FLOYD SPELLING CHAMPION is Susan Kimble. She is pictured with spelling bee pronouncer Ruth McIntosh and second place speller Todd Denton.

## Susan Kimble Spelling Champ

After the county spelling bee had progressed some 30 minutes six of the eight contestants had been eliminated and it was down to Susan Kimble and Todd Denton.

It looked like Susan was out of the running as she misspelled the word "insolvent" and she started to get up and leave the contest. However, Todd also missed the word and the contest began again.

After a total of 126 rounds Todd misspelled "kneel". Susan correctly spelled this word and then correctly spelled "knocker" for the championship.

Susan is an Andrews Ward fifth grader, Todd is a Jr. High seventh grader. Susan is the daughter of Nancy Kimble, Todd's parents are Mr. and Mrs. Clarence Denton.

Monty Mize of Lockney placed third, Virginia Wilson was in fourth place,

James Hale fifth, Lillian Polanco sixth, Rebecca Alonis seventh and Julie Reecer was eighth. Rebecca, Julie and Virginia are Lockney spellers.

It should be noted that Rebecca has been a resident of the United States only three years.

Ruth McIntosh was pronouncer, judges were Sharron Huggins and Mrs. Sally Carthel. Bob Alldredge was director of the spelling bee.

Susan will advance to the Lubbock contest in April.

GARY RINKER

## Rinker First In District Math

Gary Rinker won first place in Number Sense in the Junior High Division of the U.I.L. contest held in Lockney, Thursday, March 10, 1977. Rinker, a seventh grade honor student, also participates in football, basketball and track.

Other Junior High students in the contest were eighth grade honor students Tana Tyer and Lisa Mayo. Norman Allen, another seventh grade honor student, an alternate, placed fifth in the field of twenty-three contestants and alternates.

Junior High math teachers, Mrs. Sam Spence (Number Sense director) and Mr. John Sanner, see no reason why Floydada shouldn't field a winning Number Sense team for the next few years as Rinker and Allen are joined by some very capable students now in Andrews Elementary School.

In Number Sense all problems are solved mentally and only one answer written on the ten minute test—no erasures, no mark-overs, and all fractions reduced to lowest terms.

DEANNE HOWARD shows first place ribbon she received in district ready writer contest at Lockney last week. She is a student at Jr. High. Other Floydada ready writers were Kelli Ferguson and Susie Ehler. (Staff Photo).

## Commissioners Hear Citizen's About Spending Revenue Money

By Wendell Tooley

In a sometimes "hot tempered" exchange of ideas with the county commissioners at their regular monthly meeting in the county courtroom Monday afternoon, some 35 citizens expressed their opinions on how some \$390,000 should be spent in the next three years and eight months.

County auditor Olin Watson Jr. made the introductory remarks about how the revenue money has been spent the past five years and passed out questionnaires to the people to determine their priorities of how the \$98,000

for the next eight months should be spent.

Watson was questioned by commissioner Bob Jarrett about why the questionnaires were presented. Watson said that the law required both vocal and written suggestions from the people.

Most of the citizens were at the meeting asking that the money be spent on a floor level library. Representative of the county museum were hoping to get \$2,000 a year, the Floyd Day Care Center board was seeking \$1,000 a year for its operation.

It was explained that in the past five years 60 percent of the revenue money was spent for road grading equipment and road construction. The other forty percent was used to dig garbage pits for Lockney and Floydada, payments for fire trucks at Floydada and Lockney, purchase of a deputy sheriff office at Lockney, a new carpet in the courthouse, \$3200 each year to the Mental Health-Retardation office, \$1,000 to the day care center, \$2,000 to the museum, building of road grader barns and shops at Floydada, an office building on the east side of the courthouse (purchased for library, but never used) and remodeling the jury room.

and women must have separate areas, juveniles must have a separate area, then felonies and misdemeanors must be separated...oh yes, also a "Drunk tank".

**CITIZEN OPINION**

At one point in the discussion a man told the commissioners, "I thought we lived in a country where we could disagree with good attitude..."at this point the commissioners eased off on interrupting the citizens and allowed them to express their opinions.

One lady said, "I think it is a disgrace that you commissioners have used this money to turn the dirt from one side of the road to the other, and we have nothing to show for it."

Sharon Hillis pointed out that the agriculture building was in bad condition, that it leaked when it rained.

The judge said there was an estimate made of \$90,000 to remodel the agriculture building for a library.

One commissioner indicated that he would like to keep 60 percent of the money for the next three years and eight months for road grading expenses and allot the other 40 percent to jail, library, or other needs.

