YOU HAVE SOME old wagons, any kind of wheel toys, please them to the Floydada Day Care Center. There's a nice man out there who's his time to repairing these for you...and the children enjoy with them.

AG INFORMATION DAY PROGRAM is really going to be worth it Thursday. Not only will the Maid of Cotton be there, but the leading grain sorghum, corn, and soybean farmers will be honored.

Lockney and Floydada Chamber members will be sponsoring this of the noon program...and there's a chili luncheon.

LION OFFICIALS...host president for the district conference is Ray McDonald (left) and district Governor Bill Hogge, presiding. (Staff Photo).

Dean Hinton Shows

Denver Champions

Dean Hinton came home from Denver last week with more than his share of winning ribbons as his Suffolk lambs dominated the show. Showmen from all over the United States compete in the National Western Livestock Show and competition is challenging.

Dean showed two first place Suffolk lambs and the champion Suffolk lamb of the show. He also showed the Grand Champion pair of lambs of the entire show.

The Hinton's are well known at Denver as Dean's brother Ray showed the Grand Champion lamb of the show about four years ago.

The Hinton Suffolks are beginning to also win many area shows. Former FHS agriculture teacher Milton Kirby reports that a Hinton lamb won the grand champion honors recently at the Midland show.

Maid Of Cotton, Outstanding Farmers To Be Honored At Ag Information Day

Every Floyd county farmer is not only invited, but urged to attend the annual Ag Information Day Thursday in the Lighthouse Electric Community room in Floydada.

The program begins at 9:30 and continues through 4 p.m. Highlights of the day include the presentation of Miss Allison Mynatt, the 1977 Maid of Cotton at noon time

and the announcement of Floyd county's outstanding producers of corn, grain sorghum and soybeans.

A Texas style lunch of chili and beans will be served to everyone by several Ag businesses.

Miss Mynatt is a sophomore law enforcement major at Wayland College and is a lovely many talented person representing the cotton industry of

South Plains.

ALLISON MYNATT South Plains Maid of Cotton

Allison Mynatt is a 19-year-old sophomore law enforcement major, attending Wayland Baptist College in Plainview, Texas. She maintains a 3.4 grade point average and plans to attend law school following her graduation.

Allison, a cheerleader at Wayland Baptist, is athletically minded. She enjoys ballet as a means of relaxation and to stay in condition. She has blonde hair, green eyes and stands 5 feet 9 inches tall. Allison is the daughter of Mr. and Mrs. Harvey Mynatt of Albuquerque, New Mexico.

As the South Plains Maid of Cotton, Miss Mynatt has had the opportunity to meet and better understand the American cotton industry. She is very much aware of the importance of cotton and is dedicated to its promotion.

Allison will represent the South Plains of Texas in the National Maid of Cotton selection in Memphis on December 27-30. Please give Allison Mynatt your support as our next National Maid of Cotton.

Lockney Basketball Teams Play Here Tuesday

Four Lockney basketball teams will be in Floydada Friday to play in Graves gymnasium Tuesday. The JV games begin at 8:30, the varsity girls begin at 6:30 with the varsity boys' game following.

The Whirlettes were defeated by Lockney the first round of district play and the Whirlwinds will be playing Lockney for the first time this season.

All Whirlwind fans are urged to attend the games and cheer their teams on to victory.

Lockney, Floydada Sales Tax

Comptroller Bob Bullock Friday mailed city sales tax rebate checks totaling \$3.2 million to 620 Texas cities and towns, and reminded quarterly sales tax filers of the Jan. 31 deadline for their returns.

The January checks raise to \$152.8 million the total in rebates received by the cities for the current fiscal year, compared to \$115.3 million for the same five-month period a year ago. This is a 32.5 percent increase.

(The state fiscal year runs from Sept. 1 through Aug. 31). The rebate checks, which are mailed monthly to the cities, are for the one cent city sales tax collected within their boundaries.

"State and city sales tax collections were up more than 16 percent for fiscal

1976 and the indications are now that the increase will go even higher this year," Bullock said.

"It's always a good sign for the economy when the people have and spend more money."

Bullock also reminded those businesses which collect less than \$750 a month in sales taxes file their sales tax returns and collections on a quarterly rather than a monthly basis.

Bullock said that anyone having any problems with preparing those returns should contact the nearest Comptroller's field office or call his toll-free Tax Information number, 1-800-252-5555, for assistance.

Lockney received \$1,685.12, Floydada \$3,064.80, Tulia \$7,188.51, Dimmitt \$14,681.12, Crosbyton \$1,164.75.

Stockholder Meet

All stockholders of the Floydada Country Club are reminded that the annual meeting has been set for Thursday at 7 p.m. in the community room of The First National Bank.

Four board members are due for retirement or re-election and other business will be transacted.

Band Boosters Meet

Floydada Band Boosters are having an important meeting Monday night, January 24th at Lighthouse Electric starting at 7:30. All band boosters are urged to attend.

