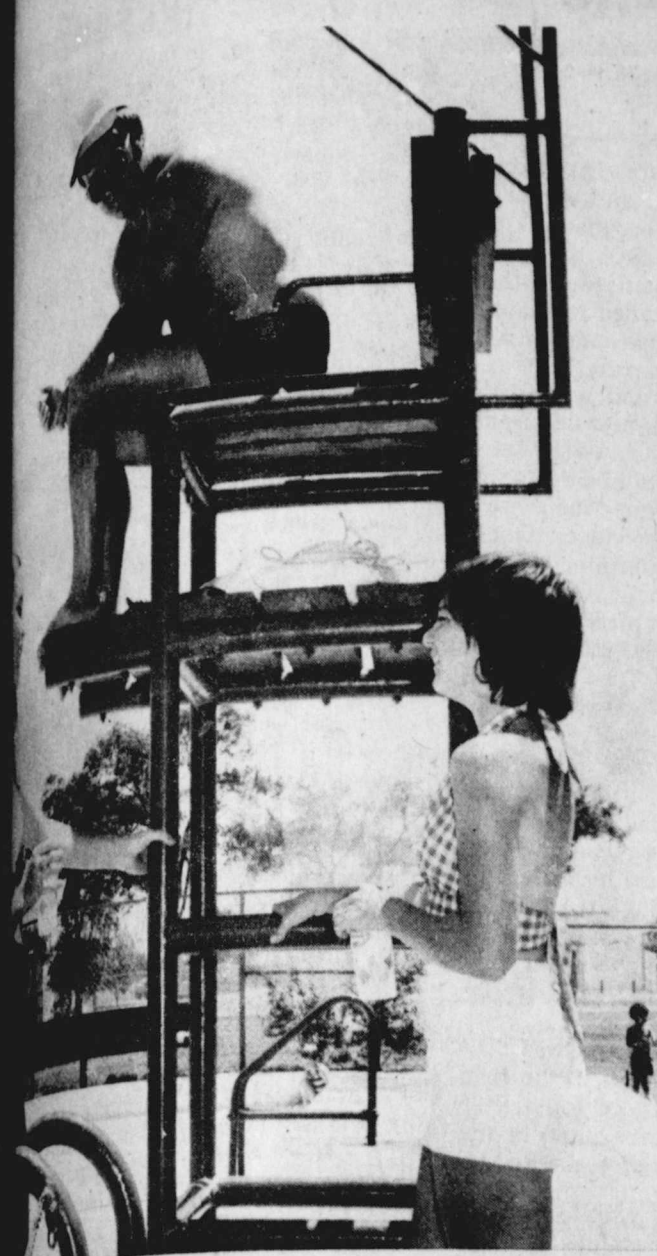

His father, James Son, manages Son Carpet in Plainview. His mother, Beth, is a fourth-grade teacher at Plainview Edgemere Elementary School.

The new First Baptist Music and Youth Director has two brothers, Tim, 22, (yes, the Baylor track star who was the 1975 Southwest Conference 440-yard dash champion) and Randy 25; and a sister, Cathy, 16, a Plainview High School junior.

Son's claim to fame: Jimmy Dean's mother used to give him haircuts.

Richard Campbell, music and youth director at the church since September, resigned May 23 to return to the evangelism and concert ministry. The Campbell family will be moving to Odessa.

Player in the 1974 Floydada Tournament and made the All Tournament Muleshoe Team in 1976. Miss Marble had a 49 per cent record of field goals made and 75 per cent accuracy at the free throw line. She averaged 28 points, seven rebounds and five recoveries a game during her years at Floydada. She is the daughter of Mr. and Mrs. I. Don Marble of South Plains.

WEATHER—Ninety-degree plus temperatures last week at the Floydada swimming pool a favorite place with local people. Photo: Beth Stovall and Kathy Green have a chat with lifeguard Arlon Barnes. Bottom Debbie Warren and Shelby Shurbet soak up sun after the pool is open 1-6 p.m. daily except Monday. Swimming is open June 21, and the pool is available for parties any night. Contact Arlon Barnes or Coach Donny Carthel for more information. (Staff Photo)

Summer Recreation Program

Form workers of the state-funded organization is to provide a summer youth program for 14 to 18-year-old students 14 to 18. Additionally the program will provide recreational activities for these youngsters.