**OVER \$100,000 IN BANK**

At present there is \$119,658.19 of revenue sharing money in the bank. About \$20,000 of this is yet to be paid on the Muncy area paving project for right-of-way and moving utility poles. About \$20,000 has already been paid on the project which is a farm to market paved road from the Lockney-Sandhill highway going east through Muncy to the Floydada-Silverton highway.

## Commissioners Split Vote On Jail Money

Immediately following a meeting with some 35 citizens about how to spend government revenue money Monday, Floyd commissioner Bob Jarrett made the motion, which was seconded by commissioner Jack Lackey that \$82,787.80 of revenue money be designated for remodeling or construction of a county jail.

Commissioners Grigsby Milton and Aaron Carthel voted against the motion, and county judge J. K. Holmes also voted against the motion.

In the commissioners court meeting earlier in the day the commissioners voted to buy and have installed a Channel Guard system to handle highway patrol frequencies.

The citizens said, "We have nothing to show for all that revenue money... road grading expenses should be taken out of county tax money...revenue money should be used for permanent improvements."

Commissioner Jack Lackey replied, "We just wouldn't have had any road grading money if we hadn't used revenue money. One woman replied, "Well, that is your management problem, you should take in enough tax money to grade the roads."

Lackey said he didn't think revenue money was a good thing...that local tax money would go farther, because federal money is used up in administrative costs by the time it gets from Floyd County, to Washington, and then back to Floyd County.

**JAIL**

The commissioners said they perhaps should save some of the money back in case the county is forced to build a new jail house. It was mentioned that Plainview and Lubbock are having to rebuild and remodel their jails.

(This information about the county jail which wasn't brought up at the meeting. State requirements are plenty rough, but federal jail specifications are more expensive...state standards are all that is required. Three to four prisoners a day use the Floyd jail on the average since Cardinal has become sheriff. Cardinal estimates that an 18 cell jail will be necessary because men

NOTICE  
AB 119 (Sub-No. 1)  
FORT WORTH AND DENVER RAILWAY COMPANY  
ABANDONMENT BETWEEN STERLEY AND  
SILVERTON IN FLOYD AND BRISCOE COUNTIES,  
TEXAS**

February 25, 1977  
The Interstate Commerce Commission hereby gives notice that its Section of Energy and Environment has concluded that the proposed abandonment of its line between Sterley and Denver Railway Company of its line between Sterley and Silverton, a distance of 19.71 miles, in Floyd and Briscoe Counties, Texas, if approved by the Commission, does not constitute a major Federal action significantly affecting the quality of the human environment within the meaning of the National Environmental Policy Act of 1969 (NEPA), 42 U.S.C. § 4321, et seq., and that preparation of a detailed environmental impact statement will not be required under section 4332 (2) (C) of the NEPA.

It was concluded, among other things, that no definite plans for economic development which would be dependent on the continuation of rail service have been identified in the subject region. The land surrounding this line is primarily used for agricultural purposes, and no scenic features are involved. Furthermore, no interest has been expressed in utilizing this line for other public purposes following abandonment. Given the low volume of traffic handled on this line, no significant impacts on fuel consumption or air quality will result.

This conclusion is contained in a staff-prepared environmental threshold assessment survey, which is available on request to the Interstate Commerce Commission, Office of Proceedings, Washington, D.C. 20423; telephone 202-275-7011.

Interested persons may comment on this matter by filing their statements in writing with the Interstate Commerce Commission, Washington, D.C., 20423, on or before April 13, 1977.

It should be emphasized that the environmental threshold assessment survey represents an evaluation of the environmental issues in the proceeding and does not purport to resolve the issue of whether the present or future public convenience and necessity permit discontinuance of the line proposed for abandonment. Consequently, comments on the environmental impacts and reasonable alternatives.

COLLEGE STATION... Why do women who are physically abused by their husbands decide not to end the marriage?

It would seem to a casual observer that no one would willingly put up with constant physical attacks by her spouse—but in fact, many do.

Reasons why some women choose to remain in such marriages are complex and involve more than just the severity of the assault, Debbey Johnson, a family life education specialist, says.

A lack of research on wife abuse represents a major hurdle for counselors and social service workers—who have so little formal training in this area—but are called for assistance in these cases, she added.

"In response to this need, more research is being done to shed some light on the problem.

"One study conducted recently with 80 families selected from a private social service agency and police files looked at how victims responded—and gave some answers to the question of why victims of conjugal violence stay with their husbands," the specialist with the Texas Agricultural Extension Service, The Texas A&M University System, said.

