## Beall Named President

Royce M. Beall has been named President of the 81 store Beall Department Store Chain succeeding his brother, R. G. 'Bob' Beall, who has been elevated to the position of Chairman-Of-The-Board. The action came Thursday, March 24, 1977, at a Directors meeting held at the Company's home office in Jacksonville, Texas.

Beall has previously been Childrens Wear Buyer, a position he has held since 1959. He is the son of the late Robbie Beall, one of the Co-Founders of the chain. He is the third man to hold the Presidency position during the Company's 54 year history. Preceding him were Co-Founder, Willie Beall and R. G. 'Bob' Beall.

Royce M. Beall

He was born and reared in Nacogdoches, Texas, graduated from high school there and attended SMU. His retailing experience includes a year as salesman in Bealls Lufkin Store, then as Assistant Manager in Nacogdoches, then Manager of Nacogdoches from 1953 to 1959. In 1959, he moved to Jacksonville as Childrens Wear Buyer in the General Offices.

Beall is a director at the Texas Bank in Jacksonville and a member of the Evangelical Methodist Church. He is married to the former Glenda Haberle of Jacksonville. They have two children, Mark, age 18 and Elizabeth, age 12.

The Bealls live at 1308 Hillcrest in Jacksonville.

## Conservation Office Receives

### Year Safety Award

Conservation Service office staff in Lubbock recently. The award was presented to La Baume by Mickey L.

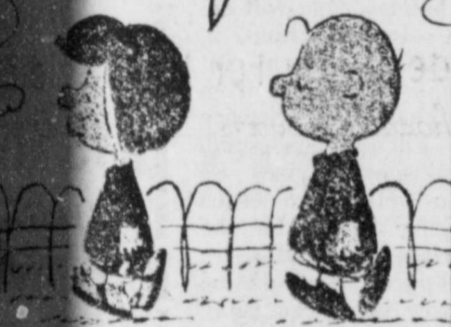

Black, area conservationist for the Lubbock area SCS. The safety award was given by the United States Department of Agriculture for preventing motor vehicle accidents from January 1, 1962 to December 31, 1976. The Floydada field office continues its high standard of safety by training, defensive driving habits and keeping all vehicles and equipment in good operating condition. La Baume stated safety doesn't just happen, it must be worked on every day of the week.

Last year (end of 1975) the local SCS office received a 20 year safety award for preventing disabling injuries and this has now been extended to 21 years.

The present Soil Conservation Service staff consists of Jon J. La Baume, district conservationist, Joe D. Platt, soil conservationist, Obie G. Kelley Jr., soil conservation technician, Jake Colston, conservation technician (part time) and Travis Gentry, conservation technician (part time).

**MANAGEMENT KEY TO FARM PONDS**—Management is the main ingredient to top fish producing farm ponds, says a fisheries specialist with the Texas Agricultural Extension Service. For farm ponds to reach their potential in fish production, such things as proper location, dam construction, stocking and feeding of fish are vital. Good management includes removing unfit or undesirable fish, controlling weeds and providing places for fish to spawn. Use of brush and automobile tires will help concentrate fish to make fishing more successful.

IT seems strange to us that our ancestors used clamshells and beads for money, but then you have to wonder what they would think about a wallet full of little plastic cards.

PEOPLE who like these jobs are fortunate. Every body else works for the funds of it.

CURIOSITY is a clever device that Nature invented to teach children how little their parents really know. IF you are one of many parents who found nibbles on candy Easter eggs hidden in the sock drawer long after Easter has come and gone, you may want to try some helpful substitutes in this year's basket.

A small toy or two tucked into a decorated party hose container will be a delightful surprise for your youngster.

Children who have reached the age of nine or 10 who feel they are too old for the traditional Easter Egg hunt—but still want to be in on the holiday fun—will delight in a treasure hunt.

Carefully hidden instructions lead them from clue to clue to a "treasure basket" full of eggs, small toys and special prizes. Be sure to make the clues challenging enough for the appropriate age group.

This approach can also be an answer for those rainy day hunts for smaller children, with pictures around the

This has been a good week with no one going to the hospital. We also got a new

resident, Mollie Jones from Matador, who entered the nursing home Monday. We are happy to have her and hope she will feel at home here.

Our devotions have been good with everyone blessed in a special way. Thanks to everyone who came out.

We have a desperate need for a church to take the services on the second Sunday of every month at 3:30 p.m. If your church would like to do this please get in contact with me or Paul Westbrook at the Nursing Home. We know you would get a blessing from these services as well as the residents.

