By Wendell Tooley
The 1976 Fighting Whirlwinds open the season with Friona here Friday night and kick-off time is 8 p.m.

Most Whirlwind fans take the early forecasts of as low as fourth place in the district finals with tongue in cheek. It is true that when you look at the record sheet, Floydada has only four offensive and just two defensive starters from last years championship team.

However head coach L. G. Wilson has some of last year's championship Junior Varsity players who are beginning to make their way on the Varsity team and have looked good in scrimmages with Brownfield and Plainview JV.

It was 4-0 with Brownfield and 4-2 with Plainview in the scrimmages. Wilson played mostly reserves in the Plainview scrimmage with Rusty Cagle doing the signal calling.

Wilson, admits the picture has been much rosier in the past and feels he'll use a two-platoon system. "That's not by choice but since we are all inexperienced, I might as well play a lot of boys."

WILSON FIGURES "the boys up from the jayvee have to come around for us. I think we have a good first line of players but depth is a problem. Our seniors don't have the experience as some of our past teams when the seniors and two or three years of varsity experience." The jayvees know about winning, having posted a 7-1 record last year.

"I think our success depends a lot on how well our linemen come around and we'll have good competition for the jobs."

Always one to emphasize defense, Wilson says, "We're going to try to be more aggressive there this year. We had a fine team offensively last year but let down some on defense (105 points given up in regular season)."

OFFENSIVELY, he expects the Whirlwinds will "throw more to open things up. We think we can throw the ball and we want to take advantage of what we can do best," he said.

Quarterback Jay Womack gives the Winds a proven field general, having played that spot last year when he fired numerous touchdown passes to all-stater Donzell Minner. He's a fine sprint-out passer, punter and defensive back. Randy Ratheal will move into Minner's slot and is a little faster than his predecessor and catches the ball well.

Other big losses by the Whirlwinds include all-state guard Gary Nixon, all-state running back Kelvin Ratliff, all-district tackle Leslie Soto and all-district defensive end Steve Moore. Mickey Minnett, who rushed for 473 yards and scored 49 points last year (31 by kicking), will no doubt, be seeing a lot of action. Minnett is 5-8, 155 and very quick.

CALVIN REESE, a hard-nosed 185-pounder, should give the Winds some punch at fullback while juniors Rusty Cagle and Larry Jones have been looking good at halfbacks.

Ricky Carthel is a good size-194 pounder, as are fellow seniors Ronnie Wall (6-0, 212) and Lynn Wood (5-9, 205) at tackles. "Wall is a real leader and should anchor our defensive line," said Wilson. Four jayvee players-Jon Jones, Jesse Morales, Jim Potts and Rudy Garibay-are fighting for a starting job at guard while juniors Russ Pratt and Sheldon Sue from the jayvee and 187-pound sophomore Paul Radloff are vying for the pivot spot.

Senior letterman Danny Colston and senior Morris Keele (ends), juniors Carmen Soliz (204) and Kenneth Griggs (201) at guard; senior two-year letterman Jay Lackey who started at linebacker last year and junior Rick

Covington at fullback and senior letterman Steve Westbrook at running back all should see plenty of action.

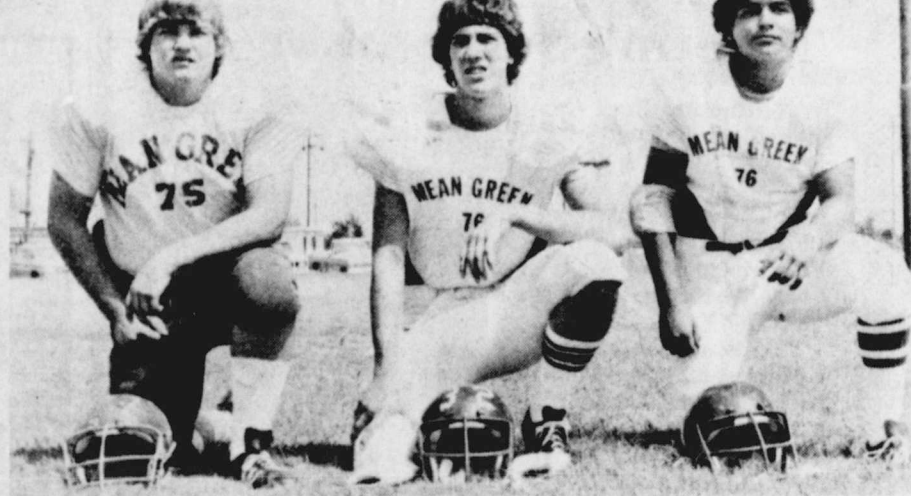

FLOYDADA KNOWS you can't judge a team by its nonconference record as the Winds were 2-3-1 last year but outscored their four district foes 136-36. This year's slate will be even tougher with AA Friona replacing Class A Crosbyton and AA Canyon taking the place of AA Lubbock Cooper.

A Message Of Cheer From The Whirlwind Cheerleaders....

"Hey, all you Mean Green fans...the Mighty Whirlwinds will take on the Friona Chieftain's in their first big game of the season Friday night.

