

SEASON OPENER FRIDAY

Chiefs Host Dimmitt In Long Rivalry Renewal

BY BILL ELLIS

The Chieftains open their 2003 grid season by hosting one of their oldest rivals, the Dimmitt Bobcats, at Chieftain Field on Friday, August 29. Game time is 7:30 p.m.

The Chieftains and Bobcats will be meeting in the 67th renewal of the Parmer County-Castro County rivals, who first met on the gridiron in 1930.

In last year's game at Dimmitt, Friona won the elements-shortened game, 21-0. Dimmitt officials called the game after the halftime, due to instruments detecting bad lightning in an approaching cloud.

It turned out that Friona produced the most "lightning," in the form of Jason Gutierrez, who dashed 61 yards on two carries, one being a 58-yard scoring scamper. Chris Wiseman recovered a Dimmitt fumble in the end zone for a quick

14-0 Friona lead in the '03 game.

Gutierrez, a senior, will again be in Friona's starting backfield on Friday.

The Bobcats are coming off a 3-6 record, having won three of their final five games of 2002. The strong finish left the 'Cats with a 3-2 district record, just missing out on the playoffs.

Dimmitt returns 13 lettermen (losing nine) from last year's team, seven offensive starters and eight defensive starters.

Tyler Myatt, a 6-2 wide receiver, is one of the players to be watched on Dimmitt's team. Myatt plays cornerback on defense. Matthew Sanders (5-11, 200 lbs.) is a senior running back/linebacker.

Caleb Dickerson, 6-2, 280, is the player the Chieftains will try to avoid in the Bobcat line.

This is Head Coach Bob Ferguson's second season as

FHS head coach, after going 7-4 and guiding the Chieftains into the playoffs for the school's eighth straight season, an FHS record.

The Chieftains will attempt to beat the Bobcats for an unprecedented tenth straight year, having won every game since beating the 'Cats 14-12 in 1994, the year former Coach James Morton won his first district title, and Friona's first since 1965!

Prior to the current streak, the longest Friona winning streak was three straight, from 1963-64-65 and 1985-86-87.

Dimmitt, on the other hand, beat Friona 14 straight times, between 1944 and 1962, and five straight from 1988-93.

The two schools had competed as district opponents for 41 straight seasons, and 48 of the previous 49 seasons when the UIL redistricted prior to the 1998 season.

Junior High Beginning Band Drive Scheduled

The annual Friona Junior High Beginning Band Drive will be held on Tuesday, September 2, 2003. Parents are invited to come to the Junior High Band Room between the hours of 4:00 p.m. and 7:00 p.m. to view instruments on display for purchase.

"As always, we are short in the area of used instruments. If you have a used band instrument that you would like to sell, you are welcome to try to sell it at the drive. You should deliver the instrument to the Junior High Band Room on or before the date above. Please include your name, phone number, and the price, inside the case. Any help the general public can provide in furnishing instruments for the drive, would be greatly appreciated," stated Mr. Mc Williams, Band Director.

GOOD LUCK! CHIEFS!

Have A Safe And Happy Labor Day

NEW MANAGER of the Parmer County Farm Bureau agency is Mitchell Smiley. Mitch has been with Parmer County Farm Bureau since 1997. He replaces former manager Glen Morton who transferred to the Lamb County Farm Bureau agency. The Farm Bureau office is located at Highway 60 and Cleveland in Friona. Mitch and his staff invite all customers and friends to stop by.

Effective September 1 Traffic Violators: If You Play You'll Have To Pay

BY RON CARR

Do you enjoy speeding and taunting local and state traffic laws? Think speed limits apply to everyone except you? Effective September 1, you may be in for a big surprise. Make that several surprises.

Laws were passed in the recent legislative session that can make your life miserable for several years if you continue to violate traffic laws.

With the state budget in bad shape, the lawmakers had to invent ways to make up for the deficit. Instead of

taxing smokers and drinkers this time around, they are after traffic violators.