We are sorry the First Christian Church is giving up these services, but we thank them so much for all the years they spent trying to bring a blessing to these dear people. May the Lord richly bless them.

Tuesday was manicure day and Donna Yeary had brought us a lot of new colors in the nail polish so they had a lot of fun picking out the color they liked best. We took a nice field trip Wednesday and had a good bus load. Taking the trip were the driver, Mr. Free-

### Bake-Off Contest Held During FHS Week

This week is FHA week and Tuesday Floydada Future Homemakers sponsored a Bake-off at school. Winners were chosen in five categories; cakes, cookies, pies, breads, and candy.

Lisa Noland won first place in cakes with an Italian Cream Cake. Paula Ratliff won second place-Buttermilk cake; Kristi Julian, third with a Fruit Cocktail Cake.

In the cookie category Tracy Tyler won first-Jubilee Jumble cookies; Kara Copeland, second-sugar cookies; Barbara Schwertner, third with oatmeal cookies.

Barbara Schwertner won first in pies with Peach Cobbler. Brenda Vick second - Peach Cobbler.

Baking Bread; Becky Crabtree won first with Pumpkin Bread; Melody Powell, second with Cinnamon Rolls; Pam Nichols, third with Banana Bread.

In the candy division Barbara Schwertner received a second with Martha Washington Candy.

Judges were Mrs. Fred Cardinal, Mrs. Don Bean, Joe Paty and Donnie Carthel.

First place winner's recipes follow:

#### PEACH COBBLER - 375 Degrees

Slice 4 cups of peaches. Mix with 1 cup white sugar, a heaping tablespoon flour, cinnamon to your taste.

Place in greased and floured baking pan.

Pour 3/4 cup milk over peach mixture.

Then mix: 1/2 c. oatmeal 1/2 c. flour

1/2 c. sugar  
1/2 tsp. soda  
1/2 tsp. baking powder  
1/4 tsp. salt

Work in 1/2 c. butter in this mixture and spread in a layer on top of peaches. Bake until peaches are done and crust topping is brown. Serve hot or cold.

#### ITALIAN CREAM CAKE

Beat 5 egg whites-set aside. Cream together 2 cups sugar, 1 stick oleo, 1/2 cup crisco, 1 tsp. vanilla. Add 5 egg yolks. Add 1 cup buttermilk alternately with 2 cups sifted flour, 1 tsp. soda, 1/2 tsp. salt. Mix well. Stir in 2 cups coconut and 1 cup pecans. Fold in the egg whites. Bake at 350 degrees for 25 to 30 minutes. Makes 3 large layers.

#### JUBILEE JUMBLE COOKIES

1/2 c. Crisco

1 8 oz. cream cheese  
1/2 stick oleo  
1 tsp. vanilla  
1 box powdered sugar.

#### PUMPKIN BREAD

2/3 c. shortening  
2 1/2 c. sugar  
4 eggs  
1 can (16 oz.) pumpkin  
3/4 cup water  
3 1/2 cups flour  
2 t. soda  
1 1/2 t. salt  
1/2 t. baking powder  
1 t. cinnamon  
1 t. cloves

3/4 c. coarsely chopped nuts-optional  
3/4 c. raisins-optional.

Grease 2 loaf pans, 9 x 5 x 3 inches. Mix shortening and sugar; stir in eggs, pumpkin, and water. Blend in flour, soda, salt, baking powder, cinnamon and cloves. Stir in nuts and raisins. Pour into pans. Bake about 1 hour 10 minutes or until wooden pick inserted in center comes out clean.

#### WHEN TRAVELING WITH CHILDREN IN AN AUTOMOBILE, BE ESPECIALLY CAREFUL NOT TO PUT ANY SHARP, HEAVY OR HARD-EDGED OBJECTS ON THE REAR WINDOW LEDGE.

2 eggs  
1 c. brown sugar  
1 c. undiluted Carnation  
1 tsp. vanilla  
few drops lemon extract  
2 1/4 c. sifted flour  
1/2 tsp. soda  
1 tsp. salt  
\*1-1 1/2 c. coconut.  
\*You may use nuts, cut dates, or raisins instead of coconut.

Mix shortening, sugar, and eggs. Stir in milk and extracts. Sift flour, soda, and salt and add to above mixture. Add coconut (or other). Chill one hour. Heat oven to 375 degrees. Drop by teaspoonfuls 2" apart on cookie sheet. Bake about 10 minutes or until desired. Iceing

Frost while warm, with soft powdered sugar icing. Evaporated milk, melted oleo, vanilla, powdered sugar. Use desired amounts.

