Cotton Harvest

High Plains cotton harvest reached peak activity this week according to Paul R. Dickson, in charge of the Lubbock Cotton Classing Office.

November's snow and record lows prevented peak momentum earlier, he

The USDA's Agricultural Marketing Service reported cotton trading was active the week ending December 10. Growers offered cotton in moderate to

heavy volume. Growers sold mixed lots of mostly grades 42 and better, staples 32 - 34, mikes 3.5 through 4.9 for 70.25 to 71.25

cents per pound. Cotton prices finished the week in a weakening trend, but demand was

good, Dickson said. Prices paid growers for cottonseed ranged from \$75 to \$110 per ton,

mostly \$95 to \$100. Grades 42, 33, and 43 were predominant in classings at Lubbock this week.

Grade 42 accounted for 17 percent, 33 was 14 percent, and 43 made up 27 percent. Bark reduction was assigned to 37 percent of the samples classed. Predominant lengths were staples 30, 31, 32, and 33. Staple 30 was 22 percent, 31 accounted for 26 percent, 32- 23 percent, and staple 33- 13

percent. Mike readings in the desirable 3.5 -4.9 range amounted to 42 percent of the total. Mikes 5.0 - 5.2 registered one percent, 3.3 - 3.4 was a 11, 3.0 - 3.2 accounted for 21 percent, 2.7 - 2.9 claimed 17 percent, while 2.6 and below

was eight percent. About 154,000 samples were classed by the Lubbock Cotton Classing Office during the week. Season's total stands at 496,000 compared to 475,000 on this same date a year ago.

Cotton Referendum Ballot Return Urged

LUBBOCK-Cotton producers have until midnignt, Dec. 17 to get their ballots in the mail on the cotton research and promotion referendum ordered by Congress.

Ballots for the long-awaited referendum which authorizes new assessments for cotton research and promotion nationwide were mailed to cotton producers Dec. 8, says County Extension Agent Doyle G. Warren. These ballots must be returned to county Agricultural Stablilization and Conservation offices with a postmark no later than midnight, Friday, Dec. 17.

"The vote is on amending the Cotton Research and Promotion Act which currently authorizes the collectionof \$1 per bale to finance the reserch and market developement work of Cotton Incorporated," says Warren. "If producers approve, the dollar-a-bale collection will rise in 1977 to \$1 plus four-tenths of one percent of the cotton's value."

Cotton Incorporated is the cotton producer's fiber company, says Warren. It has marketing headquarters in New York, research facilities in Raleigh, N.C., and fabric libraries in New York, Los Angeles, and Dallas.

W. B. Criswell of Idalou, cotton producer and current president of the Lubbock-based Plains Cotton Growers, strongly favors passage of the referendum, as does the entire 50-man PCG Board of Directors.

Criswell says additional funding for Cotton Incorporated is needed for two reasons. First, CI will no longer be getting from \$3 million to \$10 million a year in federal funds as it did for the years 1972 through 1976, he explains, and second, inflation has reduced the buying power of the dollar by about 40 percent since the rate was set in 1966. "CI has put new and improved cotton

products on the market," Criswell points out, "and these products plus CI's advertising and promotion programs have stopped the decline in cotton's share of the textile fiber market for the first time in 20 years or

The Board of Directors of CI recommends the supplemental assessment by 4/10ths of the 1 percent of the gross sales price per bale of cotton beginning with the 1977 crop. (For example, if cotton prices were 60 cents per pound, the supplement on each 500-lb. bale would be \$1.20) The order also provides that, beginning with the 1973 crop, the rate can be increased in increments on recommendation of the Cotton Board and approval of the Secretary of Agriculture. However, the final rate cannot exceed 1 percent of a bale's gross sales price.

Warren adds that the producer-run Cotton Board has publicly testified it would not recommend an increase to the Secretary unless an in-depth study showed that (1) the program was being conducted with maximum effectiveness, (2) its effectiveness could be increased only with additional financing, (3) producers indicated an overwhelming sentiment for an increase. and (4) the Board determined the exact level of the increase desired by producers.

