# Hour Of Decision

Of the many problems facing Swisher County and its economy, none is so far reaching as weather modification, seeding clouds to encourage rain or to prevent hail. When the program began, the area involved was limited both in size and in time. Permits were requested to seed clouds only a few months in the summer. But now the area is being extended and permission is being sought to seed clouds for 12 months of the year for the next four years. It is believed by some that by the end of four years, cloud seeding will be unlimited and financed by weather modification districts through a universal tax, much like a hospital or weed control district.

That cloud seeding is effective is not denied by either opponents or proponents. Proponents are more interested in the hail suppression benefits than in rainfall. In most instances they have good underground water which can be turned on or off just when it is needed. Their problem is hail.

It is understandable that persons with good water would favor modification since they have it made if they can only prevent hail.

But the problem arises from the fact that their breaking up of rain clouds robs their neighbors to the northeast of rain, neighbors who have dwindling water supplies and who must depend upon natural rainfall, even with the risk of hail, to raise a crop.

Endangered by weather modification, aside from dryland farmers, is the Mackenzie Water Authority's dam located east of Tulia. Observers say that if the lake isn't filled soon, the dam could be endangered. It is said to need water against it NOW! And if it doesn't get more rainfall in the Tule Creek watershed than it has gotten since weather modification to the southwest and west began, there is little hope for the future. The dam may crack.

There is much opposition to weather modification by those adversely affected... and those adversely affected are said to number in the thousands while those benefitted are numbered only in the hundreds. But the facts are, the opponents are unorganized and without funds needed to conduct scienti-

fic investigations to support their cause in court or before the Texas Water Board. One estimate of the cost of such a scientific study is \$40,000—a sizeable amount in some ways, yet peanuts when one considers the ultimate cost to the economy of our area if weather modification is allowed to continue.

Opponents of weather modification in this area note that most all rainfall falling in an area extending from southeast Swisher to northwest Randall to Palo Duro State Park to Vigo Park and back to southeast Swisher comes from the southwest. But the weather modifiers seed the clouds to the southwest which vaporizes the hail and also the rain. The dissipated clouds then continue to the northeast and reform after 30 or 40 miles. This, they say, explains the good rainfall east of the canyon from Silverton to Claude to Wellington.

The problem is one of self interest. The areas favoring seeding have suffered greatly from hail in the past. They have lost many a crop to hail. But what benefits them is a curse to their neighbors to the northeast.

Needed is a strong organization to oppose this four year, round the clock permit. The seeders have spent thousands of dollars to justify their argument that weather CAN be modified. They have scientific proof that the areas seeded have been benefitted. But these reports, obviously, don't include the entire story—the harm done to those farmers on down the line. It's one thing to be convinced of a belief. It's something else to be able to prove that belief before the Texas Water Board or in court.

Most everyone would agree that there is a fixed amount of moisture in the clouds over a particular area at a particular time. If this moisture is dissipated in an effort to avoid hail or is induced to fall to the earth prematurely, obviously somebody destined to receive that rain naturally is going to be deprived of a shower.

NOW is the time to stop this program, not after a four year permit, 48 month permit has been issued.

Now is the hour of decision.

## Floydada Nursing Home Happenings

By Faye Walters

What a wonderful time we had at Floydada Nursing Home this week.

Wednesday we took a nice field trip and enjoyed ice cream.

On Thursday we played bingo. The winner was Agnes Anderson with three games. Della Finley, Ray Reed, Hallie Bertrand and Clara Williamson, won two games each. Hope Hammonds, did not play as she wasn't feeling well. We all missed her.

Saturday afternoon Kaye Orman brought Girl Scout Troop 50 out to decorate the wheelchair for the parade. I wish you could of seen those little girls work. They seemed to really enjoy it.

We want to thank Kaye and the girls for a job well done.

We would like to thank each one who brought a pie or cake for the bake sale. Some did not leave their names so we can't thank them personally but we do want you to know we appreciate your thoughtfulness.

We had a lady bake a cake and send it out for the bake sale who is a former resident of the nursing home, Victoria Bartlett. She is unable to drive but sent it by a friend. She is a dear lady and we thank her. She can still bake a great cake.

At 6:15 p.m. Saturday we had the wheelchair parade at our Nursing Home Fair and our judges awarded 1st prize to Docia Manning. Judges were Frances Rose, Shirley Varner and Sandra Cook. We were happy to present Mrs. Manning with a pretty lap robe to keep her warm in the cold days ahead.