"First, the study indicated that the more severe the violence, the more likely the wife is to seek help from the police or social agencies. And the more frequent the attacks (once a week), the more likely she is to call the police—while the woman who is abused only occasionally (at least once a month) is more inclined to get a divorce.

for ERA. At the time I hadn't thought too much one way or the other of the organization, but when it gets to the point that women may actually be drafted into service to fight, sleep and eat right along with the opposite sex, then it's time to make your stand. I've always felt that married or single, people have rights. An individual's rights are "right" whether he is married or single, lives alone or with others. However, saying this doesn't always make it work easily when two people live together.

David Viscott, a psychiatrist who counsels couples concerning their marital relationships, has named nine rights which two people who live together should recognize and attempt to respect.

-The right to grow: the relationship should be one which two people allow each other the freedom to grow, even if that freedom threatens the relationship.

-The right to be yourself: you have the right to your feelings, thoughts, and actions. No one has the right to make you change, but if you want to change, it is your right to do so.

-The right to privacy: Some need more than others, but everyone needs moments alone and time to call their own, time for which only you are accountable.

-The right to be trusted: you have the right to be trusted until you give others

reason to believe you do not deserve that trust.

-The right to be respected: you have this right as long as you respect others; respect must be mutual.

-The right to acceptance: to be tolerated when you are silly, foolish, wrong, or afraid, and to accept others as they are.

-The right to be happy: to seek happiness as you define it. To be happy is to become the person you want to be and to share your world with someone who loves you.

-The right to defend yourself: to protect yourself, stand up for your rights, to save yourself in a situation, and to believe in what you feel and know.

These individual rights continue after two people form a meaningful relationship. This relationship should allow both—with equal rights—to grow as individuals and yet as partners.

## Breezettes Runner-Up

By Doug Simpson  
The Floydada 7th grade Breezettes placed a total of 13 times in the 9 team, 13-event Jr. Whirlwind Relays held last Friday but could not overcome the strength of an impressive Lorenzo club and took second place with an 86-point performance, defeated by only 11 points by the champion Hornets.

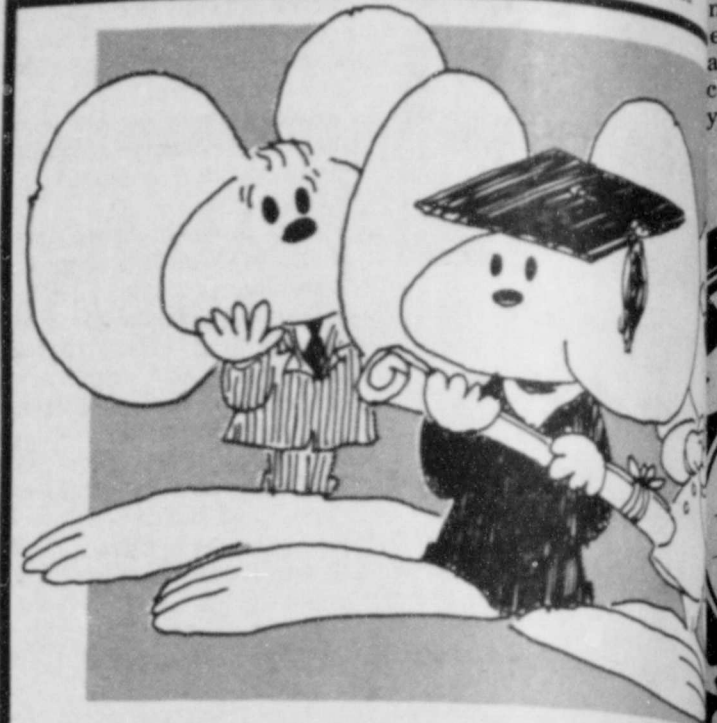

The Breezettes, competing for the second meet of the young season, did extremely well in the running event competition, but were surpassed in the field events, in which Floydada

managed to place only three participants.

Leading the hosts in the field events was Debra Alfaro, whose first place effort in the shot nailed down the lone top spot in this aspect of the meet. Susan Turner captured second place in the long jump, while Alfaro led the fifth in the discus and Karen Davis took sixth.

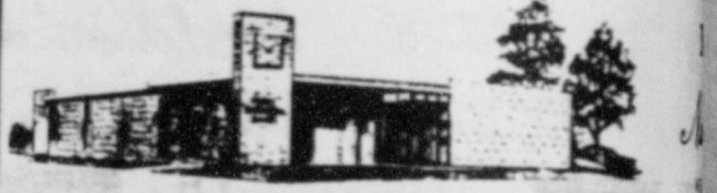

In the 220-yard dash, Triss Coleman taking second place while Sherry Johnson placed third, and Alfaro took sixth.

