tournament last week.

Floydada's David Holland mentions some more basketball in his column on March 1 in the Dallas Morning News, as he discusses the pros and cons of five or six girl basketball:

"Kelly Chadwick, a strong spokesman against the change and girls coach at Tuloso-Midway contends: "Many girls never can learn to shoot, but make excellent defensive players. These girls would never get the opportunity to play in a 5-on-5 game.

"Women's coach at SMU, Suzanne Trautmann, who was coached in high school by Tuloso-Midway's Chadwick, believes the change will take place because the 6-player system is "discriminatory to women.'

"In the long run it hurts a girls chance for a scholarship," Mrs. Trautmann said. "I'm recruiting girls in the area who play half court, but the ones with full court experience have a better

In talking with high school girl players in the past three years I have not spoken with one yet that doesn't want the change to the 5-player system. A couple, however, have been noncommittal.

Is the game for the girls or for the coaches? That seems to be the choice.

Police chief Tom Hopper was unavailable for comment Friday morning.

ANDREWS WARD

Early Friday morning classes at Andrews Ward marched through the library so the students could see what had happened to their library.

Band Boosters Will Meet Monday Night

Floydada Band Boosters are reminded of their meeting Monday night, March 7th, at Lighthouse Electric at 7:30. Everyone is urged to attend this important meeting.

District UIL One-Act **Play Contest** Here Wednesday

Scheduled in Floydada Wednesday, March 9th at 1 p.m. is the District UIL One-Act Play Contest for Junior High Schools. The public is welcome to attend all or any of the plays free of

Plays are scheduled as follows: 1:00 p.m. -Idalou Junior High School 1:45 -Floydada Junior High School :30 p.m. -Lockney Junior High School 3:15 p.m. -Tulia Junior High School 4:00 p.m. -Abernathy Junior High

Floydada Junior High presented their entry in the contest for the student body and others intersted last

HOME MISSION PROGRAM AT CALVARY BAPTIST

Everyone is welcome to attend a special Home Mission program Wednesday, March 9th, at 7 p.m. at the Calvary Baptist Church.

Don't miss this blessing. The church membership will be looking for you.

Big Absentee Vote

If absentee votes are a good indication, then there should be a big voter turnout Tuesday as residents of the Floydada Independent School District vote on a \$395.000 bond election. Friday afternoon a total of 75 had

voted absentee. Residents of the school district who are qualified voters may vote Tuesday from 7 a.m. until 7 p.m. in the county

A similar bond election for some \$440,000 was voted down in June of 1976. Since that time the school board has taken out two tennis courts, some paving near the stadium and cut down on other improvements to bring the estimated cost down to \$395,000.

Should the bond receive the approval of the voters Tuesday, the money would be spent as follows: \$66,000 for moving the present football stadium to the track and field events location south of the high school, seating capacity would be increased and construction would be steel and aluminum; \$6,000 for a cinder block field house in the stadium; \$26,000 for stadium lights, \$23,000 for concession stands, press box, restrooms; \$60,000 for paved parking lot on the west side of the stadium; \$5,000 paving walkways around the stadium; \$3,000 for utilities; \$40,000 for physical education and other improvements at Andrews Ward school; \$6,000 additional wiring work at Andrews Ward, \$26,000 to build two new tennis courts and repair the four courts now in use; \$26,000 for architect fees and contingencies, \$28,000 for anticipated 7% inflation.

Actually, only \$20,000 would be devoted to moving the stadium, the rest is for expansion of seating, repair work, and aluminum seats.

School officials have said that if the \$395,000 is not enough money when the bids come in on the projects, the \$60,000 for paving at the stadium would be the first item to be cancelled.

ADVANTAGES OF IMPROVEMENTS

School officials note the following advantages of spending the money for improvements. At Jr. High it means the band will have a full marching field on which to practice (the old football stadium). There will also be a larger campus recreation area.

MOVING THE STADIUM

It is reported that extensive repair will need to be done to the stadium seats, the dressing rooms and other facilities if the stadium is not moved. It is also pointed out that the additional seating area, if the stadium is moved, will allow more reserve seats to be sold and the aluminum seats will be less expensive to repair than the present wooden seats.

In the old stadium many times Whirlwind fans cannot find seating on the west side and must sit on the visitors side...and visiting team fans don't like this either.

IMPROVEMENTS AT ANDREWS In order to meet the government's title IX requirements there must be dressing and restroom acilities at Andrews Ward. Repairs must also be made in the plumbing and electrical wiring systems.