Warren explains the budgets developed by the CI staff are submitted first to CI's board of directors. Members of this board are cotton farmers who have been elected by cotton producer organizations in each of the cotton-producing states. Once the budget is approved by CI directors, it is then submitted to the Cotton Board. This Board is named by the Secretary of Agriculture from a list of nominees

Hot tips for entertaining

For a holiday buffet, you'll want a way to keep your hot dishes just that way. Electric hot trays are the number one choice be cause they are usually made to keep foods warm, without drying them up. Small electric cooking appliances are great too. You can cook a dish in one and when ready to set out on the you can turn setting down to "warm." It will hold at serving temper-

ature nicely that way. There are many attractive tabletop warmers that use canned fuels . . . alcohol burners, butane gas burner, or candles. Be sure to read the instructions carefully, a safety precaution.

Thinks He Has A Solution, Perha To The World's Financial Plight

Editor's note: The Floyd Philosopher on his Johnson grass farm takes a gloomy look at the world's financial plight this week.

As you may have noticed, I don't like to write about gloomy things, although it's hard to keep from mentioning Congress once in a while, but over the past few weeks a gloomy question has begun to emerge in my mind: Is the world broke?

As I understand it, the United States for example now has a debt of 3 trillion dollars. I don't know what a trillion is, but the dictionary says it's a number followed by 12 zeros. That's in American use. In England it has 18 zeros. But when you get that far in debt, what's a few zeroes one way or the other? Our being the world leaders and all, it's only natural that other countries should follow us into debt too. Everybody knows what shape Mexico's in. France is so far in debt that even if she can sell some of those mammoth planes called the Concorde it's doubtful if she can furnish a clear title to them. England has been on the verge of

Cotton Revives Kn

NEW YORK--Cotton is bringing new vitality to the double-knit fabric market.

While some industry spokesman are singing woeful blues about the sales of polyester double-knits, Catalina Sportswear is proving there is a market for doubleknits--mostly-cotton double-

"There has been a significant increase in the sales of our pants, shorts, skirts and pant skirts since we began using "Natural Blend" double-knit fabrics," says Bob Masters, senior vice president of the ladies' sportswear division of Catalina.

"Natural Blend" is a trade mark of Cotton Incorporated for fabric containing 60 per cent or more cotton with easy care characteristics. Cotton Incorporated is the fiber company of U.S. cotton producers.

Catalina sold over 600,000 units of "Natural Blend" double-knits from its tonworks" collection this past spring. For next spring, the company has already sold 20 per cent more. according to J. Nicholas Hahn, Cotton Incorporated vice president of sales marketing.

'The double-knit industry claims it business is in the doldrums because the consumer is rejecting doubleknits," Hahn says. "That isn't so. The consumer is not rejecting double-knits; the consumer is rejecting synthetics.

"Catalina has show that if you give the consumer what she wants-mostly-cotton apparel-then she wil buy double-knits," Hahn points

Because of the high-cotton content of the "Natural Blend" fabric, it resists snagging, static, pilling, and abrasion, he says.

The "Cottonworks" collection includes shorts, slacks, and cullotes of "Natural Blend" knits coordinated with 100 per cent cotton The line was sold to over

REFERENDUM BALLOT IS FRIDAY! Cotton Producers Can you make a TIMES TO say uncle?

Cotton's newest product break-through already has synthetic fiber giants crying in their chemical soup. Almost every week they're running full-page ads in the textile trade's leading newspaper denouncing your new "Natural Blend" shirt fabrics.

It's not hard to figure out why they're crying. They see "Natural Blend" as a real threat to their giantsize grip on the men's shirt market. No wonder. "Natural Blend" is what the consumer wants. It gives men more of cotton's comfort and good looks, plus durable press to boot. It's enough to make seven giants cry-especially the seven who control threefourths of the nation's synthetic fiber production.

But that's not all. Six mills and converters are now making "Natural Blend" fabrics, and 13 major U.S. shirt makers have it in their lines. Leading retail stores all over the country report brisk sales of these shirts already, and project an even bigger response by spring, "Natural Blend" clearly is a giant-step forward for cotton in the market-place. And, as every thinking cotton producer knows, stronger cotton markets translate into stronger cotton profits.

Now that you've got the synthetic fiber giants running scared, it's time to sock it to 'em! "Natural Blend" can make a dent in markets like women's and children's wear, too. But it's going to take more dollars to do the job right.

