Kentucky Evangelist To Lead Victory Baptist Church Revival

The public is invited to attend a revival led by Kentucky evangelist Claude Bond scheduled for August 9-15 at Victory Baptist Church, 607 W. Lee in Floydada. The revival will begin at 7:30 each night.

Bond was graduated from the University of Texas at Austin and he also has a Bachelor of Divinity degree from the Bible Baptist Seminary in Arlington, Texas.

For more than eight years Bond has been actively involved in missionary evangelism in the United States and abroad. He has preached in Mexico, El Salvador, British Honduras, Grand Bahama, Fresh Creek, Turks, and Cacos Islands. He has also been to Barbados twice. Liowanis Softball Game Nets \$100

Due to the threat of rains less than the expected 10,000 people showed up to see Kiwanis team beat the Lions team 12 1/2 to 12 in a slow pitch softball game Thursday night.

Since the game had no official scorekeeper and no official lineup one could only guess what was happening. Many couldn't believe what they were seeing. The Kiwanis team was awarded half a point when one of its players came home after running the bases backwards. Other game antics included fruit substituted for the baseball at unexpected moments, a wheelbarrow "ambulance" for pooped players, ad-libbed cheers from the dugouts and several vocal disputes with Lions

umpire who was given a "legally blind" placard by Floydada optometrist O. R. McIntosh.

Purpose of the game was to collect donations so that the City of Floydada can match federal funds for park developments. Game coordinator Art Ratzlaff said that the clubs collected \$100 from the game. So far there has been no reports of injuries other than sore muscles, he added.

Ray Reed became so enthusiastic during the game that he lost his wedding ring which is brush gold with three small diamonds. Anyone finding

the ring should contact Reed at 983-3761 or 983-3998. Reed says he hit the ball so hard during the game that the people in Lockney may be able to find his ring.

LIONS PICNIC THURSDAY

The Floydada Lions annual picnic will be held next Thursday, August 12, at the Country Club. The swimming pool will be open to the members. Dinner will be at 7 p.m. according to Johnny Harris Jr., chairman for the program.

Youth Choir To Perform At Methodist Church

The Youth Choir of First United Methodist Church, Carrollton, Texas (near Dallas) will appear in concert at First United Methodist Church, Floydada at 7:30 p.m. on Monday, August 9.

The choir will be presenting a program of sacred contemporary gospel music, backed by their own rhythm section. Along with their singing, the different members of the choir will share their faith through personal testimony. The group consist of students in the seventh through twelfth grades who, excited about Jesus Christ, see music as a positive means of communicating this love for all people.

The current tour of Carrollton's Youth Choir takes them from Texas through Oklahoma and New Mexico. A tour to Florida and another to Tennessee, several revival appearances, 5 special music and drama

presentations, and two Holy Spirit Conferences have numbered among the Choir's activities the past three years. The Youth Choir has participated in services with both David Wilkerson and Oral Roberts.

The director of the group is the Reverend Allison Snyder, Minister of music at First United Church in Carrollton. In three years the Youth Choir has not only doubled in size, but also the desire to be an instrument of God in ministry has become the key reason for the entire youth community's existence, of which the choir is a part. Each Sunday the youth lead their own congregation in worship at the early morning service, and opportunities for reach-out experiences are seen as God's own directive to go into all the world to spread the Good News of Jesus Christ.

The entire community is invited to this exciting worship experience.

RR Line Hearing Set

A legal hearing concerning the proposed abandonment of the Frisco railroad line from Acme to Floydada has been set for November 8, 1976 at Paducah.

Location of the hearing room will be announced later.

The Interstate Commerce Commission ruled recently that a legal hearing must be held before the St. Louis and San Francisco Railway Co. (Frisco) can abandon the 104.8 miles of track.

The track in question belongs to the Quannah, Acme and Pacific Railway Co., a Frisco subsidiary. Counties served by the nearly 105-mile stretch include Hardeman, Cottle, Motley and Floyd.

Frisco—which filed a petition seeking immediate abandonment of the stretch April 11, 1975—was required Friday to inform the ICC of the approximate number of witnesses it will call, and the time it will need to present evidence. The ICC will also require the rail

company to furnish it copies of all cost studies and traffic samples.

After Frisco filed its petition last year, shippers and other citizens along the line from Quannah to Floydada held meetings in Paducah, electing Lee Currey, manager of the local cotton compress, as spokesman.

The group filed a letter of protest to the ICC, asking for a hearing.