**KING AND QUEEN... of Floydada Nursing Home, Ray Reed and Della Finley. The two received lap robes for their honor.**

**MRS. DOCIA MANNING wears lap robe she was presented for having the best decorated wheelchair at the Floydada Nursing Home Fair last Saturday.**

We then had a cake walk that everyone seemed to enjoy.

We had some very good singing and music, a special

song by Mr. and Mrs. Ira Sullivan; a trio by Dortha Westbrook, Frances Rose and Shirley Varner, a special by Gary and Sandra Cook and a solo by Darlenda

## Mr. And Mrs. Fawver To Honored

Friends and relatives are invited to a reception Sunday, October 10, honoring Mr. and Mrs. Roy Fawver on the couple's observance of their 60th

wedding anniversary. Mr. and Mrs. Fawver were married October 8, 1916.

Calling hours at the couple's home, 804 West Mesquite, in Floydada, are from 2:30 until 5 p.m.

Hosting the open house will be the Fawver children, Thomas L. Fawver of Floydada, Mrs. Evelyn Golightly of Irving and Carlton Fawver of Floydada.

## Hello World

Mr. and Mrs. Darrell Dudley of Floydada announce the birth of a daughter, Danika Lynn, who was born September 22, 1976. The baby weighed 5

lbs. 5 1/2 ozs. at birth. The mother is the former Cindy Carthel.

Grandparents are Mr. and Mrs. A. C. Carthel of Floydada and Mr. and Mrs. Melson Dudley of Lubbock.

## Debbie Locke, Jeff Hampton Wed

Standing in front of a beautifully decorated fire place in the home of the bride's grandparents, Mr. and Mrs. M. A. Barton of Floydada, Debbie Locke and Jeff Hampton were married September 29th. Dr. Floyd C. Bradley, pastor of the First Baptist Church, performed the ceremony.

The bride wore a gown of white organza trimmed with silk lace, and headpiece which fell into a long flowing train. She carried a bouquet of yellow spider mums and

gladiolus. For something old she carried a handkerchief tucked in her bouquet which belonged to her late great grandmother. Something new was her wedding gown and something borrowed was a diamond necklace belonging to her sister, Mrs. Pattie Bradstreet of Stratford. She also wore the traditional blue garter and penny in her shoe.

Mrs. Bradstreet attended her sister as matron of honor. She wore a two piece ensemble of yellow Dacron

knit. David Kelley of Hereford was best man, and Shawn Bradstreet, nephew of the bride, was ring bearer.

For the reception, the brides cake, was on a crystal cake stand, belonging to her grandmother, which was a wedding gift to her late great grandmother.

Following the wedding, the couple changed to boots, blue jeans and matching shirts for a honeymoon trip to Red River, New Mexico.

## Amarillo Wedding Unites Miss White, Travis Plumlee

Polk Street United Methodist Church in Amarillo

### Lisa Steen, Randy Pierce

### Wed In Idalou Friday

Wedding vows were exchanged between Lisa Steen and Randy Pierce on Friday, October 1, at 8 p.m. in the home of Mr. and Mrs. Bobby Smith in Idalou.