That's why the upcoming producer referendum to increase assessments for cotton research and promotion is so vital to your future. It's your way of showing the giants you mean business. It's your way of keeping cotton's market momentum moving.

Can you make a giant say uncle?

Myth, Reality

How to preserve the magic and excitement of Santa Claus when children see so many different Santa Clauses may concern you as a

parent. Local stores are decorated and stocked with a variety of gift ideas and assorted Santa Clauses-short, tall, skinny, fat, old and young appear on the streets and in stores. By now parents may be asking themselves, "What should I tell my children about Santa Claus this year?"

Many parents are concerned that if they tell their children Santa is real, the youngsters will be disappointed and distrustful when they discover Santa is not real after all. Other parents worry about spoiling Christmas for the children by telling them that the story of Santa Claus is just a beautiful myth.

The truth about the myths and reality of Santa comes gradually to a youngster. Understanding more about the stages of development of your children will help you decide what to tell him and

Once in elementary school, youngsters will hear different versions of the Santa story and may come to parents with their doubts. This is the time when parents can help children understand that Santa is a spirit, or feeling of love and giving, of wanting to do things for those you love rather than a fat man with a wooly beard in a red suit.

Even past the age of believing that Santa is a real person, the spirit of Santa lives on as family members feel and express their love and concern for one another.

AMERICA TODAY Americans today celebrate the Christmas holiday in many colorful ways. The tradition of this beautiful season is strong in America ... north, south, east, west. Its warmth, which unites one and all in peace and brotherhood has been and will be a unifying force for

Let us all celebrate Christmas in America!

Deciding Where To Spend Holiday

Can Be Stressful

COLLEGE STATION-Deciding how, when and where to spend holidays is a chief cause of conflict for many young families each year, Mrs. Ilene Miller, a family life education specialist, says.

"As much as we enjoy and look forward to being with our families during the holiday season, it is often difficult and exhausting to travel with little ones during the

This specialist with the Texas Agricultural Extension Service, The Texas A&M University System, suggested some alterna-

"First, decide if the trip is really necessary. Trying to visit one or both sets of in-laws during the holidays may be difficult, especially if your families live some distance apart. Perhaps alternating Christmas visits or alternating Christmas and Thanksgiving visits with the two families will help ease tension and allow for a more relaxed and enjoyable time together.

Another alternative is to invite both families to celebrate Christmas at your home for a change. This may be a good solution if you have the space and if too many other relatives are not normally involved in your holiday plans. And if you have large, bulky gifts for the children such as a bicycle, doll house or rocking horse, then a Christmas at home night be easier to plan this year," she said.

Amarillo Church Setting For

Cates And Rucker Wedding Vows

The First Baptist Church Chapel in Amarillo was the setting on Saturday, December 11, for the double ring ceremony of Katherine Carol Cates and Patrick Ray Rucker. Performing the 3 o'clock p.m. vows was the Rev. Ron McMullen pastor of the First Baptist Church in Amarillo. The altar area was centered with a kneeling bench flanked on either side with candelabra and brass urns containing mums and greenery, highlighted in the background by three floor length stained glass windows in the chapel.

The bride is the daughter of Mr. and Mrs. Clinton C. Cates of Amarillo. Parents of the groom are Mr. and Mrs. Ralph Rucker of Floydada.

Mrs. Mary Sizemore, pianist, presented traditional wedding music as guests were seated and also during the processional. Charles Johnson of Sweetwater accompanied by Brit Parker, guitarist, of Silverton, sang, "Beautiful," then following the vows gave their rendition of the "Wedding Song."

Preceding the bride down the aisle were Donna Bevers of Amarillo, who was bridesmaid, Kim Stamford of Electra, maid of honor, and flower girl, Shae Rucker, Amarillo niece of the groom.

Bridal attendants were gowned in identical floor length velvet in rust red, fashioned in an Empire style. Each carried a flower nosegay. The flower girl was dressed identically, and carried a white basket containing rose petals.

Jim McDermaid of Carlsbad, New Mex., was best man, and Greg Turner of Perryton, was groomsman. Troy Cates, cousin of the bride, served as candlelighter. All were attired in brown vested tuxedos, and the groom wore a white vested tuxedo.