'77 Auto Registration Starts February 1

AUSTIN-Texans will begin registering their motor vehicles for fiscal 1977 February 1. Registration renewal notices will be in the mail soon.

Some vehicle registration renewal notices will arrive a little later this year. Usually they are mailed immediately after Christmas to facilitate postal distribution. However, this year, inmates at the State Department of Corrections prison facilities at Huntsville are sorting by zip code all of the approximately 10 million renewal notices.

The State Department of Highways and Public Transportation will save approximately \$50,000 in postage discounts for performing this service, which is contracted by the prison system.

The 1977 stickers will have a solid red background with white year figures and state name. The sticker serial number will be printed in blue in the upper right-hand corner. Fiscal 1976 stickers had a blue background, white figures and red serial numbers in furtherance of the Bicentennial theme which will be continued in 1977.

Robert W. (Bob) Townsley, director of DHT's Motor Vehicle Division, said he anticipates less motorist confusion in affixing 1977 stickers to the metal license plates.

DHT first issued multi-year metal license plates in fiscal 1975. Last year was the first for attaching annual stickers to the metal plates.

"Although most motorists followed instructions and experienced no problems, others failed to read the instructions for affixing the stickers with - sometimes - laughable results," Townsley commented.

The 1977 stickers will be applied to the depressed area in the upper

right-hand corner of the REAR metal license plate, Townsley explained. The 1976 sticker should remain in its present location - the upper left-hand corner of the rear license plate.

Inmates of the Wynne Unit industrial plant at Huntsville make license plates, print stickers and prepare record-keeping materials for DHT and county tax assessors-collectors who are responsible for actual registration processes.

As previously, mail registrations will

be accepted from vehicle owners for an additional fee between February 1 and March 1. Motorists who wish to register their vehicles in person can save time, energy and frustration by visiting county tax offices as soon as possible after February 1. Deadline for having the stickers affixed is midnight April 1.

Above all, avoid lengthy registration lines by not waiting until the last minute to obtain 1977 stickers. Said Townsley: "Motorists can ease the pain

by heeding the Christmas warnings - shop early!"

Beginning in 1978 the State Department of Highways and Public Transportation will initiate a year-round licensing system with some registra-

tions expiring each month thereafter. This will mark demise of the half-century-old, 60-day registration periods and one-date deadlines for acquiring and affixing new stickers without penalty.

14 To 14 Worse Than A Tie... Slight Improvement... Off A Little Bit.

Most of the time when you see a 14 to 14 figure, it comes to a tie. But for Texas vegetable producers last year, it was a loss.

The state's fresh market vegetable acres were up 14 per cent from 1975. But the value during 1976 was down 14 per cent compared to the previous year.

Texas ranks third in the nation in fresh market vegetable acres, and last year the value amounted to \$166,000,000. The state is first in harvested acres in cabbage, onions, and spinach; it ranks second in acreage in carrots, cantaloups, watermelons, and honeydew melons.

A SLIGHT IMPROVEMENT is noted in the parity ratio for December compared to November, 1976. That month showed the lowest parity ratio in 43 years.

Parity for December was 68; in November, it was 66. A year ago, it was a fairly healthy 74.

Average prices for livestock during December showed an increase of three per cent, and that was the first month to record an increase since April. Nonetheless, prices for all classes of livestock continue well below the parity ratio.

Crop prices also showed an increase of three per cent. Cotton showed a slight decline from a month ago, however. Texas' average wheat price showed a slight increase at \$2.40 per bushel for December compared to \$2.38 in November. A year ago, wheat was almost a dollar a bushel higher on the average across the state.

Grain sorghum averaged \$3.50 per hundredweight; this is up 19 cents from a month ago, but is almost 50 cents under a year ago.

Cotton averaged 64.6 cents per pound; it was 66.5 cents per pound a month ago. A year ago, cotton was averaging only 43 cents per pound.

In livestock quotations, beef cattle averaged \$30.30 per hundredweight, up 80 cents from a month ago. Calves averaged \$30.40 compared to \$29.40 a month ago. Parity for calves is \$67.50.

Egg prices now equal parity, averaging 78.8 cents per dozen. Mohair is also above parity, as are oats.

THE AVERAGE SIZE FARM in Texas, according to the Texas Crop and Livestock Reporting Service, is now 700 acres.

The preliminary estimate of farms and ranches in the state for 1977 is 202,000. This is a decline of one per cent or 3,000 acres below the 1976 level.

Total land in farms and ranches, at 141,400,000 acres, is down 400,000 from last year.

Nationwide, there are an estimated 2,780,000 farms. This is one per cent below 1976.

In Texas, the number of farms and ranches has shown a decline following a brief stable period.

Ag Credit Tightening In Texas

COLLEGE STATION—Although agricultural credit conditions are still generally good in Texas, things are tightening up a bit, according to a recent survey of bankers and other lenders.