Fines have gone up. Built into every fine you pay the Justice of the Peace is an \$81 court cost. We looked at a list of fines in the JP's office. The cheapest one was \$115 for no seat belt.

For example, running a stop sign goes for \$160 and 8-12 miles over the speed limit: \$145. Many of the fines are \$200 or more. So, speed and break the law, but go to the bank first.

Also new is the point system. Simply put, each time you get a moving

violation of traffic law of Texas or any other state you get 2 points on your record.

Any moving violation of a Texas traffic law, or any other state, that results in an accident, earns you 3 points.

Once you have accumulated 6 points, Texas will be a part of your daily life for at least 3 years. Earn 6 points and Texas will send you a bill for \$100. If you have more than 6 points, they bill you \$25 for each additional point.

If you get picked up for DWI and have 6 or more points, you will get a bill from the state for \$1,000 a year for 3 years. This is over and above any local fines or jail time. If your blood alcohol level is 0.16 or higher, they bill you \$2,000 per year for 3 years.

If you are caught driving with a suspended license or with no liability insurance, your annual bill is \$250 for 3 years. You can arrange installment payments but if you miss a payment DPS will declare it due and payable immediately.

If you fail to pay any of the annual surcharges, your license is automatically suspended. The suspension lasts until the surcharge and related costs are paid.

Remember, the annual amounts that Texas sends you a bill for are over and above any fines for traffic offenses.

Thanks to Precinct 2 Justice of the Peace Vi Hutto for her assistance in understanding this new process. For more information, contact your nearest friendly JP, preferably before you violate a traffic law.

THE PRODUCTION staff at the Friona Star/Bovina Blade office are, standing, l-r, office manager Marlene Mueller, Nathan Parson, & Sherry Carr. Seated is production manager Dana Jameson. Friona Fire Dept. News

BY DARELL BARLOW
Reporter

The Friona Volunteer Fire Department had the "Fill-the-Boot for MDA" this past Saturday and raised over \$700.00 for "Jerry's Kids".

We had a great time visiting with the drivers. Some of them were vacationing firemen from departments across the nation who were willing to give to "Jerry's Kids".

We wish to thank everyone who donated to this worthy cause and we also want to thank the children of the firemen, because they make it worthwhile.

The Friona Fire Department has recently responded to several accidents and one large fire.

Our current weather conditions have put us in an "Extreme Fire Danger", so please use extra caution when burning trash and do not throw lit cigarettes out of your car.

Now that school has started we also want to remind everyone to watch for children when driving.

With Labor Day weekend coming up please be careful if you are planning to travel.
Happy Labor Day!

Nutrition Moves To TDA

Texas Agriculture Commissioner Susan Combs today announced that the U.S. Department of Agriculture Child Nutrition Programs, formerly located at the Texas Education Agency, have moved to the Texas Department of Agriculture. The federal programs provide funding and nutritional guidelines and services for public schools in Texas.

TDA becomes the administering agency for the programs, which will be located in TDA's Food and Nutrition Division.

John Perkins, who has been the director of the program for 14 years, joins TDA assistant commissioner for the new division.

"John and his staff bring a wealth of experience and knowledge that will serve the schoolchildren and people of Texas well," Combs said. "In addition, each shares my commitment to fighting childhood obesity and promoting Texas agriculture to aid us in this fight."

"I am very pleased to have the opportunity to work with Commissioner Combs and TDA to continue to provide Child Nutrition Program services in Texas," Perkins said. "Under Commissioner Combs' leadership we will focus on the nutritional goals of these programs to improve the health and welfare of our schoolchildren."

Robert Scott, acting head of the Texas Education Agency, said, "We will work closely with the Texas Department of Agriculture to make this a seamless transition for our school districts. Districts should see no interruption in service and we believe this program will flourish under our friends at the agriculture department."

The Child Nutrition Programs include the National School Lunch and Breakfast programs. The School Lunch Program also includes the Afterschool Snack Program.