We encourage everyone to fill the gymnasium at 3:30 and the stands at 8 p.m. to help the 'Winds get off on their good foot."

A & M Training Center Gets Five More Acres

O. M. Watson Jr., president of the Floydada Development Co., announced this week that the development company has accepted a \$5,000.00 gift from "A friend of A & M" for the purpose of giving A & M an additional five acres of land immediately adjacent to their site of the West Texas Regional Training Center.

Officials of Texas A & M expressed their appreciation for the five acres and said that plans would be made for the future use of the area.

The Floydada Development Co. Board of Directors also expressed their appreciation for the gift. The board feels that this additional acreage will insure the future expansion of the vocational training school in Floydada, Watson said.

The training school now has a twenty-five acre campus. Ground-breaking for the construction of the first \$100,000.00 classroom building was held the first week in August.

Floydada School Enrollment Up

Back in 1964 Floydada schools hit an all time high of a little over 2,100 students, then started a down trend. However, last year the trend began an upturn and this year the trend up continues.

The school enrollment on Monday was 1501, which compares with the 1489 this time last year. Looking at the individual school enrollment count all schools were up except Andrews Ward. It was down from last year's 347 to 316 this year. Duncan Elementary is up from 454 to 494, junior high is up from 226 to 241 and the high school is up from 426 to 450.

Hopefully, the increase is due to a population increase, but it should be noted that the addition of kindergarten classes could make up a lot of the increase.

COUNTY SCHOOLS At South Plains school the enrollment was down from 45 to 39 and Dougherty was also down from 39 to 36.

Letter To The Editor

Our Church Victory Baptist has just been in a Soul Stirring, Soul Saving Revival, Many Souls have been saved. 19 have come to Put away old things and start living for the LORD JESUS CHRIST; Many of you who are reading this need to do the same. My Heart has been filled with Joy because of this.

But it has been saddened by reading in our paper where people have applied for liquor licenses to sell to our young people, who some do not know better. To sell to people who do know better, this is sad, but it is also sad to think that our law officers know who the bootleggers are in this city and will do nothing about it....I beg of you Christians out there get down on your knees and PRAY, like you've never PRAYED before, to put stop to crime in our town, this is a sinful town, and yet we have so many self righteous people out there who think everything is gonna be alright.....JESUS IS COMING SOON!

All signs point to that fact. If you don't care about yourself think about our young people our grandchildren, what this will do to them.

The Bible plainly states NO DRUNKARD, will enter the Kingdom of GOD! THINK IT OVER! WHAT CAN YOU DO TO HELP! GET BUSY SERVING GOD, NOT SELF! WAKE UP FLOYDADA, BEFORE IT IS TOO LATE! The Devil is out to get all he can and he never sleeps, His time is drawing nigh. God Loves you, he sent His Son to die for you, Won't you Please Live for Him?

Mrs. Emmitt Clampitt
Floydada, Texas

Dear Editor and Readers:

As a non-drinker, I dislike reading some fine research on alcoholism intermixed with television stereotype ideas on alcoholic places and their employees.

I have been in many of the clubs and eating-drinking restaurants in many of our state's cities and I have never found one that could even come close to be called a "Hell Hole."

The bars nor restaurant-clubs can not afford to have people drunk in their places. Some states have laws forbidding the sale of liquor to anyone near drunkenness. Nor will the management allow extreme loudness nor verbal or non-verbal fighting. If you try any of the above, you will be sitting outside their door.

Apparently your August 27th, Dear Editor Writer, does not know any "bar maid." Her statement...because of such an easy access and temptation to drinks and the "bar maids" or what ever they officially be called, flaunting themselves and making themselves readily available in the lounges...

A great deal of the bar maid ladies in Lubbock and Plainview are college students. There are some good reasons for them working there. Because they are in school off and on during the day, they qualify for night work. Even if they are starving, the unemployment place will not let them take a semi-educated persons category job. So this leaves the bar jobs. Many of your divorcee bar maids have children in school and at home, and have no other choice but to work nights. The working daughters of lower college-income families include most preacher, teacher, sale clerk, etc. daughters.

A person's flaunting and availability has NOTHING to do where they work. As for easyness to apply this characteristic, the bar maids are far to busy to have time to talk personally to anyone. If they do, they can easily be replaced by someone needing a job.

As for drinking more thru the years, there are many who are drinking less or not at all.

Don't blame the booze for people drowning themselves in it, blame the weakness of the person's character.

Yours truly,
Sandra Chunn

Senator Ray Farabee Conservative Spender

Senator Ray Farabee is in the lower 25% of the 31 members of the State Senate as to total expenditures for the fiscal year ending August 31, 1975. This was disclosed with the release of the State Audit published last week covering expenses for members of the 64th Legislature.

Senator Farabee stated, "I was pleased to learn of my ranking in regard to expenditures. It is important for those of us in public office to practice what we preach and to set an example with our own budgets by conserving the taxpayers' money."

"At the same time, there is work to be done to serve my constituents in the 30th District which covers 29 counties and is the second largest Senatorial District in the State. I have been able to see that this work is done in an economical manner with the help of an efficient staff, by avoiding unnecessary travel, and by cutting

back on my staff when the Legislature is not in session," Senator Farabee concluded.