The survey, conducted by Dr. Wayne Hayenga, economist with the Texas Agricultural Extension Service, showed that during the past six months, more potential farm loan customers could not be served, loan repayments were lower, and more collateral was being required.

More than half of the 149 agricultural lenders who responded to the survey indicated that they had larger outstanding agricultural

loans than a year ago, and 26 per cent indicated serving more farmers and ranchers while 10 per cent noted serving fewer customers. Demand was up for operating loans, machinery loans and crop storage loans, but down for feeder cattle loans.

As far as interest rates were concerned, a two-tenths to three-tenths per cent drop was noted in feeder cattle loans, real estate loans and operating loans during the past six months. Feeder cattle loans averaged 8.74 per cent, real

estate loans, 8.20; and operating loans, 8.64.

Looking ahead, the majority of the lenders felt that both short-term and long-term interest rates would remain stable for the next six months, points out Hayenga.

Regarding feedlot loans, 58 of the lenders reported an average margin requirement of 34 per cent and only 17 required a compensating balance that averaged 14 per cent, the same as last May. Hedging of feedlot cattle appeared to be higher than six months ago.

The survey also showed a big increase in forward contracting of crops, notes Hayenga. Lenders reported 36 per cent of their borrowers contracted part of their crop compared to 27 per cent last May. A change in contract terms was also noted—55 per cent of the contracts were on an acreage basis and 45 per cent on a quantity basis compared to 42 per cent and 58 per cent, respectively, last spring. And most lenders prefer that borrowers contract about half their crop.

Hayenga points out that the survey also indicated that lenders are taking a harder look at loan applications. They noted that 66 per cent of their borrowers furnished past profit and loss

Cloud-Seeding Opponents To Sue Over Hearing

[From Canyon News]

Citizens for Natural Weather, a six-county group headed by Randall County's Nolan Henson, will seek injunctive relief if the Texas Water Development Board insists on holding a hearing on two weather modification permits next month.

And that's no idle threat, Henson told The News last week.

"We've talked to our lawyers and they're working on it," Henson said. "We're going to take them to court this time."

Henson and his 1000-member organization, which opposes the issuance of state permits to several firms engaged in cloud-seeding activities on the South Plains and over Randall County, had been told before Christmas that the water development board would hold no hearings on permit requests from two South Plains firms until after the current state legislative session.

A copy of a letter sent Henson by water board officials was also sent The News and it confirmed that no action would be taken by the board until after legislators had a chance to modify current law on permit issuance.

Henson said a bill had been introduced allowing the issuance of permits for weather modification activities, but only if residents in counties over which the cloud-seeding will be conducted, agree at the polls. It's a measure Henson and the association support.

But, apparently it's also a measure which has drawn strong opposition in Austin. At least that's the way Henson sees it.

He charged last week that even House Speaker Bill Clayton of Spring Lake is opposing the legislative proposal and is behind a move to force the water development board to hold the early hearings.

"They're worried and they want to push them (the hearings)," Henson said. The water board must hold hearings on the permit application, but then is free to make a decision on granting the permit requests of Atmospheric, Inc., and Plains Weather Improvement Association, Inc., of Hale and Lamb counties.

The two firms have asked for four-year permits to conduct cloud-seeding operations from airplanes over the South Plains and extending into Randall County to suppress hail activity.

Henson and his organization contend that in their efforts to suppress hail, the firms have also stopped rainfall in the area.

Twice before, Henson and individual groups of farmers have gone to Austin to fight the issuance of more temporary permits for the activities. They have been unsuccessful

on every occasion. Last fall the farmers came together under the one umbrella organization and have vowed to fight the weather modification proponents.

A legislative effort in the 1975 Texas session boomeranged on the opponents when they proposed a similar plebiscite on weather modification. Legislators, instead of buying the farmers' approach, turned the law around and allowed for even longer permit periods.

Henson said Clayton has proposed the legislation this year allow for votes by precincts in each county on the issue of whether cloud-seeding should be conducted.

And that proposal, says Henson, would be impossible to work with since a precinct is far smaller than a county.

Even as Henson's group prepares for court battle over the issue, they are also garnering support for their efforts.

The agriculture committee of the Amarillo Chamber of Commerce last week approved a resolution opposing weather modification activities.

Randall County commissioners and commissioners in other areas have also passed similar resolutions.

Area farmers who are fighting continued cloud-seeding activities in the South Plains and Randall County have begun a fundraising drive to help finance their efforts.

Nolan Henson of Randall County, chairman of Citizens for Natural Weather, a 1000-member group, said it'll take at least \$20,000 to fight weather modification proponents in the Texas courts.

And that's the goal of the organization for their current campaign. "We'd like for farmers to contribute 10 cents an acre," Henson said.

He said any funding not used by the organization will be refunded to donors on a percentage basis.

statements and 64 per cent provided a projected cash flow statement or operating budget, both up from 50 per cent a year ago. "This means that farmers and ranchers had better get their loan documentation paperwork in order," emphasizes the economist.