IMPROVEMENTS AT HIGH SCHOOL The new field house would not only give adequate dressing facilities for the

football players, but afford more space for indoor physical education classes. It would make available more classroom space at high school. It would help meet the government's requirements that girls should have similar dressing, rest room, and physical education facilities as boys. It would alleviate crowded conditions in the sixth period physical education classes, when weather is bad...some four classes crowd into the gymnasium at this time. At present only two showers are avail-

FIELD HOUSE

It was noted by school officials that Floydada has the poorest facilities for not only its football players, but for the visiting team of any school in the

BRING PEOPLE TO FLOYDADA

School officials say that a modern stadium would bring play off games to Floydada and more tennis courts would provide facilities for tennis tournaments here which would bring in money to support the tennis program. At present the tennis coach tried to play over 100 students on the four school tennis courts and the two old courts at the city park. It is almost impossible to coach the tennis players scattered all over town. The two new courts would be built at high school, adjoining the present two courts on the

Superintendent of schools A. E Baker said there is a possibility that no new taxes would be necessary if the bond passes because pending legislation may bring in more state aid money

If taxes are increased, the increase will be four cents per hundred evalua-

The school's present indebtedness is \$1,189,000 plus approximately four per cent interest...and payable in the next 15 years. The new \$395,000 bond would also be payable in the next 15 years, interest to be determined at time of

Visit Your Schools **March 7-1**]

March 7 through 11 is Texas Annual Public Schools Week and Floydada school officials invite the public to visit school during this special week.

Superintendent of schools A.E. Baker told a Hesperian reporter, "Texas Public Schools Week again provides an excellent opportunity for students, teachers, and parents to get involved in this special observance which puts the spotlight on our public schools each

In most of the 1,100 Texas public school districts, the special week is set aside each year-the first full calendar week in March-to give Texas citizens a special invitation to visit their schools. Many Texas school buildings will participate with open houses, classroom displays, and special exhibits of student work.

selling the bonds.

Passage of the bond issue would mean that Floydada schools would be using only 19.6% of the total allowable bonded indebtedness, with approximately seven million dollars of allowable indebtedness remaining.

Opponents of the bond issue say they don't want their taxes increased, they think the football stadium should not be moved, and that existing facilities be repaired to save money.

Letter To Editor

Dear Editor:

I would like to write a letter stating some of my thoughts and dreams for our school system. In the little over eleven years I have served as a trustee, I have seen many things accomplished -good as well as a few disappointments in things as yet not

I believe we have one of the best school systems to be found anywhere. Yet I believe it can still be a better system, especially in some of our facilities and curriculum.

Many have expressed a desire for choral music in Jr. High and Sr. High. This I would like to see also. But let me say here, it has never been something the school board or administrators have been against. It has been offered as an elective at both schools but very few students have ever expressed a desire for it. Maybe in the future it can be done.

but I believe if you examine the schedules of our coaches you will find we have seven classroom teachers who are coaches only the last period and after school. If we move any of our coaches except Coach Wilson, who is athletic director, Driver's Ed. teacher two periods, and assistant principal, a classroom teacher for math, biology, science, history, etc. would have to be hired, not changing our number of

Neither do I believe we overstress football or sports in general at the expense of the academic areas of our schools. Floydada constantly ranks at the top in all our U.I.L. competition each year. As for our band, I did not see a band anywhere sound better nor perform better than ours did at each ballgame. So a pat on the back to Mr. Teasdale and each band student for an outstanding job.

Many areas in our community have spent money updating their facilities -such as co-op elevator offices and warehouses, gin offices, bank, etc. For this I am proud. None of these came free and they not only make Floydada look better but make our use of them more enjoyable.

Now, I believe it's time to update our school facilities. In rank of priorities, the dressing facilities at Andrews Ward, I believe, should be No. 1 -then the fieldhouse and tennis courts and last -moving the stadium. I believe working together we can do these things and I believe we will.

Floyd Families

Carrying More

Insurance

Residents of Floyd County are beginning the year 1977 with more financial protection in the form of life insurance than ever before. The amount of coverage per local family, is greater than in many parts of the

In addition to this safeguard, local residents have been protecting themselves in other ways-by increasing their savings, by keeping their debts under control and by maintaining their health, accident and household in

In particular, however, because of the uncertainties of the times, they have been adding to their life insurance coverage in the last few years.

As a result, Floyd County residents now have an estimated \$84,270,000 in

life insurance holdings. Details on the number of policyholders and their participation are given for each of the states and for the United States as a whole by the Department of 'ommerce and the American Council of Life Insurance.

They show that the amount in force throughout the nation is at a new high-\$2,140 billion.

In the State of Texas alone, according to the findings, the total is \$120.1 billion. It compares with \$72.8 billion five years ago.

Not included in this is insurance provided by the government for Federal employees and some servicemen.

In general, it is noted, there is a direct relationship between a family's income and the amount of insurance it carries. For the average family in the state, it is equal to 24.2 months of income, after taxes.

Applied to Floyd County and to the average income reported for its area, life insurance locally comes to approximately \$22,350 per family.

That is more than is held in many communities and is about twice as much as most families had ten years

The figures show that some 145 million people in the United States, or about 68 percent of the population, are now covered. Ordinary life insurance continues to be the type held by most of them. Next in point of volume is group insurance.

VA News

Veterans are entitled to have their military discharges recorded at no charge at their County Courthouse, according to D. G. Ayres, Service Officer for Floyd County. This service may be very important to a veteran, as it is a ready source from which a certified copy of his discharge can be obtained at no expense whenever it is needed. In many instances, original discharge papers are lost or destroyed and a veteran, his dependent, or survivor must obtain proof of military service to apply for VA benefits, such as pension or hospitalization. If the discharge is recorded at the county courthouse, it is a simple procedure to obtain a certified copy.

