

Officers Confiscate Illegal Beer And Liquor

aided residences in Lockney, Floydada Friday night and Saturday afternoon, confiscating a considerable amount of both beer and liquor.

Several persons were arrested as city police, sheriff's officers, Texas Highway Patrolmen, one Texas Ranger and Liquor Control officers from Lubbock converged on the locations.

Floyd sheriff Fred Cardinal reported that a total of 998 cans of beer, 62 1/2 pints of whiskey and 3 1/2 pints of vodka were picked up.

Arrested and charged with possession of alcoholic beverages for purpose of sale were: Rosie Mae McDonald of Lockney, Murray and Ruby Jones, William Arthur Whitfield, Debra Ann Chapman, Lonnie D. Buchanan, John Willie Hearon, all of Floydada.

Murray and Ruby Jones, Whitfield, Chapman have all pleaded not guilty.

Buchanan pleaded guilty and county judge J. K. Holmes fined him \$500 plus court costs and a one year probated jail term.

Hearon pleaded guilty and paid \$150 fine plus court costs. McDonald pleaded guilty and paid \$350 fine plus court costs.

Whirlettes Nab District Win 42-40

By Doug Simpson
Forward Kathy Davis calmly sank two pressurized free shots with 25 seconds remaining to give the Floydada Whirlettes a spine-tingling 42-40 victory over the Idalou Wildcats in a District 4-AA contest played before onlookers at Graves Gym on Tuesday.

The win was the third for the Whirlettes this season and was characterized by the hosts' ability to battle back from a 5-point second quarter deficit.

In the opening quarter, the Whirlettes played well on the forward end of the floor but were once again plagued by numerous fouls, which was the primary factor in Idalou's 10-9 advantage.

Floydada was forced to fight back from a 5-point Idalou lead in the second quarter and again suffered greatly from foul shots by the visitors, which proved to be the edge at the midway point. Going into the dressing room, the Whirlettes trailed by a single bucket, at 26-24.

For one of the few times of the season, Floydada was able to utilize control of the boards in the third stanza, as the victors came up with 4 rebounds on each end, en route to a 32-28 advantage, going into the final frame.

The Whirlettes' momentum carried on into the final period, as Floydada was able to open up a six-point advantage, biggest for either side in any stage of the contest, before Idalou could regroup and come up with necessary buckets in the final four minutes of the period.

With 1:34 remaining in the ball game, Floydada boasted a 40-36 advantage, but the Wildcats quickly rebounded with a 15-footer from the right side to cut the deficit to two. The visitors failed to stage another threat until 29 seconds to play when a jump ball was called deep under their own basket. Then came one of the biggest plays of the evening, Martha Rendon was able to accurately time the flight of the jump and quickly reacted by pouncing on the toss and tipping it back to the Whirlette end of the floor. Davis was fouled seconds afterward and went to the line with eight seconds showing on the scoreboard clock. Showing all the confidence and coolness on the floor, she ripped the net twice to seal up a big district win for the Whirlettes.

DOG tags cost \$2.00. Dogs should be brought to the north or back door of the building.

Dog Clinic Coming To Floydada

If your dog needs a rabies shot or dog tag you should bring it to the Floydada Fire Department building January 25 or January 27 from 4 to 6 p.m.

Veterinarian Paul Glasson will give the rabies shots which will cost \$3.50. Dog tags cost \$2.00.

Tickets To Zogi By Band Students

The public is encouraged to purchase tickets from Floydada Band students as they go on sale this week for the Zogi's Variety Revue to be presented at the high school auditorium Thursday night, February 10. Time of the presentation will be announced at a later date, according to a spokesman of Floydada Band Boosters, who are sponsoring the revue.

The presentation will have novelty acts and illusions which millions have seen on the Ed Sullivan Show, The Hollywood Palace and other TV headline shows. The revue is family entertaining and captivating from the very beginning. Proceeds from ticket sales for the revue will enable the band students to have a summer trip.

Cotton Prices Continue Lower

The United States Department of Agriculture's Agricultural Marketing Service reported cotton trading was moderate to slow during the week ending January 14, according to Paul R. Dickson, in charge of the Lubbock Cotton Classing Office.

The Lubbock Cotton Exchange's Spot Quotations declined approximately \$15.00 per bale from the previous week, even though prices firmed Thursday. The base price for grade 41, staple 34, mike 3.5 through 4.9 was

59.35 cents on Friday, January 14, down 300 points from the previous Friday.

Demand was moderate to light, Dickson said.

Prices paid growers for cottonseed ranged from \$85 to \$112 per ton, mostly \$95 to \$105. Grades 42 and 43 were predominant in classings at Lubbock this week. Grade 42 accounted for 17 percent and 43 made up 23 percent. Bark reduction was assigned to 46 percent of the samples classed.

Floyd Ag Information Day

Floyd County Ag. Information Day will be held Thursday, January 27, beginning at 9:30 a.m. at Lighthouse Electric in Floydada. This program is sponsored by the Floyd County Program Building Committee.

A Texas style lunch of chili and beans will be served to participants sponsored by local ag-businesses.

The noon program will include recognition of outstanding producers of Floyd County. Also included on the noon program will be the South Plains

Maid of Cotton for 1977, Allison Mynatt. Research and extension educators will present topics vital to Floyd County economic agriculture.

Areas to be discussed include cotton varieties, economics of crops, marketing strategy, economic outlook of crops, irrigation, pest management practices and well design.

Make your plans now to attend this program for all Floyd County Ag. producers and Ag. businesses.

Jay Womack Receives "Fighting Whirlwind" Award

"FIGHTING WHIRLWIND" award goes to Jay Womack (left), "Outstanding Lineman award" for Jay Lackey (center) and "Outstanding Back award" for Mickey Minnitt (right). Coach L. G. Wilson makes the presentation of awards at the annual football banquet. (Staff Photo).

Whirlwind quarterback Jay Womack received the coveted "Fighting Whirlwind" award at the annual football banquet in the MAC Saturday night.

Womack was quarterback also in his junior year and compiled an impressive record both as a runner and passer. He was selected as co-captain by popular vote of the team going into the district games this past season.

The other co-captain, Jay Lackey, was given the "Outstanding Lineman" award, and Mickey Minnitt received the "Outstanding Back" award.

Lana Reed was honored as the football sweetheart.

Featured speaker for the occasion was Texas Tech's kicking specialist Brian Hall, who spoke on a theme of "A Better You" through a competitive spirit. Brian gave three examples... players with the ability and no desire, players with very little ability, but lots of competitive spirit, and the player who has everything going for him... gets knocked down, but comes back fighting.

Master of ceremonies was athletic director and head football coach L. G. Wilson. The football players gave gifts of appreciation to the coaches.