Hayenga also notes that the survey showed farmers and ranchers using borrowed funds for just over half of their operating expenses and for 62 per cent of their capital investments. Off-farm income was used for 10 per cent of both operating expenses and capital investments.

Although an increased number of lenders had more customers than they could serve during the past six months, more than a fifth of the responding lenders indicated they were actively seeking new farm and ranch loans. However, Hayenga notes that loanable funds may be tighter during the first half of 1977 because loan-deposit ratios increased above "normal" at 37 per cent of the banks while decreasing at only 15 per cent.

Wheat Acreage Due to Sluggish

AUSTIN--After experiencing slow markets and lowered prices in 1976, wheat farmers in Texas have planted five per cent fewer acres for the 1977 harvest, Agriculture Commissioner John C. White has reported.

Texas Crop and Livestock Reporting Service estimates that 6,150,000 acres have been seeded for the winter crop. Based on December 1 conditions, statewide production is expected to total 98,400,000 bushels, down from the 102,400,000 bushels of 1976.

Reductions in acreage are virtually statewide with some 50 per cent reductions reported in both South Texas and the Coastal Bend. One exception is the Edwards Plateau where 10,000 more acres have been seeded than last year.

Nationally, winter wheat seeding has also decreased by three per cent from a year ago. Total acreage being planted is estimated to be 12 million acres, down from 12.5 million acres in 1976.

Local staff and volunteer activities included participation in parades, sponsorship of Bicentennial programs, patriotic floral displays and colonial costume contests. Burial flags, provided by next of kin, formed avenues of flags at many national cemeteries and VA hospitals.

Prune with a purpose—Now is the time for corrective pruning of woody ornamentals in your landscape, says a landscape horticulturist for the Texas Agricultural Extension Service. However, prune with a purpose. Some reasons for pruning include removing dead, diseased or winter-killed growth or balancing top growth with the root system when setting out new plants.

Lions Ladies Day Program Sunday, January 23rd

Whether it be tips on hair care, trends in make-up or the latest in fashions, you'll find it all at the Ladies Day program Sunday, January 23rd, when wives of the Floydada Lions Club gather at the Massie Activity Center in conjunction with the District 2T2 Lions Mid-Winter Conference.

The program for the women will open at 9 a.m. with Virginia Taylor of Lockney presenting beauty tips in make-up. Hair care will be presented by Kaye Powell of the Colonial Beauty Salon in Floydada.

At 10:30 Lions and their

wives will attend church services of their choice, then at 12:15 will assemble for lunch at Duncan Elementary School. Entertainment at the luncheon will be by the Floydada High School Lab Band. Keynote speaker for the noon luncheon will be Ed Grandstaff, candidate for the third vice-president of Lions International.

After lunch the women will re-assemble at the MAC for their afternoon program around 1:30. Mrs. Becky Culp, clothing specialist, will present "Looking Ahead To Spring '77". Her program will be on spring fashions, fabric and accessory trends. Fashions will be furnished by Hales and Hagoods Department Stores.

Refreshments will be served during a break period, and then the final portion of the afternoon program, a Micro-Wave demonstration, will be presented

by Kathy Burk, home economist with Lighthouse Electric.

Register Tuesday For Sewing Lessons

If you are interested in learning for the basic sewing techniques free of charge, don't forget to register for the free lessons Tuesday, January 25th in the home-making department at Floydada High School. Patterns and materials will also be discussed at this time.

The high school home-making department is offering the free beginners class in sewing to all adults. Classes will probably be held each Tuesday and Thursday from 3 until 5 p.m. through February 17th.

Alpha Mu Delta Chapter Plans Anniversary Fete

The Alpha Mu Delta Chapter of Beta Sigma Phi will observe their anniversary Tuesday, January 25th.

The chapter is planning a salad supper for the event, which was discussed at their past meeting held January 18th in the home of Barbara Koch in Crosbyton.

Becky Pingleton, president, was in charge of the meeting and led the opening ritual. Teresa Whittle read the minutes and Kaye Powell gave the financial status.

Standing committee reports were given by Ilene Kendrick, Kaye Powell, and Lynn Daniel.

The chapter will be serving lunch at the Daniel farm sale, January 27. Members will take turns serving to the group. The menu was voted upon and sandwiches, chili, pie, doughnuts, cake, cold drinks, tea, and coffee were decided upon.

Members voted to take the chairmanship for the Cystic Fibrosis Bikatron this spring. It will be discussed in more detail after the information from the main office is received.

Members decided to send \$10 to the Wade Barrow Fund, state project.

The meeting was adjourned and members repeated the Closing Ritual.

Members present were Becky Pingleton, Barbara Koch, Teresa Whittle, Kaye Powell, Debbie Bertrand, Judy Cornelius, Lynn Daniel, Donna Henderson, Ilene Kendrick, Vicki Latta, Jo Ann Patterson, and Vicki Thrasher.

