LON DAVIS receives "boss of year" award from Dot Word.

Cowboy Football Star Receives Warm Welcome

DAN REEVES receives appreciation plaque from Anne Willson. (Staff Photo).

Davis And Hollums Favorite Bosses

By Wendell Tooley
Dallas Cowboy football star Dan Reeves was really "at home" as he spoke to this football oriented community Monday night at the annual Chamber of Commerce banquet. The handsome offensive coordinator of the Cowboys wove an entertaining story of his humorous experiences in 12 years of active play with the Cowboys. He told the banquet that the biggest motivator of all is pride and "that applies not only to football, but every day of life."
"I do not believe fear is a great motivator...I had much rather have a player respect me," continued Reeves. He also emphasized the importance of hard work for both successful football players and everyone in all areas of life.
He said that people who are successful are the ones that work harder than the other guy, adding that if a person respects you, he'll work that much harder for you.
He said that the Cowboys were looking forward to next year and couldn't wait to make it to the Super Bowl in New Orleans. He noted that the Cowboys had been victorious in their last junket to the Crescent City. Reeves then obliged his many Floydada fans with an autograph session to conclude the evening program.

\$1,000 Needed For Scout Fund

According to a report from Jimmy Willson and Ed Wester \$1,000 is still needed on the current Boy Scout fund raising. Willson said 15 Rotarians and 15 Lions still have not made their solicitations and he urged them to do so.
Anyone who wants to contribute to the Boy Scouts may give or mail their money to Jimmy or Ed.

Rev. and Mrs. Randy Nixon will be moving to Floydada about May 1 when Rev. Nixon will become the pastor of the Calvary Baptist Church. He will begin preaching here March 13. He is also a student at Wayland College and the Nixons will be moving here from Plainview. His father was a Baptist pastor in the Crosbyton area many years. Both Nixons are natives of Crosbyton. Rev. Nixon was ordained in the Guthrie First Baptist Church.

Two More Enter School Board Race

As of noon Wednesday, five persons are seeking three vacancies on the Floydada school board.
Betty Holmes is seeking re-election, Eugene (Button) Beedy, Mrs. Kinder Farris, Adrain Helms and Robert Stovall have all filed.
Deadline for filing was 5 p.m. Wednesday.
CITY COUNCIL
At press time Wednesday there had been no change in the city council election with mayor Parnell Powell, councilmen Wayne Russell and Jerry Thompson all seeking re-election.

Caprock Chat

By Wendell Tooley
The school board has received the message that the tax payers are also interested in art, music, and an assistant for the band director. Of course it doesn't take a bond election for the school board to make these adjustments in education, they need only vote to do so.
There are some needed improvements at Andrews Ward that are not athletic, and the added field house at high school would make room for some needed classrooms over there when the bond passes.
I ATTENDED SEVERAL chamber of commerce banquets with the late John Reue. John, as chamber manager always ran a time schedule on each banquet. How much time for eating, introducing guests, introducing officers, speaker, and what have you. John was never in favor of "dragging a banquet out."
He would have given the Monday night chamber banquet a good solid A.

Cotton Commodity Meeting Tonight

"Every cotton farmer in this area should take time to attend a cotton commodity meeting in Floydada tonight...we must formulate the cotton program we want and we need all the ideas we can get," Omar Burleson told a reporter from this newspaper yesterday.
Burleson is chairman of the Cotton Commodity Committee of the Floyd County Farm Bureau and will be in charge of the meeting which begins at 8 o'clock tonight in the Massie Activity Center.
Don Petty, Texas Farm Bureau, will be the master of ceremonies and David Jordanning, Economic Research and Development of Cotton Inc., Raleigh, N. C. will be the featured speaker.
Farm Bureau representative Joe Lust of Lubbock will also attend the meeting.

Love Fund Started For Hernandez Child

A special love fund has been started at First Christian Church, Floydada for Chris Elda Hernandez, four and a half year old daughter of Mrs. Alice (Enriquez) Hernandez of Floydada. The youngster underwent open heart surgery and a life time pace maker was installed. Funds collected will help offset medical expenses incurred.
Chris Elda underwent heart surgery in St. Mary of the Plains Hospital in Lubbock Monday, February 21 and was in intensive care five days. She was later checked and found the pace maker would be a necessity and she underwent additional surgery February 28th to have the pacemaker installed.

Two File For Hospital Board

Two men have filed for election to the Caprock Hospital board. Laron Fulton is seeking re-election and William Bertram seeks election.
Deadline for filing is Monday, March 7. Persons desiring to file should see Doyle Walls, secretary of the board for petition that must be signed by 25 qualified voters.
President of the board Dallas Ramsey is not seeking re-election to the board.

American Legion Organizational Meet Friday Night

All members, past members and veterans are invited to an organizational meeting Friday night, March 4, at 8 o'clock in the Massie Activity Center in Floydada.
The meeting has been called by order of district commander Donald J. McCray of Big Springs.
All Post 118 members are especially invited to attend.

Band Boosters Will Meet Monday Night

Floydada Band Boosters will hold an important meeting Monday night, March 7th at Lighthouse Electric. Everyone is urged to attend.

Lion Broom Sale

meeting were: Gene Ehler, Alton Higginbotham, Chuck Holmes, Bud Rainey, Wendell Tooley, Olin Watson
Jr., Bill Hale, Doug Frazier, Lawrence Stovall, Judy Allen and Stewart Dickson.

Dedication First A & M Building April 15-16

Floydada citizens met with Texas A & M representative Ernie Wentreck Thursday morning and laid plans for the dedication of the first A & M Extension school building on April 15 and 16.
The public is invited to attend and several officials from A & M will fly into Floydada on the 15th for luncheon and the dedication service at 2:30 p.m.
A complete open house schedule will be printed in today's Hesperian. Attending the Thursday morning

AND WHILE WE'RE GIVING out grades...a good A or better goes to the Floydada fire department. I followed them to South Plains Tuesday afternoon where the home owned by the Julian Arredondo family was burning. Fortunately, people near at hand had the situation under control and the firemen quickly wound up the job. Think only one bedroom was burned.
I understand this makes three homes in the South Plains area recently to catch on fire.
LOOK FOR A FLOYDADA population increase...the Northern people are moving south. Why?
The South is the cheapest place to live in the U.S., according to a nationwide survey on the cost of living. And the cheapest place of all is Texas...
ON THE OIL FRONT it looks like they are cleaning out the oil well east of Lakeview and we hear rumors of a new lakelet to be drilled north of Lakeview. Anyone know for sure?
"MY THANKS and appreciation to the people of the Floydada community for giving us so many nice things after our house burned."
Jeannie Wall

meeting were: Gene Ehler, Alton Higginbotham, Chuck Holmes, Bud Rainey, Wendell Tooley, Olin Watson Jr., Bill Hale, Doug Frazier, Lawrence Stovall, Judy Allen and Stewart Dickson.

meeting were: Gene Ehler, Alton Higginbotham, Chuck Holmes, Bud Rainey, Wendell Tooley, Olin Watson Jr., Bill Hale, Doug Frazier, Lawrence Stovall, Judy Allen and Stewart Dickson.

Highway Improvement For Floyd County

Lubbock - The State Highway and Public Transportation Commission today approved the 1977 State Highway Safety and Betterment and Farm to Market Road Improvement Program.

Statewide, the 1977 program provides for the improvement of some 4,665 miles of highways at an estimated construction cost of slightly more than \$40

million, with an additional \$7,700 earmarked for right of way acquisition and relocation assistance. Another \$959,000 has been set aside for later assignment.

Similar programs were deferred for about a year in 1975 and 1976 as a result of the financial crisis of the State Department of Highways and Public Transportation.

However, since such programs included rehabilitation of old and obsolete highways, safety measures, and provisions for increased traffic capacity, they could not be long deferred.

Approximately 61 per cent of the program funds will be devoted to State and US Highways, 37 per cent to Farm to Market Roads, and 2 percent held in reserve.

In all, the program includes 694 projects in 212 counties of the state.

Programs such as this are necessary to prevent deterioration of the highway system and a resulting decline in mobility.