The following students will participate as recreational leaders: P. D. Lopez, Oralia Esparza and Diana Lopez of Ralls. Cruz Mendoza Jr., Fernando Rodriguez, Alejandro Arruelo, Isabel Trevino, Ruben Mendoza and Beatrice Flores of Lorenzo. Mamie Rodriguez, Edwin Mendez, Rene Martinez, Elva Almanza, Genero Sandoval Jr. and Israel Martinez of Crosbyton. Yolanda Morales, Elena Deleon and Mary Ann Morales of Floydada.

All recreational leaders have been hired and are now working getting the center ready to start on Monday, June 14. The center is located at the St. Mary Magdalen Church in Floydada. Any person of the community is welcomed to participate on a voluntary basis, and all are encouraged to attend. Mrs. Lupe Mayorga of Lorenzo is the center counselor. Assistant counselor is Mrs. Thelma Martinez of Floydada. Mrs. Josefina Bursiaga of Floydada will be the cook for the summer program.

The following students will participate as recreational leaders: P. D. Lopez, Oralia Esparza and Diana Lopez of Ralls. Cruz Mendoza Jr., Fernando Rodriguez, Alejandro Arruelo, Isabel Trevino, Ruben Mendoza and Beatrice Flores of Lorenzo. Mamie Rodriguez, Edwin Mendez, Rene Martinez, Elva Almanza, Genero Sandoval Jr. and Israel Martinez of Crosbyton. Yolanda Morales, Elena Deleon and Mary Ann Morales of Floydada.

WITH the county revenue sharing money (REVENUE) and shared among the people of the county.

the commissioners in the county want to have more families northeast of the county.

hand, it seems the county wants to have the new library at the \$150,000 revenue sharing money for the county.

money for the county.

money for the county.

HOPEFULLY, WHEN THE new doctor comes to Floydada next month, more people will be admitted to Caprock Hospital and we can get some relief from the hospital district taxes.

I'm not suggesting that more people ought to be sick and in the hospital.....I am saying that with more doctors here more sick people will be coming to Caprock instead of going off to the big city for hospitalization.

WE HAVE A BASEBALL sports reporter for the summer....Bryant Higginbotham. I trust you coaches will cooperate with Bryant and help him get all the games reported each week in The Hesperian.

UNUSUAL MAIL BOXES....this newspaper is beginning a new series of unusual mail boxes. If you think yours is unusual call our office for picture. Mrs. Travis Young, 904 West Kentucky demonstrates her "cream separator mail box." (Staff Photo)

Junior Rodeo Slated In Motley County

The first annual Motley County 4-H Junior Rodeo is scheduled Friday and Saturday, June 25 and 26, at the Old Settlers grounds at Roaring Springs. Performances will be at 8 p.m. each night. Admission is \$1.50 for adults and \$1.00 for students.

The County Impressions from Amarillo will play for the rodeo dance Saturday night. The dance is open to the public.

Stock producer for the rodeo is Doc Edwards of Gerard.

Rodeo competition will be divided into three age groups. Both boys and girls are eligible to compete. Events and entry fees in each age group are as follows:

Peewee boys and girls (11 and under)—barrell race, flag race, pole bending (\$5 entry fee); Shetland bareback riding, calf riding (\$8).

Junior boys and girls (12-15)—barrell race, flag race, pole bending, calf roping, bareback riding, bull riding, ribbon roping (\$10 entry fee).

Senior boys and girls (16-18)—barrell race, flag race, pole bending, calf roping, bareback riding, bull riding, ribbon roping (\$12

entry fee). Buckles will be awarded in each event except seniors, where 50 per cent of entry fees will be paid back. Overall high-point boy and girl will receive buckles.

Books close June 18. The show will be limited; "slack" will be run Saturday afternoon at 2 p.m.

For more information contact Motley County Extension Agent W. C. Pallmeyer at Matador or write Donna Thompson, Box 402, Matador 79244, phone 806-347-2792.

In Floydada, contact Floyd County Agent Doyle Warren if interested.

RED MEATS—

Beef . . . plentiful. Production expected to average 10% or more above year-ago and May 1973-75 averages. Fed beef continues to account for the increase. **Pork** . . . light. Production will decline and output will approximate low levels of year earlier—about 15% below the May 1973-75 average.

Farm-facts

A Weekly Report Of Agri-Business News

Compiled From Sources Of The TEXAS DEPARTMENT OF AGRICULTURE
John C. White, Commissioner

First Bale Time Nearing . . . Wheat Harvest Moving Along . . . Almost 100 Per Cent Gain.