# FU President Condemns Carter Farm Policy

Texas Farmers Union President Jay Naman of Waco issued a statement today condemning the farm policy recommendations of the Carter Administration. The state farm organization president termed the propo-

sals released last week "shocking" and "demoralizing." "The Administration's price and income support programs, announced last week, amount to a repudiation of the 'cost of production' commitments which candidate Carter made during the campaign. They reflect a total lack of understanding of what is needed to assure a healthy agriculture and an abundant supply of food," Naman said.

"Texas farmers are shocked and demoralized to think that they would be written off by an administration which carried the rural areas of Texas because of its strong commitment to farm income improvement. They are disgusted that they are being offered nothing more than a continuation of a 'boon and bust' type agriculture, a continuation of the Butz policies. There is little new in the Carter Adminis-

tration recommendations, but rather a promise for more farm bankruptcies and grace economic repercussions in the rural areas."

"If the farm program recommendations are the work of economists in the Council of Economic Advisors, rather than Secretary Bergland, as has been reported, then we don't need a Secretary of Agriculture. If Secretary Bergland is relegated to being a pawn of the Council of Economic Advisors, he should save face by resigning. If they are his policies, he should immediately stump the country explaining to farmers how prices at less than 50% of a fair price will keep them in business," Naman continued.

"Texas farmers are insulted with such gimmicks in the new program as the 'sinking floor' that will drop price supports 5% when there is over-production and

a floor is needed. They are irate over the price ceilings established in the new farm recommendations which could impose a cap at less than the cost of production. The Carter farm policy recommendations are irresponsible and violate the trust which the Administration should have kept with the American farmer."

The state farm leader went on to explain that a plane load of Texas farmers

would be in Washington this week to discuss the farm program recommendations with leaders in Congress and the Administration. He explained that Farmers Union would be looking to Congress to rectify the serious distortions in the Carter farm policy recommendations.

"Farmers from Texas that will be visiting in Washington this week under the auspices of the National

Farmers Union Fly-In will be anxious to discuss with Secretary Bergland and the Administration some of the shortcomings in the Administration's program. They will also visit with their members of Congress in an effort to build support for a meaningful farm bill."

## SENATOR BENTSEN Pleased With Emergency Wheat Program

Washington, D.C.—Senator Lloyd Bentsen Friday said he is pleased by recent Senate passage of an Emergency Wheat Program which he and Senator Henry Bellmon (R-Okla.) co-sponsored. (The Senate passed the bill 72-22.

"The need to encourage wheat producers to use a portion of their land for grazing or hay production comes from the current abundance of wheat and the lower demand estimate," Senator Bentsen said.

"The world wheat shortage which existed from 1972 to 1976 has disappeared, and we now expect surpluses. In June wheat stocks are expected to exceed 1.1 billion bushels -- the largest crop since 1963," Bentsen said.

"The program will benefit both the wheat producers, who supported the measure, and the cattlemen, who need additional acreage."

Specifically the program would allow a producer of wheat to designate an acreage of cropland on his farm

that would be available for use by the producer only for grazing or hay production. This acreage must not exceed 40 percent of the producer's total wheat acreage allotment.

Secondly, assistance the producer would receive from the Department of Agriculture would be determined by multiplying the number of acres placed in the grazing program, times the pro-

jected yield for wheat for the farm, times one dollar.

"Freeing the government from the liability of a crop failure would be one of the principal benefits of this program, permitting government savings from lower storage costs, loan outlays, and deficiency payments," Bentsen said.

"At the moment the forecast is for an even larger carryover of wheat production next year. This legislation is an attempt to eliminate future stock to the U.S. economy by encouraging a slowdown of wheat production while helping farmers supply additional hay and grazing possibilities for beef producers," Senator Bentsen said.

### Announces \$44,988 Center Grant

Congressman Omar Burleson Wednesday announced the approval of a \$44,988.00 community service administration grant to the Caprock Community Action Association Inc. with headquarters in Crosbyton.

The grant is effective May 1, 1977 and will run for 12 months.

The counties served are Floyd, Crosby, Dickens, and Motley.

The purpose of the funds is to operate seven neighborhood centers in Floyd, Crosby, Motley and Dickens counties and for assisting disadvantaged people in such areas as health, education, jobs and housing.

## Texans Enjoy Lighter Tax Burden

AUSTIN--Most people would prefer to pay no taxes at all. But Comptroller Bob Bullock said Thursday that Texas at least enjoys a lighter state and local tax burden than do the residents of 43 other states.