Registration of these discharges has become extremely important to veterans because of the fire at the Military Personnel Records Center at St. Louis, Missouri in July 1973. Contrary to popular belief, duplicate copies of discharges were not kept on microfilm. Veterans who were discharged prior to the fire should be aware that the personal copies of their discharge, which they have in their possession. may be the only proof of service in existence. Likewise, the fire should point out to all veterans, regardless of the present status of their military records, the importance of having an alternate source from which to obtain proof of service. To avoid a situation in

which a veteran may be unable to provide proof of his military service, all veterans, regardless of when they were discharged, are urged to record them at their county courthouse.

For more information regarding this valuable free service, veterans may contack their local Veterans Service Officer.

Veterans who may need financial assistance to continue full time schooling under the GI Bill could be eligible for increased benefit payments under the provisions of the Veterans Administration "work-study" program, according to D. G. Ayres, Veterans Service Officer for Floyd County.

Eligible veterans may earn as much as \$625 per semester by working a maximum of 250 hours for the VA under this program. The VA work-study program allows selected veterans enrolled in schools under VA educational programs to hold part time jobs in the agency. Veterans who are disabled thirty percent or more from service-connected disabilities are given preference in selection for the work-study program. In many cases, the jobs

relate to or compliment the veterans's field of study. Some veterans in the workstudy program will be assisting other veterans as members of the VA's "outreach program," which is designed to acquaint former servicemen with various VA bene

The work-study program began in April 1973. From that time to the present more than \$27,000,000 has been paid to veteran participants. The number of participants in the program has increased from 13,000 in 1974, to 47,680 in 1976, according to VA statistics.

Veterans interested in further information about the VA work-study program should contact their local Veteran Service Officer or their school Veterans Representative.

Use nonfat dry milk, which is less expensive than fluid milk, in cooking and as a beverage -- at least part of this time, suggests Mrs. Gwendolyne Clyatt, consumer marketing information specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

"Famous Trees In Texas" Is Club Program

A delightful slide and taped program on trees and their histories in Texas was presented to members of the 1934 Study Club Tuesday night, March 1st. The meeting was held in the Jimmy Willson home, with Mrs. Wilson Bond assisting Mrs. Willson with hostess duties.

Due to the absence of club president, Mrs. Kyle Glover, the business session was presided over by Mrs. Garland Foster. Mrs. J. P. Moss and Mrs. J. R. Turner were named as delegates to the District meeting to be held March 11-12 at South Park Inn at Lubbock.

Doug Frazior, manager of Floydada Chamber of Commerce, was present to inform club members of the planned park improvements in Floydada, and to ask for assistance in pledges.

The program theme was Women Aware of Use and Abuse of Trees. Mrs. Allen Bingham presented "Famous Trees in Texas," showing slides she had taken, and tape recordings by her, describing the beautiful trees in our state.

Mrs. Willson and Mrs. Bond served refreshments to Mmes. Allen Bingham, L. L. Clark, Dennis Dempsey, R. G. Dunlap, Garland Foster, Floyd Lawson, J. P. Moss, W. O. Newberry, John Reue, George Springer. Fred Stewart, L. B. Stewart, W. W. Trapp, J. R. Turner, O. M. Watson Jr.,

and A. L. Wylie Jr. Next meeting will be March 15 in the home of Mrs. Springer for a public affair's program.

Play Bridge To Your Heart's Content Door prizes will be given as well as prizes for high points.

Shower Honors Julie Ratheal

Miss Juli Ratheal, brideelect of Joe Womack, both of Floydada, was honored Saturday morning, February 26, with a gift coffee in the home of Mrs. Ozell Chappell. Guests called between the hours of 10 and 11 and were

greeted by Mrs. Chappell, who presented them to the honoree, her mother, Mrs. Arnold Ratheal, and the mother of the prospective bridegroom, Mrs. Bill Womack.

Guests were served coffee, hot punch, and an assortment of nut breads. The serving table was laid with a white lace cloth over blue. An arrangement of white tapers and blue flowers formed the centerpiece, using the bride-elect's colors. Guests were served by Miss Brenda Vickers and Mrs. Blake Hickerson.

The hostesses' gift for Miss Ratheal was a set of cookware along with the table centerpiece.

Assisting Mrs. Chappell with the shower were Mmes. Steve Lloyd, A. C. Pratt Bob Vickers, Troy Patton, Bill Stringer, Wayland Jones, Bob Kendrick, Randy Pernell, Charles Reid, Hollis Payne, Blake Hickerson, Jim Vickers, Bill Hendrix, J. B. Colston, Jack Covington and Doris McLain.

Miss Ratheal and her fiancee will be married April 9th in the First Baptist Church in Floydada.

FLOYD DATA

Mrs. Oliver Allen, former Floydada resident, who has been living in a nursing home in Lubbock for some time, sustained a broken hip in a fall the first of the week. Mrs. Allen underwent surgery for the break Tuesday afternoon in Lubbock Methodist Hospital. She is reported to be doing as well as could be expected.