Conservation Directors Attend Meeting

Four local conservation leaders attended the semi-annual meeting of Soil and Water Conservation Districts in Littlefield recently. Four directors of the Floyd County Soil and Water Conservation District and Jon J. La Baume, district conservationist for the Soil Conservation Service attended the meeting. The directors, Gilbert Fawver, R. G. Dunlap, Herman King met with other directors in the 15 county area to discuss conservation work.

Kenneth Kuykendall, Cherokee, Texas, President of the State Association of Soil and Water Conservation

District spoke to the conservation group about state wide work and problems facing directors. Kuykendall emphasized that district directors must be recognized as conservation leaders and be involved in all phases of their work.

Charles Wood, Lubbock one of the State Association

directors spoke to the group as did Mr. Frank Gray, Lubbock, one of the five men who serves on the State Soil and Water Conservation Board.

Herman King, Lockney and one of the local five Floyd County directors was nominated to serve on the South Plains Association of SWCD's.

The State Of Divorce

COLLEGE STATION - Forty per cent of new marriages will end in divorce, if current trends continue, Debby Johnson, a family life education specialist, reports.

"Divorce, in most cases, is the result of an unpleasant commitment to a loved one - which taxes both financial and emotional resources. Divorce is never pleasant, and even the most amicable divorce is traumatic for one or both partners," the specialist explained.

Miss Johnson is with the Texas Agricultural Extension Service, The Texas A&M University System.

"Women initiate the divorce action in 68 per cent of the suits, and over half these women are 28 years old or under.

Although the proportion of children living with fathers is increasing, only 8.4 per cent of the children with divorced parents reside with their fathers," she noted.

To keep trauma due to settlement complications to a minimum, the specialist recommended that couples who foresee long, drawn-out negotiations - over money, children or property - seek lawyers who specialize in family law or at least handle

a fair volume of divorce cases.

"They usually charge about the same fee and have had more experience in handling problematic situations.

"The lawyer each individual chooses must be good at dealing with the other side on his client's behalf. Negotiations center around a document called a 'settlement agreement' or a 'separation agreement,' which spells out the details of child custody and visitation, alimony and support payments, and division of property," she said.

For the names of family-law specialists, couples can contact the following sources - friends who are recently

THE HEAT PUMP

KEEP ROLLING AND FIGHTING LOST HEAT

MANUFACTURERS SHIP 170,000 HEAT PUMPS IN FIRST 7 MONTHS (as compared with 169,000 for all of 1975)

If you don't have a heat pump you, at least, should find out more about it. It's the most efficient, here NOW, piece of heating equipment available at reasonable cost. The electric heat pump saves energy, so it saves money. By using otherwise wasted Lost Heat present in outside air, the electric heat pump delivers as much as two units of heat for every heat unit of electricity it uses. Nationwide, heat pumps are going into nearly half the new homes with electric heating. In our area alone 287 heat pumps have been installed in the past year. Updating your old home's heating system? Better find out about the heat pump... ask us.

created jobs. The emphasis
should be on encouraging
the creation of jobs through
our free enterprise system.

The tide has turned in
recent months, the employ-
ment tax credit has taken
hold.

President Carter, in his
program for stimulating the
economy, suggests a form of
the employment tax credit.
He wants payroll taxes re-
duced so it will be easier for
businessmen to hire work-
ers.

Chairman Ullman of the
House Ways and Means
Committee and several
other colleagues of mine, in
both the House and the
Senate, have made similar
proposals.

I FEEL THAT MY
PLAN, which would phase
the tax credit in during hard
times and phase it out when
unemployment comes down,
is superior to some of the
more unrefined approaches
that have been suggested in
recent weeks, and I told the
Ways and Means Committee
this during recent testi-
mony.

But the important thing is
to make the idea of an
employment tax credit real-
ity this year. Two professors
at the University of Iowa
were commissioned last year
by the Joint Congressional
Subcommittee on Economic
Growth, of which I am
Chairman, to study this tax
credit. They reported back
that if it had been adopted in
the fall of 1975, two million
more Americans would have
jobs today and inflation
would be almost two percent
lower.

Delaying its passage fur-
ther would only mean higher
unemployment and higher
inflation. We cannot afford
that.

What about the future of
coffee prices? Wholesale pri-
ces have nearly doubled in
the past 15 months. If there
is no further problem with
the world coffee production
—such as front in Brazil—the
normal trend may resume
by 1979-80 — or perhaps soon-
er according to reports by
the Foreign Agricultural
Service, U.S. Department of
Agriculture. Present world
stocks are considered ade-
quate to offset foreseeable
crop deficits. The world
coffee supplies will continue
tight, however, and prices
will remain relatively high,
says Mrs. Gwendolyn Cly-
att, consumer marketing in-
formation specialist with the
Texas Agricultural Exten-
sion Service, The Texas
A&M University System.

TOP FLOWER CHOICES
—Americans haven't changed
much during the past 29
years as far as their top
flower choices are concern-
ed, points out a landscape
horticulturist with the
Texas Agricultural Exten-
sion Service. The three
most popular flowers in 1946
—petunias, zinnias and mari-
gold— are still the most
popular today, based on seed
packet sales. Petunias were
the most popular in 1946
while zinnias were tops in
seed sales in 1975. Although
petunias ranked third in
seed sales in 1975, they
would be the most popular
flower by far if the sales of
bedding plants were includ-
ed.

ENERGY SOURCES
ON FARMS, RANCHES -
Texas farmers and ranchers
currently have vast sources
of energy on their lands—the
secret is how to put them to
use. Among the renewable
energy sources are the sun,
the wind, crop residues and
animal manures. The Center
for Energy and Mineral Re-
sources at Texas A&M Uni-
versity is conducting re-
search to find feasible ways
to use these energy sources
so that some of the pressure
can be taken off declining
stocks of oil and gas. Since
agriculture uses a tremen-
dous amount of energy, it is
vital that alternate sources
of energy be found.

Many of the fashionable
dishcloth and mesh fabrics
for summer require special
handing of seams to prevent
raveling and fraying. In
ready-to-wear, look for en-
closed seams and narrow
double-stitched seams.
Home-sewers can use a nar-
row zigzag seam or two rows
of straight stitching about
one-eighth inch apart. Mar-
garet Ann Vanderpoorten,
clothing specialist with the
Texas Agricultural Exten-
sion Service, The Texas
A&M University System,
says.

World Day Of Prayer March 4th

World Day of Prayer will be celebrated by local churches in Floydada on Friday, March 4, at 10:30 a.m. in the First United Methodist Church. Church Women United in thousands of local communities across the nation will join in this annual chain of prayer that links the first voice at dawn in the tropical islands of the Pacific with millions of others in 170 countries and islands. By nightfall, the Day's message, "Love in Action," will have followed the sun's arc until the last prayers are said in units of Church Women United in the islands off the coast of Alaska.

Members of The Christian Women's Fellowship of First Christian Church are responsible for bringing the program Friday morning. They will be assisted by friends of other denominations, and urge the women of all local churches to come together for this annual program and prayer opportunity.

Lunch is provided for children.

Lunch will be served in the fellowship hall following the program.

Since the first small gatherings in the United States 90 years ago, the idea of united prayer by women around the world has increasingly captured the imagination of community groups. Today, World Day of Prayer can be described as the most important ecumenical and international observance of the year!

Preparation for the Celebration is an internationally far-reaching as the participation in it. World Day of Prayer is under the auspices of an International Committee which has designated Church Women United as

the official sponsor of this Celebration in the United States. The worship services are prepared each year by women from a different part of the world and then translated and adapted to meet the individual needs of each participating country.

This year's worship service, prepared by the women in the German Democratic Republic, reflects their hope that women will "strive together to find ways - familiar and new ways - for 'Love in Action.'" Gudrun Diestel of the Federal Republic of Germany, who was chairperson of the International Committee for the first eight years of its existence, expressed her concern in these words: "Our age is an age where great progress has been made. It is also an age where the suffering of people, suffering in body and soul, has increased. World Day of Prayer is challenging us to discover afresh those who may be our neighbors who have been overlooking; to discover those who may be far away and in need of our support."