In his March monthly financial statement, Bullock noted that recent studies show that Texans pay about 10 percent of their personal income in state and local taxes, compared to a national averaged of 11.9 percent.

Texas ranked 44th among the 50 states, he said. New York State--where residents paid 15.7 percent of their personal income in state and local taxes--ranked first.

The Comptroller's financial statement also reported that because of lower interest rates, Texas local governments issued new bonds totaling \$2.1 billion in 1976, a record high.

Bullock noted that January state revenues totaled \$487.5 million, bringing

state revenues during the first five months of fiscal 1977 to \$2.6 billion--a nine percent increase over the same period in fiscal 1976.

State expenditures during January totaled \$544.4 million, he said, raising total expenditures to date during fiscal 1977 to \$2.86 billion--only one percent ahead of fiscal 1976 levels.

The state closed its books on January 31 with a total cash balance of \$1.27 billion, Bullock said.

**PROPOSED NEW PAYMENT PLAN FOR DAIRYMEN**--A new payment plan is being proposed for Texas dairymen, says an economist with the Texas Agricultural Extension Service and the Texas Agricultural Experiment Station. The proposed change, in the form of amendments to the Texas Milk Marketing Order, would establish producer payments as determined by the base period, September through December. Called a "base-excess payment plan," the plan would provide for payment to producers based on the amount of milk delivered to regulated handlers during the base period. A public hearing on the proposed plan will be held April 5 beginning at 9:30 a.m. at the Holiday Inn--Dallas-Fort Worth North in Irving.

**FLOYD DATA**  
Mr. and Mrs. George Smith returned home Monday from a months visit in California with Mrs. Smith's sisters and their grandson and family. Mr. and Mrs. Paul E. Willis at Brawley, California.

### 'Winds Fall To Powerful Tigers In Final Event

By Doug Simpson  
The powerful Slaton Tiger track squad outdueled a heated, last-ditch victory attempt on an exciting closing mile relay event to win by a single second and 2 1/2 total points for the championship of the highly-regarded Plainview Relays held last Saturday. The win for Slaton snapped the Whirlwinds' unbeaten skein of three consecutive meets, and defeated the Winds' respected mile relay foursome for the initial time in the same number of outings. Prior to the contest, Floydada had easily captured trophies at Tulla, Abernathy, and Floydada, respectively.

Colston, Rick Covington, and Randy Ratheal turned in another excellent performance, with a very close second place at 44.2 on the clock in that event, and the preliminary event saw the group (including Mickey Minnitt instead of Covington) set a new meet record with a clocking of 43.4. Charles Bradford maintained his ribbon-winning antics in the 880-yard dash, with a 4th place showing and a 2:08.9 timing. Danny Colston also netted a 4th in the 120-yard high hurdles, with an impressive time of 15.3. Jay Womack set another meet mark with his sizzling 9.9 performance in the 100-

yard dash, for a deserved 1st place medal. His efforts also tied the school record. Randy Ratheal landed another top award in the 440-yard dash, with a 50.4 clocking, also a new meet record. The mile relay team lacked capturing first prize and

the championship of the entire meet in that particular event, the finale of the afternoon, but was defeated by inches by Slaton's feared machine, and settled for second with an excellent time of 3:30.0.