In between streaks of bad weather, Texas cotton producers are finishing the planting of the 1976 crop. Cool, rainy weather has delayed growth as well as planting, but the crop is now more than three-fourths seeded throughout the state.

Meanwhile, it won't be long until the first bale of 1976 cotton is ginned; that usually happens in the Rio Grande Valley shortly after the middle of June. The outlook for cotton usage this year continues to be bright. Domestic use of cotton is up and is expected to remain good through this marketing season.

The final figures for the 1975 cotton crop in Texas showed it to be the smallest crop since 1946. Harvested acres last year slipped 11 per cent making it the smallest harvested crop in the state since 1967. The crop last year totaled 2,382,000 bales. This enabled Texas to regain its position as the top cotton producing state in the nation.

WHILE COTTON HARVEST is nearing, wheat harvest in the Central part of the state is rapidly gaining momentum, but rain has also delayed harvest of this crop. If weather will cooperate, harvest of wheat on the Low and High Plains will be underway.

The wheat based on May 1 conditions will total 70,200,000 bushels in Texas this season. This will be a decline of 46 per cent from a year ago. This year's yield is expected to average only 18 bushels per acre, down more than 20 per cent from last year. Harvested acres are expected to be down about a third from 1975, reports the Texas Crop and Livestock Reporting Service.

Even though the crop in Texas will be cut in half, there still will be plenty of wheat produced throughout the nation. A crop of around two billion bushels is forecast, including winter and spring wheat.

The nation's needs for wheat will amount to about 700 million bushels. This will leave above 1.3 million bushels available to meet export needs.

SORGHUM PLANTING throughout the state is nearing the completion mark, and harvest of that crop is expected to begin within the next several days.

Corn planting is virtually complete throughout the state. Renewed interest in corn production in parts of the state is being reported, particularly on the High Plains.

Making Progress . . . Peachy Prospects . . . Hey, Hay. Texas farmers are busy this week planting and harvesting crops. Wheat and flax harvest are in progress in southern areas of the state and planting of cotton is active in northern sections.

Rain did cause some delays in wheat harvest in the state, but now the crop has headed out and it varies in maturity from early bloom to hard dough stage. Yield prospects continue to be poor, although they are showing some improvement on the Low Plains. On the High Plains, only irrigated stands show promise of a normal crop.

Oat harvest is also underway, and many oats are being grazed out or baled for hay rather than harvested for grain due to poor yield prospects.

Flax harvest is active in South Texas as well as the Coastal Bend.

Cotton planting is in full swing, and the crop will be late for the most part in the Blacklands. Planting for the state is about a third finished, which is slightly below that of a year ago at this time.

Sorghum, another major crop for the state, is making excellent progress in the southern half of the state. Some replanting was necessary in the south central regions due to rains.

Planting for the state is more than two-thirds complete, which is also slightly above last year's pace.

While the 1976 crop is still being planted, the final figures on the 1975 crop are in, and Texas continues to be the leading cotton producing state in the nation.

The 1975 crop was only 2,382,000 bales; this is the smallest crop since 1946 when production slipped to 1,669,000 bales. Harvested acres in 1975 were down 11 per cent, making it the smallest acreage since 1967. But the dollar value of the crop showed a 22 per cent gain over 1974. Prices averaged about 10 cents a pound higher in

The House of Representatives in Washington has taken a major step toward making possible continued and expanded successes in cotton's never-ending battle for fiber markets, say officials of Plains Cotton Growers, Inc., Lubbock.

Reference is to House passage June 3 of legislation authorizing a producer vote on providing a badly needed increase in funding for Cotton Incorporated (CI), the national farmer-financed research and market development company.

By a vote of 370 to 6 the House passed and sent to the Senate a bill which sets the stage for a referendum to determine if producers want to increase their \$1 per bale CI investment.

The increase, if approved by producers, would be up to one percent of the value of the cotton, over and above the present \$1 per bale. The exact percentage on which producers would vote, not to exceed one percent, would be determined by the Cotton Board with approval from the Secretary of Agriculture.

The Cotton Board is made up of 20 cotton producers from across the Cotton Belt, five of them from Texas, including two from the High Plains area covered by PCG. The two High Plains Cotton Board members currently are Dan Davis of Lubbock and Don Anderson of Slaton.