Jan Hopper And David Campbell Married

Mr. and Mrs. David Campbell are at home at 1222 Ash Street in Graham, Texas following their January 2nd wedding. The bride is the former Jan Hopper of Lubbock, daughter of Mr. and Mrs. Bill Hopper of the Sandhill Community. The groom is the son of Mr. and Mrs. John F. Campbell of Graham, former Floydada residents.

Both the bride and groom are graduates of Floydada High School. Mrs. Campbell was employed by the American State Bank in Lubbock prior to her wedding. Her husband is employed by GMI in Graham.

The couple repeated double ring vows at 2 p.m. in the home of the groom's parents. Rev. Jackson of Graham performed the ceremony before the immediate family.

Presented in marriage by her father, the bride wore a gauze fabric white floor length gown, fashioned with long full sleeves, square

neckline and an empire waistline. The gown was accented with blue embroidery, and blue was carried out again in the blue and white carnation bridal bouquet. The bride wore a pearl necklace belonging to her attendant's grandmother for something old and borrowed. She also wore the traditional blue wedding garter.

Miss Billie Sue Christian of Lubbock attended the bride as maid of honor. She wore a formal gown of princess style light blue knit fashioned with a V neckline and long sleeves, accented with a blue and white carnation corsage.

Johnny Campbell of Graham attended his brother as best man.

After the wedding a reception was held in the Campbell home. Melody Powell of Floydada served punch and cake from a table laid with a white cloth centered with a candle and floral arrangement in white and blue.

Annual Annual Girl Scout Cookie Sales Start January 28th

Girl Scouts from eighteen area counties, affiliated with the Caprock Girl Scout Council, will have their annual cookie sale starting at 4 p.m. Friday, January 28, according to Mrs. Buster Owens, president of Caprock Council.

Around five thousand in all, Owens said, will be wearing their uniforms or pins and selling the cookies at \$1.25 per package. Five flavors of cookies will be sold: Lemon Creme, Chocolate and Vanilla Creme, Scot-Tea, Mint, Savannah, and a new cheese "Cheddar-ette" cracker.

Owens said the sale will be ending February 13, and profits will be used to support troop activities and council program activities including maintenance and improvement of Camp Rio Blanco, a year round camp site east of Crosbyton. Gifts such as poster, patches, T-shirts, and camp scholarships will be given to each Girl Scout who sells specified number of cookies.

Members of the cookie sales committee include: Mrs. Billy Fisher, Mrs. Billy

Hall, Mrs. R. P. McElroy, Lubbock; and Mrs. George Poulson, Lorenzo. Counties included in the sale are: Parmer, Castro, Swisher, Briscoe, Bailey, Lamb, Hale, Floyd, Motley, Cochran, Hockley, Yoakum, Crosby, Dickens, Yoakum, Terry, Lynn, and Garza.

Marilyn Smith On Texas Tech President's List

Marilyn Smith, a May, 1975 graduate of Lockney High School, has made the President's List with a perfect grade point of 4.0 during the summer and fall semesters at Texas Tech. The daughter of Mr. and Mrs. Bryan Smith has been classified as a sophomore student for the beginning of the spring semester. She plays alto saxophone in the Texas Tech marching band and the stage band, although her major is piano.

Mrs. Frances Childs Honored on 85th Birthday

Farabee And Cates Receive Assignments

State Senator Ray Farabee joined other Senators and Representatives in Austin this past week as work began in the 65th Session of the Texas Legislature. First week activities included assignment of legislators' committee posts and the Governor's State of the State address.

Senator Farabee's committee appointments included his reappointment to all the all-important Senate Finance Committee. Farabee expressed his pleasure at that assignment saying that "membership on the Finance Committee affords me the opportunity to take an active role in seeing that we keep a lid on state spending."

Farabee was also pleased that he was reappointed to the Natural Resources and Jurisprudence Committees. Farabee noted that the Natural Resources committee would monitor legislation dealing with agriculture and energy, both of which are vital to the economy of the 30th Senatorial District. Farabee is also a member of the Natural Resources Subcommittee on Energy. "This appointment," Farabee stated, "will provide us in North and West Texas with a real voice in the shaping of policies which affect the vast energy resources in our area."

Committee assignments and committee organization

were a big part of the activity of the first week but the initial days of the 65th Session were also highlighted by the Governor's message to a joint session of the House and Senate. Senator Farabee applauded the Governor's proposals dealing with the reduction of violent and organized crime. Also to Farabee's liking was the Governor's promise to avoid any new taxes.

The Senator said he was particularly pleased with the attention the Governor gave to the medical malpractice problem. Farabee said that the malpractice insurance problem is one which affects every citizen and he indicated that the dilemma par-

ticularly affects areas of West Texas where the shortage of health care providers is critical. Senator Farabee has already introduced comprehensive legislation dealing with the malpractice issue. Farabee acknowledged his support for many other issues touched on in the speech including the Governor's commitment to vocational education and maintenance of Texas' highway system.