"We look forward to partnering with schools, the Texas Education Agency and USDA to ensure a healthy nutrition environment for our schoolchildren and to promote the consumption of nutritious Texas-grown foods," Combs said.

Letters To The Editor

Letter to the Editor--
The City of Friona has a lot of problems that the citizens have noticed but none of the officials have seemed to realize. The issues at hand are taking what should be a peaceful, trustworthy community and turning it into a high crime area, but all of the crime is being ignored. The city recently acquired a new officer that had taken notice of the problems and was making a valiant effort to correct not only the major infractions but the minor ones also.

He had only the best interests and the safety of the citizens of Friona in mind. He unfortunately was met with nothing but negativity and a very unsupportive group of commanding officers and city officials. He was asked to stop pursuing many of the smaller violations because they generated too much paper work and was told to stop investigating the larger crimes because it had been bringing negative attention to Friona and had been ruffling the feathers of certain people.

Lt. Morris is the best thing that has happened to the Friona Police Department in years. He is an honest, hard working man that will not let politics and/or money interfere with his job, unlike others we have had here and still do have here. To fix the problems that are plaguing this city we need officers that are going to pursue and try to fix these problems. Lt. Morris is one of those that this city needs and anyone who knows or has met Officer Morris knows that the allegations and pending investigation against Lt. Morris is completely fabricated and bogus.

We want the people of Friona to know that we are about to lose an officer that this city desperately needs because the city officials would rather hand him over than fight for what they know is the truth. This is a petition to fight for the truth and Lt. Morris' badge. We also believe Lt. Morris should be fully reinstated and he should be considered for Police Chief. He would have wide spread support from the community in all he tried to accomplish.

If you would like to sign a petition there is one at Tasty Cream and some other businesses around town, or you can email your name to the petition or any comments to saveltmorris@hotmail.com.

Thank you-
Concerned citizens of Friona

Mr. Ron Carr,

I received the bill for the Bovina Blade. I sure don't want to stop sending my sons the paper. Both of them are still in Iraq so they want to hear the news from Bovina and Friona. They graduated from Bovina, so this is their hometown. The paper goes to their wives and they send the paper to them. Thanks for all the support you give in the paper to our troops in the Middle East.

Thank you,
Rita Villarreal

FMNVs: Weapons of Mass Destruction

School food is not the problem.

School food has nothing to do with the alleged obesity and diabetes epidemic in America. The food and morality police keep saying that obesity and diabetes is driving America to ruin. The sky is falling and many of us are too big and sick to run for it. And by God they plan to do something about it.

"They" are politicians, career government socialists, and activists that demand you live the way they say you should. "They" have nothing better to do than tell you what to drive, what to believe in, where you can or can't smoke, and most recently, what you eat.

(It strikes me as strange that "they" have not lashed out against alcohol, one of America's leading killers.)

Now enter Texas Agriculture Commissioner Susan Combs, on a mission to torture parents, teachers and cafeteria workers with new, repressive rules to make your kids healthier.

Until the summer of '03, the Texas Education Agency ruled school food. Policies on Foods of Minimal Nutritional Value (FMNVs) have been in place for several years. School cafeterias serve balanced meals with nutritional value that is more than adequate for kids, who don't eat half their cafeteria food anyway.

I know from personal observation that Roxanne Hurst, Friona schools food director, and her staff, work very hard to provide good, tasteful, healthy food to the kids in elementary and junior high.

I also know, having eaten a few meals in the school cafeteria, that there are a ton

of English peas and the like that get dumped in the trash.

The cafeteria workers care about what they feed the kids. Now it is time for the parents to care too.

In the summer of '03, authority for school food was moved over to the Texas Department of Agriculture. Commissioner Combs, like a Sunday night revival preacher, set about saving souls from diet destruction.

She issued an order. She knows best. Parents don't know. Kids can't help themselves. So Susan C. will lift them up from the hell of school food, save them from silly school parties, and rescue children from the eternal misery caused by bubble-gum.