The small group of women who first initiated World Day of Prayer in 1887 firmly believed that the mission work for which they were responsible needed their support in prayer as much as in giving. Church Women United has continued this tradition through Intercontinental Mission, a fund for administering the nationwide offerings received on World Day of Prayer.

This year church women will translate love into action through grants made to meet the needs of people in the six continents in the following areas: spiritual growth, community and fam-

ily services, socio-economic development, education, health programs, human rights, justice, peace building, women's concerns, and hunger in the United States and globally.

World Day of Prayer is the most widely observed ecumenical Celebration sponsored by Church women United - the movement through which Protestant, Roman Catholic and Orthodox women express their fellowship, study and cooperative action in every state and community in every state across the nation.

AFS Student Gives Program To 1950 Club Members

American Field Service student of Floydada, Orran Erisir of Istanbul, Turkey, presented the program for members of the 1950 Study Club Tuesday night in fellowship hall of the First United Methodist Church. He was accompanied by the meeting by Mrs. Pete Hickerson, host parent.

Orran showed slides and gave interesting details of his native country. He also played several piano selections. Mrs. Johnny Roberts and Mrs. Curtis Meredith were club hostesses, and Mrs. Doris McLain, club president, presided. She also introduced Mrs. Edell Moore, who presented Doug Frazier, Chamber of Commerce manager. He presented the park's improvement plan in Floydada, and afterwards club members voted to make a pledge to the improvement program.

Mrs. Bill Womack led the group in saying the pledge to the United States flag,

Girl Scouts Observe Thinking Day With Program

Thinking Day, February 22, is an important day for Girl Scouts and Girl Guides throughout the world, for on this day, all troops and organizations join together in the observance. Special programs and ceremonies are held which emphasize peace, friendship, and international understanding.

Floydada Senior Troop #97 and Cadette Troop #333 met together for their Thinking Day program and guest speaker for the event was Floydada High School's American Field student, Orhan Erisir, from Turkey. He showed slides as he described his country and its schools, hospitals, mosques, and homes. Most Turks, he said, now wear western style clothing, but he showed the troops what is typically worn by men on festive occasions - a handmade garment of maroon velvet with silver stitching and a red sash. He said that dating is done mostly in groups - that young people like rock music and dancing. He played some Turkish music, pointing out that compared to American music, it is faster and has a different rhythm. "Women's Lib" is of interest in Turkey as well as other countries and women's rights are more on an equal rights with men than before. He told of the Turkish diet. Sheep are raised in Turkey, but mainly for their wool, so the main protein source in the diet is fish. In showing the scouts a Turkish newspaper, Orhan pointed out that a completely phonetic Roman alphabet is used rather than the old Arabic. As he read from the newspaper, the language sounded soft, musical, and expressive. In a question and answer session, Orhan was asked about prospects for future explorations to locate Noah's Ark. He said nothing was being done at this time, but he personally hoped expeditions would be resumed.

The Junior Girl Scout Troops hosted Mrs. Lisa Howard, Floydada resident, who is from Samoa. She has lived in the United States

since she was a teenager, having come from Samoa to California with her sister after World War II. She talked of her childhood in the village with her family. She is the sixth of fifteen children. She told her real name in Samoan. Her parents, she said, had difficulty in thinking of names for their children. Inspired by the presence of the American military base at Samoa, three of the daughters were given Samoan names meaning Submarine, Airplane, and Marine Corps. Children born later, though, had more American type names such as Joe and Bill. Mrs. Howard said she doesn't have the opportunity to visit her family in Samoa as often as she would like, but when she and her family do go, it is a wonderful trip. She admits, though, that she doesn't tolerate the hot, tropical climate as well as she did as a child.

The Girl Scout troops welcomed the opportunity of hearing first hand about these two countries and their people. They felt they were given much to ponder on this year's Thinking Day.

Approaching Announcements

The engagement and approaching marriage of Miss Sharon Kay Shannon to Alvin Dale Stofel is being announced by the bride-elect's parents, Mr. and Mrs.

Forrest Shannon of Floydada. The prospective groom is the son of Mr. and Mrs. Earl Stofel also of

Coffee Honors

Mrs. J. R. Turner honored her mother, Mrs. Odell Stout with a surprise birthday coffee Monday morning.

Others present for the festive occasion were Mesdames C. W. Denison, Elmer Warren, Robert Garrett, Clarence Goins, J. B. Whitehead, W. B. Lindley, C. M.

Peggy's Meddlin's BY PEGGY MEDLEY

IF nothing more comes of the treasure hunter story I wrote last week than getting two relatives together, the effort will be more than worthwhile. The adopted son of the step-grandfather mentioned in the story thought all these years that his nephew was dead, but has learned of the letter carried in this newspaper, and knows now that he is alive. To make a long story short, Chester Rogers of Bovina, the adopted grandson, has verified the story written to the treasurer hunters by his nephew but said he had forgotten the incident until told by Floydada friends of the recent story. Now his intentions are to locate the whereabouts of his nephew by adoption with a long visit in store for the two. I plan to see that his whereabouts will reach Mr. Rogers as soon as possible.

Despite efforts over the weekend by the two treasure hunters, if there is a buried sword treasure, it is still there. The hunters, in company with others visited the "remembered treasure site" Sunday with their metal detectors and other devices but were unable to locate a thing. However, the hunters are convinced that a treasure of bejeweled Spanish swords, uncovered forty years ago, may still be in the area, so they will keep trying.

IF you are a bridge player then reserve a March 8th from 10 a.m. until 3 p.m. for a tournament in Floydada. Everyone over the area and those from out of town are invited to attend the bridge luncheon and tournament for heart at Massie Activity Center.

DEFINITIONS not found in ARCHIVES: Archives - Where Noah kept his bees. Celebrity - A near-great man far away from home. Experience - (a) What you get when you are looking for something else. (b) Knowledge acquired when too late. Political Leader - One who finds out which way the crowd is going and jumps out ahead of it. Political Platform - Not to

stand on, just to get in on. Temperamental Person - One who is 95 percent temper and 5 percent mental.

Worry - Interest we pay on trouble before it is due.

MOST consumers are thinking twice before pouring coffee down the drain. At today's prices it's equivalent to burning money. Yet warmed or reheated coffee develops an acidic, bitter taste. One of the simplest ways to keep coffee fresh and hot I've learned, is to simply pour into a vacuum bottle, which retains the original temperature of the coffee and therefore does not alter the taste.

RICE is one of the thriftiest foods around (about 3 cents a half-cup serving) and one way to make it even more convenient to serve is to prepare enough at one time so you'll always have cooked rice on hand. Covered and refrigerated, it retains its quality and flavor for six or seven days.

MEXICANO BEEF AND RICE
6 ounces lean ground beef
1/2 cup cooked rice
1/4 cup drained canned whole kernel corn
1/2 cup finely chopped onion
1 teaspoon chili powder
1/2 teaspoon salt
Dash each pepper and garlic powder
1/2 cup canned tomatoes
1/2 cup grated Cheddar cheese

Combine all ingredients except cheese. Mix well. Turn into a greased shallow 1-quart casserole. Cover and bake at 375 degrees for 25 minutes. Remove cover and bake 20 minutes longer. Sprinkle with cheese and serve with corn chips and raw onion rings. Makes 2 servings.

FROM a rural district of England comes the story of a driver of a small sedan braking hastily as the tweedy mistress of a large estate came hurtling around a sharp bend in the narrow road in her large Rolls. Before he could say a work, she shouted, "Pig!" and drove on.

"Cow!" he cried after her in retaliation. Then he drove around the bend himself and crashed head-on into the biggest pig he had ever seen.

Girl Scouts Will "Color My World" Saturday Night

The annual Father-Daughter Girl Scout banquet will be held Saturday night, starting at 7 o'clock in the Massie Activity Center in Floydada. Theme for the event is "Color My World," during which time a variety show will be presented with musical numbers.

Using hand and rod pup-

pets, the show will be presented by performers from Texas Tech. The puppets are people and different animals, and the songs will be from a number of different eras.

