After these reports were given Dr. Bradley asked for suggestions for community improvement not included in the work programs of the above organizations.

FUTURE NEEDS

The following items were written on a blackboard by Ruth McIntosh as they were suggested by those present:

1. New Christmas lights, 2. little theatre, 3. high school choral music program, 4. more vocational training, 5. retention of trained people through hiring them in this community, 6. crime prevention seminar (especially as it relates to vandalism), 7. need better coordination of projects, 8. volunteer directory, 9. street level library, 10. financing for young farmers, 11. remodel or build new county jail, 12 P.T.A., 13. meeting place for senior citizens, 14. youth center.

Chamber manager Doug Frazior reported 540 persons returned questionnaires about Floydada's needs last week and listed the importance of needs as follows: 1. Needs of youths and students, 2. crime or law enforce-

ment problems, 3. educational needs, 4. housing needs, 5. cultural needs, 6. public recreational needs, 7. city beautification, 8. industrial development, 9. medical problems, 10. transportation

NOW WHAT DOES FLOYDADA NEED?...Ruth McIntosh lists future needs of the Floydada community as Dr. Floyd Bradley moderates forum Monday night.

the third stanza of action, Floydada displayed an offense that performed with more execution than in any previous outing this season. It was the running game that was able to halt the Tulin attack, coupled with the outstanding control of the boards and remarkable composure.

"I felt that our running game was the most helpful thing to our comeback in the final quarter," head coach Rollie Rinker explained following the contest in the dressing room. "We not only were able to run well, but we were setting it up and working for the good shot each time we hustled down the floor, and that's really important."

Floydada began its memorable comeback midway through the final period, which is typical of many games played this season. Trailing 49-43 with 6:01 remaining to play, the Winds brought the ball down the floor and scored on a driving layup from the right side by Joey Davis. A couple of minutes later, Mickey Minnitt decreased the deficit to 49-47 with a booming 25-footer from deep in the left-hand corner. With 3:50 to play, Minnitt tied the score for the first time in the contest by connecting on a 22-footer from the left side. From that moment on, it was

virtually a tossup. Minnitt's 20-footer put the Winds up

Trailing by two, Steve Brown brought the ball down a minute later and was fouled by Minnitt, his second personal. The 6-0 senior calmly sank both free shots to tie things at 57

With 1:33 to play, Morris Keele alertly rebounded a missed shot and put it right back in to give the Whirlwinds a much-needed bucket and a 59-57 lead.

A minute later, Mike Bean, who had one of his finest efforts of the season, picked off the rebound of a missed shot attempt and passed to Coleman, who was fouled and sank both free shots for an almost unsurmountable 4-point lead.

The Hornets did manage to score again with 41 seconds to play on a 10-footer by Ronnie Fox, and temporarily staged a threat when Coleman ventured to the line again, this time with eight seconds remaining. In spite of all pressures imaginable such as a pair of lenghty time-outs and vicious screams from above, he swished the net once to nail down a three-point victory and drop still a further notch down the line of Tulia's popularity list.

In a frustrating first quarter of action, Floydada trailed by a 16-12 score when the horn sounded, despite 5-point performances by Minnitt and Joey Davis.

They took a 31-24 disadvantage into the dressing room, after being victimized by Tulia's awesome quickness on both ends of the floor.

During the third stanza, which was a considerable improvement, the Winds were able to slow down the pace and cut the deficit to three.

Individual total points and rebounds: Davis -17, 4; Keele -15, 12; Minnitt -15, 6; Coleman -6, 7; Carthel -4, 6; Bean -3, 5; Collins -2, 3.

Ultimately this regulation was overriden, but Congress had to go back and pass another law to do it. This episode and others

TEXAS ON WAY TO NO.1 IN AG

-Texas is making steady progress toward becoming the leading state in agricultural income, says the director of the Texas Agricultural Extension Service. A special campaign, "On Our Way to No. 1," was launched by the Extension Service in 1974. The target date is 1980 and the goal is \$8,436 billion. Agricultural income for 1976 is expected to total \$6.618 billion, second only to 1973 and \$600 million above 1975 figures. The Lone Star State should reach the No. 1 spot by the target date, assuming the normal rate of growth for the states currently lead-