At the hearing, they hope to detail their needs and present evidence they feel will shed light on reasons the railroad has reportedly lost the amount of business it needs in order to stay in operation.

Shippers allege the company itself is at fault for the business dropoff in recent years.

The Texas Wheat Growers Association and various agri-businesses, which ship cotton, grain and agricultural chemicals to and from the area, also joined the protest.

Transportation?... Buggies To Racers Manufactured Here

Elmer Tooley, manufacturer of the buggies, says that Floydada manufactures everything from racing autos. For racing cars has been built for people all over the world.

Now, we have discovered a buggy manufacturer....well, not exactly. Elmer Sellars takes the old running gears of wagons and buggies, spends a lot of "reworking time" and produces a finished vehicle that looks like new. Recently Elmer remodelled a buggy for Rex Mogg of Plainview. Now, you

would expect a buggy to be purchased for a museum or possibly for an individual who liked to show it off in a parade. Not so for this buggy. It will possibly be used as a "salad bar" in a restaurant. Yes, something really unique....select your salad from the seat of a fine old buggy!

Elmer enjoys a hobby like this because back in Hopkins county he and his father Sam Sellars were in the blacksmith business. They did everything from shoeing horses to repairing buggies and wagons. The buggy he has just finished is equipped with either a tongue for two horses, or shafts for

"one horse power."

The woodwork is strong red oak, all metal work is like new and the wheels have been completely cleaned and refinished.

It is complete with foot brake and other accessories.

"It is extremely difficult to even find

parts of buggies in this day and time," Elmer said. "With so many antique dealers looking for them, they are extremely scarce," he added.

Through the years Don Hardy Racing Cars has built everything from dune buggies to some of the fastest drag racers in the world.

ELMER SELLARS and granddaughter Julie Smith built this chuck wagon some time ago. All it lacked when picture was taken was hoops and covering. (Staff Photo)

Teacher Enjoys

Tour Of Scotland

by Ella Reue

A delightful bi-product of my school year as librarian of Floydada Junior High School was the opportunity offered by the National Educational Agency for Educational Tours; the above being one of many.

Forty-two teachers departed John F. Kennedy Airport, N. Y. June 30th, to arrive in Glasgow, Scotland the following morning and to proceed to Edinburgh where the historic blends with the new. Even as we stood in Edinburgh Castle, their Queen Elizabeth was arriving in the United States. Further tours of the Loch Country, the homes, and the ruined abbeys of southern Scotland enhanced our appreciation of this beautiful country.

July 4th was celebrated by our arrival in London and in seeing the production "America;" one of many reminders of our bicentennial year. Five days of extreme heat failed to dim

our delight in this exciting city where we saw history unfolding in glorious architecture, and even in occasional reminders of Roman occupation soon after the birth of our Lord.

Cool and amazingly green Dublin, Ireland was a welcome change except for the necessity of evacuating our hotel the 2nd night there due to bomb threats. Trinity University's Old Library offered a display of books depicting America's history as a tribute to our bicentennial year.

Five more fascinating days allowing us time to kiss the Blarney Stone, to view the beauty of Killarney and to witness a wonderful production of the history of Ireland, brought this charming experience to a close.

My fondest memory of this tour was an appreciation of the courtesy, the warmth, and the friendliness of the British people.

Lois Frieda Mild, daughter of the Rev. and Mrs. Andrew E. Mild of Rt. 1, Lockney and Derrel Hungerford, son of Mr. and Mrs. Jack W. Hungerford, Sr. of Every, were married on Friday evening, Aug. 6th in Hope Lutheran Church of Comanche, Texas.

The double ring ceremony was performed by the bride's father, the Rev. Andrew E. Mild, pastor of Trinity Lutheran Church in the Providence Community. He was assisted by the Rev. John Striepe of Brownwood, a retired pastor of the American Lutheran Church and a close friend of the family. The free standing altar held the altar candles and an eternal light. A Unity candle surrounded by flowers was the only chancel decoration. A bouquet of flowers decorated the organ.

Mrs. John Striepe, organist, played wedding music as the guests were seated and for the wedding march played "Trumpet Tune" by Purcell. Trumpet Voluntary was the recessional. Mrs. George Schumam sang "Wither Thou Goest" immediately after the bride was given in marriage. She sang "The Lord's Prayer" at the closing prayer. Miss Laura Northcutt, niece of the groom, was acolyte.