The puppets as a performing group have existed some four and a half years. It is a course offered through the

art department taught by Professor Peggy Bright. The students construct and design the puppets, write and choreograph scripts and tape the music. The summer of 1978 will see the National Puppetry Convention at Texas Tech.

The group has presented shows for the Texas Tech

Museum, North Park Mall in Dallas, The State Puppetry Convention, The Mahon Library, and at Matador and various private social and professional clubs.

All Girl Scouts and their fathers are cordially invited to attend the banquet Saturday night.

Diamonds, rubies, sapphires and emeralds are listed as precious stones.

Caprock Canyons State Park Rich In Archeology

WTSU -- When people stop to rest and relax in Briscoe County's newly-created Caprock Canyons State Park, they will be continuing a tradition begun thousands of years ago.

West Texas State University archeologists have found evidence that prehistoric man as far back as 10,000 years ago used the Lake Theo area for just those reasons--to collect food, relax, make tools and then travel on.

The archeological importance of the area was highlighted by Panhandle-Plains Historical Museum anthropology curator Bill Harrison who excavated a Folsom bison kill site dating back 8 to 9,000 years. During Harrison's work the land was not yet designated a state park.

West Texas State archeologists returned last November to survey two pieces of land park officials and a nearby rancher are considering exchanging. One piece, which is currently part of the park, is good farming land. The other is outside the park, and is a rugged scenic piece of terrain the survey team found filled with archeological sites.

In the three square miles they surveyed, project archeologist Meeks Etchieson and his assistant Mike Wehrman of Amarillo found 200 sites and almost 3,500 artifacts and lithic materials. On top one knoll they found 392

artifacts, which was one of two significant sites in the group.

"One of the significant sites is neo-Indian, possibly a bison kill site," Etchieson said. "The other is a stratified camp site on a hilltop with material at least from archaic and neo-Indian times."

In surveying, archeologists methodically walk the terrain, carefully watching the ground for any telltale pieces of flint. Significant collections of flint indicate that the generally nomadic Indians of those times stopped for a while to rest, gather food and make new tools. All sites the team found were on top ridge and butte tops.

The artifacts they collected are primarily from the archaic and neo-Indian periods, which span from approximately 5,000 B.C. to historic times, according to Etchieson.

Etchieson and Meeks did find one uncommon artifact -- a five inch piece of polished stone which is slightly curved.

"You usually find polished stone in the Southeast. It is common in Arkansas," Etchieson said.

They may also have found a historic dugout site from the historic period. It contained no artifacts.

"The area was very heavily used from paleo-Indian through the historic Indian periods," Etchieson said. "There was probably a lot of buffalo and more water than there is now."

FLOYDADA STUDENTS...win at area DEA contest in Plainview February 25. Brenda Turner, left, placed second in General Clerical Level II, and Beth Stovall was third in Extemporaneous Verbal Communications Level II. The awards were presented at a brunch held Saturday, February 26th in the Plainview HS Cafeteria. Brenda will compete in the State Contest and Beth will attend as an alternate and also as a voting delegate. The state contest is March 24, 25, 26 in Fort Worth. (Staff Photo).

What One Person Can Do

"I would like to be remembered," said Mary Lou Williams in a recent interview, "as one who tried to bring peace and love to the world playing the piano and trying to save a great art called 'jazz' which is needed on earth more than any other music because of its true spiritual content."

In her 50-year career as a professional musician, Ms. Williams' style has reflected the changes of the times, demonstrating that "jazz is a living art in constant flux."

A renowned jazz musician she now tours the country forming jazz workshops and

giving concerts at schools and colleges. "I like doing something for the teenagers," she reflects.

"Teaching this music to others is another contribution," she feels, "because we no longer have love and the spiritual feeling in music nor have we any more great creators such as Fats Waller, Louis Armstrong, Art Tatum, Duke Ellington, Dizzy Gillespie, Billie Holiday, Charlie Parker and a great many others."

She never tires of her work with "younger people." At her concerts and in her workshops, she "talks with my fingers." And she encourages her audiences young and old to learn how to "listen with the ears of your heart."

She expresses concern for

the destruction of "the souls of potential greats of today," and encourages her listeners to develop their own abilities. Said one younger admirer, "Mary Lou has as much to say to me as she said to my parents years ago. And I surely like what I hear."

Wesley Ann Circle Meets

The Wesley Ann Circle of United Methodist Women of Floydada met Monday, Feb. 28, at 7 p.m. in the home of Mrs. Julia Baker with Mrs. Ethel Hinson as co-hostess. Mrs. Jewel Martin, Program Chairman, presided over the business session, and a continuation of the African Study was given by Mrs. Diana Glover. Refreshments were served to the following members: Mmes. Bennie Liebfried, Elda Bryant, Jewel Martin, Elizabeth Armstrong, Opal Ashton, Diana Glover, Lorena McKinney, Anne Smith, Maymie Clark, Lula Green, and Kathleen Stewart.

Floydada Nursing Home Happenings

By Faye Walters

This week has been very windy.

I know all of our residents are looking forward to warm days so they can get outside, as some of them enjoy going for long walks.

We had good devotions last week. Everyone seemed to get a special blessing from the word of God and also from the beautiful songs.

We were very happy to have Willie Mae Stambough in our exercise class this week. She did real good.

Tuesday was manicure day and we had a real hen party while I was doing their nails.

It was too windy to take our field trip Wednesday but maybe we can go next week. The residents really miss these trips.

Thursday was fun day again with bingo. They were really looking forward to this as we missed playing last week. Top winner was Clara Williamson with three games; Ray Reed, Willie Mae Stambough, Agnes Anderson and Hallie Bertrand won two games each; Della Finley and Hope Hammonds, one game each. We had a good number playing and even had some visitors.

We appreciate all our visitors this week which included: Mrs. Paul Wilson, Wiley Rogers, Ethel Sawyer, Sue Moore, Flora Sawyer, Otis and Dorothy Anderson, Mr. and Mrs. Hubert Davis and Mr. and Mrs. Wendell Jordan and Jamie Sue.

Jolly Stitchers Meet

The Jolly Stitchers Club met Wednesday of last week in the home of Mrs. Eathyl Marble of Plainview. Each member brought a covered dish for a luncheon. Present for the meeting were: Mmes. Grace Colson, Ann Handley, Helen McLeod, Melba Atkins, Edna Lackey, Sylvia Yeary, and the hostess, Mrs. Marble.

The pearl is not considered to be a precious stone although it is high in value.

sure continues beyond a youth's capacity, he becomes distressed.

The dangers of going too far in applying pressure are very real in our society today. Recognizing the warning signs helps parents know when to draw the line and assist in easing up on a young person.

Assistance in the form of individual or family counseling can be very beneficial to the identified stressed family member as well as the family unit in relieving pressures that are potentially devastating to one or more family members. The Family Service Center located in the Floyd County Courthouse provides counseling services to all family members of both Floyd and Motley Counties to assist in relieving devastating pressures. The fee charge is on a sliding scale commensurate with a family's ability to pay. Persons interested in securing additional information about these local services may contact Audette Kincaid at 983-2584.

Nipping a stressful problem "in the bud" makes an old cliché ring true for today as well as yesterday -- "an ounce of prevention is worth a pound of cure."

The U. S. Post Office Department approved the use of zip codes and two-letter state abbreviations in 1963.

NEWS 'N' NOTES

(by Sharon Hillis)

Too much pressure can lead to stress and anxiety. Some of the warning signs are clear when this occurs parents need only observe their youngster. Has his or her general attitude changed - is he/she depressed, extremely nervous, or turning to alcohol or drugs for relief? Any physical symptoms - is he/she wakeful and restless at night when he or she ordinarily slept well. Does he/she twist hair, urinate more frequently or even unravel socks? All these signs point to a youngster under too much stress.

All of us are aware of the advantages of certain kinds of pressures and deliberately apply them. However, pressures may hurt and even destroy. When pres-

sure can increase. For example, with a high grade student will probably have motivation in exam to study with high grade. There is a point where the youngster is offered and achieved off.

Beef Production Short Course March 7-10

A beef production short course for adult farmers will be held this month under the sponsorship of the Floydada High School Vocational Agriculture Department according to C. E. Tyer, Superintendent, and Don Stegall, Teacher of Vocational Agriculture.