Quarterback Club president Bob Marler received a gift of appreciation. The cheerleaders closed the banquet leading the singing of the school song.

CEDAR HILL: The sun is shining beautifully this morning and it is warming up after another cold spell and more snow in this area. Mr. and Mrs. Royce Bethel are the parents of a daughter, Jamie Renee, weighing 6 lbs. 13 oz. She made her arrival January 9th in the Tulia Hospital. Maternal grandparents are Mr. and Mrs. Prof Patrick of Quitaque and paternal grandparents are Mr. and Mrs. A. V. Bethel. G. A. Vanhoose of Slaton spent Saturday night with Mr. and Mrs. John D. Vanhoose. Craig Dubois is able to be home after spending several days in the Lockney General Hospital last week. Visitors in the W. E. Lackey home Sunday afternoon were Thada Fowler and Clayton of Silverton and Benny Golightly of Floydada. Connie Welch has returned to West Texas University to begin the Spring semester. Norma Welch visited with her mother-in-law in Flomot Thursday evening. Wednesday Gladys Fortenberry met her granddaughter, Paula Vick of Amarillo, in Plainview and they spent the day in Lubbock with Mr. and Mrs. Lafayette Boone and family. Warren Lemons of Plainview visited his aunt Mrs. C. V. Lemons Thursday afternoon. Warren is making a speedy recovery after undergoing open heart surgery recently. We regret that Polly Hill is ill and in the Lockney General Hospital. She is improving and expected to be home soon. Mr. and Mrs. Olan Keeter visited with Mrs. Mae Taylor Sunday afternoon and also with Claude Keeter and Lois Martin in Lockney. Mr. Keeter has been very ill. Walton Wilson had supper Tuesday evening with Mr. and Mrs. A. S. Mize. Jackie Wayne Thompson attended the C. A. rally in Lorenzo Tuesday evening and brought home the trophy for good merits. This was a rally of all the youth in this area that met at the Assembly of God Church. The youth of the Assembly of God Church at Cedar Hill are selling candy as means of raising funds. Your help is greatly appreciated. Sylvia Yeary was honored with a surprise birthday party in the home of Grace Colson in Lockney Saturday

afternoon with nine present. They were Dollie Cardinal, Mattie Readhimer, Georgia Ford, Edna Cox, Temp Phillips, Clara Jeffcoat, and Jewel Roberts. Mr. and Mrs. Joe Weaver and grandson, Glen of Olney, spent Saturday night with Mrs. Sylvia Yeary. Other visitors were Jacqueline Owens and Treavor of Lubbock, Grace Colson and Jewel Roberts. Mr. and Mrs. Jack Yeary had a birthday dinner for Mrs. Sylvia Yeary in their home Sunday. Others present were Max and Vicki Yeary, Jacqueline Owens and Treavor, Mr. and Mrs. Bill Walker and O'Brian of Floydada, and Rex Yeary of Lubbock. June Ware and Lisa visited with Mrs. Mae Taylor Sunday afternoon.

Letter To The Editor

Dear Editor: Thanks to the help that you and other members of the media gave with the advance publication of the Christmas Suit project, each one of our boys will receive a new suit or gift package of clothing. Christmas presents they received, and some from the people of your area. In 1976, ninety boys came to us and forward to taking even more boys in 1977. We will be having memorial services for each boy each year since his death in 1967. It is just as it did when he was with us. There are boys in our country who need the Ranch, and friends like you in the news media. I am sure will continue helping some of them. Thank you again for this latest help. I do hope the help you have given in the past. I do hope during the coming year you will go to the aid of some of the boys you have befriended. I am

Takes A Look Through The Wrong End Of The Political Telescope

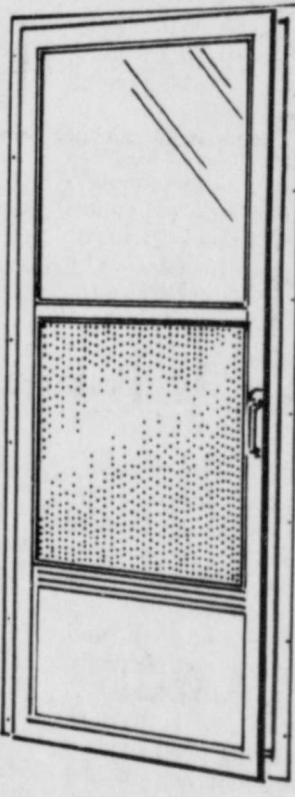

Editor's note: The Floyd Philosopher on his Johnson grass farm takes an inverted look at a few things this week.

Dear editor: If, so to speak, you look down the wrong end of the telescope, you sometimes get a better view of things. When for example political leaders say "no new taxes," look out for an increase in the old ones. Politicians have been running against high taxes ever since I can remember and taxes have been going up for the same length of time. You reckon we're real bright? Or take Russia. Right now Russia is telling the world she has a bumper grain crop. This almost automatically depresses the price of grain in the U.S., where farmers have produced a genuine bumper crop and were hoping to get a good price for it. Since the CIA has never been able to train any of its agents to look out a window to see if Russia has a drought, we won't know whether the

until, a few months later, she has bought up a lot of American grain at depressed prices. You reckon we're real bright? Another item: according to the news read last night, it now costs a year to keep a Congressman in office. No. I won't ask it. Let's change the subject. The new Secretary of Agriculture actually operates a farm. I don't know if he has any cattle, but especially if he has any cattle, it is like the highway system. Changing the subject again. Carter, true to his promise, women in his cabinet, but we know is how he's going to handle it. Some college or professional football players from an entire country with a woman

Soviets really have a bumper crop or not

600,000 New Arthritis Victims In 1976

Over 600,000 men, women and children in the U.S. became new victims of arthritis in 1976, reports the West Texas Chapter of The Arthritis Foundation. More than 20 million Americans now have arthritis so seriously that they need medical care, including 125,000 right here in west Texas. Some 5 million Americans have rheumatoid arthritis, the most crippling kind. This inflammatory disease usually strikes between the ages of 20 and 45, although it can even afflict children. Osteoarthritis is the most common form. It is degenerative and usually much milder. Nearly everyone over the age of 60 has some degree of osteoarthritis. Other types include bursitis, gout, scleroderma, ankylosing spondylitis, and systemic lupus erythematosus. The Arthritis Foundation says that arthritis, in all its forms, affects more people and causes more crippling than any other group of diseases. To find out more, write for the free pamphlet "Arthritis - The Basic Facts." It's available from the agency's division office at P.O. Box 3335, Lubbock, Texas 79410.

Prayer For Our Government

On the occasion of the Inauguration of the 39th President of the United States, Jimmy Carter, on January 20, 1977, special permission has been granted by THE CHRISTOPHERS to reproduce this prayer.