PHIL CATES

AUSTIN - Rep. Phil Cates of Shamrock has been named to the House Appropriations Committee by Speaker Bill Clayton. Cates, who is in his fourth

term, was on Human Resources and Agriculture and Livestock committees last session. Members on Appropriations serve on no other committee.

He is one of 21 members on the Appropriations Committee who will consider all bills and resolutions appropriating money from the State Treasury. It is considered the most powerful committee in the House. Clayton said Cates' tenure in the Legislature made him a good choice for the committee. "I know that he can be of great service to the committee and the people of Texas."

What One Person Can Do

JOHN LINDSAY, ASSOCIATED PRESS PHOTOGRAPHER.

In 1937 floods washed over huge portions of the United States. By February, the Ohio and Mississippi had swept away whole towns. Millions were fleeing, homeless from Arkansas bayous, Ohio lowlands and even Pennsylvania's Monongahela-flooded hills. People of ten states fought to reinforce the sagging levees of the White, the Ouschita and the Missouri rivers.

John Lindsay, an Associated Press photographer, went to Memphis, Tennessee,

to cover the flood crisis as 50,000 refugees streamed into the imperiled city. Its levees were dangerously strained, as the Mississippi was expected to crest at 53 feet - 7 1/2 feet above its record level.

Mr. Lindsay heard rumors of a prison chain gang working on a nearby levee. Chain gangs? Few Americans in 1937 were aware that chain gangs existed. Few photographers had ever been allowed near them. Thinking "maybe pictures will do some good," the newsman dragged his equipment through soggy woods and across washed out roads. He found the gang and asked the guard if he might take pictures. The guard agreed and though Mr. Lindsay was appalled at the sight of the

Lions Ladies Day Program Sunday, January 23rd

Whether it be tips on hair care, trends in make-up or the latest in fashions, you'll find it all at the Ladies Day program Sunday, January 23rd, when wives of the Floydada Lions Club gather at the Massie Activity Center in conjunction with the District 2T2 Lions Mid-Winter Conference.

The program for the women will open at 9 a.m. with Virginia Taylor of Lockney presenting beauty tips in make-up. Hair care will be presented by Kaye Powell of the Colonial Beauty Salon in Floydada. At 10:30 Lions and their

wives will attend church services of their choice, then at 12:15 will assemble for lunch at Duncan Elementary School. Entertainment at the luncheon will be by the Floydada High School Lab Band. Keynote speaker for the noon luncheon will be Ed Grandstaff, candidate for the third vice-president of Lions International.

After lunch the women will re-assemble at the MAC for their afternoon program around 1:30. Mrs. Becky Culp, clothing specialist, will present "Looking Ahead To Spring '77". Her program will be on spring fashions, fabric and accessory trends. Fashions will be furnished by Hales and Hagoods Department Stores.

Refreshments will be served during a break period, and then the final portion of the afternoon program, a Micro-Wave demonstration, will be presented

by Kathy Burk, home economist with Lighthouse Electric.

Register Tuesday For Sewing Lessons

If you are interested in learning for the basic sewing techniques free of charge, don't forget to register for the free lessons Tuesday, January 25th in the home-making department at Floydada High School. Patterns and materials will also be discussed at this time.

The high school home-making department is offering the free beginners class in sewing to all adults.

Classes will probably be held each Tuesday and Thursday from 3 until 5 p.m. through February 17th.

Alpha Mu Delta Chapter Plans Anniversary Fete

The Alpha Mu Delta Chapter of Beta Sigma Phi will observe their anniversary Tuesday, January 25th.

The chapter is planning a salad supper for the event, which was discussed at their past meeting held January 18th in the home of Barbara Koch in Crosbyton.

Becky Pingleton, president, was in charge of the meeting and led the opening ritual. Teresa Whittle read the minutes and Kaye Powell gave the financial status. Standing committee reports were given by Ilene Kendrick, Kaye Powell, and Lynn Daniel.

The chapter will be serving lunch at the Daniel farm sale, January 27. Members will take turns serving to the group. The menu was voted upon and sandwiches, chili, pie, doughnuts, cake, cold drinks, tea, and coffee were decided upon.

Members voted to take the chairmanship for the Cystic Fibrosis Bikatron this spring. It will be discussed in more detail after the information from the main office is received.

Members decided to send \$10 to the Wade Barrow Fund, state project.

The meeting was adjourned and members repeated the Closing Ritual.

Members present were Becky Pingleton, Barbara Koch, Teresa Whittle, Kaye Powell, Debbie Bertrand, Judy Cornelius, Lynn Daniel, Donna Henderson, Ilene Kendrick, Vicki Latta, Jo Ann Patterson, and Vicki Thrasher.

Jan Hopper And David Campbell Married

Mr. and Mrs. David Campbell are at home at 1222 Ash Street in Graham, Texas following their January 2nd wedding. The bride is the former Jan Hopper of Lubbock, daughter of Mr. and Mrs. Bill Hopper of the Sandhill Community. The groom is the son of Mr. and Mrs. John F. Campbell of Graham, former Floydada residents.