Shower Honors Miss Moosberg

The home of Mr. and Mrs. Pike Hanna was the scene of a bridal shower, Saturday, February 12, honoring Miss June Moosberg, bride-elect of Mr. Tommy Sherman of Lockney. Mrs. Hanna, Miss Moosberg and her mother, Mrs. Carl Moosberg, greeted guests at the door. Miss Carla Mooseberg registered guests and Miss Alice Moos-

berg was in the gift room. The serving table was laid with a white, cutwork cloth and centered with a beautiful floral arrangement in a spring motif containing the bride's chosen colors of pink, blue, green and yellow. Mrs. Ned Bradley poured coffee and spiced tea from a silver service. Coffee cakes were

served from silver trays, with crystal plates and cups completing the appointments. Guests from Lockney in-

cluded Mrs. L. K. Sherman, mother of the groom, his sister, Mrs. Eddie Joe Fortenberry and sister-in-law, Mrs. Bill Sherman in whose home wedding vows will be exchanged on Saturday,

Hosting the shower with Mrs. Hanna were Mmes. Bradley, C. B. Hartsell, Jon LaBaume, J. T. Myrick, Weldon Becker, Tom Porter, S. H. Tackett, Joe Thurston and Grady Walker. The hostess gifts were an electric blanket and

THANKS for a nice letter from one of my readers. In a recent "meddlins" I wrote that anyone having complaints or misrepresentation of merchandise or "frauds" to write the Attorney General, Consumer Protection Division. Last August this reader mailed a clock, which was still under warranty, for repair, along with the \$2.50 service charge to the clock company in Florida. They cashed her check and after five months and three letters of inquiry to the company, she was still without the clock and her letters ignored. Some two weeks ago she wrote the Attorney General after reading "Meddlins" and received an immediate reply from his office and February 9th her clock was delivered to her door. A very fast response.

THIS reminds me of a time a friend of mine in another state called her supermarket to complain that a roast she had just purchased from them, was spoiled, and she demanded an immediate replacement. The butcher agreed, on condition that she return the spoiled roast. Muttering that she had no car but would see a neighbor she hung up the phone. Within a matter of minutes. the store manager drove up, came to the door, apologized and handed her another package of meat. She thanked him, adding that her neighbor would have driven her back to the store. "Neighbor!" the manager exclaimed, "I thought you

said Nader!"

A letter too this week from the Gary Campbells in Herkimer, New York. Nancy says everything is covered in snow and it's really cold, but the snow is pretty and they are trying to enjoy it since they will be in New York only one more year. Sounds as if they are looking forward to leaving that part of

SOUTH PLAINS: February 14- We are experiencing wonderful weather this weekend, and we are very grateful for the 1/2 inch of rain which came Friday. All the wheat fields have brightened up, and pastures, and fields are fresh, not dusty. We need lots more rain, but maybe it will soon come.

Staff Sergeant and Mrs. Kenneth Powell arrived home by plane in Amarillo Thursday, and their parents, Mr. and Mrs. Fletcher Powell met them. They have been stationed the past two years in Schwinfurt, Germany, with the US Armed Forces, and they will be here for the next forty-five days, visiting relatives. His next assignment will be at Fort Sill, Oklahoma. They have finished their overseas assignment.

Harry Hartman was working in his garden last Tuesday, and had the misfortune to step and fall on the side of his pickup, and broke his thigh. He was taken to Highland Hospital in Lubbock, and this weekend they were to put a pin in his leg. We hope he gets along satisfactorily, and will soon be able to come home.

Last Tuesday night the Higginbotham house on the farm of Mrs. Ruby Higginbotham caught fireand burned to the ground. We are sorry to see the passing of the familiar landmark.

Hobby Club members met in the home of Mrs. L. T. Wood on Wednesday, February 9, at 2 p.m. with a study on the care of plants. and each one there showed hobbies or new crafts they were making. Roll Call was answered with beauty hints, and refreshments of cinnamon rolls, snacks, coffee and spiced tea were served by hostess, Mrs. Wood. Those

The Floyd County Hesperian Whirlwinds Take Lockney Longhorns

By Doug Simpson The Floydada Whirlwinds utilized the outside shooting ability of Joey Davis combined with the aggressiveness displayed underneath by Rick Carthel and Morris Keele, to overcome a 5-point halftime deficit and defeat the Lockney Longhorns 51-45, in a district 4-AA contest played last Friday afternoon at New Deal. The win improved the Winds' season record to 9-14, and left them with a second half

district mark of 1-2. The initial period of play featured a pair of highpowered offenses that excited the crowd with zonebreaking outside scoring, particularly that of Lockney's Danny Fry. The senior guard shot a blazing 57 percent and connected on 4 of 7 points from the line to net him a total of 22 points, a

they remained within reachable distance until the final two minutes of play. Tulia's Randall Reeves excited the crowd by stealing the ball from his opponents on three consecutive occasions, and each time soaring the length of the court for layups. This scoring spurt resulted in a 15-7 first quarter advantage.