A handful of courageous men in a time of danger, pledged their lives, and honor to proclaim a nation of citizens' rights were based not on the whims of king or ruler, but on creation of hands. Grant to our administration a wisdom in interpreting law, a welter of competing private claims; a wisdom in interpreting law, not expediency.

your spirit on our people, that they may be active in the affairs of government, that they may not confuse dissent for disloyalty, that they may use their mighty power for the good of differences among nations with justice, mercy and love.

accelerated public works, \$8 billion in public service employment, \$8 billion in some form of subsidized public housing and as much as \$2 billion to State and Local Governments to hire people or to pay those whom they might have to lay off without these funds. This money would go to those cities with the greatest needs. They would also create a \$2 billion program for youth training to qualify for employment.

OTHER PROPOSALS WOULD GIVE INCENTIVES to businesses to increase employment. This would be in the form of some sort of special tax break for plant and factory expansion and to utilize idle capacity for the production of goods.

THERE IS BASIC CONFLICT IN THESE TWO APPROACHES. This latter method has less support than the huge lay-outs which inevitably will run up the deficit and could again kindle the fires of inflation. The supporters of this approach seem to ignore that there was fuller employment before the Government undertook massive spending programs of this nature. It was inflation, indebtedness and the drying up of available capital for economic expansion that created much of the unemployment in the first place. A larger dose of the elixir that poisoned us is not likely to cure our ills. We should know that there can be no long-range cures just by having Government spending money since it has no money and must first take it from us before it can give it back.

THERE IS GOOD ARGUMENT that the American who is really unemployed and can not find work, though he earnestly seeks it, deserves all the help he can get. Those who are simply not qualified for gainful employment and who have no opportunity to be trained should be given a chance because, gainfully employed, they contribute to society as a whole and do not become a drain on it.

This would seem to be in support of the idea that if industrial slack can be taken up in plants and factories, qualified skills would be needed to support the increased production and the increased production would have the effect of holding down inflation.

IT IS HOPED THAT SOME OF THE BIG SPENDING PROPOSALS CAN BE MODERATED

Any adult wishing to learn the basic sewing techniques are urged to register. Patterns and materials will be discussed during this time.

Classes will probably be held on Tuesdays and Thursdays from 3 until 5 p.m. through February 17th.

Floydada Group Attends

IOTA TAU Meeting

The Iota Tau Chapter of Delta Kappa Gamma met Saturday, Jan. 15, 7:30 p.m. at Slaughter Memorial Cafeteria, Plainview for a formal dinner honoring husbands and school administrators. Mrs. Emily Johnston presided and special music was given by Mrs. Ruth Adams.

A delightful talk and slide presentation on Paths of Our American Heritage was given by Dr. Grin Morris of Wayland College. The following members from Floydada attended: Carol Bell, Mary Alice Craig, Emily Johnston, Sunny McDonald and Ella Reue.

Lesca and Danny Durham are the parents of a son, Mikhael Paul, born Jan. 6th in Central Plains Hospital, Plainview. This, their first child, weighed 7 lbs., 3 oz. Maternal grandparents are Mr. and Mrs. G. A. Hayes, and paternal grandfather is Lester Durham, all of Lockney. Paternal grandmother is Mrs. Louise Guillian of West Plains, Missouri.

MRS. HAMILTON WINS CALCULATOR

Mrs. T. T. Hamilton of Floydada received the free electronic calculator given by the Office And Art Supply Center Monday on the occasion of open house showing of the new business.

Tanya Covington said over 100 attended the opening and expressed thanks to everyone attending.

Floydada Lions Club will host the District 2T2 Lions' Mid-Winter Conference on Sunday, January 23rd, and a day long agenda has been planned for the wives of the Lions, which will be held in the Massie Activity Center from 8 a.m. until 5 p.m.

The program opens at 9 a.m. with Kaye Powell of Colonial Beauty Salon and Virginia Taylor, Lockney, beauty consultant, who will present the latest tips and trends in make-up and hair

care. At 10:30 Lions and wives may attend church services of their choice, then go to Duncan Elementary School Cafeteria for lunch from 12:15 until 1:30. Entertainment during the luncheon will be provided by the Floydada High School Lab Band. Keynote speaker for the luncheon will be Ed Grindstaff, candidate for the third vice-president of Lions International.

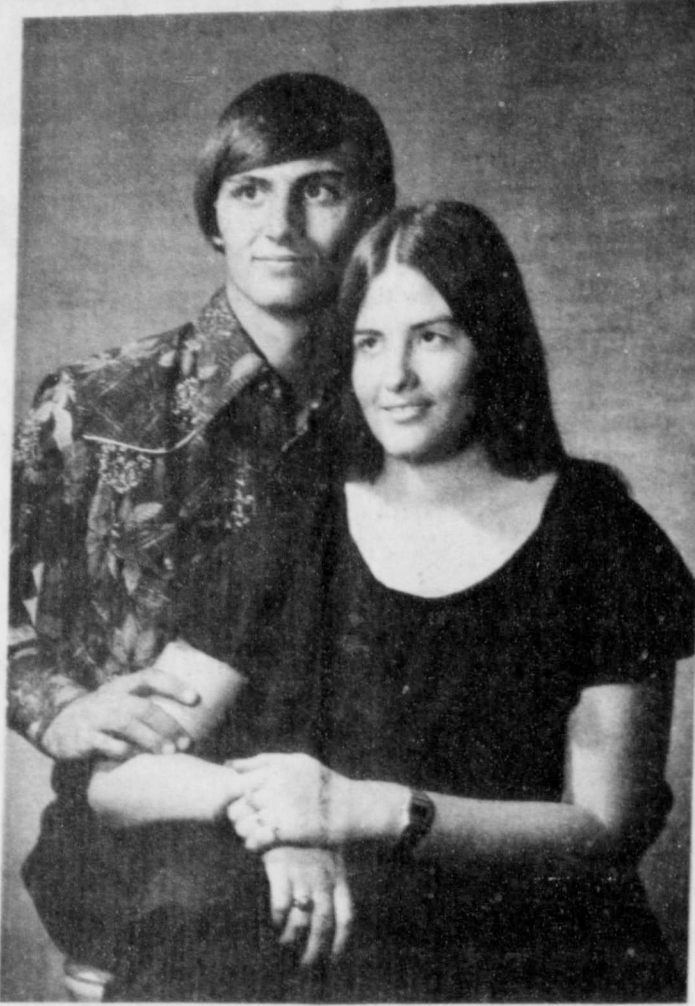

Following lunch the women will return to the Massie Activity Center for their afternoon programs. Mrs. Becky Culp, clothing specialist for the Texas Agricultural Extension Service, will present "Looking Ahead to Spring '77". Her program will be on spring fashions, fabric and accessory trends to be presented slide form and with fabric samples. Trends range from feminine to masculine and functional to fantasy. A popular descriptive phrase is

"investment dressing"... clothes that are put together well, well planned, serve a purpose and feel comfortable on.

