

# Superintendent Details Spending of \$395,000 School Bond

Superintendent of Floydada schools outlined in detail to some of the school board members Thursday morning how the \$395,000 bond election money will be spent.

Electric Cooperative community room was designed to answer questions about the bond election which comes up Tuesday, March 8.

A chart, below, lists how the money will be spent. The money will be paid back with a four cent increase on

property evaluation.

A summary of issues discussed at the meeting is as follows:

The money to be spent at Andrews Ward Elementary is a must since the new Title IX regulation says both boys and girls must participate in Physical Education classes, and that girls must

have equal amount of athletic opportunities as boys. This means separate dressing rooms are necessary, shower facilities and this also applies to the other schools in the district.

Baker suggested that everyone is invited to visit Andrews Ward and the other schools and look over the deplorable conditions, especially in the athletic departments.

In regard to moving the football stadium, it was pointed out that extensive repairs would have to be spent on the stadium should it not be moved, the east side seats are in bad shape, some need repair on the west side, also there is not adequate seating on the west side, some Whirlwind fans must sit on the east side and opponent fans do not like this. The moving of the stadium means that it would also be enlarged, and aluminum seats would be added.

It was also pointed out that there was a demand for more reserve seats. Moving the stadium to high school would afford the band more marching room at Jr. High and afford a larger play area for Jr. High students as they would use the present football field for many activities.

Baker said that the field house would relieve congestion for P.E. classes now meeting in the high school gymnasium and he said that the dressing room facilities now used for football players is the "poorest in the district."

Baker said better stadium facilities would bring area play-off games to Floydada.

Baker said it was possible that no tax increase would be necessary to pay for the bond should the State Legislature approve the Governor's plan for school financing another year.

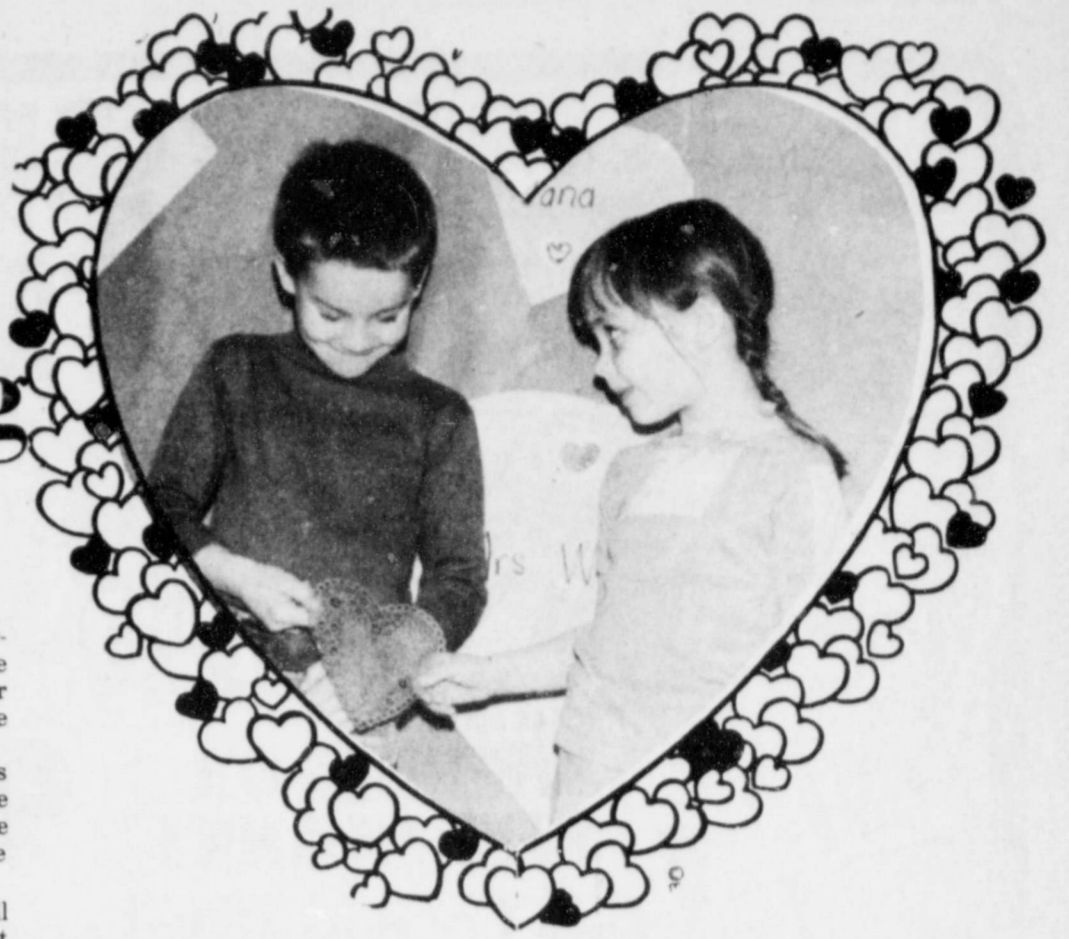

President of the FHS student council Mike Bean said that more tennis courts would enable the tennis program to host tennis tournaments here, which would be profitable to help the growing tennis program.

It was also stated that 130 students are attempting to play tennis on the school's four courts...and the courts are in bad condition.

At the conclusion of the meeting the group decided to work to get every qualified voter out March 8. Only requirement to vote is that you must live in the school district and be a qualified voter.

The group agreed to make a special effort to pick up miss-information about the bond election and get it corrected in print before the election.

The school system's bonded indebtedness at this time is \$1,189,000.00 plus interest.

## Cloud Seeding Permits To Be Discussed

Interested parties are urged to attend meetings of the Texas Water Management Board concerning cloud-seeding permits next Wednesday.

Thursday and Friday (February 16, 17 and 18) in 99th District Court, Lubbock County Courthouse, Lubbock.

The Wednesday meeting will begin at 1 p.m. Thursday and Friday sessions start at 9 a.m.

## Aprock Chat

By Wendell Tooley

THE THIRD YEAR IN A ROW parents came through with their Valentine grandchildren... beautiful, grand, great, bright, pretty, handsome I mean. (No, I don't have any more.)

came along, Joey got right out in front of it...it had to stop or run over him...he was desperate to get help for Jim. Think the folks in the pickup were from out-of-state, but they took Joey to the Waller home for help.

Jim spent a night in the hospital with a big bump on his head, and I think, is recovering okay now.

WHAT CAN YOU SAY? A weekly newspaper, received the following communication from one of its readers: "Dear Sir: When I subscribed a year ago you stated that if I was not satisfied at the end of a year, I could have my money back. Well, I would like to have it back. On second thought, to save you trouble, you may apply it to my next year's subscription."

YOU SHOULD TAKE OFF a little time and visit Della Plains school sometime. This building is really being utilized for some fine programs. The vocational education classes that teach homemaking, shop work, carpentering are very impressive. Then, there is the day care center which is being enjoyed by working mothers all over this community.