## Letters TO THE EDITOR

As you know the present library is located on the second floor of the Courthouse and is inaccessible for the aged and handicapped. These people need, and deserve, access to a ground floor library where they can study and do research.

We are well aware that we need good roads for our farmers who grow the crops to feed and clothe many people throughout the world. Our present network of roads is good, perhaps some of the best in the State—again thanks to good leadership on your part.

We are also aware that our jail needs some remodeling; yet we wonder if this should be done at the expense of an improved library. It has been said that "an ounce of prevention is worth a pound of cure."

It is our understanding that \$40,000 has been designated for the library and that additional cash is available to complete this project. This will enable our library, and the branch in Lockney, to keep pace with other services offered our citizens.

We would like to have two commissioners appointed to work out the details of this request. These appointed commissioners should be satisfactory to both the commissioner's court and the "Friends of the Floyd County Library."

## Agriculture Day Is March 21

AUSTIN—March 21 is Agriculture Day in Texas, and Floyd County farmers and ranchers can be proud of the \$65,186,000 contribution they make to the economy of their area and the state, according to Agriculture Commissioner John C. White.

That figure is the amount of cash receipts and government payments in 1975, the most recent figures published by the Texas Crop and Livestock Reporting Service.

"Though 1977 may prove to be one of lower profits for agriculture, cash receipts during this year should be substantial," White stated. "Production costs have doubled for many regions in

the state in the past two years, but several commodities have been able to stay even with these costs."

State totals for 1975 were \$5.9 billion with livestock bringing in \$3,060,908,000 and crops \$2,785,683,000.

Total cash receipts for 1976 are estimated to be more than \$6 billion.

Livestock and products in Floyd County were valued in 1975 at \$11,115,000. Crops totaled \$50,986,000.

### Colston Claims Three Gold Medals

## Winds Sweep Abernathy Relays

By Doug Simpson  
The varsity thinclads, paced by Danny Colston's three first place finishes, amassed 194 total points, including eight total firsts and 76 field event points, for the championship of the Abernathy Relays held last Saturday afternoon. Floydada, which now is in possession of a pair of meet trophies, registered its highest point total of the season thus far, and may have picked up added momentum, going into the annual Whirlwind Relays which will take place all day Friday at the Floydada track.

In the shot put, and discus events, the trio of Carmen Soliz, Paul Radloff, and Junior Cuevas showed much improvement over the initial two meets, in which no higher than a 4th place ribbon could be earned, as the group walked away with a pair of seconds, third, and two fifths.

Soliz brought home second and third place finishes as the junior 1-year letterman hurled throws of 44'1" and 120'5" respectively. Radloff gained a second place award with his 42'11" in the shot, while earning fourth place in the discus, with 121' 7/8" effort. Cuevas took fifth in both events with throws of 39' 9" and 93' 3".

In the long jump event, it was Randy Ratheal and Ricky Day taking fourth and fifth places, as Ratheal's 18'2" leap netted placement, and Day's jump of 17'9" copped fifth.

Andy Rainwater and Ricky Day battled with participants from Abernathy, Tula and Post, including the Antelopes (Post) Mike Waldrup, before the pair eventually tied for 1st place, at a height of 5'10". Rainwater won a resulting coin flip, and thus took the first place medal with Day taking second place.

Rusty Cagle paced a trio of award-winning participants in the pole vault, as the 5-10, junior letterman took top honors with a jump of 12'6", followed by teammates Steve Westbrook, with an 11' 6", and Joe Covington, who's 11'0" effort was good enough for fourth place.

In the running events, the sprint relay team of Colston, Jay Womack, Randy Ratheal, and Micky Minnett copped first place for the second consecutive week, with an impressive time of 43.3.

Charles Bradford earned second place in the 880-yard dash, and finished with a clocking of 2:05.0, just a tenth of a second behind the top medalist. Rodney Ratheal followed in sixth place, with a time of 2:10.1.

Colston's 16.2 in the 120-yard high hurdles marked the first of his three gold medals, and crossed the tape ahead of Cagle, whose 18.8 netted sixth place.

Colston's 42.0 timing in the 330-yard intermediate hurdles was good enough for first in that event, while Rick Covington was close behind in third, with a time of 44.0.

Jesse Martinez improved from his seventh place showing last week in the Tula Relays, by earning a deserving second place medal, with a 4:54.3 effort. Jerry Coleman took fifth place.

The Mile Relay foursome supervised by Tula's equally effective team led by Joe Garza, on the home stretch and coasted to first place with a 3:30.8 time. The team consists of Womack, Rick Covington, Bradford, and Ratheal.