Guests were seated by Clinton Cates Jr., of Amarillo, brother of the bride and Jim Jones of Pecos.

Presented in marriage by her father, the bride wore a formal length gown of peau de soi fashioned with an Empire waist and Chantilly lace inserts, seeded with pearls. Pearls also graced the long delicate sleeves. Large pleats accented the front of the full skirt which swept into a chapel length train. Her shoulder length veil of illusion bordered in Chantilly lace was attached to a pearl headpiece.

The bride carried a white lace covered Bible on which lay a rosebud bouquet. For something old she wore her great grandmother's ring and borrowed a hair pin used in her headpiece.

Following the wedding a reception honoring the new-lyweds was held in Fellowship Hall of the church. The bride's table held silver and crystal appointments, and a candelabra bearing flowers of the bride's chosen colors. Susan Wright served punch and Heidi Caywood served the four tiered wedding cake.

Attending the groom's table was Dona Caywood, who served chocolate cake and coffee.

Rice bags were distributed by Shaw Rucker and Troy Cates.

After a wedding trip to Ruidoso, New Mex., the couple will reside in Amarillo where the groom is employed at Southwestern Pu-

Golden Circle Class Holds Holiday Fete

The Claude Carpenter home was the scene of a Christmas luncheon Friday for the Golden Circle Sunday School class of the First Baptist Church. A bountiful dinner of turkey and all the trimmings was served.

Mrs. Kate Crabtree gave prayer and each member gave thanks for their blessings. The devotional from Luke 2, The Birth of Jesus, was given by Mable Smith. The class gathered around

the Christmas tree for gift exchange.

Present were Mmes. Dee Sims, Vernie McSwain, Charlie Spence, Kate Crabtree, Mable Smith, Eva Newsom and hostess, Mrs.

A layette coffee Thursday morning, December 9 in the home of Mrs. Dee Copeland honored Mrs. Wayne Moseley. Coffee, breakfast rolls and nuts were served from 9:30 to 11 a.m. Twenty guests called and eight sent gifts who were unable to attend. Mrs. Pete Mosley assisted Mrs. Copeland with hostess duties.

Mrs. Wayne Moseley is the former Cathy Brotherton, and is the daughter of Mrs. Lena Brotherton. She has made her home in Lockney in recent months while her husband was stationed with the Army on Johnson Island south of Hawaii. He is now stationed at White Sands, New Mexico, and the Wayne Moseleys moved to White Sands last Saturday.

Marble Brothers Honored

Mr. and Mrs. Don Marble, Mr. and Mrs. Fred Marble and Mr. and Mrs. Keith Marble were honored Saturday night, December 11 with a Christmas dinner party. The dinner was held at the home of Mr. and Mrs. Howard Patton. Following the dinner of ham and all the trimmings, gag gifts were exchanged and games were enjoyed by all.

The hosts for the occasion were Mr. and Mrs. Mike Marble, Mr. and Mrs. Ray Jackson, Mr. and Mrs. Dick Lyons and Mr. and Mrs. Howard Patton. Honored guests were Mrs. Lillian Marble of Floydada and Mrs. L. T. Woods of South Plains.

Mrs. Green sustained the broken arm November 14, and since that time Rhonda Cozby has been writing her news, and we appreciate Rhonda for doing so. She extends her blessings, and wishes all a Merry Christmas while giving thanks for

the kind deeds shown her.

The Chloma Williams', who will be observing their 40th wedding anniversary Sunday, recalls the small amount of money it took for their honemoon, and laughingly admit that the \$12 spent was for five people, and for five days. They were unable to go on a honeymoon following their marriage in 1936 so they waited until August of 1937 and took off to Carlsbad and Raton, New Mexico. Almeda Maye's brother, Horace Carr, took his 1935 Chevrolet, and the three were accompanied by their wedding attendants, another brother, the late Wesley Carr and his wife Gertrude. Horace did the driving so they brought him the Cokes, so he wouldn't go to sleep at the wheel. They couldn't afford motels, so they stayed in rented rooms

at a \$1 to \$2 each night.