During his first term in the Texas Senate, nineteen bills authored by Senator Farabee were passed into law. He served on the Finance Committee, the Natural Resources Committee and the Jurisprudence Committee.

During the interim between sessions, Senator Farabee is serving on the Texas Legislative Council, the Texas Coordinating Commission for State Health and Welfare Services, the Property Tax Study Committee and the Texas Coastal and Marine Council.

Senator Farabee was cited as "the top Senate newcomer" by Texas Monthly magazine and was presented the Senate Member Outstanding Legislative Service Award by the Texas Farmers Union.

As It Looks From Here

Omar Burleson, M.C. 17th District, Texas WASHINGTON, D.C. Under new procedures, the Congress is required to have all appropriation bills completed by September 15. After that time it is the feeling of quite a few of us that the Country would be better off if the Congress adjourned for the remainder of the year. As long it is in Session, there is always someone dreaming up some new expensive scheme in the name of "benefits" to the Country.

There is some encouragement in the fact that the leadership in both the House of Representatives and the Senate has abandoned consideration of several highly controversial proposed measures. One such measure is the so-called Humphrey-Hawkins bill providing for full employment and balanced growth. This measure has been discussed here before and will be around in the future but, at least for the time, there is little prospect of its being passed in this Session. Hopefully, it will not be in the next or the next but it will doubtless be pushed.

The Oil "Divestiture" bill which would force oil companies to engage in only one facet of the business is also being abandoned for the time.

Natural gas price deregulation, although approved by the Senate Commerce Committee, is not likely to be considered. It lost some of its impetus when the Federal Power Commission raised the ceiling price for new natural gas.

Any national health insurance legislation is too big a subject to tackle at this last date. Here again, it will be around in the next Session as it has been for the last several years.

gistration bill has passed the House of Representatives but it is in dispute in the Senate as to which Committee has jurisdiction over it. It is fortunate the prospects for its final enactment into law are slim. This is a measure which attempts to tell States how to conduct their voter registration. It is obviously an imposition on States' rights. Although our State of Texas has a postcard registration law it nevertheless need not be told how to further conduct its affairs in this regard.

Gun control legislation has been approved by a Senate Subcommittee but the sponsors say no further actions will be taken unless they are assured that the House will act. Just this past week, the House turned down gun control legislation passed by the District of Columbia Government controlling handguns which pretty well assures that there will be no gun control legislation in this Session.

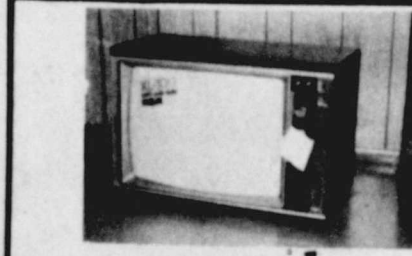

An omnibus revision in the federal criminal code, although good in some parts, hardly has a chance of passage before the adjournment of the Congress and has taken a low priority in both Chambers.

Tentative plans call for the Congress to either adjourn or recess on October 2. Due to the November election on November 2, it is necessary that Members return home for their campaigns. If the usual pattern is followed, there is good chance that the

The home of Mrs. C. M. (Vada) Meredith was the scene of a surprise birthday dinner honoring Mrs. Vel Simpson Tuesday night, August 24th. Friends of Mrs. Simpson brought salad dishes, and these along with homemade ice cream and birthday cake were served.

Helen Dunlap was in charge of entertainment. A pea shelling contest was held and Helen Patterson was named champion. The second contest was a corn shucking event and the honoree won this big prize-money folded with-in each corn shuck, which was the birthday gift from each present.

The party was hosted by all those present and four who were unable to attend, to show their love and sincere appreciation to a lovely, unselfish lady.

Attending were the honoree and her daughter, Cindy, and Mmes. Cleo Goins, Jo V. Bingham, Helen Patterson, Thelma Crawford, Jean Hale, Helen Dunlap, Leona Campbell, Shirley Meredith, Vada Meredith, Judy Dunlap and Carrie Cline.

Athena Year - book Party Held

Twenty-two members of the Athena Junior Study Club met Thursday night, August 27, in the home of Mrs. Doug Meriwether for their annual yearbook party. Four guests, Mrs. Roy Kinard, Mrs. Buddy Comer, Mrs. Tommy Gregory and Mrs. Warren Mitchell, shared the enjoyment of a fish 'n chips supper complete with hush puppies, coleslaw, pineapple tea, and rum cake. The hostesses, members of the yearbook committee, presented a skit to reveal this year's yearbook theme.

Following the fun, a brief informal business meeting was held. The group discussed the upcoming

time of visiting, eating and renewing past friendships. If you plan to come for the noon meal and you do not live too far away, bring enough food for your family. Drinks will be furnished, as will silverware, plates and cups.

Spread the word to others who are former residents of these communities or who would like to visit with former residents. Make your plans to attend.

ing Floyd County Fair, and committees for the float production and queen candidate selection were appointed.