## SPORTING EVENTS

### Eighth Breezettes Third

By Doug Simpson  
The Floydada 8th grade female track squad tallied 62 total points by placing in three field events and four running contests to place behind powerful Kress and Dimmitt, which vaulted past the 100-point plateau, and take third place of the Jr. Whirlwind Relays held last Friday at the Floydada track.

The Breezettes, hosting their own meet for the first time, placed in third ahead of traditionally competitive schools Lorengo, Silvertown, Hart, Hale Center, Tulia, and Post.

In the shot put event, Sharon Weeks paced her squad by capturing second place, followed by Kelly

Warren with 3rd. Amy Jones took 4th in the high jump, and Carrie Sue Woody closed out field event placement for Floydada by taking second in the long jump.

In the 220-yard dash, it was Sylvia Coleman nailing down 3rd for her team, as Woody was close behind in 4th, and Jones landed a fifth place standing.

The 880 Relay team of Sharon Weeks, Le Shady Chandler, Carrie Sue Woody and Sylvia Coleman managed a 4th place showing in that particular event.

Meanwhile, the exact same foursome finished in the second of two relay events with a 6th place performance.

### Seventh Thinclads Edge Tigers For Championship

By Doug Simpson

Coach Arlon Barnes' 7th grade thinclads accumulated 40 points in the field events, while placing a whopping 12 participants in the running competition to outduel a strong Friendship club and capture first place of the first annual Jr. Whirlwind Relays held last Friday.

The highly-touted, 20-team track and field extravaganza was characterized by a dramatic two-team struggle, which finally found the Breezers on top by a 1/2-point margin, after battling strong gusts of wind up to 50 mph.

The Breezers failed to register points in either the shot put or discus events, but placed three contestants in the long jump and a pair in the high jump to help round out its 101 1/4-point total.

In the long jump, Todd Beedy captured first place with a 14'0" effort, but actually had to share the honor with Mark Nutt, whose identical leap gave him second place. As a result of the loss of the coin flip, Carlos Rainwater placed 4th with a jump of 13'9".

Rainwater took 1st in the high jump, however, with his 4'10" performance, while Mark Nutt followed in second with a 4'8".

Beedy grabbed top honors

in the 100-yard dash, with an 11.7 clocking while Moises Toole and David Galvan took 3rd and 4th spots in the 880-yard dash respectively.

Rainwater and Ronnie Minner shared 4th place in the 120-yard high hurdles with identical times of 15.9.

In the 80-yard low hurdles it was Nutt taking 1st place with his time of 13.4, and Rainwater followed close behind in second with a 13.8.

In the relay events, Floydada netted a pair of thirds, with the 440 relay foursome of Tony Rodriguez, Beedy, Rainwater, and Nutt crossing the tape at a 56.6 clocking.

The 880 Relay team of Tony Rodriguez, Beedy, and Nutt also claimed third place.

Floydada picked up just 16 field event totals, as Tim Radloff and Jimmy Martinez landed 2nd places in their respective events to count toward the final amount. Radloff placed with his throw of 37'3" in the shot put while Martinez grabbed his award with a 14'2" effort in the long jump.

FAIRVIEW: March 14 -

We hear that some moisture is falling in some parts of the west and northwest that has been dry for so long, but all we have here so far is wind and dust storms. Farmers are working in their fields preparing their land for spring planting, and some wheat is greening up in spite of the dry weather.

Mr. and Mrs. E. W. Walls made a trip recently to Texhoma Lake. They report the wheat in that area is real pretty and green.

# FU Says "High Time For Fair Farm Prices"

WYNDEN, TEXAS - The Farmers Union did not apologize for a decent message at the Elementary School in Wynden, Texas. The message was a message from the Farmers Union and a class in the school.

effective national farm legislation. "Farmers are getting left behind in the inflation race," said one Farmers Union member. "Our supplies, equipment, energy and labor are killing us too, yet we are at the mercy and shims of a boom and bust market."

Bread, for example, didn't go down one cent at the grocery store this past year although the price for wheat hit a disastrous bottom unseen in comparison to costs

of production since the Depression. Until we have a strong and stabilizing farm program in Washington, there will be no security in farming and no end to the fluctuations which consumers must face when there is an over or under supply of any given commodity."

The National Farmers Union is continuing to call on the Administration to get a new and effective program in gear during this year of the expiring Farm Act of 1973.

"We have been ruined by the past Administration which turned its back on the family farmer," said the member. "And if anyone is interested in eating, he'd best take some interest in supporting the farmer or there won't be any of them left except maybe some absentee corporation running the show. Food prices are the best bargain in America and we need healthy returns on our work if they expect us to keep that up."