As the guests arrived at the church they were registered by Miss Toni Hungerford, sister of the groom, and were ushered to their seats by Andrew P.

Mild and Jack W. Hungerford, Jr., brothers of the bride and groom.

The bride, given in marriage by her father, wore a floor length gown of white silk organza. It featured a bodice of Chantilly Lace that was highlighted with seed pearls. It had long tapered sleeves. The Watteau train was also trimmed with Chantilly lace and seed pearls.

Her Juliet crown of satin and Venice lace was trimmed with seed pearls and held an elbow length veil of bridal illusion and featured a whisper veil. She wore a gold locket her paternal grandmother had received when she became engaged 63 years ago. It featured an etched lily design and a cross of rhinestones. She carried 3 long stemmed yellow roses centered on her mother's white new Testament a gift her mother had received as a registered nurse.

Mrs. James Montgomery of Oxnard, California, a schoolmate of the bride, was her only attendant. She was attired in a floor length, sleeveless gown of blue polyester seersucker over which she wore a floral, flocked sheer polyester jacket. It featured a fitted bodice and long sleeves. She wore a matching blue seersucker bow in her hair. She carried a nosegay of white daisies, baby's breath and greenery.

Charles Schroeder of

Pottsville, served as the groom's best man.

Following the wedding, a reception was held at the church hosted by Mrs. George Lippe and Mrs. Roger Oliver. The cake was cut and served by Mrs. Andrew P. Mild. Punch was served by Mrs. Timothy J. Mild, Sr. The reception table was centered with a bouquet and candles. Laid with a blue cloth covered with green net, the serving table featured crystal and silver appointments. The tiered wedding cake was baked by Mrs. Kay Hungerford, sister-in-law of the groom. The mints were molded by the bride's mother and consisted of white bells, red hearts, yellow roses and green leaves.

For her daughter's wedding, Mrs. Mild chose a floor length gown of beige saricloth with a geometric design. She wore beige accessories. The groom's mother wore a floor length gown of blue double knit. She wore white accessories.

The bridegroom's parents hosted a rehearsal party at the Energy Community Center on Thursday evening.

Several pre-nuptial miscellaneous showers were given the bride a lingerie shower from her fellow employees at Brownwood Community Hospital.

After a short wedding trip the couple will reside in Energy, Texas.

Cheryl Richardson And Kerry Kirk Exchange Vows In Pampa

Mrs. Kerry Kirk

The First Christian Church of Pampa, Texas, was the setting for the double ring ceremony of Kerry Douglas Kirk, son of Mr. and Mrs. David L. Kirk of Floydada, and Cheryl Louise Richardson, daughter of Mr. and Mrs. Lonnie S. Richardson of 1819 Evergreen, Pampa, Texas, Saturday, August 7, 1976, at 8 p.m. the Rev. Jack C. Parker of Amarillo, Texas, officiating. The bride was given in marriage by her father.

The church altar was decorated with a large tree candelabra containing yellow tapers and greenery, flanked on both sides with two smaller tree candelabra. Large urns of yellow gladiolus, white daisy mums and greenery adorned the front of the rostrum. The aisles were marked with tall candelabra holding three yellow tapers and greenery to complete the setting.

The bride wore a gown of candlelight peau de soie satin, the v-shaped neck and the edge of the loose fitting long sleeves were accented with Venetian lace, hand-beaded with seed pearls and bugle beads. The cathedral length train and skirt were edged with Venetian lace and fell from an empire waistline. The full length bridal veil of French illusion was attached to a Venetian lace cap beaded with seed pearls and bugle beads.

Attending the bride were

Lynn Richardson, sister of the bride, Pampa; Mrs. Steve Richardson, sister-in-law of the bride, Canyon, Texas; and Kristie Kirk, sister of the groom, Floydada, Texas.

Groom's attendants were John Hunt, Canyon, Texas, best man; and groomsmen: Steve Richardson, brother of the bride, Canyon, and Layne Kirk, brother of the groom, Floydada. Ushers were Jim Duggan, Pampa; and David Schutte, Canyon and John Campbell, Floydada.

Candlelighters for the occasion were Susan Richardson, sister of the bride, Pampa, and Kevin Hicks, nephew of the bride, Anaheim, California.

Rick Land, Amarillo, played organ selections and accompanied David Robinson, Canyon, who sang, "The Greatest of These is Love" by Bitgood and "The Lord's Prayer" by Malotte.