TIPS FROM SPECIALISTS

DRIED HERBS are four times more powerful than fresh ones, and powdered herbs are twice as powerful as dried ones, Marilyn Haggard, foods and nutrition specialist with the Texas Agricultural Extension Service, The Texas A&M University System says.

A CHILD feels good about himself when he knows his parents are interested in what he is doing, Mrs. Ilene Miller, family life education specialist with the Texas Agricultural Extension Service, The Texas A&M University System, says.

LAST YEAR, six million leather garments were produced in the U. S. at a retail value of \$460 million. Menswear accounted for 65 per cent of this production, reports Beverly Rhoades, clothing specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

TO REMOVE the stale odor of cigarettes and ashes from the vacuum cleaner, spray the inside of a new bag with disinfectant, or saturate a piece of cotton with your favorite cologne and place inside the bag, suggests Mrs. Lina McCormack, a family resource management specialist with the Texas Agricultural Extension Service.

LHS Student Council To Sell Booster Ribbons

The Lockney High School Student Council held a regular meeting on Tuesday, August 24. President Howard Moore called the meeting to order. Discussion then began on how class elections will be conducted this year. It was decided that each class would be assigned a place to vote with elections being held on Tuesday, August 31. Ballots will be counted by the Senior representatives and the officers.

Next, Student Council officers and representatives paired off so that when they sold booster ribbons next week, they could be assigned a place to sell. This year, booster ribbons will be sold first in all of high school, then pairs will go out to their assigned places in grade school, Jr. High, or to

town and sell there. Howard then called for discussion on when the Student Council should hold their regular meetings. The group came to an agreement on the meeting date being Tuesday's during the break and on meeting in the project room until Mr. Shannon's classes finish removing all the pipes in the Student Council room.

Plans for Homecoming activities were discussed. Homecoming queen this year will be selected by the student body. Each class will elect a representative, then the student body will select from the four representatives, who is to be the Homecoming Queen.

Discussion on when to have "Twirp Week" came up next. It was decided that Twirp Week will probably be held on the 'Open' week of football season. Further plans will be made later. Dawn Daniel volunteered to keep scrapbook on all the

attractive personality is to offer other people the food they're hungry for.

Here are three basic hunger types that all normal humans have. You might call this the "Triple-A" technique for winning friends. For when you use these three "A's," with an understanding of what is behind them, you'll find more and more people automatically warming up to you.

Acceptance. Accept people as they are. Allow them to be themselves. Don't insist on anyone being perfect before you can like him. Don't fashion a moral strait jacket and expect others to wear it in order to gain your acceptance. Above all, don't bargain for acceptance. Don't say, in substance, "I'll accept you if you do this or that, or change your ways to suit me."

Approval. Look for something to approve in the other person. It may be something small or insignificant. But let the other person know you approve that, and the number of things you can sincerely approve of will begin to grow. When the other person gets a taste of your genuine approval, he will begin to change his behavior so that he will be approved for other things.

Appreciation. To appreciate means to raise in value, as opposed to depreciate, which means to lower in value. Let other people know that you value them. Treat other people as if they were valuable to you. Don't keep them waiting. Thank them. Give them "special" individual treatment.

SAN Francisco disc jockey Don Sherwood tells of an argument in a friend's house after a weekend of sports television. The wife complained, "You love football more than you love me." The husband replied, "Yeah, but I still love you more than basketball."

WHEN you brush shoulders with high government dignitaries, you're considered somewhat of a celebrity. Once in a great while some of us Floyd Countians are fortunate to do just that, so guess we could consider Edell and Lovene Moore, celebrities. The couple were enroute to Nebraska recently to visit one of his daughters when they heard that President Ford and his running mate, Senator Bob Dole were to be in Russell, Kan., that day. Being only some 50 miles away the Moores decided to attend the gathering held on the court house lawn at Russell. They said they were very impressed with the manner and down to earth attitude of Senator Dole, and his talk was the best they had heard. They were more impressed still by his firm handshake and that of the Presidents'. As the two candidates were walking into the court house, Edell and Lovene happened to be close enough to be among those receiving handshakes.

TWO Dallas entrepreneurs believe they are about to reap a million dollars from persons wearing their feelings on their sleeves-literally. Jerry Oakes and his

business partner Bill Johnson III have begun selling the mood shirts as a sidekick to the multimillion dollar mood ring fad.

Oakes recently acquired the international distribution rights to a process for printing T-shirts with ink "that changes colors with the wearer's mood." The two bachelors in their 30s were two of the first distributors of the mood ring last Christmas.

The shirts will come in four styles each selling for \$7, Oakes said. The designs include a butterfly with spots that change color, a thundercloud with mood-changing lightning bolts, a cartoon character with eyes that switch colors and a changeable flame with the caption, "Light My Fire."

In all the annals there is no record of a woman shooting her husband while he is washing the dishes.

Blackwood Brothers Plan Gospel Music Program Friday

The Blackwood Brothers is perhaps the best known name in gospel music. The exciting sound of the Blackwood Brothers is known around the world.

They are electrifying entertainers that stir an audience with their gospel music like no other group can. You can enjoy the music of the Blackwood Brothers time after time and never tire of hearing or seeing these amazing men.