# Schacht, Davis To Represent Floyd County Farm Bureau At National Affairs Conference

The Floyd County Farm Bureau will send two representatives to the Texas Farm Bureau's National Affairs Conference in Washington, D.C. and Williamsburg, Va., March 21-25, according to Eddie Teeter, president.

Those who will attend from Floyd County are: Paul Schacht and Rainey Davis.

The local county organization qualified to send these representatives by complying with requirements of the state organization concerning its 1977 program of work and membership acquisition program.

The Texans will fly in two groups from Dallas-Fort Worth airport on March 21 and will return from the Nation's capital on March 25.

Purpose of the conference is to give county FB leaders an insight into the workings of our national government,

familiarize them with crucial national issues, and strengthen relationships with members of the Texas delegation in Congress. Conference will also have an opportunity to take in places of interest in Washington and Colonial Williamsburg.

Robert Delano of Virginia, vice president of the American Farm Bureau Federation, and Carrol Chaloupka of Dalhart, president of the Texas Farm Bureau, will speak at two dinner meetings for the group. Members of the AFBF Congressional relations staff will brief the Texans on Farm Bureau's national legislative goals for the current session.

Meetings with Texas Congressmen and Senators are scheduled. In addition, time is reserved for the Texans to make individual contacts with their respective Congressmen.

Some 275 county Farm Bureau leaders from about 100 counties are expected to make the trip.

One of the highlights of the trip will be a visit to the U.S. Department of Agriculture complex and hopefully a meeting with Secretary of Agriculture Bob Bergland. Sites of interest to be seen in Washington include the U.S. Capitol, Supreme court Building, Library of Congress, Ford's Theater, Federal Triangle, the National Gallery of Art, the Smithsonian Institution, the Washington Monument, the White House, and the Lin-

coln and Jefferson Memorials.

Across the Potomac in Virginia, the group will visit Arlington National Cemetery with stops at the John F. Kennedy gravesite and the Tomb of the Unknowns, Arlington House (home of Gen. Robert E. Lee), and Mount Vernon.

Chartered buses will take the group from Washington to Colonial Williamsburg where they will spend two nights and a full day of sightseeing. They will also visit nearby Jamestown where the first English colony was established in the New World. In Williamsburg, they will visit many of the 88 shops, taverns, public buildings and private homes that have been restored to what they were originally when Williamsburg was the colonial capital of Virginia.

Some 275 county Farm Bureau leaders from about 100 counties are expected to make the trip.

## U.S. SENATOR LLOYD BENTSEN NEWSLETTER

Washington, D.C. - Senator Lloyd Bentsen Wednesday told the Senate Agriculture Committee that he agrees with the concept of the new farm bill, in which target prices are increased and based on production costs rather than parity. Bentsen had urged this approach in testimony before the committee in 1975.

But he told committee members Wednesday that the formula in the new bill does not accurately reflect the actual cost of production since land values are based on the price at the time of purchase rather than current values.

"I believe the attempt to base target prices on production costs is a significant step forward in efforts to make the farm program more workable," Senator Bentsen said.

"But I think a change is called for in the formula used in determining what the costs of production are."

"This bill tells farmers that target prices will be set at 100 percent of production costs but, because it relies on 'acquisition land values' rather than current values, the actual costs will be understated," Bentsen said.

"It would be far better, I believe, to establish a formula that accurately reflects production costs and then, to meet the constraints of the Federal budget, set target prices at 95 to 90 percent of these costs."

Bentsen noted that the change he suggested would not be a major one in the overall context of the bill and he praised the committee for its proposal to use production costs as the basis for target prices.

"The number of farms in this country has declined from 6.8 million in 1935 to only 2.8 million in 1975. Those farms that remain are a valuable resource that we rely on to feed ourselves as well as much of the rest of the world," Bentsen said.

The new farm bill, with the minor changes I have suggested, can help prevent the continuing erosion of this resource," Senator Bentsen said.

## VERY FEW MOTORISTS HAVE REGISTERED THEIR VEHICLES

**LUBBOCK**—Have you picked up your 1977 motor vehicle registration sticker yet?

If not, be prepared to punch the panic button.

That's exactly what members of the Tax Assessor-Collectors Association of Texas are about to do.

R. W. Townsley, director of the Motor Vehicle Division of the State Department of Highways and Public Transportation, said today that county tax officials "literally were ready to crawl the walls" when the organization's board of directors met in Corpus Christi recently.