Dr. Richard C. Thomas, Beef Production Specialist with the Vocational Agriculture Division of the Texas Education Agency and the Department of Animal Science at Texas A&M University, will be the instructor for the course. He is headquartered at Texas A&M University.

Dr. Thomas has a strong background in animal production and genetics. He received his B.S. and M.S. degrees from Texas A&M University and his Ph.D. degree from Iowa State University. His graduate thesis was a detailed study of growth and size of cow and their affect on weaning weight of the calf.

For the past seven years Dr. Thomas has been in charge of the Beef Cattle Research at the Experiment Station at McGregor. His responsibilities there included the direction of record keeping and management of an 850-cow herd that was bred totally by A.I. and of a 500-head feed lot. This entailed direct supervision of the nutrition, health and reproduction programs employed there.

The short course at Floydada High School is scheduled to begin March 7 - 10 at 7:30 p.m. in the Vocational Agriculture Building. During the dates the short course is in progress, Dr. Thomas will be available to assist cattlemen with individual problems and to provide on-the-farm instruction, according to Don Stegall.

Cattlemen interested in attending the short course should write or call the agriculture teacher, Mr. Don Stegall. An entry fee of \$5 will be charged.

Beef Production Short Course certificates will be presented to each cattleman who attends all the training sessions.

Dr. Thomas states that the beef cattle producers of today must take a close look at efficiency of production. Production costs such as land, feed, labor and taxes are rising without a relative increase in market values. The specialist also states that in order to deal with this type of situation, the producer must look at the costs and returns of the different types of production systems. Dr. Thomas states that considerable time will be spent during the short course looking at the potential costs and returns of some of the production systems. Selection of important characteristics such as fertility, ease of calving, size and growth will be discussed along with topics such as pregnancy diagnosis, range management, supplemental feeding and herd health. The course can be changed to meet the needs of the producers enrolled.

"Short courses in beef production, as well as in other areas, are now available to farmers and ranchers throughout the state under a cooperative program between the Texas Education Agency and Texas A&M University," states Bob Jaska, associate professor, Department of Agricultural Education of Texas A&M University, who coordinates the program for Texas A&M.

"This cooperative program," states Jaska, "is designed to make the services of specialists available to conduct short courses under the supervision of public schools. Such a program will enable teachers of vocational agriculture to provide improved educational services to farm and ranch people."

Specialists are now available in the fields of beef production, farm electric wiring and safety, farm electric motors, arc welding, swine production, tractor maintenance, pasture, and oxy-acetylene welding.

Extra Dimension

By Coach L. G. Wilson
I am sure that athletic competition has added a worthy extra dimension to the lives of many men.

Beyond my own personal participation in athletics, I have enjoyed many memorable years of direct association with many young and wonderful kids at their most easily influenced stage of life.

I've learned that the thrill of coaching is not just winning the big game. More often it is that of calling the squad together after a hard day's practice, looking into those dirty, sweating and sometimes bloody faces, and knowing that those young men have been doing something that is good for them.

It is the thrill of having a boy come to you with a problem, seeking counsel and advice on a matter sometimes too personal to

CROWDED CONDITIONS AT FHS GYMNASIUM, when as many as four classes use the gymnasium the sixth period each day...this includes boys and girls.

discuss with his parents. It is the thrill of observing the most visible day by day growth of young men as they begin to develop to their full potential. It is the thrill of watching these young men step into the arena poised, disciplined, ready to test themselves and

the skills which they have acquired.

Best of all, it is the thrill of seeing them year after year go forth from our school and the playing field of our school with that extra dimension needed to succeed in the more demanding Game of Life.

WHIRLWINDS FIFTH AT BROWNFIELD

By Doug Simpson
The Estacado Matadors captured 1st place in four of the six relay events to finish with a 163-point effort and out-duel host Brownfield for the championship of the annually tough Cub Relays held last Saturday. Rounding out the top five in the event were Brownfield, which finished with a close 141 total points, Levelland, with 117, Slaton with 98, and Floydada, which copped 78 points, and proved to be the only AA club to place in the top five, other than the powerful Tigers.

Pacing the Whirlwinds in the field events were Carmen Soliz, who hurled a 44' 9" throw for third place, behind participants from Levelland and Estacado, and Mickey Minnitt, whose impressive 21' 1" leap netted the only first place of the day for Floydada, in the long jump event.

Floydada's 440 relay team of Jay Womack, Charles Bradford, Danny Colston, and Randy Ratheal captured third place in the 1st of six relay events, while the

sprint medley team consisting of Minnitt, Womack, Colston, and Ratheal also gained a third place ribbon in that event.

The Whirlwinds also captured a third place finish in the mile relay, which included Bradford, Womack, Ratheal, and Colston, also. The team finished behind the first place Matadors with a time of 3:36.05.

INDIVIDUAL EFFORTS
Shot Put: Soliz, 3rd, 44' 9 1/4"; Paul Radloff, 5th, 43' 11".
Long Jump: Minnitt, 1st, 21' 1 1/2"; Womack, 3rd, 19' 8"; Ratheal, 5th, 18' 8".

Pole Vault: Steve Westbrook, 4th, 12'.

440 Relay: (Colston, Minnitt, Womack, Ratheal) 3rd, 44.24.

Sprint Medley Relay: (Minnitt, Womack, Bradley, Ratheal) 3rd, 3:50.41.

Mile Relay: (Bradford, Womack, Ratheal, Ricky Day) 3rd, 3:36.05.

Distance Medley: 4th - Ricky Day, Rodney Ratheal, Pat Mendoza, Jesse Martinez 880 Relay: 5th - Ray

Toney, Rick Covington, Marty Daniel, Charles Bradford.

2 Mile Relay: 6th, Pat Mendoza, Brad Feuerbacher, Rodney Ratheal, Jesse Martinez.

TEAM TOTOAL:
Estacado - 163, Brownfield - 141, Levelland - 117, Slaton - 98, Floydada - 78, Dunbar - 50, Lamesa - 32.

THE WHIRLWINDS AND THE WHIRLETTES WILL BE IN THE TULIA TRACK MEET THIS SATURDAY...YOU ALL COME

When buying a used car, be sure to get a written mileage disclosure statement just before completing the sale. Ms. Claudia Kerbel, consumer information specialist with the Texas Agricultural Extension Service, The Texas A&M University System, says,

Letter To The Editor

Dear Editor:

With the approaching bond election and HIRING of school teachers for next year at hand, it is time Floydada takes a honest look at what they are getting for their children and their future.

Am I wrong to say we have EIGHT football coaches for Jr. and High School football players numbering about 200 people; or ONE hand teacher for 300 people; or 150 students per-educator teacher???

I am all for P.E. for it does teach discipline, fair play, etc. But eight football coaches is totally unreasonable for a town of this size. HOW MANY graduating students have played one ounce of football since graduation???

Other than those on scholarship, I haven't seen many. What about the rest of the student body who are not down on that field learning all that discipline, exercise, etc. It doesn't take that much brain power to watch a football game or very much exercise to jump up and down for the plays. I was under the impression that schools are for educating and stimulating the brain. But let us add also some and self-fulfillment and satisfaction for the student during and after schooling.

There are students here who absolutely can not afford to have private lessons given to them to learn to play musical instruments or singing lessons or who want to know how to do some type of process of art work. The upper grades should be their basic teaching grades so they can go after school and refine their learned knowledge. Well, they sure are not getting it in Floydada. Apparently, Floydada doesn't care there are no upper grades Art or General Music teachers. I wonder if this means only 200 students are getting self-fulfillment and satisfaction and the rest of the student body are getting extremely short-changed in their needs.

I can not think of one house I have been in Floydada, that did not have some kind of art work and/or a musical instrument in them. Unless you block the TV football game view, I doubt if you will hear the word "Football."

Schools are for educating all the person, not to groove a person to think, breath and live one subject. Maybe it is boredom and too many relatives or the lack of a student knowledge of fine art courses that has caused this sport mania.

It is the mind not the eyeball that has to survive this world and we are not preparing our students properly for this survival. Teach the students to use their mind; to love and use what they have been taught.