Floydada Club Women To Participate In District Meeting

Members of Floydada's four women's clubs will take part in the 17th annual board meeting and convention of Caprock District, Texas Federation of Women's Clubs next Friday and

Saturday in Lubbock. Eight local women will appear on the program during the two-day convention, which will take place at South Park Inn.

Presidents of the four local clubs will give reports to the convention on club activities during the past year. They will also be honored at the formal banquet Friday night.

They are: Mrs. W. Ian Moore, 1929 Study Club; Mrs. Kyle Glover, 1934 Study Club; Mrs. Doris McLain,

Prepare For One-Act Play, "A Company Of Wayward Saints"

Floydada High School students are in rehearsal for the One-Act play contest, "A Company of Wayward Saints" to be presented March 29th at Floydada HS auditorium. Floydada is hosting other schools in the district contest, which will send two of the plays to the Area Meet in Plainview April 14.

'A Company of Wayward Saints" is a combination of humor and drama and should be an exciting experience for both actors and audience.

Cast members include Grant Hambright, Robin Roberts, Terry Willson, Kelli Lyons, Danny Colston. Randy Rainwater, Lori Vinson, Shonda Fulton,

Derek Cheek. alternates, Mike Bean, Nanette Burk and Adeanna Morris.

HOME GARDEN PO. TENTIAL GREAT IN 1977 Home vegetable gardens could pay off handsomely in 1977 due to current vegetable market conditions. says a horticulturist with the Texas Agricultural Extension Service. Both fresh and processed fruit and vegetables will be in short supply this spring due to weather calamities in Florida and California and less than ideal conditions in South Texas. Thus prices will be up. Early planning, including ordering Who seed and getting the soil in ever shape, is important.

OBITUARY

Carl D. Lee, Sr.

Services for Carl D. Lee, Sr., 67, of Lockney were held at 2 p.m. Saturday (March 5) in Lockney First Baptist Church with the Rev. John Jenkins, pastor, officiating. Burial was in Lockney Cemetery under direction or Moore-Rose Funeral Home.

Lee died Wednesday in Shreveport, Louisiana. He was born June 22, 1909 in Coleman, Oklahoma. He and Irene Magers were married April 8, 1929 in Oklahoma City. They lived in Wichita Falls, Walters, and Memphis, Texas before moving to Lockney in 1951. He was owner of White's Auto Store

in Lockney. Survivors include his wife Irene; a daughter, Marianne Rivers, of Shreveport; a son, Carl Lee, Jr., of Lockney; three brothers, Hugh Lee of Wichita Falls, Harold Lee of Coleman, Oklahoma and T.

Volleyball **Tourney Set** At Valley

B. Lee of Plano.

The junior class at Valley High school is sponsoring a volleyball tournament March 31, April 1 and 2.

Anyone wishing to participate can contact Joanie Turner, 423-1174; Dave Patrick, 455-1226; or Mrs. Betty Tiffin, 823-2352.

Meeting Dates Set By Social Security Representative

A representative of Social Security will be at the

A&M BEEF SHORT COURSE -The 27th annual Beef Cattle Short Course at Texas A&M University, April 4-5, will be highlighted by discussions on breeding soundness in bulls, libido and mating behavior in bulls, and new potentials in cattle marketing. Other talks will

deal with parasite and insect control, brucellosis control, price outlook, Rumensin as a new feed additive, and the nutritional value of large hay packages, says a beef cattle specialist with the Texas Agricultural Extension Sercourthouse in Floydada each Wednesday in April, May and June starting at 9 a.m. Services may also be obtained by going to the Social Security office at 1401-B West 5th Street in Plainview or by telephoning 293-

Any club or other organization wishing a program concerning Social Security may also call the above number.

THE INTENT WAS TO OFFER THE SAME AMENDMENT on the Floor of the House but, in the tion reversed itself and agreed to the figures set by the Budget Committee. The effect of this was to pull the

> proper amounts. ON THURSDAY, FEB-RUARY 17, at a White House meeting, both the Director of the Budget, Mr. Lance and the President's chief economic advisor, Dr. Charles Schultze, assured us that the amount originally recommended was all they could "effectively" spend this year. On the following Tuesday, the President sent to the Congress revised figures which agreed to those of the Budget Committee, meaning just about doubling the spending rate and adding approximately another \$10 billion to the anticipated deficit. Presumably, this decision was made between Thursday morning and the following Tuesday. It would lead one to believe the decision was already made at the time the confer-

taking place. THE AUTHORIZED SPENDING AMOUNT FOR THESE PROGRAMS will amount to approximately \$4 billion which is in addition to another \$2 billion passed about seven months ago. Since that time, only 250 people have been put to work by the Commerce Department to figure out how to distribute the money.

ence at the White House was

IN THE FIRST PLACE. as we have discussed before, there is a big question in the minds of some of us as to the figures on unemployment. There is still a bigger question as to whether all this money will really put people to work or whether it will be another big boondoggie. In addition, there is a big question as to the state of the economy.