The Hornets extended their lead by a single bucket during the second period, basically by controlling the contest with a very patient offensive attack. Despite a 6-point performance by Tim Collins, Tulia took a 24-14 advantage into the dressing room at intermission.

The Whirlwinds came onto the floor in the second half with a new outlook, which vaunted the stunned Hornets by executing with the greatest of ease, to result in 10 points a 7-point disadvantage when the horn sounded. Floydada was able to find the open man under the bucket on several occasions in the quarter, and also benefitted from long range jump shots.

During the contest's final period, Floydada continued to score well from the outside, and also utilized its tenacious defensive play.

The Winds overcame large deficits at different times in the fourth quarter, and pulled to within two on two occasions in the final three minutes. Tulia, however, was able to capitalize

the Whirlwinds, primarily due to its effectiveness inside, which accounted for 9 of Floydada's first quarter points. Going into the second period of competition, the Winds owned an 11-10 ad-

Floydada's strength underneath enabled the visitors to maintain at least a two-point lead for much of the second quarter, but the 'Horns continued to attack the Whirlwind zone with their tremendous outside

shooting ability. Fry's 22-footer deadlocked the score at 20 apiece with 2:07 remaining to play in the first half, and Lockney regained the lead for the first time when Fry connected again a minute later, this time on a 12-footer from the right side. Allan Sterling

on costly mistakes in the final moments, and also connected on numerous, valuable points from the freethrow line.

Individual total points and rebounds: Vickers -13, 4; Collins -14, 4; Helms - 9,6; Jackson - 5, 2; Carthel - 4, 3; Naylor - 1, 2.

on Floydada's ensuing possession, and quickly made his way down the floor with only 11 seconds, in hope of setting up a last second shot attempt. Danny Clark, how. ever, added to the Whirlwind's woes by connecting on a 10-footer from the key with one second showing, and proceeded to give his team a 25-20 lead at intermission when he sank a free throw to complete the three-

point play. It was a different Whirlwind ball club that took the floor in the second half of play, and it took only 4:04 to regain the lead and finally gain firm control of the contest. The Floydada stampede began when Mick ey Minnitt drilled home a 22-footer with 6:15 show. ing on the scoreboard clock. With 5:32 remaining in the third stanza, Joey Davis ripped off the second straight unanswered bucket on a driving layup from the

left side. Lockney responded on its ensuing possession with a layup by Clark to put his team back up by three points, only to watch it

Somebody is always coming up with a new and unsettling idea. For instance, Prime Minister India Gandhi over in India, where they can make an atomic bomb but haven't figured out how to make a farm tractor, made a long speech the other day before a crowd of over 100,000, and when the speech got boring and the crowd started to leave, she had her police make them stay and listen.

It's one thing to deny the people the right of free speech, but to deny them the right not to listen to a speech, that's a brand new twist. This reminds me of the argument some ople make against televising sessions of the U.S. Congress from start to finish. They say it would damage the image of that body. I don't think it would hurt Congress, but it sure would kill television

Archeological Field School Planned

The South Plains Archeological Society will conduct an archeological field school during February and March of this year.

The field school will be under the direction of Rick Alvey, a graduate student in the Department of Anthropology, Texas Tech University, and will be held over three weekends at the Mitchell Site.

The Mitchell Site is an open campsite in northern Martin County, Texas, about 25 miles south of Lamesa,

The weekends of February 26-27, March 5-6, March 12-13, and March 19-20, have been scheduled for the field school. One weekend is optional due to winter weather conditions. One weekend may be used as a laboratory session.

A Saturday night lecture will be presented at a local meeting hall in Lamesa each weekend of the excavation as a part of the training.

The purpose of the field school is to offer training in archeological field methods with the recovery of artifacts being secondary in importance. Artifacts will be placed in the Dawson County Museum after the site report on the investigation is completed.

The general public may attend by submitting an application to the site director. Those attending will furnish their own water, food, and personal digging tools. A list of supplies needed and a list of motels in Lamesa will be furnished upon request.

The fee for attending this field school will be as follows. Adult, all weekends, \$10.00: Family, all weekends, \$15.00. Students may attend at a weekly rate of

All persons wishing to attend this field school should contact Rick Alvey, 2111 7th Street, Rear Apt. Lubbock, Texas 79401 or at the Department of Anthropology, Texas Tech University, Lubbock, Texas 79409 Phone (806) 747-0048.