Plan A of the school system for four school districts headquarters there. The Community Action classes meet there.

AS WE HEAR various people discuss the March 8 bond election, we often hear statements like this, "sure, the athletic needs are important for our school system...but what about the cultural needs of our school?"

They are saying we need choral groups and art classes in high school. They are saying that the band director needs help in teaching band to students all the way from sixth grade to senior age.

These are items for which we have editorialized many years...and it doesn't take a bond election to get these courses for our school system.

All it takes is for the board to vote to hire a high school art teacher and a music teacher in high school for a class or two a day, and a full time band director assistant.

School officials say they ask at registration each year if students are interested in choral singing. There is no, or very little interest. It's just possible that it has been so long since we have had a high school choral program that the students don't realize the fun and enjoyment of such a program.

WHAT WILL THE BOND ELECTION COST ME...THE TAXPAYER?... is an often heard question. The answer is simple...if you have a home valued at \$10,000 your tax increase will be four cents...or \$4.00 per year. I realize that many homes are worth more than \$10,000 and there are farmers who own thousands of acres of land. So, to determine what your tax increase will be, find out the valuation of your property according to the school tax collector, then multiply four cents to get the increase per year after the bond is approved.

## Community Forum Monday

If you are interested in the opportunities and needs of the Floydada community, you are invited to share your interest with other citizens this Monday night, February 14, at 7:30 at the First Baptist Church.

Floyd Bradley, pastor of the First Baptist Church, will serve as convener of the "Community Forum."

The forum is designed to receive input from all participants and to look at ways to plan things that will benefit the entire community.

We will also be taking a look at the various ongoing community programs and projects, as well as plans for future projects scheduled by local organizations.

Everyone who would like to contribute their ideas and thoughts to this "brainstorming" session is encouraged to attend the Community Forum Monday night.

## Who Will Be "Employer Of The Year?"

The Woman's Division of the Floydada Chamber of Commerce is asking for your nominations for Employer of the Year. Previous recipients have been Mrs. Dortha Westbrook and Mr. A. E. Baker.

Anyone wishing to so honor an Employer should send that nomination by letter to P. O. Box 91, Floydada, Texas 79235. A committee appointed by the Woman's Division will judge the letters. This committee is to be the sole judge of the letters received and has the right to reject all nominations if there is not enough interest shown in the project to warrant consideration this year. Please state simply your reasons for nominating this person to be considered.

The award will be made at the annual Chamber of Commerce banquet in February. Dead-line for post mark on the letters is February 14th.

## Officers Make Another Liquor Raid In Lockney

Officers confiscated seven cases of beer and several bottles of whiskey in a raid on a Lockney residence Thursday afternoon.

Rosa May McDonald was charged with the possession for sale of alcoholic beverages and will go before county

judge J. K. Holmes Tuesday. Assisting the four county sheriff officers were three Lockney policemen, two highway patrolmen and one liquor control officer from Lubbock. Last month Rosa May pleaded guilty to a similar charge and paid \$350 fine plus court costs.

COUNTY UNDERGROUND WATER

# Ground Water Decline

The future course of water depletion in Floyd County is projected for the next 44 years in a new study by the Texas Water Development Board (TWDB). Rose, Executive Director of the Board, said Report 211, an "Ogallala Aquifer Study of Floyd County," charts the future course of the aquifer.

and report were made by members A. Wayne E. Bell, and Shelly

Most High Plains residents are concerned that the area's ground water is being depleted. The Board, recognizing the importance of the area to the economy, are continuing to study additional supplies of water. The report provided in the use of electronic simulation of the aquifer's behavior should provide the user in the county with good estimates by which management decisions can be

made. The county had about 8.8 million acre-feet of ground water in 1974. The report indicates that 58 percent, or 5.1 million acre-feet, will be left by the year 2000. Past water-use patterns and behavior are continued in the report. Only 3.3 million acre-feet or will remain in storage by

the year 2000. Lifts in wells which now average less than 100 to 425 feet, will rise to nearly 450 feet in some areas by 2000 and will reach 500 feet in some local areas

by the year 2000. The 254,000 acre-feet of water stored in 1974, the amount available for production in the years 1975 to 2000 is about 180,000 and

146,000 acre-feet, respectively, an overall decline of 43 percent.

Nowhere in the county is the water expected to be exhausted, but yields of wells will decrease and expense of irrigation pumpage will climb. The increased lifts will require more energy and thus greater cost in bringing the water to the surface.