They have sung to more people, sold more records, and traveled more miles than any other gospel group. Although the group was formed in 1934, the Blackwood Brothers are current and up to date with their style of singing and ap-

pearance. The Blackwood Brothers will be appearing in the Lubbock Municipal Coliseum, Friday Sept. 3, at 8 p.m.

James Blackwood, who is known as Mr. Gospel Music, has traveled six million miles, sung at 12,000 concerts, and enjoyed 41 years in gospel music. He has won the Dove Award from the Gospel Music Association for the Best Male Voice in Gospel Music for the last seven consecutive years and has been enshrined into the Gospel Music Hall of Fame. James Blackwood is the only one of the original four who started singing in 1934 in the clay

hills of Mississippi. He has had an illustrious career unequaled by any other gospel performer.

Cecil Blackwood is the baritone for the Blackwood Brothers and acts as master of ceremonies. He started his career in gospel music at a very early age.

As a teenager he formed his own gospel group with such friends and singers as Jim Hamill of the Kingsmen and rock singer Elvis Presley. His group was called the Songtelows. Then June 30, 1954, his brother R.W. Blackwood was killed in an airplane accident in Clanton, Ala., during a trial run on the airfield.

This called Cecil Blackwood

into the family full time as baritone for the Blackwood Brothers. He has been winning friends and pleasing crowds for over 21 years with his friendly smile and baritone singing. Cecil Blackwood is James Blackwood's nephew and son of the late Roy Blackwood, the original tenor for the group.

Jimmy Blackwood, James' oldest son, started in gospel music at an early age with the Junior Blackwood Brothers and later joined the Stamps Quartet; then in 1970, he joined the Blackwood Brothers full time. He is the lead singer for the group. His style of singing is fast becoming a favorite sound everywhere the Blackwood Brothers appear.

Ken Turner is perhaps the best "crowd pleaser" that has sung with the Blackwood Brothers. His low notes, his trombone and trumpet playing, plus his famous imitations always bring the house down. Ken is also a fine songwriter.

Pat Hoffmaster is the newest member of the group and is one of the highest, smoothest, first tenors in gospel music. His singing is gospel singing at its best.

Tommy Fairchild, acclaimed No. 1 pianist and arranger, has been playing the piano since he was a child. His famous technique is the secret behind the great Blackwood Brothers sound.

The Blackwood Brothers have been recording records for 28 years and have sold ten million phonograph albums. They have recorded for RCA Victor for 23 of those years.

The Blackwoods first came to national prominence in 1954 when they won the Arthur Godfrey Talent Scout Show on CBS TV and Radio Networks. Shortly after this they lost two members in a tragic plane crash but coming back from this disaster, they returned to the Godfrey Show in 1956 and won again. They have also been featured on the Dave Garroway Show and on NBC-TV Stations across the United States. The Johnny Cash Show on ABC TV along

with Billy Graham featured the Blackwood Brothers unique sound.

Tickets will be available at U.V. Blake Record Center, 2401 34th Street and the Lighthouse Bookstore, 1308 Broadway. Advance tickets are \$3 for adults and \$2 for children. Tickets may be obtained by mail by writing to Box 223, Lubbock, 79408.

Some veterans may be making unnecessary premium payments on their National Service Life Insurance policies according to D. G. Ayres, Service Officer for FLOYD County. All NSLI policies provide for a waiver of premiums in the situation in which the policyholder becomes totally disabled. To qualify for a waiver of premiums a veteran must have a total disability which has existed for six or more months and commenced prior to his 65th birthday. Additionally, this six months period must begin after the insurance has been applied for and the policy must be on a premium paying basis during that period. Waiver of premiums is granted automatically. The insured, or someone acting on his behalf, must make an application for the waiver. If the insured died without filing a claim for waiver of premiums, proof of total disability and the claim must be filed by the principle beneficiary within one year after the insured's death. Refunds of premiums already paid are usually limited to one year prior to the filing of the claim. For insurance purposes, "total disability" means that there is an impairment of mind or body which continuously prevents the veteran from gaining meaningful employment.

Early History Of Arthur Duncan Abstract Company

By Mrs. Randy Hollums)
The Arthur B. Duncan Abstract Company was established in the first year of the county's history in 1890 by Arthur B. Duncan. It is the oldest