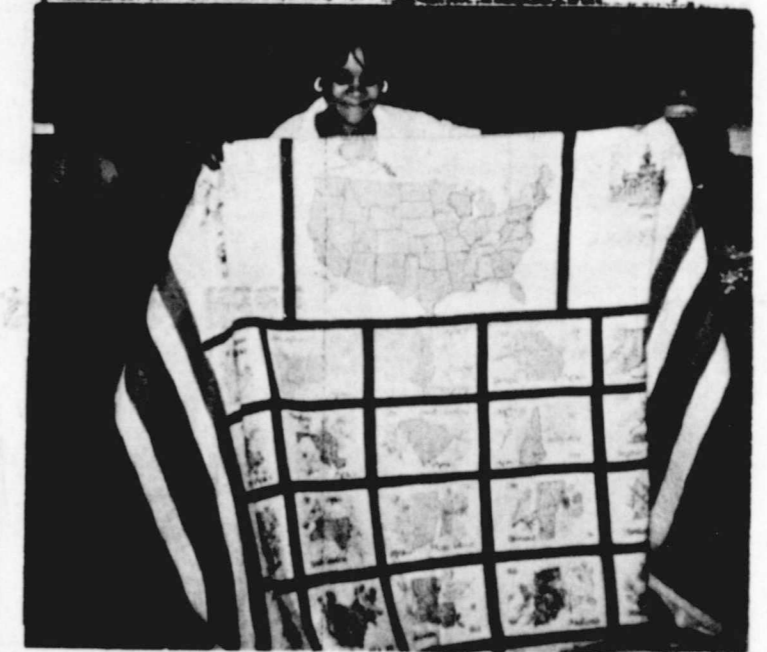

Rev. Bill Wright, minister of the United Methodist Church of Idalou, performed the ceremony in the presence of members of the

family and close friends.

Randy is the son of Mrs. Earl Pierce and the late Mr. Pierce of Floydada. Lisa is the daughter of Mr. and Mrs. Maurice Steen of Lubbock.

A reception was held following the ceremony.

The couple will reside in Lorenzo where they are both employed.

**WINS QUILT... LaDonna Cook was the winner of the Bicentennial quilt given away at the Floydada Nursing Home**

We had some who had traveled a long way to the Fair. Lelia Westbrook and Gean Wilson (mother & aunt) of our administer Paul Westbrook came all the way from Deport, Texas. Kim and Sharon Rose came from Abilene, Texas.

We want everyone to know how much we appreciate their help in making this Resident Fair a success. We took in \$421.01 from the quilt tickets, bake sale, cake walk, etc. There were close to a hundred people present.

We also appreciate all our visitors this week which included: Mrs. Roy Fawver, Mrs. Hatty Thomas, Mrs. Carrick Snodgrass, Roy Hale, Mrs. Duffy Hinkle and Pepper, Glenna Orman, Kellie Pitts, Girl Scout Troop 50, Thelma Jones, Dovie Rushing, Mr. and Mrs. Hubert E. Davis, Mrs. G. L. Bryant, Mrs. C. E. Bartlett, Mr. and Mrs. Fay Hart, Floydada; Mr. and Mrs. T. R. Snead, Wesleco; Josephine and Verdine Smith of Lockney; Mrs. Arthur Cheves, Plainview; Mrs. Henry Rogers and Mrs. Carl McDaniel, Petersburg; Mr. and Mrs. Clyde Baker, Chickasha, Okla.; and Mr. and Mrs. Raleigh May, Haven, Kansas.

Mrs. William Travis

Sharon Debra White and William Travis Plumlee. The bride is the daughter of Mr. and Mrs. Alvin Winston White Sr. and the groom is the son of Mr. and Mrs. E. C. Plumlee all of Amarillo. Mr. and Mrs. W. C. Plumlee of Floydada are grandparents of the groom, whose father was reared in Floydada.

Dr. Clifford Trotter, pastor of the church, performed the 7 o'clock afternoon candlelight ceremony

Nancy Bassett was organist and accompanied Beth Clark as she sang "We've Only Just Begun" and "The Wedding Song."

Presented in marriage by her parents, the bride wore a formal gown of white satin with a detachable long train. The dress was fashioned with an empire waist, Victorian collar and long sleeves, embellished with lace and seed pearls. The scalloped hemline of the shirt was edged in lace, and a matching lace yoke accented the sheer bodice. Her sheer illusion veil was fingertip length and she carried a nosegay of wine colored carnations, red roses and baby's breath.

For something new the bride wore a heart shaped necklace, surrounded in the bride's birthstones. Something old was her mother's original wedding band. Something borrowed was jade ring from her maid of honor, and she carried out the traditional blue garter and a six pence in her shoe.

Bridal attendants included Linda Sue Breeden, Amarillo, maid of honor, Sandra Lee Plumlee, Amarillo, sister of the groom, Joyce Ann White, of Rogers, and Dawn Daryce White, Amarillo, both sister-in-laws of the bride, who were bridesmaids, and Stephanie Ann White, Rogers, niece of the bride, who was flower girl, Wendy Ruth Gresham

## DPS Agents Harvest Field Of Marijuana

By DWAYNE COX  
Avalanche-Journal Staff

AFTER almost a year of speculation and about a month of sporadic surveillance, Department of Public Safety narcotics agents Tuesday harvested a marijuana field one mile south of Roaring Springs and arrested three suspects.