Both the bride and groom are graduates of Floydada High School. Mrs. Campbell was employed by the American State Bank in Lubbock prior to her wedding. Her husband is employed by GMI in Graham.

The couple repeated double ring vows at 2 p.m. in the home of the groom's parents. Rev. Jackson of Graham performed the ceremony before the immediate family.

Presented in marriage by her father, the bride wore a gauze fabric white floor length gown, fashioned with long full sleeves, square

neckline and an empire waistline. The gown was accented with blue embroidery, and blue was carried out again in the blue and white carnation bridal bouquet. The bride wore a pearl necklace belonging to her attendant's grandmother for something old and borrowed. She also wore the traditional blue wedding garter.

Miss Billie Sue Christian of Lubbock attended the bride as maid of honor. She wore a formal gown of princess style light blue knit fashioned with a V neckline and long sleeves, accented with a blue and white carnation corsage.

Johnny Campbell of Graham attended his brother as best man.

After the wedding a reception was held in the Campbell home. Melody Powell of Floydada served punch and cake from a table laid with a white cloth centered with a candle and floral arrangement in white and blue.

Annual Annual Girl Scout Cookie Sales Start January 28th

Girl Scouts from eighteen area counties, affiliated with the Caprock Girl Scout Council, will have their annual cookie sale starting at 4 p.m. Friday, January 28, according to Mrs. Buster Owens, president of Caprock Council.

Around five thousand in all, Owens said, will be wearing their uniforms or pins and selling the cookies at \$1.25 per package. Five flavors of cookies will be sold: Lemon Creme, Chocolate and Vanilla Creme, Scot-Tea, Mint, Savannah, and a new cheese "Cheddar-ette" cracker.

Owens said the sale will be ending February 13, and profits will be used to support troop activities and council program activities including maintenance and improvement of Camp Rio Blanco, a year round camp site east of Crosbyton. Gifts such as poster, patches, T-shirts, and camp scholarships will be given to each Girl Scout who sells specified number of cookies.

Members of the cookie sales committee include: Mrs. Billy Fisher, Mrs. Billy

Hall, Mrs. R. P. McElroy, Lubbock; and Mrs. George Poulson, Lorenzo.

Counties included in the sale are: Farmer, Castro, Swisher, Briscoe, Bailey, Lamb, Hale, Floyd, Motley, Cochran, Hockley, Lubbock, Crosby, Dickens, Yoakum, Terry, Lynn, and Garza.

OBITUARIES

Chandler

Funeral services for Irvin Logan Chandler, 69, were held in Lockney, Texas, on Friday. He was the son of Charles Chandler and Mary Chandler. Mr. Chandler was born in Oklahoma and died in his home on Wednesday. A justice of the peace ruled death by natural causes.

Claude Hinton

Claude Hinton, 77, brother of Troy Hinton of Floydada, died Wednesday in McLean. Services for the retired building contractor were held Friday in the Methodist Church in McLean. Mr. Hinton was a native of Erath County and moved to McLean in 1917. He and Cumie Cates were married in 1920. Survivors include a daughter; two brothers, W. L. of McLean and Troy of Floydada; a sister, Mrs. Taylor Turnbow of Shamrock; three grandchildren and one great grandchild.

Morris E. Shipp

Services for Morris E. Shipp 68, have been scheduled at 10 a.m. Saturday, January 22, in the First Baptist Church in Lockney, with the Rev. Hugh Daniel, pastor of Lockney First United Methodist Church, officiating, assisted by the Rev. John Jenkins, First Baptist pastor. Mr. Shipp died Thursday in Lockney General Hospital. He was born January 29, 1908 in Quinn County, Mississippi. He and his wife, the former Dorothy Proffitt, were married November 1, 1935 in Monroe, Louisiana. They moved to Floyd County in January, 1952. Mr. Shipp had retired in 1973. He was a carpenter and painter, and assisted in the Lockney Variety Store. He was a member of the VFW, a veteran of World War II, and a Mason, and a member of the Methodist Church.

CLEANEST FLOORS IN FLOYDADA...but 31,000 gallons of water wasted. This brick home belonging to the late Robert F. Day sustained damages when water lines broke in the unoccupied home during the extremely cold temperatures in December. The water seepage was not discovered until last Saturday when a neighbor, Mrs. Alma Dunn, noticed her lawn was underwater. She called R. C. Day, a son, who lives in Floydada, however, he had no key to his father's house, so with the help of Sheriff Fred Cardinal, they broke into the house and located the problem. By that time 31,000 gallons of water had run through the meter since the billing in December. Mr. Day said there was 14 1/2 inches of water standing on the floors and it took four hours to pump 11 inches of that amount out of the house. They were still mopping up after the weekend. There was no estimate as to damage, but most of the flooring will have to be replaced relatives said. (Staff Photo)

Texas Could Lose Representation On Cotton Board

A recent U. S. Department of Agriculture proposal would lose Texas five members on the Cotton Board while other states would retain current representation.