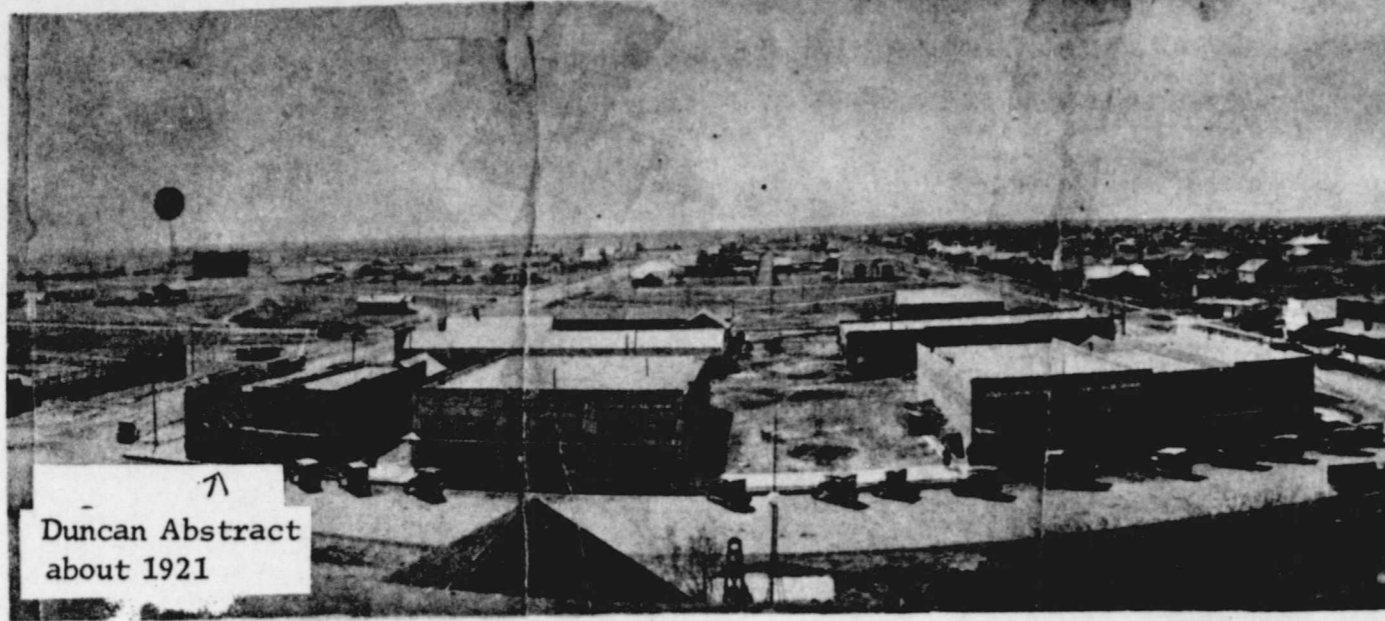

abstract company and contains the most complete set of abstract books in Floyd County.
The founder of the abstract company, Arthur B. Duncan, was an

early pioneer of Floyd County who with his wife, Sarah and infant son, Silas settled in a dugout in Blanco Canyon in 1884. No one else lived in Floyd County at that time. Mr. Duncan

was very active in Floyd County history. He was one of the organizers of Floyd County in the year 1890 and was elected the first county judge. (It is interesting to note this same civic interest is being carried on by his great-grandson, Randy Hollums, present District Attorney.)

Arthur B. Duncan served for 20 years as county judge. He filled out practically all of the early applications for homestead land. Judge Duncan began making abstracts of Floyd County lands at a very early date and also preparing legal instruments of all kinds. He was learned in land laws having acquired such knowledge by a diligent application to his law books on the problems which he met as a county judge and as an abstractor. As an outgrowth of this work in land laws, he founded the Arthur B. Duncan Abstract Company. The general location on the west end of the southern block of downtown has not changed since its founding.

The management of the abstract company has been kept by the descendants of Arthur B. Duncan. His eldest daughter, Maud E. Hollums, worked under his supervision for 20 years; and, after her father's death, managed the company until her demise in 1972. The present owner, her son, Silas Duncan Hollums and his family, supervises the business in order to continue the fine history of complete confidence in abstract work for the citizens of Floyd County and surrounding areas.

Fair Plans Made

The Floyd County and Surrounding Counties Fair will be opening September 16 for a three-day run. There will be delights for every member of the area. Van Bradley of Lockney is serving as fair board president. A parade will kick off the event at 4:30 p.m. Sept. 16 in the

Lockney business district. A variety talent show will be the entertainment for Thursday evening. Friday will feature Consumer Information Day, sheep breeders show and a square dance. Saturday will feature a junior showmanship contest, livestock judging tractor driving contest, and Miss Floyd County Queen Contest.

Fair Stage Show Tickets On Sale

LUBBOCK--Tickets for the Panhandle South Plains Fair's all-star stage shows are now on sale at four locations, general manager Steve L. Lewis has announced.

Tickets for the four big shows will be available at Dunlap's in Caprock Center, Luskey's Western Wear Store, Sear's downtown store and at Lubbock Western World.

In addition, tickets may be obtained at the fair offices or by mail by writing to the fair association, P. O. Box 208, Lubbock, 79408. Mail order requests should include a self-addressed, stamped envelope.

The lineup "is the best ever arranged for the fair," according to Lewis.

Charley Pride will be returning for his sixth appearance here on Sunday, Sept. 26, second day of the eight-day run. Pride will be sharing the bill with the popular singing group, Dave and Sugar, two gals and a guy who were here with him last year. Pride holds virtually all box office records at the fair.

Barbara Mandrell and Freddy Fender will team up for shows on Sept. 27-28; and Charlie Rich will be making his first appearance here on Sept. 29-30.

Then, Neil Sedaka, who is making a rousing comeback after an extended layoff, will close out the slate on Oct. 1-2.

Shows will be presented at 5:30 p.m. and 8:30 p.m. daily. Tickets are priced at \$4, \$5 and \$6.