PCG, representing producers in a 25-county area surrounding Lubbock, has a position favoring the legislation passed by the House. PCG President W.B. Criswell of Idalou and Executive Vice President Donald Johnson of Lubbock were in Washington June 1 and 2 urging positive action on the measure.

"There is strong evidence that CI is providing the push that has halted and reversed a steady 15 year trend of market losses to synthetic fibers," said Criswell, "but the \$1 per bale we've been putting in, because of inflation, is no longer enough to assure a continuation of the gains we have made."

Mill use of cotton in the first quarter of 1976 was 30.9 percent of total fiber use, up from 28.5 percent in the final quarter of 1975. And, in March of this year, cotton textile apparel sales on a poundage basis were 15 percent above March of last year, which is more than double the gain registered by synthetics.

"These are solid gains that are highly encouraging for producers," Criswell says, "and when the referendum is held, probably late this year or in 1977, I would hope producers will respond to the need for funds to keep the momentum going for cotton."

Senate consideration of the matter is not scheduled, but the Senate is reported ready to act without undue delay.

Once enabling legislation is enacted, the Secretary of Agriculture is expected to hold a series of field hearings, after which he will decide whether and on what terms the referendum is to be held.

The earliest the issue could come to a vote, industry leaders believe, would be November of this year.

1975 than in 1974.

Cottonseed prices, however, were down 24 per cent from the 1974 price levels.

PEACH PROSPECTS APPEAR PLUMB PEACHY for most of the state. The Texas Crop and Livestock Reporting Service predicts a 31 per cent increase in peach production for the state this year compared to a year ago.

The Egg And You: Another Look

AUSTIN—Chicken Little couldn't have put it any better—the sky has fallen down on the egg industry in recent years.

Consumers, frightened by early test results showing that eggs and other foods with a high cholesterol content increased the danger of heart attacks, stopped buying eggs.

But it may be time to take a second look at eggs.

Current research shows that dietary cholesterol does not have as much effect on cholesterol levels in blood as had been believed. Many medical experts now believe that eating moderate amounts of eggs will not appreciably affect the level of cholesterol in the blood.

"Even at today's prices, eggs are still one of the best nutritional buys," says the Texas Department of Agriculture home economist.

She points out eggs are one of the few foods that can support life entirely on their own.

A serving of two eggs contains approximately 14 grams of the highest-quality protein, only 176 calories, 12 grams of fat, 1 gram of carbohydrate and at least 13 minerals and vitamins.

Concerned Farmers Testify to Sub-Committee

She also presented an issue to the subcommittee members that has been endorsed by her fellow Concerned Farmers at one of their earlier meetings. "If embargos are placed on agriculture products then one should be put on all agriculture related products. Importation dealers are killing us on exports of equipment, by receiving a high price and then we too must pay a high. The same is true of fertilizer."

More similar federal hearings are scheduled for the future and Concerned Farmers are expected to be on hand for testimony.

Springer-Warren Engagement Announced

Ed Warren, Kyla Springer
To Wed In August

Mr. and Mrs. D. M. Springer of Kress announce the engagement of their daughter Kyla Springer to Ed Warren, son of Mr. and Mrs. Thomas E. Warren of Floydada.

The wedding will be August 7 in Kress Church of Christ.

The bride-elect is a May graduate of Kress High School.

Warren, a Floydada High School graduate, attended Hardin-Simmons University and Texas Tech and is presently farming at Floydada.

Floydada Methodist Vacation Bible School Begins

The annual Vacation Bible School begins at the Floydada Methodist church Monday. It will continue through Friday and the school is in session from 9 to 11 a.m. each day.

Mrs. Jack Eubanks reports that children from ages two through sixth grade are invited to attend the VBS and there will be Bible stories, crafts, refreshments, recreation and fun for all.

Homebuilders HD Club Meets In Bill Smith Home

The Homebuilders Home Demonstration met June 8 in the home of Mrs. Bill Smith.

The meeting was opened by the president Mrs. Ruth Tropp. Devotional from Hebrew 10:24-25 was read by the hostess.

Motion was made to have a luncheon meeting June 18

at Rogers Restaurant with the installation of officers. Council will meet at 2 o'clock for the last regular meeting of the summer, at 2 o'clock in the council room.

Miss Kathy Burk of Lighthouse Electric was guest speaker for the meeting. Her lecture was "Famous Women of Texas."