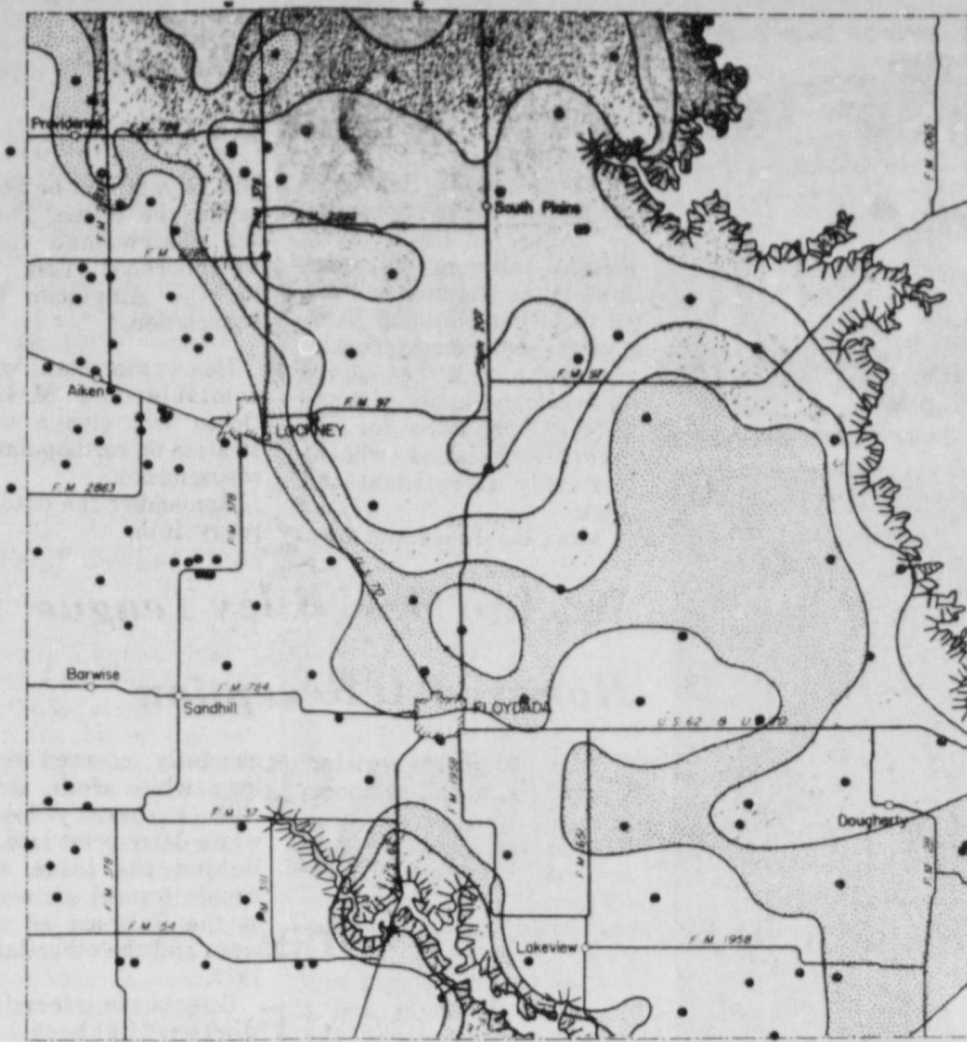

During the past three decades, the withdrawal of ground water has greatly exceeded the natural recharge of the aquifer. If this overdraft continues, the aquifer ultimately will be depleted to the point that it may not be economically feasible to produce water for irrigation, the authors state.

These findings, the authors emphasize, are based on the continuation of past trends. Future events can be very different if these trends change, the authors say. The most determinative factor may be the decisions of the water users themselves.

The report contains maps, charts, and tabulations which reflect estimates of the volume of water in storage in the Ogallala Aquifer and the projected depletion of this water supply by decade periods through the year 2020. The report also contains estimates of pumpage, pumping lifts, and other data related to current and future water use in the counties.

The maps in the report are intended for use as general guidelines only and are not recommended for use in determining water availability when buying and selling specific tracts of land. It is recommended that a qualified ground water hydrologist be consulted to make appraisals of ground water conditions when such transactions are contemplated.

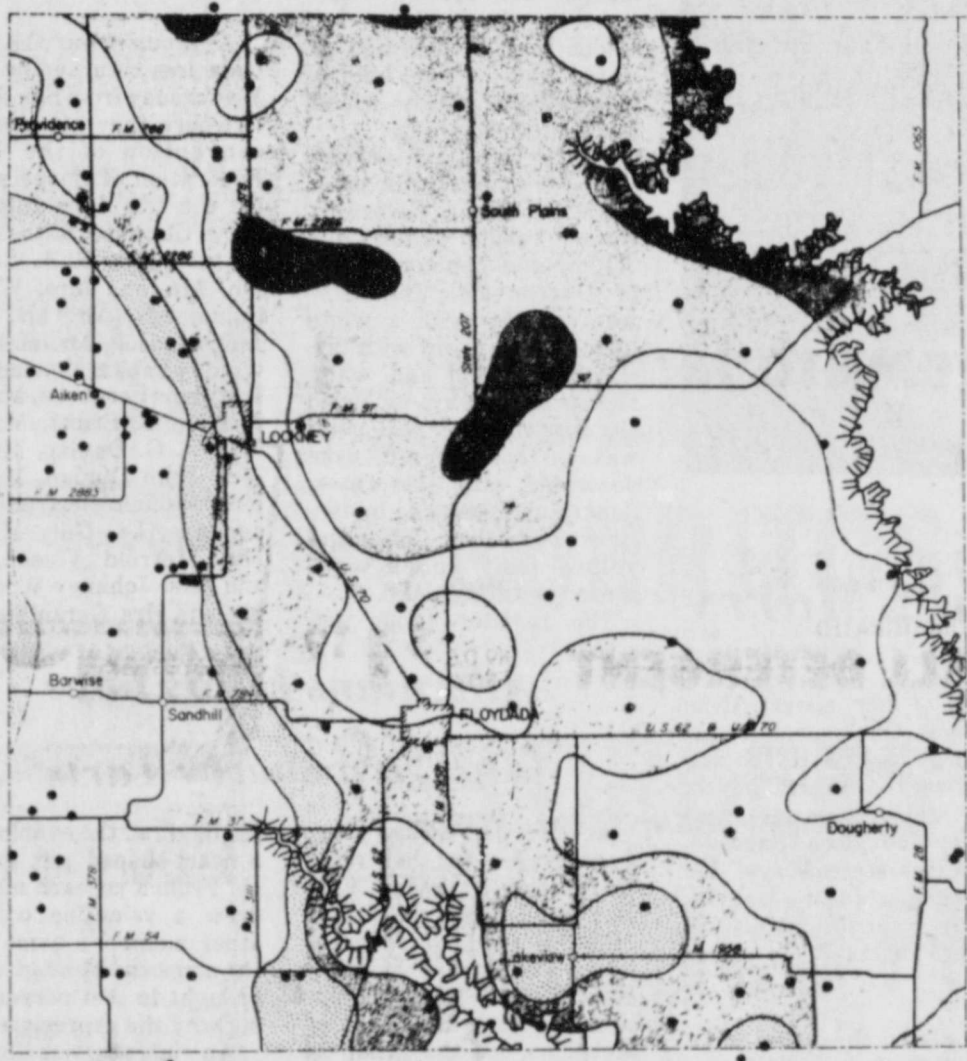

Copies of the report are available without charge from the Texas Water Development Board, P. W. Box 13087, Austin, Texas 78711, said Rose.

## Farm-facts

A Weekly Report Of Agri-Business News  
Compiled From Sources Of The TEXAS DEPARTMENT OF AGRICULTURE  
John C. White, Commissioner

It's Only Money . . . Sheep Feeding Declines . . . Grain Stocks Increase.

Cotton has again assumed the number one position in value of Texas farm crops. The value of the crop for the 1976 season was more than \$1 billion. Upland cotton was worth \$1,010,880, American Pima cotton was worth \$4,800,000, and cottonseed had a value of \$119,354,000. Add that together and the 1976 cotton crop was worth \$1,135,034,000. That represents one-third of the total value of the nation's entire cotton crop.

Grain sorghum, which has been the number one cash crop for the past few years, slipped into number two position with a 1976 value of only \$647,309,000, or about one-half the worth of cotton. Sorghum value in 1976 was about \$250,000,000 under the 1975 crop, reflecting lower prices and lower acreage. Still, the 1976 figure is about half of the nation's total grain sorghum value.

Corn ranked third in total value in the State. That crop had a cash value of \$450,000,000, which is \$150,000,000 more than the previous year.

Wheat is in fourth place with a 1976 value of \$325,710,000. This is \$120,000,000 below that of the previous year, again due to lower prices to producers.

A crop you probably wouldn't consider in the top five money makers is nonetheless in fifth place. That crop is hay. The value of the hay crop in the state for 1976 was \$260,445,000.

**SHEEP FEEDING IN TEXAS** continues to decline. The Texas Crop and Livestock Reporting Service notes that the number of sheep and lambs on feed as of Jan. 1 is the lowest since 1966.