Textile II superintendent is Mrs. R. A. Colston. Her assistants will be Mrs. R. L. Neil, Mrs. L. T. Wood, Mrs. Joe Appling, Mrs. C. L. King.

The Culinary Department will include any item baked by the exhibitor provided it is not a canned or box mix. Breads, cakes, candies, pies, and cookies are included in this division. Mrs. Charles Hamilton, Floydada, is superintendent. Assistants are Mrs. Kenneth Henson, Mrs. George Miller, Mrs. Don Shurbet.

According to Mrs. Charles Huffman, general chairman, clean-up day will be Wednesday September 15 between the hours of 9 to 11. Women of these departments need to meet and bring their cleaning aids to spruce up the area.

State Rep. Phil Cates To Address Lockney Rotary Club Friday

State Representative Phil Cates will address the Lockney Rotary Club at noon Friday (September 3) in the Lockney Rebekah Lodge Hall, 210 W. Washington.

The public is invited to attend (those who eat lunch with the Rotary Club will be charged \$2.25 per meal).

Friday morning from 9:30 to 11:30, Rep. Cates will be honored with a coffee at the Buster Terrell home in the Irick community. The Terrell home is

located three miles west of Lockney on US 70 and four and one-half miles south on FM 2883.

Rep. Cates cordially invites anyone interested in discussing legislative bills and the needs of this area to come and express their ideas. "I welcome this opportunity to meet, visit with, and listen to the people of the district," Cates told the Terrells in a telephone conversation this week.

Mr. and Mrs. Terrell reported that Cates had expressed his desire to visit in Floyd County last June at the state Democratic presidential convention, where the Terrells were delegates from the county.

Everyone in the county (both Floydada and Lockney areas) are welcome to attend both the coffee Friday morning and the Rotary Club meeting at noon.

News & Reviews

Floydada First Baptist Church Library
Tom Tichenor's workshop at the George and Helen Mahon Library in Lubbock proved to be a delightful experience. The talented puppeteer demonstrated his story hour techniques with many of his famous puppets. The highlight of the day was an abbreviated performance of Hansel and Gretel for young children from the Lubbock Children's Homes and a day school group. It was also a learning experience to see the children get so involved that they were trying to warn Hansel and Gretel about the wicked witch. We have a number of Tom Tichenor's books and other excellent books on puppetry in the Church Library. We would like to see a group working with puppets again on a regular basis.

WHAT'S BUGGING YOU? by Betty Ferrell Youngs is a question and answer session, with the author giving helpful answers to actual questions of teen-age girls. The variety of questions is as broad as the ages and problems of the girls who ask them. Betty Youngs' serious and thoughtful approach to Christian solutions to questions about Self, Dating, Love and Marriage; about God and the Church; about Moral and Ethical Questions and other common concerns are directed at helping the teen-age girl make realistic and careful decisions. She has a gentle and caring approach that says she understands how teen-age girls feel and a way of getting to the heart of the problem.

While the thoughts and stories are flavored with the postwar period of 1947, MEDITATIONS FOR WOMEN IS A COLLECTION OF DAILY MEDITATIONS BY TWELVE women that goes beyond that period, to the timelessness of great truth. The writing style varies with each writer and each has a rich contribution to make.

If sometime you wish for a fresh look at the familiar Bible characters such as Joseph, Samson, David, Jeremiah, Mark, Timothy and others, take a look at SAINTS AND SWINGERS by William P. Barker. Putting their stories into a modern setting and context, Barker has brought them to life that the message of their lives might be made more meaningful to those of us who have developed a deaf ear to the familiar.

physical disabilities. In most instances these children are not available for adoption, since most of them will return to their own homes as problems are resolved. In some instances, temporary foster care is required while a permanent adoptive home is found. Foster care is needed for children of all ages from infancy to age 18, and of all races. In some areas a special need is noted for foster care for minority group children. Persons interested in learning more about providing temporary foster care for children are invited to

call or write a foster care worker at the State Department of Public Welfare. Hale County residents may contact Teneta Farmer, 519 Broadway, Plainview, telephone 293-5193. Floyd and Motley county residents should contact Jack Barnes, Drawer H, Floydada, telephone 983-2433.

Foster Parents Needed

An urgent need now exists for foster parents to care for children on a temporary basis in Hale, Floyd and Motley counties, according to Bill Gardner of Plainview, child welfare supervisor for the State Department of Public Welfare.

The number of children requiring foster care has grown extensively during the past year because of the increased emphasis on reporting child abuse and neglect, Gardner said. Most of these children are forced to live away from their own parents for reasons quite beyond their control. Some of them are victims of abuse and neglect. In other cases, parents may be temporarily unable to care for them due to illness or other family problems. Some children may have emotional or

Get Your Floats Ready For Fair Parade!

Organizations and businesses are urged to start working on their floats for the Floyd and Surrounding Counties Fair Parade, scheduled to launch the three-day fair on Thursday, September 16.