Agents said the one-acre patch, one-half mile west of U.S. 70, was located in a well concealed area cleared from a dense mesquite thicket. DPS Sgt. Tom Sullivan said agents had known of the field's existence almost a year but had not been able to pinpoint the location until receiving a confidential tip about a month ago.

Charged with felony possession of marijuana in connection with the find were Harold Brentley, 54, of Roaring Springs, his daughter, Camille Rankin, 27, of Roaring Springs, and Darlene Jones, 25,

of Denver, Colo. The three were released late Monday from Motley County Jail on bonds of \$1,000 each set by Justice of the Peace Roy Smith.

The arrests came about 6:15 p.m. Monday, when agents observed three persons allegedly tending to the marijuana field, Sullivan said.

Agents said marijuana plants, a number of them 7-8 feet tall, weighed about 700 pounds and had a value of about \$60,000.

Sullivan said the find was "one of the largest fields in West Texas," and Motley County deputy Clyde Clifton said the patch was the first he had seen in Motley County during more than six years service.

Access to the field, agents said, could be gained only by walking the half mile from U.S. 70 along a dry, unnamed creek

bed. Other items confiscated at the location included curing paraphernalia, plastic bags and five mounds of marijuana plant drying in trees.

The agents termed the marijuana "high quality" and said old stalks found at the scene indicated a previous harvest had been completed.

Agents said the marijuana field location, hidden in the rough ranch terrain until Motley County deputies learned of its exact location, was capable of supporting an entire drug operation from cultivating to bagging.

"They had the whole process there," an agent said.

"They could dry it and strip it into bags."

Cut trees found at the location, agents said, indicated the acre had been cleared about a year ago from the rugged countryside which camouflaged the booming crop successfully until last month.

"You'd have to know it was there to find it," an agent said.

Roaring Springs police also assisted the DPS and the Motley County Sheriff's Department in the seizure and arrests.

### Eighth Breezers Take Lockney

The eighth grade Breezers came home from Lockney Tuesday night with a 34-16 district victory, and it was an exciting game all the way.

In the first quarter Moody Younger crashed over from the two yard line for the first TD. Hector Mercado made the two extra points. Breezers led 8-0. In the second quarter Jeff Rainey broke loose on a fine 18 yard TD run. Try for two points no good and the Breezers led 16-0.

Then some Breezer hard luck...with a fumble in the end zone and Lockney recovered for the TD. Floydada 14, Lockney 8.

With only a minute and 30 second remaining in the first half the Breezers worked the ball down field...some 60 yards and a pass from Younger to Mercado for seven yards and a TD made the score 20-8. Points after were no good.

In the third quarter Moody scored from the one yard line and John Fortenberry plowed over the line for the two extra points. Floydada led 28-8. Lockney then scored and the score was 28-16.

Hector wanted one more TD, so he carried the Lockney kick-off back down the field some 70 yards to paydirt. Try for extra points no good and the Breezers led 34-16.

Coach Mark Vinson praised Tim Radloff, Jimmy Martinez, Moody Younger for recovering fumbles and Jeff Rainey who intercepted a Lockney pass.

Vinson said the overall team effort was great and he said Micheal Self was outstanding offense man and Joe Hinkle outstanding defense player.

Next Tuesday's game will be here with Tulia following the seventh grade game at 5 p.m. You all come!

# Fairview News

By Mrs. Clyde Bagwell  
**FAIRVIEW:** Oct. 4-Farmers are busy sowing wheat since the rains of last week. Our weather this Monday is cool and cloudy, and fall is really in the air.

Our deepest sympathy is with Mrs. E. W. Walls who received word early this morning of the death of her youngest brother Roy Percy of Norman, Oklahoma.

Sunday afternoon visitors in the home of Mr. and Mrs. Bud Warren were their son, Mr. and Mrs. Randall Warren of Lubbock and Mrs. Cleon Daily and daughter, Barbara and Mr. and Mrs. Mike Daily all of Sherman.

Mrs. C. W. Payne, Mrs. Clyde Bagwell and Mrs. E. W. Walls visited Mrs. Walton Wilson Thursday afternoon. Later in the afternoon Mrs. Walls went on to Lockney to visit her sister, Mrs. D. D. Tate.

Miss Anne Swepston, and her niece Mrs. Billy Don Colston and little son, Ross spent today (Monday) in Lubbock where Ross received physical therapy.

Mr. and Mrs. Kay Crabtree, Becky, Sam and Anissa were Sunday dinner guests of Mrs. Kate Crabtree.