Sincerely:
Sandra Chunn

Mr. Tooley:

I would like to reply to a recent letter in your column concerning the school bond issue. This letter alleged that every weekend all one can see on the tennis courts is adults. Most of the students who play do so on week days, and all of us take turns. I have yet to meet someone, adult or teenager, who is unwilling to wait until a match is finished to begin his own match. If Mr. Bertrand wanted to get his exercise by running on the track field, I doubt if others would object. Our taxes do pay for these facilities, and certainly it is not uncommon for various organizations to use school facilities in different ways.

If we, as a community, are seriously trying to attract new industry to Floydada, I think we should take into consideration how important recreational facilities are. While the main purpose for new tennis courts is obviously for the school's benefit, it is equally obvious that the whole community will benefit, and I can see nothing wrong with

Morton Indians Tennis Team Foe

The FHS tennis team begins its season with a trip to Morton on March 10. The first tournament will be at Brownfield March 11-12.

Tennis coach Gary Steves made this comment about his players for the season in an interview Tuesday:

"This year we have some outstanding tennis players and some that will be very good in the future if not this year.

We hope we have enough consistency to make it through district and with our tough schedule we will have to gain the experience fast if we plan to make a good showing past district.

Seniors, Alonzo Gonzales

and Keith Tooley will be our outstanding boys this year. As a doubles team, they took second in the Lubbock Tournament earlier this year.

Also a senior, Tracy Puckett looks like our outstanding girl this year. Not having had much time to practice, she still has the potential to do real good in district.

These boys and girls are backed up by a lot of very good players who can help the team a lot this year.

If all our players continue to improve as they have been, Floydada will be well represented this year and many years to come in tennis.

Come out and watch these

VOTE AGAINST BOND ISSUE

FOR THE FOLLOWING REASONS

1. PRESENT DEBT IS \$1,570,812.00.
2. IF THE BOND ISSUE PASSES THE DEBT WILL BE \$2,225,812.00.
3. THE BOND ISSUE IS ABSOLUTELY UNNECESSARY BECAUSE REPAIRS TO PRESENT FACILITIES CAN BE MADE WITHOUT A BOND ELECTION.
4. ALSO UNNECESSARY BECAUSE ATHLETIC PROGRAMS WILL CONTINUE WITHOUT A BOND ELECTION.
5. PRESENT TAXES ARE A BURDEN AND THEY WILL INCREASE BECAUSE THE LARGE ANNUAL PAYMENTS ON OUR PRESENT DEBTS ARE YET TO BE PAID. INFLATION WILL ALSO INCREASE EXPENSES SUCH AS SALARIES, REPAIRS, MAINTENANCE.
6. FLOYDADA SCHOOL DISTRICT HAS A LARGER TAX ASSESSMENT THAN MANY OTHER DISTRICTS. A GOOD CITIZEN CAN SUPPORT THE SCHOOL WITHOUT VOTING FOR AN UNNECESSARY, UNWARRANTED AND EXCESSIVE EXPENDITURE OF PUBLIC FUNDS.
7. IN JUNE 1976 A SIMILAR ISSUE WAS REJECTED BY A MARGIN OF 2 TO 1.
8. THIS BOND IS NOT AN INVESTMENT FOR YOUR CHILDREN. IT IS THE CREATION OF A LARGER DEBT FOR THEM TO PAY.

TAXPAYERS OF FLOYDADA SCHOOL DISTRICT

VOTE AGAINST ON MARCH 8.

Paid for by Citizens for Fair Taxation.

Whirlettes At Amarillo

By Doug Simpson
The Amarillo High Sandies, by placing first in an impressive six events out of eleven possible ribbons, finished with 128 points and brought home a first place trophy in the Girls division of the annual Brownfield Cup Relays held last Saturday. The Whirlettes, who faced stiff competitors in each event of the meet, slumped to a disappointing

One Horse of a Hybrid

 **PIONEER**
BRAND
3369A

If you ever cowboied for a living, you had one horse you liked best. It may not have been the prettiest or fastest but it rode easy and got the work done no matter what.

Pioneer brand 3369A is that kind of corn hybrid for a lot of farmers in this area. It's the hybrid that brought corn back to this country ten years ago and there is nothing to beat it yet for good steady production no matter the weather, insects, or disease.

CONSISTENT PRODUCER.

Over the last decade they have put everything that would sprout up against 3369A... including the new glamour girls that look so good until it gets a little dry or a little wet or the wind blows. In good years and bad, 3369A stands up straight with ears firmly attached waiting for the big judge... the combine... to get there.

TAKES STRESS IN ITS STRIDE.

Though it is not recommended for planting on head smut infested land, it is the most dependable corn hybrid ever grown on the High Plains. It adjusts to almost any other kind of stress... over planting, drought, extreme heat, high winds, bugs, disease... you name it and 3369A has been there and produced a good corn crop.

If you're not farming in a greenhouse, tell your Pioneer dealer to save you some 3369A.

PIONEER HI-BRED INTERNATIONAL, INC., Southwestern Division
P. O. Box 788, Plainview, Texas 79072

STAGGERED MATURITY
If you're farming big acreage, 3369A is the perfect hybrid to use with Pioneer brand 3780 and 3195 in a **STAGGERED MATURITY** planting program. This new Pioneer program allows you to:
Hedge against weather problems
Use water, labor and machinery more efficiently
Harvest each variety at the optimum time
Your Pioneer dealer has a brochure which gives you the whole **STAGGERED MATURITY** story. Talk to him right away.

Pioneer is a brand name. Numbers identify varieties.

Slide Programs Available

Now available for programs of clubs and civic groups and school classes are slides taken by Mrs. Henry (Thelms) Hodel of Lockney. Mrs. Hodel has given a large number of her slides taken on vacation trips and a slide projector to the Lockney branch of Floyd County Library. Any group may check out the slides and projector from Mrs. Helene Holt, librarian, during regular library hours of 1 to 5 p.m. on weekdays. Slides in the group are of scenes in Pisa, Venice, the Riviera, Rome, Paris and the French countryside, England, Belgium, Germany, Lichenstein, Switzerland, Hawaii, Ireland, Scotland, Norway, Denmark, Finland, Sweden, Canada, Russia, Germany, and in the United States: Williamsburg and Appamatox, Virginia, and Florida.

Income drops sharply for most people at the time of retirement as a group, retired people live on less than half of the income of working people, Mrs. Vivian Blair, family life education specialist-aging with the Texas Agricultural Extension Service, The Texas A&M University System, says.

By the time she's 39 we'll need 8.5 TRILLION kilowatt hours.

Five times as much electricity as we use today will be required by the turn of the century. Producing such a prodigious supply will be a difficult task for the people who generate our electricity. And it will be costly.

While we at The Cooperative are keeping distribution costs under control, the cost of producing power continues its upward spiral. The only present remedy for the pain of higher prices is conservation.

While "youth must be served" there's no question they will be served more dependably if conservation becomes a part of our lives as well as theirs.

Lighthouse Electric Floydada, Texas

OBITUARIES

J. E. Russell

Rites for J. E. "Eddie" Russell, 75 year old longtime resident of Motley County and father of James Ed Russell of Floydada, were held Tuesday in the First Baptist Church in Matador. Russell died Monday in Hale Center. Burial was in East Mound Cemetery.

Born in Stanton, Mr. Russell was a farmer and rancher and had also served as Motley County deputy sheriff for eight years. He was a member of the First Baptist Church and the Board of Deacons.

Survivors include his wife, Willie; two sons, James Ed of Floydada and Gordon of Hale Center; two sisters and three grandchildren.

The family requests memorials be to East Mound Cemetery or the American Cancer Society.

J. R. Mallow

Services for J. R. Mallow, 59-year old brother of two Floydada women, were conducted yesterday afternoon in the Lemons Memorial Chapel in Plainview. Burial was in Plainview Memorial Park.

Mallow was born in Crosby County and grew up in Silverton where he attended school. He moved to Hale County in 1936 from Silverton, and was married in Plainview to Louise Latta on October 11, 1942. He was a farmer and a member of the Methodist Church.