"Very few motorists have registered their vehicles—just like last year," Townsley said. "Tax offices are staffed to handle the anticipated rush to get stickers early, and they've simply got nothing to do."

Despite the easily handled stickers, which were initiated in 1976, and computer-prepared registration applications—which eliminate most of the delay formerly involved in typing registrations—motorists simply aren't remembering last year's frustrating last minute lines.

"Tax collectors are waiting for the 'big crunch' " Townsley said. "Motorists will have no one but themselves to blame if they wait until the deadline April 1 to get their registrations. Every county in the state is running way behind schedule."

Many motorists could have registered by mail, but mail registrations ended February 28.

Meantime, those motorists who don't want to take time off from work to wait in line for as much as several hours had better take a few

minutes to register their vehicles today.

It would be rough to be one of some 10 million motorists trying to register their vehicles in the last few days of the month.

# South Plains News

By Mrs. Murray Julian

**SOUTH PLAINS, March 14**-Rev. Fred Blake came to the South Plains Baptist Church one year ago, Sunday, March 14, from Leveland First Baptist Church, and Sunday 61 were present for Sunday School with several others coming in for church. Visitors included the grandchildren of Mrs. Arby Mulder, Richard, Rhonda and Candy Taylor from Amarillo, and Sgt. and Mrs. Kenneth Powell who are home on leave from Germany where they have been stationed the past two years. Others present were Mrs. Mark Sanders with her new baby daughter, Shea, one month old, and Mr. and Mrs. Kelvin Cummings, among the audience. Rev. Nathan Mulder preached at the evening services in the absence of Rev. Fred Blake.

Mrs. Rita Hamilton and Mrs. Kathy Mulder, leaders of the G.A.'s of the South Plains Baptist Church met at the church Friday evening at 6:30 p.m. for a Mission Book Study. The girls had supper and enjoyed a slumber party later in Fellowship Hall of the church. Mrs. Hamilton and Mrs. Mulder with Mrs. Kendis Julian served pizza to the girls, along with cold drinks and ice cream cones. Rev. Fred Blake showed beautiful slides of Oregon that he had taken on a former mission there, and the leaders reviewed the Home Missions book, "Four Winds, Blowing." G.A.'s who attended the book review and spent the night with Mrs. Hamilton and Mrs. Mulder were Pam Powell, Penney Mulder, Meredith Kitchens, Mitzi Julian, Cindy Mulder, and Amy Arredondo.

Rev. Fred Blake left here Sunday to go to Childress, where at the Calvary Baptist Church he began a revival which will go on throughout the coming week. Pastor Randy Henry is minister at the church. The revival starts Sunday night to go through next Sunday morning. Rev. Nathan Mulder will preach the morning services at the South Plains Baptist Church next Sunday, March 21.

Mr. and Mrs. Sylvin Kinniburgh and Mr. and Mrs. Hank Dickens left Sunday morning to go to Truscott where they attended a family reunion of all the Spivey family and other relatives which was held Sunday at the home of Mr. and Mrs. W. H. Simmons. Mrs. Kinniburgh's only brother, Grady Spivey of Navasota was there for the reunion and he returned here with the Kinniburghs to visit. They had lunch this Monday in Plainview with Mrs. Ted Horne, and visiting this Monday night in Lockney with Mrs. Ray Dillard and husband.

Mr. and Mrs. Keith Marble, Brett Marble, Kelly Marble, and the children, D'Lee and Dwayne Marble all spent the weekend in Fort Worth where they attended the Tractor Pulling contest. Mrs. Lillian Marble accompanied them to Denton, where she visited with her daughter, Mr. and Mrs. Marvin Wells and girls.

The South Plains College Texanettes, who won the Region V Tournament last week, left this Monday for Overland Park, Kansas, and the women's National Junior College Tournament. Donnette Marble, from South Plains is one of the members, and this Monday her parents, Mr. and Mrs. Don Marble, and her aunt and family, the Marvin Wells and three girls from Denton, and her grandmother, Mrs. Lillian Marble of Floydada, left for Kansas City to watch the tournament. Don and Nancy went to Amarillo where they flew to Kansas City for the National Tournament.

There are sixteen children in the kindergarten class at the South Plains Elementary School, with thirteen of them little boys. Miss Inez Cuevas is their teacher, and they began their school year in January. Spring break for the school this year is March 21, and the children and teachers will have a week's vacation. Miss Cuevas has her hands full, but she enjoys her work with the children.