A reception followed the ceremony in the parlor of the church. The bride's table was covered with a floor length satin cloth. A tall silver epergne candelabra with yellow tapers, daisy mums and baby's breath, centered the table. The three tiered wedding cake was topped with love birds and decorated with roses and wedding bells. Silver appointments were used to serve the cake, punch, nuts and mints.

Wedding Vows Unite Sherry Moss And Lonnie Robinson

A brass tiered candelabra holding a pyramid arrangement of white twist candles, red and white gladioli, and emerald foliage flanked by tall palms of jade foliage formed the wedding background for the Friday evening ceremony uniting Sherry Moss and Lonnie Robinson. The altar arrangements of red and white gladioli were complemented by brass hurricane type candelabra decorated in garlands of white and red flowers.

Scene for the nuptials was

the sanctuary of the First United Methodist church where Rev. James Smith, pastor, officiated. The bride is the daughter of Mr. and Mrs. John C. Moss of Floydada. Mr. and Mrs. Wayne Robinson of Plainview are parents of the groom.

John Moss escorted his daughter down an aisle flanked by hurricane lamps which held arrangements of white and red pixie carnations. The bride's gown featured a yoke of sheer

organza which rose into a high neckline. The empire bodice was trimmed in Venise lace. Long sheer Bishop sleeves of the matching fabric fell to slipper length in front with ribbons of lace highlighting it. In the back, a bow of the matching fabric gave rise to a detachable train which started at the waistline. The circular train fell to chapel length and was bordered by Venise lace. For her headpiece, the bride chose a ruffled band of the matching lace. Two tiers of imported illusion cascaded from the headpiece and received a dainty border of lace all around.

The bride wore the traditional blue garter and pennies in her shoes. For something old, Miss Moss carried a lace handkerchief which belonged to her late grandmother, Mrs. John B. Simpson and borrowed a pair of diamond ear rings from her mother.

The bride carried a cascade bouquet of white butterfly rosebuds and stephanotis showered with baby's breath. A corsage of white rosebuds was removed from her bouquet as a going away corsage.

Miss Linda Moss attended

her sister as maid of honor. Bridesmaids were Misses Nancy Moss, sister of the bride, and Kathy Hambright.

Bridal attendants wore floor length gowns of red polyester-cotton with a white dot figuration. The softly gathered skirts fell into two rows of ruffles. The sleeveless, v-neck gowns had empire waists. The girls wore short matching caplets and halos of baby's breath and carried white lace parasols, each with a shower arrangement of red and white pixie carnations and baby's breath.

Randy Hale was best man. Groomsmen were Patrick Rucker and Steve Barnes. The groom was attired in a white Newport tuxedo, and his attendants wore single-breasted black tuxedos with red shirts.

Wedding selections were presented by Mrs. Arch March, organist, and Mrs. Charles Aycock, pianist, both aunts of the bride. Miss Bra Bada Garrett sang "Color My World" and "The Wedding Song."

Candlelighters were Jeff Moss, brother of the bride, and Sean March, cousin of the bride. Chris Aycock, also cousin of the bride, was the

ring bearer. Kathy Green greeted the guests at the register.

Presiding at the reception in the fellowship hall following the ceremony were Misses Cary Brown, Lou Ann Watson, and Dana Woody.

A white cloth covered the bridal table which held a pyramid candelabra decorated in white and red pixie carnations and baby's breath with garlands of leather leaf foliage and pixie carnations surrounding the table. Cranberry punch and a four-tiered cake accented with white flowers were served from the crystal service.

Following a wedding trip to Dallas, the couple will reside in Duncan, Oklahoma, where the groom is employed as a senior draftsman with Haliburton Industries. Both are graduates of Floydada High School. The bride attended Angelo State University and both attended South Plains College where the groom graduated in May.

Mr. and Mrs. Robinson were honored Thursday night with a rehearsal dinner in the home of the bride's grandmother, Mrs. J. P. Moss.

Parents may disapprove of their child's future spouse because of his family background—different religion, educational attainment, occupational potential, social class differences and personality traits, she said.

While research is contradictory in this area, it indicates that when couples are not from similar family backgrounds, conflicts with in-laws are more difficult to resolve, she reported.

"Because in-laws constitute a major area of marital adjustment, establishing harmonious relations before marriage is important—particularly for couples and in-laws who will live near each other. And parents-in-law can help start things off right by being fair, honest, and cooperative with their son- or daughter-in-law.