Miss Burk opened her talk by saying the trend is to look into the past perhaps partly because of this being a bicentennial year. Students in many high schools, colleges, universities are recording their family history. About 1,500 Boy Scouts each month qualify for merit badges in genealogy. Many of the young people of the "now generation" are asking "Who are my forebearers. Some see the interest in genealogy as a "grass roots" effort to reassert family ties by giving them a new historical depth. The National Archives opened regional branches in 11 U. S. Cities.

Volumes have been written about the men who made Texas a great State, but little has been said about the women who also played a very important role.

Some of the women who occupied a unique role in Texas history are Jane Dickinson Long who is acclaimed as the "Mother of Texas." In 1819, Mrs. Long went up the Red River with her children, one being only two weeks old, to overtake her husband in his Texas expedition. Overtaken by illness, she was delayed, but eventually joined him at Nacogdoches. But frontier

A miscellaneous shower honoring Miss Sandra Wall bride-elect of Kenneth Tolson, recently was given in the home of Mrs. Odell Kerr.

Guests were received by Mrs. Dorothy Kerr and Myrtle Curry. Mrs. Coy Smith presided at the register table.

Yellow and White were the predominant colors used on the serving table.

Co-hostesses assisting Mrs. Odell Kerr, Mrs. Myrtle Curry, Mrs. Joe Bennette, Mrs. Willie McGee, Mrs. Dorothy Coleman, Mrs. Mary Smith, Mrs. Eufemia Rajia, Mrs. Coy Smith, Mrs. Kathy Hearn, Mrs. Patricia Platt.

Hostesses gifts were a bedspread and linens.

MRS. CARL WAYNE LEWALLEN

Lockney Care Center Capers

By Linda Cumbie

Here it is, the end of another busy week at the center.

We have had many local and out-of-town visitors. We hope you will come back and visit with us often.

Our devotionals have been great this week. Monday Bro. Parsley from Quitaque and a group of young ladies came and gave a wonderful devotional. Tuesday, Bro. Mild and his wife from Providence helped us out. We appreciate everyone who had a part in our services this week.

Lena comes on Monday's and does those ladies hair who are unable to go to the beauty shop. We appreciate Lena for doing this for us.

We were busy in arts and crafts on Friday, Monday and Wednesday. We are still working on our quilt, pot holders, poodles and powder-puff animals.

Tuesday, we went on a picnic. Edna Phillips and Mable Foster came with the bus and helped with the food. We all thoroughly enjoyed fried chicken and all the trimmings. Those going on the picnic were: Juan Garcia, Myrtle Burke, Anna Dietrich, D. W. Burke, Martha Burke, and Reba Ragle, our aide. Thanks to Edna and Mable for helping us with the picnic. We went to the road-side park out on the Lockney-Floydada highway.

There were other present day state women mentioned, and also local women, who have helped to make Texas history.

Refreshments were served to Mrs. Raymond Evans, Dorris Huckabay, Gordon Mayfield, Elmer Morrell, Ruth Trapp, Ernie Widener, and Raymond Williams.

Silver-Lewallen Read At Wichita

Miss Lori Lynn Silver, daughter of Mr. and Mrs. Warren Silver of Wichita Falls, Texas, became the bride of Carl Wayne Lewallen, son of Mr. and Mrs. Jamie Lewallen of Floydada, on Saturday evening, June 12th. The ceremony was performed by Dr. Bruce Weaver in the First United Methodist Church of Wichita Falls.

Following a wedding trip to San Francisco, the couple will make their home in Lubbock, where both are students at Texas Tech.

White gladioli, majestic daisies and stock were arranged in brass urns and flanked by brass candelabra to decorate the altar. Candle trees held votive lights and were entwined with greenery and white flowers.

The bride wore an original gown of white silk organza, of Spanish baroque design. The bodice featured a deep v-neck of imported English silk net with a high wedding band neckline, and short scalloped sleeves edged in Alencon lace. The entire bodice was appliqued with Alencon lace flowerets and pearl beadwork. The full A line skirt fell from a crescent waist to form a full chapel train. She wore a Point-d'esprit lace covered headpiece from which fell a cathedral length Mantilla.

Thursday afternoon, we played Bingo. We had a swell time. Our top-prize winner was Maggie Payne. She won a bag of "filled" candy.

The lovely flowers were shared with us this week by the family of Billy Fewell; and from the co-op banquet. We have thoroughly been enjoying them. Thanks again for being so thoughtful.

Annie Aulick went out for the week-end with her sister, Laura Houston.

Maude Kellison went to Amarillo and spent several days with her daughter, Marie Carter.