There has been a change in the starting time of the parade, according to parade chairmen Kenneth and

'Life Story Of Jesus' At Assembly Of God

Church Tuesday, Wednesday, Thursday

The public is invited to see "The Life Story of Jesus" at the First Assembly of God Church in Lockney on Tuesday, Wednesday and Thursday, September

The first-night segment, entitled "In The Beginning," features scenes of the moon and the world from outer space, direct from the U. S. Gemini and Apollo space mission; the birth and boyhood of Jesus; the raising of Lazarus from the dead, and the many miracles of Christ.

On the second night, the betrayal and complete details of the trial, and the live Crucifixion, before an 11x20-foot artists painting, showing Jerusalem and the surrounding hills, with simulated lightning and a recording of a Texas storm.

And on the third night: "The Rapture," the resurrection of Jesus, and a singing narration of Heaven, with light show.

PP & K Registration Closes September 10

There is just one week remaining for youngsters in Lockney to register for the local Punt, Pass & Kick competitions.

Rusty Baccus, Ford Dealer sponsoring the popular youth activity in this area,

said that registration would be taken through Friday, September 10. The Lockney PP&K Competition is scheduled for 9:30 a.m. September 18 at Mitchell-Zimmerman Field.

"Although time is growing

short, any youngster 8 through 13 years of age can still compete," said Baccus. "All a contestant need do is come into our showroom, accompanied by a parent or guardian, and fill out the PP&K registration form. There's no entry fee or charge of any kind, and that goes for all six levels of competition, up to and including the National Finals."

The Ford Dealer pointed out that trophies will be awarded for 1st, 2nd, and 3rd place in the local competition in each of the six age groups. Increasing the youngster's chances of winning one of the 18 trophies is the fact that each contestant competes only against others of the same age. And since there is no body contact, an entrant's size is not as important as his ability to punt, pass and place-kick for distance with accuracy.

"Winners can continue on

up through the Zone, District, Area and Division contests to the National Finals," the Ford Dealer said. "It's possible that one or more of our local winners could wind up in the Finals." When entrants register, each entrant gets a free PP&K Tips Book. It contains helpful pointers from the pros on punting, passing and kicking. In the 1976 edition are suggestions from NFL stars Ray Guy, Ken Anderson, and Toni Fritsch. Complete PP&K rules and suggested conditioning exercises for contestants are also included.

This is the 16th anniversary year for PP&K. From its inception, the youth activity has been sponsored by the Ford Dealers of America in conjunction with the National Football League. In that time more than 12 million youngsters have taken part in PP&K, making it one of the largest and fastest growing activities of its kind in America.

By Wendell Tooley
For years Wes Adams has been thinking some words that would describe the many enjoyable coon hunts he and his dogs have experienced, and finally, just recently decided to write a song "Coon Dog Music."

He didn't know about what sort of tune would go with his words, so after seeing an advertisement in a farm magazine from Nashville, Tennessee, decided to send the words off for recording. The Nashville recording company wrote some music to the words, made a couple of 45 records complete with male vocalist and five piece band.

Wes invited me over to his home, 706 West Ross, and I was really impressed with both the song and the music...it might just be a hit.

To date Wes has around \$100 invested in the recording, and it will probably cost him another \$10 for copyrighting it. He plans to try a Fort Worth publisher first...feeling that the record will sell better in East Texas, Missouri, Arkansas, Tennessee, Louisiana...back in the "coon country."

The song describes a couple of coon dogs....Old Red and Queen....and the hunter knows the "song" of each as they get on the trail of a coon. Only thing the record lacks is the sound of a coon dog baying in the background..... and Wes can do a pretty good job of imitating one.

GRAYSON COUNTY

Wes was raised up back in Grayson county, where there were and still are plenty of coons....he knows and loves dogs....has probably owned some 50 dogs in the last five or six years. He knows how to train them for coon, quail, or duck hunting. Wes has a dog now that is named "Red" and another of his hunting dogs has some pups. The Adams had a little excitement night before last when Red cornered a young possum in their back yard.

Wes says he's a farmer, truck driver, and retired car salesman. While he's waiting for the new record to pay off, he is selling watermelons and cantaloupes at the corner of Missouri and Second streets.

Wes says a good coon skin is now worth \$10 as the coonskin coat is coming back into popularity.

WES ADAMS AND "OLD RED" listen to record player before "Coon Dog Music."

in Abilene Tuesday for the funeral of Neville King, 16 year old nephew of Mrs. Hale, who was killed Sunday. The youth was shot with a high powered rifle by a man holed up in a house near the home of the boy's mother and stepfather, Mr. and Mrs. Wayne Herrington. Mrs. Hale said her nephew and two other boys just happened to be walking by the house at the time.

The man, who held city and county officers at bay several hours, was later flushed out with rounds of tear gas. He is being held in an Abilene jail.

Young King was a junior at Abilene High School and was the school photographer.

He is survived by his mother; his father, Lewis Neville King, who is stationed in Washington, D. C. with the U.S. Marine Corp.; a brother and sister; and grandparents, Mr. and Mrs. John King of Plainview and Mr. and Mrs. George McKinney of Vera, Texas.

former Plainview residents. Rites for the young boy were held in Elliott-Hammil Funeral Home Chapel, with burial in Abilene Memorial Cemetery.