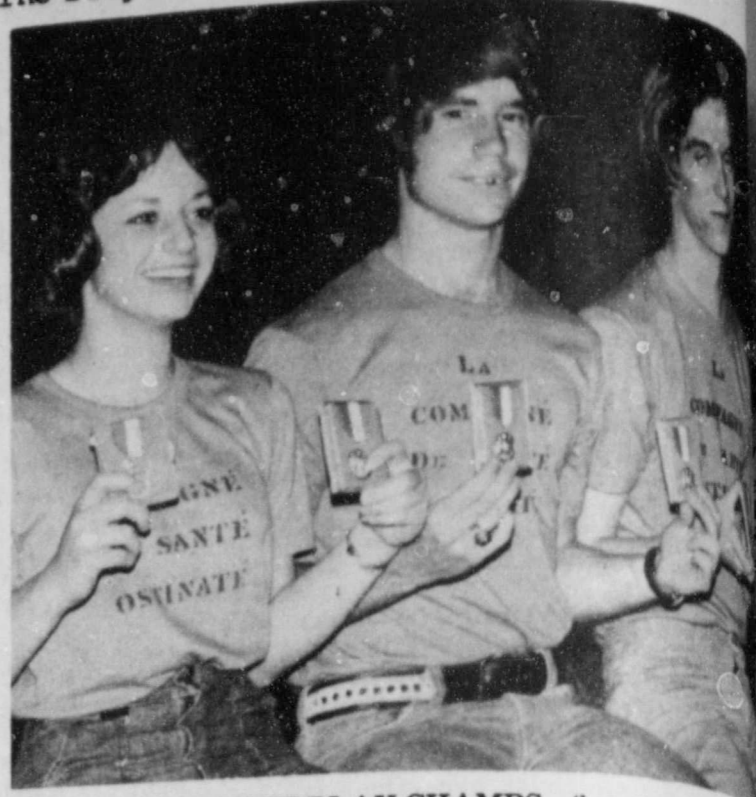

### Junior Varsity Fourth In Plainview Relays

The Floydada Whirlwind JV tracksters captured 2nd place in four events, including a pair of running events,

combined with two field contests, en route to a 50 1/2 total point performance and a strong second place finish in the annually difficult JV Division of the Bulldog Relays held last Saturday. Floydada, under the direction of Coach Don Carthel for the 1977 season, were able to defeat such AA powers as Hereford and Slaton, and finished fourth behind only AAAA schools. In the long jump, Junior Arredondo landed second place with a 19'11" effort, while Joe Covington contributed another eight points toward the 50-plus total by capturing second in the pole vault, with a leap of 11'6". Ricky Day netted sixth place in the high jump at a level of 5'8".

### Letter To The Editor

Dear Mr. Tooley,

I don't live here but it does disturb me to see the fire department as slow as it seems to be. We lost our home December 30, 1976 in Paducah, Texas and the fire department was at our house within 5 minutes after it was reported. Today, Sunday March 13, 1977, a fire was started behind my Grandmother's house and it took the fire department at least 15 minutes or more to get here. The fire was within 10 or 15 blocks from the fire house and I know it should not take them that long to respond.

The loss of a home or something that means a lot to you is a very horrible experience. As dry as everything is now, everyone should take extreme caution in preventing fires. I think the fire department should think about getting to the fires a whole lot faster.

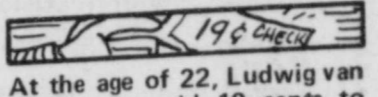

Yours truly,

### Morton Resident Gives Credit To Stovall's Safety Program

Gene Wittner, a Morton, Texas, resident employed by the Bailey County Electric Cooperative of Muleshoe, was honored by the officers of Reese AFB, during a traditional Dining-Out ceremony, March 11.

Wittner was congratulated during the dinner by Brigadier General Edward Mendel, Commander of Reese's 64th Flying Training Wing, for his actions following a December 14, 1976, mid-air collision of two T-38 jet trainers from Reese.

Through a quirk of circumstances, Wittner actually witnessed the accident while working on power lines near Enochs, Texas. Upon seeing three parachutes open in the air, he immediately stopped work, began to contact the appropriate agencies to inform them of the accident, and, with his four co-workers went to the aid of the downed pilots.

Seeing that two of the pilots were uninjured, Wittner directed his attention to First Lieutenant Robert L. Jones, an instructor pilot with the 54th Flying Training Squadron, who had hit the ground much harder than the two other pilots. Lieutenant Jones appeared to be unconscious and had stopped breathing.

Wittner began giving mouth-to-mouth resuscitation to Lieutenant Jones and continued to do so almost continuously for about 40 minutes until they were on the way by ambulance to Methodist Hospital in Lubbock. Doctors at both the Reese AFB and Methodist Hospital credit Wittner's quick action with saving the life of Lieutenant Jones, who is now undergoing rehabilitation treatment at a Veterans Administration Hospital in Houston.

Wittner, a native of Three Way, Texas, is a U.S. Navy veteran who has been employed by the Bailey County Electric Cooperative for the past 18 years. He also serves as the Scoutmaster for Scout Troop 601 in Morton. He attributes his ability to react decisively in the emergency situation near Enochs to a combination of training received in the Navy, the Scouts, but primarily to the monthly safety programs conducted by Lawrence Stovall of Floydada and of the Texas A&M Extension Service for the Bailey County Electric Cooperative.

Dining-Out is a traditional function that traces its heritage back to the knights of the sixth century. As it exists today, the Dining-Out is a private ceremony for Air Force officers and their spouses designed to foster esprit de corps through good fellowship while honoring the Air Force heritage through traditional ceremony. It is a rare honor for a civilian to be invited to attend an occasion of this type.