Mrs. Culp, a native of Floydada, is the daughter of Mr. and Mrs. R. G. Dunlap of Floydada. She holds B. S. and M. S. degrees in Clothing and Textiles from Texas Tech University. A resident of Amarillo, she works with county extension agents in 55 West Texas counties as a resource person to plan educational programs for youth and adults.

Refreshments will be served prior to the final portions of the program which will be a Micro-Wave oven demonstration by Kathy Burk, home economist with Lighthouse Electric.

Activities at the Mac will be open to all women of Floydada who wish to attend.

I'M not trying to sway people from viewing items in our own museum, but if you have a chance to visit the Texas Tech Museum be sure to see their display entitled "Elegance in the 19th Century." Museum curator of costumes and textiles said that there have been few periods to excel the elaboration of ladies' fashions of this "Gilded Age" and the exhibit is a tribute to the seamstresses of the era as well as to the lavish styles. The gowns, some of heavy brocade, others of velvet are a recent collection given by Mr. and Mrs. L. M. Allison of Farmington, New Mexico. Other gowns on display include a shell pink brocade reception gown of the 1870s, a silk striped polonaise walking dress, two wedding dresses, one from 1849 and another from 1899 and two children's costumes, a boy's Little Lord Fautleroy suit of velvet with a silk shirt and a girl's dress of the 1890s. Several of the gowns, we are told, are ivory, and there is a wrap of Persian blue and a vibrant coral "elocution dress." One is of "silver tissue" a fabric which combines silk with a metallic coated thread, to give a glossier effect. It is elaborately embroidered and has additional accents of silver spangles and lace. One of the wedding dresses was worn by the late Mrs. Ewing Halsell, whose husbands ranching family will be honored at the Museum Sunday, January 23.

THE Homemaking Department at high school is offering a free beginners class in sewing for adults. Be sure and register at 3:15 p.m. January 25th at high school if you are interested.

I guess Texas really does have plenty to brag

about. I never realized until reading over facts and figures just how much Texas has more cows than people; it is still the leading cattle-producing state; the state ranks first in goats and sheep; second in turkeys, and eighth in chickens. And certainly first in buzzards if that is a brag; first in armadillos, horned toads, rattlesnakes, coyotes, and deer. Texas still ranks third behind California and Iowa in crop receipts, and as a result, Texas is still the leading producer of cotton, grain sorghum, rice, watermelons, cabbage, spinach, onions and carrots.

A happy-go-lucky doctor in Baltimore possibly made it proper for men to go bareheaded. The town buzzed when the doctor ventured out hatless in 1907. His theory: Air, moving freely through the hair would benefit the scalp. The startled nation debated. Hatless men were a rare sight those days even in summer, and in winter! "He'll die of galloping consumption," friends predicted. But the doctor persisted and possibly from his influence the hatless fad reached its peak in the collegiate raccoon-coat era of the 20s.

A researcher for a pharmaceutical company has supplied a list of foreign sneezes. Whereas the common English sound for a sneeze is atchoo, that isn't what everyone hears. The Chinese hear hah-chee, the French atchoom, and the Russians aphi. The Indonesians hear Bersin, the Japanese kuchen, the Finns atchi, and the Czechs hear hepeche!

KFYO-790 "Words of Love" Sunday, 9:06 am

A Series of Sermons on The Lord's Supper is Now in Progress. Sermon Subjects are:

- "What is the Cup of the Lord?".....Jan. 16
- "Why Only One Cup?".....Jan. 23
- "Is a Plurality of Communion Cups Scriptural?".....Jan. 30
- "Literal Until Proven Figurative".....Feb. 6

The use of one cup containing the fruit of the vine in the Lord's Supper is taught by example, command and inference.

"He took the CUP" (cup is from the Greek word "Poteerion")

"Poteerion - a drinking vessel", Robinsons Greek-English Lexicon, page 611.

"Poteerion - a drinking vessel" Thayer's Greek-English Lexicon, page 532.

Many other lexicographers also say "Poteerion" means a literal drinking vessel.

"and gave thanks and gave IT"

"the vessel containing the drink", Robinson, page 582

"to them saying, Drink ye all OF IT" ("of" is from the Greek word "ek")

"ek - out of", Thayer, page 187

"no ek {drink out of } - with a genitive of the vessel out of which one drinks."

Thayer, page 510. Many translations say "Drink all of you OUT OF IT"

"IT"

"the thing out of which one drinks; the vessel out of which one drinks. Matt. 26:27"

Thayer, page 189 and 510.

"for THIS"

"the contents of the cup" verse 29 "this fruit of the vine", Smiths Bible Dictionary, page 1778 (See #3 on "Metonymy" below).

"In Matt. 26:27 poteerion (cup) means a literal cup, while 'touto' (this) refers to the contents", Dr. A. T. Robertson, a Greek Scholar.

"is my blood of the new testament" . . . Matt. 26:27

the fruit of the vine represents the blood which made effective the New Testament.

The use of one cup containing the fruit of the vine in the Lord's Supper is taught by the use of Metonymy.

Metonymy - "a figure of speech in which an object is presented to the mind NOT BY NAMING IT but by NAMING SOMETHING ELSE that readily suggests it." (Williams' Composition & Rhetoric, page 220)

1. There is a REAL OBJECT (cup), not an imaginary one, named.

2. BOTH the THING NAMED (cup) and the THING SUGGESTED (fruit of the vine) must exist.

(a) Paul named "this cup" (1 Cor. 11:26-27) to suggest its contents, the fruit of the vine.

(b) Since the object named is NOT the thing suggested, "cup" is NOT the fruit of the vine.

(c) BOTH the cup (which is named) and the contents (which are suggested) MUST EXIST.

(d) The cup (which is named) MUST CONTAIN the thing suggested (the fruit of the vine.)

(e) Since ONE CUP was named, the CONTENTS OF ONLY ONE CUP is suggested.

**Wesley Anns
Hold Annual
Pledge Service**

Members of the Wesley Ann Circle of The United Methodist Women met Mon-

day night, January 17, in the home of Mrs. Bennie Liebried for their annual pledge service led by Mrs. Liebried; and to complete their study of Mark led by Mrs. Ella Reue. Mrs. Billie Jordan presided over the business session.