Survivors include his wife; four brothers, Charlie and Truman, both of Plainview, and Cecil and J. T. both of Lubbock; and four sisters, Mrs. Omer (Carrie) Parrish and Mrs. Jim (Ada Lee) Jones both of Floydada, Mrs. R. V. (Pearl) Martin of Ralls and Mrs. Lee (Gurley) Willard of Lubbock.

Mrs. Engle

Services for Mrs. Bryce Engle, 63, the former Jeanne Suits of Floyd County, will be conducted Friday at 4:30 p.m. in Des Plains, Ill., at Oehlig Chapel. Interment will be in Ridgewood Cemetery in Des Plains. Mrs. Engle died in Lutheran General Hospital yesterday morning about 6:30.

She was a reporter for the Lockney Beacon where her father was publisher in the 1930s. She also worked for

the old Amarillo News, the Big Spring paper and during the World War I years was reporter for the Avalanche Journal in Lubbock. Mrs. Engle attended high school in Lorenzo.

Survivors include her husband; a son, Phillip and a daughter, Jane Engle both of Des Plains, Ill.; her mother, Mrs. J. L. Suits of Petersburg; a brother, Tom Suits of Petersburg and a sister, Mrs. John Christman of Denver, Colorado.

Mrs. Barker

Mrs. E. J. Barker, 87, a beloved artist some 53 years and a longtime art teacher in Floydada, died Sunday morning, February 27th in the Heritage Home in Plainview where she and her husband have resided the past few years.

Funeral rites were conducted Tuesday morning in the First United Methodist Church with the pastor, Rev. James Smith, officiating. Interment was in Floyd County Memorial Park under the direction of Moore-Rose Funeral Home.

Born Bevie K. Lyles on December 2, 1889, in Sherman, Texas, she and E. J. Barker were married in the home of her parents in Merkel on December 23, 1908. They moved to Floyd County from Merkel in August of 1916.

She was a longtime member of the United Methodist Church, a life member of the United Methodist Women, a member of the Caprock Art Association and Order of Eastern Star.

Survivors include her husband; two sons, Tye D. Barker of Tularosa, New Mexico, and A. L. "Shorty" Barker of Amarillo; one daughter, Mrs. Addie Assiter of Libertyville, Ill., one brother, C. B. Lyles of Floydada; 11 grandchildren and 19 great grandchildren.

Virginia Williams

Services for Virginia T. Williams, 63, of Lockney were held Monday at the First United Methodist Church in Lockney with the Rev. Hugh Daniels, pastor, officiating.

Burial was in Lockney Cemetery under direction of Moore-Rose Funeral Home. Mrs. Williams died Sunday in Lubbock's West Texas Hospital.

Survivors include two sisters, Mildred Thomas of Lockney and Mary Ruth Blanchard of Austin; two brothers, Frank and Robert Thomas, both of Lockney; a niece; and four nephews.

Mrs. Beatrice Miller

Services for Willie Beatrice Miller, 71, of Lockney were held at 2 p.m. today in the Cedar Hill Assembly of God Church with the Rev. Jackie Thompson of Cedar Hill and the Rev. J.J. Stone of Plainview Assembly of God ministers, officiating.

Burial was in Lockney Cemetery under direction of Moore-Rose Funeral Home. Mrs. Miller died Monday in Central Plains Hospital in Plainview.

The Atoka, Okla. native was married to W. W. Miller Sept. 4, 1967 in Lubbock. The couple then moved to Floyd County from Crosbyton.

Survivors include her husband; a son, Charlie James Skidmore of Shallowater; a stepson, Vincent Felty of Dallas; four brothers, A. J. Price of Atoka, Okla., and George, R. B. and W. D. Price, all of Leonard; a sister, Maryetta Cluck of York, Penn.; seven grandchildren; and 13 great grandchildren.

Pallbearers will be Garland Tucker, John Van Hoose, E. R. Stone, Rev. Bob Wright, Jack Waller and James Hollingsworth.

R. E. McCready

Services for Ritchie Earl McCready, 72, of Lockney were held at 10 a.m. Friday in the Goodwin Funeral Home Chapel in Cherokee, Okla. Burial was in Auburn Cemetery.

McCready died Monday in Lockney General Hospital. McCready was born July 20, 1904, in the Oklahoma

Indian Territory near Cherokee, Okla.

Survivors include his wife, Myrtle of Lockney; two sons, Donald of Lockney and John of Albuquerque, N.M.; three sisters, Fay Fields, Bernice and Blanche Arnold, all of Gig Harbor, Wash.; and six grandchildren.

Mrs. Lois Bybee

Services for Mrs. Lois Baker Bybee, 74, of Lockney were held Tuesday in First United Methodist Church in Lockney with the Rev. Hugh Daniel, pastor, officiating.

Burial was in Lockney Cemetery under the direction of Moore-Rose Funeral Home.

Mrs. Bybee died at 9:30 p.m. Sunday in Lockney General Hospital.

Survivors include five daughters, Mrs. Loree Hammit of Grand Prairie, Mrs. Mary Ann Shouse and Mrs. Freda Schafer, both of Dallas, Mrs. Betty Lou Stebenson of Mesquite and Mrs. Patsy Ruth Stephens of Denver, Colo.; three sons, Archie and Donnie, both of Lockney, and Billy of Houston, a brother, Fred Baker of Oklahoma City, Okla.; a sister, Mrs. Leona Banner of Oregon; 23 grandchildren and 20 great grandchildren.

Rosendo Jasso

Services for Rosendo Jasso, 22 year old Floydada resident killed in an accident around noon Monday, were held yesterday afternoon in the Latin Faithful Pentecostal Church in Floydada. Rev. Jesus Cuellar, minister, officiated. Burial was in Floydada Cemetery under the direction of Moore-Rose Funeral Home.

Jasso was killed in the accident while working with a seismograph crew about four miles east of Roaring Springs in Motley County. He was an employee of the Petty Ray Geophysical Company of Houston, investigators said.

Motley County Highway Patrolmen, who investigated the accident, said that Jasso apparently had eaten lunch and was lying down resting in a two track road behind a hump of sand when he was struck by a truck coming over a rise in the ground.

Jasso was pronounced dead at the scene by Judge J. D. Mitchell of Roaring Springs.

The victim was born June 12, 1954 in Hargill, Texas, and moved to Floydada some two years ago from that city.

Survivors include his parents, Mr. and Mrs. Gerardo A. Jasso of Floydada; one brother, Frank; one sister, Estella Navarrete and a grandfather, Jose Roman all of Floydada.

Mrs. McBrien

Services are scheduled for 2 p.m. Friday, March 4th, in the First Baptist Church in Floydada for Mrs. J. D. McBrien, who died at 8:22 p.m. March 1 in Houston. Dr. Floyd C. Bradley, pastor, will officiate. Interment will be in Floyd County Memorial Park under the direction of Moore-Rose Funeral Home.

Born Jessie Hull on October 16, 1892, she married J. D. McBrien in Snyder in 1925. The couple moved to Wichita Falls where Mr. McBrien was associated in a wholesale grocery company until moving to Floydada in 1929. At that time Mrs. McBrien's husband went into the grocery store business with her brother, the late A. T. Hull. The store was known as Hull & McBrien.

Mrs. McBrien was preceded in death by her husband, who was serving his second term as Floyd County judge at the time of his death, September 18, 1964.

Mrs. McBrien was a long-time member of the Baptist Church. Survivors include a number of nieces and nephews and among other relatives is a sister-in-law, Mrs. A. T. (Nita Merle) Hull of Floydada.

Beef and veal are both from cattle. Veal comes from a cow less than three months old, and beef comes from the more mature animal. In appearance, veal is grayish pink, smooth textured with little fat. Beef is red in color with a coarser grain. Mrs. Mary Sweeten, foods and nutrition specialist with the Texas Agricultural Extension Service, The Texas A&M University System, says.

Farm Bureau Opposes P...

The Floyd County Farm Bureau has written Congressman Omar Burleson asking him to vote against and to use his influence in helping defeat proposed legislation that would legalize common situs picketing.