Saturday afternoon Mrs. Kate Crabtree visited in the home of Mrs. Edna Phillips, Mrs. Mary Stanley and Mrs. Andy Jackson.

Mr. and Mrs. Mike Cosby of Tullia spent Saturday night to Sunday with her grandparents, Mr. and Mrs. Edell DuBois.

Visitors in the home of Mrs. Gracie Riggles Saturday afternoon were Mrs. Jess Finley and Sunday afternoon Mrs. Paul Murff and Mrs. Pernie Ray were there.

Mona Dell Wise of Amarillo came Friday night and stayed over Sunday in the home of her parents, Mr. and Mrs. C. H. Wise. Saturday night Mona Dell and Mr. and Mrs. Wise visited with Lee Burton and his daughter, Carolyn.

Thursday night Mr. and Mrs. Bill Beedy, Mr. and Mrs. Bill Tye and Mr. and Mrs. Walton Wilson went to the home of Mr. and Mrs. A. S. Mize where they helped Albert celebrate his 83rd birthday.

Mrs. C. W. Payne spent Monday afternoon with Mrs. Clyde Bagwell.

Mr. and Mrs. Walton Wilson were Sunday dinner guests of Mr. and Mrs. Harvey Allen, Mike and Norman. In the afternoon, Anna and Judy joined a group of friends at the home of Mrs. Ted Bell to honor Mrs. Sally Reeves of Memphis, mother of Mrs. Bell, on her birthday. Those present besides the above named were Gertrude Smitherman, Winnie Beedy, Lillian Marble, Mae Garrett, Letha Mulder, Ruby Lee Higginbotham, Mamie Lou Hartman, Lavolia Kinslow and Mrs. R. E. Young and Peggy. Mrs. Bell served birthday cake and punch.

Saturday night guests in the home of Mr. and Mrs. Ted Bell to honor Mrs. Reeves were her sons, Mr. and Mrs. Bob Reeves and family and Mr. and Mrs. Raymond Reeves and family.

**FLOYD DATA**  
Mr. and Mrs. C. W. Denison returned home Saturday afternoon from North Platte, Nebraska where they visited several days last week with Mrs. Denison's mother, Mrs. Ada Eaves, and brother Beauford Eaves and family and other relatives. Weather was warm and nice all week.

**CASSEROLES** with macaroni, spaghetti and noodles make family economy main dishes. They're low in cost and easy to freeze. Also, they are easy to prepare using just about anything on hand. Mrs. Sally Coble, foods and nutrition specialist with the Texas Agricultural Extension Service, The Texas A&M University System, points out.

**WHEN FRYING** bacon in a microwave oven, cook in a covered pan with a rack so the drippings can be saved for other uses. Mrs. Lillian Chenoweth, family resource management specialist with the Texas Agricultural Extension Service, The Texas A&M University System, says.

## Parents, Youth Partners In 4-H

ly, who were there for supper.

Mr. and Mrs. Ray Cook visited at Lockney, Rest Home with Mr. and Mrs. Lindsey Graham Tuesday and later Mrs. Cook went on to Plainview to visit with her friend, Anne Linderman, who has recently returned to her home from Nichols Clinic.

Mrs. Grady Reeves of Plainview visited Monday morning with Mrs. T. L. Perry.

4-H enables parents and their children to form a partnership that can result in many worthwhile experiences, says Steve Herber Assistant county agent for the Texas Agricultural Extension Service.

4-H is a program for youth between the ages of 9 and 19 and is administered by the Texas Agricultural Extension Service of the Texas A&M University System.

Through 4-H, parents get involved with their youngsters by helping them with one or more of over 100

projects. By getting involved with the projects, parents help their youngsters learn the basic skills and information and help them fulfill an obligation. The "partners" then build on these successes in areas of project work, leadership, community service and many other character-building experiences, points out Herber.

By spending time with their sons and daughters in 4-H work, parents can overcome the problems commonly referred to today as the "communication gap"

or "Generation gap." 4-H projects serve as a beginning to start the parent-youth partnership, and the relationship can grow through mutual understanding and trust between parent and child, notes Herber.

Parents and 4-Hers learn to share the joys of winning and the disappointment of losing and to jointly work out solutions to problems as they arise.

Contact the county Extension office to learn more about the 4-H program and how it can develop close