Wittner has been awarded the Air Force Scroll of

Appreciation by The Honorable Thomas C. Reed, Secretary of the Air Force, and by General David C. Jones, Air Force Chief of Staff, for his outstanding service to the Air Force in saving the life of Lieutenant Jones. The Scroll of Appreciation is the highest award that the Air Force can make to an American citizen. The receipt of this award, too, is a rare honor as only seven scrolls were presented during the last two years. General Mendel will officially present the Scroll to Wittner during a public ceremony at Reese in the near future.

# Floyd Men In Washington

In addition to sightseeing in the Nation's Capital and taking a side trip to Colonial Williamsburg, Va., the conferees met with their Congressmen and Senators and visited with top leaders in the U.S. Department of Agriculture. They also received briefings by the legislative staff of the American Farm Bureau Federation.

At dinner sessions, the group heard addresses by Robert Delano of Virginia, vice president of the AFBF; and Carrol Chaloupka, Dalhart, president of the TFB.

Sites of interest visited in Washington, D.C., included the U.S. Capitol, the Smithsonian Institution, the Lincoln and Jefferson Memorials, Senate Office Buildings and House Office Buildings. Across the Potomac in Virginia, they visited Mount Vernon and Arlington National Cemetery with stops at the John F. Kennedy gravesite and the Tomb of the Unknowns.

The group went by chartered buses to Williamsburg where they spent two nights and a day. They visited many of the 88 taverns, public buildings and private homes that have been restored to what they were in the days when Williamsburg was the colonial capital of Virginia.

ATTEND WASHINGTON CONFERENCE—Floyd County Farm Bureau was represented by two leaders at the Texas Farm Bureau National Affairs Conference March 21-25 in Washington, D.C., and Williamsburg, Va. Pictured in Washington (left to right) are: Rainey Davis and Paul Schacht of Floyd County and Ed McKay, Legislative Director, National Affairs of Texas Farm Bureau.

Mr. Flowers is the grandson of Mr. and Mrs. S. W. Ross of Floydada. R & R Cartage Inc. provides many essential services for Swift and Company, such as the cleaning of refrigerated truck trailers, repair of truck refrigeration units and the complete maintenance of Swift and Company's private truck fleet.

There are 86 active feedlots within a 100 mile radius of Amarillo. These feedlots provide cattle for the packing industry in the tri-state area. There are some 2 million head of cattle on feed in these feedlots which help feed the entire nation.

Tyler, the "Rose Capitol of the World" has a 22 acre municipal garden—the largest in the nation—if not in the world—contains 38,000 rosebushes, representing 400 varieties—Tyler has 20,000 visitors annually.

The Arlington area has 3 major attractions: (1) "Six Flags Over Texas," a Theme Park of 145 acres of rides and shows, which entertains 2.3 million guests annually. (2) "Lion Country Safari," a 435 acre wildlife preserve with 1500 African animals in nearby Grand Prairie; and (3) "The Seven Seas," the world's largest inland sea-life park.

The Dallas-Fort Worth Metroplex has: The Dallas-Fort Worth Regional Airport—the world's largest airport—called "Texas Gateway to the 21st Century"—which sprawls for 15,000 acres across North Texas farming country.

It has the Dallas Fair—one of the 4 largest in the world and the Texas Hall of Fame, build in 1936 to commemorate the Centennial of Texas Independence.

It has the Dallas Cowboys; The Texas Stadium and The Texas Ranger Baseball—Tornado Soccer—Black Hawk Ice Hockey—World Championship tennis and golf.

The Dallas-Fort Worth Metroplex has the world's largest market-complex—which had 400,000 buyers in 1976. It has big indoor spectaculars in the Cotton Bowl in Dallas and in the Will Rogers Memorial Coliseum and Auditorium in Fort Worth.

It has the Ft. Worth Southwestern Exposition and Fat Stock—the oldest and the largest of its kind in the world—where more than 500 cowboys compete in riding events of all kinds.

Texas—late in 1976—was selected over all other states in the United States for the "Keep America Beautiful" Award.

The entire state of Texas is studded with rocks and minerals that are sought by rock hounds from all over the world.

Texas is the cheapest place in the United States to live according to a recent national survey.

Texas gives help and encouragement in every way possible to her handicapped and indigents.

Texas has many fine nursing and retirement homes. One company operates 51 nursing homes in Texas.