Bud Still went out with his nephew on Monday.

Mary Reeves went out for ice cream with her niece Rena Nelson, on Monday.

Ramona Luna went to Plainview to the doctor with her daughter on Monday.

Jack Warren went out with his family on Tuesday and Wednesday.

Maggie Payne went out for lunch with her family on Tuesday.

Eula Bryant went to Plainview with her daughter, Jean, on Wednesday.

Thanks to those folks and to anyone else who may have brought us craft items this week - whose name I failed to receive.

Mrs. Muncey, Faye McClure, Betty Green, Ruth Fortenberry and Mrs. Juanita Jenkins. We received egg cartons, "Prince Albert" cans, records and a variety of other craft items.

Will close for now. May God Bless!
Till next time.

SOPHISTICATED—This Oscar de la Renta design will be perfect for many a memorable evening for 1976 Maid of Cotton Victoria Laughlin. Brilliant clusters of flowers on a black background lend sophistication to the all-cotton wrap dress with tie belt and pockets.

WEDDING STORY CORRECTON:

In the Chappell-Lloyd wedding published in Thursday's edition of this newspaper it should be added that Connie Welch registered the guest and Patrick Lloyd was a candlelighter.

Monday thru Thursday, June 14 thru 17 Only

What's Behind It? Saving Money

That's more important than ever these days. There are ways you can make sure that the energy you use in your new total electric home is used in the most efficient manner possible. So efficiently that you will save 40% or more on heating and cooling cost when compared to previously accepted standards for total electric construction.

WALLS in the ENERGY EFFICIENT HOME conform to one of three options that make sure heat stays where you want it...outside in the summer and inside in the winter. Option #1 with 6" walls and R-19" insulation, Option #2 with tongue and grooved 3/4" styrofoam sheathing, 4" walls and R-11" insulation, or Option #3 with R-15" minimum insulation. Walls also have a vapor barrier of 6 mil. polyethylene or foil-backed sheetrock. Sill insulation or sill caulking between the bottom plate and the floor is required.

CEILING in the ENERGY EFFICIENT HOME is insulated with R-30".

FLOORS (if pier and beam construction) are thoroughly insulated using R-13". In slab floors choose between Option #1, rigid urethane or styrofoam (3/4" minimum thickness) from top of floor along the outside edge of the slab down to the brick ledge, or Option #2 - pour vermiculite in the cavity between bricks and slab up to the top of the floor.

WINDOWS AND DOORS are weather-stripped and caulked. Double pane glass or storm windows and insulated core or storm doors also ensure energy efficiency. It is recommended that glass area not exceed 8% of floor space.

OTHER RECOMMENDATIONS include the use of cool fluorescent lighting, and a heating/cooling system like the heat pump that maximizes efficiency and an electronic air cleaner to be used with moving air systems.

ENERGY EFFICIENT HOME

Having Comfort... Yes, you can save money and enjoy more comfort. The total electric HOME is the way to save on heating and cooling cost with the convenience available today. Call us this week!

"The 'R' value in the product name refers to the 'R' value in the product name. The 'R' value is the resistance to the flow of heat."

NEWS 'N' NOTES
(by Sharon Hillis)

Help your home equipment give good service by being smart about guarantees and repair service, says the Floyd County Family Living Sub-committee.

Compare guarantees just as you compare products. Look for these points.

- What is guaranteed? Is it the entire product or only certain parts? Is labor included?

- How long does the guarantee last? Sometimes the entire product is guaranteed for a certain period, with specific parts guaranteed for an additional length of time.

- Who is responsible for repairing the product? Is it the manufacturer, the dealer, or a service center? Does the product have to be delivered or shipped elsewhere to get service?

For repair, go to a factory authorized repair service. They should be familiar with, and have replacement parts for, your particular piece of equipment. Keep in mind there are many brands of equipment on the market. Most repairmen know only one or two brands well.

More information on guarantees and repair service is available from the County Extension Office. Contact Sharon Hillis for a free series of 10 leaflets. "Be A Smart Shopper." Phone 983-2806.

YARD OF THE WEEK chosen by Floydada Women's Division Chamber of Commerce this week is that of Mr. and Mrs. Norman Muncy, 905 West Kentucky Street. The Muncys landscaped and care for their yard themselves. The front walk is lined with sedum spectacle, Japanese boxwoods intermingled with yellow mums. Several silver leaf maples are shade trees for the front of the house. Other ornamental trees include redbud, weeping mulberry, and pinion pine. Accent plants include Spanish dagger, blooming yuccas, santalinas, and English ivy.