TRUE ENOUGH. THERE WAS A SLACK-ENING of business activity during the latter part of 1976 that cost about \$6 billion to the economy. But, according to Dr. Arthur-Burns, Chairman of the Federal Reserve Board, there is definitely a decided pick-up at the present time. Dr. Burna' advice to the Congrees was to stop "fussing" so much with the economy and let natural recuperative processes work. He says that the economy has airea-

Five West Texas farmers will compose a group of three delegates and three alternates officially representing the Texas Farmers Union and its almost 10,000 members at the National Farmers Union Convention in San Antonio March 5-9.

TFU Vice President Joe Rankin of Ralls and Jimmy Shadden of Dublin will act as delegates while Arvil Lee Campbell of Crosbyton, Henry Harnly of Pampa and R. D. Terry of Roby will serve as alternates.

These individuals out of the much larger Texas group will be casting the votes at the convention, which has at its center the adoption of an official policy for the almost 250 thousand member national Farmers Union. The policy statement covers everything from commodity programs and legislation to natural resources and energy.

At least three thousand people are expected to gather at San Antonio's Convention Center for the 75th anniversary event which includes an address by Secretary of Agriculture Bob Bergland and Secretary of Labor Ray Marshall. Others on the program include Wisconsin Congressman Les Aspin, Montana Senator John Melcher and Great Britain Farmers Union President Sir Henry Plumb. A panel of experts will discuss agricultural cooperatives. The convention also high-

lights NFU leaders from the past and present with a pageant about the organization's origin in Point, Texas in 1902. A special giant photo exhibit of the history period. This included the \$50 of the American Farmer will also be displayed for the rebate to taxpayers plus entire week. Says National Farmers

Union President Tony Dechant of Denver, "It's exciting to be 75 years old, to be vigorous and, best of all, to be confident that our best years are those ahead of us."

dy snapped back sharply, even considering the extremely cold weather and the fuel shortage. He predicted "steady improvement" in production and nent but said he is not optimistic about the inflationary outlook.

WITH THE ECONOMY EXPANDING, there is reason for concern that this over-reaction by the Congress could again set off an inflationary spiral, hurting most the very people all these measures are supposed to help.

AT THE BEGINNING OF THE YEAR when this new Administration took over. we were assured that spending would be cut, deficits reduced and that a balanced budget would result in 1980-81. It is difficult to maintain hope of a balanced budget in three to four years with this

FLOYD DATA

Jack Norman, an accountant for Furrs in Lubbock, was here last weekend with Leiman Norman and also visited with his grandmother, Mrs. A. B. Clark.

Selling cotton is a new ballgame under the free market concept engendered by the Agriculture Act of 1973. "And it is a game cotton producers must learn to play and play well." So advised Frank Jones of Lamesa February 22 at the Western Cotton Production Conference in Lubbock. Jones, a Dawson County cotton farmer and a director of Lubbock-based Plains Cotton Growers, Inc., addressed the conference on "Using Cotton Marketing Alternatives.'

The Lamesa resident stressed that selling cotton for maximum income requires a series of marketing decisions based on a broad understanding of market forces. "Producers need to maintain or acquire the ability to market their production over a longer period of time than has been customary," he said.

Jones outlined five possible alternatives which can improve chances for profit and discussed some of the advantages and disadvantages of each.

The traditional method is to average cotton into the Spot Market as it is ginned, he noted, "which in times of surplus stocks and stable prices is o.k., but may not now be the best way to go because of wide market fluctuations before, during and after

Hedging cotton on the New York Cotton Exchange futures market "can work well for some growers under some circumstances, but involves several problems, especially for High Plains growers," the PCG director stated. High Plains cotton, he explained, generally is not tenderable on futures contracts; there can be and often is an erratic basis between spot prices and futures prices, and there is always the possibility of crop failure, which opens the door to losses on the futures market with no spot sales on which to show offsetting profits.

Fixed acreage, fixed price forward contracting, a common practice on the Plains, was the third marketing procedure discussed. "This is an effective way of transferring price risk to the buyer," Jones said, "but only if you are certain your buyer will live up to the contract if the market goes down, and when you transfer your price risk you also transfer your opportunity for gain from price movement.'

Mentioned only briefly were "call contracts" under which all terms of a forward sale are fixed except price, with the producer given the right to "call" the price at a later date based on futures prices. Such contracts have not been available on the Plains, but could become popular if offered, Jones believes.

"In my own operation," he continued, "I lean toward alternative number five - which is to use one of the first four alternatives to cover most or all of my production costs, then hold the remainder of my crop in inventory for possible profit." The disadvantage of this method lies in the necessity for a large investment in inventory, sometimes for long periods of time, with no assurance of a price increase.

To illustrate, Jones told of holding 1973 crop cotton while the price went from 50 cents a pound down to 28 cents before recovering in 1976 to 70 cents.

Marketing strategy each year for individual producers, he said, is dependent on market expectations and the producer's ability to hold cotton during periods of market weakness.

"Learning to play the selling game and play it well can be very rewarding," Jones concluded, "and I think we all should work to maintain the free market in which the game is played.'