Sheep and lambs on feed totaled 160,000 head on Jan. 1; this is down 15 per cent from a year ago.

Animals on feed are those intended for slaughter being fed a ration of grain or other concentrates or on succulent pastures and expected within the next three months to produce a carcass that will grade good or better.

**STOCKS OF GRAINS** in both Texas and the nation show an increase from last year. Texas stocks of the four feed grains -- corn, oats, barley and sorghum -- are estimated at 303,000,000 bushels, up 32,000,000 bushels from last year. Corn stocks accounted for the increase.

Wheat stocks are estimated at 98,000,000 bushels, up 39 per cent from a year ago.

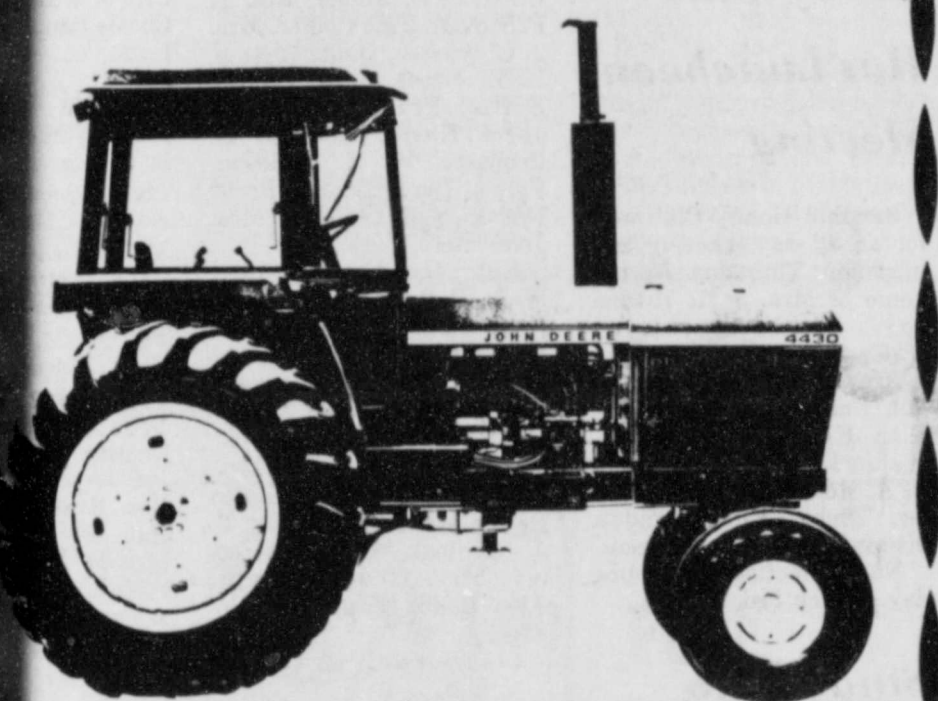

Nationwide, Jan. 1 stocks of all wheat were 28 per cent above a year earlier. Stocks of the four feed grains -- corn, oats, barley and sorghum -- are up seven per cent from a year ago.

In Texas, grain sorghum stocks are down nine per cent from last year; corn stocks are 49,000,000 bushels above last year.

MRS. ARGENIO MARTINEZ

## Miss Flores, Arcenio Martinez Marry

In a home ceremony at 7 p.m. February 5, Miss Nora Flores became the bride of Arcenio Martinez. Reverend Glenn Smith, pastor of Primera Iglesia Bautista in Lockney, performed the civil ceremony in the home of the bride's parents, Mr. and Mrs. Humberto Flores, 301 SW 8th. The groom's parents are Mr. and Mrs. Chano Martinez, 401 NE 2nd.

Presented in marriage by her father, Miss Flores wore a white sheer organza gown over peau, buffed at the bodice and hem, trimmed with lace and back bow. She wore a lace headband and elbow length veil.

Maid of honor was the groom's sister, Stella Martinez. Bridesmaids were Alicia Gallegos, sister of the bride, Irma Saucedo, godmother of the bride, and Maggie Reyna, sister of the groom.

Best man was Randy Fleming. Other male attendants were Joe Gallegos, Frank Saucedo and Gilbert Reyna.

The wedding was played by Sue Martinez. At the reception immediately following the wedding, guests were registered by Diane Martinez, sister of the

groom. The reception was hosted by parents of the couple in Rebekah Lodge Hall. Dinner was served to one hundred guests.

For a wedding trip to New Mexico, the bride wore a denim jump suit.

The bride was honored at a shower January 29 in the

## Mrs. Rushing Hostess For Homebuilders

Mrs. Lee Rushing was hostess to members of the Homebuilders Home Demonstration for their regular meeting February 8. After the devotion from I Samuel 8-13, roll call was answered with "Why I Need a Change in Style," keeping with the program topic.

Kathy Burk, home economist for Lighthouse Electric, brought the program on "Grooming Appliances and You." Various electrical grooming appliances were displayed and demonstrated.

Some of the things explained were the make-up mirror, steaming appliance used to steam the face to

open pores, the vibrator to scrub the face and elbows, the curling iron and the electric hair rollers. Miss Burk presented some very good points on hair care saying the hair is made up of scales. Always comb the hair well before washing and never attempt to remove tangles while the hair

is wet. When combing always start at the ends of the hair and comb up, never from the scalp down. When using electric rollers or curling iron never comb hair until it is completely cool. Miss Burk said this prevents breaking the ends of the hair.

She told the group that Lighthouse Electric is in the process of publishing another cookbook and invited members to send in their favorite recipes.

The Floydada Heart Association Unit is sponsoring a "Coffee for Heart" Wednesday morning, February 16th in the community room of the First National Bank. Coffee, homemade cookies and cake will be served between the hours of 9 and 11:30. Donations for the Heart Association will be gratefully accepted at this time.

Mrs. Joe Jones and Mrs.

Nile Bryant will be hostesses for the coffee. The two are chairwomen for the Neighborhood Task Force for the American Heart Association.

Heart literature will be available and Mrs. Pat Ochoa will give a demonstration on cardiopulmonary resuscitation.

Remember the date, February 16th.

## Mr. and Mrs. Riley Teague Honored At Reception

Some 200 guests registered for the reception honoring Mr. and Mrs. Riley Teague last Sunday, February 6th, in honor of their Golden Wedding anniversary hosted by their children.

Family members had supper Saturday night and a luncheon Sunday at the Massie Activity Center where the reception was hosted that afternoon. During the luncheon the honored couple exchanged new gold and diamond wedding bands and received from their children matching gold wrist watches studded with a diamond, and a white plate with the family tree and names engraved in gold.

Granddaughters assisted with the reception. Lu Teague and Sherry Tilson were at the register and Shelli Teague of Pampa assisted Mrs. Porter Finley of Floydada, a family friend, with displaying gifts.