Russell Thornton Named To Dean's Honor List

Russell J. Thornton, son of Mr. and Mrs. Herman B. Thornton, Route Q, Lockney was listed on the spring semesters Dean's Honor List at Abilene Christian University.

Thornton is a junior pre-law accounting major.

Thornton's average last semester was 3.6. He is an active member of Alpha Phi Omega, a national service fraternity; Phi Mu Alpha, a national music fraternity; Blue Key National Honor Society, and honor fraternity; member of the Traveling Big Purple Band, and Stage Band.

Thornton carried a 15 hour class load. He is attending the first semester of summer school session carrying 7 hours of credit.

OBITUARY

Jeffery Parrack

Mr. and Mrs. W. B. Parrack of Anson and Mrs. C. W. Denison returned home Monday from Amarillo after attending the funeral of Jeffery Parrack, one year

old great grandson of the Parracks.
The mother, Mrs. Phil Parrack, Jeffery and a 9 year old niece of Mrs. Parrack were in a one car wreck in Amarillo.

The niece is in critical condition in N. W. Texas Hospital in Amarillo. Mrs. Parrack was treated and released from the hospital.

"I am an umpire. I don't do it for a living, but only on Saturdays and Sundays for fun. I've played baseball, watched it and watched. But somehow nothing takes the place of umpiring."

"Maybe it's because I feel that deep down I am providing a fair chance for all kids to play the game without disagreements and arguments. With all this fun I've had, there is something that still bothers me about my job. Some of you folks don't understand why I'm there."

"Some of you feel I'm there to exert authority over your son. For that reason, you often yell at me when I make a mistake or encourage your son to say things that hurt my feelings."

"How many of you really understand that I try to be perfect? I try not to make a mistake. I don't want your son to feel he got a bad deal from an umpire."

"Yet, no matter how hard I try, I can't be perfect. I counted the number of calls I made in a six-inning game today. The total number of decisions, whether on balls and strikes or safes and outs, was 146."

"I tried my best to get them all right, but I'm sure I missed some. When I

figured out my percentage, I could have missed eight calls today and still got about 95 per cent right. In most occupations that percentage would be considered excellent. If I were in school that grade would receive an A for sure...

"As I sit here writing this letter, I am no longer as upset as I was this afternoon. I wanted to quit umpiring behind the plate for a pitcher who pantomimed his displeasure at any call on a borderline pitch that was not in his team's favor..."

"For two innings the manager watched this. When the kid returned to the dugout to bat in the top of the third, the manager called him aside. In a voice loud enough that I was able to overhear, the lecture went like this: 'Listen, son, it is time you make a decision. You can be an umpire, an actor or a pitcher. But you can be only one at a time when you are playing for me. Right now it is your job to pitch. An you are basically doing a lousy job. Leave the acting to the actor, the umpiring to the umpire, or you won't do any pitching here. Now, what is it to be?'"

"Needless to say, the kid chose the pitching route and went on to win the game."

"When the game was over the kid followed me to my car. Fighting his hardest to keep back the tears, he apologized for his actions and thanked me for umpiring the game. He said that he had learned a lesson that he would not forget."

"I can't help but wonder how many more fine young men are missing their chance to develop into outstanding ball players because their parents encourage them to spend time umpiring rather than working harder to play the game as it should be played."

The following morning, Donald Jensen, part-time umpire of Little Leagues, died of a brain concussion resulting from the blow by the thrown bat. End of sermon.

The Baseball Umpire

The Fargo Forum in North Dakota printed a story about Donald Jensen, who was struck on the head by a thrown bat while umpiring a Little League game in Terre Haute, Indiana.

We feel the story is good reading for all of us. In fact it might be good to read it annually as we get involved with the program designed for the youngsters.

Jenson shook off the blow from the bat, continued to work the game, but that night he went to the hospital with pains.

While being kept overnight for observation, the umpire wrote the following letter to parents of Little Leaguers everywhere.

"I am an umpire. I don't do it for a living, but only on Saturdays and Sundays for fun. I've played baseball, watched it and watched. But somehow nothing takes the place of umpiring."

"Maybe it's because I feel that deep down I am providing a fair chance for all kids to play the game without disagreements and arguments. With all this fun I've had, there is something that still bothers me about my job. Some of you folks don't understand why I'm there."