The three-day conference, of which PCG President W.B. Criswell of Idalou was General Chairman, was sponsored by PCG, other western cotton industry organizations, the U.S. Department of Agriculture and the Extension Services of his parents, Mr. and Mrs. California, Arizona, New Mexico and Texas

AT COTTON COMMODITY MEETING Thursday night in the MAC (top photo l to r) David Jordaning, Joe Lust, Omar Burleson and Don Petty. In lower photo Jordaning tells the cotton farmers that the future of cotton marketing is very bright, that there is now only three million bales carryover (the lowest in many years) and only a ten percent increase in planting anticipated according to a January report. Speaking for the Farm Bureau, sponsor of the meeting, he said less government control was needed, better loan levels, production was down two million bales last year, and farmers should plan marketing when they begin planting the crop. Floyd farmer Omar Burleson introduced the speakers. (Staff Photo).

Floyd Philosopher ks A Fairly Pertinent Question

nt students

out Congressional Pay Hikes

rass farm this week takes a w of the new system of giving Congressmen. n said lately about Congress' riase, from \$44,600 a year to by going home for the

tting the raise occur automa-

gh it was done by the Tooth

e: The Floyd Philosopher on

stand the way it works, an on decides what a Congresst to be and Congressmen then you really think we're worth are too embarrassed to vote vote against it, the pay raise tomatically, and all members their districts \$12,900 richer say they didn't vote for any is known as the genius of

my job to say how much a worth. What I'm interested end of this new system of

I mean, what if we whip inflation? What if in a few years prices start coming down all along the line and the cost of living drops by 25 per cent? And recognizing this the fair-minded salary-setting commission decides a Congressman's pay should drop by 25 per cent? And if Congress doesn't vote against it the cut goes into effect the next

Will Congress adjourn and let the deadline pass without a vote, or will it stick around and stare the awful fact in the face? Will the

trough triumph over conscience? I won't hazard a guess, but I can't help but think about the price of meat. When the price of a steer on the hoof goes up, the price of a steak at the supermarket goes up. When the price of a steer goes down, the price of a steak stays the same. When the price of a politician on the hoof goes down, will the price of a Congressman in Washington stay

Yours faithfully,

The "how-to's" of unique wall treatments and furniture refinishing will be taught during a special interest meeting on Tuesday, March 15th, at the Massie Activity Center in Floydada,

from 9 a.m. to 3:30 p.m. All do-it-vourselfers who like to save money and spruce up their home environment are invited to attend the program sponsored by the Floyd County Family Living Committee and the Texas Agricultural Extension Service.

Mrs. Jerry committee chairman, and Sharon Hillis, County Extension Agent (Home Economics), announced that demonstrations will be given on how to design and paint super graphics on uninteresting walls, as well as how to decorate with fabrics, sheets, wall paper, carpeting, and paneling to hide disfigured wall surfaces. Today's wall coverings are effective ways of enhancing and changing a room's visual appearance, provide added insulation and "cover-up"

many wall problems. Mrs. Williams stated, "Another area of interest to be discussed is furniture care and refinishing." Mrs.

SUNDAY:

7:00 p.m. Bible

Hillis stated that "two main reasons for refinishing wood furniture include protection and beauty."

How to recognize wood furniture worth refinishing; make major and minor repairs; remove old finishes; apply several types of new finishes; and inexpensive care techniques will be taught to those attending.

Floyd County merchants will be exhibiting the latest in home fashion products for wall coverings and furniture refinishing.

Glenda N. Moore, Housing and Home Furnishing Specialist of Texas Agricultural Extension Service, Sharon Hillis, Floyd County Extension Agent, and Laura Rowan, Home Economist of Floydada will be presenting the wall and furniture fashion demonstrations.

Ms. Moore holds a Bache lor of Science degree in Home Economics from Texas Wesleyan College and a Master of Science Degree in Housing and Interior Design from Texas Tech University. She has completed additional course work at both Weber State College in Utah and Texas Tech University. She has been employed with the Texas Agricultural Extension Service since 1969.

Ms. Hillis holds a Bachelor of Science Degree from Southwest Texas State University, San Marcos, and has completed additional course work at both Texas Tech University and Texas A&M University. She has been employed with the Texas Agricultural Extension Ser-

vice since 1970. Mrs. Rowan holds a Bachelor of Science Degree in Home Economics Fashion Merchandising from Texas Tech University. She has completed additional course work at the University of St. Andrews in St. Andrews, Scotland. Currently, she is a practicing Home Economist at home.

Persons attending may bring a sack lunch and enjoy informal discussion during the lunch hour. Coffee and tea will be provided. Door prizes will be given at the end of the day. The registration fee for the day is 50

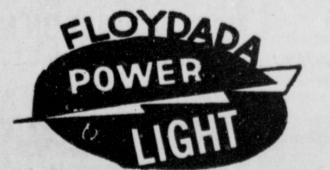

This program is open to any one regardless of race, color, creed, sex, national origin or religion, and have hereby been notified in advance of the registration charge of 50 cents per perso

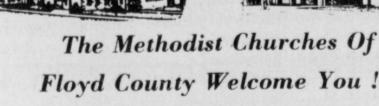

NO ELECTRIC POLES HERE!