Presiding at the serving table were Jennifer Boyce of Fort Collins, Colorado, Sherry Teague of Hart and Tiffany and Tammy Teague of Duncanville. The table was covered with a white linen cloth, draped with ivy, silk roses, gold and white ribbon and sprays of dried German statice. Focal point was a three tiered cake decorated with gold roses, flanked at either side by two large candleabra. Coffee and yellow fruit punch were served with the cake.

The register table was

elegantly covered with a long white cloth, overlaid with a sheer yellow and white daisy print lace cloth. Behind the table was a double framed picture, one of the Teagues as newlyweds and the other taken in 1977.

Guests registered from Haskell, Lubbock, Post, Haskell, Fort Worth, Wichita Falls, Borger, Stinnett, Phillips, Plainview, Olton, Waco, Comanche, Dimmitt, Petersburg, Marble Falls and Pampa.

## Group Returns From State Coop Convention

A group from the Floydada area returned by plane Wednesday from San Antonio where they attended the convention of the Texas Federation of Cooperatives.

On the trip from this area were Clarence Raetheal and Mr. and Mrs. B. A. Robertson, Mr. and Mrs. Weldon Hammonds, Mr. and Mrs. Jack Stansell, Mr. and Mrs. Weldon Pruitt, Mr. and Mrs. Ray Gene Ferguson, Mr. and Mrs. L. C. Pruitt, Mr. and Mrs. R. G. Dunlap, Mr. and Mrs. John Dunlap, Mr. and Mrs. William Bertrand, Mr. and Mrs. C. L. Gilly, Mr. and Mrs. Jerrold Vinson, Mr. and Mrs. Johnny West and Mr. and Mrs. Gerald Lackey.

## Athenians Enjoy Love And Strawberry Tarts

Athena Jr. Study Club members met for their regular meeting Thursday, February 10, in the home of Mrs. Larry Golden. Introducing the theme for the evening, Mrs. Wilbur Mize, accompanied by Mrs. John Peck at the piano, led the group in singing "Love Will Keep Us Together." Members then took turns telling their favorite love stories, which included personal reflections; Biblical examples; and some well-known novels, such as "Love Is Eternal" and "The Gift of the Magi."

The upcoming district convention was the main topic of discussion during the business session. It will be held March 11 and 12 in Lubbock at the South Park Inn.

Mrs. Rushing served refreshments to Mmes. John Walker, Raymond Evans, Ruth Trapp, Doris Huckabay, Gordon Mayfield, Ernie Widener and Bill Smith.

Next meeting will be February 12 in the Mayfield home. The program will be on antiques. Each member is to bring a small antique to the meeting.

A heart-shaped gift exchange. From a jar each member drew a valentine with another member's name on it, then gave the gift she brought to that person, telling why she appreciated her.

An intermission for refreshments separated the program and the business session of the meeting. Scrumptious, homemade strawberry tarts, coffee, tea, and Coke were served by the co-hostess, Mrs. Lewis Diepenhorst.

The upcoming district convention was the main topic of discussion during the business session. It will be held March 11 and 12 in Lubbock at the South Park Inn.

Mrs. John Peck brought the new "Vibra Marker," a machine for marking identifications, which Athena has purchased to be used by members, and then made available to other citizens of the community. The club voted to sponsor a bike-athon for Cystic Fibrosis later in the spring. Mrs. Bill Hunter was placed in charge of organizing this project.

Mrs. Wilbur Mize, who is the state TFWC arts department chairman, has been assigned to design and oversee construction of an official Texas badge for state TFWC officers to wear to the various conventions they attend. She presented her design and the materials, asking Athena members to help construct the pattern badges to be sent out to the other junior study clubs in Caprock district. Each of the Caprock district clubs will be asked to construct some of these badges, which will be sold first at the state convention in April.

Those attending the February 10 meeting were: Mrs. Jerry Cannon, Mrs. Ted Carthel, Mrs. Lewis Diepenhorst, Mrs. Larry Golden, Mrs. W. H. Hallmark, Mrs. Paul Hrbacek, Mrs. Bill Hunter, Mrs. Jerry Klein, Mrs. Raymond Lusk, Mrs. Wilbur Mize, Mrs. Eugene Owens, Mrs. John Peck, Mrs. Joe Taylor, Mrs. Roy Turley, Mrs. Jim Warren, Mrs. Jerry Williams, and Mrs. Sue Zorger.

The next meeting will be a visit to the art studio of

## Ann Mrs. Savage

Rites for a former Floydada resident, Mrs. Ella Vesta Savage, 86, were held Friday in the Eleventh Street Baptist Church in Shamrock. Burial followed in Citizens Cemetery in Clarendon. Mrs. Savage died Wednesday.

Born in Springfield, Tennessee, she moved to Shamrock from Floydada some 10 years ago. She and Noel Savage were married in Altus, Oklahoma, in 1905. He died September 9, 1953.

Mrs. Savage is survived by two daughters, Versie Colie of McLean and Venita Mack of Andrews, North Carolina; a son, Dr. Chester Savage of Apollo, Florida; a sister, Mrs. Lela McDonald of California; 10 grandchildren; 19 great grandchildren and two great great grandchildren.

ELBERT PAUL REEVES

## Elbert Reeves

Services for Elbert Paul Reeves, 72 year old retired educator and former state representative and county judge, were conducted Saturday morning, February 12, at 11 o'clock in Wood-Dunning Funeral Home Chapel in Plainview. Burial followed at 2 p.m. in East Mound Cemetery in Matador.

Mr. Reeves, a former Floydada school teacher, died at 4:15 a.m. Thursday in a Plainview convalescing home after an illness of several months.

Born April 9, 1904 in Matador, Mr. Reeves was married to Jewell Castleberry on May 20, 1926 in Plainview. He taught schools in Floydada, Lakeview, Texas, Acuff, Becton and Whiteflat before and after his tenure as Texas state representative from 1953-55 and as judge of Motley County eight years. He had also farmed and ranched some 34 years. Mr. Reeves first taught in Floydada from 1955-56, then

returned to teach at Floydada Junior High from 1967 until May of 1972 when he retired. He and his wife moved to Plainview from Matador the previous year.

Mr. Reeves was a member and a deacon of the First Baptist Church in Plainview and a member of several Masonic Lodges.

Survivors include his wife; two sons, Pat of San Francisco, California, and Don E. of Oklahoma City; Okla.; two sisters, Miss Verlin Reeves of Matador and Mrs. Maizy Shilling of Dallas; one brother, Roy Reeves of Dallas; and three grandchildren.

Officiating for the service was Dr. Carlos McLeod, pastor of First Baptist Church in Plainview, and assistant pastor, Rev. M. O. Evans.

## KENNETH MAYFIELD RECEIVES SCOUTING AWARD

Kenneth Eugene Mayfield, son of Mr. and Mrs. O. G. Mayfield of Floydada, received the Silver Beaver Award in Scouting on January 28th at a banquet held at Quapaw Scout grounds near Little Rock, Arkansas.