Coca-Cola and all carbonated drinks are out. Bovina middle school removed the candy machine. Soda water (any carbonated beverage), water ices (sweetened water such as "...sicles"), chewing gum and certain candies are barred from school.

No hard candy, jellies and gums, marshmallow candies, licorice, spun candy or candy coated popcorn will be allowed in foodservice areas during meal periods.

Here is the good part. Parents can send whatever they want in a child's sack lunch. Here is the bad part. Your child is not allowed to share his or her sack lunch with a friend if it contains forbidden foods.

A violation of the rule can cause the state to disallow all federal meal reimbursements for that day and require the school to reimburse the foodservice account for any lost revenue.

So the state says do this or

lose the money we give you. Another government agency blackmailing a local entity with the threat of taking away funding. It works for the federal government, why not the state.

I'm told that parents can no longer come to school with the forbidden lollipops or candy and throw a party for their kid's class. No more soft drinks at school functions.

The rules are so narrow and difficult to interpret that many schools are not taking chances. They are just not allowing any food and drink activities. No need to risk trouble with the Feds.

I am not arguing with good nutrition. I'm not arguing with a school's responsibility to provide a healthy atmosphere for the kids. Most do so anyway.

What bothers me is the high-handed way the state and federal government continues to meddle in your life and your freedom. And it appears that not enough average Americans really care that the government is taking over all their activities.

I spent a lot of time Tuesday talking with Roxanne Hurst. She and I both know that her cafeteria

and staff are not the problem. They are and have been serving good meals to the kids.

She told me these new rules are not a big problem for cafeterias because they have had strict rules for a long time.

She also said that they could do just as good a job, or maybe better, if the government would stay out of it. I say amen!

But then there is that money thing. And the parents who do not exercise any discipline of their kids habits outside of school.

Next, I expect some over-zealous activists to discover a group of skinny folks in America and make laws requiring them to eat more so they won't get sick and cost the government money.

Cafeterias could end up with a skinny student cafeteria line and another for the overweight.

All I can say to cafeteria ladies everywhere is keep smilin' and keep on cookin'. The kids need you.

P.S. As Roxanne says, Susan Combs is an elected official. Next election, you might want to vote with your heart and your stomach.

RESIDENCE HALLS at West Texas A&M University opened bright and early August 20th and Trevor Fields, a sophomore sports and exercise sciences major from Friona, was busy hanging a banner to welcome students back to campus.

Cotton Market Weekly

A Service Provided by Plains Cotton Cooperative Association

After several days of higher trading, cotton futures prices on the New York Cotton Exchange surged Wednesday to their best settlement since Aug. 8 on trade and speculative buying. However, the momentum did not continue the following day despite an unexpectedly strong export sales report from USDA.

According to the department, net upland sales of U.S. cotton in the week ended Aug. 14 totaled 140,000 bales, more than double the previous week's figure. The three major buyers were South Korea, Mexico and Indonesia. Additionally, sales of 4,500 bales were reported for the 2004-05 marketing year.

Export shipments of U.S. cotton totaled 240,000 bales during the same week. Although the figure was a 19 percent decrease from a week earlier and 25 percent lower than the four-week average, it was much better than the market had anticipated.

"The high shipments were obviously based on actual demand for delivery of cotton sold rather than on reliance of a large Step 2 payment since the certificate available on last week's shipments was less than 20 percent of the previous week's," one analyst commented.

Activity increased on the spot cotton scene as well. Online sales by Texas, Oklahoma and Kansas producers in the five trading days ended Aug. 21 totaled 15,218 bales, compared to 2,050 bales the previous week. Prices received by producers selling their cotton online ranged from 45.12 to 48.50 cents per pound versus the previous week's 47.78 to 50.92 cents per pound range.