Refreshments were served to the following members: Mms. Elizabeth Armstrong, Julie Baker, Maymie Clark, Margie Fowler, Diana Glover, Lula Green, Billie Jordan, Bennie Liebried, Jewel Martin, Lorina McKinney, Ella Reue, Ann Smith, LuAnn Smith, Helen Solomon, Kathleen Stewart, LaFreda Teasdale, and Rose Walding.

X-RAY STUDENTS AT HOSPITALS- Six members of Class IV in the Radiologic Technology program at South Plains College began their on-the-job training in area hospitals recently. Making up the class are (from left) Joe White of Hobbs, N.M.; Cheryl Pritchard of Ropesville; Steve Pappas, Dolores Trail and Kay Rutherford, all of Lubbock; and Kim Lackey of Floydada. Pictured with the students are Doyle Davis, coordinator of the program, and Frances Bly, instructor in radiologic technology. The students are working at Highland, St. Mary's West Texas and University hospitals in Lubbock, Cook Memorial Hospital in Levelland, and Diagnostic Radiology Associates of Lubbock. Kim is the daughter of Mr. and Mrs. Lindsey Lackey of Cedar Hill.

**FLOYDADA
Rest Home
Birthday Party**

The month of January Has lots to make us happy... It always starts a brand New Year... With sun...or cold that's "snappy".

Mrs. Olla Furrow Keeps busy day by day... She tends her doll with loving care In her motherly sort of way.

Mrs. Dora Langford Is such a lovely one She does her hair with perky bows... And birthdays are STILL fun!

Now Mrs. Bessie Pierce we greet Upon her special day... She dates 'way back to '88 And counting that 'ain't hay."

Mrs. Weems has many friends Because she loves to chatter So get a chair and "set a spell" And join her in some "patter."

Happy "day" to Mrs. Anderson ...Who counts from '95. She's still quite young, as ages go... And like some "jump and jive".

A special one we now salute ...Paul Luttrell is his name.. He takes his days a little slow But he NEVER will complain!

The birthday song we now must sing To start the NEW YEAR right... And give these folk a great big boost

To keep on "in the fight." Women of the City Park church of Christ hosted the monthly birthday party for residents of the Rest Home last Thursday afternoon, with the honorees being seated at the "honor" table in the dining room. Others were seated at various tables in the room. The "honor" table was covered with a white cloth and centered with a floral arrangement in colors of yellow and orange. Places were marked with special birthday cards and all were able to be at the table except Mrs. Bessie Pierce who was feeling a "bit poorly."

The Hesperian photographer made pictures of the group and the party was well underway. After the reading of the poem all joined in singing the "birthday" song. A refreshment plate of delicious pound cake with white icing and tangy fruit punch was served to the honorees, all residents of the home, employees and guests. The next party will be Thursday, February 18, 2:30 p.m. You are invited to attend.

Whirlettes Suffer Third District Loss

The title-hopeful Abernathy Lady Lopes, by making effective use of turnovers, a blazing field goal percentage, and costly turnovers and fouls on the part of the visiting Whirlettes, breezed to an impressive 51-30 victory over Floydada in a game played Friday, January 14, in a district 4-AA contest. The Lady Lopes, who led commandingly at the end of each of the four quarters, received an extra boost of incentive in the opening quarter by picking up numerous free shots to erase temporary 2-point deficit.

The hosts excited the crowd in the first period by displaying plenty of poise and execution, as the Lady Lopes fought back from a tension-filled contest remained in doubt. The ordeal for the hosts ended when a Whirlwind rally fell short, and with Abernathy on top by 69-62.

The first period, as well as most of the entire first half, resulted in intense defenses, deliberate offenses, and a 14-12 Floydada lead. This was made possible by an impenetrable zone defense, which had given the visitors much difficulty in adjustment during previous contests. One advantage the Winds had on paper was its vastly improved field goal percentage, which indeed proved to be the edge in the first quarter.

The Antelopes were able to execute their hazardous full court press in the second quarter, resulting in costly turnovers for the visitors. Floydada also got into foul trouble, which resulted in a 1-point advantage for the hosts at halftime, a 27-26 count.

In the third stanza, Abernathy's high-powered offensive attack finally got in gear, triggered by its frequent unstoppable driving layups. The Antelopes opened up an 11-point advantage but the Whirlwinds were able to cut it to four by utilizing a newly inserted full court press and by numerous steals and layup performances by Floydada's "streak of lightning" Mickey Minnitt.

slow start to lead 17-8 when the horn sounded. The Whirlettes led in the quarter by 8-6 with three minutes remaining, but were victimized by a scoring drought and an 11-0 blitz by Abernathy.

Floydada showed much improvement in the opening six minutes of the second period, but once again suffered from turnovers, fouls, and a sluggish final two minutes. When the two teams headed for the dressing room at the midway point, the Whirlettes trailed by 26-18.

The Lady Lopes extended their advantage in the third stanza, mainly by taking advantage of outstanding defensive play and a new asset-rebounding strength

underneath the boards on defense. This was due perhaps by the effectiveness of the Abernathy zone, which forced the Winds to take low percentage shots. Going into the final quarter, the Lady Lopes led by 37-24.

Abernathy continued to perform with excellence on defense in the final frame, to outscore the visitors 14-6 and establish momentum in the 1977 District 4-AA CHASE.

Winds Lose Second 4-AA

By Doug Simpson

The Idalou Wildcats utilized a zone-breaking outside shooting ability combined with excellent inside play and control of the boards to hand the Floydada Whirlwinds a 62-48 District 4-AA loss at Graves Gym last Tuesday. The Winds, now 6-11 on the year, were victimized by a high-powered Wildcat offensive attack which halted Floydada threats on occasion after occasion with long jump shots and driving layups.

During the opening period, the Whirlwinds moved the ball with confidence and excellence but failed to score on easy buckets attempted underneath the hoop. Idalou responded by posting a 15-12 advantage.

By converting fouls into numerous shots from the line and Floydada turnovers into fast breaks, the Wildcats extended that lead to 30-24 at intermission.

Idalou's offense came alive in the third stanza, both underneath and outside, as the 'Cats exploded for 18 points and a 10-point lead. Going into the final period, the visitors led by 48-38.

Fourth In Tahoka

By Doug Simpson

The Floydada Whirlwind Junior varsity squad began the annual Tahoka invitational tournament with an impressive 45-42 squeaker over host Tahoka, but ran into difficulty during the following contests versus powerful Slaton and Roosevelt, resulting in back-to-back defeats and a disappointing fourth place finish. The Whirlwinds, now 4-6 for the season, stunned their opponents in the second half of the third game with a tenacious man-to-man defense, which helped the visitors stage an exciting fourth quarter rally and a shot at the third place tournament trophy.