They toured the caverns for

a \$1.50 and with their meals

only spent \$12. Almeda

money was scarce, so the Williams felt fortunate in even taking a trip. Tires and gas were scarce when I got married. I had a car but it was jacked up in the garage with no casings, as they were called then. Si had no car so we boarded the bus to Amarillo for our honeymoon, and returned the same way, and we were thankful for even that short of a trip.

THE following poem is very befitting for this holiday season. It was written by Aubrey Guthrie when he was a senior in Floydada High School.

THINGS TO PONDER Do we appreciate Christmas, I wonder? Do we remember it's a

birthday date? The child was born without lightning or thunder, The three Wise Men bringing gifts that were late.

In the quiet manger lay the new Child. The floor strewn with straw and old timber. Does this mean the Day should be wild? Or did it mean: Him, we should remember?

We had ice cream and a real nice field trip Wednesday. Taking this trip were the driver, Mr. Freeman, Viola Weems, Florence Badgett, Agnes Anderson, Dora Langford, Hope Hammonds, and myself.

Thursday it was Bingo. Top winner was Clara Williamson with three games. Della Finley, Ray Reed, Hallie Bertrand, and Hope Hammonds all won two games. Agnes did not play as she was out visiting.

Anderson, she has had a very happy week as her son and wife from Colordo have been here visiting. This was an unexpected X-mas present to her.

The Floydada Whirlettes varsity basketball team had no trouble putting away Motley County for its second victory of the 76 cage season, but were defeated in the championship of the annual Floydada Basketball tournament held December 10 and 11, by the Post Antelopes, by a 58-55 score. The loss gave the Whirlettes a season ledger of 2 wins ans seven losses, and also netted a second place trophy for coach Clifford Stephens'

In the initial period of the opening round versus Motley County, Floydada executed very well offensively, and paced by Kathy Davis four buckets, managed to register a 14-11 advantage.

In the second period, the Whirlettes utilized consistent defensive play from each of its three guards, and balanced scoring on offense to extend their lead to 25-11.

Kim Curry exploded for eight points and in the third stanza en route to a 14-point effort and a 39-28 Floydada lead when the buzzer soun-

In the final stage of the contest, Coach Stephens was able to make substitutions with reserves who gain vital experience and played a key role in preventing the Matadors from staging any kind of comeback.

During the course of the contest with Post the Whirlettes trailed in double figures on several occasions and seldom were out in front of Post, but did an excellent job coming back in the final frame and almost taking the championship. The victors prevailed however, and registered a 3-point win for the 1st place trophy of the tourney. The presentation occurred immediately following the contest.

Also following the game, Coach Stephens was available for comment and remarked that he favored the idea of a four-team stournament because it was not too difficult for the players. He

Whirlette Fish Suffer First Defeat

By Doug Simpson

The Floydada Whirlette freshmen squad, victimized by an impressive second half comeback and an extremely low shooting per centage, suffered its first defeat of the 1976 season when it was defeated by a poised Idalou club on Monday, December 13 at Graves Gym, by a 34-30 count. The Whirlettes who now own a 4-1 season mark, led by as much as six points in the second period, before the Wildcats staged a climactic turnaround by executing well offensively.

The first period was a frustrating defensive struggle for both squads, and when the buzzer sounded,

During the third stanza, Idalou kept coming and Floydada's offensive slump continued to be apparent, as the Whirlettes could manage but 8 points and a 26-26 deadlock going into the fourth period.

Idalou's defensive prowess plagued its opponents once again in the contests' final frame, and the Whirlettes were outscored 8-4. The 'Cats generated just enough offense to prevail in the closing minutes and survive a late Floydada come-

Jayvee Winds Capture Second At Spur

By Doug Simpson The Floydada Junior Var sity basketball squad avenged an earlier loss to Hale Center by posting victories over Jayton and Asperment, but lost in the finals to the host team by a 52-42 margin, in the annual Spur Basketball tournament, played December 9, 10, and 11. The loss evened the Whirlwinds' season mark at 2-2, and was climaxed by an impressive fourth quarter comeback by

the Bulldogs. Floydada maintained balanced scoring and consistent defense to easily eliminate Jayton from the winners' brackets, as they triumphed by a 43-27 score on December 10.