In other news, USDA's weekly crop conditions report was not considered friendly to the market since it did not show the deterioration that some traders had expected. As of Aug. 17, 16 percent of the U.S. crop remained in poor to very poor condition. Meanwhile, 55 percent of the crop was in good to excellent condition versus 54 percent the prior week. One year ago, 53 percent of the crop was in good to excellent shape while 18 percent was considered to be in poor to very poor condition.

For the week, the Texas crop was one percentage point weaker as 30 percent was rated good to excellent. Boll setting in the state advanced to 87 percent of the crop compared with 94 percent at the same time last year and the five-year average of 95 percent.

Tropical Storm Erika skirted the Texas Rio Grande Valley and made landfall in northern Mexico early Saturday morning. Rain amounts were generally around one half of an inch while isolated areas received up to one inch. Winds were light, and little if any damage to the Texas cotton crop resulted. Picking already has progressed at a rapid pace in the Rio Grande Valley and Coastal Bend as producers attempt to get the crop off the stalk before more wet weather returns.

Elsewhere, many plants on the Texas High and Rolling Plains are nearing "outout" due to the lack of precipitation and excessively high temperatures. Scattered showers fell in the Texas Panhandle this week, but much more precipitation is required before drought conditions ease. In fact, USDA's Drought Monitor data for the week ended Aug. 19 indicated soil moisture levels across the region were considered to be in "severe drought" or "moderate drought." For the foreseeable future, above-average temperatures are expected to persist causing plant health to continue to deteriorate.

Meanwhile, hot, dry weather also prevails in the Far West, and irrigation has continued where needed. Sultry conditions continue in the Southeast and Memphis Territory with only isolated precipitation offering an occasional break from the heat. Although nighttime temperatures have dropped into the mid to upper 70s, cooler weather would be welcome to give plants time to recover from the intense daytime heat.

"In the short-term, weather and crop conditions in Texas and the Southeast are of great concern to the market," an observer said. "Even the smallest of rain showers can become major news to the cotton trade if it happens in the right place."

Keeping an Eye on Texas

Honor the flags

Starting this school year, students at Texas public schools will recite the Pledge of Allegiance to both the United States and the state of Texas.

Senate Bill 83, requires both pledges to be recited, but does allow parents to have their children excused from the practice.

The Texas Pledge of Allegiance reads as follows: "Honor the Texas flag. I pledge allegiance to thee, Texas, one and indivisible."

SB83 also provides a minute of silence following the pledges for students to reflect, pray, meditate, or engage in another silent activity that is not distracting to other students.

TBWEF Mails 2003 BW Program Assessments

LUBBOCK, August 22, 2003 By Roger Haldenby
We'd like to remind growers across the five High Plains boll weevil eradication zones that the Texas Boll Weevil Eradication Foundation mailed out assessment notices for the 2003 crop August 21.

The full amount of the assessment comes due on September 25, 2003 but producers who pay in full by September 10 will receive a 2% discount.

Any questions about your assessment notice should be directed to TBWEF Assessments Department in Abilene at (866) 672-2800.

NWS Offers Useful Weather/Climate Products

LUBBOCK, August 22, 2003 By Shawn Wade
When it comes to weather forecasts and climate data the best solution to finding out what the future holds is generally to go straight to the source.

Everyone is familiar with the typical 5-7 day weather forecasts available through local and national media outlets.

What few people realize is that the National Weather Service (NWS) data used to create those predictions of temperature and precipitation can actually provide a much more detailed glimpse of what the future holds.

Currently, the NWS maintains and creates a variety of climate/weather prediction products that should be extremely useful for the farmers, especially when they need to know what the future holds over the course of the coming 1, 3 or 7 days.

The trick for producers, and the general public, is knowing what to look for and where to find it.

NWS personnel gather, process and distribute valuable data that most of the weather watching public is unaware of and didn't know was actually available on the internet. The Lubbock area NWS office website can be accessed at: <http://www.srh.noaa.gov/lub/>

Often known by arcane names, like Point Forecast Matrices (PFM), some of the currently available NWS data have exciting potential for agricultural producers. One of the most interesting is the PFM mentioned above.