The Winds survived the opening period of the first round contest with host Tahoka by posting a 12-11 advantage. They extended their lead by a single point in the second period, to go into the dressing room at intermission, sitting on top of a shaky 23-21 advantage.

Floydada came up with its biggest point-total of the game in the third stanza, as the visitors led by a 36-30 margin when the horn sounded. They were able to withstand an exciting fourth quarter rally by Tahoka to assure victory and advance to the semi-finals of the tournament. Head Coach Gary Steves praised the team's efforts in the first game, mentioning its poise and effectiveness.

The Whirlwinds challenged the Slaton Tigers in the second and all-important round and despite a switch in defensive assignments for the second half, Floydada could do little to slow down the high-powered Slaton attack.

The Tigers took the lead from the opening tipoff and never let up offensively or defensively. Slaton led by 14-5 and 27-16 margins following the opening two periods, but the effectiveness of the Whirlwinds' man-to-man defense cut the Tiger lead to seven in the third stanza of the contest. Going into the final stages, Slaton led by a 37-30 count.

The victors, however, were able to regroup themselves against the hazardous Whirlwind defense to come

the fourth quarter, the hosts excited the home town crowd by appearing to be on the comeback trail. The victors answered to each threat with bucket after bucket from almost every position on the floor. Floydada could

Whirlwinds Lose District Opener

By Doug Simpson

When the 1976 Panhandle-Plains basketball scribes got together to decide this year's AA titleholders in each of the respective 32 districts, the Abernathy Antelopes were most everyone's favorite by any stan-

dards. The defending 4-AA champs, the Floydada Whirlwinds, had lost a total four starters and weren't expected to repeat without some kind of big surprise by several youngsters. One thing the wizards hadn't counted was a miraculous

turnaround by the surprising Winds just before the all-important opener with the high-touted Antelopes on Abernathy's annually-feared home floor. Floydada was indeed greatly improved and from the opening tipoff until the final horn sounded, the

Are slipping on the brink; For I am nearer home today Perhaps, than now, I think.

And he shall wipe away every tear from their eyes; and death shall be no more; neither shall there be mourning, nor crying, nor pain, any more." Rev. 21:4.

May these words help in some small way to ease the loss of the families of Mattie Hale and Cora Newton who passed away in our Nursing Home.

Mattie had only been here a few months but we all loved her and will miss her. She was a wonderful woman.

Cora had lived here for several years and was so much a part of the home that she will be greatly missed.

Both had loving families who were good to visit and see to the needs of their

mothers.

We have a new resident, Zollie Burgett.

Thursday the women from City Park Church of Christ gave the birthday party of the month at the Nursing Home.

We appreciate these women so much. They served cake and punch to all the residents, visitors and employees.

There were six with January birthdays: Agnes Anderson, Viola Weems, Dora Langford, Paul Luttrell, Bessie Pierce and Olla Furrow.

We hope all have many more happy birthdays.

We appreciate all our visitors this week which included: Doyle Moore, Wiley Rogers, Mrs. Otis Anderson, Mrs. Louis Anderson and Nancy, Flora Fawver, Hattie Thomas, Edd and Dorothy Neff, Artie

Fred Head Introduces H.C.R.

AUSTIN--State Representative Fred Head said he wanted to "send them a message" in Washington as he introduced H.C.R. 10 calling for an amendment to the United States Constitution requiring a balanced federal budget. "People in Texas have long known that to get any work out of a

mule you have to first get his attention. I believe this amendment is just the 2 x 4 we've been needing to get Congressional attention focused on wasteful spending in the Federal government," Head urged.

"The Texas Constitution has for many years required pay-as-you-go spending in the Lone Star State," Head continued. "Texas is clearly the most solvent state in the union and has become so as the result of this pay-as-you-go provision in our Constitution. I don't think it is too much to ask that the federal government join us in this type of financing, the wisdom of which has been proven time and time again.

Webb, Hubert E. Davis, David and Connie McCulley, Peggy Medley, Sue Moore, Mable Smith, Kate Crabtree, Clara Redd and Mr. and Mrs. P. L. Hart all of Floydada; Josephine and Verdee Smith and Mr. and Mrs. Cephus Fortenberry of Lockney.

We can set an example for other states to follow by passing this Resolution.

"With the forecasted conservative attitude of President Carter to help lead the way, I see no reason why we cannot adopt an amendment to the United States Constitution requiring a balanced federal budget, and I am writing him today asking for his active assistance.

"Several legislatures have passed similar measures. If this Session of the Texas Legislature can pass H.C.R. 10, it will help leave a legacy of fiscal responsibility for future generations to enjoy."

JV Winds Hand Wildcats Loss

By Doug Simpson
The Floydada junior varsity Whirlwinds, just coming off of a strong finish in the recently played Tahoka tournament, captured their fifth win of the basketball season on Tuesday night before a Graves Gym audience, by knocking off the Idalou Wildcats by a 45-27 margin. The Whirlwinds, now 5-6 on the year, were able to utilize the effectiveness of a newly installed man-to-man defense combined with the inside play of rebounding ace Tim Collins to dominate the visitors on both ends of the floor.

The Whirlwinds committed numerous turnovers in the first period, as each time the hosts came down the floor, it seemed, they gave up a shooting chance with a poor pass or a Wildcat steal. In spite of this, the Winds utilized its awesome rebounding strength to overcome the Idalou attack and lead by a 7-4 count when the buzzer sounded.

Floydada wiped out a three-point deficit in the second period by taking advantage of hot outside shooting along with a hazardous defense. Paced by Todd Vickers' six-point effort, the hosts led at intermission by a 22-17 score.

In the third stanza, the Wildcats were able to adjust their defense to the Winds' hot shooting attack. This resulted in a very patient offensive outlook for the victors, who again utilized the outside shooting ability of Kary Helms and Vickers to extend their advantage to a commanding 13-points. Going into the final stages of the contest, Floydada possessed a 13-point lead.

Despite a mere six-point performance by Idalou in the final quarter, the hosts suffered from disorganization

on defense. This was corrected by the presence of an overall physicalness, which existed throughout the ball game, permitting the hosts to establish control and take firm command in the second half.

Following the contest, JV head mentor Gary Steves remarked that the club's improvement shown in the Tahoka tournament helped to add momentum to the

game and proved the fact that a man-to-man defense could be executed.

FEBRUARY 16

Weather Modification Hearing

AUSTIN—James M. Rose, Executive Director of the Texas Water Development Board, announced Friday the rescheduling of two adjudicative hearings on applications for permits to engage in weather modification and control operations in parts of the Texas High Plains. Both hearings will be held simultaneously on Wednesday, February 16, at 1 p.m. in the courtroom of the 99th District Court in Lubbock.