Mayfield has been scout leader for the Levy Baptist Church in Little Rock for many years and this is the first Silver Beaver awarded in the church membership.

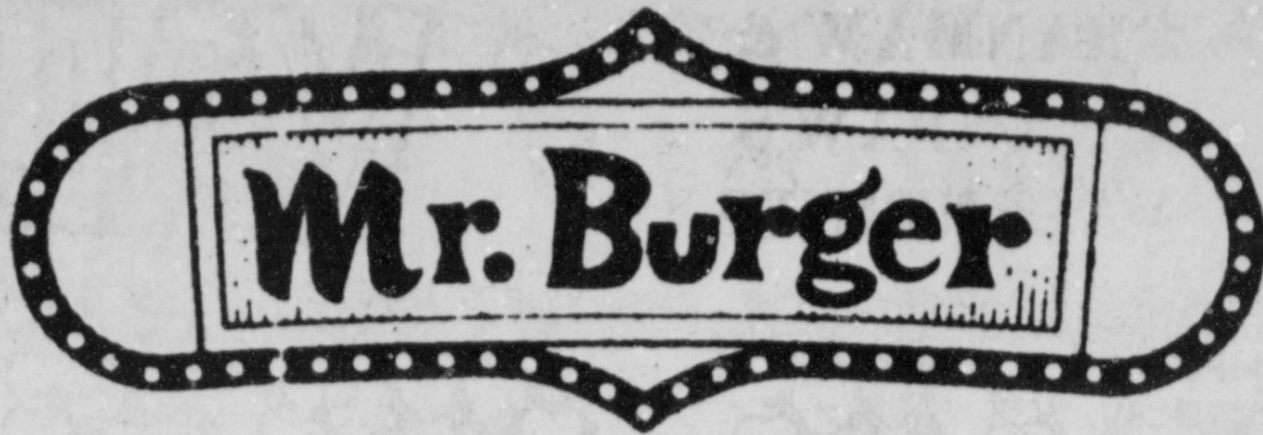

A graduate of Floydada High School, Mayfield received his degrees from West Texas State University. He is married to the former Mary Alma Moreman, daughter of Mrs. Lula Bell Rushing Moreman of Canyon, former Floyd County resident. The Mayfields have two sons and a daughter.

The first vice president of the United States to resign from office was John C. Calhoun in 1832.

## Whirlwinds Beat Chieftains

By Doug Simpson  
Joey Davis calmly sank the front end of 1-and-1 situation with only 6 seconds remaining to play to give the varsity Whirlwinds an easy 60-57 victory over Crosbyton, in a non-conference struggle played last Tuesday night at Graves Gym. The triumph was Floydada's eighth of the season against 15 defeats, and was climaxed by a strong Chieftain comeback, which remained unsettled until the final buzzer finally sounded.

The Winds, who were forced to battle back from a seven-point third quarter deficit, owned a 53-46 advantage midway through the final period of play, but the free-throw consistency and outside scoring ability of the visiting Chieftains enabled the Whirlwind lead to gradually decline. With 1:55 showing on the scoreboard clock, Floydada led by the score of 53-50, but had the ball and a chance to again be up a five-point margin. Mickey Minnitt, who finished the evening with another sparkling 26-point performance, increased the lead to 57-52 on one of his unstoppable driving layups, this one from the right side.

But Crosbyton was all but finished, as Kelly Feree sank a pair of crucial free shots with 1:12 remaining to play, immediately following a personal foul by Rick Carthel, his third for the night.

The Chiefs threatened again with just under 20 seconds to play, when Frank Mullins scored on a driving layup and trimmed the lead to 1 for the first time by capitalizing on the ensuing free-throw to complete the three-point play.

Following a time-out, the Whirlwinds dribbled across the 10-second line and then attempted to stall out the remaining time before Davis was fouled with six seconds left. It was then that the 5-7 senior guard swished the net once for an assuring two-point advantage, which was enough to prevail over a stubborn Crosbyton club.

The Whirlwinds took the early lead, paced by Minnitt and Carthel, who poured in 6 points apiece toward a 16-12 advantage. Floydada also accomplished this by benefiting from strength underneath, particularly that of Morris Keele, who established control of the boards throughout the first half.

The Winds battled back from a 3-point second quarter disadvantage to come up with 14 points and a 30-27 lead at the midway point.

During the third period of action, it was the Whirlwinds' astonishing running game that surpassed Crosbyton en route to a 45-40 lead, going into the final stages. On many occasions, it was the crosscourt pass from Keele to Minnitt, following a big rebound underneath, for an easy two, and on other occasions, it was Floydada's successful three-on-two fast break, with Joey Davis getting the layup.

The biggest lead the victors could master in the final quarter of play was five points, which was an illustration of the explosiveness possessed by both schools. Crosbyton rallied many times by executing its running game, and on some situations by getting a crucial bucket outside from Mullins or teammate Donald Harris.

### Jay Jones On Winning Judging Team

WTSU—West Texas State University's livestock judging team again brought home awards from an area judging contest. At the southwestern Livestock Judging contest Feb. 5 in Fort Worth, the team competed in a field of 18 schools.

In the hog judging contest, John Schumacher of Route 2, Gainesville, was named third high individual with the team placing fifth.

The team also placed sixth in the cattle judging event.

In the overall judging contest of cattle, sheep, horses and hogs, Jay Boren of Route 1, Hereford, was named seventh high individual overall, while the team came in eighth.

Other team members are Steve Kennedy of Chaparral Villa, Canyon; Jay Jones of Route 4, Floydada; and Tom Troxel of Route 2, Canyon.

The team's next contest will be March 5 in Houston.

### JV Whirlwinds Lose

By Doug Simpson  
The Crosbyton Chiefs, aided by a strong defensive front that performed with the greatest of composure when needed most, withstood a thrilling seven-point comeback with just under a minute to play to defeat the JV Whirlwinds, before a frenzied crowd at Graves Gym last Tuesday afternoon. The narrow 64-62 loss left the Winds with a season mark of 6-9, and was highlighted by an exciting final minute of competition, in which Floydada barely missed its golden opportunity with six seconds to play.

With 1:54 to play in the contest, Crosbyton had mounted a comfortable 61-54 advantage, but the Whirlwinds soon staged a memorable comeback that came to a reality when Gary Naylor sank a pair of free shots with 0:56 showing on the clock to close the gap to 61-60.

But the Chiefs calmly ventured back to the other end of the floor where Ronald Johnson drilled home a 15-footer from the right side to put Crosbyton back up by three, and temporarily settle the momentum.

Ray Toney, however, had ideas of his own. With 25 seconds remaining, he was all alone in the corner and boomed in another 25-footer, this one to cut the deficit to 63-62.