The PFM is a 3-7 day forecast broken down to specific periods of time that includes temperature, wind speed and direction, humidity and precipitation. The forecast includes specific predictions in three-hour intervals for upcoming 72 hour and then six-hour forecasts for days 4 through 7.

It isn't hard to imagine the usefulness of a three-day weather forecast, broken down to three-hour time slices, that include temperature, humidity, wind speed, to a cotton grower trying to maximize harvest activities and schedules.

Lubbock area residents interested in seeing what the PFM says will happen over the next 3-7 days can go to the Lubbock NWS website and look for themselves at: <http://www.srh.noaa.gov/lub/PFM.htm>

While there, be sure to look at the other climate and weather data products they have available. There are literally dozens of interesting and potentially useful tools waiting to be put to good use.

We have it on good authority that Joyce Loflin of Friona, wife of Jerry, has been observed feeding strawberries and other treats to a pair of wild turtles that live in their backyard.

Friends say she has them trained to mosey out in the yard when she calls them.

Delton & Betty Lewellen are celebrating their 50th wedding anniversary but they don't want us to tell anybody so we won't.

We were in Amarillo last weekend looking for some stuff at Hobby Lobby. They already have their Christmas trees and other Christmas stuff on display. The trees have lights and are decorated. With the temperature near 100, it didn't feel much like Christmas.

Pretty soon, you will be able to visit Hobby Lobby in Clovis at the old K-Mart building. Also on the way in Clovis are a Lowe's Building Supply and a Chili's Restaurant. A new store called The Dollar Tree is already open out on Prince near Wal-Mart. Everything is a dollar they say. It is in the old Heilig-Meyers Furniture location.

We had a note from Myrna Cain, former resident of Friona, now of Portland, Texas. She gave an update on husband Ron's cancer treatment. Three weeks ago they went to Mayo Clinic in Rochester, Minnesota, for a procedure to slow the blood supply to the tumors.

Neugebauer Comments On Columbia

Congressman Randy Neugebauer issued the following statement in response to the release of the accident investigation report by the Columbia Accident Investigation Board (CAIB) regarding the crash of the Space Shuttle Columbia.

"The Columbia tragedy struck West Texans harder than some because we lost two of our own--Rick Husband and William McCool. As a member of the Committee on Science, I look forward to investigating this report further in the coming weeks to learn more about how we can improve safety for future space travel. The sacrifice of seven heroes demands that these hearings be thorough, so that we will have complete information from the investigation board, NASA, and the contractors involved. The lesson of history is not to repeat the mistakes of the past. That is the charge we have at this pivotal point in NASA's history."

She said they would be returning next week for the second stage and after a month they will go back again for the third stage. Ron gives himself up to ten injections daily to help control all the side effects of the cancer.

You will want to put Ron & Myrna in your prayers and on your prayer list.

Immunization Clinic Schedules Given

Immunization clinics offering the vaccines that give protection against childhood diseases are scheduled for September 2003 in Friona and Bovina.

HOW TO RELIEVE COMPUTER EYESTRAIN

Computer users often complain of eyestrain, fatigue, irritation and blurred vision. They frequently have headaches and double vision, along with red, painful watery eyes. In addition, inappropriate posture can cause musculoskeletal problems in the neck, back and shoulder. Here is a short list of what to do to improve eye problems.

- *Keep the computer screen four to nine inches below eye level.
- *Place the machine straight in front of you.
- *Eliminate glare by using drapes or blinds, changing the angle of overhead lights and purchasing an anti-glare screen.
- *Use a screen that can be tilted and has adjustable brightness and contrast controls.
- *Set the screen brightness at the same intensity as other objects in the room.
- *Use a screen with black characters on a white background.
- *Sit in ergonomically correct seat at the right distance from the keypad.