"The hearings will continue as long as necessary," said Rose, "so that all persons desiring to speak will have an opportunity to do so."

Plains Weather Improvement Association, Inc., and Atmospherics, Inc., have applied for permits to conduct weather modification and control operations to increase precipitation and decrease hailfall within two adjacent target areas on the High Plains. The requested areas of operations would exceed the smaller target areas.

More than 400 residents in the region have protested to the Texas Water Development Board, asking that the applications to decrease hailfall be denied.

The 64th Legislature amended the Weather Modification Act to provide for a hearing in the area if 25 or more people requested a local hearing. The Administrative Procedures Act, also passed by the 64th Legislature, requires hearings if objections are made.

Hearings on the applications were

originally scheduled December 6 in Morton. However, the hearings were postponed until after February 15 to give the Legislature an opportunity to consider legislation providing for a public vote on weather modification activities and to give opponents to the applications time to engage legal counsel.

Docket Number WM-008 concerns the application of Plains Weather Improvement Association, Inc. If the permit is granted as sought, aircraft flights would be authorized over portions of Hale, Lamb, Castro, Swisher, Briscoe and Floyd Counties for the period as soon as authorized and ending December 31, 1980.

The other application, styled Docket Number WM-009, is from Atmospherics, Inc., for operations over portions of Deaf Smith, Randall, Parmer, Castro, Swisher, Bailey, Lamb, Hale, Cochran, Hockley, and Lubbock Counties. This application requests authority to commence operation beginning upon authorization and ending October 30, 1980.

Bruce Bigelow, General Counsel of the Texas Water Development Board, will be the presiding examiner, Rose said. Protests, pleadings, or motions relating to the hearings shall be filed with the presiding examiner on or before February 11, 1977, at the Texas Water Development Board, Post Office Box 13087, Capitol Station, Austin, Texas, 78711.

County Spelling Bee March 15

Floyd County spellers are making preparation for the annual Floyd County Spelling Bee to be held in the Junior High School cafeteria at 7:30, March 15. The spelling booklets, prepared by the National Spelling Bee, are being used as study guides by the students. This

year's competition, marking the 50th anniversary of the National Spelling Bee, inspired the blue and gold design on the cover of the booklets. Students are eligible to compete if they have not completed the eighth grade and are not more than 16 years of age. Competition

rules are included in the spelling booklets, which contains more than 500 word changes from last year's list. Bob Alldredge, principal of Floydada Junior High, will be director. Ruth McIntosh will be word pronouncer. Mrs. Charles Carr will direct students of Floydada Junior High, 7th and 8th graders, and Mrs. Wayland Jones will direct students in the 4th and 5th grades from Andrews Elementary School. Directors from Lockney were not available at this writing.

Champions are selected on the county level and winners will compete in the Regional Spelling Bee April 16 in Moody Auditorium on the Lubbock Christian College campus.

The regional winner will be awarded an expense-paid trip to the National Spelling Bee, slated in June in Washington, D.C.

Last year's county winner was Jimmy Jones of Floydada. Runner-up was Ralph Scheele of Lockney.

1976 Record Year For Beef Industry

COLLEGE STATION-- Many of the record books of the beef industry will have to be rewritten now that 1976 has come to a close.

"The past year was quite significant to the beef industry in that many new records and statistics were established," points out Dr. Ed Uvacek, livestock marketing specialist with the Texas Agricultural Extension Service. "The happenings and events of 1976 might also bring about some change in philosophy about the meat industry."

Some of the startling facts about the beef industry in 1976 were these:

-Commercial cattle slaughter

set a new record high of almost 43 million head.

-Commercial beef production also set a new high, about 25 billion pounds.

-Beef consumption approached 128 pounds per person, not only a new record but eight pounds more than the previous high set in 1975.

-Calf slaughter at about 5 million head was the second highest since 1968.

-Average retail prices were about \$1.39 per pound for Choice beef and \$1.36 per

pound for pork, the second highest beef price in history and a new record for pork.

-The weighted average price received by producers for beef cattle was about \$94 to \$35 per hundredweight, the third highest in history.

-Disposable per capita income of U.S. consumers also established a new high in 1976 at about \$5,500 per person.

-New record highs were also established during the year for farm wage rates,

machinery costs, interest costs, taxes, fuel costs, utility costs and real estate values. Even farm-to-retail price spreads--what the producer gets compared to the price at the grocery store--recorded a new high.

"Yes, the year 1976 may have been one of the most critical in the history of the U.S. livestock industry," says Uvacek. "It certainly provides us with a new and different basis upon which to look toward the future."

Murder Trial Delayed

MATADOR (Special) -- Pre-trial hearing in the capital murder case of two men accused of the shotgun slaying of Motley County Sheriff Jalmar "Jinks" Wilson has been postponed indefinitely, a district clerk's office employee said Monday.

The hearing, originally scheduled for 10 a.m. Monday, was postponed because the principal attorney for one defendant is involved in a federal trial in Pecos, the employee said.

Among items which 110th Dist. Judge George Miller would have handled this morning were motions for change of venue.

Both defendants -- Stacy Albert Carter, 25, of Olivia, N.C., and Larry C. Fortenberry, 28, of Mount Hermon, La. -- asked Miller to move the case out of Motley County, saying feelings run too high

for them to get a fair trial here.

John T. Montford and Mark C. Hall of Lubbock are court-appointed attorneys for Carter, and Steve Hurt of Plainview is a court-appointed lawyer for Fortenberry.

Dist. Atty. Randy Hollums is scheduled to prosecute the case, with Tom Hamilton of Plainview assisting as a special prosecutor.

Carter and Fortenberry have pleaded not guilty to capital murder in the death of Wilson and attempted murder in the shooting of John D. Rogers.

The 61-year-old Wilson was shot to death Nov. 13 after he and Rogers, a ranch employe, came upon two men tampering with the license plates on Rogers' car.

State Soybean Producers To Meet This Month

BAY CITY, Texas--State soybean producers will gather here January 28-29 for the annual meeting of the Texas Soybean Association.

The first day's session, which begins at 1 p.m. at the Oasis Motel, will be a production clinic. The second day will be a marketing clinic, in session from 9 a.m. to about 2 p.m.

The production clinic will include information on foliar fertilization, pest control, nematodes and irrigation on the Coastal Prairie. The program will be presented by scientists from the Texas Agricultural Extension Service and by a private entomology consultant.

There will also be a soybean production panel moderated by R. J. Hodges, extension agronomist. Four or five leading Texas soybean producers will discuss their approaches to soybean production problems.

A banquet is planned for 7 p.m. January 28, with presentation of awards and the new Texas Princess Soya. Cost of the banquet is included in the \$5 registration fee.