Mrs. C. E. Bartlett, grandmother of Curtis and Richard Sanders of our community, who fell and broke her hip recently, is still in Nichols Clinic in Plainview receiving therapy. Mr. and Mrs. Sylvin Kinniburgh, with their granddaughter, Melissa Horne and little friend, Keva Black, both of Plainview, are leaving this Tuesday for Ruidoso, New Mexico, where they will enjoy a stay in a mountain cabin for a few days. They plan to enjoy the sights. Melissa's mother, Mrs. Ted Horne, plans to go with them, if her health permits. She has been having a siege of illness, which sent her to the hospital, but is home and doing better at this time.

Mr. and Mrs. W. B. Blacklock of Clovis, New Mexico arrived to spend from Monday to Wednesday here with their granddaughter, Mr. and Mrs. Nathan Mulder, and children, Cory, Jimmy, Cindy and Penny. Mr. and Mrs. Jerry Taylor and children, Richard, Ronnie, Rhonda and Candy of Amarillo came Sunday to spend the day with their parents, Mr. and Mrs. Arby Mulder. The children, Richard, Candy and Rhonda are spending the week here while they are having spring break from school. The oldest boy, Ronnie, went home with his parents.

We extend sympathy to the Fred, Keith and Don Marble families in the death of their cousin, Mrs. Jan Roberts of Amarillo who passed away this Monday after a long illness.

Mr. and Mrs. Alvin Nichols went to Sweetwater Monday and brought their daughter, Mrs. Glen Whitfill home with them, and she left later with a friend, Mrs. Abbott from Plainview, for a trip to North Carolina where she will visit her daughter and family for a week. She will return by plane to Dallas, and home to Sweetwater.

The Baptist Sunday School Class of Young Adult Women will meet for a party at the home of Mrs. Nathan Mulder Wednesday afternoon at 2:30 p.m.

Zach Cummings, son of Mr. and Mrs. Sterling Cummings, set a record performance at West Texas State University Friday, when he won the 60-yard high hurdles in 7.1 seconds, and the 60-yard intermediate hurdles in 7 seconds flat, setting a new school record. Zach qualified for the NCAA Indoor Invitation Meet, March 12, in Detroit.

We extend congratulations to Mr. and Mrs. Mark Sanders on the birth of their first child, a daughter, named Ryan Shea, born at 8:30 p.m. February 15, weighing 8 lbs. 4 oz. The Sanders reside in South Plains and her parents are Mr. and Mrs. Sterling Cummings, and his parents are Mr. and Mrs. Hansel Sanders, all of whom live in the South Plains area. Shea also has great grandparents Mr. and Mrs. Earl Norman of Haskell, Mr. and Mrs. Z. C. Cummings, Mr. and Mrs. A. P. Sanders, and Mr. and Mrs. Elmo Reeves all of Lockney.

Caleb Cox, 94 year old father of Mrs. Alvin Nichols of South Plains, arrived last Wednesday from California, and is now in the Lockney Care Center where relatives

and friends can visit him. Congratulations to Mrs. Lillie Luttrell, mother of Mrs. Leighton Teeple of South Plains, who recently was honored on the occasion of her 93rd birthday. Mrs. Luttrell lives at the Floydada Nursing Home.

Mrs. L. T. Wood and Mrs. Fred Blake from here met in the First Baptist Church Chapel in Floydada Wednesday for a book review, followed by a salad luncheon in Fellowship Hall. The book was "A Sense of Spring," by Everett Hulmums, and it is the Baptist Women's Home Mission Book. It was reviewed by women of the Floydada Church.

It was calm and still here Saturday and Sunday after a terrible dust and wind storm which hit the area on Friday. Saturday morning it was 26 degrees and this Monday morning it was up to 40 degrees here. Many homes were dusty, and several had TV antennas which were blown down, or bent from the winds.

Sunday night at the Baptist Church Mrs. Fred Blake led a program on Home

Mission work with slides shown on the growth of churches in the Pacific Northwest in Oregon and Washington. She reviewed the Home Mission book "A Sense of Spring," and told of churches in the areas shown. Glen Wood is having an auction sale at his place located northeast of South Plains, with lunch at noon, and sale time is 10:30 a.m. on Tuesday, March 15th.

Mr. and Mrs. Murray Julian are home from Holly wood, Florida, where they have spent the past three weeks visiting Mrs. C. L. Julian and children, the Clifford Julians, the David Julians, and the Robert Jacksons. The weather was good all the way, and it was warm in Florida, except for a few days of cool weather. Signs there of the recent freeze are fast disappearing as all Florida has new gardens, new flowers, and the orange and grapefruit groves of the central area are heavy with fruit. Some are still on the trees, and much is in big trucks on the way to the market. The Julians spent some time in Ft. Pierce with relatives, and in Pensacola