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

NOTICE OF APPLICATION AND PRELIMINARY DECISION
FOR WATER QUALITY LAND APPLICATION PERMIT AMENDMENT
OF MUNICIPAL WASTEWATER

PERMIT NO. 10089-001

APPLICATION AND PRELIMINARY DECISION. City of Friona, 623 Main Street, Friona, Texas 79035, has applied to the Texas Commission on Environmental Quality (TCEQ) for a major amendment to Permit No. 10089-001, to authorize an increase in the daily average flow from 484,000 gallons per day to 550,000 gallons per day. The application requests disposal of treated domestic wastewater via surface irrigation of 186 acres of nonpublic access land. This permit will not authorize a discharge of pollutants into waters in the State. This application was submitted to the TCEQ on October 16, 2002.

The facility and disposal site are located 4,000 feet east of the City limits of Friona in a northeasterly direction on U.S. Highway 60 and on the south side of the Atchison, Topeka & Santa Fe (A.T. & S.F.) Railroad in Parmer County, Texas. The facility and disposal site are located in the drainage basin of Upper Prairie Dog Town Fork Red River in Segment No. 0229 of the Red River Basin.

The TCEQ executive director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The executive director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, technical summary and executive director's preliminary decision, and draft permit are available for viewing and copying at Friona City Hall, 623 Main Street, Friona, Texas.

PUBLIC COMMENT / PUBLIC MEETING. You may submit public comments or request a public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit written or oral comment or to ask questions about the application. Generally, the TCEQ will hold a public meeting if the executive director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Written public comments and requests for a public meeting should be submitted to the Office of the Chief Clerk, MC 105, TCEQ, P.O. Box 13087, Austin, TX 78711-3087 within 30 days of the date of newspaper publication of the notice.

OPPORTUNITY FOR A CONTESTED CASE HEARING. After the deadline for public comments, the executive director will consider the comments and prepare a response to all relevant and material, or significant public comments. The response to comments, along with the executive director's decision on the application, will be mailed to everyone who submitted public comments or who requested to be on a mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the executive director's decision. A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

A contested case hearing will only be granted based on disputed issues of fact that are relevant and material to the Commission's decision on the application. Further, the Commission will only grant a hearing on issues that were raised during the public comment period and not withdrawn. Issues that are not raised in public comments may not be considered during a hearing.

EXECUTIVE DIRECTOR ACTION. The executive director may issue final approval of the application unless a timely contested case hearing request or a timely request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the executive director will not issue final approval of the permit and will forward the application and requests to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

MAILING LIST. In addition to submitting public comments, you may ask to be placed on a mailing list to receive future public notices mailed by the Office of the Chief Clerk. You may request to be added to: (1) the mailing list for this specific application; (2) the permanent mailing list for a specific applicant name and permit number; and/or (3) the permanent mailing list for a specific county. Clearly specify which mailing list(s) to which you wish to be added and send your request to the TCEQ Office of the Chief Clerk at the address above. Unless you otherwise specify, you will be included only on the mailing list for this specific application.

INFORMATION. If you need more information about this permit application or the permitting process, please call the TCEQ Office of Public Assistance, Toll Free, at 1-800-687-4040. General information about the TCEQ can be found at our web site at www.tceq.state.tx.us.

Further information may also be obtained from City of Friona at the address stated above or by calling Ms. Terri Johnson, City Administrator at (806) 250-2761.

Agency on Aging Needs Volunteers

Efforts are underway in your community to recruit volunteers to serve as advocates for residents of Panhandle nursing homes and assisted living facilities.

These special volunteers, called Ombudsmen, promote resident rights, quality of care and quality of life on behalf of long-term care facility residents. Ombudsmen educate residents, family members, and facility staff about resident rights, and help resolve complaints.

If you enjoy helping others and can devote at least two hours a week to visit a long-term care facility in or near your community, please call Tanya Mock or Jeff Price with the Area Agency on Aging today at 800-642-6008 for more information on this exciting and rewarding volunteer opportunity.