By Faye Walters This has been a good week, not quite so cold. I know all the residents enjoyed the warmer weather.

We were able to take our field trip and went out to see the new oil well. Of course we could not tell anything about it after we got there, but the residents enjoyed it anyway. Taking the trip were Ray Reed, the driver Mr. Freeman, Florence Badgett, Dora Langford, Viola Weems, Agnes Anderson, Ida Martin and myself.

Our devotions were just great this week. Our residents are always ready for each days service.

We are happy to have Hope Hammonds home from the hospital but sorry Cleta Bradshaw is still in Caprock hospital and Zollie Burgett is in a Lubbock hospital.

Hope both of them will be home very soon as we all miss them.

We understand Victoria Bartlett has been transferred to a Plainview hospital. Hope she has a speedy recovery.

with bingo. Top winner was Agnes Anderson with 4 games, Clara Williamson won 3 games, Ray Reed, Willie Mae Stambough and Hallie Bertrand all won 2. We are glad these residents enjoy playing so much. We had very good exercise

VALENTINE PARTY AT VICTORY BAPTIST

Members of the Victory Baptist Church had a Valentine Party Monday evening at the church with guest speaker, Orhan Erisir, F.H.S. exchange student from Istanbul, Turkey, telling about his native country

and customs. The ladies of the church honored their husbands with a supper which was served in the Fellowship hall. Approximately 52 persons were in attendance.

MAKES SENSE

STAGGERED MATURITY is making sense to a lot of corn farmers in this area. They have already bought more of Pioneer Hi-Bred's staggered maturity varieties than ever before . . . by almost 100%. They will be planting three hybrids with different maturities, a short season, a medium maturity and a later maturity.

1. Provides insurance against weather and disease.

3. Allows you to harvest each at optimum times.

On the basis of performance data gathered over several years, our agronomists have selected three hybrids for each area. The selection takes into account soil types, weather patterns, the prevalent cultural practices, water availability and disease and insect problems by area. We are recommending these three

> 3780 is a short-season variety that really proved itself in 1976. It is approximately 14 days earlier than 3369A, but doesn't concede profit for its earliness. It may yield a little less than the later hybrids, but costs less to grow.

THE MOST FAMOUS MEDIUM MATURITY

3369A is a medium-maturity corn that has been setting yield records around the Southwest for a number of years. It is planted on more acres than any other hybrid, and with good reason

... profits in good years and bad.

3305 makes use of our long growing season to produce more corn. It will normally harvest five days later than 3369A. It is a tall hybrid with the ability to stand well. Its upright leaves make for easy combining.

SUBSTITUTING

Under certain circumstances it may be necessary or desirable to make substitutions for these hybrids. In fields in which head smut has been observed, for instance, it is recommended that Pioneer brand

additionally offers strong resistance to head smut. Like 3369A, it has demonstrated its ability to yield well under the wide variety of weather conditions this area experiences. 3306 is especially well adapted to sandy If a substitute for 3305 is required, Pioneer brand 3195 is recommended. This hybrid has record-

3306 be substituted for 3369A. It has the same maturity and many of the other characteristics of 3369A and

breaking yield potential on good land and high fertility at medium plant population. Like 3305, it can use our long growing season to increase yield and bushel weight. Roots, stalks, and stay-green characteristics allow it to stand in the field until the combine gets there.

Since 3780 is a near perfect hybrid for the STAGGERED MATURITY program, has at least moderate resistance to most of the diseases that attack corn in this area and is in good supply, it is not anticipated that a substitute for this hybrid will be required.

property, and hunters and fishermen failed to get permission to trespass in many cases, this violation headed the list of complaints in 1976 in Texas.

Landowners, who are the stewards of wildlife, and sportsmen, who help to manage wildlife populations by hunting, need to resolve the problem of trespass prior to the 1977 hunting seasons.

Landowners intersted in leasing their land or allowing hunters to harvest the surplus wildlife should list their names, address, and telephone numbers with the local game warden or in local newspapers.

Sportsmen interested in finding a place to hunt or fish can do so by going out and talking to the landowner, joining a hunting club

which leases hunting rights. or obtaining a lease for themselves or their families

Texas has some of the best hunting and fishing in the United States but, only after an agreement between the landowner and sportsmen can this venture be legal and successful.

Punk rockers tear up airport

LONDON (AP) - Britain's most notorious rock group, the Sex Pistols, said a few parting words at London's Heathrow airport - most of them the four-letter variety.

Airline staff said the group Tuesday shocked onlookers by vomiting and spitting in the terminal building and using ob