After Ricky Day picked off the ensuing inbounds pass, the entire squad knew exactly what the most logical move would be, percentage-wise, and Toney was given the ball under the goal for what looked like a sure go-ahead bucket. He was fouled prior to the shot, however, and the Chiefs wisely called time-out to put pressure on the 5-10 junior guard.

The strategy was apparently successful, as Toney missed the front end of the 1-and-1 situation and danger of losing possession with time almost elapsed threatened again. Day was there, however, to grab the rebound before being tied up.

Crosbyton controlled the jump ball and Mace McDaniels sank one of two free shots to ice the victory for the Chieftains.

Floydada jumped off to an early 4-0 advantage, before Crosbyton was able to adjust its offensive attack and pick up hazardous long jump shots from outside. That factor proved to be enough to lead the Whirlwinds by a 9-7 margin when the horn sounded.

But the advantage inside belonged to Floydada, which utilized its control of the boards to outscore the Chiefs 19-14 and take a 26-23 lead into the dressing room at intermission.

For much of the third stanza, the Winds were able to maintain at least a five-point lead before Crosbyton began utilizing its potent running game to enclose the margin and tie things up at 34 apiece with 2:40 remaining in the quarter. In spite of the surge, Floydada regrouped and posted a 45-41 advantage, when the buzzer finally sounded.

During the first four minutes of the final frame, the momentum apparently belonged to the visitors, who led by as much as 7 points on several occasions during the period. Crosbyton continued to dominate and control the tempo of the contest until less than two minutes to play, when the Whirlwinds began their crowd-pleasing heroics.

Individual total points and rebounds: Toney 14, 3; Collins 6, 2; Carthel 6, 0; Feuerbacher 6, 0; Becker 5, 2; Green 4, 1; Day 1, 4; Vickers 10, 3; Naylor 8, 3.

**Health Services Provided In Floydada**

Health Services provided for residents in the county are available through the local Family Service Center located in Floydada. The Floydada office is a satellite of the Central Family Service Center in Amarillo. Mrs. Audette W. Coker is the local health worker office regular office for people having physical or mental health problems. She visits the office on Wednesdays and Thursdays each week. Joe M.S.W., has appointments with individuals, couples and groups on this two county

area. According to Tillman, "individual, group, marital, family counseling is available locally through the Floydada office." The type of therapy provided each client or clients depends on the presenting problems that people are wanting to work with.

Tillman explains therapy as a sitting where individual (s) verbalizes a stressful situation. Therapy gives people a chance to look at their intradynamic personality make-up, and how a person may want to change behavior according to pressure.

A large majority of counseling done through the local Family Service Center involves marital and (or) family therapy. These types of

therapy involve more than one person and usually other family members. "In family therapy," Tillman states, "the identified client may not be the only one with a problem." He continues, "often the presenting problem is only symptomatic of the relationship patterns within the family unit."

The local office provides therapy for the public on a sliding scale fee charge commensurate with a person's ability to pay. According to Tillman, "the services provided through the local office attempts to meet the needs of the community and of those asking for help."

Tillman and other staff members are available, at no charge, for community organization programs related

to behavioral problems individually, marital or family. Persons interested in finding out more about the services through the local office, may contact Audette Kincaid at 983-2584. In conclusion, Tillman states, "the local office is provided for people in Floyd and Motley counties. We want people to feel free to call us at any time."

**Museum Board Has Meeting**

The publishing of Floyd County history, book form, was discussed at the quarterly meeting of the Floyd County Historical Museum board members. Dave Taylor of Lubbock presented cost estimates of different sizes and bindings of books.

The board met in a called session February 7 in the museum to vote their approval of entering into contract with the publisher. History books of several neighboring counties were examined before casting votes.

The History of Floyd County will contain family histories of all who wish to participate. No length of residency or limitation to early day settlers will be imposed. A set number of columns will be offered for each story. If a family does not use all the space contracted, pictures or fillers may be used.

Mrs. Virginia Taylor, board president, will announce a general committee and a field committee for each community in the county. Additional details will

also be announced later. Members attending the meeting included Helene Holt, Reba Henry, Joyce Williams, Alice Henry, Jim Word, J. D. Copeland, Joe Parrish, Grigsby Milton, Ted Bell, Sherry Colston and Virginia Taylor.

## KKYN Farm Implement Show February 19

The 1977 Agri-Plex Farm Implement Show, sponsored by the KKYN Farm Services Department, will be held Saturday, February 19th, in the Hale County Agriculture Center in Plainview. The all day Farm Implement Show will begin at 7:00 a.m. and run until 6:00 p.m. Admission is free and the Farm Implement Show is open to anyone interested in seeing the newest model tractors and farm implements on the market this year.

Free refreshments will be available all day during the Farm Implement Show, courtesy of Western Ag. Sales Company, The Hamby company and other exhibitors. A free breakfast of pancakes and coffee will be served from 7:00 a.m. until 10:00 a.m. on February 19th, courtesy of Tillerson-Fish, Inc. of Plainview.

"This Farm Implement Show is designed for the farmers of our area," said Spike Wideman, Farm Services Director for KKYN. "We hope everyone who can, will come by the Ag Center sometime during the day, February 19th. Everyone involved is anxious and ready for that Saturday to get here."

In addition to seeing all new tractors and farm equipment on the market in this region, there are several "interesting" items to be on display that Saturday: Several rebuilt, running, antique tractors and a tube-sock knitting machine will make about 10 pairs of cotton athletic tube socks that day. The machine is being brought to Plainview from Lubbock's Texas Tech Textile Research Center.

The Farm Implement Show, the first of its kind in the Agri-Plex, will give area farmers the opportunity to come indoors to one central location and see the various types of farm tractors and implements on the market. The Hale County Airport is right across highway 87 (Business) from the Ag Center, so anyone wishing to fly in for the show will have no trouble getting to the site.

The revenue gained from the implement show will be spent entirely on livestock premiums, during the South West Junior Livestock Show in Lubbock March 13-16th and the Plainview Stock Show March 22-24th.

First Baptist Church Media Center/Library

**JULIE OF THE WOLVES** by Jean Craighead George well deserves the Newberry Medal which it received as the most distinguished contribution to literature for children, published in the United States in 1972. It is a beautiful story of an Eskimo girl, torn between the old and the new. Lost in the language of the wolves so that they will help her survive. She learns to love the Arctic wolves as her brothers. As she finds her way closer to civilization and her dream of living with her pen pal in San Francisco, she begins to re-evaluate her choices. Finding the father she had thought was dead brings her to confront that the way of the Eskimo as she knew it is gone, and to survive, she too, must change. This is another of those timeless, ageless books that reaches both the young person and the adult. To pass it up because it is classified as a juvenile book would be a mistake...it would be a good book to read aloud with older children.

**JESUS IS MY GUIDE** by V. Gilbert Beers is one in a series of books designed for the young reader. These are Bible stories that the child can read by himself. At the end of each story are lists of new words, new thoughts to think about, and new things to do. Each story teaches an important Bible truth and relates it to daily Christian living, with him books like this one.