# County Program Building Committees Meet Thursday

The Floyd County Program Building Committee and Subcommittees will meet at 1:30 p.m., Thursday March 31 at Lighthouse Electric Cooperative meeting room for a training session on planning, implementing and evaluating county education programs.

Dr. Burl Richardson, College Station, Program Specialist with the Texas Agricultural Extension Service, will conduct the training for the executive and sub-committee members. Dr. Richardson served as a county extension agent eight years before becoming the program specialist for the Texas Agricultural Extension Service.

He has had experience working with County Program Building Committees across the state, since assuming his present position in 1970. He brings with him, the experience and expertise of assisting local county Ranch" and "Girl's Town" and other like facilities.

Texas has large areas of Bluebonnets—"Texas' State Flower" which are breathtakingly beautiful each spring.

Lack of time prevents my naming the many and diverse professions of both men and women in-or of -Texas- but may I very briefly name just one?

One Floydada High School graduate is S.M.U.'s successful first woman basketball coach—Floydada's own Susanne Gutherie Troutman.

Now that we have reviewed a very few of Texas' diversified facts—I am hoping that you may agree with the person who said:

"When you've been everywhere in the U.S.A. And you've seen everything! You'll discover that—after all—

There's no place like Texas!—and

When you haven't been everywhere in the U.S.A. And you haven't seen very much

You'll discover that almost everything

You've always wanted to see

Is here in Texas! Now, My friends I submit to you the question: "Is Texas Worth Bragging About?"

groups identify county needs, plan educational activities and evaluate the results of those activities.

Dr. Richardson will provide the supplemental training for the ongoing Floyd County Program Building Process and point out areas of responsibilities of the executive committee and sub-committees.

The Floyd County Program Building committee officers now serving are: president, Craig Edwards,

McCoy; vice president, F. G. Jones, Lone Star; secretary-treasurer; Mrs. Keith Marble, South Plains. Sub-committee chairmen are: cotton—Henry Hinton, Dougherty; small grain—David Batteny Jr., Harmony; oil crops—Delmas McCormick, Floydada; livestock—F. G. Jones, Lone Star; family living—Kay Williams, Lockney; cereal, community resource development—Gene Ehler, Floydada; and 4-H and youth—Jerry Williams, Lockney.

Port given go-ahead" and Freeport was selected to be the site of Texas' first offshore superport.

Of the 3 Sabine River ports: Beaumont is one of the World's biggest refinery centers; Port Arthur hosts approximately 10,000 ships annually, and Orange is an important petro-chemical port.

It has been said that "a museum is everybody's university!" This must be true, for museums—especially the new museums—are as diverse as the areas they serve—and in Texas—140 new museums are under construction—in addition to the 350 already established.

Some are: The Museum at Ysleta depicts the history and culture of the Pueblos up to modern times.

One Historical Museum has 9300 items of firearms, arrow heads and wire.

The Permian Basin Petroleum Museum—Library and Hall of Fame in Midland has many paintings relating to the oil field industry.

"The Miracle at Pentecost"—a 124' x 20' painting of this Biblical Miracle—is shown at the Biblical Art Center in Dallas.

The Confederate Air Force Flying Museum in Harlingen houses a collection of W. W. II aircraft—all in flying condition.

Lubbock's Headquarter's Museum is made up of authentic ranch structures.

A 58' shaft of granite is in the Lucas Gusher National Monument.

The Homer Garrison Memorial Texas Rangers Museum is at Ft. Fisher in Waco.

The Dallas Museum of Fine Arts has special exhibits.

bits of educational programs.

The Amon Carter Museum of Western Art displays an exhibit of 99 National art treasures—all original paintings of "Our Country's Founding Fathers."

St. Anthony's Hospital Museum—in Amarillo—has moments of early hospital days, beginning in 1901.

The Kimbell Art Museum—"Gem of the Art World"—has added to its 200 paintings the famous Ruben painting "The Duke of Buckingham," which had been lost for 300 years.

In the interest of saving time for a review of the important projects accomplished in Floydada and Floyd County in 1976, and the hopeful goals of 1977—I refer you to the December 30, 1976 edition of the Floyd County Hesperian—which, incidentally—along with some 14 other newspapers are printed by the Blanco Offset Publishing Co. of Floydada.

Lubbock is the "Hub of the Great South Plains Area" where irrigation makes soil produce most abundantly.

In 1976 this area produced nearly 40% of the gross agricultural income in Texas.

Lubbock is the home of Texas Technological University—the Lubbock Christian College and other educational institutions.

The Plains Cooperative Oil Mill—in Lubbock—is the largest cotton oil mill in the world.