City Power and Light workers are installing underground electricity wires for the 16 new apartments to be built across the street south of Duncan Elementary School.

Will Bring Some People Back To Church

They don't intend for it to be that way, but in some instances, it will take a tragedy to bring them back.

Every weekend is planned -- but the church is left out of the

Most of these people at one time were very active in the church. Their parents were probably "pillars" in the church. Today, though, they are too busy.

Don't wait until Tragedy strikes to come back to God's House. Make it a habit to be there every Sunday. The church has something to offer you, and you have something for the

H, FLOYDADA

HUGH DANIEL, LOCKNEY

Very soon this town must reach a decision. The issue concerns one of the most vital assets of this growing town. Few people would argue against an education which provides each student with the necessary skills to face the future. Rather, the question lies in the priorities of the school. The upcoming bond issue will decide some of these

Most of the publicized discussion in this issue has centered around two facets of the bond, tennis courts and football facilities. While it is true that the bulk of the bond is designated to the football program, Andrews Ward also has a major interest in it. The conditions at the elementary school are unquestionably in need of improvement. But the majority of voters have no argument against these improvements and will decide on other issues.

Throughout the years, the people of this town have supported the Whirlwind football team through thick and thin. Support has been steadily increasing for the tennis, track, and other programs and people have come to expect Floydada to win. But these teams can only win as long as the individual participant has the opportunity and the facilities to develop his talent. Other schools are acquiring new and better facilities and it is becoming increasing difficult for FHS athletes to win consistently.

Personally, I can look at the election from several different standpoints. As a member of the tennis and basketball teams, more court time would be a definite advantage. As student body president, I am in favor of anything which would benefit the school system. And as a graduating senior, I can also see that few if any of these improvements will ever actually benefit me. But from any standpoint, I am in favor of the issue and hope it will pass. All of the improvements will soon be needed and procrastination will only worsen the situation.

Sincerely, President FHS Student Council

I would like to comment on some of the pictures and letters that have been in the paper recently.

First the gym picture, where it was so crowded. At least they have a place to use. The children in Duncan all 455 of them do not have a place to go in bad weather. Except to

Why don't some of the gym classes go over to Della Plains, there is a perfectly good gym over there. As far as I know there is not a rule to forbid them going, as the High School Band meets each day at Jr. High and they provide their own transportation or catch rides.

As far as I am concerned there is nothing the matter with the stadium that a little paint and lumber couldn't fix. It is as good as some, better than most in our district. We at least have plenty of room for visitors. Everything has to be repaired sooner or later.

I enjoy all sports, I played when I was in school, but I do think Sports should be second not first in school.

I think I would be safe in saying 30 to 40% of the kids who play sports do so only to be popular or to please their folks. Most are glad when they go to college so they can live their The college test the kids take are all about how much

English, Math, History, Science and so forth you have had. Not how many years you lettered in Sports.

The one complaint I have against tennis is people from out of town are using the courts.

Some neighboring towns have meters that require money in them before the lights will come on. So they use ours for free. I think it would be a good idea to install meters for the tennis lights to offset the electric bill.

1. PRESENT DEBT IS \$1,570,812.00.

A BOND ELECTION.

Also if the gym lights were not left on all night, nearly every night and during holidays the bills would be cheaper. The basket lockers over at Andrews are a sad lot, but you know they were that way 23 years ago and we have built 3 schools, High School, Duncan and Della Plains, also a track

field, suddenly they are concerned. I really think everyone is for education regardless of the price. With farm prices down and water dropping in the irrigation wells, everyone is taking a second look at money

There is never a way to put a price on education. But would a new stadium help them learn to read, write and spell. It seems like Education is taking a back seat to Sports. Pauline McCormick

Dear Editor:

About the School Bond Election: I'm not saying vote yes or vote no -But

I will say that No one should be allowed to vote in a bond election if they do not pay property taxes!

Now about football and band. Eight football coaches and one band director. A bit lopsided looks like. That is the way things have been run around here for a long time though. For instance the band parents work the concession stand at games to help buy things the band needs. Most have to buy their kids instruments at no small bit. My boy's instrument cost \$600 and we always had to buy him white shoes. Also when they went off to games or marching contest if he ate we paid for it. O.K.

Now what do the football parents do toward football expenses? Exactly nothing, and when out of town games are played does the athletic fund feed the boys after games? How much money does the school pay out for golf? Nothing I presume.

The Floydada Country Club, owned by its own members does not charge the school one red cent whether the golf kids parents are members or not. And a lot are not. Some do not even have golf clubs.

The Country Club last year paid \$690.23 school taxes. State and County, \$432.94.

In answer to Jean Hale about the tennis courts. Why do the tennis buffs not build their own courts like the Country Club runs its own business? That way they could let the school kids use their courts during school then after hours the buffs could tennis on into night also pay the light bill.

Or let us add another \$100,.000 to the bond issue and build us a new club house at the Country Club and let everyone pay taxes to help pay for it. Does that make any less sense?

Mr. Tooley,

This article is to inform readers of the "posed pictures" used by the FHS coaches. The picture of the crowded conditions of the FHS gymnasium which was in the March 3rd issue of the Hesperian was planned by the coaches to make things appear worse than they are.