After leading by a single point at the end of the first period and by 23-15 at intermission, the Whirlwinds began pulling away in the third stanza to extend the advantage to 35-24. They continued to make use of their defensive prowess and consistent scoring ability in the final frame to prevent the possibility of any Jayton

threat. In the second round of the tournament it was simply what JV head coach Gary Stevens described as "the battle between the two finest teams in the tourney. When the final buzzer sounded, Floydada had prevailed by a slim 70-68 count, to vault into the finals with host Spur.

The lead changed hands several times and the bigget advantage either squad could master proved to be seven points. The Whirlwinds were out in front by 20-13 when the buzzer sounded ending the first period, but got into foul trouble and trailed by six at halftime. Our hearts go out in sympathy to loved ones of the family of George Beedy of Plainview, who died at the Central Plains Hospital Sunday around noon. Services for Mr. Beedy will be held in the College Heights Baptist Church at 2 p.m., Dec. 14. Mr. Beedy and his family lived in South Plains until around 1958.

We offer our sympathy also to the family of Mrs. Walton Wilson, whose services were in Floydada at the First Baptist Church, and who died Saturday in Plainview at Nichols Hospital, after a long illness. Her sister, Mrs. Sally Reeves and other members of the Reeves family have lived in our area.

George Weast has reported Mrs. George Weast, (Myrtle) is getting along very well, and able to have company at the Heritage Rest Home in Plainview. She feels quite well, and was able to walk around the room Sunday morning.

Mrs. E. E. Wells went to Lockney Sunday to the First United Methodist Church where she heard the District Superintendent Carlton Thompson speak at the morning services. Later she attended the first dinner services held in the new Fellowship Hall, which has just been finished. She reports it is very beautiful. A quarterly Conference fol lowed dinner.

FACE OF A COWBOY

The closer one gets to the Caprock edge, the closer one gets to some real good cattlemen. One of these is Bill Beedy of Floyd County. He loves to look out over the prairies and see herds of fat cattle. He herded cattle along the Caprock edge before he bought the Tub Springs Ranch, 35 miles southeast of Amarillo. Turning some of the hard work over to his three sons, Bill is now back in Floydada, where he can enjoy his old friends and family. He is a veteran announcer for 4-H and FFA stock shows and volunteers much time to help farm and ranch youths.

VA Administrator Richard L. Roudebush said today more veterans are becoming eligible for waiver of the GI Bill life insurance premium payments because of physi-

cal disabilities. The Veterans Administration chief reminded veterans that "all National Service Life Insurance policies beginning with World War II provide for waiver of premium payments in some

instances of total disability. "A veteran having this insurance may not be required to pay premiums if he or she becomes totally disabled before reaching age 65 and the disablility has existed for at least six consecutive months," he said.

But Roudebush cautioned veterans that the waiver of premiums is not automatic and must be applied for.

He said there are currently more than 157,000 total disability.

24,000 insured veterans applied for waiver of premiums because of total disability," he said. "Total disability" for VA

insurance purposes means that the veteran is prevented from working because of that disability. Roudebush reminded ve-

terans that they should make timely application for waiver of premiums because "refunds of premiums already paid after the onset of disability are usually limited to one year prior to the filing of the claim."

For additional information and application forms, Roudebush advised veterans to contact the nearest Veterans Administration office

Ann Frank once said

...youth is lonelier than old

The time between ages y and 15 is filled with a lot physical changes. Added this is the tremendous mount of change the your person is undergoing inte lectually, socially and emotionally. Because of the state of flux, loneliness usually accompanies change, Dorth Taylor, a family life educ tion specialist, says. She is with the Texas

Agricultural Extension vice, The Texas A&M Uni versity System. "Until boys or girls reach pre-adolescence, children

usually find friendship and emotional comfort within the family. When a child matures into early teens, however, the need develops for close friendships outside the family. The young person needs someone to share mutual concerns and affection," she said. During adolescence, boys

and girls will have rather intense friendships, sometimes fleeting, sometimes lasting. Girls seem to have deeper relationships with other girls, but these often are not long lasting. Boys, on the other hand, seem to have more surface relationships which tend to last longer. Often, a friend who has similar background and interests is chosen. This friend will probably share many values and have a similar economic situation, she ex-

"Sometimes the young person's need for close friends either upsets the relationship he has had with parents in the past, or it upsets the whole family.