Amarillo is a metropolis with the Western Flavor—The Convention City of the great Panhandle-Plains area—and the "Beef Capitol of the World."

In Amarillo—and in a radius of some 100 miles are the 2 largest beef processing plants in the world.

Iowa Beef Packers, the largest, is in the Amarillo area; and the second largest is Swift and Company in Cactus near Dumas.

Also located at Cactus is R & R Cartage Inc. which is owned and operated by Mr. and Mrs. E. Ross Flowers.

Houston has a 50 mile canal—the largest inland waterway, which connects the city with over 250 ports of the world.

Houston has a sprawling inter-continental airport—livestock and rodeo shows which rank high in the nation: the Johnson Space Center; 14 art galleries and the Galleria—which is really a city within a city.

The San Jacinto Battle Ground in Houston is a popular tourist attraction—

### As It Looks From Here

By Congressman Omar Burleson

WASHINGTON, D.C. — TOP LABOR LEADERS, including Mr. George Meany of the AFL-CIO, apparently read the political signals here in Washington as favorable to a number of issues in which they have been interested for several years.

ONE OF LABOR'S MAIN GOALS is to repeal Section 14(b) of the Taft-Hartley Act known as the right to work law. A repeal of this section would at the same time have the effect of repealing some 20 States' laws including Texas which guarantees the right for the laboring person

to belong or not belong to a union to work where the union is organized.

EFFORTS HAVE BEEN MADE IN PAST YEARS to repeal this law but have failed. The same thing is true of the so-called situs picketing bill. Present law gives labor unions the right to strike at a construction site against sub-contractors but does not allow the union the right to shut down the entire construction site. In 1975 the Congress did repeal this provision but it was vetoed by the President in 1976, and the Congress failed to override. This is high on the list of legislative action proposed by the unions and the House Committee on Education and Labor has just approved a bill to permit unrestricted picketing at most construction sites.

AN INCREASE IN THE

MINIMUM WAGE from \$2.30 and hour to \$3.00 or \$3.20 is also high on the list. Other measures proposed are tighter regulations against strip coal mining, collective bargaining rights for public employees and farm workers but these do not exhaust the list of the demands.

THE AFL ALONE HAS A \$800,000 war chest for lobbying and President George Meany says bluntly that it will be used to get votes in the Congress and that they do not have the fear of constant vetoes by the President. No doubt, many Members of Congress as well as the Carter Administration are beholden to political support from the unions.

THE ONE THING THAT CAN BE ASSURED is that the agenda of the unions is not assured of totally

smooth sailing. All these measures will have the closest scrutiny in this Congress. For instance, the so-called common site picketing raises questions of equity and a higher minimum wage can worsen job prospects for youths and those in lower paying work.

BEYOND THESE ISSUES THERE MAY BE some hard bargaining ahead concerning the President and Mr. Meany over whether unions should notify the Administration about terms of negotiated wage agreements before those agreements are finally approved.

OTHER MEASURES IN THE LABOR AREA WHICH will be drawing attention are collective bargaining and the right to strike by public service employees. This portends a headache for officials at the State and local Gov-

ment levels as well as Federal.

THE UNIONIZING OF THE ARMED FORCE has been discussed in this space before. Legislation has been introduced to prohibit such efforts.

EQUALLY OBNOXIOUS ARE PROPOSALS WHICH in effect would deny employers and employees fair and open elections to choose or not to choose to be represented by a union.

ALL THESE MATTERS PORTEND A BUSY YEAR evidently the feeling of the unions that they will be operating in a more favorable climate than they have experienced in recent years.

VETERANS ASK

Q - I was given a bad conduct discharge from the Army. I was later granted a Presidential pardon. Am I

eligible for VA benefits?

A - A Presidential pardon does not change the character of a discharge, an administrative decision will have to be made. It is recommended that you file a claim for benefits. A transcript of the proceedings that resulted in your discharge will be obtained and a determination will be made. You should also apply for a review of your discharge by the Army Discharge Review Board.

Q - My 20-year-old daughter is receiving dependents educational assistance and she plans to marry soon. Will her education benefits be discontinued when she marries?

A - If otherwise eligible, she may continue to receive the benefits.

Q - May a veteran reserve grave space in a national cemetery?

A - Any veteran whose separation from the service was for reasons other than dishonorable is eligible for burial in a national cemetery, but reservations are not accepted. Also, each veteran is entitled to only one gravesite. Other eligible family members must share the space with the deceased veteran.