H. R. 3500 by Rep. Frank Thompson of New Jersey would allow a few union members under one subcontractor to picket and shut down an entire construction project.

Warren Mitchell of Lockney, national affairs chairman for Floyd County FB, said that five members have been contacted with the request that they also contact Congressman Burleson about their feelings on the matter.

"We ask all others who feel as we do on this matter to write Congressman Burleson," Mitchell said.

BILL NORMAN of Dougherty, a student in Agriculture at Texas A&M University, was honored on February 14 by initiation into the University Chapter of Gamma Sigma Delta, a national honor society in agriculture. The society has chapters located in thirty six of the major agricultural universities of the nation. Membership in the Society is restricted to faculty and staff members and students with outstanding performance records in agriculture and veterinary medicine. Dr. Herman D. Brown, President of the Texas A&M University Chapter, offered his congratulations to new members and charged each with responsibility for continued outstanding work in academic and professional pursuits.

Rural Land Values Continue To Rise

COLLEGE STATION - Rural land values continue to increase over the United States although the rise hasn't been as fast in Texas as in the Midwest.

Citing U.S. Department of Agriculture figures, Dr. Wayne Hayenga points out that farm real estate values jumped 17 per cent for the year ending Nov. 1. However, the increase in Texas was only about 7 per cent.

The sharp increase raised the U.S. average price per acre for rural land from \$380 to \$445.

Hayenga, an economist for the Texas Agricultural Extension Service, notes that agricultural land values have been spurred mainly by strong farm income as a result of increased demand for agricultural products, especially from foreign countries. The increased demand has maintained steady prices despite large crops.

The economist points out that the largest gains in rural land values were mainly in the major grain-producing states such as Nebraska and Iowa. Farmland values also shot up in Washington, Minnesota, Illinois, Indiana, Ohio, West Virginia and Maryland. The depressed cattle market the past few years kept land values from increasing quite as rapidly in states with large tracts of grazing land.

Hayenga believes that the upward trend in land values will continue this year as growers seek to enlarge farms in response to another large harvest and good prospects for net farm income to remain high. Also, with the increasing general economic activity, the demand for rural land from nonfarm sources is also expected to be strong.

es despite large crops. The economist points out that the largest gains in rural land values were mainly in the major grain-producing states such as Nebraska and Iowa. Farmland values also shot up in Washington, Minnesota, Illinois, Indiana, Ohio, West Virginia and Maryland. The depressed cattle market the past few years kept land values from increasing quite as rapidly in states with large tracts of grazing land. Hayenga believes that the upward trend in land values will continue this year as growers seek to enlarge farms in response to another large harvest and good prospects for net farm income to remain high. Also, with the increasing general economic activity, the demand for rural land from nonfarm sources is also expected to be strong.

management specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

MR. FARM We'll put down your PROWL, you can PROWL. WANT TO SAVE YOUR MONEY? We'll spray your fruit, they will bloom late. A. C. CARTER Phone 983-3200

If you want yields like this see me

If you plant corn, grain sorghum, or both, we want to talk to you about Pioneer brand seeds. They're the big producers around here, running well above the average in yields and test weights. We recommend Pioneer corn varieties 3369A and 3780. Both are especially suited to the growing conditions in this area. 3780 is a new high yielding that matures about 11 to 13 days earlier than 3369A. Pioneer 3369A is the medium-maturity variety that's been setting records year after year. The great Pioneer brand grain sorghum variety 8311 continues to astound farmers with its outstanding performance. It's a sure winner. We'd like to visit with you farmers about your seed requirements. But whether you're ready to buy your seed or not, stop in soon and get your free Pioneer Hi-Bred cap.

LON DAVIS GR...

511 East Houston, Floydada, Texas

The limitation of warranty and remedy attached to each bag of Pioneer brand seed is a part of the terms and conditions of the sale thereof. Pioneer is a brand name. Numbers identify varieties. Reg. trademark of Pioneer Hi-Bred International, Inc.

Center News

By Mrs. J.E. Green

CENTER: Feb. 28 - The last day of February - and a beautiful day, and wasn't the snow nice that came Friday night!

Mrs. Anderson at the rest home visited awhile Sunday p.m. with son, Louis and family. Later she had a visit from a granddaughter and family, Tanya and Dugan Pierce and baby boy.

Mrs. Millard Watson of Mt. Blanco visited Friday with her parents, Mr. and Mrs. Henry Brewer.

Mr. and Mrs. Orbin Carrol of Amarillo spent Sunday with her mother, Mrs. Ava Jackson. Mrs. Leo Frizzell came in the afternoon.

Claude Carpenter has been ill all week at home. Mrs. W. L. Hartline spent over the weekend in Plainview with her grandchildren while the parents, June and Bob Landry made a school business trip to Austin.

Brother and Mrs. Clay Muncy, Lockney, visited Miss Vera Meredith Sunday p.m.

Mrs. Edna Patton visited Miss Vera Meredith Sunday p.m.

Mrs. Fred Battey, Mr. and Mrs. Thomas Warren, and Mr. and Mrs. Bob Aldridge were in Friona Sunday attending the last rites of an aunt, Mrs. Linda Battey

Peel, a former resident of the Lakeview community. As a long time friend of Mrs. Peel, we deeply sympathize with the loved ones.

The women of the Menefee apartments are having a coffee at Mrs. Rosses this morning. Present are Mrs. Smith, Mrs. McPeak, Mrs. Kries, Mrs. Edna Patton and Mrs. Ross.

Callers at the Spence home some time last week were Willie B. Aiken of Petersburg and their son, Sam. There was a Sunday long distance call from the son, Orville of Sherman - all O.K. there. A call from a shut in sister near Petersburg and husband... (When we get older a phone call is a good substitute for a visit.)

Weekend visitors of Mr. and Mrs. Hal Thomas were their daughter and family, Mr. and Mrs. Milton Mensch and baby David of Lubbock.

Sunday visitors were cousins, Gray Taylor and daughter of Lubbock.

Mrs. Victor Green of Plainview visited Mrs. J. E. Green Thursday.

Visitors in the Travis Lightfoot home Saturday evening were Mr. and Mrs. Alvie Jackson and Mr. and Mrs. T. C. Hollums. And Sunday p.m. Mrs. Frank Dunn and Mrs. Lillian Marble.

Last week's visitors, cousins of Mrs. Frank Dunn from Bloom, Kansas, were Mr. and Mrs. Loren Liles, Mrs. Dunn and the Liles visited Mr. and Mrs. Floyd Montgomery of Plainview, and also visited in Lubbock with Mrs. Dunn's children, Jimmy Dunn and Margaret Balios and families.

We have news that Mrs. Mauriane Jordan is ill at home. Their address is Mr. and Mrs. J. B. Jordan, 3014

10th St. N.W., Albuquerque, New Mexico 87107.

The new pastor elect of Calvary Baptist Church is Brother Randy Nixon, a senior of Wayland College. He and his wife, Phyllis were present Sunday and he brought the message.

Annual Stage Band Festival Set

LUBBOCK - High school and junior high stage bands will have opportunity to perform, compete, observe, and learn at Texas Tech University's annual Stage Band Festival Friday and Saturday, March 11 and 12.

Bands from Texas, Oklahoma and New Mexico are expected to attend the event sponsored by Phi Mu Alpha Music Fraternity and the Texas Tech Department of Music.

Judges and guest performers for this year's contest will be Phil Wilson, jazz trombonist who has played with the Dorsey brothers, Woody Herman and Doc Severinsen; James A. Coffin, professional manager for Selmer Music Co. and developer of teaching aids for

percussionists; and James Faulconer, jazz pianist, composer and director of the Jazz Ensemble of the University of Oklahoma.

Coffin will arrive in Lubbock early to hold percussion and rhythm section clinics Wednesday through Friday, March 8-11. These clinics are free.

Friday's schedule includes competition of junior high, class B and class AA high schools, beginning at 8:30 p.m. Winners will be announced at competition's end. Competition of Class AAA and Class AAAA stage bands will be Saturday, 8 a.m. to 6 p.m. All will be held in the Recital Hall.

Winners of Class AAA and Class AAAA stage bands, along with outstanding