"Some of you feel I'm there to exert authority over your son. For that reason, you often yell at me when I make a mistake or encourage your son to say things that hurt my feelings."

"How many of you really understand that I try to be perfect? I try not to make a mistake. I don't want your son to feel he got a bad deal from an umpire."

"Yet, no matter how hard I try, I can't be perfect. I counted the number of calls I made in a six-inning game today. The total number of decisions, whether on balls and strikes or safes and outs, was 146."

"I tried my best to get them all right, but I'm sure I missed some. When I

figured out my percentage, I could have missed eight calls today and still got about 95 per cent right. In most occupations that percentage would be considered excellent. If I were in school that grade would receive an A for sure...

scholastic achievement. Purpose of the annual seminar, which is held on the campus of Baylor University, is to give students a better understanding of the American competitive enterprise system and opposing ideologies such as communism and socialism. The program will consist of lectures, films, and discussion concerning matters pertaining to systems of government and economics. Several nationally and internationally known speakers will be featured. They include Dr. Clifton L. Ganus, president of Harding College, Searcy, Ark., and one of the foremost United States historians today; W. Cleon Skousen, author, educator, and lecturer of Salt Lake City, Utah; Vernie R. Glasson, III, assistant director of national affairs, American Farm Bureau Federation, Washington, D. C.

Also, John D. Jackson, instructor for the Flying Training Ground School, American Airlines, Inc., of Fort Worth; Harold P. Plumer, lecturer and U.S. State Department representative at the Brussels and Seattle World's Fairs, of Minneapolis, Minn.; and Paul M. Chretien, senior briefing officer, Central Intelligence Agency, Washington, D. C.

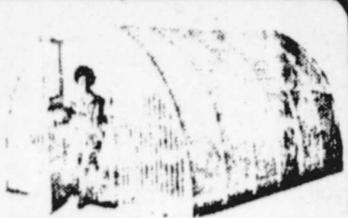

Feuerbacher Graduates From McMurry

LEGAL NOTICES

NOTICE IS HEREBY GIVEN TO ALL INTERESTED PERSONS THAT:
 The City of Floydada, Texas proposes to institute annexation proceedings to enlarge and extend the boundary limits of said city to include the following described territory, to-wit:
 All that certain lot, tract or parcel of land situated in Floyd County, Texas, containing Six & 91/100 (6.91) Acres, more or less, described in six tracts by metes and bounds in Dedication by S. D. Hollums and Edwina Hollums dated the 24th day of May, 1976, such parcel of land being out of the East One-half (E. 1/2) of the West One-half (W. 1/2) of the Northeast One-fourth (N.E. 1/4) of Survey Number Ninety-two (92), in Block Number One (1), A. B. & M., B. S. & F. Certificate No. 1500, Abstract No. 1485, and to be a subdivision known as "Duncan Addition No. 1 to the Town of Floydada (Floyd City), in Floyd County, Texas.

A public hearing will be held by and before the City Council of the City of Floydada, Texas on the 25th day of June, 1976 at 12:00 o'clock P. M. in the meeting room at King's Restaurant in Floydada, Texas, for all persons interested in the above proposed annexation. At said time and place all such persons shall have the right to appear and be heard. Of all said matters and things, all persons interested in the things and matters herein mentioned, will take notice. By order of the City Council of the City of Floydada, Texas this the 8th day of June, 1976.

DAD'S DAY STEAK

1 beef top round steak, cut 1 1/2 inches thick
1/2 cup sherry
1/2 cup soy sauce
1/2 cup lemon juice
2 tablespoons brown sugar
1/2 teaspoon ginger
1 clove garlic, minced
1/2 teaspoon hot sauce
4 teaspoons cornstarch
1/2 pound mushrooms, sliced
1 cup sliced green onions
Mix together sherry, soy sauce, oil, lemon juice, brown sugar, ginger, garlic, and hot sauce and let marinate 2 hours. Place steak in plastic bag, add marinade and place on grill over ash-covered coals or on rack in broiling pan so surface of meat is 4 to 5 inches from heat. Broil at moderate temperature to rare or medium (25 to 40 minutes, depending on thickness desired). Brushing with marinade and turning occasionally. Serve in thin slices, diagonally across the grain. For sauce, stir remaining marinade into cornstarch in saucepan. Bring to boil, add mushrooms and green onions and cook slowly until thickened, 2 minutes. Serve sauce over sliced steak, 10 servings.