EDITOR'S NOTE: This is second of a four-part series on in-law relationships. Part two deals with deciding how to address parents-in-law.

COLLEGE STATION—What to call their parents-in-law after marriage makes some couples highly ill-at-ease. Debby Johnson, a family life education specialist, says.

"The terms, 'Mr.' or 'Mrs.' used before marriage may continue, or another means of address may be substituted. But some simply do not know what to call their parents-in-law—so they do not call them anything," she said.

Miss Johnson is with the Texas Agricultural Extension Service, The Texas A&M University System.

"Research indicates that couples who refer to their parents-in-law by an affectionate term, such as a first name, nickname, or a parental term (mom, mother, dad) tend to have more satisfying relationships with their in-laws than those who continue to use 'Mr.' or

'Mrs.'

"Each have their own advantages and disadvantages. For example, many couples object to using a mother- or father-related term, contending that the parent-in-law is not their mother or father.

"For some, the use of 'Mr.' or 'Mrs.' does not imply a close, warm and loving relationship between family members. Many young couples today would prefer to be on a first-name basis with their parents-in-law—it denotes for them a casual yet warm friendship on an equal basis," she said.

But the best solution seems to be for the parents-in-law to indicate their preferences to their son- or daughter-in-law. But each couple will have to deal with the situation individually, she said.

"So if you are a parent-in-law and think your new son or daughter may not know what to call you, discuss it with him or her, and decide together," she said.

Floyd County Handgun Shootoff Invitational Set August 15

Everyone is invited to participate in the first annual handgun shootoff Sunday, August 15, at 1 p.m. sharp on the C. C. Whittle place 3 miles south of Floydada just off the Ralls highway. Entry fee will be \$5.00. This will be a 25 rd. shootoff in three classes of benchrest, off hand, and free style. Trophies will be presented to the winner in each class plus a high overall which reads, "The Best Handgunner in Floyd County." A person does not necessarily have to win a

class to be eligible for high overall. However, you must shoot in all classes to compete for the title. The maximum possible score is 250. Ammunition for most popular calibers will be provided by Roberts Gun Shop. Safety shall be maintained at all times. Anyone who exhibits carelessness or unsportsmanlike conduct shall forfeit his right to compete. Absolutely NO alcoholic beverages shall be allowed on the premises.

In shopping for children's sleepwear, you'll find tags stating that the garments have been treated to comply with government flame retardant

regulations. What does this mean? Simply that pajamas and coveralls have been treated so that if exposed to fire, the fabric will not blaze up quickly. This allows time to prevent serious injury. Naturally all Gerber sleepwear meets these rigid requirements. It's always wise, however, to keep children away from heaters, fireplaces, ovens and ranges. And do keep matches out of their reach.

UNFOUNDED Fears

People were once so afraid of that newfangled machine called the automobile that in England they limited its speed to four mph and required someone to walk in front of it with a red flag.

Though steel is used to make bombs and no one is afraid of steel, some people have a vague fear of nuclear energy because it is also used to make bombs. But even if you lived within 25 miles of a power plant, you are 1,250,000 times more likely to be killed in an auto acci-

dent than by the plant!

They paid for it and you can benefit from it. A \$7.5 million grant from the U.S. Department of Transportation has provided 2,000 air-conditioned Metrobuses to carry tourists conveniently through the Washington area.

You can get all the facts by calling (800) 424-9755. Experts will tell you about three conveniently located parking lots and the bus routes that lead you throughout the city. There is special radial Metrobus service along 17 existing corridors from outlying suburban areas, many adjacent to parking facilities, to and from downtown Washington.

Metrobus service — fringe parking lot shuttle and radial routes — will be identified with special Bicentennial bus route markings. This will involve a system of symbol plus color coding for easier bus identification by visitors and local residents alike. All Metrobuses will be further identified on front, sides and back.

In short, your convenience and less car congestion will more than make the Metrobus venture worthwhile.

The Liberty Bell was rung when the East and West were linked by railroad in 1869.

climb the castle's heights to kiss the Blarney stone and receive the gift of a cajoling tongue.

About 35 miles away in Middleton, County Cork, Ireland, that height of good taste—the world's first light Irish blend whiskey—is distilled.

This whiskey is only 80 proof and can be enjoyed neat or mixed with anything from coffee liqueur to tomato juice, just as other whiskeys. It gets its name, Dunphy's, from one of Dublin's more popular bars and its label is in the tricolors of the Irish flag: white, gold (sometimes thought of as orange) and green.