The marketing clinic will open with a discussion of the American Soybean Association's (ASA) market development program. In addition, ASA Vice President Bill Prichard of Louisville, Ga., will talk about the effect of government actions on soybean producers' ability to market their crop.

Richard Johnson, general manager of the American Grain Association of Lake Charles, La., will give tips on marketing soybeans.

The meeting will also include the annual business session of the Texas Soybean Association and presentation of awards to winners of the Texas Five-Acre Soybean Yield Contest.

Swisher County District Court Room
Swisher County Court House

Purpose of Meeting

Organize to oppose granting of permits to Plains Weather Improvement Association, Inc. and Atmospherics, Inc. to engage in weather modification and control in parts of the High Plains, permits running from 1977 to 1980. Swisher County is included under both permits.

Some of Our Concerns

Swisher County economy at stake.

We want our normal 21 inch rainfall with hail, instead of 5 to 6 inches with hail.

Expense of wells extremely high, plus fast falling water table.

Dry Mackenzie Dam needs the runoff.

We are working with surrounding counties to solve this problem.

Join your neighbors and bring a car full of people to this special meeting.

Money, letter stuffers, and community involvement are needed.

At this meeting, sign petitions to be presented at the adjudicative hearing in Lubbock.

Anderson Clayton/American Founders Merger Announced

T. J. Barlow, Chairman of Anderson, Clayton & Co. of Houston, Texas, and Walter W. McAllister, Jr., Chairman, and John E. Neff, Jr., President, of American Founders Life Insurance Company, Austin, Texas, announced today an agreement in principle for American Founders to be merged with Anderson Clayton. The transaction is subject to the negotiation of a definitive merger agreement, the approval of the Board of Directors and the shareholders of American Founders and the Board of Directors of Anderson Clayton, the receipt of favorable tax rulings, necessary regulatory approvals, and the completion of satisfactory business investigations.

Mr. Barlow said Anderson Clayton was very pleased to have reached an agreement with American Founders in view of the excellent reputation of its management and agency force and of its long record of volume and profit increases. He stated it was planned that American Founders will continue to be operated as a separate entity with its present location and that there will continue to be a separate Board of Directors for American Founders with substantially the same members supplemented with appropriate Anderson Clayton representatives.

Vitamin C Said Aid In Treating Some Colds

CHICAGO (AP) — A new study by an Indiana University research team has concluded that large doses of Vitamin C help some — but not all — children in the recovery from and prevention of the common cold. In an article in Monday's issue of the Journal of the American Medical Association, medical geneticist Judy Z. Miller reported that no significant difference was found in the number, duration and severity of colds in children given ascorbic acid — Vitamin C. Mrs. Miller and her colleagues at the university's medical school in Indianapolis gave either Vitamin C or inert capsules to each of 18 male and 26 female pairs of twins aged 6 to 15 for five months. Not even mothers knew which twins were receiving which type of capsule. The doses were 500, 750 or 1,000 milligrams a day, depending on each child's weight. Mrs. Miller reported there was no significant overall difference in the results, but girls in the youngest two age groups

who were given Vitamin C had generally shorter and less severe illnesses than their matched twins. Illnesses were somewhat less severe in the youngest groups of boys given Vitamin C, she reported. An "entirely unexpected" outcome of the study, Mrs. Miller said, was that among the youngest male twins, the boy taking Vitamin C grew a half-inch more than his brother in the five months. But Mrs. Miller cautioned that this result must be confirmed in further research before it can be accepted as fact. Interest in Vitamin C has grown since publication in 1970 of a controversial book, "Vitamin C and the Common Cold," by Dr. Linus Pauling, a Nobel Prize winner in chemistry. The results of studies to confirm or refute Pauling's contention that massive doses of Vitamin C help ward off colds and other respiratory ailments have been mixed. Drs. Michael H.M. Dykes and Paul Meier of the University of Chicago in 1975 published in the AMA journal a re-

OPPORTUNITY To Make or Save Lots of MONEY
CONKLIN Means More Income or Savings for you as one of our company appointed Farmer-Distributors or enjoy Factory-Direct privileges. Supply yourself or your customers with our complete line of quality products which includes: Industrial, Institutional, Commercial and Agricultural. *FUEL-MATE Fuel conditioner (diesel or gasoline), lubricates upper cylinders, reduces friction, helps vaporize fuel, keeps carburetors and diesel fuel injectors clean, dissolves gum and varnishes, disperses carbon deposits, picks up moisture traces. TED - is an engine oil conditioner that slows down engine wear as it reduces oil consumption, prevents sludge, adds power to engines. *GEAR GLIDE - reduces gear noises, reduces and "plates" friction surfaces, keeps rubber seals soft - adds "life" to old seals. *SAFE - Radiator conditioner, cleans entire cooling system, lubricates water pump seals, protects against cooling system acids, prevents rust, scale, corrosion. Increase your Diesel or Gasoline mileage 10% to 20% by using these four (4) products.

WEX - The Nutrient Release Agent - by applying 12 ounces to 1 1/2 ounces of WEX per acre at a cost of \$1.00 to \$2.00 per acre. WEX is showing a 4% to 8% increase in yield of 24 different crops: Cotton, Milo, Corn, Wheat, Grasses, Fruit Trees and etc. WEX helps your crops achieve its genetic potential by: *Releasing more soil nutrients *Enhancing fertilizer activity *Distributing nutrients throughout the root zone. Thereby increasing your real yield at harvest.

Looking for Agri-Business Dealers or Farmer Users, and also looking for top management and promotion personnel. CARDS OF THANKS

I WOULD LIKE to take this
 means of thanking each and
 everyone who were so kind and
 thoughtful to me and my hus-
 band while I was in Lockney
 General Hospital and since my
 return home. My sincere appre-
 ciation to Dr. Mangold and his
 staff for such loving care. The
 abundance of cards and your
 nice visits brightened each day.
 A hospital isn't the best place to
 observe a birthday, but when
 your loved ones shower you
 with cards, visits, and gifts,
 then its bearable. Adrel and
 Audrey brought me a beautiful
 bouquet of flowers and a birth-
 day cake and even the birth-
 days and nurses at the hospital sent
 birthday cards. For all this
 sweet attention I thank each of
 you and may God bless all of
 you.
 Mrs. C. O. Spence

WITH DEEPEST gratitude we
 extend this word of thanks for
 the many kind acts of sympathy
 expressed by thoughtful friends.
 Our sincere thanks and gra-
 titude for all the comforting
 expression.

THE FAMILY OF D. W. Burke,
 wish to thank each and every-
 one at the Lockney Hospital and
 the Lockney Care Center. And to
 those who called, visited,
 sent cards, food, and flowers
 during the loss of our beloved
 husband and father. May God
 Bless each of you.