Rock-based Plains Cotton Growers, Inc. has filed a proposal with the USDA which would give Texas five members on the Cotton Board, more equitable representation.

Cotton Board, made up of cotton producers appointed by the Secretary of Agriculture from nominations made by each state's cotton interest or-

ganizations, approves budgets and is otherwise responsible for the financial affairs of Cotton Incorporated (CI). CI carries out approved cotton research and market development activities financed by producer contributions on each year's production.

Currently there are 20 Cotton Board members. Each of the 14 cotton producing states is entitled to one Board member plus an additional member for each million or major fraction of a million bales of production above one million, on average, for the years 1961-65. This has given Texas five members, California and

Mississippi two members each and each of 11 other states one member.

The new proposal calls for using the same formula but would figure average production on the most recent five years instead of on the 1961-65 period. Average U. S. production for the first five years of the 1960's was over 14.9 million bales. For 1971-75 the average came to about 11.4 million.

Texas production averaged about 30 percent of the national total in the earlier period and about 29 percent in the latter.

"These figures do not justify cutting Texas repre-

sentation on the Board from the current five of 20, or 25 percent of the Board, to three of 18, which is less than 17 percent," points out PCG executive officer Donald Johnson.

PCG isn't objecting to using the most recent five years of production in determining Board membership. But PCG proposes that each state have one Board member plus an additional member for each one-half million or major part of one-half million bales of production above an initial 500,000.

This would increase the size of the Cotton Board from 20 to 26 members, Texas, with 1971-75 average produc-

tion of 3.3 million bales, would have six members. California, averaging 1.8 million, would have four. Mississippi's 1.6 million average would entitle it to three members. Arkansas, with just over a million bale average, would have two, and other states would continue to have one member each.

The Cotton Research and Promotion Act does not set a limit on the size of the Cotton Board. It says each producing state shall have at least one member and that "to the extent practicable" each state shall have representa-

tion on the Board in proportion to its relative production.

PCG contends that the USDA proposal "moves away from rather than toward" compliance with the law.

The PCG plan has been approved by all other cotton producer organizations in Texas and has the support of several other states, Johnson says, but USDA's reaction is not yet known.

GROW YOUR OWN POINSETTIA - With some tender loving care, that poinsettia plant you received for Christmas can be brought into flower again next Christmas season. Once

the plant loses its color, reduce watering and store it in a cool place. Cut the stems back about mid-April, re-pot the plant, water it thoroughly, and place it in a sunny window. As new growth begins, fertilize the plant every two weeks. When danger of frost is past, move the plant outdoors and pinch back new shoots as they develop. Move the plant back indoors before frost in the fall and put it in a sunny location.

Starting the first week in October and continuing through Thanksgiving, keep the plant in complete darkness from 5 p.m. to 8 a.m. In the daytime, keep it near a sunny window.

Floydada Students On Wayland Dean's List

Three Floydada students have been placed on the Dean's Honor Roll at Wayland Baptist College for the period September 1 - December 17.

Fleeta Adams, a Wayland Baptist College Senior, has been placed on the Dean's Honor Roll.

Dr. Kyle Perrin, academic dean of the four-year Christian liberal arts college in the Texas Panhandle, said the position was earned with a 3.80 grade point average. "Announcement is made at mid-semester and at the end of the semester of those students who have carried at least 12 semester hours of academic subjects and have made an average of 3.5, or above."

She is the daughter of Mr. and Mrs. Aaron Carthel, Floydada.

Christy Stringer, a Wayland Baptist College Freshman, has been placed on the Dean's Honor Roll.

Dr. Kyle Perrin, academic dean of the four-year Christian liberal arts college in the Texas Panhandle, said the position was earned with a 3.80 grade point average.

She is the daughter of Mr. and Mrs. Bill Stringer, Route 3, Floydada.

Bobby Rainer, a Wayland Baptist College Junior, has been placed on the Dean's Honor Roll for the period September 1-December 17.

Dr. Kyle Perrin said the position was earned with a 3.75 grade point average.

He is the son of Mr. and Mrs. A. C. Rainer, 530 West Georgia, Floydada.

Bobby, Christy, and Fleeta are members of an unique student body in a college which has been obviously unique from her founding in 1908, said Wayland President Dr. Roy C. McClung.

"Wayland's very survival of the first 25 years, which saw numerous other Area schools close, points to a destiny of distinction. Wayland has been a significant leader through the years as evidenced by her early integration of the races, early international student emphasis, women's sports (Wayland is home of the popular women eagers, the Flying Queens), calendar

innovations, interinstitutional cooperation, vocational and career offerings, budgetary stability, and outstanding achievements by graduates and former students."

Dr. McClung, now completing his 14th year as chief executive officer, points with pride to the students, faculty and administration of today who sense a yet more significant role for Wayland. "Wayland aspires to be a center for the intelligent exploration and initiation of new ideas in the spread of constructive influences upon community and national life."