I was one of the students in the picture. It had rained the day before the picture was taken, but conditions that day were fine. The coaches told all the girl freshmen track students, the boys freshmen track students, and off-season football students and the tennis students to go into the gym. We went in the gym had our pictures taken for this so-called crowded conditions picture and students all went separate ways most of them were sent out doors.

Jack Carthel FHS Student

Mr. Tooley,

VOTE AGAINST BOND ISSUE

FOR THE FOLLOWING REASONS

2. IF THE BOND ISSUE PASSES THE DEBT WILL BE \$2,225,812.00.

REPAIRS TO PRESENT FACILITIES CAN BE MADE WITHOUT

3. THE BOND ISSUE IS ABSOLUTELY UNNECESSARY BECAUSE

4. ALSO UNNECESSARY BECAUSE ATHLETIC PROGRAMS WILL

5. PRESENT TAXES ARE A BURDEN AND THEY WILL INCREASE

BECAUSE THE LARGE ANNUAL PAYMENTS ON OUR PRESENT

DEBTS ARE YET TO BE PAID. INFLATION WILL ALSO INCREASE

EXPENSES SUCH AS SALARIES, REPAIRS, MAINTENANCE ETC.

THAN MANY OTHER DISTRICTS, A GOOD CITIZEN CAN SUPPORT

THE SCHOOL WITHOUT VOTING FOR AN UNNECLSSARY, UNWISE

6. FLOYDADA SCHOOL DISTRICT HAS A LARGER TAX ASSESSMENT

7. IN JUNE 1976 A SIMILIAR ISSUE WAS REJECTED BY A MARGIN

8. THIS BOND IS NOT AN INVESTMENT FOR YOUR CHILDREN, IT

IS THE CREATION OF A LARGER DEBT FOR THEM TO PAY.

TAXPAYERS OF FLOYDADA SCHOOL DISTRICT

VOTE AGAINST ON MARCH 8.

Paid for by Citizens for Fair Taxation.

AND EXCESSIVE EXPENDITURE OF PUBLIC FUNDS.

CONTINUE WITHOUT A BOND ELECTION.

As to the School Bond issue. Yes, I do agree to some part of the Bond, but not all of it. We need new tennis courts, Andrews Ward does need to be repaired. But I believe that we need a few other things besides a new football field.

We need a new gym, the auditorium needs a new lighting system and the seats need to be fixed, the class rooms need modernizing. We need a lot more things done to the school

classes and to our school for better learning.

In a college survey, they said that the Freshmen don't know how to spell, how to read, how to write simple sentences and papers. So they're redoing their English classes for Freshmen and Sophmores to teach them these things they have not learned in High School.

I'm not saying athletics are not good but it's not going to help us later on in life like our classes of main subjects in school. We need better facilities in not only high school but in all schools. Most of the money that comes in to the school goes to the football progam.

As an example: The football players eat before and after a game. The track guys get to stay the night in Amarillo, San Angelo, and any other place they go of any distance.

The track girls have gone to Amarillo two years in a row and they couldn't stay the night because we didn't have the money in our budget because it goes to football or boys'

The tennis, golf, band, drama kids have to pay for where they stay and the food they eat because they don't get any money from the school system. These kids have to earn every bit of money they get to spend.

I know Floydada is a football town, but there are other things that need to be supported. I play basketball and we didn't have the crowd at our games as football. We may not have a great record but we don't have the crowd to back us

Maybe with a big crowd we might improve our record. But I don't guess anybody cares I'm a Senior next year and I do hope to see a few changes before I leave.

Please analyze the Bond issue before voting. We may not get everything done this year but we could get a big start.

Donette Marble's Assist Helps **SPC Win Region Tournament**

Donette Marble, a Floydada graduate and daughter of Mr. and Mrs. Don Marble of South Plains, put 15 points on the board of the 72 scored enabling the Texanettes of South Plains College women's basketball team to win over McLennan College last Wednesday in Abilene. With the win the Texanettes captured the Region V National Junior College Athletic Association's Women's championship.

Five Texanettes scored in double figures led by Lisa Risinger with 16. Donette was close behind with 15, while Brenda Ward had 12 and Cheryl Rogers and Louise Davis finished with 10 apiece.

Girls Golf Team Leads In

First Round

Tuesday, March 1, Floydada girls played their first round of golf in district at Abernathy. Due to unsettled weather only nine holes were played, but Floydada came out in the lead with 202 in the first round. Idalou had 239; Abernathy 240; and

Floydada individual cores were Mitzi Hale, 44; Holly Robertson, 46; Jayma Lewallen, 50; Holiy Hartsell and Shandra Young, 62 each; and Ann Campbell, 55. Mitzi Hale won 1st place medalist in district and Holly Robertson, 2nd medal-

The game was real close in the first half until SPC took over with about 12 minutes gone. However, in the second half McLennan started to rally, outscoring SPC 12-2 in the first five minutes, then foul trouble began to plague them, and SPC overtook the lead and grabbed

The Texanettes now go to the national tournament at Overland Park, Kansas,