Lucille B. Latta Services Held In Friona

Services for Lucille Benger Latta, 90, were held Monday August 25, 2003, at 2:00 p.m. at the Friona United Methodist Church in Friona with Rev. Steve Patterson, pastor, officiating.

Burial was in the Friona Cemetery under the direction of Blackwell Funeral Home of Friona.

Lucille died Thursday August 21, 2003.

She was born July 11, 1913 and had been a Friona resident since 1928. She was a graduate of Friona High School and West Texas Normal College, and a member of the Friona United Methodist Church in Friona.

She married Guy Starr Latta August 24, 1946 in Clovis, New Mexico. He died May 15, 1991.

Survivors include one niece, Wanette Burrow of Stillwater, Oklahoma; and three nephews, Hubert D. Green of Arvada, Colorado, Richard Green of Mobile, Alabama, and N. Edward Benger of Fremont, California.

She was preceded in death by one sister, Dortha Green; and three brothers, Johnnie, Noel, and Ira Benger.

The family requests memorials be to Prairie Acres, 201 E. 15th, Friona, TX 79035.

Services for M. Barraza In Bovina

Graveside services for Maria A. Barraza, 88, of Bovina were held Thursday, August 21, 2003 at 2:00 p.m. in the Bovina Cemetery with Cecil Bunch, Church of Christ minister of Clovis, New Mexico officiating.

Arrangements were by Blackwell Funeral Home of Friona.

Maria died August 19, 2003 at the Crown of Texas Hospice in Amarillo.

She was born January 15, 1915 in Chihuahua, Mexico and was a Bovina resident since 1968. She was preceded in death by her husband, Antonio Barraza on December 23, 1973.

Survivors include two sons Moses Barraza of Big Spring and Raul Barraza of Bovina; one daughter Antonia Barraza of Amarillo; two sisters Socorro Barraza of Garland and Rosalia Barraza of Ackerly, Texas; four grandchildren; and 14 great-grandchildren.

The family suggests memorials be to Crown of Texas Hospice in Amarillo.

SEEDS FROM THE SOWER
Michael A. Guido
Metter, Georgia

Bobby hurried to his seat and started drawing. Presently his art teacher came to examine his work.

"Look here, Bobby," she pointed out, "that line isn't straight."

"No, it isn't," he admitted, "but I can fix that up later."

"Bobby," she answered, "a straight line never needs to be straightened."

It's better to make the line straight, than to draw a crooked line and have to straighten it.

So, think the truth, speak the truth, act the truth. Then you won't have to stop and correct that which is crooked.

Happy is the one who can say with the Psalmist, "I have chosen the way of truth."

Call the Friona Star at 250-2211 if you have news, classifieds, photos, or advertising.

Weekly Prizes of... \$25 • \$15 • \$10

Overall Point total

Grand Prize \$200

2nd Place \$100

The Football contest is made possible by these business sponsors. Please give them your support and say thanks!

CONTEST RULES

Tie-Breaker: Pick the score of the tie breaker game. The tie-breaker game does not count on the won-loss record. Guess the total rushing yards in the game as a second tie-breaker.

Entries are due by 5 p.m. each Friday. Three ways to enter:

Fax entry to 806-250-5127

Mail to: Football Contest
P.O. Box 789
Friona, TX 79035

Bring entry to: Friona Star Office
916 Main St.
-or-
Dorothy's Beauty Shop
3rd St in Bovina

Mailed entries should be sent to the Friona address above and postmarked by 5 p.m. Friday.

Cash Prizes of \$25 for 1st, \$15 for 2nd and \$10 for 3rd will be awarded weekly.

Each correct game picked counts as one point. Player with most total points at the end of the 13-week contest will win a Grand Prize of \$200. Second place overall winner will receive \$100.

Only one entry form per individual. Must be 10-years or over to enter. Newspaper employees and their immediate families are not eligible to enter.

For questions or more information about the football contest, call: 806-250-2210