Many lives have been blessed by the ministry of Bertha Smith, Southern Baptist Missionary to China until forced out by the communists in 1948. Her story of the work in China in excitement. Now, in **HOW THE SPIRIT FILLED MY LIFE**, she shares her personal testimony and her retirement to a new career at age seventy here in the United States. She tells of others who have discovered the joy of the Spirit-filled life and points out pitfalls that rob a Christian of this joy. It is not a long book but it is Power-packed and life-changing.

## Pioneer Natural Gas Earnings Reach New

AMARILLO - The Board of Directors of Pioneer Corporation at their meeting held today in Amarillo declared a regular quarterly dividend of 36 cents per share, payable March 9, 1977 to stockholders of record on February 24, 1977.

Consolidated net income and earnings per share for Pioneer Corporation again reached a new high in 1976. Consolidated net income for the year was \$38,034,060

compared to \$26,951,226 in 1975. Earnings per share for 1976 were \$4.09 compared to \$3.03 in 1975 (adjusted for the 20 percent stock dividend). Consolidated net income for the fourth quarter of 1976 was \$8,141,554 or 88 cents per share compared with \$6,472,830 or 72 cents per share for the same period for 1975.

In making the announcement of Pioneer Corporation's income, Pioneer President, K. B. "Tex" Watson

observed that the continued improvement in earnings was primarily a result of Pioneer's subsidiary operations. He said that net income for the Company from subsidiary oil and gas exploration and production and extracted products had increased about 400 percent in the past four years, having gone from \$5 million in 1972, to about \$25 million in 1976.

Additional factors contributing to the earnings in the fourth quarter of 1976 were emergency sales of gas to Michigan-Wisconsin Pipe Line Company and Columbia Gas Transmission Corporation. Watson told the Directors that, in an effort to assist with the national emergency, Pioneer was participating in these emergency gas sales whenever the

AUSTIN-Gov. Dolph Briscoe has issued a proclamation designating February as Heart Month in Texas and urging all citizens to support the American Heart Association's efforts to distribute heart-saving information and gather funds for its research, education and service programs. Present with the governor at signing ceremonies was Robert L. Hardesty, chairman of the American Heart Association's 1977 fund raising drive and Texas System. The AHA's statewide fund raising goal is \$3,100,000.

## Texans Pay More For Gas Than Other States

Austin-Comptroller Bob Bullock said Tuesday that a study of natural gas prices by his office showed that, to nobody's surprise, Texans are paying more on the average for their own natural gas than residents of other states.

Bullock said his Division of Planning and Research

found that 68 percent of the natural gas produced in Texas during fiscal 1976 was sold on the intrastate market, while 32 percent was sold on the interstate market.

Nearly three-fourths of the interstate sales were for 40 cents per MCF (thousand cubic feet) or less, while only about 40 percent of the intrastate sales were at these lower prices, the Comptroller said.

Bullock said the analysis also showed that while Texas is the major gas producing state, it is also the largest user-consuming more than two and one-half times as much gas as the number two user, California.

The analysis is included in the Comptroller's February financial statement.

The monthly statement shows the state spent \$556.2 million in December, bringing total expenditures during the first four months of the fiscal year to \$2.3 billion. Total state revenues for December were \$497.3 million, pushing the year-to-date total revenues to \$2.1 billion.

Bullock said the state closed out its books at the end of December with a total cash balance of \$1.3 billion.

**We deliver.**

**Always have.**

After more than 35 years of experience, the member-owned electric cooperative has the distribution problem down pat, delivering an abundant supply of dependable power. Our cost of delivering power has been kept under control.

But the price of power and the cost of generating fuels is something else. A shortage of natural gas means higher electric bills. Conversion of generating plants to alternate fuels is expensive. And the people who generate our power are no happier than we are with these increased costs.

But our job has always been to deliver power as efficiently, as dependably and as economically as possible. This we have done. This we are doing. And this we will do. It's a 35 year tradition.

## Cotton Officials Optimistic

The search for solutions to cotton's problems dominated official functions at the recent National Cotton Council convention in Orlando, Florida. But in off-stage conversations, optimism was the order of the day.

So reported Donald Johnson, Executive Vice President of Plains Cotton Growers, Inc., Lubbock, on his return February 1. "It seemed to me a big majority at the meeting, representing all segments of our industry, expect 1977 to be a good year for cotton," he said, "with prices improving and holding at satisfactory levels through harvest of the 1977 crop."

Cotton prices received by farmers in calendar 1976, according to the U. S. Department of Agriculture, across the belt averaged 60.6 cents per pound, up from 42.9 cents in 1975. Meanwhile food and feed grains, major alternative crops, were suffering severe price declines, causing some to expect a huge increase in cotton acreage, overproduction and sharply lower prices for cotton in 1977 and 1978.

"Such a possibility certainly exists," agrees Johnson, "but the prevailing opinion in Orlando was that U. S. and foreign acreage and production increases in 1977 aren't likely to be that large."

USDA's report in January put U. S. planting intentions this year at 12.8 million acres, up 10 percent from the 11.6 million planted in 1976. Many at the NCC convention believe domestic and foreign markets can absorb the production from 12.8 million acres without collapsing prices. They cite expected world cotton stocks of less than 20 million bales on August 1, 1977, the lowest since 1924, and a U. S. carryover on that date down to near 3 million, down from 3.7 million the previous August.

"Also, there are a lot of people who doubt that plantings this spring will actually reach the 12.8 million intentions figure," Johnson notes. "And they could be right," he adds, in view of water problems in the far West, three years of poor crops for land-competitive soybeans, too much rain in the Rio Grande Valley and less than ideal subsoil moisture on the High Plains.

Johnson's own thoughts about 1977 price prospects are largely in agreement with those found in Orlando. "Barring extremely favorable growing seasons in all major cotton producing regions of the world and/or an economic recession, world production this year isn't expected to exceed world consumption. And since we have tight supplies and fairly strong prices now, I see no reasons at this point to expect any sustained downward pressure on prices for the rest of the year."

## Certain Tax Guidelines Apply For Separated, Divorced Parents

Certain tax regulations apply to separated and divorced parents in claiming children as dependents on tax returns, the Internal Revenue Service said.

Since only one parent can claim each child as an exemption on his or her return, the parent, generally, with custody of the child for the greater part of the year is entitled to the dependency deduction.

According to the IRS, there may be an exception to the rule based upon terms of the decree and the amount contributed by the parent with support to the child's custody.

Once a determination dependency is made under these rules, the same determination applies in other areas requiring dependency, such as medical expense deductions.

The free IRS Publication 501, "Your Exemptions and Exemptions for Dependents," covers claiming children as a dependency deduction and can be obtained by filling out the handy order blank appearing in the instructions portion of the tax package.
